## Hon. T. A. Crerar Speaks On Policy

### KING ELECTED BY OVERWHELMING MAJORITY EAST KOOTENAY

#### Progressive Leader Outlines Position of His Party: Will Not Oppose Sake of Opposing

OTTAWA, March 15.—Hon. T. A. Crerar, the Progressive leader, said the farmers were not in the House of Commons to oppose for the sake of opposing. He promised Parliament that the farmers would support the government in all things possible but was prepared with criticism where the government policy seemed to them wrong.

Referring to ex-Premier Meighen's remarks regarding the Liberal-Progressive negotiations before the cabinet was announced, Mr. Crerar declared the farmers understood that the proposals of the Liberals to the Progressives concerned matters of policy rather than personnel of the cabinet, and for that reason the Progressives had given it close consideration.

Mr. Crerar said he thought the brief indications of the government's tariff policy revealed in the speech from the throne was as fine a protectionist policy as he had ever heard preached.

The Progressive leader urged the placing of all national railways under one central management and agreed with Mr. Meighen that articles appearing in the press appeared like deliberate propaganda against national ownership.

Premier King interposed that the government meant by co-ordination of the national railways and the appointment of one board of directors to manage the entire system economically and efficiently.

Mr. Crerar advocated the re-establishment of the wheat board, the investigation of freight rates and the downward revision of the tariff.

The debate on the address was resumed today in the House of Commons by Hon. J. B. Baxter. In the Senate the address was discussed by Senator J. G. Turritt.

#### SOUTH AFRICAN RIOTS IN HAND

CAPETOWN, S.A., March 15.—The South African situation was well in hand last night when Fordsburg, a centre of the insurrection movement, surrendered to the Government forces after 75 minutes bombardment with artillery.

#### GETTING READY TO REOPEN CANNERIES

J. F. Strang, Sunnyside, Arrived from South Today.

Preparations are to commence at once for the reopening of the Skeena River canneries. J. F. Strang, manager of Sunnyside Cannery, arrived this morning from the south on the Prince Rupert with part of his crew and left again on the outbound train for the river. D. W. Wilson, accountant at Sunnyside, arrived from the cannery on last night's train and returned this morning to the plant.

#### ALLAN CUP

WINNIPEG, March 15.—Fast hockey is looked for tonight when Regina and Fort William meet to decide the Western Canada hockey championship in the Allan Cup play-off. Fort William is two goals behind Regina having won Monday night's game, three to one.

#### KING WINS IN KOOTENAY

Minister of Public Works Has Large Majority Over His Opponent.

FERNIE, Mar. 15.—With six small polls to hear from, Hon. Dr. King, federal minister of public works, has a majority over Brondson, the Labor-Progressive candidate, of about 1100 votes in the East Kootenay by-election.

FERNIE, Mar. 15.—(Later) The vote this morning in East Kootenay by-election, with 64 polls out of 69, gave King 3078 and Brondson 1909, a majority of 1169.

#### REORGANIZED BAND HOLDS FIRST PRACTISE

Officers Elected Last Night and Rules and Regulations Adopted.

A successful band practise and meeting was held last evening by the independent unit band. The following officers were elected: A. Beale, bandmaster; J. Ritchie, asst. bandmaster; W. H. Derry, secretary-treas; A. Duckworth, librarian; H. Snow, C. Emerton and H. Ward, committee.

The officers are all returned men. Bylaws, rules and constitution were adopted.

The following were the players: Cornets, A. Duckworth, L. Starr; W. Rance; clarionets, A. Beale, H. Ward, W. Davis; horns, W. H. Derry, J. Galloway, C. Emerton; trombones, S. Steele and H. Snow; baritone, J. Ritchie; E-flat bass, W. N. Hoss; B-B bass, W. L. McBravey.

All communications for the above band may be addressed to W. H. Derry, secretary-treasurer, postoffice box 465.

#### OCEAN FALLS SHUTS DOWN

VANCOUVER, March 15.—The local office of the Pacific Mills Ltd., announces that the Ocean Falls plant shut down on Monday owing to lack of water.

#### FOUND IN HOTEL WITH A FRACTURED SKULL

LONDON, March 15.—Lady Alice White, aged 60, was found in a hotel room with a fractured skull. She died shortly afterwards. The crime was believed to have been the work of burglars.

#### MISS STEWART WILL ADDRESS A PUBLIC MEETING THURSDAY

Miss Helen G. Stewart will address a public meeting at the Empress Theatre at 8 p.m. Thursday. Subject: "The Bylaw for a Public Library." Ratepayers, come and hear Miss Stewart explain what you are to vote for on March 22.

#### UNEMPLOYED RESOLUTION

Passed by Trades and Labor Council After Conference With Workers

A delegation from the unemployed association attended the meeting of the Trades and Labor Council last night and the following resolution was passed as an outcome of the visit:

"Whereas unemployment has become both acute and chronic thereby taking precedence over all other social ailments, and whereas many suggestions have been made to our governments relative to unemployment and steps taken to provide temporary relief, and whereas such relief work has not in many cases given the governments assisting reasonable returns of a permanent nature on their outlay nor met the necessities of the workers on the other hand, and whereas the future appears replete with signs of a continuation in an intensified form of the present unfortunate condition thereby threatening to entirely undermine the economic status of society, and whereas the experience of the last three winters has shown that concerted and co-ordinated action on a national scale must be taken to adequately deal with this serious question, therefore be it resolved that we petition the Dominion Government to appoint a commission for the purpose of taking evidence relative to unemployment and to enquire into the feasibility of the greater utilization and development of our natural resources by the Government, thus reducing unemployment and to formulate a definite permanent policy of dealing with the question by insurance or otherwise, and further be it resolved that a copy of this resolution be sent to Hon. W. L. Mackenzie King, Hon. Jas. Murdock, Fred Stork, M.P., Hon. Arthur Meighen, Hon. Thos. Crerar and the other trades and labor councils in B.C. asking for their support."

Several committee reports were also received at the meeting and work was outlined for the future. President S. D. Macdonald was authorized to confer with President C. H. Orme, of the Board of Trade, with reference to the establishing of a joint committee to deal with labor problems which might arise.

