Winston Churchill Gives Plain Talk BUCKLEY REPRESENTATIVES LEAVE FOR ISLANDS TO PREPARE

Britain no Longer Tolerate Further Grave Lapses From Spirit of the Irish Treaty

LONDON, June 26.—Right Hon. Winston Churchill, colonial secretary, rising to make the promised statement on Irish affairs in the House of Commons, said the Government desired the Free State to be the subject of the fullest debates and it should be terminated only by a division.

Mr. Churchill declared he did not hesitate to say that all the horrors that occurred in Belfast were due to the organization in that territory of two divisions of the Irish republican army and the continuous efforts of the partisans of the south to break down the Ulster Government and force Ulster against her will to come under the rule of Dublin.

The Imperial Government had supplied the northern Irish government with 50,000 troops for its defense. The northern government would be supported at all costs in any attempt that might be made to coerce it into submission to the south.

Continuing, Mr. Churchill said: "The Imperial Government feels that after the election, which clearly showed what were the wishes of the Irish people, we cannot continue to tolerate the many grave lapses of the spirit of the treaty and improprieties and irregularities in its execution which we have put up with or acquiesced in during the last six months."

LIVED UNDER TREE AND ATE BEAVER SKINS

Mr. and Mrs. Peter Stafford, Natives of Kitwanga, Found on Wednesday

Both alive but emaciated with starvation and the husband suffering from tuberculosis and paralyzed on one side with an abscess on his back, Mr. and Mrs. Peter Stafford, natives of Kitwanga, who were last week reported to have been found dead, were located by Constables Martin and Watkinson and Tom Harris, brother of the woman, 32 miles up the Khyex living helplessly under a spruce tree.

Constable Martin arrived in the city last night and tells a story of a rough passage through virgin country with a leaking dug-out canoe which was in turns paddled upstream through turbulent waters and portaged through untraded country. Then the suffering and starved natives were found near the bank of the river under the spruce tree where the man had lain sick for six or seven weeks, his wife unable to help him. For 20 days they had nothing to eat except an occasional ground hog and soup and meat or boiled beaver skins.

On being found the man was put in the canoe and paddled and carried down the stream by Constable Martin and Tom Harris, and the woman walked accompanied by Constable Watkinson.

Reaching a point 11 miles down and 21 miles from the railway and the mouth of the river, it was impossible to take them further so they were left there with provisions enough to last for four or five days. The officers quickly completed the journey out to the railway and yesterday morning sent three Kitwanga Indians back with enough food and medicine to last four or five weeks after which time, if they have recovered, Mr. and Mrs. Stafford will complete the journey down by foot.

DRYDOCK VOTE BEEN PASSED

Oliver Opened Negotiations for Sale of British Columbia House.

OTTAWA, June 26.—The appropriation of \$130,000 in the supplementary estimates to settle on a basis of fifty cents on the dollar the claims of the creditors of the Prince Rupert Drydock & Engineering Co. in connection with the construction of the steamships Canadian Scottish and Canadian Britisher, passed in the House of Commons on Saturday.

The item of \$175,000 for the purchase of British Columbia House in London by the Federal Government is an amount to provide for the cost of the preliminary arrangement in connection with the sale. It was explained that negotiations for the sale of the property to the Dominion were opened by Premier Oliver during his recent visit to Ottawa.

METHODIST SUNDAY SCHOOL PICNIC AT DIGBY WAS ENJOYED

Large Number of Kiddies Had Splendid Time on Sands of Digby Island on Saturday Afternoon

It required three trips of Captain Swanson's boat "23" to accommodate all the youngsters and their parents who attended the Methodist Church Sunday School picnic to Digby Island on Saturday and several private craft also went over with parties in the course of the afternoon. Races and games were enjoyed on the sands of the island and there was plenty of delectable refreshments brought in the many baskets. The children returned to the city about 9 o'clock after a day's fun which will long be remembered.

