## MEIGHEN INTRODUCES RAILWAY BILL

### OTTAWA TO ASSIST PROVINCE CARING FOR UNEMPLOYED

#### Measure To Implement Recommendations From Commission Brought In

Aim is to Reorganize Canadian National and Insure Co-operation and Elimination of Waste—Full Discussion Is Invited By Sponsor

OTTAWA, Oct. 28.—Senator Arthur Meighen last night introduced the Railway Bill to give effect to the recommendations of the Royal Commission on transportation which recently presented its report. The bill follows the recommendations of the Royal Commission faithfully and is designed to reorganize the management of the Canadian National Railway and insure co-operation between it and the Canadian Pacific in the elimination of wasteful competition and general cost of railway operation.

Senator Meighen said that the government was not definitely wedded to any clause of the bill and the widest discussion will be allowed. Amendments from any quarter would be welcomed, Senator Meighen stated.

#### INSANITY PLEADED

AGED SAN DIEGO CONTRACTOR CONVICTED ON CHARGE OF MURDER

SAN DIEGO, Oct. 28.—John Roberts, 72-year old contractor of this city, presented a pathetic figure here Wednesday as he took the stand in the endeavor to establish his insanity following his conviction of first degree murder in connection with the killing of Earl D. Roberts, his 45-year old son. Roberts' insanity plea is being heard by the same jury which convicted him on the first degree murder count with a recommendation for life imprisonment.

An alienist, testifying in an expert capacity on behalf of Roberts, declared yesterday that the mental condition of the aged killer was of such that he could not distinguish right from wrong. "He has no conscience and is, therefore, insane," stated the expert, who was under cross-examination for five hours.

#### Steps Are Being Taken By Federal Government To Aid Single Men

Food and Clothing as Well as Work to Be Obtained For British Columbia Men, It Is Promised By Minister of Labor in House of Commons

OTTAWA, Oct. 28.—Steps are being taken by the Dominion government to assist in caring for homeless unemployed men in British Columbia, both by providing food and clothing and by co-operating in obtaining work for them, Hon. Wesley A. Gordon, minister of labor, stated in the House of Commons yesterday in reply to questions by Hon. Ian Mackenzie, Liberal member for Vancouver Centre.

#### DEATH OF RIFLEMAN

Sergeant Major W. A. Hawkins, Well Known Canadian Marksman, Dies of Heart Failure

