Municipal Election Fight Is Started

PATTULLO SPEAKS ON VARIOUS MATTERS POLITICAL INTEREST

Two Premiers Meet At Cannes To Delve Deep Into Economic Matters of Concern to Europe

CANNES, France, Jan. 4.—To save Europe from complete economic disintegration and keep the Entente from falling apart are the big tasks which are being undertaken here by Premier Lloyd George of Great Britain and Premier Briand of France. The opening of their private conversations began today soon after the arrival of Premier Briand from Paris.

Premier Lloyd George intends on Friday to meet the Supreme Council of the Allies, which convenes on that day. If the latter of the questions can be brought to a point it can hereafter be dealt with by the ambassadors of the Allied powers.

Experts regard as encouraging the progress which has been made by the British project for organization to deal with credits, exchange and possibly currency.

There are prospects of an alliance between Britain and France, although unofficial views have been compromised by the effect of British public opinion in regard to France's attitude on the submarine question. Premier Briand recently declared that the best solution of the European question would be through an Anglo-French alliance.

CONSERVATIVES MAKING PLANS

Will Meet at Ottawa Next Week as Preliminary National Convention.

VANCOUVER, Jan. 4.—Hon. H. H. Stevens announces that an informal Conservative convention will be held at Ottawa a week before parliament opens when plans will be made for a national convention. He considers provincial conventions should be held as soon as possible. When asked if the Conservative party would support the National Liberal Conservative party he replied that the convention would decide that question.

Rogers Optimistic.

TORONTO, Jan. 4.—Hon. Robert Rogers, formerly federal minister of public works, who is en route to Ottawa, predicts the revival of the old line Conservative party, and declares that the party has as many friends now as before union government.

CONSIDERABLE DAMAGE FIRE AT CUMBERLAND

Butcher Shop, Machine Shop and Restaurant Were Destroyed—Damage \$15,000.

CUMBERLAND, Jan. 4.—Damage to the value of \$15,000 resulted from a fire here yesterday which destroyed three places of business in the downtown section. The places suffering thus were D. Campbell's butcher shop, K. Nakamish's bicycle repairs, kitchenware, notions and machine shop and K. Scott's, Kelly's cafe and candy store, in which the blaze started.

ALBERTA VISITED WITH BAD FIRES

Bellevue and Blairmore, Crow's Nest Towns Had Bad Blazes.

LETHBRIDGE, Jan. 4.—Bellevue, Alta., in the Crow's Nest Pass, was visited by a 800,000 fire early this morning. It was only checked by the use of dynamite to raze buildings in the path of the flames. This fire followed a \$20,000 blaze in Blairmore, also in Crow's Nest Pass, on New Year's day.

BAD ACCIDENT ON ELECTRIC TRAIN IN CITY OF CLEVELAND

CLEVELAND, Jan. 4.—Between fifteen and twenty persons were seriously injured, two probably fatally, and a score more were badly shaken and bruised shortly before noon today, when the cars on an interurban electric train were derailed near here.

SIX DEAD RESULT BELFAST DISORDERS

Number Included Child Which Was Shot While in Its Mother's Arms.

BELFAST, Jan. 4.—Six deaths have resulted from the present series of disorders in Belfast. One of the fatalities was that of a child which was shot in its mother's arms.

MORE INDIANS ARE GIVEN JAIL TERMS

ALTAHAB, Jan. 4.—Four persons, including the son and nephew of Malaviya Pundit, the prominent non-co-operationist leader, have been arrested on charges of making speeches and inciting to violence. They were sentenced to eighteen months with hard labor.

FARRIS IS BACK FROM TRIP EAST

Conferred with Premier Oliver But Resignation Not Discussed—Not Going to Bench.

VICTORIA, Jan. 4.—Hon. J. W. deB. Farris, provincial attorney general, returned yesterday from Ottawa and conferred with the premier. He said that his resignation had not been discussed in the conference and also stated that there was no truth in the report that he had been appointed to the Supreme Court bench.

IRISH FIGHTING.

BELFAST, Jan. 4.—Much sniping occurred here yesterday and several persons were wounded. A bomb which was thrown missed its mark, the throwers being fired on by the police. Five were wounded.

LUMBER FOR BRITISH SHIPS STILL BEING SHIPPED OLD COUNTRY

VANCOUVER, Jan. 4.—The reported cancellation of the ship-building programme of the British admiralty consequent upon the agreement about to be reached at Washington has not interfered with the shipment of the four and a half million feet of lumber from British Columbia for planking and scaffolding in connection with the construction of warships in England. It is likely, however, that orders for this material from the British naval yards will be smaller in future than it was anticipated.

CONTROVERSY REGARD WOMEN'S FOOTBALL IS WAXING LIVELY

LONDON, Jan. 4.—A lively controversy is centering around the question as to whether or not women are to continue as active participants in football matches. Recently the British Football Association put itself on record as against women's invasion of the football domain, and issued a request to clubs to refuse the use of their grounds for women's football matches. It is expected the request will be complied with.

IMPERSONATION OF CHRIST IS ALLOWED

LONDON, Jan. 4.—The impersonation of Christ has been permitted for the first time on an English stage in the production here of Strindberg's symbolic play "Adventure." A fourteen year old girl appeared as the Redeemer. The dramatic critics express the view that the English stage censorship is broadening with regard to religious plays.

ALEX YOUNG IS MARRIED

Son of Local Judge Wedded Last Night to New York Girl—Ceremony at Fishkill, N. Y.

Alex McBain Young, son of Judge and Mrs. F. McB. Young of this city, was married last evening at 8:30 o'clock to Miss Beatrice Ann Brickerhoff, daughter of the late Mr. and Mrs. James Bailey Brickerhoff of Fishkill, N. Y. The marriage was celebrated at Avenue Farm, Fishkill, N. Y., at the home of Miss Heloise Graham, the aunt of the bride.

