# Aviator Fails to Arrive at Fairbanks

## BRITISH TAKE NO SIDES WITH EITHER OF THE IRISH FACTIONS

### Aviator Prest Is Lost in Hills Between Eagle and Fairbanks in Alaska

EAGLE, Alaska, July 18.—C. C. Prest, aviator, attempting to fly from the South to Siberia, left here early Sunday morning bound for Fairbanks, a three hour journey. He had not reached Fairbanks at a late hour Monday evening. His journey lay across hills and valleys densely wooded, where landings were almost impossible.

Prest was known to have had engine trouble and his gasoline was not registering top gravity so he took ether with him to liveen it. He wanted to be in Fairbanks for the public celebration Sunday afternoon. He had with him only three apples and a pound of candy for food. However, he carried a gun, fishing tackle and a moving picture camera. It is feared that he has met with a mishap.

### DISCUSS TITLES IN PARLIAMENT

Lloyd George Defends System of Granting New Honors in That Country

LONDON, July 18.—A motion for the appointment of a Royal Commission to investigate the conferment of titles did not come to a division in the House of Commons yesterday, although the House of Lords, formerly voted for the appointment of the commission.

In the Commons Lloyd George defended the system of giving titles and warned the House that if the system was changed it would be for the worse.

The debate was a quick one except when Lord Ronald McNeill criticized the giving of a peerage to Lord Waring recently, accusing Waring of dishonest methods.

Lord Waring, who was in the peers gallery, started the House by rising and shouting: "That is untrue," and had to be admonished by the policemen.

### FISHING GOOD ON THE SKEENA

Boats Averaged About Fifty Sockeye Yesterday and Big Run Expected.

Fish came in pretty fast yesterday at the Skeena River canneries. Already the canneries are about 75 per cent ahead of last year and the prospect is that there will be a big run to meet the boats when they go out Sunday night after the week end close season.

Next week is the season of high tides when the big run should take place. If there is not good fishing then, the season will be a failure. There is every likelihood, however, that the run will be a good one.

The average for the boats yesterday was about 50. One canner reported its high boat 131, others got higher. On the whole the season so far is a good one and there seems a likelihood that the canneries will make a few dollars and that the fishermen will have some money to spend at the close of the season.

### CLOSE DOWN LOGGING.

VANCOUVER, July 18.—At a meeting of the loggers of the coast district it was decided to suspend logging operations until the fire hazard was eliminated.

### ANTHRACITE COAL IS LIKELY TO BE SCARCE DURING THE WINTER

OTTAWA, July 18.—In consequence of the strike in the United States, a shortage of anthracite coal for domestic purposes next winter in Canada is predicted by the government officials.

### MURDERERS WILL HANG

Reginald Dunn and Joseph O'Sullivan, Assassins of Field Marshall Wilson, Convicted

LONDON, July 18.—Reginald Dunn and Joseph O'Sullivan have been found guilty of the murder of Field Marshall Sir Henry Wilson who was shot down in front of his home at Eaton Place last month. Both convicted men have been sentenced to death.

### RUSSIANS AT HAGUE TAKING ARBITRARY ATTITUDE TODAY

THE HAGUE, July 18.—Russian delegates to the conference of economic experts refused to attend the meeting this morning of the joint sub-committee on private property. They say that they will not deal separately with any single sub-committee. The Russian attitude will be discussed later today.

### REDUCTION OF INDEMNITY IS A SUGGESTION

Matter Being Discussed by British and French; Cancel French Debt

PARIS, July 18.—A reduction of the German indemnity from the present total of 132,000,000,000 marks to 50,000,000,000 marks and the cancellation of the French debt to Great Britain is the solution of the reparations question now being seriously discussed by the British and French officials.

It is expected the plan will have the support of the United States and a certain amount of backing from the reparations commission itself, it is said.

### VICTORIA SECOND IN RIFLE COMPETITION

B. C. Team Came Next to Hamilton Collegiate Institute in Shooting.

KINGSTON, July 18.—Hamilton Collegiate Institute won the challenge shield of the Royal Military College inter-school rifle competition with a total score of 223. The team from Victoria, B. C. High School came second with 199.

### INQUIRY INTO SCHOOL AFFAIR

City Council Refers Solicitor's Report to School Board

City Solicitor Hooper last night reported to the city council on the matter of holding an inquiry into the construction of the Booth Memorial School. The report was discussed and it was decided to hand it on to the school board.

In his report, the solicitor intimated that a public inquiry was provided for by statute for all municipal matters which would, undoubtedly, include those of schools. A commission could be appointed and the attendance of witnesses compelled. He would point out, however, that while the commission might make a finding it would not be in the nature of a judgment and no action could be taken against anyone on the strength of it. It might also prove expensive. On the other hand if it was proven that there was negligence in workmanship action would develop and damages might be allowed against those responsible.

Ald. Rochester said he took it that, unless they could prove wilful negligence, that they would have no basis for action.

Ald. McLeod said he would only favor an enquiry if the guilty parties could be prosecuted.

Ald. Dybhavn said that he understood the solicitor had informed the school board that they had a case against the architect.

It was decided, on motion of Ald. Dybhavn, seconded by Ald. Perry, to receive the report and submit it to the school board.

### EXPLOSION IN NEW YORK KILLS FIREMAN AND DOES DAMAGE

NEW YORK, July 18.—Explosion in a six storey warehouse shattered windows for blocks and falling debris killed one fireman and seriously injured another. It is believed that either stored powder or chemicals caused the blaze.

### NEGROES FOUGHT AT WINNIPEG LAST NIGHT

WINNIPEG, July 18.—Harry Wills, the negro heavyweight and Dempsey's challenger, knocked out Jeffe Clark, a negro of Joplin, Mo., here last night in three rounds.

### STORK SPEAKS CITY COUNCIL

Unemployment Matters Are Discussed—Conference in Ottawa.

Fred Stork, M.P., last night addressed the city council on the unemployment question.

