ATTORNEY GENERAL IS GIVEN OVATION ON HIS RETURN HOME

Hearty Reception to Hon. A. M. Manson on Arriving Here

The government dock was crowded with citizens anxious to do honor to Hon. Alex. Manson, attorney-general and member for Omineca, as the Princess Mary tied up at the dock here yesterday. As soon as she came alongside, the band played "See the Conquering Hero Comes," and when the gangplank was thrown ashore patriotic and other airs enlivened the proceedings. Men and women crowded forward to show their appreciation of the man who has brought honor to the community and to the whole of the North.

The mayor, followed by Fred Stork, M.P., Aldermen Silversides, Kelly and Collart and a number of citizens, went aboard and greeted Mr. Manson. The mayor spoke of the honor which had been done the north by the appointment of the member for Omineca. He had always been glad to welcome Mr. Manson on his return from Victoria but on this occasion he was doubly glad when he came as a minister of the crown. He assured Mr. Manson that his townspeople as well as the people of his constituency felt the honor that had been done them.

Mr. Manson, who was taken wholly by surprise, said it was only after mature consideration he had decided to accept the position. He took it as a great opportunity to render a service to the province. He now had a splendid chance to do things. If he was able after three or four years to be met with a similar welcome he would feel that public life was not so hard as it was generally said to be.

In closing Mr. Manson emphasized the need to keep public life clean.

"I thank you for the reception you have given me," he said, "and let me tell you again I am still your servant as I have been during the past few years. I am extremely gratified to see that this is not a political demonstration but that my friends of all shades of political opinion are here."

The band then started to play and the crowd escorted Mr. Manson to his office where several tunes were played.

F. G. Dawson accompanied Mr. Manson north.

ANGLICANS OPTIMISTIC FOR FUTURE

Annual Vestry Elects Officers and Makes Plans for Year.

It was with a most optimistic spirit that the annual vestry of the Church of England last night elected its officers, passed its accounts and made aggressive plans for the future, Canon Rix presiding. The reports all show progress. The officers for the coming year are as follows:

Gleigyman's warden—J. H. McMullin.

People's warden—A. E. Bazzett-Jones.

Sec.-Treasurer—E. Whitehead.

Auditor—W. T. Willott.

Lay delegates to the synod—W. C. Orchard and Mrs. Healy.

Sidesmen, the church officers and E. Day, G. A. Woodland, C. W. Horner, Sheriff Shirley, A. W. Healy, Sidney Bazzett-Jones and A. G. Rix.

The report showed that the average church attendance had risen about twelve per cent over the previous year and the financial statement showed a balance on hand of \$453.27.

Improvements.

During the year the church had been reseated and stained glass windows placed in the chancel and the church thus greatly improved in appearance. The windows had been put in by the women's auxiliary.

Notes of thanks were passed to the choir and especially to the organist, J. A. Austin, and the leader, J. S. Davie, who freely gave their very efficient services; to the Sunday School superintendent, A. W. Healy and his staff of teachers and to the most energetic women's auxiliary with its efficient president, Mrs. McGoskie, its secretary, Mrs. P. Groves, and its treasurer, Mrs. Philipott.

URGE MAYOR GO OTTAWA

City Council Decides Stand Expenses of One Member Board of Trade Delegation.

The city council has named Mayor Rochester as the civic delegate to go to Ottawa with the Board of Trade delegation at an early date and has decided to stand the expenses of one delegate. This was the answer which was received by D. G. Stewart and S. E. Parker, members of the Board of Trade, who appeared before the council asking that the mayor be sent as a delegate and that a grant be made towards the costs of the delegation. In case the mayor is unable to go he is to name a substitute. A resolution to this effect was moved by Ald. Dybshavn, seconded by Ald. Collart and carried unanimously.

DAILY EDITION

TUESDAY, JANUARY 31, 1922.

