PROPOSAL FOR BIG CORPORATION TO PURCHASE CANADIAN SHIPS

Three Hundred Masons Here From South to Take Part in Grand Lodge Communication

The G.P.R. coast liner Princess Charlotte, Capt. W. J. Boyce, gaily bedecked in holiday garb, glided into the harbor at nine o'clock this morning, and berthed at No. 1 dock. The decks were crowded to the rails with the joyous throng of visiting Masons of the Grand Lodge and their wives, who will stay in Prince Rupert until midnight Friday to hold their Fifty-First Annual Communication. While a cooling shower prevailed on the arrival of the party the sun commenced to shine shortly after the ship had safely moored.

The wharf was crowded to capacity with a large welcoming party of local Masonic brethren. Mayor Rochester on behalf of the City of Prince Rupert, boarded the steamer and in few well expressed words welcomed the visitors and handed to W. S. Terry, the Grand Master for B.C., a gift box of gigantic proportions symbolic of the freedom of the city. The waiting citizens, upon a call from the Mayor, gave three rousing cheers for the visitors. W. S. Terry, the Grand Master, made a

suitable reply, in which he said that they were happy to be able to have their annual communication in Prince Rupert and, if they had as good a time as had been experienced by them in 1914, everyone would be more than satisfied. Three lusty cheers for Prince Rupert were then given by the visiting Masons and the Grand Master accompanied by the Mayor left the boat, followed by the remainder of the party.

Everyone expressed delight with the trip up the coast and were in their praises of the excellence of the service received.

PROMINENT MEN MASONIC PARTY

Many Well Known Figures in Public Life of Province Are Prince Rupert Visitors

Many men, prominent in the business, professional and political life of the province are in the city today with the Grand Lodge Masonic Convention. Some Prince Rupert old-timers are also here having taken the opportunity of revisiting old scenes on the auspicious occasion.

Among the well known men are Hon. W. J. Bowser, leader of the opposition in the provincial government and former premier; F. J. Burd, general manager of the Vancouver Province; J. Stilwell Clute, barrister of New Westminster; Rt. Rev. Bishop A. H. De Pencier, of Vancouver; Mark L. Grimmett, barrister and former mayor of Merritt; William Ivel, druggist of Victoria and Liberal candidate for the Commons in the last federal election; E. D. Johnson, formerly city treasurer of Prince Rupert and now deputy provincial minister of finance; Hon. A. M. Manson, of Prince Rupert, attorney general; William Manson, of Victoria, formerly member of the legislature for Skeena and ex-mayor of Prince Rupert and Nanaimo; W. P. Marchant, mayor of Victoria; G. F. Nelson, of New Denver, formerly member of the legislature for Slocan; E. B. Paul, principal of the Victoria College; W. S. Terry, Victoria druggist and Grand Master of the Grand Masonic Lodge; C. E. Tisdall, mayor of Vancouver and formerly member of the legislature, and many others.

Big Reduction in Deficit of Canadian National Railways Shown in 1921 Annual Report

TORONTO, June 24.—The first annual report of the Canadian National Railways, with all roads consolidated under one system, was issued today. An increase of \$1,049,703 in gross earnings over last year is shown. Passenger receipts are down 10 per cent and freight receipts up 3.12 per cent. The gross earnings were \$126,691,455 and the operating expenses, \$142,784,687, the net deficit thus being \$16,093,232 or less than half of the previous year. The physical assets of the road are valued at \$1,280,000,000.

Mrs. W. A. Williscroft is passing through the city aboard the Prince George enroute to Anyox.

BUCKLEY DELAYED IN COMING HERE BY TRIP TO THE EAST

Word was received in the city this morning that F. L. Buckley who was to have been here to open up the mill at Buckley Bay had gone east instead and would be here later. In the meantime the seows are being overhauled at the drydock and other minor preparations made with a view to the work starting.

Crow's Nest Agreement Suspended and Lower Rate to go into Effect

OTTAWA, June 21.—The special House committee voted last night to suspend the Crow's Nest Pass Agreement for another year with the option at the end of that period of a further suspension for one year.

