WAR LIKELY TO BE DECLARED VERY SOON

BRITISH ARE MOBILIZING MEN, GUNS, AMMUNITION AND AIR MACHINES

Turkish and British Leaders are Daring Each Other: Possibility of War Being Declared; Mobilization

CONSTANTINOPLE, Sept. 21. — Hamid Bey informed the Associated Press that Turkey would certainly declare war on Britain if the British attempted to stop the Turks crossing the Dardanelles into Thrace. This is just what Britain threatens to do. Tension is therefore very high.

The British are mobilizing every man, horse, gun, airplane and ammunition.

British women and children were ordered to embark today and British troops are moving into strategic positions. There is every indication of war.

It is expected that the British will have between 70,000 and 100,000 men here shortly.

LONDON, Sept. 21. — Paris despatches say it is understood Lord Curzon on behalf of Britain has offered to evacuate Chanak in return for French naval co-operation in the Dardanelles.

Chanak is a small district where Britain holds a strategic position which has been already challenged in a slight skirmish with the Turks.

Panderama on the south side of the sea of Marmora is burning. There are many casualties.

CURZON AND JOFFRE MEET IN PARIS UNDER ODD CIRCUMSTANCES

PARIS, Sept. 21. — Lord Curzon, the British Foreign Secretary, arrived in Paris the other day at the Quai d'Orsay station and found the passenger elevator out of order. He complained to the station-master, who, with much diffidence, proposed that the noble lord could reach the street level by means of the freight elevator. Lord Curzon accepted without enthusiasm, and just as the elevator boy was slamming the gates shut, there came rushing toward the lift a thick-set elderly man, breathing heavily. He made as if to enter the elevator, but the attendants waved him off.

"I am just as heavy and as old as your lone passenger," the man declared, "why should you refuse to take me up."

"Because this is Lord Curzon," responded the railroad man impressively.

"Oh well, that's all right," replied the stranger, making for the stairs, "I'm only Joffre."

He was given a lift.

Telegram from Premier Hurries Hon. J. H. King to Ottawa

VANCOUVER, Sept. 21. — Hon. J. H. King, federal minister of public works, is in receipt of a telegram from Premier Mackenzie King, recalling him to Ottawa. He will leave for the East this evening. Mr. King had planned to remain in British Columbia until the end of the month.

While refusing to divulge the contents of the wire from the Premier, Mr. King intimated that it was of such a nature that he felt it his duty to return to Ottawa immediately.

It is believed here that the Ottawa Government is in receipt of information bearing on the near east situation from London that requires early action by the Canadian Government.

UNITED STATES RIGHT OF SEARCH CHALLENGED

Matter May Be Taken Up with Government After Investigation.

WASHINGTON, Sept. 21. — Following the upholding by the Massachusetts appeal court of the seizure of the British steamers Grace and Ruby twelve miles out on liquor suspicion, the British Government, it is understood, is making inquiries in regard to the facts and may take up the question formally with the United States Government.

The British Government is unsympathetic with liquor smugglers but feels that a larger question is involved.

The Associated Press understands the British are anxious to know to what extent powers are claimed by the United States beyond the recognized control of the three mile limit and if this control is to be extended by the United States at its pleasure without consulting other maritime nations.

While Allies Strive to Restore Peace in Asia Minor, Turks Want War

CONSTANTINOPLE, Sept. 21 (noon). — General Harrington, general officer in chief command of the allied forces, has issued a communication in which he declares the responsibility for consequences of violations of the neutral zone will fall upon the authors of it.

LONDON, Sept. 21 (1 p.m.) — While the allied powers are feverishly endeavoring to arrange a peace conference to clean the slate between Turkey and Greece and prevent more fighting in the near east, rumours of impending hostilities continue to come from Constantinople and the Dardanelles.

A small force of British troops is holding Chanak, the key position on the southern shore of the Straits, while the Turk nationalists, eager for further conquests after their overwhelming defeat of the Greeks, are concentrated outside of the neutral zone at Ismid and Chanik where they impatiently await word from Mustafa Kemal to advance.

A ray of hope is seen in the conference at Smyrna between Kemal and General Pelle, the French high commissioner, to which Yussuf Kemal Bey, the Nationalist foreign minister, has been hastily summoned from Angora.