GERMANY AND OTHER NATIONS

Britain Would Support Move to Admit Her to League of Nations.

LONDON, June 26.—Replying to Lord Robert Cecil on the Government's attitude toward the admission of Germany to the League of Nations, Lloyd George said: "This is not a question which concerns Great Britain alone. It primarily concerns Germany herself. So far as His Majesty's Government is concerned we would support an appeal to admit Germany to the League."

JAPANESE HOMELESS

Five Destroyed Block of Dwellings at Steveston Worth \$150,000

STEVESTON, June 26.—A block of dwellings and shops worth \$150,000 was destroyed by a fire which started in a Japanese grocery here. Two hundred people are homeless as a result, most of them Japanese.

PERTURBED AT ASSASSINATION

English and French Press Sees Political Significance From Rathenau's Murder.

LONDON, June 26.—The political significance of the assassination of Dr. Rathenau, the German foreign minister, is stressed in newspapers here. It is regarded as certain that the German government will be seriously embarrassed by his loss. The evidence of conspiracy against the Republic is considered as affording ground for grave apprehension as to future events in Europe.

PARIS, June 26.—The French press continues to be absorbed by the Rathenau assassination interpreting from it that Germany is an unceasing menace to France and the peace of Europe and is unwilling to admit defeat or pay her just dues to the victors.

LEGISLATURE OF MANITOBA IS DISSOLVED

Elections Will Be Held July 18 Except in The Pas Constituency.

WINNIPEG, June 26.—(Canadian Press).—The sixteenth legislature of the Province of Manitoba has been dissolved and the election, except in The Pas constituency.

The announcement that the new legislature will be chosen next month closes a chapter in provincial politics which is of considerable interest.

For two years Manitoba has been experimenting with a form of group government; not in the full sense of a government consisting of representatives of each of the main groups in the legislative body, but in the sense that it has had a minority government existing and performing its functions through the grace of members who were elected in opposition to the administration.

The criticism is made that the group government, or any government carrying on under such circumstances, is so entirely at the mercy of circumstances, so dependent upon the whims and vagaries of individual members, that the legislation which is enacted and for which the government must take official responsibility may represent expediency rather than considered judgment. On the other hand there are those who insist that never in the history of the province has legislation been considered so thoroughly on its merits as during the past two years. It is pointed out that government by caucus virtually disappeared, for the reason that a measure which meets the full approval of the government party, when that party is in the minority, is only at the beginning of its troubles.

EVEREST CLIMB IS ABANDONED

Brig.-Gen. Bruce Head of Expedition, Says Further Attempt Would Be Useless

LONDON, June 26.—Word has been received from Brigadier-General C. G. Bruce, head of the British Mount Everest expedition, confirming the reports received here that the attempt to scale the peak is to be given up. The conclusion has been reached that persistence in the effort would only result in useless tragedy. Members of the party, which has been making progress of late measured only a few feet at a time, are more or less incapacitated and are returning to Darjeeling.

ARREST MADE OVER RATHENAU MURDER

BERLIN, June 26.—The police have arrested eleven members of the Bavarian Secret Service organization in connection with the murder on Saturday of Dr. Rathenau, foreign minister.

GREAT SOLDIER LAID TO REST

London Pays Memorable Tribute to Late Sir Henry Wilson

FUNERAL TODAY

LONDON, June 26.—Hundreds of thousands of Londoners paid tribute to the late Field Marshal Sir Henry Hugh Wilson whose funeral services took place today. The entire three miles from the home to St. Paul's was choked with spectators and the church square never held such a great multitude since the funeral of King Edward. The King and the Royal Family attended, and also Marshall Foch, of France. The body was interred in the dome of St. Paul's.

BIRTH

A daughter was born to Mr. and Mrs. D. K. Goyer, of Sixth Avenue at the General Hospital yesterday.