CREW IN CHARGE ON ROMA'S LAST FLIGHT.

This picture shows the officers who were aboard the ill-fated air vessel Roma when it burst into flames and crashed to earth near Hampton Roads (Virginia) naval base. The Roma was placed into commission only several weeks ago after having been assembled at Langley Field. She was the largest dirigible owned by the United States Government and was purchased from Italy. Her mammoth gas bag had a capacity of more than a million cubic feet. From left to right: Front row—Lieut. W. J. Reed, survivor; Major John G. Thornell, dead; and Capt. Mabry, commander, dead. Second row—Sergeant J. M. Biedenbach, survivor; Sergeant W. C. Huffman, dead; Staff Sergeant M. J. Beale, dead; Master Sergeant H. A. Chapman, survivor, and Master Sergeant R. C. McNally, dead.

#### Canadian Government Merchant Marine Vessels May be Brought to Local Dry Dock For Repairs

"In answer to your telegram of March 9, the railway company is completing construction of the passenger station at Prince Rupert as well as the addition to the present dock and shed facilities at a total expenditure of approximately \$800,000. The company is also operating the dry dock and, while definite assurance of at least one hundred men being employed can not be given, everything will be done to secure repair work for the dry dock so that at least that number may be employed. In this connection, as far as possible, repairs to the company's own boats and to boats of the Canadian Government Merchant Marine will carry on at Prince Rupert."

#### CAME TO BLOWS AT ESQUIMALT

Reeve and Councillor Had to be Separated by Chief of Police.

VICTORIA, March 15.—Reeve Alex. Lockley and Councillor S. A. Pomeroy of Esquimalt came to blows following a stormy meeting of the municipal council. Chief of police Dawley had to separate the combatants when they quarrelled over the appointment of a solicitor for Esquimalt municipality.

#### NOVA SCOTIA MINE WORKERS OPPOSE THE PROPOSED REDUCTION

Tremendous Majority Against Action of Leaders of Union

SYDNEY, N.S., March 15.—The United Mine Workers voted against the new wage-scale negotiated by the executive with the British Empire Steel Corporation and supported the radical administration of the Union by J. B. McLachlan by a vote of 4622 to 829.

#### VALUATION OF RAILWAY LAND

Both G. T. P. and Development Company Get Considerable Reductions Valuation This Year

The Grand Trunk Pacific Development Company's property in this city will be assessed this year by the City of Prince Rupert on a valuation of \$681,659, a reduction of \$87,658.50 from last year's valuation which was \$769,317.50. As is known, this company is subsidiary to the Grand Trunk Pacific Railway Co. and its holdings are all within the city limits. The valuation has already been accepted by the company.

The valuation of the Grand Trunk Pacific Railway Company's property, most of which is along the waterfront, is this year \$2,654,347, a reduction of \$310,832 from last year. In lieu of taxes on its property the railway company will pay a lump sum of \$45,000 if the agreement by-law which is to be presented to the people on March 22 passes. This sum, of course, does not include assessment on property already leased by the railway company. If the by-law does not pass this valuation figure may be revised for it is understood the railway company would then appeal.

#### MISS STEWART IS IN PRINCE RUPERT

Arrived From Victoria on Prince Rupert Today—Tea This Afternoon.

Miss Helen Stewart, president of the British Columbia Library Commission, arrived in the city on the Prince Rupert this afternoon to spend a few days here in connection with the movement that is now on foot to establish a municipal free library in Prince Rupert.

Miss Stewart was met at the steamer by Mrs. H. Pattinson and Rev. G. G. Hacker, representing the local library committee.

This afternoon Miss Stewart is having tea with several of the officers of the Imperial Order Daughters of the Empire at the Hotel Prince Rupert. Tonight she will address a meeting of the Daughters of the Empire in the city council chamber. Tomorrow she will be the guest of the Rotary Club and will address a mass meeting in the evening at the Empress Theatre.

#### TWENTY-FIVE KILLED IN SOUTHERN STATES BY SERIES OF STORMS

NEW ORLEANS, March 15.—Twenty-five people were killed and many injured by a series of storms throughout the southern states. Many homes were destroyed and much property damage resulted.

#### FIVE MILLION CHICAGO FIRE

CHICAGO, March 15.—A fire, which covered an entire city block including a 21 storey block and several factories, caused a financial loss estimated at \$5,000,000. Two firemen were injured, one fatally by falling walls. The fire raged all night.

#### GOVERNMENT OF MANITOBA IS DEFEATED

Will Resign Tomorrow and it is Expected Dissolution and Election Will Follow.

WINNIPEG, March 15.—The Norris Government will resign on Thursday when Lieut.-Governor Sir James Aikens returns from the East.

The Government was defeated in the Legislature on Tuesday on the Talbot motion of censure by a vote of 27 to 23. Dissolution of the legislature and a general election are inevitable.

#### RUSSIAN HELD AT VANCOUVER

General Semenov Refused Admission to United States, Where He Seeks Loan.

VANCOUVER, Mar. 15.—United States immigration authorities are withholding permission to General Semenov, Russian anti-Bolshevik leader, to enter the United States. Semenov is held aboard the Empress of Russia, on which he arrived yesterday with the avowed intention of raising loans for the new Siberian government from American and European financiers.

George Vitkovsky, a Russian student from Berkeley University, California, met Semenov at Vancouver and urged him to talk to nobody about his mission.

Canadian immigration authorities are holding Vitkovsky, and if both or either are denied admission to the country they will be returned aboard the same liner.

#### HON. A. M. MANSON NOT EXPECTED HOME FOR SOME LITTLE TIME

Hon. A. M. Manson, attorney general, is not expected home before the end of the month from Ottawa. He is remaining in the capital until after Dr. King, minister of public works, returns from the West for he is to have an interview with him. It is not expected that F. G. Dawson or M. P. McGaffery, other members of the local delegation, will be back much sooner than Mr. Manson.

Fred Stork, M.P. is attending the parliamentary session and, in writing here, expresses himself as much pleased with the situation as regards Skeena district.

