Anti-Drug Campaign For This City

FRED STORK MAKES MAIDEN SPEECH AND BOOSTS DISTRICT

Stork Tells House What Fine Country His Constituency

OTTAWA, March 24.—Fred Stork made his maiden speech in the House of Commons yesterday. He said his constituency was larger than England, Wales, Scotland, Ireland, Holland and Belgium combined. He should have arrived in the House to represent Skeena before, being really elected in 1917, but was counted out by the soldier vote. If he had taken his seat before he would have avoided a great deal of misrepresentation which had been made about the Grand Trunk Pacific Railway, which line had been discredited.

The population along the line of the G. T. P. was greater than that along the Canadian National, said Mr. Stork. Forty-six new schools were constructed in 1916 along the G. T. P. west of Edmonton to twelve along the Canadian National. In 1922 no less than 22 were built along the G. T. P. to one along the Canadian National. The G. T. P. country was rich in natural resources and short spur lines would open areas rich in minerals and also agricultural lands. This was the best country in the whole Dominion.

POACHER WAS TAKEN NEAR BANKS ISLAND

Thiepval Arrived in Port Last Night with Wrangell Schooner, Rescue.

The Canadian Government Fisheries Patrol steamer Thiepval, Captain Adlam, arrived in port last night at 9:30 o'clock with the Alaskan halibut schooner Rescue, found poaching within the three mile limit, in custody. The Rescue, which hails from Wrangell, was seized yesterday about noon at Bonilla Island, off Banks Island, by the Thiepval. At that time the schooner was fishing for halibut within the territory forbidden to American boats. The Thiepval merely hauled up on the Rescue and seized her without a struggle.

The Thiepval and Rescue are today tied up together at No. 1 Grant Trunk Pacific wharf awaiting instructions from Ottawa. The usual penalty for this offense is confiscation although offenders sometimes get off with a fine.

DEATH PENALTY BOMB THROWING

New Legislation Passed by Ulster with View to Stopping Lawlessness.

BELFAST, March 24.—The Ulster legislature adopted a law imposing the death penalty for bomb throwing whether anybody is killed as a result or not. The action is taken as a result of the lawless condition obtaining in and around Belfast and along the border.

Seven dead and several wounded is the toll from yesterday's raids and sniping.

Elks' Relief Tag Day Saturday. Your financial assistance will be appreciated.

UNION OIL CO. MAY COME HERE

Proposal to Establish Station at Prince Rupert Being Considered.

VANCOUVER, March 24.—It is said here that the Union Oil Co. is considering the question of establishing a station at Prince Rupert. Already the company has stations at Vancouver and New Westminster and will take in a number of Alaskan points. With the growth of the fishing business in the north and the centering of the trade at Prince Rupert, the company has had its eye turned northward for some time. It is realized by the company that business is bound to improve in the north and a station at Prince Rupert would serve the fishing boats and the many other craft plying in northern B. C.

ANYOX WANTS HEAR CONCERTS

Community League Investigating Cost of Installing Amplifier in Recreation Hall.

ANYOX, B. C., March 23.—At a meeting of the Anyox Community League on Wednesday night, the secretary was authorized to obtain prices for equipment necessary for the installation of radio phones in the Recreation Hall.

The wireless station at Anyox is picking up concerts which are taking place in various cities of Canada and the United States, such as Vancouver, Seattle, San Jose, etc., and it was decided by the council that it would be an excellent thing to install amplifiers in the Recreation Hall in order that the public might be able to enjoy these concerts which are being brought to the vicinity by means of radio sound waves.

PARLIAMENT COMMITTEES

All Drawn Up With Only One Majority of Government Members.

ESTIMATES ARE DOWN.

OTTAWA, March 24.—Extensive changes in the personnel of the select standing committees of the House of Commons is shown in the list of names submitted by the striking committee and approved by the House today. The committees are drawn on a basis of five government members to four combined opposition members.

Some committees are very large, notably the Railways and Canals committee which has 128 members.

The estimates were brought down in Parliament today and there are bills on the order paper to be taken up.

FORMER EMPEROR ILL
LONDON, March 24.—Former Emperor Charles of Austria-Hungary who was recently exiled to the island of Madeira is ill with a fever. A consultation of physicians has been called.

Elks' Relief Tag Day Saturday. Your financial assistance will be appreciated.

WANTS \$100,000 FOR STOLEN KISS.

(C) by Underwood & Underwood.
Mrs. Alma C. Smythe of Washington, who is suing Leighton Taylor, former secretary to the late Senator Boies Penrose of Pennsylvania, for damages her feelings are alleged to have suffered through the defendant's osculatory performance.

MUSIC HALL IS WINNER OF THE GR. NATIONAL

LIVERPOOL, March 24.—The Grand National steeplechase was won today by Hugh Kershaw's "Music Hall" on which the betting was 100 to 9 against. The second horse was Joseph Widger's "Drifter," 20 to 1, and the third J. C. Bullock's "Taffius," 50 to 1.

The course is four and a half miles long and in it there are thirty jumps over hurdles, hedges, gates and wide ditches. At the starting post there were 32 horses.

EXTEND SCOPE MINIMUM WAGES

New Regulations Will Affect Female Employees Everywhere in Province.

VICTORIA, March 24.—Regulations extending the scope of the Minimum wage scheme to include practically every female employee in British Columbia were promulgated today. This chiefly affects apprentices and inexperienced help.

Before making the regulations effective, the Government will hold an inquiry in Victoria on April 5 and in Vancouver on April 6.

DEMONSTRATION VERA CRUZ.

VERA CRUZ, Mar. 24.—A demonstration of syndicalists against the high rent ended yesterday in the shooting to death of a woman tenant, the wife of a Spanish merchant.

CRUSHED AND TRAMPLED IN BANK PANIC

Run on Big Institution in Chicago Result of False Rumors.

CHICAGO, Mar. 24.—Several women were crushed and trampled in a scramble of depositors of the Northwestern Trust and Savings Bank. The run is said to have resulted from false rumors concerning the bank's financial strength.

Bank officials are paying out money as fast as depositors can be served.

MURDERS ARE STILL COMMON IRELAND TODAY

Saloon Keeper and Seven Members of Family Shot at One Time.

BELFAST, March 24.—A band of men forced their way into the home of Owen McMahon, saloon keeper, early this morning and shot him and seven members of the family. McMahon and three sons were killed outright, another son died from wounds and two others are near death.

The crime is thought to be in reprisal for the shooting of a number of special constables in Main Street yesterday. Joseph Campbell, a Belfast city official, was shot and killed by a sniper in New Lodge Road this afternoon.

Drugs Were Passed Around at Dance in City States Police Commissioner; Drive Started

"It has been reported to me by a young lady that at a recent dance in this city dope was passed around," declared Police Commissioner S. D. Macdonald last evening in the course of a discussion at the regular meeting of the police commission which culminated in the decision of the board to make a special campaign towards the combatting of the drug evil in the city. "If such a thing has started it is time the police department was getting busy. Young people were sniffing the 'snow,' that is, taking the first step towards becoming users of cocaine and morphine.

"We now have a police force that is a credit to the city notwithstanding criticism that may be made against it. However, a special effort must be directed against this dope business. There are a lot of recent arrivals in Prince Rupert that the police must keep special tab on. They must get the records of all suspicious characters that have arrived in the course of the past few months and should find out who they are and what they are doing. Good work is being done against the drug traffic in the south and the traffickers are being driven in this direction. As far as I am concerned they can not stay here under any consideration. I have reason to believe that there are men in the city right now who are connected with this business.

