Active Opposition to New Ministers CANNERIES WILL OPERATE AND PACK ALL VARIETIES SALMON

Progressive and Conservative will Contest Revelstoke

VANCOUVER, Feb. 7.—Andrew McIntyre, a well-known C. P. R. conductor, resident here for the past eighteen years, will be the Conservative candidate against Hon. W. H. Sutherland in Revelstoke, according to a statement of W. J. Bowser, who returned yesterday from a conference with the party in the Revelstoke district.

PRINCE GEORGE, Feb. 7.—The Progressive party will contest the return of Hon. W. H. Sutherland in Revelstoke, according to a statement made yesterday by T. McBride, M.P.-elect for Cariboo. He said also that it was the intention of the Progressive Party to contest all seats in the province when opportunity occurred.

VANCOUVER, Feb. 7.—The announcement at Prince George by T. McBride that the Progressives would oppose Hon. Dr. Sutherland at Revelstoke means a three cornered contest in that riding at the by-election.

Today a meeting is to be held at Smithers to choose a candidate to oppose Hon. A. M. Manson and when the campaign gets under way Mr. Bowser will go back to take part in the contest.

SENDING DRILL TERRACE SOON

Vancouver Financiers to Test Ground Lately Acquired by Terrace Oils Ltd.

VANCOUVER, Feb. 7.—Following the news of the incorporation of Terrace Oils Ltd. by a group of local financiers, it is announced that the new company is preparing to send in at least one drill to thoroughly test the ground which they have staked. They are said to have in the neighborhood of 70,000 acres of land under lease from the provincial government. They will put down holes at different points and will soon be able to tell whether the district is likely to prove an oil country or not.

PRINCE RUPERT CLUB OFFICERS

D. H. Morrison Re-elected President with R. Beaumont as Vice-president.

At the annual meeting of the Prince Rupert Club held last night reports for the year showed the financial condition fairly good. The dining room which was established during the year had made a profit and will be continued but under a somewhat different arrangement from last year.

There was a general discussion regarding the question of club management and the prospects for the year with a view to reviving interest among the younger members. This will be taken up by the new directors, the list of which follows:

President, D. H. Morrison.
Vice-president, R. Beaumont.
Secretary, J. C. McTear.
Directors—S. J. McLeod, H. St. G. Lee, H. F. Pullen, G. H. Arnold, J. H. McMullin, W. H. Tobey and J. Arthur Smith.

PILOTAGE FIGHT IS ON IN EARNEST WITH TWO ORGANIZATIONS

Capt. Thompson of Anyox Joins Older Group with Headquarters at Victoria.

VANCOUVER, Feb. 7.—There is a pilotage fight on. The monopoly of the old organization is threatened by the new concern organized by Captain Robinson and Barney Johnson and it looks like a close competition for business in future, something that the shipowner will welcome.

Seeing the competition coming, the older organization has added to its personnel two well known men in the persons of Captain Noel of the Union Steamship Co. and Capt. T. Thompson, superintendent for the Griffiths Company at Anyox. The latter will take over the new work in a few days and will be stationed at Victoria with Capt. Noel at Vancouver.

The new organization has opened an office in the Credit Foncier Building, Vancouver, and up to the present there are three pilots in the group, Captains Robinson, Johnson and Shadforth.

PREMIER OLIVER GOES TO OTTAWA TONIGHT

Will Take Part in Fight Before Railway Commission for Reduction of Freight Rates.

VICTORIA, Feb. 7.—Premier Oliver will leave tonight for Ottawa where he will take part in the fight before the Railway Commission against the high freight rates which it is generally claimed are discriminatory against the province of British Columbia.

