## New Manitoba Cabinet now in Office LITTLE HOPE OF P. G. E. EVER BEING A PAYING PROPOSITION

### Premier Oliver Gives Inkling of Sullivan Report at Cranbrook

CRANBROOK, Aug. 8.—Premier Oliver revealed in a speech here that the Sullivan report on the Pacific Great Eastern road holds out little hope of the road ever being made a paying proposition. The Sullivan report is in the hands of the premier but has not been made public.

Premier Oliver defended the financial policy of the provincial government and blamed the increased indebtedness on liquidation of the legacy of responsibilities which were left to the province by the former government. Premier Oliver and Hon. John Hart discussed local problems in speeches supporting the candidature of John Taylor, the Liberal nominee for Cranbrook in election. Hon. A. M. Manson and Hon. Dr. Sutherland are en route to Cranbrook to take part in the campaign.

### SWATOW DEAD NUMBER 28,000

Number of Bodies Recovered from Wreckage Far Larger Than Estimated.

HONG KONG, Aug. 8.—The local branch of the Swatow Chamber of Commerce has issued a circular stating that 28,000 bodies have been recovered from the wreckage caused by the typhoon which razed Swatow and practically wiped out the enormous settlements. The bodies are being buried in gunny sacks while the relief of the homeless and starving presents a great problem. Everything above the ground was destroyed by the great wind on August 2 in the whole Swatow district.

### REPAIRS AT BOOTH SCHOOL PROGRESS

Cornices And Ornamental Stones on Right Wing Are in Place Again

Repairs at the Booth Memorial School under Architect Jeffers are progressing steadily. The fire wall and part of the second floor wall on the right wing has been renewed and the cornices and ornamental stones are again in place again. The entire job will be through about the end of the month, it is expected.

### JOE DESCHAMPS ROSSLAND MILL OWNER IS DEAD

Prominent Kootenayan Died from Appendicitis in Nelson Hospital.

NELSON, Aug. 8.—Joseph Stephen Deschamps, of Rossland, one of the best known lumbermen in the Kootenay district, died in the hospital here yesterday from appendicitis, aged 54.

To all people of the Kootenay country, Mr. Deschamps was a well known figure and many people in Prince Rupert, who formerly resided in the vicinity of Nelson and Rossland, were acquainted with him and will regret to learn of his sudden demise.

Mr. Deschamps was born at St. Isadore de Prescott, Ont., on August 1, 1867. He was educated in the town of his birth and came to British Columbia in 1893 and opened his first sawmill at Rossland in partnership with Louis Blue in that year.

In 1901, in partnership with Hon. Lorne A. Campbell, he formed the China Creek Lumber Co. on the Columbia River near Trail. Later he bought out Mr. Blue and Mr. Campbell and became sole owner of both businesses. At the time of his death, Mr. Deschamps owned mills at Nelson, Kinnaird and Rossland.

Mr. Deschamps was mayor of Rossland in 1914 and was president of the Board of Trade in that city for four years. He was married and had three daughters. He was a Catholic, member of the Knights of Columbus and made his home in Rossland.

### SOCKEYE GOING DOWN ON RIVERS

But Pinks Are Still on the Increase According to Report for the Past Week.

A falling off in the sockeye run and an increase in pinks has featured the salmon fishing on the Skeena and Naas Rivers during the past week. Cohoes are beginning to make their appearance in the nets.

Figures of the pack up to the end of last week were as follows:

| Skeena River.                       |        |

### K.C. MEMBERSHIP

NEW HAVEN, Conn., Aug. 8.—The membership of the Knights of Columbus in the United States was 782,999 on June 30, an increase of 24,250 in a year, according to a report prepared by Supreme Secretary William G. McGuire.

### DESTRUCTION OF EURASIA

Philadelphia Geologist Makes Prediction After Studying Disturbances

PHILADELPHIA, Aug. 8.—(By Canadian Press).—Within thirty days Southern Europe, Northern Africa and the whole of Asia will be destroyed by earthquakes and the residents of these countries will all be killed.

This is the latest prediction of M. A. Nobles, a physician and geologist who has studied volcanic disturbances since his graduation from Syracuse University in 1881. The Western section of the United States beyond the Rocky Mountains is also on Dr. Nobles' schedule to disappear. Canada is to remain on the map.

The eruption that will wipe out Europe will occur near Budapest, where there are at present seventy volcanoes, Dr. Nobles said.

### REPUBLICANS OF OLD GUARD ARE LOSING POWER

Democrats Likely to Make Large Gains in House: Insurgents Hold Balance

WASHINGTON, Aug. 8.—(By Canadian Press).—Old Guard republicans who are almost completely in the saddle in the present Congress are sure to be less of a factor in the new Congress which will come into power next March. This fact is already apparent from the nominations which have been made in various states by republicans. Republicans of the progressive and insurgent type are on the increase.

In the first place there seems to doubt that the Democrats will make large gains in the House. The republicans will probably control it, but it will be much more evenly divided than it is now. A considerable number of the House republicans will be against the Old Guard and, if the democrats are numerically strong, the insurgent republicans in the House will be in a situation wherein they can hold the balance of power. As to this, however, much depends as to whether there is any leadership in the progressive republican element in the House. If there is this element will be formidable.

### Potent Force

The Senate situation in the new Congress will be the more important and the more interesting. The Senate, by reason of its freedom from oppressive rules, gives much more latitude for independent action than the House. The rules are so framed in the House that the organization of the majority party is able generally speaking to have a powerful grip on things, to control debate and shut off discussion. This is not the case in the Senate where the right of unlimited debate prevails and where this right makes each Senator able to be a potent force if he has the ability and nerve to do things.

