Shooting and Wrecking Breaks Out In Cities Belfast and Dublin

SLIGO, April 21.—Armed men raided the offices of the Sligo Champion today and smashed type for tomorrow's issue, apparently with the intention of preventing publication of newspaper reports of Sunday's meeting, when Arthur Griffith, president of the Dail Eireann, delivered an address in favor of the Free State. The raiders tore up ten thousand partly printed copies of the paper but spared the machinery.

Shooting in Belfast.

BELFAST, April 21.—Firing was again in progress today at Ballymacarrett in the Eastern section of the city. A sergeant in the Special Ulster Constabulary was the first casualty of the day. There were two deaths in hospital last night, one of which was a result of yesterday's woundings. The death list since Easter Sunday has now been raised to twelve.

Also in Dublin.

DUBLIN.—An attack on the Wellington Barracks which began last night at 11:15 continued for forty minutes after which the besieging forces were beaten off by regular Irish Republican Army troops. An attempt was made to rush the front gate and grenades were thrown which slightly wounded three of the defenders. Firing in various parts of the city while it lasted was more intense than on the previous night.

BOWSER WILL NOT RESIGN

Will Not Accede to Demand of Kamloops Tories—Wait Till August Convention.

VICTORIA, April 21.—Hon. W. J. Bowser, leader of the Conservative party in British Columbia, announced in a public speech here last night that he had answered the Kamloops Conservatives that he will not accede to their demand that he resign within 60 days. He sees it his duty, Mr. Bowser declared, to the party as a whole that he remain in office until the Conservative convention next August decides what shall be done about the leadership.

INVESTIGATION OF EDUCATION

Is Recommended by Teachers' Convention in Session at Vancouver.

VANCOUVER, April 21.—An investigation by special commission of the entire British Columbia education system is advocated in a resolution adopted by the Federation of Teachers in convention here today. It is suggested that the commission should make a report embodying any changes it deems necessary.

EXPLOSION AT MONASTIR HAS AWFUL RESULT

Soldiers and School Children Killed by Hundreds—Centre of Town Wiped Out.

MONASTIR, Serbia, April 21.—Four hundred soldiers alone were killed in barracks when an ammunition dump blew up yesterday, killing one hundred children in school and many citizens far and wide. The centre of the town was literally wiped out and the number of injured can not be calculated. The property damage is enormous and the exact number of dead may possibly never be known.

GOVERNMENT OFFERS VESSELS FOR SALE

VICTORIA, April 21.—The Canadian government steamers Stadacona and Armentieres, tied up in idleness at Esquimalt for many months past, are offered for sale by the Dominion Government. Tenders are to be in the hands of the deputy minister of naval service at Ottawa before noon of Monday, May 1. The vessels may be inspected at Esquimalt on permission being obtained from the officer in charge of the dockyard. The Stadacona is an iron steamer of 780 tons, and the Armentieres a steel vessel of 357 tons.

SAYS STORK IS BUSY AFTER AN ELEVATOR

"Prince Rupert, as well as Vancouver, is endeavoring to get a grain elevator from the government," said M. A. Macdonald, K.C., president of the British Columbia Liberals, who just returned from Ottawa. "Some days before I left the capital," Mr. Macdonald said, "I was urging on Hon. J. A. Robb, minister of trade and commerce, the necessity of additional facilities and accommodation being provided Vancouver for handling the westward movement of grain, when he told me that F. Stork, M. P. for Skeena, was also urging on the government the need for an elevator at Prince Rupert, contending that, being a terminus of the Canadian National, it was a logical place for it."—Vancouver Province.

FINAL REPORT BOOTH SCHOOL

Will Be Submitted at Special Meeting of School Board This Afternoon.

A special meeting of the School Board will be held this afternoon to receive the final report of A. A. Cox, the Vancouver consulting architect, on the Booth Memorial School. Mr. Cox has finished his examination of the building and hopes to return to Vancouver on the Princess Beatrix tomorrow afternoon. He has been here about ten days.

GEORGE IS BACK ON ROUTE AGAIN

Spick and Span After Overhaul Big Coaster Sailed South Last Night—Rupert in Dock.

