## Europe Looking for Canadian Lumber DOMINION GOVERNMENT'S IMMIGRATION POLICY IS ANNOUNCED

### Careful Selection and Wise Direction Keynote of Settlement Program

OTTAWA, Sept. 11.—Careful selection in the country of origin and wise direction after settling in Canada is the keynote of the government's immigration policy as announced by Hon. Charles Stewart, Minister of the Interior. "It is hoped by this means to people Canada's western plains and prevent a flow from the land to the cities in the winter months.

The first step under the new policy will be to make a careful survey of the countries from which it is proposed to draw settlers and the second to hold a conference of representative immigration officials and field workers at which each year's program will be mapped out. Closest co-operation will be maintained with the provincial governments.

The main efforts will be directed towards receiving suitable agricultural workers, encouraging a Canadian colonization association and repatriating Canadians who in recent years have gone to the New England states. The Canadian colonization association, backed by private capital, is endeavoring to work in conjunction with the British overseas settlement scheme as well as bringing settlers with means from Great Britain, United States, Scandinavia and the continent of Europe. The department will make a strong drive to secure agricultural workers who will go on lands located in the northern parts of Canada. Activities will be confined for the present by the government to people who engage in agricultural and household work and to boys and girls in the "teen" ages.

### CHINAMAN FELL UNDER TRAILER

Wow Ham Was Said to Have Come From Prince Rupert: Worked in Cannery

VANCOUVER, Sept. 11.—Wow Ham, a Chinaman from Prince Rupert, was instantly killed when he jumped from a moving electric tram here last night and fell underneath the wheels of a trailer. An inquest will be held.

Wow worked at the Talbot canneries recently, according to papers in his possession.

There are no Talbot canneries in the north, but there is a Talbot cannery at Bella Coola, which is probably the place to which the despatch refers.

### STUDENTS FALL OFF IN JUNEAU SCHOOLS

JUNEAU, Sept. 11.—The number of pupils at the Juneau schools is less than at the opening last year. The total enrollment this year is 317 as against 318 at the opening in 1921. Only one student enrolled in the territorial normal school.

In addition to the public school there is a parochial school here that enrolled 72 students.

### GERMAN STEAMER SANK IN ATLANTIC BRITISH TO RESCUE

LONDON, Sept. 11.—The German steamer Hammonia sank in the Atlantic on Saturday. The British steamer Kinfauns Castle took all the people aboard, numbering 310. None were lost.

### UNITED STATES WILL REMAIN BONE DRY

NEW YORK, Sept. 11.—Judging by the poll of the Literary Digest on the question of changing the present bone dry law in the United States there is not the least chance of a change in the present law. To the end of August the ballots stood: For enforcement 356,193. For moderation 376,334. For repeal 189,856.

As a majority of two thirds is necessary to make a change in the constitution and also a vote of two thirds of the state legislatures, there is no likelihood of a change taking place.

### Big Liquor Coup at Creston; Dominion Liquor Co. Is Fined \$1,000 and \$25,000 Stock Seized

CRESTON, B.C., Sept. 11.—The biggest coup in the campaign which the liquor board agents in this neighborhood are waging against independent liquor traders was staged here today when special agents, acting under instructions from the attorney general, secured the conviction of the Dominion Liquor Company on a charge of selling liquor within the province.

Magistrate Mallandaine imposed a fine of \$1,000 and costs and the stock of liquor valued at \$25,000 was seized.

A second charge of keeping liquor for illegal sale was dismissed.

### TAKE STAND DARDANELLES

France and Britain Unanimous in Policy of Keeping Straits Free.

PARIS, Sept. 11.—That France has decided to stand firmly with Great Britain for the freedom of the Dardanelles and for some form of international control of Constantinople was officially declared today. Observers say that any military step by the Turks towards occupation of the Dardanelles will result in military and naval action by the Allies.

### ROYAL COMMISSION TO INVESTIGATE BUT NOT PUBLIC REPORT

LONDON, Sept. 11.—The distribution of British honors, the awards of peerages, baronetcies, and lesser distinctions, is to be investigated, but in this wise.

A Royal Commission has been appointed and will inquire into the matter, which savors of scandal, for it is known that honors have been more or less openly sold. But the committee will make no public report on what it learns. Neither political party has a clean record in this regard. Therefore, to prevent the wreckage of many glass houses, it was decided no one should be allowed to throw stones.

### GREEK TROOPS ARE OUT OF SMYRNA TURKS TAKE CHARGE

CONSTANTINOPLE, Sept. 11.—Greek troops numbering 100,000 have evacuated Smyrna and the Turkish civil administration has been established there. The Turks have swept the Greeks out of Asia Minor.

### TURKS HOLD SMYRNA.

SMYRNA, Sept. 11, (1 p.m.)—Strong forces of Turkish nationalist infantry are holding all strategic points in the city.

W. E. Williams sailed by the Princess Alice Saturday afternoon for Victoria on a business trip.

### MURDOCK SENDS MESSAGES EACH STRIKE PARTIES

Tells Men Something Better Expected of Them by Canada at Critical Time

OTTAWA, Sept. 11.—Hon. James Murdock, minister of labor, sent messages to both shopmen and railways asking each to negotiate in an effort to prevent a Canadian strike of shopmen. He urges on the men that Canada desires something better at their hands at this critical transportation period than a strike and he asks employers to take note of the condition of the state and recommends that negotiations should be entered into immediately with a view to settling the wage question.

