WAR CLOUDS SEEM TO BE ROLLING AWAY

DISTINGUISHED VISITORS FROM EAST ARE THE GUESTS OF PRINCE RUPERT

Peace Settlement being Drawn up by France and Britain with View to Settlement Without War

PARIS, Sept. 23.—Prospects for peace in the near east brightened today as the French cabinet representatives met to consider tentative conditions of settlement drawn up by allied delegates here. The conditions which are expected to form the basis for negotiations at a peace conference, provide for the re-occupation of Constantinople and Eastern Thrace, including Adrianople up to the line of the river Maritza with a neutral zone along the Thracian, Bulgarian and Grecian frontiers; internationalization of the Dardanelles, maintenance of permanent allied military force at Gallipoli and strict guarantees for the protection of minorities in Turkey.

BRITISH POLICY
LONDON, Sept. 23.—The policy of Great Britain for the near east is to establish freedom of the Dardanelles under the supervision of the League of Nations, Premier Lloyd George declared in a statement this afternoon. The premier stated that whatever steps the government had taken to strengthen the military and naval forces in the Dardanelles and the Bosphorus had been dictated by two supreme considerations—first, Great Britain's anxiety as to the freedom of the seas between the Mediterranean and the Black Sea and, to prevent an exceptionally horrible war from spreading to Europe.

PICARELLO IS AWAITING TRIAL

Captured by posse at Blairmore with woman companion sent to Lethbridge.
FERNIE, Sept. 23.—Emil Picarello charged with the murder of Constable S. G. Lawson, was captured late yesterday afternoon and is being taken to Lethbridge for trial. His woman companion, Mrs. Lasandra, was also captured. The capture was effected by a posse at Blairmore, Alberta. When the officers surrounded the building in which the pair were hiding, both came out and surrendered. Picarello is a well known citizen of Coleman, Alta. He is said to have gone to the home of Constable Lawson and shot him dead.

NEW AMERICAN CUSTOMS RULE

Duty of Two Cents on Canadian Fish Goes Into Force.
A. D. Gillies of the Canadian Express Company has received instructions in connection with the recently passed tariff measure that the new United States customs tariff is in effect and the assessment of a duty of two cents a pound on halibut and salmon should be made. Smelts go free. Other fish pays a duty of one cent a pound. The American customs also advise that a duty be collected on all shipments of American caught fish from Prince Rupert unless the same is accompanied by a United States coastwise manifest. They say they will not recognize the Canadian customs manifest at Prince Rupert to a Canadian port of exit or to a Canadian port of origin on the United States consular invoices as furnishing the requisite lawful proof that shipments are in transit through Canada. This would seem to mean that, unless other arrangements are made, American halibut boats coming here will have to pay duty unless they first call at an American port.

MAKES EXPLANATION
LONDON, Sept. 23.—Premier Lloyd George, in a special interview, with regard to the Canadian criticism of the Imperial government's method of inviting various Dominions to send contingents in event of war with Turkey emphatically denied that the Dominions were in any way being exploited for political purposes. The premier said that there was no such purpose and the impression was entirely unfounded. The cabinet felt that the sacrifices which Australia and New Zealand had made in Gallipoli during the Great War entitled them to be consulted when the question of the freedom of the Dardanelles was involved. The cabinet had decided that these Dominions were entitled to participate in the defence of the freedom of the straits but had felt it impossible to invite the two without the others. Therefore Canada and South Africa had also been approached.

OTTAWA QUIET
OTTAWA, Sept. 23.—No cabinet council meeting has so far been called for today. Indications now are that the near east situation is not likely to call for an emergency meeting.

LONDON, Sept. 23.—Notwithstanding assurances from Paris that prospects of peace in the near east are brightening, ugly reports continue to come from Constantinople. Several more units of the Atlantic Fleet, including the battleship Revenge, have been ordered to prepare for service in the Dardanelles.

NEW TARIFF REDUCES DUTY ON WHEAT GOING INTO UNITED STATES
OTTAWA, Sept. 23.—The new United States tariff on wheat will have the effect of reducing the duty from 35c. under the emergency tariff to 30c a bushel now. Tariff experts here are making a close study of the changes and their possible effect on the business of the country.

DROPPED DEAD WHEN HE SAW HIS SISTER
* VERNON, Sept. 23.—When Edward Wicker, 67 years of age, met his sister, Mrs. Selk of Seattle for the first time in 20 years at the door of his home here last night, he dropped dead.

STOCKS IRREGULAR
NEW YORK, Sept. 23.—The stock market was generally irregular but most issues closed firm with net gains for the day.

CANADA ALLOWS AMERICAN VESSELS NEW PRIVILEGES
The Canadian customs department has made a new ruling in favor of American fishermen which makes it possible for American fishermen to secure bait and stores at a Canadian port without first signing a declaration that the catch would be brought here. All they have to do is to pay a license fee of one dollar.

WHIST LEAGUE STARTS AGAIN
Organization Meeting For Forthcoming Winter Was Held Last Night
S. M. NEWTON WAS ELECTED PRESIDENT
The preliminary organization meeting of the Fraternal Whist League for the forthcoming winter season took place last night in the Metropole Hall, delegates from nine prospective gentlemen's teams and four ladies being in attendance. Officers were elected and general planning for the activities of the season were discussed. The following are the officers for the year: President, S. M. Newton. First vice-president, Mrs. S. V. Cox. Second vice-president, H. B. Love. Secretary-treasurer, E. A. Donohoe.

