Rail Strike Commences To Break Up MR. AND MRS. GEORGE GREEN DEAD AS RESULT SHOOTING AFFAIR

Eastern Situation Is Cause British Alarm Cabinet Meets Today

LONDON, Sept. 14.—The cabinet is today in session to consider the myriad of political phases brought about by the Turkish victory in Asia Minor. The impression is growing here that Turkish peace can only be arranged through a large international conference in which Russia, Roumania, Bulgaria, and other Balkan States would participate. This impression is based partly upon the renewed expression of Russia's attitude regarding the Dardanelles as contained in her protest against allied action in Constantinople sent to Great Britain. She demands that the question be settled primarily by the powers that use the Black Sea as an outlet to the ocean.

SCHOOL SYSTEM VICTORIA CITY

Capital City School Board Takes Special Measures to Deal With Foreigners.

VICTORIA, Sept. 14.—That the question of segregating Chinese school children is being considered from a purely educational rather than from a racial standpoint was emphasized when the school trustees passed a resolution on the question which made no mention of Chinese.

The resolution defined clearly the policy of the school board. Certain accommodations will be set apart where all pupils whose limited knowledge of the English language causes the retarding of themselves as well as interfering with the progress of other pupils will be grouped. Primary pupils of all ages who cannot speak English will be assigned to special classes. No pupils will be admitted to the primary classes of graded schools who cannot pass a satisfactory test in the English language. Such pupils will be assigned to the special school.

All Junior grade pupils over 16 years of age and all intermediate and Senior pupils over 17 will be excluded from the graded schools except with special permission.

Only the English language may be spoken in the schools, especially on the playgrounds.

YOUNG WOMEN'S BODIES PAINTED

Heavy Fighting in Dublin Last Night According to Belfast Despatches.

BELFAST, Sept. 14.—South Ireland advices today assert that the homes of six young women of Killarney, who are known to be in sympathy with the Republicans, were visited by armed men and found the young women who found the young women's bodies green.

Dublin reports tell of heavy fighting shortly after midnight. Loud reverberations were heard along the wharves and in Sackville Street. An attack was made on the Four Courts Hotel where National army troops are stationed.

FRENZIED FINANCE

Seven Million Soviet Roubles Now Equal One American Dollar

MOSCOW, Sept. 14.—Under the new rate set by the government stock exchange seven million soviet roubles will equal one dollar in value.

LIQUOR CLEAN-UP HITS SURF INLET

Three Women Arrive in Town Accompanied by Detectives This Morning from Surf Inlet.

Detectives of the Government Liquor Board arrived in the city this morning from Surf Inlet with three women, Maxine Martin, Lilly Durant alias Nellie Clark, and Nell Lamont, formerly of this city, who will appear in the provincial court this afternoon to answer to charges under the Government Liquor Act. The arrests are another result of the clean-up policy that the Attorney General is putting into effect throughout the province.

MULCAHY PUTS IT UP TO DE VALERA

Says There Will be No Peace Between Two Factions Until Republicans Surrender

LONDON, Sept. 14.—A report is circulated in Dublin that De Valera has held a conference with Richard Mulcahy, the Free State commander-in-chief. Mulcahy told De Valera that there could be no peace until the Republicans had surrendered all arms.

MINERS KILLED.

MERRITT, Sept. 14.—Sam Crawford and Lewis Shearer, miners, were killed when rock caved in at the Middleboro collieries Wednesday.

One Fourth Of United States Shopmen Are Going To Work Under Individual Agreements

CHICAGO, Sept. 14.—The policy committee of the striking shopmen of America has authorized Jewell to conclude a separate peace agreement with individual railways which will affect all roads which entered into direct negotiations with Jewell or about 52 class 1 roads, one fourth of the class 1 roads in America. The men will return to work at prevailing rates of pay fixed by the United States Labor Board effective on July 1.

Under the arrangements the men return to positions of the same classes that were held when the strike began. The relative standing of the old and new men to be decided by a special committee.

The roads must find places for the strikers who have not committed acts of violence within 30 days after the agreement becomes effective.

The agreement does not mention working conditions.

BAND CONDUCTOR DIED AIYANSH

Visiting Band Received Message From Home Village This Morning

A telegram was received from Aiyansh this morning by Matthew Gurney, manager of the Aiyansh Indian Band, which is playing at the Exhibition this week, to the effect that W. J. Mercer, the regular conductor of the band, who has been sick for some time past, passed away at 4:30 a.m. yesterday.

The deceased, who was 39 years of age, had been suffering from a lung affection for some years and recently returned from Vancouver where he had been undergoing medical treatment. He was a married man but leaves no children.

The funeral will take place on Tuesday.

D. C. MACAROW IS ACQUITTED

On Charge Making False Statements For Defunct Merchants' Bank

MONTREAL, Sept. 14.—D. C. Macarow, general manager of the defunct Merchants' Bank, was this morning found not guilty of making false or deceptive statements in the return to the federal government on the banks condition for October 1921. The case was tried in the court of special sessions by Chief Justice Decarie. The decision brings to a close one phase of the Merchants' Bank case in the local courts.

The case against Sir Montagu Allen, president of the bank, charged with negligently signing a false report, has been set for September 24.

An appeal from this morning's judgment may be made by the Crown.

TERMINALS DEFEAT SALMONBELLIES IN MINTO CUP MATCH

NEW WESTMINSTER, Sept. 14.—The Vancouver Terminus defeated the New Westminster Salmonbellies three to one in the Minto Cup lacrosse game. Vancouver's now two games down in the series with two games yet to be played.

TODAY'S PROGRAM OF FAIR EVENTS

- 3—Baseball final, Anyox vs. Prince Rupert.
- 5 to 7—Flights by seaplane.
- 6—Power boat race.
- 8—Entertainment Exhibition Hall.
- Dances by pupils of Mrs. H. O. Grewe.
- Muriel de Vere, comedienne.
- Bobby Sims in "The Purser."
- Wrestling match, Zaratulowsky vs. Wango.

FRIDAY.

The Wood Chopping contest will take place on Friday afternoon.

Grand Masque Ball in the Exhibition Hall on Friday night.

SATURDAY.

Children's sports will be held on Saturday forenoon instead of Saturday afternoon as previously announced.

The final match in the Native Football will be played after the Lacrosse game on Saturday afternoon.

INCREASE VISITORS TO FAIR YESTERDAY

The total of paid admissions, exclusive of season tickets and passes at the main entrance of the Exhibition building yesterday was 960. There were 428 admissions to the ball grounds. These figures show an increase of 368 over opening day, the reason probably being the declaration of a civic half-holiday.

MODERATE AMOUNT OF HALIBUT IS SOLD

About 94,000 Pounds Disposed of at Auction Today.

There was about 94,000 pounds of halibut sold this morning at the auction room, the prices varying according to quality from ten to twelve cents. The sales were as follows: Norma, 5000 pounds and Freeman, 5000 pounds at 10.20c and 6c. to the Pacific Fisheries. Tafsoosh, 25,000 pounds at 10.50c and 6.50c to Booth Fisheries.

