Plenary Session of Genoa Conference

CENTRAL CHINESE TROOPS WIN DECISIVE VICTORY AT PEKIN

Question of Disarmament Bobs Up; Russians Not Pleased At Note; Peace before Business

GENOA, May 4.—Interest in the plenary session of the economic conference yesterday was foreshadowed by Tuesday's developments when Belgium bolted the sub-commission framing the final draft of the Russian memorandum and the French announced they were obliged to withhold final approval of the document until they had heard from Paris.

The object of yesterday's plenary session was to receive reports from the financial and transport commissions which sought to devise projects for improving conditions in Europe under these heads.

The disarmament question bobbed up in the plenary session Dr. Walter Rathenau, the German foreign minister, said the world's trade must be doubled before conditions could be bettered but that this should not be done while the nations were jumping at each other's throats.

Foreign Minister Tchitcherine, of Soviet Russia, in pleading for general disarmament, declared that "only by a policy of peace can the nations balance their budgets."

Do Not Like Note.

GENOA, May 4.—The Soviet government is not pleased with the Allied memorandum presented yesterday. The Russian delegation here told newspapermen that they would never consent to restore the property of Czarist owners nor will they consent to the suppression of revolutionary propaganda.

LONDON, May 4.—The general council of the Trades Union Congress and the executive committee of the Labor party, representing six million workers, have telegraphed Premier Lloyd George, urging that full political recognition of the Russian Soviet government was indispensable. They also declaring that the admission of Russia and Germany into the League of Nations would be a better guarantee for peace than any non-aggression pact which might be adopted at Genoa.

GENOA, May 4.—Soviet representatives here announced today that the terms of the Allied note to Russia had been telegraphed to Moscow. They demand full recognition.

France Approves Pact.

PARIS, May 4.—The French government today approved the text of the proposed non-aggression pact under consideration at Genoa with the reservation that it must not be interpreted as withdrawing from France any rights she has under treaties.

Although there are still quite a number of men idle in the city yet, the unemployment situation is much relieved and since April the list of job-seekers has been reduced from 230 to 130 reported James M. Campbell, provincial government employment agent, this morning. The usual seasonal activity of the spring is beginning to make itself felt and men are being placed at various points in the district. A continued improvement is looked for.

Of the men sent out during the past few weeks some have gone to the Queen Charlotte Islands to logging camps, to Granby for dam and railway construction, to Stewart for mine laboring, to interior points on the railway while others, after an idle winter, have gone salmon trolling. Last week twelve men were sent to Stewart, twelve started on a temporary job at the local court house this week and sixteen are to be sent up to Shanes on Saturday morning as an extra gang on railway work.

JAPANESE DIED.

T. Morita, the Japanese who was brought from Inverness a few days ago suffering from a stroke, died in the General Hospital last night.

BIRTH.

There was born at the General Hospital on May 1 to Mr. and Mrs. Allan Nicholson, a son.

OFFICER TO TAKE INVENTORY EFFECTS MR. AND MRS. DOUGHTY

A wire was received by Chief Minty, provincial police chief this morning from Constable Ponder at Massett intimating that he was proceeding to North Island to take an inventory of the personal property of Mr. and Mrs. George Doughty, who were recently drowned. The funeral of Mrs. Doughty, whose body was found on the beach at Graham Island, took place at Massett yesterday afternoon.

No word of the son of the late Mr. and Mrs. Doughty, who is at present on the snagscow Cygnet up the Nass River has yet been received.

One of the Canadian Fish and Gold Storage boats is endeavoring to salvage the gashoof from which the drowning occurred.

MR. JUSTICE CLEMENT DEAD

Supreme Court Judge Expir-ed Suddenly in Vancouver Yesterday.

VANCOUVER, May 4.—The funeral of the late Mr. Justice Clement, of the B.C. Supreme Court, who died suddenly yesterday while getting ready to go to court where he was sitting on a case, will take place on Friday.

The late Mr. Justice Clement was born in Vienna, Ontario, in 1858. He practiced law in Dawson and Grand Forks and was made judge of the county court for Kootenay in 1905. A year later he was appointed to the Supreme Court bench. Death followed a stroke.

GREAT ACTIVITY ASIA MINOR FRONT

ADANA, Turkey, May 4.—Reports have reached here of great activity on the Greco-Turkish front in Asia Minor. It is said that the Turks, strengthened materially by the acquisition of French war material and French and Russian horses, are pushing with great speed preparations for a renewal of the struggle with the Greeks.