The delegates were: Ald. John Dybbahn, Valhalla; W. McCulloch, St. Andrew's Society; Mrs. W. Anderson, St. Andrew's ladies; G. W. Johnston, Sons of Canada; S. M. Newton, Sons of England; W. Reid, Elks; Mrs. H. F. Glassey, Ladies of the Royal Purple; Mrs. S. V. Cox, Daughters and Maids of England; B. M. Simpson, Moose Lodge; Harry Love, Oddfellows; W. Burken, Knights of Pythias; Mrs. George Leek, Pythian Sisters; E. A. Donohoe, Knights of Columbus. The Great War Veterans and the Loyal Orange Lodge were mentioned as prospective entries but no delegates from these orders were present. The Rebekahs were not represented and it is doubtful if they will be taking part. A committee comprising G. W. Johnston, E. A. Donohoe and W. Reid was delegated to look after the securing of a hall and report to the next meeting on Thursday night. It was decided that ladies' games would be played this winter on Wednesday nights and gentlemen's on Fridays. The league will start in games soon after October 1, it is expected.

ARRESTS IN GREECE.
LONDON, Sept. 23.—Several arrests have been made on charges of plotting against the state and the present regime says an Athens despatch. Those arrested include supporters of former Premier Venizelos.

VANCOUVER MEN GO TO STEWART

Grant Mahood at the Head of Party of Twenty Going North Today.
Piloted by Grant Mahood, general manager of the American Mining and Milling Co., Ltd., a party of 20 Vancouver district businessmen is in the city today on the steamer Prince Rupert enroute to Stewart where they will make a general inspection of the mining field tomorrow. Arrangements have been made to have the steamer prolong her stay at Stewart tomorrow and on arrival cars will be waiting to take the party up Salmon River to Fish Creek trail where horses will take them up the mountain to the Fish Creek mines. A visit to the Premier is also planned. The Prince Rupert will likely remain at Stewart till about 1 o'clock in the afternoon delaying here on her return here until possibly midnight. The party consists of R. A. Creech, of Powell River; Dr. T. H. Agnew, Dr. Lachlan MacMillan, J. George MacDonald, of Vancouver; P. R. Fleming, of Victoria; H. Zeffertl of Stewart; Mr. and Mrs. J. Edward Sears; G. A. Laidlaw, T. M. Christie, H. J. Bush, George Stewart, Dr. W. S. Watson, E. Hamilton, F. Stanila, G. C. Leibel and others. T. M. Christie is Vancouver manager of the American Mining and Milling Co., and George Stewart is also on the staff. Among the directors of the company on the trip are Dr. Lachlan MacMillan and J. G. MacDonald. Mr. Sears is the company's solicitor. A special invitation had been issued to the Montreal Board of Trade excursionists to make the Stewart trip with the party but this could not be accepted on account of the itinerary having been fully arranged already. Last night on the steamer Mr. Sears addressed the excursionists telling of the Stewart mining field and Northern B. C. generally. This proved very interesting and was much appreciated by members of the distinguished party. Mr. Mahood, Mr. Stewart and Mr. Christie will remain in Stewart for a time but other members of the party will be back on their way south tomorrow night.

MEIGHEN WILL SUPPORT KING
Will do Anything to Make Clear to World Solidarity of Empire
TORONTO, Sept. 23.—The declaration that he would support the Mackenzie King Government in any step to make clear to the world the solidarity of the British Empire so far as Canada is concerned in the handling of the eastern situation was featured in a speech by Arthur Meighen before the Conservative Club. "When the British message came, Canada should have said, 'Ready! Aye, ready. We stand by you,'" he said.

RABBIT BREEDER FELL DEAD AT VICTORIA FAIR
VICTORIA, Sept. 23.—M. Brinkman, president of the Victoria rabbit breeders' association dropped dead at the agricultural fair yesterday.

BURNED TO DEATH HOME DESTROYED
NANAIMO, Sept. 23.—George W. Bamforth, 36 years of age and a returned soldier, was burned to death here when his home was destroyed by fire. Miss Alice Du Vernet left last night for Kitwanga where she will spend a month's holiday.

SEIZE DRUGS GREAT VALUE

Said to Be Worth Half a Million—Greatest Haul Made Yet.
NEW YORK, Sept. 23.—A drug raid, the biggest ever carried out in the United States, was made on the Hotel Douglas by forty detectives. The raiders said they seized half a million dollars' worth of drugs. The seizure is said to have cut the artery between the drug centre and the remainder of the United States.

ANYOX TO HAVE NEW GYMNASIUM

Sum of \$4,000 to be Spent on Structure at Beach for Recreation
FLOOD TENNIS COURT MAKE SKATING RINK
ANYOX, Sept. 23.—At the regular meeting of the Community League held here on Wednesday, the action of the league council in deciding to erect a new gymnasium building at the beach was ratified on the motion of councillors Lowry and Armour. The sum of \$4,000 was voted for the purpose. The new building will be available for a general recreation hall, dances and indoor sports. This is in addition to the hall at the mine which it was decided last week should be built there. Mrs. Hoffman asked if it would not be possible to build a skating rink at the beach, and after some discussion it was decided to reinforce the foundation of the lower tennis court and flood it so that it could be used for skating during the cold weather.

HERE PREPARING FOR WRIGLEY DIRECTORY

Frank H. Horn, secretary of the Wrighley's Directories, accompanied by E. G. Kidd, is spending a week or two in the city in connection with their publication. The directory is to be more complete than ever this year for it will include a full city directory of both Vancouver and Victoria, something that has not been done before. Mr. Horn says that they have captured the directory business of British Columbia after six years' hard work.

LITTLE DAMAGE FROM LAST NIGHT'S STORM

Hazleton Hydroplane Safe with but Slight Gash in one of the Metal Wings.
The waterfront got quite a dusting up with last night's gale but no damage of any consequence is reported today as a result. One end of the Dominion Government launch float was torn away from its moorings and detached from the railway gantry landing to the railway grade but none of the boats suffered. It was generally reported around town this morning that the airplane Hazleton had sustained serious damage but investigation proved that the only mark the machine had from the elements was a gash of a few inches made in one of the wings when it must have come in contact with some obstruction. Major Thompson and George Beirnes had the machine tightly moored with ropes both aft and forward in readiness for the storm.