Miss Marguerite Young, sister of the groom, who is attending the Toronto Conservatory of Music, Toronto, attended the wedding and was bridesmaid. Thomas Fergie, formerly lieutenant in the R.N.A.S., Montreal, was groomsmen.

Mr. and Mrs. Young are expected to visit Prince Rupert on their return west in about a fortnight's time. They will reside in Prince George, where the groom is in the law practice.

MAKING STUDY OF AMERICAN LIFE.

Mrs. Thais Lucander, who arrived at San Francisco from the Orient recently to study American life and manners. Mrs. Lucander was born in Russia. Her husband is a Finn, an engineer employed by the Chinese Government. Mrs. Lucander will attend Columbia University.

Colonel McMordie Opens His Mayoralty Campaign; Scores Mayor Rochester

The first shot in the municipal election campaign was fired last night when Colonel S. P. McMordie, D.S.O., candidate for mayor in opposition to Harry B. Rochester, the present incumbent, addressed a well attended meeting in the Empress Theatre. Colonel McMordie explained his qualifications for the post of chief magistrate and dealt exhaustively with matters of policy concerning the city, criticizing Mayor Rochester on many points. The meeting was presided over by W. O. Fulton and was followed by a preliminary organization meeting in the Alder Block.

In his opening remarks Colonel McMordie said that he was on the platform to ask for the support and influence of the citizens in running for mayor of the City of Prince Rupert. In asking for support he would give reasons why he thought a change in mayors was necessary to all. He stated that he had invited Mayor Rochester to attend on the platform with himself but that the mayor had notified him that he had a cold and was unable to be present.

"A city such as we have here I consider much as a joint stock company," said Col. McMordie. "The stockholders are the property owners and we wish to have the best possible board of management. I do not wish to be egotistical but in my position in life I feel that I am qualified to fill the position of mayor of this city. I am a construction man by profession and consider that I would be well qualified and useful in looking after that part of the city work. I am also an accountant and as such, my knowledge would doubtless also be useful. In this campaign I do not propose to deal in personalities but I am going to talk on matters purely from a business standpoint. I have given up the office of police magistrate which carries a greater salary than that of mayor. I feel that things generally

(Continued on Page 5.)

Minister of Lands Sounds Optimistic Note on Situation

"Having returned from the East only three months ago, the result of the federal election was no surprise to me," said Hon. F. D. Pattullo, minister of lands and member for Prince Rupert, when interviewed by The Daily News yesterday.

"I believe that it will result in great good for Canada and particularly for this portion of Canada. There are innumerable matters of vital concern affecting this district that are within the purview of the Dominion Government, and these will, I am sure, receive sympathetic consideration at the hands of the new administration at Ottawa."

On a query from the News representative as to the provincial situation, the minister said: "Of course your suggestion that the Provincial Government is not as popular just now as it was, is, I now, only intended humorously, on me up against an impossible task to persuade anyone that I is not popular. It never believes if until the ballots are counted and even then it does not believe it because the ballot box lies. Seriously, however, owing to general conditions, the Government has been compelled to do many things that are unpopular, and it is not inconceivable that they may have done some things that were unpopular that they were not compelled to do. It is also conceivable that a Government could be ninety percent efficient and still enjoy temporary unpopularity. In the innumerable matters to be dealt with the ten percent inefficiency would furnish material for a severe indictment, and the ninety percent efficiency might be temporarily forgotten. We are not worrying over the present situation. We believe that in the main both our legislation and administration have made for the advancement of the Province."

Mr. Pattullo left for Prince George this morning. He will be in the north ten days looking over the situation generally.

PERSONALITIES DAIL EIREANN

Countess Markievich is Rebuked by Michael Collins.

DUBLIN, Jan. 4.—Yesterday's debate on the peace treaty revealed a division of speakers for and against of almost equal proportions. Some bitter speeches were made, notably that of Countess Markievich, who said that Viscount Lascelles would be Governor General of Ireland under the new scheme, or perhaps Princess Mary would break engagement and marry Michael Collins and thus make Collins governor.

Michael Collins, who was absent, returned and scathingly rebuked Countess Markievich for discourtesy, disclaiming any personal feeling for Princess Mary, but declining to permit any member to make a statement calculated to cause pain to her or to his own fiancee.

Collins referred bitterly to the time when woman could go through Ireland without being insulted.

De Valera's Amendment.

DUBLIN, Jan. 4.—On reassembling today, the members of the Dail Eireann were presented with a new version of Eamonn de Valera's amendment. The document which was distributed among the members, proposes a treaty of amity and association between Ireland and the government of Great Britain and other states of the British Commonwealth.

The debate on the treaty is being continued today and it is still possible that a vote will be taken tomorrow or Friday.

FILES WRITS FOR SLANDER

Detective Inspector George Perdue, Victoria, Claims \$20,000 Each from Commissioners' North and Mall.

VICTORIA, Jan. 4.—George Perdue, inspector of detectives, who has been dismissed from the city police force, has filed writs of slander against Police Commissioners Joe North and Dr. Ernest Hall, claiming \$20,000 damages from each. The commissioners are said to have charged Perdue with corruption during the municipal election campaign.

ASSESSMENT FOR 1921 REPORTED

Total Assessment is More While Rateable Property is Less.

The city assessment roll for 1922 has been compiled by Thos. McGlymont, assessor, and a report on it was last night submitted to the city council by the clerk.

The roll shows a total assessment of \$47,138,492.00, as against the 1921 revised assessment of \$16,538,536.00, while the rateable property is shown as \$8,500,952.00, against \$8,773,649.00 for 1921.

The 1922 assessment shows an increase over that of 1921 of \$399,956.00, while the amount which can be levied on is \$272,687.00 less than 1921.

