China Will Prevent Chinese Laborers Coming to Canada

OTTAWA, June 10.—At an official dinner tendered him here today, Dr. Sze, Chinese minister at Washington informed a brilliant gathering of parliamentary representatives that China valued the friendship and good will of friends abroad too highly to risk losing it by permitting a few thousand Chinese laborers to emigrate from China if it will result in discord. He said he informed the Canadian minister that the leaders of China do not desire to encourage Chinese laborers to emigrate.

After dinner Premier Mackenzie King stated that the government had been conducting negotiations with the Chinese government with respect to the Oriental problem in western Canada and in this connection the visit of the Chinese ambassador to Ottawa and his pronouncement was significant.

REPRIEVE OF MURDERER IS CRITICIZED

Man Said to Be Son of Prominent Lady in England Says Express.

LONDON, June 10.—Major Ronald Trues respite from the death sentence imposed for killing Gertrude Yates has caused the newspapers to criticize the reprieve must be explained if rumors that special influences at work are to be set at rest.

The Express says True is the son of a lady whose identity is concealed and which if disclosed would startle the world.

The True case will probably be brought up in Parliament Monday, says the Standard. The champions of the Home Secretary's act of clemency say that under the law he had no alternative.

LIQUOR LAW INTRODUCED

Bill to Give Province Sole Right to Import Read First Time

OTTAWA, June 10.—A new bill to amend the Canada Temperance Act meeting the wishes of the authorities of B.C., Quebec, Ontario, Saskatchewan and Nova Scotia was given a first reading. A provision requested by B. C. stipulates that the provincial government have the sole right to import liquors into the province.

ASK TRANSFER INCOME TAX

Municipalities Ambitious to Have More Money to Spend

VICTORIA, June 10.—John Haddon of Winnipeg, was elected president of the council of Western Canadian municipalities at their convention which closed here yesterday. Wells Grey of New Westminster was re-elected vice-president.

Among the resolutions passed was one declaring that in view of increased school costs western cities should share in the provincial income taxes to enable a reduction to be made in municipal rates. This will be urged on provincial governments modified to meet local conditions.

British Columbia it is not expected that the government will hand them the whole income tax. During the discussion it developed that municipalities all over the west were facing the same problems as British Columbia cities and towns.

SKIRMISHER TO ARRIVE TODAY

C.G.M.M. Freighter Was Off Langara Island at 2:45 This Morning

The Canadian Government Merchant Marine Freighter, Canadian Skirmisher, coming here for overhaul, was reported off Langara Island, Dixon Entrance, this morning at 2:45. Near there, Captain McGoskie, the pilot, was picked up and it is expected that the vessel will reach port some time late this afternoon, possibly about four. It is not likely that she will go on the pontoons today but may go up on Monday.

Thomas Loudon, superintendent engineer for the Canadian Government Merchant Marine, arrived from Vancouver on the Prince Rupert this morning. He will inspect the ship on arrival and will decide what is to be done. W. J. Cullum, steamboat inspector from Victoria, who arrived in the city this morning.

RUSH LIQUOR INTO YUKON

Princess Louise Sails With Large Cargo of Wet Goods Tonight

VICTORIA, June 10.—The Yukon is making valiant efforts to forestall the liquor famine threatened by the new United States regulation prohibiting the passage in bond of liquor through American territory. They are stocking up before the order becomes effective on June 15.

Shippments are reported to have been passing through Skagway and some new route must be found if Yukoners are to be appeased.

The Princess Louise is sailing for Skagway on Saturday, loading cargo, mostly liquor, for the Yukon.

OLDEST COUPLE IN UNITED KINGDOM HAVE PASSED AWAY

Mr. and Mrs. Thomas Minty, Parents of Local Police Officer, Died Recently.

Mr. and Mrs. Thomas Minty, parents of Chief A. C. Minty, of the provincial police here, who had the distinction of being the oldest married couple in the United Kingdom, died within a few days of each other last month.

The late Mr. Minty passed away on May 1 and Mrs. Minty on May 17. The former would have been 99 on August 1 and the latter, 100 in September.

COUNTY CRICKET

Hampshire beat Worcester-shire.
Middlesex beat Gloucestershire
Cambridge beat Sussex.
York beat Warwick.
Surrey beat Leicestershire.
Somersetshire beat Derbyshire.
Northamptonshire beat Glamorganshire.
Marylebone Cricket Club beat Scotland.

ASK SALE OF FOREST MILLS

Up-Country Lumber Mills and Timber Limits May Be Auctioned.

VANCOUVER, June 10.—Whether the assets of the Forest Mills of British Columbia will be auctioned on August 15 to meet liabilities of more than half a million dollars will be decided in court on Tuesday. The application of the debenture holders for immediate sale is being adjourned until that date.

The assets of the company consist of four saw mills in the Kootenays and some of the most valuable timber property in the province.

CLEMENTSON GOING STRONG IN SOUTH

C. C. Clementson, the well known local ball player, has established himself in Seattle and is playing ball with the Union Oil Co.'s team. In the second game which he played at Seattle he made a home run in the thirteenth inning of an overtime game, bringing in two runners and winning the game for his side. It was the longest hit ever made in the park, it was said. Clem is not returning to Prince Rupert.

BABE RUTH OUT TO HIT HOME RUNS UP TO OTHER PLAYERS

CHICAGO, June 9.—Babe Ruth has abandoned hope of passing last year's home run mark of 59. He announces he is confident, however, that he will catch up to the other home run hitters.

A few minutes after making this statement he knocked out the fourth home run of the season.

FORMER PRINCIPAL OF SCHOOLS MUST STAND FOR TRIAL

REVELSTOKE, June 10.—Ivor Bassett, ex-principal of the public school here and also ex-principal of Prince George, who was arrested at San Francisco and brought back here, has been committed for trial charged with absconding with \$132 of school tag day collection funds.

SENATOR STEVENS HERE FOR BUCKLEY BAY LUMBER MILL

Senator Stevens, of Montana, who is interested with F. L. Buckley on the Queen Charlotte Islands, arrived from the south on the Prince Rupert this morning. He will leave for Buckley Bay on the Prince John tonight.

