Strike Riots Common in United States

NORRIS GOVERNMENT GOES DOWN TO DEFEAT MANITOBA ELECTION

United Farmers Fail to Secure Full Majority in New Manitoba Legislature

WINNIPEG, July 19.—The United Farmers won 24 seats out of 54 in the Manitoba elections held yesterday. Norris takes only seven supporters back to the Legislature; the Conservatives have six, Independents eight, Labor and Socialists six. The polling in three remote ridings is deferred.

The only members of the old cabinet elected are Premier Norris and Hon. Robert Jacob. The latter is one of three Liberals elected in Winnipeg; another is Mrs. Arthur Roberts, the only woman member; another is J. K. Downes, anti-prohibitionist.

Chipman, who was favored as leader for the farmer party, was defeated in Winnipeg, thus making the choice of premier very uncertain.

Premier Norris will tender his resignation and that of his cabinet to the Lieut.-Governor immediately but he may hold office until his successor is chosen.

CABINET NOW HAS RESUMED ITS SESSION

OTTAWA, July 19.—The cabinet council is working overtime to catch up with arrears of business and with a view to settling a number of matters before some of the ministers leave on tour.

Following a lull during the absence of the Premier in Washington, the meetings were resumed yesterday.

The most important problem for the council to decide is the personnel of the new board of directors of the Canadian National Railways and Grand Trunk Railway, the appointment of which is to be made. This board will have charge of the work of re-organizing the two railway systems and the changing of an annual deficit of many millions into a profit or at least of making the railway pay its way.

POLITICIAN PROPHECIES

Sir Alfred Mond Warns British People Against Electing Labor Party

LONDON, July 19.—In the election speech Sir Alfred Mond, stressing the desirability of electing people of ability and experience to deal with financial and other questions at the present time, said that if the Laborites came into power tomorrow, the banks would cut the embargo on finances and all financial operations would cease.

MUST BE REDUCTION IN RAILWAY WAGES

OTTAWA, July 19.—The Grand Trunk Railway Company will not recede from its decision to put into effect the wage reduction averaging about six per cent and applying to the so-called stationary employees.

ALIVE TO NEED OF VANCOUVER

So Says Hon. D. D. McKenzie of Vancouver, Solicitor General in Interview in South.

"While the present government does not intend to be rushed headlong into carrying out the death-bed and penitential promises of Mr. Meighen, we are very much alive to the importance of Vancouver as a seaport and full justice will be done to the harbor here as time goes on."

Such was the declaration of Hon. D. D. McKenzie, M.P. for North Sydney and solicitor-general in the present government, on his arrival in Vancouver, to the Daily Province.

"Vancouver and British Columbia generally may rest content that the affairs of this part of the Dominion are ably looked after in the cabinet by Hon. Dr. King, minister of public works," he said.

"Dr. King knows all about Vancouver harbor and has been tireless in putting forward its claims. We can not be rushed in the matter, but Vancouver will certainly get the attention from the government which it deserves as the great Canadian port fronting on the Pacific."

Trip a Revelation.
Hon. Mr. McKenzie is on his first trip through the Canadian West. As a cabinet minister dealing with problems from every section of the Dominion he has felt it his duty to visit every province, he declared this morning. The journey has been a delightful revelation to him.

It was not long before the conversation got round to the possibility of the Progressives and Liberals merging.

"The Prime Minister is the only person who can tell you anything about that," said Hon. Mr. McKenzie, in answer to a question as to the possibility of such a fusion. "To be perfectly frank with you I wouldn't tell you anything about it, even if I knew."

"Is there likely to be a general election in the near future?" he was asked.

"Well, if this much-talked-of fusion of the Liberal and Progressive forces takes place, what would be the necessity of an election," quickly retorted the solicitor-general, a twinkle in his eye.

Hon. Mr. McKenzie has supervision of the clemency branch of the department of justice. While on his way East he will visit the various federal penal institutions in the West.

Results Satisfactory.
With regard to clemency the government has no definite policy, he explained. Each case is decided solely on its merits. Results of clemency have generally speaking, been satisfactory in his opinion, and of the men who have been allowed out on "ticket

NEW FOREST FIRE ASLAZE IN BABINE NORTH OF HAZELTON

Report has reached the local forestry office that a new forest fire of large proportions is blazing in the Babine Lake district north of Hazelton. A request was sent for 100 men to fight it but instructions were sent back to obtain the men needed locally.

WINS FIGHT FOR NAMELESS BABY

Alaskan Father Admits Parenthood and Nurse Awarded \$4,800 for Care of Child

SEATTLE, July 19.—"If the child is mine, I want eventually to get custody and rear it as it should be reared."

Thus declared John C. Lowe, Alaskan business man, after he had signed an agreement in Superior Judge Boyd J. Tallman's court, admitting parenthood of the baby boy for the sake of whose name Miss Louise Dedrickson, Seattle nurse, had recourse to the courts.

Upon the conclusion of the testimony, Judge Tallman adjudged Lowe the father of the child. It then appeared that a settlement had been reached out of court, by the terms of which Lowe is to pay Miss Dedrickson \$4,800 in installments covering a period of years.

RIOTOUS TIMES UNITED STATES

Harding Calls on States to Protect Workers, Some Tarr'd and Feathered.

WASHINGTON, July 19.—Following upon President Harding's proclamation yesterday demanding that state authorities protect the workers on the railways and in the mines during the strike, severe disorders were reported from several states last night.

The state police of Georgia and Oklahoma answered a riot call. One man was shot at Washington City and there have been riots in Texas and Minnesota. Many men were beaten and others tarred and feathered.

