# HORRIBLE SLAUGHTER OF THE CHRISTIANS

## SMYRNA HARBOR FILLED WITH CORPSES: ARCHBISHOP TORTURED AND KILLED

### Victims of Turks Said to Number 120,000; Bolshevik Soldiers are Responsible for Catastrophe

CONSTANTINOPLE, Sept. 16.—Panderama, the last Greek stronghold in Asia Minor, has fallen to the Turks. Most of the Greek army safely escaped to Thrace.

A seditious movement has broken out in Adrianople where officers and soldiers have overthrown the Greek authorities. The islands in the Aegean Sea also have repudiated Greece.

Refugees from Smyrna claim half the Greek army in Smyrna turned Bolshevik and thereby made the Turk victory easy. Soldiers threw down their arms while the Turks were advancing, and shouts of "Long Live Lenin and Trotsky" were heard.

Archbishop Chrysostom, metropolitan of the Greek orthodox church, was tortured, murdered, and his body carried about Smyrna where indescribable scenes of murder, pillage and rape were enacted by the Turks. The American relief authorities place the number of victims of Turkish wrath in Smyrna alone at 120,000. This number probably includes injured and missing.

In one nearby town all the men have fled or been taken away by Turks and the population has been reduced to 5,000 women and children who are unprotected.

Smyrna harbor is filled with corpses which impede progress of craft plying in and out trying to rescue citizens.

Smyrna is reduced to smoking ruins. The Turks have not left one stone on another in the city.

CONSTANTINOPLE, Sept. 16 (noon).—Upwards of 2,000 people perished in the great fire at Smyrna when 2,500 buildings were destroyed and all foreign property was wiped out. The catastrophe is of much greater proportion than the conflagration at Salonika in 1917 which caused \$100,000,000 damage and left 200,000 homeless. The commercial loss is enormous and falls to a great extent upon foreigners.

### VICTORIA LIBERALS FAVOR OPEN SALE OF BEER AND LIGHT WINE

Oppose Granting Franchise to Hindus in This Province.

VICTORIA, Sept. 16.—A plebiscite on the open sale of beer and light wines in British Columbia is demanded in a resolution adopted here last night by the City Liberal Convention assembled to elect delegates to the provincial party convention.

The convention, which was addressed by Premier Oliver and Hon. J. H. King, federal minister of public works, also went on record as opposed to granting the franchise to Hindus in British Columbia and approved the policy of progress of the Federal Government in its first session of Parliament.

### APPRECIATION IS EXPRESSED

F. G. Dawson Thanks Public for Fine Support and Helpers for Work.

This morning F. G. Dawson, president of the fair this year in an interview with the Daily News stated that he wished to express to the people appreciation of the way the fair had been patronized this year. The attendance had been exceedingly good and this was largely instrumental in making the fair a success.

Mr. Dawson went on to say that the directors appreciated very much the co-operation received from Major Thompson and Len Bell in connection with the airplane services. The plane had been a great attraction and everything had gone off most creditably. Capt. Swanson had placed his boats at their disposal in connection with the service and had also given his time.

Work of Manager.

The work of the manager Jack Venables came in for commendation from Mr. Dawson. The work had been carried out well and the experience of this year would be very useful another season should the board decide to employ him in that capacity. At any rate he would recommend to the next board of directors that the system of employing a manager for the whole year be adopted as he considered it the only effective way of conducting the fair.

The co-operation of the press was mentioned by Mr. Dawson.

The Daughters of the Empire did good work and many others gave their time and worked hard with good effect.

### Steamer Queen is Ashore at Kennedy Island: Passengers Arrive Here and Detained

The Admiral Line steamer Queen, Capt. Glasscock, south-bound from Skagway to Seattle, grounded on White Cliff rock, off Kennedy Island, 18 miles from Prince Rupert, at 6:47 this morning and her 238 passengers, including 100 Orientals and consisting mostly of Alaska cannery people, were landed here at 12:30 this afternoon and are being detained on the ocean dock by the immigration authorities.

The Queen was proceeding dead slow in the heavy fog when she struck. There was little or no disorder among the big list of passengers. At 7:03 the distressed vessel got in communication with the Union steamer Venture, which was then at Sunny-side Cannery. The call was also picked up by Digby Island and broadcasted so that other ships in the vicinity might respond. The Venture proceeded to the scene and took off the passengers and the Admiral Rodman, a sister ship, also responded and is now standing by. The passengers were accompanied here on the Venture by the purser of the Queen.

The Queen is reported to be very little damaged and the only danger would be of sliding off. The safety of the passengers was ensured by removing them to the other vessel. Capt. Glasscock and crew are staying with the ship. One plate is said to be gone and it is expected she will be floated on the high tide about 8:15 this evening. In the meantime divers have been sent from here to examine the hull with a view to ascertaining the extent of the damage.

