RAILWAY BILL IS TO BE PRESENTED

FISCAL MATTERS DISCUSSED BY DEMOCRATIC CANDIDATE

Conservatives Free to Vote As They Like On Transportation Issue

Government Intimates Its Desire to Get Away From Party Lines on Measure to Make Effective Duff Commission Recommendations

OTTAWA, Oct. 20.—Government senators and government followers in the House of Commons will be free to vote as they wish on the railway bill which the government proposes to introduce in order to give effect to the recommendations of the Duff commission on transportation affairs in Canada. While Senator Arthur Meighen will introduce the measure in the Senate some time next week, every effort will be made to get away from any partizan discussion.

Membership Drive Launched By Elks Of Prince Rupert

A special and selective campaign for new membership was launched by the local Elks' Lodge at a meeting last night at which P. A. Miquelon of Calgary, Grand Lodge organizer, was the chief speaker. Another meeting will be held on Wednesday night of next week to be followed by a banquet and social.

Quiet Wedding At Cathedral

Miss Annie May Larkin becomes bride of Matthew Carey at ceremony on Wednesday afternoon.

The marriage took place quietly at St. Andrew's Anglican Cathedral at 5 o'clock yesterday afternoon. Very Rev. James B. Gibson, the dean, officiating, of Miss Annie May Larkin, daughter of Mr. and Mrs. Alex Larkin of Gladstone, Manitoba, and Matthew Carey, son of Mr. and Mrs. John Carey of England. The ceremony was performed in the presence of a few friends of the contracting couple and the attendants were Miss Florence Evans and Oskar L. Nilsen.

Mr. and Mrs. Carey, both of whom have resided in the city for some time, will make their home in Prince Rupert. They will have the hearty congratulations and best wishes of their friends. The groom is engaged in mining.

No FISH SALES

There was no sale of halibut on the local Fish Exchange this morning. Only one boat was in, the Betty, American, with 8,000 pounds, for which catch no bid was made.

WHEAT BONUS IS BEING PLANNED BENNETT STATES

OTTAWA, Oct. 20.—Premier R. B. Bennett announced in the House of Commons yesterday that the government had under consideration the presentation to Parliament of legislation providing for a 5c per bushel bonus on wheat so as to relieve the prairie farmers.

Morning Paper For Vancouver On November 1

Vancouver is to have a morning daily newspaper after the end of this month. The Vancouver News is expected to come into being with G. Sivertz as managing editor and J. A. Clarke advertising and business manager.

It is announced that the new paper is being published as a result of the combined efforts of the staff of the old Vancouver Star and will give full news coverage.

CATHOLIC BAZAAR ON

Big Annual Affair Opened Yesterday Afternoon and is Continuing in Full Swing Today

The annual Catholic bazaar was opened yesterday afternoon by Rev. Father Charles Webb O. M. I. and throughout the afternoon and evening, large crowds were in attendance to patronize and enjoy the many attractions of this popular yearly affair which continues this afternoon, coming to a close this evening with a big dance when the feature of the proceedings will be the conducting of drawings in the various raffles and drawings.

Weather cleared up auspiciously for the opening yesterday afternoon and the various bazaar features plied a large trade. There was a big crowd in attendance for supper and, during the evening, the country store was a constant centre of attractions.

New Chancellor Of Rupert's Land

Jules Prudhomme Named Head of Anglican Diocese in Succession to J. A. Machray

WINNIPEG, Oct. 20.—Jules Prudhomme is the new chancellor of the Anglican diocese of Rupert's Land succeeding John A. Machray, K.C.

Vancouver Wheat

VANCOUVER, Oct. 20.—Wheat was quoted at 45 3/4c on the local exchange today.

INSPECTOR IS HEARD

T. W. Hall Gives Inspiring Address at Parent-Teacher's Meeting Last Night

Tribute to Mothers

High School Certificates Are Presented—I. O. D. E. Prizes Awarded

The presentation of entrance to High School certificates to the pupils of Booth Memorial and Borden Street Schools took place at the monthly meeting of the Prince Rupert Parent-Teachers' Association last evening in the Booth School. Mrs. S. V. Cox presided and the presentation was made by School Inspector T. W. Hall.