Mr. Stork reported that the question had been receiving the attention of the Dominion parliament ever since February. Municipal and provincial governments had also been discussing it but, as far as he could find, a suitable solution had never been offered and there had been a general inclination to pass the buck. In view of the financial situation it was a most difficult question for the Dominion government. The winter was coming again and undoubtedly there would be unemployment in a marked degree. It was proper that steps should be taken to handle the situation. A meeting had been called by the cabinet to take place in Ottawa on September 5. The Dominion and provincial governments would confer and, while he could not say what the outcome would be, he did know that the best minds of the country would then seek a solution. There would have to be co-operation of the Dominion, provincial and municipal governments and the individuals themselves. While he did not have any definite solution himself he would heartily support any measure decided on and would pledge his own co-operation.

In reply to a question by Ald. Montgomery, Mr. Stork said that as far as he knew, the Dominion government had no intention of washing its hands of the matter.

**Objects to Doles.**

Ald. Kelly expressed himself as opposed to the principle of doles that had been in effect in the past in connection with relief.

Mayor Rochester felt that it would be desirable that Mr. Stork should attend the conference in Ottawa. He would then be able to point out local conditions which were peculiar. Mr. Stork said he had no idea of the status of the conference but he would make inquiries at once. It was his opinion that the conference was to be between the Dominion and Provincial cabinets. It would be impossible to have representatives from every city.

**Method of Relief.**

Ald. Kerr and Ald. Kelly then entered into a discussion of the methods of relief and the matter of building railway branch lines was discussed.

Ald. Perry thought that since they had the assurance of Mr. Stork's co-operation the council could do no more at this time. The conference in Ottawa would likely come to some satisfactory conclusion.

Mayor Rochester extended the thanks of the council to Mr. Stork.

### THE BRITISH IN IRELAND ARE NEUTRAL

BELFAST, July 18.—When the Free State troops applied to the British regiment at Beleek for assistance against the republican forces the British declined on the ground that they had orders to remain neutral.

The military authorities at Enniskillen sent munitions to the Free Staters in response to an earnest request, only to send messengers post haste a few hours later to demand the munitions back again, the neutrality having been considered broken.

### ENGLAND'S RICHEST PEERESS IS MARRIED

Becomes Bride of Lord Louis Mountbatten, Grandson of Queen Victoria.

LONDON, July 18.—England's richest peeress, Miss Edwina Ashley, granddaughter of Ernest Cassel and goddaughter of King Edward VII was married today to Lord Louis Mountbatten, the groom is a grandson of the late Queen Victoria and a cousin of King George and the closest friend and companion of the Prince of Wales. He is a naval officer. His father was Prince Louis of Battenberg until the King abolished all German titles held by the British royalty.

### MANITOBA IS ELECTING TODAY

Farmers Not Considered Just as Strong as at Beginning of Campaign

WINNIPEG, July 18.—Manitoba is today engaged in the serious business of choosing its legislature. Voters under fine weather conditions are turning out in tens of thousands to cast their ballots.

Few election campaigns present for the consideration of the prophets the hazards and uncertainties which mark the close of the one now at an end here. It has been a long one.

**FISH ARRIVALS**

Six Halibut Boats Marketed 76,500 Pounds at Exchange This Morning

Six halibut boats marketed 76,500 pounds of fish at the Exchange this morning. The buyers and boats were as follows:

Booth Canadian Fisheries—Chancellor, 21,000 pounds, at 13½c and 6½c.

Canadian Fish and Cold Storage—Annie J., 23,000 pounds, at 13.8c and 6½c; Clara N., 9,000 pounds, at 13.1c and 6c; and Mab, 4,500 pounds, at 13c and 6c.

Atlin Fisheries—Brothers, 12,000 pounds, at 13.4c and 6½c, and Fisher, 9,000 pounds, at 13.2c and 6½c.

Mrs. L. Forsberg and family are in the city today on their way from Alice Arm to Quesnel where they will join Mr. Forsberg who recently located there. Mr. and Mrs. Forsberg lived in Alice Arm for several years.

### Two Money Bylaws to be Submitted; \$35,000 for Bridge; \$15,000 School

A \$35,000 money by-law for the new composite steel and timber bridge on Sixth Avenue crossing Hays Creek and a \$15,000 by-law to cover the repairs on the Booth Memorial School are to be submitted by the city council to the ratepayers at an early date. Decision to these ends was made by the city council last night. The bridge by-law was recommended by the board of works and adopted unanimously. The resolution to have the school by-law put came later in the meeting. It was moved by Ald. Montgomery and seconded by Ald. Kelly and passed. Ald. Perry, Ald. Silversides, Ald. Kelly, Ald. Montgomery and Ald. Kerr would vote in favor of the by-law.

**Deplores Policy**

Ald. Montgomery deplored the policy of spending money first and seeking the ratification of the ratepayers afterwards.

The resolution was then put and carried as recorded.

In connection with the bridge by-law it was explained by the city engineer that the structure would be of two separate sections. The steel spans in the centre on three concrete piers would be built of steel and would have a lifetime of 30 years. The approaches from either end would be of creosoted timber and benches with a lifetime of 15 to 20 years. The bridge was to be so built that the approaches could later be made permanent or filled in.

**School By-law**

Ald. Montgomery wanted to know if it was the intention to submit the Booth School repair by-law at the same time as the bridge by-law.

Ald. Kelly thought it had been the general understanding that the school by-law would be put at the earliest convenient date. He thought it should be presented now.

Ald. Collart was of the opinion that there was sufficient money in general fund to cover the cost.

Ald. Kerr had also understood that the by-law was to be put on the first possible occasion.

Mayor Rochester said it was his recollection that the council had decided to put the by-law if necessary.

Ald. Silversides said the school would have to be put in shape, anyway, by-law or no by-law.

Ald. Perry wanted to know if a by-law was necessary or if general fund could handle the undertaking.

**Advised Delay**

Ald. Dybhavn said it was not certain if \$15,000 would cover the entire cost including expert advice. He could not say at this time whether or not general fund could finance the undertaking. In any case, he thought it would be advisable to finance temporarily until it was ascertained exactly what the cost would be and if the by-law would be necessary. The by-law should be submitted later and not at the same time as the bridge by-law.