Resuming service after having been tied up here for nearly five months, and spick and span after her recent overhaul at the local dry dock, the Canadian National steamer Prince George cleared last night at midnight for the south taking up her run for the summer. Captain W. S. Moorehouse is on the bridge, Alex Monroe is chief engineer and Jack Crawford is purser. The skipper and purser transferred from the Prince Rupert on arrival from Anyox last night while W. Baillie, chief engineer of the Rupert, is remaining here while his ship is in the dry dock. The Prince Rupert went up to the dry dock this morning. She will be hauled out for annual repairs and will be at Hays Cove plant until she resumes service on May 1 with the inauguration of the bi-weekly service for the summer. The Prince Rupert will then make the Saturday trip going to Stewart, while the George will do the mid-week service going to Anyox.

New Type of Politician.

Hon. A. M. Manson is a new type of politician. Yesterday at the Rotary Club luncheon he paid a tribute to Hon. Arthur Meighen. He urged the members of the Rotary Club if they had an opportunity to be sure to hear him speak, for he was one of the very able men in argument in the country. He spoke of his quiet presence and driving force. It is a refreshing thing to hear a member of one party speak so highly of the leader of the one opposing. It is a new type of politics and one that will be welcomed by the country.

Remember Our Heroes Tomorrow and Sunday.

Tomorrow, April 22, is the anniversary of the terrible engagement of the Great War known as the Second Battle of Ypres. Sunday, the day following, is the day that has been selected as a national memorial day for the brave soldiers who fought and fell not only in that engagement but during the entire course of the great struggle. Tomorrow, under the auspices of the Adair Carrs Chapter Imperial Daughters of the Empire, a tag day will be held, the purpose being to raise funds to care for the graves of ex-soldiers buried in Fairview Cemetery. On Sunday afternoon a memorial service will be held in the Westholme Theatre. We can never hope by any manner of financial offering to pay for the great sacrifice made by the soldiers by laying down their lives for their country, whether they died in France or in Prince Rupert, but the debt should be remembered tomorrow and every person should give as much as possible when approached by the taggers. On Sunday, in solemn assembly, tribute will be paid to the fallen heroes. Therefore, give tomorrow and attend on Sunday, making such a demonstration that the heroes who still live in our midst may realize that their sacrifice or service has not been made in vain and has not been forgotten.

Mining Figures Are Gratifying This District.

The fact that two-thirds of the tonnage of ore mined in the province of British Columbia during the year 1921 was produced in the two districts tributary to Prince Rupert, Cassiar and Omineca, indicates that the northern and central parts of the province has now become the greatest mineral production belt in the province. The effect of this industry has a quiet but very important effect on Prince Rupert itself, and this can be realized to a greater degree with the publication of official figures such as those given out yesterday by Hon. William Sloan, minister of mines. Although details are not yet to hand, it is apparent that while mineral production in the province generally has decreased both in tonnage and value, Cassiar and Omineca districts have come forward in these respects. For purposes of comparison it might be stated that the total mineral production in these two districts for 1920 was 948,208 tons as compared with 1,061,414 tons in the figures for 1921 announced yesterday. The total production for the province in 1920 was 2,178,187 tons, compared with which this year's total shows a 25 per cent. decrease to 1,562,645 tons this year. It is doubly gratifying that under this general condition the local districts should have an increase, even if it is less than 10 per cent. No doubt when the full reports are received here it will be shown that the Hidden Creek copper mine at Anyox, the Premier mine at Stewart and the Belmont at Surf Inlet are the three big factors. With the Premier operating now on a permanent basis, giving a much greater shipping ability, and the other two properties carrying on as before, to say nothing of what others may come forward very soon, the outlook for mining in this district for the future is indeed bright.

ROYAL YEAST CAKES

Canadian Made

A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks.

Royal Yeast is a food. It supplies the water soluble vitamins which the diet may lack. Scientists tell us that this vitamin is essential to good health. Royal Yeast is highly beneficial in many cases in which the system seems to be run down. The yeast cakes simply add to the diet. It is a food - not a medicine.

Dissolve a Royal Yeast Cake in fruit juices or mix it with cereal and milk, and take it at meal time. The chances are in a few weeks the complexion will be clear. For children reduce the amount to one-half or one-quarter of a cake with each meal.

THE TORTURE OF INDIGESTION

Thousands Made Miserable By This Trouble

"FRUIT-A-TIVES" Relieves It

What is indigestion and what causes it? As you know, solid food must be changed into a liquid by the stomach before it can be taken up as nourishment by the blood.

The stomach acts as a churn. It is covered by a strong, muscular coat and lined with a soft, delicate membrane which secretes the Gastric Juice which digests or dissolves solid food.

