PRICE FIVE CENTS

Burglars Make Big Haul From Bank CONVICTIONS FOR LIQUOR SELLING AT BURNS LAKE YESTERDAY

EDITORIAL

SHIP CANADIAN WHEAT BY CANADIAN PORTS.

Another argument is forthcoming in favor of shipping grain by the western route instead of allowing it to be shipped out through American ports in the East. Lately the Canadian grain has become contaminated by the mixing of inferior southern grain with the fine product of the Canadian prairies. This is bound to continue as long as the United States ports in the East are used.

Grain shipped by way of Prince Rupert would be in no danger of contamination and the fact that it came this way would be sufficient guarantee to the European buyers who are working up over the lack of guarantees over the other route.

With a large elevator at Prince Rupert and regular shipments made this way, it could be insured that Canadian grain would be shipped in Canadian vessels to British ports and the profits all be kept within the Empire. That would be the best kind of imperialism, much better than waving the flag and then turning everything over to a foreign country.

SIX MONTHS EXTENSION

To Taylor Mining Co., Ltd. to Redeem Obligation to Wingfield, Dolly Varden Mine

PEOPLE OF ALICE ARM ARE NOT OPTIMISTIC

ALICE ARM, Aug. 30.—The news that the Taylor Mining Co. has been given six months to redeem its obligation to George Wingfield, the Colorado mining man, who holds a mortgage on the Dolly Varden mine and who recently was granted the right to foreclose by the courts, is not reassuring to local citizens who are anxiously awaiting for a resumption of activities at the Dolly Varden and the consequent reopening of the railway which serves the entire Kootenai River mining district. It is not thought that the Taylor Co. is in a position to proceed and Wingfield is looked to for the next definite steps as to the future of the property. As it is now, the extension of six months will reach into the winter and there is believed to be little probability of any action being taken in the meantime or until next summer when the country opens up again.

FISHERMAN DIED TODAY

Die Sather, Stricken With Heart Trouble, Expired in the General Hospital.

Die Sather, a fisherman from the schooner Nornen which arrived in port today, expired in the General Hospital this afternoon following an attack of heart trouble. Sather was stricken this morning and taken to the office of Dr. W. T. Korzina where he rallied sufficiently to be removed to the hospital. Shortly after he died there.

Sather was a member of the Deep Sea Fishermen's Union and was well known in this port.

LUMBER DEMAND FROM EAST IS NOW IMPROVING

But Prices Have Not Yet Been Affected—Two More Mills May Soon Re-open

The demand from the Eastern States for spruce lumber cut in this district is reported by local lumber men to be improving but the increased call has not yet been accompanied by a rise in prices.

The George Little mill at Terrace and the Lakelse Lumber Co.'s mill at Ansbury are finding a ready market in the East, principally New York, and a good deal of the output of these two plants this summer has been going there in spite of high freight rates. A few prairie orders have also been filled by these mills besides local trade.

It is reported that the Royal Mill at Pitman Spur and the Kleanza Mill at Usk will reopen this fall. Both mills have a good log supply on hand and are in a position to start cutting at short notice.

CONSERVATIVES ENTHUSIASTIC

Was Scrapping and Squabbling at Convention But That Good Sign

"The Conservatives believe that the Liberal provincial government of British Columbia is about done and that their turn will come in a very short time, therefore, the convention in Vancouver last week was a red hot one—the hottest in fact that has been held in years. There was all kinds of scrapping and squabbling but that was a good sign for it shows that the tide is about to turn and everybody was satisfied that it was one of the most enthusiastic party gatherings in the history of the province. Mr. Bowser was the choice of the majority as leader and, therefore, we are satisfied."

Such is the statement of W. J. McCutcheon, one of the local delegates to the recent Liberal-Conservative convention at Vancouver, who returned this morning from the south on the Prince George. Mr. McCutcheon was accompanied by his wife and daughter. Besides attending the convention in Vancouver they also took a run over to Victoria and Seattle.

Other of the Conservative conventionists returning home this morning were M. M. Stephens, accompanied by Mrs. Stephens, W. E. Fisher, who also attended the Canadian Bar Association convention, O. H. Nelson, accompanied by Mrs. Nelson, and A. W. Edge. All were highly pleased with the enthusiasm and success of the convention and all say they are convinced that the Conservative party is due for a new lease of life, at a very near date in the future, at least in the provincial field.

FISH ARRIVALS

Three boats marketed 39,000 pounds of halibut at the Fish Exchange today as follows:

Pelican, 19,000 pounds, at 11.2c and 6.5c, and Nornen, 14,000 pounds, at 11.9c and 6.5c to the Canadian Fish and Gold Storage Co.

Bingo, 6,000 pounds, at 11.2c and 6c., to the Pacific Fisheries.

COLLINS BROTHER TO RUN FOR SEAT

DUBLIN, Aug. 30.—Sean Collins it is expected will run for the seat in Dail Eireann held by his dead brother, Michael Collins. The seat is in Cork County and it is expected Collins will win hands down. Guerilla warfare still rages in County Cork.

VANDERHOOF CLUB HAS BEEN CANCELLED BY THE ATTORNEY GENERAL

VICTORIA, Aug. 30.—The provincial government's drive on illicit liquor selling took a new and unexpected turn with the cancellation of the incorporation of two clubs, one at Pentiction and the other Vanderhoof, following investigation by government liquor agents.

A statement given out at the Attorney-General's Department announcing the cancellation of these club incorporations, said:

"As a result of the liquor prosecutions in the vicinity of Pentiction recently and the prosecution, among others, of D. S. Riorden, an order-in-council was passed cancelling the incorporation of the Winters Club, Limited. A similar order-in-council was passed with respect to the Cariboo Club, Limited, of Vanderhoof. The Department of the Attorney-General is taking every step it possibly can to prevent clubs trafficking in liquor."