Ald. Montgomery could see no reason why the school repair by-law should not be put now if it was to be put at all. He would not favor the presenting of a by-law after the work was completed. He moved that the two by-laws be introduced at the same time. This was seconded by Ald. Kelly.

**Must Supply Money**

City Solicitor Hooper said there was no question about the city having to supply the money. The only question was whether or not general fund would have to be reimbursed.

Ald. Montgomery considered the school board had no mandate to proceed with the repairs and he would insist that the by-law be put.

Ald. Kelly believed the by-law should go to the people and also, if it was turned down, that the work would have to be paid for anyway. Every sane ratepayer

Ald. Kelly believed the by-law should go to the people and also, if it was turned down, that the work would have to be paid for anyway. Every sane ratepayer

### NO MARKET FOR COHOE SALMON

Siberian Fish Has Knocked Bottom Out of Local Demand.

There is much disappointment among the salmon trollers this year over the failure of the market. The canners are not buying cohoes owing to the competition from the Siberian fish which is packed by Japanese. As a result the trolling boats are not likely to be very active.

Yesterday a catch of cohoes was refused by one of the canners when offered at fifteen cents each. They are not wanted. All that can be done is to ship a few of them fresh or freeze them for export. As the market in each line is limited, the prices will be very low.

There is some demand for humps and a few of these are beginning to come, but so far there have been very few cans of pink salmon put up.

### ASSASSINS OF RATHENAU DEAD

Herman Fisher and Edwin Kern Committed Suicide as They Were About to be Captured

BERLIN, July 18.—Herman Fisher and Edwin Kern, who for many days have been pursued by the German police as suspected assassins of the late Foreign Minister, Dr. Rathenau, committed suicide today. Both men shot themselves as they were about to be captured.

### DUKE GOES TO FIGHT FOR IRISH FREE STATE

LONDON, July 18.—The Duke of Leinster has gone to Ireland to join Collins' Free State army "wherever he is required." He was in the colonial Irish guards and was wounded at Gallipoli.

### IN MEMORIAM. SONS OF ENGLAND

Members and friends will please meet at the K.P. Hall at 2:45 Wednesday afternoon to attend the funeral of our late Brother W. H. Johnson.

**Aeroplanes Are No Longer Novel.**  
 The visit to Prince Rupert of the first seaplane to enter the port caused scarcely a ripple of excitement yesterday. It was no more interesting than the arrival of the Admiral Steamer Spokane for the first time in many years in the afternoon. The plane was announced by the sound of the engine whirring as it passed up the harbor. It remained a short time, long enough to clear the customs and get fuel and then away it went bound for Ketchikan. The proposal to run a passenger service between this place and Ketchikan is one that seems likely to meet with favor. Many people would like to make a trip to the American town if it were not for two things—the rough water to be crossed and the long time it takes to make the run. If it were possible to go there in an hour and return the same day, it would seem as if the service would prove popular. Many Ketchikan people, too, would like to visit Prince Rupert if they could do so easily and without spending too much time over it.

**Completing The New Dock.**  
 The electric work on the new dock has been commenced and will be completed this fall. All that is then needed is the fire protection. A sprinkler system is planned but the work has not commenced and at present there is no means of access for the fire wagons in case they should be needed. As a matter of protection it will be necessary to have a good road built to the dock. The railway company has a very large investment at the dock and the sooner it is made productive the better.

**Where Are People All Going?**  
 Just after the war houses were scarce everywhere. There was very few cities in the world that did not have a housing problem on their hands. Lack of houses and apartments with rapidly soaring rents seemed to be the regular thing. New York and London were similarly situated with Prince Rupert and Smithers. Everywhere that was scarce. There has not been a great deal of building since that time, for building costs have been prohibitive. Yet the scarcity has disappeared. In most cities there is plenty of accommodation and to spare. Even in this city there is a selection of apartments for anyone about to set up housekeeping. Everywhere there is a tendency for rents to come down, although there has as yet been no reduction here.

**Are We Downhearted? We Should Say Not.**  
 Are we downhearted? Why should we be? What is there to make us downhearted in a place where the prospects are so good? While this is true, it is necessary for us to go carefully until the turn comes. This autumn should see better business in the city and an announcement of the government's policy will cheer everyone. In the meantime it is necessary to see that we do not fall heedlessly into debt. The whole country is passing through a transition period and Prince Rupert, along with other places, is bound to feel its effect. The tumble of prices following the excessive inflation of the few years at the close of the war and after tends to paralyze business and with business quiet there is a general feeling of depression and we say times are dull. In the East where they first felt the depression, there is a noticeable improvement and here it is coming.

**Science**

Has made it possible to deliver Salada to your table, with a flavor as delicate and appealing as when it left the gardens. From across the ocean sealed in a lead chest, opened by us, blended, electrically weighed, vacuum packed, and finally resealed in air-tight aluminum, Salada reaches your tea-pot 100% pure and with every bit of the fragrant flavor preserved.

**EXPERT REPORT CIVIC AFFAIRS**

**Dr. Adam Shortt Advises Victoria What to Do to Restore Civic Finances.**  
 Soon after the election of Mayor Marchant and the present city council in Victoria last winter, it was decided that as the city's financial affairs were in such bad shape they should call in an expert. They called on Dr. Adam Shortt and he made a preliminary report some time ago but the full report is now at hand. Recommendations may be summarized as follows:  
 1. Levying of a city income tax and abolition of the present inequitable business and professional license taxes.  
 2. Levying of a heavy tax on all profits on land sales to curb wild speculation and give the city a share in the returns of real estate deals.  
 3. Taxation of improvements.  
 4. Extension of the 1918 Relief Act to give property owners an opportunity to postpone payments on the original principal due the city until the revival of prosperity.  
 5. People whose lands have reverted to the City should be able to get them back by paying the annual charges on the capitalized arrears and the local improvement charges.  
 6. These extensions of assistance to land owners should be financed by the issue of fifteen year serial bonds.  
 7. Taxes should be collected at frequent intervals during the year as nearly as possible along the lines of waterworks collections.  
 8. The City's financial year should commence April 1.  
 9. Tax arrears should be rated in the City's books at their actual value instead of being considered as assets.  
 10. All city assets, such as buildings, should be written in the books at their real value instead of at largely-inflated figures.  
 11. A new system of accountancy should be established at the City Hall so that the ordinary citizen can understand the city's financial position by reading the annual city reports.  
 12. Tax sales which cause the reversion of huge quantities of property to the city, should be avoided during times of financial depression.  
 13. Victoria and the surrounding municipalities should be consolidated on a basis which would protect the outside municipalities in consideration of their superior financial position.  
 14. A provincial municipal commission with broad powers should be formed to exercise control over municipalities.  
 15. Either the School Board should be consolidated with the city council or the board should not be under the control of the council in any respect whatever.

