CLEAN SWEEP IS TO BE MADE IN CITY HALL

MANSON AND BOWSER AGAIN CROSS SWORDS IN LEGISLATURE ON MONDAY

All City Employees on Monthly Salary to be Given Notice for February 1 Decided by Council

All municipal employees on monthly salaries will be given notice that their services will not be required after February 1, 1923, pending a general re-organization of all departments. As soon as a complete system of re-organization has been decided upon, applications for the different positions will be received, applicants to give the usual qualifications, thus giving every municipal employee discharged the first chance for any position under the new system providing he can qualify. Further, the present heads of departments shall be required to furnish forthwith a new system if necessary for their respective departments in order to simplify the work and reduce their staffs to a strict minimum.

Such was the amendment passed by the city council last night in regard to the re-organization plan submitted by Mayor Rochester. The mayor's recommendations were lost in favor of the above motion. The council chamber was packed with people and it was nearly midnight when the final vote was taken.

1. The successful motion was moved by Alderman Collart and over the duties of wiring in seconded by Ald. McLeod. The specter and that office is abolished.

2. That the council forthwith advertise for applications to fill these vacancies as from January 1, 1923.

3. That all employees of the city hall be required to work eight hours a day with one hour for lunch, hours to be arranged.

4. That the cost of the installation of an employees' time clock be gone into to ascertain if the expense would warrant one being placed in the city hall.

Mayor Speaks

Speaking to his motion, the mayor said that the object was pure and simply to drop the surplus help. He had no fault to find with anyone. All that he criticized was the method of doing things. He was not satisfied with the amount of work being done in certain departments and felt that things should be put on a basis where they could be carried on successfully.

Continuing, the mayor stated that there seemed to be the impression abroad that the re-organization was confined to the heads of the departments alone. This was not correct and he did not want to go in and pick men out of a department. Men were there to run the departments but he was sorry to say this was not being done in the treasurer's and utilities departments.

5. That the superintendent of utilities be dispensed with at December 31, 1922, as per notices served on such officials on November 30.

6. That the office of the city clerk and the city solicitor be combined; and that the city treasurer be also required to perform certain book duties as well.

7. That the superintendent of utilities be required to take

DEFENDS HIS DEPARTMENT

Minister of Lands Ready to Meet all Criticism from Opposition

VICTORIA, Dec. 5.—Hon. T. D. Pattullo, minister of lands and member for Prince Rupert, was under fire of the opposition last night in regard to the heavy expenses of his department.

He was ready to answer all criticism, however, and showed that his department was the largest of all including practically all the natural resources. It was necessary for him to visit various parts of the province to know whether money was being well spent. He had a duty to the province and to himself in looking after the interests of his department.

The minister wondered if the opposition was cognizant of the development policies being carried out and mentioned grazing conservation, irrigation, timber pulp and paper. The timber was never before as healthy as it was today. He believed that he had also performed a public service in the formulation of an immigration policy.

ESCAPED JAIL

LOS ANGELES, Dec. 5.—Clara Phillips, sentenced to life imprisonment for the Hammer murder at Alberia Meadows escaped jail by cutting the bars of her cell.

"If we have officers at the head of departments who are absolutely determined not to re-

duce their staff—and we know we are overstuffed—there is only one thing to do, and we know we can do with less help," concluded the mayor.

Ald. Montgomery

Ald. Montgomery thought it was the duty of every alderman to reduce expenses and he said he was of the same opinion as the mayor. "If we are tied up in red tape, we are going to fall and the sooner we start the better, I stated."

Ald. Collart started by stating that every dog has his day and that he was getting his now.

He felt that they had been after a re-organization so long that they should not do it half way now.

He then advanced a number of suggestions in addition to his amendment, including abolition of the city solicitor's office,

the chief of police to handle the prosecutions in the police court except in very important cases; the city clerk's and city treasurer's duties to be performed by one man; the cashier and accountant to be a one-man job; purchasing agent to be abolished;

the janitor to get the mail every day in place of the office girls; the city engineer's and electrical engineer's duties to be performed by one man; the public works superintendent to be

RESULTS OF ELECTIONS

Conservative Returned in Lanark and Liberal Wins Out in Halifax

LANARK, Dec. 5.—Dr. R. F. Preston, of Carleton Place, the Conservative candidate in the federal by-election for Lanark county, was elected over David Findlay, the Liberal candidate yesterday.

