Burns Lake Business Block Wiped Out

PREPARATIONS BEING MADE FOR WORK ON NEW DAM AT ANYOX

Fire Destroys Big Building at Burns Lake During Night

BURNS LAKE, March 8.—The slumbering population of Burns Lake was suddenly aroused by the alarm of fire on Monday night, when the Burns Lake Hotel, owned by John G. K. Sealy and Robert M. Gerow, burst into flames and was soon all consumed. The loss was a heavy one and included the Gerow store, the Burns Lake Hotel and the Shaw Feed and Produce Co., the total loss being estimated at close to \$75,000.

Constable Carl was among the first to respond to the call, and immediately recognizing the impossibility of saving the hotel, store and attached buildings, directed the efforts of the crowd to saving the adjoining edifices.

Under his cool headed directions the contents of the N. T. Nurse and Jean Johnson buildings were salvaged by a group, prominent among whom was Charles Olson, who shovelled snow fast enough to prevent the fire from making a new start in those buildings.

The buildings which were destroyed were on the south side of the track in a district occupied largely by French-Canadians and Scandinavians. They are cut off from the part of the town on the north side, where the largest part of the business of the place is done.

The owners of the destroyed buildings are the same people who are interested in the oil drilling on the shore of the lake where they have been carrying on operations quietly and are said to have been made substantial offers for their oil holdings.

The excellent work done by Constable Carr in saving some of the buildings on the south side is the subject of general comment.

Little insurance was carried by owners of the buildings.

NINE STEAMERS OUT FOR SEALS

Compromise Arrangement with Striking Marine Engineers Allows Vessels to Leave.

ST. JOHN'S, Nfld., March 8.—Under a compromise agreement between striking marine engineers and most of the sealing steamer owners, all ships got away to the ice fields on schedule time.

Nine steamships go to the fields for seals this year and their crews total slightly over 1300 men.

VIOLENT STORMS IN NEW ENGLAND STATES

One Death and Several Injuries as Well as Flooded Highways Result.

BOSTON, Mar. 8.—Swollen rivers, flooded highways and other minor damage resulted today as local effects of a rain and wind-storm that swept New England last night. One death and several injuries are attributed to the storm.

MARKET PRICES.

Word received in the city this morning indicates that Alberta butter has gone up four cents a pound wholesale. Evaporated milk is down 50¢ a case.

TRYING TO AVERT ENGINEERS' LOCKOUT IN GREAT BRITAIN

LONDON, March 8.—The first definite move toward averting a lockout of engineers was made yesterday when the Government intervened. Hon. T. J. McNamara, minister of labor, met the executive of the Engineers' Union and as a result a decision was reached to reopen direct negotiations between the unions and the employers.

SYSTEM OF STATE INSURANCE SOUGHT

REGINA, Mar. 8.—A system of state insurance, similar to the Manitoba act, is favored by Saskatchewan employers, according to a decision reached at a recent conference of employers here. Legislation to make such a measure effective will probably be asked at the next session of the provincial legislature.

Saskatchewan's payroll, not taking into account the railways, amounts to \$10,000,000. According to the estimate of actuaries, this is sufficient to make a state insurance scheme in the province practicable.

MEDALS FOR ALLIES WHO AIDED BRITISH SOLDIERS IN FIELD

LONDON, March 8.—The King has sanctioned the issue of medals to those of allied nationality who at imminent risk of their lives rendered assistance to British soldiers behind the enemy lines.

MAYOR OF NELSON IS CANDIDATE FOR PROVINCIAL HONORS

NELSON, March 8.—Mayor G. F. McHardy has been nominated by the Conservatives of the riding to contest it on their behalf in the forthcoming by-election. The vacancy is caused by the retirement of Dr. Rose who was defeated in the Federal election.

Following the choice of Arthur Meighen as its leader, the party will at once begin campaign organization with a view to being prepared for the next election.

While it is not expected that there will be any general election for several years, the Conservatives feel that in the present rather complicated political condition it is well to be prepared and the organization will be continually strengthened until the next election comes.

STRIKE OF COOKS

Fishing Schooners at Lunenburg, N.S. Are Held in Port Awaiting Settlement.

LUNENBURG, N.S., March 8.—The first strike in the history of Lunenburg fishing fleet resulted from a demand of cooks on the vessels for a salary of \$150 a month while the captains and crews are paid \$175. The sailing of many schooners has been delayed.

REPRESENT CANADA AT LABOR CONGRESS

OTTAWA, March 7.—Colonel David Carnegie of London, England, will represent the Government of Canada at the meeting of the governing body of the international labor congress at Rome on April 11.

VANCOUVER FAVORITES

Enter First Game with Regina Tonight 10 to 6 in Their Favor.

VANCOUVER, March 8.—The Vancouver Millionaires, champions of the Pacific Coast Hockey Association, will enter tonight's game with the Regina Capitals, Western Canada champions, ten to six favorites. It is felt that Vancouver will gain the right to play either Ottawa or Toronto St. Patrick's for the Stanley Cup and the world's championship for the prairie team has just had five hard matches in the last week and have had little time to limber up after the journey from Edmonton. The Capitals arrived here this morning.

LLOYD GEORGE BETTER.

