G. T. P. Bylaw is Now Before People PRESENT SITUATION IN IRELAND IS ANYTHING BUT REASSURING

British Political Crisis Has Been Postponed for Present 17 to 3 Against Resignation

LONDON, March 7.—It seems that the political crisis has been postponed for the present and Lloyd George will continue in office for the present. The opposition has not developed serious proportions. There is unmistakable relief in ministerial circles at the postponement of the crisis, and it is now believed there will be no untoward development, at all events until after the general conference at Genoa, to which great importance is attached. Lloyd George is sick, but not seriously so. The Times says that after the news was published of the indisposition of the Premier the rate of 15 guineas per cent. was paid in the London insurance market covering the risk of his resignation between then and the end of the month. The rate was equivalent to the rate of seventeen to three against his resignation.

W. S. FIELDING RAISES LOAN

Arranges to Meet Obligations at New York with Interest at 5 Per Cent.

OTTAWA, March 7.—Hon. W. S. Fielding on his return from Washington issued a statement in regard to his visit. He said that from information gleaned it became clear that nothing could be done regarding possible reciprocity with the United States until the Senate takes final action on the United States Tariff Bill and the position of the United States becomes clear. Mr. Fielding said he had arranged for the issue of \$11,000,000 loan in three years five per cent bonds guaranteed by the government in New York at 5 per cent. Bonds of the government were guaranteed in New York to meet maturing obligations in connection with the National Railways. The price of the issue is not revealed but Fielding says it is satisfactory. The minister of finance expressed gratification at the attitude of the American towards Canada and the growing understanding in that country that it must buy from Canada if it wants to maintain markets in this country.

ULSTER WALKS OUT OF HOUSE

Object to Application of Cloture in Committee of Free State Bill.

LONDON, March 7.—All the Ulster members walked out of the House of Commons last evening when during the discussion in the committee stage of the Irish Free State Bill the cloture was adopted on Section 2 of clause 1 which is the operative provision of the bill as it declares the treaty shall have the force of law. The vote was carried by a good majority, the record showing 182 to 31. The Ulsterites declared the Government was unwilling to discuss their claims in the House and threatened to "discuss the bill elsewhere."

TORNADO DAMAGES EASTERN SECTIONS

Sweeps Through Part of South Carolina and Kills Six Persons.

AUGUSTA, Ga., March 7.—Six persons were killed and scores injured in a tornado which just before daybreak swept the mill town of Warrenville, S. C., and the village of Stiffleton, S. C. Langley, S. C., ten miles distant from here is also reported to have been heavily damaged.

AIR TANK EXPLODED.

KANSAS CITY, March 7.—Four men were killed and nine injured when a compressed air tank in the Kansas Railway Company's barn exploded this morning.

LIBRARY BYLAW PASSES COUNCIL; VOTE MARCH 22

The Municipal Free Library Bylaw, providing for the establishing of a library here at a cost not exceeding \$2500., passed its first and second readings at the meeting of the city council last night. It will be put to a vote of the ratepayers on March 22, the same date as the Grand Trunk Pacific Assessment Bylaw.

SIX DAY RACE

Riders All Even Today After Making 629 Miles

NEW YORK, March 7.—The riders in the six day bike race were all even at the 32nd hour today. The riders had travelled 629 miles and four laps. The record for the same time is 706 miles and one lap. The race started at midnight Sunday in Madison Square Garden.

COST OF DELEGATION

Austen Chamberlain Says £50,000 Will Cover Trip to Washington.

LONDON, Mar. 7.—Austen Chamberlain told the House of Commons that the cost of the British delegation to Washington would not exceed £50,000.

VANCOUVER IS COAST CHAMP

Beats Seattle in Playoff Last Night and Will Meet Regina Tomorrow.

PRAIRIE CHAMPIONSHIP

Second Game to Be Played at Regina Rink Day or Two Later.

VANCOUVER, March 7.—Playing airtight hockey, the Vancouver Millionaires defeated Seattle by a score of one goal to nothing in the second of the final game series, thus gaining the championship by a two goal lead. The game was fast and clean with both teams exhibiting big form. Vancouver specialized on defence but gave Seattle a run for her money, especially in the first period when the play was almost entirely in the visitor's goal. Adams scored the only goal, crowning his record as the biggest scorer in the league for the season by two to one over the next in the running. Vancouver will now play Regina, the winner of the Western Canada league series, the first game to take place here on Wednesday.

REGINA'S VICTORY

Edmonton, March 7.—Regina gained a well earned victory over Edmonton by two goals to one last night, winning the championship of the Western Canada League by a one goal lead. The Regina left last night for Vancouver where they will play on Wednesday.

SPECIAL MEETING OF CITY COUNCIL WAGE REDUCTION

Ald. Collart's Motion Calling for Sliding Scale was Thrown Out Meeting Last Night.

Ald. Collart's motion calling for a sliding scale for wages of city employees on a 25 year service basis was presented to the council last night and was lost. Ald. Collart being the only one voting for it. Ald. Montgomery and Ald. Dybbavn said that a similar scale had been adopted by the city years ago but, after one year's use, had been dispensed with. A letter from the Trades and Labor Council opposing the proposed ten per cent cut in wages of city employees was received. It pointed out that the time for such a cut was not opportune as the cost of living had not gone down sufficiently to warrant it. A report from the committee of the whole recommending a special meeting of the council on Friday night to go into the whole matter of wage reduction with departmental heads was received and adopted.

