Facilities the One Need of the Port UNIVERSITY EXAMINATION RESULTS ARE HIGHLY SATISFACTORY

Ships Would Come Here for Lumber if Assembly Dock Were Built for it

That just so soon as a lumber assembly dock is available at Prince Rupert, steamers will call for export cargoes of lumber, is the stated belief of F. G. Brynolson, of the Northwest Spruce Company, of Vancouver, when seen by a Daily News representative. The export business is distinctly improving, particularly for spruce, with Australia, the United Kingdom and the Argentine, the most promising customers. That the exports of lumber to these countries is capable of a vast increase is undoubted. In this prospective increased business, British Columbia ought to share to a very large extent as the large logs produced here per cent of a greater percentage of the smaller logs of the western seaboard.

The development of the lumber export business of the province has been helped materially by the operation of the Canadian Government Merchant Marine Mr. Brynolson states. Although the fact as a whole may show a loss in operation, yet this does not apply to Pacific shipments, as may be seen from the published reports. The Pacific business has been profitable for the steamship service and doubly profitable for the shippers of goods. A regular business is being done from Vancouver with paper for Australia and were there facilities at Prince Rupert for handling lumber cargoes, many a steamer would be sent here for part cargo of lumber.

No Insurance
Mr. Brynolson is at present loading a cargo of two million feet of kiln-dried spruce for Australia and others to follow. A peculiar feature of securing tonnage for loading in the north is the shyness of the insurance companies to accept the risks. No insurance company would accept the risk on a steel steamer for Masset Inlet for instance and they absolutely refused to carry any insurance on this cargo from Kelchikan. Only the fact that the buyers provided their own shipping enabled the handling of this cargo. This will doubtless be alleviated as cargo shipments become more numerous, and ought not to apply at all to the port of Prince Rupert.

With an assembly dock properly equipped for handling cargoes, the mills in the immediate vicinity of Prince Rupert ought to be in a position to enter the export business economically and profitably. Cargo shipments would demand a special rate for the comparatively short haul to the water and with Prince Rupert's open harbor permitting a cheap insurance rate, Mr. Brynolson sees no reason in the world why the mills of Northern British Columbia ought not to share in the increasing world demand for lumber. The United Kingdom and Australia are constant consumers and steady customers already for British Columbia lumber.

ORGANIZATION IS PROCEEDING RAILWAY BOARD

Representatives of Railways and Men Are Now Endeavoring to Choose Chairman
OTTAWA, July 29.—Organization of the board which is to investigate the dispute between Canadian railways and shippers is well proceeding. Isaac Pitblado, M.P. of Winnipeg, who will represent the companies, and James Simpson, of Toronto, the men's representative, are endeavoring to select a chairman but no nomination has yet been received by the department of labor.

AMUNDSEN MAKING PROGRESS TOWARDS THE POLAR REGIONS

SOME, July 29.—Roald Amundsen's ship Maude, in which the explorer hopes to drift past the North Pole in the Arctic ice pack, has left Daring bound through the Bering Sea. The date of the ship-off of the airplane in which Amundsen and Aviator E. G. Fulmer, of Vancouver, expect to fly across the North Pole from Point Barrow to Grant's Land is still uncertain.

SUBMARINES LOST

Four Have Disappeared After Leaving Los Angeles
LOS ANGELES, July 29.—Four submarines out of a flotilla of twelve which left here for Hampton Roads for recommissioning have disappeared and it is believed they have sunk.

COLLINS DEMANDS THE UNCONDITIONAL SURRENDER IRISH

DUBLIN, July 29.—The Free State cabinet today decided to reject the suggestion for an armistice with the irregulars working out of Cork. Nothing short of unconditional surrender by irregulars will be accepted by Collins.

BELL'S PLANE LEFT HAZELTON

Hopped Off with Load of Freight and Prospectors at 7:30 a.m.

REPORTED ALONG LINE

Will Visit Number of Lake Settlements and Pick up Furs.

HAZELTON, July 29.—The combination hydro-aeroplane Hazelton owned by Len Bell and associates took the air this morning at 7:30 with pilot, Major Thompson and guide George M. Beirnes and carrying a thousand pounds of freight for the head waters of the Findlay River for a three days' prospecting trip. The machine passed sixth cabin on the Yukon Telegraph trail at 9 o'clock.

Len Bell intends to make Hazelton headquarters for this service. It is understood that the party on the plane will pick up some valuable furs which have been awaiting its arrival. These furs are usually packed out on mules and horses to Hazelton.

Change of Name

As the qualities of Douglas fir and Sitka spruce become better known in Great Britain, the demand there is already increasing. The change in name from Oregon pine to Douglas fir for the British Columbia product has been a good one. For hemlock a change in name would be also most beneficial as most buyers confuse Western hemlock with the Eastern variety, which is a very poor timber. Those consumers in Eastern Canada and the United States who are now using Western hemlock find it a very good material and properly named to distinguish it, a large and profitable market would be opened up.

Dock a Necessity

For the development of the port of Prince Rupert, and of a water-borne export lumber business therefrom, the construction of a lumber assembly dock at Prince Rupert is an absolute necessity. Now that the demand for all kinds of lumber is increasing from foreign countries, the development of the lumber resources of Northern British Columbia will be retarded until this is accomplished. Half million feet shipments of lumber to Australia and the Orient form a part of every cargo of the regular liners sailing out of Vancouver. While it might not be possible to send up a steamer for such a small shipment, once the facilities are available for economical handling the steamers, it would not be a very difficult matter to arrange for larger shipments. The world demand for lumber is increasing. The logs are in the North. Given the facilities for handling the order for the lumber will follow in due course.

