Lloyd George Sustained by Majority EXTENSIVE DEVELOPMENTS EXPECTED AT QUEEN CHARLOTTES

EDITORIAL

CANADA'S OPEN PORT.

In discussing Grain Shipments from Vancouver, J. T. Jones, grain commissioner, is reported in the Vancouver Province to have said he wished to see Canadian grain handled through Canadian ports and as Vancouver was the only open port in Canada it was reasonable to assume that he would assist it when possible.

It is natural to assume that Mr. Jones has not heard of Prince Rupert. Here is a harbor just as good as Burrard Inlet with wharfage just as good as anything in Vancouver and with trackage sufficient to handle the cars. This port is nearer the Orient than Vancouver and the route to the coast is better than any of the others on the continent. To repeat all this seems tame but it has to be done again and again until some day people like Mr. Jones will realize we are on the map.

AMBASSADOR
OPTIMISTIC

SHOULD IGNORE RUMORS

Would Have Canadians Ambassadors for British Empire
in States

VANCOUVER, April 4.—Sir Auckland Geddes, British Ambassador to the United States, who is visiting here and who was entertained at a banquet last night, urged the Vancouver Board of Trade to bear in mind that all that was necessary to restore the social and business equilibrium of the world was persistent optimism and friendliness between peoples of different countries. He urged that Canadians were the best ambassadors for the British Empire with the United States and said that the people should ignore spoken and written rumors that war might break out at any time.

As no one knew what was going on, Sir Auckland declared there was nothing behind the scenes which could cause the slightest anxiety regarding world peace in the near future.

SAVE MONEY
ON CHANGES

Superannuation and Pensioning
Government Employees Is
Matter of Economy.

VICTORIA, April 4.—The British government will save about \$20,000 a year through the superannuation and pensioning of sixteen civil servants who have reached the age of 65 years. The work of the departments affected is being reorganized and the employees shifted so that it may not be necessary to engage any more employees.

NEW DEPUTY MINISTER

Appointment Goes to W. A. Macadam, Former Secretary to the Minister.

VICTORIA, April 4.—W. A. Macadam, former private secretary to Hon. John Hart, minister of finance, has been appointed deputy minister of finance at a salary of \$3,300 a year.

Great Majority for British Premier in Vote of Confidence

LONDON, April 4.—Lloyd George was sustained by the House of Commons by an immense majority. His resolution calling for a vote of confidence in the government's policy with regard to the Genoa economic conference was adopted by a vote of 372 to 94, thus giving the Premier the authority of the nation to carry on negotiations with the other powers and at the same time giving the Government a new lease of life.

This vote puts the quietus on the Conservative rebellion led by Sir George Younger and his band of recalcitrants. It welds the coalition, temporarily at least, and unites them behind their leader. It also delivers a solar plexus blow to the Northcliffe press, which has been besetting the Genoa conference and urging that it be called off.

Cleared Atmosphere

LONDON, April 4. (later)—The overwhelming victory of the Prime Minister, Lloyd George, in the House of Commons had the effect of a quick violent thunder-storm in clearing the political atmosphere. The Premier early in the debate declared that the cabinet would stand or fall on the result of the division. The result left no doubt as to the strength of the Government.

CLASH WITH JAPANESE

Little Brown Men Fight
With Chita Govern-
ment Forces.

TOKIO, April 4.—Despatches from Vladivostock report a clash between the Japanese troops and the forces of the Chita Government when 800 of the latter attacked the Japanese near Sassi following a demand by the Japanese to disarm.

Eighty Chita soldiers are reported to have been killed.

Later the Chita troops attacked in force with field guns, and fighting is continuing along the Usuri railway.

WORKING FOR CONFERENCE

French Attitude Changed With
Regard to Genoa: Poincaré is Going.

PARIS, April 4.—The French attitude toward the Genoa conference has undergone a great change in the last 48 hours. The coolness and scepticism previously shown in official circles have given way to a sentiment that something must come out of the conference and that the French delegation must go to work wholeheartedly to that end.

Premier Poincaré has definitely decided to go himself as soon as his official duties permit.

ASK COMMONS RATIFY TREATY

Premier Gives Notice of Motion
to That Effect and Tables
Report.

OTTAWA, April 4.—Notice was given this morning that the Premier would move in the House of Commons for ratification of the treaties signed between Canada and the other countries at the Washington conference for the limitation of armaments.

The treaties have already been signed by Sir Robert Borden as representative of Canada and the report of the representative has been tabled in the House by the Premier.

Mrs. McCaffery will leave for Vancouver on Thursday night to meet Mr. McCaffery there.

ABANDONED FOR A MOTOR CAR.

