## United States not going to the Hague DOMINION GOVERNMENT TO ADOPT NEW IMMIGRATION POLICY

### Disappointment Is General At American Rejection Of Invitation To New Parley

WASHINGTON, May 16.—The United States government has informed the Allies that it cannot accept the invitation to participate in the conference at The Hague on June 26 because it appears to be merely a continuation of the Genoa conference with no greater hope of success while the attitude towards Russian trade remains unchanged. The United States, it is said in the reply, thinks a restoration of production in Russia is necessary as a preliminary to any credits but the Russian memorandum on May 11 lacked that definiteness which would justify United States going into any conference dealing with Russian affairs.

LONDON, May 16.—The refusal of the United States to participate in the proposed continuation of the Genoa conference at The Hague has caused great disappointment in many quarters here where it was strongly hoped that the invitation of the Allies would have been accepted.

The public is watching with interest the final scenes at the Genoa conference and adjournment is expected at the end of the week. Premier Lloyd George is expected to arrive home on Friday. He is described in some despatches as being weary and depressed and in need of some days rest before he can give the House of Commons an account of his stewardship.

GENOA, May 16.—It was indicated this afternoon that Premier Lloyd George does not feel that the United States' refusal to participate in the commission to sit at The Hague on Russian affairs is the final word. The reply is regarded by him as forming a basis for further correspondence.

Great disappointment at the decision of the United States is expressed generally in conference circles as it had been believed that the United States was now ready to join with the other powers in dealing with Russian economic questions.

RUSSIA COMING.  
GENOA, May 16.—Russia has accepted an invitation to attend the conference at The Hague.

### NAVIGATION ON YUKON OPENED

Flow Ice at Dawson Broke Up at 11:29 Sunday Morning.

DAWSON, May 16.—Flow ice broke up on the Dawson water-front at 11:29 a.m. on Sunday. A cabin boy named Billy Redmond, won three hundred dollars prize for the best guess of the exact time the occurrence would take place. No particular damage was done to the Dawson port although, owing to high water, several small bridges and cabins have been washed out further north in the Klondyke river. The navigation season is now open.

The stronger the breeze the sooner the sneeze.

### TELEPHONE DIRECTORY

The City will publish a new Telephone Directory. Requests for alterations or additions to be made in writing before May 22 to Superintendent of Utilities.

### SHOCK FOR PARISIANS

Elderly Woman Lights Big Cigar in Ciro's Cafe.

PARIS, May 16.—An elderly, matronly woman caused considerable excitement last night at Ciro's, a fashionable resort of American visitors, by lighting up a large black Havana cigar, at which she puffed with every appearance of satisfaction through an amber holder. The woman did not finish her cigar, however, but handed it to a woman companion who smoked it to the end. Then both women retired after a brandy night-cap.

### CITY COUNCIL ASKS FOR AN ENQUIRY INTO BOOTH SCHOOL AFFAIR

On recommendation of the Board of Works, the City Council last night decided to address a letter to the School Board asking what steps were being taken towards the holding of an enquiry into the matter of the Booth Memorial School.

A report from the Board of Works was presented recommending that the School Board be communicated with to the effect that if they were not taking steps to make an enquiry based on the report of A. A. Cox, the consulting architect, the city council would.

Alderman Perry said there was every reason to believe that the School Board was just as anxious to have an enquiry into this matter as were the city council.

Ald. Kerr said that the resolution of the Board of Works meant to imply that if the School Trustees were not going to make an enquiry that the city council would.

### READY MADE FAMILY OF EIGHT TOO MUCH FOR THIS BRIDE-ELECT

APPLETON, Wis., May 16.—Miss Caroline Schurth, decided that the task of taking care of a family of eight children, all in their teens, was too much for her, so she called off her proposed marriage to Anton Lehrer, widower, and 20 years her senior, here, Tuesday.

Miss Schurth, five hours before the ceremony, notified her intended husband that she had decided not to participate in the wedding, then decamped.

A glistening stone wins many a girl.

### CHINAMAN SOUGHT IN WOMAN'S DEATH

Drugs Blamed for End of Woman From Narcotic Poisoning

MONTREAL, May 16.—A Chinaman who is alleged to be a peddler of narcotics is sought in connection with the death of a young woman, known only as "Anita," who was found dying in a house on St. Dominique Street last week, and who is believed to have been a victim of drugs.

The police believe that the woman was an American, that she was deserted some time ago by her husband, and that she came to Montreal, where she gradually became lost in the city's underworld life. Coroner McMahon has ordered an autopsy to be made and an inquest, with jury, held.

Dr. Gaudet, of 327 St. Denis Street, reported to the coroner he was called to the house where the woman lived and found her unconscious, apparently suffering with narcotic poisoning. She died in spite of his efforts.

The body was brought to the morgue and detectives questioned persons at the St. Dominique Street house. They are following a clue afforded by information that the woman was last seen at the house in the company of a Chinaman, said to be a well-known narcotic peddler here.

### PREMIER CONVERSES WITH CHINESE CONSUL ASIATIC RESTRICTION

OTTAWA, May 16.—Asked what steps the government had taken towards Oriental restriction, Premier W. L. Mackenzie King yesterday said that negotiations had been confined so far to conversations between himself and the Chinese Consul General for Canada.

### FIRST PARTY OFF FROM VANDERHOOF FOR GOLD FIELDS

VANDERHOOF, May 16.—E. DeLong, J. Studholme, J. Steeves and E. Watt left here for the Omineca gold fields last week. They comprise the first prospecting party to leave here this season for that section.