Are Well Dressed.
"Before reducing our staff we should pay attention to this and it will pay us better. This class of people must be watched more carefully than they have been in the past. There are certain well dressed characters without visible means of support who are believed to be peddling dope. Even if we only get a few and send them down for two years or so the money in doing so will be well spent. We must protect our boys and girls, for if they become contaminated the responsibility falls on us.

"When these people come here they register at the hotels or go over the line. The police should soon find out about them. Over the line is the right track. In the underworld dope, whisky and prostitution go hand in hand and over the line is the best place to run down the traffickers. The flower of boyhood and girlhood has been affected in Vancouver, and we want no lepers here. We should take every step possible and the police should visit every place suspected. Those with no visible means of support will be watching. I do not mean the unemployed, for these people are generally well dressed good fellows who eat late and sleep early. There are one or two too many of them in the city now."

Sorrowful Case.
Commissioner Macdonald told of one particularly sorrowful case which had come to his attention in the city. A boy from Vancouver had been in the hospital and his arms were virtually covered with "pock" marks due to the injections of drug. The physician had told him he had better take a certain treatment or else jump in the bay. The youth had said he would rather jump in the bay.

Mayor Rochester agreed with Commissioner Macdonald on the advisability of starting a campaign against drugs. Accordingly the proposed reorganization, involving the reduction of the police department, is to be stayed for a month in which to carry it out. There will be a special session of the commission next Tuesday afternoon with the chief of police to decide upon a definite plan for the crusade.

OPERATORS OF STILLS HERE TO BE TRIED

Three Japs Were Brought to the City From Port Essington Last Evening.

T. Kuwahara, T. Kogo and S. Kobuke, Port Essington Japs, were brought to the city by Provincial Constable Martin last night and lodged in the city police cells. They are being charged with breaches of the Inland Revenue Act in operating stills illegally at Port Essington. The arrests were made by the Royal Canadian Mounted Police, who turned them over to Constable Martin for delivery. The charges will be heard before Stipendiary Magistrate J. H. McMullin, L. W. Patmore acting for the defence.

Trawlers Will Start Fishing
Kelly, leaves Middle of Next Week For Banks—Foster and Caruthers Into Dock.

The Canadian Fish and Cold Storage Co. will be sending the trawler Andrew Kelly to the fishing banks about the middle of next week for the first time in several months. The James Caruthers and G. E. Foster will be going into dry dock at the first of the week, and after they have been surveyed and overhauled they too will likely go to the banks. All three of the company's big trawlers have been tied up at the Seal Cove plant since last fall.

CUP LIKELY COME WEST
Vancouver Hockey Team Outplayed and Outgeneralled Eastern Hockey Champs.

TORONTO, March 24.—Commenting on last night's Stanley Cup game, the Globe this morning says in part: "Visitors from the other side of the Rocky mountains outplayed and outgeneralled the weakened local team. They entered the contest favorites and never gave their supporters cause for worry. The vast majority who saw last night's game agree that the cup is likely to go west."

DEBATE CLOSED.
OTTAWA, March 24.—The debate on the address in reply to the speech from the throne came to an end yesterday when the motion was adopted in the House of Commons without a division.

Satisfactory Result Election in Nelson.

The result of the election in Nelson was very satisfactory. No one wants another provincial election just now, and certainly the people of Northern and Central British Columbia do not want one. It is the general wish here that the strengthened government with Attorney-general Manson in office shall have an opportunity to make good. This applies to people of all shades of political opinion.

While there are a few politicians who like to see the country in a political turmoil all the time, the average man wants time to do his own work without having the elections and politicians always bothering him. The affairs of the country are being carried on well and the people have now shown their confidence in the government by returning two ministers, one by acclamation, and now by returning a supporter of the government by a very large majority at Nelson. Elections will also be held at Granbrook and Vancouver in the near future.

Discusses Question of Daylight Saving.

An Anxous correspondent today discusses the question of daylight saving and is inclined to look upon it as an imposition. In answer to that we would like to draw attention to the fact that in most cities, before passing the regulation for changing the clocks, a plebiscite of the people is taken so that it is not a minority imposing its will on the majority, but the majority imposing its will on a minority, a perfectly democratic principle.

The correspondent also takes exception to a municipality taking action when the Dominion Parliament has passed on the proposal and turned it down. At the time this was done it was explained that the Dominion left it to the provinces or municipalities to legislate if they so wished. It was felt by the Dominion Government that to pass a national measure would make it inconvenient for farmers, who usually were opposed to the change.

For several years they have had daylight saving throughout Great Britain, and France is still discussing the proposal. In British Columbia both Victoria and Vancouver are to have daylight saving this year. It is a matter for any community to decide whether or not they wish to have it. Much will depend upon the occupation of the people and the recreational desires.

The Daily News would like to see daylight saving in Prince Rupert, but it is all a matter for the local people to decide. There is no wish on the part of any minority to impose its will on the majority, but if it is found that most of the people want the change it should be put in force. In this city it is mostly the wage-earners who have expressed themselves as keen for the long evenings. While most of them take pleasure in their work, they also like a different kind of pleasure in the evening. They like to go out boating, to swim in the Salt Lake and to bask in the great outdoors. The extra hours gives them the opportunity.

All Will Join in Suppressing Drug Traffic.

The Prince Rupert police commission is to be congratulated on its decision to use every possible endeavor to eradicate the drug traffic from Prince Rupert. It can not be done in a day. There must be a steady campaign continuous throughout time. The traffic has been going on here for years and those who sell the drugs have lists of the names of those who use them. As a result they are able to carry on the business without much danger of detection. The most criminal feature of the business is the attempt made from time to time to induce young people to become drug users.

Yesterday the Rotary Club here passed a resolution asking the government to pass restrictive legislation. The Elks in Vancouver are appealing to the members of the local lodge to aid them in bringing the matter to the attention of the authorities. People are being roused everywhere to the necessity for action and Prince Rupert must do its share of the national house-cleaning.

Much Interest in Council-Manager Plan.

Much interest has been taken locally in the outline of the working of the council-manager plan of civic government as given in this paper. Many places are making it a success, and the best recommendation for it seems to be that the cities which undertake the system do not change back to the old method. To make the mayor and each alderman an executive officer with all the worry of attention to petty detail is not conducive to good government. The aldermen are not trained executives. They know little about the business. They, as a rule, find it difficult to manage their own businesses successfully when they give their best effort to it. How can they expect to get results when it is a hobby which receives attention after business hours or during intervals in their regular work?

In Five Years
 How much do you spend in a week on trifles you would never miss?—About three dollars?
 That amount, deposited every week for five years, would amount to \$841.02.

COMPLETELY FREE OF CONSTIPATION

Tried for Years to Find Relief

"FRUIT-A-TIVES" GAVE IT

Chronic Constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that Constipation cannot be permanently corrected. This is a great mistake, because here is the proof that constipation can be cured and the bowels made to act regularly and naturally.

YARMOUTH, N.S.

"For years, I was troubled with Constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work.

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

The relief in my case has been lasting. As up to date, I have never had any further trouble. I can recommend "Fruit-a-tives" to all suffering as I did and I am sure they will derive equal benefit."