The passengers now here will likely be picked up by the Queen when she is refloated or else taken by the Admiral Rodman if the damaged vessel is unable to proceed with them.

The Queen is owned and operated by the Admiral Line in the passenger and general freight service between Seattle and Alaska ports. She has on board also 40,000 cases of salmon.

### BOY OF ELEVEN IS ON MURDER CHARGE SUGGEST BLACKMAIL

MONTREAL, Sept. 16.—An unnamed boy of eleven was charged in the Juvenile Court yesterday with killing with a baseball a woman who had complained about the noise he was making.

The charge was made by the defense that the original charge was brought for blackmail purposes, that death was due to natural causes and that the woman's husband was trying to assess the child's relatives for a settlement.

### CHINESE STUDENTS RETURNING TO DESKS

No Discrimination Made Against Chinese as Such But For Good of Schools

VICTORIA, Sept. 16.—Chinese students who struck against segregation in the city's separate schools are filtering back to their desks, and it is now expected the whole two hundred Chinese kids below high school age affected will comply with the ruling that pupils not able to speak fluent English must study apart.

The school board has published a statement that the ruling was made only for the good of the schools and not in discrimination against any nationality and to prove it the board has taken back 20 scholars who proved able to speak good English.

### 25,000 GIRLS TAKEN BY TURK

British Government Says Freedom of Dardanelles Vital Necessity.

LONDON, Sept. 16.—The British Government has adopted the attitude that effective and permanent freedom of the Dardanelles is a vital necessity for the sake of which it is prepared to make exertions, it is authoritatively stated.

Twenty-five thousand Christian women and girls have been conveyed to the interior and distributed among the Turk soldiers, says a despatch to the Times.

### HANS BERQUIST IS CASTIGATED TODAY IN POLICE COURT

Magistrate Express Strong Opinion of Man Charged with Assault.

Hans Berquist, charged with assault with intent to do grievous bodily harm to May Brown, of Comox Avenue, had his charge reduced to common assault to which he pleaded guilty this morning and was fined \$25 besides being roundly condemned by Police Magistrate McLymont. He was also bound over to keep the peace or one year.

"I am sorry," said the magistrate, "that this charge has had to be reduced to that of common assault. While you had been directed to have no communication, either direct or indirect, with this woman, I am satisfied that this has not been carried out and it looks like a frame-up to me. I consider you a low down specimen of humanity and, while it is true that there is no police record against you, your activities and mode of living are generally known to the authorities. I would like to have seen this case go to the higher court."

M. Gonzales, of Williams, Manson & Gonzales, conducted the defence.

### FORD CLOSES DOWN WORKS

Thought to Be Protest Against Demands for High Prices for Coal.

DETROIT, Sept. 16.—Henry Ford started demobilizing his army of workers last night and has given notice to all employees in the automobile and accessories plants that there will be no work for them after Saturday. As a result of 70,000 men will be thrown out of work.

Mr. Ford advised his men to live economically and save their money during the period of unemployment.

The action taken in closing down the factories is looked upon as a sequence of the Ford threat to close down rather than pay higher prices for coal.

### MILLS TO MOVE THIS PROVINCE

Duty on Shingles Not to Apply as Bill Reported Out by Senate

SEATTLE, Sept. 16.—It is possible that owing to the reporting out of the Senate and House administration bill pulling shingles on the free list, four of the large shingle mills of the John McMasters Shingle Co. in Washington and Oregon will be dismantled and moved to British Columbia, according to a statement made by John McMasters.

The resumption of the import duty of \$1 a thousand also renders it more difficult for local manufacturers to bring in logs. It is McMasters' intention of moving to British Columbia and it is also the intention of approximately every other large manufacturer of shingles in the two states to move to the Canadian province.

### BRITAIN IS APPEALING DOMINIONS

Also Asks Roumania, Jugo-Slavia and Greece to Participate.

LONDON, Sept. 16.—The British Government addressing Roumania, Jugo-Slavia and Greece is asking their participation in the effective defense of the neutral zone. It was learned officially today, when Britain also has invited her dominions to be represented by contingents in defense of those interests for which they already have made enormous sacrifices, it was authoritatively stated.

### Federal Government to Develop Terminal Facilities of Western Canada and Trade will Move West

VICTORIA, Sept. 16.—Canada's prosperity depends to a great extent upon the development of the west and the federal government through immigration and improvement of the railway terminal facilities is determined to bring about that development.

Hon. J. H. King, federal minister of public works declared yesterday when Victorians welcomed him at a public luncheon here.

The federal government, Mr. King asserted, intended to cooperate with the provincial governments in the stimulation of the settlement of the West and with increased immigration and the western movement of trade the minister foresaw for the west another period of prosperity like that which preceded the great war.

