Great Destruction By Big Cyclone

ASSASSINATION FOLLOWED BY NUMBER OF ARRESTS IN LONDON

A Terrific Cyclone Sweeps Prairies and Storm Strikes Whole of Eastern Country

SASKATOON, June 23.—Emergency wires strung east of here carried word this morning of a terrific cyclone that swept eastern Saskatchewan and Manitoba last night.

The storm started at Bredenbury, Saskatchewan, and swept east to Dauphin, Manitoba. From there it moved south to Minnedosa and thence to the U.S. boundary. There the wind doubled back to Winnipeg and turned south again toward Minneapolis.

Telegraph and telephone wires were snapped in two, crops were levelled and buildings razed to the ground, according to meagre details received here.

OTTAWA, June 23.—A severe wind storm sweeping east from Kenora district yesterday put all telegraph wires out of commission west of Fort William. It blew a box car from the track at Lydiatt, forty miles east of Winnipeg.

Meagre reports received here indicate lightning and heavy hail caused great damage.

WINNIPEG, June 23.—Manitoba was visited this morning by a storm which attained at Portage la Prairie cyclonic proportions and caused damage which is estimated in hundreds of thousands of dollars. It is also feared that there has been considerable loss of life. The storm struck Brandon at 2 o'clock, Portage la Prairie at three and Winnipeg at four. There are no reports from Brandon as all wires are down.

A report from Portage la Prairie tells that the city is at the mercy of the elements. The grain elevator was destroyed, the Cockshutt Plw. Co. plant was blown down and the Presbyterian, Anglican and Methodist churches were wrecked. Hotels and buildings in all parts of the city are as if dynamited and giant trees have been uprooted everywhere.

It is feared that the toll of dead is large and that there will also be many injured when a check-up is possible. Particularly will the isolated villages and farm settlements suffer.

WAGES CUT ON RAILROADS IN THIS COUNTRY

Notice Given Federated Trades of Proposed Action—Strike Is Suggested.

MONTREAL, June 23.—The federated trades on Canadian railroads have received notice of a wage cut ranging from five to nine cents an hour following the lines of the United States award.

Local railway brotherhoods strongly oppose any change from the present wages paid and the general opinion is that a strike will follow enforcement of the cut.

It is understood the reductions are subject to negotiations.

INCOME TAX AMENDMENTS BY MR. FIELDING

OTTAWA, June 23.—Hon. W. S. Fielding introduced a bill in the House of Commons yesterday afternoon amending the Income Tax Act to increase exemption for each child from \$200 to \$300, revising present provisions in regard to commercial travellers' expenses and imposing a tax on Americans working in Canada similar to that imposed on Canadians working in the United States.

SECOND DEATH IN WILSON SHOOTING

Policeman Succumbs to Wounds Received Near British Soldier Yesterday

LONDON, June 23.—A policeman named Marsh, who was near Field Marshal Wilson when he was assassinated yesterday, died later from wounds.

SURVEYS FOR NEW CONCENTRATOR TO BE BUILT AT ANYOX

ANYOX, B. C., June 22.—Surveys are now being made for a new concentrator plant to be built on Smelter Hill. The new concentrator will be in close proximity to the present one and will materially increase the efficiency of the plant.

ANYOX BUSH FIRE NOW WELL IN HAND

All Danger Now Thought to Be Averted.

ANYOX, B. C., June 22.—The big bush fire which broke out on Tuesday afternoon is still burning but is now being held in control by the fire-fighters, and so far has been prevented from doing material damage. So fiercely was the wind blowing at the time of the outbreak that when the fire reached the Powder Magazine it was swept all around it, the flames passing right over the top of the building, which was full of explosives at the time, but owing to this velocity the intensity of the heat was in that neighborhood for only a few moments. The fire was very intense for a while in the vicinity of the Air Line which runs from No. 2 Power house to the mine. It was deemed advisable to shut down the air pressure to avoid the bursting of the pipe and possible injury to the fighters. The wind yesterday afternoon fanned the fire into a fresh outburst which was promptly controlled and should there be no further wind storms for a few days all danger will be averted.

GOLF CHAMPIONSHIP.

SANDWICH, June 23.—Walter Hagen, American professional, yesterday won the English open golf championship.

NEW WESTMINSTER IS CHOSEN NEXT MASONIC COMMUNICATION CITY

Arthur Brooksbank Is Appointed District Deputy for 1923—Annual Communication Closes.

The annual communication of the Masonic Grand Lodge of B. C. closed at 1 o'clock this afternoon with the selection of New Westminster as the convention city for 1923.

Arthur Brooksbank was appointed district deputy for District No. 11.

The visitors are to be shown about the city this afternoon and there will also be some social proceedings on the steamer Princess Charlotte. The steamer returns south with the southern delegates leaving here at 12 o'clock (city time) tonight.

SOME BIG FISH ARRIVALS SELL

Total of 161,000 Pounds Marketed at Exchange This Morning.

One hundred and sixty-one thousand pounds of halibut was sold at the Fish Exchange this morning. There was also 3,000 pounds of salmon and the Canadian Fish and Cold Storage Co.'s trawler, George E. Foster, is in with 75,000 pounds of flatfish.

