PRICE FIVE CENTS

Irish Leader Trying Force in Erin

SCOTLAND BEATS ENGLAND INTERNATIONAL FOOTBALL TODAY

EXPERIMENTAL FARM PROMISED

Sum of \$30,000 Placed in Estimates and Minister Hopes Commerce Summer.

WAS URGED BY DELEGATION

Need of Farm Recognized by Government Following Urge of Local Member.

OTTAWA, April 8.—When estimates amounting to \$4,315,000 passed the Commons yesterday, Dr. Tolmie asked if an experimental farm would be established in Northern British Columbia.

The minister of agriculture replied that the need for a farm there was recognized by the government. The sum of \$30,000 had been reserved for that purpose and he hoped work would be commenced next summer.

The experimental farm was one of the matters to be taken up at Ottawa by the delegation, and it is understood Fred Stork, the local member, has busied himself in connection therewith and has impressed the minister of agriculture with the need of such an institution.

STORM SWEEPS THROUGH TEXAS

Nine Deaths and Injuries to Unknown Number Result of Terrific Wind.

DALLAS, Texas, April 8.—Nine deaths and injuries to an unknown number of persons were reported early today as a result of terrific wind storms starting in West Texas and sweeping through North Central Texas and Southern Central Oklahoma.

INVITE GOVERNMENT AND PARLIAMENT TO VISIT THE PACIFIC

Members of the Government of Canada and the members of Parliament are to be extended an invitation by the Prince Rupert Board of Trade to come west this summer and to visit the city. That course was decided on at a meeting of the Board of Trade last night. A special invitation will be sent by the secretary of the board and the members will be urged to come to the coast.

NEW APPOINTMENT

VICTORIA, April 8.—J. Eldon Lane, one of the lawyers advising the department of lands, has been appointed a member of the board of investigation under the B. C. Water Act.

PUBLIC LECTURE.

A public lecture will be given in the Westholme Theatre on Sunday evening, tomorrow, at 8 o'clock, by J. B. Williams of Edmonton, under the auspices of the International Bible Students' Association. Subject, "Lasting Peace Worldwide Soon."

Admission will be free and there will be no collection. You are invited.

Disbandment of Royal Irish Constabulary is Suspended; Collins is Now Using Force

DUBLIN, April 8.—Owing to recent attacks on members and former members of the Royal Irish Constabulary, disbandment of that force has been suspended at Dublin Castle. At Ship Street barracks Free State guards are placed in strong force and armed Royal Irish Constabulary are placed at the entrance to Palace Street.

Michael Collins, head of the provisional government, has announced his determination to protect the rights and liberties of the Irish people. He is establishing a censorship of all news relating to the republican army.

Irish mutineers have captured the barracks at Rathfarnham near Dublin, which the Free State troops recently occupied. Some sniping has taken place near Science College, Dublin, but nobody was injured.

RADIO STATIONS ARE AID TO SHIPPING ON COAST THIS PROVINCE

VICTORIA, April 8.—The radio compass stations on this Coast are highly spoken of by Capt. T. Osada, master of the Nippon Yusen Kaisha liner Kaga Maru, in port today from the Orient. Capt. Osada stated that the wireless directional finding station at Taborash proved of invaluable assistance to him when his ship was enveloped in fog off Cape Flattery. Capt. Osada thinks that the Canadian Government proposal to establish radio stations on the Vancouver Island coast-line would be of incalculable value to trans-Pacific shipping.

MUST HAVE LICENSE TO FISH FOR SALMON

Order in Council to That Effect Has Already Been Passed.

OTTAWA, April 8.—An order in council has been gazetted providing that nobody shall engage in the salmon fishing or leave any port in Canada to fish for salmon without a license of the minister of marine and fisheries.

MAY CATCH STURGEON

Use of Gillnets for Purpose in Upper Waters Fraser Allowed.

OTTAWA, April 8.—The use of gillnets in the capture of sturgeon in the Fraser River between Prince George and the head of navigation is permitted in a fisheries order published here yesterday.

MANY FAILURES

Total for Quarter Ending March Twice as Great as for the Previous Year.

LONDON, April 8.—The result of the trade depression is shown in the increased number of bankruptcies, which totalled 4,212 for the quarter year ending March, 1922, as against 753 for the corresponding period in 1921 and 310 in 1920.

FISH ARRIVALS.

Four halibut boats arrived in port today with a total of somewhat over a carload. With the exception of the Vaid, which is disposing of her catch at the Sinclair Fisheries plant, they will await sale until Monday. The boats in are: Reveille, 6,500 pounds; Myra, 14,000 pounds; Vaid, 2,800 pounds and E. Neilson, 10,000 pounds.

SCOTLAND 1 ENGLAND 0

That is Result of International Soccer Match—Ireland Wins.

BIRMINGHAM, April 8.—Scotland defeated England by one goal to nothing in the international soccer match played here this afternoon.

DUBLIN, April 8.—Ireland defeated France in the Rugby international football match here today by a score of eight points to three.

HANSEN COMPANY IS NOW LOADING TIES

Work of Cutting and Hauling to Railway Has Now Been Completed—Settlers Cutting Poles.

The Hansen Timber Co. has completed the hauling of ties from the woods for the Canadian National Railways filling its winter contract and the work of loading is now proceeding at Decker Lake and Walecott, where camps have been running, and at various other points along the line where ties cut by the settlers have been assembled. Cutting of ties was finished some time ago.

The pole contract held by the company for Eastern Canada and United States supply has not yet been completed. This work is being done mostly by settlers between Seaton and Terrace.

NATIONAL DEFENSE BILL PASSES COMMONS

OTTAWA, April 8.—The bill designed to create a department of national defense by uniting the departments of militia, the navy and aviation service has passed its third reading in the House of Commons.