ROVER ASHORE PORLIER PASS

Merchant Marine Vessel Goes Up in Fog—Damage Believed Slight
SEATTLE, July 29.—The Canadian Government Merchant Marine freighter Canadian Rover went ashore in a thick fog in Porlier Pass on the east coast of Vancouver Island today according to a wireless message. It is not believed that the vessel suffered any serious damage. She went ashore at high tide. An attempt will be made to float her on the high tide tonight, and pumps are at work on the after tanks in an effort to lighten the vessel.

PARLIAMENTARY PARTY COMING

Larne Number of Members From Britain Have Accepted Invitation.
VISIT PRINCE RUPERT.

MONTREAL, July 29.—From 25 to 60 members of the House of Lords and House of Commons of Great Britain have already accepted the invitation sent them by the Montreal Board of Trade to tour Canada next September going as far as Vancouver, Victoria and Prince Rupert and returning by the Canadian National.

READY TO QUIT, BUT CONSTABLE GOT HIM

OCEAN FALLS, July 28.—"Quit now! I've had enough," were the agonized accents heard in a slight melee, which occurred here on Thursday when two men named Leask and Eberts were settling a dispute in the old-fashioned way. Both were going at it hammer and tongs, and from the words used, it was apparent that their differences had been adjusted, apparently to the satisfaction of both. However, it was not enough, for the constable happened along and took both the men with him, which neither had bargained for and Magistrate Tyson this morning made enough plenty when he fined them \$35 and \$25 respectively for fighting in a public place.

Miss Minnie Rank Gets Halsey Scholarship for Leading in Matric. Class

Miss Minnie Rank leads the list of successful junior matriculation students and is therefore the winner of the Halsey Memorial scholarship. She made 727 marks out of 1,100 or 72.7 per cent.

The examinations were conducted recently by E. B. Paul, principal of the Victoria College, representing the University of British Columbia and the results were made public in Vancouver yesterday.

For Prince Rupert 22 pupils took the examination and two failed. Twelve were given full passes and eight will be granted certificates on taking supplemental examinations in the autumn on one or more subjects in which they are weak.

Principal J. C. Brady on being told the result expressed pleasure at the excellent showing made by the local students. He said they all felt that Miss Rank would secure the scholarship and the results were eminently satisfactory. Following are the marks of those who passed:

Prince Rupert.	
Minnie Rank	727
Fred Kergin	707
Siguel Erickson	693
Wm. F. Cavalier	691
Wm. S. Kergin	690
Lucey L. Pillsbury	661
Murray L. Gordon	661
Mary D. Sim	638
Hannah L. Essen	611
Irene C. Carter	574
Mina V. Deane	572
Mary W. Cross	553
Prince George.	
Lottie K. Davis	699
Alan McKenzie	675
Harold G. Abbott	622
Janet O. Wilson	605
Edward T. Leith	601
Completed junior matriculation	
Charlie Irowsky.	

SIR THOS. ROBINSON OF GRIMSBY COMING

QUEBEC, July 29.—Sir Thomas Robinson, of Grimsby, England, arrived here today en route to Vancouver and Prince Rupert. He is financially interested in and is a director of the Canadian Fish and Cold Storage Co. at the latter city.

GEDDES MAY BE GIVEN PEERAGE FOR SERVICES

WASHINGTON, July 29.—It is rumored here that Sir Auckland Geddes will be given a peerage. It is also rumored he will resign the ambassadorship for Great Britain but this is considered less likely. He is at present on a short visit to London.

GIRL FELL 100 FEET BUT NO BONES BROKEN AT CAPILANO CREEK

NORTH VANCOUVER, July 29.—Ethel Butler, aged 15, of Vancouver, fell into Capilano Creek today from a height of 100 feet. Shallow water broke her fall but she sustained severe bruises and lacerations. No bones were broken and she will probably recover.

MINISTER OF AGRICULTURE HERE TODAY

Was Entertained at Luncheon and Will Be Shown City and Needs.

The Hon. W. R. Motherwell, minister of agriculture in the Dominion Government arrived this morning on the Prince Rupert from Victoria. Mr. Motherwell is accompanied by Mrs. and Miss Motherwell and Miss Cummings, his secretary and will be here until Monday night. This is Hon. W. R. Motherwell's first visit to the coast officially and his first visit to the city of Prince Rupert. Among the immediate objects of the visit of the minister is the establishment of an experimental farm somewhere between Prince Rupert and Prince George. There are already some twenty-two of these government experimental farms throughout Canada and this one in Central British Columbia will be the twenty-third. They have already proved their usefulness to the farming community wherever they have been established and will be of no less benefit in this new country.

Mr. Motherwell is enthusiastic over his visit to the farthest West and what he has seen while here at the reception accorded him in Vancouver and Victoria. Occasion was taken on the way north to inspect the pulp and paper mills at Ocean Falls.

Learning at First Hand.

While here, Mr. Motherwell will learn at first hand of the requirements necessary for the development of the port of Prince Rupert and of the northern line of the Canadian National Railways. While talking with the Daily News, Mr. Motherwell evinced a lively interest in the North country and from his shrewd and searching questions betrayed an already extensive knowledge of the immediate requirements of this district in the way of its development as planned by the previous Laurier government.

