PRICE FIVE CENTS

The Royal Wedding in Britain Today

WITHDRAWAL OF BRITISH PROTECTORATE IN EGYPT ANNOUNCED

Princess Mary Weds British Commoner at Westminster Abbey Immense Throngs Crowd way

LONDON, Feb. 28.—Princess Mary, the only daughter of King George V and Queen Mary, was married this morning to Viscount Lascelles with all the pomp and dignity befitting a royal wedding. The ceremony began in Westminster Abbey at 11:30 and soon after the couple were pronounced man and wife while the chimes of Westminster rang out the happy message and vast crowds gave tumultuous greetings.

Rain had fallen during the night, seeming to bear out the gloomy forecasts of the weather experts, but the morning broke

brightly, the heavy rain clouds scurrying across the sky before a strong east wind. The sun shone brilliantly as the various sections of the wedding procession started from Buckingham Palace for Westminster Abbey.

Dense Crowds

Just before the bride with her father, King George, arrived at the Abbey, the crowds became so dense in Parliament street that the police with great difficulty maintained theirordon. Dozens of women and children fainted and had to be carried to safety and afterwards removed from the scene in ambulances.

The Abbey was filled with 2,500 guests and the wedding breakfast at Buckingham Palace after the ceremony was served to 170 persons. The feature of this was the cutting of a 500 pound wedding cake made with ingredients from all parts of the empire.

The scene of the ceremony within the historic walls of the Abbey was one of impressive grandeur with the King, Queen and the entire Royal household participating and with all ranks represented. It was a brilliant assemblage while outside the abbey enthusiastic and popular homage was given the bridal pair by the immense throng.

Excursionists

London was crowded with excursionists from all parts of the British Isles and the European continent. Hundreds of Americans journeyed to London to gain a glimpse of the great state function. Every niche of space about Buckingham Palace along the Mall, Trafalgar Square, Whitehall and in the precincts of the Parliament Buildings and Westminster Abbey was occupied. Many spectators took their positions last night.

BEER BOYCOTT GOOD EFFECT

While It Has Not Reduced Price of Beer It Has Emptied Police Courts.

LONDON, Feb. 27.—The boycott of beer by the dockers has not yet succeeded in reducing the price as aimed at by the boycotters. It has instead had the effect of reducing the number of police court charges in the area of the docks.

The London boycott began on Monday of last week and as a result only three or four libidinous delinquents appeared at the police court during the week.

BUILDING PERMITS FEBRUARY \$18,585

The value of building permits issued in the city during the month of February totalled \$18,585 according to the report of H. L. Landrey, building inspector. The total for the same month last year was \$10,414, so a healthy increase is shown.

FARE TO STEWART HAS BEEN REDUCED

The first-class fare from Prince Rupert to Stewart on the Canadian National passenger train has been reduced from \$12.50 to \$10, this including, as before, meals and berth. The change will go into effect tomorrow, March 1. The deck class remains the same as before, \$6.35.

CLOSER RELATIONS

Canadian Manufacturers Tell People of Kingston of Aims.

KINGSTON, Jamaica, Feb. 28.—In speeches made at the banquet given in honor of their visit, representatives of the Canadian Manufacturers' Association emphasized the necessity of closer relations between Canada and the West Indies.

IRISH REPUBLICANS CAPTURE MUCH LOOT

LONDON, Feb. 28.—Armed men of the Irish Republican Army raided the barracks at the local lodge in the Halibut Fishermen's hall last night. There was a goodly number present and an interesting speech was heard.

DETECTIVE GETS AWARD

Dr. Hall and Joe North, Police Commissioners, Must Pay Detective Siciliano \$1000 and Costs

VICTORIA, Feb. 28.—Sam Siciliano, a former detective of Victoria city police force, has been awarded \$1,000 and costs by a special jury of eight before Mr. Justice Morrison in the first of a series of legal actions brought by dismissed city detectives against Police Commissioners Dr. Ernest Hall and Joe North. Siciliano claimed slander during a recent election campaign when North was said to have accused him of misconduct.

ANOTHER CASE OF LIQUOR IS FOUND

No Arrests Yet Made But Police Have Suspicions—Believe Was Solo Job.

One more of the thirteen cases of liquor stolen from the bonded warehouse of Olier Besner last Thursday night was recovered yesterday afternoon by the city police through information of a boy. It was found in the bush near the Standard Dairy and was intact, the case being unbroken. Mr. Besner identified the liquor. There are still five cases missing.