DOG BREEDERS' CLUB FORMED IN SOUTH

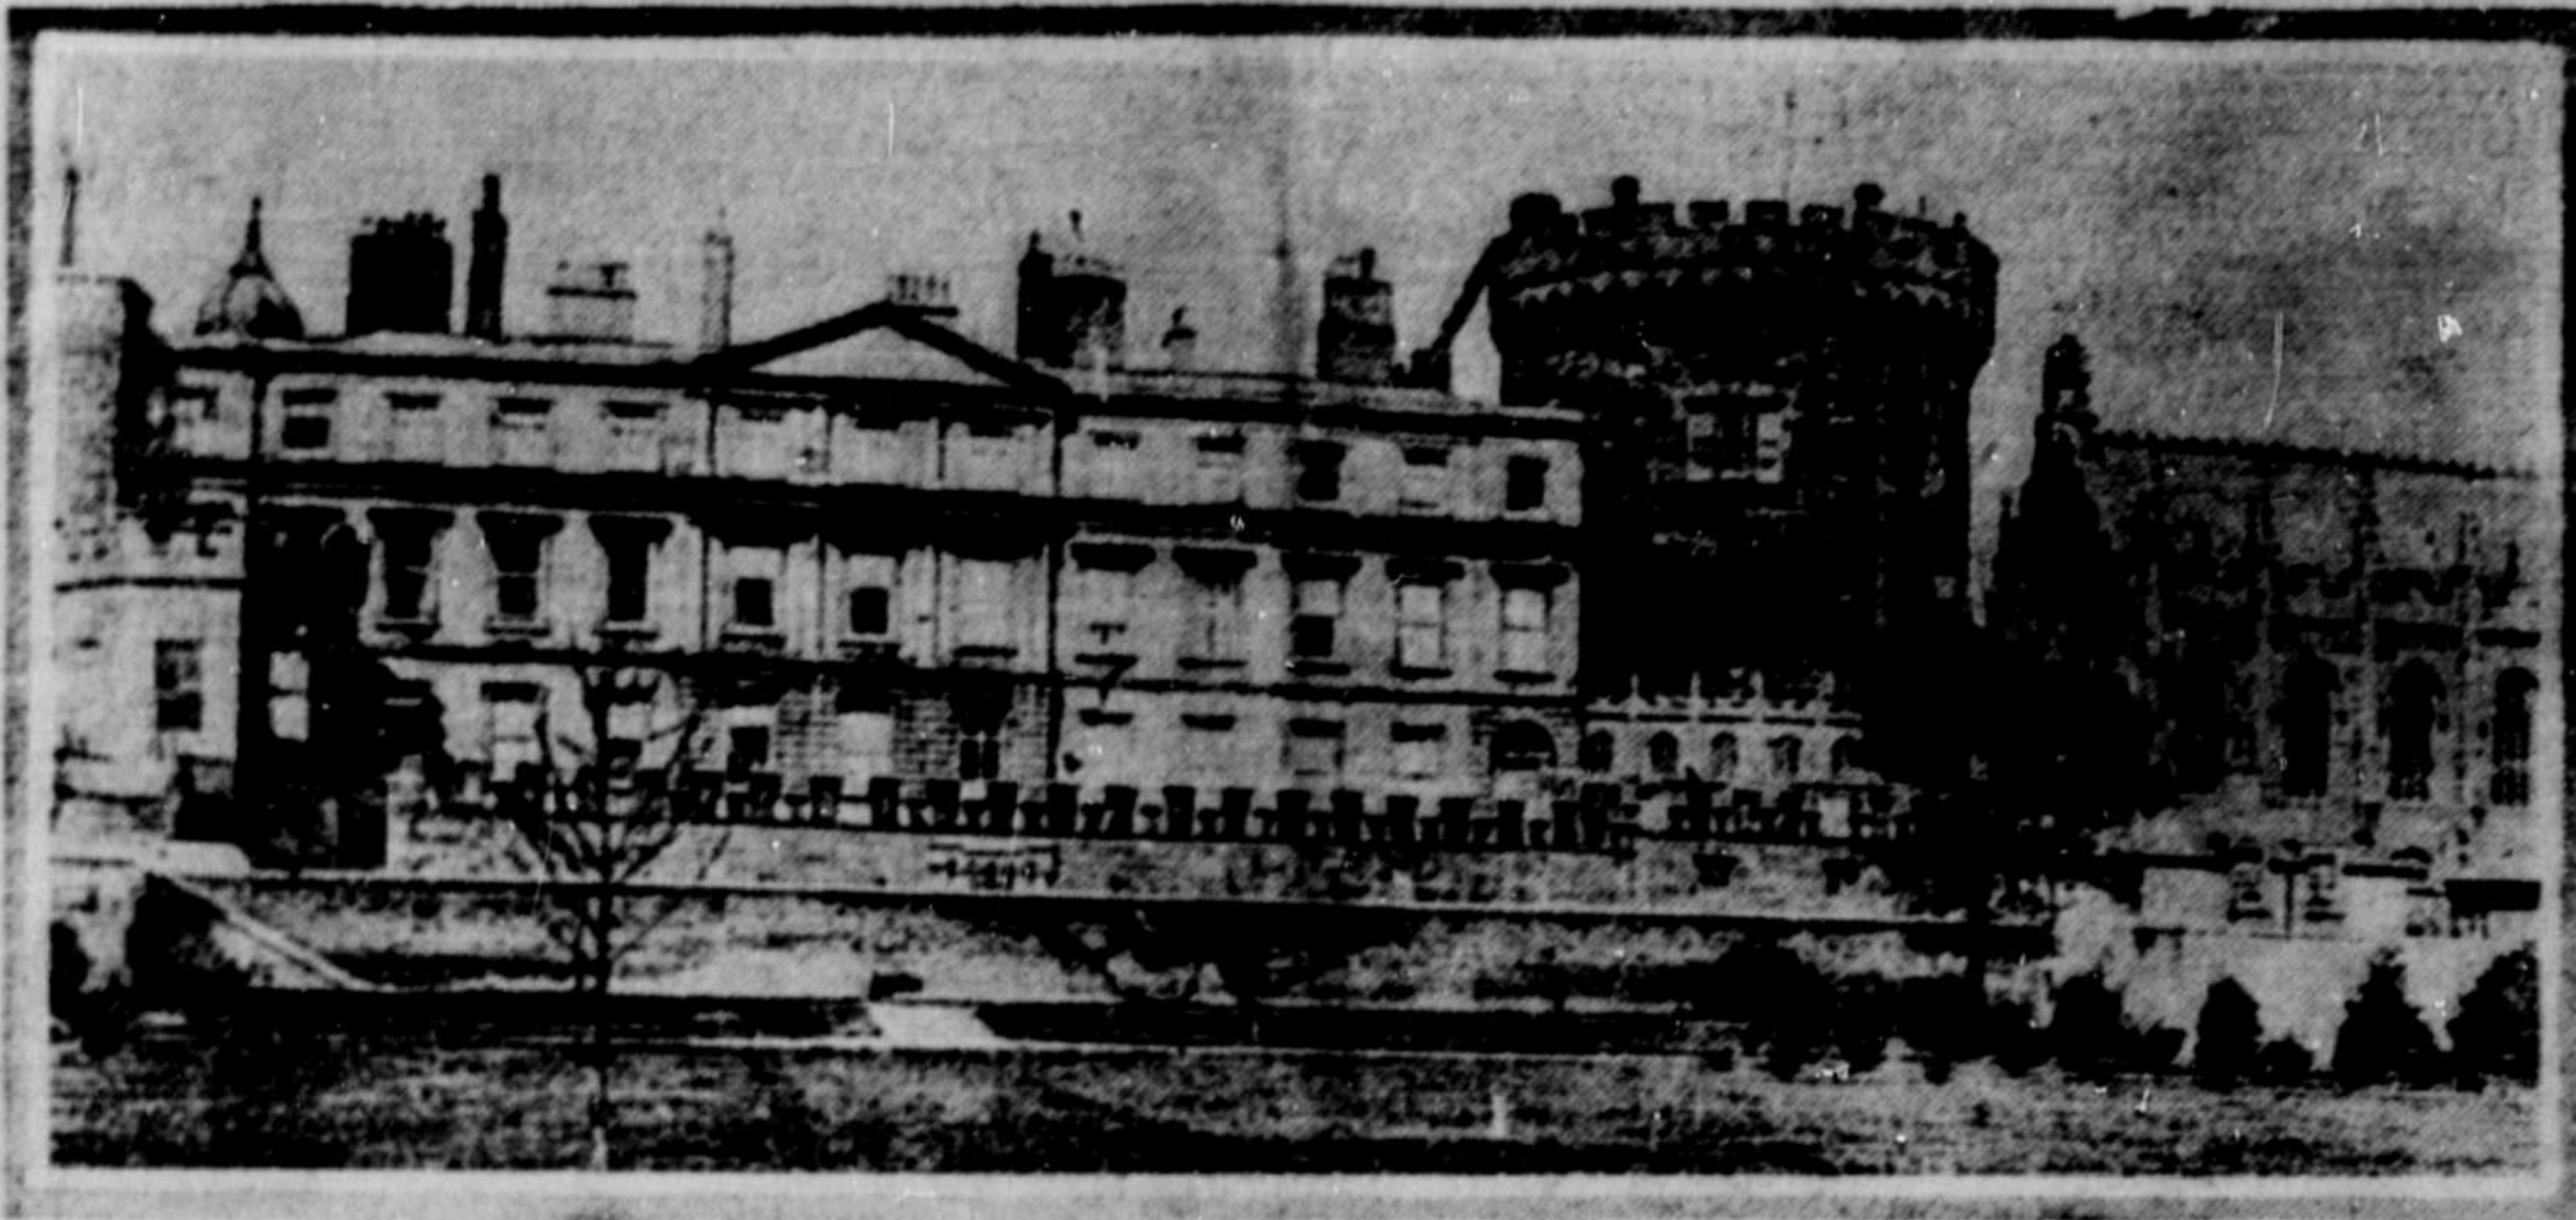

VICTORIA, Feb. 7.—The Victoria and Vancouver Dog Breeders' Association has been formed here. J. S. Hickford is the president.

OIL STOCK ACTIVITY

Boundary Bay Particularly Active and Empire Selling Well.

Recent papers from the south tell of a very large number of sales of Boundary Bay oil stock following the striking of an oil sand in their well at a depth of 3880 feet. Empire well is also drilling in oily strata and stocks of both are active. Boundary Bay stock has advanced 300 per cent in the last week or two.

FAMOUS DUBLIN CASTLE NOW PROPERTY OF IRISH.

Dublin Castle, seven hundred years old, may be allowed to decay. No step has been made by the Provisional Government of the Irish Free State to move into the department offices formally surrendered to them. Viscount Fitzalan of Derwent, Lord-Lieutenant, held what was probably the last meeting of the Privy Council when the Secretary swore in three new privy councillors. The Castle has been in the hands of the English since its erection. When the British flag was lowered and the Irish emblem was flown there was great rejoicing on part of the Irish people.

ALL CANNERIES WILL OPERATE COMING YEAR

Wallace to Can. Salmon at Naden Harbor—All Varieties Likely Taken.

Word has been received here that all the canneries of the district will probably operate this year. Last season's fish pack is practically all sold and there is still a ready market for canned goods. The result is that the canners will be looking for fish of every grade and there will be keen competition for the fish.

Last year a great many American salmon were sold to canners here. Many Alaskan canneries will not operate this year, according to advices received, and the result will be to benefit British Columbia canneries.

The Wallace Company it is announced will operate their Naden Harbor cannery. R. V. Winch & Co. will operate two canneries on the Skeena and Todd and the other owners will all be in the ring for the sockeye.

Just what measure of protection the new Government at Ottawa will give the sockeye will not be announced for some time. It is sure, however, that the regulation will be at least as stringent as last year and possibly more stringent. It is realized that the fish must be protected at all costs.

NEW MINISTER.

A new picture of Albert Sarraut, Minister of Colonies in the new French Cabinet, who held the same post under Briand. He is now head of the French delegation to the Arms Conference.