INVITE PRESIDENT LIBRARY COMMISSION TO VISIT THE CITY

The Library Association decided today to invite Miss Helen Stewart, president of the British Columbia Library Commission, to come to Prince Rupert next week to aid in organizing the new library here. Miss Stewart is looked upon as the dean of librarians in the Canadian west. She is also a good public speaker and takes a great interest in public affairs generally.

MEIGHEN ACCLAIMED CONSERVATIVE LEADER

Party Caucus is Held in Camera—Name of Party and Convention Date to Be Set.

OTTAWA, March 7.—Arthur Meighen was acclaimed as leader of the National Liberal Conservative party at a caucus held in camera here yesterday. The question of the name of the party and the national convention date is to be decided yet.

SPANISH CABINET HAS RESIGNED TODAY

MADRID, Mar. 7.—The Spanish cabinet headed by Antonio Maura resigned office today.

ELEVEN GIRLS KILLED

Explosion When Removing Powder from Cartridges.

BIRMINGHAM, Eng., March 7.—Eleven girls were killed and thirty severely injured in an explosion here. Powder was being removed from cartridges at a factory at Tipton.

REPUBLICAN ARMY TROOPS HAVE EXTENDED OCCUPATION OF CITY

LIMERICK, March 7.—Detachments of Irish Republican army troops, who invaded Limerick Sunday and commandeered the principal hotels, have extended their sphere of occupation by taking possession of the technical school. The situation early today was quiet.

DISARMAMENT IS NOW ACCOMPLISHED FACT IN BULGARIA; CENSORSHIP

SOFIA, Mar. 7.—Having accomplished disarmament, the Bulgarian inter-allied commission appointed for that purpose under the terms of the treaty of Neuilly left the capital today. The government authorities today revoked the press censorship.

POLITICAL CHANGES IN GREAT BRITAIN

LONDON, March 7.—Sir Ernest Pollock, solicitor-general, has been appointed attorney general succeeding Sir Gordon Hewart, who has been appointed Chief Justice.

PARIS, March 7.—German reparations payments to the Allies in cash, payments in kind and cessions of state property between Armistice Day and December 31, 1921, amounted to 6,487,856,000 gold marks, says a statement of the reparations commission issued today.

DISTRIBUTION OF MONEY AMONG ALLIES DISCUSSED TOMORROW

PARIS, March 7.—The finance ministers of Britain, France, Italy and Belgium meet here on March 8 to discuss the distribution among the Allies of the reparations payments made by Germany.

PRINCE RECEIVED WITH ENTHUSIASM PESHAWAR, INDIA

LONDON, Mar. 7.—Despite the racial at Peshawar with the resultant closing of shops, Reuters cable states that the Prince of Wales was received enthusiastically everywhere he visited and he drove in state through the city.

FISH ARRIVALS.

Four boats sold halibut this morning as follows: D. C. E., 7000 pounds; Imperial, 6500 pounds and Leonore 44,000 pounds, sold to the Allin Fisheries at 9.5c and 5c. Guilford, 8500 pounds, sold to the Canadian Fish and Cold Storage Co., at 8c and 4c.

The fire department yesterday afternoon at 3 o'clock responded to a call at the Benson Studio, where a coal oil stove had overturned and set fire to the place. The blaze was quickly extinguished with the use of chemicals and the damage was slight.

Grand Trunk Bylaw Passed by Council Vote on March 22

The new Grand Trunk Pacific Railway Taxation Exemption Bylaw, which has been in process of formation for some time in private committee of the council, made its first public appearance at last night's meeting and, after a reading of its terms clause by clause in the course of which there was considerable discussion and argument, the city solicitor and Ald. Montgomery taking the leading roles, the bylaw was passed through its first and second readings, Ald. Montgomery being the only member of the council board to vote against it. It will be submitted to a vote of the ratepayers for ratification or rejection on March 22. The election hours will be from 9 o'clock in the morning until 7 in the evening. City Clerk Woods will be returning officer. The bylaw has been prepared as a result of a difference of opinion between the railway company and the city on the 1922 assessment and has been tentatively agreed upon between the company and the council committee.

LOTTERY IN CHINATOWN WAS RAIDED

Three Chinese and Twenty-two White Men Arrested and Fined in Police Court Today.

The entire police force, headed by Sergeants Bailey and Mr. Glinchy, made a raid on warrant yesterday afternoon between 4 and 5 o'clock on 839 Third Avenue West and arrested three Chinese and twenty-two white men. The Chinese were charged with running a gambling house, to wit, a lottery, and the whites with being inmates. This morning all appeared in the city police court. The Chinese keepers were fined \$25 each and the white men \$10 each. A large amount of elaborate lottery equipment, including dice, beans, checks, literature and four tills of cash were seized and confiscated as well. The raid was made as a result of information gained by Sergeant Bailey and Constable Logan about a week ago. The gambling devices were in full operation and the law-breakers were caught red-handed. They all pleaded guilty in court. The Chinese were Lee Bo, Lee Wing and Lee Sing. The twenty-two white men were Frank Gilzarni, Pete Johnson, James Laing, Philip Geroux, M. McGuire, J. C. Robinson, B. Perrotti, Charles Mitchell, William Ferguson, R. Myers, S. Cameron, Fred Debinskey, Cliff Rossen, G. H. Portefance, A. Rivett, H. Campbell, William Rogers, L. Grimson, H. Jackson, A. Norgren, D. C. Hall and D. Harrison.