#### MAN KILLED WHEN WHARF COLLAPSED AT SWANSON BAY

SWANSON BAY, March 15.—Andrew Tyson, coroner and H. Bevan, provincial constable, both from Ocean Falls arrived here last night to hold an inquest regarding the death of Charles Cooper.

Cooper was on the coal pile at the wharf after the Prince Albert had discharged her cargo of coal and was levelling it off along with another man, when the wharf collapsed and both were precipitated into the water. The other man managed to get out but Cooper was drowned. His body will be taken to Port Simpson for burial.

DAILY EDITION

Wednesday, March 15, 1922

**Period of Waiting Not Pleasant.**

This seems to be a period of waiting until conditions improve. We are all more or less lying on our oars, but some are preparing for better business and when it comes they will be able to handle it.

Making better times in a community depends on community work and individual effort. We sometimes make too much of the community work idea and too little of the value of individual effort. Most places are built up by a combination of the two.

It is always well to be personal in considering a matter of this kind. Put it to yourself. What have you done or are you doing that will help to make conditions better in the community? Do you always speak well of your community and enthrone others with the desire to succeed? Are you using any individual effort which will likely result in improved business here? Have you written to anyone drawing attention to the openings for business here, to the desirability of Prince Rupert as a holiday resort or to any good point about Prince Rupert or district that is likely to benefit the district?

Individual effort is what counts more than anything else. We have talked a lot about communal effort and we have exerted a good deal. The board of trade and the city council have sent delegates to Ottawa and the organizations are always on the lookout for means of forwarding the interests of the city. This is all very good. It is not only desirable but necessary that we work together as a unit on many matters, but after all it is the independent individual effort of citizens that often brings best results.

If the citizens of a community get imbued with the idea that on them and their efforts depends the future of the city, there will soon be a steady improvement. We are expecting outside co-operation, and doubtless we shall get it, but we can not expect outside aid if we do not use every possible means to help ourselves.

The period of waiting is not pleasant, but if we use our spare time for trying to stir things up and bring about the better condition for which we are looking, the period will not have been spent in vain.

**Big Bill Haywood's Russian Concessions.**

It was an interesting despatch which arrived yesterday telling of the granting of concessions in Russia to a group of I. W. W. by Premier Lenin to operate iron works, coal mines and factories and that American technical experts would be imported in connection therewith. It is possible that the experiences through which Big Bill and his associates have passed may have sobered them somewhat and the new conditions in a new country may give them the impetus necessary to enable them to make good. We hope they will be able to show that back of their theories there is some real good stuff. At any rate the experiment will be watched with a great deal of interest from this country. Apparently the I. W. W. now have their opportunity. If they make good we shall have some faith in them, but if they fail we shall feel that they are nothing but talkers and not doers.

**Easy to Pull Down Difficult to Build Up.**

The world is divided largely into two groups, the builders and the destructionists. There are the men and women who are trying to improve on the present by steady, consistent work. There are also others who want to rip things up and leave them scarred and jagged in the hope that a better condition may arrive.

It must be admitted that occasionally the knife of the surgeon is necessary in dealing with affairs of state, but as a rule the scar caused by the wound is so great that the benefit does not equal the damage. Development is always better than destruction. By building on the foundation already established and gradually improving the conditions as we find them and at the same time seeing that we have an educated people and a people physically sound we shall be in a position to work out a system that will be a great improvement on the one now in vogue, and we shall be able to bring it about without any of the horrors such as those which have decimated unfortunate Russia.

**ANYOX PARENTS AND SCHOOLS**

Parent-Teachers' Association Hears Instructive Address on Co-operation in Education.

ANYOX, March 15.—The regular meeting of the Parent-Teachers' Association was held in the new school on Saturday last with President Mrs. Hoffman in the chair.

It was announced that the Dickens Recital had succeeded in raising the sum of \$130.00, which it was decided to devote to the improvement of the school grounds and towards the laying out of a school tennis court.

Mr. Robertson gave an interesting address on the objects of the Parent-Teachers' Association. He said that the main object for which they had to work was the child. There should be a definite co-operation between the parents and the teachers, and that they should all strive to understand the various differences in child natures.

He emphasized the importance of a knowledge of the difficulties that face both parent and teacher with regard to discipline and study. It should also be the object of the Association to improve the playground facilities for both big and small children and should encourage supervision of organized play. The child should be taught how to play as well as how to work. There should be a sinking of community differences with regard to school matters with all attention focused on the child's welfare.

**Daily Work Important**  
 Mr. Robertson also pointed out, with emphasis, that it is the daily work of the pupils which is of pre-eminent importance to determine their standing in class and that formal examinations are secondary and subservient to this daily standing. The aesthetic side of the question was not forgotten and the speaker elaborated upon the importance of beautification of the school as a means towards a better education and the better development of the child's mind.

Mr. Robertson's remarks were much appreciated and he received a hearty vote of thanks.

**GRIER STARRETT IS LIKELY TO OPEN UP STURGEON FISHERY**

PRINCE GEORGE, March 15.—It is reported on good authority that the request put forward through the Board of Trade to the Department of Fisheries by Grier Starrett, for the opening of the Fraser River from Prince George to Tete Jaune Cache for sturgeon fishing, has been favorably considered.

Mr. Starrett is the man who organized the New England Fish Company, and the Prince Rupert Fish and Cold Storage Company. He has promised that if his petition for the opening of the Fraser river for his enterprise was accepted he would establish headquarters here for a sturgeon fishing industry with a preliminary investment of \$15,000.

Sturgeon has its value in the roe, from which caviare is made.

**Ten Years Ago in Prince Rupert**

March 15, 1912.

Rev. W. H. McLeod, Baptist pastor, was sandbagged last night while on his way home from a rehearsal at the home of Mrs. Chisholm, Borden Street.

 Next the Prince Rupert Hotel

Mr. McLeod is in the hospital today suffering from his injuries, but no clue has been found as to who might have perpetrated the assault.

The residents of Porcher Island are protesting against the land logging of Japanese on the island without licenses.