Vancouver Is After Elevators.

Various prairie visitors to Vancouver have recently mentioned the necessity for increased elevator accommodation for prairie grain at the southern port. The Vancouver Board of Trade has been taking the matter up and representations are being made to interested quarters. Now that the question is being given such prominence in the south, it would seem to be an opportune time for Prince Rupert people to get in a word for their port. The Dominion Government and the Canadian National Railways will doubtless have much to do with these affairs and may be instrumental in the increasing or establishing of such facilities. Because Prince Rupert now has a favorable federal government is no reason why the necessities and advantages of the port should not be pointed out. There is little likelihood of anything being done for us if we appear to be asleep. "It is none too early to get working on this question if we are ever to make this port the grain shipping centre that we believe it will be," said Robert McKee, chairman of the Foreign Trade Bureau of the Vancouver Board of Trade, last week. There is no reason why Vancouver should be any more the grain shipping centre of the Pacific Coast than Prince Rupert, and it is up to the northern people to show why. The reasons need no recounting here.

Wireless vs. Land Lines in North.

In a country of the geographical and topographical nature of Northern British Columbia and the Yukon a wireless service of communication instead of a land line as embodied in the plan of Fred Stork, member-elect, would have many advantages. The most important of these advantages would be the fact that the system would not be dependent upon long transmission lines, the difficulties of which are only too well known to the people of this northern country. Mr. Stork makes no secret of the fact that something must be done with the Yukon telegraph line in the near future. It is gratifying to see that he has brought up the question at the present time and stated his intention in regard to it. He did not take advantage of his plan for election purposes. Whether his scheme is a feasible one will have to be decided by practical men who are experts on telegraph work. All know, however, that to put such a wireless system into operation would require much more powerful equipment than now exists anywhere in the north of B. C. The public believe that wireless tolls must necessarily be higher than those of the land lines. There seems no reason why this should necessarily be so. In the case of such a system at any rate it is plainly obvious that the costs of installation and upkeep would not be nearly so high as those of land lines. It is a tremendous proposition, however, and one on which there can be no snap decision.

Ghandi's Efforts Are Failing.

The popular character of the reception being accorded the Prince of Wales on his tour of India is thrown into sharp relief by the declaration of the Indian republic by the Moslems and the more or less impotent riots that have been incited by Mahatma Ghandi, the non-co-operationist leader. That Ghandi's efforts have failed is clearly shown by the splendid receptions that the Prince has been getting everywhere in spite of the threats of boycott and passive resistance. He has, unfortunately, succeeded in doing some mischief, but his cause has been hopelessly discredited. There seems to be a lacking of any deliberate and widely organized attempt in India to overthrow the British rule.

Small Bank Accounts

We welcome even the smallest accounts and extend the same service to the patron depositing one dollar a week, as to the firm banking thousands.

Moreover, that deposit of \$1 a week, continued regularly, and including interest at 3% compounded semi-annually, gives you a balance of \$280.26 in five years.

The Man in the Moon SAYS—

AFTER a girl gets on the shady side of 30, she drops the affinity business and begins to hustle around for an ordinary bread winner.

"THE time will come" thundered the suffragette orator, "when women will get man's wages." "Yes," sadly muttered a man on the rear seat, "Next Saturday night."

PERSONALITY is a combination of individual qualities developed to the highest degree of excellence.

LET us gossip of one another's virtues; then will the vices take care of themselves.

SOME people hold the key to the situation and then are too lazy to turn it.

ARE you adding anything to the world's happiness? If not, you are a failure.

GRASP the first opportunity, it may be your last.

NO man ever did a great thing who lost his character in the process.

SOME men leave their fingerprints with the police, and some leave them on the books you lend.

A LITTLE learning is a dangerous thing, but the effect isn't quite so disastrous as that of a little authority.

DOUBTLESS you have noticed that when men who know most about running the world's affairs make the least success of their own.

COURT OF REVISION.

PRINCE RUPERT ASSESSMENT DISTRICT.
 NOTICE IS HEREBY GIVEN THAT A COURT of Revision and Appeal, under the provisions of the "Taxation Act" and the "Public Schools Act" respecting the assessment roll for the Prince Rupert Assessment District for the year 1922, will be held as follows:

For Prince Rupert—At Provincial Assessor's Office, Prince Rupert, B. C., on Thursday, the 19th day of January, 1922, at 10 o'clock in the forenoon.

For Stewart A. Letting Mining Recorder's Office, Stewart, B. C., on Friday, the 20th day of January, 1922, at 10 o'clock in the forenoon or immediately after the arrival of the Grand Trunk Pacific passenger steamer.

Dated at Prince Rupert, B. C., December 27th, 1921.
 JOHN DYBHAVN,
 Judge of the Court of Revision and Appeal.

LAND ACT.

Notice of Intention to Apply to Lease Land.

In Skeena Land District, Recording District of Prince Rupert, B. C., and situate in Khutz Inlet, second right from entrance on east side.

Take notice that Edgar Harold Crawford, occupation lawyer, intends to apply for permission to lease the following described lands: Commencing at a post planted in the second right from the entrance of east side of Khutz Inlet, thence 20 chains south, thence 20 chains east, thence 20 chains north, thence 20 chains west and containing 40 acres more or less.
 EDGAR HAROLD CRAWFORD, Applicant.
 Dated December 14, 1921.

CITY COUNCIL GETTING BUSY

Eleventh Hour Discussions and Pre-election Talks Before Adjournment.

Eleventh hour discussions and pre-election talks were indulged in by the mayor and several of the aldermen at last night's council meeting, the matters brought up coming under the "before we adjourn" procedure.

