African Rand is Like an Armed Camp

CANADIAN PREMIER DECLARES RAILWAYS BE GIVEN FAIR TRIAL

Government Troops Closing In on Insurrectionaries at Every Point in South Africa

JOHANNESBURG, March 14.—The entire Rand is turned into an armed camp with definite military action against the insurrectionists under the personal leadership of General Smuts, who says the movement is an organized plot to overthrow constitutional government under the guise of a labor strike.

The Dutch burghers are rallying to the British colors. Airplanes are usefully employed carrying supplies to isolated communities.

LONDON, March 14.—Latest reports received from Pretoria say that the government forces are closing upon the revolutionaries from the east and west. The main centres of resistance are now at Fordsburg and Jeppestown, where the government forces are opposed by heavily armed rebel commands.

Johannesburg has resumed its normal appearance. The government forces captured Barkpan.

JOHANNESBURG, March 13.—(p.m.)—Activities of the insurrectionists are chiefly directed against the mines and mine owners now and several have been fired on or besieged.

Airplanes are distributing rations to the besieged defenders and the formation of commands of special constables is going forward as rapidly as possible. Men of every shade of political opinion are participating in the defense against the rebellious strikers.

CASUALTY LIST BELFAST CITY

Newspaper Says It Was More Terrible Than for Whole Last Year.

BELFAST, March 14.—Belfast's casualty list from the activities of gunmen and bomb throwers in the last ten weeks total 83 dead and 157 seriously injured, according to the Northern Whig, which declares this is "relatively more terrible than for the whole of the year 1921."

TORNADO SWEEP CENTRAL STATES

Number of People Killed at Various Points in Three States.

McALLISTER, Okla., March 14.—Nine persons were killed last night when a tornado swept the foreign section of Gowen, 15 miles east of here.

BATON ROUGE, La., March 14.—Sunrise, in West Baton Rouge parish, was practically obliterated by a tornado. Two people were killed and 16 injured.

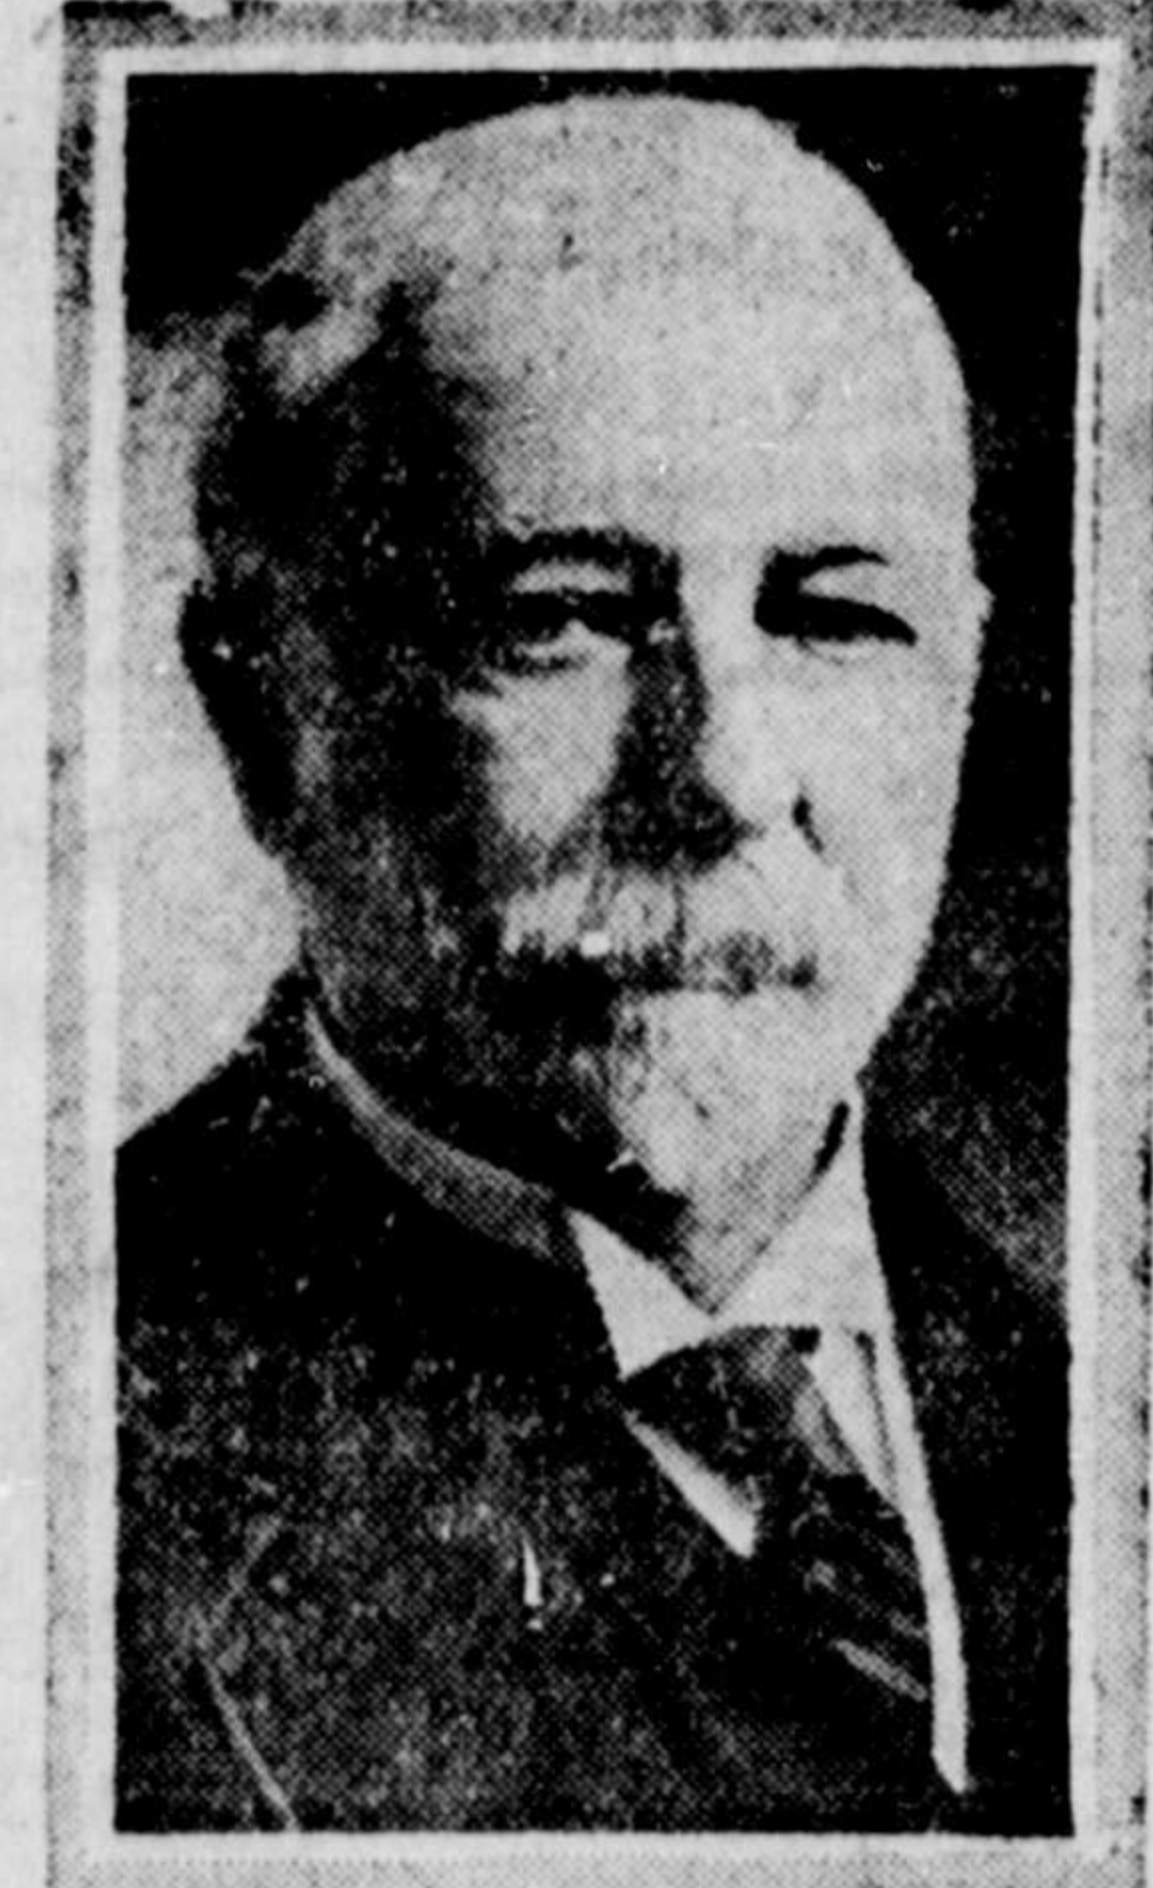

PINE BLUFF, Ark., March 14.—At least four whites and six Negroes were killed by a tornado early today.