The government steamer William Joffe returned to port last night with news that the steamer Leebro, which it had been feared was lost, is safe at Langara Island.

**The Man in the Moon SAYS—**

HAVE you bought your Shamrock for Friday?

Here's a verse  
 For Paddy's own day  
 Bright and terse  
 In an Irishman's way,  
 Open your purse  
 And be ready to pay  
 A dollar or worse  
 At the concert to stay.

WE snarl at Vancouver a lot because we are neighbors and she is the big neighbor but when it comes to backing a hockey team we are all ready to shout for the Millionaires.

LLOYD George is all right but some of the British people are looking to the Younger man.

THINK of Big Bill Haywood running an iron works, coal mine and factories on I.W.W. principles.

IF he is head of the concern the betting is he will want a good day's work from all his employees and the man who won't work will be fired.

THE man who thinks a lot about what women wear and how women look, has need of a job to employ his time profitably.

THE South African strikers who got excited and took things into their own hands will find they were playing with a two edged sword.

IT is foolish for any little group of men to think their country is like Russia.

A WOMAN sometimes makes a fool of a man but usually it is not necessary.

THE way life is shortened by tobacco is another reason for using it.

WHAT makes me sore is to see a man get the things I've been wanting a long time and have not been able to get.

IT does not get you anywhere trying to get the aldermen to think alike.

SALARIES? Of yes, I beg your pardon I forgot. Yes, they all think alike in regard to the "indemnity."

BY the by, does that indemnity come under the ten per cent cut proposal??

**HERE, SPORT!**  
 "In suing for a separation Mrs. says her husband is a rover."  
 "I see, Led her a dog's life, eh?"—New York Evening Herald.

**STEWART AND MINES BUSY**

Captain James Anderson Returns From Visit to His Silverado Property.

**REBUILDING BRIDGE**

The large amount of snow at Stewart is handicapping the bringing out of the ore from the Silverado mine, said Captain James Anderson, managing director of the Silverado Mining Co., who arrived from Stewart on Monday night after having made an inspection of the mine. It has been practically impossible to get the ore out recently, especially over that part of the route between the end of the tram line and the beach where it is necessary to rawhide for 2000 feet. Captain Anderson said it would be necessary to raise the towers of the tramline so as to allow a greater clearance of the cable from snow. There are really two tramlines at the Silverado. The one from the beach end up the mountain-side is 3,700 feet long. It is joined at the top by another 800 foot tram which runs across a canyon to the mouth of the mine tunnel.

The mine is at present carrying on steadily with a reduced staff of about 15 men. An intensive development program will be followed this season and if the present promise continues the tramway will probably be built through to the beach and other improvements made. The staff will be increased as conditions warrant.

**Looks Very Busy**

Speaking of general conditions at Stewart, Captain Anderson stated that everything looked very bright at the camp. The place has a very busy appearance and when he arrived there last week the wharf reflected general activity. The steamer Anyox was loading high grade ore from the Premier mine enroute to the Tacoma smelter. The vessel also had a big batzge being loaded with lower grade ore for the Granby smelter at Anyox. The steamer Chulivack was unloading coal and the Pachena, of Prince Rupert, was also there. His boat, the Robert G. Seymour, made the fifth vessel to tie up at the wharf on that single day.

Captain Anderson reports that the provincial government has started the work of rebuilding the Bear River bridge. Jack Young, Allin road superintendent, was there at the time and Foreman Harry Seobla is in charge. The people of Stewart are very pleased that the government is getting this work commenced at once for it means a great deal to the district.

**Indian Group**

Among the claims that will be active this year, said Captain Anderson, is the Indian Group which is just above the Premier. J. Fred Ritchie, of this city, is the president of the company which is carrying on the development work.

Captain Anderson left this morning for Terrace and expects to return to the city tomorrow night when he will go back to Stewart. He is here for the season he states. J. J. Coughlan, jr., of Vancouver, his partner in the Terrace oil drilling project and the Silverado mine, will arrive later to spend a month visiting the scenes of operations.

**EXPECTED TOO MUCH.**

While waiting at the railroad station, Brown put his four-year-old daughter on the slot scales. "Only forty pounds?" he said. "You ought to weigh more than that."

"Well, goodness, daddy!" exclaimed the little one, "what do you want for a penny?"—Boston Transcript.

**BANDSMEN EXPLAIN.**

Editor Daily News:  
By kind permission in your paper as members of the late G. W. V. A. Band we wish to make known to the citizens and public of Prince Rupert that we have made every effort to make the above band a musical success, but under the ruling of the above organization we have failed. The band members at their regular band practice held on Thursday, March 9, 1922, carried the following motion unanimously:

"That the band members of the G. W. V. A. Brass Band of Prince Rupert B. C., discontinue playing as members of the above association from now on, March 9, 1922, and that a resolution be drawn up and a committee of three be appointed to interview the mayor and city aldermen in reference to organizing a municipal band."

Thus the resolution that was drawn up and presented to the city council per committee of three members at council meeting held Monday, March 13, 1922:

"At a meeting of the G. W. V. A. Brass Band of this city held March 9 a resolution was passed instructing me to notify you that the following resolution was passed:

"(1) Whereas at the formation of the G. W. V. A. Band the organization committee ruled that all active players and officials of the said band must be members of the G. W. V. A., thus denying the band the services of many musical citizens whose assistance would help make the band a musical success.

"(2) Whereas the experience of the G. W. V. A. Band has shown that we are denied the services of many capable musicians who visit our city from time to time for short periods and are capable of instructing the band.

"(3) Whereas civilians playing in the band automatically become members of the G. W. V. A., enjoying the use of their rooms and other privileges, but denied the right to hold office in said band as instructor or otherwise in an effort to promote greater success.

"(4) And whereas members of the band, including civilians and returned men, feel that the band interests can not be best served by the above ruling of the said committee.

"(5) And whereas an arrangement was made on July 22, 1921, by which the G. W. V. A. Brass Band agreed that if disbanding for any reason the instruments should become the property of the city council.

