Famous Irishman Dies Dublin Today

NO FIGHTING CORK BUT THE BUILDINGS OF CITY ARE BURNING

Attack by Irish Irregulars on Dublin Post Office is Void of Results; Cork Taken

LONDON, Aug. 12.—Communication with Dublin was lost last evening at eleven o'clock after a brief telephone message said the post office there had been captured by rebel forces and that the adjoining building was on fire.

Word has been received here that national troops have entered Cork and taken fifty prisoners. Seven of the national troops were killed and many wounded. Much of the city is in flames and the firemen are powerless to cope with the fires which already have done ten million dollars worth of damage.

The City of Cork is now quiet so far as fighting is concerned. The bulk of the irregular troops have evacuated but snipers remain on the roofs.

LONDON, Aug. 12 (later).—Irregulars held up the post office last night and set fire to the instrument room. A fireman quenched the blaze before serious damage was done. One of the attackers was arrested and others escaped.

DEPARTMENT LABOR INVITES CO-OPERATION

Would Have Municipalities Submit Suggestions For Solution of Unemployment Problem

OTTAWA, Aug. 12.—The department of labor invites municipalities to submit suggestions in writing before the conference on unemployment to be held in September at which actual representation is necessarily limited to provincial and federal delegates. The government promises a consideration of all suggestions.

TODAY DECIDES CRICKET CHAMP

British Columbia Drew With Alberta Yesterday and Plays Again Today

CALGARY, Aug. 12.—British Columbia cricket team played a drawn game with Alberta yesterday in the first of the finals in the inter-provincial series. Unless the B.C. team loses today it will be sure of the western championship.

Saskatchewan defeated Manitoba yesterday by a score of 308 to 115.

MAY ASK CRERAR TO HEAD WHEAT BOARD

OTTAWA, Aug. 12.—Following the refusal of Stewart and Riddell to accept positions on the Canada Wheat Board, H. W. Wood of Alberta has now also declined to act on the board.

The government intends to ask the west to nominate another chairman and it is expected Hon. T. A. Crerar will next be asked to take over the task.

DAWSON ATHLETE AND MINER FOUND DEAD IN HIS CABIN

DAWSON CITY, Aug. 12.—William Hayward, one time famous track athlete and last winter miner of the Yukon was found dead in his cabin at Hunker Creek.

DISPUTE OVER RAILWAY WAGE

Board of Arbitration Adjourns Before Hearing Well Begun.

MATTER OF PROCEDURE

Men Demand Old Wage Continue Until Decision of Board Given.

MONTREAL, Aug. 12.—The demand of employees' representatives that the board of arbitration compel the railways of Canada to revert to the old scale of wages before the hearing of the dispute between the railroads and the men be proceeded with compelled adjournment of the board of arbitration sittings until Tuesday next. The adjournment took place before the hearing had well begun.

The railways submitted in writing an opinion that they were well within their rights under the Industrial Disputes Act in enforcing the wage reduction pending and subject to the final decision of the board.

One section of the government road east of Montreal is already enforcing the wage reduction before the hearing is complete.

HIGH TAXATION IN UNITED KINGDOM

Average Rate of About \$75 a Head or Three Times That in United States.

LONDON, Aug. 12.—In view of the discussions over who paid for the war and how much the people of each country has to pay in taxation, it is interesting to note that the taxation in Britain is three times as great as in the United States and that largely because of the burden imposed by the late war.

The treasury department has issued a statement showing taxation per head in the United Kingdom for the current year is over £17 or at present exchange rate, about \$75 per head. In the United States, taxation this year per head will be \$26.12; in France, 516.6 francs; in Germany, 2,245 marks, excluding the forced loan, which is to yield 70,000,000,000 marks, or 1,167 per head. Taxation per head in Australia last year was £8 5s., and in South Africa, £2 5s. In Canada it is about \$12.

BUILDING MORE ACTIVE AGAIN

Five Permits Issued This Week By Commission, Total \$22,125 in Value.

The following building permits were granted at the weekly meeting of the building commission last night.

H. B. Gray, completion of McLaughlin building on Third Avenue between Second and Third Streets, \$9,500, M. Parfill, contractor.

Great War Veterans' Association, concrete club and store building, Third Avenue between Second and Third Streets, W. Walls, contractor, \$8,700.

Jerry Bonneau, repairs to under pinning of Prince Rupert Pool Room, \$300.

Robert McKay, seven room house on India Avenue between Humphrey and Immanuel Streets \$3,500.

C. H. Orme, garage on Vanarsdol Street at Graham Avenue, \$125.

An application from J. Postulo for the moving of the Grandview Hotel and plans for repairs to the Booth Memorial School are also in the hands of the commission.

LOGS SCALED DURING JULY

Total Output for Month Was Over Ten Million Feet For This District.

The total amount of logs scaled by the forestry department of this district during the month of July amounted to 10,043,636 board feet. In addition to this there was measured 29,970 lineal feet of poles, 12,724 lineal feet of piling, 40 feet of cordwood and five cords of shingle bolts. There were also 23,888 railway ties counted during the month.

The lumber consisted of Douglas fir 270,341; red cedar, 2,437,412; spruce, 3,703; hemlock, 2,126,137; balsam, 1,507,239.

WOULD PURIFY PRIVY COUNCIL

Ramsay Macdonald Would Let Public Know How Much Was Paid For Titles

LONDON, Aug. 11.—James Ramsay Macdonald, Member of Parliament for Leicester and former Chairman of the Labor Party, has some original ideas as to how the party should deal with the "sale of honors," a question that has been much discussed of late.

"When the Labor Party comes into office," he writes, "one of the very first steps should be devoted to the setting up of a committee with full powers to send for papers and persons to ascertain how much recent recipients of 'honors' have paid for their titles, and who pocketed the money.

Let Public Know

"I should deprive no man of his title once he had bought it. But the public ought to know how much he gave for it, and that can be ascertained by a committee of the House of Commons endowed with the powers of a Court. Every peer created within the last 20 years should be asked to send under oath a statement of his peerage transactions, and, if information is suppressed or falsified, he should be prosecuted for perjury.

