ALLIES MAKE DEMANDS TURK GOVERNMENT

MR. PATTULLO DELIVERED HIS ADDRESS BEFORE LEGISLATURE YESTERDAY

If Turks do not Accede Action Must be Taken; Today's News is Vague

GONSTANTINOPLE, Nov. 10.—The Allied High Commissioners this afternoon handed a note to the Angora government representative here demanding the repeal of all measures relating to customs, public debt and sanitary and other services which conflict with the capitulation and stipulations of the Mudros armistice agreement of 1918. "Otherwise," says the note, "the Commissioners will be compelled to refer to their governments for necessary action."

The Allied generals have also arranged a meeting with the Turk Nationalist government here to which will be submitted the minimum demands with a view to insuring the safety of troops and efficient control of the police and gendarmerie.

Better or Worse?

LONDON, Nov. 10.—No one in England seems to know whether the situation in Constantinople is better or worse. News is very vague.

The Daily News has a report that the Angora government has asked the soviet government at Moscow whether the Russian Bolsheviks will adhere to the Russo-Turk military agreement in the event of war. The Russians are reported to have replied affirmatively stating, however, that such adherence would not take the form of lending troops to the Turks as the soviets feared the effect that such action would have in regard to Russia's individual interests with other nations.

RESULTS OF ELECTIONS

**Republicans Still in Control
But With Greatly Reduced Majority**

CHICAGO, Nov. 10.—A continuation of Republican control in Congress but with a greatly reduced majority is assured by the returns of Tuesday's general election which are now practically complete. The next House of Representatives will be composed of 225 Republicans, 207 Democrats, one Socialist, one Farmer Labor and one Independent.

The Senate will have 53 Republicans, a loss of seven and a plurality of 11 over the Democrats.

MAYOR AND ALDERMEN DISMISSED

Judge Lampman Finds No Case Against Victoria Civic Executives

VICTORIA, Nov. 10.—Judge Lampman yesterday dismissed the charges against Mayor William Merchant and Alderman Woodward, Lemming, and Perry, of wrongfully paying \$100 to police commissioner Stanland to cover part of his expenses to New York to attend the convention of police officials there recently.

"I think there is no case," said the Judge after three hours evidence had been given.

CAPITAL NOT EXPECTED NOW

Says Hon. T. D. Pattullo in Addressing the Legislature

VICTORIA, Nov. 10.—"Speaking generally, I do not think that Canada can expect any general investment of British capital in Canadian industries for some time," said the Hon. T. D. Pattullo, Minister of Lands in the Legislature yesterday. The minister defended his department saying that the government had not sought to encourage other than agricultural immigration except such as might be incidental to the encouragement of new industries. He intimated that the government might, in the near future, undertake a policy of reforestation to counteract the recent fire ravages.

TWO HUNDRED CHINESE PERISH IN BOAT FIRE

Panic Seize Chinese and Many Jump Overboard—Bodies Piled on Shore

SHANGHAI, Nov. 10.—Two hundred persons are reported to have perished in a fire on the river boat Tashing while carrying passengers and produce between Shanghai and Tsung Ming island. A panic seized the crowded rank of persons, many leaping overboard. The bodies are being piled on the beach of the river.

FRANCE WILL ACT ALONE REGARDING GERMAN MATTERS

PARIS, Nov. 10.—Premier Poerlaine in the Senate said that the French government had decided to act alone with respect to Germany. If the Brussels conference failed to give France satisfaction he expressed the opinion that no general settlement of the reparations problem would be possible unless the question of the Inter-Allied debts was solved at the same time.

ROI BARNES ADVISED OF MOTHER'S DEATH

Deceased Lady Was 76 Years of Age and Had Resided in Vancouver for Thirty-five Years

ROI Barnes received word by wire from Vancouver last night telling of the death of his mother in that city yesterday. The late Mrs. Barnes was 76 years old and was a pioneer of Vancouver having come there some 35 years ago from Ottawa. Mr. Barnes, her husband, survives her. He has reached the ripe age of 80.

GURVICH CASE IS ON TODAY

Evidence Taken this Morning in Proceedings Against Mrs. Gurvich

A crowded courtroom watched the proceedings this morning in the case of Mrs. Nick Gurvich charged with selling intoxicating liquor. Magistrate McGlynn heard the case while T. B. Hooper acted for the crown and L. W. Patmore defended.

