WAR SITUATION IS LITTLE CHANGED TODAY

TURKS SEIZE NEW POSITION ON THE DARDANELLES AND GET ADVANTAGE

Turks Demand Right of Way to Thrace Across Dardanelles but British Refuse: Holding Chanak

CONSTANTINOPLE, Sept. 22.—Hamid Bey, representing the Turkish Government, visited General Harrington, British commander in chief, saying that Turkey only asked the same right as was given Greece to cross the neutral straits.

General Harrington replied that any move to advance on the straits would be taken as a declaration of war.

General Harrington said the trouble might be avoided if Hamid Bey gave a guarantee that the Turks would stay where they are now until after a peace conference was held.

Hamid could not give this guarantee.

French and Italian generals expressed regret that their governments saw no way clear for participation in the defense of the Dardanelles but promised every assistance in keeping order in Constantinople.

PARIS, Sept. 22.—Britain has categorically refused to withdraw troops from Chanak and has so informed the French Govern-

BANK MANAGER TAKES OWN LIFE

F. G. Hamilton of Bluesky Shoots Himself—Accounts All Correct.

PEACE RIVER, Sept. 22.—Word has reached Peace River of the finding of the dead body in a field near the town of F. G. Hamilton branch manager of the Royal Bank at that point. The doctor, coroner and member of the provincial police motored out immediately to investigate. Suicide is suspected.

Commissioner Bryan, of the Alberta Provincial Police, states that he is in receipt of a telegram from Inspector Hancock of the Peace River division to the effect that Mr. Hamilton had committed suicide by shooting himself and that an inquest was being held.

It is understood that Hamilton had been missing for several days, and that when the body was found, a discharged revolver was found clutched in the right hand of the deceased, who had apparently shot himself through the head.

No Reason For Act.

"I cannot assign any reason for the act," stated Mr. MacDonald, manager of the Edmonton office of the Royal Bank, when asked about the tragedy. "Mr. Hamilton was about 32 years old and was married some two years ago. He has been at Bluesky for two years and a half and the wife went up there with him."

"At the time of the shooting two of Mrs. Hamilton's sisters were staying with her. Hamilton has been an employee of the bank about eleven years. He was for four or five years overseas, and I know him personally. So far as I know, there is nothing wrong with his accounts that should have caused him to take his own life."

A complete investigation is being made by the coroner and police, and bank officials will also conduct an audit of the books of the branch.

Hopèfulness Predominates Slightly Over Fear Regard to the Near East Situation

LONDON, Sept. 22.—Views on the near east crisis oscillate between hope and fear with a slight tendency in favor of the hopeful side of the balance. Nothing has happened in the last 24 hours to make the position materially worse, although it continues serious enough. The immediate peril is the possibility that the Turk Nationalist troops will attack the British positions along the Dardanelles. Mustapha Kemal, the Turk Nationalist leader, is conferring with the Ankara cabinet in Smyrna and the result of deliberations is waited here as eagerly as the outcome of the Paris discussions.

PARIS, Sept. 22.—The French cabinet today decided that in view of the refusal of the British to withdraw their forces from Chanak on the Asiatic side of the Dardanelles, the efforts of the French Government be directed toward preventing war between the Turks and the British.

The near east situation seemed a little more hopeful at least from the viewpoint of preserving allied unity upon the resumption today of the conference between Lord Curzon and Poincaré.

Disturbing reports, however, continue to come in from Constantinople and it is reported that Turkish troops are on the point of issuing an ultimatum to the allies demanding the evacuation of Thrace.

CROW POLICE MAN KILLED

Emil Picarello, of Coleman, Alta., is Charged With Murder of Officer—Police Searching

FERNIE, Sept. 22. Emil Picarello, a prominent citizen of Coleman, Alberta, is said today to have gone to the house of Constable Stephen Lawson, of the provincial police, and shot him dead when he answered the knock. Picarello is now a fugitive with the provincial police of both provinces, the Royal Canadian Mounted Police and the Montana State Police watching for him.

Lawson recently intercepted an automobile driven by Picarello's son intending to search it for liquor at the provincial boundary between Michel, B. C. and Coleman. The youngster raced his car back towards B. C., Lawson firing and wounding the boy in the wrist. Young Picarello managed to get back to Michel, however, and told his father who is said to have driven forthwith to Coleman and killed the policeman.

AMERICAN VICTIM OF CONFIDENCE TRICK

LONDON, Sept. 22.—The second successful operation of the confidence trick within a week has been reported by Scotland Yard, the victim this time being Mr. Nathan Horn an American visitor, staying at the Russell Hotel. Mr. Horn became acquainted with two men, one of whom posed as an American and the other as an Irishman, and in a Hampstead tea-shop was induced to part with £105 in bank notes and a number of American dollars, believing that he was merely showing his confidence in a man who had been left a large fortune.

The two men concerned are known to the police, and both have been specially active throughout the year, though the unwillingness of the victims to prosecute has prevented the authorities taking action.

JACK WOLFE GETS JUDGES' DECISION OVER JOE LYNCH

NEW YORK, Sept. 22.—Jack Wolfe, of Cleveland, was given the judges' decision over Joe Lynch, bantamweight champion of the world in a fifteen round bout last night. The world's title was not involved in the encounter.

WOMAN LED RIOTS

Barefoot Lady Was to Fore in Raiding Bakeries.

LISBON, Sept. 22.—The recent bread riots in this city, the protest of the people against the last rise in the price of this commodity, produced a spectacular figure. A tall, good-looking woman, barefooted, dressed in white with a scarlet handkerchief around her head and carrying a black flag on a staff, led the crowd which was raiding bakeries. She waved her banner, cheered the Social revolution, and exhorted the people to revolt.