TWO HUNDRED DOCK WORKERS ARRESTED IN MONTREAL CITY

MONTREAL, May 4.—The civic police raided a meeting of longshoremen here this morning at Union headquarters and placed approximately 200 men under arrest. The action was the aftermath of Tuesday night's raid on the dock during which two policemen were seriously wounded. Local longshoremen are not working because a ten per cent reduction in wages has been imposed by the Shipping Federation which employs non-union labor.

A limited number of copies of the Provincial Income Tax Ready Reckoner has been received by the provincial collector for the use of auditors, accountants and solicitors, which may be obtained on application.

IRISH TRUCE TO GO INTO EFFECT

DUBLIN, May 4.—The Dail Eireann adjourned today with the understanding that De Valera's motion calling for an immediate truce between the opposing factions will be put into force at once.

The new truce will be operative from 4 o'clock this afternoon until 4 o'clock Monday afternoon with a view to giving both sections of the Irish Republican Army an immediate opportunity to discuss a basis for army unification.

CUT IN NAVY IS INDICATED

Estimates This Year Are \$1,000,000 Less Than Last.

OTTAWA, May 4.—A cut in the personnel of the Canadian Navy was indicated yesterday in the House of Commons when it was pointed out that the estimates of the Department of Naval Affairs were lower than those of last year by approximately \$1,000,000.

FRENCH SOLDIERS WILL NOT WEAR KHAKI JUST YET

PARIS, May 4.—It will require ten years to clothe all the French troops in khaki despite the efforts of the Higher Council of War to equip all branches of the French army with uniforms of that color as quickly as possible.

The delay is due to the fact that the Ministry of War has enough horizon blue and steel gray cloth on hand to equip some branches of the service for ten years and those stocks must be used up before khaki can be adopted.

Therefore the home troops must continue to wear horizon blue and the unmounted chasseurs steel gray while colonial and African troops will at once receive khaki uniforms.

BANKS IN RAID AREAS MAY NOW BE CLOSED UP

DUBLIN, May 4.—A statement issued by the Dail Eireann says that all banks are considering closing their branches in the area where raids on banking institutions have in the past few days occurred.

KILKENNY, May 4.—Sharp fighting with machine guns rattling in all directions was in progress here yesterday. The Free State troops were endeavoring to recapture Ormond Castle Hall which was still held by the irregulars who were on Tuesday they had captured.

The Battle of Kilkenney ended last evening when the last stronghold held by the irregulars Ormond Castle, was stormed and captured by the regular Free State troops. The irregular garrison surrendered and was taken prisoner.

BELFAST, May 4.—Shootings and outrages continue in Northern Ireland and County Waterford. There have been several deaths.

MAY FILL CARUSO'S SHOES.

PREMIER'S WIFE IN AUTOMOBILE MIX-UP GENOA

GENOA, May 4.—Mrs. Lloyd George, the wife of the British prime minister, and her daughter, Miss Megan Lloyd George, were slightly bruised in an auto accident yesterday near Nervi, four miles from here when the machine in which they were riding collided with one driven by the son of Premier Bratiano of Rumania.

DR. BROWN IS MAYOR SEATTLE

Accorded Huge Plurality After One of Hottest Municipal Campaigns in City's History.

SEATTLE, May 4.—Dr. Edwin J. Brown, dentist, was elected mayor of the city on Tuesday with a plurality of 14,915 votes over State Senator Daniel Landon. Dr. Brown's plurality over Senator Landon is the second largest ever given in the city. It came after a bitter campaign in which the charge of radicalism was hurled by Landon and was denied by Brown. Mrs. Henry Landis and Mrs. Katherine Miracle were elected to the council, the first lady aldermen in the history of the city.

KING RECEIVES HON. P. C. LARKIN TODAY

LONDON, May 4.—King George is today receiving Hon. P. C. Larkin, Canadian High Commissioner.

Sir Robert Borden sailed for Canada today.

ETNA ACTIVE

Sicilian Crater Breaks Out Again with Increased Violence and Much Noise.

GATANIA, Sicily, May 4.—Mount Aetna has broken out again with eruptions of increased violence emitting continuous roars which can be heard for several miles. Dense black smoke is filling the sky.

VANCOUVER MAN ELECTED PRESIDENT OF ASSOCIATION

MONTREAL, May 4.—F. J. Burde of the Vancouver Province has been elected president of the Canadian Daily Newspaper Association.