According to the evidence of Constables Dixon and Harrison, of the provincial police, they bought two drinks of liquor each from the accused at her quarters in the Serbian Hotel, 622 Fraser Street, on the morning of October 22.

The accused sat in the dock, calmly watching the proceedings and chewed gum steadily. At different times during the proceedings the counsel gave vent to some heated comment about each other's methods. Mr. Hooper referred to the "poor little clients" of the defence while the latter in turn called attention to the "white-faced stool pigeons." Often these comments lasted several minutes much to the amusement of the general public watching the case.

According to Constable Harrison, he and Constable Dixon went to the accused's house by the back door from the lane at 11:15 a.m. on the day in question. They saw a short man in the kitchen who told them that the "old woman" was in the front and would be back shortly. When the accused arrived she asked the men, according to the witness, if they wanted Scotch and they replied in the affirmative.

Drinks Produced

The drinks were produced in two whiskey glasses on a plate and the vendor was given a dollar bill. Later the same performance was repeated when Constable Dixon purchased the drinks. Witness stated that the liquor was Scotch Whisky. They saw nobody else there and left at 11:25 a.m.

Mr. Hooper produced a bottle of John Dewar's Special Scotch Whisky with about two and a half inches of liquor in it. This the witness identified by initials he had placed on the label. Witness pulled the cork with his teeth, tilted the bottle and tasted some. "It is Scotch whisky, Your Lordship," he explained. Three whiskey glasses were also produced, all the evidence having been found at the accused's house on October 26, when the place was searched.

Barrel of Beer

On cross-examining the witness Mr. Hooper asked him if it was not true that he had taken charge of a barrel of beer which arrived at the house from the liquor vendors just when they were making the search. Witness said yes and explained that he and the other constables had waited till the driver had rolled the barrel up to the kitchen door before taking charge of it.

Constable Dixon told a like story, substantiating the former witness' evidence. W. D. Vance, city treasurer, produced a rooming-house license issued to Mrs. Gurvich.

Sam Bill, a Serbian, was the first witness produced by the defense. He kissed the bible with a smack when being sworn and in a long story told of how his wife had been taken sick two days previous to the visit of the constables at the accused's

CRERAR QUILTS LEADERSHIP OF PROGRESSIVES

Announcement Made to His Followers in Parliament at Winnipeg Today

WINNIPEG, Nov. 10.—Hon. T. A. Crerar today announced to his followers in the Canadian Parliament his resignation from the leadership of the National Progressive party. He declared, however, his willingness to fight in their ranks in a long letter to T. W. Caldwell, M.P., chairman of the Progressive caucus.

In his letter Mr. Crerar discussed his own position on political questions of the day and the future of the Progressive movement. He stated that his business obligations and his personal position made it impossible for him to continue the leadership and that had these questions not intervened his retention of the post would have depended upon a clear understanding and statement of the Progressive program.

A tight restriction of the Progressive party to the farmers would, Crerar declared, render not only distinct service to the country as a whole but to the very people the movement was created to assist. All people of goodwill who believed certain definite principles as applied to public policies should be included. He made no recommendation as to his successor.

MINERAL CLAIM SALE IS FINISHED

The annual mineral claim sale was concluded yesterday by the provincial assessor.

Four claims were sold to the Premier Gold Mining Company, situated in the Cassiar district in the vicinity of Stewart at the upset price of \$56.25. One claim in the Cariboo district was sold to Geo. Woodland at the upset price of \$16.25.

The summary for the entire sale is as follows: Mineral claims advertised, 112; withdrawn, 65; unsold, 36; sold, 44.

FISH ARRIVALS

Seven boats marketed 15,500 pounds of halibut at the Fish Exchange this morning. The arrivals were:

Crescent, 3,500 pounds, at 15.1c. and 9c.; Arctic, 4,000 pounds, at 15.1c. and 9c.; Sampson, 3,500 pounds, at 15.1c. and 9c.; Ingrid H, 7,000 pounds, at 13.1c. and 8.5c., to the Royal Fish Company.

Tom and Al, 10,000 pounds, at 15.1c. and 9c.; Kinnoun, 3,500 pounds, at 13.2c. and 8.5c., to the Canadian Fish and Cold Storage Co.

Senator, 14,000 pounds, at 14.8c. and 9c., to the Pacific Fisheries.