Logging Superintendent Goes to Buckley Bay to Prepare For Mill Opening

As a forerunner of the large logging and milling activities that are to be started in a short time on Graham Island by the big concern which was recently formed in Los Angeles by the merger of the Massett Timber Co., Ltd., the Puget Sound Box Co. and the Western Supply Co., J. M. O'Brien, who is to be logging superintendent for the new company on Graham Island, arrived from Vancouver on the Prince Rupert on Saturday morning and the same evening left here for Buckley Bay. Mr. O'Brien is going over to make a preliminary inspection of the timber limits held by the concern and make plans for the early starting of big operations. His arrival is but one phase of the company's organization which is now well under way. It is not likely that Mr. O'Brien will return from the Islands soon but that he will remain there to take active charge of his department of the work which will include superintendency of the logging and delivery of the logs to the mill.

CONSERVATIVES WITHDRAW FROM RY. COMMITTEE

Liberals and Progressives Agree on Report Which is Carried 16 to 1

OTTAWA, June 26.—After a stormy session lasting all day and during the evening of Saturday, the special House committee on railway costs decided by a vote of 16 to 1 on its report to the House. Conservative members, protesting that the report had been cut and dried after private interviews between the Government and the C.P.R., withdrew from the committee, which they said was reduced to a rubber stamp to endorse the Government.

Mr. O'Brien, though he has not been previously connected with the Buckley activities, is a well known logging man along the coast and was formerly on the south end of the Islands.

R. H. Mariatt, manager of the Buckley Mill, who was in town during the week, also returned to Buckley Bay on the Prince John on Saturday evening.

In two weeks time it is expected that Frank Buckley himself and several other higher officials of the company will be here on their way to the scene of proposed operations. Logging and milling has not yet started but it is understood that by the time Mr. Buckley arrives here that plans will be so advanced that he will be in a position to state that activities will soon commence.

FREE FIGHT AT LACROSSE

Game in Which Westminster Wins Featured by Fighting.

NEW WESTMINSTER, B. C., June 26.—New Westminster defeated Vancouver at lacrosse by a score of eight to two in a game featured by fighting in which players and spectators mixed freely. Fists and sticks were swung furiously for half an hour and halted only when the police appeared.

WHISKAWAY WINNER KENTUCKY SPECIAL

LATONIA, June 26.—Whiskaway won the \$50,000 Kentucky special here Saturday. Thibodaux came second and Norvich third. The winner's time was 2:03 4-5.

Whiskaway is owned by Harry Payne Whitney.

group caucus. Defeat of the government, after many false alarms, came on a motion condemning it for having failed to give effect to a declaration of the house in favor of abolishing the public utilities commission. Premier Norris then was asked by the lieutenant-governor, Sir James Aikins, to carry on until an election could be held, and by agreement of the opposition leaders this course was followed. Some essential legislation was passed before the house adjourned, and since that time the voters of the province have been registered and the government has been reorganized.

NEW STATION WILL LIKELY BE OPENED SATURDAY, JULY 1

Judging from the present position of the work, it is expected that the new Canadian National depot will be ready for occupation and use by next Saturday, July 1st. The passenger trains leaving and arriving on that date will probably be spotted up at their new stand.

ANYOX MINER WAS DROWNED

Chief Minty Advised of Gas Boat Tragedy at Mouth of Naas River Saturday Afternoon

William Smith, a miner employed by the Granby Co. at Anyox, fell overboard from the gas boat Lillian at North Point, Naas River, near Arrandale, on Saturday and was drowned according to a telegram which was received by Chief A. C. Minty, of the provincial police here, from Constable Dryden, of Anyox, at noon today. On board the gas boat at the time were Mr. and Mrs. P. Crosby and five children and Mrs. Losky, all of Anyox. The body has not yet been recovered.

The local office of the provincial police is taking steps towards an investigation of the tragedy.

Latest Reports
Are Satisfactory.