When food enters the stomach, the muscular coat squeezes and presses the food from end to end, or churns it, with the gastric juice to dissolve or digest it.

But—if the stomach muscles are weak—or if the dissolving fluid is poor or insufficient—then food cannot be digested properly and you have indigestion.

"FRUIT-A-TIVES" is the most wonderful medicine in the world for strengthening the stomach muscles and providing an abundance of pure, full-strength dissolving fluid to completely digest every meal. "FRUIT-A-TIVES" does this because it keeps the kidneys active, the bowels regular and the blood pure, which insures pure Gastric Juice.

"FRUIT-A-TIVES" will correct your indigestion or dyspepsia and enable you to enjoy every meal. Try it.

MONTHLY MEETING POLICE COMMISSION

Forty cases tried in court during month with 38 convictions—Fines \$628.

The regular monthly meeting of the Police Commission was held in the City Hall last night. Mayor H. B. Rochester, chairman of the commission, presiding, E. A. Woods, city clerk read the report of Chief of Police Vickers for the month ending March 31, which contained the following information:

Forty cases before the court resulted in 38 convictions. The increase in cases tried and convictions resulting was due to a raid which took place on March 6th on a gaming house when 21 arrests were made of which 20 pleaded guilty and one was dismissed. Under the Opium and Narcotic Drugs Act of Canada, eight convictions were obtained and in all cases heavy fines or imprisonment was imposed. In the case of Wong Yun, convicted of selling morphine, he was given a straight term of two years. There were six cases under the Government Liquor Act, all being convicted. A charge of breaking and entering was preferred against a man named John Main, who entered Mrs. Frizzell's store on March 27 and took \$6.60 in cash and some beads. This case was tried summarily by the magistrate and Main was sentenced to six months at the Okalla Prison Farm. During the month there were five complaints of theft, and although they were thoroughly investigated, four cases were still to be cleared up. Weights of bread and coal were tested and found to be correct. Fines collected during the month of March amounted to \$628.00; expenses \$294.80; payroll \$1,426.75, the latter including court interpreter fees for Lee Lou.

The accounts were examined by Commissioners S. D. Macdonald, and E. H. Shockley, and passed for payment. The question of responsibility for the care and disposal of vicious dogs reported to the police was discussed, and it was considered essential that a pound-keeper be appointed for the city which matter will be taken up before the City Council.

APPRECIATION OF MR. MEIGHEN

Attorney-General Manson Speaks Highly of Public Men of Country.

ADDRESSES ROTARY CLUB

Urges All to Take Interest in Public Institutions and Law Enforcement.

"While at Ottawa I had the pleasure of listening to Arthur Meighen, Premier Mackenzie King and T. A. Crerar, and I was particularly interested in their respective styles, but I was especially interested in Mr. Meighen. If any of you have not heard him I would advise you to do so on the first possible occasion, for he is one of the very able men in argument the country possesses. He is of quiet presence but has great driving force and his style is quite a contrast to Crerar." That was the opening remark of Hon. Alex. Manson at a short impromptu address given yesterday at the Rotary Club luncheon.

Leaders Big Men. Mr. Manson said Crerar was a farmer not only in his line of thinking but in the manner of presentation of his case. Yet all three of these leaders were big men. The attorney-general said he could not help thinking that the public men of Canada compare favorably with the best of the world produces.

Mr. Manson then went on to speak of the aid the people of this city could be to the place by supporting and taking an active interest in such organizations as the Board of Trade. Governments were much alike. The differences between the parties were not so great as people often thought. Prince Rupert was only a fragment in the whole of Canada and if we did not always get what we wanted we had largely ourselves to blame. The Board of Trade was a means of expression of the thoughts of the business community and every member of the Rotary Club should be an active member. While it was no good to "grouse," it was a good thing to give expression to one's views. "Service before self," the motto of the Rotary Club, would also be a good motto to use in connection with the activities of the Board of Trade.

Immigration. The minister then discussed the matter of immigration. There was a crying need for it at the present time and it was a live topic for discussion at Ottawa. A good many Europeans of the desirable class would come here. An agricultural population was needed, not artisans. Capital and agriculturists could be induced to make their home in this country. The government at Ottawa had the matter actively in hand. Fortunately Hon. Charles Stewart, a western man, was in charge of the immigration department and had the matter well in hand. He asked Prince Rupert people not to forget the agricultural community at their doors which would prove a great asset to the city. Mr. Stewart would probably be here in the summer and it would be well to take up the matter of immigration to the interior valleys of British Columbia with him.