This afternoon Mr. Motherwell was entertained at luncheon by the board of trade when a short address on the needs of the port was made by Fred Stork, M.P. and replied to by the minister. He will be shown the port and its needs will be pointed out to him during his stay.

BIG MONEY FROM LEONARD TENDLER FIGHT THURSDAY

NEW YORK, July 29.—The gate for the Leonard-Tendler bout Thursday totalled \$327,565. Leonard got \$124,000 and Tendler \$62,500, while Tex Rickard, the promoter, got \$90,000.

SIR TOM WINS RACE AGAINST CANADIAN YACHT AT SEATTLE

SEATTLE, July 29.—Sir Tom, representing the Seattle Yacht Club defeated Patricia representing Vancouver Yacht Club in two races yesterday, thus retaining possession of the Lipton Cup and championship of International Pacific yachting.

Prosperous advertising means regular continuous advertising.

PREMIER'S LIFE BEING GUARDED

Precautions Taken to Avert Assassination—Poincaré Quietly Away From Paris by Auto

PARIS, July 29.—Paris was surprised when it became known that Premier Poincaré had slipped quietly out of the city by automobile for his country home in the Department of Meuse early today. It had been announced last night that he had left by train for a week-end holiday. Elaborate precautions were taken at the station when he was supposed to start and an engine preceded the train to prevent a possible attempt to wreck the train. The change was made in plans to avert any attempt at assassination. It was announced yesterday that a German Monarchist plot was on foot against the life of the premier. Hence all precautions are being taken to guard his life.

ONE COLLECTOR OF INCOME TAX

That Is Suggestion of Hon. John Hart who Made Proposal to Ottawa.

VICTORIA, July 29.—That steps should be taken by Provincial Governments to arrange with the Federal Government for a system of taxation on the income basis that would eliminate all over-lapping and that sooner or later the plea of the municipalities for a share of the income tax would have to be heeded, was the assertion of Hon. John Hart, Minister of Finance in an address here.

Mr. Hart alluded to the dual income tax situation. In view of the tremendous financial burden of the war, the Federal tax would undoubtedly prove to be a permanent one, the Minister said. He had endeavored to get the late Federal Conservative Government to come to some arrangement for co-operation in the collection of the two income taxes, but without result. On his recent trip East he had interviewed Hon. W. S. Fielding, present Finance Minister, and suggested that the two Governments should get together, appoint an independent board to collect the taxes and agree to the proportion thereof to be paid to the Province and to the Dominion.

ELECTION IS LONG WAY OFF

Much Gossip in London But Nothing Definite Yet—Perhaps March or June

LONDON, July 29.—While there has been much talk during the year of a general election there has been nothing come of it yet. Gossip runs in the direction of predicting next March for the election if governmental and financial conditions are not unfavorable or perhaps June if trade happens to improve. Ministers, however, take a grave view of the unemployment situation during the coming winter and believe that the number out of work will not be less than a million.

Library Outlook Seems Bright.

So many people have asked what progress is being made in connection with the establishment of the new public library, that it came as interesting news yesterday that the use of the building now occupied by the provincial public works offices on Third Avenue had been secured. The library board have the use of the building for twenty years and if the provincial government should require the land for any other purpose, the building may be moved by the library board to another site. It is about the size required and is so situated that if it should be necessary to move it to municipal property, the task would be an easy one and not expensive. A larger building would cost more to heat.

It may be that the public works department will not be ready to move in time for an early opening of the library, but in that case temporary quarters may have to be secured so that the new librarian may be able to commence organization of the institution on September 1. It will be a month before the books will be available for the public, perhaps more, if moving is going on about that time. The great thing is that the library will be ready for the winter and that a good collection of books will be available then under proper supervision. The books will be absolutely free to borrowers, subject to fines for keeping them beyond a specified time.

Publishing List Civic Salaries.

Today we are publishing a list of civic salaries paid in this city and also in two somewhat similar municipalities in the south. These lists have been provided by persons who are anxious the people should know exactly how much their municipal government is costing them. Where they fail is that they do not give any record of overtime. While some civic employees here draw overtime, this does not happen in the south. There everyone on salary gets the specified amount and no more. Only mechanics and laborers are paid overtime.

Most people in business are in competition with other firms and that keeps the heads of departments on their toes all the time. In municipal government there is little competition and the tendency is toward slackness. All the people of Prince Rupert want is to feel that they are getting value for the money expended.

Arbitration Only Method.

Arbitration of industrial disputes is the only reasonable method of settling them. A board of conciliation is now to investigate the dispute between the railway shopmen and the management of the roads and their finding should be final. The chief difficulty comes in when an industrial concern is operating at a loss and the only big expense is that of wages. To keep up wages means to keep on losing money which eventually means going out of business. It does not matter whether the owner of the concern is a private company or a government, it must pay its way else it will eventually go into the discard.

Until people learn to arbitrate their industrial difficulties there is no hope of success in arbitration of international differences. Until we learn to conduct the internal affairs of a country without undue friction, there must be friction occasionally with the outside. To expect to bring about better international conditions by increasing the difficulties industrially is a fallacy. It can't be done.

In the Letter Box

SWELL TIME FOR KIDDIES.

Editor, Daily News:—

Once more the time is rolling near when the kiddies of Prince Rupert will again be the guests of the Big Brother Elks. Last year the event was put on for the first time in Prince Rupert and the kiddies were the Elks' guests for the day, everything for them being free.

