Premier Poincaire is Going to Genoa

HEAVY INCOME TAX ON ALIENS TO BE CONSIDERED AT OTTAWA

Barthou Returns to France To Discuss Non-Aggression Pact; Huge Oil Agreement

GENOA, May 2.—Premier Poincaire of France may come to Genoa for the closing session of the economic conference it is believed here. Vice-Premier Barthou left today for Paris to confer with his government, the most important question to be discussed being that of France's attitude on the non-aggression pact proposed by Premier Lloyd George of England.

Oil Agreement Signed

LONDON, May 2.—A gigantic industrial agreement was signed on Sunday at Genoa by the representative of the Russian Soviet government and the Shell group of British oil companies, says the Genoa correspondent of the News. Under the agreement, it is said, the Shell group will control all sales and under certain conditions the production of oil in every part of Russia for an agreed period. Fifty per cent of the net profit will be allotted to the Soviet government and fifty per cent to the Shell group.

NORTHERN PROPERTIES ENCOURAGE MINERS

Alice Arm Property Shows Signs of Great Value—Premier Mine Makes Rich New Strike

Word has been received in the city from Major R. H. Crichton, of Alice Arm, stating that a great deal of activity is evident in that part of the country in the mining industry, and there is no doubt that many of the prospects there will develop into good producing mines, says the Victoria Colonist.

The above photograph of the nine families of English immigrants who arrived at the Queen Charlotte Island, last week to settle there was taken at the Canadian National Railway station at Saskatoon as they were en route west.

BUDGET IS ANNOUNCED

London Morning Papers Score British Government for Gambling on Prospects.

INCOME TAX AND TEA TAX REDUCED

LONDON, May 2.—A general note of disgust prevails in the morning newspapers' comment on the budget for the fiscal year which was yesterday introduced in the House of Commons. The suspension of the sinking fund and the prospect of consequent borrowing is treated with scarcely concealed concern and some commentators sharply score the government for what they term its gambling on a potential trade revival.

The budget announced a reduction in the income tax from six shillings a pound to five and a reduction in the tax on tea by four pence per pound.

CARPENTIER MAY RETURN

This Possibility Makes Interest in Greb-Tunney Encounter Keen.

NEW YORK, May 2.—The prospect of Georges Carpentier's return to the United States to defend the world's light-heavyweight title has kindled interest in the contest on May 23 between Harry Greb and Gene Tunney for the light-heavyweight championship of the United States. The winner will be the Frenchman's challenger. Indications that Carpentier is anxious to meet the winner of the Greb-Tunney encounter here, are contained in a cablegram received from Georges Carpentier by matchmaker Frank Flourney.

VICTORIA TORIES ENDORSE BOWSER'S STAND ON RESIGNING

VICTORIA, May 2.—Conservatives at a meeting here last night endorsed the decision of Hon. W. J. Bowser to decline to resign as leader of the party until after the Conservative Convention which is to be held in August. Mr. Bowser had been asked to resign by the Conservative Association at Kamloops.

ENGLISH LACROSSE PLAYERS BEATEN BY CANUCKS MONTREAL

MONTREAL, May 2.—The University of Montreal defeated the Oxford-Cambridge lacrosse yesterday by a score of 5 to 1.

"DAYLIGHT SAVING"

Daylight Saving will go into effect May 3rd, 1922, and continue until September 30th, 1922, unless otherwise ordered. All persons affected will, therefore, kindly put their timepieces ahead one hour at midnight on the 2nd instant.

By Order,
Ernest A. Woods,
City Clerk.

CARDOFF WINS.

LONDON, May 2.—Cardiff defeated Newport 8 to 3 in the Rugby Union game today.

BABIES GET PRIOR RIGHTS IN PARIS

LONDON, May 2.—In Paris all persons carrying infants are now enjoying prior rights over ordinary citizens when entering public conveyances, according to an order issued by police headquarters, says a Reuters despatch. The carriers of babies rank immediately after blind men or men otherwise disabled in the war.

SASKATCHEWAN PAYS INTEREST ON BRANCH LINE RAILWAY BONDS

REGINA, May 2.—The Dominion Government having again failed to pay interest on coupons of the Grand Trunk Pacific branch lines in Saskatchewan, the provincial government, under which the bonds are guaranteed, has made payment of semi-annual interest falling due today. The amount involved is about \$270,000.

MOB ASKS FOR DOLES OF FOOD IN VANCOUVER

VANCOUVER, May 2.—Three hundred unemployed paraded to the Swift Canadian warehouse here today and demanded doles of food. The police dispersed the crowd without violence. Before going to the warehouse the mob visited the City Hall and asked for relief or the right to beg. Neither were granted.

CAR TURNS OVER NEAR NANAIMO; ONE KILLED AND OTHERS ARE HURT

NANAIMO, May 2.—Charles Grives, of Courtenay, was instantly killed, Patrick Spratt was seriously injured, and two others sustained minor injuries when the car in which they were traveling turned over two miles from here yesterday.