PROTECT PUBLIC IN BARBER SHOPS IS REQUEST OF UNION

MONTREAL, Aug. 30.—A resolution passed this morning at the annual convention of the Roman Catholic and National Unions, asks the provincial government to study, along with members of the barber trade, the best methods of protecting the public as far as barber shops are concerned. It also suggests that municipalities should be authorized to pass by-laws to this effect, to appoint inspectors to examine would-be barbers, to license only those who passed an examination in these subjects and a medical examination, and to hold classes in hygiene for barbers.

The resolution committee suggested, as an alternative, that the convention "recommend the government to co-operate with the hairdressing profession in taking the necessary steps to protect the public health."

CHINESE GIRL NOT SUCCESS

Unable to Keep Discipline in Oriental Section of Victoria Schools

VICTORIA, Aug. 30.—The school board reports the failure of its plan to employ Chinese teachers for Oriental children in the public schools. A Chinese woman teacher who had been educated at the local schools and secured a provincial certificate had been engaged last year to have charge of a class of Oriental children but was unable to maintain discipline and she has been dismissed.

CONVICTED BURNS LAKE

Olaf Stenberg and Mrs. Yohn Both Found Guilty of Selling Liquor

BURNS LAKE, Aug. 30.—At the trial yesterday of Olaf Stenberg before Magistrate Hoskins, prisoner was found guilty and sentenced to six months and was allowed out on suspended sentence. Fred Fraser defended.

Mrs. Yohn was found guilty and sentenced to eight months hard labor. L. W. Patmore of Prince Rupert defended and the accused is out on bail pending the appeal which will come up on October 9.

Magistrate Hoskins commented strongly on the attitude of the public toward illicit dealers in liquor.

Inspector Parsons prosecuted.

MANITOBA CROPS ARE REPORTED GOOD

Yields So Far Have Been High and Quality First Rate

WINNIPEG, Aug. 30.—Crop reports indicate that for this province the crops are generally heavy and the quality of wheat very good. Very few farms will show returns of less than twenty bushels to the acre any more will go away higher than that.

Practically all the cutting is completed and threshing is well advanced. Manitoba farmers this year will have money to spend and many are improving their farms and purchasing implements and machinery.

SUES G.T.P. RAILWAY FOR KNOCKING DOWN

Was Crossing Railway When Train Backed Against Him and He Slipped

EDMONTON, Aug. 30.—John McKay, a railway contractor, has entered action in the supreme civil court against the G.T.P. railway for the recovery of over \$11,000 damages arising out of an accident in which he claims to have been permanently injured on January 12th last, while crossing the defendants level crossing at 99th street.

The plaintiff in the action asserts that the railway was at fault in causing a freight train to be backed down the track with the engine on the reverse end of the train contrary to the provision of the railway act. He claims that no sign or warning was given to pedestrians by the backing train. The crossing, he says, is a dangerous one and that while he was crossing he slipped on the ice and snow and the train backed down on him. Particulars of the injuries are not given in the statement of claim but the plaintiff states that owing to the accident he had been permanently injured and thereby has lost a number of valuable contracts.

The plaintiff's case is being taken before the courts by barrister George W. Massie.

BIRTH

There was born at Victoria yesterday to Mr. and Mrs. A. S. Paul, of Tatlow Street and Fifth Avenue, Prince Rupert, a daughter.

FOREST FIRES ARE STILL AS BAD AS EVER

Situation Today Probably Worse Than at Any Other Period of The Year

45 FIRES STILL GOING; COST TO DATE \$55,000

The forest fire situation in the district is today no better and probably worse than it has been at any other period of the year, according to E. C. Manning, district forester. The rain that fell on the coast ten days ago was hardly felt in the interior and it petered out altogether at Terrace.

Mr. Manning reports that the worst trouble and the biggest fires are now in the Babine Lake country. There are smaller fires, however, scattered right through the district to the extreme east end. Several fires are still blazing around Terrace although the situation there is a little improved.

To date the forestry department has had 230 fires to handle this season and at least 15 of these are still burning. The department has spent already \$55,000 fighting fires in the district.

Mr. Manning is urging on every possible occasion that great care be observed to prevent and put out fires.

REPARATIONS PLANS FAIL

Schemes of Opposing Sections of Allies Conflict Sharply

PARIS, Aug. 30.—Another strenuous day in the reparations convalescence failed to bring any semblance of agreement on the methods to be employed in handling the German failure to meet the reparations payments. The chief hope seems to be the understanding that Germany has a plan to submit which may meet with general approval of the allies. Their own plans now conflict so sharply that no agreement is in sight.

REVIVING OF FOREST FIRES IS GENERAL

VICTORIA, Aug. 30.—Forest fires are reviving in many parts of Vancouver Island with dry weather and keen winds. Three hundred acres of logged over land is aflame at Bacon Lake near Campbell River and there is another bad fire near Cobble Hill. Rangers are out again in force working day and night.

Bad fires are also reported from the Nelson district.

WHALER GRAY IS TAKEN FROM ROCKS

VICTORIA, Aug. 3.—The whaler Gray, which went aground at Java Reef yesterday, was floated at high tide.

HERRING TO ARRIVE

The gasoline tug Eimer Beyer with the barge Edith in tow is expected to arrive today from Port Walter, Alaska, with seven carloads of mild cured herring for shipment over the Canadian National Railway to the Eastern States.

Made Big Getaway with Cash and Bonds from an Alberta Bank; Searching

CALGARY, Aug. 30.—Thieves got away with \$15,800 cash and \$70,000 in bonds, chiefly non-negotiable. They used greased gloves and oiled boots which have prevented the bloodhounds from picking up their trail and left no finger prints for the police.

The robbery took place from the branch of the Union Bank at Foremost, Alta., early yesterday and the police who are making a fruitless search of the countryside believe the men went across the boundary to the Montana Hills.

ENGLISHMAN WAS MURDERED

Drove Car of Late Michael Collins When Leader Was Killed

CORK, Aug. 30.—Charged with having driven his auto in which Michael Collins rode to his death, Edward Isherwood, an Englishman, was taken from his residence by an armed band, shot and left for dead. He afterwards managed to crawl to help and may live. Pinned to his breast was a tag reading "Convicted spy, I.R.A. Beware."