The republicans will continue to control the Senate in all likelihood but there will be a group of 12 to 14 progressive or insurgent republicans who will be in a situation to hold the balance of power. The recent nomination of progressive republicans like Dr. H. Howell in Nebraska, Col. Smith

### GERMANY PAYS MUCH LIVESTOCK

Gold Demands of Allies Are Not Her Only Worries

BERLIN, Aug. 8.—Gold payments are not Germany's only worries in meeting the demands of the Entente. Official reports indicate that she has had to disgorge liberally from her livestock assets. These deliveries are in compensation for requisitions made by the Germans during the war.

More than a half million head of livestock, besides poultry numbering nearly a quarter million, were delivered to the Entente by Germany up to July 3 of this year, the government announced in reply to an interpellation by the Bavarian People's Party. There then remained 251,212 head of livestock still to be handed over.

The deliveries thus far made included 143,525 horses, 175,606 cattle, 209,231 sheep, 21,444 goats, and 246,700 head of poultry. Those yet to be made comprise 84,712 horses, 92,100 cattle, and 77,100 sheep.

Deliveries of livestock to Italy from South Germany are expected to be made early in September, while shipments to Serbia probably will take place soon. Ten thousand cattle and 4,000 sheep are to be sent to Italy. The Serbian consignment will consist of 57,000 sheep.

### REPARATIONS COMMISSION

Today Deals with French Proposal for German Financial Control.

LONDON, Aug. 8.—The financial experts of the Allies, who are grappling with the German reparations problem, took up the study today of the proposed drastic measures of financial control in Germany provided for in the French draft of the moratorium condition. At 1 o'clock the experts had not completed their labors. Premier Lloyd George lunched with President Poincaré at the French Embassy.

### EX-MANAGER OF JIM CORBETT DEAD

PETERBORO, Aug. 8.—Fred A. Hodgson, aged 59, manager of Jim Corbett when he was heavyweight boxing champion of the world, died from heart trouble here today.

### NEWCASTLE OCCUPIED BY THE NATIONALISTS

Brookhart in Iowa, Lynn J. Frazier in North Dakota, and Albert I. Beveridge in Indiana, indicate strong accessions to the republicans of the insurgent type in the Senate. It is likely that all of these nominees will be elected. They will presumably join with progressive republicans such as Norris of Nebraska, La Follette of Wisconsin, Capper of Kansas, Borah of Idaho, Johnson of California, Norbeck of South Dakota and a few others. It looks, therefore, as if the progressive republican side in the new Congress would be strong enough to join with the Democrats and defeat the Old Guard when it comes to voting. The result should be to prevent the conservatives from snatching any important legislation, whether on tariff, railroad, labor or otherwise, to suit themselves.

### Farmer Administration of Prairie Province Is Sworn in This Morning

WINNIPEG, Aug. 8.—Manitoba's Farmer cabinet was sworn in at noon today in succession to the Norris administration.

The new executive is as follows: Premier and Minister of Education—Hon. John Bracken. Provincial Treasurer—Hon. F. M. Black. Attorney General—Hon. R. W. Craig, K.C., member for Winnipeg.

Minister of Agriculture—Hon. Neil Cameron, member for Minnedosa.

Minister of Public Works—Hon. W. R. Clubb, member for Morris.

Provincial Secretary—Hon. D. L. McLeod, member for Arthur.

The cabinet has been reduced in number from seven to six by the Department of Education being included under the duties of the Premier. The two new ministers who have not yet seats in the legislature are Hon. Mr. Bracken and Hon. Mr. Black.

### IRISH REBELS TIED UP ATLANTIC CABLE

LONDON, Aug. 8.—Of the thirteen cables of the Commercial Cable Company and the Western Union, which handle the bulk of trans-Atlantic service from Great Britain only three were working today due to the seizure by Irish rebels of the Commercial company's station at Waterville and the Western Union station at Valentia on the Kerry coast.

### FREIGHTER IS NOT COMING TO LOCAL DOCK FOR REPAIRS

Has Been Sent on Another Voyage Instead—Farmer Expected Soon—Marfish in at Present

A small repair job is being done on the Dominion Fisheries steamer Marfish at the local dry dock. It will take only a short time and the vessel will be out in a day or so.

### SEPARATE BOARD CONTROL MARINE

Urged at Ottawa as Time for Appointment of Railway Directors Draws Near

OTTAWA, Aug. 8.—As the time for the appointment of the new board of directors for the Canadian National Railway draws near, the suggestion has been made that a separate board should be appointed to control the Canadian Government Merchant Marine instead of the present arrangement whereby the same controls Canada's railways and marine. It is felt that, at least, some shipping men should be included in the railway board. Shipping interests are making representations to this effect.

### NEWCASTLE OCCUPIED BY THE NATIONALISTS

Rumored That Eamonn De Valera Wounded in Cork Fighting

LIMERICK, Aug. 8.—Newcastle, Ireland, has been occupied by Nationalists. It is rumored that De Valera has been wounded in the fighting at Cork.

### Children's Flag Day

All children are requested to meet at the Elks Home, at 1 p.m., there to receive flags and assemble in readiness for parade to Acropolis Hill, headed by the Band of 102nd Batt. 1st B.C. Regiment.