DEMPSEY IS READY FIGHT

Says Will Be Willing To Meet Willard Again or Winner Carpenter-Lewis Bout

PARIS, May 4.—Jack Dempsey, the heavyweight champion, referring to announcements in the United States that arrangements being made for a bout between him and Jess Willard are progressing favorably, said today he would be glad to meet Willard again. He is also ready to meet the winner of the Carpenter-Lewis bout in London.

FRANCE READY APPLY FORCE

Reserves Are Being Mobilized to Pit Against Germany If Necessary.

PARIS, May 4.—Paris despatches say that France is mobilizing the 1918 class of reserves numbering 150,000 soldiers with a view to enforcing the payment of German reparations after May 31 if necessary.

NEW FLAG EGYPT.

CAIRO, May 4.—It is announced that the new Egyptian flag will be green, with three white stars and a white crescent. The royal flag will have in addition a crown.

JAPANESE WOMAN TERRIBLY HURT

Mrs. Ohaski's Hair Caught in Fly Wheel and Scalp is Torn Off — Precarious Condition.

Mrs. Ohaski, a Japanese woman, was brought to the general hospital yesterday afternoon suffering from terrible injuries sustained when her hair became entangled in the fly wheel of a gas boat and her scalp was dragged from her head. She is in a precarious condition.

REV. ROBERTSON IS CHOSEN MODERATOR

VANCOUVER, May 4.—Rev. R. J. Robertson, of South Vancouver has been elected moderator of the Presbyterian Synod for British Columbia.

DAILY EDITION

Thursday, May 4, 1922.

Alex. Manson Gets Busy In Jig Time.

Hon. A. M. Manson, the new attorney general, is taking hold of his department at Victoria with energy and determination and no small amount of courage. This was indicated by yesterday's despatch from the capital telling of the spirited statement made by him in regard to the activities of illicit liquor sellers in the province. Although everyone was pretty certain that Mr. Manson would instill new life into his department it is nevertheless gratifying to obtain concrete evidence that he is really doing so. The illicit selling of liquor, which it is conceded has become all too prevalent in the province, is one of the most serious problems that the administrators of the Government Control Act have to contend with at the present time. This can be readily understood when one hears the statement made every day that liquor can be bought more cheaply illegally than it can be legally. The Dominion Government has promised co-operative legislation to combat the condition and to make it more difficult for illicit dealers to sell liquor cheaply if they can sell it at all. In the meantime, Mr. Manson declares that a closer watch is to be kept by the provincial police against them. That appears to be about all the provincial government can do at that time, and it is well that that attorney general is seeing to it that it will be done. Mr. Manson is free of any control by liquor interests and is a man of high integrity, and has the habit of getting at the root of things when he gets started. Results may be expected to follow close upon his declaration.

Dr. Rathenau's Statement at Genoa.

Dr. Rathenau, the German foreign minister, struck a note of commonsense at the Genoa conference when he declared that it was no use trying to improve the economic condition of Europe by doubling trade when the nations were really not yet at peace. It is to be hoped that his statement is sincere and that it reflects the general feeling in Germany. Of course, Dr. Rathenau is treading on ground close to home when he makes such a statement, for Germany in 1914 was prepared to jump at the throat of any nation in its ambition for industrial expansion. Either Dr. Rathenau sees the folly of such a course now or else he is indulging in a little intrigue. In one way his statement is inconsistent with the present actions of Germany for the Rapallo Treaty was a trade agreement and Germany apparently was very ready to enter into it with Russia. Perhaps he refers to France as the nation that is ready "throat-jumping." While his statement is a very reasonable one, it cannot but be viewed with distrust emanating as it does from Germany, the greatest violator of the principle suggested.

Letter Writers Must Conform With Rules.

The Daily News would again respectfully draw the attention of its readers to requirements of letters that are offered for publication. Recently some letters have been presented that were written in handwriting which was hardly legible and which necessitated recopying by the editorial staff. The News is at all times ready to publish letters dealing with subjects of public interest as long as they are not campaigning letters or of personal nature and do not conflict with the law of libel. Writers should remember that it is not the duty of this paper to publish these letters, but it is more of a privilege extended to them. Certainly it should not be necessary to waste the time of the editorial department in recopying them or the mechanical staff in trying to interpret illegible handwriting. Letters submitted for publication should really be typewritten in the usual journalistic manner—line spaced and properly punctuated. They should also be in the hands of the editor in the afternoon preceding the day when they are to appear. The Daily News may have been lax of late in this rule, but these requirements are to be demanded strictly in future. If your letter reaches the waste paper basket instead of the printed page on account of illegibility do not blame the editor. If it is worth printing it should be worth the trouble or expense on the part of the writer necessary in putting in fit shape for the typographers.

in Prince Rupert

May 4, 1912.