Liquor Problem. The attorney-general said he was struck with the spirit of Rotary. Rotarians seemed imbued with the right spirit. This spirit ought to show in many spheres of life. There were many problems in British Columbia and one of the most important was the liquor problem. The Rotarians could aid a great deal in helping to secure clean administration of the law.

In conclusion the minister said he appreciated the invitations he had received at different times to visit the club. He was now leaving, but not permanently. Anyone who had pioneered in this country could never forget the men who had been with him. He asked that here in this city he be always plain Alex. Manson to all of them.

Mr. McCaffery said four things impressed him in the East, the widespread influence of the Rotary club, especially in cultivating a spirit of tolerance; the power of the press as illustrated in the press gallery at Ottawa and in other places; the outstanding ability of the public men here as compared with those he met elsewhere; and the desirability and necessity of businessmen taking an interest in the public affairs of the community especially with a view to impressing our views on the people in the East, through such institutions as the Board of Trade.

Mr. McCaffery dwelt impressively on the spirit of toleration he found everywhere. He thought if the people of Europe had had Rotary Clubs which cultivated that spirit years ago the war would not have taken place. Tolerance both religious and national was one of the fundamental principles of Rotary.

Moire Dupuis arrived from Anyox on the Prince Rupert last night.

Thomas Trotter, manager of the Prince Rupert Feed Co., and A. A. Easson, of the Royal Bank staff, are leaving on tomorrow morning's train for Saskatoon.

Head and Nostrils Clogged Up.

Could Hardly Breathe

When you become all choked up and stuffed up with a cold your head becomes thick, the nostrils become so clogged up you can hardly breathe, a feeling of weight or oppression in the chest and the cough raps and tears your lungs and bronchial tubes.

This is the time to take

DR. WOOD'S

NORWAY PINE SYRUP

before things get to be too serious. There is no remedy to equal it for clearing up the cold, making the breathing easy, loosening the phlegm and soothing and healing the lungs and bronchial tubes.

Mrs. Edward Kinade, 60 Bryden St., St. John, N. B., writes: "I wish to express my hearty thanks to your valuable remedy Dr. Wood's Norway Pine Syrup and what good it did me. Last fall I contracted a severe cold, the like I never had, my head and nostrils were so clogged up I could get no vent, and could scarcely get my breath. I tried remedy after remedy until at last I thought I would try 'Dr. Wood's.' After the first dose I felt relief, and by the time the bottle was finished I was all better. I will always keep it in the house."

Price, 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

George Stanley Long Buried in Fairview Cemetery After Anglican Service.

How History Repeats Itself

Modern scientific research has revealed that many present-day healing methods were actually in existence thousands of years ago. For instance, zam-buk the world-famed skin healer of today, had its counterpart in the secret healing balms of Imperial Rome. These were used by the fighting gladiators for dressing wounds and sores.

Like the precious balms of long ago, zam-buk is composed exclusively of rare herbal juices and extracts, but scientifically blended and concentrated into convenient form for modern use.

Applied to any cut, wound or sore, zam-buk swiftly takes out pain, irritation and inflammation. Powerfully antiseptic and germicidal, it cleanses the inner tissues of poison and disease germs. Its stimulative and healing agents grow new skin as by magic.

Lastly, and most important, zam-buk is absolutely free from the animal fats and mineral drugs found in most ointments today! 100% pure herbal medicine, zam-buk is always safe and wholesome to use even though kept for months.

For cuts, burns, scalds, sprains, sores and wounds, or the big troubles like eczema, salt rheum, insect bites, ringworm, poisoned sores or piles, nothing can take the place of zam-buk. Get a fifty-cent box of this pure balm today.

BRINGING UP FATHER

PROVES THAT MEN ARE ONLY GROWN-UP BOYS

It has been said that men are only little boys grown up, and it might be added that motion picture actors are even more so than most men. Tom Moore, for instance, while making "Made in Heaven," his latest Goldwyn comedy, resorted to a little boy trick, so that he could "do it again." When going through a scene he particularly liked, Moore plays a fireman in this refreshing comedy photograph, which comes to the Empress Theatre tonight and tomorrow, and like all firemen he slides down an iron rod, instead of walking down a stairway, when traveling from one floor to another in the engine house. Moore had a wonderful time sliding down that pole. So wonderful in fact that he fooled Victor Schertzinger, his director, into taking the scene several times by forgetting some bit of his action necessary to the story.

ment concern. We should see to it that the government does not throw our money away in the future as it has in the past. Why should the government use our money to buy worn out steamships to put them on a passenger run? In the past worn out private yachts, missionary ships, etc., have been sold to the government at high rates. Our money has been paid for these useless things.