Great Rush of Diamond Diggers in South Africa Thousands Stake Claims

CAPETOWN, June 10.—The biggest rush in the history of South Africa's diamond diggings occurred at Moseburg. Today 15,000 diggers pegged out claims. The line of start extended over four miles and immediately after the proclamation was read diggers rushed to favored points. There were no casualties despite the huge number of claimants and the excitement.

A great canvas camp has arisen on the spot and the greatest optimism prevails.

INDIAN BUILDS LARGE VESSEL

Sixty Foot Craft Under Construction by Douglas Edenshaw at Massett.

MASSETT, June 10.—Douglas Edenshaw is building the largest vessel ever constructed on the Queen Charlotte Islands, at Massett. The craft will be completely finished, by native workmen, and is sixty feet in length. A thirty horsepower engine will be installed; it is expected that the boat will be launched on Dominion Day. Captain Henry Edenshaw will take charge of the vessel, after supervising the construction of the boat. Alex. Vallatzie, of Hydaburg, is also constructing a large fishing craft, at Massett, to replace the "Venus," which was recently wrecked.

NICOL THOMPSON OF VANCOUVER IS TOWN

Is on His Way to Stewart Where He Will Spend a Week Looking After Mining Interests.

Nicol Thompson, president of the well known firm of consulting engineers and manufacturers' agents, of Vancouver, which bears his name, arrived from the south on the Prince Rupert today enroute to Stewart where he is interested in mining. He will spend a week in the north. Mr. Thompson is also president of the New Hazelton Gold-Cobalt Mines Limited, but he does not intend, on this trip, to visit the interior. Besides his numerous business connections, Mr. Thompson is a leading member of the Vancouver Board of Trade and was president last year. It was Mr. Thompson who recently made the suggestion that part of Prince Rupert's dry dock could be moved to Vancouver.

JAPANESE AND BOATS SEIZED

Alleged to Have Been Fishing Without Licenses; Plan to Evade Law.

VANCOUVER, June 10.—A message from the fisheries agent at Glayoquiol says that fifteen Japanese fishermen with their boats have been seized off the West Coast of Vancouver Island alleged to have been fishing without licenses.

Dominion order-in-council requires licenses and limits the number issued and it is reported that some Japanese have sought to evade the law by fishing outside the three mile limit although marketing their catches at Prince Rupert and other Canadian cities.

THOUSAND GUINEA GOLF TOURNAMENT IS NOW BEING PLAYED

CLENEAGLES, Scotland, June 9.—Edward Ray, former champion of Great Britain, and Abe Mitchell, the British star, will play each other for the final honors in a thousand guinea golf tournament here.

In the semi-finals today Ray defeated A. Compton of England and Mitchell beat G. Addoo of England.

MANCHESTER CUP

The Manchester Cup was won by H. L. Cotterell's five-year old bay North Waltham. The second horse was King's Idler and Ring True came third.

RATE WAR ON IN SHIPPING

Has Spread to U. K. Where Sweeping Reductions in Rates Have Been Made.

NEW YORK, June 10.—Shipping men see the beginning of a prolonged struggle for domination of freight traffic to Europe. The rate war between the competing steamship lines to Germany, Belgium and Dutch ports has spread to the United Kingdom where reductions of from ten to thirty percent on many commodities have been made besides abandoning fixed rates entirely on others.

ARCHBISHOP LEAVES FOR EXTENDED TRIP INTERIOR VALLEYS

Archbishop F. H. Du Vernet is leaving on tonight's train for an extended visit into the bulkley and Nechako Valleys which will take him well on towards the end of the month. Tomorrow the Archbishop will be at Forestdale, from there going on to Burns Lake and Endako where, on the Sunday following, a new church will be opened. After Endako, Chileo and Vanderhoof and other points in the Nechako Valley will be visited.

SELL MEMOIRS OF EX-KAISER

BERLIN, June 10.—"It's no use offering less than a million" says a telegram to an American publisher in reply to a request for terms for the American for immediate sale is being admirably memoirs.

Groups of American publishers are bidding feverishly and the highest offer so far is \$200,000 with a decided bearish tendency. German publishers have already dropped out of the race.

Mr. and Mrs. C. C. Westenhaver arrived in the city on the Prince Rupert this morning from Astoria, Oregon, where they are now residing.

Dominion order-in-council requires licenses and limits the number issued and it is reported that some Japanese have sought to evade the law by fishing outside the three mile limit although marketing their catches at Prince Rupert and other Canadian cities.

NICOLAI LENINE AGAIN REPORTED DEAD AT MOSCOW

NEW YORK, June 10.—A despatch from Washington declares the reports that Nikolai Lenine, Soviet premier, is dead has been received at an embassy. Their Moscow report says: "His common knowledge Lenine died several days ago although there's been no publication to that effect."

Confirmation of the report is not available.

ARCHBISHOP LEAVES FOR EXTENDED TRIP INTERIOR VALLEYS

Archbishop F. H. Du Vernet is leaving on tonight's train for an extended visit into the bulkley and Nechako Valleys which will take him well on towards the end of the month. Defends Queen Charlottes From Adverse Criticism; All Crops and Cattle do Well

The following letter defending the Queen Charlotte Islands has been received from a committee of the Graham Island Farmers' Institute:

Massett, B.C., June 7, 1922.

Editor, Prince Rupert "News."—Nearly all letters relative to English settlers coming here have some reference criticising the Q. C. Islands, some most unfairly, and we wish to correct the impression that these Islands are practically uninhabitable that some of these letters have attempted to create. Most of the criticisms must be unfamiliar with the Islands, and an opinion of the Islands expressed by one who has been here only a short time is scarcely reliable.

The advantages of the Islands are these: Great timber resources that will be exploited; a rapidly growing fishing industry; many square miles of level land, most of which is timbered, on Graham Island that only requires intelligent effort to make it the most productive in B.C. A mild winter climate and a rainfall that is generous but is not excessive from an agricultural standpoint. The total precipitation for Massett and Queen Charlotte City meteorological stations show averages well under 75 inches.