The Turk attack, it is believed, if it takes place at all, will be retarded until British reinforcements can arrive.

LIE DIRECT TO PROHIBITION

Hon. A. M. Manson Declares Government Will Administer Liquor Act Well

Hon. A. M. Manson, addressing the Liberal city convention, criticized the prohibition party for statement made in the official organ, the Bulletin, that he, Manson, administered the Liquor Act on a money basis.

Mr. Manson said this was untrue and a party claiming to represent high moral standards should give something else than misrepresentation, injustice and ridicule to the Government.

Mr. Manson said let nobody think the Government was going down to defeat on the liquor policy. "We are going to administer the Act for the best moral and family interests, if the citizens will stop upholding the law breakers and play the game."

HE POINTED TO BRITISH FLAG

NEW YORK, Sept. 21. — United States customs officers in a sub-chaser pursued the British yacht Onward and challenged her, demanding to know if she had liquor aboard from the Bahamas intended for smuggling into the United States.

The Captain of the Onward met the officers at the rail with hand on hip and pointing to the British flag ordered the customs men away. They went and the Onward proceeded on her voyage.

THE BOARD OF TRADE PARTY LEFT VICTORIA

Coming to Prince Rupert by Way of Vancouver

VICTORIA, Sept. 21. — After both formal and informal entertainment on the lower part of Vancouver Island, the members of the Montreal Board of Trade party including members of the British Parliament who are on tour of Canada left here yesterday afternoon for Prince Rupert by way of Vancouver.

NEW ZEALANDERS READY TO FIGHT

WELLINGTON, New Zealand, Sept. 21. — The number of volunteers for service in the Dardanelles exceeds all records of the Great War. Ten thousand men volunteered throughout the country yesterday.

CONSERVATIVES WILL ORGANIZE AT VICTORIA

VICTORIA, Sept. 21. — The Victoria Liberal - Conservative Association will be formally launched at a grand rally of all supporters of the party to be held tonight in the clubrooms, Campbell block, when election of officers, adopting of a constitution and other necessary steps will be taken, and the new political organization formally organized.

The formation of the Liberal-Conservative Association in this city is in line with the decision reached at the recent Vancouver convention of delegates representing the Provincial Conservative Association and the Federal National Liberal and Conservative Association, to amalgamate into one body to be known as the Liberal-Conservative Party. In every riding throughout the Province similar organization steps will be taken.

FIRST ELKS' DANCE OF SEASON IS HELD

Affair in Home Last Night Was Much Enjoyed by 40 or so Couples Who Attended.

The first Elks' dance of the season took place last night in the lodge home in the Beckwith block and was attended by about 40 couples all of whom had a very enjoyable evening. Milton Gonzales, exalted ruler, was master of ceremonies, Harry P. Lipssett presided at the door and the committee in charge comprised Fred Gihuly, chairman, W. W. Knight, W. Reid, Murdoch McLeod, H. F. Glassey and H. P. Lipssett. Music was furnished by the Elks' Orchestra made up of A. A. Easton, Howard White and Bob Newell. Refreshments were served at midnight.

GENERAL HARRINGTON AT CONSTANTINOPLE IS CAPABLE LEADER

EDMONTON, Sept. 21. — General "Tim" Harrington, commander of the British forces in Constantinople, was at one time concerned with the operations of Canadians on the western front, according to Major General W. A. Griesbach who had a personal acquaintance with the officer. About the time of the third battle of Ypres, General Harrington was chief of the general staff of the second army, which then numbered around 750,000 men, and therefore, in close touch with the Canadian divisions attached to it.

As a fine soldier and brilliant officer, General Harrington is one of the best, and one who will doubtless give a good account of himself in the present operations, says General Griesbach. At all times chock full of energy and good humor, he was popular with the Canadian corps and acted just as if he had come from Bruce county or Toronto.

After completing service on western front, General Harrington was transferred to the war office in England and was subsequently sent to the east. Later on he was given a command at Constantinople where he had a small garrison. His command was reduced from time to time and at last reports, received about a month ago, he had around 11,000 men, including allied forces, under him.

"He is just the sort of man to have there now," said General Griesbach. "If he only knows what the government wants him to do, he can be depended upon to do it."