EXCITEMENT IN IRELAND YET

Shooting and Other Unlawful Acts Continue in that Country.

DUBLIN, Mar. 7.—Fermanagh and the Free State counties of the north are cut off from the rest of Ireland owing to disturbances. During the week end the roads were entrenched and bridges destroyed. The extent of the damage is not yet known. There have been several cases of shooting and feeling runs high. BELFAST, March 7.—Katherine Lynch was shot dead by unknown men who entered her house bent on vendetta of some kind. Severe fighting between militia and snipers in the Stanhope district resulted in the death of Thomas Eastwood through machine gun fire.

REPUBLICAN ARMY TROOPS HAVE EXTENDED OCCUPATION OF CITY

LIMERICK, March 7.—Detachments of Irish Republican army troops, who invaded Limerick Sunday and commandeered the principal hotels, have extended their sphere of occupation by taking possession of the technical school. The situation early today was quiet. With the town occupied by three distinct forces, namely British troops not yet evacuated, Free State Republicans and members of the Irish Republican army, the situation is regarded as full of possibilities.

Library Goes Before People.
 The library proposal is now before the people and a vote on it will be taken on March 22. The council followed out the mandate as set forth in the petition of the ratepayers. The next step will be to vote. There will of course be opposition to the bylaw. There seem to be people in every town who vote against everything. If the Angel Gabriel were to make a proposal that the city be incorporated as one of the districts of heaven there would still be the old guard who would want it kept as one of the precincts of hell.

The people have already registered their approval of the library idea in giving so generously of books to form a nucleus of the collection. The president of the provincial library commission in estimating the number that might be collected locally put it at 500, but instead of that the people gave nearer 1700. It was a wonderful demonstration of a desire on the part of citizens to be helpful to the community and to encourage the efforts of those who are working to make the library a success.

Great credit is due those who have given their time for the public service in getting the library started. There is still a good deal for them to do and doubtless they will rise to the occasion and work with a will until a new librarian is installed and the books are being loaned. It begins to look as if Prince Rupert would have an institution of which she may be proud.

Most Complete Cold Storage.
 When it is considered how many big plants of various kinds are established in the North and how few of them are operated successfully, it is matter for congratulation that the Canadian Fish and Cold Storage Company has made such a good record and has kept the big plant, the biggest on the coast, operating all the time and apparently paying its way. It is no small matter to operate a plant these days in such a way as to make it pay. It is a feat worthy of emulation. It means everything to Prince Rupert. The addition of the ice freezing capacity is in line with the progressive spirit that has carried the concern along for several years past.

Parliament Opens Tomorrow.
 Tomorrow afternoon the Governor-general will open Parliament, the first in which Hon. W. L. Mackenzie King will lead the government. Like all new governments it is more or less experimental. All democratic government is experimental. We believe that Mr. King has the ability to handle the affairs of the country. The people as a whole think so or they would not have given him their confidence and placed him in the position he now holds.

What effect will the coming of the new government have on Prince Rupert? That is what we are interested in. It is because we expected to get certain results that we voted to send to Parliament a supporter of the government. It will of course take time to work out policies and bring about changes, but we all look to see Northern British Columbia benefitted by the recent change. Something perhaps will depend on the attitude taken by the government at the coming session of Parliament, but more on the general attitude which it adopts toward those things which make for the upbuilding of the North. We expect the period of railway hostility to cease and in its place come a desire to serve the North and particularly the terminus of the line, on which the whole system depends.

Eyes Are Still on Old Country.
 The eyes of the Canadian people are still fixed on the Old Country and noting the political changes which are taking place. That there is a political upheaval going on is very apparent, and that it may have an effect on the whole Empire is very clear. While our government has little more than a sentimental relationship with that of Britain, yet we as a people are very largely influenced by the political and social changes going on there, just as we are influenced by the changes going on in the United States. The fact that so many people who live here come from the British Isles adds much to the interest taken in the political occurrences in that country and also adds to the influence which those occurrences have on the people of Canada.

TOO FEW SIGNED FOR ALFRED STREET ROADWAY PETITION

The city council was notified by the Board of Works last night that the petition of John Lambie and 14 others for the putting in of a 16 foot plank roadway on Alfred Street was insufficiently signed and therefore no action could be taken on the matter. The petition needed 21 signatures, but only had fourteen. It was pointed out that there was difficulty in getting such a petition signed for much of the property concerned was held by the provincial government. The report was adopted but the matter is coming up for further consideration with a view to obtaining some other means of doing the work which it is felt is rather necessary.

Ald. Kerr said that if a proper petition could be brought to the council he was sure that the Board of Works would not turn it down. Ald. McLeod said that the road should be put through by some other means if it could not be done by local improvement. Ald. Montgomery said that, since the provincial government was practically the stumbling block, he thought the city might create a precedent in putting the road through. Ald. Silversides concurred with Ald. Montgomery and thought the city solicitor might look into the matter.

SINGLE UNEMPLOYED ASK FOR MORE TIME

Delegation Appearing Before the City Council Receives No Assurance on Matter.

