Ten Thousand Irish Ready to Fight POSSIBILITY OF CONFLICT OF INTERESTS IN LOCAL PROJECT

Hon. Winston Churchill Says Britain Will Employ Measure of Force to Deal with South

BELFAST, May 31.—All thoughts are today turned to the border situation where 10,000 Republican soldiers are said to be massing for open warfare. The Ulsterites were compelled to make a strategic withdrawal from the Belleek salient which was promptly occupied by Republicans who are consolidating their position for an attack. Wild stories are going the rounds of large groups of British military landing in Ulster while warships patrol the coast line. Damage from incendiary fires has reached \$500,000 while the casualty list from sniping is mounting high.

GALLAGHER IS ACQUITTED OF MURDER CHARGE

Second Trial Frees Man After First Had Convicted Him With Death Sentence. CALGARY, May 31.—J. F. Gallagher, charged with murdering J. G. Coward at Carbon, Alberta, last September, has been acquitted by a jury. This was the second trial. In the first the jury found Gallagher guilty but he was granted a second trial three days before the date on which he had been sentenced to hang. The appeal was granted on the plea that the presiding judge in the first trial had misdirected the jury.

POACHING BOAT WAS RELEASED

In View of Circumstances, Johanna is Given Lenient Treatment by Admiralty Court. The fishing schooner Johanna, which was captured by the Fisheries Protection cruiser Malaspina off Tuft Island, Q.C.I., on May 6 when fishing within the three mile limit, has been released by the Admiralty Court. The necessary Canadian duty has been paid and the papers covering Canadian registry are being prepared. In future the boat will be operated by John Wick and Chris Olsen, two Canadian citizens. The Admiralty Court took a lenient view of the Johanna's case for the vessel, although registered in an American port, namely, Paulsboro, Washington, was manned and operated by Canadians.

GERMANY ADOPTS UPPER SILESIAN AGREEMENT PACT

But Action of Reichstag in Doing So Does Not Seem to Meet with General Approval. BERLIN, May 31.—The Reichstag has adopted the German-Polish agreement on Upper Silesia which recently concluded at Geneva. The People's Party and the Communists voted against ratification and the entire city is today draped in black crepe and flags are flying at halfmast as indicative of the general disapproval. Love forms the plot of many a play.

Prevent Republic. LONDON, May 31.—Rt. Hon. Winston Churchill asserted in the House of Commons today that the agreement reached last Saturday between the political factions in South Ireland strikes directly at the provisions of the Anglo-Irish treaty. He declared that, if it became necessary, British troops would prevent the establishment of a republic in Ireland. "In the event of a republic being set up," he said, "it is the intention of the British government to hold Dublin as one preliminary and essential step towards military occupation."

Draws Gloomy Pictures. LONDON, May 31.—Britain will tolerate no republic in Ireland and if the terms of the Anglo-Irish treaty are not carried out the government will resume the liberty to act in taking back the power conferred on the provisional government and in re-occupying territory evacuated. This declaration was made today in the House of Commons by Rt. Hon. Winston Churchill, Colonial secretary, in speaking on the Irish situation. The minister drew a gloomy picture of the state in which Ireland finds herself today but dealt sympathetically with the plight of the provisional government and detailed at length reasons that had been conveyed to him for the recent agreement between Griffiths and Collins and Eamonn de Valera, the Republican leader. He vigorously deprecated the pact as striking directly at the treaty which would be broken if the four Republicans, who were to be taken into the Irish government following the forthcoming elections, refused to sign a declaration of adherence to the treaty. Mr. Churchill frankly admitted that British troops were held in Dublin as a preliminary step to military operations if these became necessary.

Invited to Confer. BELFAST, May 31.—Sir James Craig and Lord Londonderry are leaving tonight for London to confer on the Irish situation. They have been invited by the British government.

NORMAL STUDENTS. Several Return Home From Vancouver After Completing Course and Qualifying as Teachers. Several normal school students returned home today from Vancouver after completing their courses and qualifying as teachers in the schools of British Columbia. In the party were James Mitchell, Miss Caroline Mitchell, Miss Helen Morrison and Miss Ruth Rix.

Mr. Mitchell has completed his course in the University of British Columbia and is needing only a supplemental examination to give him his B.A. degree.

DERBY WON BY CAPTAIN CUTTLE.

EPSOM, May 31.—The Derby was won today by Captain Cuttle. Lord Astor's Tamar was second and B. Walker's Craigen-Gower, third. Thirty horses started. The betting on Captain Cuttle was ten to one against, Tamar ten to one and Craigen-Gower twenty to one. Captain Cuttle won easily by four lengths. Three lengths separated the second and third horse, Psi, Louis, the favorite, was close up finishing fifth and Pondoland who was an early favorite in the betting made a poor showing. Captain Cuttle is owned by Lord Woolvington. The time of the winner was 2 minutes and 34 3/5 seconds for the mile and a half.

BUILDING PERMITS FOR MAY \$21,000

Figure For Past Month Shows Healthy Increase in Ordinary Building. Twelve building permits issued during the month of May by the city building inspector totalled \$21,000 in value. The figure shows a healthy increase in ordinary building over May of 1921 and last month.

MAKE BALL DIAMOND READY FOR VISITORS PLAY OCEAN FALLS

Gang Arrived at Paper Town Yesterday to Prepare Sports Field For Season's Games. OCEAN FALLS, May 31.—A gang of men arrived here yesterday to commence work on the construction of the new baseball diamond which has been planned for some time past. The present ground is rough and sloping and a great deal of work will have to be done to lick it into shape. As soon as the grounds are finished it is hoped to stage games with Prince Rupert and Anyox and any other northern teams that can be induced to compete. There is material here for a good local nine and also a lacrosse team could be mustered to play against Prince Rupert.

JIMMY MURPHY MAKES RECORD

Won Indianapolis 500-Mile Race at 94.48 Miles an Hour—Hartz and Hearne Runners Up. INDIANAPOLIS, May 31.—Jimmy Murphy, of Los Angeles, won the 500-mile automobile race here yesterday before a crowd of 135,000 people. His time was 5 hours, 17 minutes and 30 seconds or an average of 94.48 miles an hour, the world's record for the 500-mile distance. It was also the first time in the history of the event that the winner led from start to finish. Murphy collects \$35,000 in prizes. Harry Hartz, also of Los Angeles, was second, ten miles behind Murphy. Eddie Hearne was third.

GRAND TRUNK WILL NOT ADMIT UNION MEN TO CONFERENCE

MONTREAL, May 31.—The Grand Trunk Railway has declined to concede to the representation of three railway brotherhoods at negotiations which opened today concerning the revision of working rules applicable to employees outside in the running trades and shop mechanics.

ADDRESS WILL BE GIVEN I. O. D. E. ON IMMIGRATION

Tonight Delegates to Vancouver Convention Will Cruise up North Arm and Have Dinner Wigwam Inn

VANCOUVER, May 31.—At the morning session of the National Chapter, Imperial Order Daughters of the Empire, convention of today the National Budget was discussed and the committee on constitution made its report. This afternoon, Russell Walker, of the Vancouver Province staff, gives an address on immigration to be followed by a discussion. Election of councillors will then take place. This evening the delegates will be taken for a cruise up the North Arm and dinner will be served at Wigwam Inn by invitation of the Municipal Chapter of Vancouver. Election of officers for the year will take place on Friday afternoon.

SCHOOL BOARD WILL RECEIVE COX REPORT

Special Meeting Called for Today Following Return of Architect This Morning

There will be a special meeting of the board of school trustees today to deal with the report of A. A. Cox, consulting architect who returned from Vancouver this morning, on the reconstruction of the Booth Memorial School. There will also be a report from J. W. Potter, supervising architect, but as this will not be a regular meeting there may be no other business dealt with. Resignations of teachers to be effective at the end of this term should be in by tonight, but none have yet been formally received by W. D. Vance, secretary, or Superintendent Campbell. Some are expected, however.