### Closed Season, Aid to Fishermen And Administration Changes Commission Recommendations

VANCOUVER, Sept. 16.—A closed season in British Columbia halibut and cod fisheries will be recommended to the Federal Government by the parliamentary commission which has just concluded investigation of the fisheries conditions in this province.

In an interview given here, William Duff, chairman of the commission, indicates that the commission is prepared to make such recommendations.

The commission is also unanimous in the opinion that changes in administration of the fisheries department are necessary if adequate attention is to be given to the fishing industry.

It is generally believed that the commission will lend at least some measure of support to the demand made by the fishermen and canners on the Pacific Coast for a separate portfolio and the department of fisheries at Ottawa with this end in view.

The commission it is expected also will recommend that the government give greater assistance to white fishermen with a view to making their occupation an all year round one.

It is not possible to forecast what recommendation the commission will make on the vexed subject of licensing Oriental fishermen, but there is reason to believe that it will suggest the curtailment of the number of licenses issued to the Japanese.

### COLONIZATION IN B.C. UNDER CONSIDERATION

VICTORIA, Sept. 16.—Expressing satisfaction with the result of an interview with the Premier and his cabinet, Sir John Willison and other members of the Western Canada colonization committee said they were prepared to make special arrangements to meet special conditions in land settlement in British Columbia.

### ADMISSION FIGURES TO FAIR YESTERDAY

Admission figures to the Exhibition Hall and grounds yesterday were as follows: Main gate of building during day, 229; sports ground, 274; masquerade dance in evening, 694. The first and third figures are exclusive of passes, complimentary and season tickets. Today's events will be principally on the sports grounds with the big free dance in the hall at night.

### OLDEST AND YOUNGEST PASSENGERS WILL FLY ON HAZELTON TODAY

This afternoon at 3 o'clock Major Thompson will take up a flier the oldest and youngest passengers of the Exhibition flights. The oldest one will be Robert Conrad, aged 83, and the youngest, Norman Leslie Bourne, ten month old son of Mr. and Mrs. W. Bourne and one of the first prize babies in the Better Babies Contest. Mrs. Bourne will accompany her son on his first flight.

Aid. Theo. Collart sails tomorrow night on the Prince Rupert for Vancouver.

### FUNERAL OF LATE MRS. GEORGE GREEN TOOK PLACE TODAY

The funeral of the late Mrs. Gora Green, one of the victims of last Wednesday's unfortunate shooting tragedy, took place this afternoon at 2:30 o'clock from the B. C. Undertakers' Parlors on Fairview Cemetery, Rev. Canon G. A. Rix officiating. Interment took place in the G. W. V. A. plot alongside the unfortunate girl's soldier brother, Bert, who died several years ago. The pallbearers were W. Bissett, H. Todd, W. Hammond, J. Sudeb, C. Geddes. There were flowers from Mr. and Mrs. Robert Leighton, Mr. and Mrs. Ernest Pearce, Mr. and Mrs. Elstermann and family, Phyllis and Germania Dewhurst, Mr. and Mrs. L. Dewhurst, Mr. and Mrs. Philip Metz, J. W. McDonald and Mr. and Mrs. Miggas.

### DOUBLE DRILLING FINALS YESTERDAY

Jack Sherman and A. Iverson Beat J. McRae and A. Antonelli—Single Finals Today.

Jack Sherman and A. Iverson, drilling 17 inches in 15 minutes, won the double drilling contest at the Exhibition carnival grounds yesterday over J. McRae and A. Antonelli, whose record was 12 13-16 inches.

Two more contestants came in for the single drilling and the finals will be pulled off this afternoon. Tom O'Brien made 5 1/2 inches and Paddy Creagh did not finish, his drill breaking.

G. W. Kerr was in charge and P. Laporte was timekeeper.

**Exhibition Over People Well Pleased.**

The exhibition is over and it is now time to take stock and draw lessons for future seasons. Taken on the whole the arrange-  
 ments have been excellent and the comments of visitors generally  
 have shown that the efforts of the management have borne fruit.  
 The new plan of appointing a general manager for the fair has  
 justified itself but it has, perhaps, made a few of the directors  
 sit back and do less than they might. This has not been a good  
 thing. There have been many cases where it seemed as if direc-  
 tors or committees could have helped the fair a good deal if  
 they had been on hand. To leave everything wholly to one or two  
 men seems hardly the correct thing.

This year the exhibits were practically complete in time for  
 the opening, a most excellent feature and one to be commended  
 to future managements. The new layout has improved the future  
 and much of the work done this year will prove useful in place  
 and will not have to be duplicated. All this is good. The weather  
 of course has been excellent and that has helped matters more  
 than can be estimated.