LAY CORNER STONE WAR MEMORIAL CHURCH

The corner stone of the new War Memorial Church at Endako was laid last Sunday afternoon by the Rev. Wm. Sweetnam in the presence of a large congregation.

The G. P. R. coaster Princess Beatrice, Captain Thompson, arrived from the south at 1:45 this afternoon with passengers, express, freight and mail. The steamer was delayed this morning in the Skeena River unloading a large amount of tin plate at the canneries. She will load fish and general freight here this afternoon and clear at 4:30 for Vancouver and wayports.

PLANS TO EXHIBIT AT NEW WESTMINSTER

Committee Appointed by Board of Trade to Look Into Matter.

At the meeting of the Prince Rupert Board of Trade held last night, it was decided that the president should appoint a committee to co-operate with the Agricultural and Industrial Association and with W. F. Roberge, director of the British Columbia Fair to be held in New Westminster, in regard to placing northern exhibit at that fair next fall. The committee will get in touch with interior points with a view to co-operating.

A letter from Mr. Roberge and also one to him from the manager of the fair was read in regard to the matter.

MONTRÉAL HORSE IS ENTERED KENTUCKY

Boniface Is to Run at Churchill Downs, Kentucky—Also Georgia.

NEW YORK, April 8.—J. K. L. Ross of Montreal has entered Boniface, his crack seven-year-old bay horse in the Kentucky handicap, one of the numerous distance features at Churchill Downs, Louisville, according to the entry list which closed yesterday.

Another Canadian entry in the race is Georgia, the five-year-old gelding owned by Mrs. Louise Viau, formerly of Montreal.

ARE READY TO FIGHT FOR BALFOUR'S SEAT

Charles Edward Renfell Chose as Candidate for London City.

LONDON, April 8.—Conservatives of the city of London have adopted Charles Edward Renfell, a partner in the firm of Morgan, Renfell & Co., as their prospective candidate in the event of the elevation of Sir Arthur Balfour to the House of Lords.

DEMANDED BONUS

Tommy Milton Barred From All Auto Races on Pacific Coast.

FRESNO, Cal., April 8.—Tommy Milton, champion automobile driver, is barred from all races on the Pacific Coast on charges that Milton demanded a bonus for entering a Fresno race and because of alleged false representation in advertising.

GALLI CURCI JEWELS FOUND UNDER A TREE

SAN DIEGO, April 8.—The jewels valued at \$45,000 stolen from Madame Galli Curci were found under a tree on the highway near here yesterday.

SUSPENSION OF FULHAM PLAYER

LONDON, April 8.—The special joint commission of the Football Association and the Football League has announced the permanent suspension of Bernard Travers, a Fulham player, to square the result of the Fulham-South Shields soccer match on March 18 last. This match resulted in a win for South Shields by a score of one to nothing.

IRON AND STEEL THIS DISTRICT

Comprehensive Report Prepared on the Matter by Alfred Garde for Board of Trade.

A brief for the establishment of an iron and steel industry in the neighborhood was presented in a most comprehensive report submitted to the Board of Trade at its meeting last night by Alfred Garde, mining engineer. The report was prepared especially for the Board and is a most interesting document, well calculated to interest capitalists in the establishment of an iron and steel industry in this district.

Mr. Garde shows that high grade magnetic and hematite iron ores are plentiful, that there are large areas of bituminous coking coal nearby, that there are pure limestones and other fluxes in abundance, that fireclay and hydro-magnesia occur in large quantities and that other materials are easily obtainable. It deals with location, transportation, climatic conditions and closes with the sentence: "Faith in Industry."

"It is the writer's opinion and firm conviction that iron, now the most neglected and at the same time the most abundant metal of this north country, will soon command the attention it justly deserves."

On the presentation of the report, the president remarked that there were not funds sufficient on hand to print it at present, but it would be kept on file for reference.

Mr. Garde said he would not have prepared the report except on the understanding that it was to be printed. He thought the board should go ahead with the work at once. G. O. Rose and A. W. Edge also favored having it printed. It was pointed out that in response to the special call only \$185 had been received and of that \$150 had been paid Mr. Garde for preparing the report.

The report was referred to the publicity committee to examine and to secure prices of printing and to report back to the board.

CLOSING DOWN COSTLY MATTER

Drydock at Esquimalt Is Like Proverbial Wildcat Up a Tree "Hard to Let Go."

VICTORIA, April 8.—It was made known at a conference of influential business men at the Victoria Chamber of Commerce rooms that it will cost the Federal Government another \$8,000,000 to close down the work at the Esquimalt drydock in addition to approximately \$1,250,000 which has already been expended on the contract.

It will take about six months finally to close the drydock project, and large sums will have to be paid out for material which has already been ordered.

Only on Saturday a shipment of 750 tons of steel piling for the dock was delivered here by the freighter Edward Lukensbach from New York. Contractors and sub-contractors will have to be recompensed. The contract figure for the new drydock was \$1,200,000. By closing down at this stage the Government, it is estimated would save less than \$1,000,000.

DAYLIGHT SAVING IS ENDORSED BY BOARD OF TRADE

The Board of Trade last night, C. H. Orme presiding, passed a unanimous resolution favoring daylight saving. A committee consisting of E. F. Duby, Joe Scott Jr. and E. C. Gibbons was appointed to wait on the city council Monday night and urge that steps be taken to have daylight saving here during the summer months.

It is understood that other organizations will be represented at the same time.