A delegation from the unemployed consisting of W. Dickens, K. Thompson, G. White, W. Wicks and A. Chapman waited on the city council last night asking that the allowance of work under the city relief scheme be raised from two days to three days for single men. It was pointed out that \$6 thus earned by single men per week was not sufficient for them to live on and they felt that they were being discriminated against while the married men were getting good treatment. Mayor Rochester said that the single men were not being discriminated against but it was felt that the married men had many times the mouths to feed and were not in as good a position to rustle as the single men. The city did not mean much money, but it was all that government allowed single men and if the city gave more time it would have to pay the entire cost. He would take the matter up with the provincial government. In the meantime nothing could be promised for the city had already used up all the moneys appropriated for this purpose and there was yet three weeks to go.

Ten Years Ago in Prince Rupert

March 7, 1912.
 The new postoffice will be built at the corner of Third Avenue and Third Street. It is announced that J. H. Hilditch has the contract for the building which will be 56 feet by 100 feet and three storeys in height.
 The Progressive branch of the Prince Rupert Conservative Association elected the following officers at last night's meeting: President, A. J. Prudhomme; first vice president, J. F. Macdonald; second vice president, F. M. Lennie; secretary, Neil McKay; treasurer, William Sibbald; executive committee, S. M. Newton, John O'Brien, George Leek, W. Angle, J. H. Kelly and Douglas Sutherland. A report recommending the expulsion from the Association of Dr. W. B. Clayton, J. Fred Ritchie, H. H. Clarke, Ed Clarke, W. R. Love, A. Ward, H. H. McKinnon and H. Douglas was unanimously adopted.

Prince Rupert people last night in the new Methodist Church had the pleasure of listening to the first pipe organ recital ever rendered in the city. Professor Serle played.
 Joe Brown has offered the city \$150 for lot 4, block 8, section 1, which was on sale at the municipal tax sale at the upset price of \$694. It was pointed out that the city did not hold the title to this lot and therefore the matter was laid over.

For PERFECT HEALING—It's ZAM-BUK EVERY TIME

ULCERS & OLD WOUNDS. "Ulcers broke out on my right ankle, and the whole leg was full of inflammation and pain," says Mr. Edward Bingham, of 118, Brant Avenue, Brantford. "I could neither wear boot nor shoe, nor could I move about at all. Lotions, salves and ordinary ointments seemed unable to touch the ulcers, but the very first application of Zam-Buk was soothing and cooling. As I kept on with Zam-Buk, the swelling, inflammation and discharge was thoroughly subdued, and the sores were gradually and permanently healed with firm new tissue."

ECZEMA, RINGWORM, Etc. "A nasty patch of eruption," writes Mrs. W. Adams, of 489, La Salle Road, Montreal, "started on my little son's neck and spread rapidly until his body was entirely covered. The boy was treated at three different hospitals and at last the doctor pronounced the disease incurable. Five years elapsed from the sores first appearing when a friend got me to try Zam-Buk. This great herbal balm brought a marvellous improvement. My boy got better and better until after four months Zam-Buk treatment his skin was absolutely cleared of every sore and eruption. There has never been the slightest sign of disease since."

EVERYDAY INJURIES. "I gashed my fingers very badly with a piece of tin," says Mrs. S. Cliff, of Melville, S.D. "The wound somehow became infected, and blood-poisoning set in. I received doctor's treatment but the throbbing and swelling spread right up into my shoulder. So long as I live I shall never forget the relief experienced the first time I applied Zam-Buk. The swelling was reduced rapidly and before long Zam-Buk had drawn every bit of inflammation and poisonous matter out of the wound and effected perfect healing."

THERE'S NOTHING TO TAKE THE PLACE OF Zam-Buk

FATHERS GUESTS OF SONS AT BANQUET IN METHODIST CHURCH

What is known as a "Lad Bring Dad" banquet was held last night in the parlors of the Methodist Church, when the boys of the Treat Hangers were hosts to their fathers. The menu was prepared by the lads and included such wholesome provender as baked beans, sandwiches, pie and cake, with hot coffee.
 In order that the boys might enjoy the event, a committee of ladies took the serving off their hands, this committee including Mrs. Cameron, Mrs. Howard Steen, Mrs. Bert Stockdale, Mrs. J. Irvin, Mrs. John McKechnie and Miss Morrison.
 There was a short program consisting of a piano duet by Gordon Parkin and Clifford Cameron, a song by Mr. and Mrs. Stockdale and an address by P. Linzey on "The Lad's Challenge to the Dad."
 Adjourment was then made to the gymnasium, where a basketball game between prearranged teams was hotly contested. The following were the teams and scores:
 Eddie McLean, Isa Katsayama, Jack Wrathall, Bert Kelly, Harold Macdonald—14.
 William Wrathall, Yoshi Katsayama, Clifford Cameron, Henry Heilbronner and Frank Morrison—10.
 The parents were much pleased with the entertainment given them. There were present at the banquet about fifty in all, and on the whole a most enjoyable and profitable time was spent.

An offer from F. F. Steves to purchase Lot 67, Block 20, Section 2, for \$200 was accepted by the city council last night. Mr. Steves intimated in his application that he intended to build on the property.