**Few Criticisms To Be Made.**

Among the criticisms to be heard is one that there has been  
 a lack of music. The music committee, if there was one, did not  
 seem to be functioning well. It looked as if the music was con-  
 sidered a negligible quantity and something which did not mat-  
 ter. This can be remedied at another fair. Band music is a big  
 feature of any fair or carnival.

The lack of exhibits in some lines this year was due in many  
 cases to the weather and not to the management.

**Financial Success Most Encouraging.**

While the financial returns are not all in and the final re-  
 sult may not be known for some time, it seems certain that there  
 will be a good balance on the right side of the ledger. This should  
 be so, for had the rain come at the wrong time it might have  
 been otherwise and there should be a balance carried forward for  
 such emergencies.

President Dawson and the board of directors are to be con-  
 gratulated on the results. They have worked hard and much  
 thought and energy has been expended with the best results. The  
 present board has set a pace which it will be difficult to follow.

**The Terrible Turk Again On Rampage.**

The Terrible Turk is again giving us a little idea of what is  
 meant by Moslem savagery. The massacre in Smyrna has been  
 quite in line with Turkish traditions. We wonder what the  
 Christians in Smyrna think of the powers of Europe in whom  
 they trusted for protection and who left them to be butchered  
 by their enemies.

The Turkish situation today looks very threatening, but at  
 any time the international atmosphere and the present war scare  
 may pass as quickly as it arose.

**Doubtful Source Of Provincial Income.**

Nobody wants to be narrow-minded or puritanical, but to  
 many it does not seem quite the right thing that we should be  
 drawing public income from race course betting. It is announced  
 that all municipalities will share in the proceeds of the five per  
 cent tax gathered in Vancouver. While we are always ready to  
 take money that is offered, there will be many citizens of Prince  
 Rupert who will not feel it is quite the right thing to secure in-  
 come from the proceeds of public gambling.

MADAM SLOAT

PERM JUNCTION, N.B., Jan. 22nd, 1920

"For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. I was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For twelve years now, my health has been first class, and I attribute it to the use of "Fruit-a-tives" which I take regularly."

THE way to have raised a row yesterday would have been to have stepped into the baby show and remarked innocently "What an ugly lot."

THERE are two perfect babies in the city. I wonder if they are guaranteed not to howl at the wrong time.

Building to Be Erected at the Mine for Picture Show and Dances.

**TECHNICAL CLASSES**

Community Club Decides to Give Prizes to Encourage Students.

ANYOX, Sept. 14.—At the weekly meeting of the Anyox Community League Council Wednesday night it was decided to build a new picture show at the mine, which could be used for dancing and other indoor sports, building to cost \$5000.

The recreation building was the chief subject for discussion at the mine meeting. At the previous meeting held at the Beach, some discussion arose as to whether the mine residents were more in favor of the road being kept open between the mine and beach, a covered sidewalk from the mine to the beach or a picture show building which could be used as a recreation hall. The matter was advertised for a week so that a banner crowd turned out at the mine meeting.

Mr. Blundell presented a petition to the council with 214 names of mine residents, in favor of the building. Mr. Blundell said in all fairness, that there were many people in favor of the covered sidewalk, but the great majority favored the picture show building.

J. T. Kirkwood of the mine said it was time something was being done for the men in the bunk houses and he knew of no better way than by a building where general recreation could be indulged in.

**Money Voted.**

Councillor Armour, gave a brief history of this matter. He said this was brought up about three years ago and was again revived by him last meeting at the mine, when as temporary chairman the delegated Councillors Warwick, Buzzelle and Murdoch to look into this matter, so that plans had now been got out by Mr. Paton at the mine and it was now up to the people to say what they wanted. He also told the council that it should be borne in mind that a large part of the League's revenue was derived from the mine, and being assured by Chairman Ferguson that the plans were now completed, he moved a resolution, seconded by Councillor Noel that \$5000 be voted by the council to erect the picture show and recreation building at the mine, the work to start immediately, this motion being carried. Secretary Kelley said the committee were only waiting for the word to go ahead.

Tom Murphy asked to be allowed to say a few words after the resolution was carried. Mr. Murphy said as a councillor he had brought this matter up three years ago, but it was the fault of the mine residents for not supporting it at that time, but said he was happy, for he had made this promise and thanked Councillor Armour and Buzzelle for their untiring efforts in behalf of the community and the mine in particular.

**Technical Classes.**

During the business of the evening a communication was read from J. Pinder-Moss, director of the Northern Technical Institute of B. C., announcing that the technical classes would start Oct. 2, this information being greeted with applause. Mr. Pinder-Moss also asked the council if they would consider giving a prize for the student who obtained the highest marks, suggesting either the class in dressmaking, millinery, public speaking, chemistry and first aid. Mr. Buzzelle moved and Mrs. McKay seconded that the dressmaking class, be chosen, which was carried, whereon Mr. Armour, said he would like to see some recognition given to the student in every class who had the highest marks. The council thought this was going too strong and Councillor Armour suggested if the chairman were chosen as judge for the dressmaking prize, he would guarantee him an interesting session.