TODAY'S FISH.

Sherman, 20,000 pounds, sold to the Pacific Fisheries at 12.5c and 6c.
Guilford, 7,000 pounds, sold to Canadian Fish and Cold Storage Co., at 12.6c and 6c.

"Given a few more years' experience Mr. Mackenzie King will develop into one of the greatest parliamentarians that Canada has ever produced," he continued. "He made great strides during his first session of governmental leadership, and will doubtless continue to develop as a statesman."

LARGE INCOMES ARE INFREQUENT

Very Few Encumbered with Much of World's Goods and They Pay Heavy Toll.

OTTAWA, July 19.—The returns of the finance department in regard to incomes show that in Canada today there are two individuals with incomes amounting to a million dollars a year. Another two have an income of something like half a million while there are no less than seven whose yearly receipts before the income tax collector gets at them each come up to close to a quarter of a million.

There are nearly two hundred people whose incomes go over \$75,000 a year. Five thousand people enjoy the luxury of spending all the income tax collector leaves, of amounts varying from \$10,000 to \$20,000.

All the people whose incomes reach beyond \$1000 or who make returns to that effect, number very nearly 200,000, but of that number scarcely 20,000 get beyond \$6,000.

The tax collector takes heavy toll from these incomes. The higher the income, the greater the amount taken until the income is shorn almost in half.

LOCAL VETERANS TO WELCOME BARON BYNG

Will Parade en bloc to Steamer When Governor General Arrives on Official Visit Next Month.

The local branch of the Great War Veterans' Association is to take an active part in the reception to Lord Byng of Vimy, Governor General of Canada, when he visits here, officially next month. There will be a parade en bloc of all returned men in the city which will meet the steamer and welcome His Excellency on behalf of the Association, many members of which fought under him in France first when he was colonel and later when commander-in-chief of the Canadian Expeditionary Force.

YUKON COUNCIL IS DISSOLVED AND NEW ELECTION SEPTEMBER

DAWSON, July 19.—The Legislative Council has been dissolved and a new election for the Yukon is to take place in September.

TOTAL SALMON PACK TO DATE

Skeena Puts Up 16,877 Cases and Naas 11,870 Cases

The total pack of sockeye salmon so far this season up to Saturday on the Skeena River, where thirteen canneries are in operation, was 16,877 cases. On the Naas, where five canneries are running, the total was 11,870 cases.

The average per boat on the Skeena yesterday was \$7.

MACKIE IS INSPECTOR FISHERIES

Appointment of Present Acting Inspector Has Been Made

VANCOUVER, July 19.—Word has been received here of the appointment by the civil service commission of Adam Mackie, assistant inspector of Fisheries for District No. 2, recently vacated by J. T. Chawner Williams.

Mr. Mackie has been acting inspector this season and has been connected with the fisheries office for some time.

EXTENSION OF STEWART DOCK

Public Works Engineer on His Way North to Make Arrangements for it

FLOATS ON SKEENA

Maysport and Island Park to Have Floating Wharves to Accommodate Settlers

J. P. Forde, Dominion government public works engineer, arrived here yesterday on his way north to arrange for an extension of the wharf at Stewart. He has already arranged for the building of two floating wharves on the Skeena, one at Maysport and the other at Island Park, Smith Island, and he is also inspecting the public works all along the coast and will visit Queen Charlotte Islands before going south.

Mr. Forde is accompanied on the trip by J. B. Lambert. They cruised up the coast of Vancouver Island in the Walronde making stops at all necessary points and they also made calls of inspection at Bella Coola and other points and up the Skeena River. Tomorrow he goes to Port Simpson and will then proceed to Stewart.

NEW OFFICIAL GRANBY CO.

L. R. Clapp in City Today on Way to Anyox to Succeed J. A. Bancroft, Resigned

L. R. Clapp is a passenger on the Prince George today on his way to Anyox where he is to assume the post of assistant general manager for the Granby Consolidated Mining, Smelting and Power Co., in succession to Dr. J. A. Bancroft who has resigned. Dr. Bancroft, who has been in the Granby service for more than 12 months, is returning to Montreal in the autumn to resume the post of professor of metallurgy at McGill University which post he resigned on coming to British Columbia. Mr. Clapp has had wide experience in copper mining in the United States.

David Cole, an officer of the Gananea Copper Co. in Arizona, is also a passenger from the south for Anyox today.

It shows a weak mind not to bear prosperity as well as adversity with moderation—Cleero.

PRESIDENT MINING CO.

Former Gov. Thomas Riggs of Alaska has been elected vice president of the Continental Mining Company of New York, whose operations are said to be world-wide in scope.

Among the prominent men connected with the company are Gordon Mills, Henry Cleveland, Cornelius Vanderbilt, Percy Rockefeller, Robert Stanton.

FARMERS MEET ELECT LEADER

Gathering Will Take Place in Winnipeg Thursday or Friday.

STANDING UNCHANGED.

Proportional Representation System in Winnipeg Delays Returns.

WINNIPEG, July 19.—The call is going out immediately for a general meeting of the successful and defeated United Farmer and Progressive candidates, following yesterday's election. They will meet here on Thursday or Friday morning.

The gathering will consider the situation generally in the light of the responsibility cast on their group of 25 elected members and will take action with a view to filling their vacant political leadership.

The standing of the groups remains unchanged as follows: Farmers, 24; Liberals, 5; Conservatives, 4; Independents, 7; Labor 2. These numbers will be increased when the city vote is counted, the number of farmers will then probably be 25; Liberals, 7 or 8; Conservatives, 6; Independents, 8; Labor 5 or 6.