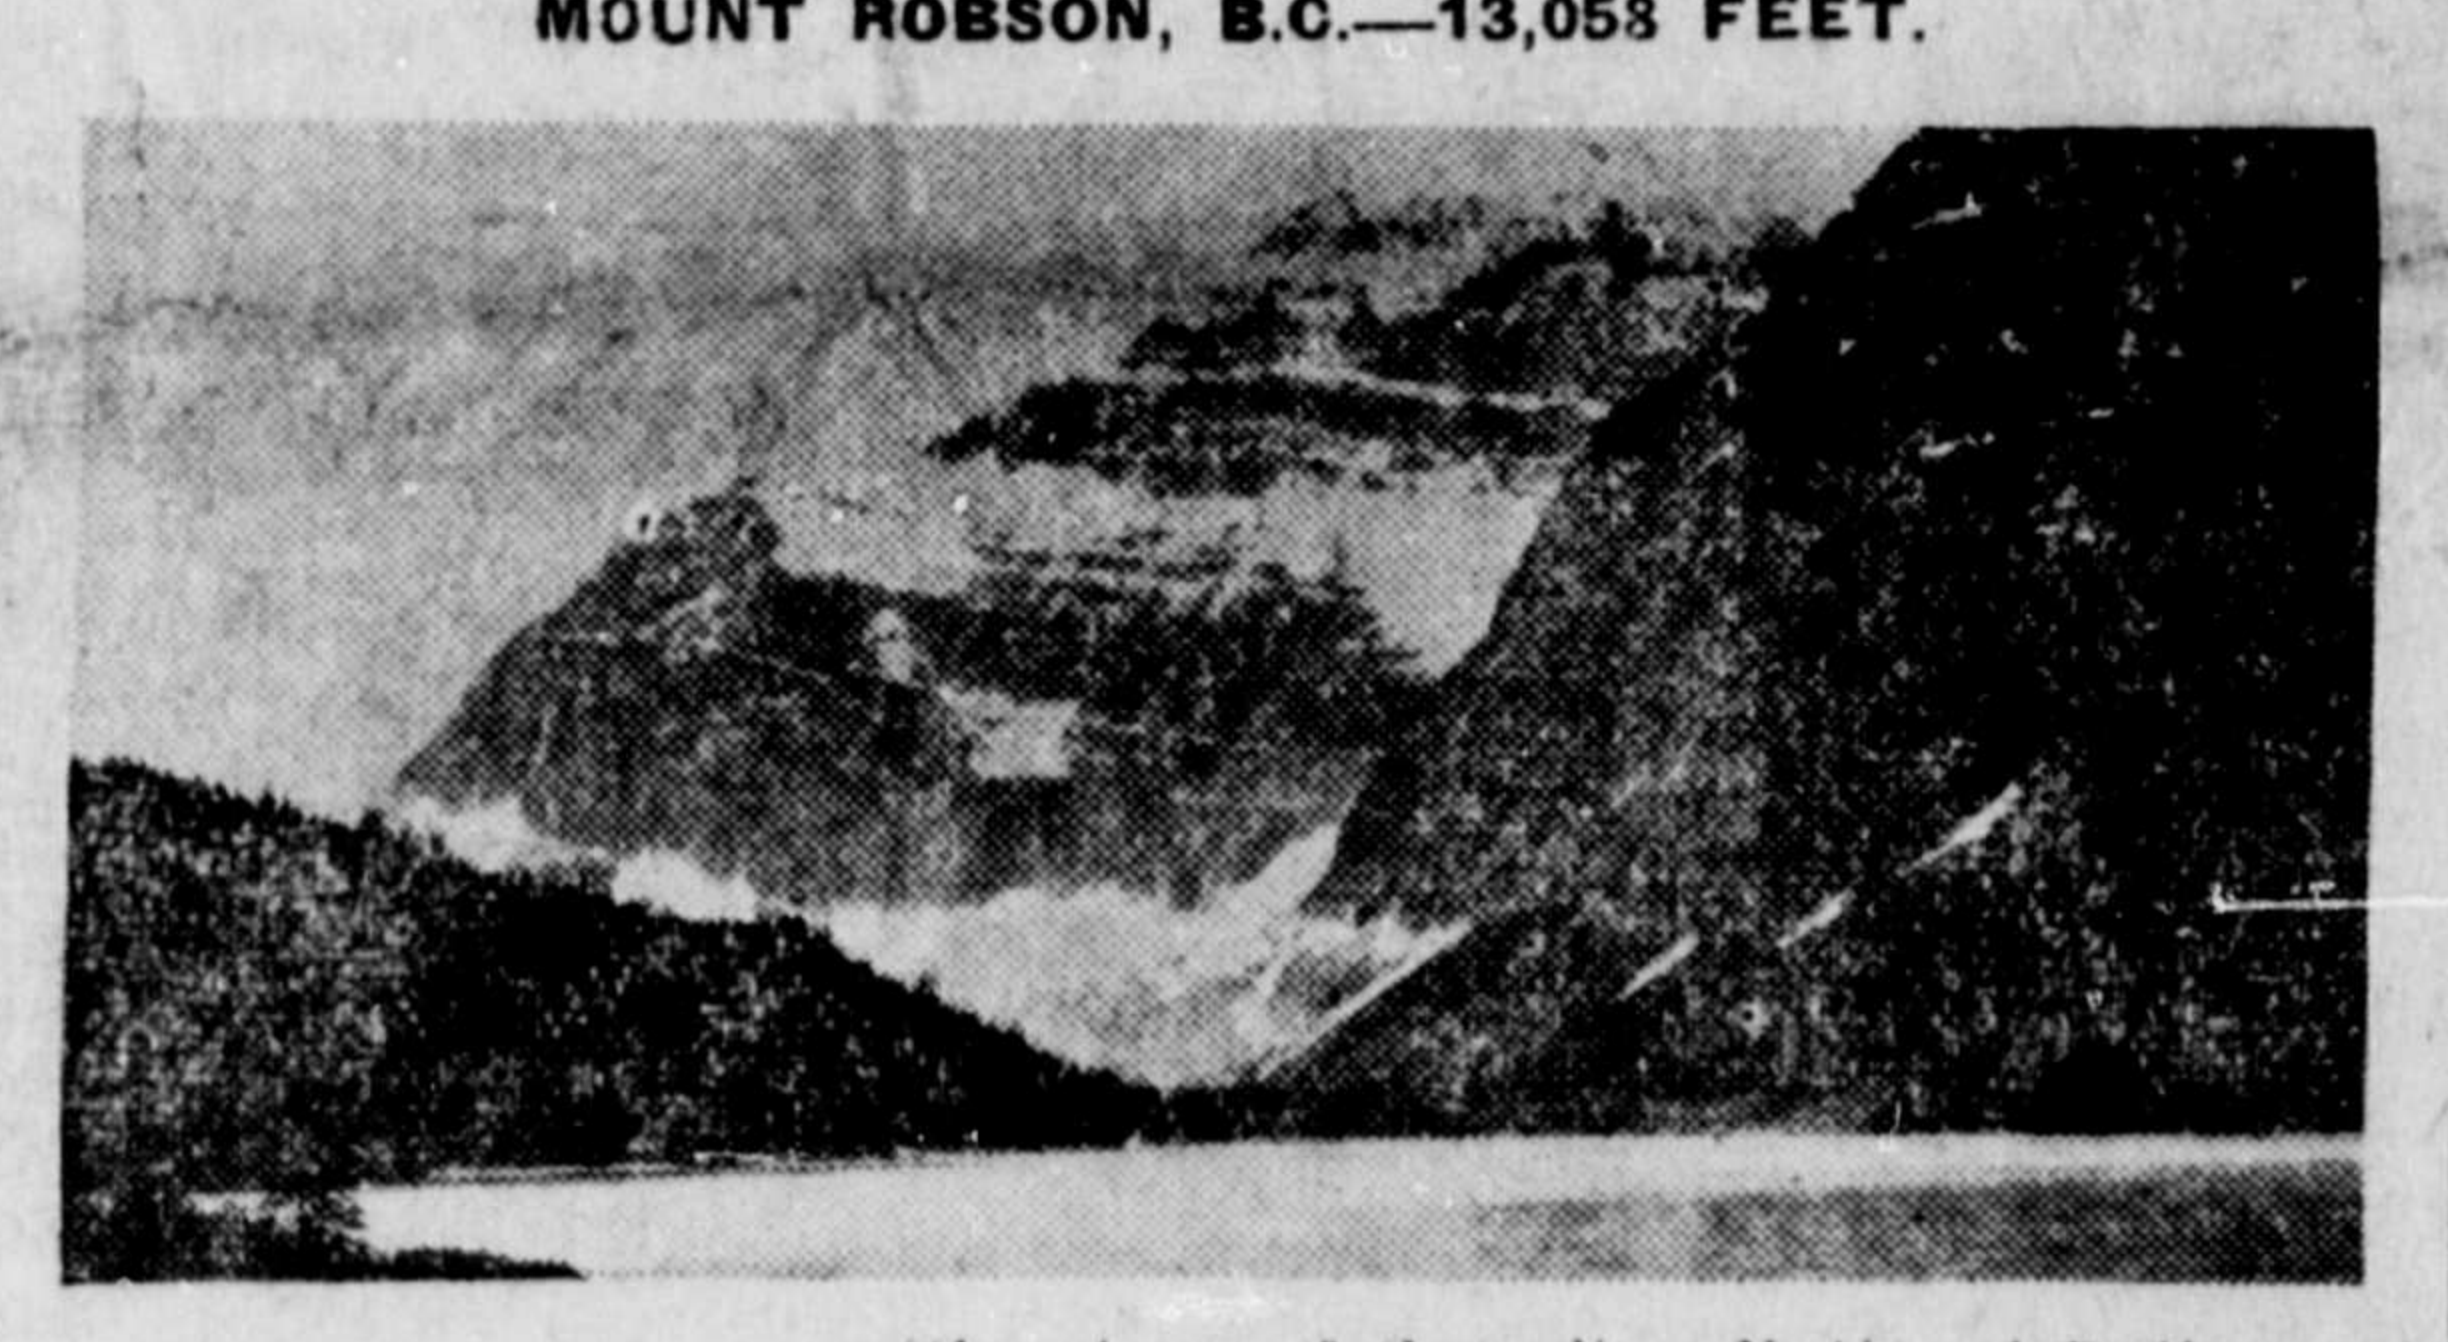

Outlook For Prince Rupert Pulp And Paper Mill at Present Time Does Not Look Very Promising