The police closed in on her and she was soon suppressed, but her place was immediately taken by another wild-eyed agitator, who had no trouble in leading the rioters. The people of Lisbon paid nothing for their bread on that day. The bakeries suffered the loss.

BIRTHS.

A son was born to Mr. Mrs. A. Mechio, of Seal Cove, at the General Hospital on Sept. 21.

There was born at the General Hospital on September 22 to Mr. and Mrs. George Bissonet of Terrace, a son.

NEW ZEALAND IS SPOKEN BY WIRELESS ESTEVAN STATION

VICTORIA, Sept. 22.—Aided by an unusual combination of atmospheric conditions the Estevan wireless station today spoke Karatonga, New Zealand, a distance of 6,500 miles.

Estevan is on the southern section of the west coast of Vancouver Island.

FISH ARRIVALS ARE HEAVIER AND PRICE DOWN A FEW CENTS

Fish arrivals today were the heaviest for the week and there was a noticeable decrease in price, the highest bidding today being 13.9c and 7c. Eleven boats marketed 170,000 pounds as follows:

Convention, 12,500 pounds, at 13.9c and 7c; Crescent, 8,500 pounds at 13.9c and 7c; Alliance, 10,000 pounds at 11.3c and 8c; and Marguerite, 2000 pounds, to Royal Fish Co at 10.5c and 7c.

Viking, 9,000 pounds, at 13.7c and 7c; Rainier, 8000 pounds at 13.7c and 7c; Johanna, 24,000 pounds, at 11.1c and 8.2c; W. and F., 6000 pounds, at 10.5c and 8c; Annie May, 4000 pounds at 10.5c and 8c; and Dolphin, 10,000 pounds, at 11.2c and 8c, to Canadian Fish and Cold Storage Co.

Muirneag, 7000 pounds at 11.2c and 8c, to the Athl Fish-eries.

Alaska, 65,000 pounds, at 11.2c and 7c, to the Pacific Fish-eries.

NO OFFICIAL NEWS REGARDING DUTY ON CANADIAN HALIBUT

Up to eleven o'clock this morning no information had been received by local fish buyers confirming the signing of the Tariff Bill by the President of the United States.

It is understood that the new tariff includes a two cent duty on Canadian halibut imported into the United States but there is no official news in regard to it.

QUEEN MARIE OF RUMANIA ECONOMIZES

BUCHAREST, Sept. 22.—Queen Marie of Roumania has decided to put off her long-contemplated trip to the United States. The chief reason is Rumania's acute financial position. "We are very poor," says the Queen, "and it would not be right to ask the government to meet the expenses of such a long journey. I am trying to set a good example of frugality and economy. I have cancelled the orders for my coronation gowns. My daughters and I are wearing last year's clothes, and we are saving every penny. Hence I must give up the idea of going to the United States."

FORD FACTORY AGAIN WORKING

One Hundred Thousand Men Return to Positions After Week's Holiday.

SATISFACTORY COAL PRICE

Auto Factories Put in Essential List for Coal Distribution.

DETROIT, Sept. 22.—Henry Ford's industrial strike against what he termed excessive coal prices and discrimination in coal distribution, ended at midnight when the factories were reopened and 100,000 men in Ford's employ again started work. The plants were closed down last Saturday.

The order for reopening came from Edsel Ford, who had just completed a two day conference with coal magnates and Government officials. Following this, Mr. Ford announced that the Government board had placed automobile manufacturers in the essential class in the matter of coal distribution and satisfactory prices for coal had been obtained.

Another 120,000 men employed by auto accessory manufacturers and not directly under Ford are also starting work.

PREMIER OFFERED TO RESIGN BUT WAS REFUSED BY CABINET

Curzon's Peace Place with France Likely to Be Forwarded Today

LONDON, Sept. 22.—It is rumored that Lloyd George offered his resignation to the cabinet at the week-end conference at Chequers but that the resignation was refused.

Lord Curzon threatened to resign if his peace policy with France was not upheld and it is expected that Curzon's plan will be forwarded in today's negotiations.

THOMAS GIVES CASH AWARD IN LIBEL TO CHARITABLE PURPOSES

LONDON, Sept. 22.—The £2,000 damages awarded to R. Hon. J. H. Thomas, M. P., Parliamentary General Secretary of the National Union of Railwaymen, in his libel action against the National Labor Press, Limited, of Salford, for charging him in the weekly journal, the Communist, with treachery to the miners during the coal strike in April 1921, is being given to charity by Mr. Thomas. "I went to law simply and solely to vindicate my honor," he said in an interview recently. "I had not the slightest intention or inclination to benefit myself financially."

Judgment for the £2,000 was given in February last, but Mr. Thomas did not receive the amount until August 4. A great portion of the money, Mr. Thomas said, would go to charities in his own constituency, Derby, the Royal Derbyshire Infirmary and the poor children during the winter would benefit, he said. It was his intention also to send a substantial donation to the Railwaymen's Orphanage, and perhaps, to other charities associated with railwaymen.

Turkish Forces Seize Important Points that Were Held by French

CONSTANTINOPLE, Sept. 22.—The Turkish Nationalist forces have seized the town of Exine on the Asiatic side of the Dardanelles and are threatening Kum Kaleli, an important key position to the southern side of the straits. The Kemalists are now here opposed.

The Nationalist move, in the opinion of naval experts here, will enable the Turks to prevent free ingress to the Dardanelles to the British Atlantic fleet units which are now on their way from Malta. The important positions involved were, up to today, occupied by the French and Italians, and from them the Turks can command the entrance to the straits.

JUNEAU LIGHT AND POWER RATES SET

Five Cents For Light in Summer and Six Cents in Winter, Heat Cheaper

JUNEAU, Sept. 22.—The electric light and power rates set by the city council and provided by the Alaska Electric Light and Power Co., are as follows:

Summer service: Light, 5 cents for the first 100 kilowatt hours and 4 cents for over that amount; cooking service, 2 cents per kilowatt hour; hot water heater service, 82 per kilowatt month; electric heater service, 82 per kilowatt month based on a minimum load of one and one-eighth kilowatt connected load.