Major Crichton has had many years' mining experience on the Rand, South Africa, as well as in various other parts of the world. He is at present interested in the Homestake Mine at Alice Arm and predicts that it is the greatest mine in North America, as there are immense bodies of good grade ore which can be worked cheaply. His company expects to resume development work next month and to reach a steady producing stage before the fall of next year.

The noted Dolly Varden Mine is quite close to the Homestake property, and Major Crichton is of the opinion that the former will yet be made a paying proposition.

Premier Makes Strike

Yesterday news came down from R. George, of Stewart, that the Premier Mine made another big strike on that property; in diamond drilling from No. 4 tunnel the drillers ran into a new body of high-grade ore, fully eighty feet wide, all high-grade apparently. This is a new chute of ore and does not show on the surface, which is seven hundred feet above the tunnel, so that the actual extent is not known. They will not need to touch this body for three years, as they have enough ore now blocked out to last that length of time. "The future of this camp is assured for some time now anyway," states Mr. George.

The official returns from the Premier Mine state that from January 1 to March 31 this year 17,200 tons of ore were shipped; all ore below \$200 is put on the dump and ore shipped is valued at from \$200 to \$800 per ton.

LONG LIST OF DEAD IN IRELAND SINCE MIDDLE OF 1920

BELFAST, May 2.—According to Belfast police returns made public today 118 Protestants and 183 Catholics have been killed in Belfast during the period from July 1, 1920 to April 29, 1922. From January 1 of this year to April 29 the figures show that 51 Protestants and 69 Catholics have been killed.

A postman was killed and his son wounded when ambushed last night while delivering letters in the Keady district of Armagh.

FIGHTING NEAR PEKIN CONTINUES FURIOUSLY

PEKIN, May 2.—General Wu Pei Fu's drive for Peking has been vigorously resumed in the vicinity of Chang Sin Tien, 12 miles south of the capital.

BASIS FOR SETTLEMENT IN IRELAND

The Regular and Irregular Branches Republican Army Say Treaty Is Wanted.

DUBLIN, May 2.—Representatives of the regular and irregular branches of the Irish Republican Army have signed a statement suggesting proposals to avert a catastrophe on the basis that the fact is accepted on all sides that the majority of the Irish people are willing to accept the peace treaty and agree to an election with a view of forming a government which will be truly representative of Ireland. The unification of the army on that basis is also suggested.

DAYLIGHT SAVING STARTS TOMORROW

Mayor Made Welcome Announcement to Sporting Interests at Last Night's Meeting

Daylight saving is to go into effect in Prince Rupert tomorrow, May 3, according to an announcement made at last night's council meeting by the mayor, who said that press notices to this effect would be published today. The subject was brought up by Ald. Kerr and there was a strong delegation in the public seats in support of the adoption. The announcement of the mayor was met with a round of vociferous applause from these persons who were mostly representatives of sports organizations. Among them were: B. F. Self, Harvey Fraser, W. G. Anderson, C. Rhyne, P. Laporte, C. C. Clementson, V. Menzies, M. M. McLaughlan, H. Atkins, W. McLeod, W. J. Cash, H. A. Breen, W. G. Dennis, E. C. Gibbons, Joe Scott, Jr., G. H. Arnold and H. P. Lipsell.

R. H. Crowe arrived from Anyox on the Chelohsin this morning.

Foreigners in Canada Earning Over \$1000 a Year May Have to Pay Income Levy of 8 Percent

OTTAWA, May 2.—The House of Commons has adopted the resolution of Fernand Rinflet, member for St. James, Montreal, providing that an elector moving from one division to another within two months of an election will not be disfranchised. The resolution asking the commons to consider the advisability of an income tax levy on all aliens resident in Canada who earn more than \$1,000 a year has also been adopted. This will not affect Americans.

The motion calling on the government to provide old age pensions was adopted without debate.

LIBRARY BOARD IS NAMED BY MAYOR

A report from the mayor appointing the municipal free library board to control library affairs was received by the city council last night and adopted. The members of the board appointed are:

Ald. Collart and H. F. Pullen, with terms expiring January 31, 1923.

Rev. G. G. Hacker, January 31, 1924.

BISHOP OF AUCKLAND COMMITTED FOR TRIAL

Charged With Sedition in Calling British Forces in Ireland Foreign

LONDON, May 2.—Reuter's Auckland New Zealand correspondent reports that Monsignor Liston, the Roman Catholic Bishop of Auckland, has been committed for trial on a charge of seditious utterance in a recent speech when he referred to the British forces in Ireland as foreign troops.

JACK BLOOMFIELD BEATS HARRY DRAKE

LONDON, May 2.—Jack Bloomfield beat Harry Drake last night in a scheduled 20 round bout for the cruiser weight championship of Great Britain. Drake did well at long range work but Bloomfield was much stronger, landing several powerful hooks and uppercuts. He also had the better of the infighting. Drake's seconds threw up the sponge at the end of the ninth round.

INQUEST OVER MRS. DOUGHTY

Accidental Drowning Is Verdict—Body of Husband Not Yet Found.

