PRICE: FIVE CENTS

NEW TRADE TREATIES ARE TABLED

UNEMPLOYED HEAR SOME PLAIN TALK BY CITY COUNCIL

REFUSAL BY SALTERIES

Request of Fishermen For Higher Price For Dog Salmon Denied — Considering Situation

NEW WESTMINSTER, Oct. 13.—The demand of the British Columbia Fishermen's Protective Association for a raise in the price of chums or dog salmon from three cents each to five or six cents has been rejected by the Salt Salmon Packers' Association of Canada, Vancouver, according to a letter received by W. E. Maiden, secretary of the former association.

The fishermen will consider the reply at a meeting today at which the reply of the canners to a demand for higher prices will also be dealt with.

NEW PLANT IS OPENED

Wheels Turn in Russia's Largest Single Undertaking Under "Five Year Plan"

MOSCOW, Oct. 13.—With much ceremony attending the occasion, Soviet Russia has officially opened the largest single industrial project under the "five year plan"—the enormous hydro-electric development on the Dnieper River.

The plant, in connection with the construction of which American engineers played an important part, was completed well ahead of schedule.

SCRIP IS DISCUSSED

City Council Decides to Get More Information As To Cost of Operating System

After a rather lengthy discussion in the course of which the advantages and possible disadvantages of the system were discussed, the city council last night decided to ask the finance committee for a detailed report on the cost of instituting and operating a scrip system in connection with the distribution of relief as compared with the present system of grocery orders on specified stores.

The scrip proposal had been before the council two weeks ago and was referred at that time to the finance committee which, in turn, sent the question back to the council last night without recommendation, pointing out, however, that there would be considerable expense, possibly \$60 or \$70 per month, involved in the printing of scrip in addition to which more work in the treasurer's department at the city hall would be entailed. Ald. Collart suggested that the same end might be met by issuing blank relief orders and permitting the recipients to purchase goods at any stores they pleased.

Ald. Macdonald was in favor of giving the scrip a trial for a short time at least. If it was found to be too costly, the council could revert back to the present system. He saw where it was possible that the scrip system might give the recipients of relief a little more purchasing power. If he found that the scrip system was diverting all the business to Oriental stores, which did not maintain the same standard as that required of white stores, he would certainly be in favor of discontinuing the system, Ald. Macdonald said. At the same time (Continued on page four.)

REPORT IS RECEIVED

City Council Accepts Opinion of City Solicitor Regarding Working Out Poll Tax

Overruling Ald. Casey's insistence that there appeared to him to be no good reason why the city, if it wished, could not give enough work to men who were otherwise unable to pay to enable them to meet their poll tax of \$5 for the year and thus qualify for the municipal voters' list, the city council last night on motion of Ald. Macdonald, seconded by Ald. Black, received and filed a report from City Solicitor E. P. Jones to the effect that it would be in contravention of the Municipal Act to enrol any persons on the voters' list as householders unless they had paid the \$5 poll tax direct in cash, had paid an amount exceeding \$5 in taxes to some other municipality or were exempt.

Ald. Casey pointed out that it was the practice of the city to deduct the \$5 poll tax from the wages of all employees who were not property owners. What was to prevent the city from giving work to any person and, in a like manner, deducting the poll tax? He moved an amendment that, in the matter of people desirous of exercising the franchise at the municipal election and wishing to give an equivalent amount of work in payment for the \$5 poll tax, they be privileged to do so.

City Solicitor E. J. Jones reiterated his opinion that this would constitute an evasion of the act. Some of the aldermen feared that it might possibly lead to the voiding of the election if adopted.

Ald. Casey's amendment was not seconded, the motion to receive and file the report of the solicitor being adopted with only Ald. Casey dissenting.

TRAFFIC ON LINE AGAIN

Repairs Rushed to Southern Pacific Railway Through Tepacachi Pass

BAKERSFIELD, Cal., Oct. 13.—Southern Pacific traffic was resumed through Tepacachi Pass yesterday following the disastrous cloudburst which resulted recently in 25 miles of line being damaged, much of it carried out altogether.