"No one who has bought a peerage should be allowed to vote in the House of Lords, and should not be eligible for election to any reconstructed Second Chamber. All those who have bought their way into the Privy Council should be dismissed at once, and that body should be purified again."

COMMISSION IS ASSEMBLING IN CITY FOR TOUR

First Federal Member Arrived From South This Morning—Chairman and Others Here Sunday

C. H. Dickie, member of federal parliament for Nanaimo, arrived from the south on the Prince Rupert today to take part in the sessions of the Dominion Fisheries Commission which will start its investigations in the City Hall here at 10 o'clock Monday morning.

Fred Stork, the local member, who is also a member of the commission, is here and the Eastern members, William Duff, member for Lunenburg, chairman, Dr. Chisholm and L. Martell, also Nova Scotia members, will arrive on tomorrow night's train. Major J. A. Motherwell, chief inspector of fisheries, also arrived from Vancouver with the southern member of the commission this morning. A. W. Neill, M.P. of Comox-Alberni, and G. G. McQuarrie, M.P. of New Westminster, the other members of the commission, will arrive Monday on the Princess Louise.

The commission, as already announced, will hold meetings in all parts of the district and every phase of the fishing business will be open for discussion. On Wednesday, after having sat here on Monday and Tuesday, the commissioners will go to the Naas River, then to Port Essington and various points down the coast. The lighthouse tender Estevan, Capt. Barnes, is in port in readiness to bear the commission on its journeyings on the coast.

QUEBEC LIQUOR ACT EXPERIMENTAL SAYS PREMIER TASCHEREAU

QUEBEC, Aug. 12.—Speaking last night at a dinner of the provincial branch of the Retail Merchant's Association of Canada at Montgomery Falls, Premier Taschereau declared that the Quebec liquor law was still in the experimental stage. It had netted the province during its first year \$1,000,000. Within this period \$15,000,000 worth of alcohol was sold to a population of 2,500,000. This averaged 86 per head per annum, which was 50 cents per month, or 4 1/2 cents per day.

But Quebec, said Mr. Taschereau, were not the only customers of the Liquor Commission. It was the visiting Americans who brought down the average of alcohol in Quebec for its citizens to a cent a day per head.

People were seldom embarrassed with their money, the premier continued. The \$1,000,000 revenue from alcohol would tend to reduce the floating debt of the province. Quebec, he affirmed, was the least taxed province in the Dominion. He concluded by saying that he hoped the good roads planned for the future would attract many visitors from across the line.

HARBOR COMMISSIONERS

Seattle and Prenter Appointed in Vancouver by Ottawa Government

OTTAWA, Aug. 12.—R. E. Beattie and S. L. Prenter have been appointed commissioners to the Vancouver Harbor Board, it is announced here.

ARTHUR GRIFFITHS DIES TODAY IN DUBLIN AFTER OPERATION

BELFAST, Aug. 12.—Arthur Griffith, president of Dail Eireann, died in Dublin today of influenza, it is learned here. Death occurred at 9:45 at St. Vincent's Hospital, Dublin. He entered the hospital ten days ago for an operation for tonsillitis. He was recovering and apparently regaining his normal strength during the last few days. He had been able to leave the hospital daily for his official duties, returning to the institution at night.

This morning Mr. Griffiths ate a hearty breakfast and was going upstairs when he suddenly collapsed. The doctor declared he had been suffering from cerebral hemorrhage.

Griffith was formerly an editor and one of the founders of Sinn Fein and also one of the chief negotiators and supporters of the Anglo-Irish treaty.

AUSTRALIAN GOVERNMENT CLOSE CALL

Within One Vote of Being Defeated on Vote of Censure

LONDON, Aug. 12.—The Australian federal government narrowly escaped defeat in the House of Representatives on the question of sugar prices, says a Melbourne despatch. A vote of censure proposed by the Labor party was rejected by 36 votes to 27. A similar vote moved by the country party was defeated by the narrow margin of 32 to 32.

HUDSON'S BAY FUR PROFITS

Sum of \$237,000 Made Last Year by Bin Corporation From Pelts.

Some interesting light is thrown upon Canada's oldest industry—the fur trade—in the report of the proceedings of the Hudson's Bay Company, it being important to note that rather than decreasing with the development of Canada the scale of fur operations is expanding. The report shows that in the year profits of \$237,000 were made as compared with £84,000 in the previous year; the fur trade as a whole is in a healthier condition than for some years past.

To the shareholders Sir Robert M. Kindersley explains that not only are "we continuing to open up new fur posts in the most far distant regions, as civilization and better means of transportation open up to the general trading community districts where hitherto we have been undisturbed," but "we have commenced during the past year or two a new development of this department—that is the selling of goods on consignment. The company at present is operating 195 principal fur posts, as well as many smaller posts throughout Canada, which gives some idea of the difficulties of organization and transport of supplies which must be contended with. Further the company is experimenting with fur collections outside Canada.

LEAGUE OF NATIONS MAY ARBITRATE ON GERMAN FINANCES

LONDON, Aug. 12.—Lloyd George has suggested to Premier Poincaré that divergent British and French views on the German debts be submitted for arbitration to the League of Nations.

INTELLIGENCE OFFICER SHOT

Major Neilson, Formerly of The Irish Constabulary, Wounded

LONDON, Aug. 12.—Major Neilson, chief intelligence officer of the Royal Irish Constabulary for four years up to the time of its recent disbandment, was shot and dangerously wounded in a lonely lane near Ashburton, Devonshire, by gunmen who made their escape. His life had been previously threatened.