Chief Minty, provincial police chief, received a wire from Massett this morning to the effect that an inquest had been held by Coroner A. R. Mallory of Port Clements, over the body of Mrs. George Doughty, found on the beach at Graham Island, and that the jury had brought in a verdict of accidental drowning. The body of George Doughty has not yet been found.

The provincial police are endeavoring to get in touch with Jack Doughty, the son of the victims of the tragedy, who is at present on board the snag scow Cygnet which is up the Naas River and out of touch with telegraphic communication. A letter was handed last night by Chief Minty to two Indians who are proceeding up the Naas river addressed to Captain Milligan of the Cygnet for personal delivery. It is expected Mr. Doughty Jr., will leave forthwith for Massett.

RADIO ENTHUSIASM IN WINNIPEG ALSO

WINNIPEG, May 2.—In conjunction with the wave of radio enthusiasm which is sweeping over Winnipeg and province, reorganization of the Winnipeg Radio club will be effected at a general meeting of amateurs of the city on May 12.

The eventual outcome of the movement for co-operation among amateurs will be the organization of local radio clubs throughout the province, to be followed by the formation of the Manitoba Radio league, annual meeting of which will be held in Winnipeg, with representatives of all radio clubs in the province attending, if present plans materialize.

JUDGE HARVEY IS CHIEF JUSTICE OF ALBERTA PROVINCE

OTTAWA, May 2.—The Supreme Court decided this morning by a majority ruling that Judge Harvey is chief justice of Alberta.

DAILY EDITION

Tuesday, May 2, 1922.

Canadian Press Convention Today.

Newspaper men from all parts of Canada are in session at the annual meeting of the Canadian Press Limited which is now in progress in Toronto. The main business of the Canadian Press is the circulation of news throughout the Dominion, and it is the chief medium for this purpose in the country at the present time. The Daily News is a member of the Canadian Press and the bulk of the telegraphic news appearing in this paper is received through the service of the association.

How The News Is Circulated

Founded on its present basis in 1917, largely by the urge of war necessity which rendered it imperative that there be a free flow of news from one end of Canada to the other, the Canadian Press has since then made considerable strides forward and is now an organization of which its members are proud. Modelled on lines a good deal similar to that of the Associated Press of the United States, with which it is allied, it depends for its success primarily on the goodwill and hearty co-operation of its membership at large. This exchange of news is rendered possible by the leasing of about 12,000 miles of telegraph wires, both day and night, from coast to coast, operated by the telegraphers of the Association. In a news sense, therefore, the whole Dominion is in close and instant contact and the flash of a news story breaking in Vancouver is simultaneously available at Winnipeg, Toronto and Halifax and other important points where bureaux are established.

Fairness Is The Essence Of Service.

It is of its very essence that the Canadian Press be strictly impartial and unbiased in its presentation of the news of the day for its members include newspapers of every political stripe, and these critics of its news services are vigilant to see that scrupulous fairness is maintained. A striking illustration of this was afforded in the recent Dominion election campaign when staff reporters of the Canadian Press accompanied each of the three leaders with the result that for perhaps the first time there was presented to the people of Canada day by day in just perspective a full picture of the progress of the campaign. The Canadian Press also undertook in collaboration with telegraph companies, the collection and distribution of the election results, and in this a new record for speed and accuracy was set up.

Connection With British Empire.

A feature of the past year has been the building up in London by arrangement with Reuters of a Canadian Press cable service which aims in particular to cover the news of the British Empire in most complete fashion. While still in its infancy this special cable service has already achieved a considerable success with the result that more and more news of Great Britain, Australia, New Zealand, India and the Empire generally is made available for the Canadian public. The service is steadily building up and its connections are becoming more and more intimate and the readers of Canadian newspapers are gradually getting a better service.

Ten Years Ago in Prince Rupert

May 2, 1912.

Tonight at 7:30 all who are able to make the trip will gather at the Presbyterian Hall on Fourth avenue and will thenceforth journey to Seal Cove where G. H. Collins of the Canadian Fish and Cold Storage Co. has very kindly consented to show the party through the plant. This is the first of a series of rambles that the Presbyterian Outdoor Club has undertaken for the summer months.

The tug Nanoose, Captain Gunn, towing the barge Transfer No. 3 with 800,000 feet of lumber, 300 tons of coal and 400 tons of brick and cement, arrived at 10 o'clock this morning. With the exception of the coal, the entire cargo is consigned to the Westholme Lumber Company.

WELL KNOWN SKIPPER WEDDED LAST NIGHT

Miss Barbara Kuzlar is Married to Charles Wallace, Rev. G. G. Hacker Officiating.

A quiet wedding was solemnized at 7 o'clock last night between Charles Wallace and Miss Barbara Kuzlar, at the home of Mr. and Mrs. Peter Gamula, 132 Seventh Avenue West, the Rev. Geo. G. Hacker performing the ceremony. The house was prettily decorated with flowers and evergreens. A wedding supper was served to a few intimate friends of the happy couple and a very pleasant social evening was spent. Mr. Wallace is the well known skipper of the D.C. F. and Mrs. Wallace recently arrived from the Old Country. It is their intention to reside permanently in Prince Rupert.