The offered reduction of rates on basic commodities offered by the railways is to come into effect immediately.

The majority in favor of suspension is believed to have been small and sharp fighting will probably take place in the House of Commons over the proposal.

NATIVES FROM KITWANGA ARE BELIEVED LOST

Mr. and Mrs. Stafford Assumed by Police to Be Victims of Khyes River Tragedy Report.

It is believed by the local provincial police office that Mr. and Mrs. Stafford, natives of Kitwanga, were the unfortunate people who perished on the Khyes River trail and whose bodies were reported to have been found by another native Monday. This is assumed by the police on its having been ascertained that this family, which also contained four children left for the headwaters of the Khyes River on a trapping expedition last fall and have not been heard of since. If this assumption is correct it is likely that the children may also have

expired in the settlement 30 miles up river and that when death occurred, the parents may have

been on their way out to the railway line to obtain supplies. The bodies were found about twelve or fifteen miles up the trail and about midway between the railway and the camp.

Chief Minty, of the provincial police, was in receipt of a message yesterday from Constable Martin, who was sent with Constable Gibson to investigate,

stating that he had left the mouth of the Khyes River at 6 o'clock yesterday morning for the scene of the tragedy. If it is found that the persons who ex-pired on the trail were really Mr. and Mrs. Stafford, it is likely the police party will continue right through to the camp at the headquarters where the children may also be found.

QUEBEC, June 21.—A project to have the Canadian Government Merchant Marine taken over by a number of British financiers who will build a number of grain elevators at Canadian and European points and a large flour mill at Quebec, is outlined in a letter written by T. M. Kirkwood, steamship magnate, to the minister of marine and fisheries.

Mr. Kirkwood says that a group of British financiers favor the scheme if the Quebec and Ottawa governments will guarantee the interest on the issue of bonds and will sell the vessels at a fair price. In return for this the new company will give a lower rate on grain freights and as security will give the government a first mortgage and the insurance policies on the vessels.

Rotarians From New York Pay Short Visit to City; Leave For Tour of Canada

Close to two hundred Rotarians and their wives and families arrived this morning on the Prince George, a lively bunch of business and professional men from New York and New Jersey states, and after spending two hours in the city pulled out on a special train on a tour of Canada, taking in all the big cities. They came north from the big Rotary convention at Los Angeles and spent a day at Vancouver en route.

The party was met at the dock by the members of the local club headed by President Tom Johnson and ex-Mayor McGlymont. They were then taken to the upstairs room of the new station building where they were formally welcomed.

President Johnson, in a humorous address welcomed the party to the "metropolis of the west" on behalf of the local club. He spoke of the pleasure it gave him to meet them and Mayor Rochester extended to them the freedom of the city.

Spirit of North.

Padre Grant of the local club told them of the spirit of the north where Rotarianism had been practised since the beginning. In the life of the northwest there was the spirit of helpfulness which was the basis of Rotary.

The Doctor then went on to speak of the close friendship existing between Canadians and Americans and of the Rotary spirit which would tend to improve those relations. With a union of forces of the American and British peoples, war would cease.

Sir George Foster supported provincial control of exports but thought British Columbia ought not to get control of the imports thus putting wealth under party and political control.

DAILY EDITION

Welcome To Visitors
Is Extended.

Prince Rupert is always ready to welcome visitors and especially when these visitors are men and women of prominence in the affairs of the world. Today we welcome members of the Masonic Craft who have chosen this city as their annual meeting place. We appreciate the compliment they have paid us. They come from all parts of British Columbia. There are representatives from Vancouver and Victoria and also from the southern interior. The north is well represented. To all we extend the heartiest welcome and hope they will enjoy their short stay. If they do not enjoy themselves we trust it will not be our fault.

Growing And
Struggling.