Winter service: Light, 6 cents per kilowatt hour for the first 100 kilowatt hours, and 5 cents in excess of that amount; cooking service, 2 3-4 cents per kilowatt hour; hot water heater service, 82.50 per kilowatt month; electric heater service, 2 3-4 cents per kilowatt hour.

Motor service rates fixed are constant throughout the year and are: three cents per kilowatt hour for motors rated at 25 horsepower or under, and 2 cents in excess of that rating. The street lighting service remains unchanged from the old rates. 75 cents for 60 watt lamps, 81 for 100-watt and 82 for 200-watt lamps. The minimum monthly rate specified is 75 cents, the same as was in effect prior to August 1.

ORGANIZE FOR BIG CAMPAIGN

Many Delegates Asked to Attend Public Meeting for Nurses Home Fund.

At the Hospital Board meeting last night, the secretary, Major Gibson, reported that he had written letters to a number of fraternal organizations in the city asking them to send delegates to a public meeting to be called at the city hall on Friday of next week, September 29, to discuss plans for a campaign with the object of raising money to erect a new nurses' home. Those written to were two lodges of Masons, the Order of the Eastern Star, three chapters of the I.O.G.E., the Elks, the Ladies of the Royal Purple, the Knights of Pythias, the Pythian Sisters, the Oddfellows, Rebekahs, Sons of England, Daughters and Maids of England, St. Andrew's Society, Royal Orange Lodge, the Moose, the G. W. V., A. Valhalla, the Red Cross Society and the Knights of Columbus.

It was decided to advertise the meeting and every effort will be made to have a representative gathering on that occasion.

ALASKA HERRING RUN LETS UP FOR A WEEK

The run of herring around Prince William Sound and Sawmill Bay took a decided slump for one week about six days ago, according to Captain McGregor of the Admiral Evans, in port early this morning, and hardly any fish were caught during that period, says the Juneau Empire. The herring canneries were idle and several were about to close when the run started again, said Captain McGregor.

Around Kodiak Island the herring run is keeping up in splendid shape. At Kodiak and three other island points an average of 100 barrels a day are being packed.

Owing to the slump around Prince William Sound, the Admiral Evans only had 900 barrels of herring aboard instead of 4,000, which to former average pack, would have been ready for shipment.

GAINED HEARING WHEN UP IN AIR

CHICAGO, Sept. 22.—(By Canadian Press).—Fifteen thousand feet up in the air A. S. Harris, a former soldier, pronounced hopelessly deaf by army and other specialists, regained his hearing.

Before the airplane flight he was unable to hear the ticking of a watch held to his ear. When he came down he had regained about 70 per cent of his hearing and was able to converse by telephone with his mother. He also said that when he started up he could not hear the motor, but that at a certain height it was suddenly audible.

This flight was held as a test for curing the deaf by altitude flights. Physicians said if Harris could go up 20,000 feet he would be able to hear perfectly.

FAMOUS SINGER DIES.

LONDON, Sept. 22.—Sir Charles Santley, for a decade probably the best known and most popular singer on the English concert and operatic stage died yesterday in his 87th year.

ULTIMATUM TO ALLIES LIKELY BE ISSUED

CONSTANTINOPLE, Sept. 21.—In allied diplomatic circles it is reported that Turkish Nationalists are on the point of issuing an ultimatum to the Allies demanding the evacuation of Thrace in 18 hours.

Possible War Situation Difficult.

It is difficult to comment on the war situation, especially as the later news often changes the complexion of affairs. At the time of writing, however, it seems as if it would be impossible to avoid a conflict.

Should there be war, of course Canada will bear her part. The Terrible Turk would be unbearable if he should be victorious on this occasion. In the present instance, however, it is hardly to be supposed that Canada will look on this as a war where she is fighting for her existence and where it will be necessary to conscript men. Such action should never be taken except in defense of the country against invaders or possible invaders. At such a time every man should be compelled to help defend the country in which he lives. It is his duty and privilege. Citizenship in a British country carries with it many privileges and the duty of defending the country goes with it.

Position Of Canada Is Much Discussed.

The position of Canada today is being much discussed. Of course there are many who condemn the Government for not at once announcing that we are ready to fight. On the other hand there are just as many, if not more, who look more calmly at the situation and agree with the action taken by the Dominions jointly as announced yesterday when they practically demand submission of the whole case to the League of Nations. The difficulty with such delay is that in the meantime the enemy is entrenching himself. The present positions must be maintained at any cost, it would seem, and Britain is being left to do it alone without even the help of her former allies, and without a single man from the Dominions.

Right To Search On The High Seas.

The United States is claiming the right to search British or other vessels nearing her coast to find out if they are rum runners that intend to land their cargoes illegally on the United States coast.

In 1812 the United States declared war against Britain because Britain claimed the right to search American vessels in time of war to discover if there were deserted British seamen aboard.

There is no suggestion that the present American claim will lead to international complications for any dispute of that kind can be settled by an international tribunal. It is, however, an interesting situation and one that may lead to ill feeling if not carefully handled.

While we strongly sympathize with the United States in her efforts to prevent illegal importation of liquor there are general principles which are much more important than that of prohibition and one of those is the right of nations to the high seas. Nothing is likelier to lead to future wars than a loose interpretation of international law.

Stop Upholding Law Breakers.

The United States is breaking an international law in order to enforce a national law. In this country we are inclined to wink at the breaking of the law just because some of us are thirsty. It was only a few months ago, comparatively, when a large section of the people of British Columbia was calling loudly for a moderation law and declaring that it would put the bootleggers out of business and would mean the settlement of the liquor problem. They secured that and now they wish to go further and they wink at the law-breaking which is going on. The Attorney-General calls on the people to stop upholding the law breakers and to play the game. He will get a ready response from most people who wish to see the affairs of the country conducted decently and in order.