One thousand men worked on 24-hour shifts repairing the line. Two miles of track had to be replaced entirely and seven new bridges have had to be put in.

BLAME FOR GANGSTERS

American Bar Association Holds Prohibition Responsible For Lawlessness in U.S.

WASHINGTON, D.C., Oct. 13.—A report was presented to the American Bar Association, in annual convention here, placing the responsibility for the present rule of gangsterism in United States to a large extent upon the Eighteenth Amendment and the Volstead Act which are declared to encourage law-breaking.

The report followed a year of investigation by a committee of the association.

German Banners Wave In Steel Helmet Parade

German banners, scores of them, took a prominent role in a giant steel helmet parade in Berlin-templeton recently. Here is a view of the massed colors. More than 160,000 men took part; the parade served as a demonstration for the present German national Government.

Canada Given Wide Variety of Preferences By Great Britain; Concessions Are Made in Return

Practically Entire Range of Canadian Natural Products Including Grain, Fish and Agricultural Products Are Favored—This Dominion to Take Machinery, Textiles, Etc.

OTTAWA, Oct. 13.—Prime Minister R. B. Bennett strongly commended to the House of Commons yesterday the Imperial economic conference agreements, tabling the pacts entered into by Canada with the United Kingdom, South Africa, the Irish Free State and Southern Rhodesia. Among other things, Canada grants the following to the United Kingdom:

Widened British preferential rates on 223 items in the Canadian list.

Iron and steel in the raw state restricted to use for forgings, iron and steel parts and machines for use in Canadian factories only, all forms of wire tramway tracks and mining machinery are given preferences.

Alcoholic beverages including liquors, wines and ales are favored up to as high as \$2 a gallon compared with former rates while cigarettes and tobacco share largely in the reductions.

Cotton, woolen and jute fabrics will have increased preferences ranging from free to the former rates.

Anthracite coal will have increased preference of ten cents per ton.

What Canada Gets

In the following is included what the United Kingdom grants Canada:

- Free entry into the United Kingdom for Canadian manufactured products excepting in respect to a very limited list of goods, Canadian manufactured goods which enter the United Kingdom free number over one hundred commodities.

Preference in the United Kingdom for practically the entire range of Canadian natural products.

Free entry into the United Kingdom for certain timber products, Canadian fish products, including (Continued on Page Four)

NEW TRIAL OF SENATOR

Charges Against Davis Will Be Re-summed in New York on November 28

NEW YORK, Oct. 13.—The new trial of Senator James J. Davis on charges of conspiracy to violate the lottery laws of the United States has been set for November 28 after the presidential election.

A new trial for Davis here was ordered following the recent mistrial.

Halibut Arrivals

Phone Department Had Surplus Last Month of \$515.90

The city telephone department showed a surplus of \$515.90 on operation in the month of September, according to a report presented to the council last night by Samuel Massey, superintendent of the department. Estimated revenue for the month was \$3137.53 and expenditure \$2621.63.

Fraser Street Building Is In Dangerous State

The city council last night received a report from the city engineer that the Western Rooms building on Fraser Street was in a very dangerous condition and that it should either be repaired immediately or closed with a view to demolition. The owner of the building in Vancouver will be notified by wire, the council decided.

DR. EINSTEIN COMING OVER

Eminent German Scientist Has Accepted Life Contract in United States

BERLIN, Oct. 13.—Dr. Albert Einstein, eminent German scientist, will leave shortly for United States, where he will take up permanent residence, having accepted a life contract with an American scientific organization.

Relief Matters Given Airing By Council; No Ground Found For Discrimination Charges

Unemployed Hear Some Frank Talk From Mayor and Aldermen—Unreasonable Suggestions and Tactics Decried—Casey Will Not be "Bulldozed"

Giving assurance that the city was doing everything within its power to provide relief for unemployed men and their wives and families, reiterating its former stand that work should be required to be given for all relief that was disbursed and finding that no discrimination was being practised in connection with the conduct of relief work, the city council last night presented a unanimous reply to complaints on various matters that had been presented by the National Unemployed Workers' Association of this city. Incidentally, it was suggested to the association that unreasonable complaints and suggestions by individual members of the association could not be met by the city and would only serve to injure the cause in which the members professed to be working.