PUBLICITY GIVEN TO THIS PROVINCE IN LONDON PUBLICATION

The January 14 number of "Canada," the publication devoted to this country published in London, England, has a picture of the B. C. Legislature in session with Hon. Alex. Manson in the speaker's chair and the members in their seats on either side. H. F. Kerzin is sitting next the Premier.

There are other pictures of the Legislative building and one showing the outlook from the steps of the front entrance.

NEW PREMIER FOR PORTUGAL CHOSEN

PARIS, Feb. 6.—Despatches from Lisbon says Antonio Marie Silva, who was premier for a brief period in 1920, has been charged with the task of forming a new cabinet.

LIBERAL EXECUTIVE TO MEET FEBRUARY 22

VANCOUVER, Feb. 7.—M. A. Macdonald, president of the British Columbia Liberal Association, has called a meeting of the executive of the association for February 22 at Vancouver.

FISH ARRIVALS

Seventy-one Thousand Pounds Marketed This Morning and 16,000 Holding Over.

Seventy-one thousand pounds of halibut sold at the Fish Exchange this morning and 16,000 pounds is holding over for sale until tomorrow.

The list of boats in and the disposition of their catches follows:

Uranus, 19,000 pounds, and Scout, 5,000 pounds, sold to the Booth Fisheries Canadian Co. at 14.8c and 7c.

Antler, 12,000 pounds, and Forward, 12,000 pounds, sold to the Pacific Fisheries at 14.7c and 7.2c.

Tyee, 13,000 pounds; North, 8,000 pounds, and Margatice, 2,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 14.1c and 6.8c.

Vesta, 5,000 pounds; Dorreen, 6,000 pounds, and Scrub, 5,000 pounds, holding over until tomorrow.

The fire department made inspections this morning at the King Edward and Booth Memorial schools. Fire drills were held and the buildings were cleared satisfactorily.

MISSIONARY IS HERE ON VISIT

Tells of Many Places He Ministers to—Movie Show Tomorrow.

To brave the troubled waters of the north of Queen Charlotte Islands in a 30-foot launch requires a brave man, and that is what Rev. J. Gillett is or he would not be doing it. He has to visit points which take him around North Island, one of the worst places on the whole coast, and that in his little launch "Western Hope." He is trying to get a larger boat and the Church Missionary Society has granted \$1000 toward it, but more money is needed to get a staunch craft that will enable him to keep his appointments at the different places. With this end in view Mr. Gillett will give a picture show tomorrow evening at 7:30 at the Cold Storage Boarding House, Seal Cove, and will show pictures of an educational and entertaining nature.

Mr. Gillett works under the auspices of the Church of England but he knows no denominations when making his rounds. He visits the camps and villages and the lonely settlers and carries magazines, shows his pictures, the Pathescope series, which are changed monthly, and does what he can to cheer up the people he meets. Once a month he usually manages to visit the main points, and he shows his pictures on Saturday nights and holds services on Sundays.

Among the points in Mr. Gillett's district are the Massett Indian reserve, where he lives; New Massett, Woden River, Naden Bay, Naden Harbor cannery and whaling station, North Island, Langara lighthouse, Tiel and other places.

The settlers look for the visit of the little launch with the missionary who brings words of cheer. Mr. Gillett arrived on the last steamer from the Islands and will return on the next.

EXCHANGE RATE.

The rate of exchange with the United States has been practically unchanged for the past two weeks and still stands at 54-1/2.

All citizens anxious for improved access to the waterfront, railway station, and ocean dock will be welcome to the meeting in the General Hotel tonight at 8:30.

MURDER RUMOR IS UNFOUNDED

Constable Saint Wires From Swanson Bay That Kiltmaat Report Due to Hallucination.

In a message received at the provincial police office this morning from Constable Alex. Saint, who is at Swanson Bay with Game Warden Martin and Constable Thornthwaite, R. C. M. P., it is learned that there was no murder at Kiltmaat as had been reported and which the officers were sent south to investigate. It is believed that the alarm was caused by the hallucinations of a native. Timothy Starr, the alleged victim, was found to have completely recovered and there were no indications of his having received any injury.

The launch Myfanwy is now at Swanson Bay with the officers and minor repairs are to be effected before it starts out on the return trip.

CONVICTIONS UNDER NARCOTIC DRUG ACT

Five Hundred and Eighty Breaches With Fines of \$91,557.

OTTAWA, Feb. 7.—Five hundred and eighty convictions were secured for breaches of the Opium and Narcotic Drug Act in the nine months ending December 31, 1921, according to officials of the federal health department who are responsible for the enforcement of the drug laws in Canada. These were in prosecutions undertaken in all parts of the Dominion.

The total amount of fines imposed during the same period, it is stated, was \$91,557.

With the exception of three or four of the larger centres conditions in Canada are said to be considerably better than at this time last year. In some of the larger ports and border points there is known to be still a considerable illicit drug traffic, but a close watch is being kept on these points and all possible means are employed to circumvent the traffickers. Western cities and eastern points outside of those included in the above category are stated to be much more free of drug peddlers now than they have been for some time.

ATLANTIC IS STORM SWEEP

Exceedingly Heavy Weather Continues Causing Damage and Loss of Life.

HALIFAX, Feb. 6.—Exceedingly heavy weather on the Atlantic Ocean is still causing much delay and, in some cases, damage with loss of life to liners on the Trans-Atlantic trade routes.

With a great deal of damage about her decks as a result of having been swept by the heavy seas, her gear out of order and her bunkers nearly empty, the British freighter "Grangness," 25 days out of Hull, crept into this port yesterday.

The fishing schooner Corinthian, which arrived here on Saturday, reported having lost two members of her crew at sea.

Pachena leaves Swanson wharf for Stewart at 8 o'clock Thursday morning.

PLENTY OF COD FISH IN WATERS NEAR RUPERT

Captain Rorvik Tells of Large Numbers in Neighborhood of Captain's Cove.

"Grey cod are so numerous in Captain's Cove just now that a man could catch several tons a day by jigging for them," declared Captain Pete Rorvik in conversation regarding the possibility of establishing a cod fishing industry here. "There are plenty of cod and they can be caught easily but the business would have to be worked up," said the captain. "There was one man put up a few last year and the farmers on the prairies were crazy about them and he got word he could sell all he could put up. This year he intends to salt more of them."

Captain Rorvik thinks there would be a good opportunity for a man to go into the business here. It would have to be worked up gradually and nursed a good deal, but there is plenty of fish and it is exceedingly good. The fish are so numerous that they are a nuisance to the herring fishermen. If there was a market for them they would be brought ashore and sold. As it is they are not worth carrying home.

DIGBY ISLAND LIGHT SERVICE

Report from Utilities Committee Is Returned by City Council.

The utilities committee submitted a report to the council last night on the matter of giving light and power connection to the Digby Island wireless station but it was referred back to the committee for further particulars regarding revenue.

The report recommended that the Dominion Government be advised that the city is prepared to construct the necessary line in Section 2 at a guarantee of \$3,875 to cover construction costs. The expenditure of \$1300 by the city would also be required. Regular light and power rates would be charged for the light and power used.

Ald. Montgomery wanted to know how the \$1300 was going to be paid and how much power the wireless station would take.

Ald. Perry stated that, besides the wireless station, it was very likely that the marine station would also hook up. A substantial revenue would thus be forthcoming and the wireless would be improved. This, in itself, would be of indirect advantage to the city. The department had asked for a definite figure.

Ald. Montgomery moved that the report be returned to the utilities committee for further details as to revenue and this was seconded by Ald. Dybbavn. Such action was decided upon by the council.

WRIT REVELSTOKE BY-ELECTION WILL BE ISSUED TODAY

VICTORIA, Feb. 7.—The writ for the Revelstoke by-election will be issued today said Premier Oliver yesterday afternoon. Nomination day will likely be February 20.