Margarete Matzenauer, famous diva, apparently has lost her chauffeur husband, whom she termed "100 per cent man." The husband, Flye Grotzsch, has gone back to his job in San Francisco, driving tourists about. A year ago he took Mrs. Matzenauer out for a drive for hire. She sat on the front seat with him, better to enjoy the scenery. Later came the engagement and marriage, and Grotzsch left the driving wheel. Mrs. Matzenauer, it is said, wants her husband back. After her marriage Mrs. Matzenauer said her first marriage, to Ferrari Fonti, failed because of artistic temperament. She wanted a "man," she said. The antithesis of her temperament theory is hinted as responsible for the wreck of the new romance. Grotzsch, a six foot Westerner, comments: "Orchids will thrive in hothouses, but wild mustard needs the California sun." The picture shows Mrs. Matzenauer and her husband on their honeymoon.

ALL INDIAN HARTEL PLAN THIS WEEK

Followers of Gandhi Hold
Meetings to Urge Na-
tional Celebration.

BOMBAY, April 4.—Meet-
ings are being held almost
daily to stir up interest in
the observance of the so-
called national week, which
is planned to commemorate
the inauguration of the
Gandhi campaign of non-co-
operation in April, 1922. The
week begins on April 6 and
an all-India hartal in the
form of a general strike is
planned at its conclusion.

PREMIER MARTIN HAS RESIGNED

Chief Executive of Saskatchewan
Will Accept Judgeship Pro-
vincial Appeal Court.

REGINA, April 4.—Hon. W. M. Martin, premier, minister of railways and minister of education, has resigned to accept the post of judge of the Court of Appeals for the province of Saskatchewan. He has been premier of the province of Saskatchewan since 1917, when he succeeded Hon. Walter Scott.

There is no doubt in political circles here that Hon. Charles Dunning, provincial treasurer, will be the next premier. Mr. Dunning will likely take into his cabinet as attorney-general either Col. J. A. Cross, K.C., D.S.O., or Lt.-Col. C. E. Gregory, K.C.

Dr. Lawson complains rather bitterly of the action of the British and Canadian officials in trying to send settlers to Australia instead of to this country. He says that no encouragement is given to those who want to come here.

BUCKLEY MILL TO OPEN AND SETTLERS COMING TO MASSETT SAYS DR. LAWSON NOW IN CITY

That the Buckley mill on Massett Inlet is to be operated at full capacity this summer and F. L. Buckley will be here within a week or two for the purpose of getting started; that Mr. Buckley plans putting on a small boat to give a daily freight and passenger service between this port and Massett; that the first of the English settlers will sail for Queen Charlotte Islands on April 8 and will reach here about a month later bound for Massett Inlet and that many others are to follow—these were interesting statements made last evening to a Daily News representative by Dr. E. H. Lawson, the advance guard of the immigration party, who is on his way to Massett to prepare for the new settlers.

Dr. Lawson, who has lived on the Queen Charlottes before, is from London, England, and many of the settlers who are coming are friends of his, most of whom have done some farming. They are coming to do some pioneering, and are looking forward to the struggle with nature which they are bound to have in hewing out farms for themselves in the forest.

Met F. L. Buckley

Before leaving for British Columbia Dr. Lawson and Mr. Buckley met at the Savoy Hotel, and Mr. Buckley unfolded to him some of his plans for the development of the business of the Islands. As he stated when here before, he plans to run his mill to capacity and to put in his own transportation system. He is already on this continent and he was planning to cross on the Mauretanian and was to meet Dr. Lawson at Massett about the middle of this month. He has orders for the lumber and is prepared to proceed. He plans to work three shifts.

Dr. Lawson is planning to have the men who come from England take up Government land which they can pre-empt. They are anxious to get as near together as possible to avoid that loneliness which is a feature of pioneer life. All the men have capital, some a few hundred pounds and some a few thousand. They are coming on their own initiative and are paying their own way. They are planning to work co-operatively in many respects, especially in the way of purchasing gasoline saws and tractors. They plan to engage in mixed farming with a view first to supplying the demand on the islands for butter and eggs and meat. All are anxious to work and they know what work is and have a pretty idea what pioneering means. Many families are coming, the women and children accompanying the men. In all Dr. Lawson knows of 100 settlers that he has met personally and he thinks there are a great many more who will find their way to the islands this year. Thirty-five had already booked their passage before he left.

Doctors Coming

In the party that is coming are two doctors, Dr. Dunn and Dr. Palmer, the latter a McGill University man. They will, between them, be the mill doctors at the Buckley Mill, and will at the same time take up farms and settle permanently on the islands. Dr. Lawson, who is in charge of the party, will also pre-empt a farm. He gave up an extensive practice in London to come here, and he is anxious to live the outdoor life of the west.