I beg to point out that new steamships or motor ships can be built, properly designed and equipped for less than old ones can be remodelled. But why should the government be called on to spend more money when there are hundreds of ships passing back and forth and up and down the coast? Why not secure a change in the fool regulations which now prevent boats already in existence from serving our people? Why not fix these regulations so that they conform to the British law which does not consider a boat a passenger vessel until there are more than twelve passengers aboard regardless of size of vessel? Or failing that a modification of the U. S. Motor boat law?

No Sense Shown.
There is no sense in preventing people settling on the land through transportation difficulties created through foolish regulations. There is less sense in making it a crime for our people to use the vessels now in operation and it is a crime to prevent the boats now safely in operation from offering their services to those who need them. If the regulations had been reasonable or even if the officers had been willing to abide by their own laws in the past, there would have been local vessels of service safely in an honorable manner. I would have had one and probably two vessels now in operation from this port, properly designed for the trade in existence, not on a theoretical, nor political basis but on a business basis. I was selling service not playing politics, nor paying graft. The people of our district have lost through the criminal use of our laws.

RESULTS IN BRITAIN FROM G.T.R. AWARD

President of Home Bank Says Strong Antipathy Exists in Financial Circles.

TORONTO, April 21.—Strong antipathy exists in financial and investment circles in Great Britain toward Canadian investments as a result of the Grand Trunk award, says H. J. Daly, president of the Home Bank and of the Canadian Debentures Corporation, who has just returned from a business trip to the Old Country. This feeling has not been lessened by the recent comments in The Outlook and had been accentuated by the conditions of uncertainty that still exists. The Grand Trunk affair, he declared, would be a stumbling block in the way of British investment in Canada until there was a general appreciation on the part of the British public of the facts of the case. As it was, the average Britisher knew little or nothing of the true situation, but only judged that he had not been treated fairly by the Canadian government. There are other factors, too, which have contributed to this feeling of resentment which now exists—the heavy taxation, the passing of dividends and the losses through investment in Canadian real estate.

Mrs. Anderson is registered at the Prince Rupert Hotel as an arrival from Pacific.

In the Letter Box

IN MEMORIAM.

Editor Daily News:
In honor of the men who fought so bravely and in memory of those who lie amid the crosses in foreign fields, a memorial day is held throughout the whole of the British Empire.
It has been decided that the Canadian memorial day would be held on Sunday, closest to the second battle of Ypres which was fought on April 22 when the first Canadian division distinguished themselves in the great gas attack which was launched on that day by the enemy and have darkened many a Canadian fireside, depriving them of their bread winner and those whom they loved best. The Canadians on that day have paid a price that can not be repaid and sympathy has been extended to them from the whole British Empire.
A great many of the battles which the Canadians have participated in have been fought in the month of April, Ypres, St. Eloi, Vimy Ridge, Arleux and Fresnoy all for which they have paid a heavy price.
The Canadian battle fields are too numerous to mention so will only mention those that readily come to my mind where Canadians have distinguished themselves, Festubert, Givenchy, Courcellette, and Mouquet farm, and the Kenora, Regina, and Deser Tranches; Lens, Passchendaele, Arras, Amiens, Cambrai, Valenciennes, all of which were fought by paying the highest price.
In honor to those who fell a memorial day will be held in this city on Sunday, April 23 and a memorial service will be held in the Westholme Theatre under the auspices of the Great War Veterans' Association. The association requests ex-service men attend the parade which will take place from the Great War Veterans' Association rooms at 2:30 p.m. on Sunday, April 23. The Association also cordially invites the public of the city to attend the parade and service which take place in the Westholme Theatre at 3 p.m.
In honor to the men who have fought so bravely we trust that all ex-service men and the public in general will participate on this occasion.

A BUSINESS THAT IS PROGRESSIVE

Local Man Shows His Optimism in Practical Manner.