### LUCKY BOY SHIPS ORE FROM HYDER

HYDER, Sept. 11.—A shipment of ore was made recently from the Lucky Boy mine on Fish Creek operated by F. G. Behnson. Another shipment is to be made by the Fish Creek Mining Co.

The raising of the pole for the aerial of Jack Barnsley's radio outfit on Fourth Avenue West attracted the attention of many residents of Section Five yesterday afternoon. The stick is well over 100 feet in height and was successfully put up.

### Lumber Business Improves in Europe Says Olof Hansen on Return from Tour of Continent

That Canada should be able to make a strong bid for the French and English lumber business is the opinion of Olof Hansen, the local timber man, who returned last night with his family after a three and a half months' holiday tour which took in all the European countries with the exception of the British Isles, Russia and the Balkan States.

Mr. Hansen states that the lumber business has been picking up in Europe in the past few months. England and France, the large consumers, had been supplied from the Baltic States where the exchange was low and where buying was thus cheap.

This supply has now become pretty well exhausted and now England and France are looking to the countries where the exchange is at par such as Sweden, Canada and United States. It was impossible for Canada to compete with Europe before but now she should be able to compete with such countries as Sweden. Wages were lower in European countries it was true but the lower costs of raw materials in this country would offset the labor costs. Thus Canada should have in on this English and French business especially with much shipping lying idle that could be used in taking lumber across the Atlantic.

Speaking of general conditions in Europe, Mr. Hansen says that things are very unsettled. The people are still far from normal and in none of the countries have they returned to their senses since the war. However, there is a tendency of improvement gradually making itself felt.

"In every country there seems to be a feeling that Lloyd George is the greatest factor in the ranks of the statesmen who have the task of bringing back healthy and prosperous conditions."

The trip made by Mr. Hansen and his family was simply for holiday pleasure and business did not enter into it to any extent. They visited their old homes in Sweden and motored through Germany, France, Holland, Belgium, Italy and other countries. The British Isles were not visited.

While there were many pleasures and old associations to be renewed, Mr. Hansen says he is glad to get back. To one who is used to the West it seems difficult to adjust oneself in Europe. The country does not seem to be big enough. Mr. Hansen returns here with much work facing him. His tie camps up the line are to reopen almost immediately to say nothing of the accumulation of affairs in the three months of his absence.

While in Stockholm, Mr. Hansen had interesting audiences with the Swedish Prime Minister and Foreign Minister.

### SITUATION ASIA MINOR VERY GRAVE

France and Italy Accused of Encouraging Turks But Now Alarmed.

LONDON, Sept. 11.—Sweeping Greek forces from Asia Minor in a whirlwind campaign lasting only two weeks, the Turkish Nationalists have won a great military victory and at the same time at least partly nullified the losses to their nation through the great war. They have thus created a situation full of the gravest possibilities and one demanding the immediate adoption of a united policy by Britain, France and Italy. Such a policy is however, far from existent. France and Italy are accused in some quarters of having not only encouraged the Turks but of having supplied them with arms and munitions, although it is now reported in some quarters they are becoming alarmed at the unexpected extent of the Turkish success.

The first flight of the hydroplane Hazelton will take place this afternoon as soon as the weather clears. It was to have been made at 2 o'clock but the sudden coming on of a fog prevented it.

The ladies' rest room in the basement, occupying the quarters of the old Athletic Association, amply fill a long felt requirement. Here are located a lounge room, toilets and wash rooms. The work cost the Fair Board \$1,000 and included the making of a sewer connection. In the basement with a separate entrance is a private executive office.

### Biggest School Exhibit.

Great improvements are also to be noted in the balconies, where the school, home cooking, fancy work and special classes are to be located. The school exhibit accommodation includes twelve separate stalls on the west end of the building, each 10 by 5 feet in dimension with provision made for the hanging displays on either side of the stalls. The biggest school exhibit ever is expected. The home cooking accommodation is notably improved with shelves and sloping surfaces back of the tables. These will furnish a much better opportunity of display. This department will occupy the entire south end of the balcony. The fancy work quarters occupy the same position as last year only the entire east end of the balcony is available for them with the moving of the photograph exhibit downstairs. The entire north end of the balcony is reserved for special exhibits and emergencies.

### Dog and Poultry Houses.

Off the west side of the building are located the stock, dog show and poultry quarters. The dog house is entirely new and will accommodate 25 animals. The poultry house is in the same position as formerly but has been much improved with the putting in of windows and general renovation. There are 108 single pens and 21 brood pens, all being ranged along the sides of the house with a commodious

### Many Improvements in the Laying Out of Exhibition; Innovations Are Apparent

The Exhibition Hall, adjoining buildings and grounds on Acropolis Hill have undergone a veritable transformation for the accommodation of the increased number of exhibits and attractions that will feature the 1922 exhibition which opens tomorrow. Over the week-end and today carpenters and others have been putting the finishing touches on work that has been steadily going on for the past few weeks. This afternoon practically everything is ready for the rush of placing exhibits which has already commenced.