Dr. Lawson complains rather bitterly of the action of the British and Canadian officials in trying to send settlers to Australia instead of to this country. He says that no encouragement is given to those who want to come here.

JAPS CAN NOT NATURALIZE

Judge Grant, of Vancouver, Re-
fusing Papers to all Appli-
cants

VANCOUVER, April 4.—Judge Grant is refusing naturalization to every Japanese applicant in the Naturalization Court.

The judge has announced his intention of refusing papers to Japanese unless he is instructed to do so by the Secretary of State. In regard to the cases, he is making a report for the Secretary of State pointing out that the Japanese have no power to divest themselves of their Japanese allegiance.

CANNOT SIGN OWING TO LAW

States in Sympathy With White
Slave Law but Constitutional
Reasons Hold Back.

GENEVA, April 4.—The United States Government is unable to sign the white slave convention drawn up by the last assembly of the League of Nations, as it conflicts with the police regulations of certain states of the union. Secretary of State Hughes has notified the league secretary here that the United States Government is in full sympathy with the object of the convention. Congress has passed laws to the same end. Mr. Hughes points out,

Local Firm and Export of Logs.

The J. B. Morgan Company is engaged in logging at Surf Inlet and has orders for spruce and hemlock logs. In getting out these it is necessary to log at the same time a quantity of cedar. This is good market for the spruce and hemlock, but the cedar is high-priced log and should sell at a good figure and help to make the logging remunerative.

There is a market for cedar logs for export to Japan at a price twice as high as that paid by the pulp mills, but the Provincial Government does not allow export of logs unless circumstances are exceptional. There is a commission which makes recommendations, and this commission is made up of Vancouver people.

If export of cedar logs from this district were allowed, the logs would be shipped from this port and would tend to bring Oriental steamers here. A lucrative business could be worked up and this port would benefit. As it is, the only logs exported are sent from Vancouver.

Vancouver is as near a pulpwood market as is Prince Rupert. The Powell River paper mill is not far away. The waters leading to it are sheltered and there would be no difficulty in towing the booms there. But that would not be profitable and it would not encourage Vancouver shipping.

There is no market here at present for cedar logs. The only place they can be sold is to the pulp mill. There is a scarcity of cedar throughout the world and it seems wicked to grind up this valuable wood into pulp and paper when it could be utilized for other purposes more suitable.

In a general way the policy of the Provincial Government in regard to the prevention of log export is one to be commended. We want to manufacture our own logs into lumber. If there were a market for cedar in this district nothing could be said. As there is no market, the next best thing would be to allow export to Japan. This would at the present time be a great advantage to us.

Possibly the Provincial Government has information that a shingle mill is to open here soon. If it has we have no more to say. If there is a local market for cedar, the cedar should be kept here. If, however, log export is allowed from Vancouver and refused here under similar circumstances, then it seems as if this port was being discriminated against. What we want is to see Oriental shipping from Prince Rupert and a permit to allow the export of cedar logs would at the present time encourage that shipping.

Developments at Massett Inlet.

Everyone in this district will be interested in the developments which are about to take place at the Queen Charlotte Islands. The information given by Dr. Lawson in regard to the operation of the sawmill and the coming of settlers is an indication that the Queen Charlottes are likely to be in the limelight. Everyone will be pleased if the mill is operated and if the settlers who go to Massett Inlet find things congenial and can hew out for themselves homes in the wilderness.

Little Welshman Is Again on Top.

The little Welshman, David Lloyd George, is again on top. He was given a huge majority in the British House of Commons in connection with the Geneva conference. The Northcliffe press has received a setback. We find the Conservatives of Britain still led by a radical who insists on recognizing the radicals of Russia.

The condition in the Old Country is a curious one. On the one hand the ultra-Conservatives are unable to carry on alone and they have to take the places behind Lloyd George else a worse thing come to them. So on the other side there are extremists, but among them all there is not an outstanding man whom they may follow. The outstanding men are fewer today than they were before the war. The Premier has so long occupied the centre of the stage that all others have become supers.

WHAT CAUSES HEADACHES?