**Ten Years Ago in Prince Rupert**  
 July 18, 1912.  
 The Bank of Montreal, as the financial agents of the city, came up for discussion at last night's meeting of the council when various letters were read. The bank will not directly state that they refuse to sell stock to city customers but is tying the situation up nevertheless.  
 The Section 2 street improvement bylaw, which includes the building of a bridge, passed the city council last night.

The local Daughters of the Empire waited upon Premier Sir Richard McBride yesterday and asked for a building site on Fifth Avenue near McBride Street. The premier promised the matter his best consideration.

to pay homage to Simon Fraser that induced the Spokane to call here yesterday.

THE candy kids aboard wanted to size up the town and get a little of the Canadian spirit.

I was dining one day on the seashore. With my food all cluttered with sand and my fingers clutched at a sandwich made by some fairy hand.

I know not what I was eating. Or why I was chewing there. Except that the hand which cut the loaf seemed to me exceedingly fair.

It may be that there on the seashore Once more I may sit or recline Chew sand and declare I enjoy it And lie as I say "It's all fine."

IT'S a great life if you don't weaken.

HOW skittish people are these days. The world is full of surprises. Aviator Jones called for a few minutes in his Curtis. The Spokane makes a short call with a party of sweet toothed from the states and Len Bell starts making afternoon calls in his combination flier. Who will drop in on us tomorrow. Perhaps it will be the Governor General.

Knights of Pythias picnic Wednesday 19th. Boats leave Prince Rupert Boat House 11 a. m.; 1:30, 2:30 and 5:30 p. m. Coffee, tea and ice cream provided. Adults, 50c.

The city hall is to call for tenders for the supply of 100 thousand feet of fir lumber for street work. A recommendation from the Board of Works to this effect was adopted by the council last evening.

The annual grant of \$1,500 from the city council to the Northern B. C. Agricultural and Industrial Association is to be paid forthwith. The city council ordered to this effect last evening, following receipt of a letter from the fair board making the request.

The board of works is to report to the city council on the Section 6 local improvement scheme. The city engineer has already got the necessary data out and all that is required is a report from the committee. The matter was brought up by Ald. Perry last night.

Dr. W. V. A. Special General Meeting will be held on Tuesday, July 18th at 8 p. m. for a discussion on the coming of our city on an early date of this Excellency the Governor-General Lord Byng of Vimy. All returned men are cordially invited. A. Mackenzie, Secretary. 166

An invitation signed on behalf of the city of Winnipeg by Mayor Frank O. Fowler and City Clerk C. J. Brown inviting Prince Rupert to send delegates to the convention of the Union of Canadian Municipalities to be held there on August 8, 9 and 10 was received by the city council last night and ordered acknowledged.

The Lowest Price for a Quality Watch

The difference between a watch made to sell and one made to run cannot be seen with the untrained eye. Gruen Watches COULD be made to sell as cheap as any, but Gruen quality and standards of fine construction cannot be put into a watch below \$25. When you buy a Gruen Watch at \$25 and up you pay the minimum price for a real watch and you get a name which stands for dependability and artistic design.

John Bulger, The Jeweller

"I Believe in Fair Play!" - Mr. SMP

An Appeal to Housewives

THE local hardware merchant is one of the most useful citizens in any community. His one object is to serve faithfully the householders of the community in which his store is located. Give him Fair Play.

He is vitally interested in the neighborhood and all its citizens. He pays his local taxes and helps maintain the community. The money he gets from selling his goods to you, he spends in turn with other merchants of the community. His life's savings are invested in the hardware business he conducts. He is raising his family and helping to keep up the schools where your children are being educated.

But, unfortunately, all these things are forgotten when some householders buy goods at their doors from peddlers or house-to-house canvassers. These individuals are very persistent in their efforts and will go to great lengths to sell you their wares. They deliberately play on your

sympathies. They should be turned down at once! They have no grain or tittle of interest in you or the neighborhood, other than to sell their wares and be gone. You will probably never see him or her again.

When you buy kitchen utensils or household articles from one of these peddlers you are not playing fair either with yourself or the hardware man of your community. You are injuring your hardware man for the reason that these peddlers are in direct competition with him.

The hardware merchant is in business to serve you. To sell you his goods at a fair, reasonable price is his daily occupation. Strengthen him by buying from him and he will be of even greater service to you.

Loyalty to those who serve you is as fine a thing as loyalty to those whom you serve. Remember the hardware merchant. Buy from him when you can, and treat him with the same fairness that you expect from others.

George Clothier, district mining engineer, is expected back from Alice Arm on the Prince George Thursday night. Mr. Clothier and party have just completed a reconnaissance of the mineral belt between Stewart and Alice Arm.

The board of works is to bring in a report to the city council regarding leasing accounts, with a view to purchasing another truck. The matter was brought up at the meeting last night by Ald. Collart who charged extravagance in this connection. He moved that a truck be purchased but, after discussion, it was decided to have a report from the board of works first.

Hotel arrivals at the Prince Rupert yesterday afternoon and this morning included J. A. MacInnes and Major J. Falkner, Vancouver; E. Daniel, Vancouver; Isabella L. Creighton and Myra A. Angus, Moncton; B. Conley, Oceanic; E. G. Thurlaw, Barrett; Mr. and Mrs. J. A. MacRae, Prince Rupert; Mrs. G. T. Armstrong; Langara; J. D. Wilson and Mr. and Mrs. T. R. Wilby, Anyox; Alfred Harvey, Victoria.