The majority was reduced from that made in 1921 by

the late Hon. J. A. Stewart,

whose death was the cause of

the by-election. Great in-

terest centred in the Lanark

by-election, although it was

hardly expected the Liberal

would be elected. Lanark has

never elected a Liberal since

Confederation, and the fight

made by Mr. Findlay was one

of the closest on record.

HALIFAX, Dec. 5.—The election of Hon. R. E. Finn, Liberal, in the Halifax federal by-election is conceded.

OTTAWA, Dec. 5.—The majority of Dr. Preston over David Findlay in the Lanark by-election was about 1400.

The majority of R. E. Finn in Halifax was about 3000.

CATHOLIC SEMINARY DESTROYED BY FIRE

QUEBEC, Dec. 5.—The Sulpi-

can Church seminary and the

priest's residence was destroyed

by fire this morning.

A fellow in jail may be down but he's never out.

A rolling stone gathers much

toss.

IRISH BILL IS LAW: HEALY APPOINTED

LONDON, Dec. 5.—King George this evening gave the royal sanction to the bill setting up the Irish Free State as a Dominion of the British Empire.

Official announcement was made today of the appointment of Timothy Healy as the first governor-general of the Irish Free State.

SECOND AIR MACHINE HAS BEEN BOUGHT

Len Bell Announces Purchase by R.E.I. & I. Ass'n. of "Hazelton's" Duplicate

Len Bell, president of the Railway Employees Industrial and Investment Association, who recently arrived in the city from Edmonton, states that his company has completed the purchase of a JL-6 all steel monoplane,

which is an exact duplicate of the "Hazelton." The purchase has been made in New York and the machine will fly from that city to Hazelton during April next piloted by Major Thompson who handled the airplane "Hazelton" here during the exhibition.

Mr. Bell will accompany Major Thompson on the flight, details of which have not yet been arranged.

In discussing future business prospects for the two monoplanes, Mr. Bell said that there was plenty of business offering and the company was looking forward to wider fields of conquest by air. During the past summer the confidence of the public had been gained to a very great extent which means that people generally will use this up-to-date mode of transportation now without hesitation.

VANCOUVER TEAM HOLDS ST. PAT'S TO THREE-ALL TIE

VANCOUVER, Dec. 5.—The exhibition game between the Vancouver Maroons and the Toronto St. Patricks here last night ended in a draw. Each team scored three goals in the match which was very hard-fought and interesting. A record crowd of spectators greeted the teams.

INSURANCE AGAINST DISABILITY ASKED BY PREMIER OLIVER

VICTORIA, Dec. 5.—Premier Oliver's amendment to a Labor motion asks the Dominion Government to give early consideration to legislation providing for an adequate system of insurance

against unemployment, sickness, old age and other disabilities.

Public Accounts Committee to Make Full Investigation Into Pacific Great Eastern Charges

VICTORIA, Dec. 5.—Premier John Oliver, W. K. Esing, member for Rossland, who made charges in connection with the letting of construction contracts on the Pacific Great Eastern Railway, and all the important officials of the road are to be called to give evidence before the public accounts committee and, if it is found necessary, the accountant and books of the Northern Construction Co. will also be called in.

Liberal members of the Legislature moved a resolution yes-

terday summoning all information available locally and, when the opposition called for the Northern Construction Co., said it was not in the north at the time and the procession had been

called for later if needed by Mr. Bowser objected people to Mr. Esing being called but

the chairman of the committee said that Mr. Esing had made the charges and it was necessary that the committee have some information as to the basing of the charges.

Premier Oliver stated to the Daily News yesterday that all necessary information was in the railway office but the government wished the fullest investigation.

The Premier laughed at the political by-play of the Conservative leaders and said that the public accounts committee would find nothing wrong because there was nothing wrong to find.

Makes Further Provisions For Protection From and Fighting of Fires

VICTORIA, Dec. 5.—Hon. T. D. Pattullo's new Forest Act, which was introduced in the legislature yesterday, gives the department power to declare closed districts in which all operations must stop, makes it obligatory to give notice of forest fires and forbids smoking in a danger zone. The act also makes mills responsible for their own territory and provides for the appointment of officers.

Miller's Picture

Mr. Bowser here passed Mr.

Manson a picture of Miller to

gather together with a criminal record in

which he was charged with vagrancy and forgery at Butte, Montana, conspiracy to steal at Seattle, and had been sentenced to

five years by Judge McInnes at Vancouver for conspiracy and theft.

Mr. Manson asked if there was

any evidence to show that Miller

was a friend of his. He was a

client only. He said that Mr.