GENERAL CURRIE WILL BE HEARD

He and W. E. Cushing, of Montreal, to Be Visiting Speakers at Banquet Tomorrow Night.

General Sir Arthur Currie, president of McGill University and former commander-in-chief of the Canadian Expeditionary Forces in France, and W. E. Cushing, prominent Montreal liquidator and trustee, will be the visiting speakers at the fish dinner which is to be tendered by the city and Board of Trade to the Montreal Board of Trade excursion party in the Central Hotel tomorrow evening. E. C. Gibbons, acting chairman of the Board of Trade entertainment committee, received a telegram from the south to this effect last night. Mayor Rochester and Fred Stork, M.P. will be the local speakers.

TRADE ASSOCIATIONS

George Hougham Addressed Rotary Club Yesterday on Interesting Subject.

The Rise and Development of Trade Associations was the subject of an address given yesterday at the Rotary Club luncheon by George Hougham, organizer for the Retail Merchants' Association of Canada. He told of the formation of the big London Companies and of their aims and objects and charities, and suggested that business and professional men had obligations to society which had been rapidly recognized.

Mr. Hougham suggested that if any business called for attention it was the distributing business. It was necessary to study the adaptation of supply to the needs of the people. If there was anything out of step with modern demands today it was the present method of distribution. For a long time it had been without standards either professional or ethical.

Mr. Hougham also told of the Retail Merchants Association of Canada which was organized for the purpose of reviving the standards of the distributing business.

RECEPTION GIVEN BY MRS. MUNRO FOR NEW MANAGER'S WIFE

One Hundred Guests at Anyox Social Event on Wednesday

ANYOX, Sept. 22.—Mrs. H. S. Munro, wife of general manager, entertained on Wednesday afternoon in honor of Mrs. Lawrence B. Clapp, wife of the new assistant general manager, succeeding Dr. Baneroff.

The guests numbered about one hundred and the dainty tea table which was centered with pretty candles was presided over by Mrs. Paul Whelan and Mrs. Learoyd, while assisting in the serving were Mrs. D. Deane, Miss Rowena Champion, and Mr. Buebe.

The guests were treated to many selections from the orchestra during the afternoon.

The regular meeting of the hospital board last night was slimly attended, those present being D. G. Stewart, chairman; Alderman McNeill, Rev. W. E. Collison, Mrs. Jarvis McLeod and Mrs. Darton.

COLEMAN COX COLLECTION

Valuable Thoughts and Sayings Gathered at Odd Times

Coleman Cox had a hobby all his own. He was a collector but instead of collecting things like postage stamps, curios, diamonds or other useless truck he made a point of jotting down all the odd or pungent sayings he heard and these he tabulated and indexed. One day he was called on for an address and he selected a few of the brightest things in his collection and gave them to the audience. Such an enthusiastic reception did he get that he later re-wrote a large number of them and published them in booklet form and the sale of this booklet has run into hundreds of thousands. Here are a few of the bright thoughts as given at the Rotary Club yesterday by American Consul Wakefield:

You can't buy Confidence and Respect with Profanity and Vulgarity.

Of course your boss doesn't run his business right. Probably he would fire you if he did. When the boss asks you what you think about a matter, tell him what you think, and not what you think he thinks.

Another good thing about telling the truth is, you don't have to remember what you say.

Many manufacturing concerns' greatest profits come from by-products. Employee, your by-product is your idle time. What profit are you getting out of it?

If you have anything to say, say it, and with as few words as possible. That is what Abraham Lincoln did, and the world still remembers and repeats what he said.

The young fellow who has a coffee and doughnut breakfast down town, an armchair lunch, and eats a delicatessen dinner out of paper bags when he gets home in the evening, nine times out of ten has married some fool girl because she was a good dancer.

You are not dressed for work until you put on a smile.

Never hear of a fellow working on a small salary crushing a woman's heart and being sued for breach of promise?

When a man is chasing the almighty dollar he forgets there is a God, and when he is chasing women he forgets there is a devil.

The Man in the Moon SAYS--

If you wish to get a reputation for a true prophet tell the people there is likely to be considerable rain in Prince Rupert this winter.

THERE is no need of a broad-casting station in Prince Rupert, says Jinks. All you have to do is to whisper something confidentially and it goes around the town quicker than a fire through a ten acre dry slashing.

AS a hint to local society people who may be intending to go south to live it may be mentioned that when they reach "the outside" they will give up riding in a car and thenceforth take a "caw."

SCOTTISH people used to be taught at the family altar and the kirk and took the shorter catechism along with their porridge but today they—yes what do they do?

REMARKABLE CASE OF SLEEP WALKING

LONDON, Sept. 22.—An extraordinary case of sleep-walking is reported from Fleet, Lincolnshire. A Norfolk man was cycling through the country, and arriving at Holbeak close upon midnight, was unable to find lodging. Placing his bicycle against a gate, he lay down exhausted by the roadside and went to sleep.

On awakening he could not find his machine. He aroused the village constable and learned that he had walked to Fleet, two miles away, in his sleep. The bicycle was later found where he had left it at Holbeak.

Tom Moloney returned to the city from Anyox on the Prince George last evening.

Girl Guides Organization **TEA DANCANT** Metropole Hall, Saturday from 4 to 7. 222

Dalby Morkill, the well known mining engineer, sailed last night on the Prince George for Vancouver.

Miss Matsu Hara and Mrs. Kamada were passengers for Vancouver on the Prince George last night.

Major J. H. McMullin, government agent, leaves on Sunday night for Vancouver on a week's business trip.