The resolution of Ald. Collart, and Ald. Dybhavn calling for repairs to be made immediately to the Phoenix Theatre or else have the structure pulled down by the city was referred by the city council last night to the building commission. Ald. Collart again insisted that the council take action but other members of the board thought that it was a matter for the commission to report on. The new commission will have its first meeting on Friday night.

Moose Whist Drive and Dance. Metropole Hall, Wednesday, July 19, 8:30 p.m. sharp. Refreshments. Tickets 50c. Everybody welcome.

The G.T.P. steamer Prince Albert, Capt. Neil McLean, arrived in port at midnight last night. After discharging 100 tons of oil for the Imperial Oil Co. the steamer left for Watum River, Massett Inlet, where 17,000 cases are to be unloaded at the cannery.

The Sunny Point Packing Co.'s barge Bellingham arrived at the Canadian National shipyard today to undergo repairs. The craft will be finished tonight and will return very soon to Ketchikan near which port she is used in connection with the salmon canning industry.

Clyde A. Heller, president of the Belmont-Surf Inlet Gold Mining Co., returned from a visit to Surf Inlet yesterday on the launch Belmont and left on the evening train to his headquarters in Philadelphia. Guy Davis, representative of Canadian Explosives, also arrived in the city on the Belmont.

After having taken on a fresh supply of gasoline and clearing the customs, the hydroplane Northbird, carrying Pilot Roy Jones and Mechanic Gerald Smith, took off for Ketchikan yesterday afternoon at 2:45. No advice having been received to the contrary, it is assumed the plane landed safely at the Alaskan town. The flight was expected to take a little over an hour. It was the first plane ever to fly into Ketchikan.

**PACIFIC COAST CANDY MAKERS TOURING NORTH**

**Steamer Spokane Called in Port Yesterday Afternoon With Unexpected Crowd of Visitors**

An unexpected and enthusiastic crowd of American excursionists took the waterfront by storm for about an hour yesterday afternoon when the Admiral Line steamer Spokane, Capt. Danstrom, called here with 175 officers and members of the Western Confectioners' Association and their families who were bound north on a convention tour of Alaska.

Prince Rupert is distinguished by the fact that it is the only Canadian call that the excursion is making. It was only known a short time before the steamer arrived that she was coming here, but there were many local citizens on hand despite the short notice. The hundreds of caps and packages of candy and biscuits that were thrown by the passengers to those on the docks as the steamer pulled in especially tickled the hearts and palates of the throng of local newsboys.

The entire steamer is chartered exclusively by the candy kings, the list including the leading manufacturers of sweets of the Pacific Coast. The trip combines the novel experience of a floating convention and a sail in northern waters during the time of the year when there is hardly a night. Business is being linked with pleasure in the way of convening convention while the steamer traverses the inside passage. In the mornings and evenings business conventions are held, officers elected and the general routine of convention program followed.

**Alaskan Reception**  
At Ketchikan, the first port of call after Prince Rupert, a citizens committee headed by Senator J. R. Beckman welcomed the excursionists last night. After exchange of greetings the visitors were shown through one of the large canneries at Ketchikan, trips made to points of interest nearby, and in the evening they were asked to join the citizens of Ketchikan at a dance.

Special programs have been arranged by the citizens of Wrangell and Petersburg, but it remains for Juneau to furnish the elaborate settings. Here the excursionists will be officially welcomed by Governor Bone, and will bump into a dock fair and dance in full swing. The days of 1898—gambling, dancing, shell men and everything, will be staged on the Admiral line dock, where the excursion party lands. There will be the famous Taku cocktail with the 100 h.p. kick, presentation of the tooth that Chester Roberts lost during the initiation in the Juneau Elks lodge fourteen years ago, and many other side-splitting stunts.

**In Canada Again**  
At Skagway the excursionists will be publicly entertained followed by a trip over the White Pass railroad to Canadian territory, where for a brief spell Col. Johnny Walker will entertain the thirsty visitors.

Silk with her thousand island lover lane and other attractions will also publicly receive the visitors.

The evenings are given over to enjoying the magnificent scenery and to social affairs. A company of entertainers accompanies the convention while deck dances

to the strain of a jazz orchestra have also been arranged.

**Officers in Party**  
Among those making the trip are Chester E. Roberts, president of the Western Confectioners' Association; Nicholas Nelson, secretary; Charles Thompson, president of the Pacific Coast Biscuit Co., vice-president, and R. R. Bean, of Grand Rapids, president of the National Confectionery Association. Candy-makers from all over the United States, including such cities as San Francisco, Los Angeles, Portland, Boston, Spokane, Tacoma, Seattle, Salt Lake City, Denver, Pueblo and Ogden are on the tour.

It is the first excursion of its kind ever pulled off by the industry and has already been highly successful. The Spokane left Seattle on Saturday morning.

**TERRACE NOTES**

Miss Pollock who has been visiting her sister, Mrs. A. Barker, returned south on Sunday.

Mrs. D. D. Munro has returned from a visit to Telkwa.

Mr. and Mrs. R. H. MacIntosh and their guests, Mrs. C. V. Ewert, left on Wednesday for Prince Rupert.

G. A. McNeill of Prince Rupert spent a few days in town with his family on his return from the east.

The strawberry season is almost at an end here, the extremely hot weather having shortened its duration. The fires, which subsided for a short time, are causing guards to be placed at a number of points.

Jack Sparkes left on Sunday with Mr. Sharkey of Prince Rupert for Williams Creek, where he is to guard the bridge.

G. W. Wilkinson has returned from his holidays spent at Lakelse Lake. Mr. Jacobs, who has been relieving in the Bank of Montreal for some time, left on Sunday for Prince Rupert.

Miss Lillian King, domestic science teacher from Kelowna, is visiting her parents, Mr. and Mrs. Tom King.

