Welsh Miners May Refuse Dig Coal ELKS MAKE ELABORATE PREPARATIONS CELEBRATE FLAG DAY

Prevent Welsh Coal Coming to States During the Strike

CARDIFF, Aug. 2.—The first step toward preventing the export of South Wales coal to the United States where the miners are on strike, was taken here when the council of the South Wales Miners' Federation approved a resolution called on the International Miners' Union to prevent the export of coal to America during the strike.

The miners here have been unusually busy getting out coal for export to the United States. The demand for Rhondda Valley and other Welsh coal has increased by leaps and bounds, and as a result all the miners have been busy and the owners began to see the possibility of profits.

If the miners refuse to work coal for export to the U.S., conditions will become about as they were before the United States strike commenced.

RAPIDS PRINCE STILL ON ROCKS

Water Drowned When Returning to Vessel; Passengers All Off

MONTRÉAL, Aug. 2.—Charles Cook, lead writer on the vessel *Princess*, which has been aground on the rocks at Laehine since Sunday, was drowned while attempting to tow the vessel in a life-boat which overturned.

125 passengers who were on the ship when she struck, were taken off safely on Monday but the vessel is still fast on the rocks.

SOCKEYE RUN IS IMPROVING

Total Pack For Skeena up to the Week-end Was 49,000 Cases; Naas, 20,000 Cases

The sockeye salmon run on both the Skeena and Naas Rivers continues to show marked improvement.

The total sockeye pack for the season up to last Saturday night on the Skeena was 49,000 cases and on the Naas, 20,000 cases.

High boat on the Skeena Monday was over 400 fish, the average being 115.

COAL TAR SAID TO BE A CAUSE OF CANCER

Scientific Body Now Trying to Find Which of Component Parts Dangerous.

LONDON, Aug. 2.—Further research into the theory that coal tar is an active agent in the cause of cancer, has produced such results that the Imperial Cancer Research Fund has decided, according to its latest report, to devote the majority of its efforts to a thorough investigation of this clue.

That continued injections of coal tar or constant applications to the skin produce a tumorous growth has already been demonstrated to the satisfaction of experts and the task they are engaged on now is an effort to determine which one of the component parts of the tar acts as the destructive agent.

In addition to mice the doctors are experimenting with fish, because the increase of tarred roads has caused the absolute elimination of fish in those sections where the roads drain directly into streams.

CAR OF FISH TO ADVERTISE CITY

Will Be Sent to Winnipeg by Local Elks Lodge During Convention.

BOOSTER LITERATURE. Co-operation of Various Bodies Makes the Display Possible.

Through the energetic efforts of Lodge No. 16, which has been given generous support by various fish companies and other organizations of the city and district, Prince Rupert is to get some splendid advertising at the forthcoming Dominion convention of the Benevolent and Protective Order of Elks which will be held at Winnipeg on August 15, 16 and 17.

A carload of various kinds of fish, donated by local firms, is to be forwarded next week by express. It will be used at a special fish banquet in connection with the convention.

There will be distributed at the banquet and during the convention various advertising pamphlets in the form of souvenirs. The most novel of these is a paper souvenir, made in the shape of a fish to be attached to the button hole like a badge. Five thousand of these are to be sent. Printed on one side of the souvenir is the text: "Prince Rupert, B. C. Product. This fish it from Rupert, and we beg you all to enjoy it in Winnipeg. Promoted by Prince Rupert Lodge No. 16." On the other side: "Fish donated by Canadian Fish and Cold Storage Co. Ltd., Booth Fisheries Canadian Co. Ltd., Royal Fish Co., Strubbsall's Fisheries; Goose-Millard, Ltd.; J. H. Todd & Sons, Ltd., assisted by the Corporation of the City of Prince Rupert, the Board of Trade and merchants of Prince Rupert."

In addition there will be 1000 button-hole booster tags, 1000 of the Board of Trade's illustrated publicity slips and 1000 special cards issued by the Elks' lodge with the following reading matter printed on them:

Why I Believe and Live in Prince Rupert, B. C.

- 1—It has one of the finest harbors in the world.
- 2—It is 500 miles nearer the Orient than any city on the Pacific Coast.
- 3—It is the centre of the wealthiest mineral fields in the world.
- 4—It is shipping centre of one of the largest spruce belts in the world.
- 5—Last year 25,000,000 pounds of Fresh Halibut was shipped out of this port.
- 6—We have one of the finest two-way, modern equipped and up-to-date shipbuilding plants in the world.
- 7—Grain shipped from the prairie can be landed in the Orient two days ahead of grain shipped from any other port on the Pacific coast.
- 8—The mountain scenery on the G. T. P. north of Prince Rupert is the finest on the North American continent.

If you do not believe me ask Brother Bill from Prince Rupert Lodge.

WILLIAM WATTS GETS CONTRACT

Will Build Great War Veterans' New Building at a Cost of \$8,700.

William Watts was last night awarded the contract for the erection of the new reinforced concrete building for the Great War Veterans' Association. His tender for was \$8,700. There was one other bid from M. J. McNeill for \$10,300. The letting of the contract was ratified at a general meeting of the association. R. Sims presided and there was a large and enthusiastic gathering of over 100 members. Following the business, an impromptu concert was held. R. Sims, R. James, Harry Hayes, W. Hatwell and others sang. J. Webster accompanying. Refreshments were also served.

The building which the Association is putting up will fill the back 60 feet of the lot on Third Avenue. Twenty feet on the rear of the present building and the shed will be demolished to provide for it. The structure will be of concrete throughout with concrete piers and steel reinforcements. It will be 60 by 25 feet in dimension, two storeys in height, 26 feet from the ground floor to the roof. The front portion of the present building will be connected with it, providing premises for rent on the ground floor and the club room accommodation upstairs.

Construction will start at once and the specifications call for the building being ready for occupation by November 30.

Archbishop Du Vernet is to be the speaker at the Rotary Club luncheon tomorrow, his subject being "Public Speaking

IMMENSE SUM PUT INTO RAILWAYS BY PEOPLE OF CANADA

TORONTO, Aug. 2.—Canada has had a national railway system for nearly five years. During that period the government has made advances from the public treasury to that system as follows:

C. N.	\$213,393,833
G. T. P.	122,780,500
G. T.	\$1,309,213
Total	\$337,483,546

These figures omit all fixed charges on the Intercolonial, National Transcontinental, Prince Edward Island, Hudson Bay, Quebec Bridge, and 500 miles of branch lines which would add very materially to the total—fully \$200,000,000 by sound accounting. They also omit at least \$100,000,000 for the fiscal year 1922, which ended 31st March last.