"(6) Therefore be it resolved that we this day disband and that we ask the city council to take the necessary steps to organize a city band and a committee of three be appointed to bring this question to the attention of the city council, and further that said council be asked to appoint a committee to co-operate with a committee from the disbanded band to draft bylaws, rules and a constitution governing the proposed city band.

"Trusting this will receive your favorable consideration, we are, yours truly, W. M. Hoss, W. L. McIlraevy, H. Ward.

"Resolution endorsed by the band members: H. Ward, W. Derry, A. Beale, L. L. Starr, W. L. McIlraevy, W. M. Hoss, J. Emerton, E. Rance, S. Steel, J. Gawthorn, H. Snow, W. Davies, A. Duckworth, J. Ritchie."

Seven of these are ex-servicemen.

As members of the G. W. V. A. Band we have made these requests to make the band a success, but have failed.

The members of the G. W. V. A. Band wish to make it clear to the

public that the action they have taken is in no way antagonistic to any organization; it was an effort to create a first-class organization which the city in general would be proud of, the band having received its sole support in the past from the public feeling that it should be a public organization and treated as such, and we further state that the resolution to the city council by the disbanded band members of the above association was final.

The above signers of the resolution will continue to practice as an independent band unit problem, with our own instruments and music, hoping the public will give the same support as in the past, we are yours for success, President above committee.

**Financial Statement.**

As secretary of the late G. W. V. A. Band I wish to make known to the citizens and public of Prince Rupert a correct statement of the finances of the late G. W. V. A. Band up to February 28, 1922:

Donations to Band—	
Mayor Rochester	\$ 100.00
Hon. T. D. Pattullo	10.00
Sons of Canada	25.00
Sons of England	10.00
Unknown Gentleman	10.00
Band Members	15.25
Band Members	7.00
City of Prince Rupert	500.00
<b>Total</b>	<b>\$ 777.25</b>

Receipts from Concerts—	
Smoking Concert	\$ 297.80
Oct. Sunday Concert	72.70
Nov. Sunday Concert	75.15
Dec. Sunday Concert	27.90
From School of Music	2.50
<b>Total</b>	<b>\$ 476.35</b>
<b>Grand total</b>	<b>\$ 1153.60</b>

Expenditures—	
One piccolo	\$ 15.00
Five cornets	205.00
One trombone	70.00
One baritone	15.00
Two clarinets	150.00
One E-flat bass	97.00
One B-flat baritone	62.00
One E-flat alto horn	42.85
One bass drum	45.00
Music	164.28
Supplies	67.70
Band banquet	94.85
Bandmaster's salary	90.00
<b>Total</b>	<b>\$ 1118.69</b>
Receipts	84453.60
Expenditures	1118.69
<b>Balance</b>	<b>\$ 34.91</b>

The above is a correct statement of the finances of the late G. W. V. A. Band. Hoping that this statement will clear the atmosphere as to circulating reports, both in the press and street gossip.

W. H. DERRY.

**BOOTH MEMORIAL SCHOOL**

Editor Daily News,  
Would you kindly give me space for a few lines regarding the new school. I have always been opposed to faulty construction of public buildings but I do not think it is fair to the architect to bring in an outsider to pass inspection on this new school of ours. Mr. Potter is fully qualified to make the job complete if he is given a free hand in the matter for I am sure the cause is a simple one and could be righted very easily. There may be a slight mistake in not having enough damp air space between the brick and the finished walls on the inside. This is one of our great mistakes in this climate in not using good judgment by having plenty of damp air spaces in our outer walls. If we do not live up to these rules we will have the same trouble with any buildings. Where large amounts of public money are spent on buildings this should be one of the first thoughts in construction.

Mr. Potter should be allowed

to get three or four men to go over the school with him. There are a lot of good men here who would give their services to the city in order that the matter may be settled with home talent without giving all the men who follow the building trade here a black eye. I know there are a few good men in the city who have studied local climatic conditions and should be well qualified to look into this matter. If they should fail I would then say to bring in an outsider. He should not be brought from the East, however, for he must understand weather conditions here or else it would be a failure. There are only two other places in the West which have such a damp climate as we have here. One place is Tacoma, Washington, and the other is Gray's Harbor, Washington.

I do not think the school is as bad as they say it is. We should put our heads together and settle our own troubles and not have them published abroad making us out a lot of "mush heads" who have to call in every Tom, Dick and Harry to patch us up. We should use a little common sense in this matter and I am sure it will all come out right in the end.

A. H. McPHERSON.

**VISIT OF MISS STEWART.**

Citizens of Prince Rupert:  
Perhaps you do not favor a public library or a library bylaw and do not want to be convinced that you should support either. Perhaps you are in favor of both and do not need convincing and are not intending to attend Thursday night's public meeting. May I urge you to do so in any event? If for no other reason for the sake of loyalty to Prince Rupert.

Miss Helen Stewart, B.A., is one of the leading women of the province of B. C. She is sent to us by the Provincial Library Commission, which is an important factor in public life.

Now whether the bylaw carries or not, any visitor of Miss Stewart's standing should receive a rousing reception to Prince Rupert whether or not we may be enthusiastic over the project.

We are going to have a library of some kind in Prince Rupert and will need the future help of both Miss Stewart and her associates. Nothing will ensure this like giving Miss Stewart a worthy reception.

Furthermore, Miss Stewart travels extensively and addresses many public meetings. Would it not be good business for us to so impress her that she will be a booster for Prince Rupert?

The management of the Em-

**CATARRH of the Stomach FOR EIGHT YEARS**

The cause of this trouble is the fermentation of food in the stomach which generates a gas that is very frequently belched up. There is also a rumbling of the bowels and a discharge of gas therefrom, there is constant retching, and the meals are frequently vomited. There is a burning pain in the stomach, the appetite is weak, the tongue coated, the breath bad, constipation is generally present and the sufferer becomes weak, nervous, depressed and exceedingly miserable.

The blame lies with a sluggish liver, as it holds back the bile which is so necessary to promote the movement of the bowels, and when the bile gets into the blood a badly disordered condition of the stomach, liver and bowels will surely follow.

