Colonel Peck Speaks to Kiwanis Club

FIRST BIG RACING CLASSIC OF YEAR IS WON BY ST. LOUIS

RUSSIA WILL HAVE TO COME TO TERMS

Practical Ultimatum Will Be Sent Out From Genoa Tomorrow.

LONDON PAPERS SAY CONFERENCE FAILING

LONDON, April 26.—An Allied note to the Russian government to be presented at the Genoa conference tomorrow will practically be an ultimatum demanding unequivocal replies on principal points of difference, says an Exchange Telegraph despatch.

First the demand will be made that war debts be paid entirely or with such reductions as are made necessary by the limitation of Russia's capacity to pay; second, payment of pre-war debts with the granting, if necessary, of a reasonable moratorium; third, indemnity for all damage caused to foreigners; fourth, restitution of all confiscated property.

Failure Feared.

The probable early breakdown of the Genoa conference is more than hinted at in some London newspaper editorials today. The Northcliffe journals, which consistently opposed the conference and Lloyd George's advocacy thereof, declare the meeting a failure. The Daily Mail says that the only important event of the conference was the signing of a treaty by the Russians and Germans behind Lloyd George's back.

Denies Secrecy.

A despatch to the Times from Genoa says that Chancellor Wirth of Germany in addressing German newspaper men reiterated the denial that the Russo-German treaty contained any secret political clause.

JAPAN GETS BAD SHAKING

TOKYO, April 26.—A heavy earthquake centering here this morning did considerable damage to buildings and their contents in the city. The earthquake was preceded by an eruption yesterday of Mount Asan Yama, a few miles distant, which broke out with a loud report pouring forth volumes of ashes, stones and smoke. Yokohama was severely shaken and the Chinese quarter virtually destroyed. The water works are also disrupted. The earthquake caused the deaths of a few persons, all natives.

DEATH LIST REVISED.

FORT WORTH, Texas, April 26.—Forty-six persons are dead or missing as a consequence of the Trinity River flood here according to a revised list of the casualties.

LACROSSE IN ENGLAND.

CAMBRIDGE, April 26.—The Oxford-Cambridge lacrosse team defeated Harvard 5 to 2.

SCHOOL NOTICE.

Miss Rothwell's class will report at the Booth School tomorrow morning at 9 o'clock.
Secretary, School Board.

RUPTURE IN IRELAND IS LOOKED FOR

BELFAST, April 26.—A breach has occurred between the Southern and Northern governments, which Ulster political quarters declare, may also entail a rupture with the London agreement. This is indicated in a statement of the Provisional Government in Dublin this afternoon, announcing that it is unable to co-operate with the Belfast government in an inquiry into the state of the Irish railways.

MASONS LEFT FOR ANYOX TO START LODGE THAT PLACE

The G. T. P. wharf was the scene of much gaiety this afternoon at 2 o'clock when the coastal liner Prince George pulled out for Anyox. The cause of the demonstration was the fact that aboard the ship was a jolly party of some thirty Masons who sailed for the smaller town by special schedule and arrangements to institute a Masonic Lodge tonight. Returning, the party will leave Anyox at 8 o'clock tomorrow morning and will arrive at 2 in the afternoon.

The party consisted of C. H. Orme, J. H. McMullin, G. A. Woodland, F. W. Dowling, Joe Greer, Stan Parker, Walter Gale, George Gibb, H. Birch, W. E. Collison, M. M. Stephens, J. G. McLennan, John McRae, C. E. Stave, H. T. Willett, Howard White, W. Murray, H. A. Philpott, W. Reith, C. F. Kemp, George Frizzell, Fred Hale, E. H. Mortimer, G. Eckerman, Corporal T. Brice, John Dybbavn, Frank Morris, C. G. Perry, E. Urwin, C. C. Mills, S. Smith, R. Robertson and Dr. J. A. West.

CHARGED ATTEMPTED MURDER, ITALIAN IS HERE FOR ASSIZES

Musiano Carmello, an Italian workman of the Canadian National Railway at Seaton, arrived in the city last night in custody of Provincial Constable John Kelly of Smithers and was delivered to the local city jail to await trial on a charge of attempted murder of a countryman, Musiano Gamme, at the Supreme Court assizes, which open here tomorrow. Mr. Justice Morrison of Vancouver presiding.

