### Former Smithers Nurse Wedded to Physician There

Miss Frances Audrey Newman R. N., who up to last spring was lady superintendent of the Bulkley Valley District Hospital at Smithers, arrived in the city on the Prince Rupert this morning from Vancouver and at St. Andrew's Cathedral at high noon today was married to Dr. Francis Vere Agnew, well known physician and surgeon of Smithers. Dr. Agnew arrived in the city on last night's train from the interior to meet his bride.

The marriage ceremony was very quiet, witnesses being Dr. and Mrs. C. H. Hankinson of this city. Dr. and Mrs. Agnew will leave for Smithers on Friday morning.

### MINING AT ALICE ARM

Considerable Development Carried  
On Despite Depression

ALICE ARM, Oct. 19:—Despite the unfavorable market for metals, a number of owners of mining property in the upper Kitsault mining country at Alice Arm have carried on considerable development work during the past season.

J. Strombeck has done considerable work on the Moose property during the summer and is at present developing a new ore showing from which he has obtained good gold values. While nothing sensational. (Continued on Page Four)

### FRESH RASPBERRIES AT HAZELTON ON THANKSGIVING DAY

HAZELTON, Oct. 19:—Mr. and Mrs. C. W. Dawson had fresh raspberries and cream on their breakfast menu for Thanksgiving Day, October 19. The berries were picked from the garden that morning. They were delicious and seemed to have lost none of their flavor as a result of several heavy frosts.

Interior Weather

### DISORDERS IN LONDON

Unemployed Riots Yesterday—54  
Arrested and Many Injured

LONDON, Oct. 19:—Expected unemployed riots broke out here yesterday and for twelve hours the police battled with mobs estimated to have contained 10,000 persons. At last, the city was quiet again last night with police in complete control and fifty-four persons reported under arrest with a score of police and numerous unemployed receiving treatment for injuries sustained during the disorders.

Angered when prevented from staging a demonstration at the City Hall, the rioters smashed windows and looted shops in the south of the city.

Soldiers were called to the scene but did not go into action.

**IN COURT TODAY**  
Fifty men and four women were arraigned in police court today for participation in the riots and were fined forty shillings each with options of from two weeks to one month in prison.

### Aged President Of Germany Is Injured in Fall

BERLIN, Oct. 19:—President Paul von Hindenburg sustained painful but no serious injuries to his shoulder in a fall downstairs at his home yesterday. He is 85 years of age.

### TOOK HIS OWN LIFE

Verdict of Jury in Connection With  
Death of Peter Boiley at  
Lac la Hache

VICTORIA, Oct. 19:—Suicide by shooting in a fit of despondency was the verdict of the coroner's jury at the inquest into the death of Peter Boiley whose body was found in an isolated cabin at Lac la Hache recently.

### A 20-Foot Jawbone

What a job Samson would have done with this one! A 20-foot jawbone from one of the largest whales ever caught in Arctic waters was unloaded at Seattle recently, enroute to the Smithsonian Institution.

### GOLD ON ISLANDS

Rogers and Nevins Meet With Success—Gold Star Work  
Continues

MASSETT, Oct. 19:—Gold is being recovered at the Blue Jacket Mine near Massett by two placer miners, L. Rogers and T. Nevins, who have now followed a pay streak into the hill behind the mine with a 200-foot tunnel. Hand sluicing methods are used and, while the two miners have no wild dreams of sudden wealth, they are keeping financially above water and, if the pay dirt bears out the present promise, may be able to clear good wages for the winter months.

No definite new developments are reported from the Gold Star Mining Co., which has a small plant on the East Coast where at present several men are awaiting instructions to go ahead with the work. Gold has been produced from the black sand but not yet on a paying basis. The management is confident that the beach mine can be made to pay if capital sufficient to purchase the proper machinery is attracted.

Mr. Elliott, president of the company, who left here on the power boat Golden West for Prince Rupert after a tour of inspection, was non-committal but it is rumored that the new capital has been secured and a caterpillar tractor will shortly be brought up and put into operation.

### MILL IS IN OPERATION

Arthur Robertson of Massett Hopes  
For Improved Market

MASSETT, Oct. 19:—The shingle mill of Robertson and Simpson at Massett is in full operation and will put a million shingles before closing down for the winter months. According to A. Robertson, manager of the mill, business is none too stimulating but the superlative quality of these Queen Charlotte shingles is being recognized on the coast and enquiries have been received from interior points. If prices advance at all, it may result in increased sales.