ONE STEAMER OFF ROCKS AND ANOTHER STILL IS AGROUND

SEATTLE, Aug. 30.—The wooden freighter Nika which went aground on Wadham Island in the mouth of Juan de Fuca straits was floated last night. The steamer is apparently undamaged but lacking water for her own power was towed towards Seattle.

The big freighter Avabash is still aground on the south end of Vancouver Island and both American and Canadian wrecking steamers are standing by.

TERRIBLE LOSS OF LIFE WHEN STEAMER CRIPPLED AND SANK

SANTIAGO, Aug. 30.—Of 322 persons on the steamship Rata only six survived her wreck today when rudder trouble brought the ship around to enormous seas causing her to founder. A warship which hurried to the scene found only the six alive, two of whom were passengers.

FIELDS OF FRANCE INVADED BY MICE

GENEVA, Aug. 30.—The valley of Ajoie, on the Swiss-French frontier, has been invaded by thousands of mice and the rodents are doing much damage. They are believed to have come from the trenches in Alsace. The village authorities have arranged drives by the people, offering half a cent for each dead animal. Poison gas is being used and the method is to inject this into the subterranean galleries built by the mice. It has proved most effective; 27,000 dead being the record for one day.

DAILY EDITION

Wednesday, Aug. 30, 1922

Is There A Leak In Hospital Funds.

Is there a leak in the hospital funds? We do not believe it. Alderman Montgomery doubtless has some information of a very specific character or he would not suggest it. If he has he should demand an immediate investigation and should state his charges definitely in black and white and be prepared to stick by them. Then if they are untrue, he should resign.

B. G. Stewart, who is at the head of the hospital board, is a man who is beyond reproach and so are the members of his board. They are business and professional men of standing in the community. The lady who is the working head of the institution is also capable and keen, and the secretary, Major Gibson, is not one to allow anything improper to pass him. Everyone knows the Major and knows that he would be the last one in the world to permit anything that savored ever so little of improper conduct to go on in connection with the hospital finances.

Conducting a hospital is an expensive business and the people who complain of the cost are the first to make a fuss if everything is not just all right for themselves or any of their friends, should they happen to be patients there.

Unhappy Time To Attack Hospital.

The present is an unfortunate time to make an attack on the hospital. There is an effort being made to have a nurses' home erected and to do this it is necessary to have the confidence of the people. That we believe they still have and it is regrettable that anything should occur that might tend to shake that confidence. The hospital is one of the most deserving institutions in the city. It has performed splendid service here for years, not only in catering to the sick in Prince Rupert but in serving the whole district, including the Queen Charlotte Islands.

Owing to the drop in the purchasing power of the dollar the institution like all other similar institutions in other parts of the country ran into debt and now when it is seeing light ahead and when the money is needed so badly the integrity of the institution is challenged.

The city council has two of its members on the hospital board. It is the duty of these men to keep their fingers on the financial pulse. Apparently they have been doing this and are perfectly satisfied that everything is all right. We do not think the hospital board wishes to cover up anything. They realize, as we all do that this is a public institution, supported by public money, and that the public has a right to know how the money is being spent. For this purpose the meetings of the hospital board are held in public and there is an annual meeting at which matters pertaining to hospital welfare are open to discussion by any who show their interest by paying the membership fee. Certainly the city council is not the place to air hospital matters unless the members of the council have information that there is gross mismanagement and that the city grant is being squandered.

Easy To Criticize Any Institution.

It is easy to criticize any institution. We all have ideas how the city council should conduct the business before them, and these may not accord with the ideas of many of the aldermen. That would be no excuse for us attacking the financial condition of the city at a critical time when a loan was being floated. The aldermen doubtless think they are doing good work, but any person with half the ability of Alderman Montgomery could make them out to be not only careless in the management of civic affairs but could show perhaps that there has been gross mismanagement and that public money has been wasted. It is so more or less with every public body. If the aldermen, giving as they do only a little of their spare time to the work, can conduct the civic business successfully, economically and efficiently, they will have done a great work and they will have little time left to devote to other institutions about which they can have little knowledge.

SOME FACTS ABOUT QUEEN CHARLOTTE ISLANDS

Thomas Deasy Writes Interesting Chatty Letter: Good Money in Trolling

MASSETT, August 30.—A great deal of adverse criticism has been directed towards a company, located in London, England, on account of advertising, and seeking immigrants to populate the Queen Charlotte Islands, a group within 85 miles of Prince Rupert, which comprise two islands, each one hundred and fifty miles in length, and a large number of smaller islands, jutting out into the Pacific Ocean, nearer the Orient than any other of the Western possessions of the United States or the Dominion of Canada.

Unfortunately, in their zeal to build up this unknown country, the promoters of the company were misunderstood, or some of their officials promised more than could be accomplished, to accommodate the immigrants. A small number of immigrants undertook to cross the ocean, at their own expense, landing on the largest island, the large majority expecting to find immediate employment, and to better their condition. Although they were not placed in the position of pioneers, a few of them found cause for complaint, whether justly or otherwise they refused to state when an investigation was called; not one appearing to enter protests, although notices were posted and an official of the government was prepared to receive protests, orally, or otherwise.

The writer is not associated with the company. At no time did any resident of the islands ask immigrants to come to the islands and invest without investigation. The advertising, given by press despatches, from Prince Rupert and otherwise, certainly bore fruit. Writers for periodicals and newspapers are flocking to the islands. The steamer, running between Vancouver and the islands is carrying tourists on every trip. Lumber men, prospectors, fishermen, and others are becoming interested in the natural resources of the islands, while those seeking health are beginning to realize that it is not necessary to visit California and other countries. It is scarcely believable; but this fact can be looked into by the most credulous. Over two hundred white children attend the various schools on the islands. During the past ten years but one child died from natural causes, of the four hundred on the islands. The Indian population increased and the two hospitals on the islands are not occupied by patients, having been turned into residences for the medical officers of the government, ready to admit and minister to invalids therein.

