## Public Works Estimates Are Passed by Commons

OTTAWA, May 20.—The House of Commons has adopted public works estimates totalling \$3,700,000.

Hon. D. J. H. King, minister of public works, said he welcomed discussion on the Vancouver dry dock which was brought up by Hon. H. H. Stevens and Leon J. Ladner. The minister, however, reserved a statement on the subject until a future date.

The House passed an item for the enforcement of the Drug Act, totalling \$115,568 or an increase of \$30,000 from last year. The minister said that illicit drug traffic was on the increase everywhere except in Prince Edward Island.

Answering a question, he said that the absence of prohibition in British Columbia and Quebec apparently had little effect in the reducing of drug consumption.

Hon. H. H. Stevens suggested that Chinese drug peddlars be deported.

The House voted an additional \$100,000 for unemployment making a total of \$600,000. The minister hoped there might now be enough if unemployment is less next winter.

## BELFAST REIGN OF TERROR NOW VERY SERIOUS

BELFAST, May 20.—Terrorism in Belfast and its environs is again assuming such proportions that Premier Craig and his colleagues sat this afternoon presumably to discuss measures for dealing with a renewed outbreak of secular strife. At least half a dozen persons were murdered within the last 24 hours and dozens have been wounded.

## AGREEMENT IN IRELAND

Belfast Report Says Republican and Free State Factions Decide on Election

BELFAST, May 20.—An agreement between the Free State and the Republican factions of the Dail Eireann regarding the forthcoming elections and other questions was reached this afternoon according to dispatches received here today. The report says that a motion to hold the elections in June subject to agreement was unanimously endorsed.

## LOWER MAINLAND BOARDS OF TRADE COMING HERE AGAIN

VANCOUVER, May 20.—Members of the associated Boards of Trade on the lower mainland and Vancouver Island will make a tour through northern and central British Columbia this summer on a date not yet fixed. Invitations have been extended by the Boards of Trade of Vancouver and Prince George. The party will go into the Cariboo country by way of Prince Rupert and may detour visiting the Cedar Creek gold diggings.

## BIG MINING MEN ARE GOING NORTH

H. A. Guess, vice-president of the American Mining and Smelting Company of New York, and A. B. Trites, of Fernie, B.C., one of the directors of the Premier Mining Company, are in the city today en route to Stewart aboard the Prince Rupert. They will remain in Stewart for about a week.

## STILL IS FOUND; OWNER ARRESTED

NANAIMO, May 20.—Joe Lusted, of this city has been arrested. A forty gallon still was found in the cottage owned by him.

## RETURNS FROM AUSTRALASIA

J. W. Nicholls is Back From Four Month Business Trip to Far South

J. W. Nicholls, comptroller of the Canadian Fish & Gold Storage Co., returned to the city today after having been away for some four months on a business mission for his company to Australasia, New Zealand and the South Sea Islands. He states that Australia is a country of great possibilities but business conditions at the present time are very poor. Speaking of the outlook for the supplying of local fish there, Mr. Nicholls said that it was very doubtful if frozen fish from this side could be marketed there on account of the fact that there is a big supply there of their own fresh fish. There was, however, a big market in Australasia for lumber and other exports from Canada.

Mr. Nicholls met G. F. Johnstone, the former C. N. R. City ticket agent here, in Wellington, New Zealand. He was sitting in a hotel in that city when he was surprised to hear a familiar voice and a long chat ensued. Mr. Johnstone expects to do a big business in the South and Mr. Nicholls says that he has great opportunities. Mr. Johnstone never forgets to boost Canada and is leaving a good word for Prince Rupert everywhere he goes.

## PLAN TO ROB POST OFFICE IN NEW YORK

Deep Laid Conspiracy Frustrated by Detective—Seven Men Arrested.

NEW YORK, May 20.—A plan to hold up and rob by daylight the registry division of the City Hall post-office would have been carried through tomorrow except for the work of a detective who grew a beard and hobnobbed for weeks with a gang as one of the prospective robbers. The detective obtained all details of the plan and seven men, some of them former employees of the postoffice have been arrested in connection with the theft of \$1,477,000 worth of Liberty Bonds from the postoffice last July and \$40,000 more a fortnight ago. The robbers had told the bearded detective all about it in a boasting spirit.