Vivian, 6000 pounds at 10.70c and 6c. Annie, 14,000 at 10.50c and 6c; Norman, 11,000 pounds at 11.75c and 7.50c; D. C. F., 5000 pounds at 11.40c and 7.50c; Daisy, 1000 pounds at 11.00, 40c and 7.50c to Gold Storage.

Fannie F., 6000 pounds at 11.50c and 7.50c. Scrub, 13,000 to Royal Fisheries at 11.80c and 7.50c.

KILLED SIX DEER; LEFT THEM TO ROT

Provincial Constable Harry Martin arrived last night from Port Essington accompanying Eli Elwit, a Vanarsdol native, who was sentenced by Magistrate G. A. Taylor to a fine of \$200 or four months imprisonment for violation of the Game Act. Elwit killed six deer in the close season on Kennedy Island and left them to rot, pleading at his trial that the weather was too bad to go out and get them. He is doing time in the city jail.

PLAN TO BLOW UP SINN FEINERS IS DISCOVERED ULSTER

BELFAST, Sept. 14.—The Ulster government announces that it has discovered a plot to blow up or scuttle the steamer Argentine on which three hundred Sinn Feiners are interned at Larne Lough, County Antrim.

FRENCH HAVE PLAN FOR PEACE IN NEAR EAST IS ANNOUNCED

RAMBOULET, France, Sept. 14.—The French cabinet today agreed on a policy to be followed in an effort to establish a durable peace in the Near East.

BRITISH AIR FORCE GOES TO MESAPOTAMIA

LONDON, Sept. 14.—One thousand officers and men of the Royal Air Force embarked today at Southampton for service in Mesopotamia.

Double Tragedy Yesterday In Which Man Shoots Wife and Then Turns the Weapon On Himself

George Green, a well known halibut fisherman, and his young half-breed wife, Mrs. Cora Green, lie dead in the B.C. Undertakers' Parlors today as a result of a terrible double shooting tragedy which occurred yesterday afternoon about 2 o'clock at their home, 213 Fourth Avenue East, in the basement of the residence of Mr. and Mrs. J. W. McKinley. Although there is little information of a definite nature forthcoming yet it is believed that domestic troubles constituted the reason for Green murdering his wife and turning the revolver, with which the woman

was killed on himself immediately afterwards. Mrs. Green was shot through the heart and apparently died immediately; Green was shot twice, one bullet entering his body below the heart at the solar plexus, the second above the heart and coming out through the shoulder. An inquest has been called for tomorrow morning.

Found Body.

The tragedy was discovered at 2:30 yesterday afternoon by W. W. Wright who, passing along Fourth Avenue by the residence, heard groans and saw the man lying on the floor of the front room near the door. He immediately notified the police station that a shooting had taken place and Chief Vickers and Dr. J. P. Cade, medical health officer, who happened to be in the station at the time, rushed to the scene in an automobile. On arrival they, with Mr. Wright and George Ness, another passerby, entered the residence and found Green lying on the floor near the front door moaning and in agony. Proceeding to the kitchen the dead body of the wife was found on the floor with a bullet through her heart. Her eight month old baby too young to realize the tragedy, was playing innocently over the dead mother's body. Dr. Cade declared the woman dead and rushed the man to the hospital where, about 4:20, he expired, having regained consciousness in the meantime.

A cheap nickel-plated Remington revolver was found by Chief Vickers under a lounge within a few feet of the dying man. It was fully loaded with three empty and two full cartridges. It had apparently fallen from Green's hands as he fell on the floor.

Mrs. McKinley, who lives above had heard a heavy thud like a body falling but was not certain as to having heard shots.

Powder burns on the clothes of both the man and his wife indicate that the shooting was done at close range.

Was His Wife.

It is understood that Green made incoherent statements at the hospital before he died that implicate another half-breed woman in the affair. Jealousy is believed to be the cause of the tragedy. Friends were unable to get much out of Green before he died. One statement he made was "Oh, don't bother me. She was my wife." He put up a fight for life which was, of course, hopeless on account of the injuries. Apparently suffering terribly he asked several times to be shifted to different positions.

Green was about 38 years of age and was a native of Nova Scotia. He was a member of the Deep Sea Fishermen's Union and had been here since at least 1917. Having been engaged on different boats, his last ship was the schooner Bethune. He had been in the city for a fortnight since his last trip. It is said that he was subject to irrational spells on occasions but he called at the Fishermen's

Union Hall on Tuesday evening and is said to have been in good spirits and quite natural then. He had not been drinking.

Native of District.

Mrs. Green was a native of this district and was the daughter of Sam Pearce, of Oceanic Cannery. She was about 29 years of age and had been married to Green for a couple of years. Before her marriage she had been engaged as a domestic in the city and had worked at the General Hospital and Knox Hotel. Former employers say that she was a good, steady and hardworking girl.

WILL HAVE TO PAY FOR GUARD

Interesting Situation Foreshadowed in Charge Made by Department of Militia.

OTTAWA, Sept. 14.—An interesting situation is forecasted in the announcement that the cost of transportation and maintenance of troops sent down to guard the Cape Breton mines during the recent strike is chargeable to the municipalities affected. The amount is not specified but it will be large. Most of the residents in the affected municipalities are workers in the mines against which the strike was declared.

AIRPLANE IS FLYING AGAIN

After a slight damage to the propeller, the silk having parted, the seaplane is again in commission and a great many people, men and women, expect to fly this afternoon and evening. Already good many tickets are sold ahead.

There have been some changes in the sports program, particulars of which are given in today's program on this page.

Friday night the big masque ball is to be held at the Exhibition building and it is understood will be very largely attended. The fine floor there makes dancing a pleasure.

NEGOTIATIONS OPENED ESTABLISH PULP MILL

VICTORIA, Sept. 14.—The Seaman Paper Co. of Chicago and John Read of Vancouver have opened negotiations with Premier Oliver for the establishment of a pulp mill at Seton Lake, one hundred miles north of Squamish on the line of the P. G. E.

LEEBRO RENAMED

MOSCOW, Sept. 14.—The Pacific Salvage Co. have changed the name of the steamer Leebro, which they recently purchased, to the Salvor.

**ASTRONOMERS ARE TO
VIEW SUN'S ECLIPSE**

**British Columbia Man Among
Those Studying Einstein
Theory in Australia.**

MONTREAL, Sept. 14.—(AP)—Ten for the Canadian Press by R. H. Babbage.—Leading astronomers from all parts of the world, many of whom have travelled many thousands of miles, have assembled on the North-west coast of Australia to observe the phenomena of eclipse which occurs on September 21.

Professor A. Chant, Professor of Astronomy at the University of Toronto and Dr. R. K. Young astronomer in the Dominion Astrophysical Observatory at Victoria, B. C. are the Canadian scientists who will make observations during the few brief minutes of the eclipse. They arrived at their destination in the latter part of July. The chief instrument Professor Chant has taken is a camera with a lens of six inches aperture and a focus of eleven feet mounted equatorially like a telescope and driven by an astronomical clock.

Great interest is being taken in the eclipse this year owing to the opportunity presented to obtain conclusive evidence either for or against what is known as the Einstein theory of relativity.