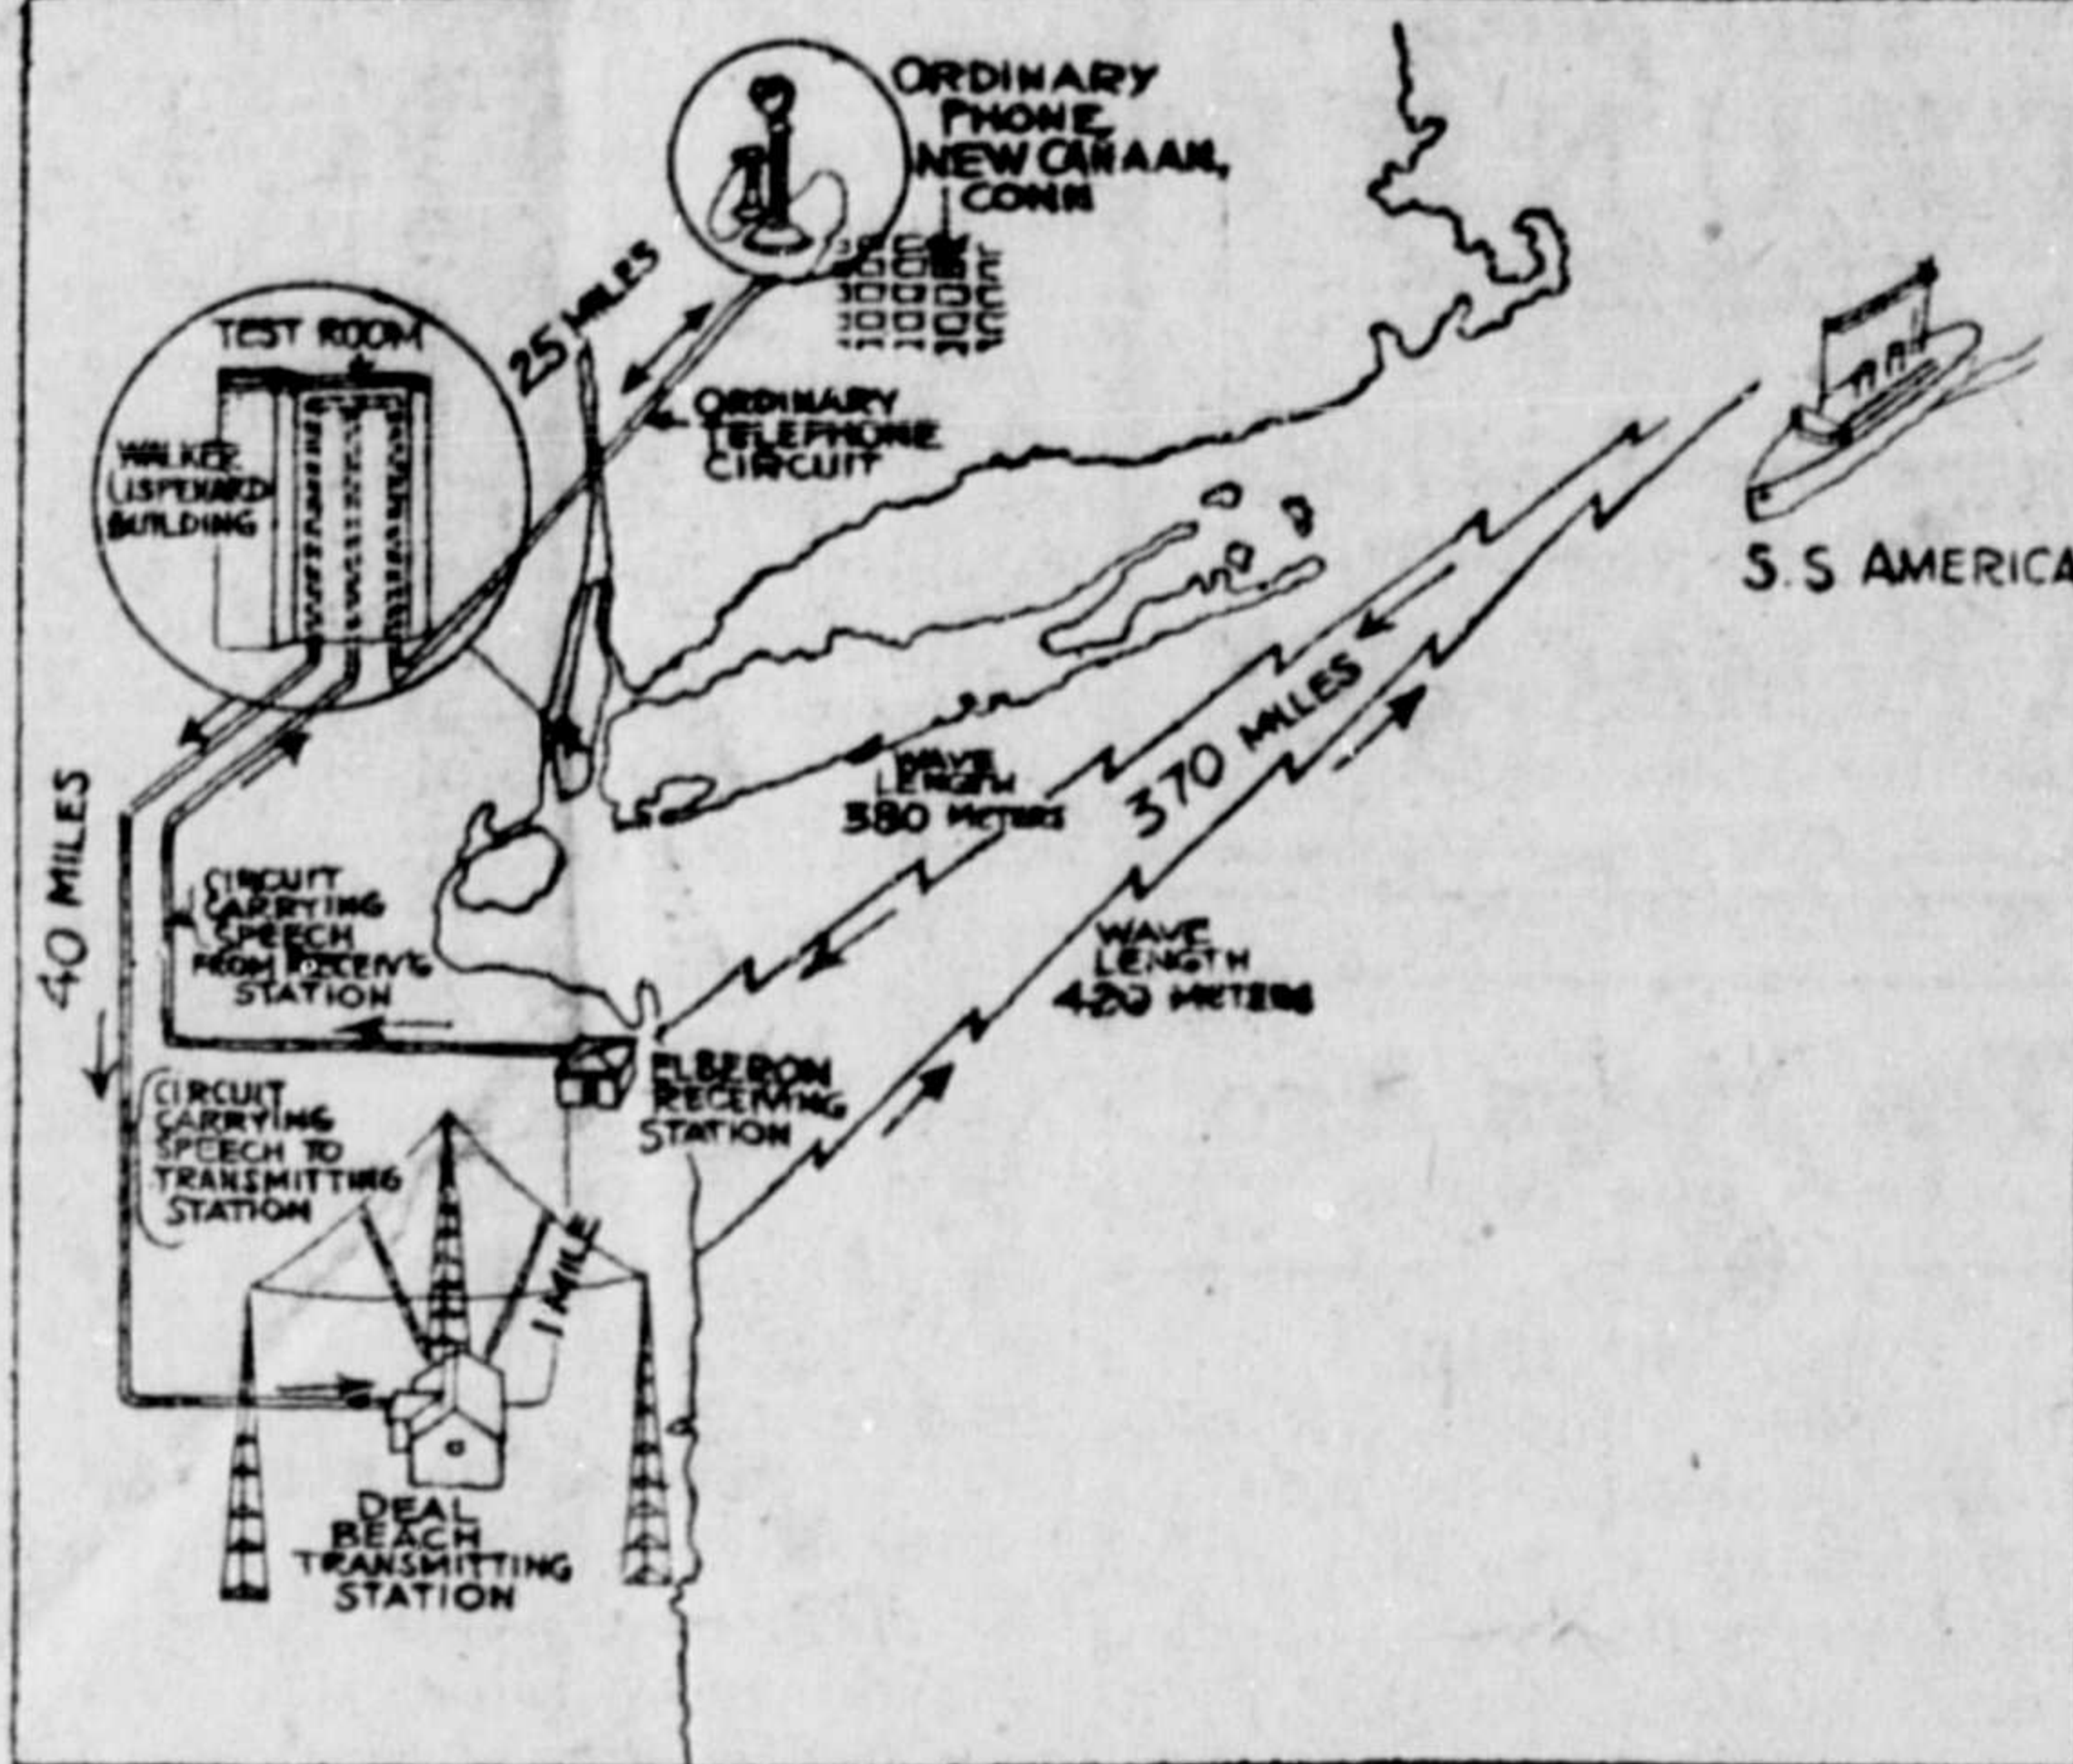

### STEWART

T. H. Graham, who was in charge of the building of the Premier mine tramway at Stewart, is now in Spokane and will leave shortly for Peru, where the Riblet tramway people have a contract to build an aerial trandline 20 miles long.

G. D. B. Turner, a mining engineer of international repute, who is the moving spirit in the operations on the Dunwell Mines Ltd., and the Indian Group is expected to arrive in Stewart in the near future for the purpose of taking personal charge of the operations on these two properties.

It's a long love that ends in no wedding.

### ORDINARY TELEPHONE CALLS SHIP AT SEA.

By lifting the receiver of his telephone at his home in New Canaan, Conn., H. B. Thayer, President of the American Telephone & Telegraph Company, recently talked to Capt. William Rhind on the United States liner America, 370 miles at sea. Radio engineers say that it will be an ordinary matter to hold a conversation in home or office with a person aboard a ship in midocean just as soon as there is sufficient public demand to warrant the installation of the necessary apparatus on steamships. Engineers have left for Bremen on the America to continue experimental work in hooking up land lines with radio telephones. The illustration is self-explanatory.

### BOOZE RUNNERS BATTLED WITH POLICE FORCE

LONG BEACH, Cal., May 16.—One man was shot, and it is believed was drowned, four men were arrested and a launch and two trucks together with 193 cases of liquor were seized here following a battle between the police and liquor smugglers at the mouth of the harbor.

### THORSCH ESTATE BRIEF REMOVED

Case is Transferred From Fisher & Oughton to Williams, Manson & Gonzales.

OTTAWA, May 16.—The Dominion government's brief in the case of the M. Thorsch estate involving alien enemy property was transferred to the firm of Williams, Manson & Gonzales last February, the Secretary of State informed the House today answering a question by General J. A. Clark, member for Burrard. The minister stated that the government had first been represented by Fisher & Oughton but the brief had been given to Williams, Manson & Gonzales for the purpose of improving the efficiency of the administration of enemy property.

### CORPORATION OF THE CITY OF PRINCE RUPERT

NOTICE  
Hays Cove Circle Bridge is closed to vehicular traffic until further notice.  
Bridge is available for pedestrians only. Traffic will detour via Eleventh Avenue and Bacon Street, or Conrad Street.  
Dated this 15th day of May, 1922.  
By Order,  
F. J. WHITTAKER,  
City Engineer.

### ENGLISH UNEMPLOYED ATTACK STEEL PLANT AND STONE POLICE

SHEFFIELD, Eng., May 16.—Unemployed workmen, led by extremists who are said to be intimidating workers, attacked the Jessop plant here today and stoned the mounted police, compelling them to retire until reinforcements were brought up. The crowd dispersed only after repeated charges.

### POLAND GRADUALLY RECOVERS FROM WAR

WARSAW, May 16.—Polish farmers restored 50 per cent of their war devastated land to cultivation last year, the Ministry of Agriculture reports. In 1920, Poland had 1,200,000 acres of tillable land laid waste by war and resulting neglect. By the end of 1921 this figure was reduced to 600,000 acres.  
Plows, tractors and other farm implements purchased in America have played a large part in this restoration of Polish farm lands.

### ATROCITIES BY TURKS RECITED

Hon. Austen Chamberlain Speaks to House of Commons on Matter.

LONDON, May 16.—Hon. Austen Chamberlain told a deeply moved audience of members in the House of Commons today about the Turkish atrocities against the Christians in Turkish territory. He declared the government knew of 3,500 deaths from cruelty and exposure last winter. United States, France and Italy had been asked to co-operate with Great Britain in investigating the whole situation in Turkey. If permission was refused for such an investigation Mr. Chamberlain thought the government should reconsider their attitude towards peace proposals which could not succeed under present conditions.