Welcome Given**Hon. A. M. Manson.**

The welcome extended Hon. A. M. Manson by the citizens of Prince Rupert yesterday must be taken as an indication of the personal regard in which the people here hold the new attorney-general and of the appreciation by the people of the action of the government in recognizing the constituency of Omineca, the sister constituency to that of Prince Rupert in Northern Central British Columbia. It gives the North a double representation.

Until the appointment of Mr. Manson the whole of the North country was ably and well represented by Hon. T. D. Pattullo, minister of lands, but he was only one. While his influence in the cabinet was as great as that of any other member, if not greater, yet he was alone there with no colleague representing a district farther north than Nanaimo. Now the northern influence is doubled by the addition of the representative of Omineca.

No Politics in Demonstration.

There was no politics in the demonstration to Mr. Manson yesterday. There were people present of all shades of political opinion. The mayor, who is usually looked upon as a Conservative in politics, rose to the occasion and showed himself to be a man with a wide outlook who could sink all party differences and extend the welcome of the whole city to one of her prominent sons, no matter what his political opinions. His welcome to Mr. Manson was wholehearted and such as would become the head of a city of promise such as this. Prince Rupert will be known abroad by the character of her citizens. It has often been claimed that there are here men and women who compare favorably with any other part of the Empire, and it must be a source of civic gratification that the world is beginning to recognize the fact and that there are now two men from the North who hold most prominent places in the government of the province.

Support Until Proved Unworthy.

Now that the North is well represented in the provincial cabinet, it has been suggested by citizens that carping criticism of our representatives shall cease and that we all stand by them. Being human they must sometimes make mistakes and they must make enemies if they are men of strong opinions, as they should be. At the same time while they hew to the line of sound statesmanship they should receive the support of all good citizens, Liberal, Conservative or any other party. When the next election comes, if it is found that they have not measured up to the Prince Rupert standard, that will be the time to show them that others might do better. Politics, it is hoped, will be a thing of the past for the next few years so that industrial development may be carried on unhindered by political influences.

Sir Ernest Shackleton, Intrepid Explorer.

Everyone will regret the death of the explorer, Sir Ernest Shackleton. The British people love an adventurer. The Empire was founded on adventure by adventurers and the spirit of adventure still burns in every breast. Sir Ernest was a representative of the race. He was a big man of his type and the eyes of the world were watching him. His sudden death caused general regret that life so full of the romance of adventure and so typical of the feelings of the people, as a whole should be cut off so suddenly and in such a commonplace manner. It is a matter for gratification that Sir Ernest chose men to aid him of such calibre that they could continue the work which he has commenced.

Next the Prince Rupert Hotel**BOARD OF WORKS HAS CHOSEN INCINERATOR SITE THIRD AVENUE**

Ald. Kerr, chairman of the Board of Works, reported at last night's council meeting that his committee had selected a site for the proposed incinerator on Third Avenue East just below and somewhat west of the Isolation Hospital. He stated that the site was a very suitable one from the point of view of unloading garbage and removing ashes and the heat generated might possibly be used for the general hospital, thus effecting a saving to the board of some \$3,000 per year. Ald. Montgomery added that it might also be used for the heating of water in a civic swimming tank at some future date, this being a very favorable location for such a tank.

The Board of Works will submit a report embodying this recommendation at an early meeting of the council.

MAYOR IS NOT YET ADVISED REGARDING NEW RELIEF SCHEME

Questioned by Ald. Kelly at last night's council meeting, Mayor Rochester stated that he had not yet been given official advice as to the extended participation of the Federal Government in relief work as reported in last week's telegraphic press reports.

Ald. Kelly suggested that the new scheme, whereby permanent work can be done with the government co-operation in the costs be put into effect as soon as possible and requested the mayor to take the matter up at once. In the meantime the mayor will confer with the local provincial employment authorities.