An enjoyable program preceded the distribution of certificates, violin solos by Miss Edith Johnstone, accompanied by Miss Catherine Watson, vocal solos by Miss E. Vickers, accompanied by Miss E. Grassie, and piano solos by Miss Jean McLean—all being very acceptably rendered.

Prior to making the presentations, Mr. Hall referred to the size of his inspectorate from Atlin to Bella Coola and from Queen Charlotte Islands to Burns Lake with a total of 89 schools to be visited. He drew comparisons between the meagre equipment of the many rural schools with the equipment of the Prince Rupert schools. These had cost much money, the personnel was not better in any school in the province and the children were well nourished. They had ability or they would not be obtaining these certificates. They were well favored and they should have success. That depended on themselves.

Mr. Hall declared that he often thought that the mothers' names should be engraved on the certificates. Drawing a vivid picture of the early morning scenes in the various homes as the children were prepared for school, the innumerable calls on the mothers' time, judgment and patience, Mr. Hall asked the children to consider the great debt they owed their mothers and hoped that the children not only realized this but also that it was incumbent upon them to repay their parents. By earnest endeavor, their future career would give their parents a thrill and satisfaction that would be a reward.

In closing, Mr. Hall asked the audience not to think that greatness of size was Canada's best resource but that the integrity of the people and obedience to the inescapable truths of the Bible were her vital assets, the promise of her youth her greatest guarantee of success.

A very hearty vote of thanks was accorded Mr. Hall for his stimulating talk on motion of Miss E. A. Mercer.

Mrs. C. J. Norrington, Regent of the Queen Mary Chapter, Imperial Order, Daughters of the Empire, then presented the bursary and books awarded by her chapter to the pupils of Borden Street. Joseph Naylor won the bursary and also a prize in Canadian history. Leah Basso-Bert won the other prize donated by the chapter. Second prizes were awarded to Hiroshi Hamasaki and Emily Skattebol.

Interior Weather

Terrace—Clear, southeast wind, temperature 48.
Hazelton—Cloudy, calm, 45.
Smithers—Part cloudy, calm 43.
Burns Lake—Clear, windy, 40.

Senator Arthur Meighen

Who will sponsor railway bill in R'd Chamber at Ottawa next week.

LIBERATED BY BANDITS

Two British Subjects, Man and Woman Are Released by Chinese in Manchuria

MUNKDEN, Manchuria, Oct. 20.—Mrs. Kenneth Pawley and Charles Cockran, British subjects, who have been in the hands of Chinese bandits for several weeks, were liberated today.

New Members Are Initiated

Anglican Young People's Association Has Meeting Last Evening

An interesting evening was spent yesterday in the Cathedral Hall when twenty new members were initiated into the Anglican Young People's Association.

The initiation ceremony was conducted by Dean Gibson, assisted by John McTavish. The Dean pointed out the principles of the association which are worship, work, fellowship and edification, its objects being the promotion of the religious, social and intellectual welfare of the young people connected with the church and to enlist them in the church's activities.

Each candidate then pledged himself to the aims and principles of the association. Thereupon the Dean gave the hand of fellowship to each in turn and presented the manuals of the A. Y. P. A. and the badges, pointing out the symbolic meaning of the badge. Members then signed the roll book and the ceremony closed with the hymn, "Blest be the Tie That Binds."

The meeting then broke up for games and social activities and refreshments were provided by Miss Alice Kergin and Ronald Allen.

WORKLESS MEETING

Delegation to City Council Presents Its Report—Mayor and Aldermen Criticized

The committee delegated to interview the city council at its last meeting with a view to taking up clothing for children and other matters presented its report at a largely attended meeting last night of the National Unemployed Workers' Association. After much explanation, the report of the committee was finally accepted.

The city council and its members came in for considerable criticism from the floor of the meeting. Some speakers expressed doubt if the council had any intention whatever of supplying children with clothing. It was also charged that the question of housing had been evaded by the council and the committee doubted if any steps had been actually taken to remedy the condition of affairs under which single men were now living at the Cow Bay warehouse. The stand taken by labor aldermen in connection with unemployed matters was denounced.

Reports were received of alleged discrimination and degradation, particularly of single unemployed men, in other parts of the province.