The sales at the Exchange were as follows:

- Vasee, 55,000, sold to the Canadian Fish and Cold Storage Co., at 7.5c and 3c.
- Lancing, 16,000 pounds, and Emblem, 7,000 pounds, sold to the Booth Fisheries Canadian Co., at 9.6c and 4c.
- June, 19,000 pounds, sold to the Booth Fisheries Canadian Co., at 9.2c and 4.5c.
- Livingstone, 11,000 pounds, sold to the Booth Fisheries Canadian Co., at 9.8c and 4.5c.
- D. C. F., 21,000 pounds, sold to the Royal Fish Co., at 10c and 5c.
- Mayflower, 7,000 pounds, sold to the Sinclair Fisheries at 10.9c and 5c.
- Alb, 14,000 pounds, sold to the Sinclair Fisheries at 10.3c and 5c.
- Kobe, 3,000 pounds, sold to the Atlin Fisheries at 10.6c and 5c.
- Pop, 3,000 pounds of red salmon, sold to Royal Fish Co. at 13c.

ORANGEMEN WILL GO TO SIMPSON AGAIN

Steamer Chelohsin is to be Chartered For July 12 for Annual Picnic

The annual picnic of the Loyal Orange Lodge will again be held at Port Simpson this year and the steamer Chelohsin is to be chartered to take the excursionists over from here on July 11, one day ahead of the anniversary of the Battle of the Boyne. Decision to this end was reached at last night's lodge meeting.

GREAT MASONIC BANQUET HELD

Lodges of District No. 11 Were Hosts to Visiting Delegates to Annual Convention.

About 150 Masonic brethren, 200 visitors for the annual communication and 250 members of the four lodges in District No. 11, were present at the great banquet put on in the Auditorium last night by Tsimpsan Lodge, Prince Rupert, Tyee Lodge, Prince Rupert, Omineca Lodge, Smithers; and Enoch Lodge, Anyox, in honor of the delegates from various lodges in the southern portion of British Columbia. The affair was an outstanding success and one of keen interest and enjoyment to all Masons. Commencing about 9 o'clock, it was about 1 o'clock this morning when it ended and a bounteous festive board and program of good speeches was enjoyed to the full. C. H. Grime, district deputy grand master of District No. 11, presided and J. Greer, of Tsimpsan Lodge, J. H. McMullin, Tyee, J. Mason Adams, Smithers, and John Conway, Anyox, were strip of masters, assisted.

The program opened with the singing of "God Save the King" and "The Star Spangled Banner."

The toast to "The Grand Lodge of British Columbia" was proposed by Thomas McLymont and responded to by W. S. Terry, of Victoria, Grand Master.

"Sister Grand Lodges" was proposed by E. A. Wakefield, and A. McE. Greery, Vancouver, W. J. Bowser, Victoria, and H. H. Watson, Vancouver, replied.

The toast to "The Province of British Columbia," proposed by Rev. Dr. H. R. Grant, was responded to by Hon. A. M. Manson, both speakers making stirring addresses.

"Visiting Brethren," proposed by Ven. Archdeacon G. A. Rix, Rt. Rev. Bishop A. U. DePencier and Mayor G. E. Tisdall, of Vancouver, responded.

There were solos by J. E. Davey and S. K. Campbell, W. Vaughan Davies accompanying, and Arthur's Orchestra provided instrumental selections during the course of the proceedings.

George Richmond and the staff of the St. Regis Cafe were in charge of the catering which was of a high standard.

The banquet committee comprised J. G. Steen (chairman), Howard White, G. G. Perry, Jack Barnsley, B. Blance, E. H. Mortimer, R. W. Cameron, W. H. Tobey, T. H. Johnson and R. E. Benson.

PREST NOW FLYING SPOKANE TO SEATTLE

SPOKANE, June 23.—C. I. Prest, the aviator who is flying from Buffalo to Alaska and Siberia, left here this morning for Seattle.

BOOTH SCHOOL REPORTS WILL BE SUBMITTED

Jeffers and Whittaker Complete Examination, and Meeting of School Board Called For Tonight

A special meeting of the School Board, to which the city council has been invited, is called for tonight to receive the reports of A. M. Jeffers, Edmonton building expert, and H. Whittaker, provincial government architect, on the condition of the Booth Memorial School. Mr. Jeffers and Mr. Whittaker's reports were completed yesterday and were today placed in the hands of the secretary of the school board.

It is understood that, while defects are reported, the condition of the building is not so serious as had been maintained by A. A. Cox, the Vancouver architect.

FAILED TO PREVENT SPREAD OF FIRE IS FINED TEN DOLLARS

NELSON, June 23.—Convicted of willfully neglecting to prevent the spread of fire on his road clearing operation, George Antkoski yesterday was fined ten dollars and costs.

URGE EXHIBIT AT WESTMINSTER FAIR

Nels Nelson, president of the New Westminster fair association, called at the Daily News office this morning with Fred Roberge, local director of the fair, and asked that attention be drawn to the exhibition and the desirability of local people entering an exhibit there. The difficulty was that the date was coincident with the local fair.

Mr. Nelson said there was no way we could get publicity like placing an exhibit at the big annual event.

Militia Called out by Governor of Illinois Following Murder of 44 Strike Breakers at Herrin

GINGINNATI, June 23.—Disorders at Herrin, Illinois, coal mines have resulted in the killing of 44 persons up to date, including two union coal workers, it is announced from the headquarters of the United Mine Workers.

Women urged on by the mob this morning broke a truce and attacked the mine guards in their camp. Unarmed men were shot and manhandled, knives being used to despatch the wounded.

The crowd was at bay last night ready to shoot any who approached. The besieged crowd included a number of women who proved more bloodthirsty than the men.

The mine officials were reluctant to call out the militia and in the meantime hoped to get the situation in hand.