VANCOUVER, May 31.—A call has been issued for the first annual meeting of the shareholders of the Prince Rupert Pulp and Paper Company on June 7. A letter from John Emerson announces that John Bell, another executor of the estate of the late J. S. Emerson, was resigning from the directorate and that the solicitors of the company and first mortgage bondholders to be elected would represent only the bondholders in future in view of the possibility of a conflict between the interests. The interest on first mortgage bonds, government licenses and fees amounting to \$300,000 in arrears will have to be met within a few months, Mr. Emerson states in his letter. He intimates that it will be impossible to further finance the enterprise.

TO COMMENCE DRILLING ON COPPER RIVER

Kenneth Robinson, in Charge of Operations, Passed Through City Today

Kenneth Robinson of Vancouver arrived here today on his way to the Copper River where he is to operate a diamond drill all summer on the coal property of the defunct National Finance Company, preliminary to the development of the property. The drill was taken in there during the winter of 1913-14 but was never operated. The company is in liquidation but its affairs are in the hands of the Yorkshire Trust Co. The property is 38 miles from the G.T.P. Railway and 135 miles from Prince Rupert on a water grade, an entrance to the valley being at Copper City near Terrace. Two shifts of four men each will be operated all summer and autumn under the superintendency of Val Crockett, formerly with Boyle Bros. at Anyox. The remainder of the party will arrive from the south on the next steamer.

MOUNT ROBSON, B.C.—13,053 FEET. (Courtesy of Canadian National Railways.) Mount Robson, in Mount Robson Park, is the highest peak in the Canadian Rockies, and rises 2,500 or 3,000 feet above surrounding peaks. A splendid view of this monarch of the Canadian Rockies may be had from the trains of the Canadian National Railways. Camps are located in the vicinity of Mount Robson for the accommodation of tourists, where saddle horses are also available.

B. C. FLYER GOING NORTH

Pilot E. G. Fullerton Accepts Position With Amundsen Polar Expedition

VANCOUVER, May 31.—Pilot E. G. Fullerton, of the Canadian Air Board's station here, has accepted the position of aviator with the Amundsen expedition to the North Pole and will leave here to sail for the north from Seattle with the explorers on the ship Maude on Saturday. He is taking with him six carrier pigeons from the local station. Pilot Fullerton's home is in Edmonton.

DARDANELLES GROUP NEAR USK IS TO BE DEVELOPED THIS YEAR

USK, May 31.—Development on the Dardanelles group, near Usk, will be pushed forward this season by driving a 100 feet tunnel on the upper vein of the property where there is a splendid fissure vein, lying between porphyry and greenstone, and averaging about four feet wide. Samples of the ore give a commercial value of gold, 0.5 oz.; silver, 14 oz.; copper, 2 per cent. Dr. Bancroft, manager of the Granby smelter, and Mr. Nelson, examining engineer, investigated the property last fall and it understood, intend to operate it. To the wives belong the pearls.

BALFOUR INDUCTED IN HOUSE OF LORDS

Brilliant Scene Yesterday as Newest Peer Swore Oath and Took Seat in High Chamber

LONDON, May 31.—There was a brilliant scene in the House of Lords yesterday when Earl Balfour took his seat as a peer with the ancient ceremonials. The House of Commons adjourned for the ceremony of oath taking and the galleries in the House of Lords were crowded.

VANCOUVER VETERAN COMMITTED SUICIDE

Gordon Charles Davidson Shot and Killed Himself as he was Preparing to go East

VANCOUVER, May 31.—Just before he was due to leave for his home in Eastern Canada yesterday, Gordon Charles Davidson shot and killed himself. He was a returned soldier and had been gassed overseas. FISH FOR MONTH. During the month of May there was 2,637,250 pounds of halibut and 33,780 pounds of salmon marketed through the local fish exchange.

DR. THOMPSON COMING NORTH

Former Member For Yukon Sails From Vancouver Tonight on Princess Louise

VANCOUVER, May 31.—Dr. Alfred Thompson, formerly member of parliament for Yukon Territory, has arrived here from Ottawa after having visited his lumber interests in East Kootenay en route West. Tonight he sails on the Princess Louise en route for Dawson City where he will resume his practice after having taken a post-graduate course in medicine in Ottawa during the winter. From now on Dr. Thompson will devote practically all his time to his interests in Dawson. He will pass through Prince Rupert on Friday.

New Capital for Klondyke

Dawson is holding its own, states Dr. Thompson. During the war it was affected by the decreased purchasing power of gold, but now, as gold mining is becoming more lucrative, the Klondyke is attracting a lot of new capital and is still producing heavily. The new silver camp located at Mayo, is giving great promise, and other properties are expected to resume shipping in the near future. Silver-lead ores, he says, have to be shipped 4000 miles to the nearest smelter, and on this account ore that will not value over \$100 per ton is not worth shipping. Dawson will ship over 3000 tons of silver-lead this spring, that will go 60 to 65 per cent in lead and 150 to 200 ounces in silver. The high values in silver are found in tetra-hedrite, or, as the miners call it, gray copper.

BUDGET DEBATE IS LANGUISHING

Party Leaders Are Expected to Speak This Afternoon

OTTAWA, May 31.—The budget debate languished all day yesterday until 11 o'clock at night when the benches were almost all empty and there was nobody to continue the discussion. Just as the speaker was preparing to put the Conservative amendment of condemnation A. W. Neill, member for Comox-Alberni, adjourned the debate suggesting that it was a pity to let it lapse in such a manner. Party leaders are expected to speak today. In the city police court this morning, before Magistrate McClymont, H. H. Valpy was charged with assaulting Sam Yow, Chinaman, on Saturday last. The accused was arrested at Haysport yesterday by Provincial Constable Gibson, of Port Essington and brought in on last night's train. He was found guilty and fined \$25 with costs.

DAILY EDITION Wednesday, May 31, 1922.

**Church Union Is Again Live Question.**

Now that general conferences of the Protestant Churches of Canada are soon to be held, the question of Church Union again becomes a live one. The Presbyterian General Assembly will open in Winnipeg on June 7, next Wednesday, and the Methodist General Conference, at Toronto, on September 27. At both these great gatherings of the governing bodies of the two churches in Canada, the question of church union will loom large. Indeed, the question has been under advisement for such a long time and, of recent years, has been finding such a great measure of support that something definite, as regards the churches generally in the Dominion may be looked for.

**Both Churches In Favor Of Union.**

Last year the General Assembly of the Presbyterian Church, following the trace of non-controversy observed during the war, voted further confirming the proposed organic amalgamation of the Presbyterian, Methodist and Congregational bodies.

The Methodists have been ready to join with the Presbyterians and Congregationalists for twelve years, according to prominent officials of the Methodist body. The action taken by the General Conference in September will largely depend upon what the Presbyterian General Assembly does with the question next week.

Although the General Assembly of the Presbyterian Church has already voted in favor of Church Union there is an active minority which is still strongly opposed to it and no further steps have been taken, so far, by the General Assembly to implement its vote for Union.

**How The Situation Stands At Present.**

Since last year's General Assembly, the Committee of Union, representing the three denominations, has met and passed the following resolution:

"That a standing committee on Law and Legislation be appointed to consider and report on the legislation necessary to give effect to the Union of the negotiating churches and to have prepared copies of all proposed bills to be submitted to the Parliament of Canada, and to such other legislative bodies as may be necessary in the premises, to be submitted to a further meeting of this committee; and thereafter to the Supreme Courts of the negotiating churches, and, further, that the Law and Legislation Committee have power to secure the necessary legal assistance."