To enjoy a happily wedded life confine attentions to thy own wife.

### Immigrants Will Qualify By Test And Not By Cash Is Ottawa Announcement

OTTAWA, May 16.—The Department of Immigration announces that new regulations for immigration are to be put into effect immediately substituting a test of fitness instead of the former money test. Regulations have been specially designed to facilitate the settlement of British and colonial farmers and domestic servants and only such other professions as will readily assimilate in Canada.

The United States is included with British countries in a special list of countries whose citizens may land if they have ample means to support themselves for a reasonable period. Asiatics must have \$250 in cash except those whose countries have special treaties with Canada, such as Japan.

### PRINCE OF WALES HOMEWARD BOUND

MANILA, May 16.—The Prince of Wales departed homeward today after a three days visit to the Philippines on the cruiser Renown sailing for London via British North Borneo, Penang, Colombo and the Suez Canal.

### PREMIER JOHN OLIVER GOING OTTAWA AGAIN

To Resume Fight for Lower Freight Rates For British Columbia.

VICTORIA, May 14.—Premier John Oliver leaves today for Ottawa to continue the fight for lower freight rates to British Columbia. The decision that the Premier should make another trip to the capital was reached at a meeting of the cabinet yesterday following a discussion of the situation which has arisen as a result of the House of Commons naming a committee to enquire into the rate question in connection with the move to enforce the Canadian Pacific Cross Nest Pass agreement.

### GOOD PROGRESS AT SILVERADO MINE

Another Crew of Men Was Put on Stewart Property Last Week

STEWART, May 16.—In spite of the tremendous handicap in the way of snowslides, etc., good progress is being made on the Silverado. Last week another shift was put to work in the main tunnel, which is now in about 120 feet. As soon as the snow is gone sufficiently to permit outside work being done, activity on this property will be pushed with the utmost energy, and a crew of men will be put to work on the upper leads. Considerable ore is now on the dump ready to be brought down the hill as soon as weather conditions will permit.

W. R. Tooth has purchased the property of the Salmon River Trading Co. and will take possession on May 30. The building is three storeys high. The first floor will be used as a general store and two top floors will be leased for rooming house purposes.

It is the opinion of the police that on account of the closing of the Hays Cove bridge to vehicular traffic drivers have been attempting to make up lost time by speeding over the detour. There is great danger to many little children in that quarter and the police has been ordered to see that preventative measures against accidents are taken at once.

### NO SPEEDING TO BE ALLOWED ON DETOUR ACROSS HAYS CREEK

Police Commissioner S. D. Macdonald stated this morning that, in view of many complaints that had come in during the past few days of excessive speed made by automobile drivers through McClymont Park and on Eleventh Avenue, instructions had been issued to the police to put a stop to it at once and, if necessary make an example of some driver.

### GERMANY WILL NOT SUPPLY ARMAMENTS TO RUSSIA STATED

WASHINGTON, May 16.—The German Embassy to the United States says that the present German government has no intention of entering into a pact with Russia involving the supply of any armaments.

### PREMIER SHIPMENTS CONTINUE HEAVY

STEWART, May 16.—During two weeks the Premier shipped about 1,600 tons of ore (high and low grade) and concentrates, to Anyox and Tacoma. This brings the total shipments from the first of the year up to approximately 25,300 tons.