INTERESTING PASSENGER

Little Miss Grace Wilson, of White Horse Away to Mooseheart, Illinois.

Among the passengers on the Princess Alice going south yesterday was Grace Wilson, of White Horse, whose father was lost in the waters of the Yukon last fall. A frail, shy child, she was inconspicuous among the throng; but at the wharf a delegation of gentle women and kindly men was waiting to welcome her, to cheer her and to assure her comfort. The fatherless child is on her way to Mooseheart, Illinois, but she will not be lonely for all along the journey similar delegations will watch over her and smooth her way.

Mooseheart is a vocational training school and home near Chicago, maintained by the Loyal Order of Moose for the children of deceased members. It is not an orphanage in the usual sense of that term, but is rather, a beautiful village of cosy homes, schools and workshops. It has been the constant efforts of its directors to duplicate as nearly as possible, home-like conditions. So, though at present over one thousand children ranging from babyhood upward are being cared for and educated at the institution, they live in small groups under the care of competent foster fathers and mothers and come to look upon the members of their particular family group almost as real brothers and sisters.

Mooseheart occupies an estate of over a thousand acres of fertile fields along the banks of the picturesque Fox river. On the estate is a charming little lake well stocked with fish and within easy distance are many places of interest where the children go on picnics and outings. Such is the place that awaits the coming of little Grace Wilson. There she will find happiness and be thoroughly fitted for a useful career, but more important, she will be instilled with those broad principles of humanity which will make her a noble woman and the whole world better for her being.

GIRL ABDUCTED.

MONTREAL, Sept. 21. — A fourteen year old girl was abducted by two men here yesterday and was left later in the east end of the city. The police are searching for the culprits.

MORATORIUM IS NOT LIKELY IN ALBERTA

Such a Step Will be Resorted to Only as Last Recourse

EDMONTON, Sept. 21. — Alberta will not likely follow the example of the other two prairie provinces in regard to the passing of a moratorium, which is now being considered in both Saskatchewan and Manitoba. Attorney-General Brownlee, under whose department are administered the debtor and creditor laws of the province, is authority for the statement that such a step will be resorted to only as a last recourse and that there is at present no thought of moving in that direction.

The government is receiving numerous requests, however, for an extension of the relief scheme now in operation in southern Alberta, to other parts of the province, even to the extent of making it apply generally all over Alberta. While the farmers, who are the chief applicants for such action, are apparently not desirous of such protection as a moratorium would give them, they are asking for the privilege of coming under such a scheme as the legislature authorized for the southern relief district.

SIGNS TARIFF BILL

WASHINGTON, Sept. 21. — President Harding has signed the Tariff Bill of 1922 and the new rates become effective at midnight tonight.

AIRPLANE WILL REMAIN LONGER

Hazleton Will Stay Here Until After Montreal Excursion Passes Through

At the request of the local Board of Trade, the hydroplane Hazleton is remaining in the city until the first of the week and will not go to Terrace tomorrow as was announced last night on the return from Stewart. The machine is being held here so that any members of the Montreal Board of Trade excursion who wish to fly while in the city on Saturday may have the opportunity of doing so. On Sunday or Monday the intended trip to Terrace will likely be made.

SETTLE IT AT GENEVA

Is Advice of Delegations From Dominions in Regard to Turko-Greece Question

GENEVA, Sept. 21. — All British Dominions are declared by their representatives in the League of Nations to be favorable to the submission of Turko-Greek affairs to the League of Nations. The delegations from the Dominions have sent a joint telegram to Premier Lloyd George urging the placing of the question before the League and it is declared among these representatives that the Dominions will be disposed to retain their complete liberty of action on the question if the British Government refuses to listen to their request.

TO PROTECT SULTAN AGAINST NATIONALISTS

Meeting of Turkish Crown Council Held Last Night

CONSTANTINOPLE, Sept. 21. — An important crown council presided over by the Sultan was held last night at which the position of the Caliph was discussed in the event that the Nationalists forcibly take Constantinople. Measures for the protection of the Sultan were decided upon.

AMMUNITION IS BRITISH

Turks Capture Immense Quantities from Greeks and Will Use It.

