GANDHI GOES TO PRISON FOR SIX YEARS IS SENTENCE OF COURT

Taylor Murder Mystery Deepens With Arrest of Former Soldier of Canadian Army at Mexicali

LOS ANGELES, March 18.—A Times despatch says that a Canadian soldier, whose name is not given, has been arrested at Mexicali, Lower California, and will be returned here to be charged with the murder of William Desmond Taylor, the moving picture director, who was mysteriously murdered at Hollywood some weeks ago.

The police decline to discuss the matter, but rumor says that a letter received from England tells of a statement made by Taylor to friends during the war that a sergeant in his unit had threatened his life. The man who made the threat was found to have been in Los Angeles at the time of the murder and was traced to Mexicali, where a rancher identified him as a man whom he had overheard talking about a captain in the Canadian army who would be "plugged" because he had had certain of his men sent up during the war.

GANDHI GIVEN SIX-YEAR TERM

Indian Leader Sentenced by Court on Charge of Sedition in India.

AHMEDABAD, Mar. 18.—Mahatma K. Gandhi, the Indian non-co-operationist leader, and the cause of much of the present unrest in India, who was recently arrested on a charge of sedition, was sentenced today to six years' imprisonment without hard labor.

EVERYONE MUST FILE INCOME TAX RETURNS

For the guidance and information of the general public the following particulars relative to the Dominion Income Tax Act have been compiled, and can be considered as reliable:

Any single person who has earned \$1000 or more during the calendar year 1921 must file a return.

Any married person who has earned \$2000 or more during the calendar year 1921, whether taxable or not, must file a return.

These returns must be filed on or before April 30, 1922. Failure to comply with this requirement makes the taxpayer subject to a penalty.

A partnership is not required to make a return of the business operations, but each member of the partnership must file an individual return, showing a statement of profit and loss of the partnership and showing his proportion of the profits together with all income from other sources.

Any person or company employing help, must make a return of all persons who have been paid \$500.00 or over in the calendar year 1921. This return must be filed not later than March 31, 1922, subject to a penalty of \$10.00 for each day of default.

It is pointed out that forms are sent out by the Inspector of Taxation. It is incumbent upon every person, liable to file returns, to obtain the forms and file the same. Claims of ignorance of the requirements of the act in regard to the filing of returns will not be considered in respect of the waiving of penalties under any circumstances.

COPPER RIVER COAL DISPUTE

Judge Refuses to Make Order of Court Accepting Development Work on Claims.

CREDITORS' MEETING.

VANCOUVER, Mar. 18.—When Mr. Justice Murphy yesterday was asked to approve some 2000 feet of diamond drilling on the Copper River coal claims near Hazelton he said: "This is too much responsibility for me. Why should I, who have not put a dollar into the property, decide on the development work when the people who put \$300,000 into it have not a say in the matter?"

The judge ordered a meeting of creditors called within two weeks. The English creditors are to be represented by proxy holders.

SAMUEL TO RESIGN

LONDON, March 18.—It is understood that Sir Herbert Samuel, high commissioner in Palestine, will shortly resign on account of ill health.

SCOUT HALL AT SMITHERS

Building to Be Completed This Spring and Will Then Be Unique.

SMITHERS, March 18.—The Scout Hall here, which is of unique log construction, will be completed this spring. This will form one of the finest Boy Scout homes in northern British Columbia, and will be completely fitted with gymnasium and other devices to cater to the moral and physical welfare of the young citizens and provide them with healthy recreation.

The roof is trussed in such a manner that it permits of an entirely clear floor space and enables all the trapeze and gymnastic apparatus to be hung in with the ceiling. The hall measures 24 feet by 30 feet.

The ground was presented by E. E. Orchard, proprietor of the Bulkeley Hotel, and the cost of construction was borne by public contribution. The scouts contributed to the cost by holding dances and other forms of entertainment and thus raising funds on this behalf. The badge of the scouts will be placed in effigy on the front of the building and will be ornamented with electric lights. The grounds around the building will be enclosed with a rustic fence forming the parade ground, which will in turn be surrounded with flower beds giving the whole a very pleasing and colorful effect.

ITALY SENDS NOTE TO GREECE MAKING VARIOUS DEMANDS

ROME, Mar. 18.—Italy has sent a new and energetic note to Greece demanding the release of the steamer Abbazia and complete satisfaction for recent incidents and seizures.

The Canadian National steamer Prince Albert was stormbound yesterday at the Queen Charlotte Islands and did not return last night as expected. The vessel will be in this afternoon and will sail at 10 o'clock this evening for Stewart.

Vancouver Won First of The World Championship Hockey Series at Toronto

TORONTO, March 18.—Playing under eastern rules, Vancouver Millionaires defeated St. Patricks four to three in the first game of the Stanley Cup playoff, which calls for three victories to gain the world's championship.

Adams scored three goals for Vancouver and Mackay one. For Toronto, Dye scored twice and Randall once.

