Canadian Premier Is At Washington

RUSSIANS LEAVE HAGUE CONFERENCE AND WILL NOT RESUME

Mackenzie King at Washington Will Discuss Tariff and Other Matters Affecting Two Countries

WASHINGTON, July 12.—Premier Mackenzie King of Canada is here today for a conference which has been arranged at the initiative of the Canadian leader for the discussion it is understood of a number of questions of mutual interest to the two countries. It is considered probable that these include the Great Lakes St. Lawrence waterway project which has been the subject of correspondence between the governments of the two countries.

Tariff legislation will be discussed, customs questions, prohibition enforcement and other matters.

PRESIDENT'S PROCLAMATION

WASHINGTON, July 12.—Calling on all persons to refrain from interfering with the lawful efforts to maintain interstate transportation, President Harding issued a proclamation last night in connection with the railroad strike. He pointed out that the men were willing to work on the trains in order to maintain the mails.

JOHNSON TALKS OF FISHERIES

Says Understands Amendment Defeated by Senate; Rivers Inlet Strike

"My understanding of the decision in the fisheries matter by the United States Senate is that the law remains the same as before the strong amendment being beaten," said T. H. Johnson, manager of the cold storage plant, on his return from Vancouver this morning. "The matter of duty remains the same with two cents against the Canadian product. As I understand it the American fishermen will still be able to ship their fish through this port in bond."

Mr. Johnson said the dispute with the Rivers Inlet fishermen had been settled by the men going back on the same terms as before that is getting 30¢ for sockeye caught by the company boats and gear and 45¢ when using fishermen's gear. The fishermen wanted 45 and 60 which it would have been quite impossible to pay at the present condition of the market.

Mr. Johnson said the Siberian fish was keeping the price down making it impossible for canners to sell their product at remunerative rates.

VALERA IN DUBLIN.

BELFAST, July 12.—Eamonn de Valera, who is now in Dublin visited the Republican offices in Suffolk Street today a despatch states. It is understood the Free State authorities have no intention of interfering with his movements.

Russian Conference Breaks Down Without Hope of Being Resumed: Guarantees in way

THE HAGUE, July 12.—The conference with representatives of Soviet Russia here broke down this evening without any apparent hope of further meetings as the Russian delegates said on leaving that further meetings were unlikely since the non-Russians were insisting on the Russians making promises in regard to property compensation and giving guarantees which it would be impossible to fulfil until the Russians knew what credit and loans would be granted.

EASING UP ON GERMANY

Reparations Commission Reduces Monthly Reparations Installment Payments.

PARIS, July 12.—To relieve the German financial situation, the reparations commission has decided to reduce the monthly installment due from Germany from 50,000,000 to 32,000,000 gold marks. The next payment is due on Saturday.

Time Extension.

PARIS, July 12.—German representatives today submitted to the reparations commission a formal note requesting that a moratorium on reparations payments be put into effect for the remainder of the year. The commission will probably discuss the note at a special meeting this afternoon.

CASUALTY LIST IRISH FIGHTING

Nineteen Soldiers and 65 Civilians Killed in Fighting About Dublin.

DUBLIN, July 12.—The official casualty list of military losses in the recent fighting in Dublin shows 19 soldiers killed and 111 wounded. The civilian list is 65 killed and 281 wounded.

IRISH REPUBLIC PROCLAIMED CORK

LONDON, July 12.—A rumor that the Irish Republic had been proclaimed at Cork was printed in several morning newspapers under Belfast date lines. The despatches are not confirmed.

TWO SHIPS GO ASHORE

Northland and Willamette Lost Their Way in Straits of Juan De Fuca.

SEATTLE, July 12.—Losing their way in a heavy fog which hung over the Strait of Juan de Fuca, the steamers Northland and Willamette went ashore this morning, the former near Point Partridge and the latter on Smith Island. Neither are believed to be damaged to any extent.

IMMENSE LOSS FOREST FIRES

Sixty Million Feet of Green Timber Valued at \$2,000,000 Destroyed.

VANCOUVER, July 12.—More than sixty million feet of green timber valued at approximately \$2,000,000 has been destroyed by forest fires during the past month. During the past few weeks between thirty and forty thousand acres of timber has been swept by fire.

At Grassy Bay, north of Vancouver, the fire destroyed five million feet of standing fir and cedar.

This season has been the worst experienced for many years from the fire viewpoint in the coast district.

None of the dangerous fires are out yet but most of them are under control.