Mr. Robertson states that from the first he has pinned his faith on producing a shingle that would excel anything shipped from the south and the gradual but steady growth of the business has justified the care taken in the mill.

### Missionary Is Reported Dead

SEATTLE, Oct. 19:—It was reported here yesterday that Floyd T. Henderson, a missionary from this city, had been killed by bandits in China.

### British Columbia's First Labor Battalion Provided For; Young Men to Encamp

VICTORIA, Oct. 19:—British Columbia's first labor battalion was launched yesterday when the government, by order-in-council, made provision for the segregation in camps of young men who are members of the non-permanent active militia. These men will be placed in a single camp in the University endowment lands area at Point Grey, Vancouver, under military discipline with the object of doing road work there during the winter.

### Communication Between Winnipeg and West Cut Off by Driving Winds

Section of Province is Gripped by Sleetstorm Which Wrecked  
Wires and Levelled Poles—Not so Bad in  
Saskatchewan and Alberta

CALGARY, Oct. 19:—The weather man was playing pranks over the prairies today, centering his wrath in Manitoba where driving sleet gripped a section of the province. Communication between Winnipeg and Western Canadian points was cut off by a storm which wrecked wires and levelled poles. Alberta and Saskatchewan had fairly good weather.

### ASKS ABOUT DEPORTATION

**THE UNEMPLOYED**

Now and then some member of the unemployed says or does something that sets people against them. There are among them a few habitually unemployed who do not want work and who do not care to take it if it is offered them. These are the exception. Most people in this country have been in the habit of working and they like work. They hate to be idle. Today a good many are out of luck but are looking forward to better times. Very soon we hope to see them all once more doing their bit in the building up of this country.

Men and women who have good homes and who are getting along, even if they be merchants who are living on their stock, should be glad that they are not numbered among those who look for work and fail to find it. It is up to those who are the leaders among men to devote their time and energies to devising ways and means for preventing a recurrence of such conditions as those now obtaining.