**Chemistry and First Aid.**

Councillor Lowry thought the chemistry and first aid classes which he said were grouped together should be given a prize

**WINNERS IN  
BABY SHOW**

Interesting Afternoon at Exhibition Yesterday When Announcements Were Made.

The announcement of winners and the awarding of prizes in the "Bottle Babies" Contest attracted a great crowd of spectators to the Exhibition Hall yesterday afternoon. There were besides beautiful baby boys and girls which testified to the healthful conditions of Prince Rupert's very young population.

A feature of the Baby Show was the fact that there were two one hundred percent children—both of these in the girls under six months class. These remarkable children were, Phillis Louise, daughter of Mr. and Mrs. George Levick, and Hazel Georgina Grate, daughter of Mr. and Mrs. A. G. Grate.

**Certificate for Entrants.**  
Jack Venables, fair manager, presided at the show and was assisted by W. E. Thompson, vice president of the Fair Association. As each baby's name was called the mother carrying the child came forward and was presented with a cup or spoon and a certificate. Rounds of applause greeted many. After the awarding of the prizes, certificates of the doctors noting various "points" were presented to the mothers of the babies who were not successful in coming in the first and second classes.

First prizes were handsome silver cups; seconds, silver spoons. Mrs. Robert Blance and Mrs. J. H. McMullin, representative of the Imperial Order Daughters of the Empire, and Mrs. Donaldson, acting matron of the general hospital, assisted, also Miss Constance McMullin and Miss Lorna Tite in the distribution of certificates.

The judges were Dr. J. P. Cade, Dr. H. E. Tremayne and Mrs. Donaldson. The prize winning babies were as follows:

**MODEL BOATS**  
Two Shown at Fair Were Much Admired.

An exhibit that has created a deal of interest at the Fair is that of the two model boats. The model pleasure cruiser "Myrtle" built by Cecil Rose, a local boy of 17 years of age, took first prize, while the model sailing schooner "Nettie Smith" built by Capt. T. D. Smith of the halibut boat D.C.F. obtained special mention. These models are of an entirely different class. The details of the pleasure cruiser "Myrtle" are remarkably true to the full sized pleasure cruiser "Loafer" which was built by the eminent naval architect, W. W. Deed, details of which were published recently in The Motor Boat. The model measures 4 ft. long by 13 inch beam, and the interior is completely unholstered as are also the exterior seats, where pretty little cushions complete a very snug and pretty effect.

The model sailing schooner "Nettie Smith" is one of the finest models in its class in the province and won the first prize at the Exhibition two years ago. This boat measures 5 ft. long with a beam of 13 inches and

Owen Fisher and T. Shimizu were the bondsmen.

**MASQUERADE LAST NIGHT**  
About 1,000 People Visited Exhibition Hall Last Night to Take Part in or Witness Event

It is estimated that one thousand and persons visited the Exhibition Hall last night to take part in or witness the great masquerade ball, concluding the fourth day of the Fair. There were about 50 couples in costume and some of these were rather clever. The large majority of the dancers, however, were in ordinary clothes.

The dancing commenced about 10 o'clock and continued till well after 2 in the morning. Shortly after 11 o'clock the Grand March took place and the judges selected the winners, after which all unmasked. The judges were Mrs. J. C. McLeenan, Mrs. H. E. Tremayne and J. F. Strang. Their selections were as follows:

Best men's character costume—George Brooks, of Port Simpson, whose handsome Indian chief's costume of blanket and rabbit skins with feather headgear was an easy first in its class.

Best ladies' character costume—Miss Alexina Wood, who wore a dainty Turkish costume.

Best men's comic costume—W. J. Wakefield, clown.

Best ladies' comic costume—Miss Pearl Clayton, Chinese lady.

Splendid dance music was furnished by Nowell's Orchestra, consisting of Douglas Jack, violin; Art Easson, saxophone; Bob Newell, piano; and Howard White, drums. Ralph Harrap and R. E. Benson were the floor managers.

James Adams, a Naas River Indian, was fined \$10 by Indian Agent W. E. Collison yesterday having been found guilty of intoxication.

# To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

## CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,  
Minister of Finance.

## CALLIES BEATEN BY ENGLISHMEN

### Scots Were Knocked Out of Exhibition Series by Score of 5 to 1 Yesterday

The Sons of England defeated the Callies by a score of 5-1 in the replay of the semi-final for the Exhibition Association soccer cup at the Acropolis Hill grounds yesterday afternoon. There was a large crowd of football enthusiasts.