RIVERS INLET STRIKE IS OFF

Satisfactory Settlement—Average Fish Catch Last Night Was 89 to Boat.

OCEAN FALLS, July 12.—The fishermen's strike at Rivers Inlet canneries has been settled satisfactorily.

Last night's catch at the cannery was lower than has been the case recently. The average was 89 salmon to the boat and the high boat got 315. The prospects for the next few days seem very good.

CAPT. MACKENZIE ADDRESSES VETS

Says Government Has Been Doing a Great Deal For Them Lately—Compliments Local Branch

Capt. Ian MacKenzie, M.L.A. for Vancouver, gave a brief address to the local Great War Veterans' Association before leaving for the interior last night. There were about 35 present and W. E. Denning, president, was in the chair.

Capt. MacKenzie declared that in the past four months the government had done more for the cause of the returned men than since the end of the war. He urged co-operation for the welfare of the association and complimented the local branch on the work it was doing and the manner in which it was keeping together. He hoped this condition would continue.

Ex-President J. H. Kelly also spoke.

Before the general meeting last night, Capt. MacKenzie had a conference with the local executive.

MISSING COOK AT MILNE'S LANDING HAS BEEN FOUND

Wandering in Woods Suffering from Starvation and Loss of Memory.

VICTORIA, July 12.—Andrew Thompson, cook at Milne's Landing construction camp of the Canadian National Railway, who was missing for a week, has been found wandering in the woods starving and suffering from loss of memory.

THE MINISTERS AT ALICE ARM

Request for Road to Naas—Public Works Inspected—Wade Gets Samples

ALICE ARM, July 12.—Attorney-General A. M. Manson, Hon. Dr. W. H. Sutherland, minister of public works, Hon. E. D. Harrow, minister of agriculture, Fred Stork, M.P. for Skeena, F. C. Wade, K.C., agent-general for B.C. in London, Capt. Ian MacKenzie, M.L.A., P. Philip, chief engineer of the public works department, A. L. Carruthers, district engineer, R. J. Stewart, inspector of factories, and C. W. MacDonald, Revelstoke druggist, spent Sunday night and Monday morning in Alice Arm. The party came here in line with the government's policy of seeing the country at first hand and much credit is due H. F. Kergin, M.L.A. for his interest and energy in making possible the visit of the party here.

Dr. Sutherland and the officials of the public departments as well as other members of the party were interviewed by a committee of the Alice Arm Citizens' Association relative to the construction of a road connecting the Naas Valley with Alice Arm. Dr. Sutherland was deeply interested and promised to send in an engineer at an early date to go over the route or routes. If the route proved feasible he would be prepared to recommend the construction of the road.

Trip Up Kitsault

The public works party were particularly interested in the roads, trails and bridges and they viewed what work had been done in the vicinity of the town afterwards making a hand car trip up the Kitsault Valley.

Agent-General Wade, being particularly interested in natural resources, went up to the Esperanza Mine, it being the only operating one close at hand. He proved himself an efficient collector of mineralogical samples representative of the district. He stated that a two window display of the minerals of the province was to be made in the B.C. House at London.

AVIATOR PREST FLED SKAGAAY

Plans to Visit Most Alaska Towns Enroute Nome and Siberia.

Word was received today from Juneau that Aviator Prest had left there on Thursday last in his aeroplane and had landed at Skagway a little later. He was intending to stop at White Horse for the night and from there to Dawson, Fairbanks, Valdez, Rubby, St. Michael and Nome.

From Nome he plans to fly across Bering Sea to Siberia and return. He then is talking of heading for Point Barrow. He is making about 65 miles an hour in his new plane.

FISH ARRIVALS.

Halibut sales at the Fish Exchange today were as follows: Senator, 20,000 pounds at 13.3 and 5¢, and Adeline, 5500 pounds 13.5 and 5¢, to Canadian Fish and Cold Storage Co.

Hippo, 13,000 pounds, at 13.9¢ and 5½¢ and Annie May, 5000 pounds at 13.5¢ and 5½¢ to the Sinclair Fisheries.

Opposition to Free State Weakening in Ireland with Cork Only Serious Danger

DUBLIN, July 12.—The Irregulars' opposition is weakening and the success of the Free State troops is increasing daily with continual fresh batches of republicans falling into the hands of the Free Staters. Cork is the only likely source of serious trouble.

The train service between Dublin and Waterford has been re-established and the town of Wexford was regained by the Free Staters today.