At the same time the council gave assurance that its sympathetic consideration would be given to all reasonable grievances and that everything possible would be done to rectify cases in which there were valid reasons for complaint.

In the presence of a large audience of unemployed, which included a number of women, the whole situation as regards unemployment relief was given a thorough airing. Speakers on behalf of the National Unemployed Workers' Association were T. W. Murphy, Charles Chapman, Mr. White and W. Kohornen.

The matter was introduced by the mayor who, in reply to a letter from the National Unemployed Workers' Association to the city council which was published in the Daily News on Tuesday, announced that the council was still of the unanimous opinion that relief should be worked for under reasonable conditions, with due notice being taken of cases where there was just reason that recipients of relief could not work, and that no one should be required to work a longer time each month than was reasonable. The council had found, the mayor continued, that there had been no discrimination on relief work against foreign-born workers or any other person and that all were being treated on a similar basis.

Council "Too Autocratic"

After the mayor had presented his report, the delegation was invited, if it desired, to address the council. Mr. Murphy objected at the city engineer having referred a matter of relief to the chief of police and charged the city council with having become "too autocratic altogether." The particular case being complained of, Mr. Murphy stated, was that of a married man with two children whose wife was ill and pregnant and who, for this reason, was unable to work out back relief as had been demanded. Mr. Murphy assured the council that the National Unemployed Workers' Association's grievance committee intended to interest itself in such cases and warned the council that "what had happened in Newfoundland might happen in any other place too."

Charles Chapman complained of children under 16 having to do heavy manual labor. Also, despite assurances, no clothing was yet available for children under relief. Mr. Chapman also complained of the accommodation provided unemployed single men in the government warehouse at Cow Bay. Mayor Orme replied that the (Continued on Page Two)

GRONAU ON WAY AGAIN

Will Continue Flight to Germany in Day or so on Gronland-Wal

RANGOON, Burma, Oct. 13.—Repairs to the Gronland-Wal, giant flying boat of Capt. Wolfgang von Gronau, German round the world flyer, and his three companions, are expected to be completed here within the next day or so after which the aviators will make their next jump into Calcutta in continuation of their homeward flight to Germany.

The Gronland-Wal sustained no structural damage as a result of the forced landing with a broken water pipe on the Indian Ocean 200 miles south of here.

ACTOR IS ARRESTED

James Hall Charged With Failure to Support His Wife in Connecticut

LOS ANGELES, Oct. 13.—James Hall, moving picture actor, has been placed under arrest here on a warrant from New Haven, Conn., charging him with failure to support his wife, Mrs. Irene Hall.

Hall claims that he has been unjustly arrested, asserting that he has made regular payments of \$200 per month to his wife as agreed upon when they separated a couple of years ago.

DIRECTOR SUICIDES

George Davidson Believed to Have Brooded Over Wife's Attachment of His Salary

HOLLYWOOD, Oct. 13.—George A. Davidson, a director for the Fox Film Corporation, who was found shot to death early this week, has been found to have committed suicide. It is believed that despondency over the act of his former wife, Thelma Roberts, in attaching his salary led to his rash act.

DATE SET FOR WORLD ECONOMIC CONFERENCE
LONDON, Oct. 13.—February 20, 1933, has been set as the date for the opening of the world economic conference. Invitations have been extended to many nations to participate.

DAILY EDITION Thursday, October 13, 1932

GOOD MEN MISSED

Yesterday we published an article dealing with the mayoralty possibilities for next year. The writer of that article was simply looking over the field as he saw it and it was not intended to include every possibility.

A NEW PUBLICATION

Up to last week there was only one horticultural journal published in Canada and it was in Toronto. A Vancouver publisher has now stepped into the field and put out the first number of "The Garden Beautiful."

The publication is a very creditable one. The cover is artistic, the articles informative and well illustrated, and the advertising of value to the flower grower.

WHO WILL PAY?

If there is to be a bonus paid on the production of wheat, who is to pay the bonus and from what source will the income come? The farmers are asking for aid this year but they are just as well off as the other people in the country.