By the aid of the specially constructed telescope it will also be possible to study the corona, the remarkable solar appendage of pearly white color extending but some 200,000, or 300,000 miles which can be seen only when the sun is completely hidden by the moon.

Professor Einstein's theory was thought might join a Dutch party from Java which will observe on Christmas Island where the Greenwich party will take up their positions. The path of the eclipse begins in Abyssinia, on the east coast of Africa, passes eastward over the Maldiv Islands, Christmas Island and Australia, ending a short distance beyond New Zealand.

The northwest coast of Australia is, astronomically, the best point from which to observe the eclipse and to make the photographs of the light rays from the stars beyond the sun, because the duration of totality there is longest, five minutes eighteen seconds, the altitude of the sun above the horizon is greatest, 58 degrees; and the

weather conditions are the most favorable, the coast of the Great Sandy Desert being virtually rainless and cloudless during September.

A subject that has been responsible for a large amount of scientific discussion and some public interest for the past few years is what is known as the Einstein theory; that a ray of light is influenced by a large gravitational field and is deflected by it. This theory, by the way, did not originate with Einstein who is a German mathematician, but was collected by him from the observations of physical scientists in past centuries, its basis being the law of gravitation that a body left without sustaining falls toward the earth at a fixed and established rate.

**CLOSE UP PLACES
WHERE LIQUOR SOLD**

**Action Being Taken by Alaskan
Government Regard to Convicted Premises**

JUNEAU, Sept. 14.—Announcement is made here by A. E. Maltby, assistant United States attorney, that the government will start in the near future to abate all places where persons have been convicted of violation of the Alaska bone dry law. An opportunity has been given the places to close up voluntarily, and where this it not done the abatement proceedings will be commenced.

There are at least four places where convictions have been had, he points out, and the properties will be closed up by order of court, if the government can do as it expects, to maintain its suits in such proceedings. Singular action was taken at the Dory bar in Ketchikan and at several places in Juneau, and the prosecuting attorney's office is of the opinion that all such suits will be upheld in the higher courts.

**PRINCE GEORGE
GREAT EXHIBIT**

**R. J. Blackburn in Charge Tells
of Fertility of Country**

**DAIRYING SUCCESSFUL
Great Opportunity For Careful
and Willing Workers to Start**

The Prince George district agricultural and horticultural exhibit, which was awarded the challenge cup presented by the Northern British Columbia Agricultural and Industrial Association at the Exhibition is a particularly fine exhibit, although it only succeeded in beating the Kitsumkallum district exhibit by five points. The Prince George exhibit is under the management of R. J. Blackburn who, with his four sons, has been dairy farming and crop-raising for the past three years in the Pine View district situated in the land settlement area east of the Fraser River and east of Prince George. His farm comprises some 700 acres, 100 acres of which is under cultivation at the present time. He owns 20 head of cattle all told, including 10 milking cows, nine head of which are pure bred Holsteins. Prior to coming to B. C. Mr. Blackburn was farming for 25 years at Pilot Mound in southern Manitoba.

The Exhibit
The exhibit embodies wheat, oats, barley and rye in the grains, showing both fall and winter wheat. The wheat in this district this year ran from 15 to 25 bushels per acre. The oats were a very good crop this year, and ran from 40 to 60 bushels to the acre of excellent quality. With such a dry season prevailing, as has been the case this year, it is remarkable how well the grains have done. In discussing the exhibit generally, Mr. Blackburn said:

"In the grasses the Timothy this year was a poor crop running from half a ton to a ton per acre at the outside, due to the drought, no moisture being available while it was growing.

"The sunflowers are a very fine crop this year. Corn is very little grown in the district and is not to be recommended as a fodder crop. Peas and vetch are of very fine quality, and I consider these are to be the coming foods of the interior even more so than sunflowers."

Mixed Farming
On the question of mixed farming Mr. Blackburn is quite an enthusiast, and says that all kinds of roots can be grown in abundance in his district of a milk producing nature. Sugar beets and mangolds do particularly well. Mr. Blackburn considers the silo is the solution of successful dairying feed and is very necessary to take care of the grasses and other fodder crops. It is his opinion that the dairy business is going to flourish in Central B.C. on account of the remarkable growth of the necessary man who is willing to take hold of this proposition and work will make a success along these lines.

Garden Truck
Potatoes do very well in the Prince George district and the judges speak very highly of their quality. Cabbage and cauliflowers have a great future. Mr. Blackburn says the growth and quality of these two vegetables is unrivalled both for the size of the plants and the excellent quality. Carrots can be grown in great abundance. Tomatoes cannot be grown successfully as yet, that is from a commercial standpoint. This year they did very well due to the extremely hot weather experienced, as this species of plant requires plenty of sun.

Wild Fruits
Mr. Blackburn says he has never seen a country in which wild fruits grow in such great profusion as they do in the Prince George district. Last year his family put up 500 quarts of eleven different varieties. There are ten varieties on exhibit this year, but they are considered poor to what they have been other years owing to the hot weather and lack of the necessary moisture this summer. The wild fruits include strawberries, raspberries, blueberries, low bush and high bush cranberries, and huckleberries, these being the principal fruits of a wild nature. The wild berries on exhibit are particularly

**BENT'S LEAD in Ladies' Outer
Wearing Apparel**

Which is always of Good Quality and always in Good Taste
During the Fair Week we are offering Stupendous Values in

Fall and Winter Coats, Suits and Dresses

Values which you cannot afford to Miss

Big Demand For Loggers
Ten Thousand Will Be Required in Camps of Central Provinces.

WINNIPEG, Sept. 14.—An exceptionally heavy demand for bushmen this fall and winter promises relief from the unemployment which existed last season, according to officials of the large lumber manufacturing companies and the Employment Service of Canada. It is estimated 10,000 men will be required in the lumber camps, while the demand for bushmen and camp builders already has started. It is impossible at the present moment to forecast what the prevailing rates of pay will be, they say, but the wage offered now is \$3.25 a day, with board and room, ranging from \$6 to \$8 a week, to be deducted.

All mills are increasing the size of their camps this year at least fifty per cent, declares A. L. Mattes, manager and secretary of the The Pas Lumber Company, limited, who has just returned from a visit to the northland. "Our company will be running seven camps this winter, employing between 1300 and 1400 men which will be practically our normal capacity," states Mr. Mattes. "This will

keep our mill busy all through next summer, with 500 men engaged."

Last winter this company employed only 900 men in its camps. Lumber manufacturers generally, Mr. Mattes says, are preparing for a busy season, and anticipate running at normal capacity. The reasons assigned for this are the favorable crop of western Canada, a good demand from the United States for lumber from Canadian mills, and depleted stocks, caused through the building activity in eastern Canada and the United States since the spring. "Stocks of both manufacturers and retailers are much lower than usual," states Mr. Mattes, "while we expect a big demand to be influenced through the big crop of the west." Electric light is being installed in some of the camps of his company this winter, which will be a unique feature in the Canadian forest, Mr. Mattes added.