LONDON, July 12.—A Belfast despatch says twelve women working on farms near Glenveagh castle have been conscripted and carried off by bands of Republican troops working out of Glenveagh castle. Other women have fled to escape conscription.

MUCH MONEY FROM LIQUOR

Total Profits for Six Months Over Million and a Half Dollars.

VICTORIA, July 12.—Municipalities will receive as direct revenue from their share of the liquor control profits for the last six months at the approximate rate of \$1.50 per capita of the population. The total profits to date are \$1,772,791 of which after \$173,000 has been allotted to a reserve fund, one half will be distributed to the municipalities.

COMPENSATION BOARD VISITING HERE TODAY

Going to Stewart, Premier and Anyox Also—South on Sunday

S. H. Wynn, chairman of the Workmen's Compensation Board, Parker Williams, member, Dr. Miller, board physician, and R. B. Fulton, stenographer, arrived from Vancouver on the Prince George this morning.

They are hearing cases in the city this afternoon and will sail tonight for Anyox where they also have business. They will take a launch from the snigler town tomorrow night and go to Stewart and Premier, further work awaiting them there. On Sunday they will be back here again returning to Vancouver on the steamer Prince Rupert.

MURDER CHARGE AGAINST SIKH

Boy Was Found By Jury To Have Been Strangled to Death

NORTH VANCOUVER, July 12.—A charge of murder has been placed against Terlooshin Singh, a Sikh, 32 years of age, in connection with the death of the fifteen year old compatriot, whose body was found under a sidewalk. The coroner's jury found he was strangled to death.

WRECK IN SPAIN.

CORUNNA, Spain, July 12.—A train collision resulted in 23 being killed and 30 wounded.

NAAS FISHERY PACK IS LARGE

Almost as Many Fish Taken as in Whole of Last Season.

The Naas Fisheries are doing wonderfully well this year. Several of the canneries have already caught about as many sockeye already as they secured during the whole season last year. At present they are averaging about forty to the boat. They are mostly sockeye, and are therefore worth a great deal more than the poorer grades of fish.

MINERS RIOT IN ENGLAND

Constables and Spectators Are Injured in Disorders at South Shields.

SOUTH SHIELDS, Eng., July 12.—A riot in connection with the miners' strike resulted in injury being done to several constables and a number of spectators. Thirteen rioters were arrested after a free for all fight in which bottles and stones were thrown freely. The crowd tried to prevent the miners from going to work.

TAR AND FEATHERS

Strikers Carry Man to Woods and Treat Him Rough at Bloomington.

BLOOMINGTON, Ills., July 12.—A masked mob seized a strike breaker named Dickson, took him to the woods and tarred and feathered him. He had struck but later returned to work. He is a nephew of the president of the Chicago and Alton Road.

World Is Better
Spite Of Pessimists.

In spite of what pessimists say, the world is improving. Poor people are no longer hanged for stealing bread, neither do men have their ears cut off for minor offenses. Insane people are not chained and put in cages nor burned, neither are the very clever, very beautiful, or the uncanny looked upon as witches and burned or ducked. In these days of enlightenment men are not imprisoned because they cannot pay their debts, neither are the rich glorified because of their riches except by a few.

Men, women and children are not held as slaves today, in spite of all the loose talk about "wage slaves" and their horrible condition. Women are no longer slaves to men unless they wish to be so. They have equal rights in most respects and the few inequalities will be removed soon.

Today a man may hold what religious views he wishes, or he may go through life without any religion. No one interferes with him. He is not even told that if he does not adhere to certain forms he will be burned in a fire of brimstone. He does not have to believe that God is a devil who hates his enemies, is jealous and vindictive, neither does he have to believe that God sends sickness into the world or that it is he who delights in killing off the young and innocent. He knows now that sickness usually comes as a result of sin and is a disgrace rather than something over which to gloat.

A man is not arrested today for kissing his wife on Sunday, neither is he put in the stocks for breaking the Sabbath by whistling or some such offense. In fact he may go fishing, play healthy games or otherwise enjoy life, so that Sunday is today an even pleasanter day than any of the other six and he delights in it instead of looking on it as a scourge.

Today life is better worth living than ever it was before. There is much sin, sickness and premature death. There is hate, deception and all sorts of evil, but nothing like the evil that was seen one hundred years ago.

Betting By Pari-Mutuel
And Its Logical Result.

The Oak Bay Council has taken a strong stand against betting by the pari-mutuel system within its boundaries. They have decided not to allow it and as the Victoria race track is situated within the municipality, it looks as if there would be no horse races there for the fair. The council does not object to racing but to the betting which accompanies it.