In this city the vote is counted on the proportional representation system of the single transferable vote and this is delaying the returns being declared final. The result here may be slightly changed but in the province generally the summary sent out is practically complete.

VETERAN LEADER OF R. C. M. P. RETIRES

Major Tucker Will Reside in Victoria—Succeeded by Capt. Telford.

VICTORIA, July 19.—Maj. Robert E. Tucker, well known to men who took part in the Klondyke gold rush of 1897 and for the last two years commander of the Royal Canadian Mounted Police in Yukon territory and the northernmost part of British Columbia, comprising the "Yukon district" of the force, has turned over the command to Capt. Edward Telford and has retired from the service. His retirement terminates thirty-nine years of continuous service in the force. He will make his home in Victoria.

Maj. Tucker went to the Yukon with a detachment of the Northwest Mounted Police in 1897, and arrived in Dawson in the spring of 1898. He served there for a long time as sergeant major, and received his promotion to a commission in 1904. Later he was transferred to the western provinces, and in 1920 returned to Dawson in command of the Yukon district.

Captain Telford, new commander in the Yukon is the oldest man in the force in term of service in the Yukon. He went to the territory in 1894 as a constable under Captain Constantine and as a member of the First Northwest Mounted Police contingent ever sent into Yukon territory.

YUKON GETS ITS LIQUOR

Shipment Allowed to Pass Containing Annual Supply

DAWSON, July 19.—The United States government has permitted the trans-shipment of the Yukon's yearly liquor supply through Alaska which with a similar shipment rushed through when the ban went on liquor going through the United States, gives the Yukon at least two years supply of booze.

ENGLAND WINS TROPHY

Kolapore Cup Goes to England With Canada a Close Second at Bisley Shoot.

BISLEY, July 19.—The Kolapore Cup was won by England yesterday, with 1080 marks. Canada was close behind with 1071. Guernsey and the Channel Islands came third and India fourth.

The cup is one presented for the best record at varying distances for competition among teams selected from different parts of the British Empire.

CANADIAN LOAN LATE AUTUMN

OTTAWA, July 19.—The new Canadian loan which is to raise money to meet the securities falling due it is expected will be floated in October or November. The most important securities which lapse are the victory bonds of the first issue, some of which were for five years only. These fall due this autumn.

Is Large Territory Economically Patrolled?

Some few years ago the Dominion Government decided that in the interests of economy the number of district engineers would be reduced and the whole of the Pacific coast was placed under one man located at the southernmost extremity of the territory. This plan has been in operation for some time and there have been no complaints on the ground of efficiency. With so large a territory to cover, however, there cannot possibly be that personal familiarity with the needs of the north which would be desirable. The territory is so large and the detail work so great that it seems queer there should not be at least two districts. The north coast of British Columbia and the Yukon territory should be enough for one man to attend to without having the more thickly inhabited country to the south as well.

Suppose the engineer is away on an inspection trip in connection with work at the new silver mines at Mayo, and is suddenly needed to take care of work in the south. Think of the unnecessary delays. The district is bound to be unwieldy. With a period of development setting in, the time of one engineer is bound to be overtaxed. An engineer located at Prince Rupert would be able to serve all the north country, it would seem, much more efficiently than could a man situated at Victoria. What was true of the marine department is also true of the public works department.

Alaska And Northern Canada Is Calling.

Alaska and northern Canada is calling tourists. There is a great business being developed by the C. P. R. to Alaskan points. Tourists come from all over the world, but especially from the United States to make the trip up the inside passage to the north-land. The aim of many is to see Alaska. Many others go north to see the Canadian Yukon and Altin. In any case the idea is the same. The north is calling them and they are making pilgrimages.

The C. P. R. is doing a good business and everyone likes to see that company busy. The business might be augmented, however. The immense Canadian National system with its unequalled advertising opportunities might easily add to the northern travel by co-operating with the C. P. R. but carrying their passengers by way of Prince Rupert and steamers plying north from here and then possibly going on down the coast to Vancouver, Victoria, or Seattle. This would not in any way cut into the business of the C. P. R. but would augment it.

The travel to the north should be much larger than it is at present. People go to Europe at much greater cost and with results not half so good. Combining this trip with visits to Jasper Park, Mount Robson Park, Lakelse Hot Spring and other points would make an ideal route. All that is needed is a business policy and co-operation.

Many people have never heard of the Canadian Yukon and Altin. They call it all Alaska because Alaska has been so much advertised. We must let the world know that Canada has a mighty playground in the north and that there is a Canadian route to it by way of Prince Rupert.

Salmon Fishing Record Continues.

The sockeye salmon run continues good in the north and a profitable catch should result. The canners need it to make up for the loss last year and the fishermen and cannery employees also need it for last year was a bare one for them. If the big run comes in with the big tide on the Skeena next week, the canneries will be operating overtime and the result will be that everyone will have money to spend when the season is over.

Two Bylaws Are To Be Submitted.

Two bylaws are to be submitted for the approval of the rate-payers of the city. One of these provides for a new bridge to take the place of the present bridge across Hays Cove and the other is to repair the school. All this work is absolutely necessary. In fact the school work will be well in hand and possibly completed by the time the bylaw is before the people. While it is necessary to hold down on spending, this work is bound to be done.