Kiddies Flg Day will be held this year again on Wednesday, August 9. Although the undertaking is in charge of the Brother Bills let everyone, young

and old, help them to make Kiddies Flg Day a real success and give the kiddies a happy and enjoyable day.

Be a big brother or a big sister to all kiddies on that day and help to show them that this life is really worth while after all, and that we are all willing to be their entertainers. Little sacrifice on your part will be a benefit on their behalf.

One day, once a year is not asking too much so let us all get together and make it a grand success and so it may be said when the day is ended by all kiddies, "Gee I had a swell time."

THE ROYAL BANK OF CANADA

UNABLE TO WALK FOR A YEAR

Paralysis Entirely Relieved
by "Fruit-a-tives"

The Wonderful Fruit Medicine

Paralysis is a break-down of the Nervous System and affects the victim in various ways. Sometimes, nervousness makes itself known by hysteria, insomnia, constant headaches, or it may be so bad that one is partially or completely helpless in some part of the body, just as Mrs. Heacock was.

SACRED STE MARIE, ONT.

"When I was twenty-eight years of age, my doctor advised me to have an operation, which I did and it proved very serious, leaving me weak and unable to walk for a year. Seeing your 'Fruit-a-tives' advertised in the papers, I decided to try them. I continued to use them regularly and today I am able to go about my home duties and care for my family."

MRS. J. W. HEACOCK.

Any form of Nervousness is often caused by, and is always aggravated by, Constipation, which poisons the blood, irritates the kidneys and inflames the nerves. "Fruit-a-tives" stimulates the action of liver and bowels, kidneys and skin—tones and sweetens the stomach—keeps the blood pure, and builds up the entire nervous system.

In a word, "Fruit-a-tives" has proved that it is the most scientific and effective remedy in the world for Nervousness or a disordered condition of the nervous system.

Do a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

J. F. MAGUIRE
Next the Prince Rupert Hotel

Ten Years Ago in Prince Rupert

July 29, 1912.

A company of distinguished Masons will arrive in the city tomorrow from the south to institute Tyee Lodge and dedicate Kaian Chapter, Royal Arch Masons. The party will include J. M. Rudd, Grand Master of the Grand Lodge; James Stark, E. B. Paul, J. T. S. Palmer, J. R. Seymour, W. Henderson, William Burns and Mrs. Stark.

Rev. Sydney Gould, general secretary of the Missionary Society of the Anglican Church of Canada, is visiting the city, the guest of Bishop and Mrs. F. H. Du Vernet. Mr. Gould intends to visit in company with the bishop, Terrace, Metlakatla, Kitsumkatum, Stewart and Granby Bay.

High school examination results have been announced. G. Alex Hunter passed the preliminary examination and Louise Jane Tallander, the advanced course.

GOOD FISH SEASON IN EASTERN CANADA

HALIFAX, July 29.—This has been the best fishing season in fifteen years. Already between Halifax and Yarmouth the mackerel catch has sold for a million and a half dollars and it is not over yet. Then business is good in haddock, halibut, cod, salmon and lobsters. It is already assured that this is to be a good season.

POPULARITY CONTEST.

The second Anyox candidate in the Exhibition popularity contest has been nominated in the person of Miss Grace Green, of that town. She was nominated by Mr. Carmody with a start of 60,000 votes.

PATTULLO SCOTTISH.

The surname "Pattullo" and its origin has often been discussed. Some said it was Italian and others, Scotch. The latter are apparently right. A Scottish paper settles it definitely as follows:

"Pattullo derived from Pit or pet, farm or habitation, and tulloch, hill, thus meaning 'hill farm.'—Clan MacDonald.

LOTS OF WORK BUT FEW MEN

Employment Situation Today is
Better Than it Has Been
For Months.

The employment situation in the district is greatly improved and things are in better shape than they have been for months, according to J. M. Campbell, provincial government employment agent. Nearly 100 men have been ordered during the week and the unemployed registrations have decreased. The condition is ahead of what it has been for the past several weeks. There are only 20 unemployed on the list but it is believed these mostly all have work now.

Last night Mr. Campbell was obliged to send to Vancouver for 12 loggers for Morgan's logging camp and 10 carpenters and 10 laborers for Anyox. The demand could not be filled locally. The Smith Island quarry, Amhurst and Terrace and other points have been calling for more men recently.

NEW BUILDING THIRD AVENUE

Arthur Brooksbank to Put up
\$7,500 Store and Apartment
Block.

Arthur Brooksbank is to build a two storey frame store and apartment block on the lot adjoining Arthur's Market, on the east side at a cost of \$7,500. Application for the permit was made at the meeting of the building commission last night and was laid over for a week. The building will be 60 by 25 feet in dimensions and will have one store on the main floor and two apartments upstairs.

PRESENTATION IS MADE MR. & MRS. RATCHFORD

Sheet Metal Workers' Gave Newly Wed Member Beautiful Silver Set.

The Sheet Metal Workers' Local No. 672 at their regular meeting last night in the Carpenters' Hall, presented Joe Ratchford with a beautiful silver set to mark the occasion of his recent marriage to Miss May Shenton at Ketchikan on July 19. Norman Robinson, secretary, made the presentation on behalf of the union and in a few well expressed words wished the happy couple long life and happiness.