The betting game is loaded against the one who bets to such an extent that any man who goes to the races stands to lose more than half his money. There is a ten per cent rakeoff for the machine from each bet. Suppose a man starts out with \$100. At the first race the machine gets ten dollars leaving ninety for someone to bet next time. By the end of the sixth race there is only \$53.15 left and another bet gives the machines more than half the money that was put in at the beginning. As practically every man who follows the races bets more than six times in one afternoon, it is plain to see that half of the wagered money is absorbed by the machines every day the races are operated. This in addition to the admission fees of those who go to watch.

No one likes to be a killjoy or interfere with any legitimate sport, but to allow a game to be operated by a public body organized for the public benefit, which fleeces the public every day of over half the money put in, does not look like a good policy.

The Oak Bay council is a representative body of business and professional men and the residents of the municipality are mostly well to do people who can afford to spend a few dollars on racing or any other form of sport, but because they have business sense they see that the system of betting as conducted under the pari-mutuel plan is simply robbery and they refuse to allow the people to be taken advantage of in that way.

The Detroit News publishes some figures which are more conservative than those just given. They say that at a recent meet there were 7,500 people present who took with them \$89,000, out of which they paid for admission \$22,500, and out of the balance of \$67,000 they got back \$41,800, therefore the afternoon's whirl cost the visitors about \$48,000.

NEW OFFICERS
T. L. COUNCIL

Re-election in Most Cases—
Pinder Moss Scheme Endorsed—Fred Stork Invited.

The regular monthly meeting of the Trades and Labor Council took place last evening in the Carpenters' Hall. James Black, vice-president, was in the chair and there was a good attendance of delegates.

Election of officers for the ensuing term took place and resulted as follows:

President, S. D. McDonald.
Vice President, James Black.
Secretary-Treasurer, T. Ross MacKay.

Statistician, Len Dewhurst.
Some committees are yet to be appointed.

Continuation Schools.

John Pinder-Moss, of Anyox, was present to address the council on the proposed system of correlated continuation schools for northern B. C. After some discussion the proposition was endorsed, the suggestion being made that the present southern boundary limit be changed from the 53rd to the 52nd level, thus taking in the towns of Ocean Falls and Swanson Bay. It was pointed out that these two towns would be behind such a move for Ocean Falls had already had night schools and the Pacific Mills had always shown themselves to be in support of educational projects. At Swanson Bay and Surf Inlet there were already splendid technical libraries. These towns would thus be brought in closer relation with Prince Rupert from business, social and athletic standpoints.

Member Invited.

It was decided to invite Fred Stork, M. P., to address the next meeting of the council on July 25th on the work of the session especially as concerning labor matters. Delegates from the Great War Veterans' Association are also to be asked to attend next meeting.

If the city council sends a delegate to the Calgary unemployment conference next month, it is to be asked to send a labor member of the council as the city's representative.

TYPOGRAPHICAL UNION
STRIKE VERY COSTLY

Nearly Nine Million Dollars Spent
in Fighting for 44 Hour Week.

NEW YORK, July 12.—It has cost the 75,000 members of the International Typographical Union \$8,800,000 to maintain a strike of 9,000 men since May, 1921, until the end of last month. Total assessments made against members who are working amount to \$9,500,000 leaving \$700,000 still unexpended.

The strike is for a 44-hour week as against a 48 hour week in some offices and a 46 hour week in a few others. The strike is still continued but all the shops are working, some as union shops and some as non-union shops.

The claim is made by the employers that they have won and that the strike is non-effective. The printers also claim a victory to a certain extent although many of the former union shops are now run as open shops.

The city is having difficulties with the Bank of Montreal with regard to the sale of bonds. The local agent of a London financial firm has offered to purchase the remainder of the city's treasury certificates for the completion of the hydro-electric system to the amount of \$374,000 at 98 percent, an offer which the Bank of Montreal has shown no disposition to accept.

Two launches, sank at the waterfront last night on account of the extremely low tide. They were the fish boat, Fish Maid, Capt. George Tarlbert, and the Nomas. The captain and crew of the former boat had a narrow escape from drowning in their sleep and saved their lives with difficulty, all their effects being destroyed. The Fish Maid is to be raised and repaired across the harbor.

PROGRESSIVES STAND
FOR ECONOMY WHILE
FARMERS WOULD SPEND

WINNIPEG, July 12.—"Winnipeg Progressives and United Farmers will find it impossible to come together following the elections if they both adhere to the policies which they are preaching to the electors," W. H. Trueman, K.C., said at a Liberal campaign meeting.