The game was fast and clean, with Toronto depending on the combination rushes and Vancouver specialising on individual rushes, backed by the marvellous defense work of which Hughie Lehman in goal was the chief factor and easily the star of the evening.

LLOYD GEORGE TO SIT TIGHT

Official Statement Says That He Will Not Resign but Will Go to Genoa.

LONDON, Mar. 18.—An inspired official statement issued from government quarters last night states that Lloyd George will not resign. He will complete his holiday at Criccieth before leaving for Genoa to represent Britain at the economic conference.

DRAYTON GETS BACK AT GOVIN

Defends Railway System And Says It Was Laurier That Built the Railways.

OTTAWA, March 18.—Sir Henry Drayton, former minister of finance, rebutted the speech of Sir Lomer Gouin made in the House of Commons yesterday by defending tariff protection and the National Railway system. He denied the charges that the British Empire Steel Corporation merger had been backed by the Government, pointing out it was Nova Scotia which incorporated the corporation.

Sir Henry said it was the Liberal regime of Laurier which was responsible for the building of the railways.

EQUIPMENT FOR NEW RAILWAY AT ANYOX ARRIVES THIS WEEK

Equipment which will be used in the building of the railway to give access to the new dam which is being built by the Grand Consolidated Mining, Smelting and Power Co. at Anyox was brought north this week on a company freighter from Vancouver. It consists of ties, poles, rails and a quantity of electrical apparatus. The rails were used during the construction of the Hudson Bay Railway for the purpose of bringing out ties and trestle timbers.

REGINA VICTORIAS ARE IN TORONTO TO PLAY IN CUP FINALS

TORONTO, March 18.—The Regina Victorias, finalists in the Allan Cup series, arrived here this morning from Winnipeg. They will play next week with the winners of the Toronto-Ottawa series for the Allan Cup and the Canadian amateur championship.

DRY SQUAD DENVER MAKE MANY ARRESTS

Seventy-one Men and Nine Women Were Arrested in Downtown Raid Last Evening.

DENVER, Mar. 18.—Eighty-three persons, including nine women, were arrested in a wholesale raid by the liquor squad in the downtown district last night. The places visited by the officers included hotels, restaurants and soft drink parlors.

MINNEAPOLIS, March 18.—Charles W. Case, aged 87, a pioneer railroadman and formerly manager of the Great Northern Railway, died today.

PRINCE OF WALES SAILS FOR JAPAN

Karachi, March 18.—The Prince of Wales has concluded his long tour of India commenced last autumn. He sailed yesterday on the battle cruiser Renown for Japan where he will be the guest of Crown Prince Hirohito, who is regent of that country. He was given an enthusiastic sendoff where he left here.

IRISH COUNCILS ARE BEING SUPPRESSED

Commissioners Are Appointed to Discharge Duties Instead of Them.

BELFAST, Mar. 18.—The Ulster Home Office in the last 48 hours has suppressed five local bodies in six county areas, all having Sinn Fein majorities and regarded by the northern government as recalcitrant. Commissioners have been appointed to discharge the duties in place of the councils.

GOVERNMENT OF MANITOBA HAS RESIGNED

Governor Will Confer With Leaders of Other Parties Before Taking Action.

WINNIPEG, March 18.—The Norris Government of Manitoba, which early in the week was defeated in the Legislature, has resigned. The Governor will probably confer with the leaders of other parties before deciding on its acceptance.

There is at present no party with a majority in the Legislature and it is very probable that an election will have to be held to clear up the deadlock.

VISCOUNT PEEL SECY. FOR INDIA

Succeeds Edwin S. Montagu in British Government Following Lord Derby's Refusal.

LONDON, Mar. 18.—Viscount Peel, former under-secretary for war in the air ministry and Chancellor of the Duchy of Lancaster in the present ministry, has been appointed secretary of state for India, succeeding Edwin S. Montagu, who resigned last week. Lord Derby refused the office.

JUNIOR HOCKEY IS NOW BEING PLAYED

Fort William Wins Against Aura Leas of Toronto.

FORT WILLIAM, Mar. 18.—The Aura Lee team of Toronto, eastern junior hockey champions, lost the chance of the junior championship when they lost to the Fort William War Veterans in a sudden death game. The score was three to five. Fort William now plays off with the winners of the Manitoba-Saskatchewan series.

MR. BUTT RETURNS TO OLD COUNTRY

Mr. and Mrs. H. A. Butt and family sailed this afternoon on the Princess Beatrice for the south enroute for St. John, New Brunswick, where on March 31 they will embark on the Minnedosa returning to their home in the Old Country. Mr. Butt has been here for over a year as Dominion Government representative at the local shipyard while the Canadian Government Merchant Marine steamers, Canadian Scottish and Canadian Britisher were being built.

AMBASSADOR WASHINGTON

Berlin Thinks That Managing Director of Krupps Will Accept Post.