There have been no arrests in the case as yet but the police have some suspects in view and action may be taken soon. It is believed that the job was a solo one and that it was done within the course of an hour. The perpetrator is liable to a sentence in the penitentiary of up to fourteen years.

FISH ARRIVALS

Thirteen Schooners with 138,000 Pounds Marketed Catches Today.

Thirteen halibut schooners with 138,000 pounds of fish marketed their catches at the Exchange this morning.

The arrivals and sales were as follows:

Hazel, 7,000 pounds, and Ingrid II, 15,000 pounds, sold to the Royal Fish Co. at 8c. and 4c.

Flattery, 11,000 pounds, and Dophin, 12,000 pounds, sold to the Atlin Fisheries at 8½c and 4c.

Sadie K., 17,000 pounds, and Marguerite, 5,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 8c. and 4c.

Reform, 13,000 pounds, and Bartolome, 10,000 pounds, sold to the Pacific Fisheries at 8c. and 4c.

Virginia, 15,000 pounds, and Washington, 8,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 8c. and 4c.

Rolle, 6,000 pounds, and Cedric, 15,000 pounds, sold to the Pacific Fisheries at 8c. and 4c.

S. and S. 4,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 8c. and 4c.

PRINCESS MARY AND VISCOUNT LASCELLES

Principals in wedding which was solemnized this morning in Westminster Abbey, London.

Egypt Free To Work Out Any Policy

British Protectorate Over Country Is Withdrawn, It Is Announced.

LONDON, Feb. 28.—Lloyd George announced in the House of Commons this afternoon that the British protectorate over Egypt had been terminated and that Egypt was free to work out such national institutions as might be suited to the aspirations of her people.

PRINCESS BEATRICE COMING SATURDAY

Canadian Pacific Will This Week Inaugurate New Service to Northern Points.

The Canadian Pacific steamer Prince Beatrice, Captain William Boyce, will arrive at this port on Saturday at noon inaugurating the new service between here and Vancouver and way ports. The vessel will leave Vancouver tomorrow night and will call enroute north at Campbell River, Alert Bay, Namu, East Bella Bella, Swanson Bay, Ocean Falls and the Skeena River canneries. She will sail from here at 1 o'clock Saturday afternoon on her return south and will call at all the ports mentioned with the exception of the Skeena river canneries. The service will be weekly.

No information has been received at the post-office as to whether the Princess Beatrice will carry mails.

City Plans to Make Ten Per cent Cut in Salaries and Wages of Employees

The city council sitting in committee has recommended that after April 1 the salaries and wages of all city employees, with the exception of the city engineer and the city solicitor, be cut ten per cent, and that the police commission be urged to take similar action in regard to the police department. The report to the council last night to this effect was given long discussion in committee and it was finally decided on motion of Ald. Silversides, seconded by Ald. Kelly, that the matter be laid over for a week and that in the meantime the council again have a committee meeting on the matter. All members are requested to be present at this meeting as well as the heads of the departments and the city solicitor. Information in all phases and individual cases will be presented at this meeting so that the council will have definite grounds on which to base any further action it may take on the matter. This action on the part of the council had not been generally known but the fact that such a report was to be presented leaked out yesterday and, as a result, there was a large representation at last night's meeting of city employees, both inside and out. There was also letters from W. D. Vance, on behalf of the treasurer's department, and E. A. Woods, city clerk, protesting the cut and recommending that no action be taken before a board of arbitration had deliberated on the matter.

Ad. Perry, in speaking to the report, said there were two pluses to the question to be considered. Had the cost of living decreased in proportion to the relation of salaries paid ten years ago and what would be paid if the reduction went into effect. Length of service should also be taken into consideration. He felt that the city employees, themselves, should be heard.

Cut Too Drastic

Harry Birch said that he had not come as a member of any delegation. In fact there was no delegation. It was the opinion of the employees, however, that there should be a board of arbitration. He felt that a ten per cent cut was too drastic.

George B. Gasey, of the fire department, said it was surprising that the council contemplated cutting wages when, if conditions were taken into consideration, they would be bound to raise them instead. He had a set of figures which he challenged the highest authority to refute. A fireman was now receiving \$35.75 per week. In 1913 he received \$100 a month and if conditions of living were taken into consideration the present wage should be now \$36.59 instead of a reduction to \$22.18 as would be effective if the recommendation was put into effect. A lineman was receiving \$39.32 now. He should be getting \$40.76 but the cut would make his pay \$35.39. Street workers were now receiving \$28.60, should be getting \$28.86 but would get \$27.74. He concurred with the idea of a board of arbitration. He did not think that the council meant to be unfair but the present plan would just pit the unemployed against the employed. If a man did not take the reduction he could leave and there would be plenty of others to take his place. He hoped that the council would not take advantage of such conditions.