HARD SENTENCES ARE GIVEN IN VANCOUVER FOR VIOLENT ROBBING

Chinese Found Guilty of Having \$15,000 Worth Opium Gets Big Punishment

VANCOUVER, May 20.—Penitentiary terms were ordered yesterday by Mr. Justice Murphy in the cases of eighteen prisoners convicted at the Supreme Court Assizes here. In the cases of three others sentences were suspended.

The heaviest sentence was that given Hoy Ching, Chinese, for having \$15,000 worth of morphine in his possession. He was sentenced to seven years imprisonment, the maximum penalty under the criminal code for infringement of the Drug Act.

Two prisoners convicted of robbery with violence were sentenced to five years with twenty lashes each and a third for two years with five lashes for a similar offence.

## SPRING MEETING AT TORONTO TODAY

Would Change Dole System to Public Works—Assess 50c Per Capita to Pay for It.

TORONTO, May 20.—The spring meeting of the Ontario Jockey Club opened at the Woodbine track here today. The feature event will be the running of the historic and classic King's Plate race for which 12 or 14 horses are expected to start. Governor General Sir Julian Byng drove to the course in state at 11 o'clock.

## RESOLUTION OF LABOR COUNCIL FINDS SUPPORT

Hospital Board Endorses Proposal For Commission to Investigate With View to Reforms

The resolution of the Prince Rupert Trades and Labor Council calling for a commission headed by E. S. H. Winn, chairman of the Workmen's Compensation Board, to investigate hospital affairs throughout the province with a view to having the provincial government take over the financing and administration of all hospitals was adopted unanimously by the local hospital board in a regular monthly session last night. The resolution was presented to the board in a letter and there was a delegation present from Labor Council in support of it. This delegation comprised of George B. Casey, spokesman, T. Ross McKay and James Black. All members of the hospital board spoke in favor of the action proposed in the resolution and it was adopted after a general discussion on the subject.

Mr. Casey said that the object of the Trades and Labor Council was to impress on the hospital board the necessity of initiating a concerted movement throughout the province to bring the suggested reform about. All realized that the financial aspect of conducting a hospital was difficult but, at the same time, the fees came heavy on the common workers. The Labor Council believed that cost of hospital and medical treatment should be so worked out as to distribute the cost over the population. Thus that actual construction will

commence in a very short time. The trestle to the sand pit, met with little inconvenience or from which the sand and gravel

hardship to any and the well for concrete is to be obtained, is

would pay their share for the now erected and the rails will be

sick. He asked the hospital to laid shortly. A large quantity of

the resolution and co-operate in and the site of the new construc-

setting the movement in motion

is taking on quite an anti-

throughout the province. E. S. Winn, chairman of the Workmen's Compensation Board, was suggested as the most suitable person to head such a commission as was proposed.

Stewart In Favor

D. G. Stewart, president of the hospital board, said he was a great believer in government ownership of hospitals. The government had been willing to take over the responsibility but had been unable to formulate a policy. Investigations had been ordered but nothing had come of them. He would suggest that the resolution

go to every city council and hospital board in the province

for adoption. The time was coming when all hospitals would be owned by the state.

Aid McLeod was in favor of government ownership and re-

ported that the city council was now dealing with the same resolution.

Time Now Opportunity

T. Ross McKay said that the proposition in the resolution had been proven to be a good one for hospitals. He believed the time was now opportune to take the matter up with the provincial

government for they were waiting for a solution. If a reasonable

plan was put forward he had no

doubt it would be adopted. A

commission travelling all over the

province would be a preliminary.

He thought Mr. Winn was eminently suited to head such a com-

mission.

M. J. McNeill said the plan ap-

peared very feasible and moved

the endorsement of the resolution.

This was seconded by Ald. Mc-

Leod.

Col. McDermie agreed with the

principle of government owner-

ship and declared that anyone

who studied the present situation

must agree hospitals were being

run along the wrong lines. The

suggestion was an excellent one

and should be brought to the at-

tention of the members of the

## FLOOD DAMAGE NICOLA VALLEY

Total Estimated at \$20,000; Houses and Roads Washed Out; Animals Lost

NICOLA, May 20.—It is estimated that the total loss as a result of Thursday's flood in the Nicola River valley will be approximately \$20,000. This includes Major Goldman's ranch which will have to be reconstructed, three houses in town which were carried out and the loss to farmers in the valley.

One farmer lost a team of horses and three or four milk cows while others lost one or two cows.