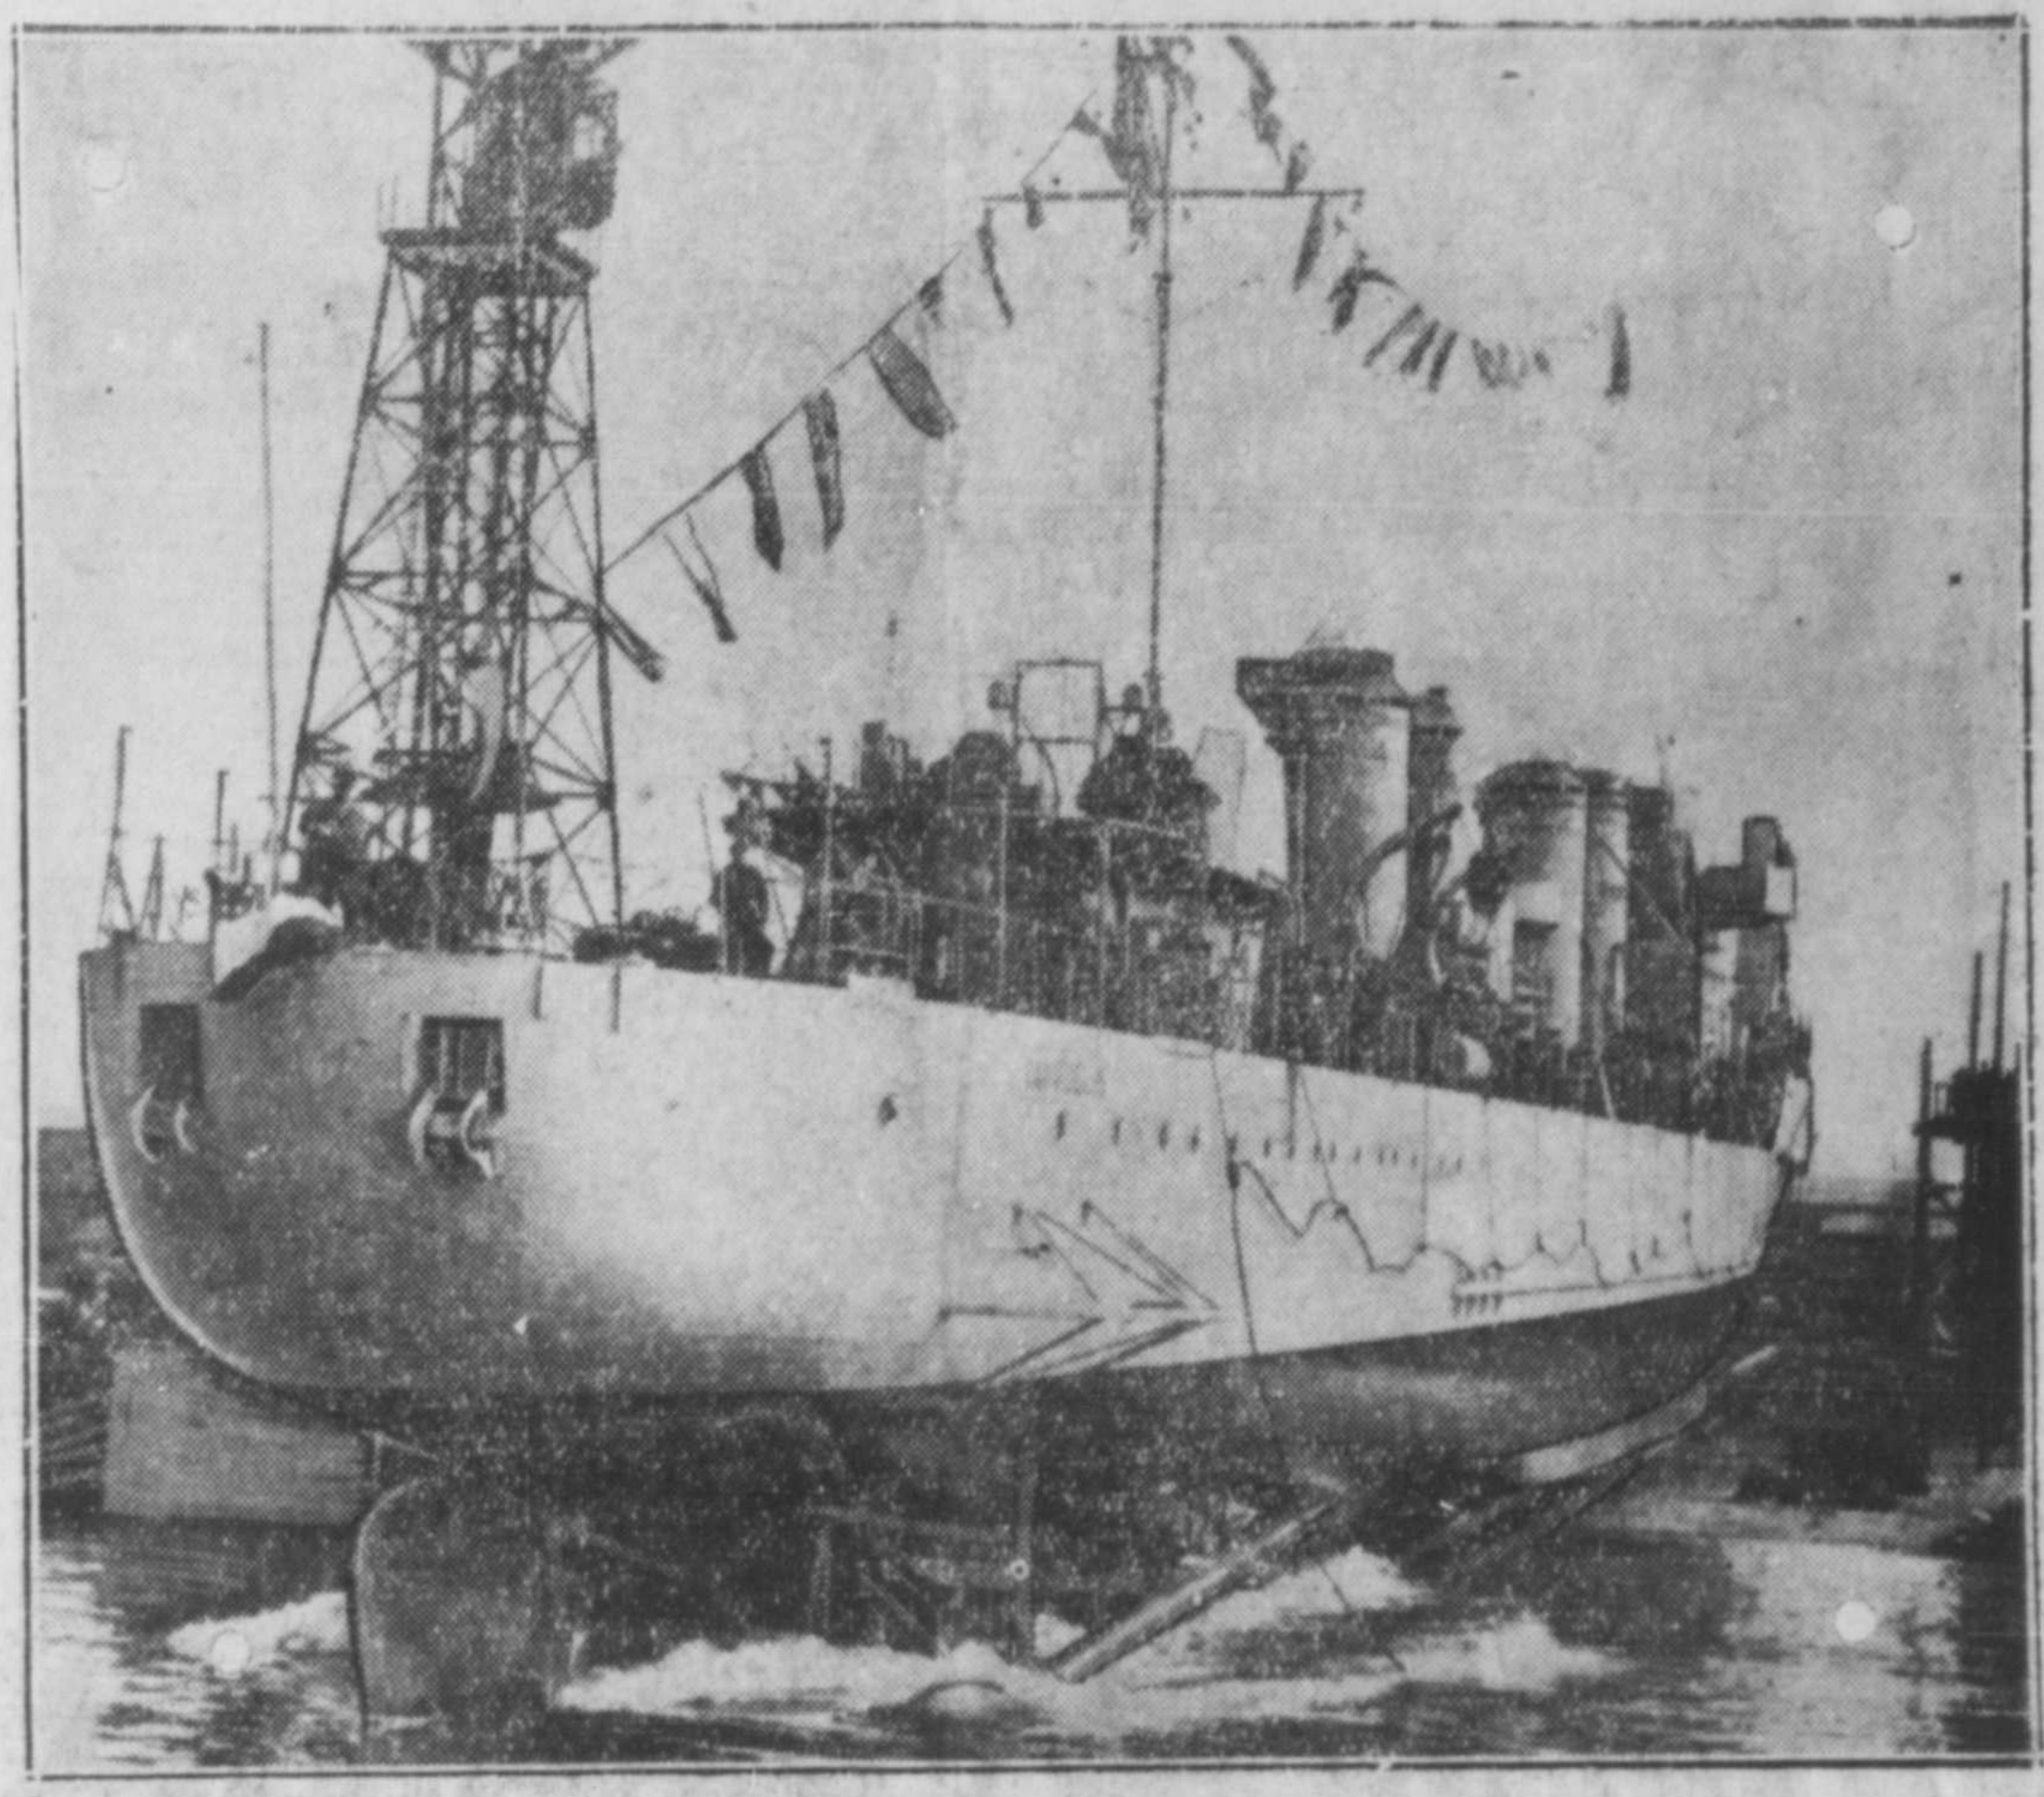

TORONTO, Oct. 28.—Sergeant Major W. A. Hawkins, one of Canada's greatest rifle marksmen and winner of the King's Prize at Bisley in 1913, died while playing golf yesterday, succumbing to a heart attack. He was 48 years of age.

The minister of labor said that the situation in British Columbia was probably more difficult than in any other province owing to its mild climate which attracted the unemployed. The government was taking steps to meet the conditions resulting.

#### CASE OF INTEREST

TERRACE MAGISTRATE REFERS TO IMPORTANCE OF SUPPLIES IN PROSPECTORS' CABINS

TERRACE, Oct. 28.—A case of unusual interest to prospectors came before Stipendiary Magistrate E. T. Kenney at Terrace recently when two men from a neighboring point were charged with stealing food supplies from a prospector's cabin several miles away from settlement and well up in the mountains. The accused admitted taking the goods but explained that they had been on a hunting trip and, having run short of a certain line of supplies, helped themselves from the stock of the cabin with the expectation of replacing it following their return to town. It developed that the