VANCOUVER, Feb. 28.—The order of Chief Justice Hunter yesterday in allowing the withdrawal of the election petition filed by Martin O'Reilly protesting against the election in the Skeena electoral district was given on the ground that it was nugatory, having been filed before the return of the returning officer and before the publication of the return in the Canada Gazette.

Frank Vickers said that, as cashier, he was receiving \$135 and the cut would reduce him with the option of 60 days' imprisonment. He is doing time.

PAYMENTS TO ALLIES FROM THE GERMANS

Large Sums to be Handled Over Annually, It is Announced
BERLIN, Feb. 28.—The provisional agreement reached between the allied reparations commission and the German Government provides for annual payment by Germany of 720,000,000 gold marks in cash and 1,450,000,000 gold marks in kind, it was announced today.

FISH CAUGHT IN FEBRUARY

Total of 1,320,750 Pounds of Halibut Was Landed Here During Month.

The total amount of halibut marketed at this port during the month of February was 1,320,750 pounds. The highest price paid was 47c, the lowest 7½c for first class fish. The fishing during this period was characterized by two long spells of bad weather on the banks in the course of which there were several days when no fish arrived at all.

The catch for February this year was about the same as last year, when 1,300,000 pounds were marketed.

DR. SUTHERLAND IS SUCCESSFUL

Re-Elected at Revelstoke Yesterday with Substantial Majority over Conservative

REVELSTOKE, Feb. 28.—Hon. Dr. W. H. Sutherland, provincial minister of public works, was re-elected in the Revelstoke by-election yesterday over A. R. McIntyre, the Conservative candidate, with a majority of 664. There are a few small polls still to be heard from.

TERRACE FAIR BOARD WILL MEET MONDAY

TERRACE, Feb. 28.—The Terrace Fair Association will hold a meeting next Monday night to take up a proposition from the Northern B. C. Agricultural and Industrial Association of Prince Rupert for representation on the board of that organization.

E. Larsen appeared in the police court this morning charged with intoxication and was fined \$50 with the option of 60 days' imprisonment. He is doing time.

DAILY EDITION

TUESDAY, FEBRUARY 28, 1922.

Deal for Planing Mill Complete.

A deal has been put through for the sale of the Charlotte Islands Spruce Products Limited plant but the papers are not yet completed, and the name of the purchaser has not yet been announced. The receiver at Vancouver hopes to be able to make an announcement in a few days.

It is announced that the purchaser will operate the lumber manufacturing plant and shingle mill here. This is good news, for there was a rumor in Vancouver a month or two ago that the plant was to be removed to that city or New Westminster. Prince Rupert people will welcome any industries that may be established and especially one that manufactures the raw material found in the district.

Library Well on Way to Accomplishment.

The action of the city council in deciding to prepare a library bylaw and take a plebiscite of the people according to the statute was what was expected. That the people are keen on getting the library is evidenced in the fact that so many books have been voluntarily sent in to form the nucleus of a collection. Most of the volumes received are well bound and in excellent condition. They are mostly by well known authors and the greater number of them would have been chosen by any selection committee.

The next thing will be to arrange for housing the library. A good many suggestions have been made and almost any of them are feasible. As has been before pointed out, the housing of the library is not by any means the most important part of the work, although it is necessary.

Stork Is Now Really Elected.

The last effort to unseat Fred Stork has been made and he is now member for this district without possibility of a change. This is satisfactory. No matter what the political views of some of the people here, all must realize that there is more to be got by having a member who is in sympathy with the government.

Just how much Mr. Stork will be able to do it is impossible to tell. He will certainly make every effort to secure what we need in this district, and it is to be expected that some good results will follow. If we can get some of our local industries going we shall have more chance of securing co-operation from the government.

Better Buildings for the City.

It will very soon be necessary to enforce the city bylaw in regard to the erection of better buildings in the business section of the city. At present anything seems to go. Only recently what was little more than a shack was erected next the postoffice, a danger from a fire point of view and not by any means an addition to the beauty of the city. If the city has power it should certainly not allow the erection of buildings of that class.