Supt. Matthews, of the city light plant, announces today that he will be able to start up the day load on Monday. This means that power can then be supplied to consumers from the Shawatlana plant. Regarding the remarks made by citizens that more lights are desirable throughout the city, the superintendent says that at present the fifty lamp circuit available is taxed to capacity and not until the council can order another fifty lamp circuit can extra lights be given.

The Buccaneers Dancing Club gave one of their enjoyable events at McIntyre Hall last night. Among those who attended were: The Misses Dunn, Miss Brown, Nelson Dunn, Mr. and Mrs. Hugh Dunn, Fred Wallace, Graham Kearney, Frank Keeley and Mr. and Mrs. Bryant.

STORK ADDRESSES
LADIES OF OTTAWA

Fred Stork, M.P., of Prince Rupert, B.C., addressing the members of the Central Ward Women's Liberal Club, in tracing the development of Western Canada, stated that the Hudson Bay Co. had for two hundred years retarded the progress of that section of the country. The Hudson Bay Co. was the greatest commercial organization in the world, he said, and it kept the greatest portion of the country as game preserves for its own use. The time of the Riel rebellion in 1869 saw the start of the western population. Mrs. Geo. F. Richan, chairwoman of the ward, presided, and Mrs. Wm. Muir moved the vote of thanks. Slides of Canadian scenes were exhibited.—Ottawa Citizen.

MOSCOW IS UGLY CITY

Snow Has Left and City Stands Out Like Battlefield

MOSCOW, May 4.—The shielding blanket of snow has left Moscow and revealed a city of mud and slush and unrepaired, cratered pavements like a battlefield pock-marked by shell holes; and the city stands out in all its revolution-torn ugliness.

Droskies, or Russian cabs, drawn by disconsolate-looking horses, career from melting ice hillock to slush crater, jogging their passengers like a jolting device in an amusement park. Here and there is a sleigh, a hopeless relic from the more charitable days of winter, drags painfully from bare pavement to slush oasis with a load of wood.

Automobiles, which seem recklessly driven by hard-faced chauffeurs, sputter, chug and whiz past, throwing muddy water over pedestrian and drosky passenger alike.

Seems Like Hades

To the stranger, Moscow seems to be the place designed as the Hades where all bad automobiles go when they die. There are a few good, new models but, for the most part, the touring cars, runabouts and lorries which speed through Moscow's streets, generally laden with roughly dressed Soviet officials or Red Army officers, are of a pre-1914 vintage, one lunged ghosts from the scrap-heap, coughing had gasoline and pounding out smoke barrages of oil fumes.

The sanitary condition of the city is almost unimaginable to western strangers. A report of the Moscow Soviet recently said there were millions of barrels of refuse and sewage in the dump yards, unable to be moved because of the transport shortage.

Less than 30 percent of Moscow's houses have complete sewage and running water facilities and many drain pipes are so blocked with the refuse of years that they are useless.

Some efforts are to be made this coming summer toward sewage repair and, here and there, the city's dinginess is being relieved by a bit of paint as private shopkeepers touch up their new establishments.

GOVERNMENT EFFECTS
SAVING IN RENT IN
MOVE TO BLACK BLOCK

All Dominion government city offices are to be consolidated at the Black Building at the corner of Seventh Street and Second Avenue according to information of a definite nature that has reached the city from Ottawa. As well as the post-office and customs offices, there will be located there the Dominion Government telegraph office and the Standard Oil Company.

For its entire space in the city the government is now paying \$925 per month, the amount paid for the post-office and the customs office in the Federal Block being \$725. The rent for all the offices consolidated in the Black Building will be \$545 or a saving of \$380 per month.

VANCOUVER headline says "B. C. Goat Is Great Asset." Who'd be an asset anyway?

JUDGING from some of the letters received by the editor, some people are better philosophers than they are writers.

MARY MILES MINTER
STARS IN MENNONITE
STORY AT WESTHOLME

The plot and action of the moving picture "Tillie" featuring Mary Miles Minter which was shown last night at the Westholme Theatre and will be repeated tonight is set in a Mennonite settlement in New England. Miss Minter appears in the title role as Tillie, the "Little Mother" of a cruel and parsimonious father's younger children. Tillie is unwittingly made the beneficiary of a \$20,000 will and the father accepts an offer of \$1000 made by the unscrupulous village storekeeper for Tillie's hand. How she is rescued from a marital tragedy by a young author who later turns out to be an alternative beneficiary gives plenty of scope for an interesting story with a good amount of action.