Mayor Rochester said the bad condition of ladders at the government wharf and fish docks and the poor lighting there had been brought to his attention. He thought the council might take it up with the provincial government.

"As far as the ladders are concerned," said Ald. Dybhavn, "someone must have given you a 'bum steer,' your worship. Only a few months ago these were all put in good shape, four brand new ladders being put in."

"It is true there might be improvement in the lighting at the fish docks, but this is a matter to be attended to by the individual fish companies, I think."

Crooked and Dark.

"I know a good many places in the city where lighting is poor," said Ald. McNeill. This was greeted with smiles from several aldermen who apparently thought the "chestnut" about Graham Ave. was coming. "No, I don't mean Section Two this time," said the alderman, catching on. "This time I am referring particularly to the Exchange Block. The other night I went there to see a dentist and found there was no light in the crooked hallway. It is dangerous there and the matter ought to be brought to the attention of the owner or the agent."

Ald. Perry said his office was there and he knew the hallway was dangerous. A word to the agent might right things and, anyway, it was not up to the council.

Slippery Streets.

Ald. Kelly talked about the ice in the streets. On Sixth Avenue it was absolutely bad and the surface was just like ice. There ought to be some ashes put down. The mayor suggested that the residents might assist and the city engineer was also instructed to take note.

"The southeaster will fix that anyway," said Ald. Dybhavn.

"It would take not a southeaster but a veritable tornado to fix some of the things that in the course of the year I have brought to your attention and the attention of the board of works, Mr. Mayor," said Ald. Perry. "I refer to the Hays Creek bridge and the graded part of Eighth Avenue East near Seal Cove. The latter place is in absolutely bad condition and is almost impassable. I should think that when such grading is done there would be some funds for maintaining it. Rock should be put down instead of cinders."

Raising the Devil.

"Also I drew to your attention some time ago, Mr. Mayor, the handrail near the Seal Cove School. Both you and the road foreman have been out there to look at it, but nothing has been done. A little thing like that which might mean saving life should be attended to without me having to come here night after night whining, finding fault and raising the devil about it. You should have seen that the road foreman attended to it after you had given instructions. We are always ready to repudiate claims that arise from accident due to such things as this."

The mayor said that this was the first intimation he had had of the handrail not having been put in. He had given instructions that it be done. However, the city engineer could not be blamed. He had hardly been here long enough to cover the whole city and look into such details as these.

Hays Creek Bridge.

In regard to Hays Creek bridge, Ald. McNeill said he had looked at it and had found nothing dangerous.

"If you can get time to come out with me some time," said Ald. Perry, "I will show you where the surfacing is almost worn through in several places."

City Engineer Whittaker said Ald. Perry was right. Repairs were necessary at Hays Creek bridge. He intended to issue instructions in regard to Eighth Avenue East.

Finally the council got back to the government wharf and it was decided to have the mayor draw the attention of Harry Daggett,

Ten Years Ago

in Prince Rupert

January 4, 1912.

For the first time since the pioneer days of Prince Rupert Shawatlans Lake has been visited by a large skating party. Toward 9 o'clock last night the launch Rover left the Rupert Marine wharf with a big freight of skaters, provisioned for an Arctic trip, and supplied with ropes and a light sled.

From the falls to the camp at the head of the lake the party sped in brilliant moonlight. Unfortunately, just a little way from his destination one member of the band struck a blow hole and went through to the waist. He picked himself out with no worse disaster than the loss of a couple of axes which he had been carrying.

The party picnicked in the Shawatlans camp kitchen by courtesy of the camp cook. A final hour was spent on the perfect ice at the rear end of the lake. The party included among others, Mrs. Roberson, Miss Drummond, Miss Elliott, Miss Du Vernet and Messrs. Tooker, Gamble, Warton, MacMaster and Purdy. Captain Norman Brodhurst was in charge of the Rover.

Some men who haven't motor cars always have their mufflers open.

FORMER RESIDENT DIES NEW YORK

W. Cummins Who Was With Canadian Fish and Cold Storage Co. Passed Recently.

The death occurred in New York recently of W. Cummins who was a resident of Prince Rupert for several years. He was employed by the Canadian Fish and Cold Storage Company in the sales department here for some six years and was a highly respected employee.

He left the employ of the Cold Storage Company to take up a position in New York, with an agent of the company about 14 months ago.

While a resident of the city Mr. Cummins and his family lived at Seal Cove. The deceased leaves a widow and two children, a daughter and son. He was 56 years of age.

ARCHDEACON COLLISON IS SERIOUSLY ILL

Sons Have Been Called to Bed-side of Veteran Missionary of North.

The Venerable Archdeacon W. H. Collison, pioneer Anglican missionary, is lying critically ill at his home in Kincolith, Naas River, and members of the family are being called to the bedside.

Rev. W. E. Collison, of this city, Indian Agent for Naas River division, left on Sunday night for Kincolith and Rev. Archdeacon Collison, of Vancouver Island and Max Collison of this city, are leaving soon for the Naas.

DIED IN VANCOUVER.

Mrs. J. McAleenen died at St. Paul's Hospital, Vancouver, on Christmas Day. Her death was due to an abscess on the lungs. She has been ill since last July. Mrs. McAleenen lived in Alice street for a number of years. She was always willing to help anyone in distress and everyone is sorry to hear of her untimely death. Alice Arm Herald.

G. F. Johnston, C.N.R. city passenger agent, returned today on the Prince George from a trip south.

H. J. F. Turney, formerly superintendent of the Wallace shipyards here, arrived from Vancouver today.

Mr. and Mrs. Stanley Parker returned from Vancouver on the Prince Rupert this afternoon. They have spent the festive season visiting in the south.

J. B. Lambert, Dominion Government public works engineer, returned from Victoria today on the Prince Rupert, where he has been on business for the department.