men had already ordered the necessary supplies and were only waiting for favorable weather to pack them up to the cabin. In summing up, Magistrate Kenney stressed the importance of strictly honoring the rights of prospectors in the matter of their cabin supplies. He pointed out that, if the cabins should be stripped and the owner had gone out expecting to use the goods on his return, serious consequences might result. The prospector might suffer privation and, in the event of bad weather, might even die of starvation. As repayment of goods in this case had been arranged for, he took a lenient view and allowed the accused to go on suspended sentence with the understanding that the goods be returned to the cabin within a week's time.

#### Sixty Persons Hurt Yesterday In London Riots, Three Police Officers Were Among Injured

LONDON, Oct. 28.—It was officially reported last night following yesterday's unemployed riots at Hyde Park that sixty persons had been injured within the park not including those who have been hurt in the disorders which occurred outside the actual confines of the park. Three police officers, suffering from head injuries, were among a dozen seriously hurt.

Some dozen injured persons were removed from the park on stretchers and taken to hospital. One marcher, suffering from the effects of a week's marching in the rain and cold, was reported almost dead from starvation and exposure.

The demonstration, primarily staged in protest at certain features of the dole regulations which are claimed to be unfair, was concluded in order.

Hoodlums and ruffians, who joined the 2000 "hunger marchers" from all parts of the island during their parade through the city, are believed to have been largely responsible for the disorders.

The authorities being, apparently, fearful of renewed disorders, extra policemen were stationed last night around No. 10 Downing Street, the official residence of the Prime Minister, and the Houses of Parliament. Demonstrations within one mile of the Houses of Parliament were strictly forbidden.

As a result of yesterday's riots two men charged with assaulting police officers were each sentenced to six months' imprisonment with hard labor this morning. Eight were arrested.

Hunger marchers paraded the streets in groups again this morning but mainly to collect funds for their maintenance and there was no trouble.