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c., or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

ESTIMATES OF POLICE FORCE

To Be Considered by Special Committee—Estimate Lower Than Last Year's Expenditure.

The 1922 estimates of the police department were submitted by Chief W. H. Vickers to the police commission last night. The total estimate is \$22,266 as against an actual expenditure in 1921 of \$25,946.43. In view of the fact that expenditures of the police department in the past few years have in every case considerably exceeded the estimates, it was decided to refer them to a special committee consisting of the mayor, chief of police and city clerk for revision to increase them if necessary. With such amendments as are found necessary by this committee the estimates will be adopted.

The various items of the estimates as compared with actual expenditures in 1921 are as follows:

- Salaries, \$17,740; 1921, \$17,890.69.
- Stationery, \$150; 1921, \$304.69.
- Light, water, fuel and telephone, \$1900; 1921, \$1050.
- Keep of prisoners, \$1000; 1921, \$892.12.
- Transportation, \$1000; 1921, \$1246.46.
- Uniforms, \$976; 1921, \$884.49.
- Relief, not provided for; 1921, \$480.75.
- Telegrams and miscellaneous expenses, \$400; 1921, \$1968.44.
- Workmen's compensation, not provided for; 1921, \$228.25.

WALKER'S MUSIC STORE INCORPORATED

Large Incorporations Gazetted This Week at Victoria Both Provincial and Extra-provincial.

VICTORIA, March 24.—British Columbia companies with an aggregate capitalization of \$908,000 and extra provincial companies with an aggregate of \$1,025,000 were granted charters. The new incorporations include Walker's Music Store, Ltd., of Prince Rupert.

Prosperous advertising means regular continuous advertising.

STUDENTS ARE ROTARY GUESTS

Young People Who Took Part in Contests Lunch with Club.

The boys and girls who took part in the oratorical contest and one of the winners of the medals awarded in the essay contest were guests of the Rotary Club yesterday at luncheon in the St. Regis cafe. Two of the medal winners were unable to be present.

They were given places with President Duby at the head of the table. The guests were Lee Gordon, winner of the medal, Howard Frizzell, Willie Kergin, Bartlett Wakefield and Misses Pete Tremayne, Gertrude Nelson and Wilma Wilson, the last mentioned being winner of the gold medal for the fourth grade essay. Other guests present at the luncheon were Judge Robertson, R. Beaumont, W. A. Allen, Dr. Tremayne and J. C. McLennan.

The medals were presented by W. E. Williams, chairman of the Boys' Work Committee who explained some of the work which they had done during the year just about closed. They had taken a census of the boys of the city, had entertained the school teachers at a banquet and had conducted the essay and oratorical contests.

Satisfactory Contest.

Speaking of the contests, Mr. Williams said that one in oratory had been one of the most satisfactory of which he had ever heard. It was not often they had the opportunity to hear such addresses as those given by the young folks. Bartlett Wakefield was only a small boy yet he had put up a manful fight. The committee found the utmost difficulty in deciding on the winner. He said it spoke well for the city to have these young people growing up here and he bespoke a great future for them.

Mr. Williams urged on the young people the value of original thinking as the basis of their work and this could be backed up by research work. The first thing about oratory was to convey ideas and the next thing to "get it across." In doing this the orator used all the art at his disposal. He resorted to wit, humor, figures of speech, contrast, comparison and careful choice of language. The greater the artist, the more effective the address. Verbiage was not oratory. There must be ideas as well as a convincing way of carrying them to the hearers. Add to all this the ability to win the sympathy of the audience and there was the perfect speaker. Mr. Williams then presented the medals.

Winner Speaks.

Lee Gordon congratulated the club on the work they were doing. The young people were deeply indebted to them. While many other clubs had somewhat similar aims the Rotary Club seemed to have a wider vision. By dealing with the foundation of things they were able to attain their aim.

President Duby spoke of the co-operation they had received from the faculty and trustees of the schools in what they had undertaken.

Principal Brady spoke of the change by which the younger generation became the guests of their elders, and were encouraged by them. The world today was turning its attention to the well being of the boy and girl. Immense sums of money were being spent to provide for the moral, physical and mental welfare of the children. What was needed was deep thinking and careful progress. There was no need to look abroad but they should commence at home. Careful thought was desirable in working for the benefit of the community. The day had been and was still with us when thousands of boys and girls were eking out an existence and not fulfilling their proper functions. Equity and justice were fundamental things. He looked to a time when the words "camouflage" and "graft" would give place to "truth" and "justice."

Orators and Writers.

T. H. Johnson said it was a pleasure for him to join in welcoming the students who were there. As a member of the committee he had found the work interesting and instructive. The orator had many advantages over the writer in that he could use his personality in influencing the audience. On the other hand

Months of Wear in these Light-weight Rubber Boots

No better rubber boots are made for men who work around the water than those which bear the Ames Holden guarantee.

Dealers back this Ames Holden guarantee to the limit because they know you'll like the Ames Holden

Rubber Boots. You can wear them with comfort all day. They fit and are ounces lighter than other boots. The pure, tough, live rubber is reinforced where the most wear comes and the thick tread sole lasts.