Keep your liver active and you will always enjoy good health.

Mrs. Agnes Gallant, Reserve Mines, N. S., writes: "I had been a great sufferer for eight years from catarrh of the stomach. I tried several so-called catarrh remedies without relief until a friend advised me to try Milburn's Lax-Liver Pills, which I did, and four vials completely relieved me. That was six years ago, and I have had no return of my old trouble."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

**ELKS' DANCE AT ANYOX FRIDAY**

Event Was Successful; Organization Now Has 293 Members in Good Standing.

ANYOX, March 13.—The B. P. O. of Elks held a very successful dance in the Elks hall, on Friday, March 10. Over sixty couples were present and the dancers tripped the light fantastic to the music of the Anyox Orchestra until the wee sma' hours.

The Recreation room of the Elks hall will shortly have a large billiard table added to its equipment. Two pool tables and several card tables are already installed and a library is also run for the use of the members.

The membership of the Elks' lodge at Anyox steadily increases. There are some 293 members in good standing on the roll at present and three new members were initiated last Monday.

**WOULD ENLARGE CITY OF VICTORIA SOON IS PLAN OF ALD. TODD**

VICTORIA, Mar. 15.—Ald. A. E. Todd has a plan for extending the boundaries of Victoria City. At present the city is confined within comparatively small boundaries, with the municipalities of Oak Bay, Saanich and Esquimalt surrounding it on three sides and the straits on the other. While the population of Victoria is given as scarcely 39,000, the surrounding municipalities make up close to another 20,000.

**FAMILY NAME.**

The smart young man—his school honors thick upon him, and his intention to teach the world in general and his father in particular, the manner in which up-to-date commerce should be conducted—stood earnestly holding forth in his father's office. "You may rely upon me, sir," he was saying with emphasis, "I will devote my whole life to the interests of the business. It shall be my aim and ambition to keep the family name free from stain."

"Good!" said the old man, gruffly. "That's the spirit. Tell the office boy to give you the metal polish and a rag; then go and clean the brass nameplate on the door."—Exchange.

**OVERSIGHT.**

"How did you order your steak, sir?" the waiter asked after a long absence.  
"Like a fool, I did it personally," bellowed the patron. "If I'd had my sense I'd have ordered it by mail, a month in advance."—American Legion Weekly.

"I Am So Tired, Dearie"

IN the recent Advertising Contest the question was asked, "For what is Dr. Chase's Nerve Food most frequently used?"

writes: "After the birth of my boy I became so weak and gradually lost weight. I was unable to do my work and was in misery because I could not sleep. My nerves would twitch and jump and I would get up in the mornings with tired, aching limbs and aching head. My heart was so weak that it would palpitate at times, and I became greatly discouraged."

\*\*\*\*\* IN THE LETTER BOX \*\*\*\*\* ANYOX CHALLENGES BASKET-BALL TEAM

Editor Daily News, What has happened to the Prince Rupert sports? They don't seem to want to do business with Anyox this year. Last winter when we had no basketball teams we received plenty of Rupert challenges, but this season we cannot even get a reply to our challenge sent six weeks ago.

MODEL YACHTS ALL THE RAGE

Boys of Victoria and Vancouver Spend Much Time and Achieve Results. RACES ARE PENDING. (Written for the Canadian Press by Archie Wills.) VICTORIA, March 15.—Model yacht racing is now the latest craze in British Columbia. Not only are the school boys engrossed in the delicate task of constructing models that can stand up to a good breeze but older and wiser heads, including many former seafarers and men who have sailed in square-riggers and fore-and-afters, are whiling away most of their spare time trying to produce a craft that will win the honors that will be at stake at the regatta to be held at Cowichan Bay and Victoria next July by the Pacific International Yachting Association.

ST. ANDREW'S BEAT BEAVERS BILLIARDS

Score in Last Night's Junior League Game Was 847 to 722. The St. Andrew's junior billiard team defeated the Beavers in last night's tournament by a score of 847 to 722. The Beavers were successful in winning only one game.

The individual scores were as follows: W. Lambie (St. Andrew's), 150; J. McGowan (Beavers), 100; W. Duncan, 150; E. Hudson, 136; R. Arthur, Jr., 150; T. Halverson, 105; W. Hamilton, 150; S. Hunter, 142; W. Mitchell, 97; B. McDonald, 150; W. D. Smith, 150; G. S. Hill, 89.

Table with 3 columns: Pl., Pts., Av. for various players in the billiard tournament.

SONS OF CANADA WIN INTERMEDIATE LEAGUE BILLIARD TOURNAMENT

In the Intermediate Billiard League fixture this week the Sons of Canada beat the Barbers by a total score of 887 to 711. The Barbers only won two games. The individual scoring was as follows: O. K. Nelson (Barbers), 76; W. G. Anderson (S. of C.), 150; B. Barnes, 150; H. B. Scott, 140; J. Keefe, 129; E. Fenelon, 150; W. Spencer, 150; C. Blythe, 147; W. Parken, 78; H. B. Charlton, 150; B. Morley, 128; H. Menzies, 150.

SCOTTISH CUP REPLAY RANGERS VS. ST. MIRREN

LONDON, March 15.—In the Scottish Cup replay the Rangers defeated the St. Mirren team by a score of two goals to nothing.

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing, and a feeling of tightness through the chest. There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

Sport Chat

Of the 300 odd games to be played at the Elks' Home in the Lepine trophy competition at billiards only 87 matches have so far been played. An attempt is to be made to speed up the playing of the games so that the competition may be concluded by the end of this month. The following were the results of the games played during the past week: B. Arthur, 150; J. Bulger, 200; W. Balagno, 200; Bulger, 196; Easson, 189; McIlmoyle, 200; Hooper, 194; McLauchlan, 200; Judge, 200; Bulger, 120; Bulger, 160; Green, 200; X. Pringle, 200; Rood, 191; Rood, 200; McLauchlan, 195; Rood, 197; Day Bell, 200.