#### Marchers Exonerated

Sir John Gilmour, Home Secretary, largely exonerated the marchers themselves from blame for the riots when, addressing the House of Commons today, he declared that the real trouble had been caused by London toughs, incited by Communist agents, who joined the marchers after their arrival in the city.

#### Prince Rupert Already Benefits From Empire Parley, Says Nicholls

Nothing Fundamentally Wrong With Fishing Industry Which Will Again Prosper When World Conditions Improve, Cold Storage Official Declares

Col. J. W. Nicholls, comptroller of the Canadian Fish & Cold Storage Co., addressing the Rotary Club at a special National Fish Week luncheon yesterday, said there had been a number of outstanding developments during the past year in connection with fisheries, chief of which were the Imperial Conference treaties which enabled salmon trollers to get higher prices for their product than otherwise would have been the case. While 37½ cents a fish was the highest paid for cohoes in B.C. waters, the Alaska trollers were able to secure only 15c. for theirs. This was a distinct and immediate advantage from the Imperial Conference. He did not wish it to be inferred that fishermen made money but that they did better than would otherwise have been the case.

#### ACCORD ON ARMAMENTS

United States Expert and Premier MacDonald Reported to Have Reached Common Ground

LONDON, Eng., Oct. 28.—Norman Davis, United States State Department expert, who has been conferring here with Premier J. Ramsay MacDonald on matters pertaining to the forthcoming disarmament conference, left London yesterday. It was reported that a basis of common understanding between British and United States disarmament proposals had been reached. From here Mr. Davis goes to Paris where he will confer with Premier Edouard Herriot before returning to the United States.

#### WHEAT IN NOVEMBER

Grain of 1932 Crop Expected to Start Rolling Into Local House Next Month

It is now expected that the month of November will see some of the 1932 prairie grain crop rolling into the Alberta Wheat Pool's local elevator. It had been expected that the movement would start by the end of October but, with the month nearly expired, there is no word of any grain being on the way here.

There will be no further cargo shipments of grain from here until the new wheat starts to move as there is not enough grain in the house to make a full cargo.

#### CANNOT GO INTO FILMS

Charlie Chaplin Winner in Second Court Battle Wednesday at Los Angeles

LOS ANGELES, Oct. 28.—Charlie Chaplin, screen comedian, was victor Wednesday in a second legal battle to keep his two sons, Charles and Sidney, out of films when a local court overruled a second application of Mrs. Lita Grey Chaplin to be permitted to have the boys enter pictures. The two boys are at present with their grandmother at Beverley Hills.

#### REAL SOURDOUGH OF YUKON HERE; FIRST TRIP SINCE EIGHTIES

C. Corbell, who can qualify as one of the north's real "sourdoughs," having gone in to the Yukon in the eighties, is a visitor in Prince Rupert on his first trip "outside" since he went north. Mr. Corbell, who arrived here on Monday from the north, will sail tonight on the Princess Adelaide for Vancouver. For a man who has been in the north so long, even Prince Rupert had many relations to offer and Mr. Corbell will, undoubtedly, find many more in the metropolis of Vancouver. For upwards of twenty-five years, Mr. Corbell has resided in Dawson.

**STRONG POLICY NEEDED**

We have no objection to the policy of the Canadian Government in its attitude at the Ottawa Conference. It seems as if Canada were likely to benefit materially from the decisions arrived at there if they are carried out faithfully. But we do object to the wabbling policy of the Bennett administration in dealing with the unemployed problem. What is needed today is not so much a policy of cheese-paring as of courage in the matter of governmental expenditures.

If the Dominion would today undertake public works of a nature that would develop the country we should soon see an end to the present depression. Take as example the construction of the western outlet to the Peace River and the building of transcontinental highways. If these were undertaken, they would take care of the unemployed and would at the same time encourage others to commence real development work. The men have to be fed so why not get rid of the unrest by giving the men real work to do and insist that they do it?

Today the caring for the unemployed is a serious burden on the municipalities. Prince Rupert is not alone in feeling the strain. Every municipality in the country is groaning under the burden. By initiating a national policy of development and letting the world know that we are going ahead instead of sitting back and hoping for improvement we should be helping to start the wheels of industry going everywhere. We need something badly to offset the influence of the Kidd report.