F. Phiscator who has been spending some time in the south returned last week.

H. Frank of Kitsumkalum is the foreman of two new road camps situated at Deep Creek and Lean To on the Kitsumkalum Lake road.

A. E. Richards of Summerland spent several days in town, inspecting orchards. He finds the orchards here have stood the dry weather better than those of the south.

The meeting on Wednesday evening addressed by the Honorable A. M. Manson, Dr. W. H. Sutherland, E. D. Barrow and F. C. Wade, K.C., was very largely attended. The promise of the bridge across the Skeena has much cheered the people of the district.

Charles Carpenter of Doreen Thos, McCubbin of Pacific and Capt. Whitman and J. Wells of Esk, and a number of others from east of here attended the Political meeting.

Mrs. D. Buchanan left on Sunday for the southern states, where she expects to visit for some time.

Miss Lloyd of Winnipeg is visiting her father, Jas. Lloyd.

Miss Eileen Carruthers of Prince Rupert is visiting Miss Corrine Grant.

Among those registered lately at the Terrace Hotel were R. E. Moore, Prince Rupert; Col. R. D. Davies of Victoria, John Bulger, Geo. Rorie, A. I. Holby, Mr. and Mrs. F. D. Mulholland, Prince Rupert, E. W. Davies, Edson; R. E. Barrup, Prince Rupert, Mrs. P. A. Howard, Vancouver; C. J. Broughton, Fred Broughton, C. H. Sylvester, K. F. Henet, Chicago, John Scott, Shames; James G. Gilman, Vancouver, P. W. Anderson, A. L. Carruthers, Prince Rupert; E. D. Barrow, Alex. Manson, W. H. Sutherland, Victoria; F. G. Wade, London; Ian McKenzie, Vancouver, P. Phillips, Victoria; Chas. McDonald, Revelstoke; M. P. McGaffery, Prince Rupert; S. Bassett-Jones, Prince Rupert, G. P. Fisher, Vancouver, D. Moriarty, Prince Rupert, H. M. Boss, Victoria; D. M. Ostrom, Toronto; A. Goodenough, Smithers; J. D. Moir, Edmonton; P. Sharkey, Dr. Barton, Prince Rupert; J. M. Hoar, Seattle, John McRae, C. F. Kemp, Prince Rupert.

Mr. Willett of Prince Rupert arrived on Saturday and left on Sunday for Lakelse Lake where he intends spending a short holiday.

A very enjoyable tennis dance was held on Friday evening on the board tennis court. A large crowd, including visitors from up and down the line, was present. Good music was supplied by the Terrace Band.

Dr. Bleeker, E. Jacobs, Donald Smith, Carl Lindblom, A. Donaghy and A. Sharpe spent some time lately at Lakelse Lake.

**BURNS LAKE**

A meeting of the Citizens' Association was held in Omineca Hall on Tuesday, and many matters of importance to Burns Lake and district were discussed. Arrangements were made for the entertainment of the party of cabinet ministers under the escort of our representative, Hon. A. M. Manson. The financial report of the committee in charge of July 1, was handed down, and all were unanimous in their praise of the success of the day, both financially and otherwise.

Thursday, the 13th, was the day of days in Burns Lake, at least for two of our young townspeople. Mr. Percy Carr, our local keeper of the peace, was united in marriage to Miss Margaret Pollock. The ceremony was largely attended, and the party proceeded to the hotel, where a dance was held in their honor. Mr. and Mrs. Carr will proceed on a honeymoon of some weeks duration.

The party of cabinet ministers and visitors who have been making a comprehensive tour of the Central portion of the Province, arrived in Burns Lake by car, on the evening of the 14th. They were met by a committee of the citizens, and after a short business session, all proceeded to the Omineca Hotel, where a banquet was laid. Needless to say, the

cuisine was superlative, and the way to the hearts of the visitors was well paved through the correct channel. The chairman, Mr. Robb, after a few remarks, called upon Mr. Manson to address the gathering. Mr. Manson rose amid cheers, and a typical Manson speech followed, which held the attention of everyone. Addresses were given by Hon. F. D. Barrow, Hon. Mr. Sutherland, Mr. Wade and Capt. Ian McKenzie. After a toast to the host A. M. Ruddy, and the singing of the national anthem, the banquet concluded. The visitors are proceeding to Francois Lake and district after which they will return to the coast.

The continued dry spell is not only a source of worry to the Forestry officials, but to the whole district. Fires of some magnitude are burning at Babine and vicinity, and every available man has been called there. The majority of hay crops will be failures, and a serious shortage of feed faces many ranchers this winter.

Fred Fraser, the Government Agent at Fort Fraser, is making a tour of his district, and will accompany the Government members on their tour.

Miles Henderson and Fred Fraser, Jr. are on a short visit to Fraser Lake and environs.

The serious consequences which may arise through the absence of a doctor in this district was drawn to the attention of the Hon. W. H. Sutherland, who has promised to do his best to procure one.

Owing evidently to fires in the south and east, an influx of moose and other game is reported by the Indians of the district. The animals are daily seen near the main roads.

The letter from the Anyox Community League in regard to the establishment of correlated night schools throughout Northern B. C. was filed by the council last night. It was reported that the school board had appointed a committee to investigate the recommendation.

**Her Two Children Had Diarrhoea Terribly Bad**

Anyone suffering from bowel complaints such as diarrhoea, dysentery, colic, cholera, cholera morbus, cholera infantum, or any other looseness of the bowels, will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today. Mrs. Roy Keith, Charlton, Ont., writes: "I am writing to tell you what Dr. Fowler's Extract of Wild Strawberry did for me. Last summer my children had diarrhoea, terribly bad, and they would vomit and pass a great deal of blood. I tried every remedy we could think of, but finally bought a bottle of Dr. Fowler's Extract of Wild Strawberry, and about one half of it stopped the diarrhoea altogether. I have told several others about it, and I would not be without it in the house, as I can truthfully say it saved the lives of my two children." Price, 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

There were about 150 persons present at the dance given last night in the Metropolitan Hall by the ladies of the Catholic Church under the auspices of the Knights of Columbus. Whist and bridge were played, refreshments were served and a delightful dance followed.