99 Taxi Company are now in a position to give the public of Prince Rupert the most efficient and prompt taxi service in British Columbia. With this object in view we have installed another new sedan embodying the same of style and comfort. With this additional equipment the city of Prince Rupert will have the finest line of taxis in British Columbia outside of Vancouver and Victoria.

Our fleet of new cars consists of a seven passenger Master Six McLaughlin, a Studebaker touring car and a brand new Sedan. Having been in the taxi business for some fifteen years we know from experience just what the public should get in the way of prompt and courteous taxi service at moderate prices, and we are here to see that they get it.

Our cars are continually on duty and a call on the phone to 99, at any hour of the day or night, will be immediately responded to. Only experienced and competent drivers employed. Wedding parties will do well to use our fleet of new cars and thus do credit to so momentous an occasion. At your service, 99 Taxi Company, Helgerson Bldg. Fred Higgins, Prop. 94

LINGERIE PLAYS IMPORTANT PART

It is Shown in Vast Variety in Cecil B. De Mille's Production of "Saturday Night."

Lingerie plays such an important part in Cecil B. De Mille's latest Paramount production "Saturday Night" which is to be shown tonight and tomorrow at the Westholme Theatre, that Clara West, fashion designer for Mr. De Mille was forced to devote the entire attention of her force of seamstresses to the making of these articles of millinery wardrobe for several days prior to production work. DEAD ONES ARE GIVEN REMINDER

Edward Lipsett of Vancouver
Sends Rebuke to Officers of
Local Rotary Club.

A humorous rebuke was brought north by Rev. H. R. Grant and delivered in person at the Rotary Club luncheon yesterday afternoon to some of the leading men of the local club for not attending the convention at Vancouver. Following the addresses Dr. Grant called upon President T. H. Johnson, vice-president, D. C. McRae, M. P. McCaffery, Richard Moore, George Rorie, Thomas McClymont and Mayor Rochester to step forward because he had a presentation to make to them from Vancouver.

When the officers were lined up, Dr. Grant delivered the message, which he said came through Edward Lipsett of the Vancouver Club. The message was that while these local men were looked upon as live Rotarians here, they were dead internationally and could not be resurrected unless they appeared in person at the next convention at Tacoma in 1923. He presented each with some of the literature of the organization in a sealed envelope and a Rotary badge hung with crepe, the crepe draping to be removed at Tacoma during their visit next year.

Naturally the presentation caused much merriment.

BEN DALGARNO AND MRS. HAMILTON WED

Ceremony Took Place Last Evening at Manse, Rev. Dr. H. R. Grant Officiating.

The wedding took place quietly at the Manse last night at 8 o'clock of Mrs. Jenn Hamilton and Benjamin Dalgarno, Rev. Dr. H. R. Grant officiating. Miss Arthur was bridesmaid and Lewis Arroll was groomsmen. The bridal party consisting of the four members only. Following the ceremony there was a wedding supper at the home of Mrs. McRobbie, Westview, where a few intimate friends sat down. The couple left for their honeymoon boat to spend a honeymoon of a week or so in Vancouver, Victoria and other coast cities. On their return to the city they will take up their residence on Ninth Avenue West.

Both Mr. and Mrs. Dalgarno, although having resided here only a short time, have become well known and are very popular among a wide circle of friends. The groom is a carpenter and is and brother of George Dalgarno, who left here for California some time ago. He came here about a year ago. The bride also arrived here a year ago having come direct from Scotland. They will be the recipients of best wishes from their many friends. There was an impromptu farewell at the boatside last night and three cheers were given for the bride.

AMBULANCE MATTER TO BE ACTED UPON

Hospital Board Refers Tenders to Committee for Immediate Report.

The tenders for an ambulance, referred by the city council to the hospital board, were last night placed in the hands of the ambulance committee of the hospital consisting of M. J. McNeill, Ald. Collard and Dr. L. W. Kerrigan. This committee will consider them thoroughly at an early date and bring back its report to a special meeting of the board.

An application was received by the board from V. G. Wrigglesworth, now of the fire department, for the position of ambulance driver. Mr. Wrigglesworth is married and had considerable experience in France during the war as a driver. The application was laid over until the ambulance is secured and the matter of a driver comes up.

M. J. McNeill, chairman of the ambulance committee, stated that he had received terms from various housing firms for housing the new machine. He would submit these at the proper time.

FINANCES IN BETTER SHAPE

With Usual City Grant, Liquor Profits and Special Collection Hospital May Carry On.