For the congested sections of the city it is almost as cheap to erect concrete or brick buildings. The rate of insurance alone is sufficient to make it worth while. Now that we have a fine looking school and a fine court house, as well as a number of permanent blocks on the business streets, it would be well to encourage that class of building. By doing so we invite lower insurance rates generally and show that we have confidence in the city in which we live.

Residences Will Improve Soon.

The class of residences to be erected will steadily improve as the city grows in size and importance. In the early days most people came here to make a clean up and get out. Today people are looking to Prince Rupert as a permanent place of residence and the tendency will be to erect homes that will be larger, architecturally more beautiful, and with better interior finish.

WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial Constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there are Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases. "Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

50¢ a box, 6 for \$2.50, trial size 25¢. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Next the Prince Rupert Hotel

Ten Years Ago in Prince Rupert

February 28, 1912.

The most exciting indoor baseball game ever played in Prince Rupert was the one last night between the Crescents and Pirates. The score was 46 to 30 in favor of the latter team.

A. Carmichael, a well known Copper River prospector, is in the city buying supplies for the further development of his free milling proposition. Mr. Carmichael says there are valuable placer grounds near Copper River and that the Gold Creek benches give from ten to thirty cents to the pan. Hydraulic machinery is being installed at Mr. Carmichael's property.

* * *

Captain Barney Johnson has written an article on Seymour Narrows and the intricacies of its navigation. It will be published at an early date by the Dominion Government.

COLLART'S MOTIONS WERE DEALT WITH

One Respecting Quality of Buildings Rejected—Limitation Poultry and Pigs Laid Over.

Ald. Collart's resolution requiring the building inspector to enforce the building by-law to the letter in regard to the building of huts, shacks and cabins and buildings of an inferior quality was lost when presented to the city council last night. Ald. Perry, Ald. Kelly and Collart voted for it and Ald. Silversides, Ald. Kerr, Ald. McLeod and Ald. Montgomery against it. It was felt by the majority that the building by-law covered the situation amply without any such resolution.

Ald. Collart's other resolution for an amendment preventing the keeping of pigs and more than thirty chickens in the city, outside of certain specified areas among which were south of 11th Avenue and the vicinity of Comox Avenue, was laid on the table for a week so that the whole question might be taken up with the city engineer.

There was considerable discussion on the resolution.

SMALL CONTRACTS FOR TIES AND POLES KEEP TERRACE BUSY

TERRACE, Feb. 28.—Olof Hansen, the timber contractor, is keeping all the spare men, and the settlers here who wish the work occupied on the cutting of ties, piles and poles. Many persons have small contracts, and the result is that there is not a single person in Terrace out of work this winter. The ties are for the Canadian National Railways and the piles and poles for Eastern Canada and the United States.

BYLAW FOR LIBRARY TO BE OFFERED

City Council Last Night Decided to Take a Plebiscite on the Matter.

The bylaw providing for the establishment of a municipal free library in the city is to go before the ratepayers at an early date. The city clerk reported at last night's meeting of the council that the petition was in order and had been signed by 415 property owners. After some discussion, which was started by Ald. Perry, who was not at the recent meeting when the matter was introduced, it was moved by Ald. Kelly and seconded by Ald. Kerr that the bylaw be prepared to go before the people. The matter was referred to the city solicitor to prepare the bylaw. It will be presented at the same time as the Grand Trunk Pacific agreement bylaw, which will likely come up on March 22.

Ald. Perry wanted to know if the council had any definite plan as to the housing of the library. He wanted to know what expenditure was going to be involved and suggested a conference between the council and the Library Association before it was decided to submit the bylaw.

Mayor Rochester said that there would be no permanent building built. It would be a temporary one. Nothing definite had been decided upon, however.

Ald. Kerr intimated that the city engineer had suggested that the present reading room be raised and a concrete basement be put under it, thus making it a two-story building capable of housing the library, the reading room and the ladies' rest room.

VANDERHOOF SETTLERS ALSO CUTTING TIES

VANDERHOOF, Feb. 28.—The settlers in this vicinity, like at other points along the line, have been given the opportunity this winter of getting out ties for the Canadian National Railway Company. There have been a number of small contracts, which will not be completed until the snow is gone.

BRIDGE ON NECHAKO AT VANDERHOOF IS NOW BEING RAISED

VANDERHOOF, Feb. 28.—The bridge over the Nechako River here is being raised two feet by the Provincial Government to prevent the possibility of its going out in the floods. The work has been going on for a couple of weeks and is still in progress.