Four miles of government road was also taken out in addition to a bridge in town.

## DAM AT ANYOX WELL ON WAY

Railway Practically Done—Large Quantity Material on Hand

ANYOX, B.C., May 20.—Preparations for the erection of the new dam are progressing apace. The laying of steel on the new light railway is now practically completed to the camp and the contractors have the cook house already erected and bunk houses are being rapidly constructed.

The construction camp is to be situated on the opposite side of the divide from the reservoir site. The weather man put on a sunny smile, which will doubtless assure success for the excellent cause.

The army of taggers this morning consisted of the Misses May Clark, Tomic Katsuyama, Lois McRae, May Hasekawa, Matius Hara, Helen McCaffery, Verma Brochu, Caroline Gandon and May McGaffey.

The arrangements of the day are in the hands of Mrs. Morrissey, convener, Mrs. Pringle, president, Mrs. Gandon, Mrs. Parsons, Mrs. McElroy, and Mrs. Sandison, secretary.

## JACK DEMPSEY TO WED GIRL OF COLORADO

Will Not Fight on July 1 But Probably Will on Labor Day—Perhaps Carpenter.

NEW YORK, May 20.—Jack Dempsey returned today from Europe and announced his engagement to Miss Edith Rockwell, of Boulder, Colorado.

The champion says he will not fight on July 1, for he has not enough time to train. He will, however, meet somebody on Labor Day, possibly Carpenter. If the Frenchman is not ready at that time he may go to South America where promoters are offering him \$500,000 to fight Luis Ferpo.

Time Now Opportunity

T. Ross McKay said that the

proposition in the resolution had

been proven to be a good one for

hospitals. He believed the time

was now opportune to take the

matter up with the provincial

government for they were waiting

for a solution. If a reasonable

plan was put forward he had no

doubt it would be adopted. A

commission travelling all over the

province would be a preliminary.

He thought Mr. Winn was eminently suited to head such a com-

mission.

M. J. McNeill said the plan ap-

peared very feasible and moved

the endorsement of the resolution.

This was seconded by Ald. Mc-

Leod.

Col. McDermie agreed with the

principle of government owner-

ship and declared that anyone

who studied the present situation

must agree hospitals were being

run along the wrong lines. The

suggestion was an excellent one

and should be brought to the at-

tention of the members of the

legislature for all districts.

Do Like England

Mrs. Darton said the resolution was a step in the right direction. In England hospitals were so conducted that all could have free medical attention, free medicine, free hospital and sick pay. Possibly some such system could be inaugurated in this country.

J. Lorne Maclaren said he had always been in favor of state ownership of hospitals. The Workmen's Compensation Board was the logical body to take up such an investigation but he did not think one man should be singled out at this time to head such a commission. He suggested that the hospital board meet the city council on the matter.

The vote was then put and the resolution was unanimously endorsed.

## Great Welcome to be Accorded Premier Lloyd George Tonight By His Supporters in London

LONDON, May 20.—There is every prospect that the public welcome organized for Premier Lloyd George tonight on his return from the Genoa economic conference will be a memorable one. It is apparent, however, that it will be partisan and not national.

Editorials today in London newspapers on the break up of the conference are significant as bearing upon the Premier's position. On one hand he is adversely criticized for his farewell address at Genoa and for a greater part of his public conduct there while, on the other, he is praised for his courage and resourcefulness in the face of immense difficulties.

## EDUCATION CONFERENCE

Mayor Marchant Would Have Minister and Municipalities Go into Question.

VICTORIA, May 20.—Mayor Marchant is arranging for a conference between Hon. J. D. McLean, minister of education, and representatives of the municipalities of British Columbia to discuss educational costs and their relation to the municipal treasuries. Correspondence between Mayor Marchant and Dr. McLean has already laid the foundation for such a conference to take place in Victoria in July.

## DAILY EDITION

Saturday, May 20, 1922.

Western Visit Of  
Parliamentarians Good Idea.

The movement, initiated during the winter months and which the Prince Rupert delegates to Ottawa fostered on their recent trip to the capital, to get the cabinet ministers and Eastern members of parliament to visit the West and the ports of the Pacific Coast is gaining strength and momentum. One after another of the western boards of trades are getting behind the idea. For it is an idea. It is something more than propaganda on behalf of the West for it is based on the sincere conviction that the very best way to remove fancied causes of friction between the East and the West, and between certain sections of the West and East even, and to promote a better understanding is to show Eastern parliamentarians just what the West is, to give them insight on the spot of its varied resources, its geographical features and peculiarities, and to meet and talk over in the frank western way the special problems of East and West alike.