Bowser was grovelling around in

the mire.

"That is the class of people in

Prince Rupert today," concluded

Mr. Bowser.

Leader of Opposition Again Drags Name of Prince Rupert in Mud

VICTORIA, Dec. 5.—For a whole hour the name of Prince Rupert was dragged in the mire yesterday by Hon. W. J. Bowser, leader of the opposition, who again went over the bootlegging record of the northern city mentioning the names of citizens freely in the course of his remarks.

Mr. Bowser was speaking to the motion submitted by Attorney General Manson asking the Dominion to give the provincial government the sole right of importing liquor. He claimed this was not necessary and would interfere with the liberty of

LIQUOR MONEY RESERVED FOR NURSES' HOME

City Council Last Night Acceded to Hospital Board's Request

At the request of D. G. Stewart and a delegation from the hospital board, the city council last night voted to set aside the hospital's share of the next liquor profits coming to the city for the purpose of erecting a nurses' home.

In reply, Mr. Manson pointed out that Mr. Bowser's partner, Mr. Ritchie, was asked by a judge of the Supreme Court to retire from a case because he was a partner of the Attorney General. Nothing like that had happened to him because no member of his firm did that work. The Chief Justice once spoke of "justice such a home in order that the nurses might have a chance to get away from their work at times. He stated that a sum of \$2,215

was already set aside and it was expected that the hospital's share of the next profits, twenty-five per cent of the total amount, would come to \$3,000.

Ald. Dybahn moved and Alderman McLeod seconded that this money be put in a special fund for this purpose, subject to the plans and specifications for such a home being first submitted to the city council.

FOUR MEN INJURED AND ONE MISSING PREMIER EXPLOSION

VICTORIA, Dec. 5.—Special despatches from Stewart to the Department of Mines state that an explosion in a temporary underground magazine in the Premier mine resulted in four men being injured. Another man is missing.

H. F. Kergin, M.L.A. for Atlin, in the legislature, interrogated Hon. William Sloan on the accident and was told that four men were injured, one seriously, and one was missing. The minister said that T. J. Sueton, inspector of mines, was on the job.

The minister added that there had been nineteen fatal metalliferous mine accidents in the four years of Liberal administration while, during the previous four years of Conservative rule, there had been sixty-nine accidents.

MACKENZIE WANTS TO DISCUSS BEER

Vancouver Soldier Member Has Resolution on Legislative Notice Board

VICTORIA, Dec. 5.—Capt. Ian MacKenzie, member for Vancouver, has a resolution on the order paper for Wednesday asking for discussion of the Liquor Board's beer policy. This will cause a lengthy discussion if it is not ruled out of order.

DAILY EDITION

Tuesday, December 5, 1922.

Ireland The Newest Dominion.

With the signing by the King of the Irish Constitution, Ireland takes on her full role as a self-governing state with a similar status to Canada, Australia, New Zealand, South Africa, Newfoundland and the other British commonwealths. She will now be left to work out her own salvation until it becomes evident that she cannot do so successfully in which case it would be necessary for the Imperial Government to step in again. The provisional government will soon be a thing of the past and a permanent legislature, comprising the usual two chambers, will take its place with a Governor General representing the King as a matter of formality. The policy of dealing with rebels, one of the most important immediate questions, will be up to the decision of the Free State Government with the Imperial Government possibly giving assistance in policing if that is necessary. Ireland has now officially received Home Rule and is the latest Dominion of the British Empire.

Governor General's Post Is Arduous.

For the post of Governor General, a stormy character has been selected in the person of Timothy Healy, an Irish patriot. The government of England has made the selection in the hope that their choice will suit all classes in Ireland as far as possible and tend to restore order in the troubous Isle. Healy has taken on a big job but he is capable and, if anyone is able to make a success of the post, it should be he. In any case, he is known to be a man who would not tackle a job if he thought he were not able to handle it and the hope of the whole British Empire is that he will be able to fill this latest arduous position with some measure of success although a sudden restoration of complete peace in Ireland is hardly expected by the most sanguine optimists.

Scene Shifts in Near East.

The centre of observation in the Near East has moved in the past few days from Constantinople, where the Turks were threatening the Allied police measures, to Athens, where the new Greek government has put to death and prosecuted ex-cabinet ministers and military leaders. While it may be the desire of the Allies to prevent such actions as the new Greek government has taken, it is not such a serious question as that affecting the Turks and there would seem to be little danger of hostilities involving the Allies in it. The Greek question is simply one of sentiment while the Turkish question is one that pertains to commercial and geographical strategy. The big question in the Near East is that of the Turks. The Greek situation is only causing a temporary flurry which will soon be dealt with and forgotten.