THREE SMALL MILLS WORK AT VANDERHOOF

VANDERHOOF, Feb. 28.—Three small portable sawmills are busy cutting timber for local building demand, which is considerable. Mr. Mitchell operates one and two Norwegians another close to town. The third is south of town.

NERVOUS BREAKDOWN COULDN'T SLEEP NIGHTS.

To those on the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, a feeling of depression, fitful, disturbed, restless, and unrefreshing sleep, often plagued with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected, too, and on the first signs of any weakness of the heart or nerves, fagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in

MILBURN'S HEART AND NERVE PILLS

Mrs. M. Damgard, Young's Cove Road, N. B., writes:—"I was bothered very much with my heart and nerves; had nervous headaches and dizziness, could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

Price, 50¢ a box at all dealers, or mailed direct on receipt of price by The T. M. Burn Co., Limited, Toronto, Ont.

DOG RACE AT
THE PAS TODAYTRAIL CLUB
WINS SHIELD

Wolf Hounds and Huskies Being Used—Mongrels Are the Most Successful.

TEST OF ENDURANCE.

THE PAS, Man., Feb. 28.—(By Canadian Press.) The fifth annual dog derby of The Pas is being run today over a course 200 miles in length for a purse of \$2500. The great race, as usual, is a no-stop one and the course this year lends itself to tests of speed as well as endurance. In past years the rugged old trail to the far bush, storm-ridden and heaped high with snow, was purely a test of endurance for man and animal. Never yet has a dog been lost in the big race, for it is one of the main rules that a badly injured dog lays the driver open to suspicion of abuse, and upon proof his disbarment from the Derby races forever. There is no gainsaying the fact that it is a strong man's sport and it takes a weather-beaten bushman to stand the gaff. The dogs, too, must be of the best and strongest type procurable, and the maimed and inferior animals are not allowed to leave the starting point. Every care is taken to protect the dumb beasts from abuse and cruelty, and it is the boast of the Derby Association that it has succeeded in this respect.

This year's course follows the winding Carrot River, level and sheltered from biting winds and blizzards, to a point 100 miles from The Pas, where a turn is made and over the same route to the starting point. This is ideal for speed and the teams regard it with great favor. It particularly favors those teams using the Alaska or double hitch, with which more than half the entries are equipped. The Lake Winnipeg teams from around Grand Rapids prefer the Siwash or single file hitch. This has proven very useful and of some advantage. Under good racing conditions the Alaska hitch, which is the racing hitch, has a marked superiority and takes less out of the dogs. It permits free and individual action and the pull is a direct one. In the Siwash hitch the pull is indirect. So far the Alaska-hitched teams are Morgan, Winterton, Dupas-Baneroff, Godbout-Rusick, Campbell, Chartrand and McDonald. The first four are the ruling favorites, with a tendency to place long odds upon the Dupas-Baneroff combination.

The type of dogs making up the teams run to a cross between a collie and a wolf. Some there are whose progenitors are wolf hound and husky. The mongrel type stands out most prominently in all and this appears to be the most successful breed in the races run in the past. For years the racing dogs have been fed upon frozen fish, and some of the teams use this to feed their charges at this time, but the big teams buy beef and mix it with suet. The daily feed bill of a team of eleven dogs works out at around \$5.

CRIBBAGE GAMES

Elks Won First of a Series of Three Tournaments From St. Andrew's Last Evening.

The Elks won the first of the series of three cribbage tournaments from the St. Andrew's Society last night by a score of 38 to 34. Six teams played in each of the club rooms. W. E. Thompson was captain of the Elks and J. A. Allen, St. Andrew's.

Sport Chat

A junior billiard handicap is being played off at the Prince Rupert Pool Room and the first games took place last evening. The following players are listed: J. Emerson vs. R. Arthur, jr.; W. Hamilton vs. J. Bond; R. McDonald vs. W. Hamlin; S. Howe vs. J. Beasley; J. Hynd vs. T. Halverson; J. Davidson vs. S. Hunter; W. Beasley vs. R. Smith; G. S. Hill vs. H. Frizzell; G. Mitchell vs. L. Astoria; L. Wilson vs. B. Blackhall; D. Graham vs. S. Suga; Elmer Smith vs. M. Stephens; B. Barry vs. W. Duncan; M. Chenevski vs. W. Lambe; K. Halliday vs. E. Hudson; L. Anderson vs. G. Shaw. The final in the senior handicap will be played tonight and another one will be commenced at once. Entries are now almost completed.

