# Forty Wall Street Firms Have Failed

## GIRL BANDIT IS TAKEN AFTER RUNNING FIGHT WITH POLICE

### Financial Crisis Still on in Money Market of East More than 40 Houses Fail

NEW YORK, March 1.—The wave of financial distress continued to pound against Wall Street brokers today. Walter Schmidt Company announced the suspension of business and twelve more stockbrokers were indicted by the Supreme Court grand jury for irregularities exposed during investigations into charges of bucketshopping which followed the failure of a number of brokerage firms.

More than forty brokerage houses have gone under since December.

TORONTO, March 1.—R. B. Holden, stockbroker, made a voluntary assignment here today.

### OIL DRILLING BY TOMORROW

Boiler for Terrace Finished Here  
and Goes Forward by Freight  
This Afternoon.

The boiler for the Terrace oil diamond drill has been finished and goes forward to the interior town this afternoon by freight train. Immediately on its arrival at Terrace it will be unloaded and taken to the scene of operations and will be in place so as to commence actual oil drilling tomorrow morning. L. Jessen, of the Boyle Bros. diamond drill outfit, returned on today's train to Terrace. Captain James Anderson, of the Terrace Oil Limited, the operating company, did not arrive from Victoria as was expected.

### N. Y. PRESSMEN OUT ON STRIKE

Newspapers of the Commercial  
Metropole Held Up—Smaller  
Papers Are Printed.

NEW YORK, March 1.—Union printing pressmen voted to go on strike against the wage arbitration decision effective today and all morning papers in New York were left without the ability to operate their presses when the middle of the night arrived. Most of them got out smaller papers, with the aid of volunteer workers.

### COUNTERFEITERS AT WORK IN NEW YORK RECENTLY

NEW YORK, March 1.—Five men were arrested and a press for counterfeiting \$20 bills was seized today in the heart of the business district. The authorities report that the metropolis has been flooded with counterfeit notes during the past few days.

### NATIONAL RESOURCES PRAIRIE PROVINCES

Deal Proposed for Returning  
Them in Lieu of Present  
Subsidy.

OTTAWA, March 1.—Premier King has written the three prairie provinces offering to restore the natural resources of the provinces to their control if they will waive the subsidies now paid to the provinces.

### LABOR CONTROVERSY BETWEEN PUBLISHERS AND PRESSMEN ENDED

New York, March 1.—The controversy between the publishers of newspapers and the Pressmen's union over the arbitration award which the union men regarded as unfavorable was ended today by the acceptance of the award by the men.

### PRINCESS EXPRESSES THANKS FOR GREETING

OTTAWA, March 1.—MacKenzie King cabled Princess Mary greetings and good wishes from Canada. The princess replied: "Warmly thank you and convey my thanks to the Government for kind wishes which have been a great pleasure received this happy day."

### ARMED BANDITS GET BIG HAUL CHICAGO

CHICAGO, March 1.—Four armed bandits held up a broker's office here and escaped with \$75,000 worth of diamonds after having bound and gagged two men and a woman.

### VANCOUVER HOCKEY TEAM IS BEATEN BY CALGARY AMATEURS

GALGAR, March 1.—The four-sex hockey team won the first of a two game series to decide the amateur championship of Western Canada, defeating Vancouver Towers by a score of three to two.

### QUARTER MILLION FIRE.

LOS ANGELES, March 1.—Fire originating from the explosion of an oil stove destroyed a business establishment in Hollywood, entailing a loss of \$225,000.

### DANNY FRUSH WINS.

YOUNGSTOWN, O., March 1.—Danny Frush, Cleveland featherweight, won a technical knockout over Dick Loadman of Lockport, N. Y., in the fourth round of a 12-round bout.

### Provisional Government Has Reached Agreement with Republican Army

DUBLIN, March 1.—It was announced at this morning's meeting of the Dail Eireann that arrangements for the protection of Irish interests had been made between the provisional government and the Irish republican army. The army will occupy and safeguard military posts evacuated by the British and it has been agreed that the troops will not interfere with the elections. The Anglo-Irish treaty is the issue and by the result of the election all factions will abide.

BELFAST, March 1.—Commandant General McKeown at the head of 500 men of the republican army took over the Athlone military barracks today in the name of the provisional government. Thousands witnessed the formalities.