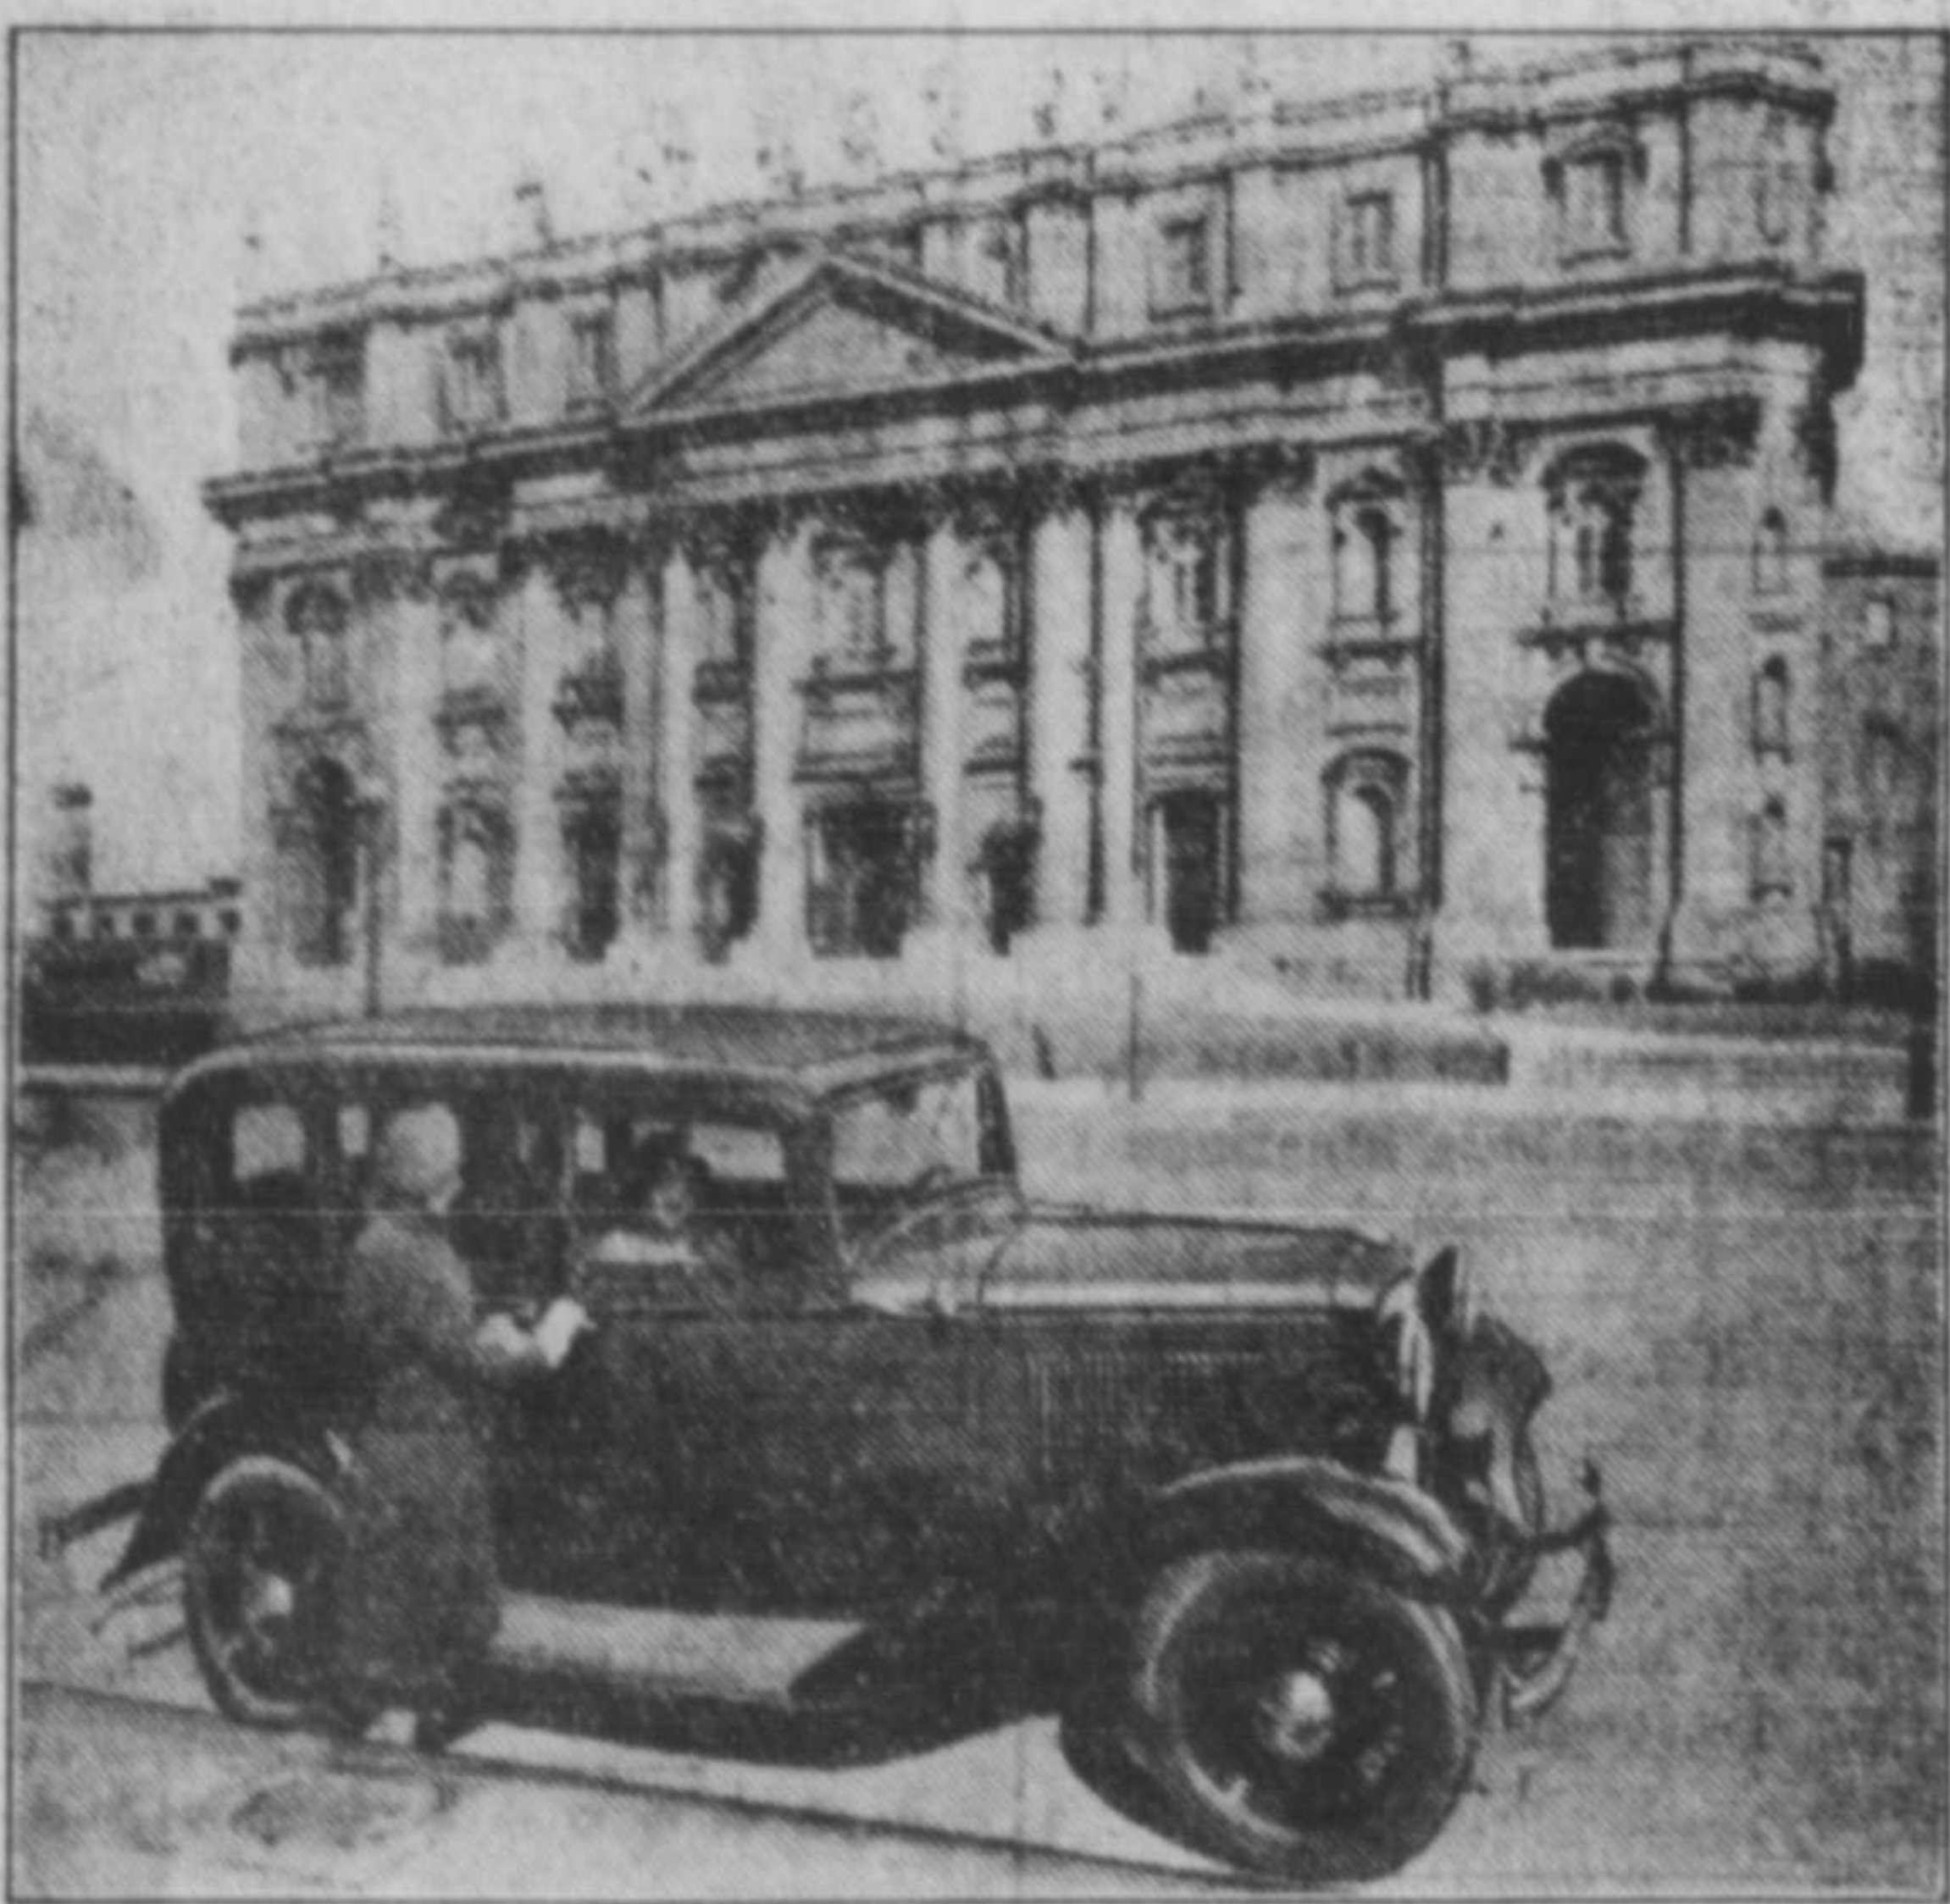

We have no sympathy with the men who talk wildly and try to mislead their fellows into actions which afterwards they will regret. We have intense sympathy with the man who is the victim of the conditions and especially with the man who is making an effort to get away from the relief payments by digging up a job for himself.

**VERY INQUISITIVE**

A Prince Rupert resident last week received a curious request from the Inspector of Income Tax. On his tax return he had entered among the rebates a sum paid as interest on a mortgage. The inspector wished to know when the loan was received and what use was made of the money.

We had always thought a person might spend his money and way he wished as long as he was not breaking the law in doing so. Now, it seems, the government officials have the right to inquire how our money was spent. Very soon we shall have them telling us how we must spend it.

**Cathedral Replica of St. Peter's**

THE Cathedral of St. James is one of the show spots of Montreal, a city which is noted for its magnificent places of worship. The edifice is an exact replica, on a smaller scale, of St. Peter's at Rome, perhaps the most noted in the world. Thousands of the devout visit the cathedral each year for worship or for study. The photo shows the facade of the cathedral, with a Ford V-8 de luxe Fordor at the curb.