Relief Matters Given Airing By Council; No Ground Found For Discrimination Charges

(Continued from Page 1)

council had already gone as far as it could in the matter of relief. The city had not yet received the two-thirds share from the governments covering the past two or three months.

Ald. Pillsbury, chairman of the board of works, pointed out that not more than 12 days' work a month was asked of any man on relief although some men had asked for more and had been given it.

Engineer Explains

City Engineer F. N. Good stated that certain men on relief had asked that their sons be allowed to work with or for them. There were, however, no boys under nineteen so working as far as he was aware.

Ald. Macdonald declared that Mr. Murphy should be aware of the fact that the city was doing all within its power to meet the situation. In addition to expending as much as could possibly be done with the resources possible, the Prince Rupert council, he believed, had taken a stronger stand than any other in the province in support of demands on behalf of the unemployed.

City Engineer F. N. Good described one of Mr. Murphy's statements as an "absolute lie" and demanded that it be proven. All relief workers were being treated on an equal basis, said Mr. Good.

Mr. White, another member of the delegation, made certain sugar comments about "discrimination" and "monopolies" and that some relief workers were given better jobs than others and some were not being required to work out back relief.

W. Kabanen asserted that the city engineer had told him that he must work all month to make up for back relief. This it was impossible for him to do owing to his wife's condition.

Ald. Casey declared that he, and he believed other members of the council, were doing their level best to meet the requirements. However, it seemed that nothing the council could do would satisfy certain individuals among the unemployed. The unemployed today, Ald. Casey pointed out, should remember that they were not the first who had had to endure hardships. As for himself, Ald. Casey declared that he stood for no discrimination and he believed that was where all other members of the city council stood.

His Washed Clothes Too "I have raised a family and worked on the streets of Prince Rupert," declared Ald. Casey, "when my wife, with five children, was sick I have gone home at night and washed clothes for the family."

"It is no use for the unemployed to come and tell us a lot of this stuff," continued Ald. Casey. "I have been through lots of it myself. If anyone thinks he is going to bulldoze his way through this council, I am here to tell him that it cannot be done. There is no need to come here and try to bulldoze the crowd. Mr. Murphy's suggestion that show-

driving is being practised in the city for anybody's aggrandizement is not a fact.

"I have fought as hard for the rights of labor as Mr. Murphy ever has or ever will do. I would remind him that he should apply more reason to his arguments if he is going to convince his public.

"If it is impossible for some men to work for their relief, if it is necessary for some of them to stay home and look after the children, let them produce the evidence to us and we will consider their case."

After Mr. Murphy had suggested that Ald. Casey might have worked in the interests of labor in the past but he questioned if he were doing it now, Ald. Macdonald rose to his feet to pay tribute to the work of Ald. Casey on behalf of the laboring classes.

Ald. Rudderham stated that he was supposed to be a labor man but he had yet to learn of any accredited labor organization advocating that a man should get something for nothing. If evidence could be produced of discrimination being practised, he for one, would see that there was no more of it.

Demands Impossible

After a report from the relief committee finding that five demands from the National Unemployed Workers' Association having principally to do with relief allowances were impossible, the mayor referred the council to the next order of business of the agenda.

Canada's Permanent Character. There is iron and rock in the veins of Canada, as well as gold and silver. The stern and heroic qualities that conquered a wilderness and built a Dominion, united from Ocean to Ocean, still predominate in Canadian character. The Bank of Montreal was the first permanent Bank in Canada. Having successfully co-operated with this country's people and business through the ups and downs of 115 years, the Bank today faces the future firm in its faith in the permanency of Canada's progress and the character and resourcefulness of the Canadian people.

Objection to High Curbstone Made

Petition Presented to City Council on Behalf of Owner of Federal Block

G. F. Tinker & Co. Ltd. had a communication before the city council last evening requesting that something be done in the matter of the condition of the street in front of the Federal Block where the curb is some two feet above the surface of the roadway, making it very inconvenient for pedestrians and cars.

W. D. Vance left on yesterday's train for a brief trip to Terrace. He is expected to return to the city on tonight's train.

Support Farmers of Central B. C.