LONDON, March 8.—Premier Lloyd George was sufficiently recovered from an attack of bronchial catarrh to preside at a meeting of the cabinet this morning.

LATEST PHOTO OF MRS. CARUSO AND GLORIA.

This is the latest picture to be taken of the widow and daughter of the famous tenor, who have just taken up their residence in New York city for the winter and spring.

PARLIAMENT OPENED TODAY

Swearing in of Members Commenced Yesterday and Is Being Continued.

OTTAWA, Mar. 8.—The Dominion Parliament was opened today by the Governor-general, this being the first occasion on which Lord Byng has officiated at such a task.

The swearing in of the members of Canada's Fourteenth Parliament commenced yesterday and was continued today. By tomorrow most of the members will have taken the oath.

The formal opening took place at 3 o'clock, when the members were summoned to the Senate and afterwards returned to their own chamber for the election of a speaker, Hon. Rodolphe Lemire being chosen.

Tributes to the newly elected speaker by leaders followed, after which the House adjourned to meet again tomorrow for the formal opening with the speech from the throne.

After tomorrow adjournment will take place until Monday, when the debate on the address will commence.

VISCOUNT GREY SERIOUSLY ILL

British Statesman Operated on For Ulcers and in Serious Condition.

LONDON, March 8.—Viscount Grey, former foreign secretary and one of the outstanding figures of British public life, was operated on yesterday for ulcers and is now in a serious condition.

Lord Grey has also suffered from partial blindness and his physical condition made necessary his resigning the position of British Ambassador to the United States.

BALFOUR ON COALITION

Speech of Sir Arthur Does Little to Improve Government's Condition.

LONDON, Mar. 8.—Right Hon. Sir Arthur Balfour, K.G., in pleading for a continuance of the Coalition in a speech in this city at the Carleton Club did nothing to improve the position of the Coalition Government and left matters pretty much as they were, with the resignation of Lloyd George still hanging in the air. This is the almost unanimous opinion of political correspondents and editorial writers in the morning papers.

FIRE INSURANCE ADJUSTER PLEASED LOCAL CONDITIONS

C. R. Gilbert, insurance adjuster, returned on today's train to Terrace, after having spent a week in the city looking into several matters concerning his duties. The claims of the school board in connection with the Seal Cove fire; Matt Videck, for his house on Comox Avenue, and R. E. Benson, studio fire, were closed. The Comox Avenue fire was given a careful investigation, for it was fully covered by insurance.

Mr. Gilbert expressed himself as much pleased with the service of the fire department of the city and the manner in which all cases were investigated. It all rebounded to the credit of the city, he declared.

EXCHANGE RATES ARE MOVING UPWARD

American exchange this morning showed another advance, a steady climb having taken place from the 2 per cent. low mark. The rate today is 5 1/2 per cent.

Preparing to Build Short Railway to Dam at Anyox Slashing Has Commenced

The Granby Consolidated Mining, Smelting and Power Co. is commencing the building of a short railroad line to the site of the new dam which is to be put in by the company at Anyox, said H. S. Munro, general manager of the company, who is in the city today on his return to Anyox from a trip as far south as San Francisco on company business. The contract for the building of the dam has not yet been let and it will be some time yet before actual operation on it commence. The present railway work is the slashing and clearing of right of way.

Mr. Munro says that the present heavy rains will be welcome at Anyox, for there has been a scarcity of water there this winter and for one week the plant was practically closed down on his account. This was the first time in the history of Anyox that operations were curtailed on this account. The building of the dam will in a large measure prevent any recurrence of such a difficulty.

There is nothing very gratifying about the copper market at present, says Mr. Munro. The present price is around 42 7/8c, which shows a drop in recent weeks. Mr. Munro is of the opinion that copper will not go over the 13 1/2c mark this year.

Mr. Munro hopes to remain in Anyox three or four weeks.

TIE CUTTING BY LOCAL FIRM IN INTERIOR IS DONE

Prince Rupert Logging Co. Will Float Most of Ties Down Stellac River When Ice Breaks.

The Prince Rupert Logging Co. Limited, of which W. E. Williams and J. R. Morgan of this city are the principals, have completed the cutting of 75,000 ties for the Canadian National Railways at Francois Lake and the camp there has been shut down. Although actual cutting is all done, delivery of a large part of the ties has not yet been made, for there are about 50,000 that will have to remain at the lake until the ice clears out in the spring, when they will be taken down the Stellac River to the railway at Fort Fraser.

J. R. Morgan arrived in the city from the interior on Sunday night.

TENSE POSITION LIMERICK TODAY

Negotiations Opened with View to Settlement of Difficulty.

LIMERICK, March 8.—The city is quiet today. Large forces of Irish Republican regulars are occupying six barracks. The British troops are still here. Five hundred more Republican regulars arrived with armored cars.

Negotiations opened between Richard Mulcahy, Dail Minister of defense and others with the Insurgent republican troops and it is hoped an understanding will be reached.

BIRTH.

A daughter was born to Mr. and Mrs. A. McIntyre, of Smithers at the General Hospital today.

Mr. and Mrs. George McAfee returned today on the Prince Rupert from Vancouver. Mr. McAfee is manager of the Big Bay sawmill at Georgetown.

DAYLIGHT BILL GREAT BRITAIN

France to Standardize Time Along With Great Britain and Belgium.