PROSPECTORS FIND LONG LOST MINE TO NORTH FORT WILLIAM

FORT WILLIAM, July 19.—Bringing report of the discovery of a long-lost mine, Dave McQuaig and Gordon Reid, reached the Schrieber camp yesterday and, after arranging for exploration supplies, immediately set out again to make a close inspection of what they term a bonanza. A veritable hill of gold-shot quartz with enormous value lies northwest of the settlement, the prospectors related to eager listeners around the camp-fire. Within an hour of their departure two other parties were on their trail with the intention of staking nearby locations.

About six weeks ago one of the old time gold seekers told McQuaig of a great discovery he had made, which he was later unable to find again. That was back in the early days of the northwestern rush. Possessed of a general description of the location, McQuaig and his companion made a search of the territory without avail. Still convinced of the truthfulness of the story they made a second tour, this time apparently with success, as they brought back samples and photographs to verify their story.

BLACK AND GREEN AT RECENT WEDDINGS IN ENGLAND ARE SEEN

LONDON, July 19.—Superstition is dying out. Before 1914 no one would have dreamed of dressing bridesmaids at a wedding in green, and no guest would think of arriving in black. Yet both happen quite often now. Two weddings recently saw the green bridesmaid, and Lady Joan Capel's was the most remarkable for the little retinue of wildly excited children were barelegged and looked like leprechauns with silver fillets in their pretty hair. It was a very jolly affair in spite of the green and that Lady Lavery wore black—true, she had a bunch of something pink thrust into the waist of her black Chantilly frock and a string of lovely pearls, but she looked very dark though charming.

PROBLEM PLAY IS AT WESTHOLME TONIGHT

"Hail the Woman" is one of the big plays that has had long runs at all the big cities and is looked upon as one of the greatest problem plays of the age. It deals with the lives of two girls, one of whom was strong and the other weak. The feature runs the gamut of all the human emotions and is one of the most talked about films of the day.

LORDS DAYS CASE IS ALLOWED TO REST

VICTORIA, July 19.—A proposal that the police commissioners appeal the recent decision of Magistrate Jay or take another case for appeal on the Sunday closing question was turned down by Police Commissioners Staneland and North. Mayor Marchant, it is understood, was acting at the instigation of the Lord's Day Alliance in reviving the matter.

Ten Years Ago In Prince Rupert

July 19, 1912. The double corner to the north of McBride Street and Third Avenue was purchased today by H. A. Haskamp from H. A. Bigelow, of Kitselas, for \$30,000, the deal being made through the office of Helgerson Bros.

Premier McBride, Attorney General Bowser, W. H. Hayward, M.P.P. and William Manson, M.P., returned this morning from Stewart and sailed on the Prince George for Victoria. Premier McBride intimated that the government could not just yet undertake the financing of the railway which MacKenzie & Mann plan on building at Stewart.

G. T. P. workmen are calling for a wage of \$3.25 for a nine hour day, enforcement of sanitary regulations and control of hospital.

TELLS HOW HE WRITES HIS LYRIC SONGS

Laszlo Schwartz Chats Interestingly of the Birth of the Ideas Which Resulted in Music

Prince Rupert lovers of song and local composers will be interested to learn where Laszlo Schwartz, the eminent Hungarian violinist-composer gets his inspiration for the songs he writes.

"I am always amused," said Mr. Schwartz, "when I hear composers speaking of 'my' song. The truth of the matter is, that very few songs are the sole brain child of any composer. At least this holds good so far as the lyrics are concerned. Most of the successful songs were written because of a fortunate circumstance which helped the lyric writer to overhear a snatch of conversation, or be the spectator to a funny or tragic situation. The idea for the song is usually furnished by others, and of course it is up to the ingenuity and perseverance of the lyricist to whip the material into shape. It is easy to see now, that this makes the song not 'my' song, but very much so 'ours'."

"Take for instance the 'Gentle Shadows' which was written for 'our' little boy four months before he was born. I was taking my shower bath when outside someone spoke of all the adjectives that had been used in referring to 'shadows.' My friend happened to remark that he had never yet seen or heard shadows described as 'gentle.'"

Was Under Shower
 "That very moment I turned off the cold shower. I knew I had a good song lyric. Dried myself tempo prestissimo, and while doing so began to hum the first few bars to the words. Once dressed, my better half, Helen Ware, who also happens to be a violin soloist and composer, joined me in the good work, and before the sun set that day 'Gentle Shadows' lyrics, music, inspiration and all was imprisoned in black dots and rigid four quarter spacing."

"Then there is my Kiddy Song, 'Sis Nelly.' Had it not been for my little girl holding her large doll tippy tury causing its eyes to roll up and down, I would have never written this successful song of mine. The racial even gave me the idea for the lyrics, for she told me that she had learned how to roll her eyes from her dolly."

"And still more unique was the birth of my 'Why Do I Love You So.' It dates back to my pre-matrimonial days. I became fascinated with a brilliant homely woman. In drawing a sketch of her I diagnosed in a most cold-blooded fashion all the irregularities of her features, and proceeded to make my deductions as to what all those earmarks mean in her character."

"Realizing the cruelty of the sport, I tried my best to partly atone by saying: '...and yet I care for you...'"

"If she lacked beauty, she made up in wit, for she remarked immediately, that this was a splendid line for a refrain of a song. I wrote the lyric and musical setting. Now could anyone with a bit of sense of justice call this 'my' song."

Ghetto Melodies
 "In the case of my Ghetto Melodies it was quite different, for while the subject matter of

my two songs 'Children, Children, and 'Dreams' has been used thousands of times, I feel certain that this ancient subject came forth in a new attire because its deep significance came to me during my strolls through New York's picturesque Ghetto.

