Simplifying of Liquor Administration PROSPECTS FOR PEACE IN IRELAND ARE BRIGHTER THAN EVER

To Make Liquor Control Fully Effective Will be Legislation now Promised

VANCOUVER, April 6.—That legislation will be introduced in the House of Commons at the present session which will make the British Columbia liquor control administration fully effective was the statement made yesterday by Attorney-general Manson when here on his way to Victoria from Ottawa.

Mr. Manson said Premier Mackenzie King had promised to introduce legislation to implement the control of the provinces. The legislation will have the effect of stopping all importations of liquor in British Columbia for all domestic purposes. It will provide that wherever a province has government control of the liquor business and the executive by order in council requests the Dominion to do so, the Dominion Government will prohibit all importation for domestic purposes except through the Government liquor control board.

This legislation, says Mr. Manson, will put the full machinery of liquor importation in the hands of the Government and will greatly simplify and strengthen the provincial liquor administration.

CONDITIONS IN BRITAIN ARE GLOOMY

Engineers' Strike Depends on Negotiations Now Proceeding.

LONDON, April 6.—A gloomy picture of British industrial situation was presented in the American Chamber of Commerce summary of business and economic conditions for March. After some months of peace from severe industrial strife, there is again trouble. The question of whether 600,000 skilled engineers are to be forced into idleness hangs on negotiations between employers and the unions brought about through the intervention of Lloyd George. More than a million persons will be idle unless a settlement is speedily reached, the report points out.

NOTHING DEFINITE ON RELIEF WORK

Mayor Says That, While Government Has Given Sanction, City Has Not Decided.

Advice to the effect that relief work in the city may be carried on until April 31 under government assistance has been received here. Speaking this morning on the subject, Mayor Rochester stated that no definite extension of the work had been decided upon by the city pending a meeting of the finance committee. The mayor said that the city did not wish to tie itself down to any stated time and, although there may be some extension, to married men principally, it will be only for a brief period. Financing the work, which has already reached extensive proportions, is the main difficulty.

STEVE WINTONAICK DIED LAST EVENING

Was a Native of Galicia and Was But 17 Years of Age—Funeral Tomorrow.

The death occurred last night at the home of his parents, Mr. and Mrs. William Wintonack, 1063 Seventh Avenue East, of Stephen Wintonack. Deceased was only 17 years of age and was a native of Galicia, having come to this country a few years ago with his parents.

Funeral arrangements are in the hands of the B. C. Undertakers' and the burial will take place tomorrow afternoon in Fairview Cemetery. Rev. G. G. Haacker officiating.

SETTLERS FOR AUSTRALIA ON WESTERN LAND

Scheme Is Approved Whereby Great Britain Will Share Cost of Colonization.

LONDON, April 6.—Premier William Hughes of Australia says that the Imperial Government has agreed to co-operate with the Australian Government in a scheme for settling of emigrants on the West Australian coasts. The payment of interest on the necessary loans will be shared equally by Great Britain, Australia and West Australia.

PREPARING ELECTION MANITOBA PROVINCE

Legislature Prorogued Today—Registration Voters Soon and Election in Early Summer.

WINNIPEG, April 6.—The legislature prorogued this morning. Registration of voters in the province will be held at an early date. This will be followed by the dissolution of the House and a general provincial election in June or early July.

THREE NEW MINISTERS SASKATCHEWAN CABINET

REGINA, April 6.—Hon. C. A. Dunning, the new premier, announced yesterday that the new government would contain only three new members: Col. J. A. Cross, attorney-general; J. G. Gardiner, minister of highways and labor; and J. M. Ulrich, provincial secretary.

NO LABOR MAJORITY IN NEW SOUTH WALES

LONDON, April 6.—It is now certain that the New South Wales elections will result in an anti-labor majority of fourteen, according to a Reuter despatch.

DISTURBANCES IN IRELAND

Much Lawlessness in Different Parts of the Country Is Reported.

MULLINGAR, Ireland, April 6.—A freight train was raided with foodstuffs bearing a Belfast label and confiscated and distributed amongst the poor. Several barrels of whiskey were also taken. Belfast newspapers were taken from the train at Dundalk and burned. Mail from Dublin to Ulster points was destroyed.

At Garrick cattle were driven from a grazing ranch. Two constables were wounded and one killed in sporadic raids on the County Mayo barracks.

Two women, flourishing revolvers, held up a train from Belfast on the Donegal border but permitted the train to go unmolested later.