PETER BLACK HEARD SEATTLE PLAINLY

Local Boy's Radio Outfit Was Working the Best Yet Last Night—Concert and Speech.

Young Peter Black had the best results yet with his radio outfit last night. A concert, which included several popular songs and a speech, were recorded as plainly as if it had been from a gramophone in the room. It was from the Post Intelligence broadcasting station in Seattle. Static interference was practically nil and the only interruption was caused when the Digby Island wireless station was sending.

A CHRONIC KICKER.

Senator Reed Smoot said at a luncheon in Salt Lake City:

"You can never please the ultra Radicals, the Communists, Bolsheviks and people of that sort. Legislate as you will in their behalf, they will always be dissatisfied."

"It's like the farmer. His pastor said to him one day.

"Well, Horace, you're a great growler and complainer, but you certainly can't grow and complain this year about your potato crop. Why, man, they tell me that both in quantity and quality it's the finest potato crop in the State of Utah."

"Oh, yes," muttered the farmer, "that's all right as far as it goes, doctor, but what am I goin' to do with the bad potatoes to feed me hogs?"—Detroit Free Press.

REX
King of Cigarettes
10 for 15c

The Man in the Moon SAYS:—

WOMAN may not have much of a vocabulary but she usually knows how to use what she has.

ONE of the things that won't get you anywhere is wondering why all this fine weather.

ANOTHER thing that won't aid your arrival is wondering about any kind of weather.

A LITTLE gent, a little miss
A little hug, a little kiss
A little ring, a little bliss
And then a little one to kiss.

THERE is no hope of getting daylight saving in Manitoba since the farmer Government came into power. The farmers get up at dawn and go to bed at dusk in that part of the country anyway.

ONE advantage in living in a downtrodden country like this where the wage slave is oppressed is that a man may speak his mind and cuss the Government all he likes. In Russia now they have a little way of treating those who openly express themselves.

NEVER judge hootch by the label.

FURTHER advice is: Never judge hootch. Remember the biblical teaching "Judge not that ye be not judged."

ONE thing that keeps a person busy is keeping track of local weddings and finding money to pay for the presents.

WHAT about a few practises for the ball team that is to meet Anyox Elks?

Prof. M. O. Wee, from the Luther Seminary of St. Paul, Minn., will speak in the Metropolitan Hall on Saturday, July 29, at 8 p.m.

Mr. and Mrs. Frank Salter returned on the Prince Rupert this morning after spending several weeks holiday in Vancouver and Victoria.

Mrs. George Rorie and daughter, Miss Nancy Rorie, are leaving tomorrow night on the Prince Rupert to spend a vacation in Vancouver.

George Wilson returned on the Prince Rupert this morning after having spent a holiday at Vancouver. Mrs. Wilson and family will be returning later.

Mrs. W. Goldbloom arrived in the city this morning on the Prince Rupert from Vancouver. She is taking over the business formerly conducted by her here.

Mrs. Goldbloom has arrived from Vancouver and on Tuesday, August 1, will offer entire stock of Ladies' Ready to Wear at special sale prices. Watch for advertisement in Monday's issue.

Mr. and Mrs. Creighton of Winnipeg arrived on the Prince Rupert this morning on their way home after a holiday trip to the coast. Mr. Creighton is general advertising agent of the Canadian National Railway at Winnipeg.

D. McMillan, locating engineer for the provincial department of public works, arrived from Victoria on the Prince Rupert this morning. He leaves on the train to do some departmental work in the Bulkley and Nechako valleys.

Mr. and Mrs. James Muir and Miss Muir arrived in town this morning on the Prince Rupert on their way East to their home in Montreal. Mrs. Muir is an aunt of Albert Davidson of the G.T.P. who used to be located in Prince Rupert and is now in Vancouver.

Mr. and Mrs. E. D. Wallace, who were married recently in New Westminster, returned to the city on last evening's train from their honeymoon trip which took them as far as Saskatchewan. They are registered at the Hotel Central but will later take up residence in the Bessner apartments.

ALASKAN MAN ARRESTED. CHARGED WITH BIGAMY

SEATTLE, July 29.—Charles P. Friend, 50 years old, on his return from looking after his Alaska mining interests, was arrested and charged with bigamy. He is said to have married Minnie Pierce, of Seattle and Edna Bjornstrom, of Portland, Oregon and Los Angeles. The later is now with him. The two wives met by chance in this city while Friend was in Alaska.

Comparative List of Salaries as Paid in Prince Rupert, Oak Bay and Saanich Municipalities

In response to a request from a group of men in this city who are interested in civic economies and who have provided the data, the salary and wage lists for Prince Rupert are published herewith and also the lists for Oak Bay and Saanich. The population of Oak Bay today is about the same as Prince Rupert. The municipality is long and narrow, something like this city, but there is an immense lot of traffic on some of the roads from the city of Victoria automobiles and trucks so that road upkeep is correspondingly high. Oak Bay has many more miles of street to keep up than Prince Rupert but has not the physical difficulties to contend with.

Saanich has a more scattered population except on the bound-ary of the city. It has a popu-lation of 12,500. The municipal limits are 12 miles in length with heavy road mileage and long water mains.

It is impossible to make a comparative summary as the day labor is not always regular in any of the municipalities. To those who would like to study municipal statistics, however, the list will prove of interest.

PRINCE RUPERT

(Salaries Per Month)
 City Engineer and Sanitary In-
 spector—\$275.

 five teachers—\$6,473.