LONDON, Mar. 8.—The second reading of the summertime bill will be reached shortly in the House of Commons. Public opinion is in favor of the continuance of daylight saving, although a small but insistent and influential opposition comes from the sections controlled by the agricultural interests.

A special sitting of the French Chamber has been called for today to give effect, so far as France is concerned, to an arrangement for standardizing the summer time period with that of Great Britain and Belgium.

PROGRESSIVES NOT OPPOSING

Decided in Caucus Today Not to Be Official Opposition—Mr. Meighen Leader.

OTTAWA, Mar. 8.—Rt. Hon. Arthur Meighen will be the leader of the opposition in the House of Commons. The Progressives, in caucus, decided at noon today not to advance official opposition to the Mackenzie King government.

CANADA FIRE LOSSES FOR YEAR AMOUNTED TO \$5.22 PER HEAD

OTTAWA, Mar. 8.—Fire losses in Canada for 1921 amounted to \$5.22 per capita according to a report made by the Department of Insurance. Fires reported to the department caused property damage amounting to \$15,015,930. British Columbia's quota of fire losses was \$8,050,000 or \$5.83 per capita.

SUSPEND IMPORT DUTIES ON FOOD

WARSAW, Mar. 8.—All import duties on food, clothing and shoes have been suspended for six weeks by an order designed to lower the cost of living.

UNIONIST ELECTED

Sir Robert Beard is Member for Wolverhampton 3000 Majority Over Labor Candidate.

LONDON, Mar. 8.—Sir Robert Beard, coalition Unionist, was elected yesterday on the Prince Rupert from Vancouver. Mr. A. K. Waldkren, by a majority of about three thousand in the by-election for Wolverhampton.

Wednesday, Mar. 8, 1922.

Conservative Party
Is Real Once More.

There is a real Conservative party once more. The recently elected National Liberal and Conservative party has sloughed off all the camouflage names and emerged like a newly-hatched butterfly with all the encumbrances gone. It will be possible from this time on to say the name in one breath. True the name was confined largely to official occasions, for the old expressive word "Tory" answered all ordinary purposes with the enemy, and when speaking of themselves the personal pronouns "we" or "it" are always found sufficient.

Possibly, now that the season of Lent is on, this new movement of the party is a self-denying ordinance and means that the members repent themselves in sackcloth and ashes and are humbling themselves before the Almighty in the hope that they may again be chosen as the leaders of the faithful. They have always considered themselves the chosen people, but at the last election there was a slip up for which nothing but extreme penance could atone.

The shearing off of the surplus names should have a good effect. The party leaders should be able to move unencumbered and many are hoping that they will return to those national policies which made the party great in the past and which it is claimed can be its only salvation in the future.

Why Vote for
Railway Bylaw?

What the average man on the street is asking is "Why should I vote for the railway taxation bylaw?" They realize that the members of the city council must have had some reason for passing it, but they kept all those reasons so carefully concealed behind closed doors that the electors are puzzled. They want to know. They are told that there is to be a set amount paid by the company under the bylaw, but why the reduction? That is what is puzzling them. At the present time the temper of the ratepayers seems wholly against ratifying the bylaw, but they may yet be shown if the city council sees fit to enlighten them on some of the arguments used in secret meetings. The fact that those meetings were secret have caused distrust, for the ratepayers do not see what there could have been to conceal so carefully. They say that if there were things said and done which it was not right the ratepayers should hear and see, then the only thing to do is to defeat the bylaw. These are the views of the ordinary man in the street as gathered from conversation with a great many. Possibly within the next few days the mayor and council will be able to explain what there was done which was so indecent that the public could not know of it and what were the reasons which induced them to pass the bylaw that they are asking the people to support. Of course they can do this, and then we shall all probably be anxious to vote for the bylaw. In the meantime the people are anxiously awaiting enlightenment.

Montreal's View
of B. C. Liquor Taxation.

The Montreal Star discusses the judgment of Sir Walter Gassels on the right to tax liquor imported by a provincial government as follows:

Burns' dictum about what happens to the best-laid schemes may be extended to include those of provincial governments, as well as mice and men individually. British Columbia is feeling this very sorely today, as the result of a little document neatly written by Sir Walter Gassels, president of the Federal Exchequer Court. Sir Walter, it seems, is wholly in disagreement with the province's idea that it ought not to be taxed by the federal government for the liquor it imports to sell to the people of British Columbia. The latter had a plan to secure immunity from taxation under a clause of the British North America Act, which provides that "no lands or property belonging to Canada or any province shall be liable to taxation." Incidentally, Quebec had planned to run in behind British Columbia's coat-tails in case the judgment was in the province's favor. The result of the latter would have been the remission of two dollars a bottle tax on spirits, and the sequel would have been a corresponding proportional reduction in the price of such liquor at the government stores.

It is plain to be seen, therefore, that there must be mourning in British Columbia today. For Sir Waller has said, in language that can be most easily understood of the people, that the British Columbia interpretation of the British North America Act in regard to liquor taxation is all wrong. It would, he points out, be impossible for the federal government to carry on if the principle of immunity from taxation for all provincial businesses were admitted. Hence B. C. must pay tax to Ottawa for her liquor—and, by inference, Quebec must also continue to do so. Well, Quebec will hardly feel the blow, because it has been paying all along. Moreover, it has secured a professional opinion of the highest standard upon a most important point of law without paying a cent for it, whereas it has cost British Columbia something to find out. We have always held that our Quebec administration was, if anything, most astute.