The Shelvin-Clark Company, limited, which operates two large mills at Fort Frances, Ont. will need from 1500 to 3000 men to work in the bush as soon as the season opens. This company is in the market for camp builders now, and as soon as the snow flies will require up to 1500 men, increasing to its maximum as the season advances. A big cut is certain this winter, in the opinion of local lumber manufacturers.

**What Is
Chiropractic?**

Chiropractic is a name given to a science, art and philosophy of a natural thing. The practice of Chiropractic consists of the adjustment, with the hands, of the movable segments of the spinal column to normal position for the purpose of relieving the impinged nerve so that the life force can flow over the nerve to the tissue cells and thus restore the abnormal to normal.

FINE FLOWERS AT THE FAIR

Vegetables Also Good Considering Dry Season

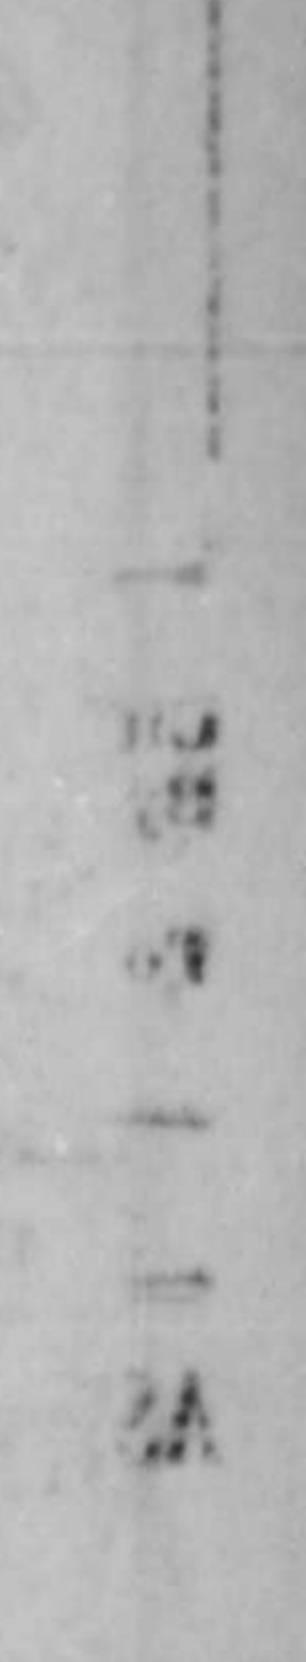

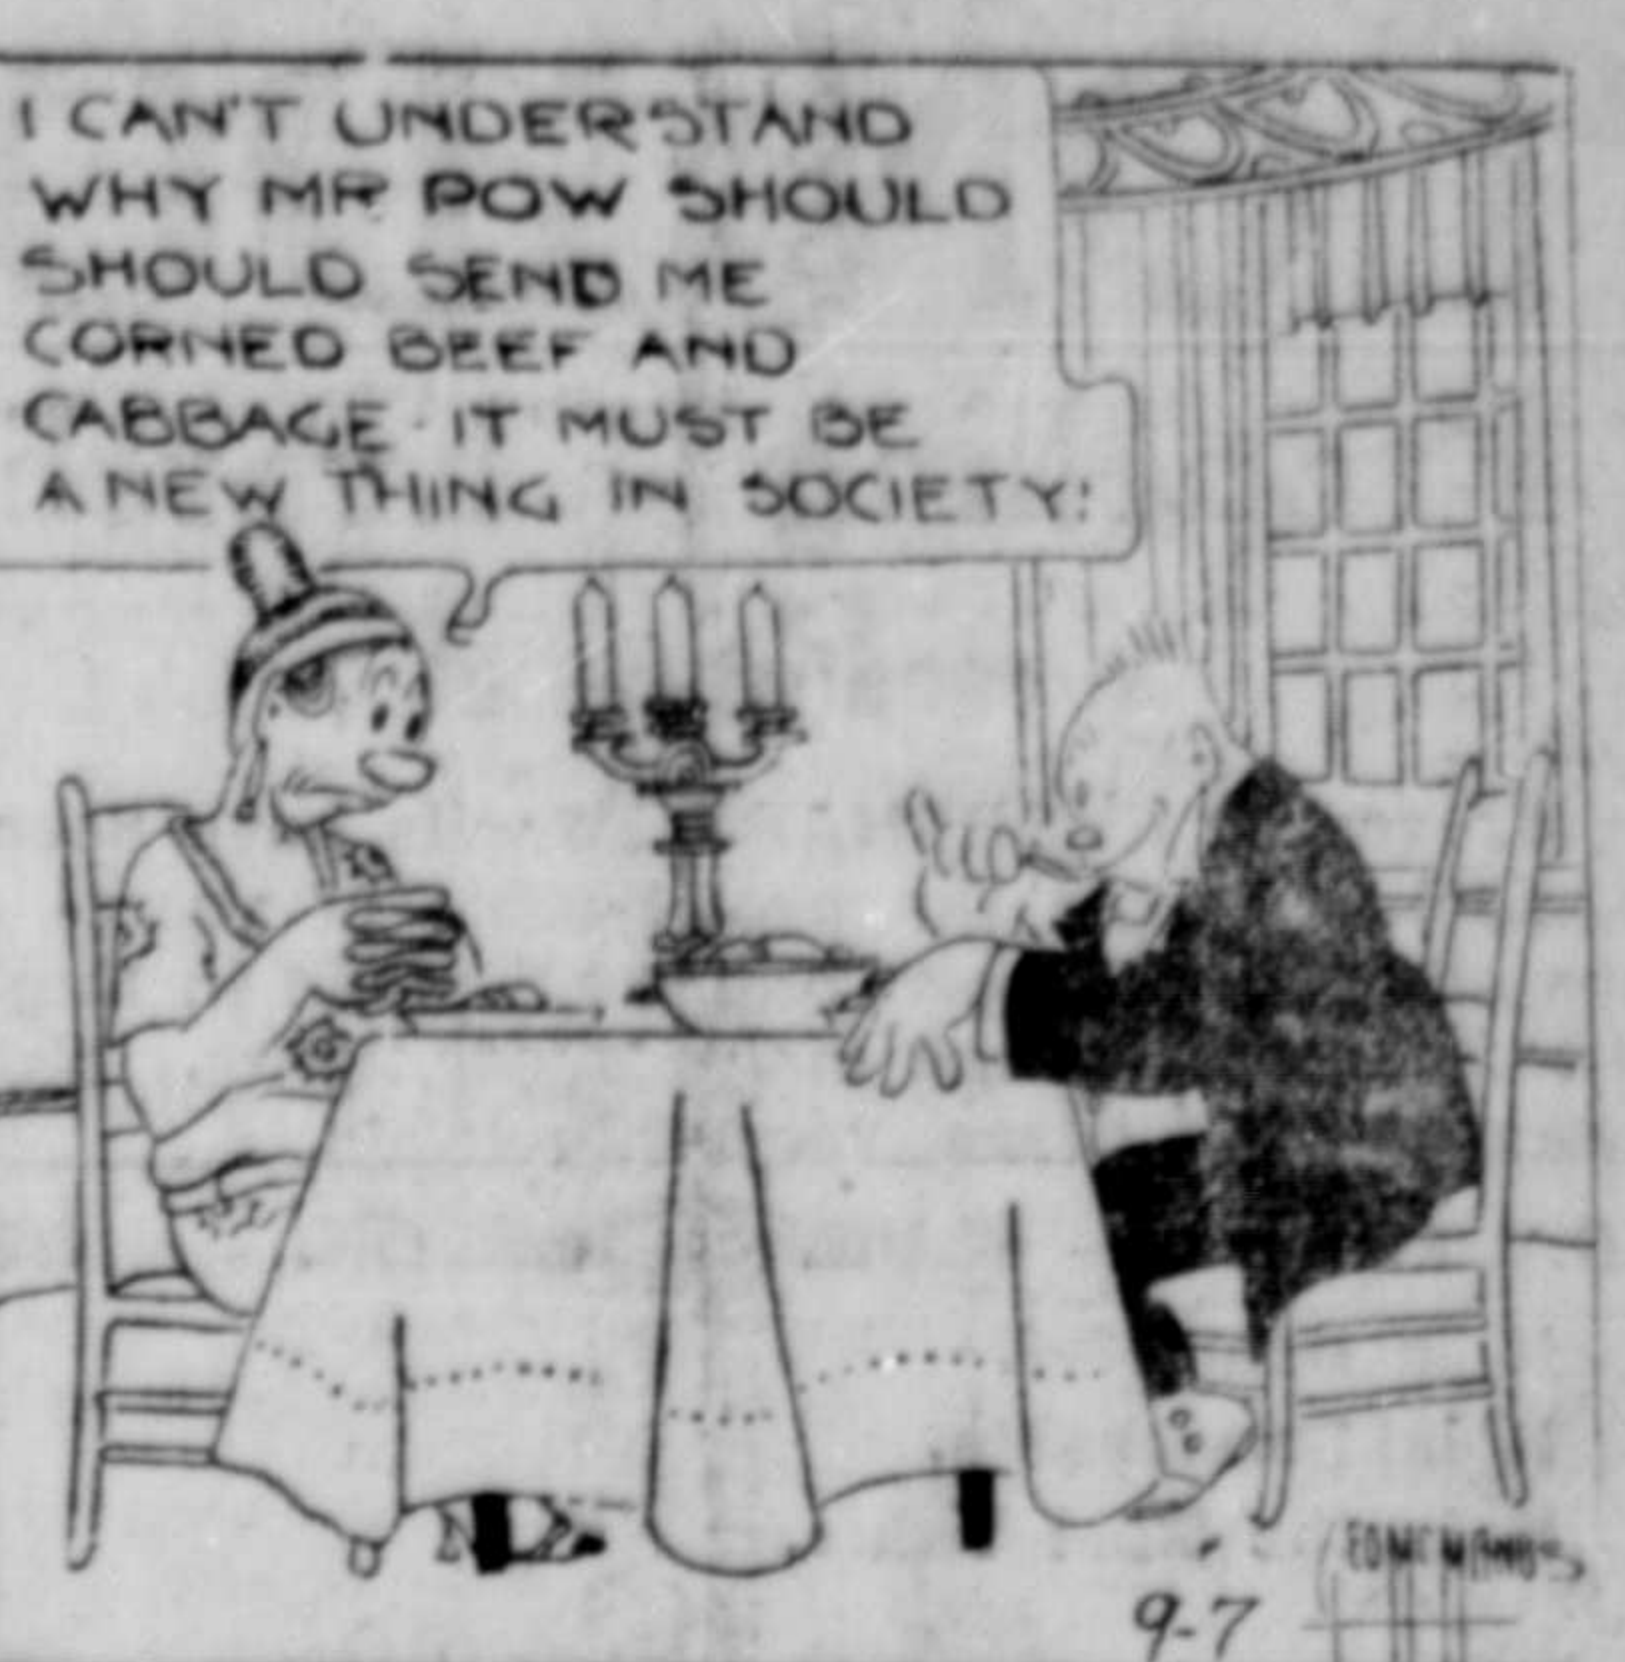

While the flowers at the fair this year give an inkling of the beauties of some of the Prince Rupert gardens and window flower boxes, they are not this year quite up to the average. The sweet peas are very good and the begonias made a good showing, but there is a notable absence of roses and geraniums. Other classes are not as well represented as usual.

The vegetables are good for a dry season, but in a good season would be better. The collection by D. McD. Hunter, grown in a small local garden was exceedingly good and attracted much attention. F. W. Bohler, of Killam, also made a fine display, this as usual being one of the features of the exhibit. The prize winners follow:

Flowers and Plants
One pot asparagus plant—Mrs. John McRae, 1; Mrs. J. E. Jack, 2.
One specimen flowering plant—Sisters of St. Joseph, 1.