The latest school reports are on the whole extremely satisfactory. The two experts who have carefully examined the school building make it quite clear that the building is safe and always has been safe but that it should be waterproofed and the fire wall rebuilt as well as having other minor repairs.

There is a difference of opinion as to the floors. One architect is of opinion that they might be strengthened. If there is any doubt the school board, it is hoped, will take the safe course and see that the floors are made so strong that any kind of test will not shake them. We do not want any tragedies and we do not want parents to feel uneasy. Everything must be well done or the children will not return to school.

Crime To Shake
Confidence Of Parents.

It is a crime to attempt to shake the confidence of parents in the school. The school board is taking every care and the city council is co-operating. The school building will be made absolutely secure, of that we are assured, and doubtless the recommendations of the architects will be carried out.

It is to be expected that a new bylaw will be placed before the people to raise money for the extra work on the school building. This will have to be done in order that the work may proceed. The ratepayers cannot take any other course than vote the money, although of course they will feel sore at having to do so. No one likes to have to pay money for something that might have been avoided. At the same time we, as a city, cannot afford to allow the building to remain unoccupied and an eyesore. We must complete it at any cost and it is satisfactory to know that the price will not be excessively high.

Will Sympathize With
Prairie Provinces.

The sympathy of this section of the country will go out to the people of the prairie provinces who have suffered from the storm of Friday morning. While the loss of life was small, the damage was very heavy and the effect will be felt even here. Some of the most fertile parts of Manitoba will be barren this year. The farmers will be hard up and they will not spend money in travel. While the damage seems to have been more or less local, the district covered by the storm was a large one and the resulting distress will be widespread.

Will Settle With
Drydock Creditors.

The Dominion Government is making arrangements to settle with the creditors of the Prince Rupert Drydock and Engineering Co. While there is nothing to indicate what is the intention in the despatch that arrived Saturday, it is to be supposed that the Government will pay fifty per cent of all the accounts outstanding against the shipbuilding concern and not discriminate as did the previous government. If they do not, there will be great dissatisfaction.

In the former case the accounts for goods supplied the boarding house were ruled out, the bills of printers and advertisers were scratched and many other legitimate claims were refused. If the present government does that there will be a strong protest, but if they take the fair view that all the bills be settled, they will get the support of all sections of the community.

The Canadian Pacific Coast Princess Louise, Captain A. Slater, called in port this morning from 8:30 to 9:35 bound north with a full list of 288 passengers from Vancouver for Alaskan ports. The list was largely made up of tourists, the large majority of whom were from California although a few were from the East. The number included Hon. and Mrs. G. H. Ferguson, of Toronto, and Mr. and Mrs. Eugene Plunkett, of California, who make the Skagway trip every year. There was also

on board a party of 60 San Francisco tourists personally conducted by M. D. Silberstein, a tourist agent of that city.

ANNUAL DECORATION
DAY SERVICE ELKS'

The annual Decoration Day service of the Elks' Lodge took place yesterday afternoon at Fairview Cemetery, about 30 men and half a dozen ladies taking part. The service was a short one, Milton Gonzales, exalted ruler, and Rev. Dr. H. R. Grant, chaplain, leading in it. A couple of hymns were sung and wreaths and flowers were then laid on the graves of the two deceased members of the order, Charles Embleton and Wilfred Macdonald. The service, though short, was a very solemn and impressive one.

Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON

NEW ROCKLAND, P.Q.
"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me."

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer."

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-tives'. Mrs. J. M. PENNINGTON, 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

SNOWBALL GAME
MOUNTAIN TOPBoy Scouts Climbed to Summit
Saturday and Bathed in Lakelet

Starting with a paper chase, the St. Andrew's boy scout troop completed a half day's enjoyment on Saturday with a swim in a small lake at the summit of Mount Hays and a snowball match near the same place. They also partook of lunch at the summit and wandered along the top of the ridge, returning late in the evening.