SUN YAT SEN
GAINS GROUND

Is Advancing Northward in China
and the Situation Is Most
Critical.

SHANGHAI, Mar. 8.—President Sun Yat Sen of the southern provinces is leading an army northward with the idea of eventually capturing Peking. A recent message sent by courier to Shanghai says:

Dr. Sun Yat Sen's advance column has reached Hengchow, Hunan province, 157 miles from Shanghai, which latter city is the advance base of General Wu Pei Fu's army. General Wu Pei Fu is pushing a force southward to Changtchou, 130 miles beyond his main base at Yochow under General Fangyuan Lai. This is believed to be a flanking movement to prevent a direct attack on Shanghai.

To Capture Shangsha.

Shangsha is the immediate objective of Sun Yat Sen's efforts to capture the Human cities. Generals Wu Pei Fu and Hsiao Kun have sent \$1,000,000 and 50,000 rounds of ammunition to the military governor of Hunan province to enable him to recruit an army to resist the southern forces.

General Wu Pei Fu is not likely to proceed or to send any troops from Honan owing to the serious situation in Pekin.

LAURIER'S RAILWAY
POLICY IS LAUDED

Optimism Expressed That These
Policies Will Restore Ulti-
mate Equilibrium.

MONTREAL, Mar. 8.—Laurier's railway policy will be reapplied to Canada's present problems by the King government. Joseph C. Walsh, K.C., M.P., told his electors at the Queen's Hotel, where they tendered him a banquet in honor of his victory in St. Ann's division. He spoke at considerable length on the problems which the new federal government had to face, and in concluding expressed optimism that Liberal policies into which had been introduced the same features of socialism and progressiveness would ultimately restore equilibrium to Canada.

"We will take up Laurier's railway policy," promised Mr. Walsh, "and apply it to the present situation. Laurier was blamed for building so many miles of railways, yet he did not plunge us into debt. This country has cried out for railway lines. It has untold riches that were still undeveloped, but he carried out his policy in a sane, statesmanlike manner. He saw that his immigration department worked hand in hand with his railways. All we required then was more people, and he brought them. Our late government brought us nothing but debt."

POUCE COUPE OIL
LANDS IN DEMAND

Extensive Development in That
District During Coming Spring.

GRANDE PRAIRIE, Mar. 8.—The popularity of the Pouce Coupe district as a coming centre among oil-bearing lands continues unabated. The confidence of big interests has been expressed on more than one occasion of late, and information concerning another large transaction in this district has just been received.

This transaction represents a deal involving 2500 acres of oil lands in Pouce Coupe, which was consummated on Friday. The purchaser is a concern recently incorporated under the laws of the province of Quebec, consisting entirely of eastern capital. It is said to be a close corporation, capitalized at \$500,000, one-fifth of which is paid up. The vendors will receive a royalty on the basis of one-eighth in all production in addition to a cash consideration.

It is understood that the agreement calls for extensive development during the coming season. This will mean the erection of at

TRADE SHOULD
BE DEVELOPED

F. C. Wade Tells Britain Why Not
Successful Business With Can-
ada—Suggests the Cure.

The Financial News of London publishes two articles from the pen of F. C. Wade, K.S., Agent General at London for British Columbia, on the subject of a much-needed trade revival between Canada and Great Britain. The first article defines the circumstances which have caused the falling off and the handicaps which are preventing a revival; the second shows how these adverse conditions could be combated in the best interests of both Canada and the Motherland.

Mr. Wade ascribes a number of reasons why United States gets much of the Canadian business, which Great Britain might well have. First, United States is closer to Canada than Great Britain. The British make no study of the Canadian taste and conditions. United States advertises profusely in Canada while Great Britain does practically none. The United States has 55 consular agents in Canada who are constantly after business while Great Britain has but three Trade Commissioners. Thousands of American commercial travellers work in Canada while a British commercial traveller is a rare avis. The United States has many branch factories while there are only a very few British. United States has countless branch agencies in Canada while Great Britain has few and, in some cases, even attempts to do business in Canada through American agents.

Jack Mitchell, of Stewart & Mobley, Ltd., has just returned from an extensive trip abroad. He visited his old home in Aberdeen, Scotland, and on his return here stopped at New York, Chicago and Moose Jaw.

J. E. Gilmore, manager of the Wallace Fisheries cannery at Naden Harbor, is in town. He says that 100 men are employed at the plant.

The Man in the Moon
SAYS:

IN travelling the sea of matrimony lack of birth is a prevalent cause of discontent.

WHAT people do not seem to agree upon is how they can reason it out that they are to gain something by voting low taxes for the railway company.

AND echo answers why?

IF it were possible to get the railway company to overpay their bill a few thousand dollars last year, why not this?

PLUCK is what is needed just now to keep the ship of state riding proudly. Yes, and what about a little money too.

I THINK friend Jones is a gardener. I heard him talking about "has beans."