The fact that these islands are endowed with a climate superior to any other in the North, can be attributed to the Japan current, which sweeps across the Pacific Ocean, and winds through the inlets and bays. The thermometer never reaches the zero point, while the summer days are long, without the heat and discomfort found in California and the East.

Cleared \$600 in Two Months. The fishing season, now being under way, it might be considered meet to call attention to the exploits of a few of the fishermen, without exaggeration. Hundreds of men engage in trolling along the coast line. One in particular, named W. H. Russ, unaccompanied by any other fisherman, cleared six hundred dollars during the months of June and July, fishing for spring salmon. He received eight cents per pound for his fish on the fishing grounds. The other fishermen, willing to work on their gasoline launches, received good returns.

With camping facilities, including wood and fresh water in abundance, the trollers take their wives and children to the neighborhood of the fishing grounds where they enjoy bathing and the picking of wild berries, in a country where wild beasts and reptiles are unknown. In the near future thousands will be enjoying the sport, and at the same time, having their summer holidays in places where pleasure and profit may be combined.

Some Disadvantages. It would be useless to assert that there are no disadvantages in

any country. The fall and winter weather generally, brings wind and rain, which cause discomfort. The majority of people dread Heate Straits which are not comfortable during heavy storms. Transportation facilities are not of the best, but shipping will follow the filling up of a country with immigrants of the right kind. The possibilities for the farmer are not bright at the present time. There is land in plenty. Isolation and lack of roads and contact with the buyer, always goes against the producer. Vancouver Island had many advantages, which will eventually be duplicated on the Queen Charlotte Islands.

Over forty years of residence on Vancouver Island with twelve years on the Queen Charlotte Islands, should be a criterion for comparison between the two large islands of the province. Geologists inform us these islands formed one large group many years ago. The islands jut out, and the principal places on both islands, are about the same distance from two transcontinental railways. The Queen Charlotte group has the advantage of being nearest to Alaska and the Orient, having the warm winds sweeping across from Japan and China, which ward off the cold wind during the summer, which invariably brings good weather.

In the journey from Vancouver to Prince Rupert in crossing the Queen Charlotte Sound, the same open stretch of water is encountered, directly across the ocean, that is met with on Heate Straits and Dixon Entrance.

Prince Rupert is almost directly east from Massett Inlet, Prince of Wales Island is in sight from the east coast of Graham Island. The whole of the west coast of Graham Island is without a single permanent resident. Langara, Frederick, and other islands are not occupied.

Mining Prospects. Tar shale and other indications

Keep Your Shoes Neat 2IN1 Shoe Polishes

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927. (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING, Minister of Finance.

MENNONITES ASK FOR LOAN TO AID THEM SETTLE IN CANADA

While Some Leave Rather Than Obey School Laws Others Would Come From States

WINNIPEG, Aug. 30—Premier John Bracken has been asked to institute a scheme whereby 10,000 American Mennonites from northern states, might be loaned \$3,000,000 to enable them to purchase lands in the southern section of Manitoba. The delegation which visited the premier was headed by P. A. Talbot, member for La Verandrye, and H. H. Ewart, principal of the Mennonite collegiate institute at Greta and former inspector of Mennonite schools for the province.

Mr. Ewart said 10,000 Mani-

toba and Saskatchewan old-colony Mennonites had laid definite plans for leaving the country immediately after harvesting this year's crop. They intended going to Mexico. Mr. Ewert said reports of Mexican correspondents appearing in local papers to the effect the Mennonites desired to return to Manitoba and that they were being ill-treated in Mexico were entirely without foundation. He added that they were well pleased with conditions there and were being treated in an admirable manner by the Mexicans.

Young Americans
The scheme which Mr. Ewert laid before the premier was that young American Mennonites from Kansas and Nebraska were willing to come to Manitoba and abide by the school laws and buy up the land which the old-colony Mennonites are vacating rather than stay here and abide with the school legislation compelling them to teach English in their schools. Each of these young men require lobas of about \$3,000. Mr. Ewert said. There will be about 1,000 heads of families come to take over the land here providing they can obtain government loans. Mr. Ewert suggested they might be made through the Manitoba Farm Loans Association.

The statement was made by Mr. Ewert 100,000 acres of land will be vacated this fall by the Mennonites.

ARRANGEMENTS FOR FAIR ARE WELL IN HAND

Football Program Lined Up—Baseball Series With Outside Team to be Arranged—Agricultural Exhibits

Arrangements for the various features in connection with the Fall Fair, which opens on Sept. 12, less than two weeks from now, are rapidly rounding into shape. Entries for the exhibition classes proper are coming in steadily and, at the same time the program of sports and features is not being neglected.

The draw for the Fair football series will take place tonight, the four teams of the Senior League, Sons of Canada, Gallies, Grotto and Sons of England to take part. Dates for the two eliminating play-offs will be set between now and the opening of the exhibition with the final on one of the Fair days.

Satisfactory arrangements have been made between the Agricultural Association and the Baseball Association for the bringing in of an outside team for a series and definite announcement will be made in the course of a few days.

Indian soccer teams are also coming in to play for the Fair Cup which is now held by Kiti-maat. This is a twice in succession or any three times trophy.

Agricultural Exhibits

The Graham Island Farmers' Institute has announced its intention of sending a district agricultural exhibit if satisfactory transportation arrangements can be made. This will be done, Manager Venables states, thus allowing the fifth district exhibit. The cup for this department is now held by the Kitsumkalum and Lakelse Valley.

No entries have yet been made for the district fruit exhibit but these are expected with the agricultural exhibits. The cup here is also held at present by Kitsumkalum and Lakelse Valley.

The Fair Board has just been notified by the Department of Agriculture that the following judges will be sent here this year:

J. Tait, of Summerland, fruits and vegetables.
H. C. Eby, R.R.L., of Enderby, field crops, horses, cattle, sheep, hogs and poultry.
Mrs. C. W. Kipp, of Revelstoke, domestic science and homecooking, etc.