## Elks Doing Something Of Public Value.

"Be a Kiddie For a Day," is the motto that the Elks have adopted in connection with the Flag Day festivities which take place tomorrow at the Acropolis Hill Grounds. The lodge has been energetically working towards putting the event over successfully and their enthusiasm has been caught by the community generally. Their method of combining patriotic demonstration so delightfully with sports and youthful glee is an admirable one and the work they are doing is a good example of effective public spiritedness. While the Brother Bills have entered into this thing with a love of doing something for the kiddies, the effect of their efforts may be of a deeper value than they, themselves, perhaps realize. All citizens will join generally in their spirit and their work is deserving of fitting success and recognition.

## Fall Prospects Not At All Dull.

From all parts of the district, east, west, north and south, come reports of seasonal activity. The fall is coming on and, all things considered, it is to be accompanied with a better measure of prosperity than may have been generally expected with an admittedly dull spring. The fishing season has been exceptionally good; agriculture maintains a steady progress although forest fires and an excess of warm weather have had a deteriorating effect; there has been some activity in logging and lumbering and the next few weeks will probably see more; the mining business has been more active as a whole in the district. Times are bad if it is true and depression is felt here as elsewhere, but Prince Rupert and district has been more fortunate than many other places. Visitors from the outside will concede this nine times out of ten.

## Taking Fruit From An Overpicked Tree.

The Allied reparation commission, by a vote of three to one, has decided to extract the pound of flesh from Germany in the way of reparations payments. It has also decided that Germany is to pay her installments as they come due—with no extension of time or interim moratoriums. Opinions differ as to the wisdom of such a course—especially British opinion. France and United States have been divided. The British tendency in the past has been to temper justice with mercy and on account of that tendency Britain has often suffered. It appears that Germany may be unable to meet her obligations. What the Allies will then do will be interesting. Fruit cannot be taken from a picked tree, and money cannot be taken from Germany if she has not any. It may be that the Allies will have to take charge of the German tree and wait for another season. But the tree should be cultivated and watched carefully to ensure that its growth will be in the proper direction.

## SMITH ISLAND ROCK DELIVERIES ARE NOT COMING FAST ENOUGH

City Council Decides to Compel Contractor to Live up to Bargain

In view of the fact that the contractors for the delivery of Smith Island rock for the downtown street surfacing work are not living up to their bargain, the city has decided to take steps to compel them to do so. A report from the board of works recommending to this effect was adopted by the council last night. It was pointed out that the contract called for the delivery of 750 to 1000 yards per day and last month only 800 had been delivered. The work was thus being delayed on the streets.

## ROADWAY TO FAIR BUILDING WILL BE FINISHED BY CITY

The city council, on recommendation of the board of works, has decided to put in a graded roadway from Summit Avenue to the Exhibition Building, completing the present partly completed road. The old plank road will be left standing for use as a sidewalk. The cost of the work will be \$188. A sewer connection had also been asked for by the exhibition board. Estimates of \$433 for the sewer connection or \$290 for a septic tank were referred to the fair association, it being the feeling of the committee that the city was not justified in putting in the sewer itself when other parts of the city, more deserving, were in need.

## THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-tives" the Fruit Medicine

Indigestion. Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles. ## STEWART CAMP LOOKING GOOD

Road Superintendent Tells of Mining Activity and Work Being Done by Government.

## STRIKE ON DIVIDE TRAILS AND ROAD

George A. Young, road superintendent for Allin district, was in the city Sunday. He arrived on the Prince Rupert from Stewart and sailed shortly afterwards on the Chelohsin for his home and headquarters in Allie Arm.

Mr. Young stated that several new mining deals were pending at Stewart and the camp was looking forward to a lively fall, better than any yet experienced. On the Divide Group, on the divide between the headwaters of Cascade Creek and the Naas River, a good strike of silver ore had been reported last week. This property is being developed by Grant Mahood's new company and the strike reported was made since Mr. Mahood left for Vancouver last week on a business trip. Mr. Young also spoke in an optimistic tone of the strike reported last week on the Big Missouri mine.

**Government Work.** The provincial government, under Mr. Young's superintendency, is doing considerable road and trail work in the Stewart district.

A branch of the Premier road is being extended to the Big Missouri, a distance of some six miles. This will be finished this year and will be used to haul out ore this winter. It will ultimately be made into a good wagon road for general traffic. It is in a difficult country but will open up the entire Cascade Creek belt.

A trail is also being built for a distance of three and a half miles from the Bear River bridge to the Prince John group.

The old Bear-Naas River trail is also being put in good condition. This trail runs into Meziaden Lake, a distance of 40 miles from Stewart. It is one of the oldest trails in the district but had gone into decay. It is now being repaired all the way through. It will give access to a lot of prospects and will also be of value to the Dominion government in getting in supplies to the fish ladder at the Meziaden Lake spawning ground.

## JUDGE IS ACCUSED OF BEING DRUNK ON BENCH

SEATTLE, Aug. 8.—Accusation of drunkenness have been filed against Judge Daniel H. Carey, of Pend Oreille County. The accusers are J. E. McGrew and Henry S. Worthman, losing suitors. The charges are contained in a series of ten affidavits. Judge Carey was sitting in the Superior Court here at the time referred to in the charges.