VICTORIA LADY IS ADMITTED TO BAR

VICTORIA, April 8.—Miss Kathryn Bradshaw, B.A., eldest daughter of Mr. and Mrs. C. W. Bradshaw of Victoria, has been formally called to the Bar of the Supreme Court of British Columbia and admitted as a solicitor. Mr. Justice Gregory, who presided, extended warm congratulations to the young "Portia." Miss Bradshaw received her early education at St. George's School and graduated from the University of British Columbia. She is the second lady in Victoria entitled to practise law, Miss Ringland having been in practise here for some time.

ANTI-ORIENTAL LAW IS DISALLOWED BY GOVERNOR IN COUNCIL

Ottawa, April 8.—The Governor General in Council has disallowed the act of the British Columbia Legislature prohibiting the employment of Orientals on Government contracts, the Supreme Court of Canada having declared it unconstitutional.

AUDITOR-GENERAL IS RETIRED AFTER FIFTY YEARS OF SERVICE

Ottawa, April 8.—The referee next autumn of E. D. Sutherland, auditor-general of Canada, is announced here. He has been connected with the civil service for the past fifty years.

CAMBRIDGE UNIVERSITY WON RELAY RACE TODAY

LONDON, April 8.—Cambridge University today won the four-mile relay race run at Queen's Club here. The University of Pennsylvania team came second and Oxford University third.

The time of the winning team was 18 minutes 7 2-5 seconds.

CONSTABLE WAS SHOT AT MOOSEJAW TODAY

Caught Men Robbing a Car and They Opened Fire on Him.

MOOSEJAW, April 8.—The G. P. R. constable, A. J. Tierney, was shot and killed early this morning when he approached three men who were robbing a car. The culprits escaped.

ADDITIONAL JUDGE.

An additional judge is to be appointed for the province of Saskatchewan at a salary of \$1,000.

FRANCOIS LAKE FERRY NEARING ITS COMPLETION

Craft Will Be Shipped to Interior Within a Week for Reassembling and Installation.

The hull of the Francois Lake steel ferry will be completed as far as the work in the Canadian National drydock here is concerned within a week, and it will then be ready to go forward knocked down to Francois Lake for reassembling. The deckhouse and some of the other material has already been shipped out.

The work of reassembling, which will be in charge of the building company, will take about a month's time, and it will likely be some time in June before engines are installed and the craft is ready for operation. Skilled workmen will be sent out from here to put the ferry together.

The boat will be shipped from here to Burns Lake and will be carted from there south to Francois Lake.

The ferry, as is known, is 66 feet long and 27 feet wide. It will be equipped with a 20 to 25-h.p. Vivian engine.

DEATH SENTENCE FOR MURDERER

Man Convicted of Killing William Salsbury Jr. Is to Hang in June.

VANCOUVER, April 8.—Allan Robinson was again sentenced to death yesterday following a verdict of guilty with a strong recommendation to mercy brought by the jury in the second trial on the charge of murdering William Salsbury Jr. at Vancouver in April last in a holdup.

Mr. Justice Murphy fixed June 23 as the date for the hanging.

It is understood that the judge will recommend for reprieve Alex Paulson, the accomplice of Robinson, who was convicted of the same crime and is jointly under sentence of death.

Those Who Dance
Must Pay the Piper.

If we have things we must pay for them. If we would dance we must be willing to pay the piper. It is difficult, undesirable and even immoral to get something for nothing.

This preaching is suggested by an occurrence at the meeting of the Board of Trade last night. The board some two months ago secured the services of A. G. Garde to prepare a report on the possibility of establishing an iron and steel industry in this district with the view of interesting capitalists in the enterprise. Mr. Garde was to be paid \$150 for his services and it was estimated for about another \$150 the report might be printed. The report is longer than was anticipated, and the cost will be twice as much as the original estimate.

In order to cover the cost it was decided at the time the work was planned that each member of the board should be asked to contribute the sum of five dollars toward the undertaking. Of nearly one hundred members, less than forty responded, so the sum secured was only slightly more than sufficient to pay the cost of preparing the report. It can not be printed unless members are willing to put up the money.

It is highly desirable that this report be printed. It is a complete and comprehensive report and gives authentic information, largely collated from government reports. The only thing in the way of proceeding is the need of money. Before the report can go to the printer the money must be forthcoming.

So it is with a great many matters in this city and elsewhere. We are all willing to have work done but few of us like to pay the price. The Associated Boards of Trade recently at Victoria endorsed all sorts of improvements, all badly needed and most desirable, but costly. If we would have those improvements we must be willing to pay. It is for those who find the money to have the last say as to when and how these improvements shall be made.

Oriental Immigration
Mentioned in Parliament.

There was nothing new in the answer to questions given by the minister of immigration in Parliament yesterday when he said there was a confidential agreement between Japan and Canada in regard to the number of immigrants coming to this country. The agreement was made with the Laurier Government for the purpose of checking the inflow of Japanese at that time. The little brown men were coming here in large numbers and there was considerable agitation against it and against immigration of Chinese. The tax on Chinese was raised to \$500 but there being a treaty with Japan, that country had to be treated differently. The matter was taken up with the Japanese by the Government of Canada, with the result that Japan agreed to restrict her own people coming here. None of the laboring classes were allowed to come and others were restricted to a very small number. This agreement the Japanese Government has faithfully kept. These Japanese have come to Canada since the agreement was entered into. Japan objected to being considered an inferior race and to satisfy Canada decided to restrict their own emigration to this country.

The case of the Chinese was different. As wages advanced the \$500 tax proved to be no real restriction. Migration to this country was financed by the more wealthy and the immigrant had to pay back the sum advanced from his wages and a heavy rate of interest was charged, with the result that the new immigrant was bound to the Chinese tyee for a number of years.

Then came the war, and Chinese immigration was stopped altogether or restricted to students and merchants.