T. W. Murphy, secretary of the Association, who has been ordered deported and who is appealing the order, thanked his bondsmen and all others who had assisted him in his trouble.

Charles Chapman presided over the meeting at which there was attendance of four hundred.

Miss Libby Miller, who has been spending the past few months here with her father, J. B. Miller, proprietor of the Montreal Importers and the Cut Rate Shoe Store, will leave by next Monday morning's train on her return to her home in Montreal.

ROOSEVELT ON FINANCE

Democratic Candidate Chooses to Talk of Dollars and Cents at Meeting in Pittsburg

Is Critical

PITTSBURG, Oct. 20.—"Some time in the course of this campaign it will be necessary for me to talk of dollars and cents, so I choose to do so now," said Governor Franklin D. Roosevelt of New York, Democratic candidate for president of the United States, in addressing a monster meeting at Forbes Field here last night. Governor Roosevelt thereupon launched upon a lengthy and detailed discourse on national financial and economic questions.

Governor Roosevelt charged the Hoover administration with gross misrepresentation and extravagance in the administration of the country's finances. There had been no endeavor to meet the situation arising from decreasing revenues during the past two years but, instead, the administration had continued its policies of reckless spending. No endeavor, it seemed, had been made to balance the country's budget with the result that the very basis of confidence in the economic structure in United States as well as abroad has been threatened.

The national government's ill-conceived program of foreign loans, grudge tariffs which had strangled world trade and draining of the gold resources of debtor nations had resulted in the drying up of United States' foreign markets. Trade had failed, industries had closed and the unemployment situation had become even more extensive in United States than it had even in European countries.

Tribute to Hoover

"I am ready to pay tribute to the devotion of the president to duty," declared Governor Roosevelt. "I have never heard anyone say that he was not unremitting in his efforts on behalf of this country. Neither do I say it now. But I do indict his administration for lack of frankness, for lack of courage, for wrong actions and for delayed actions."

Governor Roosevelt promised, if returned to power, reduction in federal spending which he saw as one of the most important issues in the present campaign. He declared that, by reorganization of the existing departments and services, which he would undertake if elected, \$900,000,000 annually could be saved. By the modification of the Volstead Act, which the Democrats were pledged to effect, further hundreds of millions annually could be made available for the balancing of the budget.

As for unemployment, the remedying of which he declared was a federal duty, if dire need made necessary the appropriation of additional funds and even if by so doing would necessitate keeping the budget out of balance, the Democratic candidate said he would not hesitate to tell the people the truth and ask for authorization of the expenditure.

Governor Roosevelt decried the endeavor of the Republicans to seek to win this election by creating in the minds of the people "fear of ruin." Such an endeavor was an insult to the intelligence of the people.

Governor Roosevelt was given a vociferous reception not only at the meeting but throughout his visit to the city.

ELIHU ROOT FOR HOOVER

Aged American Statesman Urges People to Permit Chief Executive to Carry on

NEW YORK, Oct. 20.—Elihu Root, aged United States statesman, who for some years has been in retirement, issued a statement last night urging the people to support Herbert Hoover for president of the United States.

"It would be a great misfortune," said Mr. Root's statement, "if the people failed to re-elect President Hoover so that he may be permitted to put into effect without interruption his plans for restoration of business activity and economic rehabilitation of the United States. To elect his opponent would be to seriously set back the progress that is now being made toward recovery."

Mr. Root described the Democratic campaign as one of "dissatisfaction and criticism."

Parent-Teachers At Smithers Name Terms' Officers

SMITHERS, Oct. 20.—The Smithers Parent-Teachers' Association, at its semi-annual general meeting held recently, elected officers as follows:

- Honorary President, Vernon Crockett.
- Honorary Vice-President, H. E. Blanchard.
- President, Mr. Davidson.
- Secretary - Treasurer, Vernon Crockett.
- Corresponding Secretary, Mrs. L. H. Kenney.
- Auditor, Mrs. Wilkinson.
- Convener of program committee, Mrs. A. B. Washburn.
- Convener of membership committee, Mrs. Charles Morris.
- Convener of social committee, Mrs. H. G. Windt.
- Convener of refreshment committee, Mrs. C. Hickenbotham.
- Convener of sick visiting committee, Mrs. L. S. McGill.
- Pianist, Miss Downey.