It is a picture that gets somewhat away from the ordinary run of movies and is well worth seeing.

A switch in time saves youths from crime.

NORTHERN NOTES

Mrs. Nellie Lilian Baney died at Juneau a few days ago after an illness of several months.

Albert Shapee and Catherine Wolberg were married recently at Juneau by Commissioner Payne.

Mrs. Emil Van Raes, a pioneer woman of Fairbanks, passed away at her home there recently. She had been ill for several years.

Sydney Chatterton, assistant general sales manager for the Standard Oil Company who has been on the west coast of Prince of Wales Island for the past week, has returned to Ketchikan.

Mr. and Mrs. J. G. Barber of Ketchikan left for the south on Friday last. They expect to be away for several weeks.

Oran Kiteley, who has been at Craig for the past week looking after some private interests, left for the south last Friday. He is returning to his home in California.

The city of Ketchikan has let a contract to the Ketchikan Power Company for almost a hundred thousand feet of lumber to rebuild the road from the New England Fish Company plant to the Standard oil dock. The new street will be twice as wide as the present one. The expense is being borne jointly by the city, the Standard Oil Company and the New England Fish Company.

Ernest Purvance, superintendent of schools at Metlakatla, visited Ketchikan recently.

WOMAN BORN ON
VICTORY IS DEAD

PORTSMOUTH, Eng., May 4.—Mary Ann Carr, who was born in the cockpit of Nelson's ship "Victory" near the spot where the famous admiral fell, has just died here at the age of 85.

Her memory of the early days aboard the ship was fresh up to within a few days of her death. She once saw a sailor flogged. The picture of the man suffering remained vivid in her mind through her long life. Only once did she see such a sight for on other occasions she was sent ashore to be spared the spectacle.

Captain Cliffe, the stalwart skipper of the G. P. R. steamer Princess Ena, which has been discharging freight at the Albert & McCaffery wharf this week, comes of a pioneer and prominent family of the Comox valley, Vancouver Island. Last week 200 people of that district paid tribute of respect and affection to his mother, who has just celebrated the sixtieth anniversary of her arrival in the valley, at a big function in the Community Hall at Comox. Mrs. Cliffe has ten children, four girls and six boys. Of the latter only one is under six feet in height and all weigh over 200 pounds.

ANNUAL MEETING OF METHODIST SUNDAY SCHOOL LAST NIGHT

The annual meeting of the Methodist Church Sunday School officers and teachers was held in the church parlors last evening. There was a good attendance and a great deal of enthusiasm was displayed. Election of officers and submitting of reports comprised the main order of business. Frank Derry, superintendent, presided.

The officers chosen for the year were as follows:

Superintendent, Frank Derry. Assistant superintendent, T. W. Caldeone.

Secretary, Miss Vienna Caldeone.

Treasurer, Miss Ina Lindland Librarian, Miss Lydia Fuller. Pianist, Miss Marjorie Lancaster.

Superintendent of Primary department, Miss F. Hudson.

Secretary of Primary department, Miss J. B. Eason.

The teachers of last year were all re-appointed.

The matter of the annual picnic was discussed and it was decided to hold it on Digby Island as usual on the last Saturday in June.

BRINGING UP FATHER

By George McManus

Two Men in a Car

A short account of a Trip to California in a Ford Flivver
By H. F. Pullen

THROUGH WASHINGTON.

PORLTAND, Oregon—While the season here is much earlier than in Prince Rupert it differs very little from Victoria. The vegetation is practically the same. The wild currant bushes are in flower and are very beautiful along the roadsides in the country.

All day yesterday driving south from Seattle it rained at intervals and today here it has rained a good deal of the time. Everything speaks of spring, although it is still rather cold for the time of year.

In Washington State until we reached the Columbia valley there was little grass in the fields and everything seemed late, even later than Victoria. Here however the difference in latitude is noticeable. This morning we drove forty miles along the Columbia from Kalama and it was a very beautiful drive and the road was well paved with good grades.

Many Poor Roads.

Speaking of roads, the state of Washington is making an effort to provide facilities but in the outskirts of some of the cities the roads could hardly be worse. They are worse than Third Avenue two years ago. If there was any way of missing these towns motorists would never go near them but they have to go that way because the state road leads to the city limits. To see some of the towns through which we pass makes us very satisfied with our own towns.