**PROPOSALS FOR BRITISH COLUMBIA PROGRESS BY LIBERALS OF PROVINCE**

Following is the list of policies which the Liberal party of British Columbia, in convention at Vancouver a few days ago, pledged itself to for the betterment of conditions in the province:

**National Credit**

1. That the national credit shall be used in order to relieve taxation and unemployment.
2. That a plan of credit co-operation between national, provincial and municipal governments and the banks be promulgated to maintain constructive enterprises and the health, education and standard of living of the people at a minimum of expense to the taxpayer.
3. That a national banking system be established.

**Unemployment**

4. That nobody must be allowed to want for food, clothing and shelter and that useful public works be undertaken to this end.
5. That national contributory unemployment insurance be adopted.
6. That the department of labor encourage co-operation in industry itself for the purpose of extending employment opportunity, and that a shorter working day and shorter working week be studied in this connection.

**P. G. E. Railway**

7. That whether the P. G. E. is sold or not, operation of the railway shall be maintained.
8. That the railways minister safeguard the public investment in the P. G. E. by an aggressive policy to insure it an associate part in any railway connecting the Peace River with the Pacific Coast.

**Development of Industry**

9. That governmental effort be made to extend markets for B. C. industries.
10. That efforts be made to expand the profitable tourist industry, particularly by maintaining highways in a state of efficiency.
11. That the government make available lands in classified areas free of charge to those expressing a desire to engage in agriculture.
12. That a board representing producer, dealer and consumer be established to recommend a plan for marketing agricultural products on a basis that will make the industry capable of sustaining itself in line with other basic industries.

**Financial**

13. That municipal taxation and revenue be reviewed to the end that an equitable adjustment be made as between provincial and municipal revenues and expenditures within municipal credit.
14. That vigorous efforts be made to reduce interest charges as far as possible without impairing provincial credit.
15. That provincial taxation be revised with a view especially to increasing exemptions on small wage-earners.
16. That provincial finances be reorganized to keep expenditures within revenue.
17. That the Dominion be asked for a royal commission to adjudicate outstanding claims of B. C. for increased federal subsidy and equalization of transportation charges.