PARIS, Sept. 21. — The Turks in their recent victory over the Greeks captured 1000 guns, 5000 machine guns, and enough ammunition for a two year campaign. All this was delivered to the Greeks by Britain and is modern stuff. If Britain fights the Turk she will face British ammunition.

LABOR PROTEST AGAINST WAR

LONDON, Sept. 21. — At a labor anti-war demonstration here yesterday one speaker suggested a general strike if war was declared.

GLAGARY, Sept. 21. — A branch of the Dominion Labor Party in a session here adopted a resolution against Canadian participation in a Greek war.

MULCAHY IRELAND'S BIGGEST MAN TODAY

DUBLIN, Sept. 21. — General Richard Mulcahy is very much to the fore in this country. He is a young man, an able military leader, and has unusual force of character. This is so much the case that his influence today is the dominating factor in Irish politics.

In military matters as in matters of state his axiom is to be thorough. He will take no nonsense from the De Valera rebels, and that quick is his demand, else they get the lightning route to purgatory.

SOLDIERS BONUS IS DEFEATED IN SENATE

WASHINGTON, Sept. 21. — The soldiers' bonus bill was defeated in the Senate after the House of Representatives had given it overwhelming support in spite of the President's veto.

**Regret Absence
Of Minister.**

It is much to be regretted that the minister of public works,
Hon. J. H. King, was unable to visit Prince Rupert while in the
West, but everyone understands the situation and will be glad to
know that the Ottawa Government is alive to the seriousness of
the condition in the near east. We sincerely hope that the air
will clear soon and that Dr. King may yet have an opportunity
to visit us this year. We have much to say to him and we would
like him to say a few things to us.

**Fewer Pupils In
Public Schools.**

The fact that there are fewer pupils in the public schools
this term is due to two things. In the first place there has been
a falling off in the population due to a number of families leaving
town and also there were fewer young children ready to enter
school this term, the number being only about half as many as
last year at this time.

While there is undoubtedly a slight falling off in the popu-
lation, it is a curious fact that the Daily News delivers fifteen
more papers daily this week than it did during the week of May
1. There is a falling off in street sales owing to there being
fewer transients in town but the number of regular city subscrib-
ers has increased, and that without any special effort on the part
of the circulation department.

**Local Mill To
Be Sold Soon.**

It is good news that the affairs of the Prince Rupert Pulp
and Paper Co. are to be cleaned up so that a new start may be
made. After October it is to be expected that there will be some-
thing doing at the plant. It is a fine mill in excellent condition
and should be able to operate at a profit. The pulp and paper
mill proposal may possibly go ahead after the sale if the right
people get hold of it.

**British Finances
Are Improving.**

There is a decided improvement in British finances of late.
Up to the beginning of August this year, foreign and colonial
government and municipal capital issues have totalled 11,650,500
pounds sterling, taking only those offered publicly. Foreign
countries accounted for 48,207,500 pounds sterling while colonial
securities were created to the extent of 63,443,000 pounds.

Considering that the grand total of capital subscribed for in
Great Britain both home and abroad to the end of July was 183,-
744,922 pounds sterling, at least 60 per cent of this amount has
gone abroad. These figures argue well for the financial status
and recuperative powers of the United Kingdom.

Australia has been the heaviest borrower, the commonwealth
and her provinces raising about 32,000,000 pounds sterling, at an
average interest rate of 5 1/2 per cent. India borrowed about 28,-
000,000 pounds sterling, while New Zealand and the Straits Settle-
ments account for nearly 10,000,000 pounds sterling.

India also placed an internal rupee loan in July for an un-
limited amount carrying 6 per cent at par. Several conversion
offers were also included, and as the securities rating for con-
version were largely held in this country, another large unknown
amount found its way overseas.

New Zealand was a fairly large private borrower, three mu-
nicipalities placing moderate loans during the summer.

France, the biggest foreign applicant, raised 20,500,000
pounds sterling, of which 2,500,000 was for her shipping indus-
try and 15,000,000 for railways. Denmark took away 2,500,000
pounds sterling and Brazil 7,000,000. Siam and Czecho-Slovakia
borrowed for the first time in British markets.

