Stem of Vessel Crumpled in Impact When Capt. Griffin was Trying to Land His Ship Without Assistance of Tugs

HALIFAX, N.S., Nov. 3.—The bow of the Canadian National liner Prince Henry was crumpled today when she crashed into the new Pier B in Halifax Harbor following her arrival from her regular weekly voyage to Bermuda. The crash occurred when a moderate northerly breeze swung the vessel fifteen feet off her course and against the concrete dock as she was attempting to tie up without the aid of tugs. Capt. H. O. Griffin, master of the vessel, and Pilot Frank Reyno were on the bridge at the time. The probability is that the steamer Prince David will take over the Bermuda service while the Prince Henry is undergoing repairs.

NEW LOAN ANNOUNCED

British Government to Offer Conversion Issue of £300,000,000 at Three Percent

LONDON, Nov. 3.—The fourth big governmental financial operation since spring was announced yesterday in the form of a new three percent conversion loan totalling £300,000,000 which will be offered at 97½.

The loan will be used to pay off the remainder of unconverted war loans and five percent treasury bonds which were not taken up in a giant conversion loan last spring.

This transaction places the entire British long term credit practically on a three percent basis.

So great was the rush of money for investment in the new loan that the lists were closed at 12:15 noon today instead of remaining open all day as had been originally planned.

EXCHANGE ALARMING

Government Concerned Over Sterling Situation, Declares Stevens

OTTAWA, Nov. 3.—Hon. H. H. Stevens, minister of trade and commerce, said in the House of Commons yesterday that the government was deeply concerned about the British exchange situation. He was hopeful for an early solution of the difficulties, possibly from the coming world economic conference. If he had been sure there was no other solution, he would have supported the Coote proposal to make ratification of the Anglo-Canadian trade treaty contingent upon establishment of parity between the Canadian dollar and the British pound, Mr. Stevens said.

Sir John expressed regret that it had been necessary for the police to resort to the use of their clubs in quelling the disorders. He gave assurance, however, that the authorities would use any steps which were deemed necessary in dealing with such outbreaks.

It was expected that today would have seen the last of the "hunger army" leaving the city for their homes in various parts of the British Isles.

DAILY EDITION  Thursday Nov. 3, 1932

THE ROYAL FAMILY

It's wonderful that in Western Canada, over five thousand miles away from England, the people should take so great interest in the doings of the members of the Royal Family. A rumor in regard to the engagement of the Prince of Wales or Prince George is news everywhere in Canada or the United States. Millions of people are interested. Even those who scoff at Royalty read the reports.

It is now rumored that Britain and Sweden are about to find themselves with another sentimental connection in the union of the British Prince and the Swedish Princess. It is to be hoped that the rumor is true and that the young people consummate the union.

GOODWILL VISITS

It is odd to read about goodwill visits from representatives of one country to the people of another, when at the same time each nation is arming to the teeth with the expressed desire of defending itself against possible attack. There were goodwill visits prior to the great war but they had no effect in preventing it. Possibly there are not enough goodwill visits from one people to another. At any rate we might not be so ready to undertake naval and military increases if the people of the countries were better acquainted with each other.

CATTLE EMBARGO REMOVED

One result of the Imperial Conference seems to have been the removal of the cattle embargo against Canada by Great Britain. These embargoes have been set up from time to time, ostensibly to protect British herds against disease but apparently for the purpose of protecting the British producer against Canadian competition. It is also rumored that British interests in Argentina have been active in securing the elimination of Canadian competition.

MANCHURIA VERY LARGE

New Nation Which Japan Has "Recognized" Has Already Half as Big a Population

MUKDEN, Manchuria, Nov. 3.—If Manchoukuo—new name for old Manchuria—is admitted to the family of nations, it will be a sizeable addition.

Japan has declared she will in the near future extend official recognition to the administration of which Henry Pu-Yi nominally is ruler, an administration set up by and with the protection of Japan following the military activities in Manchuria during last winter.

The United Kingdom and the United States, with other powers signatory to the peace treaties, have declared they cannot recognize treaties or agreements concluded following such military activities, in any part of the world.