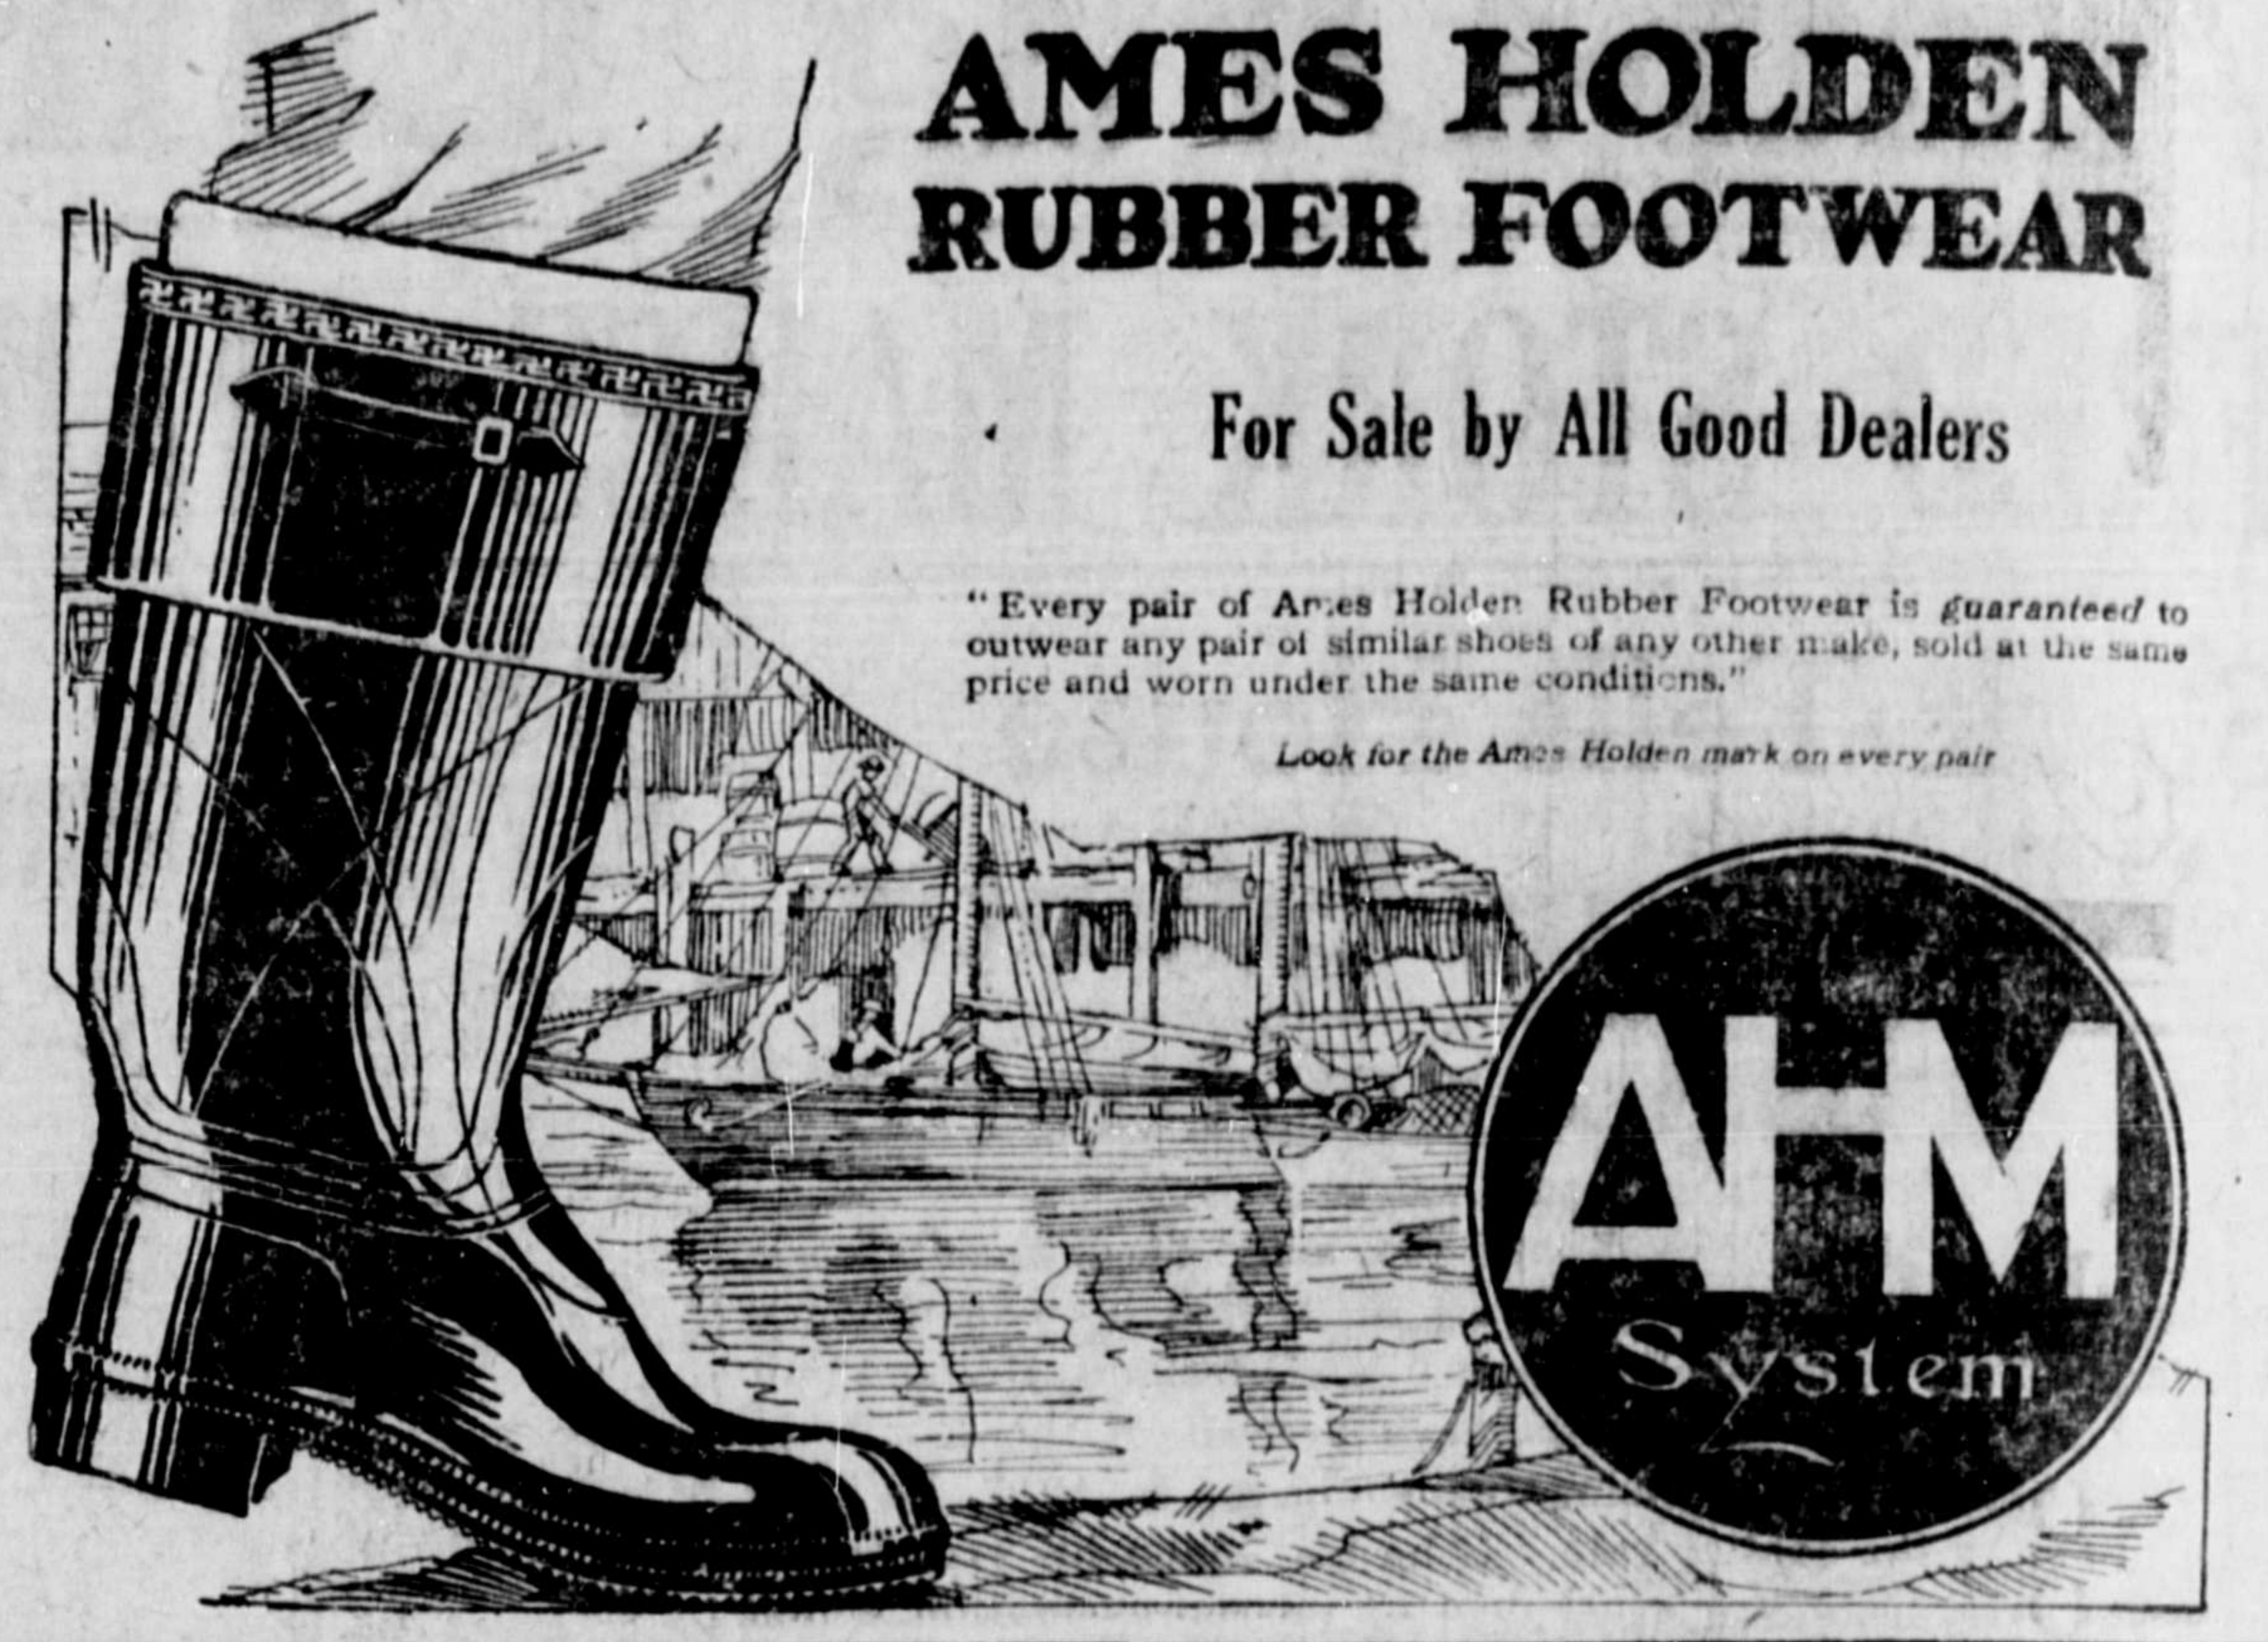

When looking for comfort and value ask for

"Every pair of Ames Holden Rubber Footwear is guaranteed to outwear any pair of similar shoes of any other make, sold at the same price and worn under the same conditions."

Look for the Ames Holden mark on every pair

one who used the pen had to be most careful. Fortunately was the man who could convey only the meaning he wished to be conveyed. No doubt orators and writers were needed in life and he hoped when their abilities were put to a greater test these young people would receive the commendation of their fellows.

DR. GRANT INVITED SPEAK AT LUNCHEON

Prince Rupert Man to Take Prominent Part in Rotary Conference at Vancouver.

An invitation has been extended to Rev. H. R. Grant of this city to give a ten minute address at the luncheon in the Vancouver skating arena on April 4, at the big district conference of Rotary Clubs. The general subject for the conference is "International Good Will" and it will be some phase of this on which Dr. Grant will speak.

The invitation is looked upon as a compliment to the local club and as a recognition of the ability of the "Sky Pilot."

There will be present at the conference large delegations from Seattle and other American cities and it is expected that 2,500 will sit down at the luncheon.

The Man in the Moon SAYS:

ONE of the uses of an auto is to get to places quickly—into debt frantically.

IF this condition of affairs continues the old expressions "What'll you have?" and "Now-whatchill?" will be forgotten. The young generation will not even know what it means to say "Here's lookin'."

AT the fall fair this year there is to be a big exhibit of chickens and calves.

IT was on the stock exchange. When a young lady entered the remark was made that skirts were above par.

THERE will be a big demand for linkers in town pretty soon. The motor boating season is fast approaching.

A SOAK was rolling down the street the other day when a friend exclaimed, "Jock has been flooding his carburettor again and the motor is not running very smoothly."

George Leek's letter offering to become chief of city police and effect better efficiency in the force with a smaller staff was received and filed by the commission at the regular monthly meeting last night.

Mrs. Godwin and Miss Godwin, of McBride Street, sailed last night on the Prince Rupert for the south enroute for Longbeach, California, where they will join Mr. Godwin, who went there some weeks ago. 11
Skema River arrivals on last night's train included J. E. Lord, North Pacific; H. H. Schulz and Mr. and Mrs. Horwell, Salvo; B. Kilday, W. Herman and Miss M. Herman, Haysport; R. G. Cunningham, Port Essington, and J. F. Straug, Summyside. 11

A charge of \$2 to cover court costs is to be charged by the police magistrate in future in handling drug cases which are tried in the city police court for the Dominion Police. The police and government collect the entire fine, without the city sharing in them whatever. 11