The highest billiard break on record in the city was made in a practice game by W. Barbour, of the Trail Club team, at the end of last week when he scored 103 points without a stop. Barbour is practically a newcomer in the city but he is conceded to be about the best player who has yet made a public appearance in recent years. He has been beaten on single occasions by some of the best players in the city but on the whole is ahead of them. In the Prince Rupert Pool Room handicap tournaments he is set at the largest minus handicap.

Senior League football teams are being organized for the coming season and the Sons of Canada, Sons of England, Callies and Great War Veterans are all angling for players. It is understood that the lineups for 1922 will be much the same as last year although there will be some new blood on all the teams. Some of last year's Juniors have been approached but the most of them seem to be holding back while the organization of an Intermediate League is being mooted. In the past the most of the Senior teams have devoted their efforts towards the fostering of Senior teams and, at the present time, some of them find themselves depending on the "old war horses" with no younger players to fill up the ranks. It goes to impress on these teams the necessity of at all times fostering the younger element without devoting all energies in the contests for Senior League honors.

Mr. and Mrs. S. G. Moore arrived in the city from Winnipeg on the Princess Mary yesterday afternoon. Mrs. Moore is the daughter of John Carroll, Eighth Avenue East.

Lots of people use more Pacific Milk than is really necessary in cooking. For all baking, and most puddings it should be diluted with water, using one-half the quantity of milk called for by the recipe, making up the rest from the tap. This saving may seem small in itself, but it counts up in a year's milk bill. When you dilute it, always pour the milk into the water, rather than the water into the milk.

The Sons of Canada defeated the Elks in last night's Intermediate Billiard League fixture by a total score of 895 to 747, the former team having lost but one game. The individual scores: M. M. McLachlan (Elks), 450; H. D. Scott (Sons of Canada), 445. A. A. Easson, 420; W. G. Anderson, 150. C. H. Elkins, 440; C. Blythe, 150. J. Day Bell, 124; H. B. Charlton, 150. K. A. Rood, 136; H. Menzies, 150. D. Cook, 77; E. Fenelon, 150. The standing of the clubs is as follows:

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucas, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicines, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at night for pain, which mostly caused to take me in all parts of the limbs and feet. My nerves would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

PROVINCE OF BRITISH COLUMBIA,
FOREST BRANCH,
DEPARTMENT OF LANDS.

EXAMINATIONS FOR THE POSITION OF
ASSISTANT FOREST RANGER.

Assistant Forest Rangers are employed during the fire season (May to September inclusive) of each year and this period is extended where possible by work on examinations, trials, etc. Appointment is made each year as long as satisfactory service is given. Promotion to the permanent staff is made by merit and examination as occasion offers. The salary is \$125 per month the second year and \$118 month the second year and \$120 the year. Travelling expenses are also paid.

Qualifications for Candidates.
Candidates must be British subjects resident in British Columbia for at least one year, of good character, good physical condition and with woods experience. They should have general fire fighting, possess the ability to organize work, handle men and have knowledge of Forest Act.

The examinations are partly written, partly oral and are designed to test the candidate's ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by examining board. Preference is given to returned soldiers with the necessary qualifications.

The Examinations.
The examinations will be held at the dates and on the dates indicated below. Each candidate will be required to appear before the Forest Officer of his district for application forms and for information regarding the hour of the examination and the place in which it will be held. Applications should be made in each case to the Forest Ranger in each case, he will be asked to reach him at least two days before the examination.

Apply to Inspector of Lands at:

Place	Date	Place
Vancouver	March 14	Vancouver
Williams Lake	March 15	Kamloops
Prince Rupert	March 16	Prince Rupert
Port McNeill	March 21	Prince George
Port Alberni	March 22	Prince George
Nelson	March 23	Nelson
Clinton	March 28	Williams Lake
Williams Lake	March 30	Williams Lake
D. H. NADEN, Deputy Minister of Lands.		

Object.
These examinations are for the purpose of filling a vacancy and to enable candidates to qualify for future vacancies and increases in staff.

Forest Rangers.
Forest rangers are employed the full year, the salary is \$125.00 per month and field expenses. This is increased to \$140.00 per month the second year and so on a month by month basis. Proper satisfaction is given to those who are efficient marks are obtained in the examination; also there are opportunities for promotion to higher positions. Rangers who fail to attain the required standard may have the opportunity to do so at subsequent career examinations.