STRONGHEART THE DOG SEEN IN PHOTOPLAY

The wonderful police dog
 "Strongheart" was seen in "The
 Silent Call" at the Westholme
 Theatre last night and the pic-
 ture will be seen there again
 tonight.

To those who have been saying
 that the screen is surfeited with
 society stories, melodramas and
 other plots which reveal only a
 minor aspect of our modern
 life, this picture will be wel-
 come. It is adapted from "The
 Cross Pull," Hal G. Evarts' story
 which first appeared in the Sat-
 urday Evening Post this photo-
 play breathes vibrantly of the
 great outdoors. Never before
 have the mountains vastnesses
 of the Sierras been translated
 onto the silver sheet in all their
 glorious magnificence as in this
 photoplay where they serve as
 the background for a tale of
 human and animal emotions.

Waterfront Whiffs

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

Everybody is on the run nowadays along the waterfront and the pace set by the fishermen is sure a hot one especially in view of the fine weather prevailing. If there is one bright spot in the happenings of the day it is in the vicinity of Cow Bay where each and everyone is too busy to express or listen to a grouse. The Admiral of the Mosquito Fleet is perfectly satisfied with the business of the week, and while politicians are haggling over this fish duty and that fish duty the toilers of the deep are plying their calling and are actually producing. The Admiral states that during the week some 293,000 pounds of prize halibut have been landed and marketed, which is 13,500 pounds in excess of the period last week, and thirteen carloads have been hauled over the C. N. R. to eastern points. The prices paid for fish have taken a downward stride, the highest price being 11.50c and 7c and the lowest has been around 7c and 5c. Excellent weather has prevailed for the business and the catches have been well up to the average.

GAMES ARE ARRANGED FOR STUART SHIELD

Calles vs. Grotto, July 31; Sons of England vs. Sons of Canada, August 3.

The first two football games for the Stuart players benefit shield series were arranged at the meeting of the Football Association last evening. They will be as follows:

July 31—Calles vs. Grotto.
August 3—Sons of England vs. Sons of Canada.

The series will be played under league conditions—two games with each competing club, home and away. All gate receipts from the series will go into a trust fund from which players who are injured during the season will be taken care of. The shield has been presented by D. C. Stuart, president of the association.

ago several natives of the piscatorial locality were awakened from a well earned rest by deep throated noises and upon investigation it was learned that W. J. was doing sentry go up and down the planks apparently drilling an imaginary army. He appears to have been trying to get two imaginary men to form fours and was evidently getting real mad because they could not perform this simple evolution. However, the secret service have been given instructions to take the name and number of any man who is seen in any dress other than pyjamas along the front before 9 a.m. (city time).

Alderman Theo. Collart paid an unofficial visit to the waterfront on Thursday afternoon and the clever manner in which he nimbly jumped from boat to boat was commented upon by all who had the pleasure of witnessing the performance. As one old salt said "Ain't it great to be always young and agile."

The Murineau, Capt. Sallows, made port during the week with 10,000 pounds of halibut and reported a very enjoyable trip.

The Pair of Jacks, Captain John Iverson, came into port with 20,000 pounds of the best. Cap says there is nothing to grumble about only one has to wear a straw hat these days and the elastic under his chin prevents the whiskers from getting their freedom.

The Admiral has received another entente from his wandering stenographer in the person of Flossie Flirt, who in company with Sandy Slush, the new beau, appears to be having a great time. Flossie says that Sandy has got 'em all beat and makes love to her in best style.

It appears that they both went down to the W'peg beach on a moonlight excursion but as there was no moonlight, for which Flossie was really duty thankful Sandy wanted his money back. Flossie says "Sandy is a great guy for wanting his money's worth and he says the railway ain't been built yet that can put anything over him. But we did have lots of fun at the Beach Mr. Admiral, and don't forget it. We went on a roller coaster business and it sure made me feel sort of funny inside. It's a sort of up and down arrangement but you ain't up when you're up and you ain't down when you're down, if you can understand me. Sandy likes it because he gets an excuse to put his arm around me as he says I might fall out and break the darn thing to bits. I was eating peanuts all the time and in the excitement I ate the shells and all. Sandy was pleased because he said I got the full value of 'em. I had a ride on a donkey. If you ain't seen a real live donkey it's a sort of a horse affair, only smaller, with airplane sort of ears and a tail like seaweed, and the donkey I got hadn't been brought up right. He was trying to look in the grass for nickels. Any way I hung on to him by his ears. I think it was a good idea to put good flappers on him as they came in handy. All together I guess Sandy spent quite \$2.50. Say do you know that Sandy ain't heard about such a thing as interest, and after I explained it he said he thought the guy as invented that idea was no slouch."

The Frisbie A. arrived in port on Thursday with a fine cargo of salmon consisting of 600 cohoes and 500 pounds of red salmon which were picked up in the Heate Straits.

The waterfront indulged in a royal celebration on Tuesday night to celebrate the victory of the Calles in picking off the Dominion Day cup. The Cow Bay orchestra played on the deck of the flagship of the fleet as long as it was able to keep the wind going, after which the instruments were used as receptacles for a little throat lubricant. The base drummer was in luck and would have been drowned in good drinking had it not been for the fact that the Admiral insisted upon him wearing a lifebelt. It had been arranged to have bread and cheese served in the Admiral's quarters but unfortunately by the time the cheese was needed it was found that the mice had purloined it, they being more interested in the cats than the drinks.