The schooners La Paloma and Gony, with 47,000 pounds of halibut between them, arrived in Seattle on December 29 from the northern banks. They were the first fishing boats to land at Seattle for seventeen days. Thirty halibut boats are preparing to leave Seattle for the banks, the first two, Crescent and Nomad, having sailed last week. They were the first to sail from Seattle in three weeks. The news of these arrivals and departures was sufficient reason to put their movements on the press wires.

A \$35,000 repeal bylaw, providing for alterations in the original Section 2 steel bridge bylaw, was put through its first readings at the council meeting last night. The bylaw has been necessitated on account of changes in the plans from what were set out some years ago when the Grand Trunk Pacific Railway and the provincial government were each to have shared with the city in building the steel bridge. The bylaw will have to be approved by the lieutenant-governor in council.

If you suffer from this painful malady, apply Zam-Buk. It is purely herbal, quickly eases the dull, gnawing pain, stops bleeding, ends the irritation, and in a short time completely and permanently cures. Zam-Buk should be in every home.

Mrs. C. Hanson, Poplar, B.C., says: "I suffered for years with bleeding piles. The pain was often so bad I could hardly walk. I tried remedy after remedy, and finally underwent an operation, but only got temporary relief. At last I tried Zam-Buk. Perseverance with this completely cured me and there has been no return of the trouble."

BRINGING UP FATHER

CITY COUNCIL STORM CENTRE

Now Is the Time They Must Defend Their Work and Answer to Criticism.

The present mayor and aldermen have now reached the stage of the municipal game where they must rise up in defense of their work if they seek to be re-elected. They are being criticized now and may expect to get more criticism, but that does not mean that they have not given good service. They may have, and again, they may not have. They are being opposed for re-election and the aspirants must show they are better than the present officers. The tack usually taken in doing so is that of assailing their policies and work. It goes with the business of running a campaign. The voters will decide next Thursday whom they want—whether the present civic government suits them or whether they think a new one would be better.

All the present aldermen, with the exception of Ald. Frizzell, are understood to be running again. Ald. Frizzell is being coaxed, and it is quite possible he may reconsider his refusal to run. New candidates in the field include Theo. Collart, Rod McLeod, Douglas Sutherland and George Rudderham. The two former have never before tried for municipal honors, while the two latter have had their names at the polls before. Mr. Sutherland having served before on the council board.

D. H. Morrison.

D. H. Morrison is being prominently mentioned for the police commission. He should be a likely candidate.

Still the school board vacancies are going begging. Nobody is being mentioned for them and nobody seems to want them. Mrs. W. J. Kirkpatrick said this morning she had not made up her mind whether she would run for either the council or the school board.

City Clerk Woods is now ready to receive nominations, which close at 2 o'clock on Monday afternoon. The earlier they are filed the better, he says.

JACK PICKFORD AT WESTHOLME TONIGHT

Popular Film Actor Has Ambition to Become Aviator.

Jack Pickford, star of "Just Out of College," longs to become a famous aviator. For this reason he bought himself an aeroplane and spent much of his time taking lessons from his friend Locklear.

He often uses it as means of transportation to the Goldwyn Studio in Culver City, coming down in the big back lot amongst the numerous exterior settings. "Just Out of College," which comes to the Westholme Theatre tonight, is Pickford's fourth Goldwyn picture, following "The Little Shepherd of Kingdom Come," "The Double Dyed Deceiver" and "The Man Who Had Everything."

Sport Chat

The second half of the Prince Rupert Basketball Association's season's schedule will commence next Tuesday night. The time tables has already been drawn up and will be released at the end of the week. It will be very similar to the schedule for the first half and each club will play the same number of games. While the games between the Sons of Canada and the Elks in the Senior League will probably hold the centre of the stage there will be a good deal of interest in the Intermediate, Ladies' and Junior League as well.

If largish crowds have been drawn once or twice to see women's football games, says the Manchester Guardian, it is not so much a symptom of interest in football as it has been an appetite for the sensational in athletic spectacles. The British Football Association has pointed out in forbidding women's games on its grounds, that football is an unsuitable game for women. Perhaps this point would have been settled with more authority by women themselves if they had consulted with their medical advisers. With cricket, lacrosse and hockey to go on with the virile young woman might well leave football alone. Few people will quarrel with the football association's decision forbidding them to play.

CITY WORK IS CENTRALIZED

F. J. Whittaker, New Engineer, Placed in Charge of All Business of Board of Works.

F. J. Whittaker, the new city engineer, is to take charge of all outside city work with the exception of the telephone, light and fire departments according to a recommendation of the board of works which was last night adopted by the city council.

In answer to a question by Ald. Perry, Ald. Kerr, chairman of the board of works, explained that Mr. Whittaker's jurisdiction would be over streets, sewers, waterworks, health and cemetery, in short, all the business of the board of works.

Mayor Rochester said he thought it was a step in the right direction. He had always desired to have this work brought under one head.

ANNUAL MEETING OF PRESBYTERIAN LADIES' AID HELD

Financial Report Shows Great Success During 1921—Mrs. W. D. Vance New President.

The annual meeting of the Ladies' Aid of the Presbyterian Church was held yesterday afternoon. The annual report of the secretary treasurer was read and showed that the year had been highly successful from a financial standpoint, the sum of \$1384 having been raised.

Officers were elected for 1922 as follows:
 President, Mrs. W. D. Vance.
 First Vice President, Mrs. S. L. Warrior.
 Second Vice President, Mrs. T. M. Spencer.
 Secretary Treasurer, Mrs. J. A. Teng.
 Executive Committee—Mrs. D. McD. Hunter, Mrs. C. E. Starr, Mrs. Robinson and Mrs. W. J. Kirkpatrick.

SCOTS LEAD VETS BILLIARD TOURNEY

Four Games Played Last Night and Score to Date is 758 to 656.