Montreal Board of Trade Party Arrived Today from South; Spend Day in City

The British parliamentary and Montreal Board of Trade excursion party arrived at noon today on the steamer Prince Rupert, Capt. Donald, from Vancouver to pay their visit to this city before starting tonight on the return journey to Montreal by the Canadian National Railways. The distinguished visitors were welcomed at the boathouse by Mayor Rochester, C. H. Orme, president of the Prince Rupert Board of Trade, E. C. Gibbons and Thomas McGlymont, members of the reception committee, and members of the board generally. This afternoon a program of sight-seeing and general entertainment is being proceeded with in their honor. The excursionists report the journey up the coast from Vancouver as having been one of the most delightful features of their long and extensive tour. Officials of the steamship company showed every courtesy and did everything within their power towards providing comfort and convenience for the members of the party. In this they were eminently successful. Last night a concert and dance was held on the steamer, the ship's orchestra providing the music. A collection was made which netted \$160 for the British Seamen's Widows and Orphans Fund. An amusing feature of the evening was the mock presentation of an old pipe to Sir Arthur Currie by other members of the party. Soon after arrival here, the party transferred to their special train which is standing at the station. Several local citizens were guests of the railway company and members of the excursion at luncheon. Afternoon's Program. The afternoon's program provides for a harbor front trip by special train in the course of which the Canadian Fish and Gold Storage Co.'s and the Prince Rupert Dry Dock and Engineering Co.'s plants will be visited. At 5 o'clock the ladies of the party are to be guests of honor at the Girl Guides' tea in the Metropole Hall. At 7 o'clock the big fish banquet in the Central Hotel takes place, General Sir Arthur Currie and W. E. Cushing being the speakers. The special train taking the excursionists East is scheduled to leave at 10:30 city time. The Prince Rupert Club has been thrown open for the afternoon to all gentlemen members of the party.

CRERAR SAYS PARLIAMENT MUST DECIDE

No Promise of Troops for Overseas Service Should Be Made.
OTTAWA, Sept. 23.—A. T. Greer, progressive leader, after a conference with Premier Mackenzie King, said his stand in regard to the threatened war situation was that no troops should be promised for the near east until Parliament has had an opportunity of pronouncing on the matter. The Canadian people, said he, were entitled to the fullest information.

TARIFF EFFECT PRINCE RUPERT

Seattle Predicts Loss of Business to This Port From New Tariff
SEATTLE, Sept. 23.—Fish brokers here predict that the American tariff law effective today, which lays a duty of two cents a pound on fish, will cause American fishermen who have been taking their catches to Prince Rupert to resume former bases at Ketchikan and Petersburg, Alaska. Fresh fish, it is expected, will be iced at Ketchikan and Petersburg instead of at Prince Rupert and brought here for curing or other preparation. It is believed the new duty will shift to American railways large fish shipments formerly handled by Canadian lines.

FISHERIES REPORT RADICAL DOCUMENT

Said to Recommend Curtailment of Licenses to Japanese and Reorganization Department of Marine.
OTTAWA, Sept. 23.—Some sweeping recommendations are understood to be included in the report of the commission on British Columbia fisheries submitted today. The contents have not yet been made public but it is said to recommend the curtailment of the issue of fishing licenses to Japanese and the reorganization of the department of marine and fisheries.

ONTARIO WITHDRAWS TEN MILLION LOAN

NEW YORK, Sept. 23.—It is anticipated that as a result of the withdrawal of the ten million dollar loan by the province of Ontario, the province will later enter the New York market for a \$25,000,000 loan.

DAILY EDITION Saturday, Sept. 23, 1912.

Welcome Today To Prominent Visitors.

Prince Rupert is today extending a welcome to visitors from Canada's largest city and port, and from Great Britain. They are here spying out the land of promise and we are glad to have them come. We hope they will have an enjoyable time while here and will carry away pleasant remembrances.

Visitors from Montreal will realize our position here, situated on one of the finest harbors in the world, at the terminus of a transcontinental railway and yet without commerce, held back by the foolish prejudices of foolish government.

Wonderful Country All Around Us.

There is a wonderful country all around us. To the north, and only a few miles away, are some of the richest mines in Canada and the hundreds of good prospects indicate that many more very rich mines will be developed there.

To the west are a group of islands, the Queen Charlottes, which will in time become a frontier country in itself where thousands of people, attracted by the mild climate, will live and prosper. Lumbering, agriculture, fishing and mining will be the industries that will make them wealthy.

To the south there are timbered areas and some land suitable for agriculture. To the east, however, is the largest stretch of farming land available for the settlers in all British Columbia. Already the country is becoming settled and in a few years there will be thousands more.

There are wonderful waterpowers in this district, the scenery is magnificent. The trip up the Skeena River will give some slight idea of the wonders that may be seen in the untraveled ways of the smaller mountain streams.

Fish Is Greatest Promise Of Future.

Fish is, however, the greatest promise for the future development of Prince Rupert. It is fish that keeps us alive, that provides our payroll. The great harvest of the sea is always being reaped and there are possibilities of development which are almost illimitable. With the increase of population in Canada will come increased demand for fish products and we shall be ready to supply them.

Already a great deal is being done. Last year there was shipped from here 25,000,000 pounds of fresh halibut and about the same quantity of canned salmon. Herring were caught chiefly for bait but there was some black cod and sole shipped away. Fish provides the chief means of revenue for the railway, makes possible the establishment of one of the largest oil stations in Canada and keeps going the largest fish cold storage plant in the world. It is by fish we live and move and have our being.