SHOULD HAVE MORE MEN IN FIRE HALL

B. C. Fire Underwriters Association Writes to City Council Regarding Two Platoon System.

A letter from the B. C. Fire Underwriters' Association stating that the adoption of the two platoon system in the local fire department would mean that there would be two men less on day shift in the fire hall and would necessitate the raising of the grading, was received by the city council last night and referred to the utilities committee for report. The letter also stated that the association would recommend the adding of more men to the local force as it was considered undermanned at the present time.

CANADIAN FINANCE MINISTER

Latest photograph of Hon. S. Fielding, Minister of Finance in the cabinet of the new Liberal Government of Canada.

USEFUL WORK FOR I. W. W. IN RUSSIA

Big Bill Haywood and Party of Associates to Work Iron Works and Factories.

MOSCOW, Mar. 14.—William D. (Big Bill) Haywood heads a group of American I. W. W. to whom Premier Lenin has granted a concession to operate the big Nadejinsky iron works in the Ural Mountain region and part of the coal mines in the Kosnetz Basin and auxiliary factories.

Haywood announces that 4800 Americans with technical personnel will be brought to Russia to operate the properties.

DAMAGE \$75,000 IN SUMMERLAND FIRE

SUMMERLAND, March 14.—The fire which destroyed all the principal buildings in the business district of this town reduced Main Street to ruin and caused damage amounting to \$75,000.

TROUBLE ARISES IN WAR VETERANS' BAND

Delegation at Council Last Night Asks for Starting of Municipal Band.

A delegation consisting of W. N. Ross, William McIlroy and Harry Ward appeared before the city council last night stating that the members of the Great War Veterans' Association band had discontinued the association and asking that the city take steps to form a municipal band. It had been found that under the association, the band could not avail itself of the services of good talent outside the membership of the G. W. V. A. for training purposes.

Ald. Collart stated that he was chairman of the band committee but he did not know there had been a revolution in the band. The real reason for the breaking away, he believed, was because the band wished to get full control of the funds which were now controlled by the association. The trouble had probably been started by civilian members of the band. He would point out to the city that the G. W. V. A. band was really still in existence. The Elks had been approached with regard to taking over the band but had refused to have anything to do with it.

Mr. Ross stated that the motion had been started by two returned soldier members of the band. The association did not seem to be taking any interest in it. The Elks themselves had approached the band regarding starting an Elks' band.

Spent \$1000 on It.

Ald. Kelly moved that the city at this time not consider the idea of starting a municipal band but take the matter up with the G. W. V. A., which was really responsible for the band and, to his knowledge, has spent \$1000 on it.

This was seconded by Ald. Silverides, who stated that it was peculiar that none of the members of the association or the council, Ald. Kelly, Ald. Collart or himself, had known anything of this matter before.

W. H. Derry, secretary of the band, stated that all the association had spent on the band was \$4.25.

Ald. Montgomery stated that the council should not take sides in such a matter and moved an amendment to the resolution that the mayor appoint a committee from the council to interview the members of the band with a view to bringing about harmony. This was seconded by Ald. McLeod.

All Have Quit.

Mr. Ross stated that they could not bring about harmony with the members of the band for they had all quit.