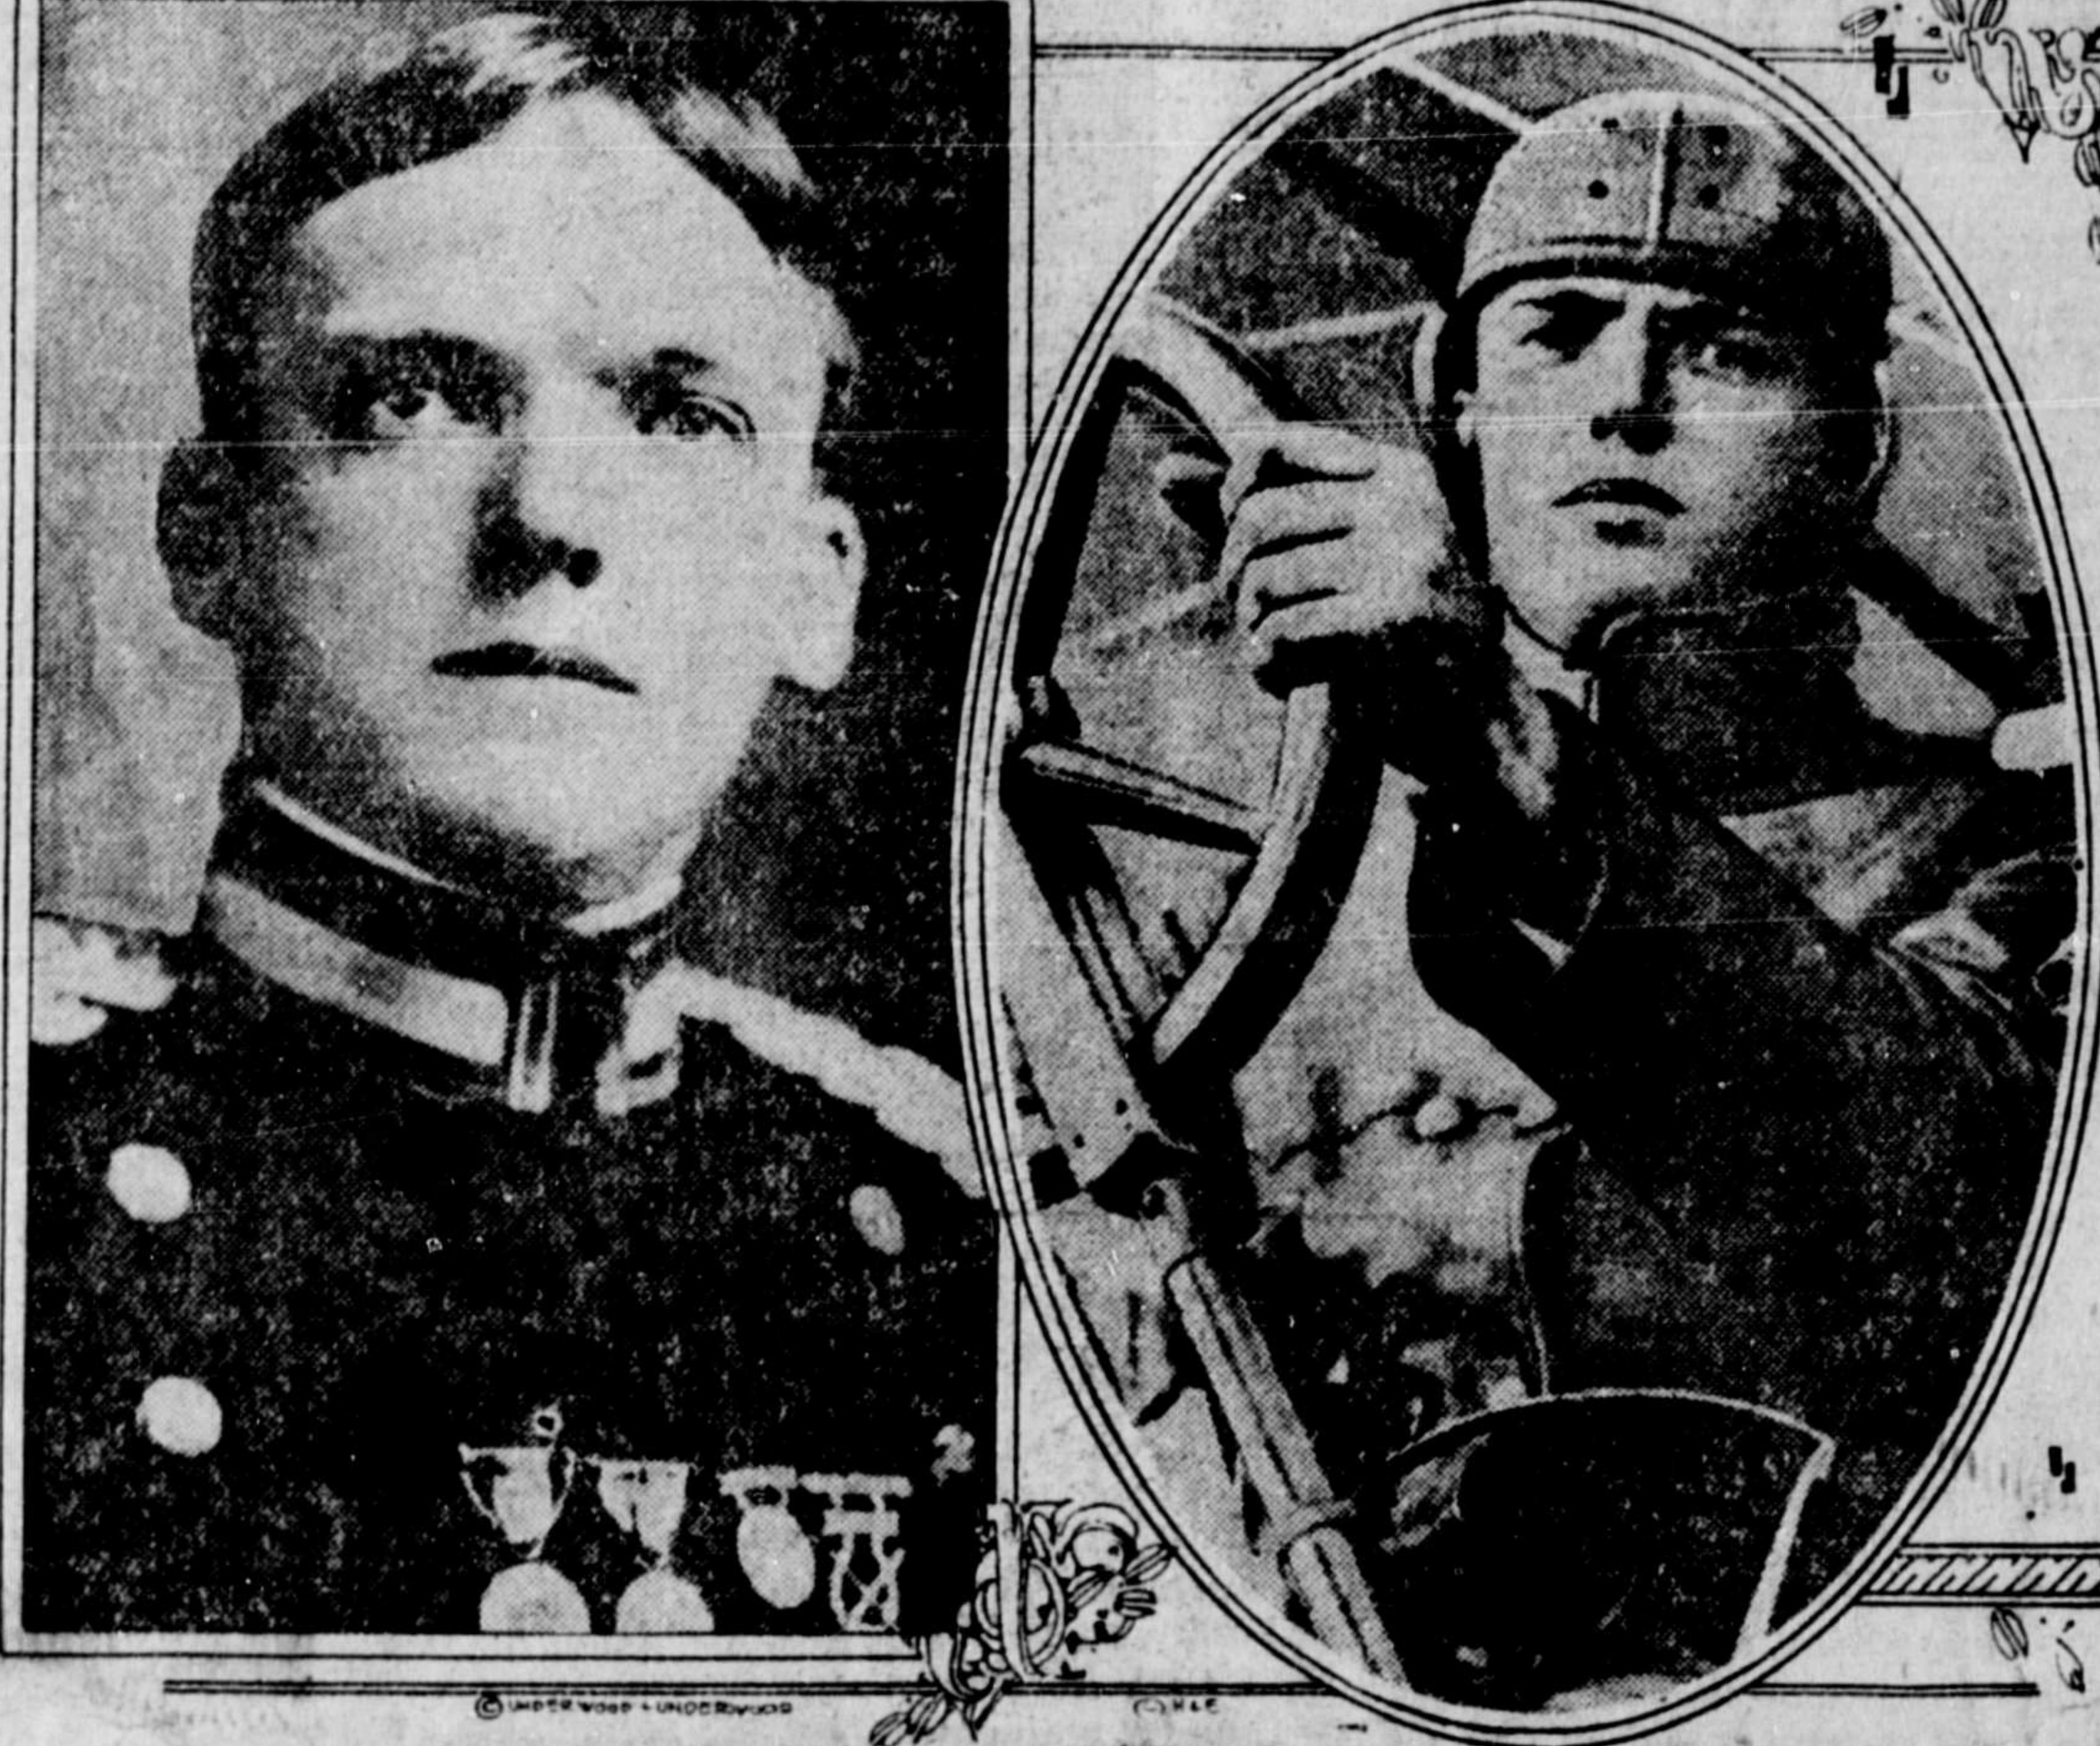

L. S. McGill of Smithers, counsel for the defence, and Dr. C. H. Hankinson and Gamme, the crown witness, also arrived in readiness for the hearing of the case if a true bill is brought in by the grand jury tomorrow. Carmello had preliminary trial some time ago before Stipendiary Magistrate S. H. Hoskins of Smithers and was committed for trial.

UNION PACIFIC RAILWAY MAN IS VISITING THIS CITY

F. S. Elliott, general agent of the Union Pacific Railway system arrived this morning from Vancouver to take matters pertaining to his system with the local railway offices. He stated that in the south business was improving very satisfactorily, that more people are travelling every week and that he considers the steamship and railway lines will have a large number of tourists to handle this season. The water trip up the Pacific Coast Mr. Elliott said was a great inducement to the travelling public. The climate of this part of the coast he considered was as fine from a tourist point of view as that of any other part. The fact that one could sleep at night in the middle of summer with a couple of blankets as a covering and sleep in comfort while in other cities the heat was unbearable was a big factor in our favor and said Mr. Elliott "People are talking about it."

Mr. Elliott noticed that every time he came up here some improvement or other had been made and he thought that the prosperity of Prince Rupert's future was assured. Mr. Elliott will return to Vancouver tomorrow night on the Prince George.

SWAMP SINKS AND PUTS INDIAN RAILROAD OUT OF BUSINESS

LONDON, April 26.—The whole province of Kenya has been cut off from Nairobi, the capital of Kenya province, by a remarkable subsidence of a papyrus swamp on the Thika railway. The swamp is several miles long and half a mile wide. The sinking, it is believed, is due to the recent earthquake.

DISASTROUS FIRE IN MALAGA SPAIN

MALAGA, Spain, April 26.—It is known that 20 persons have lost their lives and 30 have been injured in a fire which swept the Government buildings last night. It is believed that more bodies will be recovered from the ruins.

Geo. A. Clothier, Provincial resident mining engineer, left for Victoria yesterday afternoon on the Princess Mary.

OFFICERS IN BROCKVILLE ARE MOBBED

BROCKVILLE, Ont., April 26.—A crowd of citizens from Cornwall mobbed the revenue officers here last night, driving the officers into the upper regions of a house, which they threatened to burn. They also assisted the escape of an arrested owner of liquor. The revenue officers were finally allowed to go unscathed.