Stock Market Shows Advance

Healthy Gains Shown By Most Issues Yesterday—Wheat is Up By One Cent

NEW YORK, Oct. 20.—Stocks staged a healthy advance on the New York Exchange yesterday with issues gaining from one to three points. During the day 1,314,530 shares changed hands. Wheat pulled up from 3/4c to 1c.

MANITOBA DIGGING ITSELF OUT AFTER BIG SLEETSTORM

WINNIPEG, Oct. 20.—Southern and Western Manitoba was today digging itself out from under a combination of sleet and snowstorm that paralyzed communication and power lines and left countless automobiles stalled in drifts with an unknown number of occupants.

Soccer Affairs Here Are In Good Shape

Football Had Good Year in City Despite Depression; Activities of Season Reviewed by Executive

"Considering the unusual abnormal conditions now in existence all over the world today, which are naturally being felt in this community, your executive feels that the 1932 football season has been highly successful," said the report of the executive for 1932 presented last night at the annual meeting of the Prince Rupert Football Association.

FOOTBALL MEETING

C. L. Youngman, New Secretary of Soccer Association—Laidler's Services Appreciated

With the exception of the secretary-treasurer and one member of the board of control, the Prince Rupert Football Association, at its annual meeting last night, re-elected 1932 officers and executive to carry on for another year. G. W. Laidler, who announced it was impossible for him to continue as secretary—

(Continued on Page Four)

All debts have been paid and, although the balance on hand is not very large, we feel quite satisfied that we have been able to avoid turning over affairs to the incoming executive showing a deficit.

"All games throughout the season were played in a very good spirit of sportsmanship and the teams were all evenly matched. In spite of the fact that the Canadian Legion did not win one of the trophies they were always in the running and only bad breaks prevented them from being rewarded. Special mention is also due to the Home Oil Club who, in spite of difficulties, were always on the job. They deserve a lot of credit for their sportsmanship in always fielding

a team in spite of the many reverses they received.

"The class of football played was quite up to the mark and was thoroughly enjoyed throughout the season. The younger players generally speeded up the games which were fast and interesting to the spectators.

"The number of players registered during the playing season by the various clubs was as follows: Canadian Legion, 25; Merchants, 25; Regiment, 21; Home Oil, 29.

"The following is the complete list of trophies competed for together with the winners of same: "Mobley Cup (league championship), Regiment; "Dominion Day Cup, Merchants; "Gillhuly Cup, Regiment; "Stuart Benefit Shield, Merchants; "Rochester Shield (Juniors), High School.

"The Dunedin Intermediate Cup was not competed for during the season 1932.

Gate Receipts

"Gate receipts for 1932 showed a decided falling off from the previous year. This was due principally to the presence of 'Old Man Depression' in the district although weather conditions were far from ideal for football and the gate receipts

CARL SMITH RE-ELECTED

High School Softball Meeting Extends Deep Sympathy to Mr. Gilliland

The postponed annual meeting of the High School Softball League was held yesterday afternoon with Carl Smith in the chair. Soon after opening the meeting, Carl Smith turned over the chair to Mr. Johns.

Bill Tobey moved a resolution that the meeting extend its deepest sympathy to Mr. Gilliland in his present illness. He also wished to thank Mr. Gilliland for his cooperation and for his consent at the time he was carried on.

For the second consecutive year Carl Smith was elected as the heart of the High School softball league. The first cast of the ballots revealed that Smith and W. Tobey had each received 26 votes. Under this circumstance nominations were opened for presidency. Moxley and Morgan were nominated. This time Smith received thirty votes, over half of the ballots cast.

Before the close of the meeting

VIC FOLEY FOR NORTH

Former Prominent Vancouver Boxer Here This Afternoon Enroute to Dawson

Vic Foley, formerly prominent in Vancouver as a boxer, was here this afternoon aboard the steamer Princess Norah. He was bound north to Dawson.

A charge of drunkenness against Sonny Cook was dismissed by Magistrate McClymont in city police court yesterday afternoon.

Mr. Johns congratulated the members for carrying on the League in its present efficient manner. He wished to be with the boys and help carry the League on and hoped that Mr. Gilliland would soon recover.