Prince Rupert is a city in embryo. It is a growing, struggling little city but is gradually getting on a firm foundation. Those who pioneered in Vancouver or Victoria will realize what a struggle it is for a new city to get a place in the sun. We believe that there is a place for Prince Rupert in this province and we are striving to make it worthy of its destiny. Competition is keen and we often have to match our wits against the superior strength of our southern neighbors. This we shall continue to do. We shall assert our rights at all times. Today, many of our worthy opponents are our guests and we shall hope to let them see that we can be as worthy hosts as we are in a small way rivals.

Should Remember
Our Handicaps.

Visitors are asked to remember our handicaps. We are struggling in the face of nature to build a city here. The contour of our townsite is rugged and has to be changed into fine streets and boulevards. Here are all the problems of the average city with a few added. We are scarcely twelve years of age and yet much has been accomplished. If in the next twelve years there is similar progress, the city will then be good to look upon. However, we expect even more than that. When the Masonic Grand Lodge meets here next we expect to have double the present population.

Can Sympathize
With Our Aspirations.

Visitors who came in this morning on one of the fine coasting steamers will see that we have not made a bad commencement and that our aspirations to become a real port are likely to be realized. We have the harbor, the railway, the docking facilities, the position—everything is ours except the business. That we are going out after. That we intend to get. We are strong and virile and anxious to succeed. We have everything in our favor and we shall win out.

The people of the southern cities have shown a commendable spirit in not only sympathizing with us in our aims but also in aiding us in carrying them out. The newspapers of the south have been prodigal with their space which they devote to the development of the north. There has been no stint. They are working with us and we in the north appreciate this. They realize that the future is ours and that what benefits us benefits them. They have the right vision. If our businessmen of the south will co-operate with the newspapers in their work it will be appreciated.

Some Vancouver people are jealous of our drydock and would move it away. Others fear the competition from the port and would stifle us. These are not the people of vision. The men and women of Vancouver and Victoria are anxious to co-operate, for they realize that what is good for British Columbia as a whole is good for them.

We are not ashamed of Prince Rupert. On the other hand we are proud of our city, small though it be and somewhat crude. We realize that this is just the embryo from which a mighty seaport will grow and we welcome all our visitors to look carefully and watch us grow and we ask their co-operation in our efforts to secure for ourselves our rightful place.

LIBRARIAN IS APPOINTED BY LOCAL BOARD

Miss Grant of Victoria Coming to Organize First Public Library in This City.

The Library Board at its first meeting yesterday afternoon appointed Miss Muriel Grant of Victoria librarian for the city of Prince Rupert, her appointment to take effect on September 1 next.

Miss Grant is a graduate of the University of British Columbia and in the summer of 1920 took a short course in library work at the Victoria public library under Miss Helen Stewart. The following winter she took a nine months' librarians' course at the University of Washington and for the past year has been engaged as senior assistant at the Carnegie Library in Victoria, having charge of the reference department.

The salary to be paid Miss Grant is \$1,080 a year. Just now she is earning a good deal more than that and the Victoria library would like to retain her services, but she is willing to come to Prince Rupert to get experience in organizing.

The opinion of the members of the Library Board is that they are fortunate in having secured the services of a trained librarian with requisite qualifications as there are not many librarians in the country.

MANY PRODUCTS OF COKE PLANT

Anoxy Made Record in Smelting and Refining For Year.

ANYOX, June 21.—By increasing the output of metals by 4,226,323 pounds in 1921 over the corresponding period for 1920, the Granby Mining, Smelting and Power Co., Ltd. has accomplished a record in smelting, as they are one of a very few concerns in the world which can show an increase in last year's production.

The production of copper last year amounted to 29,970,652 pounds as against 25,744,328 pounds in 1920.

Many useful commercial commodities were also produced by the Coke Plant belonging to the company.

For instance 213,485 gallons of crude benzol, and 188,738 gallons of refined benzol, besides 61,300 gallons of naphthaline were produced.

They also distilled 687,912 imperial gallons of tar, and 9,189 gallons of tar paint were made.

Sixty-five thousand and twenty one tons of coke and 5,587 tons of coke breeze were taken from the ovens.

The needs of the farmers were not forgotten, and the fertilizing of the grounds was provided for to some extent by the production of 2,162,455 pounds of ammonium sulphate.