The Inter Empire Trade Association's letter asking for co-operation of the city in its efforts towards promoting Canadian trade was laid on the table for another week by the city council last night.

The city council last night granted permission to David Glennie to transfer his lease of the city Market to F. W. Moersch. Negotiations have been completed whereby Mr. Moersch will take over the business.

The report of the Building Inspector for the month of February showing that 17 building permits representing a building value of \$18,585 had been issued was received by the city council last night. Building permit fees amounted to \$36.35, plumbing fees \$16 and \$270 business license collections had been made.

In the Saskatoon Star of last Saturday appears a picture and sketch of Mayor Harry B. Rochester, of this city. The article tells of the recollection of Mayor Rochester last January and also of some of the work he is planning along the lines of permanent street improvement. The present streets are described as being on stilts and as "hen ladders."

The city solicitor reported to the council last night that the city could not be held responsible for the accident to Mrs. H. R. Hill and her child in falling on a defective plank on Sixth Avenue. A claim of \$50 for expenses had been entered. Several of the aldermen felt that some consideration should be given the case and it was referred to the mayor with power to act.

Tenders for pole line materials from the Rupert Marine Iron Works, Pattinson & Ling, Parkin & Ward, the Canadian General Electric Co. and the Northern Electric Co. were opened by the city council last night and referred to the Utilities Committee with power to act.

The city council, on recommendation of the Board of Works has decided to accept the offer of Jim Postulo to give free rock from his lots at the corner of Seventh Street and First Avenue. The matter of sewer connection to the Grandview Hotel and these lots which Mr. Postulo has asked for was referred to the city engineer for report.

Tenders for drilling material including a compressor, drills, tripods and air receiver were opened by the city council last night and referred to the Board of Works for report. Tenders were from Mussons, Limited; A. R. Williams, National Machine Co., Ltd., Rupert Marine Iron Works, Frank Darling & Co., Hole & Co., Canadian Ingersoll-Rand Co., and Sullivan Machinery Co.

Ald. Collart's motion calling for the installation of permanent concrete catch basins on Third and Second Avenue where the streets are being surfaced was referred by the council to the city engineer for report last night. Mayor Rochester felt that it was not necessary to put in permanent catch basins on semi-permanent work. Already wooden catch basins have been put in on Second Avenue where the work was completed.

The following telegram was received yesterday from Vancouver, addressed to the K. of C. CITY COUNCIL TO RECEIVE SAME PAY AGAIN THIS YEAR

The indemnity bylaw for the year 1922 providing for \$300 pay to aldermen and \$1500 to the mayor, with a deduction of \$3 for each meeting missed by the aldermen, passed its first and second readings before the city council last night.

In connection with the bylaw, Ald. Collart moved that the aldermen forego their \$300 for the year for reasons of economy. The motion was supported by Ald. Dybhavn. After some discussion, in which Ald. Silversides, Ald. Montgomery and Mayor Rochester expressed opposition to the cut, the vote was put and Ald. Collart and Ald. Dybhavn were the only members of the board who voted for the eliminating of the aldermanic stipend.

The bylaw then passed its formal reading without further delay. The indemnities provided for this year are the same as last year.

Now that the basketball season, in which the ladies took such an active part, is over, it might be well to consider what there is going to be offering in athletic lines for the gentler sex during the coming summer. As they have shown so much enthusiasm and skill in the indoor game it seems that they might be well organized for outdoor sports. Baseball and grass hockey have been taken up with success by the girls in other cities and should be given a trial here. Football, which takes such a prominent part on the men's program, is more or less "taboo" as far as the ladies are concerned so thought of it may be abandoned. When they are preparing for the season, the organizers and the athletic associations might well consider the possibilities of having ladies' sport continued into the summer. Nothing along this line has ever yet been taken up in the city but there seems no reason why it should not be given a start now.

ANOTHER FISHING SCHOONER TO FACE BLUENOSE FOR CUP

HALIFAX, Mar. 7.—Most Nova Scotians regard the Lunenburg schooner Bluenose, winner of the 1921 international fishermen's championship trophy, as the logical defender of the tankard for Canada this year. A "dark horse" is now building at Lunenburg and probably will compete in the elimination races next September, when the defender will be selected, but the schooner race enthusiasts of Halifax and Lunenburg pick the Bluenose as the winner of the final contest.

As for the international races, which, in accordance with the deed of gift, will be held off Gloucester this year, probably in October, there is no such certainty though many "Bluenoses" predict another Canadian victory. Forecasts talk—and there is much of it these cold days, with the bank schooners snug at their berths for the winter or else freighting south—credits the "downhomer" with a good chance of winning but goes no further.

Dimensions Not Known.

The Nova Scotia fisherman is proverbially cautious in his comment. And he is particularly canny when it comes to comparing the known sailing qualities of the Bluenose, which spent a season on the banks, and is now on her second cargo trip to the West Indies, with the unknown sailing qualities of the fishing schooner Puritan, now building at Essex for Gloucester men who wish to avenge the Elsie, defeated by the big Lunenburg vessel in the international off Halifax last year. The exact dimensions of the Puritan are not known here, but it is generally accepted that, designed by W. Starling Burgess, she will be capable of showing a clean pair of heels to most fishing vessels, and that Captain Angus Walters, the Bluenose's clever little skipper, will find the new Yankee schooner a hard nut to crack. Captain Angus, home now at Lunenburg watching the sale of the fish his vessel caught on the banks last year, is moderately optimistic but not talkative. He says he will reserve his views until the race is over.