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind and asking merchants for Central B. C. products whenever possible.

PREECE IS PRESIDENT

Local Canadian Legion to Observe Remembrance Day Fittingly

The half-yearly meeting of the Canadian Legion, British Empire Service League, took place last evening in the clubrooms with President William Wilson in the chair and a large attendance of members.

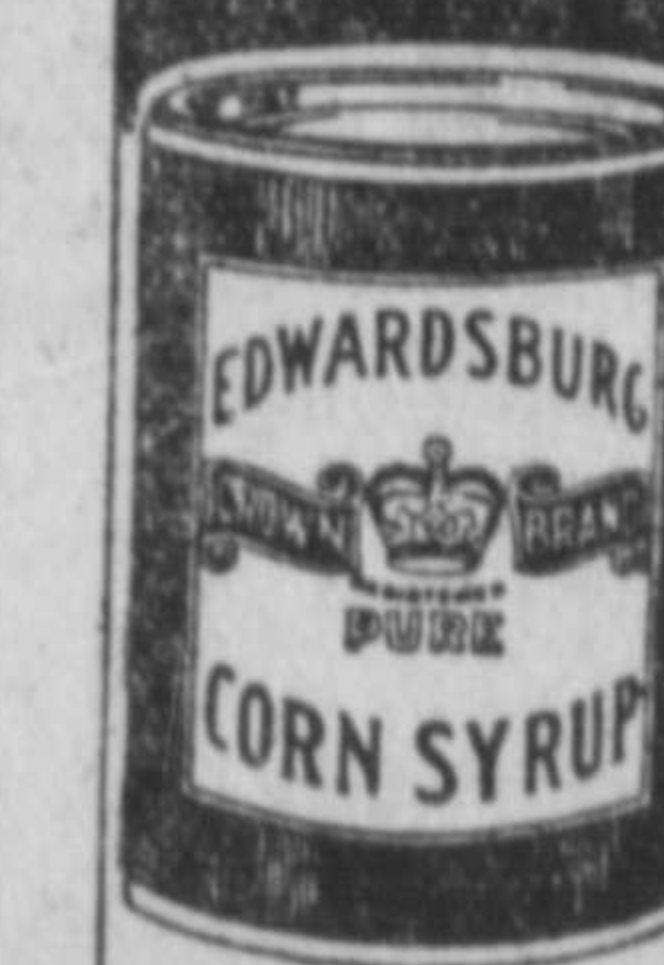

Preparations for the celebration of Remembrance Day were considered. The passing of the year makes this day more and more important in the memory of the returned men especially and it is planned to have a ceremony as impressive and as memorable as it was last year. It was mentioned that the Book of Remembrance, which is being prepared by the Department of National Defence and which will contain the names of all members of the Canadian Forces and Canadians in the Forces of the British Empire who lost their lives from war cause, will contain approximately 68,000 names.

Permission will be sought from the city council to hold Poppy Day tagging on Saturday, November 5.

The election of officers for the ensuing six months resulted as follows:

- Honorary President—Col. C. W. Peck, V.C., D.S.O.
- Honorary First Vice-President—Major John McGregor, V.C.
- Honorary Second Vice-President—Lieut. Col. S. P. McMordie, D.S.O.
- President—Jack Preece.
- First Vice-President—W. Rance.
- Second Vice-President—R. T. Anderson.
- Executive—M. M. Lamb, H. Killin, J. Collier, H. Thrupp, S. A. Bird and R. E. James.
- Trustees—Thomas Silversides, S. A. Bird and J. S. Wilson.
- Auditor—C. V. Eviitt.
- Votes of thanks were accorded the retiring president and members of the executive.
- Captains of the Legion crib and whist teams were chosen as follows: Crib Team—M. M. Lamb.
- Whist Team—C. L. Barker.

Budd'ng Tennis Stars Are Sisters

Tiny tennis tots are promising players, and they're all sisters. Prudence Love is four, Hannah is seven, Ruth eight, and Mary is eleven. They are being coached at the Mortlake Club and have Wimbledon ambitions.