Lenaboy castle in Galway, formerly occupied by British auxiliaries, was seized by Irish Republican troops.

Dr. and Mrs. S. P. Douglas and Dr. and Mrs. E. S. Tait arrived from the south on the Prince Rupert yesterday. Dr. Douglas and Dr. Tait are Vancouver dentists.

WOMAN CRIES FOR HUSBAND SHE SLEW.

Mrs. Marcella Willis has been placed under the care of a physician in the county jail in Atlantic City, N. J., as a result of continued hysterics induced when she discovered that the shot she fired to halt her husband's brutal attack had resulted in his death. "He must come back to me. I can't believe him dead," the woman moaned as she tossed about her cot. "I would forgive everything if I had him back," she cried. Mrs. Willis said her husband struck her with his shoe, fracturing her nose and lacerating her face. In a daze she sought to keep him off with a revolver and then fired one shot, which hit him in the chest and resulted in his death.

DEALING WITH DRUG MENACE

Dominion Government Will Pass Law at Instance of British Columbia Members.

OTTAWA, April 6.—It is likely that there will be a change in the criminal law of Canada passed at the instance of British Columbia, for the purpose of dealing with the drug evil which has of late become a menace in the west.

The Minister of Justice, Sir Lomer Gouin, is in favor of a change making the law much more stringent and providing for adequate punishment for those who make a living by preying on their fellows.

The problem, it is understood, will be dealt with thoroughly and the legislation will be such as to provide adequate means for the officers of the law to make a clean up of the country of those who dispense harmful drugs.

IMMENSE OIL FRAUD EXPOSED

United States Officials Says 31 Companies and Millions of Dollars Involved—Lawyer Arrested.

BOSTON, April 6.—The arrest today of Charles M. Ludden, an attorney, on an indictment of alleged conspiracy with a score of other persons to use the mails to defraud, had led government officials to reveal an outline of what they term an oil fraud involving thirty-one oil companies and possible losses of millions to stockholders.

Premier Craig of Ulster Sounds Note of Cheer in Statement to Parliament

BELFAST, April 6.—Sir James Craig, Premier of Ulster, announced today in the Ulster Parliament in the course of a statement on the Criminal Procedure Bill that he had just had further assurances that "either side" intended to enforce peace themselves and that the prospects for a final settlement between the contentious factions in Ireland seemed even brighter than yesterday.

The statement of the Premier was received with enthusiasm in the House.

NO RACE SUICIDE GERMANY POSSIBLE FOUR AT A BIRTH

TORONTO, April 6.—A Mail and Empire cable from Berlin says Germany has no reason to fear race suicide as long as the women demonstrate their ability to give birth to four children at once. Two cases of quadruples are reported this week. Owing to the frequency of this biological phenomenon in Germany the government will appoint a committee to examine into the matter.

SHIP BRITISH GOODS BY WAY CANADIAN PORT

That Was Aim of Resolution in House Which Was Later Withdrawn.

OTTAWA, April 6.—The debate on the resolution calling for the cancellation of the British preference on imports unless brought in through a Canadian port lasted all day before Hance Logan, who submitted the resolution, withdrew it. The resolution was opposed chiefly by Progressives.

The Senate adopted the interim supply bill and adjourned until April 25.

WANTS ACTION ON FISHERIES

W. G. McQuarrie, Member for Westminster, Asks for Salmon Investigation.

OTTAWA, April 6.—W. G. McQuarrie, Conservative member of parliament for Westminster, has filed resolution in the House of Commons asking for an investigation into the salmon industry on the B. C. coast and rivers. He also wants the committee to consider the advisability of establishing hatcheries and to recommend a policy for the conservation of the industry.

LLOYD GEORGE ARRIVE PARIS BY TOMORROW

Will Go Into Consultation with Premier Poincaré on Several Matters.

PARIS, April 6.—Premier Lloyd George will arrive in Paris tomorrow afternoon on his way to the Genoa Conference. The British premier will have a talk with Premier Poincaré and matters connected with the Genoa parley will be discussed. The German attitude on the reparations issue and the subject of inter-Allied debts will also be taken up.

GO TO OTTAWA FROM VICTORIA

Delegation Will Try to Induce Government to Continue Dry-dock Construction.

VICTORIA, April 6.—Hon. John Hart, minister of finance in the provincial government; William Ivel, president of the Victoria Liberal Association, and H. C. Hall, former Liberal member of the legislature for Victoria city, were named at a citizen's meeting to go to Ottawa to urge on the Federal Government the desirability of continuing construction of the Esquimalt dry-dock.