Mrs. Jacobsen and Miss E. La Trice tied for the ladies' first prize at whist and the former won on the cut. Sam Howe won the gentlemen's first whist prize. The winners at bridge were Mrs. S. J. McLeod and J. Fred Ritchie. Balagano's Orchestra furnished the music and dancing was kept up till about 1:30 this morning. F. W. Moersch was master of ceremonies and J. J. Muldoon presided at the door.

**SONS OF CANADA DEFEAT CALLIES**

First Half Was Well Played But Second Proved Rout for Scots. Score 5 to 1.

It was easy going for the Sons of Canada in the football game with the Callies last night and they won by a score of 5 to 1. The first half was productive of some fairly good soccer and the Callies possibly had the edge with the grade in their favor but, in the second, when the positions were reversed, the Sons simply overwhelmed the Scots and had everything their own way and if seemed just a matter of goal shooting.

The teams lined up as follows:

Sons of Canada—H. B. Scott; Vic Menzies and Harry Menzies; W. G. Anderson, W. Davis and James Mitchell; S. Marks, R. Long, J. Marks, E. Warren and J. Tait.

Callies—W. R. Martin, J. Currie and D. Jack; E. Smith, A. Kinghorn, G. Anderson; W. Mitchell, E. Mackintosh, B. Scott, G. Sellars and J. McPherson.

Dave Gay was referee and George Waugh and Jack Hynd, linesmen.

**Play and Scores.**

The first half opened with the grade in favor of the Callies and the first goal was made for the Scots by Mackintosh after fifteen minutes play. About ten minutes later the Sons equalized through J. Marks and at the end of the period the score was 1 to 1.

The second half proved a walk-away for the Sons and Martin let several easy ones through while the backs kept off guard. B. Long scored the second and third for the Sons and S. Marks and J. Marks, the fourth and fifth. With the exception of two or three breakaways the play was entirely in the Canadian quarter.

As a result of their victory, the Sons of Canada have at least assured themselves of divided honors with the Sons of England at the end of the schedule. The Grotto are out of the running for championship and the Callies have sustained their sixth defeat of the season without a win. If the Grotto win over the Englishmen in Thursday night's game, the Sons of Canada will be the winners of the league.

**LOCAL RIFLEMEN HAD SHOOT LAST SUNDAY**

Members of North B.C. Regiment Rifle Association Were at Range on Sunday

The North B.C. Regiment Rifle Association held a shoot at the McNicholl Creek range on Sunday.

The results were as follows:

Beale	30	34	29	90
M. Lamb	30	32	25	87
D. Green	30	26	27	83
W. Greer	27	27	26	80
Lister	34	23	26	80
A. Davies	29	26	24	79
J. W. Gibson	25	27	27	79
W. D. Smith	17	22	25	64
H. White	25	24	17	63
Gawthorne	20	27	15	62
W. Allen	16	14	21	51
Elford	18	15	18	51

Possible total was 105, 35 for each range.

Next Sunday there will be a shoot between members of the band and of the battalion.

Highest scorers in two classes will in future be given each week.

**LACROSSE BACK INTO ITS OWN**

Is Again The Most Popular Sport in Victoria—Replacing Baseball

VICTORIA, B.C., July 17.—(Written for the Canadian Press by Archie Wills)—Lacrosse has displaced baseball as the popular sport in the public schools of this city. The baseball league which found much favor in recent years has passed away and the gutted stick game now reigns supreme.

The switching from one sport to another, which has resulted in a general revival of the national summer game in this city, can be attributed to three factors. Firstly: The Gyro Club agreed to equip all schools, with entrance classes, with sticks, balls and nets and to provide coaches. Secondly: The willingness of the pupils to toss aside their ball and glove and take up lacrosse. Thirdly: The enthusiasm of the teachers and many former lacrosse stars who turned out and gave the lads every kind of advice.

Fifteen years ago when lacrosse was thriving here the capital boasted a splendid school league and most of the players, who in 1919 won the Mann Cup, were taught the rudiments of the game in it. During the war, however, baseball gradually forced lacrosse from its lofty perch and eventually became the established sport for the youngsters. During the last five years not a lacrosse stick could be seen on any of the school grounds.

**Sport Chat**

"Water too low." That is the statement of local anglers who returned from last week-end's fishing trips, with creels in which the trout were noticeably by their scarcity. They say that the streams are so low on account of the recent warm weather that one can walk along with tennis shoes where before the water ran a foot or so deep. The same condition has prevailed on the favorite streams for several weeks now and it is apparent that before fishing will be good again there will have to be rain. In the lakes a few fish have been caught but it is mighty poor picking in the streams. All in all, this is the season for followers of Rip Van Winkle rather than those of Isaac Walton.

**Mann Cup**

Lacrosse enthusiasts last year realized that there was a dearth of material for the defense of the Mann Cup due to the fact that only the veterans were available and no new blood was coming up for transfusion into the ranks. It was pointed out that unless something was done immediately there was danger of the Mann Cup emblematic of the world's amateur lacrosse championship, passing into other hands. The Gyro Club then came forward with sporting offer and laid out \$1,000 to revive the game in the schools. As a result there are twelve school teams today engaged in a merry race for the possession of the handsome Gyro Cup and a set of medals.

Way back in the '90s Victoria was a name to be reckoned with in Western lacrosse circles. Then followed a long period of inactivity. Vancouver and New Westminster doing most of the battling for the trophies. In 1919 came Victoria's greatest effort. One of the finest amateur teams that has ever played in the history of the game was gathered together and lifted the Mann Cup, a beautiful Elk gold trophy, which today has a valuation of close on \$3,000.

**Trouble Breaks Out**

In 1920 trouble broke out in lacrosse circles and Victoria backed out of the league with the announcement that its team would be ready to defend the cup at any time. New Westminster challenged and sent a team to the Capital but it failed to lift the cup after a very gruelling struggle. There was some talk of Orangeville coming out in the spring of 1921 but the visit did not materialize.