Original Plans For Development Of Port.

The original plans for the development of the port and railway as conceived by the late Charles M. Hays included the building of terminal facilities here, coal bunkers, docking and loading facilities, the running of lines of steamers to and from the Orient carrying passengers and freight, the building of a fine hotel here, in fact the making of a western entrepot for the whole of Canada and especially for the farming regions of the prairies and the interior of British Columbia.

We may be a little town with few facilities for trade and commerce, but in a few years we feel sure the visitors, if they come again, will find this a busy place with all the developments that go with the building up of big business.

All Canada is proud of Montreal, Canada's greatest port. In Prince Rupert we look at it and we look at our own harbor and our own inimitable position and we wonder how long it will be before we take our place as one of the leading cities of the North Pacific. We ask our visitors to watch us grow, and should opportunity arise, to help us grow. There is room for a great port in this part of the country and we shall be it.

Just now when the country is watching with sympathetic interest the difficulties of the Motherland in the near east it is difficult to turn our attention to such subjects as trade and commerce. Yet we cannot let this opportunity pass without drawing the attention of our visitors to the need of a sympathetic understanding of the western situation by the men who are doing big things in the east. We also hope the people from England, who are here for the first time, will carry back home with them a recollection that there is one little city in the west that has promise of great things and that little city is Prince Rupert.

ANYOX PREPARES FOR WINTER ACTIVITIES

Decide to Secure Piano and Singing Teacher: Thanks to Baseball Team

ANYOX, Sept. 23.—In addition to deciding to build a new gymnasium and skating rink the Anyox Community League at its meeting this week dealt with a number of matters.

The question of securing a piano and singing teacher was discussed at considerable length, and on the motion of Councillor Langour, and seconded by Mrs. McKay, it was decided to insert advertisements in the Vancouver Daily Province, the Victoria Times, and the Prince Rupert Daily News for a suitable qualified teacher.

The tennis dance to be held this week was under fire for some time, many holding the opinion that \$1.50 was too much for admission besides asking the ladies for cakes, etc. Mr. Murdoch, chairman of entertainments, finally got from under by declaring it was being given by the Tennis Committee and was out of his hands.

An entertainment program was gone into and it was decided that a program for the month be printed and distributed to the community along with the Granby News.

Councillor Rowley asked that the League buy a certain orchestra instrument for Harry Ward, one of the band players, this to cost \$50, which he would accept and pay for out of his services when using the instrument. As Mr. Ward was going to pay for the instrument the League decided to buy it for him.

Councillor Lowry asked that two of the band instruments be exchanged for some in another key, so that they could be used in the orchestra, and the secretary was instructed to attend to this matter.

On the motion of Councillors Armour and Lowry a vote of thanks was extended to Manager Wall and the Anyox Baseball Team for the way they conducted themselves when at Prince Rupert and although they did not win the series, the council were satisfied that they had done their best, and wished them better luck next time.

Engineer Leaving

It was brought to the attention of the council that Wade Wetmore, chief mechanical engineer, was leaving Anyox on September 28th, and the council decided to make a presentation to Mr. Wetmore as an appreciation of his many services to the community. Councillor Seal, manager of the Gen'l's Furnishings, was delegated to attend to this matter, the presentation to be made at the tennis dance on Friday evening.

Mrs. McKay, in charge of the home and cooking department, asked if it were possible to transport the Mine children to school this winter. It appears the children often have to break the trail through the snow and if they happen to meet a sleigh on the road they have to step into the deep snow which is up to their chests, and they have to sit in school with wet clothes. Councillor Armour suggested that Mrs. McKay and Sec. Kelley take this matter up with the school board and Granby Company, this suggestion being acted upon.

CONDITIONS ARE DESCRIBED BY A LOCAL SCRIBE

J. F. Maguire Draws Attention of Visitors to Matters of Vital Interest

The following letter in connection with trade matters and the harbor has been received from J. F. Maguire and is of particular interest at a time when prominent visitors are in the city:
 Editor, Daily News:

When the wise merchants from the East who are to visit Prince Rupert on the round trip they are now making arrive in this city and become acquainted with the wonderfully favorable features of our harbor and railway they will probably express surprise that both have not been put to profitable use ere now, instead of being so greatly neglected.

When they remember the enormous sums that have been, and still are being, spent at Montreal in trying to overcome unfavorable geographical, physical, and climatic conditions, and in fighting the adverse forces of nature, they will hardly be able to avoid exclaiming, "Oh! if we only had Prince Rupert's harbor at Montreal, how easy and inexpensive it would be to secure and provide for unlimited seaborne traffic!"

Open Whole Year

When they learn that Prince Rupert's harbor is free the whole year round from ice, fogs and currents, that it requires neither dredging nor buttressing, that it is large enough and deep enough to accommodate more vessels than are ever found in any harbor in the world, that the largest vessel afloat today could tie up at its waterfront "in peace and safety" at any state of the tide, that it is only 10 miles from the open ocean, that its scenery is unsurpassed and that it is the ocean port of the most favorably constructed and located transcontinental railway on the North American Continent, they will no doubt be surprised alike at how little has been done in the past and how much is certain to take place in the future with such a port and such a railway—on the borders of the world's greatest ocean, whereon the twentieth century's greatest commercial developments will take place. This is the conviction felt and expressed by almost every stranger visiting our port.

Controlled our Destiny

To be sure the governing gods, railway rulers, maritime monarchs and departmental duffers who have hitherto controlled our destiny have been, for one reason and another, blind and deaf to both the opportunities and the petitions presented to them, but we can rest assured that the inherent merits of the situation must ere long secure intelligent attention and compel appropriate recognition of the advantages to be derived by the country from the legitimate use and development of this port.