Mr. Trueman asserted the local Progressives were preaching economy, still they had linked themselves up with the United Farmers who had included proposals for huge expenditures in their platform. There was also inconsistency in their policies on the question of the sale of liquor, Mr. Trueman said. The United Farmers were entirely opposed to the sale of intoxicating liquor while the Progressives stated they favored a referendum on the sale of liquor to be taken before June, 1923. Is it organized hypocrisy? he asked. Mr. Trueman declared the Winnipeg Progressives should be standing either with the Conservatives or Liberals as the policies of those parties were more in line with the retrenchment demanded by Craig and Chipman. The speaker said there was no place in the provincial field for the Progressive movement and added that it should be confined to the question of economies in the federal political arena.

SUIT OVER PENNY

Case Goes Before House of Lords and Is Still Incomplete.

LONDON, July 12.—One of the most peculiar cases that has come before the English courts recently is an action for damages for alleged false arrest brought against the corporation of Glasgow by a newspaper machine hand, John Percy, of Glasgow. The origin of the case was a dispute over a penny. Legal obstacles were placed in Percy's way on the question of his being allowed to sue the city, and it was not until the matter had been fought out before ten judges, including five in the House of Lords, that the plaintiff was given an opportunity to have his case entered for trial in the courts.

The dispute arose over a penny which John Percy tendered in payment for a tram ride. The conductor said it was defaced, but Percy maintaining it was a good coin, refused to give another. An inspector of tramways and a policeman were called, and the outcome of the trouble was that they all went to the police station, but the Corporation of Glasgow contends that he was not under arrest, but went voluntarily.

Against Glasgow City.

Percy brought an action against the City of Glasgow, claiming that he had suffered indignity by being marched through crowded streets in charge of a policeman, after he had given his name and address.

The Lord Ordinary, before whom the case first figured in the courts, held that there was an issue for trial by jury, but four judges in the First Division thought otherwise and dismissed the action.

Against this decision Percy appealed to the House of Lords, where Lords Haldane, Finlay, Dunedin and Wrenbury heard the appeal and allowed it.

Barristers Argued.

Four eminent Scotch barristers were briefed to argue the point, before the House of Lords as to whether John Percy had a right to have his action tried or not.

A penny started the trouble, but it will cost many a pound before the courts have finally adjudicated upon it.

Choose Your Preserving Utensils Carefully

MANY women enjoy great success with their preserving year after year for the simple reason that they use the best enameled ware that money can buy. They use either Diamond Ware or Pearl Ware. The porcelain-like surface of either of these wares keeps as clean as a glass jar. Acidic fruit juices cannot affect their non-metallic surface. Ensure success in your preserving by using

SMP Diamond or Pearl WARE

"A Face of Porcelain and a Heart of Steel"

The hardest cooking or preserving leaves it as easy to clean as china. It cannot absorb grease or odors. And it will mean much lower cooking fuel bills, because it cooks food far faster than all-metal utensils.

Do you know that the Diamond Ware or Pearl Ware pot or pan that cost \$1.50 last year can now be bought for 90 cents? Ask your regular hardware merchant.

Diamond Ware is sky blue and white outside, all white inside, with three coats of enamel fused on shapes of steel. Pearl Ware is pearly grey inside and out and has two coats of special SMP enamel fused on steel shapes. Either will suit you admirably.

BRINGING UP FATHER

ARREST HEAD INSURANCE CO.

Clever Work of Police in Tracking Gerard Lee Bevan Wanted on Fraud Charge.

LONDON, July 12.—The running down and arrest of Gerard Lee Bevan, until recently chairman of the Equitable Fire Insurance Co., which took place in Vienna, marked the close of an interesting term of deception. He fled from England in an aeroplane and failed to get a passport from Europe into Turkey.

Bevan had taken great pains to disguise himself. He had assumed the name of Lewis, and later that of Leon Vernier; he had a French passport and had dyed his hair and allowed his beard to grow—his passport bore a portrait of himself clean shaven, over which was pasted another showing him bearded. These precautions had served his purpose for several months.

It would appear that he went to Austria at the beginning of March.

Lived in Vienna.