The Governor of the state has ordered troops mobilized and has ordered the sheriffs to arrest the murderers with the backing of non-union men yesterday.

England is Stirred by the Assassination of Field Marshal Wilson

LONDON, June 23.—Police investigating the assassination of Field Marshal Wilson have come into possession of documents disclosing a conspiracy to take the lives of a number of prominent persons and conduct a campaign of outrages.

Fifteen men and one woman were arrested in raids throughout London last night in connection with the assassination. The Lord Chancellor announced in the House of Commons this morning that two men had been arrested for actual commission of the crime. He stated that both had been soldiers. One was employed for some time as night watchman in Government offices in Whitehall, obtaining the post there because of his war record.

Both James O'Brien and James Connolly were arraigned today in court and charged with the murder. A great crowd assembled and the accused were taken to the court under strong guard.

The assassination has stirred England to the depths. It is said other members of Parliament have been threatened. Wilson received threatening letters for some time but ignored them.

The Government and Scotland Yard are considering the advisability of arming the police constables with automatic revolvers.

DEUBLIN, June 23.—General Owen Duffy, chief of staff of the Irish Republican Army, emphatically denies that the assassination of Field Marshal Wilson was the work of the Republican army.

CORK, June 23.—The vote in favor of Michael Collins was more than 15,000 or three times sufficient to elect him.

Situation in Ireland.

BELFAST, June 23.—The situation here is one of great anxiety owing to the high state of feeling over the assassination of Field Marshal Wilson in London. Special precautions were taken in the disturbed area but the military and the police were forced to fire on the mobs several times. Casualties by the middle of the forenoon numbered six wounded. Virtually every member of the Ulster Government is under police protection.

NINETEEN COACH TRAIN ARRIVED LAST EVENING

Two locomotives and 19 express, baggage and passenger coaches comprised the make-up of No. 3 C.N.R. passenger train which pulled in from the East an hour late last evening. The train brought in, besides the ordinary boat train equipment, the special cars of the Shriners' excursionists which had been brought from Seattle, the Shriners themselves now being on the way up the coast to join their train here tomorrow morning. The lateness of the train was caused on account of the heavy pull and the unusual number of calls which were made at the canneries last evening.

CATTLE EMBARGO POSITION STATED

LONDON, June 23.—Lloyd George answering questions regarding the cattle embargo on importations from Canada reminded the House of Commons that the embargo was based on legislation and could be lifted only through more legislation.

Advertise in the Daily News.

CREERY GRAND LODGE MASTER

Hon. A. M. Manson and Mayor Tisdall Among Officers of Masonic Craft.

At their regular session yesterday afternoon the Masonic Grand Lodge elected officers for the coming year as follows:

- Grand Master, A. McE. Greery of Vancouver.
- Deputy Grand Master, Mayor C. E. Tisdall of Vancouver.
- Senior Grand Warden, Stephen Jones of Victoria.
- Junior Grand Warden, Hon. A. M. Manson.
- Grand Treasurer, Harry Watson of Vancouver.
- Grand Secretary, Dr. DeWolf Smith, New Westminster.
- Tyler, J. H. Hughes of Vancouver.

MAMMOTH RADIO STATION AUSTRALIA

Will Be Able to Communicate 12,000 Miles—Station in Canada.

MELBOURNE, June 23.—The preliminary work of establishing the mammoth Australian Radio station for direct communication with Great Britain has begun.

The substations for overseas traffic will be about three times as powerful as any European station today. It will take two years before the central and feeder stations are completed. As a normal performance the chief station will be able to speak direct over 12,000 miles for the greater part of any working day.

Receiving and sending stations to correspond will be built in Canada during the same period. The plan for the main station will be imported from England, but the plant for the feeder stations will be manufactured in Australia, one for each of the states.

The combined cost of all these stations will be about \$5,000,000. The main station will consist of a transmitter and receiver terminal 30 miles apart, the latter including 24 towers each 800 feet high spread over a square mile.

The wireless rates will be one third less than the present cable rates to Europe.

GERMANY VOTES MONEY FOR RUSSIAN FAMINE

BERLIN, June 23.—The Prussian diet has voted a million marks for the Russian famine relief.

Mrs. D. Archie sailed last night on the Prince George for Vancouver.

DAILY EDITION

Friday, June 23, 1922.

First Fruits Of What
May Be Done Here.

The busy time we have been having of late in entertaining
visitors is just a little of what may be done to bring business
this way when we have the thorough co-operation of the railway.
The Shriners, the Rotarians, the Masons, and the tourists who
are beginning to use this district are all in a small way bringing
business and are advertising the town. It is the first fruits of
what may be done in the not too distant future as a result of
united effort.

Eventually Prince Rupert will be more than a shipping port.
It will be a tourist resort. People will come here for the fine
trout fishing and the scenic trips. When there are short excursions
to Wark Canal, to the Exstall River, the Khyex River and
other points such as the hot-springs on the Skeena we shall begin
to realize one of our ambitions. We shall become a radiating
centre for pleasure seekers in the north.

Must Have Still
Better Co-operation.

Yesterday Major Langley of Victoria was in the city. While
in the East he decided to take in Prince Rupert on the way home.
The officials at two of the big centres in the East did not know
how to route him here and one suggested he had better go to
Vancouver and take the steamer up the coast. He insisted on
coming direct and then was directed in such a way that he arrived
on the prairies on the one day of the week when there was
no train to Prince Rupert. Yet the man at the other end had
carefully figured out the trip for him. It seemed that he had
not yet received the latest time table and was routing on the
old schedule.