"And yet—it is not 'my' song, for it was my feeling for and with all mothers and babes that gave it pathos and eloquence."

The Man in the Moon SAYS—

THE reason for the long spell of good weather this summer is that the weather man has been using a powerful broadcasting machine which has been sending out sunshine waves.

THE effect on forest fire has been bad.

THE prayers of the timbermen and the farmers of the interior asking for heavy rains are expected to be answered soon.

NOW that for years we have been pasteurizing the milk we feed the babies, what about some treatment for the stuff Miller feeds some of the old boys.

A HE-FLAPPER is described as a young person, allegedly of masculine gender, with nothing to do but smoke cigarettes.

THERE are few houses but need a sweeping reform.

FROM Rupert to the Salt Lake And thence to Tugwell's Isle From Digby to Shawatlans We travelled many a mile— And bucked most all the tides We spent there all our Sundays And many a day besides.

CULTURE consists in being able to talk about anything other people do not understand.

THERE was a man went off to a picnic last Sunday and he took a whole quart of lunch.

DIFFICULTY BEING EXPERIENCED GETTING MEN FOR CERTAIN JOBS

There are about 50 unemployed registered at the provincial government employment office, but, at the same time, difficulty is being experienced in obtaining men for certain jobs. There is demand for laborers, rockmen and loggers.

About six were sent out last night to the city rock quarry at Smith Island and ten more are required. Ten men are also wanted for the railway and ten for Morgan's logging camp. It is also expected that more men will be wanted for Queen Charlotte logging camps at the end of the week.

Some of the unemployed, while wanting jobs, seem to be unwilling to accept conditions and work offering.

ANNUAL PICNIC OF PYTHIANS AT DIGBY TAKES PLACE TODAY

Knights of Pythias, Pythian Sisters and their families are having their annual picnic at Digby Island this afternoon. The "23" and "Violet F" are taking the picnicers across. The first boat left at 11 o'clock this morning and others at 1:30 and 2:30. The last will leave at 5:30 this evening. There is to be an informal program of sports and refreshments are being supplied in abundance.

The committee in charge comprises Harry Blake (chairman), H. M. Dagget, S. Hamblin, Fred Garion, Mrs. George Leek, Mrs. Fred Wernig and Mrs. J. Howe.

Nels Johnson, was fined \$50, with the option of 30 days imprisonment, by Magistrate McClymont in the police court this morning. Johnson was arrested yesterday afternoon by Chief Vickers and charged with intoxication.

Constable G. P. Logan, of the city police force, returned today after having spent his holidays in the south.

Frank Lazelle, of Terrace, arrived from Vancouver on the Prince George today enroute to the interior.

W. B. Penney, forest ranger at Thurston Harbor, arrived from the south on the Prince George this morning.

Mrs. G. T. Armstrong, who has been on a holiday trip south, returned to Langara Island on the Newington this morning.

J. M. Morrison, the well known Alice Arm transfer man, is in the city on the Prince George today bound north after a business trip to Vancouver.

Jack Stroud, superintendent of the coke plant at Anyox passed through the city recently on his way to Vancouver where he will spend a four week's vacation.

The C. P. R. steamer Princess Alice, Capt. Ormiston, is expected from Alaska this afternoon about 5 o'clock, city time. The vessel will leave for Vancouver and Victoria at 7 o'clock.

G. O. Clarke, formerly located at the local shipyard as representative for W. E. Hodges, liquidator of the Prince Rupert Drydock and Engineering Co., returning to the city on the Prince George today.

The Ketchikan lumber scow Trader, in tow of the gasoline tug Salmon Bay, arrived at noon today from Ketchikan with three car loads of lumber for transportation over the Canadian National Railways to the East.

General R. G. Edwards Leckie, of Vancouver, is in the city today on his way to Smithers where he will look over some mining properties in which he is interested. General Leckie arrived on the Prince George this morning.

Mr. and Mrs. Ezra Carlow are in the city today on their way from Victoria to Prince George. Mr. Carlow was formerly on the Victoria city police force and is now going to Prince George where he has been appointed chief.

Laszlo Schwartz, the eminent Hungarian violinist, will give a miniature concert program at the Westholme Theatre on Wednesday, Thursday, Friday and Saturday evenings between the two performances. Price of admission remains the same.

Miss Bessie Campbell, who for some time has been a member of the telephone exchange staff, sails this afternoon on the Princess Alice enroute to her old home in Scotland. Miss Campbell will cross the Atlantic on the Metagama leaving Montreal on July 29.

Mrs. T. Crawford, of Vancouver, mother of Jack Crawford, pursuer on the steamer Prince George, arrived from the south today and will leave on tonight's train for Prince George where she will visit her daughter, Mrs. W. Armstrong. Mrs. Crawford is accompanied on the trip by Miss Fletcher, also of Vancouver.

The Lowest Price for a Quality Watch

The difference between a Watch made to sell and one made to run cannot be seen with the untrained eye.

Gruen Watches COULD be made to sell as cheap as any, but Gruen quality and standards of fine construction cannot be put into a watch below \$25.

When you buy a Gruen Watch at \$25 and up you pay the minimum price for a real watch and you get a name which stands for dependability and artistic design.

BRINGING UP FATHER

GREAT SMOKER BY ANYOX ELKS

Splendid Affair Was Put on in Smelter Town Last Wednesday

ANYOX, July 19.—An enjoyable smoker was given by the Anyox Elks in their own home on Wednesday evening last when 150 men witnessed a varied entertainment of boxing, wrestling, songs and instrumental solos. The proceeds are to be devoted towards the Children's Flag Day which the lodge is to observe on August 3. Exalted Ruler Harry Chapman was chairman.