The above represents the present situation. A report from the Union Committee representing the three churches, as well as from the Presbyterian Committee appointed by the General Assembly of 1921, will in all probability, be submitted and form the basis for further discussion and action. What these reports will cover can only be conjectured. The main Union Committee will probably bring in a report of progress as to the information gathered thus far bearing on the prospective legislation. It is hardly likely that that committee will be able to cover all the parliamentary and legislative aspects of what will admittedly be a complicated question, with many ramifications both legislative and legal.

Apart from or in addition to any formal reports of progress, there is likely to be a renewal of the keen discussions of former years on the main question. Those opposed to organic union, though in the minority, maintain their organization for that purpose. The subject as a whole, no matter from what angle it is considered, is still a live one, and will, in all probability, lead to some interesting debates in the Assembly.

In the meantime, the establishment of so-called Union Churches is going on apace in the West and in parts of Ontario, now numbering several hundred. These are being carried on three different bases, according to local needs and decisions, and the arrangements in most of these cases seem to be working well.

**Would Be Of Advantage Here.**

The advantages that would be derived through union of the Presbyterian and Methodist Churches in this city are apparent. Both churches are in good financial standing and the joining of the two would make one congregation—strong both financially and in numbers. Some consideration would have to be given to the fact that the Methodists have a splendid and well-equipped church building, while the Presbyterians, though boasting a large congregation, are lacking in that respect. Although there may be opposition to it on either side, on the whole, it would seem to be a very practicable plan locally and one upon which definite action would be welcomed.

**THE HORRORS OF INDIGESTION**

Relieved by "Fruit-a-tives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles. Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness. "Fruit-a-tives" will always relieve Indigestion because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

**SUITCASES TRUNKS CLUB BAGS**

Large Stock on hand. Prices very low. **J. F. MAGUIRE** Next the Prince Rupert Hotel

**Ten Years Ago in Prince Rupert**

May 31, 1912. The steamer Inlander will connect for passengers and freight with tomorrow's train at Vancouver. The water having fallen in the river, there is every probability that the regular schedule will be carried out from now on. When this can be depended upon, it will be the greatest convenience to the travelling public.

W. Cornish, late proprietor of the Quick Lunch restaurant on Second Avenue, leaves tomorrow for Queen Charlotte City, where he will engage in mixed farming and chicken raising.

Weather report for twenty-four hours, ending 5 a.m., May 31; barometer 30.14; maximum temperature, 55; minimum temperature, 41; precipitation, .57.

**ALICE ARM**

Work on the extending of the wing dam on the Kitsault River back of town stopped last week. The dam is now in much better shape and will insure the town against floods for the time being, at least. A. L. Carruthers, district engineer of the provincial public works department, made an examination of the Dolly Varden Railway recently with a view to ascertaining the cost of putting the road in repair so that hand cars may be operated over it this summer.

Empire Day was celebrated in good old-fashioned style here and perfect weather prevailed throughout the day. There was a baseball game and field sports and a dance in the evening. Many excursionists came over from Anyox.

George McAtee and H. R. McMillan, of the Big Bay mill at Georgetown, were here last week inspecting logging camps on the Arm.

**FIRST PRACTICE OF REGIMENTAL BAND HELD LAST NIGHT**

The initial practice of the North B. C. Regimental Band which is now being organized in the city, was held last evening in the Borden Street School. Twelve members turned out and were enrolled. More had been expected but their absence was doubtless due to the fine weather and counter attractions. A. Beale is acting as instructor in the meantime.

Next week it is likely that formal organization will be executed and officers elected. The proposed new band is open to all bandmen and prospective ones in the city regardless of previous affiliations whether military or civilian. Members will be signed on by the Department of Militia.

**"THINGS ARE NOT WHAT THEY SEEM"**

Discovers the Gentleman Who Pays Five Dollars For a Quart

PEMBROKE, May 31.—Somewhere on the Transcontinental, between here and the Coast, is a man who knows now, more than ever, that "things are not what they seem." A lady on this train had in her workbag a bottle bearing a label well known in Ontario before the days of O.T.A. But it held a quart of Quebec maple syrup which she was taking to her sister.

At no particular pains to conceal the suspicious-looking bottle, it was evidently observed by some thirsty person, who, while she slept, carefully extracted it from the bag. When the lady awakened she saw that the bottle was gone, but not till she reached her destination a few hours later did she notice the \$5 bill which lay in the bottom of the bag, in exchange, she supposes, for the deceiving bottle of syrup.

History has no way of telling the feelings of the thirsty one when he discovered his mistake.

**GREATER TEA DEMAND FORCES PRICES UP**

The increased consumption of tea in 1921 (during which year, by agreement, the tea growers of Ceylon and India had curtailed production) forced the price of tea steadily upwards to the present abnormally high level. The lowering of the duty in England will mean still greater demand, and authorities on tea tell us that still higher prices may be expected.

**In the Letter Box**

**TIRED OF HOOMES K.**

Editor Daily News:—These Hoomes K. Freeman letters which appear so regularly in your valuable paper are getting on my nerves. Has this gentleman nothing else to do but write every five minutes to the paper about some foolish subject which is of no earthly benefit to the public at large? I notice in your paper of May 30 that he is talking about proper methods of controlling the criminal. Does he think for one moment that the present high state of civilization has been built up by grousing with a pen and ink? No, Sir, the present high state of civilization has been built up by men using their brains and doing something for the betterment and the protection of the human race. It is very evident that our friend with the imaginary grouch does not know very much about law when he states that "our laws today are being used for the purpose of aiding and abetting the criminal and protecting him." The argument is too ridiculous to waste time on. It is very certain, however that without law such men as Hoomes K. Freeman would come in for a pretty tough time, and I guess he would be the first one to call for the help of the law if he was being molested.

We would have a pretty sorry world if everybody did as they liked, and the definition "until he injures someone else" would take just as many volumes, if not more, to translate into his law as the law statutes already in existence which have brought us to the freedom of today. DISGUSTO.

**MACDONALD'S BRIER**

PACKAGES 15¢

1/2 lb. TIN 85¢

**The Man in the Moon SAYS:**

THESE are the days when the coal merchant wishes he were in the ice business.

PRINCE RUPERT can be rightly termed a "hot spot."

PEOPLE with hot tempers keep cool tempered as possible these days or they are apt to get hydrophobia.

WE all envy the kids eating their ice cream on the street.

A JUDGE recently termed a lady's swimming costume "a bare joke." Possibly a correct term at that!

THE old fashioned over-the-garden-wall gossip has gone down to oblivion now that the radio is with us.

THE Crown Prince is to return to Germany—we read. Evidently to make another "mark."

ALBERTA farmers are forming a pool. His evident they are getting hot water in Alberta too.

**MONTHLY DANCE OF ROYAL PURPLE WAS ENJOYABLE AS EVER**

About 50 couples attended the regular monthly dance of the Royal Purple Order held last night in the Elks' Home. A delightful time was spent, as usual, dancing to the strains of the Elks' Orchestra. The social committee of the lodge was in charge, Ralph V. G. Lepine was master of ceremonies and W. Reid had charge of ticket taking at the door. Refreshments were served about 11 o'clock.

**KEEP MOVING.**

A young lady went into a well known draper's a few days ago and said to the shop-walker, "Do you keep stationery?" "No, miss," replied the shop-walker; "if I did I should lose my job."

**CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS**

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in. A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, itching specks before the eyes, jaundice, water brash, etc. Keep the bowels properly regulated by the use of

**MILBURN'S LAXA-LIVER PILLS** and you will enjoy the best of health. Mrs. Frank Wilsey, R. R. 3, Belmont, Ont., writes:—"I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would bloat terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother got me a box of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world." Price, 25c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### HOW PLANS TO KILL RUSSIAN LEADERS FAILED

MOSCOW, May 31.—The Associated Press.—Particulars of the attempts to assassinate Premier Lenine and Leon Trotsky in 1918 have just been revealed in a pamphlet which has been published here by M. Semenov - Vasilieff, formerly head of the fighting detachment of the Social Revolutionary Party, organizer of the attempted assassination and now agent of the Cheka, or secret police.

It was owing to Semenov's revelations and charges that a number of members of the Social Revolutionary Party and other suspects were arrested and imprisoned by the State Political Department and also that members of the Central Executive Committee of the Social Revolutionary Party are now about to be tried before a Bolshevik tribunal.