This vast total followed upon more than two hundred millions advanced prior to 1918.

REPAYMENT OF ALL WAR DEBTS

Britain Sends Note to European Governments Regarding Matter.

LONDON, August 2.—The British Government cannot treat repayment of the Anglo-American loan as if it were an isolated incident in which only the United States and Great Britain has any concern, says a note addressed by the British Government to France, Italy, Jugoslavia, Roumania, Portugal and Greece. This note was sent in connection with a suggestion that for the good of Europe, Great Britain remit to European countries their indebtedness to Britain.

TWO KILLED IN AUTO ACCIDENT

Millionaire and Famous Golfer Meet Tragic End at San Jose

SAN FRANCISCO, Aug. 2.—Herbert Brown, millionaire, is dead and John Black, the famous professional golfer of Oakland, is dying, following an automobile accident near San Jose.

Black won the second place in the United States open gold championship with the most sensational play of the year.

WESTMINSTER WINS LACROSSE

Beats Vancouver by Score of Ten to Eight, Giving Them Four Game Lead

VANCOUVER, Aug. 2.—The New Westminster Salmonbellies defeated Vancouver Terminus by a score of ten to eight in a Minto Cup Lacrosse game, gaining a four game lead over Vancouver in the cup race.

POLYGAMY IS GONE IN UTAH

In Its Place Men and Women Are Married to Those Already Dead.

Murray E. King, a Mormon who left the church in his youth because he refused to go on a proselytizing mission and afterwards became an official of the Utah Federation of Labor, an organization to which the church is bitterly opposed, writing in the Nation says that in Utah open plural marriages do not exist, and that secret plural marriages have not been discovered for the last ten years. The remnant of polygamy which does exist is that "old men quietly cling to their former wives and support them."

Polygamy has given way to "celestial marriages." As, according to the Mormon religion, "celestial glory" can only be obtained after death through plural marriage, men now have dead women and women have dead men "sealed" to them as their celestial spouses. It is a makeshift devised, after the loss of real polygamy, in order that the celestial rewards promised by Mormonism might not be lost.

Slowly Losing Ground.

One looks earnestly in Mr. King's article for signs that such a system, which could appeal only to minds both weak and primitively materialistic, is losing ground. He has no doubt that slowly but surely, it is. More than three-quarters of the people of Utah are Mormons. The organization is strongest in the widely scattered and self-contained farming communities which are least sensitive to the influences of the "gentile" world.

The Mormon Church takes enormous pains to maintain its grip over its followers; it must, of course, do so, being one of the chief instances in the world of an absolutist, authoritarian system. It has the most complete form of religious education in the United States; every male follower over twelve years is required to join the priesthood; it organizes itself politically; it is a large employer of labor, and does not tolerate trade unions; it takes from every follower a tenth of his gross income for its support; and by its financial power "threatens the whole State with a form of dominance intolerable to contemplate."

CITY RAILWAY MEN ON STRIKE

Chicago forced to find improved Means of Transportation For Three Million People.

CHICAGO, Aug. 2.—Another big railway strike has started in Chicago. This time it is the employees of the city transportation systems. Twenty thousand motormen, conductors, and guards on both surface and underground lines went on strike at 4 o'clock yesterday morning affecting the greater part of the working portion of Chicago. Three million people were forced to seek improvised transportation yesterday.

IS BRINGING PAPER HERE FOR WINNIPEG

The G. T. P. steamer *Prince George* from Vancouver is late today and will not be in until 4 o'clock, city time, this afternoon. The delay is caused on account of the loading at Ocean Falls of 100 tons of paper which is to be shipped from here to Winnipeg.

Preparations Being Made For Children's Flag Day Wednesday of Next Week

Great preparations by the Elks for the fitting celebration of Flag Day, next Wednesday, are rapidly being perfected and an ambitious program has been planned for the day which will be essentially for the children. Merry-go-round rides, ice cream, sandwiches, pop, peanuts, balloons and flags will all be supplied free of charge.

The afternoon's fun will commence with a parade of clowns and the band. On the evening before there will be a night-shirt parade and the big smoker.

The program includes the following events:

- Boys' Race, 5 years and under. Three prizes.
- Girls' Race, 5 years and under. Three prizes.
- Boys' Race, 6 to 7 years of age. Three prizes.
- Girls' Race, 6 to 7 years of age. Three prizes.
- Boys' Race, 7 to 9 years of age. Three prizes.
- Girls' Race, 7 to 9 years of age. Three prizes.
- Boys' Race, 9 to 11 years of age. Three prizes.
- Girls' Race, 9 to 11 years of age. Three prizes.
- Boys' Race, 11 to 13 years of age. Three prizes.
- Girls' Race, 11 to 13 years of age. Three prizes.
- Boys' Race, 13 to 15 years of age. Three prizes.
- Girls' Race, 13 to 15 years of age. Three prizes.
- Boys, 15 and under, Biscuit Eating Contest. Three prizes.
- Boys and Girls, 15 and under, Potato Race. Three prizes.
- Girls, 15 and under, Eggs and Spoon Race. Three prizes.
- Boys, 15 and under, Sack Race. Three prizes.
- Girls, 10 and under, Skipping Contest. Three prizes.
- Girls, 10 to 15, Skipping Contest, three prizes.
- Boys, 15 and under, Three-Legged Race. Three prizes.
- Boys' Handicap Bicycle Race. Two prizes.
- Girls, 15 and under, Thread and Needle Race. Three prizes.
- Boys' Junior Baseball Relay Race. Two prizes.
- Boys, Throwing the Baseball Contest. Three prizes.
- Boys, Running Bases Contest. Three prizes.
- Junior Baseball Game.
- Scotch Dancing Contest for Girls under 15.

INDIANS WIN FISHERY CASE

Companies Warned Against Infringing Rights of Natives

FORT WILLIAM, Aug. 2.—An act dated 1864 was invoked in the police court today when the owner of a tug and nets seized in Thunder Bay was charged with infringement of the law giving exclusive rights to Indians to fish off Indian Island.

The nets were returned to the owner on payment of a fine and a warning was issued to all commercial companies to respect the Indian rights.