PAUL AIVAZOFF BACK HOME WITH HIS BRIDE

Were Greeted at Boatside by Number of Friends—Have Taken Gilhuly Residence

Paul Aivazoff returned home this morning on the Prince Rupert with his bride. Mr. Aivazoff is back from an eight month's trip in the course of which he visited Europe. On the return trip he was married in New York City. Mr. and Mrs. Aivazoff were greeted enthusiastically this morning as the boat landed by a group of friends who showered them with rice. They will take up their residence in the meantime, in the home of Mr. and Mrs. Fred Gilhuly, Fifth Avenue West.

EXPLOSION TOOK PLACE MARTINIQUE MANY LOSE LIVES

PORT DE FRANCE, Aug. 12.—On the island of Martinique many persons were killed and more were wounded late yesterday through an explosion of a powder magazine at Dillon mine near here. All the homes of the workers were destroyed as well as the main building and engine houses.

GOVERNOR HAS LEFT DAWSON FOR VANCOUVER

DAWSON CITY, Aug. 12.—The Governor General, Baron Byng, of Vimy, Lady Byng and party left here on Thursday for Skagway en route to Vancouver.

TEA AND SALE OF HOME COOKING ON THIS AFTERNOON

The Pythian Sisters are holding an afternoon tea and sale of home cooking in the Red Cross Hut this afternoon. The committee in charge comprises Mrs. E. J. Large and Mrs. Fred Wormig. Several raffles of useful and dainty articles are a feature.

TRAIN STRIKE IS SPREADING

Men Continue to Refuse to Operate Trains Through Guarded Stations

LOS ANGELES, Aug. 12.—The extension of the strike of operating crews of trains which pass through stations where roads maintain guards is affecting passenger and freight traffic on the coast and the middle west. An embargo has been placed on live-stock and perishable traffic east-bound from the Pacific Coast.

FIVE KILLED AND TWO MISSING AS RESULT EXPLOSION

MIAMI, Florida, Aug. 12.—Five persons were killed and two are missing when an explosion and fire destroyed the convoyed yacht Shrin between Miami and Nassau.

CAPT. CUTTLE SCRATCHED

LONDON, Aug. 12.—Captain Cuttle, winner of the Derby, has been officially scratched from the list of St. Leger entries.

Co-Operate With Terrace And All Other Points.

Co-operation between all points in Northern British Columbia should be the rule. Rev. Dr. Grant, when addressing the Rotary Club, drew attention to the need of closer co-operation between this city and Terrace. What he says is doubtless correct. There is not as close co-operation as might be. Yet Terrace people are dependent for some of their prosperity on Prince Rupert and Prince Rupert depends on Terrace and other neighboring places for its prosperity. There is no rivalry but there should be co-operation.

When Prince Rupert people go to Terrace to spend their holidays, they spend some money there and this is sometimes enough to make the difference between profit and loss on the year's operations of a merchant. If facilities were offered, more Prince Rupert people would summer at Terrace. The custom of spending a few weeks out of town is growing. Almost everyone counts on taking a holiday in the summer. Terrace offers a complete change for Prince Rupert people and there is plenty of fruit there, especially berries, on a normal season. Those things are an attraction. As the population of this city increases more people will visit Terrace each year to the benefit of both places.

Provide Facilities For Visitors.

Prince Rupert is just beginning to awaken to the fact that the tourist business means a good deal to her. So far nothing particular has been done to cater to the business. Local taxi firms have not even put on a sight seeing car to accommodate them. Visitors like to ride all together in a big car with someone along to point out the places of interest. For this service they are usually glad to pay a dollar each and a load in a sight seeing car at a dollar a head pays well. If local firms will not put on such a car it will be worth the Board of Trade considering whether they will form a small company to operate such a car at this point. If we are to get tourists here we must show them the city and provide other facilities for them.

Top Of Mountain Should Be Seen.

The view from the top of the mountain should be seen by everyone who visits this city. The view from that point is superb but so far there is no facility for getting there. If there was a winding trail to the top, saddle horses might be provided to carry tourists. Perhaps better would be a tram service up the hillside. This has been talked of in a desultory way for a long time, but before very long it will be necessary to provide a means for tourists to reach the top of the hill and also for residents to use the mountain top as a playground. In winter snow shoeing and other winter sports could be enjoyed and for summer it is possible that a golf course might be made there.

Smaller Places May Also Help.

Smaller places like Terrace will find it to their advantage to provide facilities and attractions for tourists. If a golf course could be provided in that neighborhood it would be frequented a good deal by Prince Rupert people and also would be an added attraction to people with small incomes to settle in the district. Golf has become the popular sport of the man who is retiring from business or who is finding the need of exercise but not of too strenuous a form. It may be difficult to provide a course at or near Prince Rupert, but Terrace should be an ideal place for it.

ALBERTA PREPARES TO SELL BOND ISSUE

Five Million Four per cent to Be Taken Up This Autumn.

EDMONTON, Aug. 12.—Preparations are now being made by the provincial treasury department for a new debenture issue some time this autumn. The province has \$5,000,000 of 4 per cent sterling debentures maturing November 1, and a refunding issue is to be put out for the purpose of meeting this obligation when it falls due. No definite decision has yet been

reached as to the date and terms of the issue, but it is expected that it will be placed on the market in the latter part of September or early in October. When the refunding issue has been disposed of, Alberta's financing will be done for the year. Two previous issues have been made, totalling \$7,346,000, and the province's liabilities have been increased this year to that extent, the forthcoming autumn issue not adding to them since it will be only for the purpose of repayment. The treasury officials are now getting ready for putting the sale on when a favorable opportunity offers.

COMPLETELY FREE OF CONSTIPATION

Tried for Years to Find Relief

"FRUIT-A-TIVES" GAVE IT

Chronic Constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that Constipation cannot be permanently corrected. This is a great mistake, because here is the proof that constipation can be cured and the bowels made to act regularly and naturally.

YARMOUTH, N.S.

"For years, I was troubled with Constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work.

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

The relief in my case has been lasting, as up to date, I have never had any further trouble. I can recommend "Fruit-a-tives" to all suffering as I did and I am sure they will derive equal benefit!"