## KLEANZA MILL AT USK WILL OPERATE SOON

New Plant Will Cut For The First Time, John Willman, Manager, Reports

## FIRES ALONG SKEENA ARE NOW IN CONTROL

Lots of Prospectors Are Busy in Vicinity of Usk—Trail Work Being Done

The 40,000 foot mill of the Kleanza Lumber Co. at Usk, is to start its first commercial operations in the near future, says John Willman, manager of the company, who arrived on Sunday's train from the interior on business trip to the city. This mill has been under construction but has never cut for the market before. Mr. Willman says he hopes to keep the plant running permanently to at least part capacity once it is started. Twenty-five men will be employed besides loggers. There are already 3,000,000 feet of logs at the mill ready for cutting so no logging will be necessary for a while yet. The portable mill which the company has operated at Usk has been dismantled. The market for the Kleanza mill will be principally in the Eastern States although some lumber will go from it to the prairies.

Mr. Willman reports that only two mills are at present working at the present time in the Skeena River district—George Little's at Terrace and the Lakelse Lumber Co.'s at Amhurst. The Royal Mill at Pitman Spur, owned by R. E. Allen and Olof Hansen, will operate again this season, it is expected.

**Lower Freight Rates.** Speaking of freight rates, Mr. Willman states that, while the reduction of ten per cent made will help the Skeena mills somewhat, it is not enough and they are not yet in a position to compete with the mills east of Prince George. There will have to be further reductions before mills in the West can resume generally.

Fires along the Skeena River are now under control as a result of the recent rains, Mr. Willman reports. There was a pretty hard rain on Thursday and Friday and the fires are in check although they are still smouldering and will likely continue to do so for some time.

Around Usk, the property damage was not very severe and the fires did not get into the heavier timber. The house of a prospector named D. Stewart half a mile from Usk was destroyed but this was the only building that was lost in the neighborhood.

**Mining Activities.** There are a good many prospectors in the hills around Usk. Mr. Willman reports, and some mines are doing development work although none are producing. Assessment work is being done on the Kleanza property.

The provincial government public works department is repairing the Kleanza Creek trail which runs twenty miles up from the Skeena River at Usk to the Peerless Mining Group. It is being put in better shape than before which will be of advantage to the many prospectors who are located in its vicinity.

Mr. Willman returned to Usk last night.

"Be a kiddie for a day" Elks Flag and Children's Day, Wednesday. 184

On recommendation of the Utilities Committee, the city is to call for tenders for the supply of 500 feet of 2 1/2 inch hose for the fire department.

A list of questions by Ald. Collart dealing with streets, sidewalks, poles and other subjects, has been submitted to the city clerk. Answers will be prepared for next Monday's council meeting.

Tomorrow, being the Elks' Flag Day, a civic half holiday is to be declared. A request to this effect from M. Gonzales, exalted ruler of the lodge, was acted upon by the city council last night, the mayor being authorized to carry out the necessary advertising.

Several hazy looking samples of water, alleged to have come from the city's main on Ninth Avenue West, were submitted to the city council by Henry Smith last night. They were referred to the health inspector and Board of Works for report before being dealt with by the council.

A report from the Board of Works recommending that the letter from J. A. Curtis complaining of the manner in which the city hall was painted be received and filed was adopted by the council last night. It was admitted by Ald. Montgomery that specifications had been changed and the work not carried out as originally intended.

W. O. Fulton returned last evening from Lakelse where he has been fishing over the weekend. He says that the salmon in the streams are driving out other fish to a certain extent although he was successful in catching a few good sized trout. Rain fell on Thursday last which dampened down the fires to a considerable degree and the forestry department now have them well in hand.

J. C. Eresch, of Beloit, Kansas, arrived in the city last evening. Mr. Eresch, who is a brother-in-law of James McAleenan, of this city, has considerable investments in the city and district and is here on his annual visit.

The house built by Mrs. C. Kerr under the Soldiers' Housing scheme is to be transferred to Walter Home, Mrs. Kerr having decided to leave the city to settle at Wistaria. The transfer was authorized by the council last night on recommendation of the housing committee.

Captain Gosse, of the Gosse-Millery Packing Company, H. O. Bell-Irving, of the A.B.C. Packing Company, and W. Martin, of the Evans, Colman Evans Company all of Vancouver, arrived from the north on the Chelohsin this morning and left by motor speeders on a visit to the Sunnyside and other local canneries. The party will return to Vancouver on the Chelohsin this evening.

Miss Renee B. Stern and Miss Jean Mowat, two well known journalists of Chicago, were passengers passing through the city on the Princess Louise yesterday enroute for Dawson and Atlin. Miss Stern was formerly managing editor of the Women's Weekly and a contributor to the Youths' Companion. Miss Mowat is writing an article for the Western American Magazine on her present trip.

M. and Mrs. D. H. Morrison and family will sail by the Princess Louise on Saturday for Los Angeles where they intend to make their future home. Pioneers of the city and so long active in church, social and public circles of the city, the departure of Mr. and Mrs. Morrison and their family will be a matter of general regret. Mrs. Morrison is being made the raison d'etre for several farewell social functions this week.

Miss Irene Todd, of Toronto, who is attached to the publicity department of the Canadian National Railways, is a visitor in the city getting data for articles she will write. She is seeing all there is to be seen here and is also visiting mining camps and other points of interest in the district. Miss Todd was formerly on the staff of the Toronto Telegram and is well acquainted with Norman Mackintosh, who was formerly with the Daily News here. "Wee Mac" is filling an important post on the Telegram.