Alfred Cook, of Queen Charlotte City, who arrived on the Prince John yesterday morning, left on the train last night on a trip to England. He will sail from Halifax on the Andania on December 11 for Liverpool. Mr. Cook expects to return to Canada early in the spring.

house and of how Mrs. Gurvich had stayed with his wife all morning on October 17 and had made his lunch for him. Mr. Hooper cross-examined him very closely on a number of points. The case is proceeding.

THRONE ADDRESS DEBATE CLOSED

Hon. T. D. Pattullo, Hon. William Sloan, and J. M. Yorston Speak in Legislature

VICTORIA, Nov. 10.—The debate on the address from the throne closed yesterday afternoon without division, the opposition not having the hardihood to again challenge the vote after four consecutive defeats and with the majorities against them increasing.

Before the debate closed Hon. T. D. Pattullo, minister of lands, and Hon. William Sloan, minister of mines, spoke at some length. Incidentally and apart from the main speech, Mr. Pattullo gave a boost for Central British Columbia quoting a report showing the fertility of the soil and its adaptability for mixed farming.

Mr. Sloan spoke of advance legislation in regard to the mines of the province. He was challenged by Sam Guthrie, member for Newcastle, but was able to show that the department did everything possible to protect the lives of men in the coal mines.

J. M. Yorston, member for Gariwoon, made a strong plea for the Pacific Great Eastern Railway and said if the line was abandoned settlers would leave and the taxable value of land would decrease. He told of the fine land through which the railway went.

Premier Oliver moved that Pacific Great Eastern accounts be referred to the public accounts committee. The only objector was W. K. Esling, member for Rossland.

ODDFELLOWS LODGE
LAUNCHED AT TERRACE

Local Members Who Assisted in Ceremonies Returned to City Last Night

The installation of the new Oddfellows' Lodge, Lakelse No. 33, took place at Terrace yesterday morning. The installation ceremony was a very impressive one and was presided over by Grand Master Phillips, of New Westminster, assisted by some fifteen Oddfellow members from Prince Rupert.

The Lakelse Lodge started off with nine charter members and seven new members were initiated during the installation ceremony. The visiting brothers have great faith in the future of the new lodge which they state has been opened under very favorable circumstances.

Grand Master Phillips left Terrace on last night's train on an official visit to Smithers and Prince George en route to New Westminster via Vancouver. The visiting Oddfellow members, who journeyed to Terrace from here to assist the Grand Master in the installation ceremony, returned to the city on the train last night.

Prince Rupert Member Speaks in Legislature and Tells of His Trip

VICTORIA, Nov. 10.—Frequent reference was made to his recent trip to the Old Country by Hon. T. D. Pattullo, member for Prince Rupert and minister of lands, in his address to the Legislature yesterday afternoon. The minister spoke especially in regard to immigration, forestry and lumber questions. He declared that the cost of his trip was no more than the speech of the leader of the opposition the other day yet he found many who were ready to take exception to it.

Mr. Pattullo said that he had gone thoroughly into the matter of immigration of British people to Canada and had arranged to have a conference at Ottawa with Col. Amery, of Empire settlement fame. The political change had made his (Col. Amery's) visit to Canada impossible, however, as he had since become a minister in the Bonar Law cabinet. Mr. Pattullo said he thought it was best to await developments and act in co-operation with the Dominion rather than alone.

The minister of lands also got in touch with industrial concerns with a view to their establishing in the province and investigated thoroughly the forest protection systems in vogue on the European continent.

Mr. Pattullo spoke of the injury done immigration and other schemes by unjust criticism.

That legal action should be brought against the architect responsible for the original building of the Booth School in order to reclaim damages when the amount of such damages have been ascertained, was moved by L. W. Patmore and seconded by J. C. McLean at the meeting of the School Board last night. The resolution to this effect was passed after a brief discussion.

VANCOUVER, Nov. 10.—Fred Deal, who shot Constable McBeath, V.C., in Vancouver, will hang January 12.

VANCOUVER, Nov. 10.—Fred Deal, negro, was found guilty last night of the murder of constable Robert McBeath, V.C., and was sentenced to be hanged on January 12 next. The trial which was begun on Wednesday was postponed several times. Detective Quirk testified that Constable McBeath arrested Deal on Granville street near Davie, on October 9, while he was driving on an automobile. The prisoner was drunk and disorderly and was accompanied by Marjorie Earl, a white woman. Quirk stated that Deal wounded him and shot and killed Constable McBeath while resisting arrest. Deal pleaded that he was too intoxicated and stunned by blows dealt him by the police officers to know what happened.