FISH ARRIVALS.  
The following halibut sales were reported at the Fish Exchange this morning:  
Gmaney, 45,000 pounds and Alava 1100 pounds, to the Canadian Fish and Gold Storage at 10.5c and 4c.

### STAND COLLAPSES AND MANY HURT

OKLAHOMA CITY, May 16.—Thirty-six persons were injured when a reviewing stand, on which a crowd of people were assembled to view a Knights Templar's parade, collapsed this morning.

### PRINCE RUPERT SWIMMING CLUB

A meeting will be held in the Police Court, City Hall, on Wednesday evening at 8 p.m. All interested in swimming welcome.

DAILY EDITION

Tuesday, May 16, 1922.

Russian Question Is Merely Postponed

What has been expected in many quarters since the treaty of Rapallo was signed between Russia and Germany has come to pass. The Genoa economic conference has failed on the Russian question and deliberations have been set over for a month to be resumed again at The Hague without the attendance of the Russian delegates.

Perhaps, in the meantime, the positions now held by France and Great Britain, as representing the two sides of feeling in regard to Russian affairs, may be so molded that a compromise can be reached and a basis for Russian reconstruction arrived at between them. Truly this is a consummation that all the civilized nations of the world must want to see brought about.

Russia's Stand Bold and Unreasonable.

In spite of the attitude of generosity shown towards the Russians by Premier Lloyd George, their demands have been amazingly audacious and unreasonable when it is considered from whence they emanated. The Soviet delegates have demanded that their war debts shall be written off and have asked for a huge loan.

When the Allied memorandum was sent to them in reply setting out that these demands could not be acceded to, they come back with a lengthy missive which amounted to nothing more than a reiteration of their first demands. What their purpose in this seems hard to understand. In some ways it would appear that they have treated the overtures of the Allies in the manner of a joke.

Unless the Russian delegates come down from their stand, the Allies, if they wish to remove the present seething pot of intrigue and horror from Europe, may have to occupy Russia and see that the demands are acceded to. With Russia as it is today, it is a menace to Europe and it is impossible to forecast what might happen if the condition is allowed to remain.

HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-tives" and Make Yourself Well

"Fruit-a-tives", the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind. Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-tives"—made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world.

Large Stock on hand. Prices very low. J. F. MAGUIRE Next the Prince Rupert Hotel

Ten Years Ago in Prince Rupert

May 16, 1912.

The Prince Rupert Rowing Club has completed its deal for the purchasing of the hull of the river steamer Hazelton, now on the ways at Port Simpson, C. H. French, agent for the Hudson Bay Co., went south this morning after the deal had been closed.

H. L. Badwell was last night elected a member of the club executive.

Navigation will no longer be possible on the Skeena canyon until the water level lowers a little. The steamer Port Simpson is leaving her run here to take to the Skeena where she has work to do freighting in supplies until the Skeena is again navigable.

By the Prince Rupert on Saturday will arrive H. S. Clements, M.P. for Comox-Alton. This will be Mr. Clements' first visit to Prince Rupert since his election.

The Man in the Moon SAYS:

"WATER is the best medicine" says a doctor. Probably a lot of bootleggers will decide to take a teaspoonful three times a day.

HOW to make a lemon tart. Leave it alone.

A DAIRYMAN in the east has invented a clip which will fasten a bottle of milk to the door. So far all attempts to secure cheese, even with the use of anchors, have proved a miserable failure.

Spring cleaning hints: DON'T rush downstairs to answer the door bell while the soap is reclining on the stairs.

DON'T force Pa to eat downtown too often, he might get the habit.

CLEAN the ceiling after you have cleaned the floor.

WHEN sweeping remember the piano makes a good dust receptacle.

MUSTARD on bread make a quick and easy hot lunch.

WHY did the ice cream? Because the egg beater.

WOMEN talk the least in the month of February because there are fewer days.

A GOOD ACTOR. Neighbor—I hear that you had an actor employed on your farm. Farmer—Yes, and he's a fairly good actor, too. Why, I thought he was working the last week he was here.

Two Men in a Car

A short account of a Trip to California in a Ford Flivver By H. F. Pullen

INFLUENCE OF PANTS.

SANTA MARGARITA, Cal., May 8.—Last night and a part of yesterday we spent at Palo Alto, the university town where the Leland Stanford university is located. We went over the university with one of the British Columbia students and we witnessed a historical pageant put on by the women students of the university.

It was all very interesting. The buildings are fine and the campus is one of the largest and finest in the United States. These are facts which are matters of record. What interested me, however, were the students' pants.

The senior students of the university, which means those in the third or fourth years and the post graduates, are given the privilege of wearing corduroy trousers. They are the common whitish kind and they get very dirty. The drier they are the prouder is the student of them. With these they wear brown or other colored shirts and soft collars. The younger students are not allowed to wear the cords.

The result is that there is no snobbery in dress among the male students of the university. All the juniors look forward to the day when they can wear cords and look as tough as their seniors.

Puts on No Side.

The high school of the town has adopted a similar dress and as you pass along the streets you see dozens of growing boys and young men dressed like woodsmen or heavies. Some go without collars and turn back their shirts at the neck. In this way money makes no boy look any better than any other. No student dares appear at college with a white collar for it probably would not be white long. No student, during college hours, ever dresses up or in any way puts on side. He dare not. The effect is good throughout the town.

As I said, I attended a Pageant given by the girls. On such an occasion in British Columbia everybody would have been dressed in his best. Not so there. The students wore their cords and none of the men or women were smartened up to any extent. The girls were neat and tasty in their attire but they did not overdo it.

Before starting to attend the event, I suggested that I must see a barber as I had not shaved that day. I was assured that it did not matter. Many would be similarly unshaven and my hosts seemed to be pleased to find I did not insist on taking off my beard.

Working Way Through.

About one third of the men attending the university are working their way through. Some wait on table in the big dormitories at the university and others work in Palo Alto. To "sling hash" is no handicap socially. I was told that girls who waited on table for their fellow students, were often given important positions on committees. Work is looked on as honorable.

This morning we had breakfast at a restaurant in town conducted by students and there is hardly a business or calling in town where at least one student is not employed. They are a fine looking lot of young men, the hope of the future in the United States.

Not Bolsheviks or Atheists

I told one of the students I had heard that the universities produced mostly bolsheviks and atheists. He dissented strongly from the view. He said the students at Stanford felt generally that in government the best plan was to make the present form a success and that personality counted more than systems. In the matter of religion, he said most of the students refused to take for granted any dogma or creed, just because it was offered them. They learned to investigate for themselves. There were no atheists but most of the students were agnostics. They had to be shown instead of meekly accepting what their fathers believed or what they were told by others who had no proof to offer and who knew no more about

According to the building inspector's record, read at the council meeting last night, eleven permits were issued during the month of April, the value amounting to \$16,000.

At the meeting of the city council last night a letter was read from Ald. Theo. Collart stating he would be pleased to accept the position as a member of the Library Board Committee. The letter was filed.

At the council meeting last night a report was read from the Utilities Committee recommending the expenditure of \$300 for the building of pantries in the three city cottages at Shawallans Lake. The report was adopted.

A letter was read from George Rorie, chartered accountant, at the meeting of the City Council last night, applying for the appointment again as city auditor on the same terms as last year. The matter was referred to the Finance Committee for consideration and report.

A report from the city engineer in which it was estimated that it would cost \$11,000 to carry out repairs to the municipal water system as recommended by Fire Marshal Thomas was received by the city council last night and referred to the Finance Committee for report.

A petition signed by Fred Storky, W. Gratton and Mr. and Mrs. Peter Black, asking that the lane between Sixth and Seventh Street be opened up for traffic at the earliest possible moment, was read at the council meeting last night and was referred to the Board of Works for report.

Tenders for fifteen kegs of spikes were received at the council meeting last night from the Kaien Hardware, Stork Hardware Co., Ltd., Thompson Hardware Co., Ltd., and Howe & McNulty. The tender from the Thompson Hardware Co., Ltd., for \$137.50 was accepted, it being the lowest.