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Mrs. W. T. Kergin and family sailed for the south on the Prince Rupert this morning. They will be joined later by Dr. Kergin, who plans going on a trip to the East and Europe.

E. C. Gibbons is the winner of C. B. Wark's raffled piano, the drawing for which took place Saturday night.

Captain C. H. Nicholson and his secretary, W. H. Fogg, returned south this morning.

FEDERAL MINISTER PROMISES ROADS IN JASPER PARK

Government Prepared to Furnish Connecting Link for Proposed Highway.

Hon. Charles Stewart, minister of the interior, has assured the Edmonton Auto and Good Roads Association that the federal parks branch is prepared to build within the limits of Jasper park whatever good roads are necessary to connect with the Alberta-British Columbia boundary when the Jasper highway stretch of the proposed trans-Canada highway is built. Pocatontas will be connected with Jasper by road, while another road is to be constructed from Pocatontas to Miette Springs, one of the most attractive spots in the park.

British Columbia has already agreed to build a highway to the west side of Jasper park by way of the North Thompson valley.

ALICE ARM

Dr. and Mrs. Learoyd have returned to Anyox after having spent a couple of weeks camping here.

M. D. Ross, manager of the Royal Bank, is spending his holidays in Vancouver and the Sound cities.

G. A. Clothier, resident mining engineer, who has been examining properties in the Kitsuht Valley, returned to Prince Rupert on Thursday.

LIBRARY ASKS FOR TENDERS

List of 450 New Books to be Purchased Preparatory to Opening

The Library Board at a meeting yesterday afternoon decided to call for tenders for the supply of a list of new books recently received from the new librarian, Miss Grant. The list contains something like 450 titles and deals with a wide range of subjects. Nearly half of the books are designed particularly for young people, although in that group many will be found that older people will wish to read.

The list for adults is classified into books on philosophy, religion, sociology, useful arts, fine arts, literature, travel, biography, history, fiction, and reference. Although Miss Grant's duties have not yet officially commenced, she has made out this list in her spare time and with the advantage of the lists in the Victoria public library and the advice of the librarian there.

Attend Convention

Miss Grant, with the consent of the local commissioners, will attend the librarians convention early in September and for that reason will be a few days late in arriving here to take up her duties. There may be some delay in the public works department vacating the building on Third Avenue, so the librarian being absent a few days will mean little. The library cannot open until the building is ready for occupation. In the meantime Miss Grant will attend to the cataloguing of the books and other details of the work which it is necessary to do preparatory to it being opened to the public.

A request from the Ladies' Musical Club for the inclusion of a book recommended by them is receiving attention as will other suggestions made from time to time by public bodies.

MC BAIN GIVEN NINE MONTHS FOR ROBBING

Connolly Acquitted — Alleged "Rolling" Case on Steamer Chelohsin Comes to a Close

James McBain alias King, charged with robbing J. Nash in a "rolling" affair which occurred two weeks ago on the steamer Chelohsin while coming from Anyox to Prince Rupert, was found guilty by Judge F. McB. Young yesterday afternoon and sentenced to nine months with hard labor at Okalla Prison Farm.

Houray Connolly, facing a similar charge, was acquitted but is still being held under the Immigration Act, it being charged that he crossed the line from the United States without the necessary qualifications. The robbery cases came to a close yesterday afternoon after two days' hearing. The judge said that it was only reasonable from the evidence, to find McBain guilty but that there was nothing adduced to show Connolly's complicity and he had nothing to do but acquit him, although the matter of money found on his person would be dealt with later.

W. E. Fisher appeared in court for the prosecution and Milton Gonzales, of Williams, Manson & Gonzales, for the defence. Crown witnesses were S. King, W. Bourne and E. Clay, of Prince Rupert; S. Newman and Joseph Thompson, of Vancouver, and George Osborn, C. Bilsborough and John S. Service of Vancouver, fellow passengers on the steamer, and J. Nash, the man alleged to have been robbed, both

accused gave evidence on their own behalf.

Thrift

The judicious practice of thrift is as much an evidence of character as it is the worth-while assurance of comfort and contentment in the years that are to come.

The regular saving of a stipulated sum of money is not only within your power—but a habit every thoughtful person should cultivate.

An Endowment Policy offers a splendid opportunity for regular saving. There is no better way to create an estate than through systematic life insurance deposits. Life insurance is always worth par and it is the first asset realized on in the event of death. Save regularly—and in the meantime enjoy the peace of mind and comfort that such thrift brings.

Get in touch with us for any information you may require in regard to your insurance investment.

The Fred Stork lacrosse cup, trophy for city championship, is on exhibition in George Tite's furniture store window. The trophy is indeed a handsome one which will be rightly prized by the winning team.

The Ketchikan barge Bellingham, in tow of the gasoline tug Lloyd C., arrived in port at 4 o'clock yesterday afternoon and is unloading a cargo of Alaska salmon for trans-shipment East over the Canadian National Railways.

Mrs. W. E. Willisroft, Mrs. W. Bourne, Mrs. Alexander, Mrs. Strong, Mrs. Bert McEvoy, Mrs. S. J. Evans and Mrs. W. Brown, all of Prince Rupert, are holidaying at the old hotel at Port Simpson with their families. Mrs. C. L. Monroe, also of this city, is visiting with friends at Simpson.

Miss Helen Randal, registrar of trained nurses for the province and manager of the Canadian Nurse publication, arrived from Vancouver on the Prince Rupert this morning. Miss Randal will visit the Prince Rupert, Hazelton and Port Simpson hospitals returning south next Thursday evening.

An investigation into the death of Ole Christensen, the fisherman who lost his life this week from the schooner America, was held yesterday. It was decided that death had been due to accidental drowning. Instructions are expected today from Tacoma, where his family resides, regarding the disposition of the remains.

PRINCE GEORGE

A. H. Button, of Big Sandy, Montana, and A. Anderson, of Spokane, western representative of a large group of American land holding companies, have returned south after having inspected land in this district. They expressed satisfaction with all they saw and it is expected their reports may start a migration of new settlers here next year.