"Fruit-a-tives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial Constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases. "Fruit-a-tives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

50¢ a box, 6 for \$2.50, trial size 25¢. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

BRINGING UP FATHER

EXTENSION OF UNEMPLOYMENT RELIEF WORK

**Council Chamber Was Filled
Last Night With Workless Asking
Continuation of Relief.**

Presenting the request that the city relief work which, after going on for some two months during the winter, closed down at the end of last week, be resumed for at least two weeks longer, a delegation consisting of W. E. Dickens, G. Chapman, K. H. Thompson, L. White and W. Wicks, representing the unemployed, backed by about fifty of the city's workers, which nearly filled the chamber, appeared at the meeting of the council last night. Each member of the delegation was given a sympathetic hearing by the council and Mayor Rochester gave assurance that it would be ascertained immediately if the provincial and federal governments would bear a share in continued relief work as in the past and if this assistance was still forthcoming the matter would be placed before the finance committee. The mayor said that although the amount set out by the city council for expenditure along this line had long since been exhausted, he was sure the council would do all possible to continue the relief as requested. It had been understood that the government support to relief work in the city expired on March 31 and the point to be now ascertained is whether extensions that have been made to April 15 in some cases apply also to Prince Rupert.

Emphasize Necessity.

Each member of the delegation spoke, emphasizing the necessity for the continuation of relief measures. The situation today, they declared, was even worse than it was before and there was much real need. While a few had been sent out to jobs, more had come into the city from the outside and the ranks of the unemployed were as large as ever. The situation must be met temporarily and the delegation considered that it was justified in asking for continuation of relief work. The men did not want charity but merely the opportunity to work. One of the speakers said he knew of cases where men had lived all winter off the garbage scow and were wearing cast-off clothing. A couple of the delegates went rather farther afield in their statements and had to be checked by the mayor. One said that money could more rightly be spent in relieving unemployment than in giving \$450 to a deficient Board of Trade, financing a public library and according receptions to visitors. The unemployed would watch the activities on this matter of the two aldermen who had been elected by the labor vote.

Look to Country.

Mayor Rochester explained that the provincial and federal governments had so far been sharing in the relief work. The city had set aside a certain fund for this purpose, which was not only now exhausted but was overdrawn. More federal assistance would be necessary if the city was to carry it on. The mayor thought that if it were continued for another fortnight the situation might then be no better than it was now. He suggested that as many men as possible get out to the country, where there possibly would be jobs now that the spring activity was commencing. The city was willing to do all it could but it could not take over the duties of the provincial and federal governments in finding work for every man who drifted into the

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine, house, sweeping, dusting, cooking, washing, etc.? Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't sleep at night?

To all women whose heart is weak and whose nerves are unstrung we would recommend

MILBURN'S HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Bezanion, Loganville, N. S., writes:—As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me.

My heart was so bad at night I could not sleep. I would take smothering spells, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

Price, 5¢ a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

city. J. M. Campbell, employment agent, was now taking up with the government the matter of extending its participation in relief work.

Ald. Collart thought it a shame that some men were going without work when some of the city's employees were getting 65¢ an hour and some were on salaries.

Ald. Perry thought that the city might carry on some of its local improvements at this time in an effort to give relief to the unemployed. There were many roads in the city that needed repairing under the local improvement plan.

Direct Action Needed.

Ald. McLeod said that the situation needed direct action. If the government would extend its assistance for two weeks he would be in favor of carrying on the relief work. This should be ascertained at once. However, the unemployed should know that the city of Prince Rupert could not support every man who drifted in and the relief work could only last for another week or ten days at best. He did not believe in the city keeping every man who came in from the outside and said he was hungry. However, the city should look after those who had been here all winter.

Ald. Montgomery felt that the city should continue the work if the government would lengthen its period of assistance.

Mayor Rochester said he was in favor of continuing it at all possible. He did not want to see anyone go hungry, and the first charge should be citizens and married men. All who possibly could should get out and rustle and try to find employment elsewhere. When they had an answer from the government he would call the finance committee together with a view to financing continuation of work. In the meantime he would assure the unemployed that the council would do all in its power to assist them.

Look to Country.

Major Rochester explained that the provincial and federal governments had so far been sharing in the relief work. The city had set aside a certain fund for this purpose, which was not only now exhausted but was overdrawn. More federal assistance would be necessary if the city was to carry it on. The mayor thought that if it were continued for another fortnight the situation might then be no better than it was now. He suggested that as many men as possible get out to the country, where there possibly would be jobs now that the spring activity was commencing. The city was willing to do all it could but it could not take over the duties of the provincial and federal governments in finding work for every man who drifted into the

CANADIAN CLUB ASKS PRESIDENT TO VISIT HERE

The Canadian club of this city through E. A. Wakefield, U. S. consul, and the consul-general at Ottawa, has invited President W. G. Harding to visit the city in the course of the trip he proposes making to Alaska this summer. Mr. Harding will be asked to address the Canadian Club if he decides to call at this city.