Following crops are proven successful field crops: Oats, barley, probably wheat and rye though proper field experiments have not been made of these last in our knowledge. Grasses: Timothy, red top, orchard grass, tall meadow oat, Eng. rye grass, brome grass, red clover, white clover, alsike clover, alfalfa has done well in small experimental plots in some places and failed in others, different results probably due to absence or presence of nitrogen gathering bacteria. Forage crops: Kale, rape, chard, generally wintering out though sometimes the frost is sufficient to kill them. Garden crops: Turnips, cabbage, beets, carrots, onions, rhubarb, potatoes, peas, scarlet runner beans, broad beans, parsnips, and sometimes in favored localities, tomatoes, cucumbers and white and butter beans. Small fruits: Raspberries, currants, gooseberries, dewberries, strawberries, do well and logan berries, sometimes ripen full crop. No doubt proper varieties of apples will do well and have done well here as the experience of Mr. Evans, Nadu; Mr. Beitusch, Tiel; Richardson Bros., and others prove.

Cattle and Sheep

There are about 650 cattle on the Islands and about 300 sheep. All the Indians numbering about 750 and a number of the white settlers engage in fishing summers and all the Indians and most of the white people have their own comfortable homes. There are a number of nice farms on the Islands and all the settlers now here have places that they could be proud of in any community.

Sportsmen can find unrivalled fishing here, trout, salmon, etc., unexcelled shooting, grouse, ducks and geese; and, if they care for big game, may hunt black bears that are big enough to slaughter two year old bulls.

Summer vacationists can find luxurious and restful hotels at Massett and Queen Charlotte City, and in the case of Massett at least, can enjoy good trout fishing right off the wharf.

Why not make this the place for your summer holidays and get first hand impressions?

Committee Graham Island Farmers' Institute.

ROYAL COUPLE WED BELGRADE

Much Pomp at Marriage of King Alexander of Jugo-Slavia

BELGRADE, June 9.—King Alexander of Jugo-Slavia and Princess Marie of Roumania were married yesterday amid much pomp and enthusiasm such as Belgrade has not seen since the establishment of the kingdom.

The cathedral where the ceremony was performed, was the scene of magnificent splendor, there being present representatives of all the states of Europe in gala uniforms. The streets were a feast of color.

Throughout the day a careful guard was kept to prevent any unward event marring the pleasure of the occasion.

SETTLERS ENTERTAINED AT PORT CLEMENTS BY THE TINGLEY BROTHERS

PORT CLEMENTS, June 10.—The new English settlers at Massett were recently the guests of the Tingley Brothers here. The fine launch Nortonian was sent to fetch them and they were entertained at tennis and had a splendid time. They expressed themselves as having enjoyed the visit very much and as being pleased at finding such things as tennis courts on the islands.

ABE MITCHELL GOLF CHAMPION

GLENEAGLES, Scotland, June 10.—Abe Mitchell, one of Britain's best known golfers won the thousand guineas golf tournament today defeating Edward Ray, former champion by two up and one to play.

Will Back Manson On Liquor Question.

The people of the province will back Attorney-General Manson in his efforts to reduce the amount of bootlegging to a minimum. The minister is taking a personal interest in this matter and is getting at the very root of the trouble. Had the prohibition act been similarly enforced there would have been little agitation against it. What the people object to is a law that is not enforced.

Boys Gave Great Display Last Night.

There was great interest taken in the display put on by the boys of the Naval Brigade and the Scouts last night under the general supervision of the Rotary Club. It was an event that impressed those present and showed what could be done by organization and determined effort. The drills and other work were excellent.

While the drills reminded one somewhat of military drills, there was nothing smacking of militarism about the work done by the boys. Drills are an education in themselves. United collective effort and team work are taught in most of the games and the making of a scout was an interesting and impressive little ceremony.

We are informed that other boys in the city would join similar organizations if there were instructors. The chief difficulty in this sort of thing is to get competent instructors. The boys are always ready.

Municipalities Again After Money.

The representatives of the municipalities in session at Victoria express themselves as anxious to get a share of the provincial income tax. Instead of keeping down expenditures the municipalities want more money to spend.

As we see it, some of the municipalities already have too much money to spend, judging by the manner in which they spend it. Money is the last thing considered in some of the work carried on. Instead of keeping expenditures within the income, as private concerns have to do, and giving as much value as possible for the expenditures, wasteful and unwise expenditures are common and, when the money is gone, the representatives of the municipalities ask for more. If the income tax is transferred to the municipalities, then the provincial governments will be increasing the taxes along some other lines to make up for the shortage. What is needed is not the raising of more taxes but the cutting down of expenditures wherever possible so that the people may in every case get value for the money expended.

City governments are like people, they can spend unlimited sums if they only have it available, and they always prefer to increase the income rather than reduce the expenditures.

Ketchikan Exporting Lumber To Australia.

A report received from Ketchikan is that an order has been received for two million feet of lumber to be delivered in Australia.

We are always glad to hear of Ketchikan's success. We hope they will sell ten million feet to the same people, but we mention this order just to draw attention to the fallacy of some of the statements that have been made in regard to the difficulties of doing business in the north. If Ketchikan is able to compete in the lumber business, why cannot Prince Rupert do the same. The Australian market is open to us just as it is to them. We have just as good timber as they have on the other side of the line. Or is it that the Canadian people are less capable of doing business than the Americans? Here is a British market open and it is being supplied from a country which is not British.

Are We Still On Branch Line?

The attention of the Daily News has been drawn to a blotter advertising the Continental Limited, the train running between Montreal and Vancouver. Prince Rupert is shown on the map but the train is shown turning in the direction of Vancouver. The implication is that the Prince Rupert section is still treated as a branch line. This should not be.

Any Touch of Indigestion

EMPRESS THEATRE - - 8 p.m. SUNDAY Evangelists McALISTER and MUNROE Subject: "Hell Discovered --- Twenty Miles from Prince Rupert"

REGIMENT TO BE RECRUITED

Major Nicholls and Major McGregor, V.C., are Getting Up Companies

SHOOTING ON RANGE IS MAIN ACTIVITY

Col. J. H. McMullen, officer commanding of the newly established Northern B. C. Regiment, announces that two companies are now being recruited in the city by Major J. W. Nicholls and Major John McGregor, V.C. The initial activities of the regiment for this season will be mainly rifle range shooting and it is hoped in this way to create interest and gradually build up the membership. The platforms and target at the McNicholl Creek range have been renewed and are in good shape again and shoots will be held during the season. Full equipment for the regiment is now stored at Major George E. Gibson's office on Second Ave.