One specimen foliage plant—Mrs. M. Roberson, 1; Mrs. F. W. Bohler, 2.
Sweet peas, best collection six varieties—Mary Murray, 1; Mrs. W. D. Vance, 2.
Twelve pansies—Mrs. W. D. Vance, 1; Mrs. G. Guelpa, 2.
Bouquet garden flowers—J. B. Murray, 1; Mrs. E. Hellman, 2.
One pot foliage begonia—Mrs. McLymont, 1; Mrs. M. Roberson, 2.
One pot fuchsia—Mrs. J. Venable, 1; Mrs. J. E. Jack, 2.
One pot geranium—Mrs. E. Montgomery, 1; Mrs. McLeod, 2.
One specimen dwarf nasturtium—Mrs. O. Guelpa, 1; Mrs. E. Hellman, 2.
One hanging basket—Mrs. N. Perkins, 1; Miss M. E. Eason, 2.
Best collection annual flowers—Mrs. E. Hellman, 1; Mrs. M. Roberson, 2.
Best exhibit everlasting flowers—Mrs. E. Hellman, 1.
Godetia, 12 stalks—Mrs. E. Hellman, 2.
Three specimen pansy plants—Mrs. O. Guelpa, 2.
Shasta daisies—Mrs. McLymont, 2.
Best bona fide sheaf, individual collection wild grasses—Mrs. F. W. Bohler, 1; Billie Bohler, 2.
Sheaf of red clover—Thos. Lever, 1.
Timothy seed—Mrs. J. Pierce 1; Thos. Lever, 2; F. W. Bohler, 3.
Six pots flowering plants—Miss B. Nicholson, 1; Mrs. M. Roberson, 2.
One tuberous begonia—Mrs. M. Roberson, 1.
Sheaf of flax—Billie Bohler, 1; F. W. Bohler, 2.

Roots and Vegetables
Two swede turnips—F. W. Lever, 1; F. W. Bohler, 2; Richardson Bros., 3.
Two mangolds—Thos. Lever, 1.
Collection of field roots—Thos. Lever, 1; F. W. Bohler, 2.
Herbs, Vegetables, Grasses and Grain
Seaspring herbs—Mrs. F. W. Bohler, 1; Mrs. Guelpa, 2.
Seasoning herbs, best individual collection outside Rupert—Mrs. F. W. Bohler, 3.
Twelve pods peas—Mrs. Jas. Evans, 1; Mrs. Johnston, 2.
Windsor broad beans—Mrs. E. Hellman, 1; Mrs. Kirkpatrick, 2.
Six carrots—Mrs. E. Hellman,

BRINGING UP FATHER

1; Billie Bohler, 2.
Runner or climbing beans—Thos. Collart, 1; Mrs. Kirkpatrick, 2.