City Manager Is Talked About.

The scheme of having a city manager as outlined yesterday for the city of Cleveland was much talked about last evening. Many people seem to think Prince Rupert might fall in line with the movement, which is proving very successful in many parts of the United States. At any rate the plan is worth thinking about. Someone who is competent to do so will come along with a well thought out plan, complete in principle and in detail, and then we can all begin to tear it to pieces and show how it would be bound to fail. It is for those who favor the city manager form of city government to bring it forward in some definite way, so that it may be discussed from every angle. Those for and against must have an opportunity to put forward their cases.

Boy Scouts Useful Organization.

The value of an organization for boys such as the Boy Scouts can hardly be estimated, especially in a city where there is too much of a tendency for boys to congregate on the streets and get into mischief.

The aim of the Boy Scouts Association is to develop good citizenship among boys by forming their character—training them in habits of observation, obedience and self-reliance, inculcating loyalty and thoughtfulness for others, teaching them services useful to the public and handicrafts useful to themselves and promoting their moral and physical development by true comradeship and by healthy open air pursuits and games. The motto of the association is "Be Prepared," which means that the Scout is to be always in a state of readiness in mind and body to do his duty and meet any emergency.

The necessity for Scout training must be obvious to all. The safety of a nation depends not alone on its fighting power, but also and chiefly on character, on purity of personal and home life, on commercial worth and integrity and upon high standards of public service; at the same time no nation can be safe that is unprepared to defend itself should any danger threaten its liberty. High moral ideals, integrity and energetic industry, together with strong unselfish patriotism, must characterize a nation that will live and grow and serve.

For such high purposes all citizens must be trained. The Boy Scout movement realizes the vital necessity and far-reaching value of work among boys. It is an effort based on wide experience of boy life to train each generation of boys in the development of character by binding themselves together in free but guided companionship in which they will best learn to sacrifice their own ends for the good of the whole, and "be prepared" for good citizenship and patriotic loyalty.

Briefly the Scout training divides itself under the four heads following:

1. Individual character, training in resourcefulness, observation, self-reliance to gain the Scout badges.
2. Handicraft or hobbies which may help a boy to make his way in life, for which various "proficiency" badges are given.
3. Service for the state, such as fire brigade, ambulance, missionary, sailor, life-saving, or other collective public duty by the troop, including also many helpful activities in aid of the war cause.
4. Physical health, by encouraging the boy to take plenty of exercise and to look after his body.

The first promise a Scout takes on joining is this: "On my honor I promise that I will do my best to do my duty to God and the King." The Scout law teaches also helpfulness to others, honor, loyalty, friendliness, courtesy, obedience, cheerfulness and thrift, and concludes with the injunction that "A Scout is clean in thought, word and deed." Here, therefore, is a program which makes for the strengthening of boy character through the Scout promise and law, the moral groundwork of the whole movement. Under such influences the boy mind turns naturally to the higher things in life. "A Scout's honor is to be trusted," and scouting aims to develop such a high sense of personal honor, supported by the individual's own religious faith, as to control every activity of his life, his work, his play, his study, and later his business career, thus ensuring that these shall be honorable in all respects. It is in boyhood that life habits are formed.

FISHERIES ARE BEING DEPLETED

Sockeye Run on Skeena Becoming Gradually Less Year by Year Says Sloan.

WHITE FISHERMEN.

On Fish Day, Hon. William Sloan, minister of fisheries, delivered an address at Vancouver in which he spoke of the condition of the industry in connection with the Skeena River. After outlining what had been done without effect to try to preserve the salmon in the Fraser River and mentioning the herring industry, Mr. Sloan said:

The records of the Skeena River disclose:

(1) That the pack of sockeye from 1912 to 1919 inclusive was 22 per cent less than it was from 1904 to 1911.

(2) That the average pack of 1916-1919 was 42 per cent less than it was in 1908-1911.

(3) That 10 per cent more gear was used during the period of 1912-1919 than in 1904-1911.

(4) That the price paid for sockeye from 1912 to 1919 was 20 per cent to 300 per cent greater than that paid from 1904 to 1911.

(5) That notwithstanding the greater increase in the gear used and a further increase in price, the catches in the years 1916-1919 was 20 per cent less than the preceding four years.

The record at Rivers Inlet and the Naas is as comprehensive and conclusive as that on the Skeena.

Too Heavy a Drain.

No other conclusion can be drawn from a consideration of such a record, than that too heavy a drain has been made upon the runs; too many fish have been caught; the record that faces the new Government is plain and unmistakable. The policy adopted in Ottawa in 1912 has seriously reduced one of our great natural assets. If the Government does not change that policy, our salmon fisheries will be wholly destroyed. I have placed the record before the Honorable Ernest Lapointe, the New Minister in charge of Fisheries. In the interest of our fisheries, it is essential that he should appreciate their conditions, and in consequence adopt a policy of conservation. I shall do everything as far as is in my power to convince him of the seriousness of the situation, in full confidence that he will consider and deal with existing conditions, to the end that we may preserve one of the greatest natural resources of the Province.

I am personally acquainted with the Hon. Mr. Lapointe. We were together in the House of Commons for a number of years. I know that he has the capacity and the understanding to deal with this question. I am confident, therefore, that the fisheries of British Columbia will not be sacrificed to greed or expediency.

Be Optimistic.

We have been discussing vanishing and vanishing millions. Let us be optimistic enough to expect that in the not far distant future, we can support and all subscribe to a policy that will give us a prospect of re-

turning millions to benefit the people of our day and benefit also those who will follow in our footsteps.

We read in the early days of the Christian era, of the fishermen of Galilee. They have evidently solved the economic factors necessary for the assurance of a continuous supply, for now, after two thousand years, the Fishermen's Guild of Galilee still obtains lucrative returns. On this great Continent, sparsely populated and with lavish resources, conservation and protection have not concerned us they should. These are questions, however which we must grapple with and successfully solve. You can mine your coal, your base and precious metals, and these assets can never be replaced. Your fisheries, with proper regard to conservation, may be a valuable and a lasting asset for ages.

Must Conserve.

As British Columbians we are all interested in securing and what is more important retaining increased production. Production and conservation go hand in hand with relation to the exploitation of our resources. Increased production of our soil means closer study of rotation and soil fertility; of our forests, more systematic consideration of reforestation; of our coal mines, proper mining methods to prevent the possibility of millions of tons being left behind; and finally as to our fisheries. We have been exploiting as yet only a few of the many varieties of fish which we have in our waters. With the experience of the present to guide us we can look to the future with confidence, as far as our fisheries are concerned. "As we sow so shall we reap"—They sowed the wind and shall reap the whirlwind. Let us not reap the whirlwind. Let us in British Columbia be determined to sow wisely and

gather wisely the harvests of the sea.

Not All White.

Fishing is an occupation calling for hardy, robust and reliant manhood, the qualities and type which made for desirable citizenship. On the Atlantic coast of Canada our fishermen are of our own race, imbued with our own ideals of citizenship. On the Pacific coast of Canada that condition obtains only to a limited extent. I have mentioned the situation with respect to our herring fisheries and that applies to a less or more extent to our fisheries in British Columbia.

On this coast we occupy a strategic position among the Dominions of the Empire. Are we doing our full share in strengthening that position? The question of the control and operation of our fisheries in this connection must be given careful thought, if being borne in mind that we should be engaged in the building up of this coast of a race of fishermen, who, when occasion requires, may be relied upon for the protection of the country in which they live and for the maintenance of our cherished institutions.

TERRACE

J. P. Suttie, provincial government engineer, is here making an examination of the Skeena River bridge site at the Canon. The bridge, if built, will have a steel span 180 to 200 feet long and two steel spans, 150 feet long. The steel superstructure will rest on concrete abutments and a short trestle approach will be required at the southern end to connect with the wagon road.