LARGE NUMBER OF TIES WERE CUT IN CENTRAL INTERIOR

Figures Are Tabled in House of Commons by Hon. W. C. Kennedy, Minister of Railways.

In answer to questions regarding cutting of ties for the Canadian National Railways asked by Mr. Leger in the House of Commons recently, Hon. W. C. Kennedy, minister of railways, intimated that 4,554,653 ties had been cut in the Dominion between September 1, 1921, and March 31, 1922. Of this number 1,240,593 had been cut in British Columbia, the largest number for any single province. In British Columbia the prices paid for small quantities of ties was \$50 per hundred for No. 1 ties, \$45 per hundred for No. 2 ties and \$25 per hundred for No. 3's. In large quantities \$60 was paid for No. 1 ties, \$50 for No. 2 and \$30 for No. 3.

The following purchases were made in this district between October 1, 1921, and March 31, 1922:

- 24,000, Auderlang, Fort George, 10,000.
D. Brunnell, Burns Lake, 5000.
William Copp, Prince George, 23,000.
Olaf Hansen, Prince Rupert, 250,000.

X-RAYS HELP THE DENTIST

Modern Methods of Dental Service Require Knowledge Afforded by X-Rays.

It is impossible to determine certain conditions of the teeth by the usual method of examination, that is by the eye only. Conditions often exist under the gums and implicate the bones which cannot be recognized without the aid of our most modern instruments, such as the X-Ray. Dentists who attempt certain classes of work without its aid are not giving you modern service, and are simply working as it were, in the dark. Hundreds of dollars are spent by some patients on dentistry who find after a very short time that it is all condemned and is removed.

Before having any work attempted have your teeth X-Rayed so that your dentist may proceed in an intelligent and scientific manner. Your dentist will appreciate this. Remember blind dentistry is not modern dentistry. DR. A. H. BAYNE, Dentist, Helgerson Block.

Ten Years Ago in Prince Rupert

June 10, 1912. Dr. Ernest Hall, the noted surgeon and lecturer of Victoria, addressed large assemblies in the

Prince George Hotel TORONTO In Centre of Shopping and Business District 250 ROOMS 100 with Private Baths EUROPEAN PLAN E. WINNETT THOMPSON, M.A.N.G. DIR.

Empress Theatre and Methodist Church yesterday afternoon and evening. He spoke powerfully and eloquently on the burning subject of the white slave traffic and indicted the committees of the Pacific Coast for their share in this national evil.

Samples of a native deposit of paraffin wax which was recently discovered at Otard Bay, Graham Island, are being exhibited in the city today. A small flow of oil was also recently opened on the same property.

Rev. F. W. Kerr left on the Prince Rupert this morning to spend six week's holiday in Chicago, Toronto and other Eastern points. It is said that he will not return alone.

The Man in the Moon SAYS--

AUTOBIOGRAPHIE don't count in the next world.

THE man who is always worrying about his reputation has a Dickens of a life.

THEY say a man who drinks hooch is likely to go blind.

That's all right, says Jinks. He won't be able to find the other blind pig then.

A FLIGHTY girl who goes out with all sorts of men is very foolish but nothing like as foolish as a man who goes out with a flighty girl.

MY idea of a really lazy man is one who longs for his hair to come out so he can wash his head instead of combing it every day.

THE value of the advice you give depends very largely on the success you have made of your own work. If you are a failure, keep quiet.

Dr. J. C. Spencer, of Port Simpson, reached the city last evening and is registered at the Hotel Prince Rupert.

Evangelists McAllister and Munroe, Empress Theatre, Sunday 3 p.m. Subject "The Baptism of the Holy Ghost." See page 2 for evening subject. Everybody welcome.

The fire department had a call yesterday afternoon at 2:30 to a grass fire at the west end of Allin Avenue near the residence of G. H. Orme. With the use of chemicals, the blaze was put out before any damage was done.

William J. Collum, steamship inspector of the Dominion Department of Marine, arrived from Victoria in the Prince Rupert this morning. Local boats will be inspected including the Lorne which has been painted up in readiness.

Complaints have been laid with the city police against the cattle driver of the Standard Dairy named Martin. It is alleged that a whip with a wire attachment is being used in driving the stock. Martin is scheduled to appear in the police court on Monday morning.

Another cat up a telephone pole was reported to the city police this morning. The feline it was said, had been up the pole for three days and was crying piteously. Members of the utilities staff were dispatched to Sixth Avenue and McBride to relieve the puss of its plight.

F. S. Clements, former city engineer, in writing here says that he and Mrs. Clements are now well established in Victoria which he describes as "The Garden of Eden" which Mr. Clements will never leave again. Recently they were taken for a drive by Hon. and Mrs. A. M. Manson in their new car.

Word has been received in the city that Chris Stapleton, who left here in March, is seriously ill at Vader, Washington. It had been intended to remove him to Arizona but his condition was so bad that this was prevented. Mrs. Stapleton, in writing here, says that Chris wishes to be remembered to his many old friends.

The Canadian Pacific tourist liner Princess Louise, Captain Slater, is expected here at 8 o'clock on Monday inaugurating the real voyage of the tourist season and also the weekly service. The vessel is fully booked. The Princess Alice, Captain Ormiston, running opposite the Louise, will be in port on the Monday following.

TOO LATE TO CLASSIFY

FOR SALE—Lots 7 and 8, block 15, Section 7. \$600.00. Half cash. Extra good buy. Apply P. O. Box 757.

Guy Davis arrived from the south on the Prince Rupert this morning.

J. J. Coughlan, of the Silverado Mining Co., Stewart, is in the city today on the Prince Rupert on his way north.

H. Curtis, the well known local baseball catcher, has returned from Usk and is to join the Sons of Canada Senior team.

Captain A. C. H. Gerhardt, well known in northern mining circles, is in the city today on his way to Lockeport, Morseby Island.