The Caygeon, Capt. Jim Morrison, is having fuel oil tanks installed aboard while on the N. M. McLean ways. Cap says the old tank would take a first prize anywhere for honest to goodness leaking. They will probably be sold for vegetable strainers.

Captain Freeman has brought out a new invention for draining his scow, Narbethong II. The idea is very simple and works like a charm. At the rear end of the scow just above the water line is a flap of leather which trails in the water, behind the leather is a small hole. When the scow is in motion the leather flaps outwards which permits any water inside to run out. Blue prints of the invention may be obtained upon application to the Admiralty offices with a five spot enclosed in a clean envelope.

"Doc" Clapperton is the happiest man along the waterfront these days while Bill Shrubshell is the most miserable man this side of Mars.

It happened this way. On the eve of last Tuesday's game Calles vs. S. O. C. Doc and Bill got to betting. Doc claimed that he should get odds for his bet on the Calles with the result that Bill came through with a 6 to 1 in favor of the Sons. Of course the result is well known and Doc is the proud winner of the odds. It is understood that Bill is transferring his affections to the Scotchmen after this sad experience.

The Dorotheikon, Captain Dass returned from Vancouver on Monday where she has been fitted with a new semi-Diesel engine. This boat is the property of the Kelly Logging Company. She left for Gumsnawa Q. C. I on Tuesday.

Scaffolding has been erected around the smoke stacks of the Imperial Oil Company and painting operations are to be undertaken immediately.

All is not peace living in the vicinity of the Booth fish house these days. W. J. has taken up his quarters in this well known locality and since this untoward happening several complaints have been received by the secret service as to the strange noises heard round about in the early hours of the morning. A few early mornings

The 15 pound lead keel will keep the boat erect in a strong wind and is capable of travelling at a high rate of speed. This boat is a perfect model of a sailing schooner and does great credit to Captain Smith.

J. Mackenzie of the N.M. & R. gave a splendid exhibition of fancy diving while in Captain's Cove during the week. While the dive was not actually intended it was nevertheless very gracefully done. Jack was standing on the end of a skiff and was pushing himself around with the edge of the patrol boat which was next door. The skiff had not been under such a strain with the consequence that she nosedived at the same time precipitating Jack into the salt chuck. If it had not been for the timely aid of Skipper Smith, who had witnessed the occurrence, Jack would probably have been still reading up what to do in case of drowning.

The following boats are at present in port:—Adeline, Monty, Nan, Scrub, Cape Spencer, Hippo, Hanaeo, J. P. Todd, June, Kobe, Rosespit, Norma, Glacier and Daily.

Sport Chat

It would be difficult to say whether fans were more amused or disgusted at Thursday night's baseball game between the Sons of Canada and the Knights of Columbus. However, such things happen once in a while in the best regulated teams and it does not necessarily mean that the Knights of Columbus are consistently such a poor bunch of baseballers as they appeared to be on this occasion. Every player goes off color once in a while and, this time it happened that an entire team was somewhat up in the air. On the other hand, the Sons were in good winning form and were playing a better game than usual as was indicated by Eady's pitching and fielding and the work of the rest of the boys behind him.

The Board of Control of the Football Association has again had the annual unpleasant duty of indicating to soccer players by example that they must either strictly adhere to the rules or else be punished for not so doing. The usual effect of improvement in the conduct of the players will probably result. There has been a good deal of hard feeling in soccer circles this year and it has been shown in the games where it

should not be. The same fault has been cropping up to a less degree in the baseball diamond and it would be well that the players here will also take a tip. An umpire's or referee's word, right or wrong, is law on the field and there are other means of recourse besides making a public demonstration of temper.

Carl Nelson, who claims he is the middleweight wrestling champion of Sweden, has written from Turned, Washington, to Alaska newspapers asking for action in the territory. Nelson says that he is touring the United States and also wants to take in Alaska. He trained to keep her equilibrium is a professional wrestler and has never been defeated in the last eight years. He wrestled with Ted Thye and Johnny Myers, of Chicago, and drew. He will agree to throw any middleweight in Alaska twice in an hour for any reasonable side bet. He will also wrestle with any heavyweight to a finish. Nelson's weight is 165 pounds and he won the middleweight championship at the Olympic Games in Stockholm in 1912. He bars no middleweight living, black or white in a finish match.

Three Australian boxers—Albert Lloyd, George Cook and Frank Burns—went to England, saw, and have been conquered, in fact so much so that they are ready to pack up for the long journey home.

Filled with high expectations on the basis of what they had heard about the lack of real boxers in the British Isles, the trio of Australians came and found they were not nearly as proficient as they believed they were. Then they met some English boxers and the facts were demonstrated.

Most English critics say Frank Burns is the best of the trio. He was defeated by Kid Lewis but he exhibited real pluck and undeveloped ability that won him admirers. He is being urged to remain in England or to go to the United States, where, assert the critics, every boxer should acquire the finishing touches to his pugilistic education.

The most recent defeat of Lloyd, cruiser-weight champion of the Antipodes, was administered by Arthur Townley, who won on points.

SMUGGLING INTO U.S. GREATLY DECREASED

Co-operation With Canadian Authorities Brings Good Results

WASHINGTON, July 29.—(By Canadian Press)—"Reports regarding smuggling conditions are often greatly exaggerated and some of the tales are either pure fabrications or the result of vivid imagination," said Prohibition Commissioner Haynes in an interview recently. "Most of the rum running stories may be discounted especially concerning alleged islands or fabled havens along the Canadian border, where bootleggers are said to conduct extensive operations."