### MAY MEDIATE ULSTER BORDER DISPUTE.

The British Government is considering the possibility of enlisting the services of Gen. Jan Christian Smuts, Premier of the Union of South Africa, as arbitrator in the Ulster boundary dispute, should circumstances warrant the employment of such a mediator. Inasmuch as Gen. Smuts took part in the task of bridging some of the perilous situations during the Irish peace negotiations, it is assumed he would be willing to serve again.

### Girl Bandit Raids Store and Engages in Running Gun Fight: Five Robbed

SYRACUSE, N. Y., March 1.—Myrtle Bates, 22 years of age, a girl bandit armed with a rifle and accompanied by an armed man, raided a store here today and engaged in a running gun fight with the police, which ended in the arrest of the girl and the escape of her companion.

MILWAUKEE, Wis., March 1.—Five men robbed William Ormsby, payroll clerk of the Palmolive Soap Company, of \$49,000 this morning just as he was leaving a taxicab at the plant. The bandits escaped in an automobile.

### NO PREMIER AS YET IN CHINA

President Is Politically Isolated  
and Unable to Persuade  
Anyone to Act.

PEKIN, March 1.—The Chinese Government is not functioning because the cabinet is without a head and the treasury is empty.

The suggestion to make loans is meeting with strong opposition from the president, who is politically isolated and unable to persuade anybody to accept the premiership.

### LIBERAL EXECUTIVE MEETS ON MARCH 10

Officer Wishes to Retire and Will  
Have to Be Replaced.

OTTAWA, Feb. 28.—The members of the national Liberal executive will meet here on March 10, the first time since the election. One question before the committee, it is understood, will be the choosing of a new general secretary to replace Andrew Hayden, who has indicated his wish to retire now that the victory for which he fought has been won.

### ACCIDENTAL DEATH VISCOUNT HAROURT

Death Was Hastened Through  
Taking Over Dose of  
Bromide.

LONDON, March 1.—The coroner's jury returned a verdict of accidental death in connection with the death of the late Viscount Harcourt, whose death was hastened while suffering from pulmonary disease through taking a overdose of bromide.

### TIMBER MEN GOING CHARLOTTE ISLANDS

T. A. Kelly, Captain A. L. Dass  
and S. D. Brooks, Powell  
River, Arrive in the  
City Today.

Thomas A. Kelly, the well-known logging operator of the Queen Charlotte Islands, accompanied by Capt. A. L. Dass and S. D. Brooks, of the Powell river mills, arrived today from the south and are crossing Heceta Straits this afternoon to Cumshewa, the scene of Mr. Kelly's logging operations. There also a party of eight loggers going across.

Mrs. Brooks accompanies her husband on the trip.

### CITY WORK IS REORGANIZED

Changes in City Engineer's De-  
partment Take Effect today  
Landrey Assistant  
Engineer

In line with action recently passed by the city council a general reorganization in the city engineer's department is taking effect today. All the work is being brought under the direct supervision and control of the engineer and the separate offices of building inspector and sanitary inspector have been abolished. In the future the responsibility for the work formerly carried on by these officials will be taken by the city engineer. There will be some reductions in the general staff but it will be in the interests of efficiency and economy. Several men who were formerly foremen will be made working straw bosses and there will be one general foreman.

This morning H. L. Landrey, formerly building inspector, was appointed assistant engineer by F. J. Whittaker, city engineer. He will carry out, under the new status, practically the same duties of building and plumbing inspection that he did before. W. R. Martin, formerly sanitary inspector, is out and this work will be done between the engineer and his assistant, W. H. Sherman and the three sewer men, are also let out, but they will probably be re-engaged in a new status. Malcolm McLeod has been put in charge of stores and equipment but the general foreman has not yet been appointed.

The district is being divided into three divisions for maintenance and repair of streets and sidewalks and a system of patrol will be adopted. One workman will be in charge of each division.

Relief work will be carried out under working straw bosses.

At the present time there are about 190 men engaged in relief work, 70 at Acropolis Hill, 50 at Park Avenue, 50 are being started at the Booth Memorial School grounds and there are small gangs at Taylor Street and Ninth Avenue West.

### PEASANT RIOT OUTSIDE ROME

One Man Killed and About Twenty  
Are Injured, One Prob-  
ably Mortally.

ROME, Feb. 28.—A score of persons were injured, one mortally, when peasants outside Rome attacked public buildings in their village because the authorities failed to transfer certain lands to them. A detachment of troops has been sent to the scene of the disorder. At Bologna one man was killed.