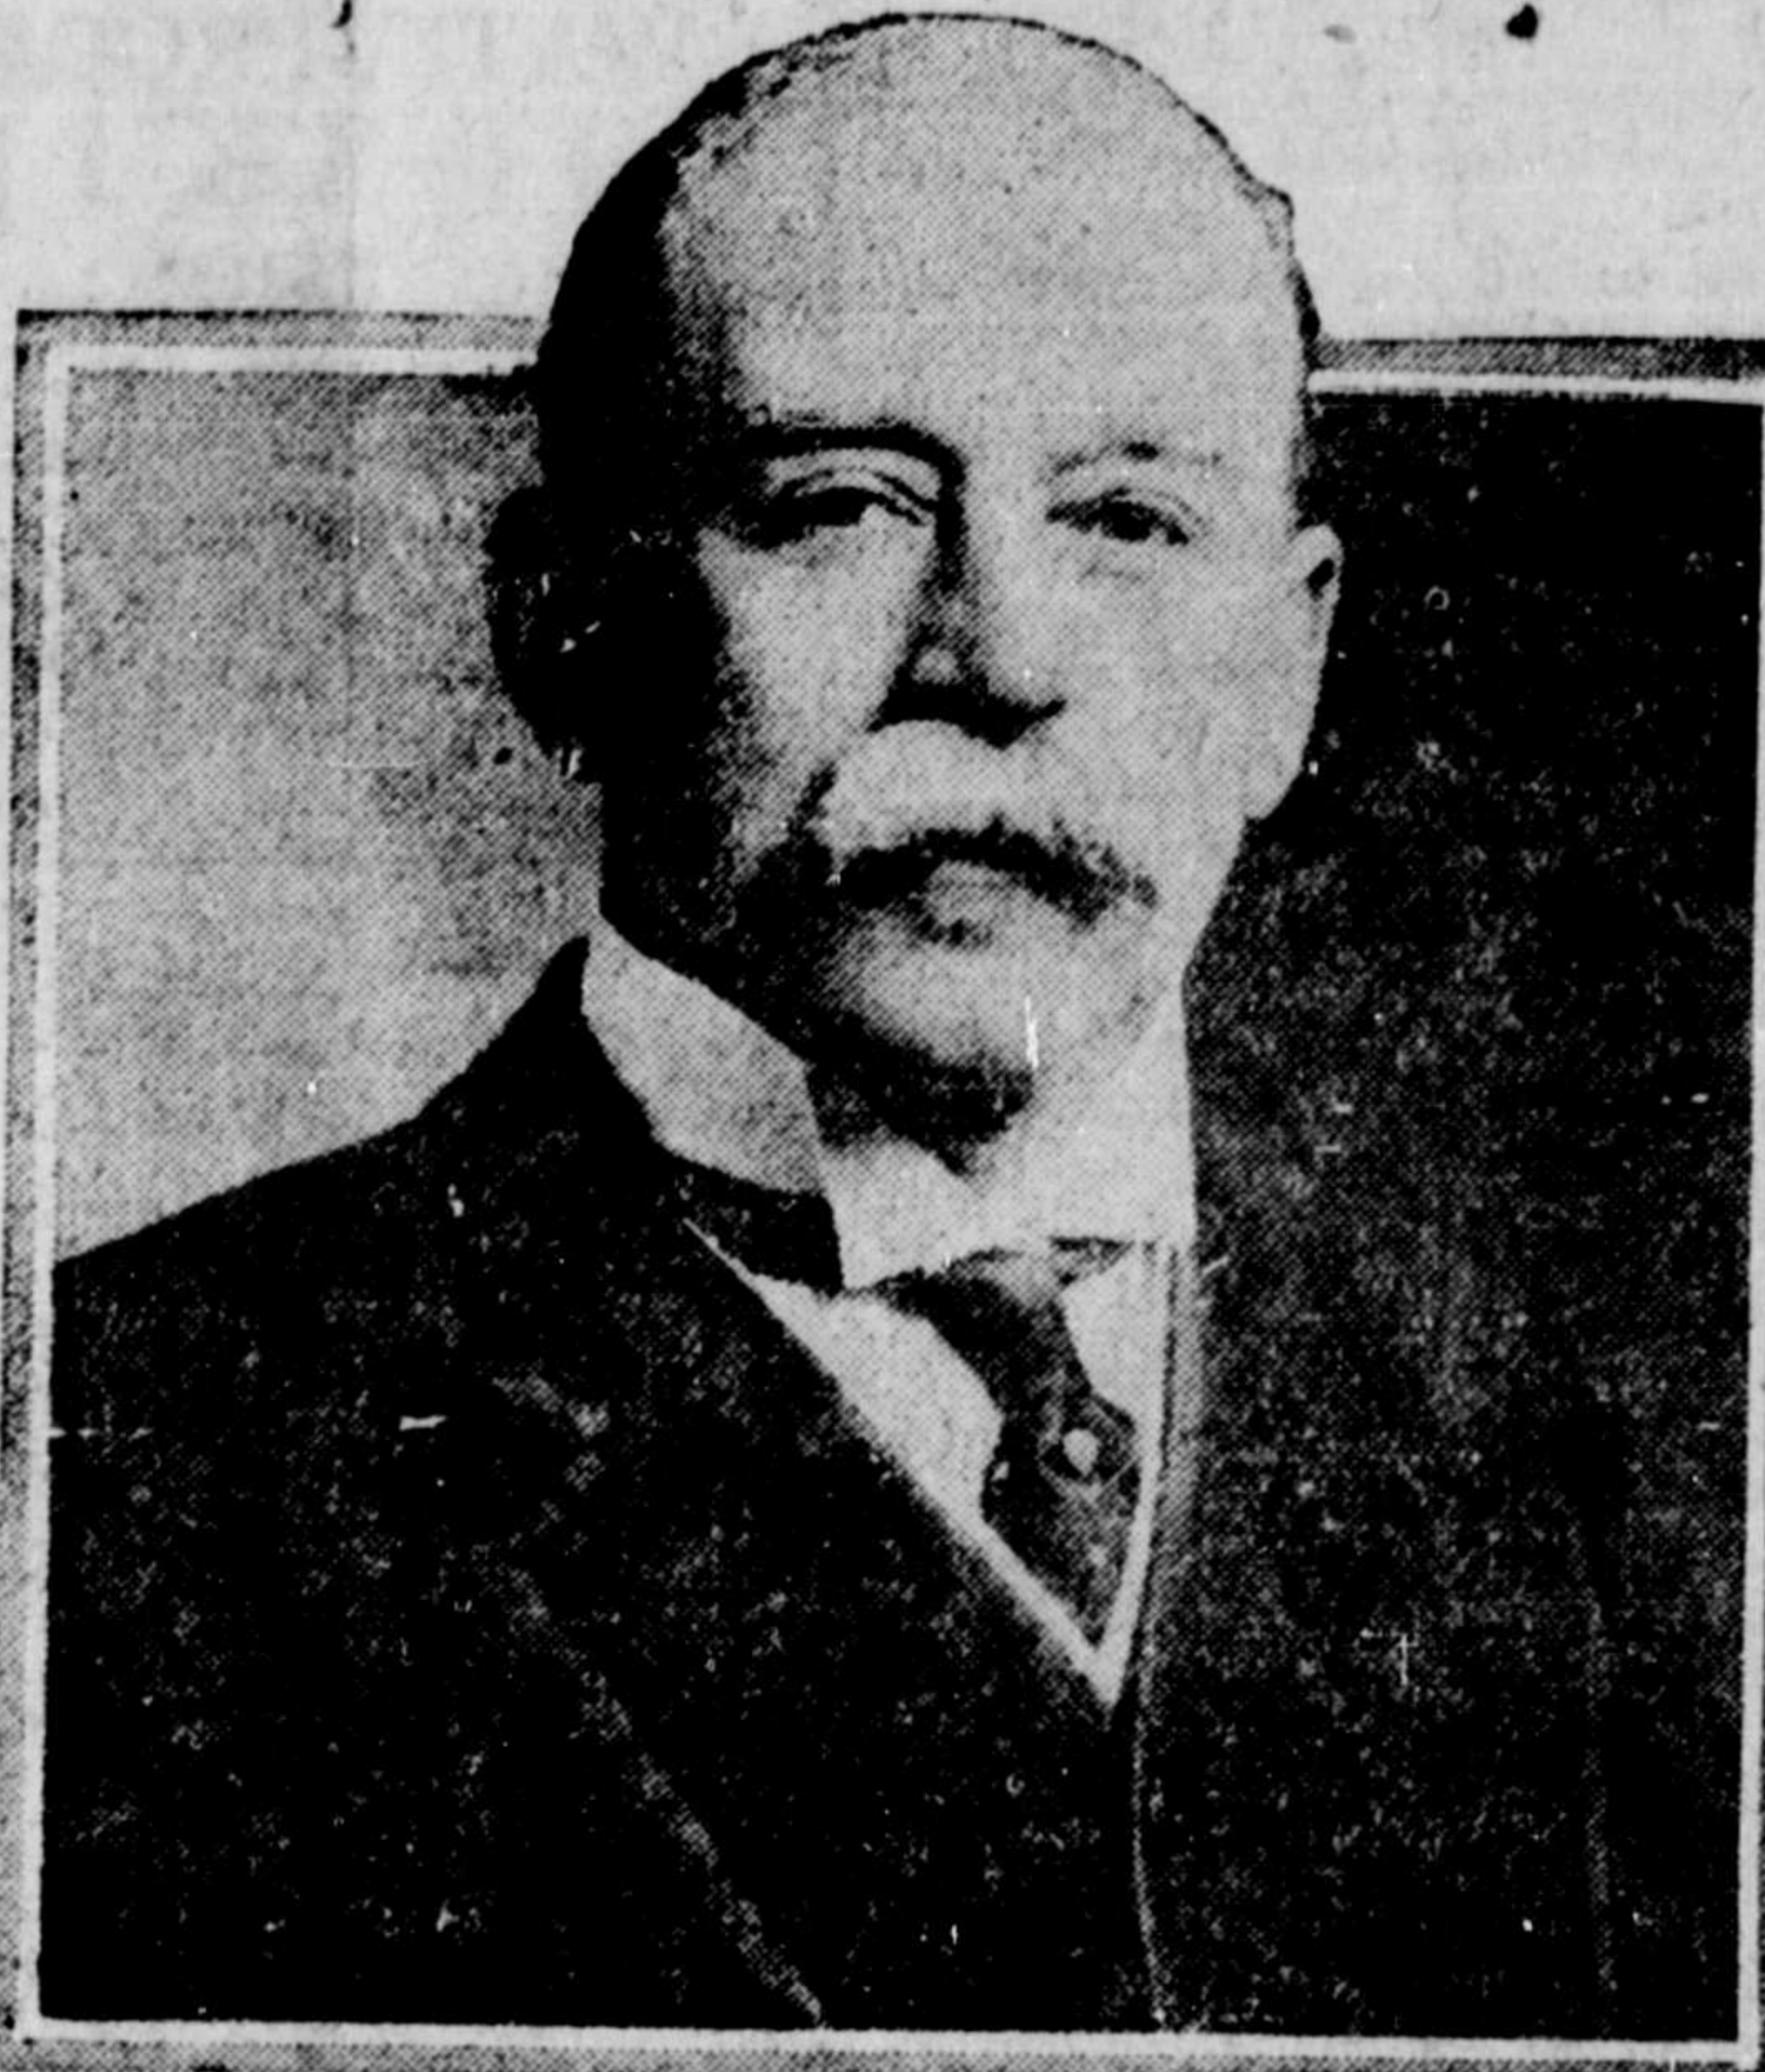

Ald. Dybhavn felt that the matter should be taken up with the association itself.

The amendment was put and lost. Ald. Kerr, Ald. McLeod and Ald. Montgomery being the only ones to vote for it. The motion then passed on the same division.

TRAIN AND STEAMER.

The train is reported on time tonight. Tomorrow's northbound steamer is due to arrive at 1:30.

BRITISH COALITION FACES CRISIS.

SIR GEORGE YOUNGER.

Following the secret session of the British Conservative party leaders in London, upon which the fate of Premier Lloyd George and the Coalition Government depended, the British Premier is said to have informed Austen Chamberlain and Arthur Balfour that he will continue to lead a coalition, including Unionists, on one condition—that they remain spokesmen for the party. Lloyd George contends he will resign if Sir George Younger is the real "boss." Younger is chairman of the Unionist party organization and known as the "man behind the throne."

TORONTO PLAYS VANCOUVER IN HOCKEY FINAL

St. Patricks Last Night Held the Ottawa Senators to Scoreless Draw.

OTTAWA, Mar. 14.—Playing on ice flooded with water, the Toronto St. Patricks maintained the one goal lead secured on Saturday in the play-off for the championship of the National Hockey League. They are now champions of the east and will meet the Vancouver Millionaires for the championship of the world.

The game against the Ottawa Senators last night was a scoreless draw, neither side being able to get the puck past the goalie.

ENGINEERS LOCKED OUT IN ENGLAND

Action Went Into Effect Monday at Noon Following Failure of Negotiations.

LONDON, March 14.—The threatened lockout of members of the Amalgamated Engineering Union by the employers went into effect on Monday at noon. This action followed the failure of negotiations at the week end.

HOCKEY FINALS BEGIN FRIDAY

Big World Series Will Be Best Three Out of Five Played on Alternate Days.

TORONTO, March 14.—The Stanley Cup hockey games between Toronto St. Patrick's and Vancouver will be played on March 17, 21 and 23. Should further games be necessary, they will be played on alternate days, the series being decided by the best three games out of five.

BOMB EXPLOSIONS ARE REPORTED AT LISBON

Portraits of Lenin and Trotsky Found on Men Arrested.

LISBON, March 14.—Bomb explosions occurred recently in several parts of the city and others are reported today. Several casualties resulted, the victims including two bomb throwers upon whom the police found portraits of Lenin and Trotsky.

REFUSE TO EXEMPT CHURCH PROPERTY IN VANCOUVER FROM TAX

VANCOUVER, March 14.—The court of revision yesterday refused an application from the city churches to exempt property from taxation.

LESS LAND CULTIVATED IN ENGLAND AND WALES THAN PREVIOUS YEAR

LONDON, March 14.—Agricultural statistics for 1921 issued by the minister of agriculture shows a decline in the area under cultivation in England and Wales amounting to 402,000 acres resulting in a total diminution of the area under plow of 781,000 acres from a total of 12,399,000 acres returned in 1918.

DECLARES FALL OF ALBANIAN GOVERNMENT

New Constitutional Assembly to Be Called and Provisional Government Formed.

ROME, March 13.—An assembly of prominent Albanians decided to proclaim the fall of the Albanian government and to convene a constitutional assembly to form a provisional government, says a despatch from Durraza.

W. L. Mackenzie King Says Government Ownership is to be Given Fair Trial

OTTAWA, March 14.—Premier Mackenzie King told the House of Commons yesterday that government ownership of railways would be given a fair trial under the most favorable auspices possible. This statement followed a speech by ex-Premier Meighen in which he expressed grave fears for the success of public ownership in the hands of "its worst enemies."