With the usual per capita grant of 70¢ per patient per day from the city council this year, the sum of \$2,500 coming as share of liquor profits for the first six months of the year and a special collection campaign of old accounts in progress, D. C. McRae, chairman of the hospital finance committee, reported at last night's board meeting that the finances of the institution should soon be in a better position for the time being at least. Mr. McRae explained that the bank had refused the \$7,500 extension of credit that had been asked for so it had been decided to put a collector on the job. He was working now and some results had been obtained but it was necessary that every cent be got in so that the hospital could carry on.

President Stewart and M. J. McNeill agreed that, under these conditions, it did not look good for the nurses' home. Mr. Stewart said they must, however, appreciate the effort of the council to economize wherever possible.

Two reports of the finance committee were accepted by the meeting.

HARRY LATHROP GETS NINE MONTHS OKALLA

Pleaded Guilty to Charge of Breaking and Entering and Stealing \$27.

Having pleaded guilty to the charge of breaking and entering the premises of Fred Higgins, Fraser Street, and stealing therefrom \$27, Harry Lathrop was sentenced to nine months imprisonment at Okalla Prison Farm by Judge F. McElroy yesterday afternoon. He will be taken south by a provincial police officer at an early date.

PYTHIAN SISTERS WHIST DRIVE AND DANCE LAST NIGHT

The Pythian Sisters Whist Drive and Dance, held in the Knights of Pythias Hall last night, was a decided success and despite the inclement weather, a large crowd attended. Eighteen tables were necessary to accommodate the whist players.

Mrs. Cook won the ladies' first prize and W. Burkin won the gentlemen's. Miss May Shenton was the winner of the ladies' consolation prize and N. O. Frost the gentlemen's. At the conclusion of the whist playing dancing was indulged in. Fred Wagon making a very capable master of ceremonies and Arthur's Orchestra furnishing the music. Delightful refreshments were served at midnight, and dancing was continued until 1 a. m. The success of the evening did much credit to Mrs. Joe Howe, convener, and Mrs. N. Robinson and Mrs. Geo. Johnson who assisted. Norman Robinson had charge of the door duties.

Of the many curious things connected with billiards perhaps the strangest thing of all is the reluctance amateurs display against the potting the white says Tom Newman, English billiard champion and holder of the world's record for a break of 1,271. Some amateurs, that is those who are anywhere near championship class, have little compunction about potting the white when it is obviously the proper thing to do but the great army of ordinary players would sooner lose a game than win it by potting the white so intense is their aversion against the "workingman's cannon."

Downing the white, however, is only one aspect of safety play. Safety misses, which often follow a while winner, are a study by themselves, and it is a pity amateurs as a body take so little interest in this clever phase of billiards. A well-judged safety miss is one of the greatest match-winning strokes known to the game, yet there are plenty of people who never give a miss if they can possibly smash away at a remote chance of a fluky score, and if they do give a point away, do so with a careless flick of the cue as if the stroke is beneath their contempt.

This is all wrong, and does not do justice to ability at the game in the friendliest of contests. You have had to work for every point you have scored—why should you make your adversary a present of the result of your toil? Yet this is what neglecting safety really amounts to when you come to think it out. Suppose you have a hard-earned lead of ten or twenty points, if you give that away by making your opponent a present of an opening he never ought to have, you will have to struggle to regain your lead; you may never do so, which is exactly what you deserve, for what is the sense or use of playing only part of the game in this quixotic fashion?

One should never think he has done something clever if he leaves a double-bank which presents the red dangerously near the brink of one of the bottom pockets. There are two methods of attacking this double bank which are pretty sure to succeed even in the hands of amateurs of moderate ability, so should never be left of set purpose. It is much sounder to leave the red a foot or more from the pocket, with the white on the opposite side of the table just where an in-off is as easy as can be desired.

CYCLONE OF FUN AT PRYCE'S STUDIO

Crowd of Young Folks Surprise Their Music Teacher.

A cyclone of merriment struck the studio of Professor H. A. Pryce on Fifth Avenue West about 8:15 last night when a host of young people from the High School sprang a surprise party. The girls and boys just took complete possession of the entire place and soon had every portable piece of furniture stacked out of sight. The floor having been polished to the perfection of a new mirror with the regulation floor polish, dancing was straightway indulged in.