CANADIANS TO EUROPE

Canadians Must Cross Atlantic for the First Davis Cup Games.

NEW YORK, April 26.—The Canadian tennis team which will endeavor to win the Davis Cup for the Dominion will have to go to Europe to play the opening round. This decision was made by the Davis Cup committee of the United States Lawn Tennis Association at a private meeting held here recently, the details of which have just been disclosed.

Stirring Address Delivered by Colonel Peck at Kiwanis Club Luncheon in Capital Yesterday

VICTORIA, April 26.—Urging that the national spirit of Canada should be cultivated by setting before the people the sample of valor on the field of battle as shown by the Canadian soldiers at Ypres and during other engagements of the late Great War, Colonel C. W. Peck, V.C., D.S.O., gave a stirring address to the Kiwanians at their luncheon here yesterday.

The colonel stated that Canadians were lacking in national spirit, which could be best cultivated through military and other achievements and through discoveries and inventions.

The speaker told briefly the story of the Second Battle of Ypres and pointed to it as one of the great events at which Canadians could look back upon with pride.

DIVISIONS IN COMMONS

Neill Amendment to E. and N. Bill Was Defeated by 95 to 91.

MILITIA ESTIMATES VOTE

Quebec Liberals and Cabinet Disagree and the Question Is Shelved.

OTTAWA, April 26.—The House of Commons in committee has passed a vote of \$121,000 for salaries and contingencies for the Canadian National Railways and \$120,000 for the active militia.

When the bill calling for the extension of time for the completion of the Esquimalt-Nanaimo Railway came up, A. W. Neill, Progressive member for Comox-Alberni, introduced an amendment demanding that the bill go back to the railway committee for the insertion of a clause compelling the completion of the line within three years. The members divided 95 against the amendment and 91 for, making the closest division the House has seen in years. Many of the members, especially on the government side, were not in the House when the vote was taken. The Progressives voted solidly with Neill.

When the matter of a vote for \$1,400,000 for annual militia expenditure came up, Major Power, a government supporter, voted to reduce the item to \$300,000. This caused a bitter debate between the Quebec Liberals, who backed Power, and the cabinet ministers, who urged that the vote was an absolutely necessary item. The question was finally shelved with the vote deferred.

SHIPBUILDING STRIKE OVER

Workers and Employers in England Have Reached Agreement. Delay in Wage Reduction.

LONDON, April 26.—Both sides have agreed to terms of settlement on the shipyard workers' strike. The men will accept an immediate reduction of ten shillings weekly and the remaining six shillings out, which the employer, have ordered, will be a split into two installments taking effect in May or June.

Can Genoa Conference Be Successful?

Hope for the ultimate success of the Genoa economic conference in bringing about a basis for the settlement of Europe's many problems of reconstruction and reorganization has been gradually giving way until concrete results now seem to be definitely despaired of.

Great Britain As Mediator.

The course taken by Great Britain and Italy, the other two big factors in the parley, have been of a mediative nature. They seem to exhibit a certain attitude of "give and take."

United States Should Be There.

Britain needs more assistance at Genoa than she is getting if the effort to bring about a settlement of economic conditions in Europe is to be successful.

Mistaken Report Caused Alarm.

COUNTRY IS GOING AHEAD

C. N. R. Resources Agent Sees Steady Growth From Figures.

"Official figures on immigration, building and farming show that the country as a whole is forging steadily ahead," said E. A. Blow, of the Canadian National Railways Resources Department, who returned to Winnipeg this morning after having spent a few days in the city on business in connection with his department.

"Now that the post-war troubles are disappearing there is every reason to hope that development in every line of endeavor, but especially in agriculture, will continue to increase each succeeding year, and on a sound and permanent basis. All colonization agencies in the United States and overseas report an immense number of enquiries regarding Western Canada, more than for many years past, so that, in spite of present restrictions, we may expect a goodly influx of settlers right along of the type that the country wants.

Mr. Blow said official figures showed that in 1921 there were 34,304 more resident farmers in Manitoba, Saskatchewan, Alberta and British Columbia than there were in 1920, the increases in Saskatchewan being 16,908 and in Alberta 11,084.

Building Activities. "Building activities also were not so insignificant in 1921 as many may have supposed, when figures are viewed in the aggregate," continued Mr. Blow.

Figures Confusing. Mr. Blow pointed out that it was a common practice for people to point to the large immigration into the United States, the total influx of all classes being set down as a net gain to the population.

Business structures accounted for over six and three-quarter million dollars; urban dwellings, six and a quarter millions; farm buildings, over five millions; industrial buildings, two and a half millions, and municipal improvements over seven millions.

Had Bad Cough and Sore Throat

Never neglect a cough or cold however slight. If you do it can have but one result; it leaves the throat or lungs, or both, affected. A single dose of **DR. WOOD'S NORWAY PINE SYRUP** will help to stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs the healing virtues of the Norway pine tree along with the soothing and expectorant properties of other excellent herbs, roots and barks promptly eradicates the bad effects, and the persistent use cannot but help to bring about relief.

Mr. Albert Marsh, Lower L'Ardoise, N. S., writes:—"About a year ago I contracted a cold accompanied by a very bad cough and sore throat. I sent for the doctor, but what he prescribed did me so little good I began to get discouraged. A friend came to see me and asked me if I had ever used Dr. Wood's Norway Pine Syrup. I told him I had not and sent him a right away to get me a bottle. I started using it, and after a couple of days I found I was getting relief, and after taking two bottles the soreness in my throat seemed to be leaving me, so I resolved to continue its use, and after I had used five bottles both my sore throat and cough were gone. I would not be without 'Dr. Wood's' for any money."

DISCORD AMONG MOSCOW PEOPLE

Protest Made by Communists Against Present Government Tendencies.

MOSCOW, April 26.—Moscow newspapers have turned their broadsides loose on the little group of Communists malecontents who dared present to the last meeting of leaders of the Communist Internationale grievances against the present turn of affairs in Russia alleging that the new economic system is a resurrection of bourgeois domination.