Protection Of Life Is Necessary.

The storms of the past month on the halibut banks again have demonstrated the necessity of life preserving facilities among the toilers of the deep. Four American schooners are now reported to be missing on the banks and two cutters have been sent in search of them. If there had been patrol boats on the banks during the past month, a good deal of anxiety would have been saved people ashore if not actual life of the fishermen.

Both the Canadian and American governments should take action on this matter. The former, in view of the Duff fisheries commission report, will likely do so before long and it will not be before it is needed. The fishermen are right in the claim they emphatically make that some protection should be given for them along this line.

The government spends a lot of money in "safety first" education; a little money spent here in the actual obtaining of safety would seem to many a little more appropriate.

Despaired of Life at 50 Strong and Well at 70

Mr. Jacob H. Macksey, 336 Midland Ave., Midland, Ont. writes:

"I have used Dr. Chase's Kidney-Liver Pills for over 20 years and I feel that I owe my life to them. I suffered severely from rheumatism and heart failure. One doctor just gave me one year to live, and even told me I might be found dead at any time. A neighbor advised Dr. Chase's Kidney-Liver Pills and I have been using them as needed ever since. I am now 70 years of age, weigh 217 pounds and can work as well as any young man."

Dr. Chase's Kidney-Liver Pills
One pill a dose, 25¢ a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

MINE COMPANY INCORPORATED

Mobile Mines Ltd., Capitalized at \$700,000, Enters Stewart Field

A company known as the Mobile Mines, Limited, with a capitalization of \$700,000, has been formed for the purpose of developing the Mobile group, a property of seven claims, situated on the south fork of Glacier creek, at an elevation of about 4,000 feet above the old Portland Canal mine workings, and within eight miles by trail of Steptoe, says the Portland Canal News.

The bondholders are understood to have sound financial backing, and a progressive development program is now being put into effect. Some ten men are now employed on the property, and a good 40x16 foot bunkhouse, also stable, has been erected. The energies of the management are now being confined to the construction of a blacksmith shop and/or shed. As soon as these buildings have been completed active mining operations will be undertaken. In this regard it is the intention of the management to drive a tunnel in on the vein, which is of a high grade silver ore, traceable on the surface for some considerable distance. The grade of this ore is in the neighborhood of 815¢ per ton, though much higher assays have been obtained. It is anticipated that as soon as the weather conditions are favorable regular shipments of this ore will be made. For this purpose a rawhide will be constructed down to the Bear river wagon road, from which point sleighs will be used for the transportation of it to the dock. R. L. Clothier is engineer and manager for the company.

ANOTHER MARE'S NEST HAS BEEN DISCOVERED

Vancouver Made Wine Sold by Liquor Board at Request Manufacturers' Assn.

VICTORIA, Dec. 5.—Orders for port, sherry and loganberry wines made by the California Wine Company of Vancouver were given by the Liquor Control Board after representations had been made to them by the Manufacturers' Association of B.C. and others asking for assistance in the "Made in B.C." campaign, and urging the patronage of this industry.

This transaction has been probed in Public Accounts Committee and it is now stated that the Liquor Control Board files show the manner in which the wine was first taken by the Board after experts had reported that the products of the company possessed considerable merit and compared favorably with foreign wines of the same grade.

The whole idea was to assist the Loganberry growers of Saanich and Okanagan grape growers as well as the local industry as far as the Board was concerned,

stated an official. "Our instructions were to do everything possible to assist the "Made in B.C." campaign, and this was the only winery in operation here. It meant that the money was kept in B.C. instead of being sent out of the province to foreign markets, and as a matter of fact the wine has proved a fair seller. We are constantly replacing stocks."

Mr. Bowser tried to make political capital from the incident.

HORNET IN GIRL'S EAR FOR TEN YEARS

WEST CROMWELL, Conn., Nov. 22.—Barbara Kreslan, 12-year-old daughter of Jacob Kreslan, has discovered why she sometimes had an ear-ache. A yellow hornet was removed from her ear, after having been there for ten years. The girl was stung by hornets when she was two years old and although she had ear-aches she has experienced no serious discomfort.

G. W. Peck has returned to the city after several weeks absence.

The board of school trustees have plans in hands for a new school and will ask the council to provide \$5,000.00 for its erection. It will be built near Seal Cove.