### VANCOUVER ISLAND PIONEER DIES AGED 72 AT EDINBURGH

VICTORIA, Mar. 1.—The death occurred at his home in Edinburgh, Scotland, of E. B. McKay, surveyor-general for B. C. from 1894 to 1911. He was one of the pioneers of the province and was active in building the town of Duncan. Before leaving for Scotland in 1920 he resided on Vancouver Island for 45 years. He was 72 years of age.

### MANSON URGES B. C. CONTROL LIQUOR IMPORT

Amendment to Law Expected  
During Coming Session  
of Legislature

OTTAWA, March 1.—Amendments to the present federal legislation to allow the Provincial Government of British Columbia to control all importations of liquor into the province is hoped for during the coming session of parliament by the British Columbia delegation headed by Attorney-General A. M. Manson, which is here placing its views before the Government.

### KING OPPOSED EAST KOOTENAY

Hon. Charles Stewart Elected by  
Acclamation in Quebec  
Constituency.

FERNIE, Mar. 1.—Hon. Dr. John King, minister of public works in the Mackenzie King government, is being opposed in East Kootenay by Thomas H. Brondum, independent, a locomotive fireman. Cranbrook Conservatives are not opposing Dr. King. The election takes place on March 14.

OTTAWA, March 1.—Hon. Charles Stewart, minister of the interior in the Federal Government, was yesterday elected by acclamation for Argenteuil, Que.

### FIELDING AT WASHINGTON

Said to be There to Negotiate  
Reciprocity but It is  
Denied.

OTTAWA, March 1.—While a despatch from Ottawa says Hon. W. S. Fielding, minister of finance, arrived there, it is understood with the intention of discussing possible reciprocal tariff laws, official circles here say the cabinet did not discuss such a possibility and Fielding has gone to the United States only to look over the financial situation.

Steps for the revival of the reciprocity pact with the United States, along the line, if not to the same extent, as the agreement of 1911, are rather expected to be foreshadowed in the budget at the coming session. Reciprocity in natural products has never been abandoned by the Liberal party and its desirability was affirmed as late as last session in a resolution submitted to the house. Moreover, it figures conspicuously in the platform of the Progressive party and appears to cut considerable figure in the west, especially since the Fordney bill came into operation.

### WIFE OF MINISTER OF AGRICULTURE DIES

Mrs. E. D. Barrow Passes Away  
After Several Years Illness.

VICTORIA, Mar. 1.—After an illness of several years Mrs. Margaret Emily Barrow, wife of Hon. E. D. Barrow, minister of agriculture in the Provincial Government, died here yesterday. Interment will take place Friday.

**Canadian Money Worth  
Almost Face Value.**

Canadian money is worth almost as much as that of the United States. The merchants of Seattle have agreed to take it at par. It looks good to them. Every dollar of Canadian money spent in Seattle is so much to the good.

Usually there is a large amount of Canadian business done in Seattle and American business in Vancouver and Victoria. The drive across the boundary is a favorite one from either side. With the removal of the exchange this will be increased. Canadians did not like losing ten per cent. of their money value in addition to having to pay duty on the goods they purchase.

There was a time not so very many years ago when American silver was worth only eighty cents on the dollar in Canada, and yet in the border cities at that time American money was often taken at par by business houses. Banks, however, refused to take it.

**Egypt No Longer  
British Protectorate.**

The announcement by Premier Lloyd George that the British protectorate over Egypt had been withdrawn and that "Egypt was free to work out such national institutions as might be suited to the aspirations of her people" was one of the most important statements ever made by that statesman. It is an indication that Britain no longer wishes to continue the old policy of "What we have we'll hold." There is nothing to be gained by controlling so many countries.

Just what will be the effect of the relinquishment is difficult to forecast. The withdrawal from Ireland, followed by the withdrawal from Egypt, is likely to prove a precedent, and there is a possibility that this move may be followed later by withdrawal from India. Many people wonder why it is desirable to cling to the Indian Empire when it is the cause of so much worry to the country. The main difficulty is to let go. There is no doubt that the control of these countries by the British has been beneficial, but it must also be remembered that the racial differences between these people and ourselves make assimilation impossible. The people of India can not become anything more than a dependent people in the Empire, whereas as an independent nation they could work out their own destinies. The difficulty lies in the lack of unity in that country. There are hundreds of petty kingdoms, independent except for allegiance to the British. These will find it difficult to agree and there is danger of a reversion to the old condition of constant warfare which obtained before the British took control. If the people of that country were able to govern themselves there would be no excuse for the continuation of the British control. The British withdrawal from Egypt may have far-reaching effects on the situation there.