The League is now being conducted by the president, his executive and Mr. Johns acting as an adviser.

Yesterday's game between the Tobey Tigers and Moxley Cubs was postponed owing to bad condition of the grounds.

ANNUAL FISH WEEK

Canada's annual "Fish Week" commences Monday. The observance has been arranged by the Canadian Fisheries Association, a nation-wide organization, and the plan of setting aside a particular week in the year for the purpose of directing special attention to the national importance of the fishing industry, and the diet value of Canadian fisheries products, has the cordial approval of the Dominion's fisheries authorities.

Some of the most interesting research work in connection with foodstuffs in recent years has centred about the health values of fish and shellfish, and very important discoveries have been made. It has been found out, for instance, that fish foods contain vitamins which are essential to health, particularly Vitamin D., which is most valuable in the diet of growing children because it prevents such troubles as rickets. Different foods contain vitamins, of course, but fish has been found to be richer in Vitamin D. than other foodstuffs.

COMBAT ANAEMIA

Then, too, it has been ascertained that fish is beneficial in cases of anaemia, while, of course, it has been known for some time past that sea fish and shellfish have much larger content of iodine—the great goitre preventative—than any other foods. When it is also remembered that fish contains such elements as calcium, the bone and teeth building substance, and that it is nourishing and easily digested, it is easy to see why its use is stressed increasingly by diet authorities.

Canadian fish is available in such variety, and such satisfactory quality, that there is no need for anyone in the Dominion to buy imported goods. Canada's fisheries resources are remarkable both in extent and in the variety of fish and shellfish which they yield, and fishing and processing operations are carried on by an industry which uses thoroughly modern methods and equipment.—Contributed.

IN THE LETTER BOX

CHIPPING IN

Editor, Daily News:—

I would like to chip in and contribute a consideration or two on the subject of the controversy between the city council and the unemployed association of Prince Rupert.

It has been inferred that the unemployed want "something for nothing." This inference like anything else can be viewed from more than one angle, one of which was expressed by some of the aldermen while it is the intention of the undersigned to bring attention of interested parties to one of the other angles.

It is known that the Dominion and the provincial governments contribute two-thirds of the cost of the municipal relief, leaving the remaining third to be financed by the municipality concerned. Now if our city council is paying one-third of the cost and demands three-thirds of the labor power so purchased in return then the inference of "something for nothing" to a certain extent has the effect of a boomerang.

In view of the fact that the city council has offered examination of the books in connection with administration of the local relief it may be safely assumed that the job was and is being done in accordance with the law, but it would be interesting to look over some figures in connection with national relief matters as a whole.

In the period of time from October 1, 1930 to January 31, 1932, \$44,000,000 was paid out in wages to relief workers. However, the total amount of public funds expended by the federal, provincial and municipal governments during the same time was \$146,899,219. Another item of expenditure in connection with administration of these relief funds was cost of materials and cost of administration. The cost of administration of these funds and production of the materials used, no doubt, have provided work for a good many people but have consumed two-thirds (roughly) of the funds intended for relief of the workless workers.

Now the other point is that the profits made in production and sale of these materials (especially if one remembers cases like the one reported last winter in the local press where in a camp occupied by 300 workers, 300 picks, 300 shovels and 30 other kinds of tools were sent in measurably as necessary equipment from the Marxian standpoint are a portion of the surplus value produced by the working class as a whole and in fact constitute the something for nothing.

Hence it appears unreasonable to point a finger at the involuntary workless worker who is reluctant to sell his labor for a portion of its market price especially since his unfortunate position on relief is exploited for production of unholy profits.

M. ANDERSON.

RELIEF WORKERS CRITICIZED

Editor, Daily News:—

Your editorial of yesterday would seem to intimate that most of the men employed by the city on relief work are willing and anxious to work. Now sir, I have watched some of these men and their anxiety to preserve the work is so great that they do very little of it. If they were working for me, I'd fire the lot.

Like you, I admire a man who is willing and anxious to work but I have no admiration for most of the relief gangs I have seen. I am willing to wager that I could do as much work in an hour as some of them do in two days. I think you can keep your sympathy for a better lot of men than those who have been exhibiting their loafing ability when supposed to be working for the city.