 By Hanson About  
 Workless Relief**

Olof Hanson, M.P. for Skeena, has inquired in the House of Commons at Ottawa as to what amount of money the federal government has given to British Columbia under the Farm Relief and Unemployment Act during the years 1930, 1931 and 1932 for relief work, for direct relief and loan. Mr. Hanson asks what amount of this was paid for labor, power and equipment and administration purposes.

**Plan Now to Buy  
 DOMINION OF CANADA BONDS  
 1932**

On Monday, October 31, Canadians will have an opportunity to invest in a new issue of \$80,000,000 Dominion of Canada Bonds. By buying these Bonds you will accomplish two things:

1. You will obtain the soundest investment available to Canadians, secured by the resources and integrity of the Dominion.
2. You will assist in further strengthening Canada's financial position, with favorable effect upon general business.

**N**OTWITHSTANDING the trying conditions which have prevailed during the past three years, Canada has established an enviable record of financing. For example, among other accomplishments, the Dominion has refinanced before maturity and at a reduced interest rate—\$640,000,000 of its public obligations, due in 1931, 1932, 1933 and 1934.

The new Dominion of Canada Bonds, which will bear 4% coupons, will be offered at a sufficient discount to provide an income

yield in line with current interest rates. Within the last few months, Great Britain and other countries have arranged important financial operations. In each case, these have met with marked success, investors having quickly recognized the trend towards lower interest rates.

The success of the new Canadian loan is important. It will further demonstrate the confidence of Canadians in their own country. This confidence will be reflected in the money markets of the world.

*For the national advantage---and for your individual benefit---plan how to buy Dominion of Canada 4 per cent. Bonds, 1932, when they are offered next Monday*

This preliminary advertisement is published by the DEPARTMENT OF FINANCE to enable Canadian investors to make arrangements to participate in this offering.

When you're

# Healthy, you're happy

THINK back over the last six months. The days that you were the happiest were days when health was at the peak. Enjoy more sunny days.

Poor health is so often due to common constipation. Yet this condition can be overcome by simply eating a delicious cereal.

Laboratory investigations have proved that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further assist elimination. ALL-BRAN is also twice as rich in iron as an equal weight of beef liver.

This "bulk" in ALL-BRAN is similar to that in leafy vegetables. Biological tests have demonstrated that it is mild in action.

Two tablespoonfuls of Kellogg's ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If not relieved this way, consult your doctor.

Isn't this pleasant "cereal way" better than taking pills and drugs — so often harmful? Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

"When you're healthy, you're happy"

"How you feel—and how well you look—depends largely upon the food you eat. Be sure your diet is balanced—with sufficient 'bulk' to promote regularity."

*W. A. Kellogg*

### IT'S LIVER THAT MAKES YOU FEEL SO WRETCHED

Wake up your Liver Bile — No Calomel necessary

For you to feel healthy and happy, your liver must pour two pounds of liquid bile into your bowels, every day. Without that bile, trouble starts. Poor digestion. Slow elimination. Poisons in the body. General wretchedness. How can you expect to clear up a situation like this completely with mere bow-moving salts, oil, mineral water, laxative candy or chewing gum, or roughe? ## SPORT NEWS

Prince Rupert basketball fans have no room for complaint at the brand and keenness of play that is being dished up for their approval in all four leagues which are operating here this winter. In all divisions the competition is tense and is attracting more and more interest which will, undoubtedly, increase as the season advances if play continues to be as good as it has started. Tonight the season's fourth set of games will be played with Kaien Hardware, who have yet to win a victory, although they have been very close to doing so, tangling with the Canadian National Recreation Association in the Senior League. The Amazons, who have not yet recovered from the surprise they got in the first game of the season when they were taken into camp by the Cardinals, will meet the Red Birds again tonight and are said to be very keen for revenge which should make it a hot Ladies' League encounter. The fact that a three-way tie exists for the lead or the cellar, whichever you like, of the Intermediate League gives assurance that both Tuxis and Merchants will be going out there to win tonight and advance to the top of the class. Japanese Students will clash with Boy Scouts in the Junior League and are resolved that they are going to win their first victory to tie up the standing in that loop. All in all, a real good night's sport appears to be in store.

Basketball, as played under the new 10-second rule, has been heralded by all the leading coaches as the fastest winter sport next to ice hockey. It even has an advantage over hockey for in basketball there is scoring all the time. If the sporting fans of Prince Rupert like lots of action and clean sport, there are over 70 players in action every week and they will give all the speed that is wanted. But, seeing is believing, so come down and watch the play. The contestants will give a thrill with their speed and cleverness. All the excitement and thrills any game could possibly give are assured.