This year Victoria and Vancouver patched up their differences, organized a new league and are now playing a series for the Mann Cup. Victoria has many of its veterans in the field but the need of new blood is quite apparent. It is believed that the champions will be strong enough to defend the cup this year. If they are the lacrosse executive is not afraid of future years as the school and senior leagues are developing many star players who are expected to prove valuable material for Mann Cup company in the years to come.

**NEW DIVING TOWER AT SALT LAKES IS ALREADY COMPLETED**

Visitors to the salt lake Sunday were surprised and pleased to find a new diving tower installed at the swimming floats. It is 22 feet high and was the work of Joe Scott Jr. and Jack Bodie, while E. F. Duhie presented the lumber. The work was done last week, the lumber towed across the harbor and carried to the float and all the carpentry completed without even so much as "We are about to commence."

It is understood that the intention is to build two more small platforms part way to the top so that the less experienced divers may graduate their work.

Swimmers will appreciate the improvement, especially in a season when there is so much good weather and swimming becomes one of the star amusements and exercises of the place.

## WOMEN REFUSE DO ANY WORK

Moslems Say it is Against Their Religion and Others Hold Back

**LABORERS ARE EXEMPT**

SOPIA, Bulgaria, July 18. — When Premier Stamboulisky conceived the idea that it would be a good thing to compel every able-bodied man and woman in Bulgaria to work 10 days a year for the state, he probably expected the trouble which has ensued, for he is described as a far-sighted statesman with an active imagination. In any event he has entered the lists to defend the weak spots in his innovation, and his principal opponents are the young women of the land.

In the first place, the young Moslem women of Bulgaria have refused point blank to do a thing. They cite the position given them in their homes by their religion, and refer the authorities to various groups of fathers and brothers armed with knives, pistols and rifles, who are violently opposed to their female relatives donating their labor to the state. The Premier has proposed they be deprived of their vote, and has threatened arrest. The women still resist passively. Now Stamboulisky says they will work for the government, or he will know the reason why.

**Crisis in September**

September will be interesting, for then the 1922 class of women will be called to labor without pay in public buildings, gardens, etc. And the women other than those of the Moslem faith say they will work when the Moslem women do, in the meantime offering encouragement and support to their belligerent sisters.

There also have been called to the public gardens, as it were, professional men from the cities, men unused to hard labor whose soft hands daily attach white collars to silk shirts. In the beginning they went through the motions of work, but did virtually nothing. Why labor when one could soldier? Then the gang bosses gave piece work; each man could quit when his stunt was done. As a result two hours' effort sufficed for what previously had not been completed in ten. But little by little the bosses increased the allotments, and now the inevitable reaction has set in. The bourgeoisie are daily complaining of sore backs, blistered hands, bad eyesight, sunstroke, hunger, thirst, and other handicaps.

**Not Love Country**  
"These rotten bourgeoisie don't love their country, are lazy, and incapable," declared Stamboulisky, exasperated at not being able to force work out of the men mobilized.

The law has given rise to many

### Purity does it

Take half a cake of Sunlight, pare it into hot water in your washer and stir into a rich suds. Put in the clothes and operate the washer. Later, rinse them thoroughly, and your clothes will be beautifully clean and snowy white.

The rich coconut and palm oil blend is the secret of the Sunlight cleansing power.

Buy Sunlight—its purity saves your clothes.

Lever Brothers Limited, Toronto.

## HAPPY CONSUMMATION CHILDHOOD AND WAR ROMANCE LAST NIGHT

Miss Mary A. McKenzie Becomes Bride of John Alexander McRae.

A childhood friendship in the old home in Lochinver, Scotland, which developed into a war romance when the groom went overseas to the Great War with the 72nd Highlanders, was happily consummated last evening at 7 o'clock when Miss Mary A. McKenzie, daughter of Mr. and Mrs. William McKenzie, Lochinver, Scotland, became the bride of John Alexander McRae, son of Mr. and Mrs. William McRae of this city. The marriage ceremony took place quietly at the home of Rev. W. H. Redman, the officiating clergyman.

The bride was charmingly gowned in white satin georgette with hat to match and carried a bouquet of white carnations. She was attended by Miss G. McLeod who wore a dainty costume of henna crepe with hat to match and carried a bouquet of pink and white carnations. Alex McRae, brother of the groom was best man and the bride was given away by her brother, Murdoch McKenzie.

The groom's gift to the bride-maid was a pearl brooch and to the groomsmen a stickpin. Following the ceremony, the bridal party repaired to the home of the groom's parents on Summit Avenue where a wedding dinner was served and the evening was spent in music, dancing and general merriment. Those present were: the bride and groom and their parents, Mr. and Mrs. R. A. McLeod, Mr. and Mrs. William McKenzie, Mr. and Mrs. D. McLeod, Mr. and Mrs. J. Munro, Mr. and Mrs. R. Parks, Mrs. F. Haugh, Miss G. McLeod, A. McKenzie, Duncan Munro, W. Cameron, Murdoch McLeod, Donald McRae, Alex. McRae and Allister McRae. Mr. and Mrs. McRae will take up their residence on Seventh Avenue near McBride Street.

## ARABS ARE SEEKING THEIR INDEPENDENCE

JERUSALEM, July 18. — The movement for Arab national independence is becoming further unified. Mesopotamia, Syria, Palestine, the Hedjaz and the Yemen have come together to organize a "World Arab Executive Committee."

The committee will endeavor to consolidate all Arab lands, and it will serve as a physical power against all foreign nations who try to partition Arab lands. It will concern itself with all Arab affairs, both military and political. Its headquarters have not yet been determined, but they will be at some point far removed from European influences.

As one Arab leader remarked, "The present situation both in Palestine and Syria has taught us the great lesson that only in unity will we Arabs obtain our national independence."

## FRANCOIS LAKE FERRY LAUNCHING EXPECTED TO TAKE PLACE TODAY

It is expected that the provincial government ferry, which was built at the local shipyard for service on Francois Lake, will be launched today at Francois Lake. In a week the craft should be ready for service. Now that the job is nearing completion the men employed by the shipyard at Francois Lake are being laid off and will be returning to town before long. Twenty men have been employed there.