Mr. Meighen said that there would be propaganda calculated to make people turn in disgust from public ownership.

The first day's debate in the House of Commons brought speeches from both leaders developing a keen fight back and forth.

FEEING IS INTENSE RE M. K. GANDHI

Arrest of Leader in India Causes Indian Congress to Act.

LONDON, Mar. 14.—The arrest in India of M. K. Gandhi, the non-co-operationist leader, has created an intense feeling among the Indians in British East Africa, according to a despatch here.

The local Indian Congress is designated a committee to decide upon the future course to be followed in view of the latest developments in India.

WORLD AFFAIRS WERE INTERPRETED BY JACK KAVANAUGH LAST NIGHT

Socialist Speaker Says Lineup is Already for Next Great War.

Jack Kavanaugh, addressed another gathering of 200 people in the McIntyre Hall last night taking as his subject "The National and International Situation." W. E. Dickens was chairman.

Mr. Kavanaugh traced the development of the recent Great War from 1909 showing where Britain at the time was feeling the necessity of securing further oil supply for naval purposes. Negotiations had been made with Turkey and the building of the Baghdad Railway commenced. However, British diplomacy was beaten at the Turkish courts by Germany, which country finally obtained the concessions.

The speaker went on stating that the British Empire was falling to pieces economically. The Irish situation, troubles in India and Egypt were indications of weakness.

Mr. Kavanaugh declared that disarmament had been only a secondary matter at the Washington conference and the main business was the distributing of the natural resources of China and Siberia. Since the conference the main fighting force of the British navy had been moved to Singapore and United States' to the Pacific Coast. The lineup was already in sight for the next Great War between Great Britain, Germany, Japan and possibly Russia on one side and United States and France on the other.

BOMB EXPLODED.

BELFAST, March 14.—A bomb exploded in the foundry district injuring 12 mostly women and children, two seriously.

TAKING ACTION BOOTH SCHOOL

Mayor is Instructed to Take Matter Up with Board and Have Rooms Vacated if Necessary

The condition of the Booth Memorial School is to be taken up by the mayor with the School Board at as early a date as possible and the mayor is to see, if necessary, that the rooms condemned be vacated. A resolution to this effect, moved by Ald. Montgomery and seconded by Ald. Collart was passed at last night's council meeting.

The resolution followed the reading of a report from Dr. J. P. Cade, medical health officer, in which he stated that there were only four rooms in the school which were up to standard. All others were sub-standard and would have to be remedied. City Engineer Whittaker concurred in the report and stated that the rooms were not fit for children to occupy and something should be done immediately. Both Dr. Cade and Mr. Whittaker have made examinations.

Mayor Rochester stated that a contractor would be coming from the East in a few days and he would be asked to make an examination with a view to remedying the defects.

GREB WON FROM TOMMY GIBBONS

Went Fifteen Rounds Before 13,000 People, Benefit Milk Fund.

NEW YORK, March 14.—Harry Greb gained the judges' decision over Tommy Gibbons before 13,000 people here last night. The fight was for the benefit of the New York Milk fund which received \$117,500 thereby. It went 15 rounds most of which were conceded to Greb.

ANOTHER ATTEMPT CONTROL FISHERIES IN THIS PROVINCE

VICTORIA, March 14.—Canary operators say that British Columbia will now make another attempt to secure control of the fisheries following the federal government's action in giving Quelee control of her fisheries.

GETS FULL PAY.

VICTORIA, March 14.—Full pay has been authorized for Dr. Baker during the period of suspension from his post as chairman of the Game Board.

DAILY EDITION  Tuesday, March 14, 1922.

Burns Lake as Commercial Centre.

Each of the points along the railway that has attained any degree of prominence has some prominent feature to commend it. Burns Lake has many. It taps the Francois and Ootsa Lake country to the south and it does business with the Babine country to the north. Then it is situated on a delightful little lake, and not far away are other lakes. Even if no oil is found in the district, Burns Lake is bound to become a thriving town, drawing its sustenance from the big country surrounding it.

Value of New Road Opened to Cow Bay.

For years we have all been grumbling about the condition of Cow Bay. The old plank road was a disgrace to the city and the whole place was dirty and neglected. To a large extent this is now changed. The Provincial Government has come to the rescue and has built a road, at no expense to the ratepayers of Prince Rupert, connecting the railway yards and business places with Third Avenue. The work has been carried on unostentatiously and now the road is open for traffic. It is a great boon to the people who do business at Cow Bay and also to the great mass of the general public who use Cow Bay as a centre for boating during the summer months.

Are There Spooks and Do They Haunt?

Are there spooks and do they haunt houses and localities? is a question often discussed. Many have implicit faith in spooks and others who do not believe in them have just as much fear of them as if they did. Manifestations from the spirit world are not uncommon, but sometimes the manifestations prove to be no spirits but a natural apparition. We are all inclined to ascribe to the supernatural anything which we do not understand. It is only a few generations ago that the people of the Eastern States burned witches because of their uncanny powers. Today if a person has an unusual power we know it is a perfectly natural or acquired power and does not come from the devil.

In Nova Scotia there is a famous haunted house where investigations are now going on. If the investigator could know he would probably find some natural cause for the manifestations. It is not at all impossible that there may be spirit manifestations. It is quite within the realms of reason. All we suggest is that most of what are supposed to be supernatural things are probably natural. We are finding out so many new things in nature which we never suspected a few years ago that we may well expect to find out a lot more things of which our fathers knew nothing. It is possible that spirit manifestations may prove to be perfectly natural phenomena and all our fears and uncanny thrills may be just caused by our own vivid imaginations.

Are You Interested in Your Boys?

There has been some discussion in the eastern press as to the interest taken in members of their family by parents. It is alleged that in many cases parents never think of trying to make things pleasant for the boys and girls at home. Some never invite other young people to their homes, so the young people go outside for their companions. It is the natural thing for young people to seek the company of each other. Some parents invite friends of the children to the home and make things pleasant there. Others never remember that they have any duty in that direction.

A judge who was trying a boy for some offense questioned the father and discovered these facts:

(1) In the previous six months he had not been at any place in the evening with his boy, not to a concert, a hockey game or anything of that sort. (2) He had no definite knowledge of where the boy had been spending his evenings. (3) There had never been a social evening arranged at the home for the boy or his friends.

Under these conditions it seems only likely that the boy should wander off and spend his evenings where people did take an interest in him.

DAIRYING NEAR TO BURNS LAKE

Prospects For Success of Creamery—Fine Land in Neighborhood.

BURNS LAKE, March 14.—Great things are expected here from the organization of the Francois Lake Dairy Co-operative Association, the president of which is John Bostrom of Grassy Plains, with the following directors: H. Broff of Danskin, H. Bennett of Ootsa, James Mullas of Grassy Plains, T. S. Thomson and J. Henkel of Francois Lake, Wm. Biekle of Biekle and A. Shefford of Wistaria.

Shares in the association will be sold locally and the idea is meeting with the general approval of the farmers in the district.

The newly formed association is in its infancy at present and the question of dairy site, and other details have yet to be settled.

Talking on the dairy question Barney Mulvaney, an old timer and rancher in the district said:

"Between Burns Lake and Rose Lake, within a radius of from one to three miles, is to be found a very desirable stretch of good agricultural land within easy access to the railroad.

"Following the cutting of the tie timber on the jack pine ridges, which occurred among the heavily timbered areas, the clearing process has been simplified and the settlers are rapidly bringing large tracts of good agricultural land under cultivation. Recognizing the great possibilities of the country these settlers are endeavoring to have the proposed creamery located at some railroad point in this neighborhood, and are at any time in a position to provide the necessary cows for its support."

Francois Lake.

Proceeding South from Burns Lake the Francois Lake settlement is first encountered, which, with its developed farms and older settlers would give large support to a creamery within easy reach.

South of Francois Lake the Grassy Plains, another great area of agricultural land radiating from the John Bostrom ranch at Tattalaska Lake is found. In this district the government have acquired a section of open land, admirably situated, which it is their intention to stock with high class dairy cattle for the convenience of settlers desiring to improve their herds.

Recognizing the necessity of changing from beef cattle to a dairy herd Mr. Bostrom has decided to cut his ranch up into farms of 200 acres which will be well adapted for dairy farms.

From Grassy Plains to Biekle and thence to Macdonald's Landing the country is being cleared up rapidly and will also greatly assist a creamery within easy distance.

Continuing from Grassy Plains, south to Ootsa Lake the main road traverses a rather rough country for a distance of twelve miles, although several choice locations have been made by the more adventurous settler.

Good Land at Ootsa.

Within a few miles of Ootsa Lake, however, the country again changes, and on a beautiful southwest slope, lightly timbered with poplar, another large stretch of good agricultural land is found, a large percentage of which is under cultivation, being the choice of the early pioneer settlers.

Continuing west on Ootsa Lake the land is all admirably adapted to dairy farming and in that district alone the settlers can guarantee 800 cows in support of a creamery and can also assure its capitalization.