THERE is one thing about this tax bylaw, everybody seems to be able to give plenty of advice about it but nobody knows anything about it.

THE difference between the Library Association and most organizations is that the Library Association got busy, whereas most organizations only talk about getting busy.

THE big news of yesterday was that Ty Cobb had started making home runs.

MANY of the toughs are still of tender age.

The rooster is

The chap who's wise

PROTEST HIGH AUTO TAXES

Quebec Pays as High as \$250 a Year for Right to Operate Truck.

ELIMINATE PATRONAGE.

MONTREAL, March 8.—An emergency meeting of the directors of the Automobile Club of Canada was called together yesterday to discuss measures for the protection of owners and users of passenger cars and automobile trucks who are highly indignant at the increased provincial tax collectable March 1.

The new tax is 90 cents per horse power or fraction thereof as against 70 cents; and \$50 per ton capacity on each motor truck of every class, plus \$1 for the number plates. The charge of \$5 for a license to drive is maintained. Resolutions of protest against this new schedule were adopted at the meeting and will be communicated to the proper authorities. The new increase is out of all proportion, it was claimed. Motorists feel that they are being called upon to pay more than their share.

\$50 For Ford.

If unreasonable taxation is the only way of continuing our road work let us retard highway construction until such time as we have more cars to which a reasonable tax can be applied and the necessary monies obtained for our road policy," declared one of the club's officials. Taxes on a Ford one-ton truck, a popular commercial vehicle used by grocers, butchers and for light delivery had increased during the year from \$16.10 to \$50. Six dollars for plate and driving license was added in each case. The new tax for a five-ton truck which cannot operate outside the city, is \$251 compared with \$125 last year, and in addition the trucks must travel at four miles per hour in accordance with the amendment to the city charter granted by the legislature. The argument was also advanced that climatic conditions here restrict the operation of cars and trucks to only a few months of the year.

Higer Taxes Here.

Nevertheless, motor car taxation in this province has always been greater, and in some cases double of that in other provinces. The lateness of the decision increasing the tax which was announced only last Saturday, was also deplored, as many have sent in their annual tax made out on the forms in accordance with last year's basis. The consensus of opinion was that the Government has acted too hastily, and that the full effect of such drastic taxation has not been sufficiently studied.

It was also decided to forward a petition to the Government to appoint a commission to take charge of all the road work in this province. This measure is advocated, not because any fault has been found with the ministers in charge of that department in particular, but in order that the political aspect may be removed, with subsequent economy of operations in highway construction and maintenance throughout the province.

E. A. Wakefield defeated W. J. Nelson in the final game of the fifth billiard tournament between the Prince Rupert and Wanderers' Clubs by a score of 200 to 189. The total for the tournament is thus: Wanderers, 1025; Prince Rupert, 1021, and the Wanderers are leading in the series by a margin of 191 points. The next tournament, the sixth, will be the last one.

Persistent advertising is absolutely necessary to success.

WINNIPEG, March 8.—Railway companies will run Sunday

Sport Chat

Three big billiard tournaments are now in progress in the city. The Elks are playing off games steadily in the Lepine trophy series which is now well advanced. There is the Senior elimination handicap tournament at the Prince Rupert Pool Room as well as the Junior. The latest tournament to start up is the handicap tournament at the Wanderers' Club where members are participating in what will likely be the last tournament of the many in the history of that pioneer organization. Splendid prizes are being put up in all the competitions.

The first round of the Wanderers' Club handicap is to be finished by Saturday of this week and the following are the lineups for it: A. A. Easson vs. H. Maddison; W. J. Nelson vs. R. H. Shockley; T. Silversides vs. G. P. Tinker; G. A. Hunter vs. S. N. Wilson; H. M. D. Lambie vs. Col. McMordie; W. F. Roherge vs. G. P. Armstrong; W. J. Hemmings vs. N. Pringle; H. F. Wearmouth vs. W. O. Fulton; G. W. McKay vs. T. B. Hooper; Fred Stephens vs. G. Hill; H. Thrupp vs. A. Silversides; J. H. Hilditch vs. R. Stewart; S. King vs. W. H. Vickers; S. R. Harper vs. J. Farquhar; H. Pringle vs. Dr. P. Gade; D. Stork vs. G. Shaw.

The following is a list of latest scores in the Lepine competition at the Elks' Home:

T. B. Hooper, 200; K. Rood, 192.

T. B. Hooper, 200; W. F. Roherge, 166.

W. Balagno, 200; J. Brown, 184.

**I'm So Tired**

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills — the best known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 2, King, Ont., writes:

"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

PROVINCE OF BRITISH COLUMBIA,
FOREST BRANCH,
DEPARTMENT OF LANDS.

EXAMINATION FOR THE POSITION OF
ASSISTANT FOREST RANGER.

Object.

These examinations are for the purpose of filling present vacancies and to enable candidates to qualify for future vacancies in increasing staff.

Assistant Forest Rangers.

Recruitments will be appointed during the free season (May to September inclusive) of each year and this period is intended whenever possible by work on unbroken forest trails, etc. Recruitments are made each year as long as satisfactory service is given. Promotion to the permanent staff is made by merit and examination as occasion offers. The salary is \$110 per month the first year and \$120 per month the second year and \$125 per year. Travelling expenses are also paid.