The same is true of our shops and hotels. There are some very poor ones and restaurants in small places compare very poorly with the St. Regis and other places in Prince Rupert. The Table Supply can beat them a mile in the grocery line and fruit shops seem to be a minus quantity outside the big cities.

Doing Work Well.

I have a deep affection for Castle Rock. We had bad trouble with the fan of the auto since leaving and at each place we stopped they "fixed it" so that the belt was off most of the time and the engine was overheated. At Castle Rock we went to the Ford Garage just at dusk and by the light of an electric flash the proprietor spent nearly half an hour putting it right so that it remained right and he charged 25¢ for the service. I did not think he charged enough and offered to pay more but the main thing was that the work was well done. In spite of the bad roads there, I shall remember Castle Rock.

Everywhere we go we see the benefit to the world from doing work well. I could give a number of instances right now almost at the beginning of the trip where we have suffered serious inconvenience from poor or careless workmanship. The world wants good service and is willing to pay for it. We find that even in Prince Rupert in making a newspaper.

service would mean. We watched for other information about Sandy and got this:

"Sandy's Service with a smile Fifteen Miles."

That was better than ever. To give rapid and good service and to give it with a smile would be worth a good deal. If Sandy kept a service station we intended to visit him if only to buy a few gallons of gas or a can of oil. But we did not do it because we lost track of Sandy. If he told us any more in his signs, we missed it and we do not know yet what was Sandy's business and we have lost the pleasure to which we looked forward. There should have been a better follow up in order to clinch the business.

Sport Chat

Rowing history will be made at Madison, Wis., May 27 when for the first time in the history of Western Canada, and possibly in the whole of the Dominion, a Canadian university rowing crew will compete against United States university oarsmen. The University of Manitoba has entered an eight-oared shell against the University of Wisconsin in the annual inter-state regatta to be held on Lake Mendota.

The personnel of the Manitoba crew has not been definitely decided upon, but men likely to be given seats have been in training for sometime now. Laurie Phinney will stroke the crew.

Wisconsin wishes to make the race an annual event, alternating between Madison and Winnipeg. Plans for making the race an annual inter-varsity affair will be discussed by the executives of the two clubs at Madison. If satisfactory arrangements can be made, Wisconsin will send a crew to race on the Red River early in May next year.

A development of import and interest in Canadian sport during the past year or so has been the steady progress toward an ascendant place in amateur boxing of the French-Canadian athlete. Ten years ago boxing was almost unknown in Quebec, the favorite sport being wrestling. The success of Eugene Brosseau of Montreal appears to have turned the eyes of the Habitants youths to the opportunities presented in amateur boxing on this continent. Brosseau was both Canadian and United States champion at various weights up to middleweight. The high water mark reached by French-Canadian scrapers came recently when Habitant amateurs cleaned up practically all the prizes at the Quebec Provincial boxing championships. The classic winner was George Blain, 108 pounds, who is known quite well in Ottawa and Toronto. He is a protege of Brosseau's and a combination of the boxer-fighter.

The professional game in Montreal, which was under a cloud because of a number of poor bouts staged there, is expected to take on a fresh lease of life, now that it is to be handled by a civic commission, which will work in conjunction with the boxing commissioners of Toronto and New York.

* * *

The Montreal Boxing Commission has adopted a set of rules and regulations compiled by Secretary E. W. Ferguson. All bouts in Montreal will be decisions, given by two judges and referee, the latter to be licensed and all to be appointed by the commission. Boxers and all connected with the sport must be licensed, the annual fees ranging from \$25 to \$2. The same fees will apply to wrestling

and a percentage of five percent, will be collected by the commission from all professional boxing and wrestling matches. Bonafide amateur performances will be charged \$25 and wrestling or boxing performances given in conjunction with theatrical entertainments will be charged \$25 a day.

Medical examination will be made of all boxers and wrestlers; weights will be announced, the weighing in to be in the presence of such newspaper men who may desire to see it; no payments to be made in advance; and arrangements that all monies may be held if there is dissatisfaction with performances. The scale of weights and rules of the New York commission have been adopted by the Montreal Commission in full.

**MRS. BEDORE GETS
SEPARATION ORDER**

The and Her Husband Will Live Separately—\$50 a Month Maintenance.