LONDON, Mar. 18.—The fact that Herr Wiedfeldt has resigned his post as managing director of the Krupp Co. is regarded in the German capital as an indication that he has accepted the invitation of the government to become German ambassador to Washington, says the Berlin correspondent of the Morning Post.

W. P. HINTON MAY YET HEAD THE RAILWAYS

VICTORIA, March 18.—W. P. Hinton, former vice-president and general manager of the Grand Trunk Pacific, is in Victoria on a holiday and personal business trip. He started his railway career 35 years ago in the service of the Canada Atlantic and went to the Grand Trunk when the roads were amalgamated.

It is predicted that Mr. Hinton will be called in to help handle the Canadian National Railways when the new Government and its Minister of Railways, the Hon. W. C. Kennedy decide on their railway policy. Until recently he has been associated with railway administration of the G. T. P. as technical adviser to the receiver.

DAILY EDITION  Saturday, March 18, 1922.

Deeply Indebted to Visitor.

The people of Prince Rupert are deeply indebted to Miss Helen Stewart of Victoria for the able manner in which she has presented the library issue here. She has worked hard all the time since she arrived, addressing four or five different gatherings in one day and having consultations over methods of getting a library started and carrying on. In addition to that she has met a great many people personally and has had one topic of conversation. Her services have proved invaluable. In order to come here she had to square herself with the management of the Victoria library, where she is librarian. Her payment will be the knowledge that in Prince Rupert her services have been appreciated. There is every indication that on Wednesday next the library bylaw will pass and that the ideals which Miss Stewart has been telling about will commence materialization here.

Value of Good Books Mentioned.

The Winnipeg Free Press in a recent issue says editorially: "Good reading is one of the most potent factors in life. The habit of reading has both instructional and cultural value, and in its effects has a decidedly utilitarian value. One of the business men of Winnipeg who takes a strong personal interest in boy life tells about a great change that came in his life after listening to a lecture on books and reading by one of the provincial premiers of the last generation. From that time he dropped the sensational and fanciful type of reading and procured 'My Schools and School Masters,' by Hugh Miller, and Macaulay's 'History of England.' These gave him a new and greater interest in life and in the problems of his country and citizenship. 'The cultivation of good reading is all the more necessary in these times when there is so much current literature available. For real mental discipline and culture, continuity and concentration of thought on a subject is needed. 'Merely indiscriminate reading of any kind,' said Dean Farrar, a man of wide culture himself, 'should be resolutely abjured. The hasty, omnivorous swallowing of all kinds of intellectual pabulum will as certainly produce mental dyspepsia as thoughtless gluttony will ruin the physical digestion.' A few standard authors well read will prove an invaluable help in securing an education that will really function."

Head of University Coming Tomorrow.

The head of the British Columbia University, Principal Klinek, is expected to arrive here tomorrow evening and will address the Canadian Club and also speak under the auspices of the Elks. As head of the institution of advanced learning in this province, Principal Klinek should command large audiences and what he has to say should prove of great value to us. He is an able speaker and an authority on many subjects.

We all take a pride in British Columbia if we are worthy of our Canadian citizenship, and of the Canadian institutions one of the most important is the university. Many of the leading men of the next generation will get their inspiration there. It is an institution which we all help to keep up and which we all may utilize. It should be worth a great deal to meet a man with such a standing in the province.

Sir Lomer Gouin Faithful Follower.

After being premier of the province of Quebec for many years Sir Lomer Gouin is content to fall in behind Premier Mackenzie King and serve his country in that capacity as he served in the other. As head of the Quebec government he was a little king. Now he has to give way to another leader and show that loyalty which he formerly demanded of others. That is democracy.

Sir Lomer has for many years been an outstanding figure in Canada. His presence in the Dominion government adds strength to it. The broad sympathies of this French-Canadian will aid in the unification of the Canadian nation by suppressing those racial and religious barriers which cause so much heart burning. The declaration by Sir Lomer yesterday that he was in full accord with the Liberal policy of his leader was what might have been expected from so big a man.

ANYOX AFFAIRS ARE DISCUSSED

Daylight Savinn and School Matters for Consideration—Kelly Sports Secretary.

ANYOX, B. C. March 18.—The Anyox Community League held the regular meeting Wednesday evening, the President, G. Willis-croft in the chair. The policy of the coming sports season was outlined and it was announced an attempt will be made to make all recreational endeavors self-supporting.

It was decided to appoint Frank M. Kelly of Victoria to be the new secretary, and he is expected to report for duty on or about April 1.

A referendum is to be held on April 8 to decide the question of the adoption, or otherwise, of a daylight saving bylaw for the town, the idea being that it might give the community a longer evening for recreation.

Arising out of a report by the home and school section of the league regarding the school situation which has been brought to a head recently owing to the resignation of one of the teachers, the council decided to call a public meeting when the inspector, H. C. Fraser, who is expected in town shortly, will be invited to be present. The council decided that the whole matter needed very careful attention and this meeting would enable the public to express their views on the matter, this meeting to be called as soon as definite word is received of the arrival of Mr. Fraser.