Full stock of 3-ply Cottonwood Veneer is now being carried by **Albert & McCaffery, Ltd.,** Phone 116 or 564. 11

A. Maguire, a well known Alice Arm mining man, passed through the city on the Prince George last night enroute to Vancouver on a business trip.

Stanley Marks, former football player for the Sons of Canada club, passed through the city on the Prince George last night enroute from Anyox to Vancouver.

Len Bell, president of the Railway Employees' Industrial & Investment Association which operates the hydroplane Hazelton, left on last night's train for Terrace.

Just received! A lot of pure wool English blankets, white and colored, shipped direct here from the Old Country. Prices very reasonable. **Pat Phillipson, Second Avenue.** Phone 223

H. F. Kergin, M.L.A. for Atlin, passed through the city last night on the Prince George enroute from Alice Arm to Vancouver where he will attend the Liberal caucus after which he will go to the party convention at Nelson. Mr. Kergin will be back north again before going to the session which is to open towards the end of next month.

The president of the hospital board at the meeting last night announced that Miss Black, superintendent of the local hospital, had been chosen as one of the vice-presidents of the B. C. Hospital Association and would be able to give valuable advice and assistance to that organization. He was pleased to know that she had been thus recognized.

The Hospital Board at its regular meeting last night decided to pay Miss Donaldson an additional \$20 a month during the time she was acting matron of the hospital. It was reported that she had done excellent work and the board was fortunate in having on the staff someone who was able to take the place of the matron during her absence.

A suggestion by the B. C. Hospitals Association that in place of the apportionment of a share of the proceeds of the Government liquor business being distributed as at present, it be given in the form of a per capita grant to the hospitals direct will be opposed by the local hospital board. A letter dealing with it was read at the meeting of the board last night and referred to a committee for action.

Under the auspices of the City of Prince Rupert and the Prince Rupert Board of Trade, a dinner will be given at the Central Hotel on Saturday, September 23 at 7 p. m. to welcome the British parliamentary party and the members of the Montreal Board of Trade. Speakers, **SIR ARTHUR CURRIE AND MR. W. E. CUSHING.** Tickets, \$1.25 each may be obtained from Ormes Drug Store or the secretary, Prince Rupert Board of Trade. 223

F. G. Dawson left on last night's train for Prince George on a business trip.

The finance committee of the Fair Association met last night and authorized the payment of several accounts.

Arthur Covey, beer inspector, returned last night from a trip to the interior which took him as far as Lucerne.

PEER AND PARSON ARE AT VARIANCE

Boy Scouts Listen to Advice From Different Authorities and Are Puzzled

LONDON, Sept. 22.—It would appear to be the fate of Boy Scouts the world over to have to listen to good advice from their elders.

But recently a group of scouts must have been perplexed, as well as amused, when the good advice from two speakers did not in the least agree.

The vicar, the Rev. A. O. Cheney, addressed them. He warned them against smoking as "a dirty and disgusting habit."

He told them to remember to keep the Sabbath day holy and not to go about "making a noise and disturbing the villagers."

Nor, he said, should anything be done on Sunday which entailed extra work for anyone.

After the service Lord Amphill got his turn at the boys. He said that smoking had been helpful to some of the greatest men in the world.

So long as they did not disturb the peace of their villages, they need have no compunctions in turning out on Sunday to pay a friendly compliment to a new troop.

One of the grownups suggested that the Peer and the Parson should hold a public discussion on the subject, the proceeds to be divided equally between the church and the scouts.

BRINGING UP FATHER

STUDENTS MENACE TO EGYPTIAN GOVERNMENT

Latest Cry is For Elimination of Examinations in Schools

CAIRO, Egypt, Sept. 22.—The inauguration of a strict policy by the Egyptian government to deal with the fanatical enthusiasm of the school boy politicians is regarded by all the native papers as a necessity of the hour.

The students in the universities and high school of the country who came forward last year and joined in street demonstrations to help win political freedom for Egypt, have now developed a new movement which seems to be a general revolt against all existing customs that conflict with their own personal aggrandisement.

The students, conscious of their power, have returned their energies to eliminating examinations. Their political slogan a year ago was: "We do not want the English." Today they are shouting: "We want no more examinations."

The elections for members of the new Parliament are set for October. The students aim to see that only candidates who meet their demands are returned to both houses.

Followers of Zaghloul Pasha are taking advantage of the students' over-zealousness and are showering upon them all kinds of promises in return for votes at the coming elections.

DREAMING OF AIR SHIPS OVER OCEAN

Germans Still Look to See Monster Air Lines Carrying 150 People

BERLIN, Sept. 2.—Will the air over the Atlantic shortly be roaring with giant floating palaces capable of making the trans-oceanic flight in 60 hours?

Some enthusiasts, who claimed definite plans are under consideration for the monster trans-Atlantic air liners, are described in other quarters as mere "pipe-dreamers," dealing in just ordinary "rattles in the air."

The proposed ships would each have a capacity of 110,000 to 150,000 cubic meters. They would tear through the clouds at the rate of 150 miles an hour, unless there was no urgent demand for speed, in which case they would slow down to 100 miles. Such a vessel would be 275 meters long, 35 meters wide at its greatest diameter, and 39 meters high from the top of the gas-bag to the bottom of the body.

Its carrying capacity would be 60,000 kilograms, of which 40,000 would be required for fuel, food, etcetera, the remainder being for mails and passengers.

The estimated passenger accommodations would allow for 100 fares in addition to a crew of 50. The mammoth airships would be equipped with all possible comforts and conveniences, resembling in comfort the great ocean steamships now in service.

German gossip on the aerial possibilities of the near future does not rest, however, with the channels over the Atlantic. A prophecy is made that many years will not pass before the United States will have inaugurated a service between her mainland and the islands she holds in the Far East.

BOYCOTT STREET CARS AT BEIRUT

Public Demand That Fares Be Reduced and Refuse to Ride.