We are told that we must first have grain elevators, coal bunkers and a lumber assembling wharf. This is a delusion. Vancouver has neither coal bunkers nor lumber assembling wharf, and as regards an elevator it will be apparent that a big business can be done without one, seeing that during the twelve months ending August 31st last, 3,422,444 bushels of wheat were shipped to Japan from Vancouver in sacks, and that all the wheat shipped from that port to the Orient during the year was in sacks with the exception of 475 bushels.

Natural Entrepot

Rapidly increasing quantities of many other kinds of merchandise are passing between Canada and the Orient in both directions, and the vast majority of certain kinds of goods on sale throughout Western Canada are imported from Japan. The natural entrepot for this greatly growing business is the port of Prince Rupert.

What is wanted, then, to set things right? Simply an announcement that on a certain specified date one of our national vessels will sail from Prince Rupert.

"Better Than Pills For Liver Ills"

Mitchell Albert arrived in the city by the Prince Rupert from Vancouver today. He is on a business trip.

Just received! A lot of pure wool English blankets, white and colored, shipped direct here from the Old Country. Prices very reasonable. Pat Phillipson. Second Avenue. 223

Your last chance to hear Evangelist Mac Eleanor Frey at the Empress Theatre Sunday evening at 8 o'clock. She will relate the story of her life which will be interesting to young and old. All are invited. Admission free.

Mrs. Elizabeth Frey and A. McAlister, who have been conducting a revival here in connection with the Pentecostal Mission, will sail for Juneau on the Princess Alice Monday after winding up their services here tomorrow.

W. E. Hodges, receiver for the defunct Prince Rupert Dry Dock and Engineering Co., and A. Johnston, deputy minister of marine and fisheries, arrived from Vancouver today. They are here with an offer to local creditors of final settlement of dry dock claims.

George S. Hougham, secretary of the Provincial Retail Merchants' Association, is visiting points up the line as far as Prince George and will return to the city about next Friday. No definite steps have yet been taken in regard to the reorganization of the local association.

Under the auspices of the City of Prince Rupert and the Prince Rupert Board of Trade, a dinner will be given at the Central Hotel on Saturday, September 23 at 7 p. m. to welcome the British parliamentary party and the members of the Montreal Board of Trade. Speakers, SIR ARTHUR GURRIE AND MR. W. E. CUSHING. Tickets, \$1.25 each may be obtained from Ormes Drug Store or the secretary, Prince Rupert Board of Trade. 223

WHEAT PRICES INCLINED UPWARD

CHICAGO, Sept. 23.—Owing probably to threatening conditions in Europe, wheat prices are stiffening. Yesterday all grains sold here at from 1 1/2 cents to 2 1/4 cents higher.
WINNIPEG, Sept. 23.—November Northern wheat closed here at 103 1/4 of 3/4 cents a bushel advance.
Threshing operations are active throughout the west and many districts report 75 per cent of the grain threshed.

HOTEL ARRIVALS

Prince Rupert.
T. J. Stephens, G. W. Davis, R. L. Brown, Frank H. Horn and C. K. Snell, Vancouver; J. Koloroff, E. R. Andazoff and Mrs. Bennett and family, city; W. Bell Prince George, B. L. Tingley and E. J. Tingley, Port Clements, Central.
J. M. Urquhart, S. S. Bobolink; E. G. Kidd, Wrigley's Directories, Ltd. A. M. Kipp, Port Essington; F. Mikeli, Anyox; W. T. Hirst, Edmonton.

FISH ARRIVALS.

Four halibut boats sold 39,500 pounds of halibut at the Fish Exchange this morning as follows:
Virginia, 13,000 pounds, and Sampson, 8,000 pounds, to the Booth Fisheries Canadian Co. at 13.7c and 7c.
Gape Spear, 3,500 pounds, and Maude, 15,000 pounds, to the Canadian Fish and Cold Storage Co. at 11c and 7c.

SPLENDID WEEK-END BILL AT WESTHOLME

Boston Joy Babes Are Making a Hit With Patrons of Popular Play House

The Boston Joy Babes, who have made such a hit with patrons of the Westholme Theatre, offered a completely new bill last night which will be repeated tonight. It is quite on a par with the one of Wednesday and Thursday nights and affords a very pleasant half-hour's diversion from the pictures.

Miss Loleita Tresswood appears in three pretty and cleverly executed dance numbers, elog dance, gavotte and Highland Fling. The Harmony Duo, Ethel Bridle and Beatrice Stanley, present "Here Comes Dinah" and "Molly O." Andy Brown's vocal "Ain't Nature Grand" is comical and entertaining and with little Miss Dottie Brown he brings the house down in "When Frances Dances With Me."

These youngsters alone would fill out a good evening's entertainment to say nothing of the ever-popular Bill Hart picture "Traveling On," and a side-splitting Hallroom Brothers comedy with a British Canadian News-Gazette.

WHIST PARTY AND DANCE AT CATHOLIC HALL LAST EVENING

About 50 couples attended a pleasant whist drive and dance which was held last evening in the Catholic Hall. The winners at cards were Mrs. Peter Byrne and J. H. Meagher. Refreshments were served and dancing then commenced. Charles Balagno furnishing the music. E. A. Donohoe was master of ceremonies. F. W. Moersch had charge of the card tables and Peter Byrne presided at the door. The conveners were Mrs. Jack Keefe and Mrs. F. W. Moersch.

The Man in the Moon SAYS—

A FORMER jehu who has taken to motoring says whatever other drawbacks the new mode of locomotion may have there is no tail to be eternally getting over the reins.

If there is a lack of seasoning at the banquet this evening we shall have Currie anyway.

FOR those who don't know, Montreal is the place where they have the big toboggan slide.