**Dr. Sutherland  
Is Elected.**

The election of Hon. Dr. Sutherland, minister of public works, by a large majority in the constituency of Revelstoke is another indication of the confidence of the people in the Oliver Government. Many opponents of the government had been saying that at the first opportunity the electorate would turn the government out. The result at Revelstoke, following the election of Hon. A. M. Manson by acclamation in Omineca, does not seem to justify that statement. As a matter of fact the government today, with two such able new ministers, is just as strong as it ever was.

**Anomaly in  
Railroading.**

The plea of the secretary of the Vanderhoof Creamery that better rates should be given the company on its butter is well taken. The fact that butter is carried from Edmonton to this city cheaper than from Vanderhoof here is an anomaly which the layman can not understand. At that rate it should be cheaper still to get a carload from Toronto.

You'll drink a second cup if she serves "SUPREME."

Nothing like a yellow cup of coffee to start the day right except another cup, and "SUPREME" is the right coffee because it's the coffee that tastes just as good as it smells.

You can prove this claim easily by ordering a pound from your grocer today.

**RESTING PLACE  
OF SHACKLETON**

Population of Grytviken in the South Seas is Only Twenty.

NEW YORK, Feb. 28.—Grytviken, the spot chosen by Lady Shackleton as the last resting place for the body of her late husband, Sir Ernest Shackleton, British explorer who died aboard his tiny craft Quest last January 5, is an icebound, isolated habitation of 20 persons who cling to the frozen shores of South Georgia Island, the "gateway to the Antarctic."

Sir Ernest's body was brought from the Antarctic to Montevideo following his death and will be accompanied by Captain Frank Hussey, member of Shackleton's expedition, when it starts again on its journey into the Polar regions. Lady Shackleton's decision to half removal of the body to England is in accordance with a lifelong wish of the explorer that he be laid to rest amid the scenes where his life work had been carried on. Only at the outset of his last voyage, he told friends, he wanted "to die with his boots on, like an old seadog."

**There Seven Times.**

South Georgia Island has figured several times in Shackleton's career. He served under Captain R. F. Scott in 1901 when that intrepid pioneer into the ice lands of the south made a dash from that island which resulted in discovery of the south magnetic pole.

One hundred miles long, with a rocky, forbidding coast line so indented that its width varies from 20 miles to only one-half mile, Cora Barker made a pretty post most of its mountainous interior is covered with ice and snow throughout the year. Huge ice cliffs overhang its fjords and bays and great icebergs breaking off from massive glaciers make it a dangerous haven for the occasional wandering whaling ships which touch its shores.

**PRINCE ALBERT IS  
TO CARRY MAILS  
FROM HERE SOUTH**

A thirteen-year old girl residing in the southern states, has been given a licence to fill a regular Methodist church pulpit. The old saying that children should be seen and not heard finds no practice in this fact, but another to the effect that a little child shall lead them is translated into actuality. May the new mistress realize the value of what many of her contemporaries appear to have ignored—thrift in words.

When a New York judge recently valued a tooth at \$1250 he gave the dentist much needless encouragement in the matter of rates.

Having quarrelled with his wife, a Chicago man was recently sentenced to take her to the movies every Saturday and to church every Sunday, with the alternative of paying a fine of \$250. If the couple's contribution to the church each week is ten cents they are content with a movie that lets them both in for fifty cents. The cost of the installment form of punishment will equal the alternative fine at the end of about eight years, so that unless our friend gets a release from sentence within that time for good conduct or other reason he would have been better off financially, probably, to "say" paid out the \$250 at once.

I am in receipt of a letter from a friend of mine who is a student at a southern university, and in it he states that one of his professors claims that it is definitely believed by physiologists that the human being is merely a physico-chemical mechanism which acts as it does solely because of its form of organization in response to its environmental change and that it exerts no power of choice.

Science is surely a killjoy for poets who get little useful material from such a theory, and Sunday school faiths might find themselves hard put to save their lives when opposed by such beliefs in the minds of young men loaded with orthodox teachings back home before going forth to college.