The boys, in charge of Scoutmaster S. D. Johnson and his assistant Alex. Rix, climbed the mountain by the rather difficult route from a point near the cemetery. One patrol led off at two o'clock and the other followed at three catching the other at the summit. There were 22 boys in all.

The climb was a stiff one for boys averaging twelve and thirteen years of age but they made good time and were back home about half-past ten.

CHILDREN'S DAY WAS
OBSERVED YESTERDAY
AT BAPTIST CHURCH

The Baptist Church Sunday School held Children's Day Services yesterday afternoon when about 150 children and adults gathered in the church to celebrate the occasion. The church was prettily decorated with flowers which were afterwards taken to the hospital.

The program comprised a chorus by the Primary Department, recitations by Miss Helen Hampton, Miss Nina Martin and Mitchell Gay and also a pretty act entitled "Children's Day Around the World," by Mrs. Sewell's and Mr. Box's classes. The Willing Workers read the Scripture lesson and the Helping Hands rendered a song which was well received. Rev. G. G. Hacker gave an address on pockets, which was much enjoyed. The hearty singing of the hymns was another conspicuous feature which contributed to the success of the day. The offering was devoted to the Mission Fund.

Sport Chat

The Senior League baseball game between the Sons of Canada and the Elks last Friday night was one of the best games ever seen in the city. Certainly there never was one more exciting and with a more sensational conclusion. The boys are getting into form now and there may be even better games from now on. What is wanted now by the players is more practice so that they can last the whole nine innings without any danger of blow-ups.

The next football game to be played in the city will be that tomorrow night at the Aeropolis Hill Grounds between the Sons of England and a League Select team. It is under the auspices of the Sons of England in aid of Bert Wearmouth who recently met with an unfortunate accident on the field. The worthiness of the cause and the guarantee that a good game is to be put up should attract a record crowd of soccer fans.

Terrace and Smithers are expecting many visitors from Prince Rupert for their Dominion Day celebrations but it must not be forgotten that there is to be a celebration in this city too and the interior towns should not be disappointed if the crowds that visit them from here on the occasion are not very large. The sporting feature of the Terrace program will be the baseball game between Gil's of the local Intermediate League, and Terrace while another clash between the Telkwa and Smithers ball teams will be one of the features of the Smithers day.

The preliminary base ball game between the Knights of Columbus and the Elks for the Dominion Day prize will be played tonight at the Aeropolis Hill Grounds. Besides this the game will also count in the league standing and is to be recognized as a league fixture. Which ever team loses will be eliminated from the Dominion Day prize series and the winner will play in the final on Saturday with the Sons of Canada. The Intermediate league game between Gil's and the Sons of Canada which was to have been played tonight is postponed until Wednesday evening.

The following players will take part in the benefit football game to be played at the Aeropolis Hill grounds tomorrow night:
Sons of England—Stockdale; H. M. D. Lambe and G. Kelsey; Mansell, A. Craggs, and S. Craggs, Hodgson, D. Wiggins, G. P. Tinker, J. Farquhar and S. Butters.

League Select—R. Mercer; A. Kinghorn and H. Menzies; W. Anderson, W. Davies, and J. Hynd; J. Kilday, W. Mitchell, E. Mackintosh, R. Kirby and J. Marks. Reserves, W. Martin, V. Menzies, G. Anderson, Warren and G. Hill.

Grotto colors will be used. George Russell will referee.

ALICE ARM

In spite of the fact that the Dolly Varden Railway is not operating there is a great deal of assessment and development work going on in the Kitsault River valley. The recent hot weather has been clearing the snow off the hills rapidly and the most of the prospectors are either out or preparing to leave.

A daughter was born recently to Mr. and Mrs. J. Lulich, of Alice Arm, at the Anyox Hospital.

Mrs. W. H. Kergin, of Prince Rupert, is visiting here with her son and daughter-in-law, Mr. and Mrs. H. F. Kergin.

John Strombeck, who sustained bad injuries last winter when he fell on the ice of the skating rink, has returned from the hospital at Anyox but is still on crutches.