BEIRUT, SYRIA, Sept. 21.—The public of this Syrian city is on strike against excessive street car fares, and the local tramway company, instead of taking in \$800 a day, now collects not more than five pounds daily.

The few short lines in the city are not more than a third the length of the lines in a city of similar size in America, and although the service is far inferior, the fares are about double the American rate.

The public demanded a 50 per cent decrease, and not getting it, a boycott of the system was started. For once the people have stood together. The first few days a very few people attempted to ride, but sticks and stones soon made the cars so unpopular that all deserted.

A number of cars were pretty well smashed up by the hoodlum element, and then for a week not a car came out of the barns. Government aid was asked, and three policemen were furnished for each car and they began to run. But the public stuck together, and the police were the only passengers.

Then the jitneys started up. Small American motor cars are doing a thriving business, and the cab horses are getting thinner and thinner from long hours and little sleep. Although this state of affairs has continued for over a month, there seems

TAX SALE

Atlin Assessment District - - - Atlin, B.C.

HEREBY GIVE NOTICE That, on Thursday, the twelfth (12) day of October, 1922, at the hour of ten (10) a.m. at the Court Room, Provincial Government Building, Atlin, B.C., the Collector will sell at public auction the lands in the list hereinafter set out, of the persons in said list hereinafter set out, for delinquent taxes unpaid by said persons on the 30th day of June, 1922, and for interest, costs, and expenses, including the cost of advertising said sale, if the total amount due for the period ending December 31st, 1920, is not sooner paid.

The Collector will be pleased to receive any information respecting the following list where the owner is or was a member of the Allied Forces, and entitled to the benefits of Section 29, of the "Taxation Act Amendment Act, 1918."

Table with columns: NAMES OF PERSONS ASSESSED, SHORT DESCRIPTION OF PROPERTY, Amount of All Taxes, Interest, Costs and Expenses, Total.

Dated at Atlin, B.C., September 15th, A.D. 1922. J. A. FRASER, Collector.

ALASKAN LUMBER IS SHIPPED TO AUSTRALIA

Vessel Leaves Ketchikan for South With 1,723,000 Feet on Board

KETCHIKAN, Sept. 22.—Loaded with 1,723,000 feet of spruce lumber valued at \$30,000 for Melbourne and Adelaide, Australia, and Newcastle, New South Wales—the first cargo of lumber ever exported from Alaska—the barkentine Anne Comyn, commanded by Capt. C. W. Brasting, ran in her flag as a parting salute as she left for her long trip across the Pacific, just thirty five days, almost to the minute, since her arrival from Port Townsend.

The barkentine was towed out by the tugs Inverness and Salmonora and was to unfurl her sails and start as soon as possible on her westward journey, which, if the trade winds permit, will bring her to her destination in from sixty to seventy days.

To guard against any discomforts caused by delays should she be becalmed, however, the Anne Comyn carries supplies to last her captain and crew of sixteen men three months.

All the timber from which the lumber was cut by the Ketchikan Power Company at its plant in this city came from Mud Bay and Prince of Wales Island. The lumber consists of merchantable box spruce and will be principally used for re-manufacturing purposes.

GEORGE JAMES FOUND GUILTY UNLAWFULLY PURCHASING LIQUOR

George James, proprietor of the St. James Hotel, was found guilty by Magistrate McClymont in the police court this morning of illegally purchasing liquor, to wit two barrels of Cascade beer, and was fined \$50. The fine was paid under protest.

Adjournment until Wednesday has been made in the case of the Prince Rupert Mercantile Co., charged with illegally selling liquor in the same connection.

event of a call to arms. Lieut.-Col. R. H. Palmer, of the 1st Edmonton regiment, states that numerous offers of service have been received.

BIG BASEBALL BANQUET ANYOX

Great Time at Elks Dugout When Mine and Smelter Entertained

ANYOX, Sept. 22.—The Elks Dugout was the scene of one of the most enjoyable evenings ever held in Anyox when the Elks baseball team gave a general good time to the Mine and Smelter teams, the executives, umpires, and the fans who had made 1922 such a successful year. About 120 people were present. Pete Draudson, pitcher for the Elks, was the star of the evening, for it was he who caught the last ball of the final game which gave the Granby Company Cup to the Elks team, who are now the Anyox champions for 1922.

In opening the entertainment, Chairman Draudson said it was held for the purpose of giving the baseball players and their supporters a good time and to have happy memories of the 1922 baseball series in Anyox.

Speaking of the Mine team who played their final game with the Elks and after a 10 innings game ended three runs to two in favor of the Elks, Chairman Draudson said they need have no regrets for no better battle had ever been put up for a cup, and there were no better sports than the Mine team.

The Smelter team he said were real sports for they had played good ball all season, and when defeated they always went awingling, which is surely a hard thing to do, but it proved the calibre of the men who composed the team.

Brought the Cup The cup was brought into the hall by Secretary Kelly of the Community League, and after a short speech in which he said the brand of baseball compared favorably with any he had seen in amateur leagues. The cup was then filled and passed around the table, everyone present partaking of its contents.

Chairman Draudson gave the toast, "The Mine Baseball Team," and the reply was given by Al Ployart, manager of the Mine team.

"The Smelter Baseball Team" was the toast of J. Esplin, and Manager Harold Davis replied. Sam Downs had a few pleasant words to say about the umpires of the 1922 season.