The program was as follows: Orchestra selection—Mr. Haesler, piano; S. Armstrong and W. Overend, violins; and Ed. Waterman, drums.

Wrestling match—Dick Stubbs of Mine vs. Walter Overend of the Beach. Won by Stubbs who got two falls.

Boxing bout, 3 rounds—Jack McColl vs. Ernie Green, draw.

Boxing bout, 3 rounds—Barney Fitzpatrick vs. Kid Hudson, draw.

Boxing bout, 3 rounds—Jack Cody vs. Cy. Greenwell, draw.

Orchestra selection.

Song—"Until" by Max Morrow. Euphonium solo—"Mary, My Scotch Blue Bell" and "The Holy City" by Mr. Verne; Anyox new bandmaster.

Comic boxing bout, 3 rounds—Jack Bagwill vs. Pete Draudson.

Hypnotic exhibition by Harry Braithwaite—Subjects, J. Blaney, Barney Fitzpatrick, Cy. Greenwell and Jimmy Cameron.

Song—"In the Land of Beginning Again," by Bill Williams.

Orchestra selection.

Song—"Annie Laurie," by Archie Morton.

Song—"Old Kentucky," by Max Morrow.

Song—"All the World Will be Jealous of Me," by Bill Williams.

Duet—"Flow Gently, Deva," and "Jolly Sailors," by Messrs. Owens and Evans.

Orchestra selection.

Jack Sherman refereed the boxing and wrestling and Wade Wetmore was timekeeper.

After the sports and concert were over, everyone adjourned to the Elks' dugout in the lower portion of the building where the refreshment committee consisting of Jimmie Foxley, Harry Williams, Bill Robertson and George Cooper had the tables all set. Delicacies of all sorts were abundantly provided and it was noted that at the portion of the table where Exalted Ruler Chapman and Chaplain J. B. Gibson were seated the dill pickles had shorter life than anywhere else along the line.

The happy gathering broke up about midnight with all looking forward to the next entertainment by the Brother Bills.

The committee in charge of the entertainment, consisting of Bill Robertson (chairman), Paul Robbins, Harry Braithwaite, Cy. Greenwell, Jack Sherman and Ed. Wall surely deserve great credit.

ELKS HOME DANCE
Interesting Event at Anyox is Enjoyed by Great Many.

ANYOX, July 19.—The Anyox Elks' home was the scene of a pretty home dance Friday evening when 130 dancers had a very pleasant time.

The five piece orchestra furnished the music, consisting of Albert Raesler, piano; Joe O'Connor, Walter Overend, Sid Armstrong, violin and Jack Timmouth, drums.

Among the guests present were Jack Sherman, Pete Draudson, Miss Foy, Verne Seideman, Miss

CLOTHIER MADE OVERLAND TRIP

Reached Alice Arm From Stewart by Way of Moztladen Lake and White River.

ALICE ARM, July 19.—George Clothier, resident district mining engineer, and party consisting of Lade, Howard, Jackson and Marvin, reached Alice Arm on Monday from Stewart via the overland route. The party left Stewart on July 5 and report the trip without incident except the usual routine of mushing and camp-making. They specially mention the fine weather.

The journey was made with the object of further carrying out the reconnaissance work of the Department of Mines and the geographical and topographical features of the country were noted. Another object was to examine the country with a view to opening up and making accessible the mineral belt between Stewart and Alice Arm by means of a trail joining the Bear and Kitsault River valleys.

The present journey was made by way of Meriaden Lake and up the valley of the White River reaching the Alice Arm watershed near the Kitsault glacier at the head of the Kitsault River.

The city council has gone on record as favoring the granting of right-of-way for the spur line which J. D. McArthur, the Winnipeg lumber man, intends to build from the railway to his proposed mill here. The exemption for the property for two years is also favored but the cost of providing fire protection would be too great to be considered. The city will co-operate with a view to securing concessions from the provincial government and consent of the railway commission for the construction of railway connection.

The party of provincial ministers, members and officials, who are touring the district, arrived here yesterday. This afternoon a luncheon is being given in their honor by the Board of Trade. Last night they addressed a public meeting.

A. W. Foster, buyer for the Pacific Fur Co., returned last week from New York. Mr. Foster says that the reduction of freight rates will have a stimulating effect on the lumber trade of the district.

G. S. Sinclair, until recently chief of police here, is leaving for Lucerne where he has joined the force of the provincial police.

C. J. Broughton, Canadian government agent from Chicago, is making a tour of the district.

George McAllister of Calgary, passed through Prince George last week on his way to Mount Selwyn, near the junction of the Findlay and Parsnip Rivers with a small reduction plant which he is to use in treating low grade free milling gold

hospital at Prince Rupert, A. Fairbairn is acting constable here.

Miss Hanna, late of the Prince George Teaching staff, will be the teacher here next term.

While Constable Cline is in the

WORK COMMENCES REPAIRING BOOTH MEMORIAL SCHOOL

George Scott has started the work of putting up the scaffolding at the Booth Memorial School where repairs are to commence soon. Some materials have already arrived. Architect A. M. Jeffers, who is to supervise the work, is expected from Edmonton by Sunday night's train.

FISHING ON NAAS IS BETTER THAN FOR THREE YEARS

W. E. Collison, Indian agent for the Naas division, who returned yesterday from a departmental visit north, reports the salmon run on the Naas better than for three years. There was a slight falling off at the end of the week on account of unfavorable weather but it is believed it will pick up again soon. The main run of sockeyes, it is believed, is yet to come.