John A. Fraser, representing the Fraser Timber Syndicate, will arrive in Prince George some time this month to look into the final phases of his company's project.

I. B. Bird opened a new clothing store here last week. He is established in a fine new building which is a credit to the city.

Many Prince George people are invading West Lake this summer and the place, with its fine beach and other attractions, gives promise of becoming very popular as a summer resort.

Frank Claxton, a pioneer of this section, celebrated his 83rd birthday recently by giving a party in the Board of Trade Hall. There were 36 young ladies in attendance, their ages ranging from 6 to 20.

Constable E. A. Braeken was in the city recently enroute to Cedar Creek to which point he has been transferred from Lu-erne.

RADIO MAY BE USED TRANSMITTING POWER

CHICAGO, Aug. 12.—Dr. Charles Steinmetz, of the General Electric Company, told delegates to the international radio congress that:

"There may come a time when power to turn the wheels of industry will be furnished by radio. In some respects, radio power transmission exists today, for the message you receive by radio has been carried by the power of electro-magnetic waves from the sending to the receiving station. Successful work is now done in directing radio waves, as, for instance, our trans-Atlantic stations send out most of their power eastward."

A. B. Wattie, of Hazelton, is in the city today returning from a trip to Vancouver and other southern cities.

James Sturgeon, the local transfer man and piper, returned today from Vancouver where he took part in provincial bag-pipe competitions.

A. Mackie, inspector of fisheries, is back from a trip to the Naas River. He reports that the pinks are still running strong on the river but that sockeyes are falling off rapidly. Joe Hutchinson is on his usual week-end trip to the Skeena.

SONS OF CANADA DEFEAT CALLIES

Made the Most of Their Chances Last Night Which Scots Failed to Do—Score 4 to 2.

The Sons of Canada got a measure of revenge for the losing of the Dominion Day Cup when, last night, they defeated the Callies in the fourth game of the Stuart Benefit Shield series by a score of 4 to 2 in a lively and keenly contested match before an average crowd of fans. The score was not altogether an accurate indication of the merits of the field play and the possession of the ball for the Callies might just as well as not have had at least another point. Contrary to the usual rule, the big part of the scoring was at the upper end of the field. Playing up hill the Sons made three goals in the first half to the Scots' one while the scoring was evenly divided, one each, in the second session. Field play, throughout was rather even but the Sons used their opportunities to the best advantage and made at least two rather sensationally successful shots while the Callies missed more than one splendid scoring chance.

W. H. Waldorf was referee and Sid Butters and George Kelsey, linesmen, the teams taking the field as follows:

Sons of Canada—Frizzell; Wood and Anderson, V. Menzies, Davies and G. Mitchell; S. Mark, Warren and James Mitchell.

Callies—Martin; Kinghorn and J. Currie; Abbott, Scott and J. Campbell; Ed. Smith, W. Mitchell, E. Mackintosh, G. Anderson and Sellars.

First Half

Martin was tested in the first minute of the first half and the ball journeyed forthwith towards the other end; the Callies shooting over the goal. Returning from Sons' end again, Long headed in past Martin for the first counter. Quickly after the ball had been centred again, Mackintosh got it on a pass from inside right and scored with no one in front of him but the goal tender. The Callies threatened to score again but Frizzell relieved the situation for the Sons by handing out the ball from the goal mouth. By a brilliant solo play Abe Kinghorn, back, took the ball right down the field and shot but momentum had been lost and saving was easy. J. Marks had one good try which he narrowly missed but it was not to be denied and, nicely clearing Kinghorn, got Martin at his mercy and made no mistake about scoring the second for the Canucks. The Sons still pressing Anderson and Marks both made further tries but failed. The Sons' third goal came shortly before the half time whistle through a phenomenal long kick by Menzies from almost centre field which just floated between Martin's head and reaching hands and the cross bar.

Second Half

The Callies' lineup was switched for the second half, Kinghorn moving from the back to the forward line and being replaced by McIntosh in the back. J. Marks again scored for the Sons after having received the ball from a scramble with Martin again practically undefended before him. The blood then mounted into the eyes of the Scotsmen and things surely livened up with the starting of their hot offensive towards Frizzell's charge. That they did not score was certainly not because they did not have the ball close enough to goal or for lack of chances. The Scots kept the ball well in play between the half and forward lines but the latter appeared very ineffective and seldom seemed to be in the right shooting position although they tried, especially Kinghorn, and missed. Two tries in quick succession just hit the cross bars and might indeed be classed in the hard luck category. Down at the Sons' end for once, Jimmie Mitchell and Warren did some good passing but it was broken up before any scoring resulted. George Sellars scored the Callies' second with a nice shot from left forward. Shortly after, Kinghorn threw away a great chance when he kicked from short range over the posts by feet when missing was almost as hard as scoring. Woods, the Sons' stalwart back, was knocked out temporarily by a

BRINGING UP FATHER

crack under the chin when checking Kinghorn. He went flat and the game was stopped for a matter of five minutes or so. On resuming J. Marks made a nice through shot which failed. Woods soon returned and showed that he had not lost his kick after his temporary incapacity. The final whistle blew shortly after the Sons had taken an unsuccessful corner, Mitchell kicking from the side towards the back of the goal.

Star Players.

For the Sons, Woods was the star of the backs although Anderson also played a good strong game and was a worthy partner for the Calgarian. Menzies and Davies were in their usual effective form at half and J. Marks was by far the choice of the forward line.

The Callies' weakness seemed to follow Kinghorn throughout the game both in the defence in the first half and in the forward line in the second. The Scottish captain showed a tendency towards overzealousness in the second half. Scott, centre half, was the star pick of the forwards. Eric Mackintosh was effective both at forward and back although he saw little of the ball at the latter position.