Just what is the status of Oriental immigration now is not clear. Our impression is that there are practically no Orientals coming to Canada at the present time, and have been very few for years past. Those here of course will remain if they wish. Those allowed to visit China return here under permit. The Orientals landing at Vancouver and Victoria are mostly those who have been holidaying in their native land and are returning to this country.

MISS DEACON BACK
TO TAKE CHARGE OF
BUILDING SCHOOLPrincipal of Crosby Girls' Home,
Port Simpson, Has Been 14
Months in East.

Miss L. M. Deacon and Miss A. S. Myles, of the Crosby Girls' Home, Port Simpson, returned yesterday morning to the village after having spent a few days visiting in the city.

Miss Deacon, principal of the school, has just returned to the

coast after having spent a fourteen month furlough in the East since the disastrous fire some year ago which destroyed the school. Returning now, Miss Deacon has with her the plans for the new building which is to be erected to replace the old one. The final draft of the plans are awaiting approval in Toronto and it is expected that building will start immediately. Miss Deacon has returned especially to take charge of the work.

Miss Myles has been at Port Simpson ever since the fire caring on the work of the school in a residence there.

SO MANY PEOPLE
ARE NERVOUS"Fruit-a-tives" the Greatest
of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This "FRUIT-A-TIVES" will do.

"FRUIT-A-TIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-tives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-tives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

50¢ a box, 6 for \$2.50, trial size, 25¢.

At dealers or sent postpaid by

Fruit-a-tives Limited, Ottawa, Ont.

Next the Prince Rupert HotelTen Years Ago
in Prince Rupert

There was a great display of new fashions in the city yesterday, it being Easter Sunday. The weather was splendid.

A campaign is being started in Prince Rupert against the plague of rats.

The tug Chieftain has been purchased by the Ocean Falls Pulp and Paper Co., and it is proposed to use it in ferry service between that port and this.

The Man in the Moon
SAYS:-

MANY a young man goes broke as the result of expensive tastes in girls, but there are not many heart breaks on either side.

YOU may not be in the retail trade but when you get married you must expect to qualify as a floor walker.

SIX days shall thou labor and do all that thou hast to do and on Sunday tinker with thy boat.

THE most talked about thing in town these days is the post office.

THERE was general regret in town by male citizens who wished they had been members of the Republican army in Ireland.

THE Irish question is settled, and yet you'd hardly know it.

YOU don't wonder at women looking old before their time when you see the men they have to live with.

WOMEN are always married before the alter. They alter the men after they are married.

THERE isn't anything too silly for folks to believe, especially if you whisper it around.

OF all bad men
He is the worst.
Who eats so much
You'd think he'd burst.

OF all bad women
She's the worst.
Who with a spiteful
Tongue is cursed.

G.T.P. STEAMER
SERVICE NORTHOfficials Give Answer to Stewart
Citizens' Association Regarding Rates.

A complete reply to the request of the Stewart Citizens' Association in regard to more frequent service and possible lower rates on the G. T. P. steamships was given the Board of Trade last night when a letter from G. A. McNicholl, assistant general freight and passenger agent, was read.

A meeting had been held at the time of the recent visit of Osborne Scott, general freight and passenger agent at Vancouver, at which the whole matter was discussed. The letter is self-explanatory.

Mr. McNicholl's Letter.

Referring to interview which Messrs. Scott, Horn, and I had with Messrs. Parker, Stewart, and you, on Wednesday last, regarding above complaint.

As requested I will endeavor to answer the various questions raised by the Citizens' Association, in the order named in their letter.

No. 1. It is not practicable to operate the "Prince Rupert" or "Prince George" at a speed of nineteen nautical miles per hour. At present they operate on a fifteen nautical mile schedule. In order to make Stewart and Anwox each trip it would be necessary to leave Prince Rupert not later than 2 p.m., Wednesday or Saturday in order to get back in time to leave midnight Thursday or Sunday. This, you will appreciate, cannot be done, and unload the freight brought from the South each trip, which unloading usually takes most of the day, in addition to which we must have time to load any freight offering. As explained in our conversation, to increase the speed of these boats beyond fifteen nautical miles per hour would entail a cost for fuel, etc., out of all proportion to the benefits to be derived therefrom.

Nautical Miles.

No. 2. The rate of four cents per mile on the railway is exclusive of meals and berth, while same is included in steamship fare to Stewart. The distance Prince Rupert to Stewart is 124 nautical miles, not 120 as stated in articles appearing over the signature of the Stewart Citizens' Association. This distance is equal to 145 statute miles.

Effective March 1st, 1922 the passenger fare, including meals and berth, between Prince Rupert and Stewart was reduced from \$12.50 to \$10.00 each way, and I regret we cannot see our way clear to make any further reduction at this time.

Long Haul Traffic.

No. 3. We are unable to check the figures given by the Stewart Citizens' Association covering the rates per ton mile, but so far as the rate per ton mile is concerned you will, I think, appreciate that it is the recognized rule all over the Continent that long haul traffic bears a less rate per ton mile than short haul traffic; therefore we cannot see our way clear to alter this rule, and apply the same rate per ton per mile between Prince Rupert and Stewart as applies between Vancouver and Stewart.

No. 4. In comparing the rates from Prince Rupert to various points, as discussed at our interview, I cannot find that Stewart is being discriminated against in any way, neither do we consider such rates exorbitant for the service rendered.

If there is any further information you desire, I will be glad to meet you at any time.

Yours truly,
G. A. McNICHOLL,
Asst. Gen. Frt. & Pass. Agent.

BETTER CO-OPERATION
REGARD IMMIGRATIONGovernment Asked to Take Action
Toward Securing Settlers
for the Land.