ADAIR CARSS HELD FINE WHIST DRIVE

**Second Affair in St. Regis Cafe
Dining Room was Very
Successful—22 Tables**

The Adair Carss Chapter, Imperial Order Daughters of the Empire, held another very successful whist drive in the St. Regis Cafe upstairs dining room last evening. There were 22 tables of whist and the first prize winners were Mrs. Smith and G. L. Kemp, consolation awards going to Miss Warrior and Mr. Bellack.

There was a musical program in which Mrs. Stockdale, Mrs. A. Hunter, Mrs. J. A. Teng, Ed. Ross and Bob James took part.

The committee in charge comprised Mrs. G. L. Youngman, convener, Mrs. S. L. Warrior and Mrs. S. V. Cox, who looked after the refreshments.

TIME FOR GETTING ON VOTERS' LIST IS NOW EXTENDED

The time for registering for the provincial voters' list has been extended to May 8, according to announcement made this morning by Government Agent J. H. McMullin. The court of revision on the list will be held six weeks later, on June 26. The voters' list registration were to have closed yesterday. The time extension will allow for those qualified who have neglected to do so to register now. All those who did not vote at the last provincial election have had their names struck off the list and it will be necessary to register again to have the names restored.

**SENDING BODY OF
FRANK WALSH EAST
CALGARY SATURDAY**

Word has been received here by Jack Barnsley that J. F. Straub and F. Alexander of this city, who have been looking after the remains of the late Frank Walsh at Hazelton, have been asked to ship the body to Calgary. They have made suitable arrangements, but the body will not leave until after the inquest, probably on Saturday night.

Messrs. Straub and Alexander will be here tonight, but will leave again on the next train.

JAP FINED

**At Haysport Yesterday for Hav-
ing Wild Ducks Unlaw-
fully in Possession**

T. Nakagawa, a Japanese fisherman, was fined \$75 yesterday at Haysport, having been found guilty of having game, namely wild ducks, unlawfully in his possession. The arrest was made by Game Warden Martin and the case was tried before G. Taylor, Port Essington justice of the peace.

YOU AVOID BLOOD-POISON WHEN YOU USE **Zam-Buk**

NEGLECT of even the tiniest break in the skin leaves the way open for germs to set up dangerous inflammation and disease. The best and simplest way of insuring against this ever-present peril of blood-poison is to keep a box of Zam-Buk always handy and immediately dress every cut, scratch, burn, cold-sore or skin eruption with this unique herbal balm.

Zam-Buk has a power for destroying and repelling skin disease which no common salve or ointment can possibly have. In addition to its great soothing, pain-killing qualities, Zam-Buk has powerful anti-septic and germicidal properties which are a bulwark against eczema, ulceration and similar troubles.

When you use Zam-Buk, you not only make your cut, wound or sore thoroughly "aseptic," but you ensure its rapid healing with fine new skin.

FREE SAMPLE BOX! Write Zam-Buk or any chemist and dealers at 96c box, 3 for \$1.25. The Zam-Buk Co., Toronto, will send any reader a Trial Sample for 10¢.

Herbal Zam-Buk uproots skin disease whether the trouble be simple rashes and blisters, or chronic eczema, ringworm, poisoned sores or leg ulcers. Equally good as a remedy for piles, and for burns, scalds, cuts, sprains, etc.

THE WORLD'S ANTISEPTIC

EXPERT COMING BOOTH SCHOOL

A. A. Cox, Former Provincial
Government Architect, Is To
Be Engaged

PUBLIC ENQUIRY IS LATEST SUGGESTION

The services of A. A. Cox, Vancouver architect and building expert, are to be secured by the School Board at a cost of \$25.00 per day and expenses to make an examination of the Booth Memorial School with a view to reporting on safety for the immediate future and recommending remedial measures for the leaky and unstable condition of the building. This will be done following the action of the city council at its meeting last night in recommending to this effect to the School Board. Dr. W. T. Kergin, chairman of the School Board, and Trustees L. W. Palmer, Thomas McMeekin and Mrs. E. V. Ling were present at the meeting.

Following the sending out of telegrams asking professional examiners to state their terms to come to the city for the purpose of examining the school, replies were received from Robert W. Hunt Co., F. A. Barnes and A. A. Cox, all of Vancouver. The first two mention asked \$50 per day and expenses and the last \$25.

Cox is Favored

Co-incidentally with the fact that Mr. Cox's terms were the lowest, he was specially mentioned by Mayor Rochester and Trustee Palmer who spoke very highly of his abilities and recommended that he be engaged, accordingly, after some discussion, it was decided to secure his services. He will arrive in the city on Wednesday, April 12, according to the telegram which he sent consenting to come. Mr. Cox was formerly provincial government architect and it was he who made the original designs for the provincial government court house here, a more elaborate structure than the one finally decided upon and the one which is now under construction.