More definite light was shed on Manchoukuo's relations with the world powers following the appearance of the special report by the commission established by the

League of Nations, headed by Lord Lytton, which not only investigated the circumstances surrounding the changes in Manchuria but incidentally delved into the Shanghai episode which cost so many lives. The report comes up this month for action by the League of Nations assembly. As was freely predicted it has proven unsatisfactory to Japan and in this connection the tone of Foreign Minister Yasyua Uchida's recent outline of foreign policy to the diet was anticipatory.

But if Japan carries out her plan for permanent establishment of the free state on Manchoukuo, as it is termed, Pu-Yi will rule over a country more than twice as big as the Japanese Empire, and containing a population half as great.

Manchoukuo is roughly three times the size of Germany—if you include the buffer state of Jehol which the Chinese claim Japan intends to annex to Manchuria—and two and a half times the size of France. Manchuria proper has an area of 363,000 square miles, Japan an area of 177,000 square miles. The population of Manchoukuo is computed at 30,000,000.

Korea, which Japan annexed in 1930 after breaking China's hold on it, is only about one-sixth the size

of Manchoukuo with less than half the population.

Count Uchida asserted Japan had no thought of annexing Manchoukuo but would recognize the new government and complete a mutual defence pact.

Of Manchuria—or Manchoukuo's—population more than 28,000,000 are Chinese. There are about 300,000 Koreans, less than 300,000 Japanese, more than 100,000 Russians and a scattering of other foreigners. Japan is estimated to have 10,000 troops in the state.

PRELIMS TO BE LIVELY

Chuck Hickey and Tommy deMarco to Clash in Semi-Final Next Week

Promoter Bill Stone has arranged what should prove to be a very interesting list of preliminaries in connection with the Billy Bagshaw-Nina Guruch main event next Wednesday at the Empress Arena.

In the semi-wind-up Chuck Hickey, 145 pounds, will re-enter the ring after an absence of about a year and a half with Tommy deMarco for his opponent. Both are known as hard hitters and it should be a lively contest.

In another of the prelims Rupert Fong and Darrow Gomez, tough 140-pounders, will clash. In another Billy Postuk and Billy Roma will renew the hostilities they commenced with such zest last month.

Two other curtain raisers are being arranged.

SPORT CHAT

Absorbed in a debate over whether or not the revised United States football code this season is really an improvement over the 1931 set, American gridiron fans were hardly prepared for the slashing criticism of the game which has broken out again even more violent than last year. The southern states have been rocked by a slashing criticism in the University of Tennessee publication. Declaring "amateurism is a farce" the editorial suggested "a certain percentage of the gate receipts should be divided among the players in proportion to their value to the team." Commenting on a ruling of the Southern Conference which declared ineligible one, Nollie Felts, of Tulane, Ga., because he had played a couple of professional baseball games, the editorial states:

"Certainly those who guide the destinies of this group of college teams must possess an unusual sense of honor to declare ineligible on the one hand a man who has violated a mere technicality of the amateur code and, on the other hand, to ignore either willingly or negligently flagrant evils which have arisen as the result of our so-called amateurism. Whether or not Felts is technically guilty, he deserves an apology from these officials for being censured for professionalism particularly when one considers all sorts of subterfuge are resorted to remain within the letter of the law which demands pure amateurism of college athletes. Football, even in college, is a professional sport. The players get their pay—and rightly so. They earn it."

BRUINS TO BE WATCHED

National Hockey League Tail-Enders Likely Contenders For Honors This Winter

TORONTO, Nov. 3.—Watch those Bruins. This is the word travelling in hockey circles these days as ardent followers of the winter pastime look to the approach of the most evenly matched race in the National Hockey League in recent years, starting on Thursday of next week.

Tail-enders of the American group of the N. H. L. last winter, the Boston club, under the tutelage of the crafty Art Ross, has recruited additional scoring punch in the off season and is out to regain the Stanley Cup which rested in the Beantown in 1929. While other clubs had been mostly talking trades, Ross has put through four important deals and at present his squad shapes up as one of the most feared organizations in the league.

Purchase of Nelson Stewart, husky centre of Montreal Maroons, gave the Bruins a giant scoring threat. This, however, is not the only strengthening the Boston mentor has done for he has added such high class performers as Joe Lamb, speedy forward with New York Americans last year, Billy Burch, veteran centre of the same club, and Orville "Obs" Heximer, a Niagara Falls youth who has starred for three seasons with Springfield in the Canadian American League.

Such stars as Goalie "Tiny" Thompson, Eddie Shore, Red Beattie and Dit Clapper alongside the new additions make the Bruins appear headed for high ranking in the 1932-33 race.