WHIST DRIVE AND DANCE BY ADAIR CARSS CHAPTER

The Adair Carss Chapter, Imperial Order Daughters of the Empire, held a very pleasant whist drive and dance in the St. Regis dining room last evening. There were 18 tables of cards and the first prize winners were Mrs. S. P. McMordeie and H. F. Glassy, consolation awards going to Miss M. Carter and G. W. McKay.

Delightful refreshments were served, in the course of which musical numbers were rendered by Mrs. C. H. Tupper, Mrs. Stanley Bennett, Mr. and Mrs. Stockdale and Pryce's Orchestra. A short dance followed.

The general committee in charge comprised Mrs. S. J. Evans and Mrs. F. Dibb, with Mrs. S. V. Cox looking after refreshments.

Prize Essay in Rotary Club's High School Competition by Miss Mary Sims, Age 16 Years

PRIVILEGES AND DUTIES OF CANADIAN CITIZENSHIP.

In dealing with such a subject as "The Duties and Privileges of Canadian Citizenship" it would be well first to find just exactly what the two words "citizen" and "citizenship" mean. By consultation with Webster's dictionary we find that a citizen is a freeman or an inhabitant of a city, while citizenship is the rights enjoyed by a freeman or citizen. To be a good citizen, however, one should not merely be an inhabitant of a city. That does not seem a suitable way of expressing what a citizen is. A real citizen is one who owes allegiance to his town or city and is entitled to protection of its laws. The citizen of today has far more privileges than the citizen of the earlier ages. Today, every man can have a voice in the government of his country. This is one of the greatest privileges granted by the free and democratic government of the present day. Any good citizen should then seize this opportunity of doing something beneficial for his country and fellow men.

Natural Wealth.

Our country is rolling in natural wealth and resources waiting to be developed by the industrious citizens. The seas are literally teeming with opulence in the form of all sorts of fish. This affords a great opportunity for those who take up the fishing industry. Then our forests are both numerous and densely wooded with the finest kind of timber. Lumbering, then, should play an important part in the industries of Canada. All kinds and descriptions of minerals may be found in practically every part of our Dominion. Then the soil itself is fertile—some parts suitable for grain growing, others more fitted for fruit producing and others capable of producing practically anything. Therefore agriculture should of necessity be developed to a high degree. Our histories inform us that agriculture is the mainstay of any country, therefore it is the duty of all good citizens to further this industry and be of service to their own land. Industrial prosperity and the growth of manufacturing in the cities could not avail to offset the decay of agriculture. This however, does not necessarily mean that manufacturing should be undeveloped. On the contrary as much interest and energy should be applied to increasing the manufactures of a country, as is given to the development of agriculture. One should not suffer at the expense of the other.

Great Opportunity.

Canada is a large country, therefore offers a great opportunity to every true citizen to increase her power and importance in the world. One who is content to let things pass as they will is not a loyal citizen of Canada. It is everyone's duty to keep well-informed on the current events which take place in their own land. Newspapers should be read intelligently and all important news such as that bearing on the politics of the day should be gleaned from them. If this were done by everyone, it would make the people of Canada realize more fully how important a part each and every one of them should play in the political activities of the country. We have inherited free political institutions and it is therefore the duty of every good and true citizen to develop these institutions according to the ever-changing needs of the day. But for those who do take an active interest in these matters, conditions would be a terrible state of turmoil and degeneration. People should not take part in political affairs merely for the purpose of obtaining eminence for themselves, but for the purpose of serving the country and benefiting mankind as a whole. We should become imbued with the grand spirit of service for the country. Our brain power should be used to alleviate the suffering and promote the welfare of the people of Canada. If we possess any latent power we should employ it unselfishly in the service of our country.

Good and Bad Citizens.

Very often we come in contact with men and women who say that they have no wish to participate in the political affairs of their town. They ask why they should bother to do so when there are plenty of others to do it. So they calmly "sit back and fold their hands" while others do the work. This class of people

party. The very fact that there is opposition prevents crookedness and encourages straighter dealings in politics for each side is ever-ready to find fault with the policies of the other. In the elections a true citizen does not vote for a candidate simply because he or she is a friend of his but because he knows that that candidate will do his utmost to improve the conditions of the country and work unselfishly in her service.

Most Important Duty.

Nowadays, since we have obtained equal franchise and women are allowed to vote there is no reason why everyone who qualifies as a voter should not do so. If the spirit of advancement could only be instilled in the minds of the coming generation, conditions would be far better than they have been hitherto. Then, perhaps, there would be fewer "back seaters" and more energetic workers in the service of the country. The most important duty then, of a true citizen is to serve his country and his fellow-men.

Many Delegations Visited Ottawa Prior to Session; Matters to be Discussed

OTTAWA, March 7.—Since the beginning of February there has been a constant procession of delegations here interviewing the ministers in regard to special legislation for the various districts represented. This is in addition to the members which represent those districts. Each province has been represented, and in each province there have been different groups.