I expect to arouse resentment among some of the unemployed. That is my object in writing. It is time some one spoke up.

Yours for a good day's work for a day's pay.

SCRUTINEER.

Mrs. J. B. Gibson, who has been on a trip to Toronto to attend Dominion sessions of the Anglican Women's Auxiliary, returned to the city on the Princess Norah this afternoon, having travelled west via Vancouver.

W. B. Kirk, well known Juneau druggist, and Mrs. Kirk were passengers aboard the Princess Norah this afternoon returning to the Alaska Capital after a trip to Seattle and elsewhere in the south.

There were only seventeen passengers aboard the steamer Princess Norah this afternoon on her arrival here from Vancouver enroute to Skagway. One person disembarked from the vessel here while three went north aboard her. The Princess Norah had 360 tons of freight for Skagway including coal which she loaded at Union Bay on the way north.

Football Had Good Year in City
Despite Depression; Activities of Season Reviewed by Executive

(Continued from Page Two)

suffered considerably. Gross receipts for the Gilhuly Cup, Dominion Day Cup and Mobley Cup series totalled \$218.04 in 1932 as against \$307.80 in 1931. The receipts for the Stuart Benefit Shield showed a decided improvement due to the fact that there were four teams in the league and more games were played. A total of \$56.50 was realized in this series as compared with \$25.60 for 1931. In view of the fact that, with a four-team league, the gate receipts would be divided four ways in place of three ways as last year and as the gate receipts were considerably lower this year, your executive decided that the association should only deduct 25% of the net receipts in place of the customary 50%. This, therefore, means that each of the four teams received \$27.76 as against three teams each receiving \$35.15 in 1931 which compares very favorably especially in view of the very unusual and abnormal times through which we are passing.

"After several attempts which were always frustrated by bad weather a benefit game for the Unemployed Welfare League was finally played. A substantial amount was realized for this worthy cause by the sale of tickets.

A Disappointment

"Your executive was keenly disappointed at being unable to arrange the usual games with the British Navy because of the fact that H. M. S. Delhi did not call at Prince Rupert on its northern cruise. Strong efforts were made to have the ship call here but to no avail. The Hanson Cup, donated by Olof Hanson M.P., for annual competition between the ships of H. M. Navy and teams representing the City of Prince Rupert was, therefore, not competed for. An exhibition game was played on May 13 between a team representing H. M. C. S. Vancouver and Regiment which was won by the latter by a score of 6-0. Another exhibition game was played on August 13 between H. M. C. S. Skeena and Canadian Legion and once more the locals were victorious the score being five goals to nil. The gate receipts in both these games were just barely sufficient to take care of the expenses of same.

"In connection with the fair board's entertainment program the association staged a five-a-side competition but it cannot be considered as proving a success. The weather conditions were far from being ideal, which detracted from the interest taken in the competition. The Canadian Legion were ultimately declared winners by default from the Merchants.

"In spite of adverse criticism at the early part of the season several referees were given a trial and your executive feel that they did the best they could with the material at their disposal. Referees who were used at various times throughout the season included Messrs. J. Johnstone, J. W. Thompson, W. Willis-croft, G. Edgecumbe, J. Andrews, J. Mitchell and A. D. Horne.

"The services of the board of control were only required twice during the season—which speaks well for the players and shows that all matches were played in the best spirit of sportsmanship.

Stuart Benefit Shield

"Your executive regrets very much to have to report that the funds of the Stuart Benefit Shield have been completely exhausted by the bills we were obliged to pay for injured players. This state of affairs, of course, was due to the regrettable accident which happened to Player Webster of Merchants

who sustained a broken leg towards the close of the season. It might be well for the various members to note that the original accounts of both the doctor and the hospital for attention given to Webster were considerably higher than the amounts paid and it was only after both parties were approached that adjustments were made in order that we could avoid turning over the Stuart Benefit Shield Fund to the incoming executive showing a deficit. It has been suggested that early in the New Year a membership drawing be conducted solely for the purpose of raising funds for the Stuart Benefit Shield fund so that there will at least be some money on hand to start the season off with. It is to be hoped that the new executive will be able to carry out this suggestion.