There was considerable discussion on the matter and it was pointed out by Ald. Perry that the present sanitary state of affairs in this section of the city was anything but good. The people there were entitled to better provision. Ald. Kelly and Ald. Silversides were in favor of a permanent sewer unit if such could be managed, the former stating that the septic tanks now in use in various parts of the city were absolutely a failure and were in fact a menace. He pointed to Westview as an example. There were several septic tanks there and the condition was even worse than in the vicinity of the Booth School.

REORGANIZATION OF DEPARTMENT

City Engineer to Be Building Inspector and Sanitary Inspector and Supt. of Works.

The city engineer's department in the City Hall is to be so reorganized that Harry L. Landry, present building inspector, and W. R. Martin, sanitary inspector, will no longer be officials and last night the council passed a recommendation from the Board of Works giving these posts together with that of Superintendent of Public Works officially to the City Engineer who is to be solely in charge of and responsible for all outside work of the city with the exception of that of the electric light, telephone and fire departments. The engineer will take up his duties under this plan on and after March 1 and Mr. Landry and Mr. Martin are to be given notice to that effect. The action does not necessarily mean that these men will lose their posts as employees but that they are to be on a new status directly responsible to the engineer where before they were only responsible to the council. Officially, they will simply cease to be.

Made Unanimous.

The proposal was discussed fully in committee of the whole. Ald. Kelly could not see where the action would make any change in the conduct of affairs and asked for a week to consider the report and accordingly moved that it be laid on the table for that time. This view was not supported by the rest of the aldermen and the motion, in the nature of an amendment to another recommending the adoption of the report, was lost. Ald. Kelly being the only one voting for it. The original motion was then carried and the mayor was instructed to cast a unanimous ballot, in compliance with the rules of procedure, appointing the city engineer to the three official posts.

BOOTH SCHOOL SEPTIC TANK

Ald. Perry's Motion for Estimates Linking Hays Cove Residences, Goes to Board of Works.

ENGINEER SAYS SEPTIC TANKS NOT FUNCTIONING

Ald. Perry's motion that the city engineer be instructed to prepare estimates for the linking up of residences on Hays Cove Circle and Fourth, Fifth, Sixth, Seventh and Eighth Avenues east of Green Street with the Booth School septic tank was last night referred by the council to the Board of Works for consideration and report, the alderman stating that he would keep after the question until some action had been taken by the Board of Works.

There was considerable discussion on the matter and it was pointed out by Ald. Perry that the present sanitary state of affairs in this section of the city was anything but good. The people there were entitled to better provision. Ald. Kelly and Ald. Silversides were in favor of a permanent sewer unit if such could be managed, the former stating that the septic tanks now in use in various parts of the city were absolutely a failure and were in fact a menace. He pointed to Westview as an example. There were several septic tanks there and the condition was even worse than in the vicinity of the Booth School.

Not Functioning.

"It may be surprising to many," qualified City Engineer Whittaker, "but there is not a single septic tank in this district that is functioning properly. They should be equipped with alternating filters." The city engineer said that he would, of course, prefer permanent sewers where possible but that temporary provision could well be made in the locality in question.

The city is to call for tenders for a 10 by 10 foot air compressor which will be used for rock work on the streets. It will be a portable machine and will cost in the neighbourhood of \$500. The council adopted a report from the Board of Works to this effect last evening.

Ald. Morrissey's report was again discussed in the council last night, particularly a clause proposing to dispense with the services of M. J. McNeill, Superintendent of works. Mr. McNeill demanded that decision be deferred until the return of Col. Davis, city engineer, and the council carried a motion to that effect.

The city council last night considered the matter of establishing an isolation hospital. Two sites, one on the Cemetery road and another near Hays Creek are to be inspected.

The sunken tug Glen Rosa has been brought to the surface and now lies in Hays Creek. There are signs of a sad struggle for life but nothing is to be seen of Captain Tallander and his son who are believed to have been drowned when the vessel sank.

Under the auspices of the L. O. D. E., Colonel Forster will give an address in the Church of England on Tuesday evening at 8 o'clock. All members urged to attend. Adults and High School students cordially invited.