Local railway officials are anxious to trace down these
lapses in order to make sure that this section of the line is taken
care of. The difficulty is that no man likes to have to be an
informant against railway officials and the tendency is to try to
make him out a falsifier if he does so. It is not up to the travelling
public to look after the railway employees but is part of
the work of railroad management. They seem to have been so
well trained in the East in giving Prince Rupert the go by that it
is difficult for them to change their methods immediately. Similar
stories to that told by Major Langley are constantly coming
to hand but the informants do not care to complain officially.
When a man is seeking information he does not take the name of
the informant and often he could not even describe the man
who sold him the ticket. All he knows is that he failed to secure
the information or that he was given it wrong.

Railway Officials
May Be Changed.

It is understood that immediately after the session changes
will be made in the management of the Canadian National Rail-
ways. When such a change takes place most Prince Rupert
people will be hopeful that W. P. Hinton is given an executive
position. He is a friend of this city and he knows our needs.
Always he has shown himself keen to look after our interests so
far as it was possible for him to do so. He is a Grand Trunk
Pacific man and would like to see the G.T.P. a success. His ap-
pointment would mean much to this port.

There is no intimation in this that Mr. Hinton would not
do justice to any part of the road over which he had jurisdiction.
He is a practical railroad man and as such would not be a party
to any of the petty prejudices of which Prince Rupert has been
a victim. All we want here is a fair deal and that is what we
certainly have not had in the past.

LUX

For All Fine Fabrics

If you have something
especially nice and dainty
that you do not feel like
sending with the regular
washing, you can easily
and quickly cleanse it with
Lux. The thin, white, satin-
like flakes of Lux are made
by our own exclusive pro-
cess, and readily dissolve
into a rich, bubbling lather,
as harmless to fine fabrics
as pure water itself.

Lux is supreme for washing fine
garments. It is sold only in
sealed packets—adust-proof!

The Man in the Moon
SAYS:-

WHAT I don't like about this
Masonic visit is that we all have
to get up in the morning as usual.

EVEN if the alarm clock goes
on a bust, the call of duty wakes
us the local people before
breakfast.

WHEN one has to choose be-
tween liars, give me a cheerful
liar every time.

THE difficulty about this
changeable weather is that the
visitors do not have a chance to
see us in our straw hats.

THERE is a difference between
an old timer and an early set-
tler. An old timer is one who
came here before the townsite
was incorporated. An early set-
tler is one who pays his bills
without being asked a second
time.

THE most uncertain thing in
the world is the "sure thing"
your friend wants you to buy.

Ten Years Ago
in Prince Rupert

June 23, 1912.

The hospital board has decided
to call for tenders at once for
the erection of the new wing to
the present building. The provin-
cial government has advanced
\$10,000, the board has \$4,000 in
hand and the city council is to
be asked for a grant.

P. Moriarity, a laborer on the
railway, met his death yester-
day afternoon while ballasting
track at Mile 41. The funeral
will take place this afternoon.

Captain F. S. Saunders, form-
erly skipper of the steamer
Prince George, is coming north
early next week to take up his
new duties as marine superin-
tendent at Digby Island.

Skeena River arrivals in the
city on last night's train in-
cluded J. G. Dorman, Claxton, J.
F. Strang, Sunnyside; Mr. and
Mrs. W. A. Adamson and W. Kid-
dler, Port Edward; T. A. Sandi-
son, Haysport; Constable R.
Gibson, Port Essington, and
Henry Wulf, Smith Island.

VISITORS AT
ROTARY CLUB

Number of Places Represented at
Luncheon Yesterday.

Whenever I leave Victoria
I'm as blue as can be.
There's no other city
Means so much to me,
Oh, how I miss Victoria
And my afternoon tea
Come over, you'll be welcome
In the capital of B. C.
Oh, Victoria, what! what!
That was the refrain of the
seven members of the Victoria
Rotary Club who attended the
Rotary Club luncheon here yester-
day afternoon. They sang the
song after Ernie Hayward of
their club had brought greetings
from the capital.

There were Rotary representa-
tives at the gathering from Van-
couver, Victoria, Edmonton, Nan-
aimo, Kamloops and Hull, Eng-
land. The last mentioned
was Will Johnson, brother of
President Tom Johnson of the
local club. He came from the
only English club that has so far
been represented at a luncheon
in Prince Rupert.

Speaker of the day was
Thomas McClymont who spoke
of the demise of the old booster
clubs and the increasing pros-
perity of the Rotary Clubs every-
where. He spoke of the sugges-
tion that Vancouver should take
away Prince Rupert's drydock,
saying that it was at present
owned by the Government and it
was only natural the Government
ships should come here to dock.
Prince Rupert intended to keep
her own dock.

M. P. McCaffery: "If the dock
goes anywhere it should go to
Victoria." (laughter).

Mr. McClymont went on to say
that this was the logical site
for a smelter, which would treat
the ores coming from Stewart
and other coast points and also
from the interior. The special
advantages of the place should
be recognized. In the past, owing
to lobbying, money had been
diverted to places where expendi-
tures were not warranted. In
the end trade would follow the
line of least resistance and
Prince Rupert would get her
share.

Vancouver's Greetings.
Frank Hurde, manager of the
Vancouver Province, brought
greetings from Vancouver Club.
With the Rotary spirit so much
in evidence here he felt no doubt
about the future of Prince Rup-
ert. They all appreciated the
hospitality shown them here.