## CLUB LICENSES ARE LAID OVER

Ten Applications Received—That of Blackthorne Club Rejected by Council

Further consideration of applications for club licenses and club managers took up a good portion of the four and half hours that the city fathers last night spent in their weekly wrangle of municipal questions. Ten applications were dealt with and all but one, that of the Blackthorne Club, waterfront, which was rejected, were laid on the table for a week, in view of more or less unsuitability under the building of fire bylaws being reported against each.

The applications were as follows:

Fishermen's Club, Knox Hotel—William Johnson, manager; Carl Johnson, secretary.

Blackthorne Club, Cow Bay—Don Campbell, manager, not approved by police.

Prince Rupert Club—R. Beaumont, manager; J. C. McEae, secretary.

Central Club—F. A. Stevens, manager; Peter Black, president. Citizens' Club—G. Ciccone and S. A. Corley.

Skeena Club—Axel Anderson, manager, waterfront.

Empress Club—Owen Fisher, manager.

Travelers' Club—Harry Killas, manager.

Kaien Island Club—F. Buckley, manager.

Marathon Club—T. W. Shackleton, manager.

A letter from E. McCoskie, harbor master, asking that the Skeena Club be not granted a license on account of its proximity to the Imperial Oil Dock was received. S. W. Taylor, of Williams, Manson & Gonzales, appeared before the council in connection with this application.

## BUILDING INSPECTOR AND BOOTH SCHOOL

The city building inspector or his representative is to make a continuous inspection of the repair work being carried out on the Booth Memorial School and is to submit weekly reports to the council. The school board is also to be required to take out a building permit. A report from the board of works to this effect was adopted by the council last night. There was a general discussion of the question, the consensus of opinion of the council being that plans and specifications should be filed with the city for the work.

## FIRE LIMITS ARE TO BE EXTENDED

A report from the building commission recommending the extension of the fire limits to take in four blocks east of McBride Street including the Court House and Market Square was adopted by the council last night. An amendment calling for the cutting out of that part of Section 1 between the junction and Eighth Street from the fire limits was put forward by Ald. Montgomery and Ald. Perry but was lost. Ald. Montgomery being the only alderman to vote for it.

## SHE HAS RAISED A FAMILY OF TEN DR. FOWLER'S EXTRACT OF WILD STRAWBERRY NEVER FAILED HER

Mrs. Ervin W. Stairs, East Waterville, N.B., writes: "I have raised a family of ten children and have always used Dr. Fowler's Extract of Wild Strawberry for summer complaint, and it has never failed."

Four years ago, when the cholera was about, some of my neighbors called in the doctor, but could get no relief. I told them about "Dr. Fowler's", and after taking it they were soon well again. I also used it for two of my own children at the same time when they were passing blood, and a few doses soon made them well."

If you want to be on the safe side ask for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for. There are many imitations on the market, so be sure and get the original "Dr. Fowler's"; price, 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

## WILL VOTE ON BYLAWS SOON

Date of Election is Set for August 23, City Clerk to Act Free.

As parliamentarians and adepts on matters of procedure, the members of the city council are not to be recommended.

Last night they finally passed the bylaws for the Hays Creek Bridge and the Booth Memorial School repairs which are to be submitted to the ratepayers on August 23. However, they went off on a tangent when it came to paying \$25 to City Clerk Woods to conduct the election and passed a resolution refusing to accept the recommendation of the finance committee. No sooner had this been done when one of the brightest of the aldermen, after Mr. Woods had suggested it, found out that they had overstepped the mark and in their fervor to have Mr. Wood do the work for nothing had thrown out the while recommendation for the election. Then they looked through the procedure bylaw to find what they could do to get out of their distress and discovered that they would have to rescind their resolution. After much bickering and vain discussion, characterized by several flighty bursts of oratory which so many of the aldermen are practising at this year, they did things as they wanted and the election will yet be held on August 23 with Mr. Woods acting without stipend. It was pointed out in the course of the discussion that it was not necessarily the duty of the city clerk to conduct this election and he would be quite within his bounds in refusing to act. The mayor suggested caustically that it would be quite in order for the council to order Mr. Woods' pay as city clerk docked while he is conducting the election free gratis.

## SECTION FIVE STREET GRADING TO COMMENCE

Finance Committee Has Made Arrangements For Temporary Advance of \$30,000 For Work

Work of rough grading Fourth and Fifth Avenue in Section 5, as decided upon by the city council recently, is to commence at once, a report from the board of works recommending an early commencement of the work having been adopted by the council last night. As decided upon last week, it will be done by piece work and tenders will be called at an early date.

The finance committee reported having made arrangements for a temporary advance of \$30,000 for the work. Report on the financing of the sidewalk will be made later.

## HOSPITAL WILL GET LIQUOR MONEY WHEN ACCOUNTING IS MADE

Sum of \$5,272.29 to be Paid Over Besides Per Capita Grant—Total For Year From City, \$19,209.80

As its share of the liquor profits for the period ending March 31, 1922, the hospital board is to receive from the city the sum of \$5,272.29, this amount being in addition to the 70c per capita grant made by the city which has already amounted to \$6,380.50 for six months of this year.

A report from the finance committee recommending the turning over of the money was tabled for a week by the council last night. The hospital, in the meantime, to be asked to give an accounting of moneys received. It was the general opinion of the council that the council was entitled to a statement. Computing on the basis of payments for the first half of the year it was pointed out that the hospital would receive for the entire year from the city the sum of \$19,209.80 besides the 55c per capita grant made by the provincial government.

## SIXTH AVENUE EAST CLOSED TO TRAFFIC

A report from the board of works recommending the closing of Sixth Avenue East between McBride Street and Hays Cove Circle to traffic was adopted by the city council last night.