PILGRIMS LOSE LIVES ON TRAIN

Collision Results in Death of 40 on Way to Lourdes Grotto.

PARIS, Aug. 2.—Forty persons were killed and fifty injured in a collision between two trains, one of which contained pilgrims on their way to the grotto of Our Lady of Lourdes seeking healing.

The famous grotto attracts thousands every year.

FISH ARRIVALS

Nine Boats Arrived at Fish Exchange This Morning and Disposed of their Catches.

Following were the fish arrivals and sales at the Exchange this morning:

Canadian Fish and Cold Storage Co.—Pelican, 12,000 pounds, at 7.8c and 5.5c; Washington, 18,000 pounds, at 7.1c and 4c.

Pacific Fisheries—Vesta, 12,000 pounds, at 7.7c and 5.5c. Volunteer, 14,000 pounds, at 7.2c and 4c; Happy, 13,000 pounds, at 7.3c and 5c.

Allin Fisheries—Teddy J., 14,000 pounds, at 7.3c and 4c; Maude, 5,000 pounds, at 8c and 5c.

Senator, 21,000 pounds, sold to the Allin Fisheries for Ketchikan delivery at 7c and 4c.

Eagle, Capt. Selig, arrived just before noon with a load of American trap salmon, sockeye and pinks, which he will sell to the canneries.

NOTICE

An examination for Licensed Sealers will be held by the Forest Branch at Ocean Falls at 9 a.m. on August 7, and at Prince Rupert at 9 a.m. on August 11 and 12. For further particulars apply Forest Branch, Third Avenue, Prince Rupert, B.C.

DAILY EDITION

Wednesday, August 2, 1929

Bad News Regarding Fire Situation.

Prince Rupert people will be sorry to hear of the losses from fire at various interior points of British Columbia. Everywhere throughout the province fires are raging with greater or less intensity.

Alice Arm Will Yet Come Back.

Alice Arm as a mining camp will yet come back. That is the opinion of mining men who know the district and who are satisfied that the properties there will yield good returns for work done or money invested.

Both Alaska and British Columbia.

Alaska and Northern British Columbia are very similar in their natural wealth and in each prospect are equally good. Visitors to Alaska recently have been enthusiastic over the prospects of that territory and there are others just as enthusiastic of the future prosperity of northern British Columbia.

Advertising Alaska, Not British Columbia.

There is a regular steamship line running to Alaska and throughout the United States and Canada the tourist route is advertised. British Columbia has not yet been brought as forcibly before the public of the United States and hence the travel is not as great.

Professor Bracken Premier Of Manitoba.

Professor Bracken, the new premier of Manitoba is the youngest premier in Canada, he being 39 years of age. He is not a politician and never has been.

It will be remembered that Dr. S. F. Tolmie was chosen by the Unionists of Victoria during the war because he had never been in politics before. He has turned out to be a Conservative although at the time he was chosen it was hinted that he was more inclined to Liberalism than Conservatism.

Professor Bracken may bring good government to Manitoba. If he does he will get the support of many Liberals, for good government is what the people need, no matter under what party name it is administered.

The Man in the Moon SAYS-

PLENTY of people seem to be looking for trouble and yet when you try to get rid of some there are no takers.

ABOUT the most foolish thing in the world is to see a man wearing a heavy coat and vest on a hot summer's day. And yet nearly all do it.

THE man who does not know when to go home during pre-marriage days is the same man who after marriage never knows when to come home.

WHERE are all the little boys who hated to wash and are reported to have shunned water as the plague.

SOME of these silly flappers nearly die laughing at the fool-hardy men and the way they dress and act.

MEN invent a wireless telephone to relieve women of the trouble of talking but they never think of inventing washbasins to relieve women of the need of working.

TOPLEY has achieved immortality. Before it was burned out nobody knew it was there.

A DESPATCH from Atlanta, Georgia, says that legislation is being put through the legislature to make husbands tell their wives the truth. It would take more than legislation to make them do it here.

A NASTY Winnipeg humorist says that in British Columbia an astronomer discovered two stars and in Quebec a rattlesnake was seen.

In some cases workmen belong to the union and in others the union belongs to the workmen. There is a difference.

A NOISELESS typewriter is one who chews gum with the muffer on.

AFTER loading on the job for a year or so, the Prince Rupert road builders are at last building roads.

HAPPILY for them the season is most accommodating. I have known summers when—but who cares? Nobody worries here.

THE British House of Commons has endorsed the principle of lifting the embargo on Canadian cattle. Now they say they have no time to put it into practice this year.

I KNEW an employer who was in favor of the principle of every working man owning his own home and an automobile and a family and a cat and a dog and a wife and a cow and a little farm but when it came to paying wages he suggested a dollar and a half a day.

AMUNDSEN has given up the idea of trying to fly over the north pole and I know a man that set out to make a million dollars and he gave it up after he had made 75c.

A REPORT came through of a man having a fight with an eagle and another about a man engaging in shadow boxing.

Ten Years Ago in Prince Rupert

August 2, 1912.

Roses and Callies played to a draw in the third football game of the season last night. The teams are tied in the league, each having a win, a loss and a draw.

Prince Rupert pastors are preparing to answer the question of the International Bible Students' Association as to the actual existence of Hell.

F. S. Wright, a well known land cruiser and mining man, arrived last night from Hazelton. He has recently been in the Ground Hog country.

Newspaper advertising reaches out throughout the community and tells those who want to buy about the things you have to sell. Newspaper advertising, with a guaranteed circulation, is a necessity in modern business. If

PRINCE GEORGE

The Prince George Fall Fair will be held this year in the old school building on Seventh Avenue.

The Foreman Lumber Co., operated by Martin Gline, has been shut down on account of the low state of the creeks. It was decided to be too great a risk to operate with fire protection so meager.

Samuel Evanson, the pioneer cobbler, has left for Chicago. He will meet his son there and will then go to California to settle. Walter Anderson has bought the equipment of his shop.

Forty gallons of alleged home brew was seized in a raid at the Nehring Hotel last week. Nehring appears in police court this week to answer to a charge under the B. C. Liquor Act.

Terry and Jack Johnson are leaving this week for a trip into the Peace River country.

John D. Galloway, resident mining engineer, returned last week from the Cedar Creek country and is spending a few days here before returning to Hazelton.