CENSURE MOTION IN BRITISH COMMONS IS DEFEATED 288 TO 95

LONDON, April 6.—The motion brought in by Sir William Joynson Hicks censuring the Government was defeated in the House of Commons yesterday by a vote of 288 to 95.

DEPARTMENT OF DEFENCE TO BE DISCUSSED NOW

Amalgamation Plan to Enter Committee Stage at Ottawa Today.

OTTAWA, April 6.—In the House of Commons today the bill providing for the amalgamation of the militia department, the naval department, the air board and the Royal Canadian Mounted Police into one department of national defence will be considered in committee.

The civil government, estimates will also be taken up.

PAPERS TAKEN FROM TRAIN

Thieves Steal Official Documents Connected With Genoa Conference.

PARIS, April 6.—A car containing thirty bags of mail, including diplomatic despatches in connection with the Genoa conference, was broken into and the diplomatic documents stolen from a special train en route from London to Italy.

Registered and other mail was not touched, and the police believe the countries interested in the outcome of the conference may have been behind the theft.

HARDWARE MAN DIES

G. W. Mackenzie, of Wood, Vallance & Leggat—Came to Province in 1895.

VANCOUVER, April 6.—G. W. Mackenzie, vice-president of Wood, Vallance & Leggat, wholesale hardware merchants prior to the recent sale to the Marshall-Wells interests, died from heart failure.

Mr. Mackenzie came to British Columbia in 1895 and in 1901 joined the firm at Vancouver as managing director, and he has held that position ever since until March 1 last, when the business changed hands.

MAY BE DAILY TRAIN IN JUNE

It is rumored that the daily service will commence about June 1. That is the time when the new time card goes into effect, and it is expected that it will provide for a six-day-a-week service.

While J. R. Cameron, assistant general manager for western lines, who was here yesterday, had nothing definite to announce in this regard, he is said to have expressed the opinion that the daily train was likely to be put on.

KING ALEXANDER ILL.

BELGRADE, April 6.—King Alexander has been confined to his room since Tuesday. The nature of his illness is undecided.

Settling Newcomers in Solid Blocks.

The argument against settling newcomers in large areas where they associate largely with each other instead of mixing with others and learning the customs of the country is a good one as far as it goes. An Englishman or a Scotchman becomes a Canadian quicker by associating with people who have been in this country for some years.

On the other hand we have to look at the question from another point of view. If a settler wishes to get a farm in an older settled district he has to pay a good price for it. Also it is noticed in some districts that the Canadians do not look with very much favor on the old countryman.

Another advantage of the block settlement plan is the advertising it gives. If the government announces it is throwing open a new area of land there is immediately a rush to secure some of that land.

General settlement can be carried on throughout the country, but also these small group settlements are an aid in securing men who otherwise would not come.

We can sympathize with the people of Fort Fraser, where the country is a good one and yet scantily settled. The people there can not see why the new settlers can not go on those lands and fill them up, rather than going on the new lands farther from the railway.

Don'tless the Fort Fraser lands will be filled up in the near future. It is a fine country, but that is no reason why also the Stuart Lake land should not be settled.

Depopulation of France Goes On.

Telegraphic despatches yesterday told of the depopulation of France which was going on as the result of the falling off in the birth rate. A similar tendency is shown in many countries, including Canada and the United States.

It is true that the change is coming about slowly and that it will not affect people now living in this country. In Canada the French-Canadian population is increasing rapidly, and if there were no immigration would very soon overrun the country.

Like to Meet President Harding.

Residents of Prince Rupert would like to have a visit from President Harding. There are a great many Americans in this city and American fishermen use the port freely.

If President Harding comes to Prince Rupert he will get a reception that will surprise him. The people will welcome him as the head of a great neighboring republic for which they have a profound respect.

Semi-annual General Meeting Last Night Well Attended—Smoking Concert Follows.

There was a large and enthusiastic attendance at the semi-annual meeting and smoker of the Great War Veterans' Association held in the canteen on Third Avenue last evening.

The election of officers resulted as follows:
Honorary president, Lieut. Col. F. W. Beck, V.C., D.S.O.
Honorary vice-president, Major John McGregor, V.C.
President, W. E. Denning (re-elected by acclamation).

President W. E. Denning presided at the smoker and was assisted by Jack Plant and S. L. Warrior. Great credit for the success of the evening was due to the energetic efforts of the latter.