Mrs. S. Bedore applied for a separation and maintenance order against her husband, Sam Bedore, in the city police court this morning. It was mutually agreed that the sum of \$50 maintenance be paid the applicant monthly, with permission to apply for an increase when the earning capacity of the husband warranted it. It was further agreed that both parties would live separately. The sum of \$35 maintenance was ruled by Magistrate McClymont to be paid monthly to the applicant. Milton Gonzales, of Williams & Hanson, appeared for the applicant and L. W. Patmore, of Patmore & Fulton, for the respondent.

**STEAMER SERVICE
DOWN FRASER FROM
GEORGE STARTING**

A number of enquiries have been received locally by the Canadian National Railway regarding transportation into the Cedar Creek country by prospective gold prospectors and some half dozen local men have already booked for Prince George.

In reply to a wire sent yesterday by the C.N.R. local ticket office to the agent at Prince George, word has been received confirming the report that a rush has already started into the Cedar Creek country and that Quesnel is full of men who are gathering supplies and making preparations for lengthy trips.

A steamboat service down the Fraser river from Prince George will be inaugurated within the next ten days or as soon as the river is clear of ice.

**ELKS' DANCE LAST
NIGHT FINE AFFAIR**

About 75 couples tripped the light fantastic until 2 o'clock this morning.

The monthly Elks' dance held in the Home last evening was really enjoyed by the 75 couples or so who attended. It commenced at 9 o'clock and did not end until 2 o'clock and even then the dancers seemed rather loth to disperse. There was no thinning out of the crowd toward the end and all stayed till the last waltz was played.

In the early part of the evening acceptable music was provided by Miss Blanche Gurtin and Claire Dickenson who gave place at 11 o'clock to the Elks' Orchestra, comprising Charles Bas-

agno, Will Balagno and W. F. Browne.

Refreshments of the usual high order were served about the midnight hour.

The committee in charge comprised Fred Gilhuly, William Reid, William W. Knight, H. F. Glassey, Murdoch McLeod, and

**PRODUCTION
OF FURS IN
CANADA, 1921**

Official Report Issued by Dominion Government Shows B.C. Sixth on List.

The total value of fur production of Canada in 1920-21 is shown to have been \$10,151,594, as compared with \$21,387,005 in the 1919-20 season, a decrease of \$11,233,411 or 52 per cent, according to an official report which has been issued by the Dominion Bureau of Statistics.

The pelts of the fur-bearing animals taken during the season numbered 2,936,407, a decrease of 663,597 or 18 per cent. Measured by the value of pelts, the six principal kinds were beaver, \$2,686,472; muskrat, \$2,505,375; marten or sable, \$1,081,871; mink, \$968,582; white fox, \$744,551; and silver fox, \$432,130.

The highest average value per pelt is shown by silver fox with \$151. Blue fox is second with \$76, followed by fisher or pekan with \$58, cross fox with \$54, white fox with \$34, and white bear and otter, each with \$24.

The provinces showing production valued at over a million dollars were Ontario, \$3,048,815; Quebec, \$2,061,853; Northwest Territories, \$1,153,840; Alberta \$1,087,164; and Manitoba \$1,

FREE PANTS

Three Day Event Commencing Friday, May 5, and continuing till Monday, May 8.

Clothes of Quality

Mr Skinner, representing "Clothes of Quality" Hand Tailored, Made to Measure Clothing, has just arrived and for three days will show the greatest range of suitings, in Worsts, Saxony, Cheviots and Serges, at prices ranging from \$27.00, \$35.00, \$40.00, \$45.00, \$55.00 and \$65.00, with Extra Pair of PANTS FREE with Every Suit.

Would You Like a New Suit for the 24th of May?

For all measurements taken on Friday, arrangements have been made to have these suits delivered here by May 24. Here is your chance to get a real stylish suit of splendid wearing material right at the beginning of the summer season. Get here Friday as time is getting short.

Don't forget that you get an Extra Pair of Pants for Nothing. OUR PERFECT FIT GUARANTEE

We have been very fortunate in securing the agency for "Clothes of Quality" and in addition to have the opportunity to introduce Mr. SKINNER, who is thoroughly experienced in the art of measuring and correctly fitting gentlemen in made to measure clothing.

Lean or fat, tall or short, each and every man presents his own individual problem in correct fitting that only an experienced and competent tailor can handle with success.

See these samples of suitings in our window. Over 200 lines of samples to choose from, and actual life size models of latest styles will be on exhibit.

This is the first big opportunity ever presented here of securing a perfect fitting suit tailored to your individual order at a reasonable price.

Remember every suit carries with it a FREE PAIR OF PANTS AND A GUARANTEE.