NOW that the ladies, God blessum, have adopted about all the mannish ways there are, so far as outward appearances are concerned, what about lending them a real handkerchief that might be useful in case of a cold.

THERE seems to be one class missing in the polytechnic and that is one to educate parents to understand their children.

ONE way to extend your vocabulary is to get married.

A COMING man is one who is going good.

THE frog thinks he can sing, so do a great many men. Perhaps they have frog in the throat.

AT this time of year we are forcibly reminded that while women usurp many of the functions of men, they are not keen on getting up in the morning and putting on the furnace.

WOMEN hate age because it tells on them.

Church Notices

First Presbyterian Church.
Morning worship at 11 o'clock. Subject, "John the Baptist's Gospel of Repentance." Evening service at 7:30, subject, "A Message to Women" being a sermon to the Rebekahs. Preacher Rev. H. R. Grant, D. D. Sunday School will meet at 12:30.

HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 50c a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto. Sample box free.

MANY PRIZES TERRACE FAIR

Fruit and Vegetables Said to Be Best Seen in North.

The second annual fall fair held under the auspices of the Terrace Fall Fair Association...

The baby show was the great event of the afternoon. The judges must have had a hard time to decide to which the prize should go.

A demonstration of apple packing was given later in the afternoon.

A number of people who have seen other fairs in other years and other places were heard to remark that the fruit and vegetable exhibits here were the best ever seen in this northern country.

The prize list follows: Section 1—Cattle. Best Spring Calf—G. H. Taft; J. K. Gordon.

Section 2—Swine. Best Spring Pig—H. A. Swain, Colthurst.

Poultry. Best Leghorns—W. A. Gill, G. Hipp.

Grains and Grasses. Collection 1922 Grains—Bohler, Colthurst.

1922 Wheat—Bohler, Olson. 1922 Oats—Bohler, Colthurst.

1922 Red Clover—O. Dale, Bohler.

1922 Timothy—Bohler, Michaud.

Two Head Cabbage—W. C. Little, H. Defontaine.

Six Carrots—F. Frank, J. Wentz.

Six beets—G. Hipp, H. A. Swain.

Two Cauliflower—F. W. Bohler, W. C. Little.

Three Celery—G. Little, Hamb & Thorson.

Twelve Peas—F. W. Bohler, H. A. Swain.

Twelve Beans—H. Defontaine, Mrs. Gill.

V. Marrow—T. Lever, W. J. Parsons.

Squash—Mrs. Smith, F. W. Bohler.

Three Cucumbers—J. Viger, A. S. Tordiff.

Twelve Rhubarb—1, 2, H. A. Swain.

Table Talk Potatoes—T. Lever,

BRINGING UP FATHER

Interesting amusement for somebody.

In spite of the fact that it was forecasted early in the year that the baseball season would not be a success on account of the lack of material, the activities of 1922 have been very successful...

The Sons of Canada won five games in the Lacrosse League and the Elks two, but the merits of the two teams have not been fairly indicated in that percentage.

It is at football more than any other line of sport that the criticism has been launched that there has been too much sport. This is because there have been no less than five different series in the course of the year.

Sport Chat

Now that outside sport for the year is practically concluded, a few observations on the activities of the season may not be out of place; The year has seen football and baseball as keenly contested as ever and it has also seen the introduction of lacrosse in the city.

WANTED

STENOGRAPHERS' Examination for B. C. Civil Service: An examination for junior and senior stenographers will be held on Saturday, October 7th, 1922 in Vancouver, Victoria, New Westminster and such other points as there may be five or more candidates.

Table with columns for Section, Block, Lot, and Upset Price. Lists various lots for sale with their respective prices.

Waterfront Whiffs
Doings of the Mosquito Fleet Which is the Chief Source of Prince Rupert's Prosperity

These are dog days along the waterfront for there is very little doing and few of the boys are in port. Two-thirds of the trollers are still out taking cohoes, dog salmon and springs and the halibut fishermen are all on the banks, fall industry having been given quite an impetus by the good prices that have been prevailing of late. The salmon fishing will soon be over but halibut boats will be out until shortly before Christmas when the annual tie-up generally takes place. Prince Rupert and Inverness canneries are the only two salmon plants that are still operating in the district. The former is still canning chums and another thousand cases will be put up before it closes. Next week, it is expected will see the close-up of Inverness for the season. Some cohoes are still being put up there. Much of the salmon that is now being taken finds its way into the general market some of it through the medium of the Fish Exchange and waterfront buyers. Jimmie Thomas, the fleet's political expert, visited town during the week on the "Buelah" from Hecate Straits where he is trolling. He looked things over, found there was no election in sight for a week or so anyway and returned to the deep. The waterfront report is that deer hunting had not started in full swing yet, although a few lucky persons have returned with deer, among them Dr. Cade and Principal Brady. A few good bags of ducks have also been reported included in these that of Jack Keefe. The weather has been too fine for geese although there are plenty of them around. Game Warden Harry Martin has his weather eye out again but he finds the waterfront folk a rather peaceful and law abiding lot generally, the most of them having the necessary \$2.50 to purchase a license and secure immunity from the clutches of the law. Harry is still cruising around in the Myfawny although it had been expected that this craft would have been replaced ere this by the Watla from Vancouver. The Watla, it is understood now, is not coming and the Myfawny will carry on for a while longer at any rate. It is expected that trapping will be carried on more generally among the fishermen this winter. Prices will be good, it is said. Already a good many licenses have been purchased and preparations are being made for the long cruises. Some of the trollers who did not have very good luck during the summer will look to trapping to finish the job of making their stake. The past week has seen the return of most of the visiting natives to their villages after having taken in the Fair. There are very few native craft left in the harbor now. Victor King, who arrived in port a fortnight ago, has sold his salmon trolling boat Leinish to Ald. Theo. Collart who will use it in drumming insurance up and down the coast. Victor has now become chief engineer on the Cold Storage boat W. R. Lord. Later he intends to buy a car and go into the automobile business at Terrace where his people are now located. The Narbethong, Capt. Hoopes K. Freeman, made a mystery trip on Wednesday. She went out before daylight and returned after dark. The secret service was not out. The boat was in port on Friday. The Narbethong, Capt. Hoopes K. Freeman, made a mystery trip on Wednesday. She went out before daylight and returned after dark. The secret service was not out. The boat was in port on Friday. The Narbethong, Capt. Hoopes K. Freeman, made a mystery trip on Wednesday. She went out before daylight and returned after dark. The secret service was not out. The boat was in port on Friday.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes: (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927. (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932. While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE. This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue. Dated at Ottawa, 8th August, 1922.