Western people travel East frequently as a pleasure and on business. They feel it is a duty they owe themselves. But relatively few Eastern folk, unless they represent commercial houses or are seeking land, make the long trip West. Professional and business men of Toronto, Montreal or the Maritime Provinces rarely find time to see Western Canada and this is particularly true of Eastern members of parliament. It is to be hoped that the members coming West this year will include those from Quebec and the Atlantic seaboard as well as from old Ontario.

It is particularly important from a law making standpoint that the ministers and eastern members should come West. Many of them have never seen this country but are, nevertheless, instrumental in making laws governing it. While, doubtless, they have studied the West their knowledge of it, if they have not actually seen it, can be nothing else than detached and superficial. The Oriental question is a case in point illustrative of this condition. The mere fact that all thirteen members for B.C. voted for an exclusive measure a few days ago and forgot political affiliation in doing so indicates that their intimacy with conditions had formed their strong conviction as to the menace. If Eastern members came here and saw the conditions at first hand there is every likelihood that many of them might change their opinions and obtain a greater realization of what is facing British Columbia.

Where All Do Not  
Agree With Lloyd George.

While Premier Lloyd George may have much to feel gratified over as a result of the Genoa conference, it is not likely that general public opinion in Great Britain and the Empire generally feels just as pleased about it as press despatches received yesterday indicated he did. To the ordinary individual in this country, which it is true is a long way away from Genoa and whose people possibly have had their opinions framed to a certain extent with propagandist reports, little progress is discernible. As far as the Russian question is concerned that does not seem to be much nearer settlement than it was before. The non-aggression pact's effectiveness does not seem apparent to many and, to say the best of it, seems rather informal and non-binding to any of those who assented to it—and it might be pointed out that it was only assented to, nothing more. As for the committees' achievements, results are here again indefinite and merely in the formative stage. Premier Lloyd George may have made a good beginning but he has a great deal to finish up yet if anything really effective on European economic affairs, which affect the whole world, is to be forthcoming as a result of the Genoa meeting.

UNABLE TO WALK  
FOR A YEARParalysis Entirely Relieved  
by "Fruit-a-tives"

## The Wonderful Fruit Medicine

Paralysis is a break-down of the Nervous System and affects the victim in various ways. Sometimes, nervousness makes itself known by hysteria, insomnia, constant headaches, or it may be so bad that one is partially or completely helpless in some part of the body, just as Mrs. Heacock was.

SAULT STE MARIE, ONT.

"When I was twenty-eight years of age, my doctor advised me to have an operation; which I did and it proved very serious, leaving me weak and unable to walk for a year. Seeing your "Fruit-a-tives" advertised in the papers, I decided to try them. I continued to use them regularly and today I am able to go about my home duties and care for my family".

MRS. J. W. HEACOCK.

Any form of nervousness is often caused by, and is always aggravated by, Constipation, which poisons the blood, irritates the kidneys and inflames the nerves. "Fruit-a-tives" stimulates the action of liver and bowels, kidneys and skin-tones and sweetens the stomach—keeps the blood pure, and builds up the entire nervous system.

In a word, "Fruit-a-tives" has proved that it is the most scientific and effective remedy in the world for Nervousness or a disordered condition of the nervous system.

## J. F. MAGUIRE

Next the Prince Rupert Hotel

Ten Years Ago  
in Prince Rupert

May 20, 1912.

A gift of a fine healthy buck has been made by Mr. Stanley Nevin to the park commissioners of Prince Rupert through Alderman Bullock-Webster who is now taking care of the pretty animal. Arrangements for keeping it as the nucleus of a Stanley park for Rupert will be discussed.

General Agent A. E. McMaster, accompanied by a party of engineers, left on Saturday's train bound for a point 40 miles east of Shandilla station where it is said a large tract of land has been secured by old country people for colonization purposes.

G. B. Hull is to take up his station in Prince Rupert as resident engineer for the Dominion government. This announcement was made by H. S. Clements, M. P. in his Saturday night address.

TOMMY CHURCH  
AND DAYLIGHTWhat Former Mayor of Toronto  
Said in Commons in Favor  
of "Summer Time."