It was pointed out that the roadway was in bad condition all through and the city should safeguard itself in closing it until repairs were made. The refusal of the property owners to agree to a change of grade had made it impossible at this time to proceed with permanent grading of the street.

At 12:30 last night the city council was still sitting but was a long way from the end of the agenda paper. Accordingly adjournment was made for a week without the report of the Board of Works on water connection policy, the invitation from the Union of B. C. Municipalities to attend the annual convention and the Section 6 sewerage scheme having been dealt with.

## THIEVING CHILDREN ARE GIVEN ODD SENTENCES

YAKIMA, Wash., Aug. 8.—Thirteen children arrested and accused of robbing a residence here have been ordered by Mrs. Carrie M. ### WILLIAM TURNBULL SECRETARY TO WADE

Former Prince Rupert Newspaperman Gets Permanent Appointment in London.

William Turnbull, former newspaperman for this province, who has been in London, England, for the past year, has been appointed secretary to Mr. F. C. Wade, K.C., Agent-General for this province in London, says the Victoria Colonist. Mr. Turnbull takes the position formerly held by Mr. Blair, who was Mr. Wade's secretary, but who was forced to return to British Columbia owing to ill-health.

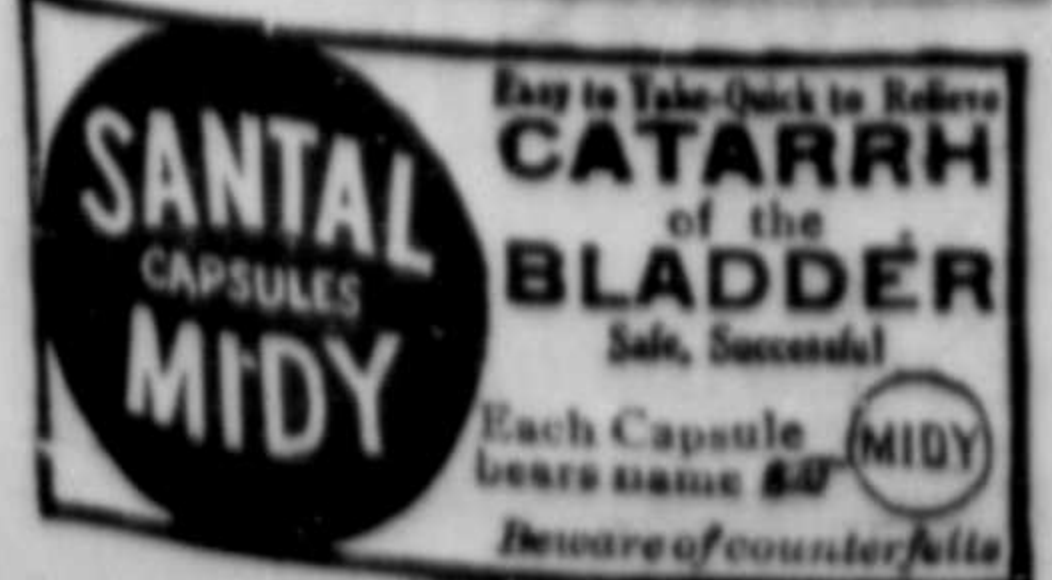

Mr. Turnbull went to the Old Country with Hon. T. D. Pattullo, Minister of Lands in the summer of 1921, when the minister made a trip designed to permit investigation of the Old Country lumber market situation from the standpoint of trade extension in British Columbia lumber products. Mr. Turnbull remained in London when Hon. Mr. Pattullo returned to Victoria and, besides doing some work in connection with the lumber branch of the department, also was acting secretary for Mr. Wade.

Mr. Turnbull was formerly a newspaper man in Prince Rupert and took a position in the Lands Department after the present Government came into office, and Hon. Mr. Pattullo assumed direction of the department. He was advanced, until he held the responsible position of Lumber Commissioner, one which he has now resigned.

### LIONEL BARRYMORE'S BEST PICTURE YET

Lionel Barrymore's finest screen performance is the verdict of the enthusiastic audience which last night saw "Boomerang Bill" at the Westholme Theatre where the picture will be repeated tonight. Mr. Barrymore has the role of a crook who sacrifices himself for the woman he loves and he displays an emotional power rarely approached in pictures. "Boomerang Bill" is a Cosmopolitan picture released by Paramount.

### BUSINESS JOURNAL RECEIVED BY BOARD

The secretary of the board of trade is in receipt of a very comprehensive business journal entitled "A Market Digest of Canada," in which Prince Rupert is appropriately represented. The publication is issued by the Curtis Co. Ltd. of Toronto, Windsor and Montreal.

It deals with the business outlook in all the cities and towns throughout the Dominion, the figures having been compiled from reports of the various boards of trade throughout the country. A map of Canada giving the business outlook for the next six months, as reported by 125 boards of trade, gives British Columbia figures for business as: Very good 20 per cent; good, 16.6 per cent; fair, 33.3 per cent. This book is being circulated to all the boards of trade throughout Canada and other business bodies.

### FRANCOIS LAKE FERRY NOW IN OPERATION

T. Halliday, marine architect designer of the auxiliary schooner Lady Kindersley and of yachts and smaller vessels on this coast has just returned from Francois Lake which he visited in connection with the launching of the new steel ferry, says a Vancouver exchange. Mr. Halliday designed the vessel which was fabricated at Prince Rupert and taken in a knock-down state to the lake for assembly. Mr. Halliday supervised the assembling. The vessel is now in commission under Captain Bruce Little. Her trials were very satisfactory. She will accommodate forty-three passengers, eight motor cars or six teams and wagons.