But the affair was not tragic just let me relate. For out of the drink soon each scrambled. And back to the ships just a little bit late. Each one in his dripping clothes rambled. The moral to fishers is summed up in this: "If to liquor you are addicted, 'Just try all the holes in the dock float to miss. 'Then with colds you will not be afflicted." (Above poem was written by the substitute waterfront whiff man. The regular one has gone to Winnipeg to see Flossie; the substitute has been recommended for Essondale.—Ed.) "Doe" Cade's new Ford Sedan has attracted the envious glance of many denizens of the waterfront. Here's a word to the wise—"Doe, if you don't want somebody to go joyriding with that sister of Mayor Harry's, you better bring that old rusty flyover to park down near the Yacht Club when you go out on your long hunting trips." Fall storms will soon be raging and now is the time to see that everything one owns on the waterfront is safely moored. Record high tides are also the order this week. Winds or tides have occasioned no damage so far but an ounce of caution may prevent a ton of damage. The Admiral of the Fleet is pleased to announce this week the appointment of Capt. Alfred Swanson, of the Prince Rupert Boat House, as flight commander. The captain demonstrated his worth as an air pilot this week in showing Major Thompson, of the hydroplane Hazelton, the way to Stewart and back again. Cap. has been busy since he returned from Stewart by air telling the boys what rising and landing and falling into air pockets, etc., etc., feels like. Owing to the number of cribbage games played recently between "Doe" Clapperton and Bill Shrubbsall, Arthur Little has been busy keeping his waterfront newsstand supplied with stogies. Bill's losses lately are said to have been considerable and Doe has been getting revenge for his many bum steers during the course of the baseball season. This is also a reason why the pioneer news stand magazine has not yet noticed the falling off of the tourist business very much. With the high prices prevailing at the Fish Exchange, halibut fishermen are now doing better than at any time since early spring. Capt. Ketchum unloaded a scow of Ketcher-Island gravel at his Cow Bay bunkers at the end of the week. The scow came in behind the gasoline tug Wigwam. Capt. George Newcombe made a mystery trip on Wednesday by the Dixie Rupert to the head of Lake Shawallans. The mystery was how he got there. In any case he reported having seen a wolf, this sight preceding his hasty retreat. If anyone happens to see Mike McCaffery, the coal baron, or Harry Pullen, the scribe yachtsman, sporting a black eye or so one of these fine mornings, he might well know "how come." This pair of heavyweights are putting on the gloves these days at the Elks' home. The Prince Albert, Capt. Neil McLean, is expected in the course of a few days with 300 tons of Vancouver Island coal for Albert & McCaffery. One of the B. L. Johnson tugs is also on the way up the coast with a barge of Vancouver Island coal for Albert & McCaffery. Three thousand yards of rock are yet to be delivered from the Smith Island quarry for the city streets. The work will take the Starston, Capt. Watson, well into November making an average of three trips a week. Up to last night and not including this morning's auction 167,000 pounds of halibut had been marketed at Prince Rupert since the first of the week, this representing about 20 carloads for Eastern shipment which will maintain the average. Arrivals at the first of the week were rather light but yesterday and today they have been increasing with the result that the price prevailing at mid-week has dropped now. The high price of the week was paid on Thursday by the Canadian Fish and Cold Storage Co., namely 16c and 8c, the lucky boat being the Uranus, 24,000 pounds, and W. T., 24,000 pounds. American boats have been drawing the highest prices. The following boats marketed in the course of the week up to last night: Cora, Athl, Mab, M., and L., Bartholome, Viola, Sumner, Atlantic, Anna J., Adeline, Augusta, Uranus, W. E., Joe Baker, Gaygeon, Tahoma, Bringgold, Lillian M., Convention, Crescent, Viking, Rainier, Johanna, Muirneag, W. and F., Alliance, Annie May, Dolphin, Marguerite and Alaska. Most of them have repaired to the banks again after having unloaded their catches. A ladder floating in the bay yesterday morning aroused the curious attention of the boys in port. It wasn't the mere fact of a ladder floating that was the cause of the curiosity but it was the manner in which it was floating for it was upended with two of the rungs above the surface. In fact some of the more superstitious of the denizens of the waterfront thought there was something fishy if not supernatural about it. Therefore the admiralty historian produced a mythological history and after careful consideration it was thought that Father Neptune was at the base of that ladder and that trouble was afoot. This will likely materialize in a short time. Of course, the more matter-of-fact of the men believe that the ladder was simply washed out from some point in the high tides and that, being waterlogged at one end, it has nothing else to do but float end up. Conydrums have been popular along the waterfront this last week since the close of the guessing contests at the Exhibition. That old stager "a dollar and a half, how many would you get for a shillim" was sprung suddenly on one of the north-European at the Fish Dock, just after things had been tied up after the sale on Wednesday. After an hour's cogitation with a quire and a half of paper and two sharp pencils, back came the query, "Wull ye say that again?" So once more "If a halibut and a half—" But that was enough. "Halibut!" cried the scholar. "Nae woner I couldna mak' it, me countin' salmon."