**NEW APPOINTMENT  
SMELTER FIRST AID**

ANYOX, Feb. 28.—H. J. Hardy has been appointed to take charge of the first aid department at the smelter. This is an important position and one which Mr. Hardy should have no difficulty in filling, having had some twenty-two years' experience, including hospital work in England, Canada and the United States and overseas. During the later stages of the war he was chief ward master of Nos. 6 and 7 General Hospitals, overseas.

**CATARRH  
of the Stomach  
FOR EIGHT YEARS**

The cause of this trouble is the fermentation of food in the stomach which generates a gas that is very frequently belched up. There is also a rumbling of the bowels and a discharge of gas therefrom, there is constant retching, and the meals are frequently vomited. There is a burning pain in the stomach, the appetite is feeble, the tongue coated, the breath bad, constipation is generally present and the sufferer becomes weak, nervous, depressed and exceedingly miserable.

The blame lies with a sluggish liver, as it holds back the bile which is so necessary to promote the movement of the bowels, and when the bile gets into the blood a badly disordered condition of the stomach, liver and bowels will surely follow. Keep your liver active and you will always enjoy good health.

Mrs. Agnes Gallant, Reserve Mines, N. S., writes:—"I had been a great sufferer for eight years, from catarrh of the stomach. I tried several so-called catarrh remedies without relief until a friend advised me to try Milburn's Laxa-Liver Pills, which I did, and four vials completely relieved me. That was six years ago, and I have had no return of my old trouble."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

## COMOX AVENUE HOUSE BURNED

Spectacular Blaze Early This Morning—Started from Overheated Heater

The large two story dwelling house at 939 Comox Avenue was completely destroyed by a fire which started at 7:30 this morning and was not out until after 9 o'clock. The place was owned by Matt Videck and there is understood to be a small amount of insurance. It was occupied by L. B. Hamilton who was living there himself. An overheated heater is believed to have been the cause.

Mr. Hamilton reported that he had left the place as usual about 7:10 to go to work. On account of the house being damp due to burst water pipes he had been leaving the heater in the hall going and had done so this morning. At 7:30 he heard the place was burning but when he returned the house was in flames and the fire department was on the job. Nothing was saved from the blaze, which was a spectacular one and could be seen from distant parts of the city.

The fire department had difficulty in getting water to the scene and it took some time to lay the string of hose from the nearest hydrant at the east end of Comox Avenue to the house which was two blocks distant. There was a big crowd of excited spectators.

The house adjoining is occupied by Miss Blanche Harte and its safety was threatened owing to its proximity of the blaze. The fire department, however, averted the danger. Miss Harte appreciated the efforts of the firemen in the unusual difficulties of the situation to the extent of sending the sum of \$35 to the fire hall in recognition of their hard work.

### INFLUENZA SHOWS SIGNS OF ABATING IN TOWN OF ANYOX

ANYOX, Feb. 28.—The influenza epidemic in Anyox is now somewhat abating. It has laid its finger upon quite a large section of the town, but fortunately has not claimed any victims, thanks to the care and attention of the doctors, nursing staff and Polytechnic first aid class, whose services were requisitioned as the claims for attention increased. Student Joe McGuire was placed in charge of the first aid work at the school during the sickness of First Aid Attendant Sayers, and Student Fred Graham is doing duty at the mine owing to the illness of Dr. Patterson. H. J. Hardy, the first aid instructor, has been kept generally busy among the sick doing yeoman service in relieving the strain thrown upon Dr. Whelan.

practice to accomplish this successfully. The first board to be manufactured has been purchased by Ben Self, and is displayed in the windows of the Prince Rupert Cigar Stores. Mr. Self has also ordered two additional and larger models of this game for summer use.

Another winter season is about gone and there has been no attempt made during that time to revive the popular old sport, indoor baseball. There was considerable talk of it last spring and it looked for a while as if something might be done but the matter has been dormant all winter and there has been practically no mention of it. While basketball has given its share, and a good share too, in the program of the past few months there could have also been room for the other game and it would have proved really interesting. Perhaps there will be something doing before another winter comes around and in the meantime, it would be well to keep it in mind. Outdoor baseball players and fans should get a good winter substitute for their favorite pastime in the indoor game.