W. J. Cash returned from a business trip to Smithers on the train last night.

BOOTH SCHOOL WILL SOON BE ALL FINISHED

Architect Jeffers Reports to
School Board on Progress of
Repair Work

Architect A. M. Jeffers told the school board last night that the repairs to the Booth Memorial School would practically be all completed by a week from Saturday and that the building was now ready for occupation if the side entrance was used in the meantime. Although there was still dampness where the new work had not yet completely dried out, Mr. Jeffers stated that the building was now practically dry and free from leaks. Though a definite estimate on the exact cost could not yet be made, the architect assured the board that the cost would not exceed the last estimate made. They were now working on a more favorable side of the building although they had found places where the mortar was wet and the bricks were not firmly set. The building had stood the recent severe storms very well and had been steadily drying out while they were on. A sudden spell of very cold weather might hold up the completion of the stucco work.

Changes Expected In American Government Bodies.

Regardless of election results there will be many changes in the next United States congress. Even with the retaining of power by the Republicans, new hands, to a large extent, will handle the wheel both in the Senate and House. New officers and committee chairman in both bodies have been widely assured and voluntary or involuntary retirement of some of the old leaders insures a shake-up in the management of the Congress. Increased insurgency especially in the Senate, will also develop during the next session, veteran politicians aver.

Changes in rules of operations in both Senate and House are also possible. In both there will be strong groups preparing to fight for the overturning of the long established seniority rule by which members of long service, regardless of other considerations, are automatically promoted to committee chairmanships or to high places on committee personnel. This rule has been under fire for many years. Veteran leaders freely admit its weaknesses and effects on legislation but many hang on it until a more workable substitute is brought forth. It has been modified in many respects in the past but its principal features are still binding. Whether it is to endure during another Congress remains to be seen.

Another effort to break down the ages-old Senate rule permitting unlimited debate also is pending. Closure advocates plan to press for a new bill cutting senators talking time to an hour or two on each bill. The Senate Republican committee has reported favorably on such a rule but there still remains strong opposition to any amendment of the unlimited debate privilege.

This Year's Harvest Quite Satisfactory.

Harvesting and threshing operations were completed in the West earlier this year than usual, and under highly satisfactory weather conditions, says the Royal Bank Monthly report. Generally speaking, the yield was well up to expectations, and in the majority of cases, it exceeded earlier estimates. Several districts report slight damage from sprouting. The dockage for weeds was fairly heavy in parts of Manitoba and Saskatchewan, and some sections of the Prairie Provinces experienced slight frosts. In general, however, the loss arising from these various sources was no greater than is normally the case. The frosts which did occur came in the latter half of September, when there was very little crop left standing, and the slight injury which resulted was restricted to the lowering of grades. Fall rains, while retarding harvesting somewhat, greatly improved pastures, and resulted, as a rule, in the growth of ample winter feed. The precipitation also put the land in good shape for plowing and this is being completed much earlier on the average than normally.

In spite of temporary car shortages in some sections, the movement of wheat has this year been singularly free from interruption in transportation. Although the farmers are reported, in some districts, to have held their wheat for higher prices, this tendency does not appear to have been as pronounced as was the case last year, and, in any event, it did not cause an interruption in the actual movement of the crop, since it is a common practice of the farmer to haul his grain to the elevator and obtain an advance on it, selling and obtaining settlement for the balance at a later date. The movement of the wheat crop, as indicated by quantities loaded, inspected, and shipped, is well ahead of last year.

Stock raisers in the west, particularly in Alberta, are confronted with still lower livestock prices. The farmers in the northern areas where fodder is limited, have been marketing heavily with prices ruling at 3½ cents to 4 cents for grass cattle. Heavy cattle shipments to Chicago were virtually discontinued when the new American tariff became effective.

COX THREATENS TO SUE SCHOOL BOARD FOR HIS ACCOUNT

Taylor & Brethour, Victoria Sol-
licitors, Have Matter of Col-
lecting \$1750 in Their
Hands

A. A. Cox, the Vancouver consulting architect whose account for \$1750 for professional services rendered the school board declined to pay offering \$500 instead, has placed the account in the hands of Taylor & Brethour, Victoria solicitors, for collection. Last night the school board received a letter from the law firm stating that Mr. Cox had refused the \$500 and if satisfactory arrangements could not be made legal proceedings would be started.