The announcement that these trials were about to be held has evoked numerous protests from the Socialist Party of Sweden, of which Premier Branting is the head, and also from the Amsterdam and Vienna Internationals and Arthur Henderson, head of the British Labor Party. The attempts to assassinate Lenine and Trotsky were the signals for the so-called Bolshevik "Red terror" which cost Russia thousands of lives.

**Two Officials Murdered.**  
Lenine and Trotsky escaped but two other Bolshevik officials M. Volodarsky, Commissar of the Press affairs, and M. Ouzitzky, Commissar of Elections were murdered.

Semenov who is now supposed to be in the service of the Cheka, tells in his pamphlet of the military and fighting activities of the Social Revolutionary Party in 1917 and 1918, and denounces well-known persons of the opposition parties, many of whom have been in the Cheka prisons for nearly two or three years.

Semenov says that in the beginning of 1918 it was decided to "remove" Lenine and Trotsky in Moscow and G. E. Zinovieff, president of the Third Internationale, Volodarsky and Ouzitzky in Petrograd. It was first resolved to kill Lenine and Trotsky by administering poison in their food or by sending up a physician who should inoculate them with an infectious disease.

The plan, however was abandoned owing to some difficulties of a technical character.

**New Plan for Killing.**  
A new plan to kill them by shooting was arrived at after prolonged discussion and full arrangements were made. Both Lenine and Trotsky were watched for a long time as to their movements and habits. Lenine was overtaken when he left a workmen's meeting at a factory outside the town and shot at with poisoned bullets by a revolutionary Fanny Kaplan.

The attempts upon Trotsky failed. He was several times ambushed at the Moscow railway terminus at the time of the departure of his train but at the very last minute he always changed his mind and went from a different station than the one fixed beforehand. One attempt on his life ended by derailing one of his trains to Kazan in which he, however, was not present.

Expropriations of money from private persons, as well as Soviet institutions, were organized by the fighting detachments as

**Beecham's Pills**  
Keep you fit

means to carry on their work.

**Chief Aim Failed.**  
Their chief aim, however to prevent the Germans to carry off the gold paid to them by the Bolsheviks under the Brest-Litovsk treaty, was not carried through. The plan was to derail the train which carried the gold to the border. The plotters, thanks to the assistance of one railwayman, made all necessary arrangements. For the purpose of derailing they selected a hilly spot several miles from Moscow. But the engine driver failed to slow down the train to allow the attempt to take place as it was prearranged.

In the summer of 1920, at the time of the war with Poland, Semenov, the informer, who at that time was a member of the minority section of the Social Revolutionary party, offered the services of his little group for disorganization work at the rear of the Polish army. The Cheka helped him to get through the front but he was soon arrested under the threat of capital punishment was sent to the Warsaw fortress.

Semenov then wrote to General Boris Savinkoff, formerly Russian Minister of War and a member of the Central Executive Committee of the Social Revolutionary party, and thanks to Savinkoff's influence Semenov was set free, this time for disorganization work in Soviet Russia. In December of 1920, Semenov left Poland for Russia charged with the task of killing Lenine. But Semenov betrayed Savinkoff and instead of carrying out his mission, he went with a report to the Cheka.

**Age of Eggs.**  
"The late Dan Hanna," said a New York chef, "liked soft-boiled eggs and was very particular about their freshness.

"Dan used to tell a story about a bachelor in a New York restaurant one day who ordered two soft-boiled, new-laid eggs for his breakfast. As he opened the second new-laid egg the bachelor noticed some writing on the shell. Of course he read what the thing had to say. It ran like this:

"I am a farmer's daughter, 17 years of age, blonde hair and brown eyes, height and weight just about right and complexion the same. If this should meet the eye of some young man who desires to wed a merry but industrious country girl, let him communicate with—and then followed the merry country girl's name and address.

"Well, the young man was so pleased that as soon as he had eaten his egg he rushed off and telegraphed to the girl. He got her answer that evening. She

# Silk Under Things

The makers of Kayser "Italian" Silk Underwear (Made in Canada) the high quality and exclusive features of which are recognized as standard, strongly advise the use of Lux. They say:

"Lux renews the beauty and lustre of these excellent garments. Silk Underwear should be washed at home, preferably with Lux."

A quick gentle washing in the rich Lux suds will make your underwear as clean and fresh as when new. The thin white satin-like flakes of Lux are made by our own exclusive process, and dissolve instantly into a rich bubbling lather as harmless as pure water itself.

Lux stands supreme for washing silks and other fine fabrics. It is sold only in sealed packets—dust-proof!

LEVER BROTHERS LIMITED, TORONTO

## SONS OF CANADA WINNERS AGAIN

Defeated Callies in Last Night's Football Game by 3 to 0.

Before a record crowd of soccer enthusiasts at the Aeropolis Hill grounds last night the Sons of Canada beat the Callies by three goals to nil. The score was hardly representative of the play as the game was strenuously contested and the Callies made heroic efforts from time to time to even up. Dave Jack, for the Callies, got a "kink" in his leg early in the first half necessitating his leaving the field, this doubtless proving somewhat of a handicap to his side. However, he returned to the game before half time after a good massage at the hands of the trainer, although throughout the game his leg was troubling him.

On the whole the class of football exhibited by both teams was of a high order and as the season advances the boys seem to improve wonderfully in the execution of their play. The crowd certainly got full value for their money, and everybody went home happy except perhaps some of the Callies' supporters. With Jim Currie in the half back line and Bill Murray as a full back the Callies' defence left little to be desired. The combination forward play on both sides was pretty to watch and had the ball mark of improvement stamped all over it. Bob Mercer handled the game as referee very efficiently. The teams lined up as follows:

**Callies**—W. Martin, goal; Ed. Ross and W. Murray, full backs; Anderson, J. Currie and G. Abbott, half backs; W. Mitchell, J. Kilday, A. Kinghorn, D. Gay and D. Jack, forwards, 2.

**Sons of Canada**—H. Frizzell, goal; V. Menzies and H. Menzies, full backs; G. Scott, Davis and W. Anderson, half backs; D. Robinson, E. S. Tait, J. Marks, E. Warren and George Mitchell, forwards.

### First Half.

The Callies won the toss and elected to kick on the down grade. From the centre, the Sons of Canada got away and worked the ball to within dangerous distance of Martin, a corner being forced which resulted in a bye kick. The Callies' forwards got on to the ball and rushed it down the field and Kilday tried a shot at goal but it went over. Warren, for the Canadians got the ball on the run but Ross introduced his toe to it and cleared. The Sons called upon Martin to clear and in the melee a corner resulted, but it was not utilized. In a mix up in midfield Davis, for Canada, fell on the ball and a foul kick

was handed to the Scots. The Scots forced a corner and W. Mitchell made a lovely centre kick but H. Menzies cleared. The Callies displayed some good combination in the forward line but the ball ran outside before Anderson could reach it. The Callies pressed hard and V. Menzies, in heading, gave a corner, but Anderson, taking it for the Callies shot too far across. From the goal kick a deal of midfield play resulted and the rock pile came in for a lot of ball stopping. The Sons then got the ball in front of Martin but Marks inadvertently fouled it.

Kilday, for the Scots, made a lovely overhead kick to Frizzell but the goal keeper was right on the job. Kinghorn then tried Frizzell with a hot one but nothing resulted. The Callies kept on the ball all the time and worked it down, W. Mitchell trying his foot with a shot at Frizzell which went wide. The game was of a give and take nature and monopoly of the ball was nobody's sin.

Martin then came in for quite a bombardment but he proved proved equal to the task and displayed some good goal tending and the Callies defence was sure. At this juncture Dave Jack came on the field.

Kinghorn for the Scots made a bold bid to beat Frizzell but Vic. Menzies would not permit it. Robinson and Geo. Mitchell for the Sons made a combined rush for Frizzell but the result was nil. Dave Jack had a fine chance at Frizzell but owing to his leg handicap there was no play to the shot.

At half time the score stood 0-0.

### Second Half.

From the centre the Callies got away and kept the ball out of their own territory for some time. Robinson, for the Sons, got away and while preparing to take a shot at Martin, slipped and Murray did the necessary. A few minutes from half time Davis, for the Sons, took a shot at goal and beat Martin for the first time with a high ball. The Callies made a bold bid from the centre and worked the ball up the field in regular style. But the Menzies Bros. seemed to dislike the idea of encouraging it. Kinghorn tried a bounce at Frizzell but there was nothing doing. The Callies forced a corner and W. Mitchell placed a grand shot but another corner resulted and this time Jack tried it without any results. The Sons then took a fancy to the ball and got it well down to within shooting distance of Martin, and on a pass from Davis to Marks, the latter tried the Scots stronghold but Martin stood firm. Warren for the Sons gave an exhibition of some pretty foot work and passed to Robinson who landed to Tait right in front of Martin, a bye being the final outcome. A foul kick, Marks, for the Sons, got the ball

"He left us nothing but debts"

# Debt

Debt, grinding debt, whose iron face the widow and the orphan fear and hate; debt, which consumes so much time, which so cripples and disheartens, is a teacher whose lessons cannot be forgotten.