SOFTBALL AT HIGH SCHOOL

Hanson Senators Broke Winning Streak of Morgan Pirates

The Morgan Pirates suffered their first reverse of the season at the hands of the Hanson Senators in the High School Softball League yesterday when they were beaten 8-2.

The Senators played a good game behind the steady pitching of Allen while the Pirates' infield and pitcher were in their usual form. Featured by heavy hitting on the part of the Senators, the game was, on the whole, a good exhibition. The Senators were at no time in danger of losing the game although the Pirates put up rallies in the last two innings.

The Hanson Senators, although being at the bottom during most of the early season, have now won two straight games and climbed into fourth place. The Morgan Pirates, although losing the game, are still in first place.

Pirates—Welle, 1b.; Lindsay, 3b.; Kanaya, p.; Morgan, ss.; Campbell, c.; Emmerson, cf.; Annesley, 2b.; Fisher, lf.; Dominato, cf.; Orme, rf. Senators—Bussanich, 1b.; Allen, p.; Santurbane, 3b.; Hanson, ss.; Christison, c.; Ross, 2b.; Dell, cf.; Smith, lf.; Small, rf.

The game was ably umpired by R. Obata and Y. Kishimoto. Scorekeeper—B. Cross.

CRIBBAGE SCHEDULE

Cribbage schedule for the first half of the 1932-33 season is announced as follows:

October 17
Canadian Legion vs. Seal Cove.
Empress vs. Moose.
Eagles vs. I. O. O. F.
Grotto vs. Swift.
Elks vs. Musketeers.

October 24
Canadian Legion vs. Empress.
Seal Cove vs. Moose.
Eagles vs. Grotto.
I. O. O. F. vs. Elks.
Swift vs. Musketeers.

October 31
Canadian Legion vs. Moose.
Seal Cove vs. I. O. O. F.
Empress vs. Eagles.
Grotto vs. Musketeers.
Swift vs. Elks.

November 7
Canadian Legion vs. Eagles.
Seal Cove vs. Grotto.
Empress vs. Elks.
Moose vs. Swift.
I. O. O. F. vs. Musketeers.

November 14
Canadian Legion vs. I. O. O. F.
Seal Cove vs. Eagles.
Grotto vs. Elks.
Empress vs. Swift.
Moose vs. Musketeers.

November 21
Canadian Legion vs. Grotto.
Seal Cove vs. Empress.
I. O. O. F. vs. Swift.
Moose vs. Elks.

GIRLS' CLUB ORGANIZED

Miss Rose Rice Named President of High School Body

The first meeting of the High School Girls' Club was held last night for the purpose of electing new officers. The meeting opened with a short talk by Miss Dimock welcoming the prelims and giving them a general outline of the past activities of the club. The meeting was then thrown open for elections and the following officers were chosen:

Honorary President—Miss Dimock.
President—Rose Rice.
Vice-President—Jean Ritchie.
Secretary—Maxine Heilbronner.
Social Representative—Creddy Morgan.
Literary Representative—Kay Watson.
Athletic Representative—Luelle Brooksbank.
Reporter—Pat McAllister.

The meeting closed with a promise for a very interesting season with the opening meeting on Saturday, October 29.

"Compared to the limited, restricted yesterdays of the so-called Romantic ages, today is an Arabian night's dream come true."—Fannie Hurst.

"ALL THAT'S GOOD IN CIGARETTES"

Debating Society Is to Be Formed

Moose Lodge Decides to Sponsor Organization—Mooseheart Day to Be Observed Oct. 27

The Moose Lodge, at a meeting last night, decided to form a public debating society in Prince Rupert. Another meeting is called for Friday evening to proceed with further organization.

The Lodge decided to observe Mooseheart Day, as usual, on October 27.

SCRIP IS DISCUSSED

(Continued from Page 1)

time, he believed it was possible to purchase goods just as reasonably in white as in Oriental stores.

Ald. Pillsbury opposed the scrip system for the reason that it was more expensive and for the second reason that it might lend itself to abuse by giving people the opportunity to purchase other than necessities. He felt the orders as issued at present might be left blank.