**AIR TRIP FROM
STEWART MADE**

Hydroplane Hazelton Returned
Yesterday Afternoon After
Rainy Trip Down Portland
Canal.

**GOING TO TERRACE
FRIDAY; BACK SUNDAY**

After having been compelled
to alight three times on account
of rain clouding up the glass
after leaving the head of Port-
land Canal, the R. E. I. & L.
Association's hydroplane Hazel-
ton, Pilot G. A. Thompson, re-
turned yesterday afternoon at
4:30 o'clock from Stewart. The
flight to Stewart on Monday was
made direct without stopping in
an hour and a quarter and the
same flying time was made com-
ing back with about an hour and
three-quarters spent on the sur-
face of the water in the course
of the stops. The machine left
Stewart at 1:30. The only pass-
enger going north was Capt.
Alfred Swanson who acted as
guide. Returning, Len Bell and
George Beirnes, who had gone
up on the Prince Rupert Sat-
urday night, rode on the ma-
chine besides Mr. Swanson.

The Hazelton had been ex-
pected at Stewart on Sunday and
there were many people in town
waiting to see the first air
machine which did not arrive on
schedule. However, it did come
on Monday about noon and thus
spent two full days here. About
19 or 20 residents of the town
went up for flights including Mr.
and Mrs. W. J. Crawford and
their family. A flight from
Stewart to Bowser Lake had been
spoken of but it was decided that
Stewart was not the right point
to fly from. Rather it should
be attempted from some interior
point.

Terrace With Passengers.

Weather permitting, further
flights similar to those made
last week will be made here to-
day and tomorrow morning. The
present plan is to leave tomor-
row morning some time for
Terrace with E. C. Gibbons, C. H.
Orme and George Beirnes as
passengers. From Terrace the
machine has already been en-
gaged by George Little, of Ter-
race, and Major General Black-
lock, of Remo, for a timber re-
cognisance trip over the Naas
slope. On Sunday, conditions
being favorable and present
plans carrying, the Hazelton will
return to Prince Rupert to make
some long distance flights that
are planned from here to such
places as Port Simpson and
Ketchikan. Mr. Bell says that
the Vancouver flight will not
be attempted till the weather be-
comes more settled after the
equinoctial storms are over.

The Hazelton delivered letters
here yesterday from Stewart for
Mrs. J. Fred Ritchie and F. C.
Dawson. Mrs. Ritchie's letter
was from her son Hattie and Mr.
Dawson's was of a business na-
ture. Passengers on the ma-
chine also bring a report of a
rich strike just made by Harry
Tanner, the well known mining
man, on his property at Stewart.

**BROADCASTING
OF WIRELESS**

Britain Gives Right to Manu-
facturers of Receiving Instru-
ments—Keep Work at
Home.

LONDON, Sept. 21.—Vigorous
protest has been made in the
House of Commons against the
plan of Postmaster-General
Kellaway granting to a combine
of instrument makers for two
years of the right of wireless
broadcasting in England, and a
monopoly of the sale of re-
ceiving instruments. The plan,
if adopted, will exclude Ameri-
can and other foreign-made
wireless apparatus.

Captain Wedgwood Benn,
member of Parliament, said
broadcasting should be consid-
ered as a supplement to news-
papers. He declared it marked
the biggest development in the
dissemination of information
since the invention of the print-
ing press. It was not right, he
argued, that the development of
wireless broadcasting should be
left in the hands of a combine.
The speaker asked the post-
master-general what arrange-
ments had been made for the
copyright of newspaper de-

patches. He said when a news-
paper had at great expense ob-
tained an item of news, it ought
to enjoy the monopoly of it for
a period of at least 24 hours.

No Monopoly.

Mr. Kellaway said there would
be no monopoly. Every one of
the manufacturers of apparatus
could become a member of the
broadcasting company. "We have
to keep this new form of com-
munication in the hands of our
own people," he proceeded.
"Whether in the matter of
broadcasting or reception, our
manufacturers have a technical
skill and a capacity of produc-
tion equal to any in the world.
I am advised that in the two
years \$30,000,000 will be spent
in the purchase of receiving ap-
paratus and erection of broad-
casting stations, and 80 per cent
of this will go in wages."

**GULL VISITED HOME
VANCOUVER SKIPPER**

Fed Out of Hand of Capt. Batch-
elor When Picked up in Lane.