Erbie Hayward of Victoria
brought greetings from the cap-
ital and said he had been struck
by the community spirit evidenc-
ed in Prince Rupert, even under
somewhat adverse conditions.
With such a spirit in evidence,
he prophesied a great future for
the place.

Rotarian Shaw of Nanaimo
brought greetings from the coal
city. Over there they had forty
members and they met every
week to sing, talk and eat.
Link with Old Land.
Will Johnson from Hull, Eng-
land, who arrived Wednesday
evening and is spending a few
days with his brother, the man-
ager of the cold storage plant,
brought greetings from Hull. He
said Rotary clubs were making
progress in England and this
would mean another link
strengthening the ties of the Do-
minions with the Old Land. It
was seven years since he visited
Prince Rupert and in that time
he saw great improvements. He
had a grouse, however, and that
was at having no observation
car on the train between Jasper
and this city.

S. K. Campbell entertained the
club with solos and there were
a number of choruses.

TRIP ON THE WATER
IN LOCAL LAUNCHES

Visitors Entertained by Run Out
to Metlakatla Passage Yester-
day

Yesterday afternoon the Masonic
visitors were given a run out on
the harbor to Metlakatla Passage.
The trip was a somewhat short
one owing to the desire of the
ladies to get back to the tea at
the Prince Rupert Club. The
boats taking the visitors out
were George Bryant's "Harla,"
Dr. W. T. Kergin's "Gagoom,"
Alex. McKee's "Lois M." Mitchell
& Currie's "Donnie Mac," John

GROTTO WON FIRST GAME

Defeated Gil's Last Night by Score of 17 to 14 in Intermediate Game.

The Grotto Intermediate League baseball team won its first victory of the season last night when it defeated Gil's aggregation by a score of 17 to 14. The score was fairly indicative of the respective merits of the play and the Grotto was fully entitled to its win for there was a considerable improvement shown by the team both in batting and fielding. The Grotto made 13 hits and Gil's five and there were many errors, although there was no scoring until the fourth. At the end of the sixth inning, the score was 12 to 5 in favor of the Grotto. In the last three frames Gil's came through with a brace of runs, mainly due to Grotto errors, and made nine tallies although they were unable to overcome the lead against them.

George Hill made a three bagger for the Grotto. W. Mitchell (Gil's) poled out two double-sackers and Sam Haudenschild, one. Roy Gilmour played well for the Grotto and showed almost Senior form. E. Smith pitched for Gil's for six innings and then exchanged positions with Benny McDaniells from left field. E. A. Donhoe was umpire of balls and strikes, and and Jack Hatchford, bases.

The teams lined up as follows: Grotto—B. Barrie, c; A. Roy, p; E. Warren, lf; F. Gilmour, ss; George Hill, 2b; Ross, rf; S. Butlers, cf; S. Haudenschild, 3b; P. McGowan, lb.

Gil's—L. Sherman, ss; W. Mitchell, 2b; S. Bazzett-Jones, lf; J. Mitchell, 3b; J. Hamilton, cf; E. Smith, p; and H. W. Lambie, cf; B. McDaniells, p and H. W. Montgomery, rf.

The score by innings:
 1 2 3 4 5 6 7 8 9
 Grotto 0 0 0 3 4 5 0 1 3—17
 Gil's 0 0 0 2 1 1 1 2 6—14

Three minor cases took two hours to settle in police court before Magistrate McClymont this morning. Tom Anderson, charged with drunkenness, failed to appear and his \$50 was escheated; Mrs. Coombs, also charged with intoxication, was dismissed, and Joseph Rose was fined \$25, or ten days, for swearing in public.

TAKING A WARNING.

Learning that his wife was at a moving picture performance with another man Smith rushed to the theatre and appealed to the manager for assistance. The latter being quite a diplomat, came upon the stage and made the following announcement: "There is present in this audience a man with somebody else's wife. I desire to avoid scandal and will permit this couple to leave quietly when the theatre is darkened."

The lights were put out. Fifteen couples left the theatre.—Judge.

BRINGING UP FATHER

TRIAL TOOK PLACE BEFORE MAGISTRATE DURING EARLY HOURS

One of Guests in City Arrested by Men in Blue and haled Before Court.

While most of the people of Prince Rupert were sleeping this morning the mills of justice were grinding, court was in session, and a visitor to the city was tried for a serious offense but happily was acquitted. Last night there was a banquet and after the banquet there was what the churches would call an "after meeting." After the after meeting there was another little session and still the boys on the palatial steamer Princess Charlotte did not feel that they had settled all the problems of life. They were anxious to complete the day. There was a member of the party, who, it was suspected, had been committing the awful crime of "taking a drink," it had been carefully shadowed by the ship police and at an hour when all others were sleeping, they sent special officers in blue to arrest the criminal and bring him before the court.

Is Arraigned.
On the magistrate taking the bench and the suspected criminal being arraigned, a dispute arose as to whether the liquid he was sworn to have taken was really the rank poison it was stated to be. To make sure, the bottle was passed around, and after it had made the rounds several times it was solemnly declared that the contents were simply water. Sentence was given and the prisoner, in view of the heinousness of the offense of providing water when it should have been something stronger, was obliged to solemnly repeat: "For what we have received may the Lord make us truly thankful." The handcuffs were then locked away, the court adjourned, and after another bottle of water had been passed around the spectators withdrew.