A letter was read from T. C. Wilding, at the meeting of the city council last night, thanking the council for the city's contribution of \$100 towards the expenses for providing a summer camp for the G.S.E.T. boys and stating that the action was very much appreciated by all concerned. The letter was ordered filed.

It was recommended by the Board of Works at the council meeting last night that an electric motor, costing \$160, be purchased from the Vancouver Machinery Company to be used for driving the air compressor at the rock pile on Fifth Street. At present the air compressor is being driven from the tractor for which is unsatisfactory. The report was adopted.

Ald. Collart's proposed bylaw for the limitation of the keeping of hens and stock within the city limits which had been passed upon by the Board of Works and turned down, was discussed at the council meeting last night. It was reported that the main points brought out in Ald. Collart's proposal were covered by the original bylaw. On his request however, it was decided to refer the matter to the Medical Health Officer for report.

## HEMORRHOIDS

Do not suffer another day with Itching, Bleeding, or Protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. Get a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Sample box free.

Mr. and Mrs. S. S. Magoffin, who have been spending a combined business and pleasure trip in the east, are expected to return to the city in the near future.

Miss Mary Kask, daughter of Mr. and Mrs. John Kask, of this city, returned on Sunday night from Edmonton. Miss Kask graduated from the University of Alberta last week in the Arts class.

A report from the Board of Works regarding the closing of the Hays Cove bridge to vehicular traffic was received by the city council last night and it was decided to withhold action on the matter until a personal inspection of the situation is made by the aldermen. The Canadian National Railways are to be communicated with so that their future intentions as regards the land adjoining may be ascertained.

The petition of J. Lambie and others for a 16-foot plank roadway on Alfred Street was again before the city council last night but action was deferred until all correspondence on the matter may be submitted to the provincial government. The mayor told of an interview with Hon. T. D. Pattullo, minister of lands, in which it had been requested that the city's position be put in writing so it may be considered at Victoria.

## LONDON PHYSICIANS CRY AT HARD TIMES

LONDON, May 16.—London doctors are complaining as loudly as their professional dignity will permit of hard times. They declare that fewer people seek medical advice nowadays than ever before and that they complain more loudly of the fees charged by specialists. On the other hand some citizens report that the fees of specialists have been maintained at their highest mark while British salaries and incomes have been depleted.

## Y. M. C. A. IN POLAND IS TO BE REPLACED

WARSAW, May 16.—A Polish Young Men's Christian Association has been organized to take the place of the American Young Men's Christian Association which is about to withdraw from its operations in this country. The new organization has opened a night school which includes a class in radio telegraph modelled on American naval methods.

### ASK RESCINDING DAYLIGHT TIME

Delegation with Petition of 725 Names Before Council—Matter is Laid Over.

A delegation composed of some fifteen members, including Martin O'Reilly, Jack Gavigan and Mr. and Mrs. Director, presented a petition signed by 725 persons last night to the city council asking for the rescinding of the daylight saving scheme.

Members of the delegation were heard and after some discussion the petition was tabled for a week, the members of the council in the meantime to further consider it.

Martin O'Reilly said he had signed the petition because he considered that the daylight saving scheme was working against the interests of the business men in the city. He declared that in his particular case it was certainly a detriment to his business. He thought that when the city council had adopted daylight saving they had not given full consideration to all phases of its workings. He cited the effect upon the mothers and children in the community. It was no easy task to get young children to become regular in their habits in rising and going to bed and it was very difficult to get them to change their hours in going to bed and waking. He said that the confusion caused in business by the use of two separate times in the city was a set back to the getting back to pre-war times and asked that the law be rescinded at the earliest possible date.

Mr. Gavigan said that he was one who had signed the petition and he thought that the majority of people who were in favor of daylight saving at the start had already come to the conclusion that it is not a successful measure. "It is not only causing confusion in business but it is an injustice to the homes," he said. "In many homes where the children come home between 12 and 1 o'clock and the father between 1 and 2 o'clock, separate dinner hours have to be maintained. The tides are regulated on standard time and there is no provision made for the new time. I am satisfied now that it is not worth the trial we gave it. I would say that 90 out every 100 people are in favor of the rescinding of this law."

Mrs. Director said that she thought the men had taken the mother's part pretty well and that the large majority of mothers in the city did not like the double standard of time.

Mr. Director, who is employed by the C. N. Railway, said that with the present system of daylight saving it was very difficult for men working on the railroad to get up to the recreation grounds in time to witness any sports. When it is 6 o'clock on the railroad it is 7 o'clock uptown which did not give the railroad men, who are great supporters of local sport time to get their supper and get up to the recreation grounds.

In the discussion which followed in the council it was thought that at the original meeting, when the question of daylight saving was up for final discussion, that the business men and other friendly organizations in the city were properly represented. This had carried weight in the final approval of daylight saving. However, if it was decided that a mistake had been made and the citizens were desirous of going back to the standard time the matter would be given every consideration.

### TWO PLATOON SYSTEM AGAIN IS DISCUSSED

City Council Decides to Have Fire Chief Report on Matter With Addition of One Man.

The question of adopting the platoon system in the local fire department was again discussed by the city council last night, the discussion resulting in the decision to have the fire chief make a report on the re-arrangement of working hours of his staff with the addition of one extra man for the consideration of the Utilities Committee.

Ald. Perry stated that when the matter of the two platoon system first came up it was considered that the system could be brought into operation with the addition of one extra man. Upon taking the matter up with the Fire Underwriters it was found however that it would be impossible to inaugurate it without the addition of two men. In view of the financial condition of the city and the necessity for economy it was not felt that the addition of two men to the staff of the fire brigade at this time could be recommended. After taking all things into consideration it was felt that the adoption of the two platoon system could not be undertaken this year.

The mayor, noticing Geo. B. Casey of the fire department in the audience, asked him if he had anything to say on the subject.

Mr. Casey said that he had not come prepared to speak on the question but he could say that the two platoon system was a reform that was very badly required in the fire department. In fact the working conditions in the department were such that there was no enthusiasm, no joy and no interest in the job. If times were not so hard men would not continue on the job. Most of them were simply waiting for something better to turn up. It was realized by the firemen that the city were up against a financial struggle. He thought that with the addition of one man hours could be re-arranged so as to making working conditions a great deal better. With the addition of one man it would be possible to arrange a partial two platoon system.

Ald. McLeod thought it seemed regrettable that the matter, which had hung on for so long, should be allowed to fall to the ground. He thought perhaps some way could be found to place one extra man on the job this year, and later when finances were brighter, the fire department might be given the full platoon system.

Ald. Silversides thought the matter of the two platoon system should be settled once and for all. The city council knew that it was unable to finance it. He thought the best thing to do was to say so and be fair to the firemen. As to the question of an extra man that was another subject.

Ald. Montgomery said that he did not think the fire department was in a harmonious or efficient state under the present conditions. If it were at all possible he favored the addition of one extra man, and would like to see the matter held over for another week to see if something could not be done.

### INTERNATIONAL CITY PLANNED

BRUSSELS, May 16. — The striking idea of building an "international city" at the gates of Brussels which was first proposed to King Albert of the Belgians in 1913 has been revived and it is now proposed to erect the city and inaugurate it at the same time as the Brussels International Exposition in 1930.

It is intended that the international city shall be a permanent institution where every country will have a building in which it will display not only its manufactures and products but examples of its art and records of its social progress.

**First Plans**

These plans were first submitted to King Albert in 1913 by Hendrik C. Anderson, an American sculptor, formerly of Newport, R.I., who then was living in Rome. Mr. Anderson was aided in preparing his plans for the ideal city by Senator Henri La Fontaine and Paul Otlet.

The idea now has been adopted by the Union of International Associations which has its headquarters here and which has submitted the plan to the Belgian government.

### INDIAN WOMAN HAD EIGHT SETS TWINS

Twenty-Four Children in All, in Two Marriages

ATLANTIC CITY, N.J., May 16. — Henry Seull, chief probation officer, has a case of an Indian woman who has been mother of 24 children. She is 42 years old. He refuses to make public her name. Her husband is earning \$15 a week.