It is incumbent on all right-thinking people to do more than avoid debt. It is necessary to accumulate a competence for one's dependent years. If, with a definite earning power you find it hard to live within your income, how could your wife support the home in the event of your death deprived of your earning power? "Your salary stops with your pulse."

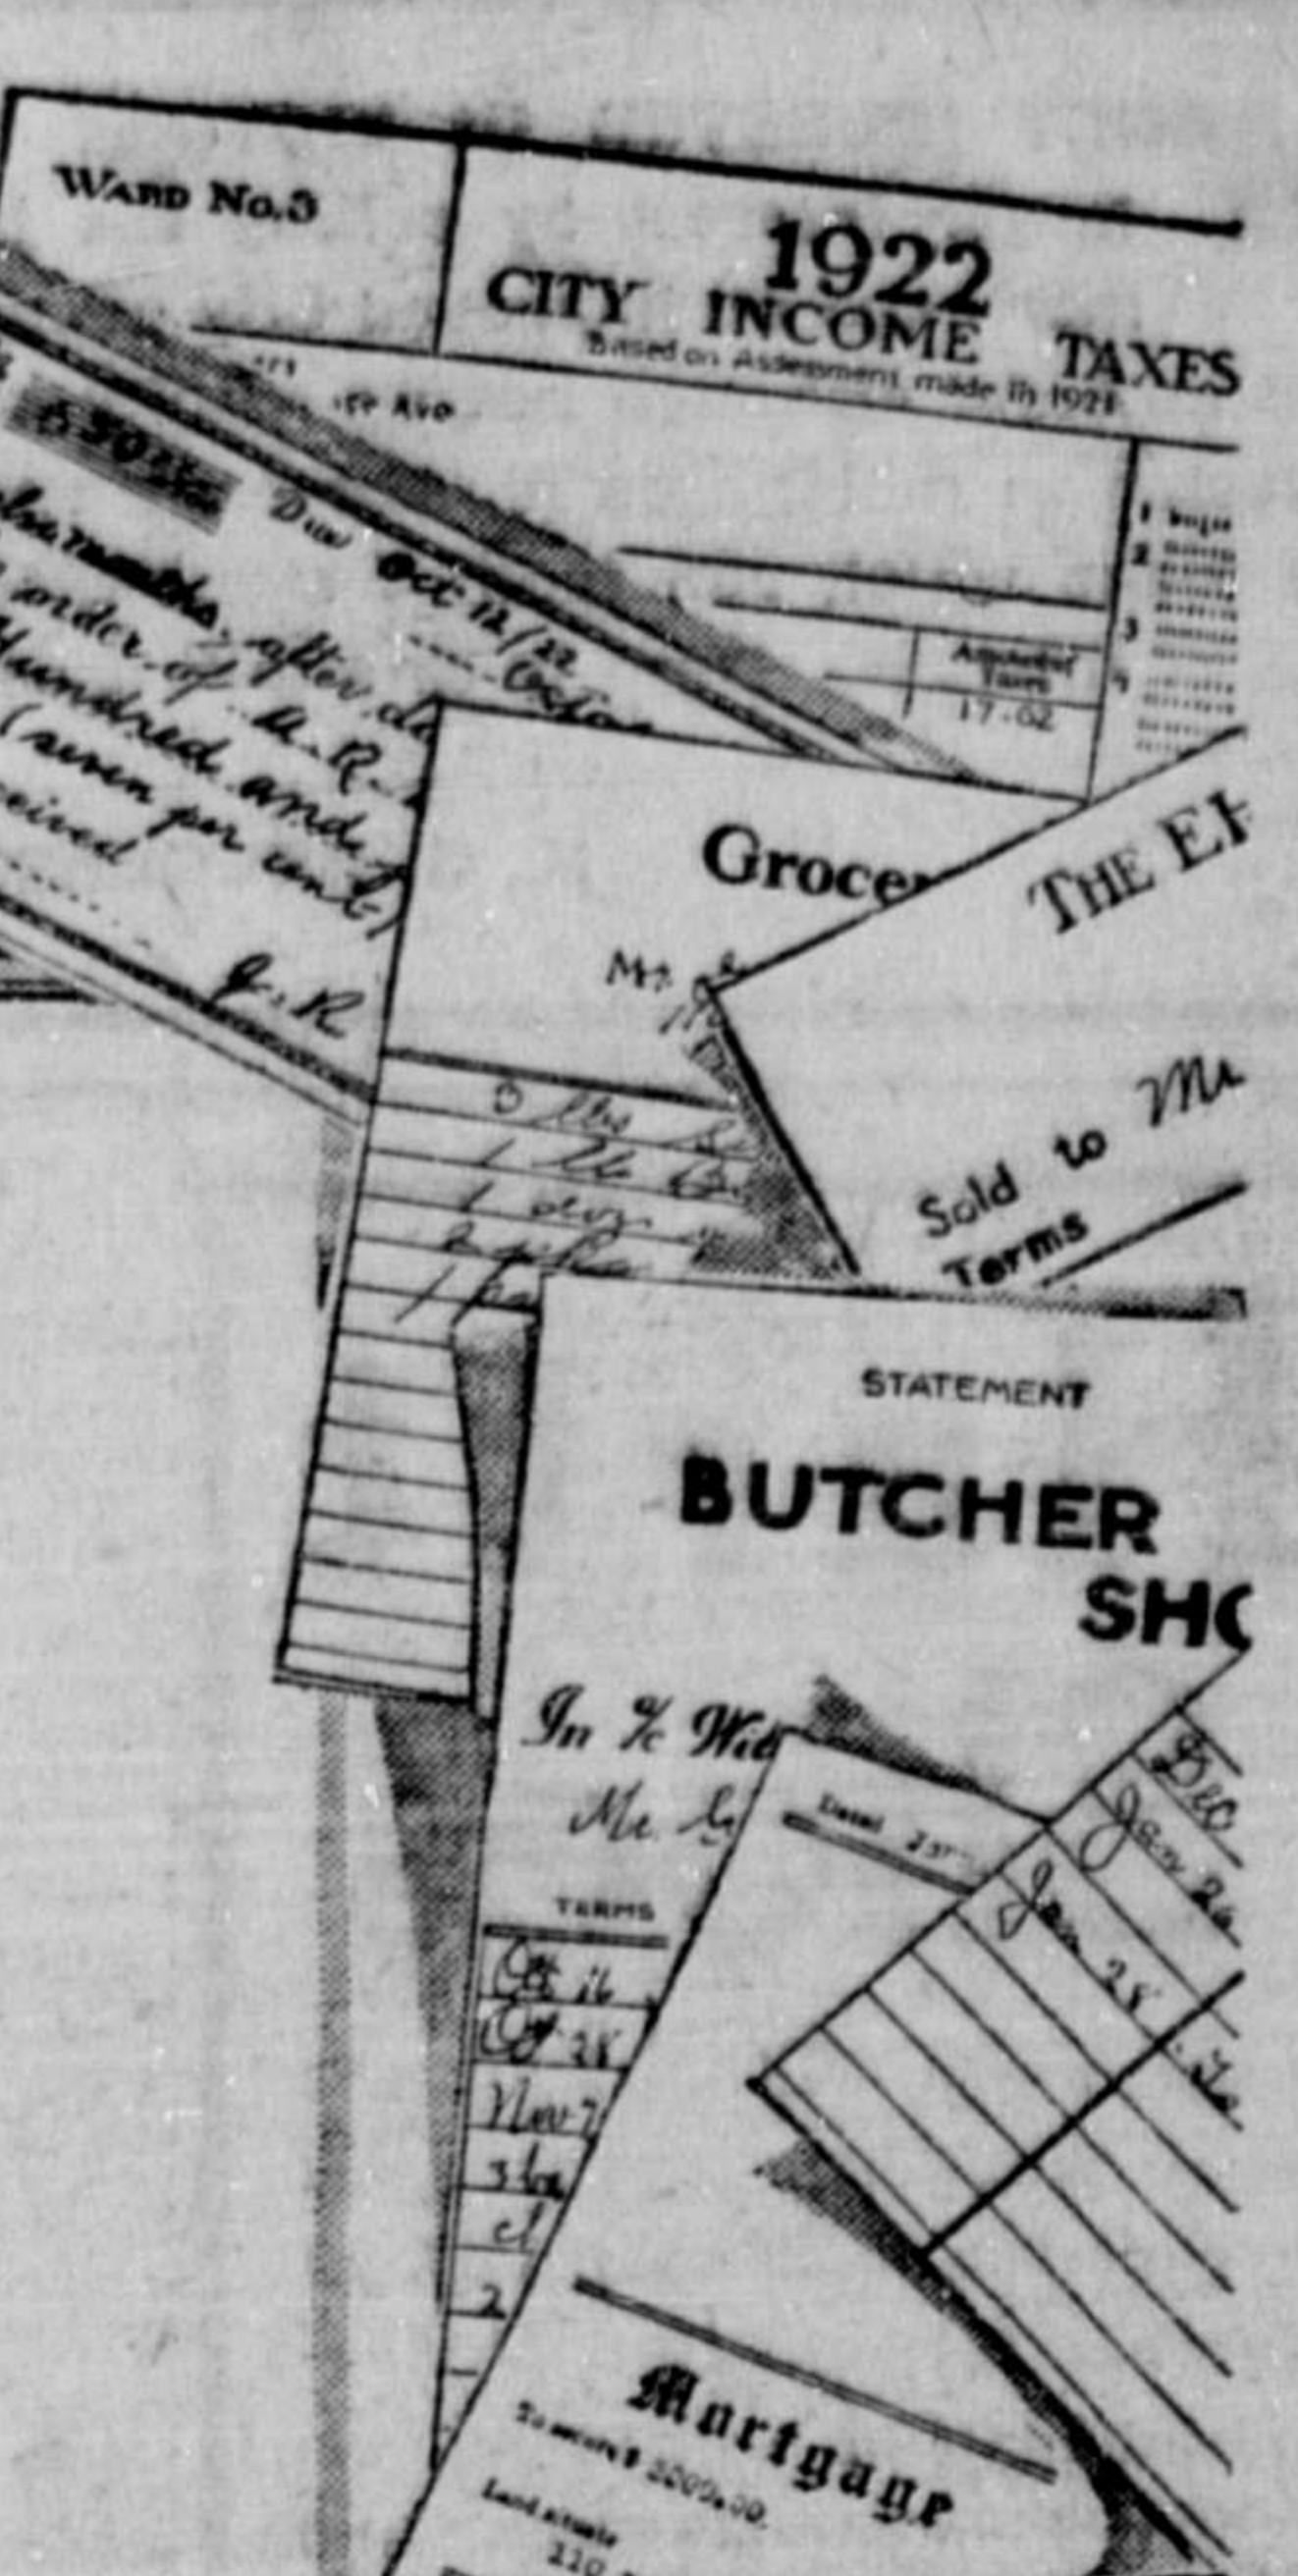

A Manufacturers Life policy provides for all these contingencies. Systematic saving will keep you out of debt, and build a competence for the sunset of life. Should you not live to old age, your life insurance will create an estate for your dependents.

Write, giving us your age at nearest birthday, and we will submit a proposition to you which will not place you under any obligation.

R. E. HARRAP, Supervisor for Northern British Columbia, Prince Rupert.

## JUVENILE BASEBALL LEAGUE SEASON WAS OPENED LAST NIGHT

Falcons Defeated Midgets Seventh Street Grounds by Score of Ten to Nil

The opening game of the Juvenile Baseball League took place last night at the Seventh Street grounds between the Midgets and the Falcons, the laurels of victory going to the latter aggregation by the decisive score of 10 to nil. Nick Chenoski hurled for the Midgets and Jack McNulty for the Falcons. Billy Wrathall and Mike Comadina were the respective catchers. The game was watched by a good-sized and enthusiastic crowd.

Further organization of the Juvenile and Junior Baseball leagues is now under way and a schedule will be put out in a few days. W. J. Cash, manager of the teams, announces. Each league will likely comprise three teams as follows:

Juvenile League—Midgets, Falcons and Boy Scouts.  
Junior League—Tiny Tims, Gulls or White Sox, and Boy Scouts.

## FEARING DESTITUTION BRISTOL MEN TAKES TO WANDERING LIFE

BRISTOL, May 31.—A remarkable story of a man tramping round the country with two young children was told at Bristol Police court recently, when Arthur Cooper, forty-three, was remanded for inquiries to be made, charged with wandering. The police stated that he had walked five hundred miles with the children, a girl and a boy aged eight and six respectively, who were carried round in a box upon wheels, in which they also slept. Among the places visited were Southampton, Bournemouth, Salisbury, Gloucester, and Bristol. They had spent two nights in the New Forest. The defendant had £9.10 Treasury notes, the remainder of his savings. Asked why he had not got lodgings he said he had kept the money because he feared destitution. He started his tramp three months ago for the benefit of his health, his wife having died at that time. The children, who were in court, looked the picture of health.

## Sport Chat

Although many weaknesses were displayed in the opening Intermediate League baseball game between the Grotto and Gihuly teams on Monday night, there is no doubt that, as the season advances, the boys become practised up, the brand of ball they play will become much better. For an opener, the game was a very close one and gives promise of there being many more like it in the course of the summer's schedule. The multitude of errors chalked up against the various players was a noticeable feature. This means that the players will have to settle down and learn to use their heads to the best advantage. Slowness is sometimes responsible for errors but being too fast is perhaps worse. This fact should always be kept in mind.