ENCHANTMENT TONIGHT AT THE WESTHOLME

Story of Modern Flapper is to be Seen at Local Theatre

One of the best pictures dealing with gay and irresponsible modern youth ever screened, is to be presented at the Westholme Theatre tonight. This is "Enchantment," a Westholme picture starring Marion Davies. It is a story of a modern girl "flapper" who believes in having a good time and has it. Her parents cannot understand her, but she understands them in one word—old-fashioned. They are not quite so slow as she imagines, for when the father decides to take her in hand he does so thoroughly. How the girl, Ethel, reacts to the regimen and what happens to the father's carefully laid plans, compose the high spots of the story. It is the best picture in which Miss Davies has been seen for a long time and it has an absorbingly interesting story.

S. H. Hoskins, government agent at Smithers, is visiting in the city.

Rev. E. Hodson, who has been Anglican minister at Hazelton for some time, passed through the city last night enroute to Ocean Falls to which point he has been transferred. Mr. Hodson was accompanied by his family.

ZAM-BUK
PURELY HERBAL—No poisonous matter, ANTISEPTIC—Stops blood-poison. SOOTHING—Ends pain and smarting, etc. PURE—Best for baby's rashes. NEALS all sores.
50c box—All dealers.

BURNS LAKE

Archbishop Du Vernet has been a visitor to Burns Lake, recently and in addition to holding services gave a lecture on Wednesday night, his subject being "Psychology."

Mesdames Schjelderup, Calvart and Keefe took advantage of the visit of the Archbishop and baptismal ceremonies were performed in the Anglican church. Mrs. Schjelderup afterwards gave an informal tea.

On Tuesday night, Francois Lake was the scene of a meeting of friends and admirers of Constable Carr and Miss Margaret Pollock at the home of Mrs. Gaines, the occasion being a shower for the prospective bride. There was a splendid attendance, from Burns Lake and as far as Chislatla, and many and varied were the beautiful gifts presented, attesting to the popularity of the bride and groom to be.

Burns Lake lacks a doctor. Steps are being taken by the Citizens Association, and the secretary has gotten into communication with several prospective doctors, and it is earnestly hoped that success will attend the efforts of the association. The tremendous district adjacent to the town, from Babine to Chislatla, is absolutely without medical attention, and it is fortunate that as yet there have been no serious results.

As the result of the culmination of a vendetta, James "Scotty" Hogg of Forestdale appeared before Lyster Mulvaney, J.P., for assault on M. O. Stich and was fined \$10.00 and costs or given the alternative of thirty days.

O. H. Hamre has his mill in operation, and Burns Lake will soon have an ample supply of lumber. Increased building activity will result.

Corporal Hall of the R. N. W. M.P., is a visitor in town, and will stay during the continuance of the Pollatch.

Among the week's visitors to Burns Lake were Adj. W. Kerr, of the Salvation Army; G. A. Carlson of Endako, S. A. B. Crabb, of Lethbridge; D. S. Harper of Vancouver; A. E. Richards, of Summerland; L. Duckitt

The Burden of Proof is on You
If you lose a receipt for a cash payment it is not the other man's job to prove that the account is unpaid. It is up to you to prove payment. Most often it cannot be done. In paying bills by cheque, protection is assured. Interview one of our branch managers and arrange to open a checking account.

of Victoria; P. S. Sharkey of the Forestry Service, Prince Rupert; J. W. Reed, Grand Forks; N. E. Hyman of Vancouver.

Burns Lake is the gathering point of a great number of Indians from all points of the compass, and feasting and fun are the order of the day.

On Thursday night the Union Church was the scene of a pretty wedding when Miss Mary Belton and W. Patterson, both of Burns Lake, were united in matrimony by the Rev. J. R. MacCrimmon. In the evening a dance was held in Oninoca Hall in honor of the couple, and the attendance attested to their popularity, and the well wishes of their friends. Everyone had a most enjoyable time.

"Wiggs" O'Neill of Smithers is with us, and Burns Lake is enjoying its first properly conducted moving picture. Friday night a very creditable program was shown, and a matinee and show on Saturday completed the four.

The matter of a creamery at Francois Lake is still in abeyance, and no headway seems to have been made. At a meeting of farmers from this district, held at Boo Flats, Palding, some three weeks ago, a committee was appointed, and the aim of the farmers will be to have a creamery established at Burns Lake.

TIDES AT NOON

We wander over lonely beaches Where shells like thoughts are vainly strewn And soon the time of dreaming reaches The highest tide at noon. And then we watch the endless wastes; Tide rhythmic with the ebb and flow; The salt as some remembrance tastes Of bitter rue we know.

But dearer are the lonely places And prettier the bloom of June, The time and tide may leave some traces On the beaches low at noon. H. W.

Mr. and Mrs. Duncan Campbell, of Vancouver, who came here with the Masonic convention, have been visiting with Mr. and Mrs. Bert Morgan, 1009 Third Avenue West. Mr. Campbell, who is a brother of Mrs. Morgan, is a prominent Vancouver painting contractor.

RECEPTION AT PRINCE RUPERT CLUB FOR ALL VISITING LADIES

Very close to two hundred ladies attended the reception arranged by the wives of the local Masons for the visitors to the city yesterday afternoon. The rooms were nicely decorated with flowers and the club dining room and sitting room were both used for the occasion. The committee in charge consisted of Mrs. McMullen, Mrs. Greer, Mrs. Conway and Mrs. Orme and there were a number of other ladies assisting. Mrs. Larsen and Mrs. Jarvis McLeod sang several songs and Mrs. Greer's dancing class gave an exhibition of fancy dances. The affair was very enjoyable, the spacious club rooms being especially suitable for such an event.