Ald. Casey was in favor of the scrip system because it would give increased purchasing power to recipients of relief. He did not believe the system would be so much more expensive. Anyway, it would be easy to change back.

Ald. Black feared abuses under a scrip system. Under the present system, the city had a check on where the money was going.

Ald. Rudderham was in favor of giving the scrip system a trial for a month.

It was moved by Ald. Casey, seconded by Ald. Macdonald, that, in the event of the cost not exceeding \$70 per month, the scrip system be given a trial. This motion was withdrawn later when a suggestion of Ald. Lunzey that comparative costs of the scrip system and the present grocery order plan be obtained was adopted.

CANADA GIVEN WIDE VARIETY OF PREFERENCES BY GREAT BRITAIN; CONCESSIONS ARE MADE IN RETURN.

(Continued from Page 1)

ing canned salmon, codfish, oysters, cod liver oil, etc., enter the United Kingdom free.

Free entry into the British market with preferences extended from ten to fifteen percent ad valorem on mineral products including copper, asbestos, zinc, lead, nickel, gypsum, feldspar, etc.

Regulation of the British bacon market and arrangement whereby free entry of Canadian hams and bacon of good quality up to 2,500,000 hundredweight per annum will be concluded.

Free entry into the United Kingdom market of creamery butter for three years as against fifteen shillings per hundredweight general tariff and preference margin of fifteen shillings per hundredweight during the life of the agreement.

Free entry for Canadian cheese into the British market for three years with preference margin of fifteen percent during currency of the agreement.

Free entry into the United Kingdom of fresh apples as against a duty on foreign apples of four shillings and sixpence per hundredweight.

Canada also receives a preference in various fresh and canned fruits.

Free entry into the United Kingdom market for three years certain to Canadian eggs in the shell as against certain specific duties against foreign eggs.

Free entry for the following Canadian grain and grain products with a ten percent ad valorem preference: wheat, flour, rye, oats, peas, clover seed, hay, bran, shorts, middlings, oatmeal and rolled oats.

Free entry for Canadian wheat as against a general tariff of three pence per bushel on foreign wheat.

RESOLUTION ON SILVER

City Council Agrees With Proposal of Casey Motion But Decides to Have it Redrafted

The city council, at its meeting last night, concurred with the spirit of a resolution proposed by Ald. Casey urging the establishment of silver as a factor in the present world depression and that there were certain elements in the resolution as originally drafted which might hamper the action of the proposals if passed without revision and, therefore, with the consent of Ald. Casey, decided to have the resolution redrafted by the mayor and city clerk and brought back to the council at its next meeting for final consideration.

Ald. Casey, in speaking in support of the resolution, held that the steady employment of the masses of the world who unfortunately were not benefited by the silver solution, might be increased, making money available to the world. This was a view which was shared by many of the best brains of the world.

The resolution also supports a proposal to hold a world conference.

After some discussion, the council have the resolution redrafted and reached on motion of Ald. Casey and Ald. Pillsbury.

IT'S THE BUNK

ADVERTISING COPY

MUST BE IN EARLY
Copy for display advertisements should be in the hands of the printers not later than 3 p.m. the day prior to publication. This is necessary to enable best positions to be secured.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

MANY LINES OFF MARKET

Preserving and Pickling Season About Over—Turkeys Here at Reasonable Price

A number of lines of seasonal fresh fruits and vegetables have made their disappearance from the local retail market and the season for preserving and pickling is now about over. Concord grapes, pears and crab apples are, however, still in and housewives are being advised to purchase their supplies of Concord grapes without further delay while the quality is still good and the supply plentiful. The season for this fruit is not a long one. The first cranberries of the season are now in.

First turkeys of the season are now here in readiness for Thanksgiving next Monday. The price is 35c per pound which is lower than usual for the opening.

Retail prices current here at present are as follows:

| | | | | | | |

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

New Switchboard At Storage Asked

City Council Decides it Cannot Afford To Make Expenditure At This Time

On recommendation of the utilities committee, the city council last night decided that, in view of existing conditions, it would be impossible at present to meet the

request from the Canadian Fish & Cold Storage Co. for the installation of a new and up-to-date telephone switchboard at the company's plant at Seal Cove. The suggestion will be made to the company that the making of the installation might be considered again by the council at a time when conditions were more favorable from a financial standpoint.