The one great difficulty in locating new settlers is the fact that the country has been misrepresented by agents in the prairie provinces and the north-west states, many coming here expecting to find an open prairie country with a vast quantity of hay and land ready for the plow and with a climate that can grow all sorts of fruits and vegetables. The fact is that a very small portion of the total agricultural land is open, the rest of it being covered with poplar, willow and small timber all of which, however, guarantees the settler unlimited timber, unlimited water, and an unlimited summer range for livestock. The incoming settler must be prepared to clear

"FRUIT-A-TIVES" SAVED HER LIFE

This Fruit Medicine Always Gives Relief

917 DUNDAS ST., MONTREAL.
 I suffered terribly with *Dyspepsia*. I had it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all *Stomach Trouble and Disorders of Digestion*, so I tried them.
 After finishing a few boxes, I was entirely relieved of the *Dyspepsia* and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives."

INCINERATOR IS DISCUSSED

City Engineer Presents Report on Matter—Council Should See Plants in Operation.

A report from City Engineer Whitaker on garbage collection and disposal in the city and the matter of establishing the incinerator was received by the city council last night, and, after full discussion, was referred to the Health Committee for report.

Dealing fully with the details of garbage collection and disposal, Mr. Whitaker's report said that the cost per capita here for this service was \$1.60. Average cost for other cities was \$1.64. The collection per capita in this city was comparatively low but the cost of collection should be reduced.

Regarding the incinerator, the report stated the city should install a plant with as low an initial cost as possible, one necessitating few repairs, not requiring excessive labor and using as little fuel as possible. There was not enough garbage in the city to keep an incinerator going all the time so some fuel would be necessary. There were several types of incinerator but one that could be operated in conjunction with a power plant was the most desirable. One man should easily be able to run the incinerator and at the same time fill duties as watchman at the power plant. If a proper incinerator were obtained, there should be no odor nuisance.

More Economical.

Mr. Whitaker stated that there was not enough garbage in the city to run an incinerator continuously and the idea of using steam raised from it might just as well be eliminated. There was no reason why there should be any smell but it would be necessary to use a good deal of fuel to eliminate it. A burning could be made every two or three days and it would not be necessary to run continuously. A central location was very necessary so that there would be no high haulage costs. It was his opinion that the incinerator would be more economical than the present system and there would be the great advantage in the matter of it being sanitary. He would recommend that the city council see plants in operation in the south before deciding upon the style to be adopted in Prince Rupert.

He had written to Nelson asking if the plant there was successful and what were the cost of operation but had received no reply.

Ald. Kerr suggested that Mr. Whitaker be sent to Nelson but the engineer declined the responsibility of choosing a plant. Some member of the council should go as well.

It was finally decided to refer the whole matter to the Health Committee for report.

The man who doesn't find advertising profitable in his business usually finds business unprofitable.

Open to Everybody

Just send in a list of all the objects you can find in the list. Win one of the 25 cash prizes. It's easy. Somebody's going to win First Prize. Why not you?

How You Can Win \$1,000

The Sun, you will win \$50. However, if your answer wins First Prize and you have sent in one three-months' subscription to The Sun (either new or renewal), YOU WILL WIN \$1,000 in place of \$50; or, if your answer is awarded First Prize by the judges and you have sent in two six-months' or one year's subscription to The Sun (either new or renewal), YOU WILL RECEIVE \$1,000 instead of \$50.

PRIZE LIST

Winning answers will receive prizes as follows:	Without Subscription	With 3 Months' Subscription	With 6 Months' Subscription	With 1 Year's Subscription
1st prize	\$50.00	\$400.00	\$500.00	\$1,000.00
2nd prize	40.00	200.00	250.00	300.00
3rd prize	30.00	100.00	125.00	150.00
4th prize	25.00	75.00	100.00	125.00
5th prize	20.00	50.00	75.00	100.00
6th prize	15.00	30.00	50.00	75.00
7th prize	10.00	20.00	30.00	50.00
8th to 12th	5.00	15.00	20.00	30.00
13th to 25th	2.00	7.50	10.00	15.00

VANCOUVER SUN, 137 Pender St. W., Vancouver, B.C.

Do not expect to find all objects listed under picture. List those you can find. Not difficult—just your ability to locate the greatest number. When writing mention you saw this advt. in Prince Rupert News.

It Costs Nothing to Try

Free Sample Copy

Send 25c to the Editor, The Vancouver Sun, 137 Pender St. W., Vancouver, B.C. for a growing newspaper, THE VANCOUVER SUN—seven big issues each week, including the big Sunday Illustrated feature paper—all the world's news—provincial happenings—snappy magazine section—market reports—strong editorials. From 44 to 60 pages every week-end.

THE BIGGEST NEWSPAPER BARGAIN IN CANADA

Daily and Sunday, \$5.00 a year, \$3.00 for 6 months \$1.50 for 3 months. Subscriptions to begin at a future date will be accepted.

Read These Rules Carefully

1. Any man, woman or child living in B.C. who is not an employee or related to an employee of The Vancouver Sun may submit an answer. There is no entrance fee.
2. All answers must be received by mail and postmarked by post office closing time, April 1, 1922.
3. Write lists of words on one side of paper and number all words (1, 2, 3, etc.). Write full name and address on each page in the upper right-hand corner. If you have anything else to write, use separate sheet.
4. The answer having the largest and nearest correct list of names of visible objects and articles shown in the picture and in the list will be awarded first prize, etc. Neatness, style or handwriting have no bearing on the decision of prizes.
5. Candidates may co-operate in answering the puzzle, but only one prize will be awarded to any one household; nor will prizes be awarded to more than one of any group of persons where two or more have been working together.
6. If a contestant sends more than one list under the same name, or assumed name, or a pre-married name, then all lists of such contestant will be disqualified. If more than one list is sent by any group who have co-operated in the preparation of such lists, then all lists of such contestants will be disqualified.
7. Three independent judges, having no connection with The Sun, will judge the answers submitted and award the prizes at the end of the contest, and contestants agree to accept the decision of the judges as final and conclusive.
8. All answers will receive the same consideration regardless of whether or not a subscription to The Sun is sent in.
9. The announcement of the prize winners and the list of words will be printed at the close of the contest and a copy mailed to each person sending in a subscription to The Sun.
10. There is no pre-arranged answer and the prizes will be awarded to those who, in the opinion of the judges, have submitted the best answers. In this contest you compete against each other, not against the manager of the competition. AND THE BEST MAN WINS.

Competition Ends Saturday, April 1st, 1922

Get Busy Now

Send your list in right away. Send a year's subscription to The Sun (either for yourself or someone else, new or renewal) at the same time and qualify for the \$1,000 prize.

FUNERAL TODAY OF LATE THOMAS OXLEY

Last Rites Performed in Presbyterian Church, Rev. Dr. H. R. Grant Officiating.

The funeral of the late Thomas Oxley took place this afternoon at 2:30 o'clock from the Presbyterian Church to Fairview Cemetery, Rev. Dr. H. R. Grant officiated at the last rites in a feeling and sympathetic manner and there was a large attendance of friends of the deceased and his family. Thomas Oxley of Anxox and Mrs. H. Comer of Stewart, son and daughter of the deceased, had arrived in the city for the funeral and were present with Mrs. John McLaue of this city also a daughter, Mrs. Jarvis McLeod, accompanied by Miss Kathleen Grant, sang "One Sweety Solemn Thought."

Following the service in the church the cortege moved to Fairview Cemetery, where interment was made. The pallbearers were D. McD. Hunter, M. M. Stephens, James G. Steen, H. T. Willett, Dr. L. W. Kergin and G. H. Munro.

There were many beautiful floral tributes, among those sending flowers being Tye Lodge No. 66, A. F. and A. M., Kuen Chapter Royal Arch Masons, Mr. and Mrs. G. H. Munro, Mr. and Mrs. John Manson, Mrs. S. Dawson, Mr. and Mrs. F. R. Alexander, Mr. and Mrs. H. T. Willett, Dr. and Mrs. L. W. Kergin, Mr. and Mrs. George A. Bryant, Mr. and Mrs. M. M. Stephens, Mr. and Mrs. Joe Greer, Mr. and Mrs. J. G. Steen, Mr. and Mrs. L. Astori and family, Lew Quong, Daughters of England, Mr. and Mrs. T. H. Johnson, Mr. and Mrs. F. G. Dawson, J. Gay and Mrs. W. D. Vance.

FISH ARRIVALS.

The Nelson, 15,000 pounds, and Mayflower, 10,000 pounds, were the only halibut boats offering for sale at the Fish Exchange this morning. Both sold to the Canadian Fish and Cold Storage Co. at 15 1/2c and 5c.

CITY TO PURCHASE WHOLESALE BASIS FOR PUBLIC WORKS

The city is to adopt the plan of purchasing supplies for its public works department on a wholesale basis. The city engineer was last night instructed by the council to call for tenders for materials necessary for a six months' period and have them stored in the basement of the fire hall. This will eliminate the necessity of a workman being sent for a requisition and then to a store whenever a single tool or piece of machinery is necessary and will, it is believed, effect quite a saving in cost.