Wm. Manson, M.P.P., left yesterday on the Prince John for Stewart.

The Canadian Fish & Gold Storage Company will shortly start curing fish, it was announced today.

LAST WORD IN ART OF LOVE-MAKING

Shown by Gloria Swanson and Rudolph Valentino in "Beyond the Rocks"

It is safe to say that you have never witnessed the last word in the art of love-making until you see the romance that is most delightfully enacted by Gloria Swanson and Rudolph Valentino, star and leading man respectively in "Beyond the Rocks," a new Paramount picture which opened at the Westholme Theatre last night and will be repeated tonight.

The story was prepared by Elinor Glyn, and it is based on one of her successful novels. Notables in the cast include Robert Borden, Alec B. Francis, Mabel Van Buren, Gertrude Astor, Edythe Chapman and Jane Elvidge. All acquitted themselves with eminently satisfactory results. The picture scored decisively.

STEWART

The Hard Times ball given by the Pioneers in the Hyder hall last Wednesday night was a great success. W. Bunting won the prize for the best gentlemen's costume and Miss Edith Crawford for ladies.

John Hahti left last week for the south and expects to be away several weeks on business.

Pete Ferris has sold out his shoe repairing establishment to Andrew Anderson and left on Sunday for Vancouver. Mr. Ferris expects to return here in the spring.

A Service Club has been organized in Stewart with the following officers: President, H. Scovil; Vice-President, H. W. M.

ANNUAL BALL ODDFELLOWS AT SMITHERS

Affair at Railway Town on Friday Night Was Great Social Success

SMITHERS, Dec. 5.—The annual dance of the I.O.O.F., Bullock Lodge No. 30 was held in the town hall on Friday evening last.

An attendance of some 250 people from Smithers and neighborhood augured a big success from the start, and this was fully lived up to. The hall was beautifully decorated and the workers responsible were much commended for the artistic way in which they had fulfilled their task. The three links representing the insignia of the Order, in colors of red, white and blue were the dominating feature in the decorative scheme.

Dancing commenced at nine o'clock, and with an interval for supper was continued until half past three. R. L. Gale proved an efficient M.C. and kept things going with a will. Supper was served in the upstairs rooms and was a sumptuous display to which full justice was done. Great credit is due to the Committee of Ladies of Rebekah Mystic Jewel Lodge No. 42, who managed this important part of the proceedings so admirably.

Gray's Orchestra, assisted by J. Brough and Captain Wheatley of Smithers, and Messrs. Brain of Vanderhoof, provided a musical program that delighted all and elicited many appreciative comments.

The officers of the Lodge—H. Kelly, N.G.; D. Campbell, V.G.; H. Darling, J.P.G.; W. Service, S.P.G.; W. Goheen, D.D.G.M., and the entertainment committee—R. L. Gale, J. Stockman and R. W. Champion, together with the willing workers from the "Rebekah" Lodge are to be congratulated on the all-round success attending their efforts.

ECZEMA

Hands Were Raw Would Crack and Bleed

Eczema or Salt Rheum, as it is commonly called, is one of the most annoying of skin diseases. The intense burning, itching and smarting, especially at night or when exposed to heat, are almost unbearable and relief is gladly welcomed.

The pre-eminent success which

Burdock Blood Bitters

has given in permanently removing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

Mrs. M. R. Willard, Dudswell, Jct., Ques, writes:—"For about three years I had eczema, in a very bad form, on my hands. They were all raw and would crack and bleed so that I could not do my housework. I tried everything I could think of without any results. At last I got a bottle of Burdock Blood Bitters, and when I had it about all taken I could see it was helping me; by the time I had taken five bottles my hands were all well again and I have not been bothered since. I cannot praise Burdock Blood Bitters enough."

(continued from page one)

department to be curtailed.

Utilities Department

Ald. Silversides made a report for the utilities committee. He said the staff at present was needed for the work on hand. The work was conducted in a progressive and capable manner and the committee felt it their duty to recommend that the number and personnel of the staff be allowed to remain as at present.

A sharp attack on the Mayor featured Alderman Kelly's remarks. "The mayor's remarks seem to indicate that he is a man who does not know his business. He evidently did not know about it for five years and then he does the thing he is not supposed to do. He should have gone back to the committees with this report. You fired all the heads thus showing that you did not think the committee was qualified to give an opinion on the matter. I want to see that a man gets a fair shake," the alderman stated. He then corrected a number of remarks made by Alderman Colhart and remarked that they were cutting off heads and going out of office at the last minute.