Mr. Justice Morrison has reserved judgment in the appeal of E. J. Maynard and J. Arthur Smith against the act of the license commission in refusing them a renewal of their bottle licenses.

The beauties of the Bulkley Valley as a field for agriculture are being given much publicity now. With the early advent of the railway there it is expected there will be quite a settlement boom.

Under the auspices of the Daughters of the Empire an attractive and pretty flag drill was held in the Knights of Pythias Hall yesterday afternoon. Mrs. Eggert, who had charge of the training, conducted the performance. Miss C. M. Martin was accompanist and the following little girls took part: Katharine Pillsbury, Doris Dowling, Muriel Patmore, Majorie Sing, Madeline Nelson, Esther Naden, Katherine Davis, Violet Mortimer, Lorna Tite, Constance McMullin, Gertrude Nelson and Gracie Manson. Rev. W. H. McLeod gave an

COLLECTING OF ACCOUNTS

Hospital Board Considers Favorably to Engage Special Agency.

In an effort to make collection of outstanding accounts, the hospital board last night referred to its finance committee with power to set a proposition to employ a special collecting agency to come drastic measures to get in the long overdue debts.

President Stewart brought the matter up and D. G. McRae, chairman of the finance committee, explained the working of the plan. The idea of the agency was to write form letters to those owing bills. If these failed to obtain results then the accounts would be turned over to the agency which would advertise them for sale to the highest bidder. Mr. McRae said that results were promised and he had no doubt that they would be obtained. While this scheme might not be altogether a desirable one, something had to be done.

The agency charged for the forms and also required 33 1/3 percent on collections.

E. H. Mortimer inquired if it would not be possible for the hospital to undertake such methods itself. J. L. MacLaren replied that the agency was of a wider scope than the hospital board and people were afraid of it. Some merchants had tried the system with good results.

Major Gibson said that anything from \$10,000 to \$50,000 might be collected in such a manner.

It was moved by Mr. Mortimer and seconded by Col. McDermid that the finance committee go into the matter of engaging the agency with a view to availing itself of the opportunity of collecting outstanding accounts.

Persistent advertising is absolutely necessary to success.

The Man in the Moon SAYS:-

WHAT is so rare as a June bug.

ALSO what is so rare as a serious Mason?

What is a jag? Ask any old timer.

Horribly Mean.

The Winnipeg Free Press humorist says that at a boarding house, in Winnipeg of course, there are two children, a boy and a girl. The boy is the living photograph of his father and the girl is the very photograph of her mother.

SOME of the visiting Masons brought their wives and others came for a holiday, at least so Jinks says, and he ought to know.

"AH, it's a grand lodge meeting!" declared a delegate, "a grand meeting. Yes I'll take just one more."

A Masonic visitor in talking to a citizen this morning on Second Avenue asked if Prince Rupert owned a hospital. Pointing to a well known paint store opposite he replied, "Just step inside over there and tell the proprietor that Prince Rupert is no D— good and you'll see the hospital in about five minutes."

"Are you a Mason?" asked a smiling lady of a gentleman sitting opposite to her in the restaurant. "No Madam" replied he. "I'm a plumber."

"Oh mammy isn't that a big wheel" said a little boy pointing to the Rotary Club emblem as he came up from the station this morning.

VISITORS this week may go home happy. Prince Rupert people never tell.

JUDGING from stories one hears, if a good job the Masons are a secret organization.

JINKS says if Grand Master Terry tries to keep control of that bunch he has some job on his hands.

PEOPLE are wondering what the visitors this week have been doing to overcome the scarcity of corkscrews. No need to wonder. The corkscrews are becoming scarcer.

THE worst thing about that Rotary bunch was their hats.

HOW people will behave when they get away from home!

Miss Nancy Davies arrived from Victoria on the Prince George today and will spend a fortnight here visiting with her brothers, Allan and Frank Davies.