On entering the main entrance of the hall, the many extensive improvements that have been made to the building become immediately apparent. At the right hand side a new and permanent hand and concert stand has been put up replacing the old makeshift system of boards and forms. The fine new floor and new quarters for the mineral and photography exhibits are notable features on the ground floor. A new system is to be adopted for the district agricultural and fruit exhibit. Instead of being laid out flat on tables as in the past, they will be placed against stands of stall like form and will occupy the aisle spaces. Seventy square feet of floor space is being allotted to each district exhibit, there being seven of them altogether. Individual exhibits of the flower, vegetable and fruit sections will also be on the main floor to the sides of the district exhibits. The industrial and commercial booths, I. O. D. E. tea room and Indian department will be ranged along the sides of the main floor as formerly.

The ladies' rest room in the basement, occupying the quarters of the old Athletic Association, amply fill a long felt requirement. Here are located a lounge room, toilets and wash rooms. The work cost the Fair Board \$1,000 and included the making of a sewer connection. In the basement with a separate entrance is a private executive office.

### DROWNED FROM GAS BOAT AT OCEAN FALLS

Paper Maker Named Oscar Breault Disappeared From Launch

OCEAN FALLS, Sept. 11.—Oscar Breault, a local paper maker, was accidentally drowned here on Saturday evening. With his partner, Breault was trying out an engine in a gas boat in the harbor when the partner suddenly missed him from the boat.

Dragging operations are being conducted with a view to recovery of the body, but so far without success.

### FATAL FALL AT CAPILANO

Girl Was Walking on Flume When It Gave Way; Body Was Recovered

VANCOUVER, Sept. 11.—Crashing through rotten boards of the disused water flume in Capilano Canyon Sunday, Gertrude Bishop, 19 years of age, of South Vancouver, swung dizzy over the gorge for some seconds and then dropped into the rocky stream 200 feet below. The body has been recovered.

Miss Bishop was with a young man companion walking along the flume when the accident happened.

### POSTAL CONFERENCE OTTAWA IN OCTOBER

Postmaster General Called Gathering to Consider Improving Facilities

OTTAWA, Sept. 11.—Hon. Charles Murphy, postmaster general, has called a meeting of postal officials representing all districts to be held in Ottawa on October 2 to consider postal matters generally with a view to improving the postal facilities of Canada.

**DAILY EDITION**

Monday, Sept. 11, 1922.

**Exhibition Will Be Worth While.**

This year the outside districts are taking more interest than usual in the Exhibition. A number of district exhibits are being shown and in a good many lines there is increased interest being taken in the annual event. If the people from outside the city are doing this, what about the home people? In order to show that the efforts of the visitors have not been in vain, the least we can do is to help it all we can.

While a few will go to the Exhibition as a matter of duty, most people will do so because they like to see the progress that is being made, they enjoy looking at the flowers, the vegetables, the pictures, the handicraft work and all the other attractions as well as listening to the music.

**Make The Week An Outstanding Event.**

We suggest that every resident make this week the outstanding event of the year. Let other engagements be put off and centre all our attention on the one thing. We are told that there is to be something different there every evening. It is the place to visit, the place to meet people, the place to have a cup of tea or a bit of late supper.

Once a year we have these fairs and most of them have been a success. Judging from what we hear from the entries that have been made it seems as if this year would be the banner year, especially if the weather is reasonably good.

**Financial Policy Of Government.**

Nothing but business is to influence the Ottawa Government in connection with its expenditures, according to some of the ministers. The Financial Post of Toronto discussing the matter, says:

"If the Hon. Dr. King, minister of public works, bespoke the sincere working policy of the present government, when he told the guests of the Toronto Harbor Commission at luncheon last week, that whether the contemplated expenditures brought before his department were for new works or those already started they would have to pass one test—the test as to whether they would be justified in a business way by returns—then the men at Ottawa with their hands on the national purse strings are going to have the support of taxpayers generally whatever their political leanings. It is one thing, however, to enunciate a policy of this kind and another to enforce it in the face of a strong tide of political influences tending the other way. But in the meantime let us give Premier King and his associates credit for sincere intentions.

"We believe that Canadians can take credit for being good taxpayers—at least as taxpayers go. The business and financial communities, large property owners, salary earners and investors with incomes understand the burdens which the war has entailed upon the country, and are prepared to carry them with grim determination. If the wage earners and the farmers do not understand and appreciate this and are inclined to kick against the pricks it is not, we believe, that they are unwilling to bear their share, but because they have listened to socialist agitators who so well know how to make political capital out of public ignorance and ever present discontent.

"But while there is evident every determination to meet the obligations of war, there is a very strong feeling that the burden should not be increased by extravagance and inefficiency now that there is an opportunity to reduce the costs of government. The railways are an example. Still more drastic reorganization here is needed to reduce the deficit. Expenditures in other departments give the impression that they would be susceptible to material reductions if they were pruned by reorganization, as was done in the printing department.

"A member of the government has declared that expenditures on public works will be on the basis of sound business with financial return as the test. The people will look to the government to live up to that policy."

**COUNTY COURT FOR SEPTEMBER**

Cases Started This Morning with Setting Down of Dates by Judge Young.

Dates for the hearings of the cases on the September County Court list are being set today by His Honor Judge F. McR. Young. Some of the cases are to be proceeded with today. The cases are:

Elizabeth Thompson vs. John Wicks, claim of \$83.50 for board and lodging; Williams, Manson & Gonzales for the plaintiff and defendant in person.

R. V. G. LePine vs. V. M. Daffoe, of Vancouver, \$115 for commission; Williams, Manson & Gonzales for the plaintiff and Archie Donaghy for the defendant.