Four of the games in the Trail Club billiard tournament before the St. Andrew's Society and the Great War Veterans were played last night and as a result the former team is ahead by a score of 758 to 656 having won three of the four games. The games of Dr. West vs. R. Davie and W. Goodrich vs. A. Kinghorn were not played.

The following were the results of the games played:
 U. U. LaCasse (G. W. V. A.) 101; R. Robertson (St. Andrew's) 200.
 S. L. Warrior, 158; B. Andrew's, 200.
 J. May, 200; J. A. Allen, 158.
 W. F. Roberge, 197; S. D. Macdonald, 200.

NEW COAL BUNKERS ARE BEING BUILT

Prince Rupert Coal Company Installing Store Room for 600 Tons.

Coal bunkers for the storing of Alberta coal are being erected by the Prince Rupert Coal Company on the waterfront opposite the Grand Trunk shed No. 1 and along side the track, the trackage being leased from the Canadian National Railways by the company. The work of building the bunkers has been undertaken by George Macdonald, who has a dozen men employed.

The bunkers, when completed, will be capable of storing 600 tons of coal and will be entirely under cover, thus affording protection from the weather and ensuring that the coal will always be in a dry state. The sacking of the coal will also be greatly facilitated, as this work will also be carried out under cover. In the case of Alberta coal it is essential that it be kept dry, and with the innovation of bunkers it will greatly enhance its quality on delivery.

The coal dock for the handling of Vancouver Island coal is situated between Grand Trunk shed, No. 1 and the immigration shed, where the coal brought in by boat is unloaded.

Theatre-goers throughout the nation are enjoying a Christmas-like chuckle in "Topic of the Day" Films worded as follows:
 Mother—"Who ever taught you those dreadful words?"
 Tommy—"Santa Claus, when he fell over a chair in my room on Christmas Eve."

Backache

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlook the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

COLONEL MORMORDIE OPENS HIS MAYORALTY CAMPAIGN SCORES MAYOR ROCHESTER

(Continued from Page 1)

are going to change for the better in this part of the country and I also feel that we should put in office the best council we possibly can and thus help to bring about the prosperous times for which we have waited so long.

"I am informed that I will be criticised on account of my work as police magistrate. I have always decided cases strictly on the evidence placed before me, and I am sure I have never convicted an innocent man. I do not make the laws as a police magistrate but only administer them. For the first offence in almost every case I have given the minimum punishment, and I could not do less. I feel that I have acted fairly in my capacity as police magistrate.

School Building.

"Another position from which I am told I will be criticised is regarding the building of the school. In this connection I wish to say that I signed a contract with the City of Prince Rupert to build that school according to plans and specifications and I had no power to alter the plans or specifications. I built the school exactly as it was supposed to be built. If the school is not satisfactory surely I cannot be blamed for that.

"I understand it is said that I need training to become mayor of this city. Now the matters pertaining to the business of the city are presented to the council first and if necessary are referred to the different committees in which the council is divided, and I cannot see that any special training is required to enable one to preside at a council meeting. It is the duty of the mayor to supervise the work of the heads of the various departments and to see that they carry out the work efficiently as undertaken, but I claim that it is not the duty of the mayor to give instructions to the men working on the streets or to the foreman. If I am elected mayor I will follow the usual and proper procedure.

Worst Mayor Ever.

"I am going to try and be absolutely fair to Mayor Rochester, but I think the work of the last mayor is the worst we have had in Prince Rupert. His regime in my opinion has been extravagant and inefficient."

"At this point Colonel McMordie dealt with the taxation in the city, quoting figures covering the period. He stated that in the last four years the taxation had increased to an enormous degree, and that if it continued it would be a serious liability to the property holder. He said that in 1921, when Mayor Rochester became mayor, the total amount of taxes according to the city records was \$270,422 or \$58,000 more at the beginning of 1921 to start Mayor Rochester off right than at any previous period.

In dealing with street improvements the speaker said that for two years street improvements had been talked of. He gave credit to Mayor Rochester for starting street improvements but he also wished to criticise the action of the present mayor in this connection. He thought that as 80 per cent. of the business houses in Prince Rupert were located on Third Avenue and that 80 per cent. of the traffic was from Sixth Street and McBride along Third Avenue, the mayor should have started his street improvements on the main avenue along which all the traffic passed. Although the work had been started on Second Avenue he considered it was the duty of the mayor to stop the work and start on the surfacing of Third Avenue.

Street Work.

"In carrying out the work of improvements on streets in Section 1 the city considered it advisable to put on a foreman to supervise the surfacing of rock and other details. I do not propose to criticise the gentleman

JACK PICKFORD is Just Out of College Showing to-night at the Westholme Theatre.

who was put on to do this work but what I do criticise is, that in Prince Rupert where we have so many men capable of carrying out this work, that the city should have sent to a southern city to bring in a man to do it."

Colonel McMordie said that he had given Mayor Rochester the idea of putting the rock crusher in close proximity of the two rock piles on Second Avenue, putting the rock through the crusher and using it for the road work, but that the idea had not been acted upon. However, he said if he were elected mayor it would be acted upon. The other work which was undertaken by Mayor Rochester was the excavation work on Fulton and Borden streets. He said that most of the plank roads had been built from eight to twelve years ago and that the life of such roads was approximately eight to fifteen years. Instead of replacing them by new plank roadways it was better to do excavation work, the excavation to be of such a width as would permit of carrying traffic. He said that plank roads could not always be built and that they must be replaced permanently from time to time as money would permit.

In speaking of the Fulton Street road work Colonel McMordie said "I passed down Fulton Street on several occasions when the road was torn up and there was not even a plank to walk upon. I blame the mayor of the city for this, and he is responsible to see that the head of this department gets the work done conveniently and properly. The same thing occurred on the Borden Street excavation when citizens attending the Roman Catholic Church had to pass through the mud."