Speaking in the House of Commons in favor of daylight saving, T. L. Church, member for Toronto and former mayor of that city, gave a history of the use of the system and spoke on its advantages.

Hansard reports him as saying:

"I did not introduce daylight saving in the city of Toronto. The railways started it one year and the city followed. The people voted on the measure and it carried by a majority of ten to one. We had petitions from all classes; from the working people in the city over which I had the honor to preside from the health officers, from the soldiers' organizations, and from others; and it was during the war that the principle was introduced. The military authorities, the Board of Trade of the city, the patriotic societies, the railways, and many other public bodies were unanimous in the request that the mayors of the municipalities should, by proclamation, introduce daylight saving in their various localities. There was no federal or provincial law on the subject, nor were there any municipal regulations. The municipalities adopted the scheme simply through proclamation by their mayors. I shall not go into the history of daylight saving, which had its inception in Germany in 1914, about the time the war broke out. At that time Great Britain also adopted it, the House of Commons and the House of Lords unanimously favoring the principle. France, Holland, and 12 other European countries followed suit, and today daylight saving is observed in the Mother Country and on the Continent. Great Britain a short time ago passed a measure making for uniformity with France and other countries. The principle was thoroughly investigated by a committee of both Houses of Parliament in the Mother Country, a copy of whose report I have here. This committee made a study of the practical working of daylight saving in England, Germany, France, Holland and other countries which had adopted it of necessity, because of considerations of health and economy, and they unreservedly recommended it for Great Britain as well. The difficulty in connection with the practice of daylight saving in Canada is not due to any inherent defect in the system itself, for all the large cities in Canada adopted the principle by large majorities; and I know that it has proved a success in the city over which it was my privilege and honor to preside. The first year it was introduced I did not receive a single complaint from any public body or any private individual."

"Daylight saving has been a great success wherever it has been observed and if we made it nation-wide in Canada I have no doubt that its benefits would be appreciated. Any defect in its operation is due to the lack of nation-wide enactment, co-ordination between the various parts of the country and the United States. The Minister of Finance (Mr. Fielding) the other day, in answer to a question I asked, said that it was not the intention of the government to adopt a measure of national daylight saving but he said that where a municipality had adopted daylight saving, the local government offices such as the customs house, the postoffice, etc., would conform. The government of Ontario had adopted this policy and all provincial government offices are under daylight saving where a municipality endorses a daylight saving measure."

Dr. W. Sager, medical missionary of Port Simpson, is registered at the Prince Rupert Hotel.

Special Musical Service Anglican Church Sunday evening. Soloists, Miss Cummings, Miss Dalby, Mrs. Barnsley, S. K. Campbell and J. E. Davy.

A report from the house committee recommending that repairs be made to the tar and gravel roof and the iron tower of the hospital which are now in bad condition was adopted by the hospital board last night.

W. Blane, of the Water Rights Branch of the Provincial Government, who has been in the city for the last day or two with a party of surveyors, has outfit for a survey trip to the Nass district and left today for the north.

President Stewart, of the Hospital Board, reported at last night's meeting that Hospital Day had been duly observed at the institution but the attendance had been small. Ministers had come, however, and had conducted services.

Mrs. S. Darton inquired at last night's hospital board meeting how the collector of hospital accounts was progressing. Major Gibson said that not much success had been met with long outstanding accounts but not much had been expected. It would probably be easier collecting more recent bills.

The power schooner Lady Mine was offered for sale by auction at Vancouver this week by Sheriff Macdonald but no one would raise the reserve bid of \$5,000 so the sale is deferred till next week. There are wage claims against the little vessel, which is well known here, amounting to some \$4,000.

At last night's hospital board meeting Mrs. S. Darton, of the Ladies' Auxiliary, reported that the recent graduating exercises for Miss F. Fraser had cost \$33.35 out of the \$50 granted by the board. The difference was refunded and Mrs. Darton was thanked for the success of the auxiliary in keeping expenses down.

The regular monthly meeting of the hospital board was held last night in the city council chamber. There were present:

D. G. Stewart, president; Ald. R. A. McLeod and Ald. Theo. Collart.

M. J. McNeil, Mrs. Darton, W. E. Collison, Dr. J. P. Gade, J. Lorne MacLaren, Dr. L. W. Kerzin and Major G. E. Gibson, secretary.