Daniel Larsen et al vs. Otto P. Schmidt, \$266.17 for damages incurred through defendant's boat being moored against plaintiff's in a storm; Williams, Manson & Gonzales for the plaintiff and Patmore & Fulton for the defendant.

House F. Overland & Co., vs. Bert McEvoy, \$24.30 for merchandise sold and delivered; Patmore & Fulton for the plaintiff and defendant in person.

Patmore & Fulton vs. John McMillan, \$675 for professional services.

Kenny Bros. vs. W. J. Martin, Terrace, \$160.00 for commission on sale of land; Archie Donaghy for the plaintiff and Patmore & Fulton for defendant.

H. Kilbreath vs. Richard Lowrie, of U.S., \$250 damages in tearing down a house; A. Donaghy for the plaintiff and Patmore & Fulton for the defendant.

Samuel H. Labbe vs. Henry Weismiller, \$360; Williams, Manson & Gonzales for the plaintiff and Patmore & Fulton for defendant.

R. S. Sargent Ltd., vs. Rattenbury Lands, Patmore & Fulton for plaintiff and W. E. Fisher for defendant.

Rex vs. Middle West, appeal in a conviction of last April when defendant was fined \$1000 by Magistrate S. H. Hoskins at Telkwa for acting as agent for the purchase of liquor; A. Donaghy for the crown, Patmore & Fulton for defendant.

**CARPENTERS OPPOSE CUT**

Vote on Saturday Night Resulted 28 Against Reduction and 3 in Favor.

After strong speeches had been made both for and against the acceptance of a reduction of wages from \$7 a day to \$6.40, a meeting of the local Carpenters' Union took a vote by ballot on the question last Saturday night which resulted 3 in favor of a reduction and 28 against. The question has been under discussion by the Union for several weeks having been brought about by the proposal of Mitchell & Currie to cut carpenters' wages from \$7 to \$6.40. This reduction was to have taken effect this morning.

**AIRPLANE HERE FOR EXHIBITION**

"Hazelton" Reached City Yesterday Afternoon Making First Flight from Interior.

The all metal PL hydroplane Hazelton, belonging to the Railway Employees' Industrial and Investment Association, glided into Prince Rupert harbor yesterday afternoon at 2:15 o'clock, the first airplane to make a flight from the Central Interior of British Columbia to the sea. She carried as passengers Mrs. J. C. K. Sealy, Miss Hazel Cunningham and George M. Beirnes and was piloted by Major G. A. Thompson, these persons thus being the real pioneers of this mode of travel in this country.

The Hazelton's flight was uneventful outside of the fact that she ran into a fog bank at Inverness and had to come down to the surface of the water and taxi in the rest of the way to Prince Rupert. The machine left Hazelton on schedule time shortly after 10 o'clock, passed over Terrace about an hour and a quarter later and was over Port Essington at 12 o'clock. Had it not been necessary to come down at the mouth of the Skeena River she would have been here when expected, a few minutes after 12 o'clock. Many points along the way from Hazelton to Prince Rupert kept a watch out for the machine and she was observed clearly at most of these. It was the first time that Terrace people had seen an airplane pass over their town.

**Struck Air Pockets.**

The passengers on the machine tell of having struck a few air pockets on the way down which caused the machine to drop like an elevator righting herself again, quivering and picking up her flight again. Major Thompson demonstrated his skill as a pilot. Mrs. Sealy and Mr. Beirnes had made flights before in the machine but it was Miss Cunningham's first aerial ride.

The Hazelton has been engaged by the Northern B. C. Agricultural and Industrial Association to make flights in connection with this week's Exhibition. These will be made every day of the fair at set hours, the first having been scheduled to take place today.

Len Bell, president of the company owning the machine, returned from Hazelton on Saturday night's train and will be here for the week.

**The Man in the Moon SAYS--**

LOCAL taxpayers remind one some of the big trout. They wiggle and fight a good deal but not until after they have swallowed the bait. The fight is of little avail.

I AM a conscientious objector. I prefer writing to real work and object strenuously to doing anything else.

ALL our local coal troubles are settled except one. That trouble is finding the cash to pay for a ton.

MARY had a little bear That ate up all the chickens. And when the little bruins came They cackled like the dickens.

ONE necessary thing for a successful leader is to have plenty of faithful followers.

WHILE the good die young, the old fellows once were good.

MEET me tomorrow night in midway at the fair.

WERE all off to the fair The sports and fun to share As long as we've a dollar in our jeans.

We will take an airplane flight, Visit midway late at night, And spend our cash according to our means.

OTHERS besides those who go to sea get "half seas over" occasionally.

WOMEN imitate men's vices and they would also imitate the virtues if there were any.

**What Is Chiropractic?**

Chiropractic is a name given to a science, art and philosophy of a natural thing. The practice of Chiropractic consists of the adjustment, with the hands, of the movable segments of the spinal column to normal position for the purpose of relieving the impinged nerve so that the life force can flow over the nerve to the tissue cells and thus restore the abnormal to normal.

OUR FAMOUS STOVE COAL is, if anything, better this year. Consumers Coal Co., Ltd. Phone 7. tf

Helen Carlson, native, was fined \$50 in the police court this morning having been found guilty of intoxication by Magistrate McClymont.