REPORTED HE WAS HELD UP

J. E. Cadden Said \$180 Cash and \$2000 Draft Was Taken—Not Very Clear.

J. E. Cadden, who arrived in the city from the east on Sunday night's train, reported to the city police at 12:15 on Monday morning, while under the influence of liquor, that a man had held him up at the corner of Eighth Avenue and Fulton Street, relieving him of \$180 in cash and a bank draft for \$2000. Upon being questioned by the police he did not know whether the man had a gun or not, or on what bank the draft was drawn. Cadden stated the highwayman wore a blue collar and that he was a French-Canadian railroader he had known in Prince George.

In company with Cadden the police have combed the city thoroughly but no trace of such a man as described can be found.

POWER CONTRACT FOR CANADIAN NATIONAL RAILWAYS DRAWN UP

Following up its decision of a fortnight ago to supply the Canadian National Railway Co. with power in bulk from the city's primary lines at a rate of 1c to 1c for use in the yards, offices, railway station and docks and possibly the round house, the council last night after some discussion, decided on a tentative contract that is to be submitted to the company. The contract provides for a supply of 180 k. v. a. to the company at the 1c to 1c rate with the addition of an additional 65 k. v. a. at the same rate for the round house provided application for this is made within six months. There was some discussion as to a proviso that the railway company be allowed to apply for the additional 65 k.v.a. after the six months but it was decided to delete this.

The proposed contract is now to be forwarded to the head office of the company at Winnipeg.

PRINCE GEORGE

George Rorie, authorized trustee under the Dominion Bankruptcy Act, of Prince George, was a visitor in the city last week. An assignment was made by him of the Jennings Tie contract affairs.

V. N. Bogue, who has been spending some time on the coast has returned to the city. Mr. Bogue will buy lumber along the G. T. P. for the Willapa Lumber Company of Portland, Oregon this season. The Willapa is a \$4,000,000 concern. Mrs. Bogue is in Seattle where she will shortly undergo an operation and Mr. Bogue will leave in a few days in order to be with his wife at the crisis.

Mrs. Alex Wimbles was hostess last Thursday night to a large surprise party, which invaded the Wimbles residence on Vancouver Street and spent a very enjoyable time. Dancing was carried on to an early hour in the morning. Refreshments were served at midnight.

The Prince George Athletic Association met last Friday night in the Prince George Club for the purpose of drawing up a program for the Empire Day sports on May 24. A good mixed program is planned.

H. F. Tilley, assistant passenger agent on the C.N.R. is spending a few days in the city renewing old acquaintances. Prior to the amalgamation of the G. T. P. and the C. N. R. systems Mr. Tilley was in charge of the passenger traffic on the G. T. P. between this point and Edmonton and formed many friendships with early residents of the town.

The case of L. Garland, charged with vagrancy, which was brought up before Magistrate McGlymont in the city police court this morning was adjourned until 10 o'clock tomorrow morning. L. W. Patmore, of Patmore & Filton, appeared for the defence. 103

Helgerson Ltd., brokers, Gora Black, hotel proprietor, and Peter Black, coal dealer, were summoned to appear in the police court this morning charged with trading without licenses. The cases were dismissed, the licenses having been renewed in the meantime. 103

It cost the city \$79.30 to get out certain figures in regard to light and power revenue asked for by Ald. Perry recently. Ald. Perry said he was sorry it had cost this amount to get the information required but it would not have been necessary if the monthly records had been kept properly. He was glad Ald. Collart had brought up the matter for it bore out the necessity for assistance being provided for Superintendent Duncan in the utilities office. 103

AT LAST! Modern Laundry Service At a Price for Every Purse

We have long realized that the present system of charging for FAMILY WASHING is hopelessly inconsistent. With this in mind, we have gradually assembled equipment until now we are in a position to offer an entirely different service.

Laundry Work by the Pound

Under this new system we offer three distinct services

DAMP WASH SOFT FINISH ROUGH DRY

DAMP WASH—This service returns everything washed ready for starching and ironing at a cost much below doing it in the home. Offered to those whose financial circumstances demand the care of every penny, 5c per lb. Minimum charge \$1.25. Bags furnished at a cost of 35c each which will be refunded on return to laundry.

SOFT FINISH—This service is planned for the majority of people who now send some washing to the laundry. Under this plan, everything is washed and dried. Flat pieces are ironed and folded and wearing apparel is dried in a dryroom tumbler, rendering most pieces beautifully soft and fluffy, ready for wear without ironing. We particularly recommend this service, 7c per lb plus 1c per piece. Minimum charge \$1.50.

ROUGH DRY—This service returns everything dry—flat pieces ironed and folded and wearing apparel starched. This should appeal to those who wish to do as little laundry work as possible in the home and yet do not want to pay the high cost of finishing the entire bundle in the laundry. 9c per lb plus 1c per piece. Minimum charge \$1.25.