Potted or bush beans—Mrs. Buckarden, 1; Mrs. Guelpa, 2.

ALBERTA MAGISTRATES TO GET LESS PAY IN SMALLER DISTRICTS

EDMONTON, Sept. 14.—Police magistrates throughout Alberta, with the exception of those in the cities, will now work under a new remuneration plan. An order-in-council has been passed, effective from the first of September, in accordance with which the magistrates will no longer be paid stated salaries, but will be given allowances for each day occupied in actual magisterial work. The new scale provides for a payment of \$5 for each half-day or fraction thereof thus spent in holding court.

It is expected that the change will result in a saving to the province of some \$10,000 a year. The salaries of the police magistrates outside of the cities have hitherto averaged about \$300 per year, but the effect of the new system will be, it is thought likely, that the earnings of some of the officials will be increased and those of others decreased. In any case, the police magistrates of Alberta are in future to be paid on the basis of the amount of work they do.

SERVANT PROBLEM

Teacher—Now, boys, can any of you tell me something about good Friday?

Tommy—Yes, ma'am. He was the feller that done the house-work for Robinson Crusoe. Proofs (Pittsburg).

The Man in the Moon SAYS:-

EVERY little wrestler Has a toe hold all his own, Every one who loses Has an error to bemoan.

MEET me tonight at the L.O. D.E. tea rooms in Exhibition Hall, where we can get a cup of tip top.

JUST meet me tomorrow At Exhibition Hall, There we'll take part In the masquerade and ball.

"WHAT is needed in the Terrace district," said a visitor to the fair yesterday, "is for some of the settlers to become Bohemized."

WHAT'S the matter with Prince George? Right as a trivet.

CAN anyone think up a few new methods of spelling Kit's some gal 'm.

ITS curious what a lot of mistakes judges at fairs always make. The person who does not get first usually thinks the judges are biased or at the very least do not know their business.

THEY say the editor feels aggrieved because the poultry and cattle judges put his pictures second, but I don't believe it. I think Harry McLeod's pictures were far superior.

YOU can guess that the firm is behind with my salary or I would not dare talk like this.

GOLF club is a place where you lose golf balls, a social club a place where you lose your cash.

MONSTER LOBSTER CAUGHT IN A TRAWL

LONDON, Sept. 13.—A monster lobster, caught in a trawl off Berry Head by the motor trawler Ivy May, has been landed at Brixham.

From the tip of its head to its tail it measured 19 inches, and from the extreme tip of its slender feelers the measurement was 29 1/2 inches.

The length of the "killing claw" was 12 inches, with a girth of 18 inches in its widest part. The head had a girth of 16 inches.

The lobster, which weighed 11 lb, was the largest ever landed at Brixham.

EXHIBITION JOTTINGS

An exhibit worthy of mention is the flight cage containing thirteen young mountain rollers displayed by Mrs. H. H. Hemmings on the balcony at the exhibition. This is one of the first collections of mountain rollers in the north and has created a deal of interest.

H. H. Hemmings has several very interesting hand made works on exhibition including a switchback skittle board, which is entirely his own patent, and a beautiful inlaid jewel box which contains 99 pieces of inlaid work on the lid alone. An inlaid cribbage board is a particularly fine piece of work. A puzzle called "the bunch of nuts" made of compressed fibre, which is as tough as iron, is very interesting.

Some very fine china painting by Mrs. T. McClymont is being shown at the fair this year. The pieces, mostly in blue and gold, show fine execution and the patterns are rich and bold. The little exhibit of vases and other ware is attracting a good deal of attention from those who like beautiful things.

The ability of Prince Rupert boys in mechanical work is clearly set forth at the fair in the construction of an airplane which is on show there. The work is so well it is difficult to believe it was done by three local boys, P. Black, Sidney Anderson and Gordon Kerr.

ONE ARMED MAN NOT TO DRIVE AUTOMOBILE

SACRAMENTO, Sept. 13.—California has declared war on one-armed automobile driving, opening a campaign which may become nation-wide.

If the laws of the States forbid the granting of a license to a one-armed man driving an automobile City Manager Orbinson wants to know why a man with one arm about a girl should have a license to drive.

Orbinson contends that a one-armed man keeping his mind on driving is far more desirable than the two-armed man with one arm clasped about a slender waist.

An ordinance making the Act constituting reckless driving was referred to a council committee. Orbinson is confident the ordinance will be enacted and the flapper and flivver disarmed.

OFFICER TO BE SHOT.

SEMTEALOLATINSK, Sept. 13.—Five out of 238 officers of the Bakhitch army, who were tried by a revolutionary tribunal for waging war against the Bolsheviks in the Far East, have been sentenced to be shot. Most of the others were given prison terms of five to ten years. General Bakhitch and General Ungern, the leaders, were put to death some time ago.

The case of illegally buying liquor preferred against George James, of the St. James Hotel, was further remanded in the police court this morning.

Advertiser in the Daily News

TRADE EXHIBITS AT EXHIBITION HALL

Number of Displays Help to Improve Appearance of Hall.

There are a number of trade exhibits at the fair this year which add much to the attractiveness of the place and make it look busy. The visitors show much interest in these exhibits.

McRae Brothers.
One of the stands that keeps visitors looking and listening most of the time is McRae Bros. They listen to the music of the gramophones and look at the pictures and the typewriters. One thing unique in this exhibit is the samples of book-binding done at the McRae bindery in connection with the print shop. This is a new feature of Prince Rupert industry and one it is hoped will be kept going. The work shown is excellent.

John Bulger.
John Bulger has on view an attractive display of jewellery, clocks, watches and articles handled by jewellers generally. These are just a few of the lines Mr. Bulger handles.

Leckie's Shoes.
The Leckie Shoe Co. provides amusement for a great many people in the exhibition. They distribute tags and anyone finding a duplicate gets a pair of shoes as does also the owner of the duplicate. Several pairs of shoes are given away each day.

As part of the exhibit the process of making the shoes is shown, there being six steps in the process.

Pacific Milk.
Free oats are obtained at the Pacific Milk booth put in by F. G. Dawson, president of the association. In order to demonstrate the unusually high quality of Pacific Milk it is whipped and served on crackers with jam, in small quantities of course. A constant stream of people now know that Pacific Milk products are the very best. This booth was the first prize winner in the commercial booths.

Rose Cowan & Latta.
Moving machinery is always attractive. Rose, Cowan & Latta, under the able management of F. Bibb, operates a printing press in the building and does work for the patrons of the fair and also for the exhibitors. Some of the excellent quality printing is shown to visitors. The press seems to be kept busy.