Qualifications for Candidates.
Candidates must be British subjects not more than forty-five years of age, resident in British Columbia for at least one year, of good character, good physical condition and with woods experience.

They should be familiar with the practical side of the timber cutting business and possess practical experience, a knowledge of the Forest Act and have ability to organize work and handle men.

The examinations are partly written, partly oral and are designed to test the candidate's ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board. Preference is given to returned soldiers with the necessary qualifications.

The above examinations will take place at Prince Rupert on March 16th and 17th and at Seal Cove, Prince Rupert, on March 20th. For further particulars apply to the District Forester, Prince Rupert.

W. H. MACINNIES,
District Service Commissioner.

To expect a single advertisement to pay is as foolish as to hope to grow fat from the effect of one meal.

Vanderhoof Creamery Finds That Unfair Freight Rates Shut Out Desired Business with This City

"There is no good reason why good feeling can not be developed to a great degree between Vanderhoof and Prince Rupert and all the towns along the line of the Canadian National Railway," declared George H. Outram, manager and secretary of the Neechako Valley Co-operative Creamery Association, Vanderhoof, who was in the city last week on a business visit in connection with the fostering of the milk, cream and butter business between the creamery town on the Neechako River and this city.

There is market for the products of all and there needs to be no undue rivalry between any of them. Vanderhoof looks to Prince Rupert as the biggest market for its dairy products and it is up to the people in that city to stand behind us as we stand behind them in getting practically all our supplies from there.

600 Cows.
The main difficulty which stands in the way of Vanderhoof placing its butter satisfactorily on the Prince Rupert market at the present time is "that of freight rates," said Mr. Outram. The condition is anomalous that Edmonton butter can be brought to Prince Rupert for \$1.48 per hundred while Vanderhoof butter, which comes less than half the distance, is charged \$1.58. It shuts out the local product in favor of that from outside of the province. The stores of Vanderhoof get all their supplies from Prince Rupert but, on account of the excessive and unfair tariff of freight rates, Vanderhoof can get no return.

Commodity Tariff.

In all fairness to the railway company, however, it should be explained that at the time the present commodity tariff was put into effect Vanderhoof was not a butter producing center and was consequently not provided for in the tariff.

"I would not like the people or the merchants of Prince Rupert to misunderstand us. We realize that it is no fault of theirs if they do not use Vanderhoof butter as much as we would like them to. When Edmonton butter can be placed in the stores at Prince Rupert more cheaply than Vanderhoof's because freight rates between Edmonton and Prince Rupert are less than from Vanderhoof to Prince Rupert we do not blame them for buying it. It is purely a business proposition with them. Our only hope lies in the readjustment of the rates by the company and we are hopeful that it will be fixed at an early date."

Official Support.

Mr. Outram stated that he had taken the matter up, while in Prince Rupert, with G. A. McNicholl, the assistant general freight and passenger agent of the company. In the meantime, he has wired to the local delegation at Ottawa regarding the matter and the Vanderhoof Board of Trade will ask the Prince Rupert board to endorse a resolution asking that an immediate readjustment be made. Mr. Outram expressed confidence that the delegation would give the matter its best attention for the members were behind anything that tended to the development of trade within the district. He felt that the Dominion Government would be fair, and as far as the Provincial Government was concerned, he was sure of it. That government had given the Vanderhoof creamery its start and had operated it for the first year. All that Vanderhoof was asking was a fair chance in the matter of freight rates. It was willing to compete on an open market with the bigger companies and its products was as good as any and was, above all, local product.

Cream and Milk.

Mr. Outram explained that milk and cream rates were not discriminatory as were the butter rates. The rate from Vanderhoof to Prince Rupert for milk was \$1 per ten gallon can, while cream, shipped by express, was \$3.36 per ten gallon can. However, it was more desirable, both from the standpoint of the farmer and the consumer, that butter be shipped in preference to cream and milk wherever possible. The farmer got more for his product if it was in the form of butter.

In connection with the milk and cream business, Mr. Outram pointed out that the product could be landed here within 24 hours after it left the cow. The time on the train from Vanderhoof to Prince Rupert was nineteen hours. With the putting on of a daily train service this sum-

He has won many prizes for butter and cheese making and in the latter branch is a gold medalist. The Vanderhoof Creamery cost \$12,900.

Another Creamery.