His sojourn in Salzburg and Tirol could not have been one of repose, since he was apprehensive of detection, since owing to the fact that many English visited the small towns in these districts, and his recognition by an English visitor was an awkward probability. It may thus have occurred to him that there was greater safety in the larger towns. He went to Vienna and stayed at the Hotel Kranz, a well known establishment in the centre of the city, but not frequented by English people. He was accompanied by a young woman of about 28, and the pair lived there in good but simple style from March 28 to June 1.

The woman then left, and alone Bevan made for Reichenau a fashionable watering-place (about sixty miles from Vienna near Semmering) with the police dogging his steps. Although they were fairly confident that they had their man in sight, they were nevertheless afraid to arrest him. Bevan's disguise was so good and his French so fluent that it was difficult to be sure of the Englishman behind them.

Lodged With Teacher.

From Reichenau Bevan went to Semmering, where he stayed a few days at the Hotel Panhans, but here, feeling the chase too hot, he determined to give his pursuers the slip. This he did, successfully, arriving in Vienna unseen. But though he had disappeared, it was suspected that he had found a refuge in Vienna where indeed he took lodgings with a teacher of languages.

In the meantime the police had learned, probably from some hotel servant, that Bevan's natural hair was of a light color and that his beard was of recent growth, and that he had dyed his hair black in order to disguise himself. Later it was reported to the District Police Commissioner that a man who was living unregistered in lodgings in Wiedner Gurtel answered to the description of Bevan.

The Arrest.

On June 13 detectives were sent to arrest this man. They burst into his room. The man fought hard for half-an-hour, hitting, kicking, biting, with such effect that two strapping police were almost overcome, and it was only when the police were reinforced that the man was secured and handcuffed.

At this moment he plucked his hand into his waistcoat pocket and drew out a white tablet,

NR Tonight Tomorrow Alright

Get a 25c. Box.

which he swallowed. The police took him to a first-aid station, where the stomach pump was applied. The man fainted, and was then taken to the inquisition 'tmaTheG' FOCJdEK.

Later on the prisoner appeared to have regained his composure. Taking advantage of this circumstance, Inspector Wyhora entered the cell with a photograph, and pointing to the prisoner's beard, which during his three days' confinement showed blond at the roots, said: "Who are you?" The reply came: "Gerard Lee Bevan."

STEVE SELIG LOST HIS HAT IN A BET

On the night of the Fourth Steve Selig had to walk the streets of Ketchikan bareheaded. Mrs. M. E. Stuart, wife of the president of the Stuart Packing Corporation, who is operating the floating cannery Pioneer, made a bet with Steve. Mrs. Stuart bet her hat against Steve's that the Fairbanks-Morse semi-deisel boat would defeat the gas boat Thomas E. Wilson in the tug of war and also in the race. The Thomas E. Wilson was second in both events and Mrs. Stuart took the prize home.—Ketchikan News.

TIGHTEN REGULATIONS ADMITTING PRIESTS

Catholic Bishop Orders Strict Investigation Result of De-lorme Case

MONTREAL, July 12.—Catholic Church authorities have tightened up the regulations regarding seminarians. This is a direct result of the celebrated De-lorme case in which it was shown that the accused got through college "on charity and good conduct marks," according to evidence given at his trial, only to be now found insane.

Bishop Gauthier, Apostolic Administrator of the Archdiocese of Montreal during the continued illness of Archbishop Bruchesi, paid a visit to the college recently and gave instructions that not only must every candidate to the priesthood pass the standard examinations in approved style, but that every one must present a clean bill of health so far as his parents and grand-parents are concerned. If there is the slightest taint of insanity in any the direct or collateral lines, that will be sufficient to exclude the student from receiving orders.

EDMONTON PROPOSES REDUCE LIGHT RATES

Mayor Duggan Expresses Views On Conduct of City Utilities.

EDMONTON, July 12.—The possibility of a reduction in the price of city utilities, water, light and street railway fares is being discussed at the city hall. It is almost certain that during the next three months there will be a reduction in the rates of water and light as these have been showing a surplus during the past few months, but as to street railway fares the assurance is not so great.

When the utilities are on a paying basis and showing a surplus over expenditure it is the feeling of the commissioners that the citizens should have the benefit of lower rates, and Mayor Duggan is of the opinion that the street railway, while not yet in quite so fortunate a position as the water and light departments, nevertheless should be carried along with the other two in the general scheme of reductions, his main contention being that like water and light the railway is maintained for all citizens who wish to use it and who do use it when other modes of conveyances fail them.

ORANGE PICNIC GREAT SUCCESS

Big Party of Excursionists Had Enjoyable Day at Port Simpson.

