38 Are Killed When Airship Plunges LEADER OF DOUKHOBORS TALKS OF MURDER AND RACE SUICIDE

Giant Airship Roma Plunges From Height of Over Mile in Air Killing 38 People; Wounded 12

NORFOLK, Va., Feb. 21.—Exploding after crashing down-
ward during its trial flight, the army's Italian built airship Roma
was destroyed near the naval base here with the loss in number of
lives not yet determined. Estimates an hour and a half after the
disaster placed the dead at from half a dozen to nearly forty.
There were more than half a hundred persons on board.

The naval hospital is informed that 38 aboard the airship
were killed.

It is announced later that 38 persons were killed and 12
seriously injured when the giant airship Roma plunged from over a
mile in the air into the barracks building at Hampton Roads army
base this afternoon.

M'GEER ASKS DELAY FREIGHT RATES HEARING

Information Asked for Last
Spring Just Received and
Three Weeks Necessary
For Perusal.

OTTAWA, Feb. 21.—Gerald G. McGeer, solicitor representing the B. C. government at the railway commission hearing of the claims of the western province against excessive freight rates, told the board that data asked for last spring had only just been submitted by the railways so a three week's perusal was necessary for the British Columbia counsel. He asked for a delay for this period. The board will give its decision on the request today.

PROMOTION FOR LOCAL OFFICIAL

G. F. Johnston, C.N.R. Ticket
Agent, Appointed G. P. A.
Australia and New Zealand

G. F. Johnston, the well known and popular city passenger and ticket agent of the Canadian National Railways here, has been officially notified of his appointment as general agent for the passenger department of the Canadian National Railways in Australia and New Zealand and next month he will leave Prince Rupert to cross the Pacific ocean and take up his new and more important duties in the southern Dominion. Mr. Johnston's appointment marks a new departure in the development of the railway company and follows up the policy of extending the business. While many friends in the city will regret to hear of Mr. Johnston's leaving, all will offer congratulations on his promotion. He will be the first passenger agent of the company in Australia although there is already a general traffic manager there in the person of G. Bunting who was appointed last November.

MANY PREVENTED FROM COMMITTING SUICIDE

Sinn Fein Split Inevitable Says Republican Leader

DUBLIN, Feb. 21.—De Valera is apparently regarding the split in the Sinn Fein camp as inevitable and is openly advocating such a division. He says it will be better for Ireland to have two armies, each ready to assist the other if the country is imperilled, than one army divided in itself.

The strength of the new provisional government's support among the Sinn Fein clubs of Ireland, it is expected, will be clearly defined by the Ard Fheis, the national Sinn Fein convention, which opened here today. Michael Collins received a

DELEGATES FROM HERE AT OTTAWA

Given Good Reception But
Delayed Through Absence
of W. C. Kennedy.

Word has been received from Ottawa stating that the delegation arrived there on Friday and was well received. Everything was progressing favorably. The delegation will be delayed a few days owing to the absence from Ottawa of Hon. W. C. Kennedy, minister of railways, whom they wish to interview in connection with improved service on the railway and also in connection with the construction of branch lines and other rail-
way and steamship detail.

Mr. Kennedy is expected to return tomorrow and an interview will then be arranged.

Doukhobors Say Taxed so High May Kill Children and Break up Colonies

WINNIPEG, Feb. 21.—The Free Press publishes a statement by M. M. Kofnikoff, manager of the colony of Doukhobors at Brilliant, British Columbia, saying that Peter Veregin, head of the Canadian colony, has practically secured the consent of all the Canadian Doukhobors to a scheme for killing off the children and firm preparatory to closing the colonies and taking to the road or Canada as a vagrant horde opposed to taxation.

According to the interview, Veregin says the government is taxing the colony at Brilliant so heavily, especially for roads which they do not use, that the colony cannot support the children and must either kill them or render their women sterile in order to prevent further births.

There are two colonies of Doukhobors located at Grand Forks and at Brilliant. The people live a communal life and occasionally they get overcome with religious fervor and go out on the march men and women absolutely without clothes of any kind. They are very industrious and have a large jam factory. The educational department has had constant trouble in getting them to send their children to school.