The old Kitsault House, after several months close-up, has been reopened by Steve Dumas with Louis Reynolds running the barber shop.

PRINCE GEORGE

Rev. E. B. Johnson, J. D. Clemens, S. E. Atkins and W. J. Atkins, of Athena, Oregon, and Conrad S. Allan and John L. Anderson, of Dubois, Oregon, have returned south after a land seeking tour across the river from here. They have found the land they wanted and are expected to return soon with a big party of settlers.

A fishing party consisting of Al Gannier, Red Rogers and R. S. Atkins returned last week from a few days fishing at Bednesti Lake with a catch of 183 splendid trout.

Miss Kitty Robinson and H. H. Mansell, of the provincial police, were married last week, Rev. William Graham officiating.

Miss Phyllis Jenks has arrived from Prince Rupert to take a position as stenographer in the government road office.

Miss Milligan will preside over the Entrance examinations which commence tomorrow.

SMITHERS

George Kerr, of Prince Rupert has been visiting the Bulkley Valley on business in connection with the Northern Interior Co-operative Association.

There is prospect of a light bay crop this year in the Bulkley River district. Some light rains recently have helped the situation.

Miss F. Maundrell, who was formerly in charge of the nursing home at New Zealand, writes from Sydney, New South Wales. She has been touring in Australia and New Zealand and leaves Sydney shortly for Hong Kong.

A. T. Harrer, who has mining interests in the district, arrived recently from Williamsburg, Pa., and has now gone to Hazelton for a prospecting trip in the district north of there.

P. Kilmartin, formerly of Terrace, has taken over the Dago Hotel here.

Houston is to have a fall fair this year and the following officers of the newly formed association have been elected: President, J. S. Wilson; Secretary-Treasurer, A. E. Carruthers; Committee, Mrs. Wilson, Mrs. A. McInnis, Mrs. McKay, J. Gould, T. Atkins, B. McLean and G. Dugate.

Mrs. James Kennedy has returned from Everett, Washington where she spent two months visiting with her mother.

BIRTH.

There was born to Mr. and Mrs. Ed. Gillingham at the Anyox Hospital recently a son.

Miss Klippert, of the Metkalla girls' school, sailed for Vancouver last night on the Prince Rupert.

HEMORRHOIDS

SHOWS THIS WEEK AT LOCAL THEATRE

Monday and Tuesday, "A Perfect Crime."
Wednesday and Thursday, "Bits of Life."
Friday and Saturday, "The Call of the North."

Negotiations are proceeding for the sale of the chain of Alton theatres in Canada to the Famous Players Corporation. There are also other theatrical concerns trying to get control of the houses.

Sunday picture shows are being prohibited in Tampa, Florida and there is an outcry in that city against "Blue Sundays." The sheriff is in a difficult position. On the one hand he is threatened with removal if he does not put the law into effect and on the other the anti-blue crowd are after his scalp.

Percy Marmont, the English actor is to take the leading part in the screening of the popular novel "If Winter Comes." He will work in collaboration with A. S. M. Hutchinson, the author. Harry Millard is to direct the picture which should be ready for showing this autumn.

In spite of his matrimonial publicity Rudolph Valentino continues to be the man that all the girls admire in the movies.

The triumph of a chiropractor over old time medical science is shown in the new picture "Three Weeks Off," a comedy ending with the recovery of a youth under the hands of a chiropractor.

Great preparations are being made for the opening of the autumn picture season. The tendency is to make better pictures but not so many as formerly. Second rate films are remaining on the hands of the dealers whereas there is always a demand for the best, even at high prices.

One of the most popular pictures is the Adventures of Sherlock Holmes, the famous detective stories of Sir Arthur Conan

Doyle, played in life on the screen. They promise to fill many a movie house during the coming autumn and winter.