The account of Fisher & Oughton for \$75 in connection with the recent case in the police court again the Middle West Wine Co. for illegal liquor selling was again presented to the police commission last night with a recommendation from the city solicitor that \$50 only be paid. It has now been referred to the city council, the commission feeling that it is still too high. 11

The payment of overtime wages to police officers was again discussed at the police commission meeting last night and it was decided to ascertain what was done in Vancouver, Victoria and New Westminster in this connection. Special patrol duty, the commission felt, was entitled to overtime pay but appearance in police court in connection with the ordinary duties of the officers. 11

Elks' Relief Tag Day Saturday. Your financial assistance will be appreciated. 70

ECZEMA
You are not experimenting when you use Dr. Chase's Ointment for Eczema and Skin Irritations. It relieves at once and gradually heals the skin. GETTING READY TO BUILD BRIDGE AND CANOPY AT STATION

The bents for the bridge which will lead from the Grand Trunk Pacific general offices to the new station are now being built. They are constructed of heavy timbers held together with iron bolts. Actual construction of the bridge will not commence for two weeks, and in the meantime the canopy over the railroad platform is to be put up. It will extend out from the station at both ends.

BIRTH.

A daughter was born to Mr. and Mrs. Thomas McMeekin at their residence Fifth Avenue yesterday.

AIR COMPANY IS ORGANIZED

Seaplane to Be Operated From Lake Kathryn to North Country.

The Railwaymen's Industrial and Investment Association of Smithers has been incorporated with a capitalization of \$100,000 to establish an aerial service to the Manson, Ingonica and Finlay river districts from headquarters which will likely be established at Lake Kathryn, says the Interior News. A seaplane will be purchased and a freight and passenger service to the country north of the Bulkley Valley will be instituted.

As best suited to the conditions of this country of great distances with their objective far removed from the centres of population, the association has decided on a seaplane, and a new machine will be ordered shortly. The plane selected being equipped with a Liberty motor of 200 h.p., the cost being in the neighborhood of \$6500. A pilot with wide experience under conditions of country that will exist on the trip to Thutade Lake has been secured, being a man who has been flying to the Fort Norman oil fields. The machine is to be shipped to Jericho Beach for assembly and the trip to Smithers will be made on its own wings. The machine will be ordered will have a capacity of almost a ton, with a safe average load around 1200 pounds. It will have seating accommodation for two besides the pilot and will have additional capacity for freight.

Len Bell, the well known engineer, is president of the company; Frank Foster, vice-president, and Frank Warren, the conductor, is treasurer. In addition there is a strong board of directors.

WINNIPEG FAILS TO REDUCE TAX RATE

Failure of School Board to Cut Salaries Given as Reason for High Millage.