Good eats of all kinds were then supplied, to which the merry crowd did justice. The Chairman called on Bert Kerkin, M.L.A., for a speech, who spoke on sport in general, and said he remembered the time when Alice Arm had a poor team, but Anyox had still worse, and although there were three splendid teams in Anyox this year he felt sure next year Alice Arm would have a team to beat the best Anyox could produce. "The best year ever" was the keynote of a speech by Chas. Wing. Other items on the program were:

Speech—B. Chapman. Recitation—Fred Archer, "Blasphemous Bill." Story—Sam Downs, "Story of the Squirrel." Speech—Fred Brown. Song—Max Morrow, "Old Kentucky." (Encore) "Wahash Blues." Recitation—Jim Blaney, "Peter at the Gate." Song—P. Draudson, "There Must be Little Cupids in the Priny." Story—P. Draudson, "Two City Gentlemen on a Hunting Trip." Speech—E. J. Conway, "Anyox Baseball History." Speech—Sam Downs. Song—Archie Morton, "Gondoliers." Song—Jimmy Thompson, "Doan an' doris." Speech—Harold Davis. The only regrettable incident of the evening was that Arthur Jacobs from the Mine was called back to the job on account of a crusher breaking down. Arthur says, next time he is going to shut all the d—d crushers down before he starts off. The happy bunch wended their way home in the early hours loud in their praise of baseball and its ending for 1922.

Sport Chat

Bird hunters report that geese are more plentiful in the district this season than they have been for several years. Ducks are also to be found in good numbers. With the advent of stormy

MACDONALD'S CIGARETTES 15¢ The Tobacco with a heart

weather, which seems to be here now, some good bags should be taken for it is then that the birds seek shelter in the bays and coves and are easier to get at. The goose is a particularly wily bird and when the weather is calm and clear it is a difficult matter to get within shooting distance of him. Many hunting parties are reported to be going out this week-end both for birds and deer.

It is the unanimous hope of local sport fans that the departure of Wallace Anderson for Anyox will not mean his permanently leaving the city. "Warrie" is one of Rupert's very own boys and as an athlete he has always had a credit in the city and a player in various branches of athletics that many a town bigger than Prince Rupert would be pleased to possess. He has been the mainstay of local teams for such a long time that his loss would be sorely felt. Every body hopes he will be returning before long.

The city team won the Prince George town baseball championship last week by defeating the railway team by a score of 5 to 4. The game was not fast but it was clean and the pitchers both played well. White pitched for the city and Gray for the railroaders. The winning team got thirteen hits and the losers, seven. The game was even up till the last of the ninth frame when the city scored the winning run. Errors were 2 for the city and 3 for the railway.

SONS OF CANADA DEFEAT GROTTO

Stuart Shield Game Played in Drenching Rain—Score 3 to 1

Playing in a drenching rain before a mere handful of spectators, the Sons of Canada defeated the Grotto in last night's Stuart Shield football game by a score of 3 to 1. The match was devoid of brilliant play and there was little enthusiasm about it, the precipitating torrents preventing anything in the way of outstanding performance. There were no casualties and no penalties. The Grotto played ten men cutting one off the half back line. The Sons were short several of their regular players and had some substitutes who made their first appearance of the season in the local football world.

The first half resulted in the Sons scoring twice and the Grotto once. Jimmie Mitchell and Jimmie Marks tallied for the Sons and Bud Barrie for the Grotto. Jimmie Marks sent through the third counter for the Canucks in the second half. W. McCulloch was referee, A. Clapperton and D. Jack, linesmen, and the teams took the field as follows:

Sons of Canada—Scott; H. Menzies and V. Menzies; W. Davis, G. Mitchell and U. E. La Casse; Charles Blythe, J. Mitchell, J. Marks, E. Warren and H. Curtis. Grotto—J. Campbell; B. Barrie and Hamilton; A. Roy and W. Smith; S. Butters, J. Kirby, P. McGowan, R. Gilmour and George Hill.

MILITIA RECRUITING PROCEEDS EDMONTON Men Preparing in Case They Should be Needed to go Overseas. EDMONTON, Sept. 21.—Recruiting of Edmonton militia battalions to full strength is being taken without delay here. While no orders to mobilize have been received, local officers are taking steps to see that initial necessities are fulfilled. Hundreds of telegrams poured into the city from country points, while business offices of former military officers were bombarded with telephone calls and visits from war-veterans. One regimental colonel said he could mobilize a battalion in twenty minutes, judging by the response from all sections.

For All the Family CHIEFLY because, for over a quarter of a century, Stanfield's Limited have been making underwear, Stanfield's Unshrinkable to-day is the best that Canada produces. For men, it is a unique combination of real warmth and freedom—a new indoor and outdoor understanding of underwear comfort. For women, daintiness of costume begins with Stanfield's Unshrinkable. For children, the protection of the purest wool in all the world. The adjustable feature of the combinations and sleepers takes care of the growth of the child and with the wear of the garment secures years of additional service. STANFIELD'S Unshrinkable UNDERWEAR It wears longer

FREEDOM NO USE TO THAT GOLDEN EAGLE

Got Out of Cage But Did Not Then Know What to Do.

PITTSBURG, Pa., Sept. 22.—For the last ten years "Goldhead" strutted about in a large iron cage just outside the main zoo building in the park. Day in and day out he would stretch his long neck and view the woods and outside world. He wanted to be free and enjoy the outdoors once again.

Last week his dream came true. The old cage that was his home collapsed. The eagle hardly had dropped before "Goldhead" was outside and free. With him went three baldheaded eagles. But the other eagles didn't care to go far and it wasn't long before they again were in captivity.

Enjoys His Freedom. In less than an hour "Goldhead" was soaring high through the park and stretching his wings for the first time in years. Park officers, in charge of Keeper Harry E. Cook, rushed about trying to coax the eagle back to the zoo. But their efforts proved unsuccessful.

When night came the big eagle dropped to the trees in the hollow below the zoo. Here he spent the night. The next morning found him once again sailing through the air. But by the time the second night arrived "Goldhead" began to get hungry. He had been caged up so long that he had forgotten how to feed himself. The birds and tempting chicken coops just a short distance from the park had no attraction for the eagle. He couldn't bag himself any food. So he spent the second night in the same group of trees.