Robin Hood Flour.
Robin Hood Flour is being shown by W. F. Roberge and a contest is being conducted there. Anyone ordering a sack of Robin Hood to be delivered through his own grocer gets a chance at the prize of five sacks given to the one making a correct guess of the number of beans in a bottle. Many of the visitors to the fair are testing out the Robin Hood flour in this way.

Klim, the Powdered Milk.
Klim is powdered milk, says the young lady in charge of the demonstration booth at the fair put in by J. C. Gavigan, distributor of the product. Klim looks nice, it tastes good and it sells well. That is the information gleaned by the senses. It is a Canadian product put up in a Canadian factory and is especially designed for the Canadian taste.

Farm and Home.
The proprietors of Farm and Home and the Daily Sun of Vancouver have a booth and Al. Bloom, the representative, is kept busy all the time telling the people about those publications.

Killas & Christopher.
All the young people know where the Killas & Christopher stalls are at the fair. One is inside the building and the other outside where they distribute confectionery and soft drinks to all and sundry. The dry and the hungry naturally gravitate to those booths.

Swift Canadian Co., Ltd.
Swift Premium hams are shown in a booth devoted wholly to Swift products including lard. It wonderful how good ham can look when done up in the Swift way.

Barrett & Co.
Paints and builders' materials are shown in a special stall, the Pacific Cartage Co. being agents for the paints and builders supplies there.

Smith & Mallett.
Plumbing supplies of the very nicest and best are shown by Smith & Mallett. This is a line where the best is cheapest and nothing but the best is desired by the best people. Smith & Mallett say they have it.

Exhibition Week

Special Values for Friday and Saturday

BOYS' AND MEN'S DEPT.

A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer.

What is most disagreeable on washday? Isn't it the mussiness of wash water; the steam of boilers and tubs, the lifting and hauling?

And it's of that we relieve you—at a cost truly moderate.

We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.

Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; and other pieces that require it we starch and make ready for you to iron in your own home.

In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.

It's a truly economical service within the means of every woman—we're sure you'll like it immensely.

Telephone, we'll welcome an opportunity to tell you more about it.

Canadian Steam Laundry Sixth Avenue W. Phone 8

ELKS WINNERS OF GRANBY CUP

Last of Post-Season Series at Anyox Ends in Defeat for the Mine.

ANYOX, Sept. 11.—One of the most exciting baseball games ever played in Anyox was witnessed by 500 fans on Sunday afternoon, when the Elks team won the cup from the Mine 3 to 2 after playing ten innings.

The game played Sunday afternoon was the last of the five post-season games. The Elks and Mine teams had both won two games each, good ball being played all the way, so that great interest was centred on the last and deciding game.

The teams lined up as follows. H. Thorley, F. Whitticker, H. Downs, Cy Greenwell, Hunter, A. Campbell, Ed. Menzies, Pete Draudson, pitcher, Jack Cody, catcher, Paul Robbins, manager.

Mine—E. Sinclair, Stan. Moran, F. Mealy, F. Brown, Anderson, C. Carlson, G. McCammon, C. Ferguson, pitcher, Geo. Coykic, catcher, Al. Polyart, manager.

Umpires—J. Lowry, balls and strikes; A. Berry, bases.

The Elks started scoring in the second inning when Greenwell hit a beautiful high ball to right field and as the fans had been rooting at McCammon and telling him to get away into the bush, when Greenwell came up to bat, it seemed a sure catch. Mac fumbled and let the ball fall, allowing Greenwell to reach second and finally reached home.

There were no runs until the end of the fourth when the Mine got two runs and in the sixth the Elks tied and at the end of the ninth the score was two runs each.

Tension Great.

The tension was great when the tenth inning started, Menzies being first to bat and was struck out. Thorley who was having hard luck all the game, was now given a walk to first. Downs came to bat and on the first hit, was caught out by Mealy at third which made two men down. Archie Campbell next to bat drove a hard ball to Brown at shortstop, who fumbled, Thorley reaching second and Campbell safe on first. Cody was next to bat and got a splendid low hit to centre field. Thorley reaching home and Campbell was later thrown out at third base which retired the Elks.

When the Mine came to bat

at the end of the tenth Mealy was first to bat and was struck out. Brown followed and was caught out with a high ball, by Cy Greenwell, making two men down. Moran was next to bat and got a hit, reaching first and C. Ferguson followed. Ferguson got a splendid low hit but as it was passing Draudson reached and caught it in his left hand, thus winning the cup for the Elks.

During the game Ferguson for the Mine had 10 strike outs and Draudson for the Elks, 5.

The runs for the Elks were Greenwell in the second; Campbell in the sixth and Thorley in the tenth. The Mine runs were made by Anderson and Sinclair in the fourth.

Score by innings:
1 2 3 4 5 6 7 8 9 10
Elks 0 1 0 0 0 1 0 0 0 1
Mine 0 0 0 2 0 0 0 0 0 0

The Cup was donated by Mr. Sylvester, managing director of the Granby Company and also medals for the winners in 1919 and was won the same year by the Mine team. In 1920 the Transportation team won the cup and the game just completed made the Elks the proud winner for 1922.

AD. GUSTAVO BEAT WALKER

Argentine Champion Had No Trouble Whatever Last Night With Wrestler from Ketchikan.

Ad. Gustavo is clearly a wrestler in a class away ahead of Tiny Walker for the Argentine champion in last night's match had no difficulty whatever with his stocky opponent from Ketchikan and won the match in 18 minutes after having made two falls, the first, with a eradle lock, in 34 minutes and the second in 14 minutes with an arm scissors and double wrist lock. It was pretty indeed to witness the cool and easy manner with seemingly little effort that Gustavo used to keep his opponent under at almost all stages of the match. The one thing that fans wondered was how Walker ever scored a victory of Gustavo, for the match last night was decidedly a one sided affair. Some roughing tactics, employed principally by the Ketchikan boy made things interesting, however, and the display was well worth the money, the match being anything if not fast. Although Walker showed little science he certainly

ly had the speed. Gustavo's speed and science is well enough known and needs little description for he was all there last night.

Some Ladies There.

Roi Barnes was referee and provided a few laughs himself. The house was practically filled and there were a few ladies scattered among the spectators.

There were only two toe holds in the course of the match, each wrestler using one. Gustavo does not worry about these and was able to get out of it just about when he wanted to. Walker is too short legged to be affected much by the toe hold and also got out easily. Walker was underneath the most of the time and got into many tight corners which were both punishing and tiring. Gustavo seemed to be able to handle him just about any way he wanted to. Walker only got two holds but they did not amount to anything.

After the match was over, Walker announced that if Gustavo could come down to 158 pounds he would be ready to meet him at any time for a side bet of \$250.

Both Gustavo and Walker sail tonight for the south.

Preliminaries.

The preliminaries last night were both snappy affairs. Gurvich and Chenoski went at it hammer and tongs and caused the spectators to work up a good deal of enthusiasm which was increased when Bob Matheson and Ralph Smith came up for the second curtain raise. Referee James McAlenan declared both bouts a draw which was fair enough. Gurvich was the quicker of the kids but Chenoski was able to hold his own.

The first round in the Matheson-Smith go was in favor of Matheson, the second even, the third, Smith's when Matheson appeared to go temporarily groggy and the fourth was even. There were some hard blows exchanged and both men were very solid.