THE DUKE OF YORK'S SOCIAL EXPERIMENT PROVES A SUCCESS

Effort Made by the Prince to Bring Together Representatives of Different Classes in England

LONDON, Aug. 30.—This is the second year for the conduct of a social experiment by the Duke of York, the King's second son. He invited four hundred boys to camp at Dymchurch, two hundred of whom were from what is known as the public schools of England, really large institutions for the sons of wealthy, and the other two hundred were working boys from the factories.

The boys were divided into sections of twenty, ten from each group and the members of these sections slept, dined and played together. The Duke himself spent a day and a half in the camp and mingled freely with the lads. All were attired in camp costume and social barriers were wholly eliminated.

While the experiment was somewhat forced and the difficulties of dialect interfered somewhat with the success of the mingling for so short a time, yet the Duke was on the whole well pleased. Last year many friendships were formed which have been continued and the example of the King's son breaking down of social barriers is proving a good one.

The Imperial Oil Co.'s tanker, Imperial, Capt. Foote, arrived in port early last evening with gasoline and distillate for the local tanks and asphalt for the city streets. Her cargo, which is being discharged today, is half package and half bulk.

BRINGING UP FATHER

The Man in the Moon SAYS—

THE difference between a dog and a man is that the dog never barks up the wrong tree.

IN approaching normalcy be careful that the horse does not shy.

WAS there collusion between the promoters of the wrestling match and the Chautauqua or was it just coincidence that caused the latter to put on a lecture "Getting by your Hoodoo" on the same evening that Jack Olsen met Ad. Gustavo?

IT was not the editor but a conspiracy between the linotype operator and proof reader that made the headline over the Swedish prohibition returns say "Drys Loose Out."

THE old man who was going to sail to Australia in his fishing boat without any grub is not the only crazy man on the coast. There are a lot of others.

PRINCE Rupert will be all up in the air at Fair time, if Len Bell gets his famous airplane here for the occasion.

I WONDER what the man who said autos would never be a success now thinks of airplanes?

WHAT has become of the lady who used to chew gum on the street and at dances. She has gone but girls still do it.

WHAT is a lady?

FEELING that the people of Prince Rupert were not always getting the right dope on the city hall performances I hid myself in the council chamber on Monday evening and wrote a short account of the proceedings as I saw them through my squint hole. I handed it to the editor for publication on the front page but he said I should have to keep it in my own column so here goes.

The civic school for amateur and budding debaters, better known as the city council, completed at one and a half hour session at 12.25, city time, Monday night. There were present for the weekly workout Mayor Rochester, Ald. Collart, Ald. Silversides, Ald. Perry, Ald. Kelly, Ald. Montgomery, Ald. McLeod and Ald. Kerr. Ald. Dybhavn was down at the waterfront engaged in a better service to humanity in general packing fish. Two long suffering reporters and two spectators viewed the farce for the greater part of the evening but woke up shortly before midnight and departed.

AS usual the discussion waded loud and long and, as usual, little was accomplished although the participants gained some good practice. The proceedings were orderly for some of the time. Ald. Montgomery's main attack of the evening was on the hospital which he apparently thinks is a useless luxury to the city. Ald. Perry, in the course of the evening, moved a resolution and also an amendment to the same. He withdrew the amendment in favor of the resolution, found another mover for the amendment and then voted for it.

ALD. Collart, before the night was over, discovered the rest of "the fellows" were wasting his time and threatened to choke somebody.

ALD. Kerr came through with a witty remark once in a while

Better Than Pills - For Liver Ills

The reason

Natu Remedy
Get 25¢ Box

NR Tonight - Tomorrow Alright

but the others were too deeply involved the most of the time to see any jokes.

THE mayor sat back and let them go to it while the reporters longed for the return of "Mayor Tommy" whose adeptness at cutting off useless discussion remains as a far distant but fond memory.

OF course, they went into committee about midnight to allow everybody to have a smoke and Harry yielded to the school boy request of "Please may I go out."

At 12.25 they quit for a week. The next performance will commence at 8 o'clock unsharp next Tuesday evening.

In the Letter Box

Daily News: The following dispatch appeared recently in various papers as far east as P.E.I. and as far west as Alberta. It emanated from Montreal, and was sent as a "special" of date July 25th.

"MONTREAL, July 25.—That the people of this province are drinking considerable less liquor than are the people of the "dry" provinces under the prescription system appears on figures just issued. Total sales by the liquor commission of this province for the past year was valued at \$15,000,000 while for Manitoba, with a population of only one-fourth that of Quebec, sales of liquor in the same period totalled \$12,263,912. In British Columbia with a population of about one-fifth that of Quebec, and where the liquor situation is much the same as here, total sales for the year reached \$15,000,000.

The Charlottetown Guardian, usually careful and reliable published this dispatch under the remarkable headline "Quebec drinking less liquor than any Dry Province!"

The writer of this letter seeing the dispatch decided to investigate the facts regarding Manitoba the only "Dry Province" named. J. N. MacLean, chief inspector writes that the exact amount of liquor (including beer) sold under prescription in Manitoba in the year ending 31st of January, 1922 was 18,195.29 gallons which figured at \$4.00 a quart (Quebec price) would bring in \$291,081 instead of \$12,263,912. This figures out at more than 4000 per cent of the actual!

How did such a whopper come to be told and retold? It seems a Calgary paper started it by saying that Manitoba had sold on prescription 510,993 gallons or 492,797.71 gallons too many according to the official figures.

A Saskatchewan paper turned this into quarts by multiplying by 4 instead of 4 thus again adding 50 per cent. The Montreal dispatcher taking this at its face value multiplied this enormous figure by \$4.00 giving the result of \$12,263,912 lumping beer and all at Quebec's price for whiskey namely \$4.00 per quart bottle. Thus intentionally or other-

Ten Years Ago in Prince Rupert

The Misses Bull, who have been visiting in the city with their sister, Mrs. J. P. Cade returned to Vancouver this morning on the Prince George. Last night a jolly farewell dance was given in their honor at the Catholic Hall. There was a large attendance of the city's younger set, the chaperons being Mrs. Hubert Ward, Mrs. Cade and Mrs. Cambie.