"Oh! My Back"

HOUSE cleaning is bad enough at any time. There is so much dust and dirt and turmoil.

But it is usually the exposure to cold drafts and the stretching and straining that bring calamitous results.

The kidneys are extremely sensitive to currents of cold air, and you are very likely to find this out suddenly when stretching or straining the muscles of the back.

Suddenly the pain seizes you, and there is of necessity a lull in the house-cleaning activities for a time.

There is nothing like Dr. Chase's Kidney-Liver Pills for kidney troubles of any kind.

Not only on account of their direct action on the

kidneys, but also because they arouse the activity of the liver and bowels as well, and thereby relieve the kidneys of much of their work.

Another thing about Dr. Chase's Kidney-Liver Pills, you do not have to wait long for results. In a day or two you will obtain great relief, and a few weeks' treatment will usually overcome complicated derangements of the kidneys which have defied ordinary kidney medicines.

Mrs. Wm. H. Comeau, Plym-

pton, N.S., writes: "I had been suffering from lame back, and had taken medicine for some time, but nothing helped me until I started to use Dr. Chase's Kidney-Liver Pills. These pills completely relieved me in a few weeks, and I have never been bothered with lame back since."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25¢ a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

By Provinces.

The total value of the fur production of Canada by provinces, in order of value for the season was as follows:

Ontario \$3,048,815

Quebec 2,061,853

Northwest Territories 1,153,840

Alberta 1,087,164

Manitoba 1,055,865

Saskatchewan 717,149

British Columbia 507,134

Prince Edward Island 256,137

Nova Scotia 112,918

Yukon Territory 78,189

New Brunswick 72,500

Total \$10,151,594

Individual Species.

Muskrat was the most predominating fur in point of number of pelts taken during the year, the number being 2,015,481 with a total value placed at \$2,050,375 or an average of \$1.24 per pelt. In total value of the species:

ANTONIO ROSAS AGED 132, STILL EARNS HIS OWN LIVING

BUENOS AIRES, May 4.—Antonio Rosas, a negro who is reported to have been born 132 years ago in the African Congo, is still earning a living in Buenos Aires as a medicine man and ticket seller. He was too old to put up a fight when three men held him up and robbed him a few days ago but told a reporter he would have made a better showing if he had not "taken a drop too much." Antonio does not yet believe in prohibition.

Antonio claims to have been captured in the Congo when a child by French slave traders. The French ship on which he and other negroes were placed was pursued and captured by an English vessel and taken to Madeira. He was brought to Argentina at the age of eight.

He saw the birth of the Argentine nation in 1810 and slavery abolished in 1813. In later years he adopted the surname of Rosas after the famous Argentine tyrant, Rosas, of whom he was an admirer. He is one of the few negroes living in Buenos Aires.

LOOKING FOR SON SENTENCED TO HANG

WINNIPEG, May 3.—Missing for more than 20 years, the Salvation Army has been asked to help in the hunt for Will Purvis, son of Mrs. M. J. Purvis of this city. According to Mrs. Purvis her son was tried and convicted for the murder of a farmer near Columbia, Mississippi, but the gallows refused to work when his execution was to take place. Later a farmer on his death-bed confessed to the crime, entirely exonerating Purvis, who afterward was awarded \$5,000 compensation by the Mississippi legislature for his wrongful conviction and imprisonment.

RE SPECIAL
TIMBER LICENSES

The attention of Timber License holders who are taking advantage of the provisions of the 1921 Amendment to the FOREST ACT, whereby arrears of license fees accrued prior to 31st December, 1920, have been funded and made payable in annual instalments, is specially directed to the fact that any renewal fee which became due in 1921 is not included in the instalments above mentioned, and such 1921 and all subsequent renewal fees must be paid within one year after the date of expiry of the license in order to maintain the right of the holder to obtain a renewal of the license.

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past forty-five years, removes the cause of the headache—by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

NOT MUCH DOING AT FORT NORMAN DURING WINTER

EDMONTON, May 4.—No startling developments were recorded at Fort Norman during the winter, according to Ronald McKinnon, of the Imperial Oil Company's staff, who recently arrived here from the northern oil fields. Little work, it is said was accomplished by the men left at the oil drills owing to the extreme weather and solidly frozen ground.

There is no change in the condition of the discovery well—oil exists in the drilling, but the well cannot be classified as a gusher.

Mr. McKinnon left Norman late in January and travelled the entire 1200 miles to Fort McMurray by dog team, relays of fresh dogs being secured at each post.