Will Edmunds, the popular musician, intends to visit Prince Rupert again in a short time. He plans coming north with the Masonic convention on June 21.

Richard Knox, acting superintendent engineer of the Canadian National Coast Steamship Service, arrived from Vancouver on the Prince Rupert this morning.

E. A. Woods, city clerk, returned from Victoria where he spent several weeks holidaying. Mrs. Woods and family are still in the south and will return in about a month's time.

Mrs. S. P. McMorde returned on the Prince Rupert this morning from Vancouver after having attended the National convention of the Imperial Order, Daughters of the Empire.

Kenneth Ferguson of Victoria general agent for the Imperial Life arrived here this morning and will spend a week or two in the vicinity. He will probably visit Stewart while in the north.

W. E. Buell, engineer in charge of dam construction at Anxox, arrived in the city on the Prince Rupert today bound north where operations on the work are now well under way.

Johnny Capel returned to the city this morning from Portland where he has been attending university. He will resume a position with A. C. Little, the news dealer, during the holidays.

E. D. Johnson, formerly city treasurer and now deputy minister of finance at Victoria, will be among the visitors who will be in the city in a fortnight with the Grand Lodge Masonic convention.

L. P. Stevenson, erecting engineer for the Dominion government, arrived from the south today. He is to take charge of the laying of a cable between the city and the Digby Island wireless station.

At a special meeting of the Carpenters' Union last night a committee comprising R. A. McLeod, S. Johnson and J. Clark was delegated to meet the dry dock authorities to discuss wage questions.

J. W. Johnstone, general agent for Newfoundland of the Canadian National Railways, is in the city today. He is taking a holiday trip over the system and arrived from Vancouver on the Prince Rupert today.

E. Macdonald, general baggage agent of the Canadian National Railways at Vancouver, arrived from the south on the Prince Rupert today. He will go out on the train tonight returning to the south by way of Lucerne and the overland route.

Miss Doris Marlatt, daughter of Mr. and Mrs. R. H. Marlatt, of Buckley Bay, arrived on the Prince Rupert today from Victoria where she has been attending school. The young lady is returning home for the holidays and will go across on the Prince John this evening.

Mr. and Mrs. J. G. Millichamp are in the city today on their honeymoon trip. Mr. Millichamp is very well known and popular here having visited the city regularly for many years in the past as travelling representative of Pecks, the Vancouver clothing house. It is understood that Mr. Millichamp is leaving the road to go into business at Yakima.

BIRTH

Will Your Child Have a College Education?

Now only a baby—with a baby's simple needs. But only a few years from now you'll be figuring on sending your child to college.

Are you trying now to save a little each year in order to ensure that your child will have that advantage?

You can arrange to give your child the best education available—provided you act now.

Our Child's Educational Endowment Policy will provide the extra money needed for those years of expense.

It can be written on any child at any age. It is the simplest, surest means of guaranteeing that your child will not have to go through life without a complete education—and all that a good education means.

Let us tell you more about it. Send the coupon to-day. No obligation, of course!

BRINGING UP FATHER

NEW REVOLVER TARGET RECORD BY CANADIAN

Inspector Wunsch, of R.C.M.P., Shatters Previous 1904 St. Louis High Shot

Every Canadian revolver and rifle shot will be interested to know that a Canadian has set a new world's record for revolver shooting. Inspector T. V. Sandys-Wunsch, musketry officer of the Royal Canadian Mounted Police, stationed at Regina, Sask., scored 198 out of a possible 200 points for 20 shots at 20 yards in the Birk's Medal competition. This match consists of four strings of five shots each at 20 yards on the standard Canadian Revolver Association target, which contains a one-inch 10 ring. Inspector Wunsch used a .45 calibre Colts new service revolver, having a five and one-half inch barrel and a five and one-half pound trigger pull. His score contained nineteen consecutive bullseyes. The previous world's record for 20 shots at 20 yards, of which there is any record, was 194 out of 200. It was made by S. E. Sears, of St. Louis, Missouri, in 1904. In 1921 Inspector Wunsch won the Dominion Championship gold medal match and the Saskatchewan gold medal. He also won the first bronze medal to be awarded by the Canadian Rifle Association. Inspector Wunsch is a native of Cheshire, England, and joined the R.C.M.P. in 1910. In 1914 he crossed the Atlantic and joined the Belgian army after being rejected for service in the British army. He went through the battle of the Yser, and on the following year was transferred to the Imperial army and received the commission of Captain in the Royal Scots. In 1919 he resigned his commission and returned to Canada to rejoin the R.C.M.P. as sergeant and was later promoted to inspector.

AMATEUR ATHLETIC CHAMPIONSHIP MEET

Twenty Big Events to Be Pulled Off at Calgary in August.

CALGARY, June 10.—(By Alex Russel, Canadian Press Correspondent.)—The thirty-fourth championship meeting for track and field events of the Amateur Athletic Union of Canada will be held at Victoria Park, Calgary, Alberta, on Saturday, August 12, when twenty championships will be decided. Gold, silver and bronze medals are awarded to the first, second and third in each event and in addition to the championships there will be 17 events, including the tug-of-war, school boys' relay race and a 220 yards handicap for novices. The championships will be staged by the Calgary Caledonian Games Society and the bagpipe and highland dancing contests, so dear to the Scots, will figure largely in the program. With true Western thoroughness the sports are now working on the sports ground and nothing is being left undone that would help to make the big athletic meeting an outstanding success. The infield is being specially levelled off, rolled and re-seeded with grass while special pains are being taken to assure the runners that the track will be in the pink of condition. All the local clubs, including the Rotary, Kiwanis, G. W. V. A., the Y. M. C. A., the Gyro, the Elks and the Board of Trade are assisting and hundreds of mem-

Get a 28c. Box.

bers of committees are already perfecting the plans for a great triumph. With a strong community spirit behind the movement it is hoped to once again set amateur athletics on a sound foundation and that the success of the meeting will prove sufficient incentive to make it an annual championship meeting, at least.