Although the day was heavy and a drizzle of rain came down a good part of the time, the Orange Lodge picnic to Port Simpson yesterday was a very enjoyable and successful affair. The 350 or so persons who went over on the steamer Chelohsin had much to entertain them. There was the pleasant steamer ride for three hours going and coming and then the natural beauties of the village. Besides there was a good program of sports and a dance and concert.

Sailing from here shortly after 9 o'clock, the Chelohsin arrived at Port Simpson at noon. The different groups selected suitable places to set down their camp baskets and after lunch visits were made to the various points of interest.

Sports Program.

The sports program commenced at 2 o'clock and the results were as follows:

Little Girls' race—1 Phyllis Sloan; 2 Evelyn Dalzarno; 3 Mary Johnson.

Girls under 8—Doris Leek, Mary Robbi; Eleanor Moxley.

Boys under 8—Tom Smith, Wesley Stockdale, Bobbie Moxley.

Girls, 14 and under—Edith Leek, Margaret McKay, Margaret Harvey.

Boys, 14 and under—Fred Cameron, Buster Hill, Fred Richmond.

The sports committee comprised J. Day Bell, chairman, A. L. Box, F. Aldridge, W. Cameron and C. A. McKinnon.

Dancing and Songs.

After the sports, on account of the Scotch mist, many went into the big hall where dancing was indulged in and songs were sung. Many wandered away to get flowers to bring home and after supper all returned to the steamer. Leaving Simpson at 6 the party was home by 9 after having celebrated a glorious Orangemen's Day. The parade broke up in front of the Metro pole hall after God Save the King had been played in the centre of Third Avenue.

The general committee in charge of the picnic comprised Frank Haugh, chairman, Alex MacRae, D. Munro, A. MacKenzie and Charles Lemon.

FIRST DEFEAT SONS CANADA

Senior Football League Race is Now Tied Up—S. O. E. Won Last Night 3 to 0.

The Sons of Canada sustained their first defeat of the season at soccer last night and missed a golden opportunity to clinch league honors for the year when they were beaten by the Sons of England 3 to 0. Despite the threatening weather there was a good attendance of fans for the game was a very interesting one. The result means that the Sons of Canada and the Sons of England are now even with seven points at the top of the standing and the Grotto are but one point behind in second place. Results of the last two fixtures of the season, Sons of Canada vs. Callies on Monday and Grotto vs. Sons of Canada on Thursday of next week will thus be very interesting. The Canadians still have a good chance to win the one game. However, if they lose, the final game between the Sons of England and the Grotto will be decisive, the winners being champions.

Gave Farquhar Opportunity.

The Sons of Canada had the advantage of the grade in the first half of last night's game but in spite of this they were unable to score, the only tally of the period being by Wiggins for the Sons of England. In the second half, the Canadians had the most of the play and kept the leather well in their own territory. The Menzie brothers, however, made a grave mistake when, as backs, they played too far forward apparently with the object of scoring. Farquhar was thus allowed two open break-aways which he used to good advantage carrying the ball through for two counters past Frizzell. The forwards of the Canadian team also showed general weakness.

Teams and Officials.

Daye Gay was referee and W. Martin and A. Clapperton were linesmen.

The teams took the field as follows:

Sons of Canada—H. Frizzell; H. Menzies and V. Menzies; W. G. Anderson, W. Davis and J. Mitchell; S. Mack, E. Tait, J. E. Mark, E. Warren and E. U. LaCasse.

Sons of England—Stockdale; Lambie and Jack Mansell, Ed. Craggs and Kelsey; Hodgson, Wiggins, Tinker, Farquhar and Shaw.

Sport Chat

Sons of Canada and Elks' lacrosse teams will meet tonight in the second game of the season. The match should be a drawing card especially in view of the energy and closeness which was displayed by the two aggregations on Dominion Day. The lineups will be as follows:

Sons of Canada—Sunberg; Saint, D. Brown, G. Shaw, Crosssett, LaCasse, E. McIntosh, H. Menzies, C. Rhythe, Gray, H. Pringle and D. Graham.

Elks—Lipsett, L. Styles, J. D. McAuley, Mansell, Wigglesworth, A. Easson, J. Mitchell, B. Oliver, M. Gonzales, S. W. Taylor.

The Anyox Community League is looking for Prince Rupert competition with the speed boat Wayward Girl again this year, the matter of defending the Campbell Cup having been taken up at a recent meeting of the league. Mrs. H. S. Munro, who owns the boat now, is to be asked if it will not be possible to race her at Prince Rupert on Labor Day if a match can be made. C. J. Lowrey, secretary of the league, and Mrs. Simpson were delegated as a committee to make arrangements if possible.