Tenders are to be called for by the city for the removal of rubble and further excavation at the Smith Island quarry, a report from the Board of Works recommending this having been adopted at last night's meeting.

A deputation from the unemployed was to have met the city council last evening but they did not put in an appearance. There was a question to be placed before the board which, it is understood, was settled just before the meeting.

Ald. Perry reported at last night's council meeting that his motion calling for reduction of light and power rates, of which he gave notice recently, is being held back until the December reports and accounts of the electric light department have been completed.

Mrs. H. E. Tremayne, accompanied by her two daughters, Misses Frances and Audrey Tremayne, returned yesterday to the city after having visited at Vancouver and Victoria. In the capital they were the guests of Mr. and Mrs. James Foreman, Terrace Avenue.

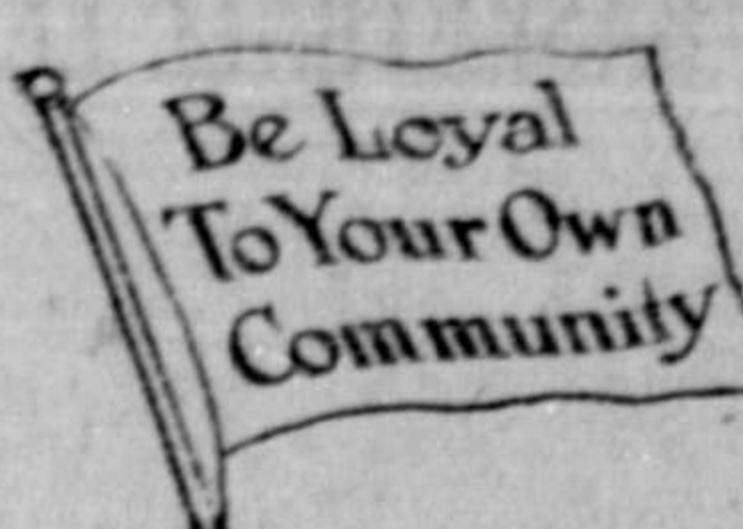

Permission was granted Elias Enam by the city council last night to put in a basement entrance to his block on Third Avenue, using an area of the city street below the sidewalk to do so. The matter has been approved by the city solicitor and the usual agreement with the corporation will be entered into.

DONATION OF LIGHT IS RECOMMENDED FOR BASKETBALL LEAGUES

A report from the Utilities Committee recommending that the Basketball Association be made a donation of a portion of its electric light bill at the Agricultural Hall, was sent back by the council last night to the committee for more definite recommendation. The consensus of opinion of the aldermen seemed to be in favor of the grant being made but a more definite recommendation setting out the exact proportion of the bill to be donated was desired.

The matter came up as a result of a letter from W. E. Williscroft, president of the Basketball Association, to G. C. Perry, chairman of the Utilities, asking that a flat rate be granted for the games, and practices in view of the fact that the finances of the Association were in none too good shape and the public was not giving proper support in the matter of attendance at games. Mr. Williscroft pointed out that of the 414 players using the hall, sixty percent were school children.

The committee in its report felt that a precedent would be created by granting a flat rate, so recommended the donation of a part of the bill. Ald. Perry intimating that the account during the winter months ran as high as \$40 a month.

SEATTLE LOSES HOCKEY BATTLE

After Valiant Fight and Five Minutes Overtime Vancouver Wins.

VANCOUVER, Jan. 31.—Seattle put up a valiant fight to win second place in the Pacific Coast Hockey League and only just missed when Vancouver secured a three to two victory after five minutes overtime.

During the first 45 minutes of the game nobody had a chance to play hockey in the rush and tangle of checking, passing and general shinney stick tactics. Good humor prevailed and only one penalty was given by the referee.

WANDERERS GET GOOD START IN BILLIARD TOURNEY WITH ELKS

The Wanderers are on the way to a good victory in the Trail Club shield tournament with the Elks for in five games out of the six played last night they are leading by 997 to 837 having lost but three points of the possible.