The British Columbia colonies came to the province from Northern Saskatchewan, where they first located when they arrived in this country from Russia. Recently a number of the settlers from the prairies migrated to Mexico.

WIFE OF DOMINION ENGINEER DIED IN VICTORIA LAST WEEK

Mrs. J. B. Lambert Passed Away
—Funeral Was Held Yester-

Need of Care When
Boating in Local Waters.

The experience of the timbermen, as told in yesterday's paper, was simply one more illustration showing the need of great care in navigating the waters on this coast. Proper equipment is essential for those who go outside where the force of the ocean waves is felt. Taking risks is foolish. It is not necessary to go out in boats that are not staunch and equipped with proper paraphernalia for meeting every emergency. Trusting to luck is foolish.

Daylight Saving
for Coming Summer.

There is a movement afoot to organize the forces of those who wish a daylight saving ordinance during the coming summer. Those who are in earnest in this matter must do more than allow the cause to drift. It would be well for each society in the city to discuss the matter and decide what action, if any, to take. Then the societies who favor the change might meet and plan out a campaign. The mayor and council can not be expected to bring in legislation providing for a change of this kind unless they are sure the people want it. If the people express themselves clearly there will be no reason why the council should hold back. At present there has been no expression of opinion given in a public way.

Vancouver has decided to adopt daylight saving this year and many other places will follow suit. In Prince Rupert there seems to be a demand for it. What is necessary is that the people express themselves so that there can be no doubt as to what they wish. The city council would not be justified in acting unless they feel that the city wishes it.

Library Bylaw
Popular Move.

Last night the local Library Association presented a petition to the city council praying that a bylaw be introduced establishing a public library here. They were well received and it is clear that the mayor and most of the aldermen are with the people in this matter. The law provides that the council shall on the receipt of a petition such as that presented yesterday prepare a bylaw and pass it and then give the ratepayers an opportunity to vote on it. This doubtless will be done. Much of the success of the institution will depend on the amount of co-operation received from the city council. Happily there is a pretty good council this year and the members are anxious to carry out the wishes of the people in this respect. With all working together a public library should soon be a going concern here. The stain of past neglect will thus be wiped away and the city will take her place as one that thinks of something other than making money.

Commercialism
Is Rampant.

It is necessary for all to make a living, but the desire to make money may be carried too far. In a new city, where life is somewhat more of a struggle than in the older communities, people are apt to lose sight of everything but getting ahead financially. Commercialism is rampant. We live in a world of desire for commercial progress and forget that there are other things in life even more desirable than riches. We do not mind spending money as a commercial investment, but we do object to spending a quarter of a mill on the dollar for such a thing as a library. That is the attitude a few people take, but we are thankful to say it is only a few. The majority have a healthy desire for social improvement and are not willing to sacrifice everything for the almighty dollar.

Need More Frequent
Northbound Mails.

Now that it is announced that the Princess Beatrice is to make weekly calls at this city, arriving here on Saturdays, it is to be hoped that arrangements for mails to be carried on her will be made until such time as the second G. T. P. fast steamer goes back into the service. At present practically all the mail arrives here on Sunday night or Monday morning and if part of it could be distributed on Saturday it would prove a great convenience to the people here.

FOR QUARRYING

Henry Wulf of Alice Arm Is Success-
ful Bidder—Three Tenders Are Offered.

Henry Wulf of Alice Arm has been awarded the contract for the preparing of 9000 yards of rock at Smith Island for the city rock crusher, his tender of 75 cents a cubic yard being the lowest. Three tenders were submitted on the regular specifications and one alternative one from Captain Babington, who has the towing contract, for the laying down of the rock on the city streets at \$1.35 flat. The other two tenders on regular specifications were as follows:

C. Lindquist, excavation of muskeg, logs and loose material, \$1.25; quarrying solid rock, 90c. H. B. Babington, \$1 and \$1.15.

The council went into committee of the whole to compare the alternative tender with the one submitted by Henry Wulf.

The amount of loose material to be removed was estimated by Mr. Babington to be 5000 or 6000 yards.