From Victoria there has been a delegation working quietly and unobtrusively to secure continuation of the work on the

Esquimalt drydock, on which already a very considerable sum has been spent. There have been other requests made, especially in connection with the operation of the ocean docks at that port. Vancouver has had a great many requests to make. The delegation headed by the Board of Trade president, laid its requests before the Government with a great deal of force and with great expectations, but in no case did the Government give them any inkling of what might be expected at this session of the House.

There has been a Prince Rupert delegation which has been very persistent and has had a number of interviews with ministers and the members of which seem very confident.

Winnipeg has been represented, Edmonton, Regina, in fact any substantial section that has not been "after" something is noticeable.

The Legislature opens tomorrow, but it will be a week before there is anything of much interest beyond the reading of the speech from the throne and the election of the speaker.

Returned Soldiers

That there will be legislation affecting re-establishment of returned soldiers is a foregone conclusion. The government has promised to appoint a Parliamentary Committee on this subject which in its report will say whether it finds further measures necessary for the proper re-establishment of the returned men. There are stated to be many directions in which the returned soldiers themselves desire the government to move, and it is expected that some of these plans will be laid before the Parliamentary Committee when it meets and passed along by that committee to the House.

Immigration is a vital matter at the present juncture in the country's affairs and legislation affecting the incoming settler is looked for. The need of a clear immigration policy has been pressed upon the government from various sources in the past few weeks, and some changes in the Act are expected during the coming session. One of these, it is thought, will be the removal of that clause which permits the deportation of British-born on the decision of the Minister. Last year such an amendment was defeated by the Senate, though it was a government measure. With the additional Senate majority against the present government the fate of a similar Bill is problematical.

From Former Allies.

The future immigration policy is now receiving considerable attention. For the purposes of settling up the vacant lands and also of providing additional business for the national rail-

ways, the government has been urged to bring in people from any country, but on the other hand there is a strong agitation against opening the gates to anyone but men and women who will devote themselves to agricultural pursuits when they reach Canada. Whatever measure is brought before the House, it is felt, will seek to encourage immigration from the British Isles, the United States and some sections of Europe rather than from the late enemy countries of Central Europe, where, it is stated, there are thousands of people willing to emigrate to Canada but whose presence here is not particularly desired at the present.

Revision of the Bank Act, which comes every ten years, will be one of the matters before the Select Committee on Banking and Finance, to be followed by submission of a Bill to the House it is expected. If the census returns are complete in time, there may also be a Redistribution Bill before Parliament during the next couple of months or so, and this will undoubtedly bring many changes in the representation, the western provinces gaining seats in the House while some of the eastern provinces will be reduced as to their membership.

Minister of Defense. One of the important measures of the session will be that providing for the amalgamation of the Militia, Navy, Air Force and Mounted Police under one Minister of Defense. Steps to carry out this amalgamation are already under way and a Bill to provide for the change is to be submitted early in the session. This carries with it a pronouncement of policy in regard to the Royal Canadian Mounted Police which should prove interesting. From various sources there has been a move to have the Mounted Police return to its old footing of a force to police the unorganized territories of the country, and a bill providing this would not cause surprise in political circles. The headquarters of the force may remain at Ottawa, but it is thought that eventually the brilliant uniforms of the constables will be withdrawn from the streets of Eastern cities.

The policies of the new government in respect to railways and merchant marine are understood to be under consideration at the present time. When the legislation affecting the National Railways comes before the House, it is expected to carry with it some pronouncement from the government as to its decision in carrying on to the present system. There are opponents of government ownership in the government's own support, it is well known, but there are also many strong supporters who will de-

I'm So Tired

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills — the best known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 2, King, Ont., writes:

"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

PROVINCE OF BRITISH COLUMBIA. FOREST SERVICE ACT. DEPARTMENT OF LANDS.

EXAMINATION FOR THE POSITION OF ASSISTANT FOREST RANGER.

These examinations are for the purpose of filling present vacancies and to enable candidates to qualify for future vacancies and increases in staff.

Assistant Forest Rangers are employed during the fire season (May to September) of each year and this period is extended where possible by work on improvements, such as trails, etc. Reappointment is made each year as long as satisfactory service is given. Promotion to the permanent staff is made by merit and examination on occasion offers. The salary is \$100 per month for the first year and \$110 per month the second year and \$120 the third year. Travelling expenses are also paid.

Qualifications for Candidates. Candidates must be British subjects resident in British Columbia for at least one year; of good character; good physical condition and with woods experience. They should have experience in fire fighting, possess the ability to organize work and handle men, and have knowledge of the Forest Act.

The examinations are partly written, partly oral and are designed to test the candidate's ability along the above lines. The statements made by applicants as to their qualifications and fitness are subject to verification by the examining board. Preference is given to returned soldiers with the necessary qualifications.

The examinations will be held at the following places and on the dates named below. Each sitting candidate should apply to the District Forester of his district for application forms and for information regarding the hour of the examination and the place at which it will be held. Application forms should, in each case, be filled out and mailed to the District Forester in charge of the examination at least two days before the examination.

EXAMINATIONS FOR THE POSITION OF FOREST RANGER.

These examinations are for the purpose of filling a vacancy and to enable candidates to qualify for future vacancies and increases in staff.

Forest Rangers are employed the full year. The salary is \$125.00 per month and field expenses. This is increased to \$140.00 per month the second year and \$150.00 a month the third year provided satisfactory service is given and sufficient marks are obtained in the examination; also there are opportunities for promotion to higher positions. Rangers who fail to qualify for the higher grades in their first examination may have an opportunity to do so at subsequent larger examinations.