The final baseball games of the season under the auspices of the Prince Rupert Basketball Association have been arranged to take place at the Exhibition Hall tomorrow night. The presentation of the McMordie, Benson, Grotto and Gilluly cups to the respective winning clubs will also take place during the evening. There will be four games: Golts Intermediates vs. Elks Ladies; Comets vs. Canucks; Ladies' Intermediate All Star, and Boys' Junior vs. Intermediates. The teams for the ladies game will be as follows:

A team—Miss P. Tremayne, Miss L. Parker, Miss V. Shockley (captain), Mrs. M. Sherman and Mrs. T. Maloney. Spares: Miss M. Sims and Mrs. D. Dentington. Meteors' colors.

## DICKENS NIGHT PLEASES ANYOX

Sponsored by Parent-Teachers' Association Was Unusually Interesting.

### VARIOUS SCENES ACTED

"TORMENTUS" Gives Racy Account of Big Event Given at the Smelter Town.

ANYOX, B.C., Feb. 27.—"Happy are they that can hear their deceptions and can put them to mending," yet Zounds! and by my troth! We believe our friend Bill Shakespeare would have found little to mend had he been given a seat in the bald headed row on Friday night (24th) when the Anyox Parent Teachers Association gave their Dickens Re-union in the Recreation Hall.

What an adaptable room that is! Now a dance hall, now a "movie house!" While on Friday it took upon itself quite the atmosphere of a real theatre, advertising drop, foot-lights, "needing." While we sat and watched the hall filled to capacity, we marveled upon the appropriateness of advertising a certain brand of Scotch whiskey and tasting powder in close proximity! And, apropos of nothing in particular, should it not be made a penal offence to display a lively pastoral scene on such a curtain before the eyes of people who live amidst a forest of dead trees? \*

"Oh, lookie! He's gotten his finger through the curtain!" piped a youngster, as a sportive summer, having been thrust from the dressing room to make place for others, entertained himself and the rising generation through a hole in the landscape. The white Fanny Squeers brassed Mrs. Mantalini for charms and powder and the Madman "greased" in the "side boards" of Nicholas Nickleby.

But promptly on time the Anyox orchestra struck into a lively medley and from then on to the end of the evening's performance there was not a vacant moment. Barely had they played the last bar than Rev. Mr. Gibson was on the platform in his capacity of Reciter and was easily outlining the first Dickensian scene from Nicholas Nickleby.

And we would say right here

### AS A MATTER OF FACT

The idea that chemicals are injurious, merely because they are chemicals, is erroneous.

We live on chemicals. The air we breathe is a mixture of oxygen, nitrogen and certain inert gases, as is also the water we drink a chemical compound of hydrogen and oxygen.

Like most everything in the world, however, there are good and bad chemicals, as well as good and bad laundries.

The good chemicals are those we eat, drink and breathe—the kind we use in the laundry to keep us clean. The harmful chemicals are the poisonous gases and compounds we are all familiar with.

We would not think of using the harmful chemicals in our homes; why not give our clothing the same intelligent consideration, and send them to the laundry where this chemical principle is recognized, and where only the good chemicals are used?

This service is at your disposal.

regular continuous advertising.

that the Padre is a sport, cutting his explanatory synopsis of each scene on the program (a bright idea, by the way) to a minimum and with a touch of humor which was truly Hibernian at times. Do it again, person, but next time get cast for a part yourself! Weller, Sir, for instance, or Mr. McCawber.

And the next time a finger comes through the curtain and tickles your ear, take our advice, and bite it.

The scene from Nicholas Nickleby was where Fanny Squeers entertains Nicholas with the fixed intention of captivating him, but the gallant swain, over a game of cards, becomes enamored, instead, of his partner Tilby Price, with disastrous results. Mrs. F. Rice as "Fanny" was the fussy, simpering, early-Victorian miss to perfection who was out-maneuvered, but not outclassed, by a very successful Tilby (Miss Champion). The small part that N. Ballou had to play as the loulish "Brodie," trying to appear genteel, was well done, and a very proper and dignified Nicholas was enacted by Frank Rice, whom we secretly suspect was wearing corsets.

In the scene from "Our Mutual Friend," the fire-light vision of Lizzie Hexham as she and the boy Charlie sit pondering over the Brazier was the outstanding feature, and Miss Gordon is to be congratulated upon her portrayal of a noble character. May we whisper to "Charlie" that she made a delightful boy, without sentiment, and perhaps those in the back of the hall never saw the tightly rolled raven tresses, but old cynics in the orchestra stalls are liable to notice such things if you turn your back to the audience.