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE.

In the Matter of the Administration Act, and In the Matter of the Estate of George Crook Deceased, Intestate.

In Chambers, Before His Honor F. McR. Young, Thursday, the 24th day of August, 1922.

UPON the petition of J. H. McMullin, Official Administrator, upon reading the affidavits of the said J. H. McMullin, of Andrew Brown, and upon hearing Mr. W. O. Fulton, of Counsel for the Petitioner, IT IS ORDERED that the death of the above-named George Crook Deceased shall be presumed to have occurred on the 25th day of April, A.D. 1922, at Seven Mile Point, Graham Island, British Columbia.

IT IS FURTHER ORDERED that the said J. H. McMullin may apply for administration of the said estate and declare to the death as having occurred upon the said date upon publishing a copy of this order in a newspaper published and circulating in Prince Rupert, B.C., for a period of one month at weekly intervals.

LADIES INVADERS SONS OF ENGLAND PARTY LAST NIGHT

Delightful Social Evening Followed with About 90 couples in Attendance at K. of P. Hall.

The Sons of England set out to have a stag party after the regular lodge meeting last night in the K. of P. Hall but about 9:30 they were raided by a large number of Daughters and Maids who took the place by storm and surrender being forced, a general social gathering took place which was attended by some 90 or so couples. First there were songs by Meth Davies and Corporal E. G. Newham, Sid Thompson accompanying at the piano, and then refreshments were served, those already provided by the Sons for themselves being supplemented by dainties the visiting ladies brought with them. Mrs. Cox and Mrs. Bourne being in charge.

Dancing to the strains of music played by Sid Thompson, piano, J. Fenning, banjo, and William Smith, guitar, started and kept up till 1:30 this morning. Corp. Newham was elected master of ceremonies and the committee comprised Frank Salter, Joe Howe, George Barker, J. P. Fenning and Corp. Newham.

This is the first of a series of social evenings the Sons of England are to have during the coming winter season.

SHE HAS RAISED A FAMILY OF TEN

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY NEVER FAILED HER

Mrs. Ervin W. Stairs, East Waterville, N.B., writes: "I have raised a family of ten children and have always used Dr. Fowler's Extract of Wild Strawberry for summer complaint, and it has never failed."

Four years ago, when the cholera was about, some of my neighbors called in the doctor, but could get no relief. I told them about "Dr. Fowler's", and after taking it they were soon well again. I also used it for two of my own children at the same time when they were passing blood, and a few doses soon made them well."

If you want to be on the safe side ask for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for. There are many imitations on the market, so be sure and get the original "Dr. Fowler's"; price, 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

QUEEN MARY CHAPTER BRIDGE AND TEA AT HOME OF MRS. DAWSON

Twelve Prize Winners at Interesting Event and Attendance Large

There was a large attendance of ladies at the bridge party and tea given by the Queen Mary Chapter, Daughters of the Empire, at the home of Mrs. E. G. Dawson on Thursday afternoon. There were twelve tables of bridge and a prize given at each table. After the games, tea was served.

The arrangements were in the hands of Mrs. J. G. Steen, convenor, Mrs. Wilson Murray, Mrs. Vance, Mrs. Hunter and Mrs. McMullin, while they were assisted in serving by Mrs. Darton, Mrs. Hooper, Mrs. Greer, Miss Greer, Miss Georgina Hunter, Miss Belding, and Mrs. S. J. Evans. Mrs. McMullin poured for Mrs. W. C. Orchard poured the coffee, and Mrs. Parkin cut the loaves.

The prize winners were Mesdames J. C. McLennan, Healey, Youngman, Frank Moore, Ben Self, Wearmouth, Doby, Greer, M. M. Stephens, Groves, Woodland and Miss Belding.

WHAT CAUSES SO MUCH SICKNESS

Constipation Responsible for 90% of Disease
"FRUIT-A-TIVES" Corrects It

It is generally recognized among the medical profession that Constipation or Insufficient Action of The Bowels, produces more disease than any other one cause. Constipation is responsible for at least 90% of the disease in the world today—because Constipation is responsible for the Indigestion and Dyspepsia—the nervousness, Insomnia and Rheumatism—the Ecze-ma and other skin troubles—the Headaches and Backaches.

As you know, it is the duty of the bowels to carry off the waste matter in the system. If the bowel muscles are weak or the liver inactive, then this waste matter remains in the body and poisons the blood. As a result, every organ in the body is poisoned by this waste.

"Fruit-a-tives" has been wonderfully successful in relieving Stomach Troubles, Nervous Troubles, Liver Troubles, Kidney Troubles, Skin Troubles and Blood Troubles, because "Fruit-a-tives" positively and emphatically relieves Constipation.

"Fruit-a-tives" will always relieve Constipation, even though the trouble has been chronic for ten, fifteen and twenty years. Thousands of grateful users proclaim "Fruit-a-tives" the greatest remedy for Constipation that the world has ever known.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

ALICE ARM

The Lone Maid claim, owned by G. Chambers, manager of the Naas Harbor cannery, has been bonded to an Anyox syndicate at a price of \$10,000 with \$3,000 cash. E. Edge will take charge of development work on the property which is located between the Esperanza and Alice mines within a couple of miles of town.

High grade ore was struck on the Alice group. Development work on this property is being watched with interest for in it Alice Arm may have another shipping mine this winter.

Alice Arm people are expecting that the proposed trail between here and the Naas valley will be surveyed this fall. The delay has been caused by the illness of J. P. Suttie, of the public works department, who is to make the survey.