Asked as to the possibility of another creamery being started in Central British Columbia, Mr. Outram expressed the opinion that it would be a foolish move at the present time. Any farmer in the district could use the Vanderhoof creamery whether he was a shareholder or not and all got the same price for their milk and cream. One overhead charge could handle all the milk and cream produced in the district at the present time, including that of the Bulkley Valley which was a big shipper to the creamery. Mr. Outram further pointed out that the farmer in the Bulkley Valley got the same price as the man who laid his product down at the creamery for the company paid the express charges as well as returning the empty cans. Cream was brought from as far west as Smithers, Telkwa and Moricetown and from the Burns and Francois Lake valleys as far east as McBride.

The company was in a healthy financial condition. There were no bad debts and the farmers were paid every fortnight for their cream.

Board of Directors.

The board of directors of the Neechako Valley Co-operative Creamery Association is as follows:

President, Sam Coeker.

Vice president, E. G. Borhaven. Directors, S. Holmes, G. Hartley, F. Park and J. H. Goldie. Telkwa directors, F. M. Dockrill and H. G. Head.

Secretary and manager, George H. Outram.

Speaking of general conditions at Vanderhoof, Mr. Outram said that it was not so much the town that counted there as it was Usk and to Prince Rupert but the great farming community as pointed out before, freight rates had practically shut it out, ready well settled but more people were constantly coming in. The dairy business was the main thing. Schools were springing up in every direction.

"We think Vanderhoof is the best town along the line," said Mr. Outram. "For it supports itself and is not dependent solely on the railway like so many others."

SHORT AGRICULTURE COURSES ARE BEING GIVEN IN INTERIOR

University Professors Are at Vanderhoof Today—Telkwa and Terrace Later.

VANDERHOOF. Feb. 28.—The special short course in agriculture being given for the benefit of the farmers by members of the faculty of agriculture of the University of B.C. under the auspices of the Provincial Government opens here today. The following speakers are on the program: F. M. Clement, professor of horticulture and dean of the faculty of agriculture; P. A. Boving, professor of agronomy; H. M. King, associate professor of animal husbandry; Miss Marion Monette, extension assistant department of dairying, and a poultry speaker.

The delegation of professors arrived here this morning, coming west over the line of the Canadian National Railways by way of Luton. They will be in Telkwa on Tuesday next and will go from there to Terrace. Similar courses will be given at both places. It is understood they will travel south by way of Prince Rupert.

PIPE DREAMS

By Newton F. Pullen

In an address to young men at Victoria Y.M.C.A. recently, Hon. T. D. Pattullo told of the resources of Northern B.C. in most enthusiastic fashion, and did not fail to describe Prince Rupert as a prosperous town. During the course of his address he outlined the opportunities for the young men in the northern part of the Province, and while referring to the openings in other divisions of industry, he dwelt most strongly upon the fascination of prospecting, stating that if he were a young man again he would not hesitate at hitting the trail in search of elusive wealth. The prospector takes nothing from his fellows but, if lucky, adds something to the prosperity of the country he asserted. The glories of night on the snow trail were told by

B. B. B. is a grand blood medicine, and can recommend it highly."

AS A MATTER OF FACT

The idea that chemicals are injurious, merely because they are chemicals, is erroneous.

We live on chemicals. The air we breathe is a mixture of oxygen, nitrogen and certain inert gases, as is also the water we drink a chemical compound of hydrogen and oxygen.

Like most everything in the world, however, there are good and bad chemicals, as well as good and bad laundries.

The good chemicals are those we eat, drink and breathe—the kind we use in the laundry to keep us clean. The harmful chemicals are the poisonous gases and compounds we are all familiar with.

We would not think of using the harmful chemicals in our homes; why not give our clothing the same intelligent consideration, and send them to the laundry where this chemical principle is recognized, and where only the good chemicals are used?

This service is at your disposal.

In the matter of THE ADMINISTRATION ACT and in the matter of the ESTATE of NICHOLAS MADSEN, deceased.

TAKE NOTICE that in order of His Honor, Mr. J. R. B. Youmans, the 14th day of February, A.D. 1922, I was appointed Administrator to the Estate of Nicholas Madsen, deceased, and all parties having claims against the said estate are hereby required to furnish same, through verified, to me on or before the 15th day of March, A.D. 1922, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

JOHN H. MCMILLIN,
Official Administrator.

DATED this 15th day of February, 1922.

IN PROBATE.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the matter of THE ADMINISTRATION ACT and in the matter of the ESTATE of NICHOLAS MADSEN, deceased.