At the meeting of the Board of Trade last night Dr. Lawson of London, England, who is here on his way to the Queen Charlotte Islands, drew attention to the need for a more sympathetic co-operation on the part of the immigration officials.

S. E. Parker said he thought they might go on record in regard to the matter. They all knew what a small immigration there

MACDONALD'S
BRIER

was to this country and how large to Australia and New Zealand. There were a lot of railways here that were not paying and the only way to make them pay was to get more people into the country. He moved that a memorial be forwarded to Ottawa asking that the government co-operate with the British Government in regard to securing immigrants who would go on the land. This was adopted.

Sport Chat

That there is to be an active and interesting football season in Prince Rupert during the coming summer was indicated at the annual meeting of the soccer association which was held on Thursday evening. While there will possibly not be so many players here this year as there were last year nevertheless appears to be plenty of material for a good four team league, at least. The Gallois Sons of England and Sons of Canada have again expressed their intentions of engaging in Senior League competition and the Grotto, although it is understood to be more desirous of Intermediate company, will likely comprise the fourth entry. The Great War Veterans have apparently dropped out this season and some of the players with that team last year will likely appear among the ranks of the other teams this year. The Gallois, it is said, already have some of them in line. What will be done as regards the proposed Intermediate League will have to be decided by the executive. It is likely at any rate that there will be a Junior league in the city, for the school boys, the shield donated by Mayor Rochester last year being the trophy for such competition. Juniors of late have been entering into all lines of sport and there seems no reason why football should be an exception.

The annual meeting of the Prince Rupert Baseball Association has been called for next Tuesday evening. Receiving of reports and election of officers will be the chief items of business but there will also likely be a general discussion of the situation as regards this line of sport during the coming season. This meeting should be a proper time to take up the matter of Prince Rupert getting itself officially established as an amateur town in baseball and it is to be hoped that the subject will be brought forward. Although it seems likely that Prince Rupert is not going to have such a bright bunch of baseballers in 1922 as it has had in past seasons it would do no harm to approach the subject of amateur organization. It should be remembered that this city cannot contest for recognized championships unless it is so organized. In view of that fact that regret has been expressed in the past that it has not been done, now should be the right time to take steps to remedy the complaint. The present officers of the Baseball Association are: W. D. Vance, president; Ben Self, first vice-president; John Mitchell, second vice-president, and Harry Breen, secretary.

Charles Leclercque, the local barber, sailed for Vancouver this afternoon on the Princess Beatrice.

Jack Edwards sailed this afternoon by the Princess Beatrice on a flying business trip to Victoria.

Judge Young is expected back tomorrow from Smithers where he has been holding county court sessions.

At the meeting of the Board of Trade last night the resignation of G. E. Johnston, who has left the city, was accepted.

Jack Hughes and W. Telford of Anyox are sailing by the Princess Mary on Monday for Ketchikan en route to Anchorage, Alaska.

J. C. Brady, principal of the local High School, is leaving for Vancouver next week to attend the Easter teachers' convention.

Rev. Dr. Huestis of Vancouver, president of the Lord's Day Alliance, will deliver an address at the Methodist Church on Sunday night at 7:30. Questions will be answered.

Special musical service will be given in the Presbyterian Church tomorrow evening Sunday, April 9, at 7:30. A splendid program has been arranged. Everybody welcome.

The Union steamer Venture, inaugurating the new service from Vancouver to Prince Rupert and Skeena and Naas River canneries, arrived from the south last night at 10:15, with passengers, freight and mail and left again for the Naas River. The vessel is scheduled to return south this afternoon. Throughout the summer she will arrive here on Fridays from the south sailing again for Vancouver and way ports on Saturdays.

M. Druxerman, manager of the Middle West Wine Co., left on this morning's train for Winnipeg where he will attend services of the Jewish Passover which commences on Thursday and continues for a week. Mr. Druxerman will be back in about a fortnight and will then turn over the local management to M. A. Gray who is coming from Winnipeg. Mr. Druxerman will make his headquarters after that time in Vancouver.

W. T. Haynes, who has been in charge of the planing and shingle mill at the dry dock for the past year, sailed this afternoon for the south on the Princess Beatrice. If it is decided to commence operations in the immediate future at the plant, Mr. Haynes may return to the city.

The Canadian National steamer Prince Albert, Captain Neddick, will arrive from the south tomorrow and at 8 o'clock on Monday evening will sail for the Queen Charlottes calling at the north end first. The vessel will return about the middle of the week to make the sailing to Stewart on Thursday.

BRINGING UP FATHER

ALDER DOES GOOD WORK

Secures Passing of Resolution at Victoria Boards of Trade Convention.

TELL'S RUPERT'S NEEDS.

A report was read at the meeting of the Board of Trade last night from W. J. Alder telling of his activities as representative of the Board at the Convention of the Associated Boards at Victoria. Mr. Alder was thanked for his services in acting for Prince Rupert. The report follows:

The Report.

The Associated Boards of Trade for B. C. concluded its sessions in this city yesterday afternoon after what was generally regarded as the most successful gathering that they have had. There were 23 Boards of Trade represented.

A feeling of optimism prevailed and I believe a most earnest desire for co-operation between all sections and with the government for the development of all parts of the Province.

You delegated me on the Resolution Committee which gave him an opportunity for greater usefulness to Prince Rupert. With I think three exceptions all resolutions that were passed had been sent in direct before the convention met and were in printed form as enclosed. I recognized that we were at a disadvantage but I managed to get in a resolution that I thought of most importance to Prince Rupert. It is as follows:

Ask for Road.

"Resolved that whereas the city of Prince Rupert and the rapidly growing settlements along the line of the Grand Trunk Pacific and the Skeena River have no outlet by road or highway and the need of such an outlet is constantly increasing, we do therefore request that surveys be at once undertaken and that work be commenced as early as possible to connect Prince Rupert and the aforesaid settlements with the interior and the rest of the Province."