EXPORT MILL AT VICTORIA

Capacity of Plant is Raised to 175,000 Board Feet Daily.

VICTORIA, April 6.—When the big Inver Harbor plant of the Canadian Puget Sound Lumber and Timber Company resumes operations again after a shut-down since December, it will have a capacity of 175,000 feet of lumber daily.

Installation of a new horizontal saw will be mainly responsible for the increase in capacity. Transfer chains are also to be lengthened out, Dutch ovens set into the boiler rooms, wooden conveyers replaced by iron conveyers, railway tracks rebuilt, overhead travelling crane constructed, and general repairs carried out, costing in the neighborhood of \$25,000.

The company intends to depend more on the export trade than in the past, and for that reason the wharf facilities, derricks and other equipment used for handling cargo shipments are being overhauled and altered, with new machinery being installed in some cases.

ENGINEER MINE AT ATLIN APPEAL CASE

VANCOUVER, April 6.—The Engineer mine at Atlin, valued at over \$3,000,000, is the subject of a lawsuit in the appeal court, where the Engineer Mining Company, represented by E. C. Mayers, is seeking to reverse the order of the supreme court, holding that the estate of the late Captain James Alexander is the lawful owner of the property. The attorney-general of British Columbia is made a party, as the registration of claims is affected.

The Engineer Mining Company claim that they had completed assessment work and filed their assessment duties after spending \$40,000 in development work, when the late Captain Alexander came along and staked over their claims. During the delay in getting their assessment record, it is claimed that the Alexander group secured registration of the claims which the attorney-general is now asked to delete.

Both parties are ready to go to the privy council in the event of non-success. R. Symes is appearing for the Alexander estate.

PRESIDENT HARDING'S ALASKA VISIT WILL PROBABLY TAKE PLACE

In connection with the proposed visit of President Harding to Alaska, the following despatch from Seattle to Alaska papers is interesting:

President Harding will devote three weeks to his visit to Alaska sailing from Seattle, some time in August unless something happens to prevent. Governor Bone of Alaska said today, after returning from the east where he has been in consultation with the chief executive and department heads.

"I feel very sure President Harding will visit us," he said. "I discussed the matter with him a few days ago. He will be accompanied by Mrs. Harding, and Secretary and Mrs. Fall. General Pershing also expects to visit Alaska as well as a number of other prominent persons. Many of them informed me of their desire to make the trip during the summer."

President Harding's itinerary calls for the trip north on the inside passage. Stopping at Ketchikan, Wrangell, Petersburg, Juneau, Skagway, Haines, Gerdovia, Valdez, Seward, he will go over the railroad to Fairbanks, stopping at Nenana coal fields and the agricultural country of the Tanana Valley.

ENGINEER MINE AT ATLIN APPEAL CASE

VANCOUVER, April 6.—The Engineer mine at Atlin, valued at over \$3,000,000, is the subject of a lawsuit in the appeal court, where the Engineer Mining Company, represented by E. C. Mayers, is seeking to reverse the order of the supreme court, holding that the estate of the late Captain James Alexander is the lawful owner of the property. The attorney-general of British Columbia is made a party, as the registration of claims is affected.

The Engineer Mining Company claim that they had completed assessment work and filed their assessment duties after spending \$40,000 in development work, when the late Captain Alexander came along and staked over their claims. During the delay in getting their assessment record, it is claimed that the Alexander group secured registration of the claims which the attorney-general is now asked to delete.

Both parties are ready to go to the privy council in the event of non-success. R. Symes is appearing for the Alexander estate.

Prince Rupert District Compared Favorably with Rest of Province in Lumber Production Year 1921

The report of the provincial government forestry department for the year 1921 shows that 25 sawmills operated in the Prince Rupert district during the year with an estimated production of 156,000 feet daily and that 18 plants, with an estimated capacity of 550,000 feet daily, were shut down. There were two small shingle mills operating in the district during the period, but the largest ones here and at Swanson Bay were closed down. Prince Rupert showed the greatest proportion of closed down mills with but one exception—Cariboo—where 10 mills operated and 12 were closed.

There was a decrease in production during the year as compared with 1920, which was general in the province. The value of production in 1921 for the entire province was \$64,970,000, as compared with \$92,628,000 for 1920. Almost every item showed a decrease, and it was especially noted in lumber, pulp, paper and shingles. This is accounted for chiefly on account of falling prices, although there were reductions of quantities in most cases. It was encouraging to note that, excepting for 1919 and 1920, years of inflated prices, the total value was higher than any preceding year.