Qualifications for Candidates. Candidates must be British subjects not more than forty-five years of age; resident in British Columbia for at least one year; of good character; good physical condition and with woods experience. They should be familiar with the practical side of logging, timber cruising, surveying and forest protection; possess a knowledge of the Forest Act; and have the ability to organize work and handle men. They are also required to be able to write, speak, read and understand English.

The above examinations will take place at Prince Rupert on March 16th and 17th and at Kamloops on March 20th. For further particulars apply to the District Forester, Prince Rupert. W. H. MACINNES, Civil Service Commissioner.

PRINCE GEORGE
W. H. Fairley, the Dominion government agricultural expert and egg specialist, visited the district last week and lectured at Vanderhoof. Professor Fairley said that there should be a good opening in the Central Interior for egg producers as the difference in the local and Vancouver wholesale prices should more than offset the disabilities of the north in the matter of climatic conditions.

The city council has declined to make payment in the case of City of Victoria vs. the Catholic Church on the taxation of church property. The city's share of the cost was \$98,86.

The Presbyterian Church is to build a \$10,000 edifice in this city. Construction will start as soon as the frost has left the ground.

The telegraph tolls between here and Quesnel have been reduced from \$1.80 and \$2.20 to \$1 straight for day and night messages.

Fred Taylor, secretary of the Prince George Agricultural and Industrial Association, has received advice from Hon. W. R. Motherwell, minister of agriculture, that no hope can be entertained for the establishment of an experimental farm in the district this year. Financial reasons present the main difficulty.

Dean L. S. Klineck, of the University of B. C., on Sunday delivered a lecture in the Dreamland Theatre under the auspices of the Prince George Board of Trade on "The University of B. C. and its relation to the Province." Alex Young, president of the board, was in the chair.

The tie camp strikers held a meeting in the Princess Theatre last week and voted by 181 to 1 to remain out. There are only 15 men working at present in McArthur's camps.

Mrs. P. S. Bonney has been appointed musical director in the schools of this city.

Jack Kavanaugh, the Socialist orator, is to address a meeting in Prince George tonight.

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.
Miss Clara Murphy, Centre Dummer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

GRAND TRUNK BYLAW PASSED BY COUNCIL VOTE ON MARCH 22

(Continued from Page one)

paid by the other property owners and the mill rate would advance to 40. He considered the agreement was unwarranted, ill considered and not in the interests of the city.

Correct in Figures.
Ald. Dybbhavn said that he would like Ald. Montgomery to be correct in his figures. He had stated that the same lands which paid \$91,000 last year would now pay \$10,500. This was absolutely an incorrect statement. This year the company would pay \$10,500 plus taxes on leased land plus local improvement taxes. It was a matter of fact that the company had paid \$22,000 to much last year on the dry dock account.

Ald. Montgomery said he was sorry that the chairman of the Finance Committee should try to be misleading. The city treasurer had told him that the company paid last year \$91,000 plus \$6,000 local improvement. He thought that any revenue the city might get from leased land now would be small. As far as leased lands were concerned he did not want there to be any debatable point whereby present leased land taxation might be credited to the \$45,000.

Paid in Error.
City Solicitor Hooper said that one should look fairly at the \$91,000 paid last year. It was true this sum had been paid but \$22,500 had been paid in error on the dry dock when a bylaw passed by the ratepayers had provided for its exemption. All had understood that the dry dock was to be exempted and the fact that it had been charged \$22,500 had been an oversight. The company really should have paid \$68,500. The agreement provided for the payment of \$15,000, \$4,500 yearly for five years of which had actually been paid already by this payment on dry dock taxation.

Ald. Montgomery asked the city solicitor if he would stake his reputation on a statement that the \$22,500 had been paid in error.

The city solicitor said that it was his opinion that the bylaw exempting the dry dock might be proved ineffective on account of operations having ceased in 1920 but there was no doubt that the company would make a fight with this in their hands. It would be up to a Supreme Court judge to decide and his opinion might not be accepted. Even if the bylaw were proven ineffective the railway company would likely be entitled to a revision on the dry dock assessment which would bring the taxation possibly down to \$12,000.

Ald. Montgomery questioned the status of leaseholds and the matter of credits against the \$45,000. The city solicitor pointed out that there were two classes of leaseholds—present and future. Present leaseholds were to be taxable and would not be credited against the \$45,000. Future leaseholds would be creditable. The Municipal Act would provide for taxation of present leases in any event.

Fight if Necessary.
The matter of the exemption of the dry dock was then taken up. The solicitor stated that, while an exemption bylaw had been passed, he could find no

authority where that bylaw was really effective although the city had morally granted exemption. He would like to see the matter again referred to the property owners. He had advised the G. T. P. Co. that he would fight the bylaw if necessary.

Mayor Rochester said that the \$22,500 was not correctly chargeable against the railway company. Even if the bylaw was ineffective the Court of Revision had not made an adjustment of dry dock property in line with other reductions of railway property.

The city solicitor explained that the \$22,500 had been paid in error by the railway company while the tax commissioner, who was conversant with the actual facts of the case, had been absent from the office of the company. The check had been forwarded in error by a clerk. When notice had been given the time for rebate was nearly up.