K.C.'S WINNERS OVER THE ELKS

Latter Team, After Holding Good Lead at First, Weaken and Lose in Last Stages.

After having held the game in their hands up to the end of the sixth inning when the score stood 10 to 4 in their favor, the Elks blew up in the seventh and lost last night's Senior Baseball League fixture to the Knights of Columbus by a score of 14 to 10.

Did anyone notice the downcast air the Elks took on after the seventh?

The game proved as interesting as had been expected and there was a record attendance, full 800 fans presenting themselves to witness it. P. Laporte was umpire of balls and strikes and James McAlenan had charge of the base line decisions.

Up till the seventh, the match was a splendid one with both teams playing good ball, the Elks being in full control all the time. In the seventh, Fred Hale, the Elks' hurler, blew up and allowed in two runs. This was followed by three more in the eighth and with five in the ninth the Knights overcame the Elks' lead throughout the game and emerged winners by a margin of four runs. Glaring errors by B. Hughes, on third and E. Smith, in the outfield, added to Hale's

Heart Would Beat like a TRIP HAMMER

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst. You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart retain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS
Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."
"A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 65th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time of my sickness I weighed 120 pounds, now I weigh 150."
Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DUNLOP TIRES

Ensure HIGH-MILEAGE—DOUBLE-LIFE

- Q Dunlop leadership in Tiredom is most manifest. Mileage records almost unbelievable are piling up all over Canada.
- Q The Special Mileage-Making Process, which is the basis of our Fabric Tires, has worked wonders.
- Q Perfect shape and balance, stronger side walls to resist curb and rut abuse, special wear-resisting anti-skid tread, etc., add the last touch to popularizing to the full a tire that has long stood in high favor.
- Q Dunlop "Cords" made good from their inception.
- Q These tires taught motorists to expect more resiliency, greater air space, larger amount of material, better carrying capacity—in short, bigger mileage; and that is the standard by which all Cord Tires are judged to-day.

Dunlop Tire & Rubber Goods Co., Limited
Head Office and Factories: TORONTO. Branches in Leading Cities.

was too shy to permit of the occurrence getting into print earlier. During the erection of the new foot bridge, by the Provincial government, over the Oona river, W. Mathieson had the misfortune to fall into the icy waters. Cries of "Help, help" rent the air and Franks being in the near vicinity rushed on to the bridge to see what it was all about. Noticing a man in the water and in difficulties Franks remarked that he would consider going out to the rescue in his gasboat if the gentleman in the water would kindly keep afloat while he got the engine going. This was agreed to and after several mighty heaves and grunts the engine took the gas and coughed up a little speed. By the time the hero arrived on the scene Mathieson was conspicuous by his absence and fearing he had been drowned Franks made for a landing. On stepping ashore he was surprised to be greeted by Mathieson, who while pleased to see the hero said that at the last minute he had decided to swim for land as it was getting rather cold sticking around waiting for the boat. However, he was much obliged for the effort displayed, which went to show that the spirit of heroism was not dormant in the British race.

The Spey, Capt. J. Cook, has been fixed up and is ready for the salmon trolling days. Cap. expects to leave port over the week end.

The George D., Capt. Fred Dudwood, arrived in port from Port Simpson on Thursday morning. Supplies and a minor overhaul is the business to be transacted in port.

Owing to the high water which has prevailed during the past week in the Skeena river one of the wharves at Port Essington was washed out. The gasboat Ivy Leaf, owned by the B. C. Packers, was moored to it, and this together with the wharf was washed down on the tide. Both the wharf and the boat have since been salvaged.

The secret service has been busy this week working on the case of the power boat Dreamer skippered by W. G. Walford. From reports of observations made it appears that the Dreamer has been seen looking out of port with parties of the younger sex aboard, and this week three girls were seen to leave and two returned. This is the big business that is keeping the S.S. guys awake at nights. Anyone seeing a stray flapper wandering around across the bay will greatly facilitate the brainy work of the fleet by communicating such information to Jimmy Zero care of The Mug-Up.

George McAfee returned to the Georgetown sawmill on Wednesday after spending two days in the city on business.

Jack Toner held a very successful debate during the week at the Mug Up on the subject

Waterfront Whiffs

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

The Admiral of the Mosquito Fleet reports that during the week 150,000 pounds of halibut and 15,000 pounds of spring salmon has been marketed, and 10 cargoes have been shipped to the east, which is going some.

The large amount of fish marketed recently and consequent upon the recent tie up on the railway, a slight car shortage occurred early in the week, which has since been remedied.

The price of fish has not been very inspiring. The highest figure paid was 7.70c and 3c, and the lowest 6c and 3c.

Spring salmon is running well now. The salmon packer Niaros came in to port from the Queen Charlotte Islands with 25,000 pounds of salmon early in the week, which is the largest single landing this season to date.

The Canadian Fish & Gold Storage Co.'s trawler G. E. Foster, Captain E. Sanderson, arrived in port on Thursday with 35,000 pounds of flat fish. This is the result of the first trip of the season and augurs well for the success of the enterprise. It is the first time this vessel has been out on trawling since 1919.

N. M. McLean has a new hull practically completed for the Queen Charlotte Island missionary service. The boat, when completed, will measure 40 ft. long by 10 ft. 6 in. beam with a depth of 6 feet, and will be fitted with a 24 h.p. Vivian engine. Mac says it will be one of the finest boats ever built in Prince Rupert which is saying a whole lot. The interior will be fitted up with berths, cushioned seats, in fact everything to make her a comfortable boat.

The N. M. McLean yards have two more boats on the waiting list to be built, and keels will be laid as soon as necessary extensions have been made to the already overcrowded yards.

The Nuba, Captain W. Cook, left port on Thursday morning for the high spots.

The tug McCulloch left port on Wednesday for Hatti Island, Bell Bay and Portland Canal for a boom of logs for the Georgetown sawmill.

The gasboat Hanaco left the Georgetown mill on Wednesday night with a seaw load of boxes

for the local fish houses and lumber for the Big Bay Lumber Co.