Kelly to Mayor

To the mayor, Ald. Kelly said: "If he is going to run for mayor again, he should run on that ticket and if not, why does he want to cut off the heads of men who have served the city for many years."

Ald. McLeod considered that the amendment was more drastic and more fair and would do better justice to all. He said he was not after Duncan's scalp or any other official. If a good official was needed he was in favor of keeping him but if not he was in favor of doing away with his services.

Ald. Silversides rose to his feet again. "I take exception to this policy at this late hour. The utilities committee is the only one which brought in a report. The board of works and finance committees should have done the same. No doubt the board of works committee think they are angels and that everything is perfect. The only logical way is to pass a recommendation and let next year's council handle it," he said.

Defends Mayor

The mayor was then defended by Ald. Montgomery who said there was nothing else he could have done. The city was in a serious position, people were leaving daily in large numbers. The heads of the departments were to blame, not the employ-

Ald. Silversides then moved an

amendment to the amendment that the question of each department—he took up on a special night but found no seconder.

Just at this point, T. B. Hooper, city solicitor interjected to state that he thought he was entitled to say something. He said it was hardly the way to deal with him and that the mayor should have come to him and not fire him first. He said the report would be in the papers in the south and would injure his chances of securing another place.

Alderman Colhart rose to say he did not mean the solicitor was incompetent.

The mayor asked him if he had said he was in favor of cutting down the salary but Mr. Hooper said the mayor had told him to wait and see his recommendations.

Letter Worth Nothing

Mr. Hooper added that he would not consider an offer to take the clerk's and his office combined and added that he did not think that the mayor's letter to him was worth the paper it was written on.

Alderman Kerr said Alderman McLeod had hit the nail on the head at the private meeting on Friday night when he said "it was like a deathbed confession." He felt that if the mayor had brought in a recommendation that all employees go, it would have been better and the council could have started with a clean sheet. The police department he said would cost \$35,000 this year and the engineering costs were too much. There were more men today than a year ago. He concluded by suggesting that

Major league baseball will pro-

bably open on April 11, next

season according to Ben John-

son, president of the American League.

The U. S. big league stars de-

feated the Kyoto Club baseball

team in Japan on Friday by a

score of 12-3. The Americans

made 16 hits and four errors

while the Japs only hit seven

times and made eight blunders.

It is estimated that the cost of

taking this team through the

Orient will be \$110,000. The

gate receipts for the first two

games played in Tokyo totalled

\$16,000, and if the crowds keep

on turning out, the team will

make a nice little profit.

RECORD CATCH
OF HELGELAND

American Halibut Schooner Out
Twenty Days Sells 80,000
Pounds for \$14,700.

Capt. Louis Holm and his crew of fifteen fishermen on the halibut schooner Helgeland pulled down the biggest proceeds for a single halibut catch in the history of this port when their 80,000 pounds was brought in this morning at the Fish Exchange by the Canadian Fish & Cold Storage Co., and the Atlin Fisheries at 19.2c and 10c. The total price which crew will receive for the catch works out at about \$14,700. The boat was out about 20 days getting this catch, it having sold here last on November 14. It will be seen that each of the members of the crew will draw down a fine share. The Helgeland is an American boat.

Other boats selling this morning were:

Norland, 22,000 pounds, at 19.2c and 10c, to the Booth Fisheries Canadian Co.

Cayenne, 2,000 pounds, at 17c and 8c, to the Royal Fish Co.

Volunteer, 1,000 pounds, at 16.8c and 8c, to the Canadian Fish & Cold Storage Co.

Four boats were in with a total of 105,000 pounds.

FIFTY PER CENT BASIS
FOR ROUGH GRADING

Decided Upon by Council Last Night After Division

Ald. McLeod, at the city council last night, put forward a motion, which was seconded by Ald. Kerr, that a public vote be taken on a bylaw in January in regard to rough grading whereby the property abutting such work should pay 35 per cent of the cost and the other 65 per cent be borne by the residents and issued.

Hastings and Brown are asking for declaration of possession of the claims in question on account of certain moneys said to have been placed at the disposal of MacKenzie for development purposes and for unstated damages.

MacKenzie, in a counter writ, asks for \$100,000 damages for alleged clouding of the title of the claims in question.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% of the area.

Partnership in occupation abolished but parties of not more than four may agree for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% of the area.

Failure to make improvements for three years and has made no portionate improvements, he may be cause of dis-occupancy and cause to grant a certificate of right of removal and transfer his claim.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