Ten Years Ago in Prince Rupert

The city of Prince Rupert is offering a reward of \$200 for information leading to the conviction of the person who sandbagged Rev. W. H. McLeod a few nights ago.

Fred Renworth and W. J. Jefferson are opening up a new shoe store in the Smith Block.

Ald. Montgomery, Socialist candidate in the provincial election contest, was heard at an enthusiastic meeting in the Majestic Theatre last evening.

SMITHERS IS PROGRESSING

Population Shows Steady Increase and Improvements Are Following.

ELECTRIC LIGHTING SOON

Shortage of Houses Likely to Be Remedied During Coming Season.

SMITHERS, March 18.—The Municipality of Smithers is working at high pressure to get the town affairs into smooth running order. The town assessor is busy at present re-assessing properties. Three commissioners are responsible for the affairs of the municipality: J. R. McIntyre, chairman of the commission; N. P. Moran and George Wright, commissioners, while F. Ockleshaw is clerk and treasurer to the municipality.

Buildings.
 During the past year building was very active in Smithers despite the fact that building costs were high, some \$200,000.00 having been expended, the majority of which was outlayed on the building of residences to accommodate the ever increasing population. Even with this healthy expenditure there still exists a shortage of houses.

Present indications point to the coming season far exceeding this amount in building which augurs well for the future growth of this thriving town.

Hospital.
 The Bulkley Valley Hospital accommodation is proving inadequate, and while splendid work is being done by the superintendent, Doctor C. H. Hankinson, and his staff they are considerably handicapped for the lack of room. It is anticipated that in the near future a nurses' home will be built and that additional space will be provided for the hospital.

Electric Light.
 While the electric light undertaking is practically completed, in that the poles have been erected and the houses, hotels and stores are wired ready to receive the "juice," as soon as the Canadian National Railway have the dynamo installed, unfortunately a long delay is being caused through the non-arrival of the necessary machinery to complete the plant. However, the directors of the Smithers Electric Company have the matter well in hand, and it is anticipated that the plant will be completed and the town brilliantly lighted in the near future.

School.
 Smithers has an up to date superior school combining high school and second year secondary public school teaching, under the direction of C. R. Essey, principal, assisted by Miss H. I. Sangster, Miss J. Sangster, and J. Wilson. Between 100 and 120 pupils are on the attendance lists, and three teachers are engaged in the public school in addition to the principal who teaches the entrance and high school classes. It is expected that the number of students passing the entrance examinations this year will demand a special high school teacher being engaged. The teaching staff has been increased from one to four teachers in the last three years, and an addition to the school building of two extra class rooms was opened last September.

CANADIAN CLUB

Only Members in Good Standing to Be Allowed to Attend Luncheon.

At a meeting of the executive of the Canadian Club on Thursday afternoon it was decided to sell tickets only to members of the club unless it was found that there were insufficient tickets sold when outsiders might be allowed to purchase them. It was not expected that there would be any available outside of members as there are already 150 members in good standing and for such a prominent man as Principal Klinek of the University of British Columbia there would surely be a demand.

It was further pointed out that no person was a member of the club who had not paid his dollar dues this year in addition to the price of the luncheon ticket.

The club decided to adopt the version of "O Canada" used by the other Canadian clubs and the Rotary Clubs and not the one used in the public schools at present. A letter from the Minister of Education stated there was a proposal to change the version authorized for the schools but no official action had yet been taken.

The luncheon to Principal Klinek takes place on Monday at the St. Regis rooms upstairs at 1 o'clock.

Fred Hale returned this morning on the Princess Beatrice from Ocean Falls.

ELKS' TAG DAY NEXT SATURDAY FOR RELIEF

The Elks have arranged with the city council to hold a tag day on Saturday of next week for the purpose of raising funds for the relief of those requiring aid in the city. It has been found that the relief work of the organization is too heavy a drain on the funds and it has been decided to once more appeal to the general public for help.

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

Full tides and stormy weather have prevented the fish catch coming up to the expectations of the Admiral of the Mosquito Fleet this week, and while the morale of the crews is a trifle strained through these circumstances, and St. Patrick's Day celebrations no untoward happening have been reported to the Admiralty offices. Some five cars of fish have been packed and shipped this week, which is somewhat below the usual shipments.

Several of the smaller craft put into port this week from outlying points with excellent cargoes of furs, the majority of which are finding their market in the east or in Vancouver, the local prices not coming up to the expectations of the trappers at the moment. The mink fur has been the predominating catch. Aristazable Island and Porcher Island seem to have been the happy hunting grounds.

The Secret Service of the Fleet had been somewhat perturbed early in the week as to the outcome of the St. Patrick's Day celebrations, and precautions had been taken to quell any serious riots which might have broken out between the rival Irish factions.