WEALTHY WOMEN ARE DUPED BY MAN WHO POSED AS A MYSTIC

Dr. Tangier, Self-Styled Buddhist Priest, Leaves for Parts Unknown

WINNIPEG, June 20.—While the city and Dominion police were closing about him a net of evidence on allegations of bigamy, narcotic selling, and false representations, Dr. Arnold Tangier, self-styled Buddhist priest, prophet, mystic and spiritualist, has fled from Winnipeg, leaving behind him hundreds of victims of what police declare to be an elaborate fraud scheme which has netted him thousands of dollars from residents of the city.

Surrounding himself with an aura of Oriental mysticism, Dr. Tangier is said in the five weeks he was in Winnipeg, to have duped many wealthy society women, among others, into paying him large sums of money for seances held in his room at the Fort Garry hotel, where, clad in flowing robes of eastern pattern, seated in a gorgous tent, about which were hung cabalistic signs and symbols, he told unsuspecting devotees of the occult, the past and future, expatiated on psycho-analysis, all under pretence of being a Buddhist priest, while police declare he is a French-Canadian, who never was in Tibet.

In addition to private meetings in the Oriental splendor of his own apartments, Dr. Tangier, in public addresses, made startling prophecies of a great world war in 1926, in which the yellow races were to rise and overpower the white nations of the world. He was, he claimed, an agent of the Tibetan government, three of whom he said were sent into the world each year to spy out general conditions. India, he said, is to throw off British rule, in the general uprising of the east against the west.

Dr. Tangier is known to police as Prof. Tangier and Dr. Lavallée, and is said to have been convicted of a charge of selling narcotics in British Columbia. Royal Canadian Mounted Police were investigating his actions here, on suspicion of dope peddling, but had not obtained sufficient evidence on which to issue a warrant, up to the time of his departure. In addition, he is said to be guilty of bigamy, having married a woman in Saskatchewan, it is said, while he already had a wife somewhere else in Canada. Local police cannot proceed against him on this charge, it is said, it being in the jurisdiction of another province.

The alleged faker is said by officials who were investigating his actions, to be possessed of a fascinating personality, tinged with mysticism, which led dabblers in the spiritualistic to become easy victims of his suave polished manners. He is said to have described in a picturesque manner his early life and education as a disciple of Buddha, telling his fascinated victims of the great temples and the mystic rites practiced in them. He stated he had been a priest in a Tibetan monastery, and, once he left the walls of the institution, could never return to it.

Police officials deny they will take any action to place under arrest the alleged French-Canadian impostor, who is said to have duped hundreds of people of the city and province.

The regular monthly meeting of the Hospital Board was held in the city council chamber last evening there being present President D. G. Stewart, Mrs. Jarvis McLeod, J. Lorne McLaren, E. H. Mortimer, W. E. Collison, Ald. R. A. McLeod, D. C. McRae, Col. S. P. McMordie, Ald. Theo. Collart, Dr. J. P. Cade and Major G. E. Gibson, secretary.

Dr. Tangier is known to police as Prof. Tangier and Dr. Lavallée, and is said to have been convicted of a charge of selling narcotics in British Columbia. Royal Canadian Mounted Police were investigating his actions here, on suspicion of dope peddling, but had not obtained sufficient evidence on which to issue a warrant, up to the time of his departure. In addition, he is said to be guilty of bigamy, having married a woman in Saskatchewan, it is said, while he already had a wife somewhere else in Canada. Local police cannot proceed against him on this charge, it is said, it being in the jurisdiction of another province.

The alleged faker is said by officials who were investigating his actions, to be possessed of a fascinating personality, tinged with mysticism, which led dabblers in the spiritualistic to become easy victims of his suave polished manners. BRINGING UP FATHER

PLANNING FOR FAIR IS WELL ADVANCED NOW

Special Inducements and Efforts to Be Made Towards Increased Agricultural Exhibits.

ATTRACTION PROGRAM NOT BEING FORGOTTEN

The Northern B. C. Agricultural and Industrial Association is getting its plans for this year's fall fair well in shape and at a board meeting held last evening several important decisions were made embodying improvements and attractions over other years.