Ballasting of the railway line between here and McBride is proceeding. When the work on the eastern end is completed the crews will move west.

Mrs. C. W. Whittaker, of Vancouver, is here visiting her father, J. G. Shearer.

VANDERHOOF

The Vanderhoof Board of Trade has endorsed the move of the provincial forestry department in impressing upon the Canadian National Railway Co. the desirability of cutting as many ties as possible this winter on account of the great amount of timber that has become killed this summer.

The first tennis tournament ever held in the Nechako Valley took place last Thursday afternoon and evening on the Vanderhoof courts. Vanderhoof players defeated members of the Ellsby club.

Miss M. B. Kenzel, of Penticton, and Miss Nell Russell, of Vancouver, are visiting at Stuart Lake with Mr. and Mrs. W. Fraser.

The public works department is having three double-ended row boats built here by Olney Reid for the use of the ferries at Hulait, Fort Fraser and Engen.

HAZELTON

In spite of the lack of rain which has characterized the summer, crop conditions in this district are good. The hay is fair while the oat crop is coming in very satisfactorily. Gardent crops are also standing up well. Excellent reports are received from the Kispix valley.

Miss Olive Munro, of Prince Rupert, who was visiting here with Miss Jean Burns, left last week to join her mother, Mrs.

George B. Munro, who is camping at Cedarvale.

Miss Constance Goddard left on Monday for Smithers to receive in the Union Bank while members of the staff there are having holidays.

Joseph Hicks, of the government telegraph service, has gone to Manitoba on his holidays.

F. Jaynes, of Nahaimo, visited Mr. and Mrs. W. W. Anderson at the first of the week and went to Telkwa. He is interested in real properties in the district.

ALICE ARM

John Stork has taken on the job as watchman at the Dolly Varden mine.

Dick Manning, who was formerly assayer at the Dolly Varden mine, leaves for Anyox this week, where he has taken a position at the mine.

The Dominion Geological Survey have finished their work in the Alice Arm district for the season. They leave for the Terrace country Monday, where they will work toward the Naas Valley.

Mrs. Dryden, of Anyox, is spending a fortnight in town as the guest of Mrs. G. A. Young.

Norman McLeod, who has been doing assessment work on his claims here for the past month, returned to Anyox Sunday.

Murdoch McLeod, who had his leg broken at the Esperanza mine early in the year, returned from the Anyox Hospital Sunday.

Mrs. Dave Rawley sailed by Thursday's boat on a vacation to Vancouver and Seattle.

BUOY NEAR LOCKPORT.

The Department of Marine advises mariners that a black spar buoy has been established off Amur Rocks in Darwin Sound near Lockport, Moresby Island, Queen Charlotte Islands, B. C. The buoy is placed approximately 250 feet North of Amur Rocks in 12 fathoms of water.

W. S. Featherstonhaugh, C. N. R. divisional engineer, leaves on tonight's train for Edison.

R. L. Forse, of Shawatlan Lake sails this afternoon for Vancouver on the Princess Louise.

Steamer Prince Albert, Capt. Neil McLean, will be in towards the end of the week with general cargo from Vancouver.

Mrs. F. Dibb and child sail this afternoon or tomorrow for Vancouver where six weeks or two months will be spent holidaying.

The G. P. R. steamer Princess Louise, southbound for Vancouver from southeastern Alaska ports, is due here at 5:15 (city time). She will sail at 7 o'clock.

Owing to the continued fires along the railroad track the telegraph wires have been down a good deal of the time for the past several days. At the time of going to press, the Canadian National system was working but the other down.

ARABS ARE PLEASED AT HOUSE OF LORDS BUT ZIONISTS OBJECT

JERUSALEM, Aug. 1.—The inhabitants of Palestine, both Moslem and Christian, are immeasurably pleased that the British House of Lords recently passed a motion disapproving the Balfour declaration of 1917. The native press is jubilant; many pan-Arab demonstrations have been held, and the local cable office has been swamped with congratulatory messages from Arabs to the House of Lords.

The Balfour declaration pledged the erection of a Jewish homeland in Palestine. The resolution opposing it, which was passed by a vote of 60 to 29, set forth that "the mandate for Palestine in its present form is unacceptable to this House, because it directly violates the pledges made by His Majesty's government to the people of Palestine in the declaration of November, 1918, and is as present framed opposed to the sentiments and wishes of the great majority of the people of Palestine, that, therefore, its acceptance by the Council of the League of Nations should be postponed until such modifications have been effected therein as will comply with pledges given by His Majesty's government."

The Arabs regard this incident as a great victory. "It is the bounden duty," says an Arab call to a demonstration of celebration, "of all of us to set forth our gratitude to the House of Lords for having proved to the world that God and justice still live in Great Britain."

The Zionists are correspondingly disappointed. They have cable-d strong protests to London. The chairman of the Zionist organization here said to the Associated Press: "All our hopes have been shattered on the rocks of political expediency. If the House of Commons follows the lead of the House of Lords, then Jews of the world will have been dealt a more staggering blow than that administered by the Emperor Hadrian 1800 years ago, when his persecutions brought about the last dispersion of the Jewish race."

SOUNDS REASONABLE.

Indian Exchange—Aaron Collins was hurt Saturday when a tree fell on him. The tree was about eight inches in diameter and it is probable that his injuries would have been more serious had the tree been larger.

SO COMFORTING.

Hub—My doctor says that if I keep on working at this pace I shall be a wreck at forty-five. Wife—Never mind, dear, by that time we shall be able to afford it.—Boston Transcript.

CATHOLIC UKRAINIANS PROTEST TO POPE AT ACTION OF GALICIANS

WINNIPEG, Aug. 2.—To protest against the alleged oppression of the Catholic Ukrainians by their Polish co-religionists in Galicia, Winnipeg Ukrainians will send a delegation to Pope XI. at Rome in the near future.

The matter was discussed at several meetings held by the members of the Greek Catholic Church recently, when it was decided a committee should be sent to interview the head of the church. It was also agreed \$20,000 should be raised, part of which should go as "Peter's pence," and the remainder to pay the expenses of the delegation.

As a preliminary to the mission to Rome, however, it was decided a formal protest against the action of the Poles should be lodged with Archbishop Sinnott, head of the Catholic archdiocese of Winnipeg. It is stated that complaints will be made against the action of French and Belgian Catholics in Canada.