Owing to the insufficient quantity of shillelaghs obtainable at the Irish armory, it was known to the S. S. that certain gentlemen of Irish extraction had armed themselves with various weapons including pea shooters, Irish potatoes and feather dusters. With this knowledge the marines of the Fleet had cleaned the dead end from the shore batteries and had the guns so trained that they would fire on the word of command. Wireless messages had also been sent to the Irish Navy that if they came within six thousand miles of the bay some pointed remarks would be conveyed to their Admiral on the question of Irish Home Rule. The result has been that St. Patrick's Day passed off very quietly although in fairness it must be said that the improvised dressing station at Cow Bay was overcrowded with minor injury cases, but no convictions were made as no one was actually killed, and therefore the shore battery was not called into commission.

The Karl, Captain N. Winter and the Jean, Captain Sanson arrived in port early in the week with fine catches of furs from around the Pearse Island district. In the catch were 52 first class mink skins, which will be shipped east. Captain Winter reported that he had been well satisfied with his seasons trapping, and is busy refitting for the spring salmon trolling.

Captain Peterson of the E. Lipsell is incapacitated from the fishing game at present, being a victim of the flu epidemic. The oil tank repairs have been practically completed on board, and when the skipper returns to the wheel all will be in shape to hit for the high spots.

Interesting news has been received by well informed circles of the Mosquito Fleet to the effect that Cap. Watson of the Starston, who proceeded to England some six weeks ago, has been and gone and got married, and that he will be returning to his floating home in the near

future. Instructions have been forwarded to the chief engineer of the fleet to install an electric washing machine and electric cooking range aboard the tug, and to otherwise touch up the interior.

The Gow Bay orchestra have practiced the wedding march to perfection and if the drum will stand the pace there will be a real musical welcome awaiting the popular skipper and his bride on return to port.

The Dixie Rupert, Captain Geo. Newcombe, left port on Friday morning with a party of linemen to execute repair work on the government telegraph lines around Zanardi Rapids.

The Wigwam, Captain Claud Ketchum, is out of port loading a scow of sand for the bunkers at Cow Bay from the mouth of the Skeena River. First Mate Jimmy Thomas is in charge of the operations.

The Kayousa, Captain Art Oswell, arrived in port on Thursday night and reported a very successful trip. Although bad weather was encountered during the voyage no damage was done and the boat behaved admirably.

The launch Oh Baby, Captain Myhill-Jones, proceeded on Wednesday to Smith Island with a load of freight.

The first spring salmon was caught during the week in the Metlakatla Passage by some Indian fishermen.

St. Patrick's Day at the Mug Up held last night was a wonderful and brilliant success. The main saloon was a sight for the Gods as far as Irish decorations were concerned. The ceiling was elegantly draped with Irish apples, otherwise spuds, which were festooned in clusters, while the Irish harp beautifully displayed on a green cheesecloth background perhaps took priority in the decorative scheme. Around the walls at convenient height clay pipes were hung with a notice attached reading "We give the pipe its up to you to fill it." The whole affair was carried off as a Fleet State occasion, and the admiral looked

DO YOU SMOKE TOO MUCH

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath and loss of sleep.

To counteract this demoralizing influence on the heart and nerves there is no remedy so equal.

MILBURN'S HEART AND NERVE PILLS

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. Frank Lutes, 71 Terrace Hill St., Brantford, Ont., writes:—"I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stop on some time if I did not cut out tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up and my heart would be going, I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight."

very becoming with his retinue of attendants attired in naval uniform with the shamrock suspended from their medal ribbons. On the entrance of the Admiral of the Fleet the strains of the orchestra broke out with "The Wearin' o' the Green" accompanied by the melodious voice of Flossie Flirt who sang with much pathos, so much so in fact that the large gathering were brought to tears. The program was arranged by Jack Toner assisted by Captain R. E. Lambley of the Mauritania. Prior to the commencement of the musical numbers each member of the fleet society present was presented with an Irish cap, some decorated with feathers and some with clay pipes. The musical program contained some splendid numbers, and the artists are to be congratulated on their rendering, some of which were heart-rending. Among the items were: The Minstrel Boy, sang by Cap. Lambley; Mush, Mush, Mush, Tooral Laddy, inflicted by Pete Murphy; Molly Maginness by Peggy O'Leary; Shamrock Butter and Shamrock Lard a musical number splendidly rendered by Jack Toner on the windjammer; Is your father in, Mollie Malone? sung by Flossie Flirt. This item was a great favorite, and Flossie was the proud recipient, upon completion of the occurrence, of a pound of Irish bacon donated by Pat O'Flynn. At the conclusion of the musical numbers the crowd joined in with the chorus song entitled "The Night of Murphy's Wake," but for someone mentioning that it was five o'clock in the morning they would have been singing yet. The singing of God Save the King brought a very successful Irish night to a conclusion, after which the crowd dispersed outside to settle a few outstanding differences.