"Mrs. Doe" is a descendant of the Mohawk Indians. When she was 15, according to the custom of her tribe, her husband was selected for her. He was her cousin—Deerfoot. She did not quite fancy Deerfoot for a life partner and she fled camp, later marrying again.

As years passed, "Mrs. Doe" became mother of six sets of twins. Subsequently she had seven more children. A wealthy aunt in Philadelphia is said to have been the intermediary whereby the children were taken to the tribe as they attained their tenth day of existence. The little ones were taken to Canada and raised by the Mohawks.

"Mrs. Doe" later on married a widower with four children. Two sets of twins and another child were born. Several of her children have died.

## PROSECUTED FOR KNEE LENGTH DANCE FROCKS

**They're All Right if Wearers Behave, Judge Rules**

LONDON, May 16.—The point at which short skirts cease to be proper and become indecent was debated in the London courts recently.

The Bretts club was prosecuted for allowing dancing when its premises were not licensed and police testified most of the women habitués of the club, which is one of the most fashionable in London, wore knee length frocks.

Defending the club Sir Henry Curtis Bennett, eminent lawyer, contended that it was difficult for women not to show their knees when seated, declaring that in view of the present styles there was nothing improper in knee length attire.

The judge's decision was that this was not a question of morals, but one of behavior, indicating that dancers may wear short skirts providing they conduct themselves modestly.

The other night clubs in London were keenly interested in the case and were prepared to insist on skirts below the knee if the court ruled against skimpiess.

## Sport Chat

In contrast to last year when the United States Golf Association sanctioned an invading team of seven star players for the event only one American woman participated this year in the British Ladies' Open Golf Championship tournament at Sandwich, England, which was played yesterday.

Miss Rosamund Sherwood, of St. George's Club, Long Island, N. Y., was the sole American competitor and she was eliminated yesterday by Mrs. Fletcher of Wembley, in the first round. Miss Sherwood went abroad two years ago but injured her ankle in practice before the tournament opened. At that time she received international mention for being off on a pair of crutches but of course was not placed. Miss Sherwood is not the holder of any prominent championship and simply enters the tournament as an individual. In the tournament are the most finished players of England, Ireland and Scotland, 103 entrants in all, 16 less than began last year.

The British Women's Golf Championship, open to women players of the world, was instituted in 1893. Following is a list of the winners and defeated finalists to date:

- 1893 Lady Margaret Scott and Miss I. Pearson.
- 1894 Lady Margaret Scott and Miss I. Pearson.
- 1895 Lady Margaret Scott and Miss E. Lythgoe.
- 1896 Miss Amy Pascoe and Miss L. Thomas.
- 1897 Miss Edith Orr and Miss Orr.
- 1898 Miss L. Thomson and Miss E. Neville.
- 1899 Miss M. Hazlett and Miss Mazill.
- 1900 Miss Rhona Adair and Miss Neville.
- 1901 Miss M. Graham and Miss Rhona Adair.
- 1902 Miss May Hazlett and Miss E. Neville.
- 1903 Miss Rhona Adair and Miss Dalker-Leigh.
- 1904 Miss Lottie Dod and Miss May Hazlett.
- 1905—Miss Bertha Thompson and Miss M. E. Stuart.
- 1906 Miss Kennion and Miss B. Thompson.
- 1907 Miss May Hazlett and Miss Florence Hazlett.
- 1908 Miss Titterton and Miss Dorothy Campbell.
- 1909 Miss Dorothy Campbell and Miss Florence Hazlett.
- 1910 Miss E. Grant-Suttie and Miss L. Moore.
- 1911 Miss Dorothy Campbell and Miss Violet Hazlett.
- 1912 Miss G. Ravenscroft and Miss S. Temple.
- 1913 Miss Muriel Dodd and Miss Chubb.
- 1914 Miss Cecil Leitch and Miss G. Ravenscroft.
- 1915 to 1918 (inclusive) no competition.

## In the Letter Box

Editor Daily News:

Your issue of yesterday contained an item showing where two Chinamen were given 30 days free board at the Hotel Vickers for performing the honorable feat of smoking opium. Now I may be a crank, but I cannot see that smoking opium is of enough public benefit to the community to justify the expense. If these Chinamen want to smoke face powder or drink chewing gum or fill their mouths full of water and sit on a fire till the water boils either let them alone or send them home.

Another item in the same column shows where a British judge fined two merchants because in advertising silk stockings in a way dear to the human heart, a crowd gathered on the street. You will note that the judge did not fine the parties who actually created the obstruction but the merchants for advertising their wares successfully. The judge also said that no decent woman would so expose herself. Evidently the crowd thought differently. There is nothing indecent in the "human form divine" except in the minds of mawkishly indecent people and those of a nastyness. The judge only advertised the nastiness of his own mind.

HOOMES K. FREEMAN.

If you can't vamp try flap-pety.

## REFORMS IN HOSPITALS

### Resolution of Trades and Labor Council Referred to Hospital Board.

A letter from the Trades and Labor Council regarding hospital financing and administration was presented at the meeting of the city council last night and referred to the Hospital Board for consideration and report.

The letter read as follows:

"At a meeting of the Prince Rupert Trades and Labor Council held on Tuesday evening last the following resolution was passed:

"Whereas a number of Hospitals in this Province are reported to be in a precarious condition owing to the lack of finances necessary to the proper and efficient maintenance and operation of the institutions,

"And, whereas the charges for the treatment of patients in many cases, apart from those who are unable to pay at all,

"And whereas, there is a persistent demand on the part of many that the government should become responsible for the maintenance and operation of all public hospitals,

"And whereas the services of the medical profession is inseparable from that of the hospitals,

"Therefore, be it resolved by this body in regular meeting assembled that we petition the Provincial Government to immediately appoint a commission under the chairmanship of E. S. H. Winn of the Workmen's Board to make a thorough study of this question."

"We believe the experience gained through the administration of the Workmen's Compensation Act would enable a commission under Mr. Winn's direction to outline an effective policy or plan to the Government. If feasible we would recommend that the scheme be financed on municipal income tax basis arranged to cover all costs in connection with medical or hospital treatment.

"Be it further resolved that a copy of this resolution be forwarded to the Hospital Board, the City Council and the Central Labor Council for their adoption and approval. This resolution was submitted by the Civic Employees Union."

### LUSITANIA SALVAGING EXPEDITION LAUNCHED

Steamship Chartered to Attempt Recovery Sunken Millions

PHILADELPHIA, Pa., May 16.—An expedition for the salvaging of the Lusitania and other ships that have gone to the bottom of the ocean in the last few years will start from this city May 25. The steamship Blakeley has been chartered for the purpose by the Lusitania Salvaging company.

No great difficulty is anticipated in salvaging the Lusitania, as is said, because the exact position is known, and the belief is that it is in an upright position. Estimates of gold that lies at the bottom of the sea runs into the millions. A single passenger alone was said to have deposited \$75,000 with the purser of the Lusitania; while Mme. Antoine Depage, wife of the medical director of the Belgian Red Cross, was reported to have carried more than \$100,000.

Constable Thornthwaite, of the Royal Canadian Mounted Police, leaves for Terrace tomorrow on a week's vacation trip.

## STRONG ACTION IN PICTURE "COURAGE"

### Naomi Childers as Devoted Young Wife of Innocent Husband in Prison

Admirers of strong dramatic action will find much to satisfy them in "Courage," the Sidney Franklin production, which opened an engagement at the Westholme Theatre last night and will be repeated tonight.

Naomi Childers, the beautiful emotional actress, is the featured player, appearing in a role which gives her a wide range of opportunity for her talents. As Jean Blackmoore, the devoted young wife whose innocent husband is snatched away from her by the long arm of the law, she interprets a part that cannot but shame every weakling who sees it on the screen.

Blackmoore, from behind prison bars, secretly directs his plucky wife in the conduct of a great industry which helps his country win a war. The real murderer, for whose crime he was sentenced, makes a deathbed confession, and a dramatic reunion of the husband and wife, which also turns the romance of their son into a happy one, results.