King George Cafe, Chop Suey and Noodles, corner of Second Avenue and Eighth Street, will be open tomorrow, Tuesday. Phone Blue 471.

James G. Steen made a business trip to Terrace at the weekend returning home on last night's train.

Miss Pulmira Astoria and Miss Mary Astoria returned on Saturday from the north after having made the round trip to Skagway on the steamer Princess Alice.

Chief A. C. Minty, of the provincial police, sailed last night for the south having in custody Anthony Dahl, the insane fisherman who is to be placed in the New Westminster asylum; Joe McBain, who is to serve nine months at Okalla for robbery, and Wong Gum, a Port Essington Chinaman, who will do six months for an infraction of the Opium and Narcotic Drug Act.

Three tourists from the Princess Alice missed the steamer here Saturday afternoon and continued their voyage on the steamer Princess Beatrice later in the afternoon. The C. P. R. boats have discontinued blowing the 15 and 30 minute whistles before leaving here but a board telling the sailing time of the steamer is posted before tourists embark for the visit uptown. The blowing of the whistle is said by the officers of the steamer to be confusing. This was about the only port where such warning whistles were given.

## Have Your Old Jewellery Remodeled

Your old-fashioned wide band wedding ring can be made into a handsome new-style Tiffany ring at small expense. Your old-style diamond engagement ring can be made over into a beautiful filigreed ring with a setting that will show the diamond to greater advantage. Your old earring, breast-pin, finger rings, etc., can be remodelled into the latest style of jewellery and the low cost of the work will surprise you. We do all kinds of fine repair work on watches, jewellery, clocks, etc.

"It's Better When Baked by Electricity"

# YOUR BREAD Problem Solved

A word on the Bread Question to  
**SAWMILLS, LOGGING CAMPS, FISHING BOATS MINING CAMPS**

The success of out of door work depends upon the physical fitness of the worker and good wholesome BREAD is of course the basis of physical well being.

**GOOD BREAD** is absolutely necessary to insure good health and good work.

It frequently happens that camp cooks are changed, and in camps where the bread is baked this often means a change in the quality of the bread which is not always satisfactory.

To be able to count absolutely upon BREAD WHICH WILL GIVE ENTIRE SATISFACTION, and above all BREAD THAT WILL KEEP FRESH AND MOIST FOR DAYS AT A TIME is to increase efficiency.

We bake our break between the hours of 1 a.m. and 4 a.m. for morning requirements, and again between the hours of 6 a.m. and 10 a.m. for the afternoon trade, so that our baking is always FRESH FROM THE OVEN.

**WE GIVE A GUARANTEED DELIVERY TO ANY POINT IN NORTHERN B.C. IN ANY QUANTITY.**

**Sport Chat**

Fair Week is here again and with it the usual quota of sport features which will revive the interest in the outside games for the last time this season. Lacrosse and wrestling will be two lines this year that are new to a Fair program but both have taken a strong hold here and promise to share in the patronage that has been given in the past to the older games such as football and baseball. The latter, however, have not been neglected and patrons will receive their annual treat. Then, of course, for the more venturesome there will be the hydro-plane flights which will become popular immediately after one successful flight has been made.

The week's sport program will be as follows:  
Monday (tonight)—Exhibition football semi-final between Sons of England and Gallies.  
Tuesday afternoon—Baseball, Anyox vs. Prince Rupert.  
Wednesday afternoon—Baseball, Anyox vs. Prince Rupert.  
Wednesday evening—Wrestling, Ad. Gustavo vs. Tiny Walker, of Ketchikan.  
Tuesday afternoon—Baseball, Anyox vs. Prince Rupert.  
Friday afternoon—Football, Grotto vs. winners of tonight's game in Exhibition soccer final.  
Saturday afternoon—Children's races; Senior Lacrosse, Sons of Canada vs. Elks.  
The native football and base-

ball teams will be given morning dates, the days to be set when the list of entries is definitely known.

In case the weather tonight is again not favorable the Exhibition soccer semi-final game may be set over till next Friday, the date set for the final. In that case, it would be necessary to have the final played after the exhibition. It is certainly to be hoped that weather will be favorable throughout the week for there is a big program and had weather would upset it rather badly and also affect gate receipts adversely. Just one more word of moderately decent weather is all the fans will ask for.

Visitor (from the home of baseball)—Well, I'm glad I've seen cricket. I've seen St. Paul's and the Abbey, and they are good goods. But, when it comes to hush and the subdued atmosphere, old cricket's got 'em beat."—Punch (London).

**FATHER MURDERED BY CHILD OF TEN**

**Little Girl Puts Poison in Parent's Tea Because He Swore at Her.**

WINNIPEG, Sept. 11.—Pearl Penny, a little girl ten years of age, is being tried here on a charge of murdering her father by putting poison in his tea. An analysis of the contents of the man's stomach revealed strychnine.  
Dr. A. T. Mathers stated he had interrogated the girl and she had told him she put poison in her father's tea because he swore at her.  
A neighbor, Frank Delorme, deposed he was called to Penny's farm about 7 p.m. on May 5 by Penny's little boy, aged 14, who was at home with his sister and father during the absence of the mother in Winnipeg. Penny was found lying face downward on a path about five yards from the door of the house, covered with an elk robe. Efforts to rouse him failed. Asked if they were frightened, both the children replied in the negative. They were talking and laughing.  
Took Ill at Supper.  
Next day the little girl had described to him how her father died. After sitting down to supper he became ill and went outside and made an awful noise like that of a wolf. Going inside again he told her to empty and scald the teapot, as there was something wrong with it. He left the house again and wrote

**WOODEN WHARVES ARE BETTER THAN CONCRETE**

So Says Engineer of Seattle Port Commission After Thorough Investigation.