**Governmental**

18. That the Liberal leader be given a free hand to choose a cabinet solely on grounds of public interest.
19. That, in order to re-assert parliamentary supremacy, governments be not defeated except by direct non-confidence vote.
20. That compulsory registration of voters and monthly revisions of voters' lists be adopted.
21. That the Tolmie Government, having admitted its loss of public confidence, be not authorized to carry out any further major public policies and that a general election be held forthwith.
22. That cabinet offices be reduced to the minimum and representation in the Legislature be reviewed with regard to topography, community of interest and population.

**Social**

23. That educational policy be reviewed to put the educational system on sound basis, democratic in principle, and that any approach to the caste system of special privilege for the wealthy, encouraging child labor, be denounced.
24. That recent arbitrary acts of the Old Age Pensions Board on Ottawa dictation, making it difficult for eligible persons to obtain pension, be disapproved.

**General**

25. That a public utilities commission be established.
26. That a highway board, with power to lay down a program of highways for a period of years, be established.

**IN HALL OF FAME**

Pete Carrigan Makes Hole in One on Hazelton Golf Course

HAZELTON, Oct. 19.—Pete Carrigan, proprietor of the Hazelton Hotel, made a hole-in-one on the Hazelton course here Sunday afternoon while playing a tournament game in competition for the Myers and Smith challenge trophy.

Mr. Carrigan drove off with his mid-iron on the fifth hole, the ball struck the flag, 125 yards distant dropped to the green and rolled into the cup.

Bill Lloyd of the Hudson Bay Co. was playing with Mr. Carrigan and Matty Matheson was official scorer.

Mr. Carrigan finished the 18 holes with a score of 105.

**RED DEER IS TAKEN**

Three Hundred Pound Animal is Shot Near Massett

MASSETT, Oct. 19.—A large red deer, dressing out at 300 pounds, was shot in the Mackintosh meadows a few miles from Massett by two residents, E. Wingen and W. Currie. The big buck had a spread of antlers of three feet though it seemed only a four-year old. Plenty of deer have been killed since the start of the season but this is the largest known to date.

These red deer are said to be originally natives of Scotland and England, the "stags" so familiar in literature. Some were shipped to Australia and from there a few were brought to the Queen Charlotte Islands where they seem to be prospering.

**Basketball Season Gets Off to Good Start With Quartet of Fast, Lively League Encounters**

Senior League—C. N. R. A., 43; Kaien Hardware, 35. Intermediate League—Tuxis Boys, 31; Warriors, 32. Ladies' League—Cardinals, 13; Amazons, 10. Junior League—Meteors, 18; Boy Scouts, 15.

Before a fair crowd of spectators the league basketball season started with a bang last night. For the opening games, play was of a very high standard and, if the teams improve with practice, there should be a class of basketball this winter that will be hard to equal.

The senior tangle between the Canadian National Recreation Association and Kaien Hardware was a game well worth watching, the boys showing a great deal of enthusiasm although the C. N. R. A. had the best of the game from start to finish, the Kaiens flashed occasionally to keep themselves within range of the leaders. The C. N. R. A. have lost none of their perfect co-ordination which made them champions of last season. The Kaiens are playing a few of last year's intermediates. Consequently, with strange players, the teamwork is lacking. Speed and short passes won the game for the C. N. R. A., 43 to 35.

The Kaiens' defence seemed too light and their shooting lacked very much in accuracy. All the C. N. R. A. team played well and, for Kaien, Cross was a tower of strength with Unger showing up very cleverly on the forward line.

C. N. R. A.—Smith (10), Johnson (23), Stiles (8), Kelsey, Stalker (2), J. Morrison; total, 43. Kaiens—Cross (7), Mitchell (8), Irvine (8), Unger (11), Scott, Tobey (1); total, 35.

**Intermediate League**

This game turned out to be a bagful of surprises and action. In an overtime period the Warriors just topped the Tuxis, 32-31. Although play was ragged in spots, it was one of those games that kept the crowd on its toes all the time. There was little to choose between either team. All the boys seemed to have excess energy and they put it all into speed. At the end of first half, Tuxis held the lead 17 to 15 but, in the rest of the game, the Warriors were not so erratic and had most of the play.

Warriors—Wingham (12), Gillis (2), Steffenson (2), Comadina (14), Hickey, Forbes (2). Tuxis—Morrison (14), Nakamoto (13), Smith, Hanson (1), Allen, Moxley (3), Euehiro.