ANOTHER FOX RANCH ALASKA

Owner Cleary Now Has 900 Animals on Four Year Old Farm

Grover Cleary, who is reported to have made a fortune during the four years that he has been engaged in the fox industry on the island and in southeastern Alaska, has started a new ranch on Conclusion Island in the summer straits near Rocky Bay on which he expects to put at least 100 pairs of foxes he has raised himself.

Work has already been commenced on the building and Mr. Cleary is taking out with him a number of carpenters to build a dwelling house and take charge of various improvements. He expects to have things in shape by fall.

Mr. Cleary commenced fur farming at Straits Island four years ago with ten pairs of foxes and now has 900 foxes there and 100 foxes on the three small islands he later leased from the government. All of these are blue foxes except 35 or black foxes. These consist of five pair of old ones and five litters this year total 35 pups. The Silver foxes require more care than the blue foxes as they live in corrals and are fed bread and milk with eggs twice a day for two months.

The way to get the best results with the blue foxes is to give careful attention to feeding the right kind and to handle them as much as possible so as to make them tame, according to Mr. Cleary. The tamer the animals become the greater is the increase. The litters this year range in number from eight to twelve pups. Out of 600 pups only one has been lost.

Instead of allowing the old foxes to forage for food for their young, leaving the pups unprotected from their enemies the eagle and martin, Mr. Cleary feeds that they are provided once every two days with enough food and water to last them two days. The food is cooked and consists of rolled oats, rice, middlings, shorts, meats, cracklings, and fish. Raw half seal meat or fish is given them occasionally, which prevents them becoming lazy and sick. The foxes themselves often catch eels, cod, and flounders fully a foot and half long.

Large Increase.

Mr. Cleary has contracted to raise 200 pairs of blue fox as breeders this fall. They are a much finer variety than those obtained from the government and are cheaper, being priced at \$300 a pair. They are all of the spring of 1922.

As a better price is obtained for blue foxes as breeders than for the pelts and as there is a great and increasing demand for them by the many new fox ranches starting up there will be a great many on the market for the next year or so.

The blue fox skins of southern Alaska are the best in the world," Mr. Cleary declares, "they excel in the beauty of their pure blue color, and in the fineness and thickness of the pelt."

Constable D. S. Cameron, of provincial police, arrived last night from Alice Arm and will be leaving for the Naas River on Saturday today. Constable Cameron is to be stationed on Naas for the summer.

Sport Chat

The Elks and Sons of Canada are scheduled to meet tonight at the Acropolis Hill grounds in a Senior Baseball League fixture, their second meeting of the season. It will be a battle for second place standing in the schedule, whichever team is successful taking that position. If the Elks win they will go to 666 standing and the Sons will drop to 250; reversed, it will be Sons, 500, and Elks 333. Judging from the remarks of the supporters of either team each would seem to have a cinch. From a disinterested, neutral standpoint it looks as if the game will be a close one and victory may go to either with perhaps errors more than actual batting being a decisive factor. Both teams are said to be working into good mid-season form.

Across the pugilistic horizon since the day that boxing first became a professional sport, there have stepped mighty few thumpers who knew the knack of landing a sleep producer with one punch. Old Bob Fitzsimmons was one of these. When he decided it was time to deliver a K.O. he took great pride in doing the trick with one blow and he possessed such a punch that he could tell to a round in advance when he would finish his opponent. Joe Gans was also a one punch fighter and when he put a man down he seldom got up before the count of ten. Dal Hawkins, George McFadden and Jack Blackburn were others among the old timers who possessed a terrible wallop. Charley White, of Chicago, comes nearer to being a one punch finisher than any fighters of today. Dempsey, while finishing many opponents in one or two rounds usually requires a series of punches to do the trick. Looking back down the records of fist-fighters Ol' Fitz stands supreme as the one punch finisher.

FALCONS BEAT BOY SCOUTS BY 25 TO 8

Vincent Meagher, Hefty Hitter for Winning Team, Poled Out Five Home Runs.

The Falcons trimmed the Boy Scouts in last night's Juvenile League baseball game by the decisive score of 25 to 8. The sensational feature of the play was the striking of five home runs by Vincent Meagher, who thus contributed to a large degree for the Falcons, E. Yager catcher, and E. Green and W. White acted in similar capacities for the Scouts. Esa Katsowama umpired the game to the satisfaction of all.

Need of Work Efficiency and Co-operation to Bring Back Prosperity to Nation

ST. ANDREW'S N.B.—Work, efficiency and co-operation are necessary to bring back prosperity to Canada, according to W. S. Fisher, president of the Canadian Manufacturers' Association in an address at the annual meeting of the organization now in session here.

Producers such as the farmers and ourselves; the distributors, such as wholesalers and retailers; the financial organizations, the transportation companies, in fact, all groups who are factors in the nation's business have passed through very trying experiences during the last two years.

There has been a great decrease in trade; first, in foreign trade, owing to international poverty, increases in the tariffs of other countries, the paralysis of Russia, and the wars and political disturbances in Europe and Asia; second, in domestic trade, owing to a reaction from the above causes, and in addition to local conditions peculiar to this country.

Bankruptcies, unemployment, and discontent followed as a matter of course.