With the opening of the Big League baseball season just three weeks distant, it may be interesting to note where some of the stars who figured in the winter trades will play. Heinie Groh goes from Cincinnati to the Giants. Stuffy Meltonis, of the Athletics, who made only one error at first base last year, will cavort around the initial bag for Cleveland. George Burns, for ten seasons with the Giants, will this season play in the outer garden for Cincinnati. Everett Scott, who played 832 consecutive games at the hot corner for the Boston Red Sox, will wear a Yankee uniform in the 1922 pennant race. Roger Peckinpaugh, shortstop of the Yankees, goes to Washington while Joe Dugan, of the Athletics, will cover third base this season for the Boston Red Sox. Sam Jones, of the Boston Red Sox twirling staff will be with the Yankees this year.

The official curling season at Prince George closed last week when Flaten's rink won the Consolation from the Jones' rink. The following is a complete list of prize winners in the interior town this winter: McCullagh trophy—won by the Fitzpatrick rink; J. H. Fitzpatrick, F. Whitmore, S. George and W. W. D. Ackerman. Club medals—also won by Fitzpatrick rink. Bank of Commerce Cup—won by Atkins' rink; R. S. Atkins, W. Golder, F. Lipscomb and P. Welsh. Simons Cup—won by Dr. Ewart's rink; Dr. C. Ewart, B. Baird, W. Bexon, and B. Parker. Consolation—won by Flaten rink; A. Flaten, B. J. Garvey, Scotty Anderson and W. W. Beal.

The races so far held have attracted more than ordinary interest. Many "experts," "critics" and just common ordinary every day folks who don't know the truck from the keel, gather on the banks to watch the sport.

Small Boys Busy

Many model shipyards have been established in the cellars of British Columbia homes and small boys are bending every effort to produce the champion yacht. The craze is spreading with great rapidity and it is expected that by the time summer arrives the harbors and bays will be dotted with the bright sails of model craft. It is looked upon as a great way to train the future yachtsmen of the country. It will give the boys an insight into the art of construction, rigging and bending of sails.

PARIS, March 14.—The French cabinet yesterday decided to do everything possible to insure the holding of the 1924 Olympic games in France as originally planned.

MUCH HAS BEEN SAID

About the sanitary condition of the power laundry output, it may be of interest to note that Dr. Ira S. Wise writing in the Medical News, New York, concludes a discussion of laundry hygiene by saying that "exposure to heat and the usual washing agents alone with mechanical agitation, destroys the hardest bacteria" and that "laundering appears to be an efficient hygienic method of promoting cleanliness without danger to patrons or employees. This cannot be said of the hand laundry."

CANADIAN STEAM LAUNDRY

Phone 8 THE ONLY SHADY SPOT A very stout woman bustling through a park on a hot day, became aware that she was being followed by a roughly dressed lad.

"What do you mean by following me in this manner?" she demanded, indignantly. The boy hung back a little. But when the woman resumed her walk he again took up his position directly behind her. "Look here," she exclaimed, wheeling angrily, "If you don't go away at once, I will call a policeman!" The unfortunate lad looked at her appealingly. "For goodness sake, kind lady, have mercy on me, and don't call a policeman. You're the only shady spot in the park!"—Tit-Bits, London.

LAST RESTING PLACE FLAGSHIP VICTORY

Lord Nelson's Famous Old Warship in Dock at Portsmouth.

Whatever may be the admiralty's decision with regard to the preservation of the Victory, Lord Nelson's old flagship, it is certain she will not remain at her moorings in Portsmouth Harbor much longer, says the Manchester Guardian. When the late Marquis of Milford Haven, shortly before his death, called attention to the condition of Nelson's flagship there was a general impression that his anxiety was not justified, but the admiralty ordered a survey of the vessel, as a result of which it has been decided to place her in No. 2 dry dock at Portsmouth Harbor for examination. The opinion of local experts is that, once dry-docked, the ship will never return to her old moorings in the harbor. Nearly 20 years have elapsed since the old ship was last out of the water. In 1903 she was dry-docked, after having been holed by the old battleship Neptune in harbor. Since then she has been exposed to the scouring effects of four and five-knot tides, for she is anchored in the middle of the fairway, where the tide is at its strongest. Moreover, she has been exposed to the ravaging effects of barnacles and boring worms. During the past year or two the Victory has shown signs of strain and leaking, and parties have been sent from the dockyards to pump out water.

Last Resting Place.

An expert states that if the Victory is dry-docked in the ordinary way with blocks the strain would not be equally distributed, which would render it doubtful whether the old ship would be able to stand the concentrated weight and come out of the ordeal without serious damage. Many schemes have been advanced for preserving the Victory, but it may be taken for granted that her last resting place will be the dockyard, the position most probable being near the main gates, where she will be easily accessible to admirers.

NOTICE.

I wish to announce that I have taken over the Royal Cafe and will not be responsible for any debts of the late management. LU SING, Prop.

**SETTLEMENT OF EMPIRE**

**Winston Churchill Says Persistence and Perseverance Necessary.**

LONDON, March 15.—In addressing a delegation from the Royal Colonial Institute on the settlement of the Empire with British people, Right Hon. Winston Churchill said the position in which the Government stood was a hopeful one. A resolution had been passed by the Imperial Conference and a Bill had been announced in the Speech from the Throne, and was already in draft, to enable the Government to give effect to the policy of cooperation in Empire settlement and migration. Estimates were now being laid before Parliament and even in the present hard times, when every penny had to be scrutinized, he could not but believe provision would be made during the year for furthering the work of Empire settlement. (Cheers.) There was nothing more true about Empire settlement than this—continued persistence and perseverance for generations was required. A year would show practically nothing; 10 years would begin to show some results; in 50 years great and lasting changes in the groupings of the populations of the world might be set on foot, and in a century a revolution might be effected in the balance of population.

He relied on the members of the deputation and members of the House of Commons who, he knew, were making a special effort in the matter to continue to hold together the greatest possible body of opinion behind the movement for Empire settlement and to see that it was kept before the public. He agreed with everything that had been said about the Bill being made as elastic in form as possible to meet the views of the Dominion Governments so that the help we were able to give might proceed in the most effective manner. He called on them to march along that path and give him every assistance in the cause of Empire settlement. (Cheers.)