In making this offer it was stated by Mr. Babington that his sole desire was to terminate, with as little delay and misunderstanding as possible, a contract which had been most unsatisfactory to all concerned.

After some discussion the city engineer stated that 2000 yards would probably cover all the loose material which it was necessary to remove. On this basis, the tender of Henry Wulf would be much the lowest, so the council accepted his tender.

HOLDUP MAN
IS ARRESTED

James E. Crawford Said to Be
Man Who Stole \$2000 From
Edmonton Bank.

SID WINSBY IS MANAGER

Former Prince Rupert Man Com-
pelled to Hold Up Hands
While Till Riffled.

VANCOUVER, Feb. 21.—James E. Crawford, alleged robber of the Union Bank at Edmonton, was arrested here yesterday. He is said to have held up Manager S. J. Winsby of the east end branch on February 17.

With Crawford was a woman giving the name of Mrs. Eva Love, on whose person was found the sum of \$1200.

Sid J. Winsby, the manager of the bank, was until recently in the employ of the Union Bank at Prince Rupert. Telling of the robbery the Edmonton Bulletin of recent date says:

Edmonton Story.

A daring daylight robbery took place, at the North Edmonton branch of the Union Bank at noon Friday and the unmasked bandit who held up the manager at the point of a 12-gauge shotgun made his escape with a large quantity of money. The entire force of the city police are in pursuit of the man who became lost to view in the bush in the vicinity of Beverly. At 2 o'clock no arrests had been made.

When notified of the robbery Chief of Police Shute, Inspector Blackwood, Inspector Shaw, Sgt. Leslie and other members of the force responded and the whole force attached to all the substations were turned out in chase of the man, who it is believed headed for the town of Beverly and became lost in the bush in that region.

The gunman entered the bank just a few minutes to 12 and held up the manager, S. J. Winsby, at the point of a shotgun and ordered him not to move or it would cost him his life. He then, according to the manager's statement, went around behind the counter and helped himself to all the available cash and again said: "Don't move or try to get away; there is another man outside and you will be instantly shot."

The robber then beat a retreat through the back door, and as soon as the manager and the teller, Darrell Robertson, felt reasonably safe they set up the pursuit. Several shots were fired by them after the fleeing man, but they all went wide of the mark as far as they can tell.

Police Notified.

By this time the police were notified by some resident of the district and the whole neighborhood was aroused. They followed the man past the stockyards and in the direction of Beverly, but he became lost to their view as soon as they got in amongst the shrubbery.

The bank officials believe that the man deliberately planned his attack and that he may have been watching their movements for some time. It is the custom of the teller to go to a nearby cafe a little before noon each day to get his lunch and that of the manager, and it was while the teller was out that the bandit entered and found the manager alone. The teller returned while the manager had his hands up and the robber was helping himself to the cash.

Bandit Described.

The holdup man is described as being small in size, wearing a blue suit, peaked cap and having a dark complexion. Beyond this no further description of him is available up to the present.

The manager of the bank declares that he saw a man answering the same description loitering around the bank the previous day at the same time, and a gun repair man in the vicinity has informed the police that a man came there about noon yesterday with a shotgun and asked to be allowed to leave it there in storage until Friday.

Loaded Gun Found.

The police in their pursuit of the fugitive found on the trail over which he had passed a 12-gauge shotgun fully loaded, and it is believed to be the same as was left with the gunsmith.

It is estimated that the amount taken from the bank amounts to a little over \$2000, though at 2

HEADS That Ache

and Pain

It is hard to drag along with a head that aches and pains all the time.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past

forty-five years, removes the cause of

headache by starting the organs of

elimination acting freely, and when the im-

purities are carried off from the system,

purified blood circulates in the brain cells,

and the aches and pains vanish.

Miss Clara Murphy, Centre Bumper,

Ont., writes—"My system was greatly

run down and my blood out of order. I

suffered a great deal from severe pains in

my head which made me feel very miser-

able. After having tried other remedies I

purchased a bottle of Burdock Blood Bit-

ters, and was very glad to notice a decided

improvement in my health. I took another

bottle and it has done me an enormous

amount of good. I have recommended it

to some of my friends who were in a simi-

lar condition and they all say it is a won-

derful remedy."