**Ladies' Game**

In a well fought game the Cardinals won from the Amazons 13-10. The girls are playing a much better brand of basketball and, by the middle of the season, games should be well worth watching. The Cardinals had the best team work in last night's struggle and deserved to win their hard-fought game over the last year's unbeatable Amazons. Cardinals—Lowe (2), Irvine (7), Stone (2), Gilchrist (2), Rivett, Brochu. Amazons—Boddie (4), Morris, Harvey (2), Gurvich (4), Tite.

**Junior League**

The junior game was good with some of the boys playing a class of ball fit for intermediates. There was little to choose between either team. Both played hard and energetic ball. The Meteors came out on the top end of an 18-15 score over Scouts. Meteors—Santurbane (8), Christison (2), Morgan, Allen (2), Arney, Tobey, Palmore (6). Scouts—Nelson (4), Davies (2), Viereck (6), Miller, Gillis (3).

**Support Farmers of Central B. C.**

The farmers and gardeners of Central British Columbia are making an effort to supply the Prince Rupert market with vegetables, fruit, potatoes, poultry and eggs and other products of the district.

Prince Rupert people are asked to encourage this movement by asking for Central British Columbia products whenever practicable. Co-operation in this matter encourages merchants who buy from farmers and if the farmers are prosperous it will be an encouragement for others to take up land and thus add to the buying power of the whole northern and central part of the province.

Householders can help by keeping this in mind and asking merchants for Central B. C. products whenever possible.

**TWO FINE PICTURES**

Special Double-Bill Being Offered on Screen of Capitol Theatre For Middle of Week

"The False Madonna," starring Kay Francis, William Boyd and Conway Tearle, and "The Forgotten Commandments," with Sari Maritza, Gene Raymond, Marguerite Churchill and Irving Pichel in the leading roles, are being offered on a special double screen bill for the middle of the week at the Capitol Theatre here. Either picture would ordinarily be adequate in itself for a single program feature.

"The False Madonna" tells vividly and thrillingly of the adventures of a lovely impostor who boldly masquerades as the mother of a dying boy and receives honest affection in return for her counterfeit love. A pathetic situation that wrings the heart finally exposes her deception. Yet, by courage and self-sacrifice, she obtains the romance and security that a shady career had denied her.

Highly spectacular scenes are flashed on the screen in "The Forgotten Commandments." It is a stirring, dramatic romance about ultra-modern life as contained in a present-day big city. The action of the story is fast and the sequence logical. Excerpts from the famous classic "The Ten Commandments" have been worked into the picture.

**MACKENZIE KING AND EMPIRE CONFERENCE**

Editor, Daily News:—

With regard to your editorial yesterday I think you have not grasped Mackenzie King's point. His position is that now the United Kingdom is prepared to give Canada preferential treatment he would give her a real preference up to fifty percent of the general tariff.

His opposition to the Bennett trade agreement is that Bennett has raised in many instances a tariff which is already too high in order to give the United Kingdom preferences. King would lower the general tariff while at the same time increasing the preference to the British people. His position is that unduly elevating tariff walls is bound to result in lessening Canada's foreign trade while at the same time raising the price to the Canadian consumer of the goods protected. King's position is that Canada's foreign trade is her life's blood and cannot be interfered with

without grave danger to her future prosperity. Raising tariffs will surely result in retaliation and bad feeling in foreign countries with whom we trade with a resultant loss to our foreign business.

L. W. PATMORE.

**NEW HAZELTON**

At a meeting of ratepayers of Hazelton the building of an addition to the present school house was up for consideration. It was decided that, if the government would contribute forty percent of the cost and providing the balance of the money could be borrowed at six percent, to authorize the borrowing of the balance on the credit of the school district.

Riding of the rods in this district has dwindled to zero now following the edict of the government that the practice shall be punishable by imprisonment. The itinerants are now taking to walking the ties.

Miss Henderson, Houston school teacher, was the guest here recently of Miss Jean Burns.

**CANADA Pins its Faith to BUCKLEY'S MIXTURE**

Seventy out of every 100 families in Canada swear by BUCKLEY'S Mixture for the relief of coughs, colds, bronchitis and flu. It is a time-tested and proven prescription that outsells any other remedy many times over on merit alone.

If you have a cough or a cold, no matter how stubborn or long-standing—try BUCKLEY'S. You will be delighted with the instant relief it affords. The very first sip relieves the cough, and in no time at all clears up the deep-seated congestion, soothes and heals inflamed membranes and fortifies you against future attacks.