Following are the scores of the games played:

S. P. McDermie (Wanderers), 200; G. Melmoyle (Elks), 161. E. Stephens, 200; B. McEvoy, 151. R. H. Shockley, 200; J. H. Pillsbury, 132. W. J. Nelson, 197; E. Green, 200. W. J. Hemmings, 200; W. Balagno, 193.

JUNIOR BILLIARD COMPETITION WILL COMMENCE THURSDAY

A Prince Rupert junior billiard competition is to commence on February 2 when the St. Andrew's and Maple Leaf teams will meet. Four teams, the St. Andrew's Maple Leafs, Excelsior and Beavers, have already been entered and more are expected. The schedule will appear later.

The following are the lineups of the two teams which will meet in the first games:

St. Andrew's—W. Duncan (captain), R. Arthur, Jr., Don Graham, Elmer Smith, W. Lambie and W. Hamilton.

Maple Leafs—Sam Howe (captain).

Nervous Breakdown Couldn't Sleep Nights.

To those on the verge of a nervous breakdown the following symptoms present themselves: nervous headaches, a feeling of depression, fitful, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected, too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

This you will find in

DEMPSY MATCHES BEING ARRANGED

NEW YORK, Jan. 31.—A match has been arranged between Jack Dempsey and Bill Brennan at New York on March 17 in a twelve-round bout. Brennan has been knocked out twice by Dempsey. Plans for match between Dempsey and Wills are still going forward.

Organization for soccer in this summer is already under way and clubs that are not actually lining up their players are at least thinking of doing so. The Callies seem to be the earliest on the job and already have plans for a new, reorganized and strong aggregation of players. Their lineup, it is understood, will present some young blood and players who have never before appeared on the local field. The other teams, Sons of England, Sons of Canada and Great War Veterans, will have some of the best of last year's men together with new recruits. There will also be some changes from the lineups of last year and several of the old players, it is understood will appear under different banners.

Two Intermediate League games and a Junior League match will comprise the basketball program at the Agricultural Hall this evening. The Knights of Columbus and the Sons of Canada will meet and also the Elks and Colts in the Intermediate League. The former should be a good game for the two teams are yet competing for second place. In the Colts vs. Elks game it will be surprising if the latter win but surprises sometimes happen. The Tiny Tims and Dry Docks will mingle in competition for leadership in the Junior League, the former team only requiring to win this game to tie up the standing.

So far this season there has been much to be desired in the matter of attendance at the league basketball games at the Agricultural Hall. This valuable winter sport has not been receiving the support of the hands of the public which it is entitled to. At that it would be well worth anybody's time to go up and witness some of the matches that are being put on, besides helping the good cause of sport, which this place is so badly in need of, there are also quite a few thrills to be seen. If the fans would catch some of the enthusiasm that exists among the players there would be no need to appeal for attendance.

The annual meeting of the Telkwa Athletic Association was held last Thursday evening and a good gathering of athletes and interested citizens were present. A report from the treasurer showed a credit balance in the bank. Officers were elected as follows—President, W. Armstrong; secretary-treasurer, O. H. Wall; executive committee, T. M. Owens, J. J. McNeil, E. M. Hoops; manager of the baseball club, O. A. Reigle; home umpires, Ovens and Boyle; manager football team, H. Miller. A resolution was passed recommending that the Northern League affiliate with the B. C. Amateur Association. The association has decided to hold a dance in the hall on March 1 and efforts are being put forward to make it a great success.

DOUBLE PLATOON SYSTEM ADOPTED

Will Be Inaugurated in Local Fire Department Providing It Is Approved by Underwriters.

The city council last night decided to adopt the double platoon at the Fire Hall with the addition of one man to the force, providing the selective meets with the approval of the Board of B. C. Underwriters. Notice of motion to this effect was given by Ald. Perry some time ago, and after some discussion last night, the resolution was seconded by Ald. Silversides and carried. Provision for the change will be made in the 1922 estimates.