Applications from S. G. Webb and S. K. Campbell for membership in the Prince Rupert General Hospital Association were received and accepted at the board meeting last night. The necessary fees of \$5 each were remitted. In answer to a question by Mrs. S. Darton, President Stewart said that a drive for further members was to be instituted.

Mrs. W. E. Collison and daughters, Muriel and Joyce, of this city, were registered at the Dominion Hotel, Victoria, early this week.

H. E. Brown of Juneau, has

been appointed commissioner under the Evidence Act for the province of British Columbia according to an announcement made by the government.

G. G. Perry, Indian Agent, and

Constable Watkinson, of Port

Simpson, who arrived in town

last night, left on this morning's

train on Indian departmental

business. The Indian reserves

at Newton, Kitsumkalum and

Kitselas will be visited.

## VICTORIA DAY CELEBRATION

Elks Are Preparing Great Program of Fun and Amusement

Wednesday, May 24, Empire Day, will be a day to be remembered for all time by the men, women and children of Prince Rupert. It will be a day of delight to everyone in spite of what the "weather man" cares to do about it, for the Elks are leaving no stone unturned to make the enjoyment of it a milestone of joy in the history of the city. The entire Exhibition building and Acropolis Hill grounds have been taken over for the staging of the many events. Should the weather prove inclement the entire programme will be staged in the Exhibition building. There will not be a dull moment on Victoria Day from 9 a.m. till midnight.

The monetary proceeds of the day will be devoted to the Boy Scout and the Girl Guide movement for summer camping purposes and this fact in itself will undoubtedly assure the financial success of the undertaking. The Greenville native band have been engaged for the entire day so that music lovers will be excellently catered for.

### Public Parade

Promptly at 9 a.m. there will be a public parade from the Elks Home on Third Avenue, headed by the Greenville prize band, to the Exhibition grounds. This parade will be well worth witnessing.

The children's sports will commence at 9:15 a.m. and will terminate at 11 o'clock. Nothing has been forgotten that will be of interest to the little ones.

From 11 o'clock until noon an intermediate baseball game will be played between the Sons of Canada and the Elks.

A football game—England and Scotland vs. Ireland and Canada will be played between 1 p.m. and 2:30 p.m. The players will be selected from the best football talent available in the city and the event augurs to be one of the most interesting games of the season.

A band concert, by the Greenville native band, and a drill exhibition by the Boy Scouts will be given between 2:30 and 3:30 p.m. The Scouts have been put through a special course of instruction for this display and will doubtless give a good account of themselves.

### Senior Baseball

A senior baseball game between 3:30 and 5:30 p.m. will be played between the Sons of Canada and the Elks. The teams will be composed of the cream of baseball talent and the game will perhaps be the tit-bit of the sporting events.

In the exhibition building a carnival will be in full swing for the whole of the day consisting of booths of many characters, novelty games, and other attractions too numerous to mention.

In the evening from 7:30 to 9:00 p.m. in addition to the carnival, there will be a band concert and an exhibition by the Girl Guides. From accounts to hand of the Girl Guides rehearsals their exhibition will be undoubtedly par excellence.

At 9 p.m. there will be a Serpentine dance in the Exhibition building, with colored streamers and multi-colored spotlights much in evidence. This will be a befitting climax to a colossal riot of fun and amusement.

Light lunches and refreshments will be served all day by the ladies of the Royal Purple and the Girl Guides.

Pansies, \$1.00 a dozen. City Market.

Provincial Constable Manor of Terrace arrived in the city last night.

Mrs. W. E. Collison and daughters, Muriel and Joyce, of this city, were registered at the Dominion Hotel, Victoria, early this week.

## Waterfront Whiffs

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

In spite of the inclement weather prevailing on the "high spots" there was marketed here up to Thursday night, 86,800 pounds of halibut, which was 198,900 pounds in excess of last week's catch for a corresponding period. In addition there was 2800 pounds of red king salmon sold on Monday which fetched 17.9c. The price of halibut was on a downward trend during the week, the highest price paid being 10.7c. The Mosquito Fleet is to be congratulated upon its excellent showing in face of adverse conditions.

The Admiral of the Fleet is all "hot up" over the number of earloads of fish shipped to eastern points during the month of April, which totalled 95 ears. He thinks the remarks of A. E. Warren, general manager of the G.N.R. western lines on this subject prior to leaving for the east on Thursday morning, were very timely. However, the Admiral differs with Mr. Warren as to it taking five years to double this output and considers the output can be doubled in less time if all put their shoulder to the wheel trying to feed him oysters and stand pat behind the deep sea toilers. The Admiral is a great believer in united effort.