Ald. Kelly suggested that there be a public enquiry before engaging an expert and that witnesses be subpoenaed from the superintendent of the work down.

The idea of a public inquiry was received favorably by both members of the school board and council, but it was the general opinion that such might follow the visit of the expert. City Engineer Whittaker stated that it was a matter of urgency that the expert be secured first. It was only assumed now that something was wrong. After the visit of the expert this would be known definitely. Dr. Kergin and Mr. Palmer pointed out that the important matter was to know if the school could be occupied or if temporary quarters would have to be found. This would be ascertained after the visit of the expert, but if there was a public enquiry first it would necessarily be delayed.

People Responsible
Ald. Montgomery, after being

RAILWAY DOES NOT GET ITS SPECIAL RATE

CITY COUNCIL TURNS OUT REPORT OF UTILITIES COMMITTEE FOR 4¢ AND 1¢ FROM PRIMARY LINES.

The recommendation of the utilities committee that power and light be supplied to the Canadian National Railways for its station, ocean dock, roundhouse and other yard requirements at the flat rate of 4¢ and 1¢ from the city's primary lines was turned down by the council last night on a minority vote. The division was as follows: For the report—Ald. Silversides, Ald. Perry, Ald. Kelly and Ald. Kerr Against—Mayor Rochester, Ald. McLeod, Ald. Montgomery and Ald. Collard. Ald. Dykhavn was not present.

The report, which was introduced following the application of the railway company for the rate in which it volunteered to handle the power in bulk, building its own line and installing its own equipment, has been before the council for a couple of weeks.

It has been championed by the utilities committee on the ground that it would be more convenient for the city and with the increased consumption the cost of equipment and overhead saved by the city would equalize the difference in rate.

The opposition, led by Ald. Montgomery, was mainly against the creating of a precedent of the city selling its power in bulk from the primary lines.

At the present time the railway company is paying 10¢ and 7¢ for light. This rate, in any case, will have to be changed to 5.3¢ and 1.3¢ for light and from 4¢ to 1¢ for power, the bylaw providing for this rate to the company.

The superintendent of utilities was present at the meeting in support of the change to the 4¢ and 1¢ flat rate from the primary lines.

REMOVING A STILL

**JAPANESE CAUGHT AT OCEAN FALLS
IN DEED OF DARKNESS**

OCEAN FALLS, B.C., March 31.—Whilst making his rounds last evening, Provincial Constable Beavan rounded up S. Ishii, a Japanese. Under cover of the darkness Ishii seemed to be attempting the removal of what was apparently a portable still, to another point, not figuring on the Constable being in the locality. The Jan comes up before Stipendiary Magistrate Tyson in the morning.

Prosperous advertising means regular continuous advertising.

See, Mama, There is Your Medicine

"YES, dear, that is the medicine which made mama well and I am sure neither of us shall ever forget it."

"Are you going to buy some?"

"No, darling, I do not need any more. You know how well I sleep now, those terrible headaches do not bother me any more and we are able to take our nice long walks every day."

"You never used to walk, did you?"

"Not for a long time. My nerves were so bad that I could not do anything, and I am afraid I was often very cross and irritable with you and daddy, but, thanks to

SEWER CONNECTIONS MAY BE MADE FROM NOW ON BY OWNERS

The Board of Works has been given permission by the city council to bring in an amendment to the Building By-Law to allow property owners to make their own connections with city sewers over the city property under instructions and supervision of the city engineer. In the past owners have not been allowed to break ground for sewer connections on city property and it has been necessary for the city to keep a staff of three or four men to do such work charging the cost to the owners. Under the amendment proposed, this crew of men would be eliminated and the owners would be given the opportunity of getting the best bargain for the work. At the same time the city would be protected by the provision for supervision by the engineer.

The amendment will come back to the council for final approval.

STEWART

It is rumored in Juneau that Thane & Jackson, of the Alaska Gaspineau mine, have secured an option on the Fish Creek Mining Co.'s property.

The United States coast guard cutter, Unalga, with M. S. Whitner, collector of customs on board, visited Hyder last week.

Mr. and Mrs. Dale Pitt have returned from a holiday trip of several months in California and Salt Lake City. Mr. Pitt is manager of the Premier Mine.

During the week the Premier mine shipped 1600 tons of ore and concentrates to the smelters bringing the total so far this year up to 15,800 tons.

J. A. Hall and W. L. Balch have returned to Hyder from a trip to Juneau, the capital of Alaska. They report that the government is to build a dock at Hyder and that a dam on the Salmon river to protect the town is receiving favorable consideration.

The "Citizens" Association is considering the matter of building a community hall here. The Stewart Land Co. is donating a lot and a tentative building committee comprising Grant Mahood, E. R. Workman, H. P. Gibson, W. J. Crawford and J. P. Scarlett has been named.