Ald. Byhavon felt that the matter should be threshed out in the Utilities Committee. He did not want to block the scheme and was not opposed to it but he understood that if it were adopted there would be but four men on day duty and three at night at the Fire Hall. "Was that a safe condition in which to leave the city, especially at night?"

Favorably Recommended. Ald. Perry explained that the matter had been thoroughly gone into in committee in 1921 and had been favorably recommended by last year's council to the 1922 board. It had also been favored by the mayor on his return from the Union of B. C. Municipalities convention. There could be little further gained by dealing with the matter again in committee.

Mayor Rochester said that all he wanted to be sure of was that it was legal and that the Board of Underwriters would be satisfied.

Fire Chief McDonald, who with Firemen James Parks and Rod Morrison was in attendance, said that he could not speak as to the attitude that would be taken by the fire underwriters. The system would only be successful if the men who were off shift could back it up and be ready to be on hand if an emergency arose. At the present time there were four or five men in the hall at nights and under the double platoon system there would continue to be four including himself.

"Would you consider three men on the night staff besides yourself sufficient?" asked Ald. Byhavon.

"No, I can't say that it would

"Do you think that you get an effective response at nights from the firemen off duty?"

"I could not say."

Ald. Perry suggested that alarm bells could be installed in the homes of all the firemen.

Fireman Morrison stated that at the present time there were only three men remaining in the hall at nights besides the Chief and there would be the same with the adoption of the double platoon system.

Finally it was decided to put the new system in effect pending the approval of the Board of Underwriters is obtained.

New System.

The double platoon system simply means that there will be two shifts at the Fire Hall in place of the present 24 hour duty of all firemen. The addition of one man will make seven members on the force headed by the chief. On day duty there will be four men from 8 a.m. to 4 p.m. and on night's, three men from 6 p.m. to 8 a.m. The shifts will change every five days.

BOOTH SCHOOL IN BAD SHAPE

City Council Requests School Board to Put It in Sanitary and Proper Condition.

A report of the board of works recommending that the school board be requested to see to it that the Booth Memorial School be put in proper and sanitary condition and that the city engineer, medical health officer and the medical health officer of schools make an inspection and bring in a report, was adopted by the city council at its meeting last night. The report followed an inspection made on January 22 by the members of the board of works when it was found that the walls and ceilings of the school were wet, stained and corroded and, in their opinion, continued occupation would have a deterrent effect on the health of the children.

Questioned Authority.

Ald. Byhavon stated that he was in accord with the Board of Works in its recommendation but he questioned if the council had direct jurisdiction over the school board in the matter. He thought it would be good policy to await further reports of the medical Health Officer and the City Engineer.

Ald. Kerr said that the rooms in the school were not fit for the children to sit in. The committee had thought that it was best to bring the matter before the council at once.

Ald. Montgomery said that the Board of Works was also the Board of Health and there was sufficient reason to bring this report.

His own children attended the school and they had colds now where they never had them before. It was due, no doubt, to the condition of the school. He would support a ban on the school if the health of the children was endangered.

City Engineer.

City Engineer Whittaker reported that he, the medical officer and the school doctor had made an inspection and they felt that all complaints in regard to the building had been justified.

He would, however, like to wait until a rainy spell came so that further tests could be made.

Alderman Silversides felt that the report should be tabled for a week.

Mayor Rochester said he could see no harm in adopting the report now. The sooner the remedying of the condition was started the better.

Ald. Kelly stated that weather conditions had made it impossible to put on the waterproof paint which had been proposed.

Ald. McLeod said that when

COUNCIL TURNS DOWN PROPOSAL SWIMMING TANK BOOTH SCHOOL

A report from the board of works turning down the request of the School Board and Rotary Club for financial assistance in putting in a swimming tank at the Booth Memorial School was received and adopted by the city council last night.