Intermediate League

"Your executive again found that it was impracticable to renew the intermediate league during this season. This was due principally to the fact that, with a four-team senior league, most of the players too old to play in junior competition had been taken care of by the senior clubs, which is most gratifying to the association. It is only by coaching and bringing along the juniors of today that we will be enabled to have seniors of tomorrow.

Benefit Dance

"A benefit dance for Player E. Webster was held in the Moose Hall under the auspices of the association. This dance realized a net sum of \$106.70 which amount was turned over to Mr. Webster and is in addition to his doctor and hospital bills which were paid out of the Stuart Benefit Shield fund. Your executive wishes to thank all those who assisted in any way, shape or form to make this benefit dance the success it was.

Membership Drawings

"An innovation as far as this association is concerned was inaugurated this year when several membership drawings were conducted by your executive. This proved very interesting and highly successful. In fact it is without a doubt the means by which the association has been able to keep its colors flying at all this season. Had it not been for this source of revenue, the association would have had a very large deficit to show for the season's operation.

"Your executive feels that definite progress was made in the 1932 season. First of all there were four teams in operation in place of three which reveals the interest taken in the game by the younger players and speaks well for the future of the game. Secondly we were able to put the club house at Acropolis Hill in first class condition. Although this was only done at considerable expense it fills a long standing need in the community and now gives the players good dressing room accommodation and we feel sure it has been appreciated by them and by participants in sports other than football as well.

"Your executive was pleased to note the keen interest taken in the games played this year by those of our fellow men who were unfortunately unemployed. We want them to know that it was a pleasure to this association to be able to provide them with entertainment.

"Your executive thanks the various club delegates, board of control, junior league committee, executives of the clubs, the press and the general public for the support they have accorded us during the

FOOTBALL MEETING

(continued from page two)

treasurer, was replaced by C. L. Youngman. George Hill takes the place of Jack Watson on the board of control.

The complete list of officers for 1933 will be as follows:
 Honorary president, Mayor C. H. Orme.

Honorary first vice-president, A. Clapperton.

Honorary second vice-president, Olof Hanson.

President, Bert Morgan.

Vice-president, W. Murray.

Secretary-treasurer, C. L. Youngman.

Auditor, F. Vickers.

Board of control—J. Frew, G. Abbott, S. D. Macdonald, J. Black and George Hill.

The meeting, at which there was a fair attendance and over which Bert Morgan presided, adopted the annual report and financial statement.

In appreciation of his splendid services as secretary-treasurer during the past year, G. W. Laidler was presented with a handsome cigarette lighter. The president called upon Vice-President William Murray to make the presentation.

In order that this port would not be overlooked as had been done while H. M. S. Delhi was on the coast during the past summer, it was decided to ask the city council to invite any warship of the British navy which may be on the coast next year to include Prince Rupert in its itinerary.

The question of insuring players against injury was taken up and, after some discussion, referred to the incoming executive for further investigation.

The Weather

Prince Rupert—Overcast, south-east wind, 12 miles per hour; barometer, 30.19; temperature, 49; sea smooth.

Dead Tree Point—Clear, light southeast wind; barometer, 30.08; temperature, 54; sea choppy.

season just closed, and extend their very best wishes for the success of the incoming executive for the season 1933."

District News

SMITHERS

A new company formed to develop and operate coal leases at the head of Glacier Gulch near Lake Kathleen has already got preliminary work under way. Mining machinery for the property arrived following which Charles W. Dill and F. Ballard of Vancouver, who are principals of the new company, reached Smithers. The leases to be developed are owned by Frank X. Franks of Vancouver, G. Ballard of Evelyn and others.

Mr. and Mrs. Alex Gray have left for Vancouver where they plan on taking up future residence after having spent several years in Smithers. On the eve of their departure, they were tendered a farewell social in the United Church.

VANDERHOOF

Stephen Holmes has just about completed an extensive renovation of his cash and carry store here.

J. C. Brady, district engineer for the provincial department of public works, Prince Rupert; L. C. Gunn, district engineer, Prince George, and Robert Reid, general road foreman, were here recently in company with A. L. Carruthers, bridge engineer for the province, in the course of a tour of the central interior.