However the papers print the text of the complaint and the list of those who comprise the group of malecontents headed by A. Shliapnikoff one of the leaders of the Metal Trade Union, who has been chosen as a delegate to Genoa. In all there are 21 signatures to the statement of grievances including Mme. Alexandra Kollantay, member of the Central Executive Committee, the real governing body, of Russia.

The power possessed by the government for rallying support to its policy and maintaining party discipline was displayed by the action of the Metal Trades Congress which, after an address by Premier Lenin, adopted a resolution of censure against Shliapnikoff.

"Leave the Communist party if you like," says the Pravda, "and we will fight you," adding that the group could not stay in the party and oppose the present turn of affairs.

In its petition to the Internationals the group stated that it considered the policy now being executed in Russia would lead to a split among the proletariat, whole factions at congresses being deprived of their rights, while persons expressing opinions contrary to those professed by the leaders were persecuted and deported. Charges were made that bourgeois now comprise 40 per cent of the Communist party and are getting control over affairs, though 60 per cent of the party are workers.

The tendencies of Shliapnikoff's group are anarchical and syndicalist. He is a member of the Central Committee of the Communist party.

RUM RUNNERS IN THE PROVINCE OF QUEBEC

Seventy-five Barrels of Alcohol Seized by Federal Revenue Officers.

QUEBEC, April 26.—The most important seizure in Quebec since the enforcement of the new liquor law was made this afternoon by inspectors of the Federal Revenue and Customs Department, when seventy-five barrels of alcohol valued at a minimum of \$60,000, were taken from an old house on Petite Champlain Street and transferred to Government warehouses.

Petite Champlain Street is one of Quebec's historic spots, being built over old wharfs on the riverside, 150 feet below the Terrace. It is an excellent point from which to start cargoes of liquor to the United States or Ontario by boat. This follows the discovery on Saturday afternoon of an immense illicit still in the northern section of the city, in the house of a man named Julien, where, also, 160 gallons of liquor was found.

How to Grow New Skin!

Nothing is more wonderful than the human skin. It breathes through tiny mouths called pores. If it is kept whole and strong it improves the entire bodily health.

Those who know most about the complex structure of the skin appreciate the care that must be taken in deciding what is the safest, purest and best dressing to apply in time of accident or disease.

Much scientific thought and experiment was expended in the search for an ideal natural healing substance, but it has actually been found at last, in Nature's own storehouse of medicinal herbs.

Newer in the world's history has there been another preparation like zam-buk. Amongst other virtues, it possesses that rare quality of actually growing new skin in Nature's own way.

A MIRACLE BEFORE YOUR EYES.

Healing the injured and diseased tissues by this precious herbal balm is a miracle that may be performed before your own eyes. Children remember soothing and healing their burns, whilst in the treatment of eczema, ringworm, chronic sores, ulcers and poisoned sores, zam-buk powerfully antiseptic and tissue-building properties ensure success; again, many thousands have zam-buk alone to thank for their complete release from torturing piles.

Differing fundamentally and in action from all ordinary ointments, zam-buk is free from animal fats and mineral compounds. It is highly refined and contains no ingredient which the skin cannot readily absorb. A fifty-cent box of zam-buk may save you dollars in doctor's bills. It is a unique preparation with a wonderfully wide range of usefulness.

Northern Coast Was Predominant Figure Mineral Production

The Northern Coast District produced nearly seventy per cent. of the tonnage of ore mined in British Columbia last year, carrying about fifty-five per cent. of the total value of the metalliferous output, according to the annual report of Hon. William Sloan, minister of mines, which was just made public last week. For an explanation of this, it is only necessary to turn to the statistics relating to the gold and silver production of the Premier Mining Company, Portland Canal District, and to the copper production of the Granby Consolidated Mining and Smelting Company at Anyox.

Coal Industry. British Columbia's coal industry has just been holding its own. In 1921 the collieries of the province made a net production of 2,383,995 tons (2,240,000, as against 2,595,125 tons in 1920, a decrease of 111,130 tons, or about 4.3 per cent. With the exception of the year 1920, the net coal output for 1921 is larger than that of any other year since 1912, or of any previous year excepting 1910. The Coast district collieries produced no coke last year, but the Anyox smelter plant converted coal into coke for the district produced 59,431 long tons of coke, of which about two-thirds was used in Canada and one-third exported to the United States.

There was a slight increase in the placer gold output, amounting to \$11,600 or about 5.2 per cent. Practically all of this came from the Cariboo and Cassiar districts. The steady decline in placer gold production during the past four years is attributed chiefly to such economic conditions as high prices, both for labor and supplies. A shortage of labor is also given as a contributing factor.

Lode Gold. The value of the lode gold produced in 1921 was \$2,804,154, as compared with \$2,481,392 in 1920, an increase of \$322,762, or about thirteen per cent. The Boundary-Yale district made no production, the Granby Company having closed down its mines and smelter there. Nor was any production made by the Nickel Plate mine, which was closed down in the month of September. The Rossland mines too, failed to reach the production for which they were responsible prior to 1917, but showed somewhat of an improvement over 1920. But the output of the Cassiar district, in which is situated the famous Premier mine, is largely responsible. No less than 85,185 ounces are credited to this section. The Surf Inlet mine also made material contributions.

Silver Production. With reference to silver production, it is stated that the greatest increase was made in the Skeena district and is accounted for by new shippers, the chief of which were the Premier and Alice Arm mines. The most marked decline was in the Slovan district, where mining was retarded because of the reduced market value of silver and its associated metals. There was a very considerable output, however, in the Boundary-Yale district, despite the cutting off of the production of the Granby and the Canada Copper Corporation, which formerly produced fifty per cent. of the silver of the district. The silver output of this district last year was chiefly from the Providence, Horn Silver, Sally and Bell mines.

Cassiar Predominant. Under the head of "Copper" is published a table that strikingly illustrates 1921 conditions. The Cassiar district produced 34,841,

W. T. Kerzin, in a few well chosen words, congratulated Miss Fraser on her graduation and set forth some of the ideals and principles of the nursing profession. His wishes for a long and successful career as a nurse were heartily accorded in by the assembly by their applause.