Flossie's absence from port has certainly made the fleet look better, the boys having more time to devote to their floating homes. The wireless aerials on the Mug Up were seen to be flashing sparks one night in the week and upon investigation by the secret service it was found that the director of the hostel was conspicuous by his absence. However on tapping in on the aerial message "Where the L's operator" greeted them, and upon further communication it was soon learned that Flossie was trying to get Jack on the wire from Porcher Island. It appears that the hand on the sewing machine, with which Florrie is doing her oil boring, had broken and the sweet young thing wanted a new one sent over right away. The Admiral was awakened from his slumbers and told to decipher some of the message as the language could not be understood. It is regretted that we cannot publish the exact message in full but it would not be gentlemanly of us. However, there not being the necessary driving belt available around the Bay and the hour being late, the Admiral, like a good sport, despatched a power boat with his suspenders with the directions how to convert them into the necessary article. The sequel was that the leading light of the Admiralty had to lie in bed till noon next day awaiting one of his orderlies to bring him a new pair of necessities before he could get up for breakfast. Such is life on the ocean wave.

Captain A. Swanson is building himself a brand new boat-house, which will take about a week to complete. The dimensions of the building are 50 ft. wide by 70 ft. long, and will be capable of housing 50 row boats and 20 canoes with increased docking facilities. The building

The tug McCulloch left for Surf Inlet on Thursday morning with two donkey engines for the J. R. Morgan Logging Company.

Two scows of boxes arrived behind the Hango during the week for the local fish houses from the Georgetown mill. The Hango cleared from port on Thursday to pick up a boom of logs from Hudson's Bay Cove for the Georgetown mill.

The Pacific Fisherman states: During the last month halibut has been coming into Pacific ports in about the normal volume for spring, the total for the principal ports being over half a million pounds in excess of the April arrivals last year. Prince Rupert arrivals have jumped 1,200,000 pounds over the previous

is being superintended by Cap. who has associated with him W. E. Thompson, and J. G. Viereck, two well known local exponents of the saw and hammer art. When completed this boathouse will be one of the finest north of San Francisco, which is taking in a lot of territory. The frontage, according to the plan will be very imposing and the new structure will certainly be a credit to the waterfront.

Two scows are on the Seal Cove Marine ways for complete overhaul. These are the property of the Prince Rupert Boat-house.

The following boats marketed fish during the week, the majority having already cleared again for the high spots: Kodiak, Laura & Margaret, Forward, Bingo, Democrat, Carruthers, Scandia, Omanay, Alava, W. J. Bryan, Oakleaf, Bartolome, Augusta, Spencer, Eastern Point, Virginia, Groth, Selma, Baltic, Vesta, Sunrise, Vansee, Andrew Kelly, Piop, Osumi, M. M. Christopher, Ethel June, Awiay, Fauny F., Wabash and Lincoln.

Geo. Atkinson, accountant with the Sinclair Fisheries, has been confined to the house for the past two days suffering with neuralgia.

The following attempt at a poem was picked up around Cow Bay during the week. It is thought the epic refers to Flossie. The owner may have the original upon application:

Oh, darling I am feeling blue,  
Life is empty without you,  
Of all the girls I've loved before  
You are sure it, can I say more?  
If you'll be game to change your  
name,  
I'm hanged if I won't do the  
same.

## GROTTOS WON OVER CALLIES

Third Fixture of Football Season  
Last Night Resulted in 4 to  
2 Score.

Football fans had full value for their money when they witnessed the league game last night on the Acropolis Hill Grounds between the Grottos and the Callies, the former winning 4-2.

For speed the game was certainly a "humdinger," and, in fairness to the losers, it must be said that they had quite a bit of hard luck in the first half when Joe Campbell retired from the field with leg trouble necessitating the Callies playing a one back game and they undoubtedly missed Kilday in the forward line. The Grottos are certainly improving in their play and their defence has been strengthened. Perhaps the one outstanding player on the field was Mercer, in goal for the Grottos, who played a splendid game. A lot of the credit for the Grotto's win is undoubtedly due to his fine exhibition of goal keeping, although Butters and Kirby did good work also.