WINNIPEG, Mar. 24.—Winnipeg's tax rate for 1922 can not be less than 30 mills on the dollar owing to the increase of \$250,000 in school-board estimates, Mayor Parnell stated.

"I hoped strongly for a reduction of at least one mill on our tax rate this year, but the school board's answer to our request for a cut in the estimates has wiped out any possibility of reducing the rate this year. Despite close cutting of city estimates, it will be difficult to hold the tax rate down to last year's rate with the additional revenue required for school purposes," he said.

BY-ELECTION TODAY

Successor to Sir Donald McMaster Is Being Chosen.

LONDON, Mar. 24.—The by-election in Chertsey caused by the death of Sir Donald McMaster, M.P., is taking place today. Sir Philip Richardson is the Unionist candidate and Sir Hubert Gough, independent Liberal.

CARELESS OF HER.

Magistrate—So you broke an umbrella over your husband's head? What have you to say?
Defendant—It was a haccident, sir.
Magistrate—How could it be an accident?
Defendant—Well, I had no intention of breaking the umbrella.
—The Passing Show.

Ten Years Ago in Prince Rupert

March 24, 1912.

The provincial election contest is proceeding hotly with four candidates, William Manson, Alex. Manson, W. H. Montgomery and Dr. W. B. Clayton, in the field. Liberals and Conservatives are both sure of victory at the polls.

The pipe line between Shawatlans Passage and Acropolis Hill for the hydro-electric system is nearly completed. The reservoir has been excavated and cement for it ordered. The mayor says pumping can commence at Woodworth Lake as soon as the pipe line is finished.

Louis Hoppenstein has been appointed captain of the Skeena River snag scow succeeding Captain Noel, who was recently drowned. The scow, which sank will soon be afloat again.

FINES COLLECTED IN POLICE COURT FEBRUARY LIGHT

February was a light month as far as cases presented and fines collected in the police court was concerned, according to the report of the chief which was presented to the commission last evening. There were ten cases, eight convictions and a total of \$90 collected in fines. Of six cases of intoxication only two paid fines, the remainder serving the optional jail sentence. There were two burglaries reported during the month, one at Gratton's store and the other at Oliver Besner's bonded-liquor warehouse. Bread and coal weights were found to be correct.

The payroll for the month was \$1324 and the cost of keeping prisoners at Okala was \$80.

FUR PRICES DROP EDMONTON AUCTION

EDMONTON, March 24.—Furs are going down in price rapidly, as was evidenced by the bids tendered at the fur auction held in the Northern Trading Company's fur warehouse. Emile Sholl's fur pack from the Fort Mackay district was put up for sale, and was purchased by the A. Carruthers company; all the representatives of the city fur houses being present, the bids being very close in respect to figures.

The pack consisted of a choice bunch of prime winter skins which it developed were sold at prices twenty-five per cent lower than those in vogue at this time last year. This is considered by the fur men to illustrate the trend of the times and is regarded as important, pointing to a further reduction, and the stabilizing of the fur-trade on a national basis.

MRS. LOTTIE HARVEY DIES RESULT POISON

VICTORIA, March 24.—Mrs. Lottie Ann Harvey, after conversing with her husband went to the pantry and drank lysol and died four hours later. She lived at 2209 Lydia Street. She leaves two small children.

OFFICIALS ARE VERY PLEASED

D. B. Hanna and T. G. Watson Gratified at Passage of Bylaws.

"The following telegrams have been received by Mayor Rochester:—

"Very pleased indeed to hear result of voting in bylaw and wish to congratulate you and the municipal council for the vote of confidence which the passing of the bylaw by the electors denotes."—D. B. Hanna.
"Am gratified to learn that the bylaw has carried and personally wish to thank you and the municipal council for their efforts in this matter. I feel confident that the settlement will prove beneficial to all parties concerned."—Thomas G. Watson.

POLAND ARRANGES LOAN IN BRITAIN

Borrows Four Million Pounds Under Favorable Conditions.

WARSAW, March 24.—Polish delegates sent to London to seek a loan for Poland announced today that they had arranged to borrow four million pounds from an important British group of financiers and that the loan had been effected under favorable conditions.

NO INTEREST TAKEN IN BRITISH COMMONS

LONDON, Mar. 24.—All interest is temporarily gone out of the House of Commons proceedings, feeling that nothing can happen in domestic politics until after the debate next week on the Genoa conference. This tends to make members indifferent to routine business of the session.

DIFFERENCE OVER LETTERS OF ALPHABET

SOFIA, Mar. 24.—Two members of the cabinet resigned yesterday as a result of differences in the ministry over the government's determination to eliminate three letters from the Bulgarian alphabet, which was announced several weeks ago.

Was Troubled With Her Liver for over 4 months

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow, among which are: sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

MILBURN'S LAXA-LIVER PILLS

quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice McNeill, Napawa, Ont., writes: "I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person today.

"I can safely recommend Laxa-Liver Pills to anyone troubled with liver trouble."
Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When Baby Comes

WHAT a joy to mother's heart when baby comes! What a relief after months of anxiety and nerve strain!

Mother is happy and expects soon to be strong and well again.

But frequently reaction sets in, and when the excitement is over she is left weak and limp and does not seem to build up the way she should.

Fortunate the mother who has at hand the kindly nurse or attentive friend to tell her how Dr. Chase's Nerve Food will help her at this critical time.

Now more than ever the mother requires the assistance of a blood-forming, tissue-building, nerve-invigorating treatment, and these requirements are admirably

met by Dr. Chase's Nerve Food.

Mrs. Wm. Woods, Coldwater, Ont., writes: "After the birth of my baby I was run down, nervous and could not eat or sleep, jumping at the least noise. Dr. Chase's Nerve Food built me up and made me strong and well again."

Mrs. David Logan, Thorburn, N.S., writes: "A friend of mine whom I went to see after baby was born told me she used Dr. Chase's Nerve Food all through the expectant period and attributed her good condition and splendid baby to its use."

Dr. Chase's Nerve Food, 50 cents a box. All dealers, or Edmanson, Bates & Co., Ltd., Toronto. Look for portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy.

Sport Chat

The Elks are arranging to take charge of the Victoria Day celebration in Prince Rupert on May 24. The committee, consisting of W. F. Roberge, Ben Self and Ralph V. G. Lepine, appointed to make preliminary arrangements, has already interviewed the Fair Association and gained permission to use the Agricultural Hall free of charge in connection with the proceedings. The next step will be to have the city council grant the use of the Aeropolis Hill sports ground for the occasion. Although arrangements are still in the formative stage it is planned to have a baseball game between Anyox and Prince Rupert, football games and a big carnival in the hall. There will also probably be sports and races for the youngsters. Definite announcements should be forthcoming in the very near future.

The final whist games between the Valhalla Ladies and the Valhalla Men champions of the Ladies' and Men's Whist League respectively, to decide the city championship and the possession of the Dybhavn Cup for 1922, will be played in the Metropolitan Hall next Tuesday evening. The meeting will be an ordinary nine game match and the winners of the five or more games will be the champions. The teams are as follows:

Valhalla Ladies—Mrs. Olaf Hansen, Mrs. O. A. Johnson, Mrs. K. Hallberg, Mrs. George Fritz, Mrs. M. Jacobsen and Mrs. A. Lindsay.