Max Heilbronner was time-keeper for all matches.

PRINCE RUPERT DEFEATS ANYOX

Divided Exhibition Series Yesterday Afternoon by Winning 6 to 5 Victory.

Prince Rupert evened up the baseball series with Anyox yesterday afternoon when the locals won over the visitors in a keenly interesting contest by a score of 6 to 5. Howard Frizzell pitched seven innings for Prince Rupert and did very creditably, the support accorded him being of the best except in the sixth inning when Vic Menzies, on first, almost threw him down on a wild pitch to the home plate which allowed two runners to roam home. Clark Eady then took the mound for Prince Rupert and held the visitors scoreless for the rest of the game. Anyox started off with Cecil Ferguson in the box but he was pulled before the second inning was over after having been freely hit and letting past four runs for the home team. Benny Fitzpatrick, who is said to be the smelter town's star hurler, was then put in and while he did not seem to have much more than a fast delivery with a break, the local boys seemed to hit him with difficulty for they only got two runs thereafter.

Runs Were Made

Prince Rupert made two runs in the first inning, two more in the second and one each in the third and fifth. Anyox made one run in each the third and fourth innings and, with Frizzell's support breaking down for the first and only time in the sixth, scored three more. Things began to look bad in the seventh for Prince Rupert when Downs touched Frizzell for a one base hit and Brown walked. However, Moran sent an infield fly to Eason and was put out, Eason relaying the ball to Farquhar to catch Downs with the only double play of the afternoon.

Good Infield.

Anyox' strength apparently lies in base running rather than in hitting but Prince Rupert was able to hold the visiting team yesterday with similar good base funning and snappy field work. Wallace Anderson played great ball at short for the locals as did also Eason at second and

In the Sunset of Life

A comfortable and happy old age, care-free and independent—such can be your recompense, too, through life insurance.

Canadian Government statistics show the need for this provision:

"Ninety-five per cent. of men at 60 are dependent upon their daily earnings or on others for support, and not one man in thirty who retires with a competency is able to retain that competency to the close of his life."

People are realizing this fact, and life insurance companies in Canada are beginning to pay out more money to living policyholders than they do in death claims, despite the thousands of death claims annually.

The present is the time to make provision for the future, so that the sunset of your life will not be overcast with shadows.

Any life insurance representative will be pleased to show you how to provide a sure income for your later years.

LIFE INSURANCE SERVICE

PORT SIMPSON BEAT MASSETT IN SOCCER GAME THIS MORNING

The Port Simpson native football team defeated Masett in the second semi-final of the Exhibition series this morning by a score of 3 to 0.

The final between Kitimaat and Port Simpson will take place on Saturday afternoon after the lacrosse game. Kitimaat now holds the cup.

VOLCANIC CHANGES DRY AUSTRIAN LAKE

BUDAPEST, Sept. 11.—The biggest lake in Hungary, Lake Balaton, covering 360 square miles, would appear slowly to be drying up. In some places the water has receded a mile from the old shore line within a few years and the shrinking continues.

No one can give an explanation particularly as there has been plenty of rain recently. Geologists say that volcanic changes in the bed of the lake are responsible.

JUDGE PLEASSED WITH POULTRY

H. S. Waby Says It is a Very Creditable Exhibit and Urges More Chickens.

That the exhibit of poultry here this year is a very creditable one and that it should be steadily improved year by year is the opinion of H. S. Waby, poultry judge at the exhibition.

SAID HE COULD NEVER BE WELL

"Fruit-a-lives" Restored Him to Health

150 AVENUE PIER IX, MONTREAL "For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured."

At this time, a friend advised me to try "Fruit-a-lives". After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid.

GASPARD DUBARD. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

TERRACE NOTES

Rev. Rural Dean Marsh is in Rupert at present to attend a conference which Archbishop Du Vernet has invited to meet at his home on Sept. 11. A number of new men who have come to fill vacancies in the Diocese of Caledonia within the past year are to be present and some of the near-in clergy have been invited to meet them.

Mr. and Mrs. Archie Donaghy and their little daughter Esther left on Sunday's train for Prince Rupert.

Mrs. R. Gatto is another visitor from here to visit Rupert, Fair week.

The Ladies Guild of the Presbyterian Church met this week at the home of Mrs. Fowler.

The mill was shut down for repairs on Monday.

A. Y. Wilson of Remo has returned from a trip up the Kitsumkahum River where he had been cruising timber with General Blacklock.

Mr. Hat left with Mr. Owens for a trip up Kitsumkahum Lake.

Great excitement prevailed in Terrace Sunday morning when the hydroplane from Hazelton passed over the town on its way to the Prince Rupert Fair. It was the first time many here had the opportunity of seeing one and it was welcomed by all as the sign of the closer connection between outlying places and the rest of civilization.

Mrs. Geo. Dwyer was hostess to the Woman's Auxiliary of the Anglican Church this week at her home on Kalum Avenue.

Mrs. Wilson of Remo spent Monday in town.

Mrs. Jimmy Lever is another Terrace visitor in Rupert this week.

The private car of Mr. Kilpatrick, road superintendent of the G. T. P., was sidetracked at Terrace on Monday.

R. Curlett and E. Michaud of the Lakelse Valley are in Rupert this week.

Mr. Martin is visiting his daughter Mrs. J. Cook and his son Mr. Martin of the Lakelse Valley.

Her Two Children Had Diarrhoea Terribly Bad

Anyone suffering from bowel complaints such as diarrhoea, dysentery, colic, cholera, cholera morbus, cholera infantum, or any other looseness of the bowels, will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.

Mrs. Roy Keith, Charlton, Ont., writes: "I am writing to tell you what Dr. Fowler's Extract of Wild Strawberry did for me. Last summer my children had diarrhoea, terribly bad, and they would vomit and pass a great deal of blood. I tried every remedy we could think of, but finally bought a bottle of Dr. Fowler's Extract of Wild Strawberry, and about one half of it stopped the diarrhoea altogether. I have told several others about it, and I would not be without it in the house, as I can truthfully say it saved the lives of my two children."

Price, 50c, a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE.

In the Matter of the Administration Act and In the Matter of the Estate of George Crook Donaghy, Deceased, Intestate. In Chambers: Before His Honor F. McE Young, Thursday, the 24th day of August, 1922.

UPON the petition of J. H. McMullin, official Administrator, upon reading the affidavits of the said J. H. McMullin, of Albert Edwards, of Alexander Johnson and of Andrew Brown; and upon hearing Mr. W. O. Fisher of Counsel for the Petitioner. IT IS ORDERED that the death of the above-named George Crook Donaghy shall be presumed to have occurred on the 26th day of April, A.D. 1922, at Seven Mile Point, Graham Island, British Columbia.

IT IS FURTHER ORDERED that the said J. H. McMullin may apply for administration of the said estate and declare to the death as having occurred upon the said date upon publishing a copy of this order in a newspaper published and circulating in Prince Rupert, B.C., for a period of one month at weekly intervals. F. McE. YOUNG, J.S.C.