Mrs. W. T. Kergin and Mrs. L. W. Kergin entertained a number of their friends at a thimble tea yesterday afternoon.

A. D. Charlton, assistant general passenger agent of the Northern Pacific Railway at Portland, returned south this morning accompanied by Mrs. Charlton. While here they renewed acquaintance with their old friends, Mr. and Mrs. Monte Craig.

LESS UNEMPLOYMENT FOR COMING WINTER

WINNIPEG, Aug. 30.—With the assurance of a big demand for men to work in the bush next winter, prospects of considerably less unemployment in Manitoba than existed last year is regarded by local employment officials as certain. It is estimated that approximately 10,000 men will be engaged in lumber camp operations as soon as the snow flies. Two of the larger lumber companies, which depend upon Winnipeg to furnish the bulk of their man-power, already are needing men to cut trails and work on camp construction.

HOLIDAY STORM IN ENGLAND THIS YEAR

Atrocious Summer Weather Followed by Deluge in Early August.

ENGLAND, Aug. 29.—With the exception of a brief period in May and June, the weather has been atrocious this summer in England, but the height of the holiday season has been rewarded with the height of the weather's badness. For modern England the new midsummer day is the August Bank Holiday, and it was drowned this year with a deluge which, over large parts of the country, made any idea of an open-air festival utterly out of the question. On the Monday a great belt right across the northern midlands was caught in the deluge, but all parts shared the storm sooner or later. Sheffield had a rainfall of over four inches in eighteen hours; at Melton Mowbray valuable horses had to be hastily rescued from their stables with the water in the main streets as high as their saddle girths; round Selby and in Warwickshire wide stretches of agricultural country are now under water. In the latter stages of its wandering process the storm turned into violent thunder and lightning, and it is feared that in many places the standing corn has suffered heavily. This can easily be understood when it is mentioned that the Sheffield deluge amounted to 420 tons of water deposited on every acre in well under twenty-four hours.

GROTTO BEAT GIL'S AGAIN

Post-Season Return Game Last Night Resulted in a Score of 12 to 4.

The Grotto and Gil's Intermediate League baseball teams played a post-season game at the Acropolis Hill grounds last night, the former winning by a score of 12 to 4. With the exception of one inning, the fourth when Gil's went to pieces and through fielding errors and other defects allowed seven runs to be scored by the Grotto, the game was a well-contested one. At the end of the third the score stood 3 all and after the fourth the Grotto made but two and Gil's one.

Montgomery and Hamilton comprised the Gil's battery throughout with Warren, five innings, and Roy, two, sharing the Grotto box while Hill received. The game went seven innings, P. Laporte umpiring balls and strikes and W. G. Anderson, bases.

The teams lined up as follows: Grotto—E. Warren, p.; A. Roy, p.; G. Hill, c.; B. Barrie, 2b.; Butters, cf.; R. Gilmour, ss.; V. Maxwell, 3b.; Walls, rf.; S. Haudenschild, lb.; E. Clapp, lf.

Gil's—W. Montgomery, p.; W. Hamilton, c.; S. Bazzett Jones, lb.; W. Mitchell, 2b.; G. Mitchell, ss.; L. Sherman, 3b.; R. Smith, lf.; B. McDaniel, cf.; W. Lambie, rf.; B. Oliver, rf.; for Lambie after fifth.

QUINTETTE OF GIRLS HONORED AT FAREWELL PARTY LAST EVENING

Seventy Friends Gathered at Delightful Affair in Metropole Hall

In honor of Miss Margaret Lindsay and Miss Marjorie Roberts, who are leaving tomorrow night to attend Normal School in Vancouver; Miss Ruth Rix, who goes on Saturday to Guelph, Ontario, to take up Domestic Science studies; Miss Willa Dyer, who is going south for a month's holiday tomorrow night; and Miss Florence Ryan who will also go to Vancouver tomorrow to remain permanently, a delightful farewell dance was given last night by seventy or so young friends in the Metropole Hall. Dancing to the strains of the splendid music furnished by Bob Newell and Art Eason was the order of the evening's enjoyment and the affair will go down as one of the season's most delightful. Shortly before midnight refreshments of a high order were served, an interesting diversion at this period being the delivery of speeches by all the guests of honor. Commencing at 9:30, the party dispersed at 11 o'clock with the singing of "They are Jolly Good Fellows," "Auld Lang Syne," and "Leave Us With a Smile." On behalf of the honored quintette, Miss Margaret Lindsay expressed thanks for the honor that had been tendered them.

The committee in charge consisted of James Mitchell, George Mitchell, Miss Annie Kelly, Miss Helen Hibbard and Miss Caroline Mitchell.

Those present included Mr. and Mrs. J. A. Lindsay, Mr. and Mrs. J. R. Mitchell, Mr. and Mrs. Frank Salter, Mr. and Mrs. Derrington, Mrs. Watson, Miss Margaret Lindsay, Miss Marjorie Roberts, Miss Ruth Rix, Miss Willa Dyer, Miss Florence Ryan, Miss Margaret Palmer, Miss Marjorie Lancaster, Miss Dorothy Tremayne, Miss Pete Tremayne, Miss Lorna Tate, Miss Gertrude Nelson, Miss Dorothy Thompson, Miss Betty Barrow, Miss Olga Kask, Miss S. Ross, Miss Annie Kelly, Miss Helen Hibbard, Miss Caroline Mitchell, Miss Nan Birnie, Mrs. T. Moloney, Miss Olive Watson, Miss Ethel Luggate, Miss Ada Davidson, Miss Vera Shockley and Miss Kathleen Hutchinson (Vancouver); James Mitchell, George Mitchell, Willie Mitchell, Alex. Mitchell, Eddie Smith, Howard Frizzell, S. Wrigglesworth, D. Garrett, W. Hamilton, A. A. Eason, H. Mowatt, E. Jacobs, A. C. Nicholls, Maurice Shockley, Eric Mackintosh, Johnnie Currie, Ralph Smith, Jack Bagwill (Anxox), Corp. E. G. Newnam, Mr. Gross, Alex. Rix, D. Scott (Malaspina), W. Bedford (Malaspina), Roth Gordon, Lee Gordon, Archie Grant, W. Smith, Dick Campbell, Gedric Duncan, Fred Kergin, Willie Kergin, George Shaw, Melvin Stephens and Fred Gilhuly.