Miss Fraser was presented with two beautiful bouquets, daffodils from the graduate nurse staff of the hospital and carnations from the Ladies' Auxiliary. Mrs. Jarvis McLeod sang a solo and Rev. Archdeacon G. A. Rix spoke the benediction.

Dancing then commenced and kept up till about 12:30, refreshments being served about midway in the course of the dance program. Col. S. P. McMorris was master of ceremonies and Arthur's Orchestra provided the music. Mrs. Morrissey was convener of the refreshment committee and Mrs. Jarvis McLeod presided.

The members of the hospital board and the families, members of the Ladies' Auxiliary and their families, guests of the pupil and graduate nurses and the doctors and their families. About 50 couples altogether were in attendance.

NEW TELEPHONES ARE AUTOMATIC IN MANITOBA SYSTEM

WINNIPEG, April 22.—Extension of the automatic telephone exchange to Dauphin is being planned by the Manitoba Telephone Commission. John E. Lowry, commissioner, said, Mr. Lowry accompanied by Frank Powell, construction superintendent, and other construction officials, have left for Dauphin to make a survey of the situation.

"The situation at Dauphin is such that the commission is faced with the necessity of increasing the manual exchange or installing an automatic exchange and the time seems ripe for a switch over," Mr. Lowry said today. "No estimate of the cost can be made until after the inspection trip is completed, although tentative plans are being prepared now."

Dauphin will be the third exchange to be converted from manual to automatic this year. Contracts have been let and work started on converting the St. John and Fort Rouge exchanges.

Mr. and Mrs. A. J. Thompson of Vancouver arrived in the city this morning aboard the Prince George.

MISS FRASER FORMALLY GRADUATES AS TRAINED NURSE FROM HOSPITAL

Exercises Were Held Last Night in Metropole Hall Under Auspices of Ladies' Auxiliary.

Graduating exercises in honor of Miss F. Fraser of Anyox, who is the single 1922 graduate from the Prince Rupert General Hospital training school, took place last evening in the Metropole Hall under the auspices of the Ladies' Auxiliary of the hospital. Miss Fraser was invested with her diploma, was presented with the school pin and took the Nightingale pledge thus formally becoming a graduate trained nurse. Following the ceremonies those assembled to witness the proceedings turned to dancing and a most enjoyable evening altogether was spent in doing honor to the popular young nurse.

The exercises started about 9 o'clock when almost the entire staff of the hospital both of nurses in training and graduates marched into the hall as Arthur's Orchestra played the opening march. The hall had been filled with seats which were occupied by the nurses and the guests. On the platform were seated D. G. Stewart, president of the hospital board; Mrs. Pringle, president of the Ladies' Auxiliary; Miss Charlotte Black, matron, and Dr. W. T. Kerzin.

Program and Dance. Following a solo by Mrs. H. C. Fraser, who was accompanied by Miss Kathleen Grant, Mr. Stewart presented the nurses' diploma to Miss Fraser and Miss Black on behalf of the board, presented the school pin and conferred the solemn Nightingale pledge. Dr.

APPLICATION OF FISH DUTY

Ketchikan Now Wonders Just What 2c a Pound Duty Affects.

The Finance Committee of the United States Senate, in the tariff bill which was reported a few days ago, had the following provisions, says the Ketchikan Chronicle:

"Fish, frozen, or packed in ice, halibut, salmon and swordfish two cents per pound; other fish, specially provided for one cent per pound."

This is what Ketchikan has been fighting for for the past two years, and for which H. C. Long, representing the Commercial Club of Ketchikan, made two trips to Washington, and remained there on each occasion for five months. There is still some doubt, however, as to whether this will apply to American boats. To ascertain the truth of the situation, the Chronicle wired for information and received a telegram saying that the Bureau of Fisheries construes the tariff bill as it now reads to mean that this tariff applies to all fish caught in foreign waters, regardless of by what kind of a boat or under what flag. And under these terms the waters of the open sea would be construed as "foreign waters."

An attempt is being made to secure further and more complete data on the subject.

Transfer of Business.

Should it not apply to American vessels as well as Canadian vessels landing in Canadian ports, the fishing situation would be changed in such a way as to benefit American ports, but it is as suggested by the Bureau of Fisheries, it will mean the necessary transfer of a large part of the business to Alaskan cities.

Upon good authority it is reported that many of the large buying concerns which now operate in Canadian cities are planning on moving their establishments or in erecting new ones in American territory, provided this bill goes through as urged by people of Ketchikan. Also, it is learned that a movement is already afoot to provide for the handling of the fish between the packing plants in Alaska and the Grand Trunk railway, so that the Alaskan towns would get terminal rates on the product.

Customs Views.

Officials of the customs office following the wording of the amendment to the Fordney bill it now stands, think that it will not apply to American vessels catching fish on the open seas and discharging them at a foreign port. If this view is the correct one, the tariff will not accomplish the results desired, so far as the Alaskan towns are concerned.

PROVINCIAL FIRE MARSHAL IS HERE

Mr. Thomas Is to Go Thoroughly Into Local Conditions and Report.

Provincial Fire Marshal Thomas and his assistant, J. Taylor, electrician, arrived from Vancouver this morning on the Prince George. This is the fire marshal's first trip north, and he is anxious to make himself conversant with local conditions. With this object in view he will stay in the city until Monday and during that time will make a thorough inspection of the different branches of the local fire fighting system, upon which it is anticipated he will make a report at a future date.

He will leave on Monday morning's train to visit various points on the Grand Trunk Pacific and Pacific Great Eastern railways appointing deputy marshals.

CURWOOD WROTE "GOLDEN SNARE" WHILE SNOWBOUND

Great Outdoor Pictures to Be Seen at the Westholme Tonight.

James Oliver Curwood wrote "The Golden Snare" during a period several years ago when he was snowbound in the Canadian Rockies over one hundred miles from civilization.