VANCOUVER, Sept. 21.—Mrs.
Batchelor, wife of the well
known pilot recently heard a
fowl squawking in the lane be-
hind her home at North Van-
couver. She stood the racket for
some time, but finally dispatched
the captain to see what was
wrong. He found an enormous
grey gull screaming at the top
of its lungs, or crop, or bill, or
whatever it is a gull does its
screaming with.

"Hullo, zully," said the sea-
farer. The gull waddled to him,
still screaming and mounted to
his shoulder. The skipper took
it in, fed it hard-tack, milk, fat
pork, bacon rinds, and patted
it in the gentle manner of all
mariners until it actually cooed
with joy. Then when fed up
with material and spiritual com-
fort, it spread its broad wings
and soared away to the open
reaches of the Gulf. How it knew
enough to go to Captain Batch-
elor and demand its universal
right of all seafaring folk to
succor is beyond the ken of the

skipper, although he believes the
bird could tell it was calling on
a seaman for help.

A CANADIAN ANTHEM

(By Rupert North)

O Canadians wherever you are,
Hear a voice from the past, list
it say,
Remember in times now afar
Our sires held the foe in the
fray.
If again they should menace our
strand
We will fight as of yore, to be
free,
We will keep our beautiful North-
land
One Dominion from sea unto
sea.

(Chorus)

Then cheers for our glorious
Northland,
Truest men of the North are we,
Our glorious and beautiful North-
land
We offer our homage to thee.

By Britain, the mother of nations
Our foundation in freedom was
laid;

Through our youth she guarded
with patience
And saw the great strides that
we made,
Grown in strength and manhood
and pride
A Nation by Britain made free,
We'll defend the old flag side by
side
That floats proudly from sea
unto sea.

There's a spirit, and service its
name.

By inspiring it leads to life's
crest,
When it governs we all play the
game
And he profits most who serves
best.

May this spirit bear rule and
command

All Canadians whoever they be,
Until happiness over our land
Spreads its pinions from sea
unto sea.

Bulletin.

WOULD PAY MEMBERS SERVICES RENDERED

EDMONTON, Sept. 21.—H. W. Wood, president of the United Farmers of Alberta, has come to the conclusion that instead of paying members of the Alberta legislature a sessional indemnity they should be paid, on the basis of service, a remuneration that would at least justify capable reliable men and women in accepting positions and giving efficient service.

VANCOUVER, Sept. 21.—A delegation representing the Retail Merchants' Association waited on the Exhibition Association board of control asking that the racing at Hastings Park be confined to one week.

GRASSHOPPERS MAKE HEADQUARTERS IN WOOLWORTH BUILDING

NEW YORK, Sept. 21.—Broadway has received another slap. Grasshoppers have invaded the city, bringing the implication that things are so slow along America's famous thoroughfare that grass is growing in the cracks in the street pavements.

RADIO TELEPHONY IN THE ARGENTINE

BUENOS AIRES, Sept. 21.—There is one class of trader in Buenos Aires remaining unaffected by the general business depression—the dealer in radio apparatus.

While enthusiasm is so great, however, the arrangements for the broadcasting of programs are painfully inadequate and the "listener in" has to content himself with amateur recitals on wheezy old phonographs.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st November and 1st December of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING, Minister of Finance.

'DR. FOWLER'S' Saved The Lives of Four Children

Diarrhea, dysentery, cholera infantum and summer complaint are responsible for more deaths, especially among children, during the summer months than any other form of disease. According to statistics, in the City of Toronto alone, in the past five years out of 1008 deaths of children, from diarrhoea, 757 died during the four summer months. It therefore behooves every mother to look after her children on the first sign of any looseness of the bowels by using Dr. Fowler's Extract of Wild Strawberry, a remedy that has been on the market for the past 77 years, and has been proven to be the best there is.
Mrs. Harold Sellers, Penfield, N.B., writes:—"Dr. Fowler's Extract of Wild Strawberry saved the lives of four of my children when all other remedies failed. It stopped the vomiting and terrible diarrhoea with which they were troubled. I will always recommend it, and now always have a bottle on hand in case of emergency."
Price, 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.