The University of B. C. extension school will be held here on March 14 to March 27. Among the lecturers will be F. M. Clement, P. A. Boying, H. M. King, and Miss Marion Mounce. There will be six lectures daily under the auspices of the Farmers' Institute.

Archie Donaghy, the local lawyer, expects to rent the house which is being built by G. A. White.

Actual work has commenced on the Lakelse Community Hall and it is expected it will be finished in a few weeks.

St. Charles is the Best!

Recipes worth saving

VELVET CREAM—Cover half a box of gelatine with cold water, let soak twenty minutes. Dilute one can St. Charles Milk with equal quantity of water, put in double boiler; when hot add three-quarters cup sugar and the gelatine. Stir, strain, and when cold—not stiff—flavour with one teaspoonful vanilla. Turn into mould or small cups, set on the ice to harden.

SEND FOR THE BORDEN COOK-BOOK. IT'S FREE!

At its best in cooking recipes.

It's better than ordinary milk! It is sweet and wholesome—properly sterilized to make positive of its purity!

Most of the moisture has been removed through evaporation—that's why it's just the cream.

It's wonderful milk from tested cows—put in a convenient form—so that you can keep a supply always on hand—ready for instant use!

No waste! No having too much or too little! Just the right quantity at just the right time! And it's inexpensive too!

It is the milk for every purpose—cooking or on the table. It is the supreme grade of milk!

Always of the same unvarying, high quality. "A size for every need" at your grocers. See that you have a few tins on your pantry shelf *this very day.*

"FRUIT-A-TIVES" SAVED HER LIFE

This Fruit Medicine Always Gives Relief

917 DORION ST., MONTREAL. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all Stomach Troubles and Disorders of Digestion, so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives". Mlle. ANTOINETTE BOUCHER, 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent post-paid by Fruit-a-tives Limited, Ottawa.

JUNIOR BILLIARDS Two close Junior League Billiard games were played last night between the Excelsiors and the Beavers, the former team winning both. The games were as follows: W. Hamilton (Excelsiors), 150; G. S. Hill, (Beavers), 141; G. Mitchell, 150; T. Halverson, 147.

The many friends of J. H. Hilditch will be pleased to learn that he is now convalescing rapidly from his recent long and serious illness and expects to leave the General Hospital for his home tomorrow.

The form of contract, plans and specifications for the excavating of 9,000 cubic yards from the city's rock quarry, as submitted by the city engineer and the board of works, were adopted with minor amendments by the city council last night.

A building permit has been issued to Beatty, Douglas & Greer, contractors, for the erection, on First Avenue near the junction with Second and Third Avenues, of a one and a half frame residence with a metal roof for Dan Grady. The cost will be \$2200.

Resources, Weston Coyney's bright monthly magazine, has made its appearance for February. There are several timely and well illustrated articles on the port and district. One particularly interesting one is that written by G. S. Fitzmaurice on his recent trip into the Athin country.

The property holders and business men of Section I west of Sixth Street are agitating strongly for the opening up of Seventh Street to the waterfront and plan to bring their claims before the Dominion Government at an early date. A good deal of interest is being taken in the matter and tonight there will be a public meeting at the Central Hotel to go fully into the question. There will be several speakers.

The city council last night authorized the sale to J. W. McKinley of tax sale lots 17 and 18, block 1, section 6 at \$412.22 the upset price and interest to date.

John Mitchell of the firm of Mitchell & Currie was admitted to the General Hospital this morning suffering from blood poisoning. He was operated on this morning.

Tenders for truck tires, nails wire and printing were received by the city council last night and referred to the respective committees. All were for more or less small amounts.

A picture show will be given at 7:30 p.m. Wednesday in dining room at Seal Cove by Rev. J. Gillett. No admission. Collection will be taken to defray cost of new mission launch for Maxwell Inlet.

A letter from the Union of B. C. Municipalities stating that an agent of the organization would be present at the sessions of the House of Commons to examine all private bill legislation and asking for any recommendations from the city was received and filed by the council last night.

The city engineer, in answer to a query at last night's council meeting, stated that a second notice had been served on the Prince Rupert Club to remove the sewer which passes over the lane at a low level between Fourth and Fifth Streets. The city recently was compelled to award damages to a transfer man whose truck was damaged as a result of running into the sewer.

A letter from Hon. James Murdoch, Dominion minister of labor, setting out regulations for federal assistance in unemployment relief work was received by the city council last night and referred to the board of works. The communication did not set out the relief plan as announced from Ottawa a week ago but was rather along the lines of last year's scheme. It is understood that a more recent order in council has been passed extending the scope of federal assistance.

Paddy Boyle, charged with fighting, and J. H. Livingstone, charged with assault, as the outcome of a fracas on Fulton Street last Friday afternoon, were given trial in the police court this morning before Secondary Magistrate J. H. McMullin and were remanded until tomorrow. All the evidence is now in, the witnesses having been Pete Larsen, who had his jaw broken, George Dauphine, a magazine canvasser, and the two accused, W. E. Williams appeared in court for the defence.

Win \$1,000

How Many Objects in This picture begin With the Letter "P"?

The above picture contains a number of objects beginning with the letter "P." Just take a good look at the picture—there are all sorts of things that begin with the letter "P"—like pipe, pick, pump, etc. Nothing is hidden; you don't have to turn the picture upside down or at an angle. Make a list of all the objects in the picture, the names of which begin with the letter "P." Have the whole family join in—see who can find the most. Fifteen Cash Prizes will be awarded for the fifteen best lists of words submitted. The answer having the largest and nearest correct list of visible objects shown in this picture starting with the letter "P" will be awarded First Prize; second best, Second Prize, etc.

Young and Old Join in the Fun

The Vancouver Daily World announces today a most interesting and amusing Puzzle Game—a puzzle that is different and a game in which all can participate—from the tiniest child to great grandfathers. It really is not a puzzle at all, for all the objects have been made perfectly plain, with no attempt to disguise or hide them. None are so small that the poorest eyesight can see them; it is a test of skill. Your ability to find them "P-Word" determines the prize you win. Right after supper this evening gather all the members of your family together; give each a pencil and a sheet of paper—see who can find the most "P-Words." You will be surprised how large a list of words you can get after a few minutes study. Sit down now and try—then send in your answer and try for one of the big prizes.

Costs Nothing to Try

It costs nothing to take part, and you do not have to send in a single subscription to win a prize. If your answer is awarded First Prize you will win \$100. If you would like to win more than \$100, we are making Special Cash Prizes offers during this big Advertising and Booster Campaign whereby you can win bigger Cash Prizes by sending in one or two subscriptions to The Vancouver Daily World.

You Can Win \$1000

If your answer to the "P-Word" Picture Puzzle wins First Prize and you have sent in no subscription to the Vancouver Daily World, you will win \$100. However, if your answer wins First Prize and you have sent in one 6-months subscription to the Vancouver Daily World (either new or renewal), YOU WILL WIN \$250, in place of \$100.

What's that for a liberal offer? But look. We will give extra amounts on all prizes in the same manner. If your answer is qualified by TWO 6-months or one yearly subscription (either new or renewal), and you are awarded Second Prize, you will receive \$500, and so on down. (See third column in the list of prizes.) It takes but TWO 6-months or ONE yearly subscription (either new or renewal) to qualify for the big \$1000 prize. ABSOLUTELY. Two six-months or ONE yearly is the maximum. Your own subscription will count and we will accept subscriptions to start at any future date.

Subscription Rates table with columns: BY CARRIER, PAYABLE IN ADVANCE, BY MAIL. Rates range from \$3.00 to \$100.00.

ADDRESS ALL COMMUNICATIONS VANCOUVER DAILY WORLD VANCOUVER, B. C. STEWART READ, Puzzle Manager.