This was passed unanimously and with eight other road requests will be forwarded to the Provincial Government and with our two cabinet ministers to smooth the way the bill might be started. I feel that now is the time to push for a road for it is not to be expected that we will always have two cabinet ministers and two deputy ministers at the parliament buildings.

Port Facilities.

There were some resolutions introduced for improving port facilities as assembly wharves and grain elevators, but in each instance there were changes in the Resolutions Committee so as to take in Prince Rupert and the other ports on this coast.

In regard to roads there was quite a little opposition expressed in Convention to asking for anything but trunk roads and that gave me a good opportunity to tell them a little about Prince Rupert the fifth city in the Province in point of population and commerce and with not a mile of roadway outside its limits.

Fisheries Control.

In regard to fisheries control, the resolution asked for Provincial control but was changed to what I understand had been agreed by the fishing interests of the North as well as the Southern part of the Province and asks for a resident deputy federal minister. There were a

BEECHAM'S
Sweeten the Stomach
PILLS

© 1922 BY INT'L FEATURE SERVICE, INC.

Missionary Society at a gathering in the parsonage, Miss F. Hudson presiding.

Captain Wright, who arrived in the city on Wednesday, went out on this morning's train enroute to Toronto where he will attend sessions of the transfer committee prior to the holding of the annual conference. During his stay here he took opportunity to see the city generally and expressed himself as surprised at the size and activity of the place.

WANTS SCOTS GUARDS BAND TO COME HERE

Unfavorable Reply Received to Invitation, but Still Hoped Arrangements May Be Made.

In reply to an invitation sent by the local Great War Veterans to the regimental headquarters of the Scots Guard Band, which is to make a tour of Canada this spring, A. B. E. Gator, commanding colonel, has written that the request can not be acceded to for the program for the tour has already been drawn up.

Despite this unfavorable reply, Mr. Mackenzie, secretary of the G. W. V. A., states that he is still of the opinion that a visit here of the famous band could be arranged if a determined effort were made.

Other organizations in the city have been asked to co-operate with the efforts of the G. W. V. A., but so far little more has been done by them than expressing the desire that the band might come here. Expenses would be large, but it is thought that by the holding of a concert they might be partly defrayed.

The Scots Guard Band, which is one of the finest in the world, will visit Vancouver and Victoria early in May.

LIBRARY BOARD MAY BE APPOINTED MONDAY

Books Now on Shelves Number 2048 and Volumes Still Coming.

There are still a few books coming in, G. W. Wilkinson reports. He has now on hand 2018, all ready to hand over to the new library board as soon as it is appointed. The class of book coming in of late averages better than those contributed earlier.

It is expected that the library board will be appointed on Monday next. As soon as they are given the power it will be their duty to make preparations for the inauguration of the library.

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimplies that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine.

BURDOCK BLOOD BITTERS and when the blood is purified the pimplies will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes: "I suffered for about two years with pimplies and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad that I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters chased them!'

B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy.

LAND ACT

Notice of

Waterfront Whiffs

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

The Admiral of the Mosquito Fleet and his merry men were in jubilant humor a few days ago for the fish business was booming. The past week has been a bumper—one and thirty carloads of the best halibut in the world has been shipped. The largest fish train that has yet left this port pulled out on Monday last at midnight, consisting of fifteen carloads of fish weighing 350,000 pounds, and valued approximately at \$36,000, plus \$850 per car express charges. When one contemplates these figures one realizes the great importance of the "little" fleet, and what the fishermen mean to the prosperity of our fair city. The plentiful supply of fish during the week has meant a bad drop in prices, however and there is kicking at the stump.

One happening along the waterfront which has brought joy to the hearts of the fishermen is the installation of the new ladders along the fish dock, which makes the landing from boats so much more convenient and safe. Grateful expressions have been heard from all quarters in nautical circles, and the fishermen realize that someone is at last taking a sensible interest in them and giving a helping hand in their dangerous calling.

Now if one or two good electric light clusters could be fixed up in the same vicinity, which would afford police protection of the most economical kind, and which would give the landing of boats at night good lighting facilities, everybody would be happy.

A fur arrival consisting of mink, otter and wolf skins, is reported this week. There are a number of small craft yet to report from their trapping expeditions, and several arrivals are expected early in the coming week.

Good progress is being made on the demolition of the overhead roadway leading from Cow Bay. The structure has been removed as far as the Akerberg-Thompson shop, and the first bed of material has been laid.

As a result of the Disarmament Conference held in Washington recently at which the Mosquito Fleet was not represented, the Admiralty branch of the Fleet is undergoing re-organization, and the cutlasses of the fighting branch have been hammered into propellers, which have an excellent cutting edge, so much so in fact that the Admiral is retaining one for shaving purposes. He says they have got a safety-razor beaten for close shaving and would shave the hair of a bald frog. Reductions in staff will consequently take place. The "powder monkey" has been relieved of his authority and is now engaged in shaking up the sauce bottles for the Admiral's festive board. The stenogs have been laid off and have been installed in a needlework branch for the benefit of the Fleet, so that no member of the Fleet need be a button short. It is understood, on good authority, that Flossie Flirt will take over again as the Admiral's secretary and will work in the dual role of stenographer and "anchor pie" dispenser. The Admiral says that Flossie can do more work around his quarters than three able-bodied seamen. With these changes in staff it is anticipated the saving in cash will permit of the Admiral's sanctum being decorated with two Catto, fifteen year old, instead of one.