NOTE—The 1c per piece is to equalize the cost of handling numerous small pieces such as handkerchiefs, etc.

THESE THREE "HOME SERVICES" ARE BUT PART OF OUR OPERATIONS. We are primarily a laundry, executing in the best fashion all the so-called standard laundry services. In addition, we conduct a separate and distinct DRY CLEANING Department—the finest plant and the best workmanship in all the North. Somehow and someway **THE CANADIAN SHOULD BE YOUR LAUNDRY.** We have a wagon in YOUR neighborhood regularly and hope soon to make your acquaintance.

BRINGING UP FATHER

FIRE MARSHAL MAKES REPORT

Waterworks Adequate But Permanent Repairs Are Necessary.

FIRE HAZARDS

Chimneys and Wooden Buildings Are the Main Risk Here.

Addressing the council last night, Provincial Fire Marshal Thomas made a report on investigations he has been making during the past few days on the condition of the city's water system and fire hazards. The report was listened to with much interest and was very complete. It will be submitted to the city in writing at a later date.

In opening, Mr. Thomas said that he had been making an inspection for the past few days and it was his duty to bring certain matters needing attention before the council. When making inspections he investigated criticisms made by the Board of Underwriters with a view to ascertain whether or not they were well founded. The idea was to advise the city so that it might obtain reductions in insurance rates. At the same time it should be remembered that for every dollar the underwriters had at stake in the city, the city itself, had three or four. Therefore fire protection was a very important consideration.

Waterworks Adequate.

Speaking first of the waterworks, Mr. Thomas stated that he had found the organization was very good and he was pleased with the personnel. The water supply was large enough for a city many times the size of Prince Rupert. The intake system was not good, however, and cleaning facilities were needed. That was a point marked against the city by the underwriters. The possibility of the system becoming blocked was serious and should be remedied.

As far as the Woodworth dam, Mr. Thomas said he was not prepared to state whether it was a matter of poor material or of poor supervision in construction, but in any case, the dam was rapidly depreciating and much concrete has already been torn away from the spillway. It needed repairs this year.

Pipe Line Condition.

Along the river, the water had eaten in until there was a danger of the pipe line becoming undermined. The pipe was also exposed to slides in certain places although at some points it had been protected with cribbing. It was a question whether it would be well to continue to protect the line with retaining walls and cribbing or move it on top of the bank out of danger of slides. On the north fork, the pipe which was in the bed of the stream was exposed in certain places and there was a danger that large rocks coming down the stream might break it.

The wooden cradles which in the past have supported the pipe line had been adequate so far but they were getting rotten and had already begun to settle. To avoid breaks through the pipes buckling and the settling it was necessary that the wooden cradles be replaced with concrete. In some places concrete bases had washed out already leaving the pipe unsupported. It would be cheaper to take action now before breaks occurred. The pipes had settled away from the iron straps in places and with the great strain here again was danger of breaking. The strap-

Dancer at Passage.

Mr. Thomas pointed out the danger of the two 14-inch mains crossing Shawatlans Passage breaking and the reservoir being drained. Engineers had commented adversely on this and had declared it dangerous. There should be check valves here to hold the water in case of breaks or repairs being made.

The pipe line from the power house to the passage, Mr. Thomas said, was one of the best laid out he had ever seen. There was no better in the province and it was in splendid condition.

The storage capacity at the reservoir was not sufficient to take care of the city if there should be breaks. Where there was one million cubic feet there should be four million. This made it all the more necessary to protect the pipes and keep the pumping plants in good condition.

Fire Hazards.

After a complete inspection, Mr. Thomas said that he had found two main fire hazards in the city, namely, poor chimneys and wooden buildings.

A great many fires were caused through defective chimneys. In certain buildings here long lengths of pipe passed through wooden partitions. Stove pipes also entered at the bottom of bracket chimneys. This was not allowed in the most of cities and there should be some ruling against it here. It was not fair to the public generally to allow these hazards to exist. As deputy fire marshal, the fire chief would be empowered to give orders against them and he would bespeak the support of the council when such were issued.

In regard to the wooden buildings, Mr. Thomas suggested that the city consider the idea of having at least two fire resisting concrete, brick or hollow tile walls built in each block. It would be a much easier matter then for the fire department to confine fires that might break out and no doubt considerable reductions in rates would follow their installation. Failing the putting in of concrete walls, wooden walls of 4 to 6 inch thickness also provided great resistance.

Good Housekeeping.

Mr. Thomas complimented the business men on their housekeeping which was a credit to them and to the city. Wherever business was carried on there was bound to be a certain amount of trade waste. Although there might be improvement in some places the majority of the business places in the city were to be complimented in this regard.

More hydrants were required on certain parts of Second Avenue. The Empress Hotel block was a serious one and with a situation such as existed there now there was only one thing to do and that was to be prepared to handle a fire that would surely break out there some day. The block should be supplied with more hydrants.