COLORED WOMAN IS GUILTY VAGRANCY; TO LEAVE TOWN

Bessie Murren, the colored woman, whose strange conduct in the Western Rooms last week led to her being locked up, was found guilty of vagrancy in the police court before Magistrate McClymont this morning and released on suspended sentence for fourteen days on the understanding that she leave the city. The woman, who seemed to be suffering from a serious lapse of sanity, for a couple of days went through insane antics in the women's quarters of the jail and accompanied her weird gyrations with loud vociferations and queer singing.

Sport Chat

With Ad. Gustavo and Jack Olsen going to the mat in the Empress Theatre tonight, Prince Rupert fans will be treated to the first real wrestling match ever staged in the city. While Olsen has an advantage of several pounds in weight, Gustavo is looking to his skill and speed to bring him out on top and it is considered that the two men are well matched. Jack Judge and Roi Barnes, the promoters, have been working hard to make this match a success and good patronage is confidently expected. The four round preliminary boxing match between Alec Roy and Eddie Craggs will be a feature that the spectators will be much interested in.

The school holidays coming to a close with the opening of the fall term next Tuesday, it is expected that Manager Bill Cash will have his Junior and Juvenile Baseball Leagues operating again next week. The youngsters in June finished the first half of the season and now the second half will be commencing. Timetables will be issued in the course of a few days. Junior Leaguers are scheduled for a match in connection with the Labor Day celebration next Monday.

By winning the third game in the series, the Prince George baseball team last week won the Carney Cup, significant of the championship of the Central Interior. The final game of the series took place last Sunday at Prince George it being put on as an exhibition match.

Prince George lacrosse players will go to Quesnel next Monday, Labor Day, to play a game with the team of the latter town which holds the Matkin Cup emblematic of the lacrosse championship of the Central Interior. The Prince George boys will go to Quesnel by motor cars over the Blackwater road.

PRESERVING FRUIT CARNIVAL

The next two weeks should see the greatest bargains in preserving fruits that ever were offered in Rupert. Conditions were never so favorable for cheap fruits for preserving as today. The railroad strike in the States has cut off almost completely the competition of Eastern markets with the result that Coast markets are glutted with fruit that must be sold regardless of profits. Here is your opportunity to save money by canning your own fruit.

Remember Monday, Sept. 4th, is Labor Day. Shop early this week.

Bartlett Pears for Preserving. We offer for arrival Labor Day, delivery Tuesday. 50 Boxes of Extra Fancy Wrapped Stock at \$2.65 Per Box. Each box weighs at least 45 lbs. nett and we assure you that 6c per pound does not leave the grower enough to pay for the boxes. We will book orders only to the amount we have arriving.

Freestone Elberta Peaches now in stock, plenty of large sizes at \$1.45 Per Box. We hope to have an even lower price but would advise you not to wait.

Italian Prunes now in stock. 50 lb. Boxes for \$3.50. 20 lb. Lots for \$1.50. Per 5 lb. Basket 40c.

Fresh Shipment of North-West Biscuits just arrived. We included a trial order for Graham Wafers packed in 6 lb. Wooden Boxes which is big value at \$1.25 per box. Buy them now. They are fresh.

Citron, per lb. 8c.
Pumpkin, per lb. 8c.

Hubbard Squash, lb. 8c.
Veg. Marrow, per lb. 5c.
Medium-Sized Cucumber, 2 for 15c, 4 for 25c.
Large Heads Celery, 2 for 25c.
Yellow Bantam Corn on Cob, per doz. 60c.
Choice White Cauliflower, large heads, 35c, 40c, 45c.
Okanagan Green Cabbage, 6 for 25c.
New Carrots, 6 lb. for 25c.
New Beets, large bunches, 3 for 25c.
Outdoor Tomatoes, per basket, 50c.
Hothouse Tomatoes, per basket, 75c.
Musk Melons, 15c and 20c.
Casaba Melons, per lb. 6c.
Watermelons, per lb. 5c.
Honey Dew Melons, 15c and 20c.
Malaga Grapes, 2 lb. for 45c.
Extra Special This Week. Swift's Premium Hams, new stock, guaranteed not mouldy.
Taking Whole Ham, per lb. 45c.
1-2 Ham Shank End, per lb. 47c.
1-2 Ham Butt End, per lb. 50c.

ARAB GIRL TELLS WHY SYRIA OBJECTS TO FRENCH MANDATE

People are Liberty Loving But are Unable to Realize Aspirations

HAIFA, Palestine, Aug. 30.—Nazel al Abed, an Arab girl who played a prominent part in forming the revolt against French rule in Syria last May, and who later managed to escape from prison where she was serving a life sentence, gave the representative of the Associated Press an interview in which she set forth her reasons for the unpopularity of the French mandate in the Near East.

"The French press," she says, "accused Charles R. Crane, former American Minister to China, of being the cause of the disorders of last May. This is absolutely false. The disorders were the direct result of the oppressive and offensive rule of the mandatory power in Syria."

Moral Leaders
"We Syrian people," she continued, "are liberty loving. We pride ourselves on the fact that we are the intellectual and moral leaders of all the Arabs. In welcoming the French army in 1918, we had hoped that France would help us realize our aspirations for self government. We have been deceived. Instead of just treatment, we find that our country is occupied by black troops, who are our inferiors; our government turned over to inexperienced French officials, who try to govern by force, and our leaders lodged in jails."