Bob Hanna has completely recovered from his attack of flu and has again hoisted his flag aboard the tug Lorne.

The Fanny F., Captain Betts, arrived in port on Thursday morning having encountered very bad weather on the homeward trip. The chief mate and steward had lost a deal of weight due no doubt to the trying circumstances and a quarter sized bunk.

The Torberg, Captain Nels Robinson, arrived in port early in the week with a cargo of some 90 furs, including six otter skins. Local prices were too low for Cap and they are being forwarded to Vancouver for disposal.

Jim Lee, manager of the Atlin Fisheries, is confined to his bed with flu.

The Alma B., Captain Bruhn, arrived in port on Thursday with a cargo of fur comprising five marten, one bear, seven otter and 10 mink skins captured around Skidegate.

The tug boat McCullough left port yesterday for the George town mill, and will tow back a scow load of fish boxes for the local fish houses.

Captain A. Swanson of the Prince Rupert Boat House came out of hospital on Wednesday and is convalescing at his home on the waterfront.

Jack Sinclair, of New York, Boston, Chicago and sometimes from Missouri, arrived in port on the S. S. Prince Rupert on Wednesday. Jack reports a very successful trip, and says he has gleaned some wonderful Yankee crib tricks which he is contemplating springing on his colleagues around the fish houses. If these tricks fail to bring him glory at the favorite waterfront

ST. PATRICK'S CONCERT WAS GREAT SUCCESS

Seven Splendid Performers Featured Program in Westholme Theatre Last Evening.

The Emerald Isle, the memory of St. Patrick and, in fact, all things Irish were honored at the grand concert under the auspices of the Prince Rupert Council, Knights of Columbus, held in the Westholme Theatre last evening. Seven delightful artists appeared on the stage: Barry Shannon, Ernie Butler and Miss Nora Shannon, of Vancouver; Mrs. L. B. Warner, of Smithers, and Mrs. L. O. Larson, J. J. Raleigh and S. K. Campbell, of Prince Rupert. The numbers of each were so entertaining that it would be a difficult matter to adjudge which if any was the most entertaining. The program was entirely of Irish character and a full house rewarded the long and painstaking preparation of the committee in charge of the performers. Commencing on time at 8:15 o'clock it was well on to eleven when the curtain dropped on the final number. All the artists who appeared last night are again billed to perform in the matinee this afternoon in a changed program. The performance last night opened with selections of Irish airs by the Westholme Orchestra comprising Charles Balagno, Will Balagno and Will Browne. Intermission and closing music of a similar character was provided by the orchestra. Its usual excellence is well known and was well sustained on this occasion. Vocal Numbers. Mrs. Warner, of Smithers, making her first appearance on a local program in years, sang "I'll Take You Home Again, Kathleen," and "Ireland Must Be Heaven." Mrs. Warner has a clear, sweet voice and a pleasing stage manner and was well appreciated. J. J. Raleigh appeared in a turn entitled "A Little Irish Humor." Mr. Raleigh showed that he was quite at home over the footlights and his variety of songs, jokes, patter and step dancing was fully enjoyed. Mrs. L. O. Larson, practically a newcomer in the local concert world, was very pleasing indeed. Her splendid soprano voice was heard to advantage in the Irish songs "Ashore" and "Molly O'" for which she was specially costumed in typical Irish dress. Besides her excellent voice, Mrs. Larson's number showed a great deal of elocutionary ability. Encouraged she sang a Norwegian classic solo. Mrs. J. A. Anderson was her accompanist. Barry Shannon, the popular Vancouver Irish ballad singer, who with his daughter, Miss Nora Shannon and Ernie Butler, was brought here especially to take part in this concert, created quite as good an impression this year as he did on a similar occasion last. He sang "Irish as She's Spoken" and "That Old Irish Mother of Mine" and was encored twice. Novelty Numbers. The Song "Mountains of Mourne" by Mr. Shannon and Miss Shannon was the opening number of the second part of the program. Mr. Shannon, as Pat, and Miss Shannon, as Molly, provided, in this item, a fine combination of singing, Irish conversational wit and dancing. Ernie Butler, London comedy conjurer and vaudeville entertainer, in his number of magic stunts, proved both clever and mystifying. He is a conjurer of no mean ability and showed that he has had a lot of experience at this kind of entertaining. He had a variety of tricks which were splendidly executed. Two small boys, Harold Davidson and Edward Houdima, assisted him. S. K. Campbell, whose splendid tenor voice has gained an enviable measure of popularity in his brief period of residence in Prince Rupert, sang splendidly the two numbers "Killarney" and "Nora" and responded to an encore with "Come Back to Erin." H. C. Bailey was the accompanist. The last number on the program was the comedy sketch "Casey's Night Out" by Barry Shannon and Miss Nora Shannon. Mr. Shannon appeared as a typical Irish toper who had mistaken his home address and entered the fashionable residence

KLINCK SPEAKS ON UNIVERSITY

Addresses Gathering at Hazelton and Will Speak Here on Monday.