Dr. Alexander Sushka has been engaged by the committee in charge of the arrangements to prepare the memorial to be presented to the pope.

EXAMINATION ODDITIES

Peculiar Answers Given to Questions by School Pupils

YORKTON, Sask. Aug. 2.—"The most important breeds of cattle are Holsteins and Phillistines," was one of the many strange and weird answers turned in during a recent examination of Grade VIII pupils held here. Another pupil had a grand idea of the grating of the franchise to women by declaring: "The greatest reform of the 19th century is women's vote, if they know how to use them." Confusion the subject of naval and land battles resulted in this one: "At Vimy Ridge the navy did great fighting."

The following are some more of the peculiar answers that the inspectors had to deal with:

If you have adenoids rub them with goose oil and lie a rag around them.

Sir Walter Scott was a member of parliament in the South Sea Bubble.

John Wesley brought about the slave trade.

George Stephenson invented engines to save boot leather.

The religion of India is black and Malay.

Captain Cook led the half breeds during the Saskatchewan rebellion.

John Wesley invented the Catholic religion.

The Irish settlement is that there is civil war in Ireland.

Sir Walter Scott was with the "Armada." He was a great sailor.

John Wesley brought the tobacco plant to England.

The chief cities of India are St. Helena, Hong Kong and Glasgow.

NOTICE.

A Mass Meeting of the supporters of the Liberal Conservative and the National Liberal and Conservative parties will be held in the McIntyre Hall, Third Avenue, on Friday, August 4, 1922, at 8 p.m. for the purpose of electing delegates to attend the convention to be held in Vancouver on Aug. 21 to 23. All supporters please attend.

TOURING CONTINENT FOR THREE YEARS

Man and Wife Have Found One Ton Truck Most Convenient Vehicle

WINNIPEG, Man., Aug. 2. — (By Canadian Press). — On his second visit to Canada, the first trip being into British Columbia, G. C. Masters, of Fort Worth, Texas, who has been motor-touring continually for more than seven years, was a recent visitor in this city. He is a pioneer in this branch of touring, having started out in 1914 to see as much of the American continent as possible and adopted the only means for such an expedition—an automobile. Since that time Mr. Masters wore out three cars and for his fourth vehicle is using a one ton truck.

In the course of his travels by automobile, Mr. Masters, who has been accompanied by his wife on all the journeys, has lived all the time in the open. They have camped where night overtook them and went into the highways and byways, where visitors were few and far between, as well as along the beaten track of travel. For several years they carried a tent and camping necessities in the back of their car, but two years ago they decided that the problem of making and breaking camp at times, presented many difficulties. Mr. Masters then acquired a one-ton truck on which he had constructed a moveable home and in this now moves where he will.

Explored Dakota

This summer he explored the Black Hills of Dakota, taking four days to go 450 miles in order to take the shortest route to North Portal and across the border into Canada. A flexible itinerary until the fall of 1924 will keep the travellers from their home town until that time. They will journey southward from Winnipeg, visiting St. Paul and Minneapolis and will then cross into Wisconsin. They expect to spend the winter in Florida and in spring plan to come north up the Atlantic coast to Niagara or Windsor, cross into Canada and tour Ontario, Quebec and the Maritime Provinces.

Lack of information regarding the highways leading into Canada are responsible for keeping many motor tourists from coming this far north, according to Mr. Masters. "Down in the southern states there are many motorists who make a tour every year who would like to visit Canada, but they are unable to get the necessary information. It is only from information obtained from travellers or the advance guard of tourists that this information is obtainable or you would have a greater number of visitors from down Texas way," he said.

TWO HUNDRED HOUSES GOING UP IN WINNIPEG FINANCED BY THE CITY

WINNIPEG, Aug. 2.—This city making loans to people who wish to erect houses for themselves and already no less than 200 of these are under construction. In addition nearly twenty loans have been granted, work under which has not yet commenced.

The civic loans have tended to increase the amount of building done this year and also has insured that many wage earners, who otherwise could not own their own places, have been released from having to pay rent for which they get no return.

Persistent advertising is absolutely necessary to success.

OIL INDUSTRY IN BRITAIN

Great Refinery Being Erected Near Swansea to Supply Third of Need.

LONDON, Aug. 2.—The great refinery of the Anglo-Persian Oil Company of Llandarey, near Swansea, in Wales, which was formally opened by Stanley Baldwin, president of the Board of Trade, will be able to supply at least one third of the total consumption of this country when in full operation, it is stated. The daily production of petrol is at present 450 tons, approximately 150,000 gallons.

Though for some years oil refining has been carried on to a limited extent in Great Britain with Scottish shale, this event marks the beginning of a new industry, on which three years of continuous work and some £3,000,000 have already been expended. It has a direct interest to the British taxpayer, as two thirds of the ordinary shares of the company are held in this country.

Crude Oil Imported.

The enterprise is an innovation in the oil industry in that the crude oil, instead of being refined at or near the oil fields from which it is obtained, is separated into petrol, kerosene, lubricating oils and other marketable products, 6,000 miles distant from its source. At present the treatment of crude oil is 2,000 tons daily, but it will shortly be increased to 3,000 tons, or roughly a million tons yearly. The area of the refinery in all amounts to 650 acres, and includes a model village with over a hundred houses for the employees and a residential area for the staff.

At the opening ceremony Sir Charles Greenway, chairman of the company, said that they were so well satisfied with the results of their work that they had already decided to increase the capacity of the refinery by fifty per cent, and had work in hand for similar plants in Scotland, France and Australia. The Anglo-Persian Company, Sir Charles said, gave direct employment in this country to 20,000 people, and indirectly to between 60,000 and 80,000.

MANITOBA TELEPHONE DEFICIT DECREASING

WINNIPEG, Aug. 1.—June operation of the Manitoba government telephone system netted a balance surplus of \$4,958.44, as compared with the deficit of \$62,582.62 for the corresponding month last year, according to the report submitted to Hon. Robert Jacob, provincial minister of telephones, by J. E. Lowry, commissioner. The deficit for the seven months' operation to date was reduced to \$9,373.48, as against \$434,728.69 for the similar period last year.

During the month, continued the report, a very severe storm was experienced, this damaging the lines considerably at some points, principally at Portage la Prairie. The damaged lines affected the revenue to some extent for the month. Repairs, however, had been made, and all lines were back in service some time ago.