It costs a lot even to build shacks, if you wish to build them right. That Mary Pickford has found in erecting her fishing village on the shore of Galtsworth Lake. The outdoor scenes in her new play are made there and the indoor "closeups" at the studio at Hollywood.

Dickens' admirers are eagerly awaiting the showing of Oliver Twist with Jackie Coogan as star. The film is just being released and should be seen on this coast soon. One of Jackie's other pictures is "My Boy."

Charlie Chaplin is working on a new comedy but he is saying little about it. It will be sprung on the public without much advance advertising for Chaplin's name is still one to conjure with at the movie houses.

Norma Talmadge is working on a new play "The Eternal Flame."

Freddie Barry is still doing duty but unfortunately for his success he is bound to grow.

PRINCE OF LIARS HAS HERO ROLE

Oh, boy! how he can lie! "A Perfect Crime," Allan Dwan's second picture for Associated Producers, has a lying hero who provides some of the best laughs of the season and ruffles your emotions to an alarming extent. The picture is quite the most human of any of the string of successes which Mr. Dwan has given the public.

It combines humor with pathos and builds in interest as well as presenting for your delight a number of clever characterizations. The story is simple and deliciously real.

Monte Blue, one of the most able actors of the screen has the role of Wally Griggs, an awkward, bashful fellow of unromantic meanness. He quite suddenly decides to rob the bank where he is employed as messenger. From this weighty decision to "finis" the picture is rich in humor and human interest. For Dwan's

Allan Dwan presents "A Perfect Crime"

Starring tonight at the Westholme Theatre.

forte is in doing the human thing in the most direct way. The picture forces the tears to the eye as frequently as it sends you into spasms of laughter. It is its steady onslaught to your emotions which you'll enjoy.

The most amusing scene is where the scraggly messenger suddenly blossoms into a dashing fellow who invents the most pleasing lies. It's all part of the plan to rob the bank, but it turns out differently than he expected. He becomes a social lion, the author of a book on amazing faked travels and the champion of a girl who is pursued by an unscrupulous district attorney. The surprise climax must be seen to be appreciated.

MORALS AND ART TO BE CONSIDERED IN MAKING PICTURES

The largest motion picture producers and distributors in America have banded themselves together to enforce "the highest possible moral and artistic standards in motion-picture production" directly in the studios of the great producing centers. This marks the first big constructive step undertaken to enforce the program to which the Motion Picture Producers and Distributors of America formally dedicated itself at the time of its organization some months ago. This program is definitely stated in the Articles of Association as one designed "to foster the common interest of those engaged in the motion-picture industry in the United States, by establishing and maintaining the highest possible moral and artistic standards in motion picture production."

LAY MORE BRICKS BUT THROW FEWER

That is Advice of Movie Man to Capitalists Who Should Invest in Amusement

In an address before the Bond Club of New York at a luncheon held June 6, Will H. Hays stated that nothing has greater possibilities than the motion picture industry and that it must take the place its responsibilities deserve, managed economically and financed by owners of securities all over the country.

Mr. Hays reiterated his previous statement that unless people are properly entertained this country may go red, and stated that motion pictures are the sole amusement of 20,000,000 persons. He repeated his prediction that the greatest era of prosperity the world has seen is at hand and advised his hearers to lay more bricks and throw fewer.

Prosperous advertising means regular continuous advertising.

WEDDING LAST NIGHT IN ANGLICAN CHURCH

Miss Emily Perry Becomes the Bride of James Chisholm, Archdeacon Rix Officiating.

The wedding took place in St. Andrew's Anglican Church yesterday following the evening service of Miss Emily Perry and James Chisholm, Ven. Archdeacon G. A. Rix officiating. Miss A. Johnson and A. Duckworth attended the couple and there was a large attendance which included many of the hospital staff. The bride was formerly a member of the house-keeping staff at the hospital and the groom is an employee at the Canadian National shipyard.