Sport Chat

If five towns—Smithers, Prince George, Anxox, Ocean Falls and Prince Rupert—can be brought into competition this fall for the Self Shield, Northern B. C. baseball championship trophy, baseball fans of the district would be treated to the most complete series ever staged in the district. The distances between the towns and the transportation costs would doubtless present difficulties and it is rather much to expect to bring all these towns together in Prince Rupert especially at this late date. It would necessarily be a series of sudden death matches but, if properly arranged, that should prove satisfactory. The Prince Rupert-Ocean Falls game at Ocean Falls has been mooted and if that could be played the match might serve as one play-off. Prince George and Smithers might be able to arrange for a series in the interior or here. The winners of these two play-offs could meet in the finals at Prince Rupert during the Fair and Anxox could also be worked in at that time thus bringing three baseball teams here as a feature for the week. It was done last year and might be done again providing the preliminaries can be suitably arranged.

Counting the postponed game between the Knights of Columbus and Elks set for last Thursday night, there are still four games to be played in the Senior Baseball League schedule. The next regularly scheduled game is for next Friday between the Sons of

Canada and the Knights of Columbus. If the Sons win that game they will be assured at least a tie at the top of the league and they will have a big advantage in their favor in the meantime. The postponed game will be played on one of the first open nights. Whichever team loses will be definitely out of the running for the Necker-son Shield.

With the increasing interest in golf in America due in a measure to the international phase, the need for uniformity in rules looms more urgent, for there never can be proper competitive relationship between Great Britain and America under two sets of rules. Neither can the best interests of the game be served by having two governing bodies in this country. Golf is too great a game; has gone too far to have its competitions and its championships knocked away by constant rule shifting and different systems of play.

LOCAL BASEBALL TEAM MAY MEET PRINCE GEORGE

Interior Town Makes Guarantee of \$400 For Series to be Played Sept. 4, 5 and 6

FAIR BOARD TAKING UP CHAMPION SERIES

The Prince Rupert Baseball Association and the Fair Board had a joint meeting last night with a view to making preliminary arrangements for the proposed Self Shield Northern B. C. baseball championship series. Little was accomplished along this line for want of definite information as to competing teams and uncertainty as to funds forthcoming for paying transportation and other expenses. The matter is now in the hands of the Agricultural Association which will ascertain how many outside teams intend to compete and then make financial arrangements if possible. The Baseball Association gave the Fair Board to understand that it would be willing to arrange for the teams to represent Prince Rupert in any competitions that might be set with outsiders in the championship competition.

The Baseball Association also dealt with an offer from Prince George inviting the local team to visit there for a series on September 1, 5 and 6 with a guarantee of \$400. It will be endeavored to complete arrangements for a series taking in Smithers at the same time. No official communication had been received from Smithers.

COMPRESSOR FOR THE MAMIE MINE ARRIVES

Work of Development of Property is Proceeding Rapidly.

Made necessary by the failure of water in the zone of operations, a complete new compressor, or plant will be installed next week at the Mamie mine. Capt. Turner returning from Prince Rupert Tuesday morning after clearing the new plant through customs following its arrival on Monday night, says the Interior News of Smithers. The new outfit will be driven by gasoline engine and will be of the connected type for the work on the long tunnel started some time ago.

The plant at present in use is operated by water, and following the failure of this supply last

Waterfront Whiffs

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

Business generally along the waterfront has taken a jump this week and the boys are looking forward to a rejuvenation of trade in nautical circles this fall. Several of the power boats have been offered business which they have been unable to handle themselves owing to the fact that they have so much work on hand at present. The passenger launches report a very satisfactory state of business and the Salt Lake service is being well patronized. All the tugboats in port are employed. This report is rather refreshing after the poor trade reports one constantly hears on the street.

Naturally the Admiral of the Fleet is very much tickled and in his department of activities things are going up from an output standpoint. He reports that during the week 574,000 pounds of fish had been landed and marketed at this port, which is 204,000 pounds ahead of the corresponding period last week, and some fifteen carloads of the finest fish on earth has been shipped east. The highest price paid was 9.8c and 6c and the lowest 7.1c and 5c. Slight rains have been experienced on the deep sea fishing grounds which has been very welcome even to the fishermen.

The Skeena River canneries are experiencing a very satisfactory run, and a well known waterfront celebrity, whose word is to be relied upon, says that the boats on the river are loaded down with fish and the canneries have as much fish on hand as they can handle.

Bill Shrubbsall, of the Shrubbsall Fisheries, is on a business trip in the south and will be returning to the city early in the coming week.

The Halibut boat H. and R. is on the Ward Electric ways undergoing hull repairs and a general overhaul.

The Dixie Rupert, Captain Geo. Newcombe, was up the Skeena River on Wednesday with Colonel E. S. Tait, of Vancouver on a visit to the canneries.

The Diamond T, the fish packer from Ketchikan, owned by Captain Thompson, arrived in port on Thursday morning.

The launch 23, skippered by Captain A. Swanson, went over to Digby Island on Thursday morning with a happy load of picnickers. The occasion was the annual Sunday School picnic of the Salvation Army.

Harry Gilbert, permanent skipper of the launch 23, has been indisposed for the past few days and has been under the doctor's care. Harry is doing fine and will soon be at the wheel again.

The American halibut schooner Tom and Al, after unloading on Thursday morning proceeded to the Gold Storage for ice and laid and hit out again for high spots.

Rippling Rhymes by a Rhyming Rhymster.

"Have you heard the latest news, prepare for a great shock. The Elks have moved their billet down to the provincial government dock, and now they're looking fine and fit, it certainly has been proved, that they bless the lucky day alright. They are up early in the morning, just the time the "brains" blow in, and they sure make lots of yells and whoops for shaving water for the chin. They have eggs on toast for breakfast, of course Steve lays all the eggs, and now they all look husky guys with big muscles on their legs. They're sure the happiest bunch of Elks that ever you did see, and if you're feeling down and out just drop around for tea. You'll leave feeling much better, that's sure without a doubt, so give three cheers for all the Elks and lets hear the Old Bills shout. There's a sequel to this little yarn, as cunny as can be, for if you're apt to pass that way, you'll slip in egg-shells to the knee." Who said hens?