To Re-occupy School
It was decided by the board to re-occupy the Booth school as soon as possible. The Borden Street school is closed this afternoon to permit of the removal of school furniture to the Booth School and the pupils who were removed to Borden Street from the Booth School will take up their studies at the latter school on Monday morning. The Booth school pupils now at the King Edward school will be moved back to their original quarters during the coming week.

DR. BAYNE ON DENTISTRY

Interesting Address at Rotary
Club Yesterday—Game Din-
ner Next Week

Members of the Rotary Club on Thursday at their luncheon listened to a very interesting educational talk on dentistry by Dr. A. Bayne. Harold Campbell also gave an educational talk on the principles of Rotary including some strong points why the membership of the club should be limited to one member from each business or profession.

Dr. Bayne commenced his talk by passing around photographs of teeth made by the X-Ray machine and then pointed out that the care of the teeth had a great deal more to do with the general health of a person than the average human being realizes. He cited case after case in which a patient had been given up by medical men and turned over to a dental surgeon as a last resort but who had been completely cured by the removal of one or more defective teeth.

It was announced that the meeting next week will be held at 7:30 p.m. when it is possible that the members will enjoy a game dinner should the big game hunters of the club be fortunate enough during the week to get a good bag.

PICTURE RETAINS ALL FINE POINTS MARK TWAIN'S BOOK

Action Never Lags in "A Con-
necticut Yankee in King Arthur's
Court," And Fun is Fast
and Furious

The picture, "A Connecticut Yankee in King Arthur's Court," which opens tonight at the Westholme Theatre will please any audience, especially those who have read the famous story by Mark Twain. For the many, many incongruities—when, for instance, "The Yankee," surrounded by armored knights and ladies, costumed in the period of King Arthur's court, talks about Yale locks, "tin-Lizzies" and time clocks—there is always a hearty laugh. Great care has been taken in staging the production and the minutest details have been followed. The action never lags, and the fun is fast and furious. There is not the least doubt that the film will appeal to all.

Harry G. Myers as "The Yankee" is seemingly funny. He does not overact the part. Every one in the cast is uniformly good. Seldom has a cast of players been assembled that just suits, as this one does, each respective part.

A. G. Smith, of the G.T.P. Inn, and G. T. P. Constable Jack Merritt, who went on a duck shooting expedition yesterday to L. Crippen's herring fishing grounds on the former's gasoline launch, returned to the city this morning. The weather was too stormy for good sport but otherwise they had a pleasant little jaunt.

Charles G. Perry, Indian agent at Metlakatla, returned to his home this morning. Mr. Perry arrived on last evening's train from Terrace where he had been attending the trial of the two Indians charged with killing beaver out of season.

The weather report at 5 o'clock this morning was—Barometer, 29.369; maximum temperature, 42; minimum temperature, 37; precipitation .23 inch.

RENEWED ACTIVITY AT DOCK PREDICTED

That the dry dock will shortly be opening up more extensively and employing a larger number of men is a rumor often heard on the street lately.

While enquiry has failed to elicit any definite information which would confirm such a rumor it is quite probable that the recent business trips of J. H. Pillsbury, manager of the dry dock, may result in some good sized marine work contract coming to the local yards. At the moment, however, it is purely a matter of conjecture.

The man with the best "right" usually wins the fight.

Pains in Stomach

Most of the misery and ill-health that humanity is burdened with arise from disorders of the liver, stomach or bowels.

If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spells, sick or bilious headaches, heartburn, water brash etc., you should take a few doses of Milburn's Laxa Liver Pills. They will open up the liver, regulate the bowels, and tone up the stomach.

Mr. T. C. Hartman, Highgate, Ont., writes—"I have had liver trouble and pains in the stomach for a long time. I started to use your Milburn's Laxa-Liver Pills, and in a short time I noticed they were helping me. Now I would not be without them and cannot recommend them too highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

W. G. Watson, of Lakelse Hot Springs, left on the Prince George last night on a business trip to Victoria.

The school board last night authorized the payment of an account of \$65.80 to J. G. Steen. The bill was for certain changes to the Booth School ventilator system which J. W. Potter, architect had ordered but subsequently refused to accept. The board considered that the work had been done according to specifications of the architect and it had been unsatisfactory it was not fault of the steamfittering company. Mr. Steen appeared in person before the board.