The Karen, Captain Ben Stephenson, arrived in port on Wednesday to refit, and will leave for the salmon trolling grounds around Queen Charlotte Islands over the week end.

The power boat Uneeda, Captain Carl Thompson, with a full crew aboard, had an exciting experience on the bay on Wednesday evening, and incidentally had been going fine on a speed run to the Salt Lakes, and the pilot had the compass set N.E. by P. T.O. for Digby Island, when suddenly the lookout man yelled from below that a shark was sighted on the port bow between Digby Island and the mainland. First Mate O'Reilly sprang to action immediately and telephoned to the engine room to put the stokers on the chain in case of engine trouble. Can piled on the speed, and with quick vision declared that it was a whale. Sure enough his finding was corroborated by the passenger. The deep sea monster was enjoying a little fun by swishing a few ton tail around in the water which churned the salt chuk up around the Uneeda a little too breezily to be comfortable. Not satisfied with this exhibition of hilarity the whale let up a spout of water which was a good imitation of a waterspout. In the excitement the stokers broke their fetters and came on deck, the pilot got a fit of the shakes, and the passenger though lovingly of his little home on the beautiful shore. The upshot of the whole thing was that the fires went out below and the speed water came to rest very gracefully in a bed of seaweed, while Cap swore vengeance upon the fish chaser. However, after a few final orders the propeller got loosened up, and Digby Island was made without any further untoward happening. Needless to add the whale got away without any serious molestation.

Capt. Joe Jack left port on Tuesday aboard the Birdie B. on his maiden voyage of the season for the purpose of coaxing a few spring salmon into his patent smoke house.

In the Thor, Captain A. Lund, arrived in port early in the week with a load of piles for W. T. Muse.

A new store is in course of erection on the shores of Cow Bay situated between the Ward Electric factory and the N. M. McLean shipyards. This store is to be opened by Mr. and Mrs. S. Cook, who will engage in disposing of general merchandise. An up to date lunch counter will be installed in connection with the store. Mr. Cook is well known along the waterfront,

Ties in the Senior Football League series have not been so frequent this year as they were last. The schedule is now a little more than half through and there have been only two, the Crofto having taken part in both, once with the Sons of England and once with the Sons of Canada. In the latter game, the two most youthful teams of the league went at it hammer and tongs and the result of the game was fairly indicative of the merits displayed by them. The Sons and the Tobaccoists are making a bold bid for league leadership and their meetings with the two other teams during the course of the second half of the season will be interesting affairs. The Sons of England and the Callies will battle next Tuesday evening. The former will suffer from the loss of Wearmouth and it will be a good chance for the Callies to work off the jinx that they have been so loudly proclaiming has been following them. Everybody does not agree with the line of "hard luck" talk that they have been handing out but, if they are going to win a game at all they ought to do it on Tuesday night.

The "Booth Boosters" are coming along fine and S. Carter has got their goats to such an extent that they often forget to lay an egg twice daily. Knowing this two of his colleagues, Messrs. Knight and Solem, took a hike out to the booster ranch, bent on spearing a couple of egg-nogs, in fact Steve's chicken coop has become quite an egg-nog rendezvous. However, sad to relate, upon arrival the travellers discovered that the egg laying exhibition for the day was over and that the harvest had been used for domestic purposes. No amount of persuasion could induce Steve's pet to do any more business and the egg-nog hunters returned to civilization sadder but wiser. To avoid disappointment it is advisable to take one's own eggs, that is eggs laid by an outside fowl.

The following boats have marketed fish during the week: Forward, Tahoma, Valid, Wash, Flattery, Yellowstone, June Spencer, Pelican, Baltic, St. Eloi, Imperieuse, M. M. Christopher, E. Lipsett, H. & R. Lillian M., Ethel June, Viola, Marguerite, Sunrise, Thelma, Rose Point, Alliance, Tramp, Pair of Jacks, Angus B., Hippo, W & F. Guilford, Unity, Plop, Bryan, Ethel, N and E., Minnie V. and Sunrise.

If you are leaving for a holiday it is well to keep in touch with Prince Rupert by having a copy of the Daily News mailed to you every day.

Flossie Flirt, of Poreley Island drilling fame, left on the 10:00 a.m. train last night on a financial business trip, and will probably go as far east as Pacific. The elite of the Mosquito fleet were at the train to give her a send off. Unfortunately the Admiral's state hat was in a terrible state after being rescued from the salt chuk, a gust of unfriendly wind lifting it from his stately cranium. Prior to leaving the flagship the "Low Bay Orchestra" played "The Death of Nelson" to keep Flossie's spirits up on the trip. As the dear young thing has promised to write to Jack on her travels there will doubtless be some pithy information to be published in these columns in the near future.

The most valuable asset a boxer can possess is a good left and yet, in all ring history, fighters who have mastered the left hand delivery are mighty few and far between. No boxer can hope to round out his technique until he can handle his left. There have been many fighters who could jab or who have developed a good left uppercut or hook but the boxer who can master the proper delivery of all left hand blows only comes once in a lifetime. Dal Hawkins undoubtedly had the best left hand in the history of the game. His punch never travelled for more than a foot and Dal was one of the greatest one punch fighters. Jim Corbett, the father of modern boxing, was mighty handy with his left. He kept his opponents at arm's length with it and his right in readiness for an opening. Combined with his fast footwork, Jim's left won him the championship for he wore John L. Sullivan down trying to solve it. Jack Johnson possessed a wicked left hand uppercut. This punch he delivered on the inside and, when in close, his glove shot up along his opponent's chest to the jaw in a manner baffling and effective. It was the left with which Dempsey first floored Willard at Toledo. Dempsey is a really well balanced fighter and seems to be able to deliver an effective knockout with either hand and at almost any angle. Many a fight has been won with the left hand where the right failed.

CLOSING OUT SALE

We are closing out the Royal Shoe Store, and every pair of shoes must be sold. All our White Canvas Shoes, with leather or rubber soles, in high or low heels, all sizes in the lot. From \$1.00 per pair. Any pair of the famous "REGAL" shoes for men. Values to \$15.00, for \$3.75. Men's Goodyear Welt Shoes in black or brown calf. From \$5.95. BOYS OF CITY ENJOY EVENT LAST NIGHT

All Are Guests of the Rotary Club at Rally Where Boys' Brigade and Scouts Perform.