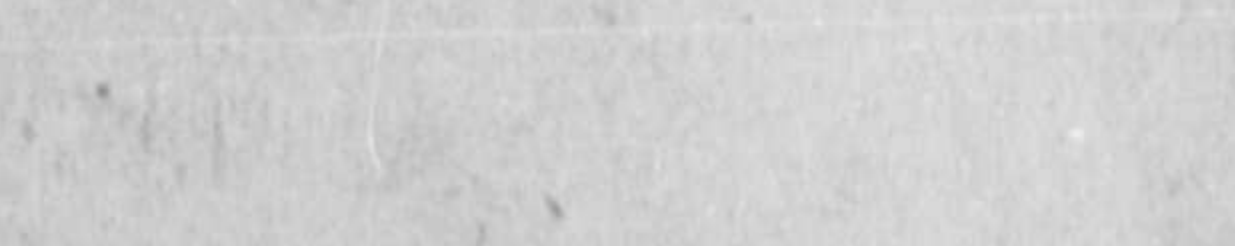

"The Golden Snare," the screen version of which will be shown at the Westholme Theatre tonight is an all-snow story and practically the entire action is laid in the great-out-doors in the dead of winter.

While Mr. Curwood's splendid imagination was called into play for the motivation of the narrative, the story is basically founded on an actual happening in the country of perpetual snows, the unusualness of which lends it compelling interest.

FISH ARRIVALS.

There was 23,000 pounds of halibut and 1700 pounds of salmon sold at the Fish Exchange this morning. The arrivals are: Westford, 5000 pounds; Yellowstone, 3000 pounds; June 9000 pounds; Westerner, 2000 pounds; and Awagi 4000 pounds, sold at Canadian Fish and Gold Storage Co at 11.2c and 1.5c.

BASEBALL TO START MAY 9

Prince Rupert Baseball Association in Meeting Last Night Plans for Season.

The league baseball season under the Prince Rupert Baseball Association will open on May 9 with an evening game between two of the Senior League teams according to the decision made last night by the executive of the association.

There were six entries presented for consideration—three for the Senior League and three for the Intermediate. These were accepted as follows:

Seniors: Sons of Canada, Elks and Knights of Columbus.

Juniors: Sons of Canada, Elks and Grotto.

Although the opening date has been decided upon it will be necessary to await conferences with the executive of the Football Association before further dates will be known and a schedule can be drawn up. The number of games to be played in the series, and the dates will be dependent on the arrangement thus made between the two Associations. A committee consisting of Harry Breen and P. Laporte was delegated to go into this matter. The question of fixing up the grounds and the bleachers will be taken up at the same time.

It was the opinion of the league that it was perfectly proper to allow the Elks to have exclusive use of the grounds on May 2 for their Victoria Day celebration.

Harry Breen, secretary, reported on the amateur affiliation question but no action was taken.

Permanent delegates from the various clubs for the season have not yet been named. It will be necessary that they be non-players.

ALICE ARM

Sid Miller is sick in the Anyox Hospital with an attack of pleurisy and pneumonia.

Jim Flynn, an old-timer of the camp, arrived in town on Monday to work at the Wheatley logging camp.

Charlie Gordon left on Sunday for his ranch on the Hu Naas River.

J. A. McDonald, who operated the Gene for the Taylor Co. two years ago, arrived in town last Thursday from Vancouver.

Mr. and Mrs. H. F. Kergin entertained a number of friends at their home on Tuesday evening last.

Two more logging camps will shortly commence operations in the vicinity of Alice Arm. J. Wheatley will operate a camp a short distance from Silver City and will cut over 1,500,000 feet of lumber for the Georgetown sawmills.

Fred Miller has made arrangements with the Granby Co. to log off their limits at Way Point and also to put all timber in the water that was fallen by the Granby Co. some time ago. Both camps will employ donkey engines for hauling the logs and will employ about 12 or 15 men each. Work on camps and getting material on the ground is already under way and logging operations will commence in a few days.

IT'S UNANIMOUS.

"Newmarket and the Guineas" is the one thought uppermost in the minds of horse-lovers in England and the chief topic of discussion in racing circles will be the probable winners of the Two Thousand and the One Thousand Guineas which are to be run at "Headquarters" today and on Friday. These are the first two of the five Classic races for three-year-olds run during the flat racing season, and, together with the Derby, the Oaks and the St. Leger, have for over a century done much towards the development of the thoroughbred and the maintenance of racing on a high level.

Newmarket and the Guineas, Ep. Som and the Derby and Oaks; Doncaster and the St. Leger, there is the foundation upon which the thoroughbred horse of England has built its reputation.

Kings have come and gone; empires have risen and fallen and wars have raged and changed the map of Europe time after time; but these Classics of the English turf have passed through it all, with an unbroken record for continuity extending well over a century during which they have been run and won and the victors accorded their place in the roll of honor of horsemanship, except indeed, that during the Great War they were all run off at Newmarket.

The Two Thousand Guineas, which is being run today over the Rowley Mile, had an unprecedented number of nominations when the lists were closed on November 1, 1920. Some 233 colts and fillies foaled in 1919,

were placed in nomination by their owners, and this total exceeds last year's record-breaking entry list by 78. For the One Thousand Guineas on Friday, which is confined exclusively to fillies, all previous records for numbers in nomination were shattered when 214 entries were received at the time of the closing of the list on Nov. 2, 1920.

So many disputes have arisen in England over the betting laws and so many cases have been aired in the courts since the famous decision of the House of Lords last fall to the effect that money paid by cheque in respect of betting transactions is legally recoverable by the loser, a recent lecture on "Some Points in Relation to the Law of Gambling" attracted a great deal of interest and seemed to make some crooked paths straight. The lecturer, Ward Coleridge, is a prominent member of the London bar, and Justice Eye, who presided, characterized man's propensity to bet on a horse race as "a harmless fundamental instinct in human nature." Mr. Coleridge cleverly condensed 300 years' enactments and legal rulings as to wagers into four tabloids as the present standing of the law. They are:

1. The loser who pays the winner of a wager in cash cannot recover.
2. The loser who pays the winner by cheque, can recover from the winner.
3. If the loser gives his agent a cheque to recoup him for a payment which the agent has made to the winner on behalf of the loser the loser cannot recover the amount of the cheque from the agent.
4. Any bona fide holder for value of a cheque given him for

An American advertisement spells the word "inside" as "insyde." This must have been an accident, because the elimination of the "F" is not really an American tendency.—Eye.