Mrs. A. J. Lancaster and Mrs. H. S. Parker chaperoned the happy gang. A light lunch was served at 11:30 p.m. after which dancing was continued until 1:30 a.m. From the manner in which the Professor worked on the keyboard of the piano his labor was purely a labor of love.

Those present were: Misses Catherine McCormick, Rhona Saunders, Aileen Stephen, Olga Kask, Leona Parker, Winnie Dibb, Peggy Gillett, Lorna Tite, Mary McRae, Helen McRae, Gertrude Nelson, Willa Dyer, Mary Lancaster, Dorothy Tremayne, Pete Tremayne, Dorothy Thompson and Margaret Palmer and Messrs. Lee Gordon, Roth Gordon, Roy Lancaster, George Mitchell, Frank Morrison, Alex Mitchell, Willie Mitchell, Eddie Smith, Claire Dickenson, Melvin Stephens, Ralph Smith, Harry Ward, Willie Lambie, Bob Lester, Sid Bazzet-Jones, Reid McLennan, W. HEARTBURN ELKS PLAN CELEBRATION

A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

MILBURN'S LAXA-LIVER PILLS and you will have no heartburn or other liver troubles such as constipation, jaundice, water brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Edith Cutting, Shallow Lake, Ont., writes:—"I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRINCE GEORGE

Charles A. Pyne entertained a number of friends at dinner on Sunday evening at his home on the Miller Addition.

Mr. and Mrs. W. H. Monerief of Edinburgh arrived in the city on Saturday night and intend to stay for the summer. A number of years ago Mr. Monerief was associated with his brother William Monerief, of this city, in the Edinburgh Finance Company of Fort George, Mr. and Mrs. Monerief visited Prince George last summer on their honeymoon.

Mrs. Arthur Leith has left town on a visit to relatives in Calgary and her parents in Winnipeg.

SURE THING.

The leading negotiator of a Georgia town started a bank and invited persons of their race to become depositors. One day a dandy, with shoos run down at the heels, a gallus over one shoulder, and a cotton shirt, showed up at the cashier's window.

"Mah name is Jim Johnson, an' I wants ad ten dollars."

"Yuh ain't got no money in dis here bank," said the cashier, after looking over the books.

"Yes, I has," insisted the visitor. "I put ten dollars in here six months 'er go."

"Why man, yuh sure is foolish. De intrist done et dap up long er go."

Committees Struck and Arrangements Now Well Under Way.

A meeting was held at the Elk's Home last night to go into the matter of providing a real live and snappy celebration on May 24, Victoria Day. An executive committee was appointed to take charge of the celebration. Ben Self being elected chairman. H. F. Glassey, secretary, and Colonel McMorde, R. V. G. Lepine, and F. Roberge, on the executive. All committees of the Elks' organization were present, each were detailed to take charge of their particular branches and thus ensure successful cohesion of effort. The committees in attendance were:

Finance Committee—H. Lipsett, chairman, E. Green and G. O. Rowe, executive.

Dance Committee—Colonel McMorde, chairman and E. A. Donohue.

Costumes—F. Roberge.

Band Music—Ralph Lepine.

Football—J. Judge, chairman, F. W. McIntosh and J. Day Bell, executive.

Baseball—G. C. Clementson, chairman, W. J. Cash and H. Fraser.

Sports—J. Keith, chairman, Len Dewhurst and C. Wall, executive.

Entertainment and Refreshments Committee—J. F. Maguire, chairman, W. E. Thompson, W. W. Knight, Geo. Richmond, T. B. Hooper and Andy Akerberg, executive.

In addition to this galaxy of organizing talent, Police Chief Vickers, city father of the Victoria Day children's sports, has consented to act in conjunction with the sports committee, Archdeacon Rix and J. C. Brady have also placed their services at the disposal of the Elks to help with the children's end of the entertainment.

Memorable Day.

The idea is to make Victoria Day a day to be remembered by all, and a day on which merriment and happiness will reign supreme. No efforts will be spared to create something of interest for everybody. Should the weather clerk not come up to expectations on this day indoor attractions will be bountifully supplied. Drill and field work will be taken by the Boy Scouts and a drill of some description will be displayed by the Girl Guides. The Boy's Naval Brigade will also be in attendance.

The sports and field carnival will be followed in the evening by a Masquerade dance, and for the convenience of those attending the executive committee celebrations will import special fancy costumes which may be hired upon application to that committee. The financial proceeds from this great day will be spent in securing a permanent camping site for the Boy Scouts and Girl Guides during the summer season.