In concluding, Mr. Thomas spoke appreciatively of the courtesy which had been shown him by the mayor, council, officials and employees of the city and

citizens generally. All had taken criticism in the proper spirit.

A report from the city recommending that the city adopt a policy of making permanent repairs on the dam and pipe line from Woodworth Lake was received and was referred to the Board of Works for report.

CITY IS STARTING GARBAGE AND ASH DUMP PARK AVENUE

With a view to eventually doing away with the garbage scow system, the city is going to start a garbage and ash dump on Park Avenue near the Fairview Cemetery. A report recommending this was submitted to the council last night by the Health Committee and was adopted.

In reply to a question from Ald. Perry asking for further details, Ald. Kerr said that the location of the proposed dump was on the last hill before reaching the cemetery. Morse Creek came through at this point and the road was 15 feet above the ground. It was proposed to put a culvert over the creek. The city engineer said he had recommended the starting of the dump.

There was another report from the Health Committee regarding garbage collection and disposal. With the deletion of two clauses which provided for charges for cans, this report was also adopted. It was first presented at last week's meeting.

BILL TO ABOLISH PRIVATE PROPERTY

Has Been Introduced in British House of Commons.

LONDON, May 2.—A bill to abolish private property in land and to transfer all lands in Great Britain which is not already the property of the crown or of any public authority to newly created Ministry of Lands has been introduced into the House of Commons.

In the case of agricultural land while all the buildings (except laborers' cottages) and other permanent improvements would be transferred to the new ministry, the measure provides arrangements whereby they can become the property of the tenant and form part of the tenant right, together with all other improvements made by him.

Compensation to owners is to be paid in the form of five percent National Land Stock providing an annual income equal to the present net letting value of the land transferred, redeemable at par after 30 years.

After the redemption of the stock one-fourth of the net revenue of the land would be applicable to national purposes and three-fourths to local purposes.

A report from the city engineer recommending that a railing be put in along the bluff at the Acropolis Grounds and that a ditch be dug at the north side was adopted by the city council last night. The engineer also reported that 60 yards of cinerary had been delivered at the grounds for use in improving the surface.

The Human Clock

It has long been a favorite idea of mine to compare the human body with my old clock here.

Without proper attention the old clock gets run down and stops until I wind it up again, and then it ticks away just as heartily and regularly as ever.

And so it is with the human body, but the great difference I find is that the human clock usually breaks down instead of runs down, because people neglect to take proper care of their health.

Through all these years I have managed to keep well and to keep young by using

restorative treatment whenever there are indications of the system becoming run down.

Fortunately I learned the value some years ago of Dr. Chase's Nerve Food, and to its use I largely attribute my healthful condition at this age.

When I hear people talking about being unable to sleep, or of suffering from nervous headaches, indigestion or worn-out feelings, I ask them, 'Why do you not use Dr. Chase's Nerve Food to increase your nervous energy?'

REDUCTION OF BISLEY TEAM DISAPPOINTING

LONDON, May 2.—The decision to reduce the number of competitors in the Canadian rifle team for the Bisley competitions this year has been received among rifle men here with considerable disappointment. This year will be the jubilee of Canada's participation in the National Rifle meeting. Canada is the only dominion which has consistently entered a team annually for the Bisley competitions, the distance from Australia and South Africa to England making it practically out of the question for either of them to participate. Australia, however, is now seriously considering the possibility of erecting a hut on Bisley common for permanent occupation by Australian rifle men on ground adjoining the Canadian hut. There has been desultory talk from time to time of Canada offering Australia a share in the Canadian premises at Bisley, but so far it has not resulted in anything definite being done in the matter.

Great efforts are being made this year to strengthen the prize list, and at the same time making a drastic reduction in the overhead expenses.

FAREWELL WHIST DRIVE AND DANCE AT ST. ANDREWS

The St. Andrew's Society held a farewell concert and dance in the St. Andrew's Hall last night on the eve of their moving to the new quarters at Fulton Street and Sixth Avenue. A record attendance of members and their friends did justice to the excellent musical program provided under the direction of A. Clapperton.

The concert opened with selections by Arthur's orchestra, followed by vocal numbers rendered by Mrs. J. H. McLeod, Mrs. W. Miller, Mrs. A. R. Hunter, Miss Cummins, D. C. Stuart, R. Robertson, and A. Clapperton.

Delightful refreshments were served at the conclusion of the concert program when the winners of the highest aggregate of points in the St. Andrew's whist drives held during the season were presented with prizes. Mrs. D. Cook was the winner of the ladies' first prize and S. M. Newton the gentlemen's.

Dancing was afterwards enjoyed to the strains of Arthur's orchestra until 2 a.m.

The St. Andrew's Society will move to their new premises on Fulton Street, opposite the Rand Block, during the week.

The want of a good excuse never kept a villain from crime—moralizes "The Wicked Cat" of the "Aesop's Film Fables" series.