The reasons given for this action were that the location was not suitable, the proposed tank would be of inadequate size, the ability of the school heating system standing the demand of the tank was questionable, and no specifications or plans had been

FAULTY MATERIALS DISCOLOR THE LINEN

Canadian Steam Laundry Congratulated Upon Knowledge of Laundry Supplies.

Discolored linen is a source of much annoyance to many people who send their washing out to be laundered.

This discoloration is the result of faulty materials or methods. Happily, our patrons do not complain of this serious defect in laundry service.

The following reply to our inquiry regarding this condition may indicate the reason our patrons have no complaints on this score.

Dear Sir:

We are referring your letter of January 12th direct to Dr. Shupp, Mellon Institute, Pittsburgh, and you will hear from him.

Your letter shows that you thoroughly appreciate the importance of a knowledge of the supplies used in laundering.

You are to be congratulated on this fact, because there is no single item connected with the laundering process that has any greater importance than this. In fact, there are many who think that it is the most important subject for the laundryowner to understand.

Yours sincerely,
LAUNDRIES' NATIONAL ASSOCIATION.

Your linen is worthy of the best treatment. MAY WE SERVE YOU?

**FIFTEEN BOILS
 ON NECK
 AT ONE TIME**

Anyone who has suffered from boils can sympathize with poor old Job.

There was no Burdock Blood Bitters in those days, so Job had to end his silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just where you get rid of one, another seems ready to take its place and prolong your misery.

All the poulticing and lancasing you may do will not stop more coming.

What you have to do is take

BURDOCK BLOOD BITTERS

and the blood will be cleansed of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I. writes:—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 45 years B. B. B. has been manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

STEWART

A New York group has purchased the one-third interest in the B. G. Silver Mines owned by Grant Mahood and O. B. Bush, the consideration being \$100,000. This group adjoins the Premier Mine. The remaining two-thirds is controlled by the Selquist Gold Fields, Limited, of South Africa, which owns one-third and has an option on the remaining third.

H. E. Scovil, local road foreman, is in receipt of advice from H. F. Kerzin, M.L.A., that the government has decided to put in a permanent bridge over Bear River in place of the one which went out in the floods of last fall. Construction is to start about February 28 and the cost will be about \$20,000.

The contract for the hauling of ore from the lower terminal of the Silverado tram has been let to the Hyder Transfer Co. The tram was tried out for the first time last week and was found satisfactory. Regular shipments will commence at once.

H. D. Gillis and A. Barnes left on Saturday for a three months trapping expedition into the Nass Valley.

The death occurred at the Stewart Hospital on Wednesday of Thelma Scott, youngest child of Mr. and Mrs. H. J. Scott, Hyder. The funeral took place on Thursday, W. H. Watson officiating.

Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such upbuilding treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerve right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system completely, relieving the pain in my head."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co. Limited, Toronto.

HAZELTON

Mr. and Mrs. F. Roche and daughter, Miss Marie Roche, who have lived in New Hazelton some seven or eight years, returned last week to their old home in Prés la Gare, Grans, France.

Rev. Mr. Parsons, of Terrace, preached in the new Methodist Church here last Sunday.

The annual meeting of the patrons of the Hazelton Hospital was held last Thursday night. R. S. Sargent, A. A. Connon and James Turnbull were elected to the board as representatives of the patrons. The statement of receipts and expenditures showed a debit balance of \$422.80.

The new Union Church here was opened last Sunday. Rev. H. C. Wrinch, Rev. James Evans and Rev. J. R. Hewitt taking part in the ceremonies. On Monday evening social those taking part in the program being Mrs. Willoughby Batten, Dr. Wrinch, Miss Smith, R. Langlands, Rev. James Evans and Mr. Hale.

Miss Bligh, superintendent of the Hazelton Hospital, has accepted a similar position at Penticton and expects to leave here about February 15.

W. Blackstock is making a snowshoe trip from here to Atlin over the telegraph line and expects to be back about April 1.

PRINCE GEORGE

School estimates for the year 1922 call for the expenditure of \$25,335. This estimate covers provision for the staff of nine teachers.