Qualifications for Candidates.

Candidates must be British subjects residing in Canada for at least one year, of good character, good physical condition and with woods experience. They should have experience in fire fighting, possess the ability to organize work in a forest camp, and have knowledge of forest Act.

The examinations are partly written, partly oral and are designed to test the student's ability along the above lines. Statements made in applications as to service, education and times are subject to verification by the examining board. Reference is given to returned soldiers with the necessary qualifications.

Examinations.

The examinations will be held at the place named below. Each

candidate should apply to the Forest Forester of his district for application forms and for information regarding the location of examination and the setting in which it will be held. Application forms should, in each case, be filled out and mailed to the District Forester in time to reach him at least two days before examination.

Address by Brady.

Will Browne, of the Westholme Orchestra, rendered two xylophone solos in his usual splendid style.

Assisting with the accompaniments in the course of the evening were Charles Balagno, W. Vaughan Davies, H. Aubrey Pryce and Jack Flint.

Principal Brady contributed a fine item to the program in the form of an impromptu address on "Wit and Humor." He went into his subject fully and punctuating it with a plenitude of local references, proved both enlightening and entertaining.

A CONJURER'S DILEMMA.

The conjurer in the village school room had invited any man from the audience to step up on the platform, and a youth responded.

"Now, friend," said the conjurer, "I suppose you consider it a matter of impossibility for me to make the rabbit in that box on the table pass into your coat-pocket?"

"I dunna about impossible," was the reply, "but I wouldn't do it if I were you, sir."

"Oh, you'll be in no danger, I can assure you," said the sleight of hand man airily.

"I wasn't thinking about myself," the youth answered calmly. "I was thinking of the rabbit. I've got a couple of ferrets in my pocket." — Pittsburgh Chron-Telegraph.

Advertising is to business what steam is to machinery, the grand propelling power. — Lord Macaulay.

CONCERT IN AID VETERANS' BAND**CITIZENSHIP OF CANADA**

Fine Program Presented to Good Audience at Westholme Theatre Last Evening.

Rotary Club's Entrance Class Prize Essay By Miss Muriel Collison.

The Great War Veterans' Association put on a very successful vaudeville concert in the Westholme Theatre last night in aid of the band funds. In spite of the inclement weather and the fact that there is a good deal of sickness in the city, the attendance was good and the house was more than three-quarters filled. The net exact financial result has not yet been ascertained but it is known that the band has profited considerably. The program was complete and several novel and very entertaining numbers were presented. R. Sims was stage manager and the committee in charge comprised R. James, S. L. Warrior, W. H. Derry and R. Sims.

The band was in attendance to the full membership and several selections were rendered in the course of the program. J. Gathorn was conductor and the players were W. Derry, A. Buckworth, W. Rance, L. Starr, A. Beale, H. Ward, W. Davie, K. Rood, E. C. Emeron, H. Snow, A. M. Brenner, J. D. Ritchie, W. McIlravay, W. N. Ross, G. B. Anderson, J. Kelly and Bob Sims. The first number was an overture opening the program and another selection was rendered during the intermission.

Vocal Numbers.

Among the vocal numbers was a duet, "Rose of Honolulu" by Harry Fletcher and Eddie Cragg, the latter taking the role of a Hawaiian maiden dressed in full style. Meth Davies sang a baritone solo in his usual splendid manner and comic songs were sung by Dave Gay, Scottish and Billie Davies, English. Mrs. Stanley Bennet and Mrs. G. L. Monroe appeared to good advantage in soprano solos. Ed Ross also sang solos.

Jimmie Gibson, as a darkie and Sid Reith and Dave Ross, as tramps, were very entertaining in novelty patter and musical numbers. There costuming was ludicrous indeed and they had a good lot of jokes which were punctuated with trio numbers of popular airs. Mr. Gibson playing the steel guitar, Mr. Reith, violin and Mr. Ross, accordion. Bobbie Sims appeared in a number entitled "A Fool There Was with Variations" and took off several of the prominent comedians with good effect. Bob James was good in the feminine burlesque comedian role. Muriel De Vere. A farce wrestling match between S. L. Warrior as Zariski, the Marvel of Russia, and James Kelly, as Wango, champion of the Fiji Isles, was very funny and resulted in the latter getting two falls out of three and being declared winner by Jack Flint, referee.

Address by Brady.

Will Browne, of the Westholme Orchestra, rendered two xylophone solos in his usual splendid style.

Assisting with the accompaniments in the course of the evening were Charles Balagno, W. Vaughan Davies, H. Aubrey Pryce and Jack Flint.

COULD HARDLY BREATHE.

When you become all choked up and stuffed up with a cold your head becomes thick, the nostrils become so clogged up you can hardly breathe, a feeling of weight or oppression in the chest and the cough rasps and tears your lungs and bronchial tubes.

This is the time to take

DR. WOOD'S NORWAY PINE SYRUP

before things get to be too serious. There is no remedy to equal it for clearing up the cold, making the breathing easy, loosening the phlegm and soothing and healing the lungs and bronchial tubes.