## LUSITANIA SALVAGING EXPEDITION LAUNCHED

Steamship Chartered to Attempt Recovery Sunken Millions

PHILADELPHIA, Pa., May 16.—An expedition for the salvaging of the Lusitania and other ships that have gone to the bottom of the ocean in the last few years will start from this city May 25. The steamship Blakeley has been chartered for the purpose by the Lusitania Salvaging company.

No great difficulty is anticipated in salvaging the Lusitania, as is said, because the exact position is known, and the belief is that it is in an upright position. Estimates of gold that lies at the bottom of the sea runs into the millions. A single passenger alone was said to have deposited \$75,000 with the purser of the Lusitania; while Mme. Antoine Depage, wife of the medical director of the Belgian Red Cross, was reported to have carried more than \$100,000.

Constable Thornthwaite, of the Royal Canadian Mounted Police, leaves for Terrace tomorrow on a week's vacation trip.

## Tired in the Mornings

"How do you sleep?"  
"Not very well. Lots of nights I lie awake for hours, restless and fidgetty, thinking about everything, but not resting or sleeping."  
"Have you consulted a doctor?"  
"Yes. The doctor says I am anaemic; the blood is thin and watery, and the nervous system run-down for want of proper nutrition."  
"Why don't you try Dr. Chase's Nerve Food?"  
"I don't know just why, unless it is because I thought it was only for the nerves, whereas what I need is something to enrich the blood."  
"Well, that is exactly what Dr. Chase's Nerve Food does. It is only by enriching the blood that you can restore exhausted nerves."  
"Perhaps I should try it."  
"I certainly would if I were you, for I know it is wonderful for the way it helps some people who are anaemic and generally run down in health."  
"I am sure you will not be disappointed, and if I were you I would not lose a day before getting started with this treatment."  
Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

## RECORD SUGAR CARGO SHIPPED TO CANADA

Montezuma Leaves Kingston, Jamaica, With 6,600 Tons.

KINGSTON, Jamaica, May 16.—The Canadian Pacific steamship Montezuma sailed for Montreal last week, with 6,600 tons of sugar, the largest cargo of sugar ever shipped from this island. To date Canada has purchased over 75 per cent. of the recent sugar

## CADET TRAINING IN UNIVERSITIES URGED

MONTREAL, May 16.—The importance of cadet training in universities was emphasized by General Sir Arthur Currie, principal of McGill university, in a brief address which he made at the McGill Union last Tuesday. "It is evident from proceedings in the House of Commons that the temper of many Canadians is decidedly against the militia training system as in force in Canada before the war," said Sir Arthur. "It would seem that there are some who would like to wipe out the system of militia training entirely."

crop of Jamaica.

About a year ago Canada extended to Jamaica a customs preference similar to that granted to other portions of the British West Indies some years ago. On sugar imports from Jamaica the Canadian customs preference is now equivalent to about 30 per cent. ad valorem. During the first nine months of the Canadian preference imports of Jamaica, coffee and cocoa trebled, grapefruit quadrupled, spices, hides and skins doubled, while vegetable oils increased fourteen-fold and raw sugar went up 1,000,000 pounds. These gains were made in depressed year.

About seven weeks ago the Jamaica legislature ratified a measure granting a customs preference on Canadian products but the preference is in most cases only five per cent.

## TO COMMEMORATE ANNIVERSARY OF ST. GEORGE'S CHURCH

LONDON, May 15.—Lovers of Dickens are preparing to participate in the commemoration of the 800th anniversary of St. George's Church, where Little Dorrit rested on the night after the party when she was too late to return to the Marshalsea Prison. Later she was married in the church. Dickens was also a worshipper there during his boyhood and often attended the services later in life.

The present church was built in 1734 on the site of the first church which was given by Thomas Arden to the monks of Bermondsey Abbey in 1122.

## BENEFIT FROM SOVIET SMALL

Some Parts of Russia Not Starving But Stocks are Scanty.

SUIZRAN, ON THE VOLGA, May 13.—(The Associated Press)—Five hundred miles from Moscow and at the border of the famine belt, it becomes evident that the first year of Soviet Russia's new economic policy has made far less changes in the provinces than in Moscow, Petrograd and the other big cities.

Far removed from the seaports, connected with the manufacturing districts by a broken transport system overloaded with the shipments of food and seed grain to the worst stricken hunger regions, large provincial towns such as Suizrán have, naturally, benefited very little by the present freedom of trade.

They are not starving, as the provinces farther down the Volga but, at this time of the year, with the next harvest some months off, they are living day to day from hand to mouth.

Paper Money. Markets are open, but display scanty stocks and at prices as high or higher than in Moscow, while the peasants and town dwellers have not the abundance of paper money which seems common to all in the cities. Besides, they are slower to think and spend in millions and seem reluctantly to part with the printed bits of paper which Muscovites spend freely today in the belief that they will buy less tomorrow.

In the principal street of Suizrán, which has more than 10,000 inhabitants, the correspondent counted less than 10 open stores in a mile's ride. There were three or four bakeries, displaying meager stocks of pastries and black and white bread, a meat shop or two, and some others had in their grimy windows a few pitiful bits of

## SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to agricultural purposes and which is not timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for advance improvements on joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1/2 acre before receiving Crown Grant.

Where pre-emptor in occupation process for 3 years and has made proportionate improvements, he may be cause of ill-health, or other cause, be granted a certificate of title, or improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 1/2 acre cleared and cultivated, and residence of at least 3 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown grant land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 20 acres may be leased by one person or company.

Mill, factory or industrial sites on other land may be purchased for \$100 per acre, including 1/2 acre cleared and cultivated, and residence of at least 3 years are required.

Natural gas pipelines, processible by existing roads, may be purchased additional upon construction of a road or there. Residue of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons holding and serving with His Majesty's Forces. The one within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 28, 1918. Cases are limited for five years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