Prince George and Vanderhoof are to play an inter-town soccer game at Prince George this afternoon an invitation from Prince George having been accepted by Vanderhoof last week. The hosts are guaranteeing the railway fares of the visitors. The Vanderhoof team comprises James Hargreaves, Jarvis Hargreaves, Wm. Millar, R. M. Stranks, A. Embley, Albert Weeks, Harry Maynard, Cecil Hartley, Thomas Smithers, Fred White, Albert Sanders and Don Cocker.

SILVER LEAD VALUES VERY HIGH IN COUNTRY SOUTH OF BURNS LAKE

Fourteen hundred dollars to the ton. That's what can be taken out of mining claims in the country surrounding White Sail and Big Enture Lakes, lying about 100 miles south of Burns Lake, on the G. T. P., says Tom Crawford, veteran prospector, who has come to Vancouver from that district and is going back Monday night, says the Vancouver Sun.

Assays, he says, show this value to be in the silver lead properties of William Harrison, a rancher, and his four sons. Enough work is being done on some of the claims to hold them, but owing to the lack of transportation facilities no shipments have yet been made. Mr. Crawford said.

There is also valuable timber in the district. Mr. Crawford declares, and already farming and ranching has proved profitable, but there will have to be a railroad, he says, before the country can be developed.

WINNIPEG TAXES

Collections Come in Better Than Last Year by Half a Million

WINNIPEG, July 12.—Tax collections for the week ending July 4 aggregated \$610,808, as compared with payment of \$239,442 for the week preceding. This payment of more than half a million dollars brings the year's total collection to \$2,280,000, as compared with collection of \$1,585,029 for the same period last year. The promptness with which tax payments have been made since the date of demand, June 15, is giving officials hope that a larger portion of taxes will be cleared before the end of the year than last year's records indicated. More than 50 per cent of the business taxes have been paid in and a large part of the realty taxes paid are for 1922 taxes.

NEW APPARATUS FOR RAISING WATER BY USING NATURAL ENERGY

Rising Tides May Be Harnessed and Irrigation Schemes Carried Out.

LONDON, July 12.—(Associated Press)—A water-lifting apparatus which seems to flout the natural law that water cannot run uphill, and which the tremendous energy of the rising tides may be harnessed for use by man, is an invention of Thomas G. Allen, graduate of Washington University, St. Louis, and now a British subject. The "Hydrautomat," as the apparatus is called, is the result of two years of experiments. A working model has been viewed by scores of engineers, some of whom have been baffled by the simplicity of the cycle of operation. It has lifted water 20 feet above the river level.

The hydrautomat is designed to raise water in any quantity from a running stream to any desired height without the use of standard equipment such as pumps, rams or water-wheels. The apparatus harnesses two natural sources of energy, the weight of a column of water and atmospheric pressure. By means of a series of tanks, one above the other, and a sluice-gate, which alternately brings suction and pressure forces into play, 80 percent of the energy of the pressure water used is obtained. The height required is reached by carrying the series of tanks, alternating open and closed chambers together with air conducting pipes, to the desired height.

Unlimited Scope
It is believed there is unlimited scope for the hydrautomat on streams where hydraulic power development are not feasible because of the small amount of fall. One of the first applications is expected to be on irrigation projects.

In a broad sense, according to the inventor the purpose of the hydrautomat is to convert the contained energy of large quantities of water at a low head into that of a smaller quantity of water at a high head, or to compel a stream to hoist part of itself up over the land for commercial or agricultural purposes. The principal is fixed; the application is to be determined by local requirements.

World patent rights have been issued. It appears that in the world's inventive records the principle of the hydrautomat has been remotely approached, but never attained.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-occupied.

Partnership pre-emption abolished, but parties of not more than four may arrange for pre-emption.

Wild land residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1 acre before receiving Crown Grant.

Where pre-emptor in occupation not less than 1 year and has made proportionate improvements, he may, because of ill-health, or other cause, be granted immediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$250 per annum and records same each year. Failure to make improvements records may be cancelled.

Title cannot be obtained in less than 5 years, and improvement of \$1000 per acre, including 1 acre cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be leased by one person or company.

Oil, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Balance of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emption are due or payable by soldiers on pre-emption records after June 26, 1918.

Taxes are required for five years. Provision for return of money accrued due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emption.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or devisees, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of stock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.