The teams lined up as follows: Sons of England—Stockdale, goal; Lamb and Kelsey, backs; E. Craggs, A. Craggs, Geo. Mansell, half-backs; J. Farquhar, D. Hodgson, Percy Tinker, D. Wiggins and W. Hamilton, forwards.

Callies—Briec, goal; W. Murray and A. Kinghorn, backs; J. Campbell, D. Scott, and Geo. Abbott, half-backs; D. Jack, J. Sellers, Eric McIntosh, J. Currie and D. Main, forwards.

J. W. Davis handled the game very efficiently as referee, and G. Waddell and D. Gay were line-men.

#### First Half

The Sons took the field on the up grade, and the game opened evenly. Soon the Callies pressed and forced a corner which was not converted. Hodgson, for the Sons, got a good opening but was blown offside. The Callie boys got away and McIntosh tried Stockdale but the shot went over the bar. The Scots were showing good combination and were enjoying a full share of the ball. A sudden dash by the Sons forwards resulted in Hodgson beating Briec for the first time. From the centre the Callies were determined in their efforts and McIntosh forced a corner without converting. The Scots continued to press and Stockdale was called upon, repeatedly proving himself very safe. A corner for the Scots taken by D. Main was headed past Stockdale by Geo. Abbott. From the centre the play was spirited, and a good effort by the Scots' forwards in front of Stockdale was passed up. A combined rush by the Sons resulted in Dave Wiggins beating Briec with a well directed shot. Just prior to the half-time whistle D. Main collided with E. Craggs and was helped off the field with an injured leg. When the whistle blew the score stood 2-1 in favor of the Sons of England.

#### Second Half

Right from the centre the Sons made a spirited dash and Farquhar placed a dangerous shot across the Scots' goal mouth. The Callies were undoubtedly handicapped with the absence of Main who did not return to the game, but allowing that defect, they lacked the knack of getting on the ball or using it to the best advantage when they did get it although they played a hard game at that. A foul against E. Craggs gave the Scots an opportunity but a bye resulted. At this juncture both teams steamed up well with honors pretty even. The Callies made a dash and Scott put a high shot over Stockdale. They continued to press and McIntosh tried Stockdale but the shot went wide. The Sons forced a corner off Kinghorn which resulted in a scrimmage in front of Briec from which Tinker scored. From the center the Scots pressed and gained a corner but the Sons' defence cleared. The Scots pressed hard and Scott put a hot shot at Stockdale which struck the crossbar and bounced back into play. As a result of good combination play by the Sons' forwards, Dave Wiggins got away on the run and beat Briec with an awkward shot. A few seconds after taking the center the Sons got away again and Tinker put in a fast shot which beat Briec. From this on to the end of the game the Callies tried repeatedly and very hard to gain points but were unsuccessful.

## THREE ACCIDENTS FROM LOW TIDES

### Boats Went Aground; Provincial Sittil on Kitson Island.

Three boats of the mosquito fleet had rather nasty accidents on Thursday night on the mid-ought low tide. Jack Bradbury's boat Beville struck a rock near North Pacific Cannery on the mouth of the Skeena and the Bethune, same owner, hit on the inside of Const Island. Temporary repairs were made to both these vessels and they arrived in port this morning for survey. The Provincial, of the Prince Rupert Boat House, also ran up on Kitson Island bar and tipped as the tide rose and then filled. It is expected she will be raised in a day or two. She is now in the hands of the insurance people who will make the most of the salvaging.

The Sons of Canada and the Knights of Columbus will stage a ball game tomorrow at 3 o'clock. This action is taken owing to the closing in of the evenings making it difficult to play after work on a week day. Should the Sons of Canada win, this will be the last game of the league series.

### Comments on Play

The first half was the best half of the game. In the second half the Scotchmen, although missing the presence of Main, did not play their expected game and missed several excellent opportunities. Both Kinghorn and Murray played a useful game at full back and Briec in goal was not to blame, having very hot shots to contend with. Their half back line played a hard game, while in the forwards McIntosh, Sellers and Main played well.

The Sons were good in defence. Stockdale in goal played a splendid game, as did Lamb and Kelsey at back. The Craggs Bros. and Mansell in the half back line did well, while Farquhar, Hodgson, Tinker, Wiggins and Hamilton all aided materially in their success.

## DID GUSTAVO EVADE MEETING ANYOX MAN

### Kelly Says He Was Challenged Two Weeks Ago But Did Not Reply.

This morning a telegram was received from F. M. Kelly of Anyox in connection with a proposed wrestling bout with Ad Gustavo. The telegram follows: Anyox, Sept. 15, 1922. Sporting Editor Daily News, Prince Rupert. Gustavo wrote me some time ago asking if possible to arrange a match here. I have a man who is willing to take him on at this place any time. He weighs about 175 pounds. This party wrote Gustavo two weeks ago but has received no response. If he meant business let's hear from him. F. M. KELLY.