Robertson as Gaffer Hexham made a rather polite blackguard but what he lacked in roughness he made up in delivery.

"Upon my life and soul, Oh Damn it," we believe that the Mantalini scene from Nicholas Nickleby was THE scene of the evening, unless we allow the Madman's soliloquy as a scene too, and then as Mr. Gibson would say "if either of these was the best it was both of them."

J. W. Esplin's "Mantalini" was not the work of an amateur and his roguish gallantry was entirely refreshing.

(You should have practiced with that monocle, though, J. W.!) \*

Again in E. Yard's portrayal of the Madman from "Pickwick" we found a finished performance. Mr. Yard's amateur days were many moons ago and we should not be surprised if his professional ones were only just beginning. It was a most impressive monologue, delivered to perfection.

The Bumble scene from "Pickwick" was very amusing and well acted. Mrs. Herrin made an admirable Mrs. Cornez, her acting lending an extra touch of "atmosphere" to the scene. W. Pamplin also was a solemn, vacuous and pompous Bumble.

All the musical numbers were much enjoyed, the cornet solo, "The Lost Chord" by Auckland was rendered with such splendid technique that it will be remembered by many for a long while.

We would like to say nice things about all who took part but the editor's blue pencil is a ruthless sword.

The various executive committees of the Parent-Teachers'

Association are to be congratulated upon so excellent a program, particularly when it is recalled that dramatization was done by the actors themselves from the novels of Dickens and that the scenes were not taken from dramatic versions.

Even the dresses and stage props were supplied by the members and committees and were no mean production.

### PROGRAMME

Medley—"Old English Songs" Anyox Orchestra.

Teaparty Scene from Nicholas Nickleby—Fanny Squeers, Mrs. F. Rice; Tilby Price, Miss R. Champion; Maid, Miss A. Ballou; Nicholas Nickleby, Mr. F. Rice; Mr. Brodie, Mr. N. Ballou.

### DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing, and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

In DR. WOOD'S NORWAY PINE SYRUP

you will find a remedy that will stimulate the weakened bronchial organs, subdue the inflammation, soothe the irritated parts, loosen the phlegm and mucous, and help nature to easily dislodge the morbid accumulation.

Mr. John H. Root, 40 Maple Avenue, Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup, so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

Be sure and get "Dr. Wood's" when you ask for it; price, 35¢ and a bottle; put up only by The T. Miltburn Co., Limited, Toronto, Ont.

LONDON, March 1. (By Canadian Press)—It was hard indeed for the people of the overseas Dominions to stand aside while the Mother Country fed the big foreign trusts, said Sir Joseph Cook, the new Australian High Commissioner to London, at a luncheon tendered him recently by the Australian and New Zealand luncheon clubs in London.

In the matter of trade relationship, the High Commissioner thought it was incontrovertible that the people who had poured out everything in life, including life itself, in defence of the Motherland, in the Great War should not haggle in trade bargaining in quite the same way as they would haggle in their bargaining with a neutral country which stood aside in the great cataclysmic upheaval and grew steadily richer out of their necessities and out of their agony. Australia now had her granaries full and everything was again set fair, Sir Joseph said, but they had very serious difficulties in the marketing of their products with those of other countries which were nearer to Great Britain. Was it wrong to ask the people of Great Britain to consider the difficult

## THE DAILY NEWS

**G. T. P. TAXATION BYLAW IS PREPARED SUBMISSION MONDAY**

The proposed new taxation agreement between the city of Prince Rupert and the Grand Trunk Pacific Railway Co. will come up formally at the meeting of the city council next Monday night, it is understood. The agreement, which provides for a considerable reduction from the present assessment, will be placed before the people in form of a bylaw and the date of the vote will probably be March 22. The council has been deliberating on the matter for several weeks in committee sessions, but the discussion has been sub rosa and reports as to what had been done have been guarded from publicity with the greatest care.

**The Kidneys**

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at dealers, or Edmonton, Bates & Co., Limited, Toronto.

**WHALEN MILL AT SWANSON BAY IS STILL SHUT DOWN**

Just Enough Water Available at Pulp Town for Fire Protection and Needs of People.

The pulp plant of the Whalen Pulp and Paper Co. at Swanson Bay is still closed on account of the scarcity of water supply, and the prospects are that it will be several days yet before operations may commence again even if the weather is loosening. At the present time there is just enough water available at the pulp town to keep up fire protection, sanitation and drinking water supply.