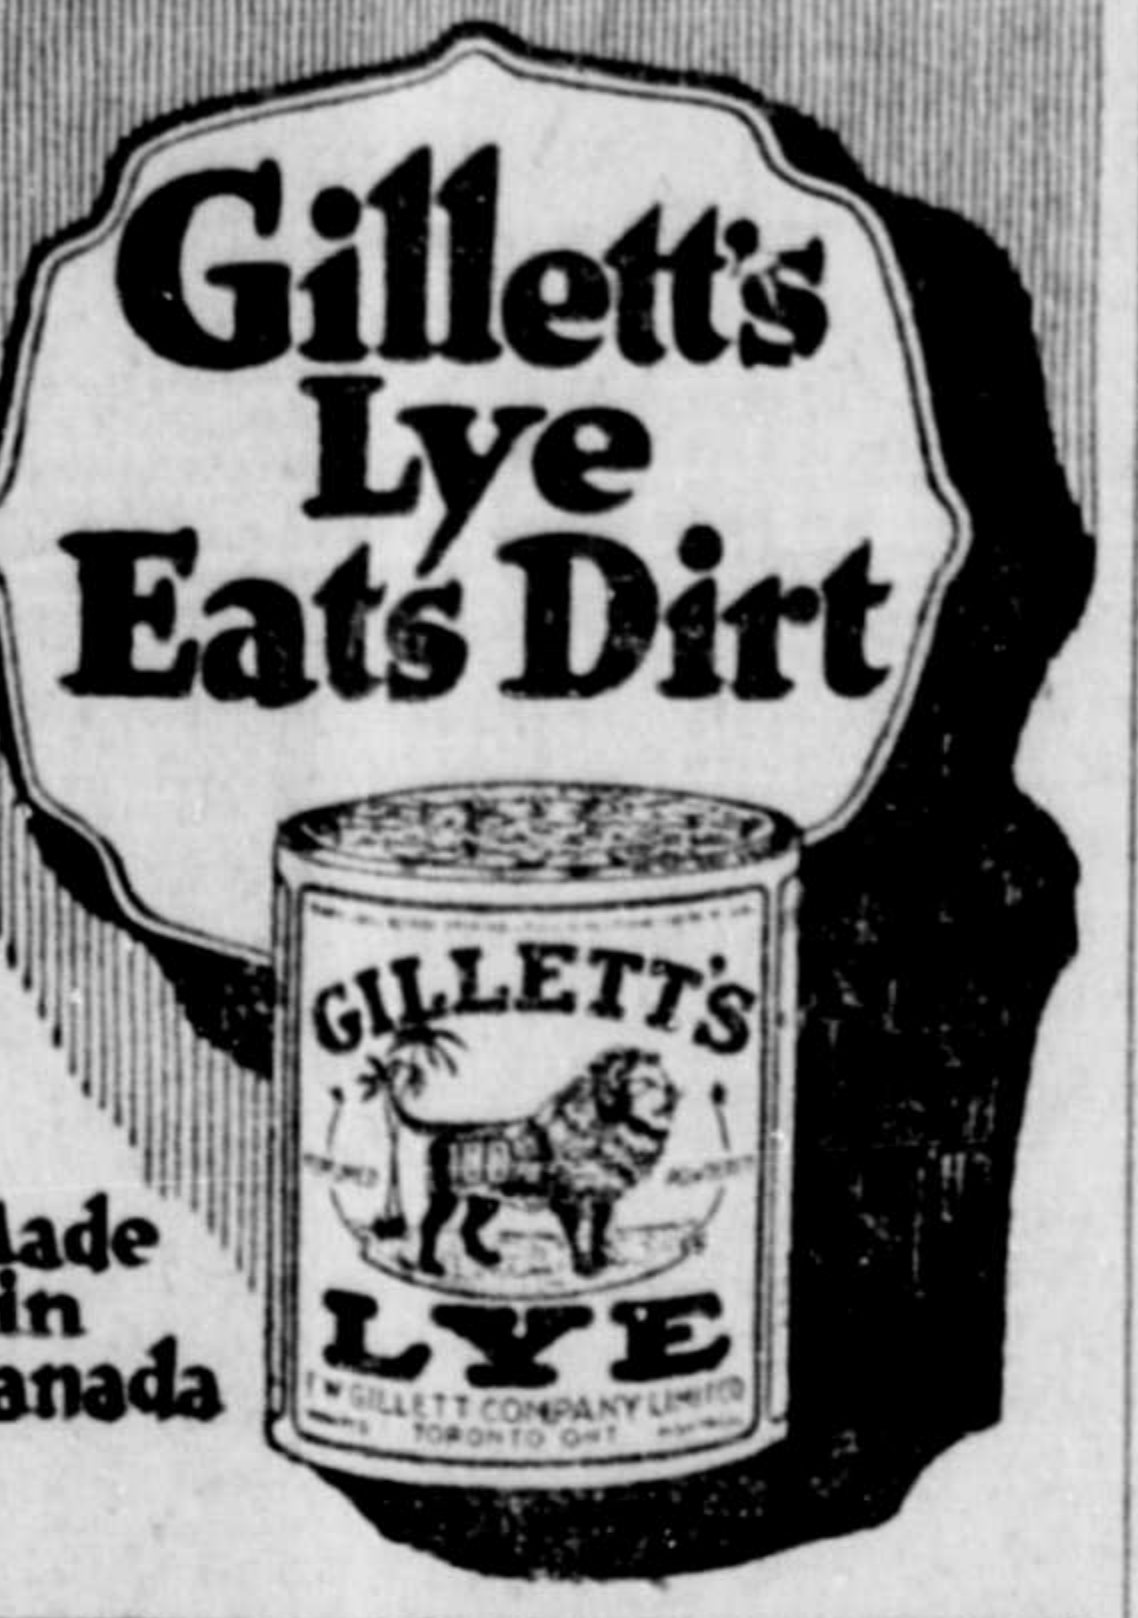

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from an instalment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchase who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING. Provision for systematic development of livestock industry. Provisions for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

## Household Necessity

Make Gillett's Lye your household assistant. Use it for making soap, for washing dishes, for cleaning sinks, for washing greasy pots and pans. It cleans and disinfects.

Made in Canada

feminine finery, doubtless of a pre-war vintage.

Buildings Empty. Most of the buildings were empty, their boarded or broken windows speaking the desolation of seven years of war and revolution that shows much more plainly in the provinces than in newly resurrected Moscow.

When the Volga opens in the spring, some of Suizrán's shop-windows may be filled again and if the coming harvest is normal, the town may lose its air of depression, but as it stands today, it seems an example of the desolate provincial towns of the better class that dot Russia from Vladivostok to Petrograd and from Archangel to Odessa.

Rev. and Mrs. J. R. Hewitt, of New Hazelton, left on Thursday for Vancouver to attend the Methodist conference.

R. H. Cairns, inspector of Interior schools, Vancouver, arrived in New Hazelton on Wednesday, and was the guest overnight of Rev. and Mrs. J. R. Hewitt.

Quite a lot of building is going on at several points throughout the Valley and it begins to look like a return of more favorable times.

Wm. Nunan of Pacific arrived in Telkwa on Saturday night to take over the depot there. Relieving Agent Sessions has gone on to Endako.

Inspector Aeland of the R.C.M.P. was in Telkwa last week and was accompanied by Constable Davis of Prince Rupert, who will take Constable Millwater's place there. The latter has gone to headquarters at Vancouver.

The latest word from T. J. Jefferson, the Bulkley Valley delegate to Ottawa, is that he will be back in Telkwa this month. He has been attending several meetings in New York and the probability is that a decision will be arrived at now with regard to the further development of the company's coal interests in this district.

Smithers again defeated the local Telkwa baseball team last Sunday by a score of 17 to 20.

The farmers throughout the Telkwa district are moving rapidly in the direction of dairying as the main industry and a number are preparing to house and properly feed dairy herds. New and larger barns are to be erected, and a few more silos will be built and more succulent feed will be grown for cattle.

TWO TRAMPS gathered at the local tavern at the end of a long and unsuccessful day's begging. They were both tired and

hungry, and gazed with longing eyes at their empty glasses. "Didn't you make anything, Bill?" inquired one. "Wot about that house I saw you looking at—the big one with the open window?"

"Didn't trouble to ask," was the reply. "I looked in the window and saw two gals playing on one piano, so I guessed they were too poor for me to worry."

## COLT WITHOUT FORELEGS IN WINNIPEG

Curious Freak of Nature Lying in Animals Hospital in Prairie City

WINNIPEG, May 16.—A two-legged colt, a remarkable freak of nature, is lying in a private ward at the animal hospital, McMillan Avenue, H. V. Coleburne, veterinarian, is working to keep life in the body, and he believes the colt will survive.

Normal in every way except for the lack of forelegs, the animal was born Friday at the Fort Rouge Dairy Farm, Fort Garry. It was rushed in an ambulance to the hospital Sunday in an effort to preserve its life. There is no sign, according to Dr. Coleburne, of even the stumps of forelegs, which he believes is unique.

The colt is being fed a special preparation of analyzed milk, and is suffering no pain. In a few days, when he has acquired sufficient strength, he will be "cradled," that is stood upon his hind legs with his forequarters strapped up, from the roof, to a normal position. In this way, he probably will live for years.

## FALSE ECONOMY

The family that does not provide for laundry service in the weekly budget is practicing false economy. Under our new plan, Laundry work by the pound, practically the entire family bundle, washed and returned, damp almost ready for ironing, for \$1.25.

This is the cheapest Laundry Service ever offered locally, and the husband who has the welfare of his family at heart cannot afford to pass this service up without serious consideration.

We have also our Soft Finish Service, where for a small additional charge, everything is dried and all flat pieces ironed and folded.

To those who can afford the small additional cost, this is the most complete service possible, without finishing the entire bundle. The cost will be found to be considerably below the prevailing price.

A trial will convince you of the merits of this service.

## CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc. Keep the bowels properly regulated by the use of

## MILBURN'S LAXA-LIVER PILLS

and you will enjoy the best of health. Mrs. Frank Wilsey, R. R. 3, Belmont, Ont., writes:—I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would blout terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother got me a vial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world.

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