The launch Narbethong, Capt. Roomes K. Freeman, had rather

an exciting experience during the week returning from a mystery trip. While coming down the Skeena on Tuesday night the propeller caught a net which caused the machinery to go on strike and the old reliable drifted on to a nice roiny sandbar. The tide ran out and left the craft hung up on a snag at the stern end, and with the tide receding the boat tipped and quietly filled with water up to the pilot house windows. Cap had to wait for two tides before he was able to get off the sandbar and then only with the help of the Malamute, with Capt. Peter Borvick at the wheel, which towed him into port. Upon arrival at the old berthing spot it was found that very little damage had been sustained, and with a few mechanical touches here and there, plus a goodly supply of elbow grease, Capt has his house once again in order. Cap says that mystery trips of this description arn't worth a D.

Bob Hanna tendered his resignation as Admiral of the Port Edward cannery fleet last week, which was accepted, and he is once again in our midst. Bob says that he came into contact with so many Orientals that he began to look like Choo-Chin-Chow. The other evening aboard the flagship of the fleet Bob taxed the Admiral with having employed Orientals.

"Now," said the Admiral, "that is something I have never done in my life but I have employed a Scotchman now and again."

"Well," says Bob, "that's pretty near as bad," and Bob comes from Rothesay at that.

A scow load of coal and lumber for local consumption is expected to arrive in port early in the week for Albert & McCaffery.

The W. and T., Capt. A. Jacobsen, arrived in port this week with 13,000 pounds of halibut. Cap seems very well satisfied with life in general and reports that everything went off first class.

The Swing, Captain Rosang, with 5000 pounds made port early in the week. Cap. is sojourning in Cow Bay putting his house in order ready for another raid on the amphibious monsters of the deep.

It is reported that A. O. Franks successfully towed a log into port for the J. R. Morgan Logging Company, Surf Inlet, on Monday morning before breakfast.

The James Carruthers, with our old friend Capt. Bill Parsons at the wheel, steamed gracefully into port early in the week with a little catch of 95,000 pounds. Bill says he will try and do better next time.

Some real interesting freaky photographs have been produced in the vicinity of the waterfront by W. W. Knight. They are quite accidental productions but to say the least they are very grotesque. Perhaps the best one of the bunch is the photograph, or intended photograph, of the Princess Louise. While the print is perfectly exposed, even the name of the boat being easily read, the ship looks as though it was in the midst of a terrific typhoon, and appears badly bent and battered surrounded by shacklike animals with wide open mouths waiting to swallow it. Something appears on the bow of the boat like a Fritz 200 lb. high explosive shell bursting over it. The production of the picture might easily have occurred in the recent terrific typhoon which hit the Chinese town of Swatow. A photo of "Doc" Clapperton, Lance Stiles and J. Davey, shows these celebrities with twisted and contorted bodies, and even the mountains in the background are badly bent. The legs look for all the world like the hind quarters of a mule. A picture of Doc, and a dog, well one can hardly tell the "thoother

TERRACE HAS RADIO OUTFIT

W. C. Sparkes Hears Concerts Broadcasted from Cities in the South.

TERRACE, Aug. 12.—Terrace is in line with Prince Rupert so far as radio apparatus is concerned. A local man who has been working on the proposition for some time now has achieved success. W. C. Sparkes has his apparatus working and any evening concerts broadcasted from Seattle, Portland and Spokane may be heard.

Mr. Sparkes is installing three more powerful amplifiers and with these he anticipates no difficulty in receiving concert numbers from a very wide radius.

MANITOBA MINISTERS ALL PRESBYTERIANS

Government of One Faith to Have Charge of Affairs at Winnipeg.

WINNIPEG, Aug. 12.—All the newly chosen cabinet ministers who took office Tuesday are Scotch and naturally they are all Presbyterians. It is understood that so far they have neglected joining any Winnipeg congregation.

This is probably the first time in the history of the province any cabinet has been entirely of one religious denomination although they may have all been Scotch.

This morning Sir James Aikins, lieutenant-governor, came to the parliament buildings for an interview with his advisors and instructed them on their relations with the representative of the king in the province. Sir James is leaving shortly for the coast, where he will spend a holiday.

Put Your Fires Out

from which, The snap of Ted Shrubbsall wheeling boxes on a truck is too funny for words, and it's a cinch that Ted is really a better looking fellow than the picture depicts. The freaky appearance of the snaps was caused by the negatives being placed in the sun under a glass to dry. The heat of the sun melted the chemically prepared films with the result that the film spread thus causing the prints to look so amusing. Just pop up the Booth stairway and ask Knight to give you a peek at 'em, you'll sure get a good laugh.

The forestry patrol launch Leila R. returned from a departmental cruise on Thursday morning. The Dominion government fishery patrol boat Marfish came off the dry dock on Thursday morning after undergoing a minor overhaul.

The power boat P.R.T. of the Ketchum fleet brought in two scow loads of fish offal for the Rupert Marine Products Co., Tucks Inlet, from the Skeena canneries, during the week, and left with empty scows for the same points on Thursday morning.

The schooner Chief Skugaid, of the Gold Storage fleet, after taking on oil at the Imperial Oil dock on Thursday morning cleared for the high spots.

The Billy Boy, Capt. O. P. Smith, has been employed during the week on a towing contract for the Ketchum interests.

The following boats have marketed fish during the week: Defence, Unimak, Pershing, J. P. Todd, W. and T., Baker, Jas. Carruthers, Viking, Daisy, M. M. Christopher, Swing, Kobe, Cape Spence, Triumph, Scrub, Selma, H. and R., Summer, Tordenskjold, Eastern Point, Fisher, Murineau, Westford, Imperieuse, Dolphin, Eidsvold, Groth, Anna J., Tom and Al, Adeline, Rosepit, Ringdealer, Wabash, Woodrow, Lillian M., Kayosu, Wireless, Venus, Norma, Reliance, and America.