# Waterfront Whiffs

Doings of the Mosquito Fleet Which Is the Chief Source of Prince Rupert's Prosperity

The Admiral of the Mosquito fleet has a new slogan flying from the mast of the flagship of the fleet this week and the slogan is "Keep on fishing" which is being lived up to in great style by his merry men. The weather on the high spots is reported as ideal for the fishing business, and the arrivals have kept up a steady clip.

The prices have been, on the whole, very steady and satisfactory to the boys in fact everyone seems happy.

The Cow Bay base has taken on quite an animated appearance this week with the record influx of the Indians and their families, who pulled into port early in the week for the purpose of visiting the city during the Fair. The floats are alive with every conceivable floating conveyance ranging from a chicken halibut box propelled with an umbrella to a 50 h.p. palatial launch.

The success of the Exhibition this year is the talk of the waterfront. Everybody votes it the best yet. A whole raft of nautical celebrities have paid several visits to it. There is only one criticism which the fishermen have to make and that is the absence of any fish exhibit therein.

The secretary to the Admiral has pleasure in stating that the halibut catch this week has reached the healthy figure of 425,000 pounds, and that nineteen carloads have been shipped over Monday, Tuesday and Wednesday of this week. The prices have averaged from 10c to 12.50c.

S. V. Christian of the Pacific American Fisheries, who is one of the pioneers of the Vanderhoof district was in the city during the week on a business trip for his company. The Pacific American Fisheries are operating eight canneries in Alaska. Mr. Christian says that Vanderhoof, like many other places, is having its little troubles, but that the citizens have implicit faith in the future of their fair town and mean to hang on as long as British Columbia is termed B. C.

Natives have arrived en masse to visit the exhibition from Kitimaat, Hartley Bay, Metlakatla, Port Simpson, Kitkatla, Kinohith, Greenville, Aiyansh and many other district points.

The Pride of Japan, owned by W. Suga, was an entrant for the power boat race for the championship of the northern B. C. Challenge Cup which was scheduled for Thursday afternoon. The race was called off, however, as the Miss Rupert II, owned by George Frizzell, was the only boat that had an engine with a kick in it. Both the Ponsiella, R. E. Benson, and the Japanese boat had their engines fall asleep during the day and could not wake them up.

The Wigwam returned on Wednesday from a trip up the Skeena with a seaw load of fish off for the Rupert Marine Products Ltd. of Tucks Inlet.

The power boat P.R.T. returned from Porcher last night with seaw load of gravel for the Ketchum bunkers.

The waterfront boys were shocked on Thursday to learn of the double shooting tragedy which took place on Fourth Avenue East, when George Green a well known fisherman, shot his wife dead and then turned the weapon upon himself inflicting injuries from which he died at 5 o'clock on Wednesday afternoon in the general hospital. The deceased man was a well known character in nautical circles and was working for some time on the halibut boat Bethune. He is spoken well of and appears to have been a quiet living, hardworking man. Jealousy is thought to be the motive for the crime. A little boy is the survivor of the family. Green was a native of Newfoundland, 36 years of age.

The sportsmen of the waterfront jumped into action on Tuesday afternoon when the croak of wild geese was plainly heard. Everyone around the

floats woke up with a start and rushed for double barreled guns and rifles, in fact the Cow Bay vicinity had the appearance of the landing of the Swiss navy in the year 909. Someone suggested that perhaps it was the engine of the seaplane misleading them but just upon it the wild goose noise was plainly heard, and every eye drew a bead on its respective fowling piece. After a little while it began to dawn on the armed mob that there was nothing doing, in the air at any rate. Upon a close examination of the boats tied at the floats it was discovered that an Indian had two wild geese in a box, and these were the birds that were making all the fuss. The mob retired without having fired a shot.

The Indian launch Kemano arrived in port from Kitimaat on Monday with several Indian families aboard.

The power boat Bobby with a couple of old timers from Porcher Island left port on a trapping expedition to the head of Gardner Canal on Tuesday. A quantity of provisions and lumber was aboard and the trappers are not expected to return to port until the spring of 1913.

The Virginia C., an Indian launch from Port Simpson, came into port on Tuesday morning with several happy families aboard who were bent on spending a few bright days at the Exhibition.

Geo. Bryant is figuring on leaving for a hunting trip to Kitkatla Inlet with a party of sportsmen, on Saturday night aboard his launch Haria.