## Cathie Irvine and Eleanor Tite Join Comets Hoop Team

In the endeavor to even up the playing talent in the Ladies' League and make competition more close in that division, the executive of the Prince Rupert Basketball Association, at a meeting last night, transferred Cathie Irvine from the Cardinals to the Comets line-up and moved Eleanor Tite from the Amazons to the Comets. Apart from routine matters, this was all the business before the meeting.

## WHAT'S NEWS TO YOU?

THRIFTINESS is a state of mind that is nearly as valuable an asset as a bank account. . . . For thriftiness can always get a bank account of its own.

And it's easy to tell thrifty people from the way in which they read the newspapers — just as you can usually spot the other kind.

The great majority of men and women never put a newspaper down until they have read the important news which is directed to them through advertisements.

The modern woman, especially, finds the advertisements indispensable. She spends more than five-sixths of the family income. And the prosperity, happiness and health of her household frequently depend on her reading of the advertisements and on the wisdom with which she chooses everything she buys.

The advertisements bring you complete information about accepted products and new ones. Through them you can compare values . . . discover ways and means for greater household efficiency and enjoyment . . . and make sure that every dollar spent will bring its full return.

### Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

### FUNERAL AT METLAKATLA

Yesterday afternoon the neighboring native village of Metlakatla witnessed the solemn event of a double funeral for Victor Arnold Robinson, 22-year old son of Mr. and Mrs. William Robinson, and Mona Marjorie, infant granddaughter of Mr. and Mrs. Reuben Leighton. During the quarter-mile procession along the shore to the burying ground, dirges were played by the band and hymns were sung by the mourners. Brilliant sunshine prevailed.

## JESSIE HAS MORE GOLD

Finest Ore Showing Yet Found Just Opened at Smithers' Property

SMITHERS, B.C., Oct. 23—Recent development work at the Jessie Gold Mine Hudson Bay Mountain, has been successful in opening up the finest ore-showing yet found on the property, either on the surface or underground. The drift tunnel which is being run on the vein has, during October, encountered a body of ore, chiefly arsenopyrite, up to six feet in width. Across the face of the tunnel at the present time it shows thirty inches wide of solid ore dipping into the mountain at an angle of thirty degrees. It has more of the auriferous arsenopyrite than the surface showings and has but little galena and zinc. The arsenical iron is in a white quartz.

The result of this development is in accordance with the expectations of the management and as predicted by the government district engineer, Douglas Lay, and the company's consulting engineer, W. G. Norrie-Loewenthal, both of whom stated that, as depth was gained, it could be reasonably anticipated that there would be more of the arsenical iron and less of the galena and zinc ores and consequently an increase in the gold values.

L. S. McGill, the company's manager, has just returned from a trip to Vancouver in connection with the company's finances and is hopeful of being able to let a contract during November for running 300 feet more of drift tunnel during the winter months. Tenders are being called for this purpose.

The fines were paid in each case.

## KEATON IS SEEN HERE

Frozen-Faced Comedian, With Jimmy Durante, Thelma Todd and Others in "Speak Easily"

A timely offering to audiences craving comedy and lots of it is the hilarious farce "Speak Easily," featuring Buster Keaton and Jimmy Durante, which will be presented at the end of this week on the screen of the Capitol Theatre here. The new Keaton-Durante vehicle is an adaptation of Clarence Budington Kelland's story "Footlights" which concerns the adventures of an absent-minded college professor, played by Keaton, who inherits a million dollars and goes out to see life. On his way to New York he picks up a broken-down musical show with Jimmy, a piano player, portrayed by Durante. Their theatrical adventures in the big city provide many side-splitting situations during which the action is kept moving at hectic speed.

Chorus numbers in back-stage sequences are especially effective and feature some of the latest Broadway routines.

The supporting cast is headed by Ruth Selwyn, a sparkling light-comedienne who handles the role of a small-town chorus girl in a lively manner. Thelma Todd, vivacious blonde, is particularly entertaining as an alluring big-town vamp who causes plenty of heart palpitations for Buster and "Schnozzle."

J. Ben Agar of Terrace is paying a brief business visit to the city, having arrived in town from the interior on last evening's train.