SEATTLE, Sept. 11.—After a thorough examination of the concrete or granite type of ocean terminal construction in Europe, Chief Engineer George F. Nicholson of the Seattle Port Commission has reported to that body that he is convinced Seattle and the Northwest ports should continue building wooden wharves. Mr. Nicholson returned several weeks ago after an absence of more than six months, during which time he visited the leading British and continental ports and studied their systems of wharf construction for the Seattle board.  
His report, made public in detail, contains the following comment on the respective merits of concrete or granite and wooden construction in ocean terminals:  
I am satisfied that Seattle and the northwestern ports, situated in a lumber country, should continue in the building of the wooden type of wharf structures, especially transit sheds for two reasons: On account of the much lower cost and on account of the fact that new mechanical freight handling equipment may make it necessary to change the type of terminal facilities, especially the transit sheds, very materially in the future.  
Another great difficulty that the European ports have been confronted with in connection with the permanent granite wall type of construction, is the fact that they are unable to obtain a greater depth of water alongside these facilities without undermining the foundation. In fact, I saw in some of the ports a number of cases where these foundations had been undermined in trying to obtain more depth of water and the walls had caved in.

**HEART IN NECK.**

PARIS, Ont., Sept. 8.—A Jersey cow on the farm of John H. Bailey near Etomia, on the Provincial highway, recently gave birth to a freak calf. The heart of the animal is situated about the centre of the neck and is distinctly visible and the heartbeats plainly seen. The calf is strong and frisky.

Get RAZ-MAH, take the little capsules, and Summer-Asthma & Hay-Fever will no longer trouble you. Sold by good Druggists everywhere.

Sold by ORMES LIMITED.

**A Laundry Service Within Every Woman's Means**

It is here for you in this Family Service we offer. What is most disagreeable on washday? Isn't it the mussiness of wash water; the steam of boilers and tubs, the lifting and hauling? And it's of that we relieve you—at a cost truly moderate.  
We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.  
Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; and other pieces that require it we starch and make ready for you to iron in your own home.  
In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.  
It's a truly economical service within the means of every woman—we're sure you'll like it immensely.  
Telephone, we'll welcome an opportunity to tell you more about it.

## Movies and Movie People

Devoted to the doings and sayings of those who entertain the public.

During Fair Week both theatres will be showing pictures Tuesday, Thursday, Friday and Saturday. It opens with "Two Kinds of Women," and interesting play with a strong plot.

"Blood Will Tell" is the title of the latest Tom Mix picture. This title has been chosen instead of "A Kiss in the Dark."

The way to rid the screen of poor pictures is to patronize the good ones. That is the best kind of constructive criticism.

Charlie Chaplin has just completed a new comedy but it has not yet been named and will not be ready for issue for about a month.

Rudolph Valentino, the favorite of the ladies, is the hero in "Blood and Sand." This picture

is drawing big houses everywhere it is being shown. It is described as a screen sensation.

"How Kitchener Was Betrayed" has been admitted to the United States after being held up by a protest from the British Embassy.

The activities of the followers of Ghandi in India have been filmed and are to be shown in the United States.

Mabel Normand is to star with Mack Sennett company in comedy drama roles and in five and six reel comedies. Ben Turpin is still with them.

The life story of the three Talmages is to be published in book form in the near future. Twenty thousand copies are in the press.

### WESTHOLME THEATRE

Monday and Tuesday—Jewel Carmen in "Nobody." Mack Sennett comedy featuring Ben Turpin in "Love's Outcast."

Wednesday and Thursday—Bryant Washburn in "The Road to London" an English production. Comedy.

Friday and Saturday and Saturday Matinee—Rudolph Valentino and Dorothy Dalton in the special production, "Moran of the Lady Letty." Gazette and Comedy.

**EMPRESS THEATRE**  
Tuesday and Thursday—"Two Kinds of Women." Comedy and program for Friday and Saturday to be advised later.

Wednesday—Wrestling match, Ad Gustavo vs. Tiny Walker.

Another offer has been made for the Allen Theatres by the Famous Players Canadian Corporation. The amount is said to be \$850,000. At first they offered over a million dollars but this was withdrawn when some of the houses were foreclosed.

### DOROTHY DALTON AND VALENTINO IN STORY OF THE SEA

Picture is to be shown here on Friday and Saturday at Westholme.

A picture of unusual dramatic strength, is George Melford's production, "Moran of the Lady Letty," Paramount's latest offering featuring Dorothy Dalton, will score a big success at the Westholme Theatre this week.

This is a dramatic story of Norway, in Magdalena Bay, Mexico, and along the waterfront of San Francisco. The principal action takes place aboard two sailing vessels, one a trader and the other a smuggling ship, commanded by Captain Kitchell, a murderous, tyrannical seaman, Ramon Lareda, played by Rudolph Valentino, is a society man, who has been shanghaied, and forced to join Kitchell's crew. On the other vessel, which be-

# MACDONALD'S

# CIGARETTES

comes a derelict, is Moran, a girl of the sturdy rough, seafaring type, Kitchell finds the derelict, Moran is carried aboard by Ramon, and from then on ensues a series of highly dramatic complications which makes the average spectator grip his seat and lose himself in the realism of the picture.