Following the ceremony, Mr. and Mrs. Chisholm sailed on the Prince Rupert to spend a three weeks' honeymoon in Vancouver, Seattle and Portland after which they will return to the city to take up their residence on Fifth Avenue East near Hays Cove Circle.

GETTING READY FOR LACROSSE GAME FOR DOMINION DAY CARD

There was a lacrosse practice at the Acropolis Hill grounds yesterday afternoon after which the players got together and appointed Harry Lipsett and Ben Grossett captains of the two teams which are to compete in the first exhibition game ever to be played in the city and which is to be a feature of the Sons of Canada celebration on Dominion Day, next Saturday. There will be practice again on Wednesday and Thursday evenings and all players in the city old and young, are asked to turn out. The teams in Saturday's game will likely take the titles of Sons of Canada and Elks.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is not timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for pre-emption.

With joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation notices that 3 years and has made proportionate improvements, he may be cause of ill-health, or other cause, to grant an intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be made, provided applicant makes improvements to extent of \$50 per annum and records same each year.

Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained to less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding a Crown Grant may record another pre-emption, if he requires land in conjunction with his first, without actual occupation, provided statutory improvements made and residence maintained on Crown Grant land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads. Title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 500 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions of payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANT ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from 12 one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by holders on pre-emptions recorded after June 26, 1914. Taxes are remitted for five years.

Provision for return of money accrued due and been paid since August 1, 1914, on account of payments, fees and taxes on holders pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, who have acquired direct or indirect, remitted from installment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown Grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture and fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING. Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

LIVER TROUBLE

Bad Bilious Attacks

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS. They are purely vegetable, small, easy to take, work smoothly and gently, and there is nothing of the gripping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes:—I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

MILBURN'S LAXA-LIVER PILLS are 50c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

COCAINE IN INDIA IS STILL GRAVE PROBLEM

Great Deal of Smuggling Done There in Which Chinese and Japanese Take Part.

LONDON, June 26.—In spite of the greatest vigilance at Bombay and other Indian ports a large quantity of cocaine is smuggled into the country every year. Before the war foreign sailors were used as the intermediaries for carrying the cocaine packets emanating from a well-known German firm. During the war the Japanese were able to seize this, as well as other lines of a more legitimate nature, and much Japanese cocaine was smuggled into India, chiefly by Chinese and Japanese sailors.

Now the German drug, which is preferred on account of its strength and purity, has reappeared. From the ports cocaine finds its way up country to Delhi and other large towns, and almost every provincial Excise administration report for the last dozen years or more has testified to the growth of the cocaine habit in India.

Carried in Cages.

As a rule it is only the petty hawkers who are caught, though occasionally a big haul is made, as in Bombay in 1920, when 5,712 grains were seized in one raid.

The smugglers conceal the flat packets in books and parcels, and the hawkers of the drug display a similar ingenuity in getting it to their customers.

Not long ago an Indian constable aroused by the constant coming and going, in the Bombay Bazaar, of a man carrying a parcel in a cage. With that detective skill which distinguishes many Indians, he discovered that the cage had a false bottom in which cocaine was carried.

It is, of course, an extremely lucrative trade, for the retail price is always high, and during the war, when supplies were short, it is known that cocaine sold by the grain in Bombay rose to nearly 450 rupees (£30) an ounce. When prices like that are obtainable it is scarcely to be wondered at that the trade continues and that those engaged in it have organized a detective service of their own to watch the Excise and police officers and to raise the alarm when there is a likelihood of a raid.

The newspaper with the circulation is the real advertising medium.

Setting a High Mark

The Canadian Government sets a standard for evaporated milk, which is 7.8 butter fat test. You will find these figures printed on the label of each Pacific Milk can. It is the law. But please remember that this is only the minimum so far as Pacific Milk is concerned. As an actual matter of fact, every 100 pounds of Pacific Milk contains 43 pounds of cream. The richness of this good milk has made it the most popular brand in the whole of Western Canada.