To encourage an increased number of exhibits from the adjacent agricultural districts, it was decided to have J. F. Venables, the manager, make a tour of the interior at an early date with a view to lining up farm and dairy exhibits. Mr. Venables will make calls at all important points and will meet as many of the farmers as possible.

The fair board decided to pay all expenses in connection with exhibits coming in this year and will also arrange to supervise the putting up and care of these exhibits during the fair eliminating the necessity for individual exhibitors having to come to the city to look after their produce. All the exhibitors will have to do will be attend to the shipping, the fair association taking responsibility thereafter. In connection with farm and dairy district exhibits it was decided to pay also the expenses of one attendant.

Sports and Attractions.

Attractions are not being overlooked by the board and plans are now under way for a big popularity contest, further details of which will be announced later. There will be some prizes offered.

Plans are also under way for the holding of a dog show in connection with the fair. This will be the first time this has been attempted since the very first exhibition held in the city. It has been decided upon on recommendation of local dog fanciers who give assurance that there will be many entries and a good class of animals shown.

A lumber and mill exhibit is also being planned.

An additional sport fixture, a prize drilling contest for single and double rock drillers is proposed. The usual football and baseball games are also to be promoted.

FIRST MEETING LIBRARY BOARD

Rev. G. G. Hacker Chosen Chairman—Books to Be Purchased at Once.

The initial meeting of the recently appointed library board was held yesterday afternoon and Rev. G. G. Hacker was appointed chairman. A Librarian was appointed and the matter of housing the library was under discussion but nothing definite done, there being several tentative plans for temporary quarters.

It was decided to spend about a thousand dollars in new books to start with and Messrs. Hacker and Pullen reported that the Provincial Government was sending about six hundred books immediately as a loan and this number would be increased pos-

sibly to a thousand. These added to the two thousand books already on hand and the new ones to be purchased would make a nice beginning. So far as possible the books will be purchased through local booksellers.

It is expected to open the new library as soon as possible after the first of September but it may be a little later should there be delay over quarters. The librarian is appointed as from September 1. At any rate the institution will be under way by October 1.

A budget of probable expenditures was prepared and it was shown that after providing for a salary of \$90 a month for the librarian and for the necessary fixtures for the building, fuel, light and other expenditures, there would still be available the sum of a thousand dollars for books.

All the members of the board were present, these being Rev. G. G. Hacker, Ald. Theo. Collart and H. F. Pullen.

GIL'S WINNERS OVER GROTTO

Second Game of Intermediate League Season Resulted in Score of 15 to 6—Winners Best Team.

Outbatting and outfielding their opponents, Gil's aggregation was successful in winning last evening's Intermediate baseball league fixture from the Grotto by a score of 15 to 6. The winners played a very good game and were successful in getting the most of the breaks. The batting of the Grotto squad was fair but their main weakness was in their fielding, several bad errors proving rather costly. Two blow-ups in the fourth and fifth innings, caused by fielding errors, let Gil's boys bring in four runs on each occasion. The balance of the scoring was distributed pretty evenly throughout the game.

W. G. Anderson was umpire of balls and strikes and Heinie Curtis made the base decisions. The teams lined up as follows: Grotto—George Hill, c.; E. Warren, p.; W. E. Williscroft, 1b.; B. Barrie, 2b.; Roy Gilmour, 3b.; A. Roy, ss.; P. McGowan, lf.; Sam Haendischel, cf.; R. Merrick, rf.

Gil's—W. Hamilton, c.; W. Montgomery, p.; W. Mitchell, 2b.; S. Bazzell-Jones, 1b.; J. Mitchell, 3b.; Sherman, ss.; E. Smith, lf.; B. McDaniels, cf.; W. Lambie, rf.

A. L. Carruthers, of the Provincial department of Public Works, returned from a departmental trip south on the Prince George this morning.

The resignation of H. Pattinson as a member of the fair executive was received with regret by the board last evening. A successor to Mr. Pattinson, who is leaving the city at an early date will be chosen at the next meeting.