FORMER JOURNALIST WELL KNOWN HERE

Mrs. Everard Cotes Wrote a Number of Books—Was Here Several Months.

Sara Jeanette Duncan, better known to Prince Rupert people as Mrs. Everard Cotes, who died recently in England, was a journalist and novelist of repute. She spent some months in Prince Rupert and while here her husband was appointed special correspondent for Reuter's news agency to travel with the Prince of Wales both in this country and in Australia.

While her husband was away Mrs. Cotes went to Sand Spit near Skidegate where she spent several weeks and wrote a most interesting sketch of the place for this paper. She then went to Ontario to spend some time at her old home, going from there to England.

Literary Career.

Speaking of Mrs. Cotes the Montreal Star says in part: "She served on the editorial staff, successively, of the Washington Post, the Toronto Globe and the Toronto Weekly. She then became attached to the editorial staff of the Montreal Daily Star, and attracted much attention by a series of special articles on the work of Parliament, and the social life of Ottawa. This series was followed by another in the pages of the Star which included the letters on Japan and the East, afterwards re-written for 'A Social Departure.' In her early days in journalism she wrote under the nom de plume of Sarah Grafton.

"A Social Departure" achieved great success when it appeared in 1890. While in India Miss Duncan met Everard Cotes, M. A., himself a noted writer and journalist, and their marriage took place in 1891. "A Social Departure" was followed by many successful books including "An American Girl in London"; "The Simple Adventures of a Memsahib"; "Vernon's Aunt"; "The Story of Sonny Sahib"; "A Voyage of Consolation"; "The Path of a Star"; "On the Other Side of the Latch"; "Those Delightful Americans"; "The Pool in the Desert"; "The Imperialist"; "Set in Authority"; "Cinderella of Canada"; "The Bureaucrat"; "The Consort"; "Mary Pageter"; "Saunterings"; and "His Royal Happiness."

In India. Mrs. Cotes spent many years in India and acquired an intimate knowledge of the complex life of the great dependency. In her writings she showed vivacity, wit, humor, brilliancy and a delightful naturalness with the happy knack of hitting off a character in a few vivid strokes. "The Genius of Jane Austen," said one critic, "is manifested in her power to reflect for us in

GIANT METEOR FELL INTO SASKATCHEWAN LAKE AND EXPLODED

SASKATOON, Aug. 2.—With an explosion that shook the district for 20 miles around, a giant meteor plunged from the sky into Big Quill Lake near Wynyard, Sask., east of here, according to a special despatch.

The fire-ball, seen by many in the district, dropped from a clear sky and clouds of steam arose from the lake for some time after it had sunk in the water. The shock of the explosion was felt in Wynyard, where houses trembled.

Between midnight and one o'clock this morning another meteor was seen descending to the east of Saskatoon. It was visible in the city, but no reports have been received regarding where it landed.

Further meteoric disturbances were reported from Vasecoy, Sask., southwest of the city. Vasecoy residents heard five or six loud explosions and the earth between Vasecoy and Pike Lake was shaken. Several people declared they had seen a meteor falling.

"MANY A TRUE WORD—"

"Colonel Glubb is a candidate for Mayor," said the landlord of the Peunia tavern.

"Let's see!" returned Beena. "He holds that office now, doesn't he?"

"Eh-yah! He is the present incumbent."—Kansas City Star.

"To Taste is to Believe"

URGE CONSTRUCTION OF ROAD TO JASPER

Edmonton Automobile Association Not Bashful About Asking for What it Wants.

EDMONTON, Aug. 2.—The Edmonton Automobile and Good Roads Association prepared and forwarded to Hon. W. L. MacKenzie King, Prime Minister of Canada, a petition asking the government to take into immediate consideration the construction of the highway connecting Edmonton and Vancouver through Jasper Park. A similar petition has been forwarded to Premier Greenfield, both pointing out the immense value such a national road would be to the country.

Among the arguments advanced in favor of the petition being granted the association mentions the following: "That with such connection made there would be immediately available several splendid scenic circular tours, through the Canadian Rockies, which would bring thousands of Canadians and American tourists into western Canada with a resulting revenue which could be used to splendid advantage by the western provinces.

"That the publicity derived from such a highway to the splendid possibilities of Alberta would be of inestimable value.

"That such a highway would complete a one hundred and eighty-nine mile link in the Edmonton-Prince Rupert road which points north, eventually to be connected with the Peace River country to be properly developed.

"That the opening of such a highway now would give employment to many returned soldiers and other Alberta citizens who are out of work, and give them an opportunity of putting by enough to help them through the coming winter.

"That this Association is of the opinion that the Jasper Highway should be completed in its entirety in 1922, so that it will be available for traffic when the tourist season of 1923 opens.

FISH STORY DE LUXE

The Very Latest From The North Concerns Harnessing of Sturgeon

SASKATOON, Aug. 2.—This is a fish story with a Scottish accent. It comes from the North Country, and, although its veracity is not contested, it is not corroborated. Sturgeon were actually driven

to market this year, and at the same time furnished the movie power for the fisherman who drove them.

At the sturgeon fishing grounds, the mouth of the Torch River, which empties into the Saskatchewan, the practice of the fishers after catching sturgeon is to hook through the gills by short lines attached to a longer line, and put them back into the water until a small steamer visits the grounds.

The fish are then taken from the water, killed, dressed and iced, and taken by the steamer to Cumberland House, where a larger steamer takes them to The Pas.

An accident to the boat this season found the fishers with large strings of fish on hand. They commenced to die. Quick action was necessary. Dougal MacKenzie, who had about 26 sturgeon weighing from 50 to 90 pounds each, conceived the idea of hitching the fish to the bow of his canoe, and have them pulled into Cumberland House. The 26 fish were attached to two lines, one on each side of the canoe, and MacKenzie started for Cumberland.

"PENROD" TONIGHT AT WESTHOLME THEATRE

Famous Boy Stories to be Shown On Screen First Time Here

"Penrod" is the film adaptation of Booth Tarkington's inimitable boyhood creations and the presentation at the Westholme Theatre marks the first screen appearance of Penrod in one complete film. The picture furnishes a vivid reminder of boyhood days with its opening scenes taken in headquarters in a cave dug into Boys' Protective Association.

This is a secret society of which Penrod is the charter member and president. It has its headquarters in a cave dug into the ground and enlarged to provide kneeling room for the thirty disciples of the freedom of American boys. The organization has "mishashions," "symbols," "grips" and the typical black crossed bones of all secret societies and pirates.