Valhalla Men—A. Akerberg, L. O. Larsen, G. Stegaviz, John Dybhavn, K. Hallberg and Peter Nelsh.

The delay in getting this series played off has been on account of illness in the ranks of the two teams.

The French may know little about golf, but they have not much to learn about the playing of rugby football, says the Manchester Guardian; if M. Briand thought that the famous golf-match at Cannes was a deep-laid plot to shake his nerve he should have countermanded with a rugby team gathered from the fine players of Southern France. On Saturday, at Twickenham, on our native soil and by our domestic hearth, where victory is assumed and not discussed, the Frenchmen drew. We may make up our minds to it; the day is fast coming when the French will do better than make a mere draw. The French, and especially the Southern French are well equipped for the game. They have a liveliness and impetus, a swift response of action to thought that would always make them hard to beat. But whereas one would suppose that they were by temperament sprinters, they are also notable stayers; in actual track-athletics they have had some of the best runners at the long, if not the longest distances.

D. D. M'KENZIE MAY SUCCEED LANGLEY

OTTAWA, March 24.—The appointment of a successor to the late Judge Langley, of Nova Scotia, supreme court is being discussed in political circles and it is understood that the appointment will probably fall to Hon. D. D. McKenzie, solicitor general who has previously been mentioned for the vacancy and who, it is understood, would not be averse to accepting the position after the end of the present session.

In the Letter Box

DAYLIGHT SAVING.

Anyox, B. C.

Editor Daily News:

The News has for some time past advocated resorting to daylight saving and advanced arguments to sustain its views. Because the News circulates beyond the confines of Prince Rupert, and as such virus is of a highly infectious character the discussion of the subject belongs to anyone.

In view of opinions expressed therein, it would be interesting to know why any place apart from Vancouver should set up a fictitious time, when by so doing it would conflict with standard time as used by transportation companies. Canning savers in the past have persistently spread the report that when a railroad changed from winter to that of summer, it meant clock manipulation as part of its policy, so as to furnish an excuse for adopting the fad and innocents have been known to fall for the ruse.

Leisure.

One day and a half and inclusive of holidays too, out of seven, does not allow much leisure if it is true, for those who make pleasure-seeking the chief aim of life. Yet the world-to-day takes a different view, and complains bitterly of the enforced leisure to which it is subjected.

This province lies between the 49th and 60th parallels of north latitude. The length of the day in summer in the north is so long that it seems monotonous. Even now, daylight, after the sun crosses the meridian (at noon) is much over an hour more than before it reaches that point, which shows that the day according to standard time is over-balanced in the direction of the afternoon. Yet the eccentricities of the savor prompt him to make it further lopsided, and those who clamor for daylight-saving, under such circumstances, should be regarded with amusement if not suspicion.

The Real Saver.

The real saver is invariably one who can comply with the law he advocates, by advancing the clock-time—while by reason of his circumstances, can exempt himself from the inconveniences and hardships its operation inflicts on others. The numerical inferiority of this class is admitted, but its policy is enforced through and by the aid of satellites to whom can be accredited the subversion of the liberties of the people and entrenchment of special privilege everywhere. This fad is supported by a group of organized minorities in cities (Overlords) the real dictators of public policy. The Vancouver list has been frequently published in the press of that city, as well as statements emanating from that source, dealing with and outlining the methods whereby coercion should be applied to children to secure compliance therewith. Such dictum should grate upon the ears of at least some parents who would be loth to shirk the responsibility of protecting their off-spring against the caprices of organized greed.

Personal Rights.

The principles upon which this Government rests, and in theory at least supports, is the recognition and protection of the citizen in his individual rights, in matters that affect him alone, and in no way conflict with the public welfare nor majority interests. When conditions are imposed upon him, compelling him to arise an hour earlier than

WILL REDUCE POLICE FORCE

Two Officers Are Given Notice for April 1—Board Against Wage Reductions Now.

Instead of cutting the salaries of the officers, the police commission has decided that the force will be reduced by two men effective on April 1 and, in accordance with that decision Constables Bourne and Bruce, junior members of the force, are to be notified that their services may not be required after that date. In the meantime and before the reduction comes into effect a special drive is to be made by the police department against the drug traffic in the city.

The whole matter of reorganization and possible wage reduction was given full discussion at the meeting. Commissioner Macdonald said that he was absolutely opposed to any reduction now as he felt that the time was inopportune for living costs had not come down sufficiently as compared with 1914 to warrant it. Statistics showed that living costs were 93 percent higher today than they were in 1914 and increases would be more in line than reductions. Until such time as these costs came down considerably he would not be willing to consider wage cuts. It was worth at least 10 percent more to work in Prince Rupert than in other cities. As far as the question generally was concerned he thought that the salaries of city employees should remain as they were and the property owners should bear the cost.

Commissioner Shockley was of the opinion that the whole matter should be thrashed out before an arbitration board before the police commission took any action along this line.

Mayor Rochester stated that he would prefer reducing the staff over cutting wages but something must be done for the city had reached the limit.

"DON'T TELL EVERYTHING" IS AT THE WESTHOLME

A Real Picture With Real People in It Is Description of Play.

The spirit of the outdoors is evident in "Don't Tell Everything," which will be the attraction tonight at the Westholme Theatre. It is a Paramount picture and produced with the usual excellence that characterizes these offerings. The notable thing of course, is the combination of Wallace Reid, Gloria Swanson and Elliott Dexter in the picture, which in itself is a superior attraction. But when there is a breezy story, a tangle of fabrications and a lot of good situations

PREST TO LAND NEAR SMITHERS

Las Vegas Airman Intends to Fly This Year From Auburn, New York.

Further information regarding the flight which C. O. Prest, of Las Vegas, Nevada, airman, who was here with his machine "Polar Bear" last fall, intends to make this summer to Siberia has reached the city.

This year Aviator Prest will start from Auburn, New York, instead of Mexico. The flight will commence in April or May and Prince Rupert should be reached by June. Instead of Hazelton it is proposed to land at Smithers and Mr. Prest has already communicated with the town council there with a view to obtaining a suitable landing place. Two sites have been recommended, one at the Rosenthal & Deyoum farm and the other on the Oulton place.

Mr. Prest is bringing with him this year in his one man biplane which is smaller than the Polar Bear and suitable for landing on shorter fields, a complete moving picture outfit.

THE COUGH with that Ticklish Sensation

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B. C., writes: "I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. In fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house." Be sure and get "Dr. Wood's" when you ask for it. Price, 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Wallace Reid, Gloria Swanson and Elliott Dexter in the Paramount Picture "Don't Tell Everything" Starring tonight at the Westholme Theatre.

TIMES must be very hard in Vancouver. A client of ours there says he is very hard up and so must sacrifice a fine Double Corner which he owns here in Prince Rupert on Sixth Ave., at Cotton Street, in Section Six. It is on the sewer and lies fine for building. Make us an offer. It must be sold. H. G. HELGERSON, LTD., Real Estate, Rentals, Insurance.

POLITICS IN BRITAIN TODAY

Influence of Sir George Younger and Possible Outcome Discussed.

Sir George Younger has been amusing himself for some time by twisting the lion's tail says the Manchester Guardian. He has administered a series of pin-pricks to the Premier, and told his own leaders what policy they must follow. He frustrated the idea of a February election, and demanded the reform of the House of Lords. When Mr. Austen Chamberlain spoke of an alliance with the Coalition Liberals at the coming elections, Sir George Younger intervened to say that he did not want an alliance, but only a "sort of co-operation" and a "bill of divorcement" followed by friendly relations, and that he and his friends would be good enough not to turn the Coalition Liberal, "completely adrift."