FINE SIBERIAN DOG

Wolf Hound Is Being Taken North to Improve Breeds Along Mackenzie.

EDMONTON, Alta., July 19.—A dog, strange to the many varieties domiciled in Edmonton, is a visitor to the city. By birth a Siberian wolfhound, answering to the name of Tsar, and by breeding a perfect gentleman, he is destined to travel to the lower Mackenzie points and improve the strain of huskies for several of the posts. He is a beauty, standing 31 inches high and weighing 110 pounds, all muscle and bone.

Ivan Stanyolich, who is in charge of the animal, brought him over from his native steppes and has been using him in competitions all over the States. He would have entered the derby at The Pax, but it was not possible to secure team mates that would do him justice, so continued to trot around Michigan.

Several years ago an effort to improve northern dogs was undertaken by a Calgary man; for this purpose Russian wolf-hounds were imported, but owing to the excess weight, long legs and comparative sensitiveness, proved a failure.

SONS OF CANADA WIN OVER ELKS

Senior League Fixture Last Night Resulted in 8 to 6 Win for Canucks.

The Sons of Canada defeated the Elks by a score of 8 to 6 in a well-contested Senior Baseball League game at the Aeropolis Hill grounds last night. While there was little of an outstanding nature in the match, it was better played than many previous ones. The infielders were tighter, errors were less frequent and the pitchers on either side, Selman for the Elks and Eady for the Sons, kept things well under control. Selman had 8 strikeouts and Eady, 2. Four

MENZIES TAKES HIS BASE.

errors were chalked down against the Elks and three against the Sons of Canada. Jack Ratchford made a home run in the first inning for the Elks, and brought in one baserunner, Gilmour. Ratchford also made a two bagger in the third and O. P. Smith poled out a three base hit in the sixth.

At no time was either team very far in the lead although the Elks were ahead after the third up till the very last stages. The Elks, first up to bat, opened the scoring in the first with two runs through Ratchford's home run. The Sons made three in this frame, Farquhar being hit by the pitcher and H. Menzies and H. Curtis getting to bases on errors. Further errors allowed the three runners to come home. After this things tight-

FLEMING AS CATCHER.

ened up and the Elks made two more in the third, scoring through Ratchford and Dickenson. Gilmour crossed the plate for the fifth in the fourth inning. There were no more runs until the seventh when the Sons made two through Robertson and Sloan, each of whom made one base hit, followed by Eady with another of a similar size. Three more runs were made by the Sons in the eighth through Anderson, V. Menzies and H. Scott. At the end of the eighth the score was 8 to 5 for the Sons. The Elks were successful in making only one run, through H. Frizzell, in the ninth and the game ended when the side was put down.

Teams and Officials.
Dr. Douglas was umpire of balls and strikes and R. Moore made the decisions on the bases.

Sport Chat

By winning tomorrow night's football game, the last of the season's schedule, the Sons of England may tie up the first place honors and the title to city championship with the Sons of Canada thus necessitating a playoff. If the Grotto win it will leave the Canadians winners of the league, themselves in second place and the Englishmen in third, one point dividing each of the head teams. On account of its effect on the standing of the season a good game may be expected. The Sons of England with so much at stake, should enter the ranks very keen on victory.

The weather for the Bulkeley Valley district picnic at Round Lake last week was not of the best and it was impossible to pull off all the water sports. The polo game was played, however, and Telkwa won over Smithers by 3 to 1. Hon. E. D. Barrow, minister of agriculture, and Col. Davies, chairman of the land settlement board, were present but the other ministers and officials could not reach Round Lake in time. There was an interesting program of land sports as well.

A meeting of the Omineca District Rod and Gun Club was held last week in Smithers and it was decided to make certain suggestions to the Game Conservation Board for changes in the Game Act in regard to regulations in that district. Considerable data will be forwarded to the Board for its next meeting to be held on July 27.

Prince George and Vanderhoof played baseball at Vanderhoof last week, the final score being 13 to 14. On account of the early departure of the passenger train, it was impossible to play-off the extra innings necessary to break the tie so another game is to be played to decide the question at an early date. The two towns also played football during the courses of the week and here again they tied, 1 to 1.

BASEBALL CRACKS

Everyone was pleased after Vic Menzies got that resounding crack on the head that he came up smiling. He certainly deserved the base the Doc gave him.

Doc Douglas may not always have been quite right in his decisions, but he stood his ground as a good umpire should.

What is the good of an um-

pire if the members of the teams are to make the decisions.

There are two things every ball player has to learn. One is learn to catch and the other is learn to mind his own business and not interfere with the decisions of the umpire.

Some day there will be a game with airtight fielding. Some day, whose was the hoarse bass voice that kept up a running comment from the bleachers mostly complimentary to the Elks and derogatory to the Sons of Canada?

There's one thing about those Sons of Canada, they certainly are dead game sports. You have to hand it to them.

Selwyn tried handing it to them at the ball game last night and the result was fatal to the aspirations of the down street club.

All that is necessary to enable the Elks to beat the Sons of Canada is for them to play a better game.

DUNSMUIRS ARE TO USE THEIR MILLIONS IN DEVELOPING PERU

VICTORIA, July 18.—Robin W. Dunsmuir, son of a former Lieutenant-Governor of British Columbia and Mrs. James Dunsmuir, of Hatley Park, has signed a contract with the Peruvian government, and a syndicate is now negotiating financial details with New York bankers for a railway in Northern Peru.