The Falcons defeated the Midgets by a score of 12 to 9 in last evening's Juvenile league baseball game played on the Seventh Street grounds. J. McNulty and N. Chernoski were the respective pitchers while M. Gomadina and N. Gurvich were behind the bat.

ANYOX DOUBLES ON ALICE ARM

Inter-Town Baseball Game Last Sunday Resulted 14 to 7 Win For Smelter Town.

ALICE ARM, June 21.—Anyox and Alice Arm played baseball last Sunday afternoon and the visitors from the smelter town emerged victorious from a game pitted by base hits and runs by a score of 14 to 7. Alice Arm put no less than four pitchers in the box and two more were warmed up and ready for action before the game ended. Anyox used two pitchers, Ballentine going in for Braundson in the sixth inning. Umpire Graham officiated efficiently and fluently.

Hummed Little Song.
The game started with Riley, of the Dominion Geological survey culinary staff, facing the Anyox batters. For about three innings he allowed only three runs but about this period the smelter men got onto his flapjack curves and everybody had it easy but the scorekeeper. Just at this point, the Alice Arm captain, Oatman, who was behind the bat, hummed a little song begin "I won't receive from Riley anymore," and Young Gray was out in. Gray adjusted his pompadour and sanded the ball and for two innings allowed no runs but the smelter town batters got soon onto him and Captain Oatman put in Tommy Black of the hotel staff. Tommy lasted an inning and then was retired to centre field where the grass was greener. Then Dr. Hansen, of the Geological survey, was called to the mound for Alice Arm and, feeling perfectly at home, pitched the remainder of the game. S. Dumas and J. M. Morrison, who were warmed up, were not used.

It was Anyox' game all the way. Alice Arm made two or three rallies in the latter part of the game and though they cut the Anyox lead down from 13 to 3 to 14 to 7, they were unable to overcome the majority and the game ended in a two to one victory for the visitors. The teams were as follows:

Anyox—Lambourn, 3b; Dr. Ziegler, 2b; Berry 1b; Mahon, lf; Davis, cf; Ballentine, rf and p; Braundson, ss; Robertson, c; Thorley, p and rf.

Alice Arm—Rowley, 3b; Ross, 2b; T. W. Falconer, 1b; George Brugy, lf; Black, cf and p; A. Falconer, rf; Gray ss and p; Oatman, c; Riley, p; Dr. Hansen,

The Callies' football club achieved its long awaited first victory of the season in defeating the Sons of England in the Dominion Day cup semi-finals on Monday evening and great was the rejoicing in the Scottish camp, as a result. New hopes are held out for the possibility of the Scots repeating in their winning stride and carrying away the cup in the final on July 1, against the Sons of Canada. The latter are not a bit afraid of the result, however, and have no intention of sustaining their first defeat of the year on this occasion. Monday night's game saw both the Callies and the Sons of England playing weakened teams and the outcome from the very start was in doubt with neither side very confident. The Callies hope to have a stronger lineup for the final next week and are counting on the return of Eric Mackintosh from Jasper Park to prove a strong factor in their bid for victory.

Tickets are being sold for a benefit football game under the auspices of the Sons of England to be played next Tuesday evening between the Sons of England and a select team from the League. A good distribution of players from the three other teams of the League is to be arranged and the contest gives promise of being a closely contested one. Therefore there will be a real good game for the patronizing fans to act as an inducement besides the worthiness of the cause. A player who is put out on account of injuries sustained in a game is entitled to monetary consideration and the Sons' effort is worthy of general support, especially among soccer patrons.

The first baseball game of the season between Vanderhoof and Prince George is to take place in Prince George this afternoon. Both teams are to have similar line-ups to last year and a good contest has been expectantly awaited for some time. Warren Johnson, pitcher for Vanderhoof, has been selected captain for his team. The first football game between these two towns took place last Sunday morning. An effort is being made to create good sporting spirit between the athletic associations of the two towns and many inter-city games are being planned for the season.

Hazelton is also to have a Dominion Day celebration this year. The program will include children's sports, a tug-of-war and a baseball game. In the evening there will be a dance as usual. For a dozen years or more Hazelton has always celebrated Dominion Day and it is proposed to continue that day as the annual celebration date.