Jack Toner being indisposed with a touch of the flu, and pending the aforementioned changes in staff, Flossie has taken over the active management of the Mug-Up. To keep the fair damsel in a cheerful humor Jack has installed an electric incubator. Jack started the incubator off with what he thought to be eggs, but Flossie found, upon inquiry, that the supposed eggs were old golf balls. Flossie said it was too much to expect of any incubator, whether driven by "juice" or steam, to hatch out golf balls, and wondered if Jack had it in his head to start a golf ball

factory that way. Anyway the incubator now contains a setting of humming birds eggs, and it is the intention to keep on humming around the Mug Up when the hummers happen, and start humming.

The Dorotholon, Captain Bass, arrived in port on Wednesday night from Kelly's Logging Camp on the Queen Charlotte Islands, with a casualty aboard in the person of Jas. McEntee, who had the misfortune to sever his shin bone with an axe, and who was rushed to the General Hospital.

Jim will be in hospital for a while yet, and Cap returned to his home port on Friday.

The good ship Wake, owned by Captains Ketchum and Newcombe, has been sold to M. L. Clark, millwright for the Georgetown sawmill. The new owner has cleared for Georgetown where she will be used for prospecting trips and other private purposes.

The Snipe is now on Charlie Newman's ways across the bay, and Captain Frenchy, her owner, has been busily engaged in hauling chicken wire and plaster of Paris aboard the Mauritania for the purpose of fixing new planking on the hull. The engine is in fine fettle and will give a jump or a kick at Cap's command. With the completion of the hull repairs, and if Cap can coax the craft off the slips by making a noise like a wave, he will leave for an extended tour in waters unknown at present. Frenchy says that no millionaire has the price to buy the Snipe in its present excellent condition, so don't pester Cap to sell.

Launc Oh Baby, Captain Myhill-Jones, which has been undergoing a machinery and hull overhaul, is practically completed, and everything will soon be in good shape for the forthcoming season's rush of business.

The Wigwam, Captain Claude Ketchum, called into port on Wednesday morning for additional gear and supplies preparatory to leaving Metlakatla Passage with the two donkey engines for the J. R. Morgan Logging Company at Surf Inlet. The Wigwam will leave for Surf Inlet early in the coming week.

The Silver Spray, Captain Billy Thane and first mate, Ben Boliver, returned to port from the mouth of Portland Canal with a cargo of mink, otter and wolf skins, but have been unable, as yet, to make a sale on the local market owing to low prices offered.

The launch Red, Captain G. Streethorse, arrived from Lawson Harbor on Wednesday. Cap is in the city on important financial business.

The Maude, Captain S. Pierce, arrived in port on Thursday morning with 4000 pounds of first class halibut. Cap reports that the trip was O.K. and that excellent weather prevailed on the whaleback.

O. P. Smith of the Billy Boy is overhauling in preparation for his leaving for the Dundas Camp, Inverness Cannery, which it is expected will be opened up about April 25. Both the Billy Boy and the Horseshoe will be put on the run this season. A new store sewn is also going out which will afford better accommodation for the commissary end of the business.

Mr. and Mrs. John Mallis arrived from Vancouver on Wednesday aboard the S. S. Prince Rupert. J. Mallis is taking over the store management at the Inverness Cannery, Dundas Camp.

The Scrub, Captain Dolph Prince, arrived in port on Thursday morning with a light catch. Cap complained that the weather was against him, and that the fish had taken a dislike to his idea of bait. Cap says that to make up for the light catch of fish he was able to shoot some rock oysters of Cape St. James, and had several fills of oyster stew. The trip was marred by an accident to his chief engin-

eer and secretary. These two gentlemen got into an argument about wrestling and to prove who was the better man they both got to wrestling on the dancing deck. Cap says the bout was a good one until they both struck the side rail, which collapsed, precipitating the exponents of the mid art into the salt chug. However, this occurrence did not end the bout and the wrestlers disappeared from view locked in one another's arms like a couple of spring lovers. At this juncture Cap threw a dory overboard and at their first appearance on the surface grabbed them by the hair devoting a pat on the back to each signifying they had both won, otherwise they would have been wrestling in the water yet.

Captain T. Wilson of the Westerner, made port on Wednesday night with some 2000 pounds of first class halibut, and reported a fine trip. After overhauling gear Cap will leave for the high spots again on Monday.

Captain Bohrson of the Torberg, who has completed his trapping expeditions for the season, is overhauling his craft preparatory to a trip to the halibut banks. He anticipates clearing for the Whaleback on Monday.

A slight mishap occurred on Thursday morning which drew the Bingo, Captain A. Anderson, into the limelight of publicity. Buster, one of the star members of the crew, while grabbing at a fly from the deck, overbalanced and slid gracefully into the icy waters of the bay. The cry of "man overboard" brought the crew on deck and willing hands grabbed the swimmer to safety. Buster is a cute looking pup, and is the mascot of the ship.

Captain Frank Lockwood of the President has arrived in port from a gold prospecting expedition, around Grenville Channel. Huge gold nuggets were stacked on the deck valued at millions of dollars till Cap woke up.

Nic Markland has practically completed his new boat, which is undergoing finishing touches in the Bone Yard Creek, and it is sure some snappy looking craft. It is expected overtures will be made to Cap to have his new boat become the flagship of the trolling fleet.

Two launching ceremonies happened during the week at the N. M. McLean shipyards, when the new Lear Bros. halibut boat, and Capt. Saunderson's new craft hit the water. Mac had gone to some trouble and expense in procuring a couple of bottles of champagne for the ceremony and had them, as he thought, carefully stowed away in his roll top desk. However, when the time came for Mac to pick up in dark green leather and give

Why Grandpa is So Popular

GOOD health and good humor usually go hand-in-hand. The sufferer from torpid liver, indigestion or irritated nerves cannot easily maintain a happy countenance and a cheerful disposition, whether young or old.