Mr. Edward Kincaid, 69 Bryden St., St. John, N. B., writes:—"I wish to express my hearty thanks to your valuable remedy Dr. Wood's Norway Pine Syrup and what good it did me. Last fall I contracted a severe cold, the like I never had, my head and nostrils were so clogged up I could get no vent, and could scarcely get my breath. I tried remedy after remedy until at last I thought I would try Dr. Wood's. After the first dose I felt relief, and by the time the bottle was finished I was all better. I will always keep it in the house."

Price, 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

NO ANNULMENT OF MARRIAGE

Justice Latchford Refuses to Break Contract Because of Youthfulness.

ST. THOMAS, Ont., March 8.—Declaring that he could not believe the evidence submitted about there not having been any post-nuptial relations, in view of the established facts of the case, Hon. Mr. Justice Latchford of Toronto, at the opening of the spring assizes here, dismissed the action, without costs, taken under the Ontario Marriage Act for the annulment of the marriage of Pearl Bridgeman and James Mapleton Edison of this city in London, Ont., on May 28 last, on the ground that both were minors at the time and the ceremony was conducted without the knowledge or consent of the bride's parents.

"How long had you known this young man before you married?" he asked Mrs. Edison.

"About six months," she replied.

"Where did you go together?"

"To picture shows."

"You went to those shows and saw the kind of pictures they exploit, how girls are seized by men and are assaulted? You know something about life as those pictures present it?"

"Yes, sir."

"And yet you mean to tell me you did not know why you were getting married?"

"Yes, sir."

His lordship wished to know if

Edison had ever kissed the witness.

She would not say he had

never kissed her, and she was not positive about how long they had been engaged.

The action was instituted by

Miss Bridgeman, or Mrs. Edison,

and she offered as explanation of

the arrangement that she had

found out after the marriage that

she did not care very much for

her husband. The case was heard

by Mr. Justice Orde in the local

court last fall, but no decision was

rendered, and his lordship held

that the attorney-general should

be notified. Official notice was

given the attorney-general's de-

partment prior to the entering of

the rehearing, but the department

was not represented. There is a

possibility of an appeal.

LIFE FROM MOVIES.

Justice Latchford did not mince

words in discussing the case, and

he submitted both principals to

intimate cross-examinations. He

asked Mrs. Edison why she had wanted to get married. She replied that she was not certain, but she guessed she had not taken time to think about the matter at the time.

He remarked that such cases were becoming a farce in the province.

"How long had you known this young man before you married?" he asked Mrs. Edison.

"About six months," she replied.

"Where did you go together?"

"To picture shows."

"You went to those shows and

saw the kind of pictures they ex-

pose, how girls are seized by men

and are assaulted? You know

something about life as those pic-

tures present it?"

"Yes, sir."

"And yet you mean to tell me

you did not know why you were

getting married?"

"Yes, sir."

His lordship wished to know if

Edison had ever kissed the witness.

She would not say he had

never kissed her, and she was not

positive about how long they had

been engaged.

He remarked that he became

engaged to me would know about

that," remarked his lordship.

Young Edison told the court

that it had cost him about \$47.50

to get married, as he had given

the minister \$10. The girl had

given him to understand that she

was 18 years old, and he had pro-

duced the license in that belief.

Mrs. Edison's father deposed that

she was born on March 4, 1904,

and therefore was 18 years old at

the time of the marriage.

As his lordship was closing the

case he asked City Crown Prose-

cutor McCrimmon who prosecut-

ed, what he thought the young

people had got married for.

"I don't know, your lordship," replied Mr. McCrimmon.

"You do know," retorted Mr. Latchford. "You're no chicken."

ELECTRIFICATION OF SWITZERLAND PROCEEDS

BERNE, Switzerland, March 6.—The electrification of railroads is making rapid progress in Switzerland. The whole of the Gotthard Railroad from Lucerne to the Italian frontier now bears only electrically-drawn freight, thus effecting a saving of over 2,000 tons of coal monthly. Other lines to the German and Italian frontiers are being transformed for electric traction.

"Where did you go together?"

"To picture shows."

TIMES must be very hard in Vancouver. A client of ours there says he is very hard up and so must sacrifice a fine Double Corner which he owns here in Prince Rupert on Sixth Ave., at Cotton Street, in Section Six. It is on the sewer and lies fine for building. Make us an offer. It must be sold. H. G. HELGERSON, LTD., Real Estate, Rentals, Insurance.

St. Patrick's Day Concert

REDRAWING ALBERTA LIQUOR ACT WITH VIEW TO ITS IMPROVEMENT

EDMONTON, Mar. 6.—One of the main proposals in the forthcoming draft of the provincial government for amendments to the liquor act will probably be the closer centralization of liquor distribution in the hands of the provincial vendor.

Although Attorney-general J. E. Brownlee refuses to divulge even a scrap of information in respect to the proposed changes, it is learned that one month's notice has been given to all government inspectors of drug stores in the province, their services to cease approximately the last of March.

This is taken to mean that the distribution of liquor through the channels of drug stores will be practically eliminated.

Supporting this contention is the report that already negotiations are under way by the attorney-general's department for new warehouse quarters in both Edmonton and Calgary, these quarters to supplement the vendors' stores already existing in these places, and to be centres of liquor distribution for those legally entitled to purchase liquor under prescriptions or otherwise.

With the government in the distributing business on a systematic scale, it is assumed that other points for the establishment of vendors' stores will be decided upon later by the executive council.