"The truth is, the smuggling problem is being solved, through helpful co-operation, gentlemen's agreements and by the concerted prosecution of methods which are proving most successful."

"Smuggling of liquors into this country was not new with the coming of prohibition. The fabulous revenues to be gained made strong appeal to unscrupulous men, and it was necessary to enlarge the forces along our borders and to augment the general agents force that had particular contact with this phase of the work."

"Improved conditions are not only reported from along the Atlantic coast and the Canadian border, but Federal Judge Hutchison of the Houston, Texas, district is authority for the statement that violations are decreasing in the Rio Grande Valley and there is a general improvement relative to smuggling."

"Representations were made to the Canadian authorities, followed by conferences at Sasatchewan and Detroit, with the result that

Sealed tenders will be received by the Minister of Lands at Victoria not later than noon on the 27th day of July, 1933, for the purchase of License X 2870, to cut 2,750,000 feet of Cedar Spruce, Balsam and Hemlock on an area adjacent to Indian Reserve, Pitt Island, Union Passage, Range 4, Coast District.

Two (2) years will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

the Canadian officials have given the utmost possible co-operation in efforts to close the border.

Attack Smuggling

"We are attacking the entire smuggling problem by means of air service, motor boats and subchasers, and I hope the time is not far distant when we shall have such treaties with these friendly nations who are our neighbors, that their subjects or citizens will no longer be permitted to commit the unfriendly act of rendering assistance and comfort to the outlaws within our country, who are engaged in a business that violates the constitution and the laws of the land."

"Coincident with my visit to Milwaukee recently was the seizure of a lot of alleged smuggled gin and whiskey, together with a large supply of counterfeit labels, a concrete demonstration that 'smuggled' liquor is really not smuggled liquor at all. In fact, a great per cent of the liquor reputed to be coming from Canada and even the Bahamas is doctor-ed, rectified stuff, most of which is home-made by bootleggers."

POSTMASTER AT PRINCE GEORGE HAS RESIGNED

E. E. Poole Quits on Account of Ill-Health After Eight Years Service.

PRINCE GEORGE, July 29.—After eight years in office as post-master in this city E. E. Poole has resigned. Some time ago Mr. Poole went to Vancouver on leave, following a prolonged attack of sickness. No word of his resignation reached here until the arrival of the civic service commission's notice calling for applicants for the position.

EXPLOSION AND FIRE.

KANSAS CITY, Mo., July 29.—A mysterious explosion in a small building where there was a restaurant today resulted in the death of one and injuring several others. Fire followed the outbreak, the cause of which is unknown.

Husband and Wife Nearly Dead with CHOLERA

The chief symptoms of cholera are vomiting and purging occur either simultaneously or alternately, and are usually sudden and very violent, and the matter ejected from the stomach has a bilious appearance and a nasty bitter taste.

On the first symptoms appearing, Dr. Fowler's Extract of Wild Strawberry should be taken, and the trouble checked before it becomes serious.

Mrs. Isaac Smith, Campbellton, N.B., writes:—"We have been using Dr. Fowler's Extract of Wild Strawberry for cholera. My husband and I were pretty nearly dead with it until we started to use your medicine, and thanks to it, we have found great relief, and are recommending it to all our friends."

77 years' reputation stands behind "Dr. Fowler's" therefore you are not experimenting with some new and untried remedy when you get it.

Price, 50c. bottle; put up only by The T. Millburn Co., Limited, Toronto, Ont.

ORCHESTRA FIVE ON STR. PRINCE RUPERT

An added attraction to the tourist route via the Inside Passage on the coast is afforded by the steamer Prince Rupert, which is now equipped with a dance orchestra. This is a purely voluntary organization composed of members of the ship's company, who have in mind the entertainment of the passengers. The orchestra is under the direction of Al. Smaile at the piano and comprises piano, flute, 'cello, banjo, traps and saxophone.

None of the members of the orchestra are professional musicians, but the music offered is none the worse for that. They have afforded much pleasure during recent trips of the Prince Rupert to many passengers who have enjoyed dancing during the evening hours, this being another instance of the personal interest which the ship's company take in seeing that the passengers have every enjoyment possible on the trip.

OCEAN FALLS HAS ROD AND GUN CLUB

OCEAN FALLS, July 29.—A Rod and Gun club has been successfully organized here and already has a membership of eighty enthusiasts. A program of shooting and fishing competitions is being arranged which will engage the attention of the members right along. Trails to the various lakes in the vicinity will be constructed by the club which will make access to the fishing grounds easy and in addition a float has been constructed for the convenience of visiting sportsmen to Ocean Falls where their boats may be tied in safety.

If you are leaving for a holiday it is well to keep in touch with Prince Rupert by having a copy of the Daily News mailed to you every day.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claim for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation less than 5 years, and has made proportionate improvements, he may be cause of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant make improvements to extent of \$50 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and evidence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial sites on timber land not exceeding 600 acres may be purchased; conditions include payment of stumpage.

Natural gas reserves inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road not exceeding half of purchase price is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emption are due or payable by soldiers on pre-emption recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of monies accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emption.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or descendants, acquired from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1925.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travelers, up to ten head.