Lloyd George has now informed Mr. Chamberlain that this must stop. If Sir George Younger sets the tune for the Tory party, Mr. George will cease to lead the Coalition. The alternative possibilities are now these. The intransigent Tories, having succeeded, Mr. Chamberlain, Lord Birkenhead and others might endeavor to arrange a Centre party with Mr. George. Or, Mr. George may resign and, leaving the Tory party to its own devices, appeal to that wave of Liberal sentiment which is moving through the country and bring about the reunion of the Liberal party.

Sir George Younger has brought much nearer the long-pending choice between these alternatives. At the same time the Bodmin by-election has shown again how discredited are the Tories in a straight fight. The Unionist majority of 3,583 was turned into a Free Liberal majority of 3,141. Labor supported the Liberal candidature.

THE BANKRUPTCY ACT.

In the Estate of THE SKEENA RIVER CO-OPERATIVE ASSOCIATION, LIMITED, authorized assignee.

NOTICE is hereby given that the Skeena River Co-operative Association, Ltd., of Terrace, B. C., did on the sixteenth day of March, 1922, make an authorized assignment to the undersigned.

NOTICE is further given that the First Meeting of creditors of the above estate will be held in the office of Messrs. Barr & Small, Chartered Accountants, Federal Building, Prince Rupert, B. C., on the 29th day of March, 1922, at 3 p.m.

To entitle you to vote thereat proof of your claim must be lodged with me before the meeting is held.

Proxies to be used at the meeting must be lodged with me prior thereto.

AND FURTHER TAKE NOTICE that if you have any claim against the debtor, which you are entitled to rank, proof of such claim must be filed with me within thirty days from the date of this notice, for from and after the expiration of the time fixed by subsection 8 of section 27 of the said Act I shall distribute the proceeds of the debtor's estate among the parties entitled thereto, having regard only to the claims of which I have then notice.

Dated at Prince Rupert, B. C., this 20th day of March, 1922.

GEORGE BOHRE, C. A. Authorized Trustee, Prince Rupert, B. C.

TIMBER SALE X-3546.

ALASKAN SHOWMAN CONVICTED OF WHITE SLAVERY ANCHORAGE

KETCHIKAN, Mar. 24.—Ragtime Kelly, an oldtimer of the North, who gave a vaudeville act in a number of towns throughout Southeastern and Southwestern Alaska, including Ketchikan, a little more than a year ago, has been found guilty of violation of the Mann Act when tried in the United States District Court at Anchorage.

The trial of Mr. and Mrs. Frank Kelly occupied the attention of the district court for four days. The case was submitted to the jury late at night and at noon the jury rendered their verdict. "Ragtime" Kelly was found guilty on all eight counts of the indictment. Mrs. Kelly, who was made co-defendant in the indictment, was acquitted.

Imported Women.
 The indictment against Kelly, although containing eight counts, was really the transaction growing out of the importation of two women from Seattle to Anchorage as entertainers in the cabaret in Anchorage run by Kelly.

Kelly arranged for their tickets and induced them to come to Anchorage. The charge was that after their arrival Kelly attempted to force them to engage in immoral practices in violation of the Mann white slave act.

The conviction of Kelly carries with it a penitentiary sentence. There is no doubt that an appeal will be filed by Kelly's attorneys and the case fought out in the Court of Appeals.

HEAVY FINE AT EDMONTON

Man Has to Pay \$700 for Illegal Sale of Liquor to a Woman.

EDMONTON, Mar. 24.—Seven hundred dollars and the costs of the court was the fine imposed on Eric Hagen in the city police court Monday morning when found guilty of the illegal sale of liquor to Mrs. Barron, a woman in the employment of the city police.

Police testimony in the case is that Mrs. Barron, who just a few days ago came from Fort Saskatchewan jail, where she served a sentence of two weeks on the charge of drunkenness, offered upon being herself convicted in Mrs. Murphy's court to trap illegal sellers of liquor. An agreement was apparently reached between her and the police and they gave her a marked \$5 bill "to get" the accused. They drove her in a car to within half a block of the accused's premises and alleged that they watched her go there.

Had Three Drinks.

She says that she had three drinks while in the accused's private dwelling, having said she was ill in order to get the liquor, and also secured a small bottle to take to her room. This was on St. Patrick's Day and the liquor supposed to have been secured was "the old Irish whisky."

The defence made much of the fact that it was on the information of a "besotted drunkard" that the police obtained a warrant to search the accused's place and also of the fact that the woman and the "little man" referred to by her, who was also a crown witness, had to be recalled to amend statements made by them at the first introduction of the trial on Saturday, on which occasion one of the crown witnesses had to be removed from the witness stand at the order of the magistrate because he was in an intoxicated condition.

CLOSE SEASON FOR HALIBUT

Pacific Coast Fisherman Recommends Regulation for Serious Consideration.

After prolonged discussion during the last month or two, the Fishing Vessel Owners' Association of Seattle whose members own most of the halibut vessels of the Pacific Coast, has passed a resolution urging congress to take action toward the establishment of a yearly closed season of approximately three months on halibut fishing in the Pacific, the season recommended being from November 15 to February 15, says the Pacific Coast Fisherman. The members have been practically unanimous in the opinion that this should be done, but the discussion was mainly in regard to what form the action should take, and also in part as to the exact date of closing.

The closing is urged primarily as a conservation measure, as it is the consensus of opinion that the fish taken after the middle of November are almost entirely in a spawning condition, of little real value for food; while later on, in January and February, few fish can be taken, and it would be better to give them a complete rest during that period.

Gaining Headway.

The movement for a closed season on halibut fishing in the north Pacific during the winter months has lately gained considerable headway, with strong support from both American and Canadian interests, says the magazine editorially. The idea seems to meet with practically unanimous favor from fishermen, vessel owners and other interested throughout the entire fishing district. There may be some slight variance of opinion as to details, but on the general principle there is complete agreement and efforts are being made to secure action from both American and Canadian governments.

The agitation is nothing new, having come up from time to time for a number of years. In fact, a treaty covering the subject has been negotiated but failed to win approval because of objectionable provisions relating to other matters. It is hoped that the matter will now be taken up for definite action on its own merits, without extraneous considerations. The precise form of action to be taken may perhaps be left to the able lawyers in the legislative and executive departments of both countries, but whatever regulations are made should be of unquestioned validity and effectiveness, the purpose being to stop halibut fishing for approximately three months. Prevailing opinion would begin the closed season about November 15; but investigation might show a slightly earlier date to be preferable from the viewpoint of conservation.

Conservation Measure.

The action is urged primarily as a conservation measure; but it should be borne in mind that no complete solution of the halibut problem can be found in a yearly closed season, inasmuch as the halibut does not reproduce until about twelve years old. It would be of no small benefit, however, as the halibut are spawning in November and December, when great quantities are taken in very poor condition, involving great waste and destruction of spawn. During the latter part of the proposed closed season fishing is difficult and unproductive and could be suspended with benefit to all concerned. In view of its real value toward the preservation of the fishery, as well as the virtually unanimous desire of those interested, this regulation deserves the serious consideration of the lawmakers and fishery authorities of both countries.