The application of the company for a new switchboard stated that the present one had become obso-

lete and unsuitable and a more modern and compact one was desired. The company has paid rental to the city for some ten years for the present switchboard.

W. Gilbreath of Claxton will sail tonight on the Prince Rupert for Vancouver, accompanying the remains of the late Angus McAllister, who passed away on Tuesday in the Prince Rupert General Hospital and whose funeral will take place in Vancouver.

INSULL IS LIBERATED

Financier Wins Fight For Bail in Ontario—Brother is Still in Greece

BARRIE, Ont., Oct. 13.—Martin Insull of Chicago, arrested as a fugitive from justice for the authorities of Cook County, Illinois, has won his fight for freedom on bail which was granted in the sum of \$50,000. Insull is unwell and his wife spent much of the time at the jail with him before his release. He must appear in court on November 14 when it is expected extradition proceedings will be started.

WASHINGTON, D.C., Oct. 13.—Samuel Insull, wanted in Chicago on larceny charges, having been traced to Greece following his disappearance from Paris, the State Department has instructed the United States legation at Athens to take steps towards Insull's extradition.

CHICAGO, Oct. 13.—Samuel Insull was located in Greece as a result of the tracing by the Cook County police of a number of code telegrams received during the past few days in Chicago.

ATHENS, Greece, Oct. 13.—Samuel Insull, held here awaiting extradition to United States on larceny charges, proclaimed his innocence of wrong doing, declaring that he has lost \$30,000,000 of his own money in his Chicago businesses.

Insull expressed his willingness to return to the United States to face trial after the presidential election. He asked to be allowed to remain in Athens for another month in order that he should not be offered as a "sacrifice" in the election campaign.

While under technical arrest, Insull is not actually imprisoned and is staying in a small but fashionable hotel. He is permitted his freedom although he is being kept under surveillance by secret service men. Unless a formal warrant and application for deportation arrives here soon from the United States, it is possible he may be released altogether by the Greek authorities.

PARIS, Oct. 13.—Prostrated following the arrest of her husband in Athens, Mrs. Samuel Insull, up to a short time ago a brilliant social leader in Chicago, is confined to her bed in an obscure hotel here. She is so ill that only her maid and her son, Samuel Insull jr., are permitted to see her.

Is Given Liberty

PARIS, Oct. 13.—It was reported here last night that, at the intervention of Sir Basil Zaharoff, "mystery man of Europe," Samuel Insull sr. had been given his complete liberty from custody by the Greek authorities at Athens on the grounds that no extradition agreement between United States and Greece is in effect.

ACTION IS APPROVED

City Council Backs Up Chamber of Commerce in Efforts to Have Fish Service Improved

The city council last night, on motion of Ald. Casey and Ald. Colart, concurred in action which has been taken by the Prince Rupert Chamber of Commerce with a view to having an improvement effected in railway service for shipments of fish products from Prince Rupert to the eastern markets.

A letter from Arthur Brooksbank, secretary of the chamber, explained in detail how a slowing up in service which had resulted from the present mixed train schedule was working to the detriment of this port in the matter of fish shipping and to the advantage of Seattle. The chamber has taken the matter up direct with head officials of the Canadian National Railways and Canadian National Express Co.

SOCIALISM DISCUSSED

George Murray and T. J. Shenton Shenton Speak Before Toc H.

Labor as set forth and represented by the Socialist Party of Canada formed the subject of addresses before Toc H. last evening by George Murray and T. J. Shenton.

The gist of the addresses was an exposition of the fundamental principles of Socialism and the application of Socialistic principles to the production and distribution of wealth; in the interest of life instead of profit. Redress of present grievances in the establishment of a governmental administration based on the principles of the collective ownership of the means of wealth production and an equitable distribution of the same were urged.

The membership entered into a lively questioning of the varied points of the addresses of the speakers.

Miss Lottie Bowron of Victoria, welfare officer for the Department of Education, who is on a tour of this district on official duties, left on yesterday morning's train for Smithers.