Sport Chat

The curtain goes up tomorrow on the 1932 schedule of the Western International Baseball League. Calgary will be at Vancouver for the opening at Athletic Park and Edmonton opens the season at Tacoma. It has been announced that Bob Brown will have complete charge of the Vancouver Beavers on the field but the control of the club will be vested in the board of directors. In former years Bob had to look after the field and the business as well but it is believed that better results will be obtained under the new system. Vancouver business men are lining up in force behind baseball this year and over 100 members have been enrolled in the association.

The following have been the winners and the runners up of the English Football Association Cup during the last fifty years of soccer.

UNITED STATES SAVES DAYLIGHT

More Than 500 Large Cities Clocks Were Advanced Sunday.

NEW YORK, May 2.—Daylight saving began at 2 a.m. Sunday morning in more than 500 of the nation's largest cities, in about 1,000 smaller cities or rural communities, and in every nook or corner of several states, notably the Atlantic seaboard.

Railroads will continue to operate on standard time, unless a law before Congress which would give them permission to daylight saving timetables, is passed. But banks and stock exchanges and business radiating from New York and the four of great cities along the coast will operate on daylight saving time.

New York State, after an active campaign of organized farm opposition, is not following in the footsteps of its large cities. New York, Albany and Buffalo are on standard time, but such places as Syracuse and Rochester, agricultural as well as industrial centers, have repealed local ordinances and continue to live by old clock during the summer.

centres of Europe have adopted daylight saving permanently. Paris will continue it this year but discard it in 1923 under a new law. London took to saving daylight on March 26 while all the cities of Belgium and France have joined her. Germany, by a national law, holds aloof and will conduct all its business and trade on its usual time standard.

The situation in New York state is peculiar. In the first year of Governor Miller's administration, the "farm bloc" passed a bill repealing the state daylight saving law but permitting it by local ordinance. All of the large cities had daylight saving last year, but many have changed for the coming summer.

Most notable among such cities are Rochester, Syracuse and Oswego. After one of the hardest local fights the city has ever known, Syracuse, on April 10 passed an ordinance against tinkering with the hands of the clock. This was followed by action in nearby, smaller cities, such as Ogdensburg, Watertown, Oneida, Ithaca, Cortland and Auburn. Binghamton later agreed to remain on standard time, so that the central part of the state will be almost entirely served by the "winter clock."

At the Seaside.

The principal seaboard summer resorts are on the new time. Atlantic City, Newport, Narragansett and Bar Harbor are saving daylight.

Banks in New York will operate on daylight time as will the stock exchange and all other business. Trains will be run on old time, unless the new bill is passed by Congress, but as was the case last year there will be a special timetable arranged for commuters which will get them into the city on time.

The trains going west will leave here on standard time, reach Albany on daylight time and pass Syracuse and Rochester on standard time, bringing a new complication for travelers. Watches will be an hour ahead of the train leaving New York, but on time in Albany, while at Syracuse they will be an hour fast.

HENPECKED HUSBANDS CONVENE IN SECRET

LONDON, May 1.—The place for holding the annual meeting of the "Ancient and Honorable International Order of Henpecked Husbands" an organization having headquarters at Sowerby, near Bradford, is being kept a strict secret.

Last year's meeting, to ensure freedom from wifely interference, was held at an isolated spot on Blackstone Edge moor. Much time will be required at this year's gathering for the consideration of a long list of applications for membership, as each candidate must be severely cross-examined regarding his fitness to be dubbed "well and truly henpecked."

The organization's stationery declares the order dates back to the year 3897 B.C.

ONE OF THE GREAT NEEDS OF OUR CITY is a more abundant supply of money available for building loans. What more public-spirited use can you find for your savings than assisting some young married couple to acquire the home they so greatly need? Is your money not more usefully employed, both to you and the borrower, when invested in gill-edged mortgages at 8 per cent. than in the savings bank at 3 per cent.? And we will make sure of the security for you.

JOHN BUNNY'S PARTNER APPEARS WITH "CONNIE" TALMAGE IN PICTURE

Flora Finch, Pioneer Comedienne of the Silver Screen, was Part in "Lessons in Love."

Flora Finch, the first comedienne in motion pictures, formerly a partner of the late John Bunny, is to be seen with Constance Talmadge in the latter's Associated First National starring vehicle, "Lessons in Love" which is the attraction at the Westholme Theatre again tonight. Miss Finch, Kate Price and John Bunny were a famous trio in the early Vitagraph days.

In "Lessons in Love" Miss Finch has the role of an elderly maiden aunt of Leila Galthorpe, a capricious young heiress, portrayed by Constance Talmadge. Leila, posing as a maid in order to escape a marriage conspiracy, deceives the young man in question by telling him that the spinster is the woman whom his rich uncle has selected for him to marry. A glimpse at the angular old maid's photograph is enough to cause the young fellow to decide that he would rather marry the supposed servant than his uncle's choice, and then the complications pile up rapidly.