The suffering was partly comparative. Everything got out of scale during the war. Farmers became accustomed to big prices for their products, manufacturers to trade flowing to them without effort, workmen to high wages and the distributing trade to easy sales. This prosperity was largely imaginary. It was a paper prosperity. People handled more money, that is, received more and spent more. They are now gradually receiving less and spending less, and the relative positions of most individuals are little changed.

In comparison with other nations Canada is in a fairly satisfactory position. Generally speaking, business is steadily, though very slowly, improving, the international situation seems to be clarifying, money is easier, surplus stocks have been reduced.

Government will have two functions, active and passive. The active function will include maintaining safety for life and property, the administration of justice, the economical conduct of the country's affairs, the encouragement of productive enterprise and the stimulation of trade.

The passive function will consist chiefly in a judicious abstinence from harmful activity. The unsettled condition of public opinion during recent years has produced from Parliament, the nine Legislatures and the numerous boards, commissions and municipal councils a vast network of laws, regulations and restrictions, many of which are either worthless or injurious.

There is a foolish economy which defers necessary expenditures and thus increases the ultimate cost. The country does not want this but it does require a rational and rigid economy in expenditures. There has been too much thinking in millions of dollars during the past few years. Canada should also go slowly in regard to social legislation which is being constantly urged by people who are not as a rule large tax payers. They propose, but others pay. A certain degree of progress in social conditions is commendable and necessary, but this must not run ahead of the earning power of tax payers and thus lead to the confiscation of savings, a course which must end in financial disaster.

The newspaper with the circulation is the real advertising medium.

basic production is recovering, unemployment is decreasing, prices are stabilizing and demand is reviving.

Serious Problems.
Canada has still many serious problems to face but the energy and ability that solved problems in the past should find the solution for those of the present and future; but all Canadians, forgetting domestic differences, should first ascertain the national situation, and then unite in providing for it. Work is the panacea for most of our ills, physical or mental, and we have now reached a period in our history when all classes must realize this as never before in order to hold our own in the world's struggle ahead, when competition will become keener.

To this end we must develop efficiency in all our walks of life to a much greater degree so that, after providing for our home wants, we will have a good surplus to sell in the world's markets.

If all co-operate in support of the right policies, conditions will rapidly improve; if there is disagreement or the selection of wrong policies, improvement will cease and conditions will become worse.

Pay Off Debt
The national debt of Canada has increased from three hundred and thirty-six millions in 1914 to two billion four hundred and twenty-seven millions at the present time. Provisions must be made not only to pay the interest on this debt but also to reduce it. How is this to be done? Taxation will raise enough money to pay current expenditures, including interest, but no form of taxation of our present wealth can be practically applied to reduce the principal. That can only be diminished by developing the national resources of the country. The farms, the mines, the forests, the fisheries and the factories, if trade is wisely stimulated, will provide the wealth which will pay off this debt. In other words, the earning power of Canada must be vastly increased and all national policies should be directed to that end.

In the determination of these policies the following will be the chief factors, government, raw material, power supply, finance, labor, transportation and markets.

Government will have two functions, active and passive. The active function will include maintaining safety for life and property, the administration of justice, the economical conduct of the country's affairs, the encouragement of productive enterprise and the stimulation of trade.

The passive function will consist chiefly in a judicious abstinence from harmful activity. The unsettled condition of public opinion during recent years has produced from Parliament, the nine Legislatures and the numerous boards, commissions and municipal councils a vast network of laws, regulations and restrictions, many of which are either worthless or injurious.

There is a foolish economy which defers necessary expenditures and thus increases the ultimate cost. The country does not want this but it does require a rational and rigid economy in expenditures. There has been too much thinking in millions of dollars during the past few years. Canada should also go slowly in regard to social legislation which is being constantly urged by people who are not as a rule large tax payers. They propose, but others pay. A certain degree of progress in social conditions is commendable and necessary, but this must not run ahead of the earning power of tax payers and thus lead to the confiscation of savings, a course which must end in financial disaster.

DOCTOR GETS SIXTY MILLION ROUBLES A MONTH ON RED SHIP

HULL, June 23.—The pay of the officers on the Soviet Steamer Karl Marx which reached this port recently with a cargo of timber, is very large. The doctor gets 60,000,000 roubles a month and the members of the crew flashed fifty million roubles notes as a common thing. Of course this immense amount of money had little purchasing power and is common only because the printing presses have been turning it out as fast as the Government wanted it.

The saloon walls of this Bolshevik ship are covered with portraits of Bolshevik leaders. Officers and men dressed alike but the pay of the officers is much higher than that of the men.

CATARRH of the Stomach FOR EIGHT YEARS

The cause of this trouble is the fermentation of food in the stomach which generates a gas that is very frequently belched up. There is also a rumbling of the bowels and a discharge of gas therefrom. There is constant retching, and the meals are frequently vomited. There is a burning pain in the stomach, the appetite is rickie, the tongue coated, the breath bad, constipation is generally present and the sufferer becomes weak, nervous, depressed and exceedingly miserable.

The blame lies with a sluggish liver, as it holds back the bile which is so necessary to promote the movement of the bowels, and when the bile gets into the blood a badly disordered condition of the stomach, liver and bowels will surely follow.

Keep your liver active and you will always enjoy good health.

Mrs. Agnes Gallant, Reserve Mines, N. S., writes: "I had been a great sufferer for eight years, from catarrh of the stomach. I tried several so-called catarrh remedies without relief until a friend advised me to try Milburn's Lax-Liver Pills, which I did, and four vials completely relieved me. That was six years ago, and I have had no return of my old trouble."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