DOUBLING SIZE OF THE READING ROOM

Report of Committee to This Effect Laid Over by Council Until After Library Vote.

The reading room on Fulton Street is to be doubled in size and an extension of the men's smoking room and the putting in of a ladies' rest room is to be provided for, according to a report made by the reading room committee to the city council last night. The report is to lie on the table until after the library bylaw vote has been taken and, in the meantime, the city engineer is to get an estimate of the cost. According to the recommendation there will be a separate entrance on Fulton Street for the ladies' rest room, which will be in the southeast corner of the building.

BRINGING UP FATHER

PIPE DREAMS
By Newton Pullen

I know a local speaker who is much praised by some people, but who can be listed among that class of rhetoricians which would make an oration even of a grocery order.

Calendars are made in different styles and varying sizes, but they all serve to remind us that Time gets around remarkably well for an old man wearing a grass cutter.

Following the talk of prying Mr. Bowser from the leadership of the Conservative party in British Columbia, discontent with Lloyd George's premiership has broken out among his followers. These big movements are apt to have their effect outside their immediate sphere, aren't they?

The way it would seem to be with some folks: If you want anything pray to Heaven, and if there is no response ask the Government for it.

The women are coming out openly in the holdup business.

An Italian prima donna who captured the love of someone else's husband was challenged to a duel with swords by the irate wife, and refusing to accept, was beaten up by her. In this case the one lady desired to cut the other physically rather than idiomatically. For questions of honor among the fair sex a hand at bridge with the seconds taking part would seem more in keeping.

A heading on the marine page of a Victoria newspaper: "Ruth Alexander Due This Month." How do they know it will be a girl?

If Margot Asquith should make it fashionable for women to go upon the platform and set down in books the intimacies of other folks' lives then some ladies will deplore the fact that they ever told Mrs. So-and-So, such-and-such!

Why doesn't somebody object to the title, Knight of the Garter, on the grounds that it is suggestive?

With Limerick an armed camp at the time that this is being written, it would appear that limerick contests may not be confined to the printed page.

A young man arrived in Redding, Cal., recently and said that he was the pilot of a government airplane stranded outside the town because of lack of gasoline. He cashed several cheques, bought a quantity of gasoline, and was given the use of an automobile to get back to his machine. Neither he, the money which he obtained, nor the gasoline and automobile have been seen since. The only comment to be made here is that if the young man hadn't been up in the air before he reached the town, those who assisted him doubtless were after he had been gone some time.

ENGLAND DEFEATED WALES AT FOOTBALL

Score of One to Nothing Before 25,000 Spectators at Swansea.
LONDON, Mar. 14.—England defeated Wales at Swansea yesterday in a football game under association rules by a score of one goal to nothing. Football fans from all the country round flocked into the town to see the game, there being 25,000 spectators present.

BURNS LAKE PROGRESSIVE IN ALL SPORT

Athletic Association Is Live Institution—Many Plans for This Summer.

BURNS LAKE, March 13.—The Burns Lake Athletic Association is now winding up what has been a very successful winter season. The officers of the association are:

President, Miles Henderson, Secretary-treasurer, G. S. Wood
Executive Council—C. E. Ineson, P. L. Beckstead, Ira Short, M. F. Nourse, P. V. Tallon, F. Fraser and A. M. Ruddy.

The ice rink committee elected by the Athletic association consists of C. E. Ineson, A. M. Ruddy, P. V. Tallon, H. D. McNeill and G. S. Wood. This committee has been responsible for the building and management of a first class skating rink measuring 80 by 180 feet with 4 arc lights overhead to permit of skating at night. It is also well equipped with goal posts, nets and dressing room.

Rink Popular.
During the winter this rink has been a popular rendezvous for athletes of the district and several hotly contested games have been played. On several occasions the single and married men of Burns Lake have locked horns, the married men in each case proving themselves the victors.

Several successful dances have been held by the Association during the winter and much good work has been accomplished in giving sporting bloods plenty of healthy recreation.

The Association is fortunate in having a good natural baseball diamond situated on the south side of the town. With the advent of spring considerable work is to be undertaken to clear more space for the spectators.

Landing and Beach.
M. F. Nourse will again be manager of the Burns Lake baseball team this summer and already negotiations are under way to make the season an interesting one.

The grounds run right down to the lake side and it is the intention of the association to build a boat landing and also make provision for a bathing beach.

In the near future a quarter-mile track will be built. An annual fair and race program is planned.

Sport Chat

All the talk in local sporting circles yesterday was about the sensational come-back of the Vancouver Millionaires at Regina on Saturday night when they defeated the Regina Capitals by a score of 4 to 0 and thus earned the right to contest in the finals for the Stanley Cup with the champions of the National Hockey Association. The surprise seemed to be that Vancouver, playing Regina on the latter club's home ground and under Western Canada rules, was able to come through with such a splendid victory after having gone down to defeat at Vancouver last week under Pacific Coast regulations and in the Vancouver Arena. The general opinion seems to be that Vancouver did not take her competitors seriously enough in the first game and that she let the match slip through her hands on that account. The Coast men redeemed themselves with such emphasis in the second game that the original opinion that Vancouver was really the best team appears to be confirmed. At Vancouver the home team was 2 to 4 favorite in betting and at Regina, the Prairie team was favorite 7 to 2. Thus there must have been a lot of easy wins and hard losses.

The second round of the Junior Billiard tournament at the Prince Rupert pool room was completed at the week-end and the whole series will likely be over by the latter part of this week. The individual scores in the second round were as follows: Emerson beat Hamilton; S. Howe beat R. Macdonald; J. Hynd beat J. Davidson; W. Beasley beat H. Frizzell; L. Wilson beat G. Mitchell; S. Suga beat A. Blackhall; W. Lambie beat B. Barrie; K. Halliday beat L. Anderson.

The final meeting of the Prince Rupert Basketball Association will take place some time about the first of next week. It had been intended to hold the meeting this week but there are so many events of various character scheduled to take place that it was decided to put it off. At this meeting final reports for the season will be presented and all outstanding business will be wound up. It is understood that, in this connection, the association will be able to report that it has paid all bills, given the Agricultural Association one half share of the proceeds, and still has a small cash balance left. If the matter of the condition of the hall is brought before the Basketball Association officially in a communication from the Fair Board it will also be discussed. The Association regrets all responsibility in this regard and claims the report of the Fair Board blaming it is an unfair one.

ECZEMA ON FACE AND HANDS for Five Years

Eczema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subside leaving a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed. There is only one way to get relief and no remedy like
BURDOCK BLOOD BITTERS
Take it internally and it gets at the seat of the disease in the blood and drives it out of the system.
Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.
Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes: "Having suffered with eczema on the face and head for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blemish on me. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema."
B. B. B. put up only by The T. M. Burns Co., Limited, Toronto, Ont.

JULIUS JOHNSON,
WALTER NIXON,
Applicants.
Dated February 28, 1922.

IN THE SUPREME COURT OF BRITISH COLUMBIA.
IN THE MATTER OF THE DOMINION AND GOVERNMENT ELECTIONS ACT AND STATUTES OF CANADA, 1906, AND BEING CHAPTER 7 OF THE REVISED AND CONSOLIDATED STATUTES OF BRITISH COLUMBIA, IN CONNECTION WITH THE MATTER OF AN ELECTION OF A MEMBER OF THE HOUSE OF COMMONS OF THE PROVINCE OF BRITISH COLUMBIA WHICH SAID ELECTION WAS HELD ON THE SIXTH DAY OF DECEMBER, 1921.
PETITION OF Martin O'Reilly, Petitioner, and Cyrus Wesley Beck and William Cameron, Respondents, and Robert W. and Cyrus Wesley Beck and William Cameron, Petitioners, presented the 14th day of January, 1922.

Martin O'Reilly the above named petitioner, having been authorized to withdraw his petition herein, by an order of this Honorable Court, do hereby certify that this is to give notice that any person desiring to be substituted as Petitioner in the room and stead of the said Martin O'Reilly, may file a notice of substitution in the above Court.
DATED at Prince Rupert, B. C., this 14th day of March, 1922. H. F. MACLEOD,
Deputy District Registrar.

"We Saw Your Letter In the Newspaper"

"YES." "And is that correct what is said about Dr. Chase's Nerve Food?" "Yes, it is absolutely true." "But why do you recommend it?" "For two very good reasons. First, because it fully restored my health and strength when I was weak, wornout and very greatly discouraged, and, second, because I believe it is a duty as well as a pleasure to let other women know about so superior a treatment." "I never used Dr. Chase's Nerve Food, but I got interested in that Woman's Advertising Contest they had, and nearly every woman I

met seemed to be talking about it. Then I saw your letter, and knew you would tell me about it." "Well, you know how weak and miserable I was for years in spite of all the doctors could do for me. I was nervous, irritable, restless and sleepless. Thought sometimes I would go out of my mind from worry and depressed spirits. I need not tell you how well I am now. You can see for yourself. There is the whole story, and all the credit is due to Dr. Chase's Nerve Food." "I get your viewpoint now. It would be a sin and a shame if you did not tell others." Dr. Chase's Nerve Food, 50 cents, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

GRAND TRUNK BYLAW AGAIN UNDER DISCUSSION BY CITY COUNCIL: PUBLIC MEETING

Ald. Montgomery and City Solicitor Hooper again crossed swords at last night's council meeting over the G. T. P. assessment agreement bylaw. The matter was fully disposed of, as far as the council was concerned, at last week's meeting, but it was introduced again last night by Ald. Kelly, who asked that a public meeting be held to present the issue to the ratepayers. Ald. Kelly's request was acted upon and there will be such a meeting held in the council chamber at a date to be set some time between now and March 22, the date of the election. The discussion which followed upon Ald. Kelly's suggestion finally resolved itself with some heat between Ald. Montgomery and Mr. Hooper who, apparently, have become the champions, for and against the bylaw. Quite a little passage of words resulted before Mayor Rochester called the combatants to order.