ONE OF THE GREAT NEEDS OF OUR CITY is a more abundant supply of money available for building loans. What more public-spirited use can you find for your savings than assisting some young married couple to acquire the home they so greatly need? Is your money not more usefully employed, both to you and the borrower, when invested in gilt-edged mortgages at 8 per cent. than in the savings bank at 3 per cent.? And we will make sure of the security for you.

MEMORIAL OF YPRES DAY AT ANYOX SUNDAY

All Churches Joined in Impressive Service at Recreation Hall.

ANYOX, April 26.—On Sunday evening at the Recreation Hall a United Service was held under the auspices of the Roman Catholic, Anglican and Union Churches and Salvation Army in commemoration of Ypres Day, April 22. The hall was well filled and the congregation joined heartily in the hymns. The Canadian National Anthem, "O Canada" was first sung and as the combined music of the voices of the congregation mingling with the harmonies of the Anyox Orchestra swelled through the eardrums of this most glorious of all national airs one's mind travelled in loving memory to those sacred spots in Flanders Fields and one's heart was enthralled with a new endeavor for higher things.

After a very impressive prayer by J. B. Gibson, Ensign Reader read a passage from the Scriptures, Isaiah, ch. 55, after which the hymn "Stand Up for Jesus" was sung. Rev. J. Herdman gave an eloquent address on the "Follies of Neutrality" which was followed by a trio composed of Mr. and Mrs. E. Morning and P. Gordon who rendered "Ave Maria." The hymn "Rock of Ages" was followed with an address by Ensign Reader who took for her theme "Peace." Kipling's Recessional as a quartette, was then rendered by Mrs. S. Herrin, Miss Leitch and J. Herdman and J. Pinder-Moss. J. B. Gibson's address which was on the subject of "Sacrifice" was very earnestly listened to by the congregation. The solo "Requiem" by Robert Louis Stevenson, "Sidney Homer" was rendered by J. Pinder-Moss followed by an orchestral selection. The hymn, "For All the Saints," was heartily sung, as was also the National Anthem. Rev. Father Fleck pronounced the benediction.

BENGOUGH IN GREAT FORM

Famous Cartoonist Delighted Juveniles and Grown Ups Last Night.

Nursery rhymes came to life in caricature last night when J. W. Bengough, cartoonist, entertained the students of the High school and the younger scholars at the Empress Theatre. The theatre was crowded with children, their parents, relatives and friends, who enjoyed to the limit the splendid entertainment provided.

The cartoons opened with chalk sketches on the blackboard depicting the Mother Goose rhymes, the children giving the artist great verbal assistance in guessing what the drawings represented before their completion. They were all wonderful sketches and drew forth much applause.

Mr. Bengough then spoke on the question of parents encouraging their boys and girls who liked drawing, and proceeded to draw sketches of interest to the bigger children. Mutt and Jeff and Jiggs appeared. The artist said that these were the most copied by the young and had a greater influence on the minds of children than any professors, teachers or universities.

Arithmetic was taken up in the artist's method of fleaching a few common figures were changed, with a stroke of the chalk, into an old gentleman in a tall hat. Astronomy, fruit, spelling, grammar and poetry all took the same form.

Second Half. In the second half of the entertainment Mr. Bengough drew some brilliant cartoons in colors, the first depicting Lloyd George astride a crazy looking world, with his hands on a auto steering wheel entitled "Steering a Mad World." The likeness of the little Welshman was true to life, and this slumber was much applauded. The artist gave some very clever turns of mimicry and elocution proving himself a real expert.

Mr. Bengough made a cartoon of Ald. C. C. Perry, adorned in wings with a little papoose in his arms, saying this represented the Indian Angel and not the Indian Angel. There was also a cartoon of Ald. Montgomery, depicted in the usual Mackinaw coat standing up in the council chamber in fighting speech attitude, entitled "Monty teaching law to the City Solicitor." These two cartoons were absolutely true to life, and were thoroughly appreciated by the applause given them.

At the conclusion of the entertainment the sketches drawn on Monday night and last night were auctioned off. Miss Laura Tite played selections on the piano and Principal J. C. Brady was in charge of the stage settings generally superintending the assembly.

NEED NOT PAY FOR CLOTHES FOR WIVES UNLESS REASONABLE

LONDON, April 22.—The leading modistes of Bond Street, where the society women of London buy their dresses, are amazed and filled with dismay by the decision of Justice McCardie, a bachelor, that the tradesman may not "trust" a married woman for her gowns. The bachelor justice decided in the famous suit against the Earl of Cathcart that the Countess of Cathcart was extravagant in ordering eight gowns which she charged to her husband of that time (they have since been divorced). He dismissed a dressmaker's suit against the earl, saying the dressmaker should have asked the earl whether it was all right to give the countess that much credit.

Persistent advertising is absolutely necessary to success.

ANYOX DANCE YPRES DAY

Service Men's Association Put on Affair in Memory of War Days.

ANYOX, April 26.—Ypres Day, the seventh anniversary of the famous battle in which the Canadians so nobly distinguished themselves was fittingly celebrated at Anyox by a most enjoyable dance on Friday evening at the Recreation Hall. The Service Men's Association had arrangements in hand and some 200 people enjoyed themselves to the strains of the Anyox Orchestra. As a reminder of the soldiers care-free happy-tragic days "over there" an Estaminet Belgique" was arranged on the stage at which refreshments, typical of the great days, were to be obtained. A general feeling of comradeship was evinced by all. The dancing was kept up until the small hours of the morning to the music of well-known war-time airs.

Those Present.

Among those present were Mr. and Mrs. Parsons, Mr. and Mrs. Dolbin, Mr. and Mrs. Pamplin, Mr. and Mrs. McKnight, Mr. Graham, Mr. and Mrs. R. Armour, Pat Ryan, Geo. Cooper, Mr. and Mrs. Leoski, J. E.