Others Follow Lead

Following Boston's lead in building up a strong machine for the long winter grind, Montreal Maroons, New York Rangers and the reincarnated Ottawa Senators have all taken a step forward.

Rangers figured in a big deal when they secured Babe Selbert, sterling winger of Maroons. The Kitchener product, a capable front-line performer as well as a rugged defense man, will likely team up with Cecil Dillon and Butch Keeling on the second line of the Patrick squad when he is not used on the defense.

Losing two stalwart forwards in Stewart and Selbert, Jimmy Strachan started out to rebuild his fighting Maroon machine. In a cash deal with Chicago Black Hawks the Montreal leaders landed a high class defenseman in Marvin "Cyclone" Wentworth. It is not yet certain whether Lionel Conacher will forsake the wrestling game to again take his place on the Maroon rear-guard but Strachan has high hopes of adding several young players to his roster before the grind gets under way.

Ottawa Senators, re-entering the league after a year's absence, were in the field for a little new material. First step in bolstering their line-up for the coming campaign was trading Joe Lamb to Boston for Cooney Welland and a pot of cash. The Capital City club, whose players were farmed out last season to other squads in the league will be back in Ottawa harness again.

Toronto Maple Leafs, Montreal Canadiens, Chicago Black Hawks and Detroit Falcons have done little off season building and will field much the same organizations which wound up the last campaign.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

WHAT'S NEWS TO YOU?

THRIFTINESS is a state of mind that is nearly as valuable an asset as a bank account. . . . For thriftiness can always get a bank account of its own.

And it's easy to tell thrifty people from the way in which they read the newspapers — just as you can usually spot the other kind.

The great majority of men and women never put a newspaper down until they have read the important news which is directed to them through advertisements.

The modern woman, especially, finds the advertisements indispensable. She spends more than five-sixths of the family income. And the prosperity, happiness and health of her household frequently depend on her reading of the advertisements and on the wisdom with which she chooses everything she buys.

The advertisements bring you complete information about accepted products and new ones. Through them you can compare values . . . discover ways and means for greater household efficiency and enjoyment . . . and make sure that every dollar spent will bring its full return.

Newfoundlanders Have Jolly Party

Jelutiful Reunion Dance Held in I. O. D. E. Hall Tuesday With About Fifty Present

Newfoundlanders of Prince Rupert held forth at a delightful reunion dance which was held on Tuesday night in the I. O. D. E. hall. There were about fifty persons in attendance and all had a very jolly time. From 9 p.m. until 2 a.m. old time dancing such as square dances, quadrilles, etc. were enjoyed. Enlivening music was furnished by an orchestra consisting of Charles Batt, Leon Fitzgerald and Albert Oligny. J. Candow was a genial master of ceremonies and W. Whiffin acted as floor manager.

At midnight delicious refreshments were served with Mrs. W. Whiffin and Mrs. S. G. Ayres in charge.

There were 87 passengers aboard the steamer Princess Norah which was in port yesterday afternoon southbound from Skagway to Vancouver. Four persons disembarked here from the vessel and a like number went south aboard her from here. The through passengers consisted largely of employees and diver boat crews of the White Pass and Yukon Route going south for the winter.

ADVERTISING COPY MUST BE IN EARLY

Copy for display advertisements should be in the hands of the printers not later than 3 p.m. the day prior to publication. This is necessary to enable best positions to be secured.

Dress Important In Connection With Felicity

NEW YORK, Nov. 3 — Dress is most important in connection with matrimonial felicity. A wrong dress or wrong makeup may cause an instant quarrel between man and wife. This was one of the choice bits of feminine interest news given out here at the American Beauty and Styles Exposition.

Addressing a large gathering of women at the Exposition, Vann Johnston, psychologist, told her audience they should study the faces of their husbands, particularly at breakfast time.

"If he makes a wry face and grumbles or even barks, it probably isn't the coffee or the burned toast," she said. "What you should do if you are 'hep' to yourself is dash into the bedroom and change your dress or apron or whatever it is you are wearing."

A woman's dress should be in harmony with everything or something, Miss Johnston maintained. Emotions are catching and if her emotion is bad her husband will catch it and raise Cain.