Mr. Halliday described the lake as an interesting body of water 66 miles long, 2 miles wide, and a depth of 540 feet. It provides splendid fishing for grey trout, a true trout that resembles a salmon and grows to 35 or 40 pounds weight. They are very game and provide splendid sport.

### FOOTBALL CONTROL BOARD WAITS FOR RULING FROM EAST

The Prince Rupert Football Control Board, comprised of Sid MacDonald, chairman; F. W. McIntosh, Jack Judge, A. T. Parkin, and Geo. Hill, met last night to consider the reports of referees, W. H. Waldorf and George Russell, on the two last football games when Davis of the Sons of Canada and Alec Roy of the Grotto were sent off the field. Owing to the action of the Prince Rupert Football Association in objecting to the decision in the case of the suspension of Ross recently the Board of Control decided to leave all further action until receiving a ruling from the Dominion Football Association. In the meantime both Davis and Roy are eligible to play in any game.

### GIL'S VICTORS OVER GROTTA

Intermediate Game Last Night Resulted in Score of 11 to 5.

The Intermediate baseball game played at the Acropolis grounds last night between the Grotto and Gil's ended in a 11-5 victory in favor of the latter. In spite of the threatening weather the attendance was representative and the rooting propensity of the fans was the liveliest of the season. The game was a good and exciting one up to the sixth innings when the score stood at 4-3 in favor of Gil's.

Up to the fifth innings the score was 3-1 in favor of the Grotto when Gil's whooped the score up to the June of three runs the standing then being 4-3 in their favor. The Grotto manager pulled Warren out of box in the fifth and substituted Alec Roy but it did not seem to have the desired effect and the Gil aggregation swatted him all over the lot. In the sixth innings Montgomery went in as pitcher for Gil's and struck out five men in four innings holding them down to two runs.

Batteries—Gil's—Sherman and Montgomery, pitchers, and Hamilton catcher.  
Grotto—Warren and Roy, pitchers, and Geo. Hill catcher. Sherman had five strike outs and Montgomery five. Warren had five strike outs and Roy three.

Teams: Gil's—Jones, 1b; W. Mitchell, 2b; George Mitchell ss.; McDaniels, 3b; R. Smith, lf; W. Martin, cf; J. Mitchell, rf; Sherman and Montgomery, p; Hamilton, c.

Grotto—S. Haundenschild, 1b; Bud Barrie, 2b; L. Gilmour, ss.; Vic Maxwell, 3b; E. Clapp, lf; Sid Butters, cf; Roy and Warren rf; in turn; Warren and Roy, p; Geo. Hill, c.

The score by innings:

1 2 3 4 5 6 7 8 9

Grotto 1 1 1 0 0 0 1 1—5

Gil's 0 0 1 1 3 4 0 2—11

P. La Porte was umpire of balls and strikes, and W. Anderson umpired the bases.

### ANYOX ELKS' BALL TEAM WILL ARRIVE HERE IN MORNING

Making Trip on Azurite—Leave Anyox at 10 this Evening Local Line-up Chosen.

o'clock tonight on the Azurite and would arrive here tomorrow morning about 8 or 9 o'clock for the game with the locals tomorrow evening.

The visiting team will comprise the following players: Robertson, Draudsen, Greenwell, Downs, Whittaker, Mealy, Sherman, McIntyre, Campbell, Spares—Bagwell and Gray.

The Prince Rupert team will be as follows: Curtis, c; Eddy and Selman, p; Frizzell, 1b; Easson, 2b; Farquhar, 3b; Anderson, ss; Douglas, cf; O. P. Smith, lf; Astoria, rf. Spares—H. Scott and V. Menzies.

### Sport Chat

After weeks of painstaking preparations, the Elks' Flag Day committee reports this afternoon that everything is ready for the big Kiddies' Day tomorrow. No efforts have been spared to put the day over big and indications point to this second Flag Day in Prince Rupert, far eclipsing the first one last year, the memory of which still lurks in the hearts of the city's juvenile population. The fun will really commence tonight with the comic parade but tomorrow is the day. Races, games, eats, parades, clowns, music and speeches and other things will fill the afternoon to the limit with an unceasing round of attractions for all the kiddies in Prince Rupert. The Elks expect all to attend to thus joyfully observe the honors to the Flag.

After a long and steady up-

ward grind, the St. Louis teams are ahead by very narrow margin in both the American and National baseball pennant races. At the end of the week, the St. Louis Americans were ahead of the Yankees by two games, and the Cardinals were leading the Giants by one. Detroit is not very far behind in the American and still has a chance. Boston occupies the cellar position in both leagues by a substantial margin. It is a unique coincidence that the same cities in either league are occupying about the same positions in each. St. Louis is first in both; New York is second in both; Chicago is fourth in the American and third in the National; Philadelphia is seventh and both Bostons is last in both.

A. P. Garvey, the Province Sport writer, is also a defender of referees and umpires. He writes as follows:

"Participants in various branches of sports forget that they make just as many mistakes as referees or umpires, yet you never hear of them being called on to stop a punch or a handful of dust in the eye from some other individual on their own or some other club. Some athletes imagine that it is quite the right thing for them to up and hurl epithets and also let loose with a punch in the direction of an official. Good stiff suspensions should be handed out if such practices are to be curbed. But so far officials of governing bodies appear a bit timid in taking action.