HAZELTON, March 18.—On Tuesday night Professor L. S. Klinck, president of the University of British Columbia, spoke at Hazelton, and on Wednesday night at New Hazelton, before large gatherings. The professor took as his subject "The University of British Columbia, Its Relation to the Province." In opening his lecture the speaker said that he was not there for money, for moral support or for students but for the informed interest of the audience. Many parents had sons and daughters in the university and that others contemplated sending their young people there.

The evidence of growing interest in the university had been shown by the invitations received to address meetings and give lectures. In touching upon what the University of B. C. was doing, the speaker stated that in the department of Arts and Science, the following subjects were taught: bacteriology, botany, chemistry, classics, economics, sociology and political science, English, geology and mineralogy, history, mathematics, modern languages, philosophy, physics, and zoology. The departments of agriculture embodied agronomy, animal husbandry, dairying, horticulture and poultry husbandry.

RESIDENT ENGINEER TO PORT ARTHUR

H. P. Crowell of Mead Engineering Co. Left Today en Route East.

H. P. Crowell, resident engineer for the Mead Engineering Co. of Dayton, Ohio, who has been here for several months in connection with the establishment of the pulp and paper mill at Seal Cove projected by the Prince Rupert Pulp and Paper Co., sails by the Princess Beatrice this afternoon en route to Port Arthur, Ont. Mr. Crowell is called east by the head office at Dayton. When he reaches Port Arthur he will meet H. S. Taylor, chief engineer of the Mead organization, who visited Prince Rupert last year in February. Some work which was commenced a year ago in the Western Ontario city is to be resumed. When negotiations of the Prince Rupert Pulp and Paper Co. are brought to a head Mr. Crowell will likely return here, in company with J. B. Leland, construction engineer, who left here some time ago, to take charge of the commencement of actual building operations.

Was Troubled With Her Stomach For Five Years

Mrs. Samuel Ward, Millerdale, Sask., writes:—"I feel that I must write to you before another day passes I am so happy and so grateful to your splendid medicine, Burdock Blood Bitters, for after an illness of five years I am better. I had stomach trouble so bad, I could not bear the smell or taste of food of any kind, and got so thin and weak I could not work. I had four doctors attend me, but they did me no good. I was in no pain, but felt so ill, at times, I thought I would die, in fact, all my friends were sure I could not live many months. This time last year I saw where a man was relieved of stomach trouble by Burdock Blood Bitters, so my husband got me two bottles, but I had no faith in it after all the different medicines I had taken, however he insisted, and after the first two days I must say I began to feel better, and after the first bottle I felt so much better I went out a little every day, but could not go alone I was so weak, but I soon got so I could walk and eat, and have got quite stout. I am nearly seventy years of age and I feel better than I have for years, and can do all my housework. You may make use of this letter if you wish, as it may be the means of making others as well and as happy as I am." B. B. B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Reports received in the city this week from Burns Lake, Telkwa and Smithers indicate that the athletes in those places are preparing for an active summer season this year. Organization work is well under way and the preparation and improvement of grounds will commence as soon as weather conditions permit. Prince George, it appears, is also getting ready for the approaching season. Prince Rupert enthusiasts might take a lesson from these smaller places in the interior and commence getting busy on their plans. It is understood that football organization has been going on here for some time already but as far as baseball is concerned there seems to be little doing. If this city is to have a team at all this year it would seem that it is now none to early to start lining it up. Last week, the junior baseball boys of Prince George held a meeting to decide on matters in connection with the competition this year for the Prince George Citizen Shield. H. Gross was elected president of the league and Eddie Leith, secretary. It was decided that only two teams should compete as enough boys for three could not be lined up. The lineups were chosen under the names "Cubs" and "Giants." Charlie Izowsky is the captain of the Cubs and Nat Porter, the Giants. The teams are composed as follows: Cubs—C. Izowsky, H. Gross, H. Johnson, H. Kennedy, H. Taft, R. Porter, R. Williams, H. Abbott, W. McGhesney, D. Pouguel, and G. Adams. Giants—R. Manners, R. Nehring, A. Mackenzie, N. Porter, W. Nehring, C. Waldorf, B. Hess, H. Anderson, C. Houghtaling, A. Johnson and R. Moore.

The following games have been played in the Lepine Cup scratch billiard series at the Elks' Home. R. Arthur, Sr., 200; Rood, 137. W. Balagno, 200; Bulger, 196. W. Blythe, 142; Judge, 200. W. OPEN INTERIOR TO THE OUTSIDE WORLD Jack McNeill of Telkwa Urges Building of Highway to Give Them Outlet. TELKWA, Mar. 18.—Many of the people of the Bulkley and Nechaco valleys are keen to get communication opened through to the outside world by means of a motor highway. The only part not now connected is a small section between Burns Lake and Endako. Speaking of the need of the need of this Jack McNeill said to a Daily News representative: "At the present time there is something like 28 miles between Burns Lake and Endako, on the national highway, which has not been constructed to connect up with the existing highway north and south. If this stretch were joined up it would be possible to drive from Hazelton to Mexico via Quesnoe, and Ashcroft. This would bring a large number of Canadian and American visitors from the southern parts of the province and from the States, who are interested in agriculture, through the Bulkley, Fraser and Nechaco valleys."