Frowned upon by the more sedate elders of the rural city the American Boys' Protective Association undergoes one of the queer twists of plot that makes the elders thankful for its existence.

Freckles Barry has the title role, having been selected for it as the ideal Penrod after numerous consultations between Booth Tarkington and Mr. Neilan.

GROTTO BEAT GIL'S AGAIN

Intermediate League Fixture Last Night Resulted in Score of 8 to 6—Good Game

Last night's Intermediate League baseball game between the Grotto and Gil's, won by the former by a score of 8 to 6, was one of the very best games of the season. Both teams appeared to be very evenly matched and neither had any great advantage. In fact, interest was keen right up till the very end of the game. There was a fair crowd of fans on hand to watch it.

The box of chocolates, offered by Scotty Waugh for the first player making a home run, was won by George Hill, the Grotto catcher, who circled the bases in the fifth with two runners in front of him following a long hit to right field. He just beat the ball to the home plate. This tied the score up 5 to 5.

Two players saw stars in the course of the evening, but they soon recovered and were able to carry on. Benny McDaniel, Gil's second baseman, was temporarily knocked out by Vic Maxwell who was running bases. Hamilton was struck in the head by A. Roy, the pitcher for Gil's, and took his ease when he recovered.

J. McAlonan was umpire of balls and strikes and Jack Ratchford, bases.

Lineups and Scoring
The teams lined up as follows:
Grotto—B. Barrie, 2b; S. Butters, cf; A. Roy, p; G. Hill, c; R. Gilmour, ss; V. Maxwell, 3b; S. Handenschild, 1b; E. Clapp, 1b; E. Warren, p; J. Ross, rf; S. Jacobs, lf; J. Kelly, th.

Gil's—L. Sherman, p; W. Hamilton, c; S. Bazzetti-Jones, 1b; B. McDaniel, 2b; W. Mitchell, ss; J. Mitchell, 3b; R. Smith, lf; W. Martin, cf; W. Lambie, rf.

Score by innings—
1 2 3 4 5 6 7 8 9
Grotto .. 1 0 1 0 3 0 0 3 0—8
Gil's 3 0 1 1 0 1 0 0 0—6

FOOTBALL FIXTURES FOR MONTH ARE SET

First Half of Stuart Shield Series and First Round for Gilhuly Cup

The following football fixtures for the month were arranged at the meeting of the Football Association last night:

Stuart Shield
August 3—Sons of England vs. Sons of Canada; George Russell, referee.

August 8—Grotto vs. Sons of England; Dave Gay, referee.

August 11—Sons of Canada vs. Callies; W. H. Waldorf, referee.

August 14—Sons of Canada vs. Grotto; George Russell, referee.

August 17—Callies vs. Sons of England; Dave Gay, referee.

Gilhuly Cup.
August 22—Callies vs. Sons of Canada.

August 25—Grotto vs. Sons of England.

Replays, if necessary, will take place on August 28 and August 31.

The games set out comprise

the first half of the Stuart Shield benefit series. The Gilhuly Cup games are those of the first round. Following the latter series, the second half of the former will be resumed early in September.

FURTHER QUESTIONS BY ALDERMAN PERRY

Answered by City Clerk But Not Read at Monday's Council Meeting.

In addition to the other questions asked by Ald. Perry on Monday night, were the following, answers for which were prepared by the city clerk but reading of which was not made on request of Ald. Perry:

Why does His Worship the Mayor repeatedly absent himself from the Public Utilities Committee regular meetings, when he is aware that important public issues are being dealt with and business transacted? Could not the meetings of the Committee of the Board of Public Works be held on another evening than that on which the Utilities Committee Meets.

My reason for asking this question is that the Mayor has utterly failed to aid in any discussion of the important issues which now exist between the Finance and Utilities Committees concerning the grab of Utilities surpluses which he seems to want to perpetuate. If this is not so, why does he not have the issue between the Committees whose policies are diametrically opposed, discussed and settled by the Council?

The issue referred to has been settled from year to year by the various Councils adopting the annual reports of the auditor.

How are the dead raised? The questioner some years ago was a preacher of the Gospel and should be familiar with problems of the kind covered by his question, but as he apparently is not, I would respectfully inform him that so far as my knowledge goes no dead have been raised for the last 1922 years. Not being on earth at the time set out, I am consequently unable to explain to him the method used at that time, but might refer him to the historical records to be found in the Book of Books.

Sport Chat

Four times already this season the Elks have tried to beat the Sons of Canada at lacrosse. Tonight they will make their fifth attempt when the two teams meet in the third game of the season's series in the competition for the Fred Stork Cup. If they are successful on this occasion, both teams will have a good chance for the trophy out of the eight game schedule. On the other hand, if the Sons win they will have a pretty good hold on the championship for the first year. Despite recent reverses, the Elks are still far from giving up hope and a lively contest may be expected. The game is steadily gaining in popularity.

Several days ago the Elks' Flag Day committee sent a wire to Anxoy accepting the terms to pay a baseball team from that town \$250 expense money to come here. No further word was received from Anxoy to definitely confirm the arrangements so another telegram was despatched last night. Until an answer to this is received arrangements for the smoker and inter-town baseball game are held up. There has been some talk of matching Ad. Gustavo, the wrestler who is visiting the city with some man from Anxoy for the smoker. George Corke has been mentioned as an opponent but nothing definite has been settled yet, of course.

By 74 votes to 47 the London County Council has approved of Sunday games in the parks, says the Manchester Guardian. The figures are handsome and conclusive evidence of the change that has undoubtedly been made in our general attitude towards Sunday observance. It is long enough since any intelligent person ventured to see a connection between sin and healthy exercise on the first day of the week, and the real question nowadays is whether as many people as possible shall be allowed to use their own judgment as to what constitutes "a day of rest." The London County Council is in favor of enlarging their number and making the choice no longer dependent on an income that will stretch to

golf clubs, tennis parties, or motor runs. The decision counts as a considerable success for the cause of individual liberty, and the voting should be a valuable lead to other large cities.