The line-up for the Sons of England in tonight's Stuart Shield football game with the Grotto will be as follows: Stockdale, Darton, Lambie, Mansell, A. Crages, Ed. Crages, Farquhar, Greenwell, Kelsey, Wiggins, Hodgson and Shaw.

## The Natural Wealth of Canada

### Forests

IN the past three years Canada exported forest products to the amount of \$660,000,000, and there are still left great forests of Douglas fir, pine and spruce pulp wood—enough, if carefully preserved, to supply a great trade throughout an indefinite future. For more than a century the Bank of Montreal has been co-operating in the development of Canada's trade in forest products.

## NATIONAL HOME FOR THE JEWS

Difficulties With Arabs in Regard to Re-Settlement of Palestine.

LONDON, Aug. 7.—(By Associated Press).—The government is unremitting in its efforts to find a solution of the Palestine Problem. To this end it has among other things, recently published the official correspondence that has passed between the government, the Palestine Arab delegation now in London, and the Zionist organization since last February.

Included is an official statement of British policy, as given out July 1, to the effect that a Jewish national home be founded in Palestine, and Jewish people will be in Palestine as of right and not sufferance. The disappearance or subordination of the Arab population, language or culture is not contemplated, and the establishment of a full measure of self-government in Palestine will be fostered. The special position of the Zionist Executive does not entitle it to share in the government of the country.

**Zionists Interfere.**  
The Arab delegation has replied to this statement of policy as follows:  
"Since its establishment in Palestine the Zionist Commission has very much interfered with the administration of Palestine under one pretext or another, all of which were based on solicitude for Jewish interests."

"One military administrator after another, and one British official after another, had to go because they could not and would not govern the country on lines laid down by the Zionist Commission."

"We see division and tension between Arab and Zionist increasing day by day and resulting in general retrogression, because the immigrants dumped upon the country from different parts of the world are ignorant of the language, customs and character of the Arabs, and enter Palestine by the might of force."

England and against the will of the people, who are convinced that these people have come to strangle them. Nature does not allow the creation of a spirit of co-operation between two peoples so different.

"The fact is that His Majesty's government has placed itself in the position of a partisan in Palestine of a certain policy which the Arab cannot accept because sooner or later it means his extinction."

**Uncomfortably Sandwiched.**  
Commenting on this official correspondence, a diplomatic correspondent writes in the Sunday Times:

"Briefly put, the British government finds itself uncomfortably sandwiched in between two sets of promises. Driven by the exigencies of the great war to demand on behalf of the Allies the co-operation of the Arabs against the Turks, Britain agreed to recognize their independence within a territory which included Palestine and Syria. That was on October 24, 1915."

"On November 2, 1917, possibly with a view to obtaining other and equally necessary support, Earl Balfour made his famous declaration in favor of the establishment of a Jewish home in Palestine."

The passage of the House of Lords the latter part of June of the Balfour declaration, disapproving the Balfour declaration, was immensely popular in Palestine, where this incident is regarded as a notable Arab victory.

Miss Elizabeth Baynton, daughter of Mr. and Mrs. Arthur Baynton and Louis Legge, a young pioneer, of the Hyder camp and a member of the Hyder Transfer Co., were married last Friday afternoon in St. Mark's church, Stewart, by the Rev. Edwin Moss. The wedding was public and the church was packed.

Before leaving for Seattle last Sunday, W. R. Tonkin, president and general manager of the Fish Creek Mining Company stated that conditions at the mine were more than satisfactory. A second shoot of high-grade ore had been encountered in the drift from the crosscut tunnel on the upper lead, where the lead now carries two and one-half feet of good ore with six inches of solid grey copper assaying 493 ounces of silver and \$28 in gold, a total value of \$521 a ton. Development work is being pushed to the limit by Foreman Angus McLeod. Between 15 and 20 tons of high-grade ore has been sacked and there are about 150 tons additional on the dump. Regular shipments have commenced.

W. G. Cheeney, president of the Eureka Oil Company, owning 2650 acres of oil locations in the Katalla field and a similar acreage at Gold Bay, arrived in Hyder from Ketchikan last Thursday and is around getting acquainted with the residents.

Miss Emerance O'Neill, of Nelson, B. C., niece of Pat Daly, managing director of the Daly Alaska, is paying the Hyder camp a visit and is the home guest of Mr. and Mrs. M. R. Jamieson.

Mrs. C. A. Banks arrived in Stewart from Vancouver last week and has joined her husband at the B. C. Silver mine.

### SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.  
Pre-emption now confined to surveyed lands only.  
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.  
Parties of more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.  
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% before receiving Crown Grant.  
Where pre-emptor in occupation for less than 5 years, and has made proportionate improvements, he may, by reason of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.  
Records without permanent residence may be issued, provided applicant makes improvements to extent of \$50 per annum and records same each year.  
Failure to make improvements or record same will operate as forfeiture of claim.  
Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.  
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.  
For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company.  
Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.  
Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

**PRE-EMPTORS' FREE GRANTS ACT.**  
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.  
No fees relating to pre-emptors are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years. Provision for return of money accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.  
Interest on agreements to purchase town or city lots held by members of Allied Forces or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

**SUB-PURCHASERS OF CROWN LANDS.**  
Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

**GRAZING.**  
Grazing Act, 1919, for systematic development of livestock industry provides for granting districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travelers, up to ten head.