**REFUSE ALLEGIANCE**

**Citizens of German States Object to Republican Constitution.**

BERLIN, March 15.—Public officials in some of the federated German states have refused to take the oath of allegiance to the republican constitution on the ground they owed allegiance only to their own state.  
The point of law evoked lively discussion, particularly in Bavaria where respect for the present German regime is not very deeply grounded. Legal suits were brought in two cases for reinstatement of officials whose offices had been declared vacant on account of their non-constitutional attitude.  
One court ruled the oath was unnecessary but a higher court reversed the decision.

**Home Accidents**

Seldom does a day pass without someone in your family happening an accident.  
Housework means no end of bruises and knocks. Ironing time brings its burns, cooking often results in cuts, burns and scalds, while the children are always in the wars. Consequently, every wise mother keeps a box of Zam-Buk close handy.  
For the sprained ankle or wrist, the cut finger or bruised forehead, the burn or scald, antiseptic Zam-Buk is the safe ideal first-aid. Zam-Buk ends smarting pain and soreness almost instantly. It is disease germs, cleanses the broken tissues, and grows fine new skin.  
Zam-Buk is a pure highly-refined balm, of Nature's heral oils and essences. Its timely use has averted many a festering hand, poisoned knee or crippled leg, commoat results of haphazard treatment with impure fatty ointments and salves.  
There's no truer saying than that "Daily Mishaps Make Zam-Buk a Daily Need."

**ARE PROMOTING RUSSIAN TRADE**

**Swedish Banks Endeavor to Bring Business in Their Direction.**

STOCKHOLM, Mar 15.—Leading Swedish banks are understood to be attempting to form a pool with a capital stock of \$38,000,000 to promote Swedish trade with Russia by the purchase of Russian natural products.  
Stockholm's leading conservative daily, the Nya Dagligt Allehanda, asserts that there is no doubt that the project is under way and that the Swedish financiers seriously contemplate establishing a central bank in Moscow through which trade with Russia can be carried on for cash payments in gold and silver.  
It is believed here that the Swedish bankers intended in this way to meet the efforts of American corporations to open trade with Russia.

**Central Warehouse.**  
It is understood that, under this Swedish plan, Russian products are to be delivered to large central warehouses in Russia whose security will be guaranteed by the Russian government. Warehouse certificates are to be negotiable in the proposed central bank and will be available as security for bank credits or as means of payments for merchandise. This method of procedure has been thoroughly approved by experts in Russian trade.

The primary problem to be solved at the present time is how to stimulate Russian production, chiefly agriculture. It is well known that the Russian peasants have long since lost all interest in Russian paper rubles, and have refused to accept them in payment for their products. Thus the only way of purchasing agricultural and other products in Russia at present is by barter.  
The peasants will accept such necessities as matches, tobacco, textiles and agricultural implements for their farm products and such things they cannot buy with Russian paper rubles. It is believed here that such a project as that of the Swedish banks will not only spur the Russian peasants to plant larger crops than at present but will counteract the depressing effects of Russia's utterly deflated currency.

**MORMONISM IS NOT WELCOME**

TORONTO, March 15.—The conducting of a house to house propaganda in the cause of Mormonism in Toronto has got to stop, if there are any means by which we can stop it, said Mayor Maguire yesterday when his attention was drawn to the work of Mormon missionaries now in the city.  
The mayor will draw the matter to the attention of the police board. Today he received a letter from Dr. Augustus of the National Council of Women, protesting against the Mormon invasion.

Several hundred women gathered in Massey hall yesterday for the purpose of hearing Mrs. Marion Williams, who claims to have been for twelve years the second wife of a Utah Mormon, give her message of warning against the spread of Mormonism which she declared to be a very real menace at the present time. Saskatchewan, she thought, would never allow missionaries of that doctrine to canvass the people of that province, but Ontario, she said, appeared to be an open field for their work.  
"Their would never have been a Mormon in Alberta had it not been that they were fugitives from justice and had fled from the state of Utah when the United States laws were tightened," declared Mrs. Williams.

**TELEPHONE GIRLS IN ONTARIO GET MINIMUM WAGE OF SIX DOLLARS**

TORONTO, March 15.—The minimum wage board reports as follows:  
"In studying the problem of the telephone systems in the smaller towns and villages, and the country districts of the Province, the board secured the assistance of representatives of the 650 independent telephone systems which the Province contains. After several meetings with the men who manage these systems, and with representatives of the employees, the board decided that the following should be the proposed schedule for the smaller urban municipalities and the rural municipalities of the Province:  
"No regulations are to affect exchanges having less than 200 subscribers. For exchanges having from 200 to 500 subscribers the standard minimum wage shall be \$7 per week, with an initial wage of \$5, to be increased to \$6 at the end of six months, and to reach the full minimum at the end of one year.  
"For exchanges having from 500 to 600 subscribers the standard minimum wage to be \$8 with an initial wage of \$6, increasing to \$7 at the end of six months, and to the full minimum at the end of a year.  
"For exchanges having 600 subscribers or more the standard minimum wage to be \$9, the initial wage to be \$7, increasing to \$8 at the end of six months, and to the full minimum at the end of a year.

The board found that many of the rural systems are operating on essentially part-time basis, and thus wage rates lower than otherwise might be allowed are suggested."

**GIRL'S TEMPERATURE REACHED 114, YET SHE RECOVERED FROM FLU**  
BRISTOL, Eng., March 15.—The extraordinary figure of 114 degrees Fahrenheit was the recorded temperature of a girl here who was suffering from the grip. When first summoned to see the girl the physician said he was astonished to find that his clinical thermometer recorded a temperature of 112 degrees but, thinking that the thermometer was out of order, he requisitioned two others only to find that they both recorded the same high point.  
During the night the patient's temperature advanced two degrees. Appropriate treatment was at once applied, the girl's temperature gradually subsided to normal or thereabouts, and she is now stated to be in perfect health.  
Medical journals here do not record an instance of such temperature being followed by the patient's recovery.