Broken Promises.

The speaker said that Mayor Rochester had broken his promises, and cited the question of the electric light charges.

He said that the mayor had promised to reduce the electric light charges which were very high and should be reduced. The superintendent of the Public Utilities department had recommended to Mayor Rochester that these charges should be reduced but that they had not been reduced. "I propose to see that they are reduced, if elected, because they are unreasonably high at present," declared Col. McMordie.

The speaker said that the question of sewers in the city was a very important one, but that they could only be put in here and there as finances would permit and not in the far residential districts until the business section had been attended to.

In speaking of the unemployment question Colonel McMordie said that everyone would agree that Mayor Rochester had done good work in this respect, giving preference naturally to the married men and men with families.

Oriental Question.

The Oriental question was dealt with by the speaker, who said that on this point he would criticise Mayor Rochester, it being a very important question since one-eighth of the people in British Columbia were Orientals. He said that any man running for public office should be severely criticised and asked to state his platform as regards the Oriental question. The speaker said that he had never employed an Oriental in his life and that he never would, but that if one looked into the Prince Rupert Hotel he would find seven Orientals employed while in Prince Rupert white men were not getting the necessities of life.

In speaking on the question of playgrounds, Colonel McMordie

said it was a duty to do all possible to provide play grounds on which children could play in safety. He proposed to do everything possible to get new playgrounds if he was elected mayor.

He also advocated the provincial government starting the road around the island, and the city to build the road from Eleventh Avenue to connect with the proposed provincial government road.

Cleaning Up City.

Referring again to the broken promises of Mayor Rochester, the speaker said that a year ago the present mayor had said something about cleaning up the city, and that if he (Mayor Rochester) was elected the police chief would have to clean up the city, to his liking or he would go. Still the chief was with us today and so was Mayor Rochester. "I think that is one statement you will be glad to have him explain, and I think you will give your opinion on it on January 12 and that Mayor Rochester will no longer be mayor. As regards myself and the city generally, I stand for law and order and we want this to be a good city and a cleaner city, a city we can be proud of. If I am elected as mayor, I am not going to promise to fire anyone. However if I find that anyone at the head of a department is inefficient, I will fire him if I have the power.

"I think we are about to enter on a year of prosperity and if elected I am going to do everything I can to help that prosperity along. I notice that Vancouver is handling a lot of grain and I see no reason why we cannot handle grain." The speaker mentioned the question of coal bunkers and steamers plying here and the Orient, and said that if he was elected mayor he would do his very best to see that these things were brought about.

Chairman's Remarks.

W. O. Fulton, chairman, in introducing the speaker said that he was supporting Colonel McMordie in his campaign because he thought he was the best man for the position of mayor in the city. In democratic government sentiment should not be brought into the question. He stated that the meeting had been called early in the campaign in order that people could have the issues laid before them, and have time to talk and think the matter over to see if there were not good reasons why there should be a change of mayors. The meeting had been called late to allow of the aldermen of the city to attend and address the meeting after the council meeting was over if they so desired. An invitation was extended to any prospective candidates to go on the platform and give their views. Colonel McMordie was introduced by the chairman as an old timer of old timers. Very few people in the audience needed any introduction to him.

FOREST RANGERS

Successful Candidates in Provincial Government's Recent Tests.

The following have recently qualified as forest rangers having passed the competitive examination held in October by order of the provincial government.

- Grade A.—Harold Ordham, E. T. Thomas, of Pentiction; A. E. W. Boyd of Williams Lake. Grade C.—R. B. W. Eden, G. H. Clark, of Williams Lake; G. R. Little, G. Stodley and A. O. Holmes of Pentiction.

according to a scientist, are freed every time a person coughs! If you happen to be in the vicinity it is impossible for you to breathe without inhaling some of them. Yet there is one sure way to avoid infection—Keep your mouth and throat bathed with the pleasant but germ-destroying vapor that is liberated from a Peps pastille as it dissolves in the mouth.

Not only as a preventive but as a cure for bronchitis, sore throat, coughs and laryngitis. Peps are equally good. All dealers, 50c. box.

LADIES' AUXILIARY OF ST. ANDREW'S HAD ELECTION OF OFFICERS

The annual meeting of the Ladies' Auxiliary of St. Andrew's Society was held last evening in the club rooms on Second Avenue. There was a large turnout and reports submitted for 1921 showed that the work carried out during the year just past had been highly successful both socially and financially.

The following officers were elected to carry on the work of the society for the current year: President, Mrs. J. L. Lee. Vice-president, Mrs. K. E. Birnie. Secretary, Mrs. Howard Steen (pro tem). Treasurer, Mrs. W. Anderson. Executive—Mrs. J. McRobbie, Mrs. W. Reid, Mrs. J. S. Irvine, Mrs. J. J. Ryan and Mrs. George Albott.

Social Committee—Miss Mary Reid and Mrs. R. Gilmour. Visiting Committee—Mrs. W. Reid and Mrs. Moran.

NEW SETTLERS.

FORT FRASER, Jan. 4.—Two new settlers from Eastern Ontario, Mr. Flagg and Mr. Crowe, have bought a place near Fort Fraser and have taken up residence there.

Maintaining One Standard

The standard of quality maintained by Pacific Milk is, outside the name itself, the greatest asset we have and, indeed, the name would be worthless were we ever to change the quality. The fact that here at home Pacific enjoys the greatest demand of any is proof enough that quality is the basis of success. Pacific Milk is the only milk put up in the province, and it is the same today as when we opened our first factory in Ladner year ago.

FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

KETCHIKAN STUDENT EXCELS AT HARVARD

Henry W. Clark Gets Highest Award in Gift of Great University.