GERMAN MARKS ARE UNCERTAIN

Possibility That They May Become Absolutely Valueless in Near Future

The Financial Post issues a warning to small investors in regard to the German mark gamble. It says:

"Those who consider German marks a good gamble at the present time might consider for a moment the fact that the Germans themselves do not think so. The great German industrial and financial corporations are fast building up huge deposits in British, French and American banks. They are making enormous profits, chiefly due to the wild inflation now current in Germany and to the additional fact that the large industrial companies in that country are escaping taxation scandalously. And as fast as they can convert these profits into cash they are buying foreign exchange expecting at any time an internal collapse that may wipe out the value of the mark.

"Germany's bubble is nearing the breaking point. Whether or not the internal collapse which seems inevitable will affect Germany's external financial position cannot be judged owing to the lack of reliable information. But the German industrial barons care naught what happens. The mark may disappear without causing them serious loss. Their fixed assets in the shape of factories and machinery and natural resources will remain. Their liquid assets will be safely stored away in Lombard Street or Wall Street vaults. The thousands of small investors in Canada and the United States who are taking flyers in marks are working hard for these German firms. They send their money to Germany and in doing so make it easy for Germans to send their money abroad

for deposit. Fair exchange is robbery but both sides cannot win."

EDMONTON LUMBER MILL CLOSES DOWN
Cuts Fifteen Million Feet—Men Are Coming to British Columbia.

EDMONTON, Aug. 1.—With a fifteen million board foot cut in five and one half month season, the Northwest Lumber company's sawmill has closed down for the remainder of 1922. One hundred and thirty men are out of employment as a result of this shutdown, and many of them are contemplating a trip to British Columbia when mills and camps reopen there in a couple of months.

The company's planing mill is still being operated and will continue until the entire season's cut is finished. This will take a month or so to complete, and when the plant is closed it is expected that most of the hands will be immediately absorbed by the lumber industry in the coast province.

IN PROBATE. IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Administration Act and in the Matter of the Estate of John Post, Deceased, Intestate.

TAKE NOTICE that in order of His Honour F. McE. Young, made the 19th day of July, A.D. 1922, I was appointed Administrator of the Estate of John Post, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified by me, on or before the 11th day of August, A.D. 1922, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

JOHN H. McMULLIN,
Official Administrator.

Dated this 11th day of July, 1922.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE.

In the Matter of the Administration Act and in the Matter of the Estate of William Burrows MacLaughlin, Deceased, Intestate.

TAKE NOTICE that on the 18th day of May, 1922, Letters of Administration in the above estate were granted to (Mrs.) Hilda Gray, 112 Clarence Street, Victoria, B.C.

ALL PERSONS having accounts against the estate are required to send the same to the undersigned within thirty days from the date hereof.

ALL PERSONS owing monies to the said estate are hereby required to pay the same to the undersigned forthwith.

DATED at the City of Prince Rupert in the Province of British Columbia, this 20th day of June, A.D. 1922.

HILDA GRAY (Executrix),
Victoria, B.C.

FINED NINE DOLLARS WASHING WIFE'S FEET

WINDSOR, Aug. 2.—James Scott, 17 years of age, 49 Douglas Avenue, appeared before Magistrate Gundy Saturday as complainant against John Hall. He charged that Hall used abusive language to him.

The magistrate asked Scott if he had done anything to provoke the cuss words.

"Nothing except to suggest to Hall that he go home and wash his wife's feet," Scott answered.

"Did he?" asked the court.

"No, your Worship, so I went to Hall's house and washed Mrs. Hall's feet, myself, she was in bed at the time."

"Yes and he deserted his own wife and baby," spoke up Hall.

Scott admitted he had left his wife, but stated that his "baby" tipped the scales at 167 pounds.

The magistrate dismissed the charge against Hall and assessed Scott \$9 costs, holding that was reasonable, enough for the privilege of having washed another man's wife's feet.

SCHOOL FOR DEAF TO OPEN WINNIPEG

September Will See New Million Dollar Building In Use

WINNIPEG, Aug. 2.—Complete with all modern conveniences, Manitoba's new \$1,000,000 school for the deaf will be formally opened in September. It is a spacious building of gray stone and of pleasing design with a large central tower. The school is replete with class rooms, clinic rooms and one of modern equipment. A theatre for moving pictures and pantomime teaching is also a feature of the school.

For boy pupils there is a printing shop, while girls are taught dress-making and other household arts. There are eight class rooms on the ground floor and in these rooms generous spaces is given to blackboards. Stand mirrors for "lip" or "speech" reading also are installed.

WOOL RUNNERS ARE OPERATING IN MANY PLACES ON PRAIRIES

SASKATOON, Aug. 2.—Brought about by the enactment of the Fordney Tariff Bill, a new industry, legitimate in Canada but taboo in the United States, is reported to be making rapid progress on the international boundary line between Saskatchewan and the United States. It is a smuggling industry but is not allied with the commonly known run-runners who work along the border. Those working the new industry are known as "wool runners" from the fact that they deal in wool, bought from Canadian farmers, which they smuggle across the line.

Southern Saskatchewan, for many years past a country containing many sheep raisers, was virtually cut off from the American wool market something over 12 months ago by the Fordney tariff legislation which placed a duty on the Canadian clip of 15c a pound. The duty amounted to a complete ban and while wool is selling at 10c a pound in the United States with no opposition to the raisers, the Canadian market price is about 25c for the same standard.

Over the southern part of Saskatchewan now American buyers are travelling, soliciting the clip of the province's sheep men and paying cash. They take the responsibility for getting the product over the border. The "wool runners" are breaking no Canadian law but they take chances of a clash with United States customs officials when they get to the other side.

Automobile trucks, horse drawn vehicles, and automobiles are used by the runners to get their product to the United States and their dealings are said to net them a tidy profit on the American side of the line.

Prosperous advertising means regular continuous advertising.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$10 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange to purchase adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% before receiving Crown Grant.

Where pre-emptor in occupation for more than 3 years, and has made proportionate improvements, he may be cause of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of 33% per annum and records same each year. Failure to make improvements or records will operate as forfeiture. Title cannot be obtained in less than 3 years, and improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Uncultivated areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions include percent of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditionally, subject to construction of a road, not exceeding half of purchase price, to be made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons holding and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war.

No fee relating to pre-emption is due or payable by soldiers on pre-emption recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emption.

Interest on agreements to purchase town or city lots held by members of Armed Forces, or dependents, acquired by them, or their heirs, may be remitted to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

GRAZING

Grazing Act, 1915, for systematic development of livestock industry provided for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to 100 head.