OBSERVE THESE RULES

- 1. Any man, woman or child who is not an employee of the Vancouver Daily World or a member of an employee's family may submit an answer. It costs nothing to try. 2. All answers must be mailed by February 25, 1932, and addressed to Stewart Read, Puzzle Manager, Vancouver Daily World. 3. Answers should be written on one side of the paper only and words numbered consecutively 1, 2, 3, etc. Write full name and address on each page in the upper right hand corner. If you desire to write anything else use a separate sheet. 4. Only words found in the English Dictionary will be counted. Do not use hyphenated, compound, or obsolete words. Use either the singular or plural, but where the plural is used, the singular cannot be used, and vice versa. 5. Words of the same spelling can be used only once, even though used to designate different objects. The same object can be named only once, however any visible part of the object may also be named. 6. The person sending in the largest and nearest correct list of words will win First Prize, etc. Guesses, style and handwriting have no bearing upon deciding the winner. 7. Candidates may co-operate in answering the Puzzle, but only one prize will be awarded to any one household; nor will prizes be awarded to more than one answer group outside the family, where two or more have been working together. 8. All answers will receive the same consideration, regardless of whether or not a subscription for the Vancouver Daily World is sent in. 9. There will be three independent Judges having no connection with the Vancouver Daily World, who will judge the answers submitted and award the prizes at the end of the Puzzle Game, and the participants agree to accept the decision of the Judges as final and conclusive. 10. The Judges will meet on March 6, 1932, and the announcement of the prize winner and a correct list of words will be published as quickly thereafter as possible in the Vancouver Daily World.

LARGER PICTURE FREE ON REQUEST

CASH PRIZES

Table showing winning answers will receive prizes as follows. Lists prizes like 1st Prize \$100.00, 2nd Prize \$50.00, etc.

Over Twelve Thousand Watches Repaired.

Our repair book shows that we have had that number of customers' watches in for repairs. We make our charges just as low as we can. We have facilities for undertaking most any kind of a job, from fixing breaks in rings, eyeglasses, pens, etc., to the most delicate timepieces. We can also manufacture most any kind of jewellery you need in a hurry.

TRY US John Bulger, The Jeweller. GIFTS THAT LAST.

The Man in the Moon SAYS--

QUIET times are usually the times when a lot of people get out with their little hammers to knock things. A PESSIMIST is a man who enters a restaurant expecting to find Chinese cooking. THE value of a dollar is measured by the number of loaves of bread it will purchase. ECONOMY is something our grandfathers used to practice but which the present generation knows nothing about. "A WOMAN can cook?" is a headline in a contemporary. Nearly every woman is a can-

cook these days. That is what we complain of.

SOME married men are very good; others have been yanked.

THE objection to having a woman sitting on a jury is that I might be a member of that jury.

AMONG the things that don't get you anywhere is talking back at your wife.

WHY should a girl blush when she is covered with confusion? Subscribe for the Daily News.

PRESERVE GAME FOR ALASKANS

Protective Association Is Formed at Ketchikan with Large Membership.

KETCHIKAN, Feb. 7.—The second meeting of the Alaska Game Protective Association of Ketchikan was held Monday evening. Twenty-nine joined and adopted a code of principles governing the organization. The following officers were elected for a term of one year: J. M. Wyckoff, president; Claude Aikens, vice-president; J. A. Clary, secretary-treasurer; and an advisory committee of five, as follows: C. T. Gardner, chairman; A. D. Rutherford, S. W. Adams, F. E. Butler, and Joseph Ulmer. Meetings will be held the first Monday of each month at the Pioneers' Hall.

All present expressed themselves as heartily in favor of strict enforcement of the laws and of securing such legislation and regulations as will, through proper enforcement, guarantee the preservation of game and the fur-bearing animals. The hunter and trapper are waking up to the fact that bucking the game law is poor form. Many reports are coming in of violations, especially by aliens. The organization will endeavor to correct this through legislation requiring every hunter and trapper to obtain a license.

Will Observe Laws.

Every member of the organization obligates himself to observe all laws, rules and regulations pertaining to the protection of game within the territory and to assist the Federal and Territorial officials in the enforcement of the law. The preservation of game is a matter of vital importance to every citizen of the Territory, the members say and it is hoped that Ketchikan will be represented by at least a hundred members of the association. The annual dues are \$1.00.

It is expected that other towns will follow in perfecting similar organizations. A Territorial-wide movement cannot but help wonderfully in securing the desired laws and their full enforcement. Every member of the local organization feels that the movement will meet with the hearty approval of all Territorial and Federal officials concerned in the preservation of game.

RESIDENTS PROTEST INCINERATOR BEING BUILT THIRD AVENUE

A petition from T. H. Johnson and several other residents of Section 6 protesting the proposed erection of the city incinerator on Third Avenue East was received at last night's council meeting and referred to the board of works. There was also a letter in the same connection from L. C. Eby who objected strenuously to an "obscene and foul smelling" plant being built in the heart of the city and at the door of his apartment house. Such a plant should be built in the suburbs.

The recommendation for the site of the incinerator has not yet come before the council but the present agitation has resulted from an announcement made at last week's council meeting by Ald. Kerr that the Board of Works was about to bring in a report at an early date recommending the site on Third Avenue East below the hospital.

LADIES ENTERTAINED GENTLEMEN MEMBERS

The Ladies' Auxiliary of the St. Andrew's Society, under the able direction of Mrs. James L. Lee, the president, last night entertained the gentlemen members at a successful and enjoyable musical evening and dance in the club rooms. There was a large attendance and the rooms were comfortably filled.

The program was well arranged and capably rendered among the artists being: R. Robertson, Miss Mary Reid, A. Glapperton, H. C. Higgins, Mrs. James L. Lee, Mrs. William Millar and W. Robb, vocal selections; James L. Lee, violin solos and Dave Guy, comic songs. W. Vaughan Davies was piano accompanist.

During the evening a very welcome surprise was given the members when Mrs. J. L. Lee, on behalf of the Ladies' Auxiliary, presented to William M. Brown, the president of the St. Andrew's Society, a check for \$200 for general funds. Mrs. Lee, in making the presentation, said that the Ladies' Auxiliary had done well during the past year, both socially and financially and that, with united effort, all members would soon see the society placed in flourishing condition. President Brown made a suitable reply as did S. D. McDonald, past president.

Refreshments were served and a dance was enjoyed in the hall to the strains of Arthur's Orchestra, W. Brown acting as master of ceremonies.

The committee in charge consisted of Mrs. Howard Steen, Mrs. Jas. Irvine, Miss Ina Wood, Mrs. A. Glapperton and Miss Mary Reid.

Sport Chat

Sport schedules for the winter season are now drawing to conclusion and before long the thoughts and energies of all will be directed towards getting the outdoor sports organized and in operation again. The month of February will see the Trail Club shield billiard competition, the Basketball League time tables and the Whist League games finished and, with the possible exception of some special post-season contests which may be put on, there will be little more doing this year in these lines of sport. Although outside recreation cannot be engaged in for at least two months yet organization work is already commencing. With all the relief work that has been going on at the Acropolis Hill, there should be a great improvement in the grounds there when the outdoor Athletics again take the field.

The time table of the Ladies' Whist League will be concluded with tonight's games, the Valhalla team being the winners in the winter series. The men's section will not be finished until March 1 and the Valhalla and the Knight's of Columbus teams are at the present time tied for leadership. Which of these two teams will come out champions remains to be seen. The winning of the Dybhavn Cup will be determined this season by a play-off series between the Valhalla, the winning ladies' team, and the winning men's team. This play-off will take place some time in March following the conclusion of the men's series.

Prince George has again sent out a query regarding the Self Shield, emblematic of Northern B. C. baseball championship, which they won at the Fair games last September. In reply, Mr. Self, the donor, explains that the shield is at present in Buller's jewelry store getting its final touches and, after having

WANDERERS LEADING PRINCE RUPERT CLUB M'MORDIE CUP SERIES
In the final game of the fourth inter-club billiard tournament for the McMorde Cup, W. J. Neilson, of the Wanderers, defeated G. Woodland, Prince Rupert, by a score of 200 to 155. The Wanderers thus win this tournament by 1192 to 890 and are leading in the series, by a margin of 187. The total score to date is: Wanderers, 4293; Prince Rupert, 4105.