KETCHIKAN, Jan. 4.—Henry W. Clark, brother of Mrs. Glen C. Barrett of this city, has recently been awarded the highest honors to be bestowed upon any student of Harvard University. He also has taken a prominent part in the football team and in other sports.

Mr. Clark is about 22 years of age and was born and raised at Ketchikan. He is married and while attending the school is supporting himself and wife and child.

The Associated Press dispatch telling of his achievements is dated from Boston, Mass., and reads as follows:

"Harvard University today awarded to Henry W. Clark of Ketchikan, Alaska, her highest scholarship. Clark holds a position unique in the history of the institution in that he is getting higher honors in his studies than any other man, who also excelled in athletics and took a prominent part in them."

PULPWOOD RESOURCES DOMINION OF CANADA

OTTAWA, Jan. 4.—The total pulpwood resources of Canada, according to a recent estimate made by the Canadian Commission of Conservation, amount to 901,000,000 cords of coniferous pulpwood species, added to which there are also large quantities of poplar and jackpine in all the provinces, which are to an extent used in the manufacture of certain papers. The supply of spruce and balsam in Ontario, Quebec, New Brunswick and Nova Scotia is placed at 501,000,000 cords, of which 306,000,000 cords, roughly speaking, is actually available. The amount consumed in these four provinces or exported by them totals between 5,000,000 and 6,000,000 cords annually.

STEWART

The tramline of the Premier mine has been put into operation and the whole system tuned up. The road to the mine has been properly broken, and the whole of the company's team and tractor transportation system is again working. Considerable heavy machinery for the power plant has recently been taken up to the mine.

Active mining operations have commenced on the Silverado properties. With only one shift working underground at present, ore is being broken off the flat lead, sorted and sacked, and the management hope to make regular shipments of sacked high-grade ore in the near future.

ALICE ARM

The first hockey game of the season was played at Alice Arm on December 26, when the married and single men of the town played an exciting and interesting game. The married men scored their first goal after 12 minutes of play, and the single men equalized five minutes later. In the second period the married men scored two goals. Ross in goal for the single men played a splendid game. In the third period the married men scored three more goals and the game ended with a score of 6 to 4 in favor of the married men, who were the heavier team and possessed the more experienced players.

Great excitement prevailed at the Anyox wharf recently. Smoke was being issued from the wharf warehouse and it was feared that the stock in the liquor store would have to be moved. The fire, however, soon subdued by many helpers.

The skating on the bay at Alice Arm has been brought to a close due to the recent fall of snow. It was possible, before the snow, to skate to the other side of the bay a distance of over a mile.

The Lion mining property situated opposite the town of Alice Arm, on the west side, is coming along fine. The tunnel being driven on the property is already in sixty feet and the work is progressing satisfactorily. The tunnel is to be driven 100 feet at which distance ore is expected to be struck, and the depth obtained will be 79 feet. The lead for which the tunnel is being driven, has a width on the surface of 13 feet, and has been traced for over 300 feet in length. Samples taken from this lead, 10 feet below the surface assayed 660 ounces of silver per ton.

PRINCE GEORGE

Realizing the serious situation which the city faces during the coming year and that the strongest possible man obtainable should occupy the position of chief magistrate of Prince George, a delegation of about fifty ratepayers waited upon H. G. Perry recently and asked him to reconsider his decision not to run for mayor. Mr. Perry informed the delegation that he had no desire for the position, as he wanted to look after his personal affairs. However, the delegation was insistent upon him running. Mr. Perry then asked them to interview the other candidates, and the delegation left in a body to see J. H. Johnson one of the announced candidates. The delegation feel that they will induce Mr. Perry to accept nomination.

J. D. McArthur, of Winnipeg, one of Canada's most famous railroaders, recently visited the city for a couple of days, in connection with his operations at Mud River. Mr. McArthur has intimated that he has decided, not only to locate his mill at or near Prince George but also to increase the capacity of the small mill he had originally contemplated, to one of at least 50,000 feet a day. The construction of this mill will commence early in the spring and it will be possible to drive logs right from the bush to the mill site.

GREAT DISCOVERY.

Wife—What do you think of my doughnuts, Herbert?

Husband—Wonderful, darling. Scientists have tried for years to produce artificial rubber, and here you have done it at the first attempt.—Portland (Me.) Express.

OH! DOCTOR.

May—What is a cruller? Ray—It's a doughnut with the cramps.—"Topics of the Day" Films.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and second-class to \$20 an acre. second-class to \$10 an acre.

Pre-emption now confined to surveyed lands only. Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 2 acres before recording Crown Grant. Where pre-emptor in occupation less than 5 years, and has made no improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim. Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 2 acres cleared and cultivated, and residence of at least 2 years are required. Pre-emption holding Crown Grant may record another pre-emption, if he requires land in conjunction with the farm without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residence and improvement conditions. For grazing and industrial purposes areas exceeding 50 acres may be leased by the person or company, Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased on conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, to be made.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by holders on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and paid since August 4, 1914, on account of payments, fees or taxes on sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING. Act, 1919, for systematic development of livestock industry provided for granting districts and range administration under Commission. Annual grazing permits issued based on numbers range, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Jabour's ANNUAL STOCK SALE

REDUCING SALE

STARTS TODAY

AND CONTINUES TILL SATURDAY, JANUARY 14, 1922

To our customers and citizens of Rupert this extraordinary sale is announced. This sale is undoubtedly an "anti-mail order house" sale and will stimulate the idea of buying at home.

Because this is the first and last sale of its kind to take place this coming year. No such bargains have been offered before and there never will. We are offering this opportunity now because our stock is a little more than we should care to have and are willing to sacrifice it rather than to carry it through. Therefore everything must go at greatly reduced prices.