PRINCE GEORGE

The Fort George District Liberal Association held their annual meeting in this city last week. The following were the officers elected: Honorary President, Hon. William Lyon Mackenzie King; Hon. John Oliver and H. G. Perry, M.L.A.; President, P. J. Morgan; First Vice-President, Robert McCormick; Second Vice-President, J. B. Hooker; Third Vice-President, E. B. Smith; Fourth Vice-President, E. Towers; Secretary-Treasurer, J. D. McLeod; Executive, William Blair, G. B. Williams; E. Smedley, A. G. W. Brain, Cecil Hartley, Alex. Wimbley, J. M. McLean, J. F. Campbell, J. Arthur, Harry Guest, A. J. Rogers, J. C. Pidgeon, Maurice O'Rourke, Mrs. Arnishaw and Mrs. Smith.

Mr. and Mrs. James Dyer moved at the end of the week to Houston where Mr. Dyer will become section foreman.

J. D. Galloway, district mining engineer, will commence his course of lectures to prospectors here tonight.

Mrs. W. G. Norrie-Lowenthal is expected here from Victoria by tomorrow night's train.

The "Hospital Management" magazine recently had an article on Hazelton Hospital. It gives the local institution credit for having the largest proportionate associate membership in the world.

As soon as the frost is out of the ground the laying of the pipe line from Mission and Five Mile Creek to the G.T.P. Railway will commence. This will insure the supply of water at this point.

Miss Eleat, who has been night superintendent at the Hazelton Hospital for the past few months, left for the south last week. Miss Watkins, a graduate of Royal Victoria Hospital, Montreal, has arrived to take Miss Eleat's place.

EXTRA SPECIAL 150 lbs.

SWEET POTATOES 3 lbs. for 25c

We are overstocked and are forced to move them at reduced prices.

ORANGES

Do not judge an orange by its outward appearance as more than half the oranges now being shipped are tree-frosted. This trouble cannot be detected without cutting in half, and then you will note the orange is practically dry, in spots. Unfortunately we have had one lot of these tree-frosted oranges, but we will not handle any more, no matter how cheap they can be bought. When buying oranges demand guaranteed stock or Sunkist quality and you are then assured of the best.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture on failure of payment of purchase money, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