Baseball fans of the city are not worrying about the Intermediate League. What everybody is wondering, however, is what the town is going to do for Senior material. There is, undoubtedly, a scarcity of players in the city now than there ever were. Before very long such outside points as Prince George, Anxox and Ketchikan will be thinking about meeting with Prince Rupert but there will certainly have to be a bolstering up in Senior ranks before anything much in the intertown line can be done. Possibly as the season advances more material may be brought forward to fill the ranks left vacant by the departure of several of Prince Rupert's star players during the past winter.

A game of baseball was played at Stewart last Wednesday afternoon, between the Hyder High Divers and the Stewart Beach Combbers. The game lasted five innings, and the score card at the finish showed 5-1 in favor of Stewart. It was the first game of the season on the Portland Canal and the line-up showed excellent timber. Bill Tooth, a former National League umpire held the field.

### SUFFICIENT EXCUSE.

Cop—You're pinched for speeding.  
Copped—What's the big idea?  
Doesn't that sign say "Fine for speeding"?—Sun Dial.

## What Is Digestion?

DIGESTION is the one great process of life.

When digestion is impaired your system suffers from slow starvation.

The result is thin blood, exhausted nerves, depressed spirits and slow, sluggish action of the vital organs.

The symptoms of indigestion are as follows:

Mouth: Furred tongue, bitter taste, saliva sticky.

Stomach: Fermentation of food which fails to be digested, acids and gases given off causing pain about the heart and belching of wind, pain, weight and distension.

Bowels: Irritated by acid state of food, gripping pain and colic. Every bodily

organ is affected, headache, dizziness, rheumatic pains, depression of spirits and sometimes jaundice.

Indigestion usually results from over-eating and the failure of the liver and kidneys to clear the system of poisonous waste matter. Relief is promptly afforded by the use of Dr. Chase's Kidney-Liver Pills, which rid the system of poisons and ensure healthy action of the liver, kidneys and bowels.

Mrs. S. Hetherington, R.R. No. 1, Orangeville, Ont., writes:—"I was troubled with indigestion for a number of years, but on taking Dr. Chase's Kidney-Liver Pills I secured great relief with the first box, and after a few more boxes were taken I found I could do without them, and the trouble has not returned."

One pill a dose, 25 cts. a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

and with a swift shot at Martin beat him for the second time. From the centre the Callies ran the ball up the field and Kinghorn tried Frizzell with a real hot one but the latter proved equal to his task. In the excitement in front of Frizzell, Kinghorn tried to push the ball in past the Scots' goal tender with his hands but the referee noticed the idea. The Sons then took a hand with the leather and Warren made a dash for Martin, passing to Marks, who put in a swift ground ball through the Scots' post thereby notching the third point.

From the centre the Callies worked the ball up and Kilday tried hard at Frizzell but his shot went wide. The Sons got away and Robinson was right in front of Martin when Ross gave a corner, Marks for the Sons tried hard to get another but Ross would not hear of it. The Callies made a valiant bid for a goal and pressed Frizzell very hard towards the close of the game but their luck was out and nothing matured from their heroic efforts.

The game finished with the Sons of Canada 3 goals to nil in the lead.

### Star Players.

The players worthy of special mention were W. Mitchell on the forward line for the Callies who was always on the ball and knew just what to do with it when he got it. J. Currie, in the half back line, was also a pillar of strength and had the happy knack of kicking the ball just where his man could reach it without chasing himself to death. Ross and Murray at back were also on the job.