Quite a gloom was cast over the waterfront on Thursday morning when the sad news became known that the schooner America, Capt. Mike Keating, had arrived the previous night with the body of Ole Christiansen aboard. Christiansen was drowned through the capsizing of the dory in which he and a partner were working. Christiansen was well known by the waterfront boys and was much respected among them. He was a man of sterling qualities and had been fishing on the Pacific coast for a number of years. A resident of Tacoma, he leaves a wife and several children. The sympathy of the entire Mosquito Fleet goes out to the bereaved.

The following boats are at present in port: P.R.T., Rescue, Edwin, Maeve, Bayview H., Viola, Dixie, Rupert, Narbethong, Swing, Monty, Frisbie A., Koyusu, Billy Boy, Maybird, Bekla, Banaco, Beaver Cove, and Volunteer.

It is understood that Flossie has given up the idea of the oil business and has refunded the \$3.50, minus interest, to the various shareholders. Her attorneys, (Continued on page 6)

BAIT Our frozen herring bait is conceded by fishermen to be the finest procurable at any Pacific Coast Port—and it is "Fishy." Price, \$30 per ton.
ICE The best way of insuring a good quality trip is to have plenty of our hard frozen ice. Price, \$4 per ton.
Outfits Our well-equipped store can supply fishing gear, fishermen's clothing, groceries and provisions and hardware.

GISCOMBE MILL IS RUNNING FULL BLAST

Has Already Cut Two and Half Million Feet of Lumber and Will Continue to operate.

With about two and a half million feet of lumber in the yards the big mill at Giscome continues to turn logs into building material at a great rate of speed, and from present indications the mill will continue to run until late in the season, says the Prince George Citizen.

In the city this week G. A. Frost, president of the Giscome Spruce Mills, Limited, stated that the mill was running very smoothly. Recent visitors there express surprise at the operation of the equipment, which handles the lumber throughout the mill with a minimum of labor. The logs enter the mill and travel through it from the big Watrous bands to the various destinations on live rollers. The planing equipment is working full blast and the big planer driven by electric power, is dressing the lumber at a speed which only the most modern equipment can attain.

E. C. Manning, district forester, left on last night's train for Burns Lake on a departmental trip.

Husband and Wife Nearly Dead with CHOLERA

The chief symptoms of cholera are vomiting, and purging occur either simultaneously or alternately, and are usually sudden and very violent, and the matter ejected from the stomach has a bilious appearance and a nasty bitter taste.

On the first symptoms appearing, Dr. Fowler's Extract of Wild Strawberry should be taken, and the trouble checked before it becomes serious.

Mrs. Isaac Smith, Campbellton, N.B., writes: — "We have been using Dr. Fowler's Extract of Wild Strawberry for cholera. My husband and I were pretty nearly dead with it until we started to use your medicine, and thanks to it, we have found great relief, and are recommending it to all our friends."

77 years' reputation stands behind "Dr. Fowler's" therefore you are not experimenting with some new and untried remedy when you get it. Price, 50c. bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Deacon of Vancouver who are visiting her. Mrs. C. R. Gilbert poured and was assisted by Mrs. Geo. Dover, Mrs. F. T. Ross and Miss E. Marsh. Among those present were: the Messrs. James Donald, Moore, McLean, E. T. Kenny, Little, Von Hees, Bishop, Farr, Chas. Giggey, Fowler, Young, Powers, McNicol, F. Hatt, L. Hatt, McGregor, Warne, E. E. Chandler, H. Chandler, Sparkes, H. King, Pfister, the Misses Porter of San Jose, Donald, Pearson, Toombs and many others.

The Rev. J. H. Young preached at the Methodist Church, Hazelton on Sunday.

C. A. Waffe visited Prince Rupert this week.

R. L. MacIntosh left on Thursday for Prince Rupert en route to Toronto where his mother is seriously ill.

Rolly Beecher, who has spent the summer at Lakeside Lake was in town over the week-end.

Rev. W. J. and Mrs. Parsons left for Esk on Wednesday.

Miss Porter of San Jose, Calif. is visiting her sister, Mrs. C. R. Gilbert.

Waterfront Whiffs

(Continued from Page 5)

Messrs. Doum and Fleecer, have been instructed to wind up the company affairs and this will be done immediately with the use of a steam gurdy. Flossie has come to the conclusion that the love-making business is far more profitable, and her beau has already spent some \$3.00 on her happiness. From accounts to hand Sandy and Flossie are busy at nights collecting up the stray pieces of lumber which are often seen around finished buildings, with which they intend to build a house. It is to be a little grey home in the west, as Flossie likes the words of the song.

The weather in the Wheat City has been very hot according to reports and Flossie nearly blotted herself out the other day having accidentally trod upon a piece of blotting paper. To use her own words: "I was gradually sinking into the paper." Sandy has composed a piece of poetry dedicated to his Flossie, which reads: Oft in the stilly night I sit, Amid the buzz of the fly, Thinking of the time When you will be mine And I will be thine. When together we'll dine, Sipping the wine, O sweetheart— P.S.—Dam these mosquitoes. It sounds a bit abrupt but he evidently meant well.

As soon as Woolworths put on a sale Flossie is to have an engagement ring when the happy day will be notified later.

The steamer Marmion, Captain C. Amerson, arrived from Anyox on Wednesday with a cargo of benzol for the Prince Rupert Boat House consisting of 14,800 gallons. After discharging this cargo she took on a load of some 3,000 tons of Alberta coal for the Granby Smelter.

Study these Facts

- 1. The Bituminous Mines in the United States have been shut down since April.
2. Great Britain is now sending large shipments of coal to the United States.
3. Heretofore the United States supplied large quantities of coal to Canada. This winter Canada's mines will be incapable of supplying the demand for not only will they have our own markets to attend to but the States will be calling on them heavily.
4. In view of these facts there is bound to be a coal shortage this winter