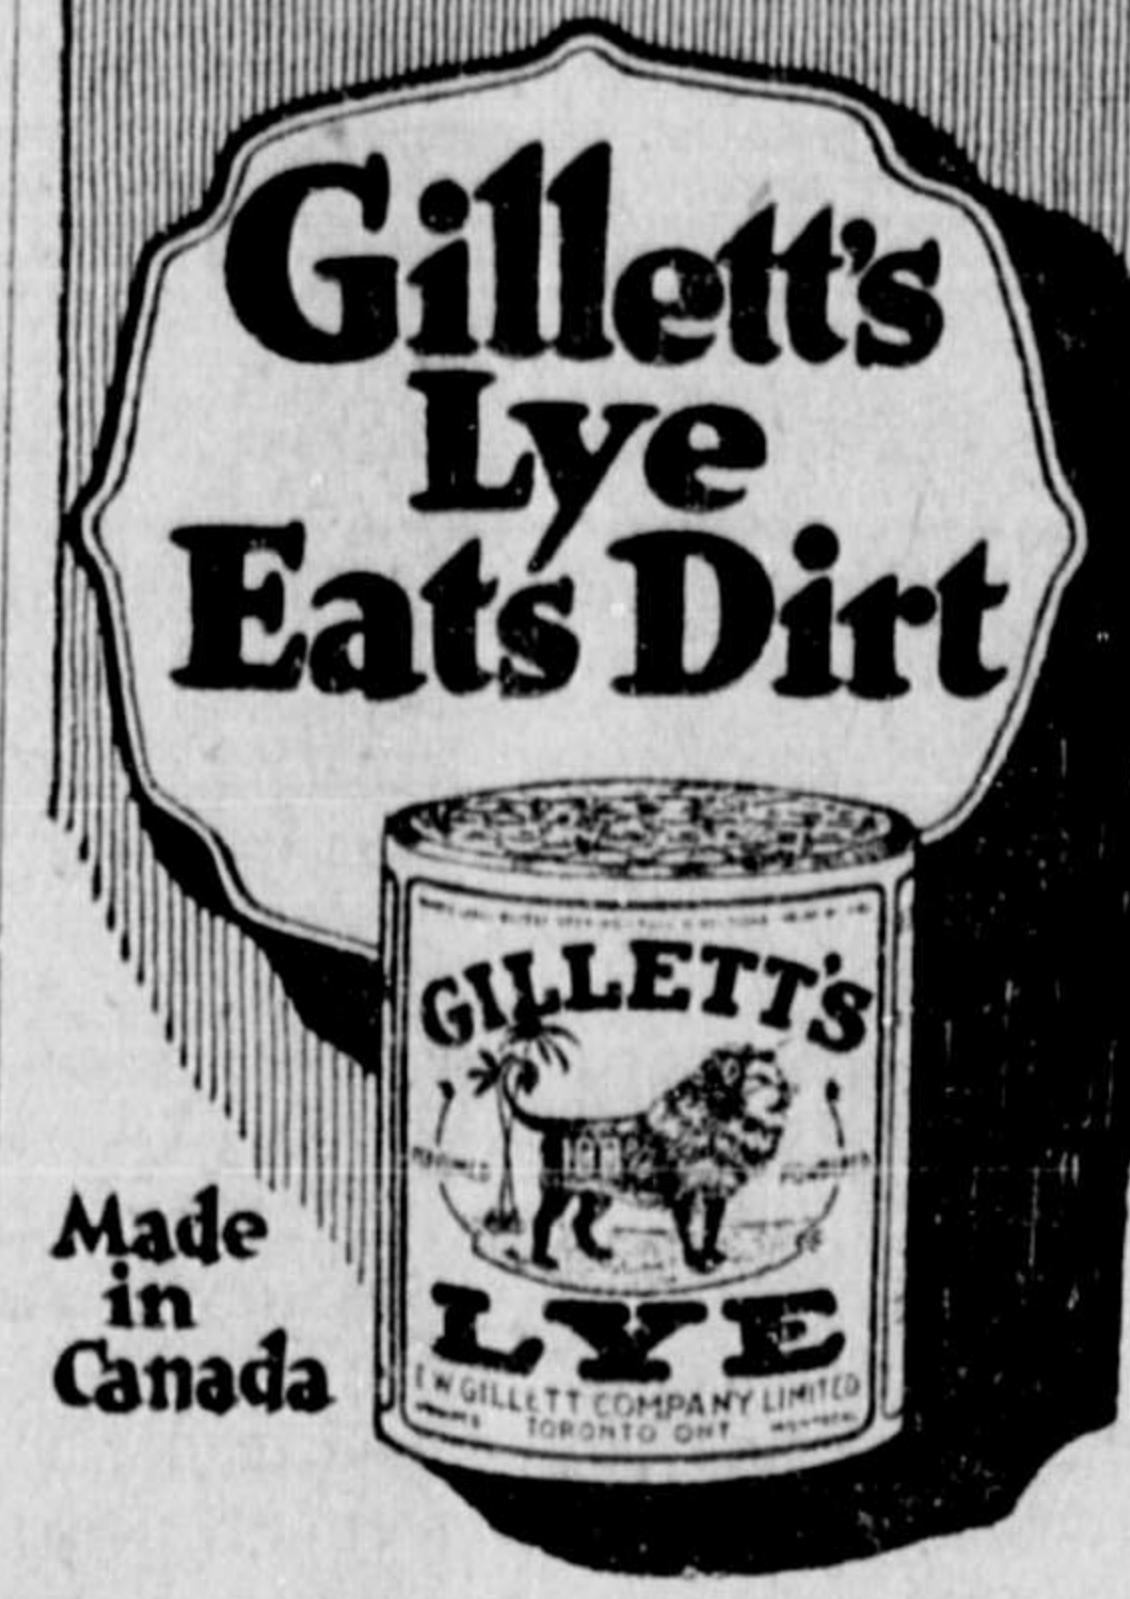

GRAZING ACT, 1919

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under the Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form associations for range management. For applications for free permits for settlers, campers or travellers, up to ten head.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class to \$5 an acre; second class to \$2.50 an acre.

Price now confined to surveyed land only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements, on respective lands.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres.

Where pre-emptor in occupation less than 3 years, and has made no improvements, he may be compelled to leave the land, otherwise, be granted a immediate certificate of no pre-emption and transfer his claim.

Records without permanent residence may be issued, provided application has been made to extend to six months.

Failure to make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres.

Where pre-emptor in occupation less than 3 years, and has made no improvements, he may be compelled to leave the land, otherwise, be granted a immediate certificate of no pre-emption and transfer his claim.

Records without permanent residence may be issued, provided application has been made to extend to six months.

Failure to make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres.

Where pre-emptor in occupation less than 3 years, and has made no improvements, he may be compelled to leave the land, otherwise, be granted a immediate certificate of no pre-emption and transfer his claim.

Records without permanent residence may be issued, provided application has been made to extend to six months.