Ald. Kelly asked the mayor if it was his intention to call a public meeting in connection with the bylaw. In view of the controversy which had arisen in the press between members of the council, he thought that it was the duty of the council to let the citizens know the facts. Ald. Kelly also asked the mayor if it was his intention to obtain outside legal advice as regards the dry dock bylaw which was apparently in dispute following the \$22,500 overpayment by the railway company on this property.

Mayor Rochester stated that he thought published statements on the agreement, would be far more satisfactory than presenting the figures at a meeting where they would be confused. As far as legal advice in the dry dock matter was concerned, he had had no further report than that of the city solicitor.

Was Not Satisfied. Ald. Kelly replied that he did not think it was right for the mayor and aldermen to have a controversy in the press and that an official statement by the mayor and finance committee should at least be published. From the contradictory information which had been presented at last week's meeting he was not satisfied himself and thought it was up to the council to put it fairly and squarely before the people.

Ald. McLeod said the honest facts should be given to the people and it was up to the mayor to publish the true figures. As is was, the citizens seemed to be up in arms.

Ald. Montgomery said he did not question the figures as already published by the mayor but there were provisos which might be misleading. He would like the fullest publication of even the worst points. He did not suggest for a moment that anyone was trying to misrepresent. In any case, there were ways and means by which the ratepayers could go into the matter. He thought the city treasurer might give the figures under his signature. It was no use for the mayor or himself (Ald. Montgomery) to do it. If an official did, however, the people would know the figures were from the books and must be correct. They could use the council chamber for a meeting. There were debatable points in the proposed agreement which might be taken up.

Regarding Leaseholds. Ald. Silversides wanted to know from the city solicitor if there really were debatable points as regards leaseholds under the agreement.

The solicitor said that, in his opinion, there were really no debatable points. There was nothing in the agreement which took away the company's responsibility for the payment of taxes on present leases.

"Did the city receive taxes from any lessees last year?" inquired Ald. Montgomery of the solicitor.

"No."

"Then if there are no lessees on the assessment roll how are you going to collect taxes from the G. T. P. outside of the \$45,000, as your proviso calls for?" The alderman stated that he was afraid taxes on leases might be credited against the \$15,000.

Classes of Leases. The solicitor said that Ald. Montgomery was invariably confusing the two forms of leases as embodied in the agreement—present leases which were taxable over and above the \$15,000 and future leases which would be credited against it. Neither

did Ald. Montgomery take into consideration when stating that \$91,000 had been paid in taxation by the railway company last year, that \$22,500 was admittedly overpayment on the dry dock and that the failure of last year's court of revision to do its duty had caused an additional \$10,000 or \$12,000 too much to be assessed. As far as the \$22,500 was concerned it resulted from a hole in the agreement. He would advise the city, as he would a private client in such a case, to decide for itself whether it felt morally bound to refund this \$22,500 or take advantage of a faulty contract.

Ald. Montgomery replied that it was not fair for the city solicitor to say that last year's court of revision had made mistakes when he was there himself to advise the court. He referred to the G. T. P. Development Co. assessment and asked the solicitor if he knew that an \$81,000 reduction in valuation had been made this year on this company's property. Mr. Hooper said he did not know.

"I have not time to come here and educate you," replied Ald. Montgomery perfly.

Ald. Collart suggested that, since the city solicitor had proven such an able champion for the bylaw, he be present at the proposed public meeting.

"If the city solicitor is there arguing the case from the Grand Trunk point of view, then I would have the Grand Trunk Pacific pay him," declared Ald. Montgomery.

Mayor Rochester closed off the discussion stating that there would be a meeting so that the ratepayers could get the ins and outs of the matter. The city treasurer and officials would be present.

WORKING PROSPECTS

Good Deal of Development Work on Properties Held By Bdrns Lake Miners.

BURNS LAKE, March 14.—A good deal of prospecting and development work has been done on the various mineral holdings in the vicinity of Burns Lake. The copper, silver and gold properties of Hugh Macdonald and Fred Hagen in the Babine Lake district have been developed considerably.

Owen W. Owen of Tetsinkut Lake has lately made some discoveries of good looking galena ore in the vicinity of Deep Creek and assisted by his two sons is proceeding with development work.

MIRACULOUS ESCAPE BY LOGGER WHO FELL 300 FT. OVER BLUFF

OCEAN FALLS, March 14.—Miraculously escaping death, W. H. Elwood, employed by the Roy Ashe handlogging concern, Quatna, B. C., fell three hundred feet sustaining a dislocated shoulder and other minor injuries. It appears that during handlogging operations Elwood was lowering himself over a steep bluff with the aid of a rope which gave away, sending the handlogger to the bottom. The injured man was brought to the Ocean Falls Hospital for medical attention.

Two letters from A. L. Garruthers, provincial government district engineer, were read at last night's council meeting regarding the putting in of a water supply at Cow Bay. The engineer stated that he was not prepared to say when the permanent work there would be finished and had received no instructions from the department as regards the water supply. The hearing down of the ramps would commence as soon as possible. The letters were filed.

FIXING RESPONSIBILITY

Nothing escapes the scientists of the Mellon Institute when they analyze the cause of wear on laundered fabric. Even the unsuspected clothes line is questioned as to its responsibility. Here, as is often the case, that supposed friend of the housewife, is found to be quite culpable. Expert tests have shown that clothing exposed for 24 hours on the clothesline, has suffered a loss of 2 per cent.

This explains in no small measure the almost universal failure of lace curtains just below the line of the opened window sash.

By this test, the laundry industry is vindicated, and we are shown that after all, even the home laundry process has its imperfections.

We do not use clothes lines in our process; your clothing is thus saved this 2 per cent loss, which may be even greater here when such high winds prevail. This service is at your disposal.

WEAK HEART NERVES BADLY SHATTERED

Many a woman who should be strong and healthy, full of life and energy, is bound by the shackles of ill-health. Some disease or constitutional disturbance has left its mark in the form of a weak heart, shattered nerves, impoverished blood and an exhausted condition of the whole system.

MILBURN'S HEART AND NERVE PILLS

they will find a remedy that will supply food for the exhausted nerves, one that will strengthen and regulate the weak heart and invigorate the whole system.

Mrs. W. W. Pearce, 14 Scotch St., Toronto, Ont., writes:—"I was left with a weak heart and in a run down condition from the flu. My nerves were badly shattered, and I had such pains around my heart I could not sleep much at night. I took several doctors' medicines without getting any better. My husband got me to try Milburn's Heart and Nerve Pills, and after I took one box I got relief, and after taking six boxes I have been well and not bothered since."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WEEKLY ADVERTISING

A newspaper without circulation, even if printed on parchment, has no advertising value because it has nothing to sell.

SAWMILL IS PLANNED FOR BURNS LAKE

Harrison Bros. and Geo. Evans Will Be Operating 10,000 ft. Plant by May 1.

BURNS LAKE, March 14.—Harrison Bros., of Burns Lake, and George Evans, of Ootsa Lake, are making preparations to establish a lumber mill at Burns Lake and some of the machinery is already on the ground. When the mill is completed it will have a capacity of approximately 10,000 feet daily, the output to be entirely used locally.

In anticipation of the mill being erected, the settlers have already cut some 250,000 feet of logs to be sawed.

It is expected that the mill will be in operation some time about May 1. The work on the site has been somewhat handicapped by an unfortunate accident to Mr. Evans who suffered injury to his ribs while unloading machinery.

Ten Years Ago in Prince Rupert

March 14, 1912.

Alex. Manson was given the unanimous nomination at the Liberal convention last night to contest Skeena riding in the approaching provincial election. Fred Stork goes to Bella Coola to campaign and Duncan Ross to the interior.

The license commission has decided that no bottle licenses in this city will be renewed.

John Flewin, returning officer for the forthcoming provincial election, announced at noon today that the following nominations had been formally made: William Barratt, Clayton; Alex. M. Manson, barrister; William Manson, accountant; William Henry Montgomery, laborer.

PUZZLE CONTEST.

Puzzle contests are always popular, the more so when a capital prize of \$1000 and a lengthy list of lesser prizes are hung up as a reward. The Vancouver Sun has just announced a contest of this character based on the discovery of the largest number of objects in a puzzle picture. The contest is open to all British Columbians and will probably tax the ingenuity and skill of thousands as it is open to all. The contest closes April 1 and full particulars concerning it are being circulated through the press of the province.