Nervous Breakdown

Extreme depression and mental which comes over us is the most alarming of nervous exhaustion.

There is a message of hope here and they find themselves in this condition.

Dr. T. Tingley, Albert,

I was in a very nervous condition, was much depressed and suffered a great deal the last time I felt as though would go crazy. I consulted doctors to no effect.

I advised the use of Dr. We Food and I can truly say to the great benefit received. There was a marked change and finished the second box I had used a dozen boxes were thoroughly restored and relieved of those terrible need to have. I shall ever testify to the benefits of this medicine, feeling sure to others the quick and relief it has given me."

Sport Chat

Soccerists, both Junior and Senior, are already preparing for the coming season. At the week end several players, especially among the younger element, were out for practice and it is likely that the practices will become more frequent as the weather moderates and the approach of spring becomes evident. While the Acropolis Grounds are at the present undergoing a transformation and are in rather a rough condition, the quiet streets will be used to advantage. Speaking of prospects for the coming season, E. A. Woods, president of the Football Association, points out that the season, so far as the Association is concerned, will not open until May, and the annual meeting will not take place until April. He expects that the same Senior teams that played last year will be again represented but there will probably be Juniors. Though the formal opening of the season is as yet quite a long way off, organization of the various teams, it is understood, is already well underway.

A letter setting forth the principles and rules of the B.C. branch of the Amateur Athletic Union of Canada is published today in this paper. The latter should be of interest to sportsmen generally in the city for the feeling has been generally expressed of late that Prince Rupert should be associated with the rest of the province through the medium of this Union. Until such is done, this place will be unable to compete officially with any other teams in the province. The need of such affiliation has made itself felt of recent years, especially in regard to baseball. Sooner or later Prince Rupert will join with the Amateur Athletic Union and the present time is none too early to approach the subject.

The second round of the Prince Rupert pool room billiard handicap has already started and by the end of this week the contest will be well narrowed down. The draw for the second round is as follows: Don Brown vs. A. McRae; George Waugh vs. Jack Soden; R. Howe vs. G. Bagalino; S. P. McMordie vs. Jack Bond; Sid Hunter vs. J. A. Allen; E. Green vs. S. L. Warrior; D. Wiggins vs. W. Barbour; J. Judge vs. W. Blythe; Don Brown, R. Howe and W. Barbour have already won their games in this round, eliminating A. J. McRae, G. Bagalino and D. Wiggins.

The Junior Billiard League has another tournament set down for tonight when the Grotto and the Maple Leafs meet with the following line-ups: B. Barrie (Grotto) vs. Maple Leafs; W. Beasley vs. Karl Halliday; G. Hill vs. B. Emerson; J. Beasley vs. M. Chemoski; J. Hyde vs. Suga; B. Blackhall vs. J. Bond. The standing of the League to date is as follows:

Grotto 1 878 878

Maple Leafs 2 1752 876

Excelsior 2 1698 849

Elks 1 786 786

Heart Would Beat like a Trip Hammer

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throb, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes:—

"I had pain in the heart, and the best exercise, such as going upstairs or up a hill, my heart would beat like a trip hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 66th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of my sickness I weighed 120 pounds, now I weigh 150."

AMATEUR UNION IS EXPLAINED

Letter Received From Officials of B. C. Branch of Canadian Organization.

VANCOUVER, Feb. 24.—The Vancouver Millionaires rushed in four goals in the first period last night and secured a lead over Victoria which the latter team could not overcome, although they played the best hockey during the remainder of the game. The final score was Vancouver, 5; Victoria, 4.

The victory of Vancouver was due largely to the brilliant work of Adams, who scored three goals in succession.

With the development of sport in the Interior and Northern cities of B. C., there comes the question of competition between teams from these cities and those of the Coast and South either as exhibitions or for Provincial championships. It is well known that there is some semi-professionalism in these towns and this prevents competition since the local teams are amateur. It would seem that an attempt should now be made to organize local boards of the Amateur Union in all the centres of population in the Province. This letter is written in the hope that, through your circulation, some useful information may reach public spirited citizens in outlying cities.