For the Callies, Kinghorn at centre half, Mitchell outside right, Main centre and Ed. Ross at back played a fine game. The teams lined up as follows:

**G. D. TITE**

*The Home Furnisher*

**MONEY INVESTED IN VICTORY BONDS** can be made to earn larger interest by selling the bonds and investing in first mortgage on improved City property. And the mortgages are just as safe, although not so readily convertible into cash. Money invested in mortgages is, generally speaking, fixed for the term of the loans which run from 6 months to 5 years. Hence the larger rate of interest. Drop in and talk it over.

## INDIGENT INDIANS ARE NOT WANTED IN GENERAL HOSPITAL

Indians in future will not be admitted to the Prince Rupert General Hospital except on the order of the Indian agent or if they pay in advance a sum covering two weeks' treatment. A report to the board last night from the finance committee to this effect was adopted, it being pointed out that in view of the fact that the Dominion government conducted an Indian hospital at Port Essington there was no necessity for natives being treated here at the city's expense.

Dr. J. P. Gade pointed out that there might be difficulty in carrying such a rule out when Indians fell sick or were injured in the city.

The medical profession is to be asked to co-operate with the hospital board in having the rule strictly adhered to.

### BIRTH.

Born to Mr. and Mrs. Jack Austin, of 241, Seventh Avenue West, a daughter, at the General Hospital on May 20.

H. P. Greenwell, of Vancouver arrived in the city this morning on the Prince Rupert.

Pat Daly, of Stewart is in the city today aboard the Prince Rupert en route to Stewart.

F. C. Wade, agent general for B. G. at London, and Mrs. Wade sailed for Canada last Thursday.

J. Macdonald and G. A. Turner arrived on the Prince Rupert this morning en route to Stewart.

Brook Stephenson, of Victoria passed through the city today on the Prince Rupert bound for Stewart.

Mrs. J. Gelino returned from the south this morning on the Prince Rupert en route to her home in Terrace.

E. Hambleton, of the Premier Mine, is in the city today on the Prince Rupert, returning from the south to Stewart.

Capt. S. D. Johnston returned from a business trip to Vancouver and the south on the Prince Rupert this morning.

Mrs. R. Arthur Jr., returned to the city this morning on the Prince Rupert, having spent two months vacation in Victoria.

W. S. (Duke) Harris, one of the old pioneer mining men of Hazelton, arrived on the Prince Rupert this morning en route to Stewart.

H. B. McMillan, partner with Geo. McAfee in the Georgetown sawmill, was an arrival in the city on the Prince Rupert this morning.

Mrs. G. F. Richmond and family returned to the city this morning on the Prince Rupert from a holiday vacation in Victoria and Seattle.

Mrs. Grant Mahood arrived in the city this morning aboard the Prince Rupert, enroute to her home in Stewart, after a prolonged vacation in California.

## "FOOL'S PARADISE" IS BRILLIANT SPECTACLE

Wonderful Picture, Opening Last Night, Will Be Repeated This Evening

Displaying a complete reversal of form the Telkwa baseball team won their first game this season when they out-hit and out-played the Smithers band of ball tossers at the Polo Grounds last Sunday afternoon. The final score was 9-6 and the game was featured by some brilliant fielding by both teams. Mutch, who pitched for Smithers, was batted hard in the early stages of the encounter, the winners registering all their tallies in the first four frames. They again threatened to score in the fifth, but a nice double play, Finnerty-Arnold-Matheson, retired the side. Wallace hurled a steady game for Telkwa, although he weakened in the eighth and Robert went into the box for the last inning. Despite the threatening weather a large number of fans were present.

Smithers will go to Telkwa tomorrow and the team will be accompanied by a large number of supporters.

## Sport Chat

Eddie O'Neill, of Nelson, who with his brother, Arthur, is in the city today on his way to the Portland Canal mining fields, is one of Nelson's best known baseball players, and also one of the International Four, a male quartet, whose services were much in demand during the winter. He worked for some time in the Sloane at a flotation mill, but with the dearth of employment in his time he has decided to look further afield. Arthur O'Neill who has just come of age, is also a baseball player. His occupation is cooking. The boys will doubtless be well received and made good use of at Stewart and Hyder.

Displaying a complete reversal of form the Telkwa baseball team won their first game this season when they out-hit and out-played the Smithers band of ball tossers at the Polo Grounds last Sunday afternoon. The final score was 9-6 and the game was featured by some brilliant fielding by both teams.