Prosperous advertising means regular continuous advertising.

VALUABLE FURS AT BURNS LAKE

Estimated \$50,000 Worth Have Been Taken Out Already This Season.

BABINE IS RICH COUNTRY

Improved Road to Lake Is Very Desirable to Enable Trappers To Get In.

BURNS LAKE, March 14.—To date this season \$50,000 worth of furs have been marketed through this centre with the result of the spring catch yet to come in.

The fur district tributary to Burns Lake covers the Babine country, Francois Lake, Ootsa Lake, White Sail and Big Eutsuk Lakes and the Cheslatta Lake country. Most of the furs come from the Babine, Bear and Manson Creek districts. There are from 1000 to 1200 Indians in those districts who transfer all their catches to the Babine Post at the far end of Babine Lake, Burns Lake is 105 miles from the Babine Post and the nearest point to Babine Lake is 25 miles north by trail to the boat landing.

Marketing Beaver.

Of the furs taken in this district, beaver and marten predominate and it is reported that the Hudson's Bay Company bought some 700 beaver skins at the Babine Post during the month of February. F. Aslin of Burns Lake has taken out 263 beaver skins this season valued at about \$15 a piece.

Some of the finest marten caught in northern British Columbia is caught right in the Babine range. Fisher, fox, ermine, rat and bear abound in the various trapping districts.

The road or trail from Burns Lake to Babine Lake is nothing better than a third rate pack trail at the present time, which is a great handicap to the fur traders getting in and out of the country. It is thought locally that with a reasonable expenditure of money the trail could be improved sufficiently to permit of wagons and even motor cars being driven to the lake and that such a road would open up a rich fur and timber country.

Timber at Babine.

Babine Lake is 105 miles long by eight miles wide. On its shore there is plenty of tie and logging timber and at Wright's Bay situated some 45 miles above the boat landing there is a fine open farming district which would cover an area of approximately 5,000 acres.

The indemnity bylaw fixing the salaries of mayor and aldermen for 1922 at the same scale as last year was finally adopted by the city council last night.

TIE CUTTING BURNS LAKE

Business Has Materially Helped District During Past Winter.
SPUR LINE PLANNED TOWARDS FRANCOIS

It is estimated that upon the completion of tie cutting at the end of March, about 250,000 ties will have been cut in the Burns Lake district. The principal companies engaged in the work around Burns Lake have been the Hanssen Pole and Tie Co., of Prince Rupert, who operated at Decker Lake; Prince Rupert Logging Co., Ltd., Francois Lake, and Stainer & Sons Tie Company, Burns Lake. In sub-letting contracts to them, these companies have materially assisted the settlers in disposing of what suitable timber stood on their land. The tie industry in itself is proving a great asset in the development of the country. About one half of the contracts have been done in the company camps, the other half by settlers themselves.

The ties from the Prince Rupert Logging Co. camp, the cutting of which is now all completed, will have to be towed down Francois Lake and the Stellaco River to the railway at Fraser Lake. J. R. Morgan and W. E. Williams, of Prince Rupert, are the principals of this company. It is understood that Mr. Morgan has had a promise from the Canadian National Railways that a spur track will be built as a convenience to loading the ties south of this town. Such a spur line would form a nucleus to an ultimate branch line connecting the Canadian National Railways with the eastern outlet of Francois Lake.

PRINCE GEORGE
A physical culture class has been organized in the city with the following officers: President, Miss Gladys Wilson; secretary, Miss Ruth Hornsby; treasurer, Miss Jane Wilson. The girls will meet every week in the Presbyterian Church to be instructed by Mrs. Graham and Miss Reid.

There is no change in the strike situation at the McArthur tie camps and the men are still out. They are now asking for an improvement in sanitary conditions.

The Board of Trade is to open an office in the Munro Building to be used as an information bureau.

A Parent-Teachers' Association has been formed in Prince George with the following officers: Honorary president, Principal A. Smith; president, Mrs. Gordon H. Gower; vice-president, Mrs. Dixon; secretary-treasurer, Miss Harwood; executive, Mrs. Penny, Mrs. Williams, Mrs. Davis and P. Campbell.

Charges preferred by Dr. Lyon against the conduct of the Prince George Hospital are being investigated by the board in camera.

The Prince George Board of Trade is striving for the establishment of a creamery in the district this year and will launch a campaign of education which will ensure there being sufficient fodder and cows to ensure one next year. The project is growing in favor with the farmers.

Home Accidents

Seldom does a day pass without someone in your family happening an accident. Housework means no end of bruises and knocks. Ironing time brings its burns, cooking often results in cuts, burns and scalds, while the children are always in the wars. Consequently, every wise mother keeps a box of Zam-Buk close handy. For the sprained ankle or wrist, the cut finger or bruised forehead, the burn or scald, antiseptic Zam-Buk is the safe ideal first-aid. Zam-Buk ends smarting pain and soreness almost instantly. It kills disease germs, cleanses the broken tissues, and grows fine new skin. Zam-Buk is a pure highly-refined balm, of Nature's herbal oils and essences. Its timely use has averted many a festering hand, poisoned knee or crippled leg, common results of haphazard treatment with impure fatty ointments and salves. There's no truer saying than that "Daily Mishaps Make Zam-Buk a Daily Need."

For FREE SAMPLE BOX! Forward 1c stamp and name and date of this paper to Zam-Buk Co., Toronto. Of all druggists - 5c box, 5 for \$1.25.

NEW CEMETERY SITE FOR BURNS LAKE IS BEING NEGOTIATED
BURNS LAKE, March 14.—The Citizen's Association, Louis Banham, secretary, are taking up the question of a more suitable cemetery site with the government. The government has put aside two lots for this purpose but the drainage facilities leave a lot to be desired, and it is with the object of getting a more suitable site that negotiations with the government are being undertaken.

NEW HAZELTON
Two sleighloads of ladies enjoyed a drive from Hazelton to New Hazelton last week and \$21 was realized for the hospital as a result. The sleighs were provided by James McKay and James Latham and Mrs. Anderson and Mrs. McKay were the organizers. Ore is being hauled from the Silver Standard mine to the railroad at New Hazelton. Dean Klinek, of the University of British Columbia, will lecture in Hazelton tonight.

Mrs. Peel arrived from Winnipeg last week to visit with her daughter, Mrs. J. D. Galloway. Mr. Galloway is at present in the hospital recovering from an operation.

A very close and exciting badminton match was played last week when Mrs. Anderson and James Turnbull defeated Miss Goddard and H. H. Little. Mrs. Anderson and Mr. Turnbull will now play in the finals with Mrs. McGutecheon and Jack Frost.

TERRACE

Geo. Minchin returned last from a short visit to Prince Rupert.

The Married People's Club met at the home of Mrs. Sundal on Tuesday evening. Excellent music was supplied by Mrs. Sharpe and a very enjoyable evening was spent by all present.

Mrs. Fowler left on Sunday for Prince Rupert.

Dick Thompson, who had been in town for some time, returned Saturday to Hazelton.

Mr. Wilson of Remo visited Terrace this week.

Mrs. Jeatt who has been ill for some time is now up, and feeling much better.

Miss Onnolee Greig left on Sunday for Prince Rupert where she is to attend High School.

Mr. and Mrs. Gordon returned from the south where they have been for some time.

The Oil drilling has begun, and up to the week-end the drill was down nearly a hundred feet.

J. B. Agar who has spent the winter in Vanderhoof has returned to take up his position as bookkeeper at the Ambury mill, which is soon to commence work for the summer.

T. Davis returned from the south where he has been for some time.

Mr. and Mrs. Mills and family who bought the Clapp ranch have arrived from the prairies, and will make their home here.

Mrs. Geo. Little and twins paid a flying visit to Prince Rupert.

Friday evening was children's night at the Community Club room. There was a very large crowd present, and all had a very pleasant evening.

The land is being cleared, and material for the foundations of the G. W. V. A. rooms is being hauled to the site of the building.

Mr. Martin of Prince Rupert visited Terrace this week.

Mr. Callahan returned on Saturday from a trip north.

An ice-house is being added to the Butcher shop.

Nurse Casey, who has been visiting at the home of Dr. and Mrs. Bleecker returned on Wednesday to her home in Saskatchewan.

Mrs. Donaghy and little daughter visited Mrs. Wilson of Remo for a few days last week. Mr. Donaghy returned on Saturday from Prince Rupert.

Miss Toombs left this week for Hazelton.

Mr. Gilbert returned from Prince Rupert where he spent several days.

Mr. and Mrs. Anderson and family who have been up country for the past two months, have returned and taken up their residence in town.

RE SPECIAL TIMBER LICENSES
The attention of Timber License holders who are taking advantage of the provisions of the 1921 Amendment to the FOREST ACT, whereby arrears of license fees accrued prior to 31st December, 1920, have been funded and made payable in annual instalments, is specially directed to the fact that any renewal fee which became due in 1921 is not included in the instalments above mentioned, and such 1921 and all subsequent renewal fees must be paid within one year after the date of expiry of the license in order to maintain the right of the holder to obtain a renewal of the License.