Dorothy Dalton was excellent in the role of Moran, while Mr. Valentino gave a powerful portrayal of Ramon. The support generally, was the best.

### GOOD PICTURES AT WESTHOLME FOR WEEK

Everyone likes Jewel Carmen and in "Nobody" she is said to be at her best. The photoplay is to be shown tonight at the Westholme and there is also one of the famous Mack Sennett comedies.

Wednesday, and Thursday Bryant Washburn will be seen at the same theatre, Washburn the immaculate is just as fine as ever in "The Road to London."

### HEAR OLD STORY OF THE PRODIGAL SON

"The Prodigal Son" was Evangelist Mae Eleanor Frey's subject last night at the Empress Theatre. The congregation was moved to tears as the Evangelist pictured the poor young man, who, after having spent his portion of his father's goods, finds himself "broke" and friendless in the large city. Finally after hiring out to a farmer and not receiving any food, he returns home to his father and asks forgiveness for his waywardness, which is readily given and he is received back in his old position in the family. The speaker said, in making application, there were many prodigals these days—young men who have drifted away from home, gotten into bad company and have found themselves in a similar position to the young man in the story. She urged all to embrace religion and to return from the far country of sin to their Heavenly Father.

The song service was a special feature of the meeting, in which all joined. At the close of the service the boy musician sang "My Mother's Prayers Have Followed Me."

The crowd in attendance last night was the largest in this series of meetings to date.

### THIRTEEN MILLION FEET OF LOGS ARE SCALED IN DISTRICT

Spruce Constitutes About Half the Output for Month of August.

Approximately thirteen million feet was the quantity of timber scaled by the Forestry department in this district during the month of August. The exact figures were 12,783,516 board feet of logs; 28,550 lineal feet of piles, 20 cords of shingle bolts and 51,637 railway ties. Following is the detail of the logs:

Douglas Fir	1,188,446
Red Cedar	2,694,876
Hemlock	1,713,340
Balsam	541,315
Cottonwood	159,465

### HONOLULU VISITOR ACTIVE IN ROTARY AND Y.M.C.A. WORK

Floyd C. Emmans, Honolulu, visited at the week-end, accompanied by Mrs. Emmans and child, is active in the Y. M. C. A. and Rotary Club work of his home city.

Mr. and Mrs. Emmans spent a month rusticating at Sproat Lake on Vancouver Island after which they decided on the round trip to Jasper Park and Prince Rupert. They sailed for the south on the Prince Rupert last night enroute to San Francisco where they will take steamer for Honolulu.

Mrs. Emmans, prior to her marriage, was Mrs. John, of Victoria, a life-long friend of Mrs. Erskine, Digby Island, with whom she spent part of the time visiting while here.

## To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

### CONVERSION PROPOSALS

**THE MINISTER OF FINANCE** offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

**W. S. FIELDING,**  
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

### LOCAL FIRM DOING MUCH BUSINESS IN IMPORTING MATERIAL

There is much activity around the yards and dock of Albert & McCaffery these days. At the week end the tug Leipsic brought in two barges, one with 100 tons of Island coal and the other 400,000 feet of lumber, lath and shingles. The work on discharging is still going on.

The Malaspina, Captain Newcombe, is taking on 150 tons of coal and the Prince Albert has cement and coal for the same firm.

Speaking of the business conditions, Mr. McCaffery says his firm is busier than it has been for years.

### HAZELTON

George Parent, New Hazelton station agent, is back at his duties after a holiday trip East.

In spite of the fact that the grouse grounds are limited on account of the forest fires this summer, local hunters have been having good success and many large bags have been taken.

Mr. Buckpitt has arrived from New Westminster to take charge of the Mud Creek School.

Miss Laura Moore, lady superintendent of the Hazelton Hospital, has returned to her duties after a holiday spent in Vancouver.

Mr. and Mrs. William Gow left last week to spend a three week vacation on the prairies.

### Purest of all

Pure coconut oil and rich palm oil, from our own plantations, are skillfully blended in Sunlight Soap. It is the purest and highest quality laundry soap and has the largest sale in the world.

Sunlight Soap washes beautifully and it has no impure ingredients it soaks your clothes and makes them wear longer.

### LAND SETTLEMENT BOARD OFFICIAL FROM TELKWA WEDS

Miss Eulalie Laird Ferguson, of Strathroy, Ont., becomes Bride of John Perriman Wheeler.

A wedding of much interest throughout the northern and central districts took place Saturday afternoon at the Methodist parsonage at 4 o'clock when Miss Eulalie Laird Ferguson, daughter of Mr. and Mrs. Edward George Ferguson, Strathroy, Ont., was united in marriage to John Perriman Wheeler, son of Mr. and Mrs. Albert Wheeler, of Vancouver, B. C., Rev. G. G. Hucker officiating. Clifford Woodworth, the new High School teacher and an old friend of the groom, was a witness. Mr. and Mrs. Wheeler will leave on tonight's train for Telkwa where they will make their home.