WANTS SEPTIC TANK SERVICE SECTION FIVE
Ald. Collart Presents Resolution to City Council—Referred to Board of Works.
A resolution submitted by Ald. Collart and Ald. Kelly at last night's council meeting that the city engineer be requested to get out estimates for the cost of a septic tank sewer service to the southeast portion of Section 5 in connection with the proposal for portions of Section 6 was referred to the board of works. Ald. Collart, in presenting his motion, stated that the Booth School septic tank would not be capable of taking care of the Section 6 requirements as proposed by Ald. Perry and that being the case, it seemed just as feasible to have another septic tank to the west that would take care of Section 5 requirements at the same time.

CHEAPER MONEY IS ASSURED ACCORDING TO BEST AUTHORITY
TORONTO, Feb. 7.—The head of a large Toronto loaning company made the statement this week that money would be available in free supply for mortgage purposes upon first-class properties at 7 per cent. within a month. In fact, he added, that even now he would hesitate to refuse a loan at 7 per cent. upon an especially attractive risk if his client positively refused to pay the current rate of 7½ per cent. which still prevails.

NOTICE TO CONTRACTORS. FERRY PONTOONS.
Tenders will be received at the office of the Provincial Public Works, Prince Rupert, B. C., up to and including the 10th day of February, 1922, for the construction of a single ferry pontoon (same to be delivered complete to K. C. Prince Rupert, not later than March 15th, 1922). Tender for construction of pontoon will be supplied by the department (i.e. what the contractor is to supply) and specifications and forms of tender may be seen on and after the 1st day of February, 1922, at the office of the District Engineer, B. C., at this office, accompanied by an approved bank cheque on a chartered bank of Canada made payable to the honorable the Minister of Public Works, and when called upon to do so or if he fails to comply with the work contract for.

The lowest or any tender not necessarily accepted.

A. L. CARBUTT, District Engineer, Prince Rupert, B. C.

TIMBER SALE X-3686.
Sealed tenders will be received by the Minister of Lands at Victoria not later than noon on the 2nd day of March, 1922, for the purchase of License X-3686, to cut 1,500,000 feet of Spruce, Cedar, Hemlock and Balsam from an area situated on the north bank of Moses Inlet, Range 1, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

WATER NOTICE. Diversion and Use.
Take notice that James A. Brown, whose address is Port Essington, B. C., will apply for a license to take and use water for power purposes out of Browns Creek, which flows northeasterly and drains into Hossler River about nine miles from mouth of Hossler River.

The water will be diverted from the stream at a point about 57 feet above dam on Lot 121, Range 5, Coast District, and will be used for power purposes upon the land described as Lot 121, Range 5, Coast District, Skeena River District.

A copy of this notice and an application for a license thereon to the Water Recorder at Prince Rupert, B. C., will be filed in the office of the Water Recorder at Prince Rupert, B. C., and objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days of the date of publication of this notice in a local newspaper.

JAMES A. BROWN, Applicant.

The date of the first publication of this notice is January 31, 1922.

IN THE EXCHEQUER COURT OF CANADA. BRITISH COLUMBIA ADMIRALTY DISTRICT.

No. 1-1922. PAUL AVAZOFF, plaintiff against THE SHIP "MOLLY MAY" AND FREIGHT.

No. 2-1922. PAUL AVAZOFF, plaintiff against THE SHIP "MOLLY MAY" AND FREIGHT.

TAKE NOTICE that the Marshal of the Admiralty District of British Columbia will at two o'clock in the afternoon of the 14th day of February, 1922, sell by public auction at the yards of Vancouver Ship Yard Limited at 1777 Georgia Street West, Vancouver, B. C., the ship "Molly May" pursuant to the order hereof of the Judge in Admiralty made and dated the 26th instant.

The particulars of the ship "Molly May" are as follows:
Official number: 138678.
Number, date and Port of Registry: No. 1, 1919, Prince Rupert, B. C.
Registration: Gas screw.
Horsepower: 2.13 nominal horsepower.
Length over all: 45 feet—fourths.
Beam: 13 feet, 11 inches.
Depth: 6 feet—fourths.
Tonnage: Gross, 217; Registered, 7.92.
The highest or any bid not necessarily accepted.

Permission to view the said ship may be obtained from the Marshal of the Admiralty District at the Court House, Vancouver.

DATED the 27th day of January, A.D. 1922.

ROBERT SMITH, Solicitor for the Plaintiff, Smith & Co., 501 Bowers Building, Vancouver, B. C.

SMALL ACCOUNTS

WINTER ECZEMA 'CHAPS' & COLD-SORES

KEEN wintry weather brings a host of skin troubles. Cold-sores, chapped hands, unsightly face-sores and blotches, become a source of discomfort and annoyance. To end the trouble and make your skin clear, healthy and flexible, give the face, arms and hands, a nightly dressing with pure arterial Zam-Buk.

Zam-Buk instantly soothes the smarting irritation, kills disease germs, and quickly banishes all soreness, roughness and chafing which, neglected, often develops into eczema or other chronic skin disease. Use also Zam-Buk Medicinal Soap and enjoy real skin health.

SHIELD YOURSELF AGAINST SKIN DISEASE
APPLY **Zam-Buk**
TO THE FIRST ITCHY SPOT OR ERUPTION

This was an obstinate case.

Mr. Henry Amey, 42, Lyall Avenue, Toronto, says: "My daughter's face and neck were a mass of eczema. Her doctor prescribed treatment for over two months, but to little avail. I was about to call in a skin specialist when I heard of Zam-Buk treatment rescuing other sufferers from this dread disease. So I got a box of Zam-Buk and a tablet of Zam-Buk Medicinal Soap. In a few days these wrought a decided improvement. Day by day the sores gradually healed, and within a month my daughter's skin was thoroughly cleared of the terrible disease."

THIS SAMPLE BOXES of this great skin remedy! Send 1c stamp for return postage. Give name and full address, and address Zam-Buk Co., Toronto, Ont. 10c. Box, all dealers.

SMITH ISLAND QUARRY.

The Corporation of the City of Prince Rupert is desirous of receiving tenders for the removal of certain debris, and the filling of approximately 3000 cubic feet of rock, on certain property owned by the said city, on Smith Island. Form of tender may be obtained, and plans, specifications and conditions of contract may be applied to the City Engineer, 5th Street, Prince Rupert, on and after the 21st instant. Sealed tenders to be in the hands of the City Clerk on or before the hour of five o'clock on the 23rd instant. The city do not bind themselves to accept the lowest or any tender.
F. J. WHITTAKER, A.M.E.I.C.
February 3, 1922. City Engineer.

OPENING UP OF SEVENTH STREET

Council Took Matter Up Last Night; Tabled for a Week.

A resolution, moved by Ald. Kerr and seconded by Ald. Montgomery that the city's delegate to Ottawa with the Board of Trade party take up with the railway authorities the matter of having Seventh Street opened up to give access to the waterfront, was tabled for a week by the city council last night after a lengthy discussion had been given to it.

Ald. Kerr stated that an overhead had been provided for in the original city plans. There was some discussion as to whether these plans really did provide for such an opening and it was finally ascertained that they did not provide for an overhead but for a skirting approach which linked up with Second Street.

In view of the fact that the ocean dock was being built, Ald. Kerr urged that the matter of opening up Seventh Street be pressed anyway.

Ald. Silversides was not in favor of asking that any particular street be opened up when it was not specifically provided for in the original plans. It was not the duty of the council to serve any street but the district as a whole.

Ald. Montgomery felt that it would be in the interests of economy to have this street opened up. The present Second Avenue approach was very indirect.

Thinks Not Feasible.