Telkwa is already preparing for the Labor Day Barbecue, which has become a red-letter day for sports and athletics in the Bulkley Valley. At a meeting held last week the arrangements for the event were placed in the hands of the following committees:

Track and Grounds—F. W. A. Mapleton (chairman), J. J. McNeil, Ed. Wilson.

Do Your Bowels move regularly, or do they become constipated

There is no medium through which disease so often attacks the system as by allowing the bowels to become constipated, and there is no other trouble that flesh is heir to that is more liable to be neglected, because material inconvenience may not be felt at once, from irregular action of the bowels. When there is not regular action the retention of the decayed and effete matter, with its poisonous gases, soon poisons the whole system by being absorbed into it, causing violent sick and bilious headaches, internal bleeding or protruding piles, heartburn, jaundice, etc.

Mr. Samuel Buckler, Tatamagouche, N.S., writes: "For over a year I suffered with constipation. I took several different kinds of medicine, but could only get temporary relief. I was told to try Milburton's Laxa-Liver Pills. I procured two vials of them, but after I had taken one I found that I was relieved of my trouble. I do not hesitate to recommend Laxa-Liver Pills for any kind of constipation."

Price, six a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BULLOCK WEBSTER PROPOSES PUT ON HOSPITAL RECITAL

Major L. Bullock Webster, formerly of this city and now of Victoria, has offered to come here at his own expense and put on a sole dramatic recital, half of the proceeds after the hall and advertising are paid for to go to the hospital and the other half to himself to cover expenses. The proposition was placed before the hospital board last night in a letter from Major Bullock-Webster and the executive committee, consisting of President D. G. Stewart, G. McDermie and D. G. McRae, was delegated to look into the matter and report. Mr. Stewart said he would be going south for his holidays on July 9 and would then take the proposal up personally with Major Bullock-Webster at Victoria.

HAZELTON

Two or three minor cases came up before Judge Robertson, of Prince George, who held county court here last week. P. E. Wilson and A. McB. Young, of Prince George, were counsel and T. W. Berne was clerk of the court.

R. L. Rainey, district agriculturist of the Soldiers' Settlement Board, has been in the district for the past fortnight taking up matters pertaining to his duties. He notices a great improvement in the district since his last visit two years ago and said the Nechako Valley was one of the most promising farming fields he had ever seen.

All the teachers of the Vanderhoof public school teaching staff are remaining here for next term.

The wedding of David Henry Hoy and Miss Evelyn Mary Bloomfield took place at Fort St. James at 9 o'clock Monday morning. Rev. Bishop Buner, of Prince Rupert, and Rev. Father Cocola, of this district, officiating. The couple are spending their honeymoon at Stuart Lake.

Rev. F. H. Du Vernet, Archibishop of Caledonia, arrived here yesterday morning. Tomorrow night he will hold confirmation services for a number of candidates from various parts of the district who have been prepared by Rev. George J. Gray.

Water on the Tatchi River is very high and it will be impossible to start the work of clearing the bed of the river for navigation until fall. An appeal is being made to the Dominion Government to clear the banks of trees in order that low paths can be made.

Miss Edna Burrows, of Nelson, Lancashire, fiancee of Lewis Rawson, has arrived here and is the guest of Mr. and Mrs. Cecil Hartley.

VANDERHOOF

Dalby B. Morkill spent several days in town last week after Mr. and Duke Harris had completed a survey of the Silver Queen Group at Owen Lake owned by Dr. R. C. Wrinch. Before leaving here to spend the summer at Stewart, Mr. Morkill will survey two or three claims on Rocher du Boule mountain.

When the airplane, which is being brought here from Edmonton by L. Bell to go into transportation business between here and the northern prospecting fields, arrives it will be stripped of its wheels and supplied with pontoons so that landings can be made on the rivers and lakes of the north.

And further take notice that action, under section 85, must be commenced to-day for the issuance of such Certificate of Improvements.