WAR VETERANS' BAND MATTER

Organization Issues Official Letter Regarding the Position of Their Musicians.

The following letter has been received from the Great War Veterans' Association in regard to the band:
Editor Daily News:
At a general meeting held by the Great War Veterans' Association in the rooms on March 15, 1922, it was moved that a letter be sent to the press in reply to an article which appeared in the press on that day, and that due publicity be given to all affairs of the Great War Veterans' Association band.

We regret that it is necessary to have association matters circulated in the press, as it is not the policy of any order to do so, but in justice to the truth we must make our position clear to the general public of Prince Rupert.

The idea is conveyed by W. H. Derry's letter that no support was given to the band by the Great War Veterans' Association. We wish to make known to the general public (see statement) that the association advanced to the band the sum of \$400, at a time when the resources of the association were strained on the dry dock relief, in order to have a band formed, and without this support the band would not have been in existence. The city of Prince Rupert was approached with a view of receiving a grant of \$500 for the band, this being granted by the city on certain terms, and other donations were also received on account of it being a G. W. V. A. band.

WAR VETERANS' BAND MATTER

Success Due G. W. V. A.
Much of the success that the G. W. V. A. band has made is due to the entertainment committee of the G. W. V. A., and we wish to inform the public of Prince Rupert that this committee has spared no effort to make the band a success and will continue to do so in the future.

In all benefit concerts the members of the G. W. V. A. turned out in strength and much of the talent appearing were G. W. V. A. men, as well as the selling of advertising, patronage and general cooperation.

The G. W. V. A. band is in the course of being reorganized. The public of Prince Rupert has been falsely informed through the article appearing in the press on the 15th instant that all members of the band were to sever their connection with the G. W. V. A. This is untrue, as there are only a few in the band who desire to sever their connection with the G. W. V. A., and those are not returned men.

A special bylaw was passed by the G. W. V. A. allowing all those engaged in the band and who were not returned men to become associate members of the association, so that they could enjoy all the privileges of the reading room, bathroom and clubroom, but not to have a vote at any meeting of the association.

WAR VETERANS' BAND MATTER

Good Support.
Every effort has been made by the Great War Veterans' Association to promote good fellowship among all members of the band and through the whole of the organization. The association is emerging from a period of tremendous difficulty in splendid form and daily growing in strength and influence. The public of Prince Rupert have given us their support in the past and we have not the least doubt but that they will continue to do so as heretofore and make the reorganized band a success which will be a credit to the young city of Prince Rupert under the leadership of the best bandmaster procurable in the city.

Realizing that donors to the association band fund required some assurance of stability, especially remembering our bands of the early days, we as trustee of this fund decided that all purchases be made through the G. W. V. A. executive committee and monies to be in the hands of the association. This does not of course include money earned by the band at public engagements, which they divide among themselves.

The statement was made that the band was denied the services of capable men to play in the band. This is absolutely false, as the bandmen had full control as to who they would allow to play in the band, also to have their men, instruments and music picked. so

WAR VETERANS' BAND MATTER

The statement was made that the band was denied the services of capable men to play in the band. This is absolutely false, as the bandmen had full control as to who they would allow to play in the band, also to have their men, instruments and music picked. so

that everything in connection with the band would be a credit to the city and not to individuals.

The bandmen know very well that they were allowed to pick their handmen, bandmaster and instructors; if not, they have been falsely informed by their representative on the executive committee. They also should know that the band was never held to G. W. V. A. members at any time. The association was only too pleased to get the best talent obtainable to play in the G. W. V. A. band. All money given by the public for the creation of the band have been given to the G. W. V. A., and the G. W. V. A. has been held by the public as trustee for all money received from public contribution, therefore all instruments bought by the G. W. V. A. now in possession of the members of the band are G. W. V. A. property.

We regret that, considering the stand of the city council in the matter, the Empire gave rather a one-sided sensational headline to this affair.

I wish to submit to the public of Prince Rupert a true and accurate statement of the accounts of the G. W. V. A. band for the information of the general public of Prince Rupert:

The value of coffee as a beverage lies primarily in its strength and flavor. Green coffee will keep indefinitely, but such is not the case after it has been roasted. Roasting brings out the flavor and aroma. Coffee becomes stale because of loss of these aromatic principles. We are roasting and packing for current requirements only, realizing that essentially coffee must be fresh roasted to PROVE perfectly satisfactory.