Mayor Rochester was of the opinion that the Seventh Street approach would not be feasible anyway on account of the steep grade. City Engineer Whitaker concurred in this opinion.

Finally, on suggestion of Ald. Perry and Ald. Dybbavn, it was decided to leave the matter over until after tonight's meeting in the Central Hotel and Hon. A. M. Manson, the city's delegate to Ottawa, will be advised by wire as to the decision.

"RINSIN"

"Lan' sakes, nothin' to that. I jes jounces 'em up and down a couple of times, that's my method"—a colored washer-woman told us recently. Power laundry procedure is somewhat different to the above method.

We propose to set down from time to time, the fourteen different formulas recommended by the Mellon Institute, and the material used. Just think of it! Your washing classified into fourteen different lots, each lot receiving different treatment. The materials recommended: Neutral soap and soda in proper proportions, Javelle water, the same solution used so extensively during the war for the treatment of wounds, Acetic acid or other harmless sour, bluing, and last but not least—oceans of pure soft water.

Our "rinsin," unlike mammy's, requires over three hundred gallons for each washing.

This service is at your disposal.

HEADS That Ache and Pain

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

PROGRESSIVES IN ONTARIO TO BE UNDER FIRE

Session of Ontario Legislature Likely to Give New Party Plenty of Trouble.

HORSE RACING AND LIQUOR.

TORONTO, Feb. 7.—(Canadian Press)—The third session of the 15th legislature of the province of Ontario opens on February 14 and the political prophets are generally predicting a fighting time. It is argued, particularly by those who do not see eye to eye with the present government that the opposition in the past two sessions held back from any very vigorous criticism of Premier Drury and his cabinet in order to give the farmer-labor regime a fair opportunity to make good, but that now it has had its chance and this session the administration will be attacked by both the Liberals and Conservatives with all the forces they are able to command. The government supporters claim not to be worried over this show of fighting qualities by their opponents and are prone to assert that the opposition of those ancient enemies, Liberals and Conservatives, will not be able to even shake the government's hold on the affairs of the province.

Queer Combination.

However, students of provincial politics do not look for any amalgamation between the forces in opposition that would be sufficient to overthrow the government, for it must be remembered that if the M. L. A. not formally in the Farmer-Labor ranks, were to join against any government measure, the Drury administration would be outvoted. One of the arguments advanced against such a situation arising is that of political expediency, namely that the Liberals in Toronto would be loth to join with the Conservatives to overthrow the Farmer-Labor government in the most extreme circumstances, in view of the fact that the Liberal Government in Ottawa is relying on the Progressive Party's support in federal politics. Then there is the claim that the Liberal members of the legislature as a rule view the course of the Drury government with no little favor when all its efforts are considered.

While the government is expected to weather any attacks which will be levelled against it, political writers anticipate heated debates and a fairly lengthy session.

The most important debate will no doubt centre around the hydro-rail and hydro-power matters, particularly the former. Premier Drury will probably definitely state the policy of his government early in the session as regards not only the hydro-radials but the Hydro-Electric Commission as well. While the details are not yet known, announcements of the premier that the government is for conservatism in committing the province in radial building until it is shown that the Chippawa Canal undertaking has been a financial success, has brought out the strongest condemnation by supporters of active hydro-radial development. The opposition, especially the Conservatives, claim they will launch the big drive of the session on this issue standing for a vigorous policy in building electric railways.

Timber and Roads.

There will be the question of disposal of timber lands. The government claims to have saved the province well over a million dollars by making the leaseholders on limits pay up money that the former Conservative government had made no effort to collect. The Conservative opposition will claim that while the present government has made holders of leases obtained under the Hearst regime pay to the last penny, it has itself sold leases on terms unfavorable to the province.

There seems destined to be a long debate over the good roads records of the government and several members have promised to give Hon. F. C. Biggs a busy time defending the administration of his department, although the minister seems quite confident of doing so to the satisfaction of the public.

Of course no session of the legislature would be complete without a debate on the temperance question and there is no

FARMER GOVERNMENT CONTINUES POLICY LIBERALS STARTED

EDMONTON, Feb. 6.—Emphasizing the necessity for strictest economy in the conduct of affairs, the speech from the throne, delivered by the Lieutenant-governor at the opening of the first session of Alberta's fifth legislature Thursday afternoon, also forecast a continuation of the policy of development in highways, telephones and railways undertaken and carried forward by the late Liberal government in the province.

The official declaration of policy followed very closely the lines of former years in that no definite policies were announced. Further assistance will be given in the drought-stricken areas, more attention will be devoted to the marketing of farm products and educational and health work will be carried on in an energetic manner.

Co-operation with other western provinces will be maintained with the object of bringing about a reduction in freight rates, and the Dominion Government will be urged to immediately transfer to the province the natural resources. The speech also made the formal announcement that a provincial department of labor would be created in the near future.

Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this letter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

SMITHERS

On Thursday of this week Smithers will have its first municipal election since having been incorporated under the Villages' Act.

The Vanderhoof hockey team will be here on February 16, the date of the Railway men's Ball, and three games will be played.

The Smithers' hockey team has returned from a trip to Burns Lake and Vanderhoof. Two games were played at each place and the local won them all.

J. Richardson, one of the pioneer residents of Tapley, died in the local hospital last week, aged 51.

A son was born to Mr. and Mrs. L. S. McGill at the Bulkley Valley Hospital last Friday.

W. A. Armstrong, the Telkwa station agent, has gone to Vancouver and, it is understood, he will not return alone.

Ten Years Ago in Prince Rupert

February 7, 1912.
President Frank Mobley has named the following committee chairman for the Board of Trade this year: Legislation, A. J. Morris; railway and navigation, A. E. McMaster; freight rates, W. J. Sandals; trade and commerce, A. J. Morris; fisheries, J. J. Sloan; lumber, J. H. Pillsbury; mining, J. H. Thompson; insurance, W. J. M. Sandals; port, A. E. McMaster; finance, A. J. Morris; civic, A. A. White; public works, J. J. Sloan.

James Rutherford, Victoria mining engineer, has just returned from a three months exploration and prospecting trip into the Peace River district. He says that the portion of the valley in British Columbia presents great agricultural possibilities and the whole country is underlaid with extensive areas of coal.

Sir George Doughty, the Grimsby fish magnate, Wilfred Vere Doughty, his son, and Mr. Carter, manager of Oceanic Cannery, arrived today on the Princess Beatrice and have continued their voyage to Skidegate where the cannery recently purchased from Simon Leiser, of Victoria, will be inspected.

Heart Would Beat like a TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS
Mrs. Chadwick, Delhi, Ont., writes:—"I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

"A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 65th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of my sickness I weighed 120 pounds, now I weigh 150."

Prior, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

We carry large stocks of ocean screened Lump and Egg-sized Coal. It's hot, costs less — less smoke. You'll like it.

FIRE LOSSES VERY WASTEFUL DECLARE FIRE UNDERWRITERS

NEW YORK, Feb. 6.—Three hundred and thirty-four thousand dwellings at \$5000 each, sufficient to house 1,700,000 persons, could be built with the money lost in fires in the United States from 1915 to 1920, according to figures given out today by the National Board of Fire Underwriters.

The board places the national fire loss during the five-year period at \$1,672,722,677, based on an examination of over 3,000,000 reports of fires.

Matches and smoking hazards are held responsible for \$90,000,000 of losses, according to the report.

TRAIL WINS FIRST THREE GAMES FROM GREAT WAR VETERANS

Three of the six games in the Trail Club shield billiard tournament between the Great War Veterans and the Trail played last night have resulted in the latter club winning all three, the score being 600 to 416.

The individual results of the games were as follows:
J. Goodrick (Veterans), 127; W. Barbour (Trail), 200.
S. L. Warrior, 186; D. Brown, 200.
W. Parr, 103; W. Blythe, 200.

The remaining three games are to be played this evening.