Flossie Flirt is having quite an exciting time in the Wheat City but this time it is trouble with Sandy Slush. It appears that Sandy has written Flossie demanding the return of the presents he promised her, failing which he has threatened to use the arm of the law. Flossie has written the Admiral for advice in the matter, and the letter reads as follows:

"Dear Admiral:—Please excuse my not writing you last week but I have been up against quite a proposition. It's easy enough to get a guys goat but when he wants me to return the presents he promised me well that's another thing ain't it? Now I want your fatherly advice on this ere stunt because he promised me a lot of things such as a Ford car with silver wheels and a set of false teeth set with diamonds which I don't remember ever getting. That's the worst of this ere love stuff. A guy gets so rash and kays and does such stupid things. I forgot to say as I have returned the 35c Woolworth diamond ring and do you know that cost me 50c for postage and registration and there ain't no money in that sort of business. You can bet your sweet old life that I'll tread very careful when I get through with this mess. Say, I've just had a brain storm, and don't need no advice now. I'll just waylay him, now that the nights are nice and dark, and clip him over the brainless head with a big brass baseball bat. I think that should end the discussion sort of satisfactory don't you? I heard about the Exhibition that you were pulling off and would have been tickled all down the spine to have seen it. Think if I had been in Rupert you and I might have pulled off the sailor's hornpipe for em or something just as rash. Don't forget about that loose change that's not working because I'll be through with Sandy tonight as its nice and dark, just the night for dirty work."

The Dreamer left port on Thursday morning with Capt. H. Walford on the bridge. Hidden in spray kicked up from the wonderful one man power propeller she hit out for Lawyer Island where the well known skipper will consult with E. H. Shockley who has the contract for the new fog alarm building at that point.

The waterfront is all up in

the air these days. The great centre of interest has been the seaplane, which has been blessed with remarkably fine weather and has been doing a thriving business with passenger flights. A number of the fishermen and their wives have been up for a flight and those who have participated in this thrilling sport are all hot up about their experiences. Although as one man said "It ain't much of an idea for Saturday night shopping stunts."

On Tuesday afternoon Bob Connor, aged 83, one of the oldest of old timers took Rosario Soriano aged 13 up in the plane with him. Bob says that he hasn't got a great deal longer to live and means to see high life while he has the chance. Bob thinks flying is a great sport and says if he was ten years younger he'd make a plane for himself and give the youngsters the time of their lives.

The tug Hamaev, Capt. Brennan, was down south during the week with a party of businessmen on a mystery trip. Only the secret service know what the stunt was and of course they won't tell.

Here's one on Joe Jack the skipper of the Birdie B. Joe has been very busy this week hammering up signs, etc., at the exhibition building and of course time has been the essence of the contract. The other day at noon he turned up unexpectedly for lunch, about 15 minutes ahead of time. This caught his loving spouse napping and there was little doing in the eat line at the moment. Naturally Joe wanted to get back to work, he loved work, and said a few impolite things which he got back with interest. The sequel was that he was no match in the argument and something was said that really annoyed him. At this moment his eye lit upon some sandwiches and grabbing these he hiked down to the basement and joined the eat in a hearty lunch, much to the enjoyment of the eat. However, all is harmony once again and the eat has since left home.

The Bob, Capt. Svedmark, arrived in port on Tuesday night from his sawmill interests on Porcher Island bringing in a load of boat lumber. Cap. always dishes up a special brand of boat lumber which is eagerly snapped up locally and he had to pay no commission to a salesman on this trip.

The launch Wyeall of Ocean Falls, owned by the Whalen Pulp and Paper Company, was in port for a few days on company business.

The tug Marion arrived from Anyox early in the week with 60 drums of Benzol for the Rupert boathouse interests.

With apologies to Walt Mason. Dedicated to Bill Knight:

Come on said Bill and let us go, down town and see the picture show. Alright says Steve that's some idea, we'll just do that and don't you fear. And so (logged up in neat array, these two young men down town did stray, and Bill just like a sport, in they ran. The picture set poor Steve a whirl, for 'twas about a chorus girl. The heroine whose name was Pegs, had certainly got some lovely legs. While Steve was having lots of fun, old Bill was fairly on the bum. In fact 'tis said that Steve did weep when turning round found Bill asleep. He says its lack of brains you know to pay to sleep in a picture show. When Bill woke up and heard what he'd missed he cursed poor Steve and told him this, that if he'd finished out his nap he'd have got a fortune from his Uncle Jack.

The halibut boat Imperieuse is having a new 30 h.p. N. & S. engine fitted in her hull to replace the old 30 h.p. Union which has been doing service for some years. The N. & S. engine is made by the N. & S. Engine Co. of Seattle and is rated by fishermen as one of the most compact, and economical pieces of machinery on the market. With this addition and after completing her hull overhaul the Imperieuse will be one of the most modern halibut boats working out of this port.