The grandpa represented in this picture has succeeded in maintaining his good health and good spirits by the use of Dr. Chase's Nerve Food to keep his blood rich and his vitality at high water mark.

Men and women of advancing years are learning more and more the benefits to be obtained by the use of this great restorative. It

seems to supply exactly what elderly people require in order to keep feeling well and happy.

Mr. D. F. Armstrong, R.R. No. 3, Mallorytown, Ont., writes:

"Through overwork and an extra amount of mental strain, I became very nervous and rundown. I began using Dr. Chase's Nerve Food and the results certainly seemed to touch the right spot. It almost seemed for a time as though I fairly lived on them, and I can recommend this treatment to anyone requiring a medicine of this kind. I am now over 61 years old."

(Sworn before me at Mallorytown, this 7th day of March, 1921.—D. S. Clow, J.P.)

Dr. Chase's Nerve Food, 50 cts. a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Funeral Service for Late W. X. McDonald at Catholic Church.

ANYOX, April 8.—A service was held in the Catholic Church on Thursday morning for the late William X. McDonald, at which there was a large circle of friends of the deceased present, among whom were a large number of members of the local Elks Lodge of which Mr. McDonald was a prominent member. The body was accompanied from the church to the wharf by a procession of Elks, from where it is being shipped to Granby, Que. Mr. McDonald was 53 years of age.

MAPLE LEAFS GIVEN

FIRST DEFEAT THIS SEASON BY BEAVERS

Grotto Defeats Elks by Decisive Margin in Junior Billiard League Tourney.

The Maple Leafs, leaders in the Junior Billiard League, suffered their first defeat of the season this week at the hands of the Beavers, tall enders, by a score 852 to 831. The Beavers won four games and the Maple Leafs, only two.

The individual scores were as follows:

K. Halliday (Maple Leafs), 148; P. McGowan (Beavers), 150. G. Mallett, 150; G. Hill, 136. B. Emerson, 150; T. Halverson, 116.

S. Sugh, 122; E. Hudson, 150. J. Bond, 135; S. Hunter, 150. G. Anderson, 126; R. McDonald, 150.

Grotto-Elks.

In the fixture between the Grotto and the Elks, the former were victors by the decisive score of 817 to 673. The winning of games was evenly divided but the Elks sustained three severe defeats.

The scores were as follows:

B. Barnes (Grotto), 124; H. Astori (Elks), 150.

J. Hynd, 150; G. Shaw, 86.

B. Blackhall, 111; Ed. Smith,

150.

J. Beasley, 150; N. Pringle, 68.

W. Beasley, 150; L. Astori, 69.

G. Hill, 129; R. Smith, 150.

The league standing to date follows:

PL.	Pts.	AV.
Maple Leafs	7	6055
Excelsiors	6	4952
St. Andrew's	6	4854
Grotto	6	4538
Elks	6	4100
Beavers	7	5243

PRINCE GEORGE

Practically all the sawmills along the line of the Canadian National Railways between Prince George and the mountains will operate this season, and it is estimated that 25,000,000 feet of logs are already prepared for cutting. The mills of the Dome Lumber Co. and the Upper Fraser Lumber Co. are about the only ones which will not be running.

The question of undertaking protective measures for the Prince George railway yards and part of the townsite from floods is being considered by the railway company.

Indian Agent McAllan has called a meeting of the Indians of No. 2 reserve for next Sunday to discuss the situation brought about by the application of the J. D. McArthur Lumber Co. for a mill site which would take in half of the reserve.

Negotiations are now under way between the J. D. McArthur Lumber Co. and the Department of Indian Affairs for the securing of a mill site at the mouth of Mud River. Mr. McArthur, who is at present visiting the city, contemplates putting in a mill to handle a fine stand of timber which he has secured at Mud River. Work is commencing at once on the building of a 3000-foot railway siding to be used in connection with the loading of ties that have been cut this winter.

• • •

P. S. Bonney, district forester, has returned from a sixteen-day exploration trip to McGregor River. Maps of that district are to be corrected.

• • •

Mrs. N. J. Kinney died of pneumonia at the Prince George Hospital on Monday. She is survived by a widower and seven children.

• • •

Mrs. R. W. Haggen, wife of the well known surveyor, died at Quesnel last week.

• • •

E. R. Tabrum, formerly of the Family Shoe Store here but now on the road for a Vancouver firm, arrived in the city today from the south on the Princess Beatrice. He will be in the district for a few days on business.

The newspaper with the circulation is the real advertising medium.

SMITHERS

A long break in the dancing season was ended on Thursday evening when the Athletic Club held a big ball in the town hall. There was a big attendance from the town and various points in the district.

• • •

Musiano Carmello, charged with attempting to murder Musiano Gamme at Seaton last week, appeared for preliminary before Magistrate Hoskins and was remanded for eight days. The crown is represented by Archie Denaghy of Terrace and L. S. McGill is appearing for the defence.

The Interior News says that it is doubtful if even Prince Rupert has ever enjoyed talent of the calibre of that demonstrated by the Telwa Shamrock company, which played in Smithers last week. The excellence of the program was beyond all expectations. The artists were Mrs. K. V. Hitchins, F. B. Chettleburgh, Miss Hunspurger, Miss Miller, Mrs. Chettleburgh, A. White, J. P. Wheeler, Mrs. Tiechurst and P. Spouse, all of Telkwa.

D. R. Willemot of Hazelton has moved his assay outfit here from New Hazelton. He will make his headquarters at Smithers in future.

Coroner S. H. Hoskins went to Hazelton yesterday to conduct the inquest there over the body