SCOTTISH HOME RULE IS ADVOCATED IN A CIRCULAR LETTER

A circular letter was this morning received from the Scottish Home Rule Association which contains the following paragraph:

"Scotland is a nation in every sense of the word, no less than Ireland, and her claims to self-government can no longer be overlooked. The Scottish people have been for a long period of time convinced of the justice and necessity of this principle, and in every parliament for many years a majority of the Scottish members have been pledged to Home Rule for Scotland." During the last decade the demand for self-government has strengthened enormously, and the vision of a Scottish parliament sitting in Edinburgh, legislating for Scotland, has caught and held the imagination of the Scottish people. We have refrained from pressing our claims as actively as

HEARTBURN

A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, is liable to ferment, and becomes extremely sour, causing heartburn. In such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

MILBURN'S LAXA-LIVER PILLS

and you will have no heartburn or other liver troubles such as constipation, jaundice, water brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Edith Cutting, Shallow Lake, Ont., writes:—"I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two vials of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

Price, 25¢ a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

we might have done because of our belief in the priority of the claims of Ireland to self-government. As a necessary consequence of the Irish settlement we respectfully urge that it is now Scotland's turn to be considered. We, therefore, call upon His Majesty's Government to direct their attention immediately to this question of 'Home Rule for Scotland'; to give it precedence over every other political issue; to cease legislating for Scotland from Westminster, and to pass into law forthwith a measure of self-government suited to the needs and circumstances of Scotland and satisfactory to the Scottish people."

BUY CANADIAN GOODS IS LATEST SLOGAN

Edmonton Women Co-operating to Increase Interest in Home Manufactures.

EDMONTON, Mar. 6.—Per head of population Canadians spent \$145 abroad every year, whereas American citizens only part with \$47 outside the borders of the United States. Canadian women are to be shown the fallacy of sending our good Canadian dollars to enrich the coffers of the republic to the south, and the fact that we are spending too much money abroad is to be shown those who control the destinies of the home.

In co-operation with the Women's Council of Canada, the Edmonton Board of Trade is launching a campaign to interest Canadian women in Canadian products, and the ladies of Edmonton are to visualize the various goods which are manufactured here. To this end forty ladies of the Women's Institute will pay a visit to the Dominion Furniture Company on Tuesday. This visit will be followed by similar inspections of other manufacturing plants in the city, and by this means it is hoped to stimulate loyalty towards Canadian-made goods, and afford the ladies an opportunity of seeing for themselves that Canada's products can not be excelled.

SUING RAILWAY FOR BURNING UP SOIL ON HER ALBERTA FARM

EDMONTON, March 8.—That the soil of her farm was burned up and rendered useless and that her hay crop was destroyed by a fire started by the Alberta Great Waterways railway, is the claim laid in the supreme civil court by Mrs. Magda Willfinger, who asks in all \$2,600 damages from the company.

The papers in the action filed by Mrs. Willfinger's solicitors, Van Allen, Simpson and Company set out the claim that the plaintiff in the action is a married woman and a farmer residing near Opal in the Province of Alberta, and that on October 6, 1921, the railway by its servants, started a fire and did negligently allow it to spread till it over-ran the plaintiff's farm, burned up the soil and the hay crop and caused her loss in employing men to fight the flames. She claims the loss of the entire 160 acres of arable land, which has been rendered unfit for use by reason of the fire.

ALICE ARM

J. N. Taylor, of Ocean Falls, visited here last week to look into the possibility of operating logging camps during the coming summer. No definite announcement was made.

Work is going on here at a point on the Kitsault River 800 feet above the dam of clearing the river with a view to diverting it to the east side so that the danger of the town being flooded may be lessened. Joe Wells, road foreman, is in charge.

Mr. and Mrs. Don Cameron left last Thursday morning on a visit to Seattle.

An epidemic of grippe has been sweeping the town during the past fortnight and nearly everybody has been ill. Several went to the Anyox Hospital.

VAGARIES OF LAW IN BRITAIN SLATED BY MAGISTRATE IN CASE

LONDON, March 8.—(By Canadian Press)—The vagaries of the law had an exemplification in a recent case in this city in which cigarettes and red tape were featured. A publican was summoned at the West Ham police court for selling cigarettes after 8 o'clock at night.

It was stated that two officials had called at the public house in question and after they had had drinks one of them called for a small packet of cigarettes. A barmaid served the customer with the cigarettes. Thereupon he pointed out to her that she had done wrong as it was then 8:30. The barmaid promptly collapsed in a faint.

The magistrate dismissed the summons on payment of five shillings cost by the publican, and in doing so made observations upon the law. He said that if a sardine on toast had been served by the barmaid a cigarette could have been sold legally. A publican must not sell a biscuit with wine, the magistrate remarked, as this would be infringing on the Bakers and Confectioners' order. He could sell cooked sausages, but not a raw sausage, as the latter would be an infringement of the Butchers' order. The law would hold good, the magistrate said until the people at a general election demanded its abolition.

NOTICE.

On taking over of my transfer business by Messrs. Lemon & Smith, I wish to thank my many patrons for their loyal support and trust they will show to my successors a continuation of the same.

HYDE TRANSFER,
W. Hyde.