For the Sons, Frizzell in goal certainly gave a good account of himself, as also did the Menzies brothers. Marks was without exception, the outstanding forward on the field although Warren worked hard and displayed some pretty dribbling. Davis and Wally Anderson in the half time certainly lived up to their name for consistency of play.

A. Clapperton and Jack Hynd ran the line in their usual efficient manner.

### NATURE'S AVIATORS.

Pat was helping the gardener on a gentleman's place and, observing a shallow stone basin containing water, he inquired what it was for.

"That," said the gardener, "is a bird bath."

"Don't ye be foolin' me," grinned Pat. "What is it?"

"A bird bath, I tell you. Why do you doubt it?"

"Because I don't believe there's a bird alive that can tell Saturday night from any other."—Boston Transcript.

### TIMBER SALE X 3971.

Sealed tenders will be received by the District Forester not later than noon on the 2nd day of June, 1922, for the purchase of Licence X 3971, near Alder Creek, C. R. 5, to cut 438 M.B.M. feet of Spruce.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

### TIMBER SALE X3797.

Sealed tenders will be received by the Minister of Lands, at Victoria, not later than noon on the 2nd day of June, 1922, for the purchase of Licence X3797, to cut 1,500,000 feet of Spruce, Cedar, Hemlock and Balsam, situated on an area on the East Arm of Drayton Inlet, Range 2, Coast Land District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

## NEW FRENCH METHOD PAINLESS DENTISTRY

Gums Are Frozen With Oxygen And No Hypodermic or Gas is Used.

LONDON, May 30.—Dr. Charles Guebel, a surgeon of the Dental School at Paris, has come to England as a charge de mission from the French Ministry of Education for the purposes of demonstrating a new process of painless dentistry. "Le Gazothelme" is an apparatus invented by Dr. Fabrel, of Nice, by which a stream of oxygen is played continuously on the tooth during treatment. Anaesthesia is produced progressively by a regulated system of freezing. It is claimed that the most sensitive tooth may be treated without the slightest pain. Neither inhalation nor injection are used.

A demonstration of the new invention was given recently. It was explained that the new process froze the fibril between the enamel and the dentine, causing the tooth to cease feeling pain. The bad tooth could be filled without suffering to the patient.

### Not For Extraction

Dr. Guebel said dentists could drill a tooth in a few minutes without causing pain, and he thought that was a very important discovery in dentistry. No hypodermic or gas was used. The bad effect of cold on the pulp was eliminated. Oxygen was a gas without water, and it dried out the tooth. It was heated by electricity prior to application, and after fifteen seconds the electricity was cut off. The new method was not used for extraction of teeth, as the cold made the tooth brittle, and there was a danger that it might break before the roots were removed.

The practitioner operates the apparatus without assistance, and it was stated that the new method should involve no additional expense to the patient, as there is considerable economy of time. Caustic and sedative dressings are not needed.

## SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and second-class land

Pre-emption now confined to surveyed lands only

Records will be granted covering any land suitable for agricultural purposes and which is not timbered

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation, or \$25 per acre before receiving Crown Grant

Where pre-emptor in occupation less than five years, and has made no improvements, he may be granted a three-month certificate of improvement, and records same each year

Records without permanent residence may be issued, provided applicant make improvements to extent of \$50 per annum and records same each year

Failure to make improvements or record same will operate a forfeiture of claim

Pre-emptor holding Crown Grant may record another pre-emption if he requires in conjunction with the first, without actual occupation, provided satisfactory improvements made and evidence maintained on Crown granted land

Unsurveyed areas, not exceeding 20 acres, may be purchased on homestead title to be obtained after fulfilling residential and improvement conditions

For grazing and industrial purposes areas exceeding 600 acres may be used by one person or company

Mill, factory or industrial sites on unimproved land not exceeding 40 acres may be purchased, conditions include payment of stumpage

Natural gas may now be purchased by existing roads may be purchased conditional upon construction of a road in them. Rebate of one-half of cost of road not exceeding half of purchase price, is made

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The one within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by holders on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 1, 1914, on account of payments, "cess" taxes on soldiers' pre-emptions.

Interest on moneys to be purchased town or city lots held by members of Allied Forces, or demobilized acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, interest and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner.

Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for shepherds, campers or travellers, up to ten head.

## HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

**BURDOCK BLOOD BITTERS** which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## PRESIDENT EBERT HAS HOHENZOLLERN CROWN

Pending Final Settlement Between Ex-Royal Family and Republic

BERLIN, May 31.—An inquiring mind of obviously democratic tendencies, has been trying to discover the whereabouts of the German Imperial crown worn by the Hohenzollerns on the day of their coronation as Kings of Prussia. It has been noted that the documents of abdication signed by the ex-Kaiser and his son have vanished in a mysterious way, those in the State archives being merely duplicates.

The interesting fact now comes to light that there is no such thing as a German Imperial crown, but only a metal framework capable of being contracted or expanded to fit the head of the wearer on the day of Coronation. It has not even been ascertained whether this framework remained the same for generations, which seems doubtful, or whether measurements were hastily taken and the jewels used in ornamenting the crown mounted more or less haphazard to suit the taste of each Sovereign. It was actually William II, true to his artistic faith in himself, who decreed that a permanent crown was to be fashioned according to his own design—roses and trefoil in diamonds, mounted on purple. He gave orders that the various gems used in its construction should stay in the places he had decreed and were no longer to be immediately reset and used for other purposes by members of the Royal family.

Apprehensions have been allayed by the discovery that both crown and abdication documents passed immediately into the possession of President Ebert, and are now preserved in the Chancellery of the Reich until the time comes for a final discussion and settlement of the Hohenzollern financial claims upon the country.

**MELBA PROTESTS TOO MANY FLEAS**

Picture Railway Finger Chasing Pilgrim of Night o'er Diva's Back

SYDNEY, Australia, May 30.—One of the pests of Australia during the hot season just ended, is fleas. One finds them everywhere. Recently travelling from Melbourne to Sydney Madame Melba was so irritated—in more senses than one—that she gave the newspapers an interview in which she denounced the railway department for its dirty habits.

Others had done so before—without result. But they sat up and took notice when Madame Melba mentioned it. And then they blantly explained that if they could "put their finger on the cause" of the trouble they would at once remedy it.

The newspapers immediately blossomed in cartoons showing the railway department's finger vainly chasing fleas on the broad shoulders of the famous diva. The public roared.

However, the cure was effected so far as the railways were concerned, for when Melba made a second trip by the State lines a few days later, she was happy to declare that "the pilgrims of the night" were missing.

## REMARKABLE CASE OF IMPERSONATION

Woman Marries Woman and Everything Fine Till They Fight.

Des Moines, May 31.—A remarkable story of a woman's impersonation of a man and her "marriage" to another woman came to light here today with the arrest of Mrs. Irene Gaul, the "husband" in the case.

Her arrest came about following an altercation with her "wife," Mrs. Janette Simmons. According to the story told to the police by "husband" Gaul the two women have lived together as man and wife for more than a year and a half.

Mrs. Gaul says she came to Des Moines two years ago from Chicago dressed as a man. She obtained work in a restaurant. Following a short courtship, Mrs. Gaul says she married Mrs. Simmons. Mrs. Simmons says she knew that her "husband" was a woman three weeks after the marriage. She says she feared to reveal to anyone the fact that she had married a woman.

"She was a model husband and we adored each other," declared Mrs. Simmons when she was questioned by police.

## PET DOG KILLED, OLD GERMAN LADY COMMITS SUICIDE

BUFFALO, May 27.—(By Canadian Press)—When a pet collie, her friend for years, was killed by an automobile, it was the last straw for Mrs. Anna Kranz, 65 years old. She had lived in Germany all her life, until about a year ago. The war swept away all her relatives and most of her money. She came to Buffalo to live with her son, bringing the dog with her. Recently the dog was run over and killed by an automobile. For four days Mrs. Kranz refused to eat and sat in her room grieving over the loss of her pet. Then she hanged herself.

Film Fables." So Paul Terry, artist-in-chief, at the studios hustled into a Cafe de Les Enfants for a quick lunch. Upon being served Paul discovered that there was no sugar bowl on the table. He smiled at the waitress and pointed at his cup, meanwhile munching some butter cakes.

"Sugar for your coffee?" gurgled the winsome waitress.

"Yes—sweetness," replied the cartoonist absent-mindedly.

The waitress blushed and Terry got the sweetening. Now we are wondering whether the waitress was sweet 'n' pretty, or Paul has a sugar tooth.