Mrs. Wheeler arrived last week from the East. Her home is in Strathroy, Ont., but she has been teaching school for the past year at Fillmore, Sask. Mr. Wheeler, as the representative of the Soldiers' Settlement Board is widely known throughout the interior and also in Prince Rupert. The best wishes of many friends in the district will be extended to Mr. and Mrs. Wheeler.

### SMITHERS

The Hansen tie camps are to reopen earlier this fall than usual and preparations are already being made with this end in view. Operations will be centered almost exclusively around Priestly this year on account of the large amount of fire killed timber there that must be used at once. It is not likely that the Decker Lake and Walcot camps will be operated.

The Swan Group on Hudson Bay Mountain has been added to the properties already held by J. F. Duthie of Seattle. Mr. Duthie visited here recently and expressed much pleasure with the showings on the Mamie and Henderson. A second compressor and drills have been ordered so that the work may be carried on on an even more expeditiously than in the past.

W. S. Henry and S. A. D. Davis of Smithers have bonded twelve claims on Hudson Bay Mountain representing the holdings of J. A. Macdonald, Angus McLean, Fred Castedde, Joe Fisher and Joe Sheady.

James Cronin, owner of the Babine Bonanza Mine, stated before leaving for Spokane last week that he had nothing definite to announce as to the resumption of operations on his property but that when work did start again it would be on a permanent and larger basis than formerly.

The Smithers school reopened last Tuesday with the following teachers on the staff: Mr. Bunt, principal, Miss Fetterey, Miss Chappelle and Mr. Wilson.

Mr. and Mrs. H. R. Pearshall,

of Berkeley, California, are here visiting Mrs. Pearshall's mother, Mrs. Wheatley.

### Ten Years Ago In Prince Rupert

September 11, 1912.

T. Frame Thompson, a London financier, is here obtaining information regarding hydro-electric possibilities in the district. He made a trip to the head of steel returning to town this morning. Those accompanying him were Clark Durant, W. C. G. Meehan, and G. A. McNicholl.

The city council is seriously considering the proposal to put in a drinking trough for the little deer which is confined in Acropolis Hill park.

A branch of the W. G. T. U. was formed in Prince Rupert at a meeting held last night in the Methodist Church. The officers are: President, Mrs. W. H. Kergin; Vice-President, Mrs. W. J. Kirkpatrick; Corresponding Secretary, Mrs. J. A. Thompson; Recording Secretary, Mrs. Fred Button; Treasurer, Miss Wark. A branch is also being organized at Hazelton.

About 20 or 25 persons, most of them directly interested in the building trade, took advantage of the school board's invitation to inspect the Booth Memorial School on Saturday afternoon. General satisfaction was expressed with the manner of the repairs being carried out by Architect A. M. Jeffers.

### IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE.

In the Matter of the Administration Act, and In the Matter of the Estate of George Crook Deceased, Intestate.

In Chambers: Before His Honor F. McE Young, Thursday, the 24th day of August, 1922.

UPON the petition of J. H. McMullin, Official Administrator, upon reading the affidavits of the said J. H. McMullin, of Albert Edward Johnson and of Andrew Brown; and upon hearing Mr. W. O. Fulton of Counsel for the Petitioner: IT IS ORDERED that the death of the above-named George Crook Doughty shall be presumed to have occurred on the 7th day of April, A.D. 1922, at Seven Mile Point, Graham Island, British Columbia.

IT IS FURTHER ORDERED that the said J. H. McMullin may apply for administration of the said estate and declare to the death as having occurred upon the said date upon publishing a copy of this order in a newspaper published and circulating in Prince Rupert, B.C., for a period of one month at weekly intervals.

F. McE YOUNG, J.J.S.C.

### CANADIAN NATIONAL RAILWAYS. WESTERN LINES. TENDER FOR TIES.

Sealed tenders addressed to the undersigned and endorsed "Tender for Ties" will be received at this office until twelve o'clock noon, Saturday, 16th day of September, 1922, for 4,500,000 Railway ties to be manufactured from timber cut between October, 1922 and May, 1923, and delivered between December 1st, 1922, and September, 30th, 1923, on Canadian National Lines West of Armstrong and Fort Arthur, in accordance with the specifications No. 3856 dated March 18th, 1919.

1,000,000 to be delivered on Canadian National Lines between Arm-Fort and Winnipeg.

500,000 to be delivered on Canadian National Lines in Minnesota.

100,000 to be delivered on Canadian National Lines West of Winnipeg in Manitoba and Saskatchewan.

500,000 to be delivered on Canadian National Lines in Northern Alberta.

500,000 to be delivered on Canadian National Lines between Red Pass Junction and Port Mann.

1,000,000 to be delivered on Canadian National Lines between Red Pass Junction and Endako.

500,000 to be delivered on Canadian National Lines between Endako and Terrace, B.C.

Tender forms and Specifications can be obtained at the office of the General Tie Agent, Room 231 New Union Station, Toronto, J. B. Parkin, District Tie Agent, Winnipeg, Man., or C. C. Labrie, Purchasing Agent, Vancouver, B.C. Tenders will not be considered unless made on form supplied by the Railway Company.

No tender for quantities less than 5,000 ties will be considered.

The lowest or any tender not necessarily accepted.

Arrangements will be made through the District Tie Agent—J. B. Parkin, Winnipeg, to purchase ties produced in small quantities by actual settlers from their own lands.

W. H. GRANT, General Tie Agent, Canadian National Railways, Toronto.