All the next day the zoo guards attempted to catch the eagle but "Goldhead," in spite of his hunger refused to step into the traps arranged for him. Dusk found the eagle wandering about in the grass. Then the fatal stone was thrown and "Goldhead" was brought to the ground fatally wounded.

Did Not Eat. The zoo officials were notified and the old bird was brought to the hospital where he died a few hours later.

Keeper Cook stated that his examination of the eagle showed the bird had not eaten since its escape.

Cook said that nearly every animal and bird in the zoo would act the same way should they be given their freedom. He said that even the lions and tigers gradually would starve to death because they have forgotten how to feed themselves. "Goldhead" will be mounted by the zoo officials and placed on exhibition in the museum section of the zoo.

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN PROBATE. In the Matter of the Administration Act, and in the Matter of the Estate of George Crook Doughty, Deceased, Intestate. In Chambers: Before His Honor J. McE. Young, Thursday, the 24th day of August, 1922.

UPON the petition of J. H. McMullin, Official Administrator, upon reading the affidavits of the said J. H. McMullin, of Albert Edwards, of Alexander Johnson and of Andrew Brown; and upon hearing Mr. W. C. Fulton, of Counsel for the Petitioner; IT IS ORDERED that the death of the above-named George Crook Doughty shall be presumed to have occurred on the 26th day of April, A.D. 1922, at seven Mile Point, Graham Island, British Columbia. IT IS FURTHER ORDERED that the said J. H. McMullin may apply for administration of the said estate and declare to the death as having occurred upon the said date upon publishing a copy of this order in a newspaper published and circulating in Prince Rupert, B.C., for a period of one month at weekly intervals. EDMONTON WAR VETS. TO TOUR THE STATES

Will Leave Early in November and Expect to Be Away Six Months.

EDMONTON, Sept. 22.—Early in November the Edmonton Great War Veterans Association military band will leave the city for a six months' tour of the United States. At a crowded meeting of the members of the association the project was enthusiastically endorsed. Of \$5,000 to be raised for initial expenses, \$1,500 will be advanced by the local branch. This sum will be in the nature of a loan and is expected to be returned inside of six months to all the subscribers.

The co-operation of members of the American Legion in the various States is assured, and with the popular sentiment prevailing south of the border, towards all Canadian veterans, a most successful itinerary is anticipated. The full complement of the band will be 35 in addition to the conductor, Comrade Frank Eldridge. Each member will have served overseas, and with only two exceptions all will be local men. The members will be equipped with brand new uniforms, which will be very similar to the old dress uniform of the 19th Alberta Dragoons.

Approved by Officials.

That the movement meets with the approval of the officialdom is evidenced by a letter signed by his excellency the Governor-General, a letter signed by Premier W. L. Mackenzie King, President W. L. Maxwell of the Dominion Command, G.W.V.A., and others, including the American Federation of Musicians, local 390.

PRINCE GEORGE

Sales at the recent government auction amounted to \$15,000 in the city, \$2,883 in South Fort George and \$800 in Central Fort George. J. W. Smith, of the provincial land department, who conducted the sales, has gone to McBride where another sale may be held in the near future.

Mr. and Mrs. E. Armstrong, of Quesnel, were in the city at the end of the week on their way to Ireland.

Sir Thomas Robinson, of Grimsby, England, was a business visitor in the city last week-end. He was accompanied by Frank L. Mardoff, of Los Angeles.

Mrs. McPhadyen, Miss K. Brown and T. Austin Jr., have returned from a three week motor trip to the Coast.

STEEL AIRPLANE IS LIGHTER THAN WOOD

Great Britain Claims Many Advantages for Metal Machines.

LONDON, Sept. 22.—Great Britain possesses an all-steel bombing airplane, a distinct departure in aerial construction. Except for its canvas wings the entire machine is built of steel. Nevertheless, it is 4 percent lighter than a wooden airplane of the same dimensions.

The claim is made that this machine shows a great advance over German airplanes constructed of aluminum alloy, which is said to lack the strength of British steel. It is equipped with two Napier 1,600 horsepower engines. Although designed as a fast long distance bomber, it is said to be as easy to maneuver as a little fighting scout. This is because of its steel construction, which permits the grouping of all weights. Advantages claimed for all steel airplanes are greater strength; increased load carrying capacity; ease of manufacturing in large numbers and the fact that they are less vulnerable to bullets and shrapnel while flying, and also that they are virtually fireproof.

DELIVERING DRUGS IN LONDON CITY

Traffickers Devise Novel Means of Transmitting Illicit Goods from Vendor to Purchaser.

LONDON, Sept. 22.—Scotland Yard is conducting an intensive campaign against West End drug traffickers whose activities of late are said to have greatly increased. Some of the methods used in delivering drugs to the purchaser are described in a recent report.

"Fourth lamp-post on the right," a trafficker whispers in the ear of cocaine victim. He passes down the street, and with the aid of chewing gum fixes a little white packet on the fourth lamp-post. The purchaser follows at a discreet distance and removes the packet. Another trafficker drops rolled omnibus tickets on the pavement. He is followed by a string of clients who pick up the tickets which of course contain cocaine.

Another throws an apparently empty match box into the gutter. A minute or so later a customer picks it up and extracts one or more packets of cocaine. Another trafficker keeps the drugs in in the turned-up ends of his trousers. He advises his customers where he will walk and as he goes along he stops as if to fasten his bootlace. In reality he is placing a packet of cocaine on a doorstep, whence a customer picks it up.

HE WAS PARTICULAR

School Teacher—(to boys)—Now, all who desire to go to heaven when they die, stand up! Little Jimmy remains seated. Teacher—Why, Jimmy! Don't you want to go there, too? Jimmy—Yes, ma'am; but not if that bunch is going.—Houston Post.