Flora Finch was born and educated in England. She began her stage career with Ben Greet in Great Britain, and was also in vaudeville. She made her first big success in motion pictures with John Bunny and became one of the best known characters on the screen. She has appeared under the banners of the Vitagraph, Biograph, Pathe-Thamson, the Flora Finch Film Company, Cape-Hani, Flag-Paramount and the Blackton. Miss Finch is five feet five inches in height, weighs 110 pounds, has a fair complexion, dark hair and blue-grey eyes. She makes her home in New York City.

A clear conscience is a guide that never errs.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and second-class to be \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation, and a fee before receiving Crown Grant.

Where pre-emptor in occupation less than 2 years and has made no improvements, he may, because of ill-health, or other cause, be granted a term certificate of sale of not less than 2 years.

Records without permanent residence may be issued, provided applicant has no other land, and records of \$500 per annum and records some cash. Failure to make improvements within 2 years will result in forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$1000 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may sell and lease his land, if he has not actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas not exceeding 20 acres may be leased at homestead title to be obtained after fulfilling legal and improvement conditions.

For grazing and land in excess of 20 acres, title may be obtained in less than 5 years, and improvements of \$1000 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptors' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons holding and serving with the Majesty's Forces. The one within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the war. This privilege is also made retrospective.

No fees relating to pre-emption are due or payable by holders on pre-emption recorded after June 26, 1915. Fees are required for five years.

Provision for return of money advanced, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emption. Interest on agreements to purchase town or city lots held by members of Allied Forces or descendants acquired direct or indirectly, retained from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS. Provision made for issuance of Crown Grants to purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

GRAZING. Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration. Under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

SORES SPREAD All Over FACES AND BODIES.

Mrs. Howard Houlette, Waslatenu, Sask., writes:—"I wish to tell you of the benefit we have received by using your valuable medicine, Burdock Blood Bitters. My children started to break out on their faces with small white pimples which kept getting larger each day. This would form under the skin and they would come off, and each time the sores would be larger; some were as large as a twenty-five cent piece, and would spread all over their bodies. I was nearly in despair and sent to the village for a bottle of good blood medicine. The druggist sent me a bottle of Burdock Blood Bitters, which I commenced giving them at once.

In about ten days I saw an improvement and they grew steadily better each day, and in one month the sores had all disappeared."

All blood and skin diseases are caused by bad blood, and to get it pure, and keep it pure you must remove every trace of the impure and morbid matter from the system by a blood cleansing medicine such as

BURDOCK BLOOD BITTERS

a remedy that has been on the market for the past forty-five years, and one without an equal for all diseases and disorders of the blood.

APPLICATION OF CITY CLERK FOR RAISE REJECTED

The application of City Clerk E. A. Woods for an increase in salary from \$175 to \$225 was again considered by the city council last night and after some discussion was rejected. Ald. Dybbavn stated that the Finance Committee was not prepared to recommend the increase and moved that the application be received and filed. This was seconded by Ald. Montgomery who said that he was opposed to increases at the present time as a matter of principle. Neither Ald. Dybbavn or Ald. Montgomery had anything but good to say of the services of the city clerk but the tendency now was to decrease rather than advance salaries.

Ald. Perry said that in view of the nature of the clerk's work, the responsibility and his value to the city, he thought the salary was inadequate and moved an amendment that an increase to \$200 be made. This was seconded by Ald. McLeod. On the amendment being put Ald. Perry and Ald. McLeod were the only members of the council to vote for it. The motion to receive and file the application then passed.

In speaking to his application Mr. Woods said that he wanted a definite answer although he was not prepared to give the reason at this time.

Mr. Woods will be leaving next week for holidays in the south.

KNIGHTS OF COLUMBUS HAD ENJOYABLE WHIST AND DANCE LAST NIGHT

The first of a series of Knights of Columbus post-lenten benefit whist drives and dances was held in the Knights of Columbus Lodge Rooms at the Metropole Hall last night, the place tastefully decorated for the occasion with Knights of Columbus emblems and colors. In spite of the inclement weather a large crowd was in attendance and the genial atmosphere which is characteristic of Knights of Columbus gatherings assured every one of a thoroughly enjoyable evening.

Whist furnished the diversion for the early part of the evening. Mrs. M. McDonald capturing the ladies' head prize on a cut with Mrs. A. D. Gillies, the gent's first prize being awarded to H. Leterneau with consolations going to Mrs. J. J. Gillis and A. Hamilton, the latter on a cut with G. Richards.

At eleven o'clock delicious refreshments were served, after which the rest of the evening was spent in dancing to the strains of the Westholme Orchestra.

The success of the evening reflects great credit on the committee in charge which consisted of U. J. LaCasse, Harold McEwen and Wilfrid Robarge.

FRESH ROASTED COFFEE FRESH ROASTED

The value of coffee as a beverage lies primarily in its strength and flavor. Green coffee will keep indefinitely, but such is not the case after it has been roasted. Roasting brings out the flavor and aroma. Coffee becomes stale because of loss of these aromatic principles. We are roasting and packing for current requirements only, realizing that, essentially, coffee must be fresh roasted to prove perfectly satisfactory.