Young People's Social Enjoyed

Members of Congregation of St. Andrew's Anglican Cathedral Honored at Gathering

Members of the congregation of St. Andrew's Anglican Cathedral were entertained by the Young People's Association of the church at a delightful social last evening, there being a large attendance at the affair.

The evening's program opened and closed with community singing and included a 10-minute sketch "His Wife's Father-in-Law" by Bob Irvine. Miss Phyllis Harvey and Walter Cross, a piano solo by Miss Margaret McCaffery, recitations by Miss Elizabeth McLeod, violin solos by Bert Cameron and recitation by Miss Beryl Birch.

Following the program, delicious refreshments were served with Miss Aileen Gibson in charge and Misses Holly Cross and Lillian Halliwell courting.

F. L. Buckley, who has been active in connection with the financing of a pulp mill at Prince Rupert, is expected to arrive in the city next week.

DISCUSS CLOTHING

National Unemployed Workers in Session Last Night—Ask Permission to Take Game

The regular weekly meeting of the National Unemployed Workers' Association was held last evening in the new quarters of the Canadian Labor Defence League in the Exchange Block, over three hundred attending.

The question of clothing for children under school age and over school age was discussed at length. It was finally resolved that a strong delegation approach the city council in this matter and that the council be given one more opportunity to accept or repudiate responsibility for the supplying of needed clothing for these children.

Discussion arose on the restrictions of the Game Act that prevented the unemployed from supplementing their food supply without violating the law. It was resolved that the provincial government be asked to grant permission to the unemployed of Northern British Columbia to hunt game for their needs.

Announcement was made of a mass meeting of all workers in Prince Rupert, employed or unemployed, to be held in the Moose Hall on Sunday.

There is a great difference between contentment and a dead ambition.

The Survival of the Sweetest

(By Barbara Brooks)

CORN FLAKE CHARLOTTE

Two and a half cups corn flakes, two cups sweetened apple sauce, rind of one-half lemon or juice of one-half orange or lemon, two tablespoons butter.

Butter a pudding dish and pour in a layer of corn flake crumbs. Cover with apple sauce to which the fruit juice or lemon rind has been added. Sprinkle the top with a layer of corn flakes. Dot with butter. Bake 15 to 20 minutes in a moderate oven. Serve with whipped cream.

Put the corn flake charlotte right in the oven with the ham and potatoes after the latter dish has been baking about 40 minutes. If the dessert is not brown when the ham and potatoes are done, leave it in the oven for a few minutes longer and increase the heat slightly. While the main part of this dinner is cooking in the oven, heat the beets, drain and season with butter, salt and pepper. Whip the cream for the dessert and make the beverage. Finish setting the table, and the dinner is ready to serve.

HALLOWE'EN MASQUERADE

Gay Affair Held in Kitanmax Hall Last Friday Evening

HAZELTON, Nov. 3.—The Kitanmax Hall was gaily decorated in Halloween attire, its four walls rang with laughter, shouts and music, and weird figures danced about in grotesque costumes. This festive scene was the occasion of the masquerade ball on Friday evening under the auspices of the Women's Auxiliary to the Hazelton Hospital.

Miss Essie Russell, in a black and white clown costume, gave an unique interpretation of "Laugh, Clown, Laugh," in musical monologue style. Her rendition of this well known number met with such applause that she had to return to the stage and this time she sang "Mammy." She was accompanied at the piano by Mrs. A. Chappell.

Mrs. T. B. Campbell, as a gypsy fortune teller, uncannily revealed the past and foretold the future. The prizes for the most comic costumes went to T. B. Campbell and Norman Carey. Prizes for originality were awarded Miss Thelma Cox and Vern Hawken.

Boys' Band to Have Its First Practice Under New Leader

The importance of all the boys turning out tonight for the first practice under the new bandmaster, Robert Greenfield, was stressed at a meeting last night of the Boys' Band Parents' Association with D Macfie, the president, in the chair. It was decided to hold a social following the regular meeting of the Parents' Association next month.

George N. Corkle, formerly of this city and now in the service of the Yukon and White Pass Route at Whitehorse, was a passenger aboard the Princess Norah yesterday afternoon going through to his home in Victoria where he will spend the winter.

The membership campaign is continuing until Sunday evening when Mr. Miquelon will leave for Anxox with the expectation of being back here again in about two weeks' time.

This evening's train, due from the East at 8 p.m., was reported this morning to be on time.