The 2,400 miles of railroad to be constructed by Mr. Dunsmuir will cost at least \$120,000,000.

Immense Land Tract
The concession includes land grants amounting to 50,000,000 acres, surface rights in perpetuity and oil and mineral rights for 53 years.

Terms of the concession involve immediate payment to the Peruvian government of £1,325,000 or about \$5,000,000. This payment is to enable the Peruvian government to free the tobacco monopoly from a first charge and to hand over this monopoly, together with 168 miles of railroads already completed, or under construction to Mr. Dunsmuir, who will be empowered to collect the tobacco monopoly and to use the proceeds for guaranteeing interest on bonds to be issued to provide the necessary funds for the operation of the concession.

Tobacco Monopoly
The tobacco monopoly yielded last year £903,570. Assuming a future yield of \$3,375,000 and assuming that the sinking funds will be suspended for ten years, it is estimated that Mr. Dunsmuir will be able to pay interest at 1 per cent, on \$18,000,000 from tobacco monopoly alone. It is considered likely that he will raise this amount of money by bond issue in New York.

The Peruvian government reserves the right to abrogate the concession if the railroads are not built at a minimum rate of 93 miles a year, or if the whole of the proposed construction is not completed within twelve years.

The concession requires ratification by both houses of the Peruvian congress.
If you are leaving for a holiday it is well to keep in touch with Prince Rupert by having a copy of the Daily News mailed to you every day.

TARIFF AGAIN ON AUGUST 15

United States Congress Will Go Into Conference of Two Bodies.

WASHINGTON, July 19.—(By Canadian Press)—Adjournment of the House until August 15 is generally taken to mean that the tariff bill will be passed by the Senate about that time. It will be necessary for the House to be in session to send the bill to conference committee of the two houses for the purpose of adjusting the differences between the House bill and the Senate bill and hence the conclusion is that the Republican leaders of the Senate and House are expecting the tariff will be ready to go to conference about August 15, or the date when the House is to resume its sittings.

In spite of the threats of closure and of drastic steps in the Senate to cut off the tariff discussion, there is little prospect this will be done. So many amendments have to be considered that much time is sure to be consumed on the bill in any event. Besides, the democratic senators are not bent on drawing out of the fight until fall. They are expected to let the bill go to a vote in about six weeks. They are anxious to see before the country their opposition to three of the remaining schedules, wool, cotton and sundries, not in the expectation of changing the finance committee's recommendations but to arouse public opinion for future political effect.

McCumber Defeated.

SPEED UP BUILDING IN LONDON SUBURBS

Canadian Helps to Get Results at Feltham

LONDON, July 18.—Conspicuous, well-built dwelling houses are going up at Feltham, a suburb of London, at the rate of one a day. Such speed in building has never been witnessed here before. It is all the more striking because it occurs at a time when complaints are heard on every side that the British workman is not what he used to be, and that nothing will induce him to get through any job at the ordinary speed of an American workman.

The explanation is found in the fact that the man who is getting the work done learned how to hustle and how to handle men on the other side of the Atlantic. He is J. H. Taylor, head of an engineering firm here. By birth he is a Canadian. Early in his career he was a railway contractor. He helped to build the Great Northern Railway, the Canadian Pacific and the Grand Trunk Railways. Now he is in England applying what he learned in Canada.

Speaking of the British workman Mr. Taylor said recently: "They are fine when treated and handled properly. I have never seen better nor more rapid work done in any part of the world than British workmen are doing here."

Protest Increases.
The protest against the tariff bill in this country is increasing and it cannot be correctly charged that the opposition is at all confined to the importing interests. Undoubtedly, there is a widespread apprehension among consumers that the bill will increase the cost of living materially. It may be added that the most astute of the Republican political leaders are apprehensive over this and fear the political effects of it. They even see possibilities that the House will go Democratic.

Incidentally, the fact the woman have the ballot and the woman who goes marketing and shopping is going to vote this fall, is a phase of the matter which is the subject of much speculation. It is not out of bounds to say that if the tariff bill has any effect in increasing living costs as some of the opponents of the bill expect, and these effects are felt for some weeks before the November elections, the woman with the ballot may upset sadly the expectations of the Republican campaign managers. It is worth while recalling that when previous general tariff bills have gone into effect in the United States the women did not have the ballot throughout the whole country.

Trade with Canada.
The question of trade with Canada continues to occupy much attention in the Senate tariff debate and while Republican senators quite generally are voting for the high rates of the tariff bill, a number of them are dubious about it and fear they may prove a boomerang.

CRITICAL TIME FOR HOT DOG BAKERS AT CONEY ISLAND

NEW YORK, July 19.—Coney Island has just passed through a critical stage in its existence. It was threatened with a hot dog strike. Coney Island without hot dogs would have been a barren wilderness to the average patron. The meat workers who make frankfurters recently threatened to strike and Coney Islanders were filled with apprehension. However, an agreement was signed by the Bologna Butchers' Union No. 174, whereby peaceful continuance of their work is guaranteed indefinitely and the bark of the hot dog barker will continue to be heard at the famous amusement resort.

A POOR SCOUT.

Wife—Did you notice the chin-chilla coat on the woman sitting in front of us this morning?
Husband—Er—no. Afraid I was dozing most of the time.
Wife—Um. A lot of good the service did you.

ACTIVE CORPSES.

It is in the cemetery at South Bethlehem, Pennsylvania, by the way, that the sign appears: "Persons are prohibited from picking flowers from any but their own graves."—American Lumberman.