"In the face of all these abuses," she declared, "a nation can do no less than revolt and rid itself of the yoke of the oppressor."
Nazel al Abed is about 30 years of age, of commanding personality and with a great charm of manner. She was born in Damascus of a wealthy and influential family. A mission school provided her with an education which seems to have instilled into her heart the love of country and of independence.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre; second-class to \$2.50 an acre.
Pre-emption now confined to surveyed lands only.
Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5% before receiving Crown Grant.
Where pre-emptor in occupation more than 2 years and makes proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records without permanent record may be issued, provided applicant makes improvement to extent of \$50 per annum and records same each year. Failure to make improvements or records will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvement of \$100 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.
Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homestead, title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.
Mill factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stamp duty.
Natural hay meadows inaccessible by existing roads may be purchased on condition of construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.
No fees relating to pre-emption are due or payable by pre-emptors on pre-emption recorded after June 25, 1918. Taxes are remitted for five years.
Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, one or taxes on soldiers' pre-emption, or interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired direct or indirect, remitted from settlement to March 31, 1920.
SUB-PURCHASERS OF CROWN LANDS
Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.
GRAZING
Grazing Act, 1918, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Escaped from Prison

During the war she served in the Red Crescent, a Turkish organization similar to the American Red Cross. Since 1919 she has been the accredited leader of all the women organizations in Syria. Because of the part she played in organizing the demonstrations in Damascus last May, which resulted in great disorders and bloodshed, she was arrested and condemned to life imprisonment. She remained in prison, however, but a short time, soon making her escape.

Asked if Syria is prepared as yet for independence Nazel al Abed replied: "Those who know anything of Syrian politics will admit that so far the mandate system has proven an absolute failure. On the one hand it has introduced fresh encroachments on the sovereignty of our beloved country in favor of an imperialistic power, and on the other hand it brought to us great social as well as commercial suffering, due to the separation of Syria from her sister country Palestine."

Has Been Curse

Nazel al Abed complained that the world, and especially America, is so ill informed about Syria. "The French occupation," she asserted, "has been a curse instead of a blessing. We Syrian people of today are treated like slaves. We are forced to accept French habits, French customs, a French civilization and even a French language, in spite of ourselves. Is it any wonder that we revolted last May?"
"All we ask now is to be left alone, free to rebuild our country in undisturbed quiet, free to live our life in our own way, and to solve our problems after our own manners. We still hope that America will not fail to help us realize our aspirations."

MANY STUDENTS FOR MANITOBA UNIVERSITY

WINNIPEG, Aug. 30.—A heavy increase in the number of students entering the university this fall, particularly if the Manitoba crop comes up to expectations, was forecast today by college officials.
All faculties will feel the increase. It is believed, and will be taxed to the utmost for accommodation and teaching staff. Scores of applications already are in the hands of the deans of all faculties, and many more will be considered before the opening of the fall semester, it is said.
The new science building, which will serve arts, science, engineering and pre-medical students, will be ready by the third week in September, and will relieve the strain on the present laboratory quarters.

EXTRA FOR COLOR.
"I am an author and I desire to spend my vacation on your farm in order to get local color. How much will the board be?"
"Twenty per week, and \$10 extra if you expect us to go around chewing straws and talking dialect."—Dorchester Beacon.

PRINCE GEORGE

The Canadian National Railways have granted one and a third excursion fares to Prince George from points between McBride and Burns Lake for the days of the Prince George exhibition—September 2 to 5 inclusive.

Joe Thibeault, pound-keeper, lies seriously injured in hospital and Joe Ross is lodged in jail where he will await trial on a charge of assault. It is alleged that Ross struck Thibeault with a club following an altercation.

Joe Nehring was fined \$50 in the police court last week, having been found guilty of having liquor, to wit home brew, unlawfully in his possession.

J. B. Daniell, who has been editor of the Prince George Citizen since 1920, left last week for Toronto where he will take a position on the staff of the Telegram. R. A. Benwick will be his successor. Mr. Daniell may later return to Prince George.

Miss Isobel Smith has resigned as matron of the Prince George Hospital and is to be succeeded by Miss Copp, of Vancouver, who recently arrived.

William Bowen, the local barber, left on Saturday by horseback for Princeton, a distance of 100 miles.

REVIVAL IN LUMBER TRADE NOVA SCOTIA

HALIFAX, N.S., Aug. 30.—A revival in the export lumber trade at Nova Scotia from the slump which occurred following the war boom shipments has been reported lately. Building operations in New York and other parts of the United States are said to be chiefly responsible. Several large schooners are engaged in carrying cargoes from Sheet Harbor and the Musquodoboit Valley in Halifax County and from other places to American ports.
The lumbering industry of Nova Scotia formerly depended almost entirely on the British and South American markets. Cargoes are still going to the south but the British market has not been a good customer of late years.

The great piles of lumber known as "war stock" which were seen lying undisturbed following the slump in the latter part of 1920 are said now to be at the vanishing point and a new cut is being sought.

TWO HEADED CALF BORN IN YORKSHIRE

LONDON, Aug. 30.—A cow belonging to William Fenton of Lund, East Yorkshire, has given birth to a calf with two heads and mouths, both of which it uses when feeding. It is a curious abnormality and is attracting much attention in the neighborhood.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE.

In the Matter of the Administration Act, and
In the Matter of the Estate of George Crook Doughty, Deceased, Intestate.
In Chambers: Before His Honor F. McE Young, Thursday, the 24th day of August, 1922.
UPON the petition of J. H. McMillin, official Administrator, upon reading the affidavits of the said J. H. McMillin, of Albert Edwards, of Alexander Johnson and of Andrew Brown; and upon hearing Mr. W. O. Fulton of Counsel for the petitioner.
IT IS ORDERED that the death of the above-named George Crook Doughty shall be presumed to have occurred on the 26th day of April, A.D. 1922, at Seven Mile Point, Graham Island, British Columbia.
IT IS FURTHER ORDERED that the said J. H. McMillin may apply for administration of the said estate and declare to the death as having occurred upon the said date upon publishing a copy of this order in a newspaper published and circulating in Prince Rupert, B.C., for a period of one month at weekly intervals.