We consider it to be fully proved that semi-professionalism is wholly demoralizing to the boys of any town and to community spirit in general, even though it may create spasmodic enthusiasm and rivalries. In some sports in some countries semi-professionalism is allowed, that is, amateurs are allowed to compete with and against professionals without losing their amateur standing; in others, one who so competes himself considered a professional and cannot be re-instated. The Amateur Athletic Union of Canada has adopted an intermediate definition which applies to all athletic sports in Canada except Cricket, Golf and Indoor Bowling. The definition is as follows:

(A) 1. Entered or competed in any athletic competition for a staked bet, money, private or public, or gate receipts.

2. Taught or assisted in the pursuit of any athletic exercise or sport as a means of livelihood.

3. Received any bonus or payment in lieu of loss of time while playing as a member of any club or engaged in any athletic sport or exercise, or any consideration whatever, for any service as an athlete, except actual travelling or hotel expenses.

4. Sold or pledged his prizes.

5. Promoted an athletic competition for personal gain.

Note.—An athlete guilty of any of the above offences can never be reinstated.

(B) An athlete who has competed with or against a professional for a prize or where gate receipts are charged or a collection taken up (except as may be specially provided for by the bylaws of the A.A.U. of C.) or has entered in a competition under a name other than his own, shall be ineligible for registration and competition as an amateur.

Note.—Such an athlete may be eligible for reinstatement.

(C) All others shall be considered eligible for registration and competition in the A. A. U. of C. and its affiliated bodies.

The A. A. U. of C. is composed of its Provincial Branches and National governing bodies in hockey, lacrosse, baseball, basketball, rowing, cycling, etc. Football does not belong to the Union and does not officially accept our amateur definition, but, up to date, the footballers have not broken relations by playing with or against professionals and it is hoped that they will eventually come in. Some other sports, such as Tennis, are not members of the Union but they officially accept our amateur definition.

The executive of the B. C. Branch of the Union is composed of representatives of Provincial governing bodies in individual sports with district consuls and representatives from local boards. Local boards have been in operation in Victoria, New Westminster and Vancouver for many years and they are now in thorough control of the situation in those cities.

It is hoped that this spring at least two new boards may be established. It may be that some citizen in each city would act as a representative of the Union might be appointed during the preliminary period of

Question of Prices.

Ald. McLeod and Ald. Mont-

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre.

Description now confined to surveyed lands only.

Records will be granted covering any land used for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to the extent of at least \$250 per annum and records same each year.

Failure to make improvements or record same will constitute as forfeiture.

Title cannot be obtained in less than 5 years, and improvements of \$100 per acre including 5 acres cleared and cultivated and residence of 10 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, and actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas not exceeding 20 acres may be leased for homestead title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding \$40 an acre may be leased by one or more companies.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for record of title is extended from one year from the date of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded before June 26, 1918.

Taxes are remitted for five years, from date of return of soldier's pre-emptions, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldier's pre-emptions.

Interest and expenses on purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown Grants and purchases of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and expenses.

Stock-owners do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranges prior to 1920 to established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Russia to Replace Those Lost
During War and Starved
to Death.

WINNIPEG, Feb. 21.—Purchase of 4,000,000 horses in Canada and the United States by the Russian Soviet government, to replace those killed in the war and the thousands which have starved to death in the last four years, may be completed within the next few months in satisfactory financial arrangements can be made, it has become known locally.

The question of arranging satisfactory credits is all that is holding up the deal. There are no Soviet representatives on this continent in connection with the proposed arrangements, but all details are being handled by a Soviet horse purchasing commission in New York, it is understood. The animals will be shipped from Vancouver, according to present plans.

Confirmation of the impending deal, which will involve millions of dollars, was obtained from local Canadian Pacific officials, who have been in touch with the situation ever since negotiations were opened. Several horse dealers in the city particularly those of Russian extraction, are also interested in the deal.