It was really splendid to see the young boys of the city in charge of their instructors at the exhibition hall last night taking part in all sorts of drills, sports and games. Most conspicuous of all perhaps was the Boys' Naval Brigade under the charge of C. V. Eviitt with their smart sailor uniforms stepping along like real Jack Tars and engaging in all the sports and instructional drills of the seaman. They did their work splendidly and deserve to be commended.

Not least among the exhibitions put on by this troop was the boxing. The boys are taught to take hard knocks and to swat back and to take everything in good humor. Mr. Eviitt deserves much credit for the excellent work he has done in training the boys.

The Scouts. Of the work of the scouts it is impossible to say too much. There were two troops of scouts, one trained by S. D. Johnson and his able assistant, Alex. Rix connected with the Anglican Church and the other trained by J. A. Teng of the Presbyterian Church. There was also a fine little troop of Wolf Cubs in charge of G. L. Rorie that made a good showing. Owing to their size their drilling was not quite up to the standard of the Scouts but otherwise they were fine. In their little green caps they looked like little men.

It is useless to try to comment individually on the various drills and games. The signalling of the stretcher drill and first aid work, all were excellent and mention must be made of the signalling and physical drill of the Cubs and of the keenness

with which they and all the others entered into the spirit of the occasion and carried on in spite of the distractions around them. At the close T. H. Johnson, president of the Rotary Club, congratulated the boys and their instructors on the exhibition they had given stating that the exhibition was excellent. He gave a good deal of credit for the arrangements to Principal Campbell of the public schools. He stated that it had been the plan of the Rotary Club to show the instructors and parents that an interest was being taken in the boys and in their welfare. He wished them all every success.

Cookhouse Parade. The next was the cookhouse parade where the boys were seen seated on the floor in rows eating sandwiches and cake and drinking pop provided by the Rotary Club. Between three and four hundred boys were present and all seemed to take a keen interest in the occasion and to enjoy themselves.

The Boy Scouts Association in the city consists of: President, George Rorie. Vice-president, A. W. Healey. Secretary, Sidney Bazzel-Jones. Directors, Archdeacon Rix, Rev. Dr. Grant, Ralph Lepine, George Munro and Alderman G. G. Perry.

The Boys' Work Committee of the Rotary Club is Harold Campbell, S. J. McLeod and George Rorie.

A number of the members of the Rotary Club helped in the serving of refreshments and the general arrangements.

The program follows:

- 5 minutes—General Salute, of all participants. Floor clear except for flag. All units march on and salute the flag and withdraw. Singing "O Canada."
- 10 minutes—Physical Drill—Scouts, Mr. Teng.
- Scout Drill, Naval Brigade.
- Ambulance work, Scouts, S. D. Johnston.
- 10 minutes—Drill, Naval Brigade.
- 10 minutes—Rope Tying, Cubs.
- Compass Instruction, Naval Brigade.
- Game—Scouts, S. D. Johnston.
- 5 minutes—Making of a Scout—Mr. Johnston.
- 5 minutes—Relay Race, 12 boys a team—one team from each unit.
- 10 minutes—Signalling, Scouts, J. A. Teng.
- Game—Cubs.
- Knot Drill—Naval Brigade.
- 3 minutes—Cub Yell, Cubs.
- 10 minutes—Signalling and Physical Drill, Cubs.
- Game—Scouts, S. D. Johnston.
- Game—Naval Brigade.
- Game—Scouts, J. A. Teng.
- General fall in of all boys on markers.

COULD HARDLY MOVE IN HER BED

Eight Boxes of "FRUIT-A-TIVES" Completely Relieved Her.

MADAM RICHER

Labelle, P. Q., April 18th, 1921 "It is my duty to tell you and publish to all what your remedy 'Fruit-a-tives' has done for me.

I suffered with Rheumatism for ten months; could hardly move in bed; and was miserable all the time. I tried several physicians and took many remedies, but they left me at the same place, in bed and suffering, the Rheumatism was so bad.

Finally started in taking 'Fruit-a-tives' and continued the treatment regularly as I found myself getting better. After using eight boxes of 'Fruit-a-tives' (which cost only \$4) I am completely well without a trace of Rheumatism."

Madam J. RICHER.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

with which they and all the others entered into the spirit of the occasion and carried on in spite of the distractions around them.

At the close T. H. Johnson, president of the Rotary Club, congratulated the boys and their instructors on the exhibition they had given stating that the exhibition was excellent. He gave a good deal of credit for the arrangements to Principal Campbell of the public schools. He stated that it had been the plan of the Rotary Club to show the instructors and parents that an interest was being taken in the boys and in their welfare. He wished them all every success.

QUEEN CHARLOTTE ISLANDS

The King's Birthday was celebrated, at Massett, with a social dance, held in the Social Hall, recently acquired by the settlers from England. The dance was held under the auspices of Mrs. (Dr.) Palmer, and Mrs. (Dr.) Dunn, and was a decided success. Forty of the new arrivals and their friends were present. The Hall was nicely decorated, while Mrs. Dunn supervised the supper arrangements. A very pleasant evening was enjoyed by the whole party, especially by those who attended their first celebration of the birthday of King George, on the Queen Charlotte Islands.

W. J. Smith, of the Premier Hotel, Queen Charlotte City, returned from a month's vacation at Vancouver and Victoria.

Alford Bay and Woden River Salmon Canneries will engage in the packing of fish, this year, with full crews. The Grab Cannery, at Naden Harbor, shipped out a large consignment of canned crabs, on the last trip of the steamer Prince John. With the whaling station, at Naden harbor in operation, and the prospect of the re-opening of the sawmills at Buckley Bay and Port Clements, a busy summer season is expected, on the islands.

Over one hundred gasoline launches are engaged in trolling for spring salmon off Langara and Hippo islands. The run commenced a few days ago, with an average catch of 150 pounds to the boat.

Sixty Indians left for Wales Cannery, on the Naas river, from Massett. The steamer Prince John took the Indians direct to the Cannery.