Decrease Was General.
In the year there were 471,265 thousand board feet of timber cut in the district as against 202,650 thousand board feet in 1920. There has been a general belief that this district was the only one that had a decrease of lumber production in 1921, but this was by no means the case. There was only one district, namely Vancouver Island, which showed an increased lumber production in 1921 over 1920. The production decreases in Cranbrook, Prince George, Kamloops, Nelson, Vernon and Vancouver districts were proportionate to Prince Rupert, while one district, Williams Lake, showed a decrease of something over two-thirds of the 1920 production. There is a certain amount of satisfaction in knowing that this district is suffering a production loss, was not exceptional. The total production for the province in the year was 4,790,017 thousand board feet, as against the 1920 total of 2,016,168 thousand board feet. In quantity production Prince Rupert district stood third in the province, Vancouver and Vancouver Island being the leaders.

The total cut of 471,265 thousand feet in this district in 1921 was divided among the different species of timber as follows: Douglas fir, 6490 thousand; red cedar, 32,988; spruce, 75,372; hemlock, 30,355; balsam, 14,063; jackpine, 11,020; cottonwood, 1037. This district led all others in the spruce and balsam cuts.

Fire Loss Low.
There was damage to the extent of \$3082 done in the district by forest fires during the year, the percentage being 3.2 of the damage in the whole province, a low record. The sum of \$692 was spent in fighting fires, 0.7 per cent. of the total cost of this purpose in the entire province.

The organization report of the department shows that the permanent force in the local office is the second largest in the province. The total personnel of the staff inside and out, is 47 members. At Vancouver there are 74; Nelson, 10; Cranbrook, 9, and Kamloops, 7.

Reports on reconnaissance work done by the department in the Kitimaat, Naas River and Massett Inlet areas during the year were as follows:

Kitimaat Area.
An investigation was made into the timber resources on crown land in the Kitimaat valley and subsidiary valleys tributary to it.

The valley drains by way of Kitimaat River into Kitimaat Arm, at the extreme head of Douglas Channel; it extends northward approximately 20 miles, a low divide of 600 feet separating it from the Lakelse Lake drainage basin. The width of the valley averages three to four miles, being bounded on the east by the coast range proper and on the west by outlying spurs of the same range. Three tributary rivers of importance enter the Kitimaat—namely, the Clearwater, which joins the Kitimaat seven miles from its mouth, and the Little and Big Weedenes, whose junctions are three and four miles respectively farther up. The topography of the valley proper is almost featureless, being unusually broad and flat for the northern coast region. The tributary valleys are narrow, with steep slopes, and the rivers confined to deep canyons in places. The slopes of the main valley and tributaries bear timber to as high as 1200 feet above sea level, but 600 feet is the average limit of merchantable timber.

waters are east of the Coast range of mountains and the river itself breaks through the Coast range on its way to the sea. The timber stands, therefore, are in two distinct types: (a) The Coast type, and (b) The Interior type, east of where the river breaks through the Coast range. All of the main bodies of commercial timber on the Coast side of the range were cruised during the past summer and a start was made in the Interior region. The area covered in the upper valley above Ayainsh contained 20,000 acres lying on the west side of the Naas River between the Quinetah River and the Kinskooh River.

The total amount of timber found during this year's work on the Naas River was 311,000,000 feet, being 32 per cent. spruce, 13 per cent. balsam, 50 per cent. hemlock, and the remaining 5 per cent. lodge-pole pine and cedar. Adverse weather conditions made it impossible to complete the reconnaissance during the season.

Massett Inlet Area.
During the past summer an area of 32,000 acres lying north and east of Massett Inlet, on Queen Charlotte Islands, was investigated. Of this area less than 8000 acres were found to be covered with a stand of merchantable timber. The remainder of the area is covered with a scrub stand of defective spruce and hemlock and a very large percentage of the area is muskeg. A stand of 67,000,000 feet was found on the merchantable area, 55 per cent. of which was cedar, 30 per cent. balsam, and 15 per cent. spruce.

The country in general is rolling, with small creeks flowing out of muskegs and into Massett Inlet. Along the streams there is usually a narrow strip of merchantable timber. Farther back the land is muskeg and the ridges have been burned leaving a scrub stand of timber unfit for commercial use.

Growth Studies.
Studies for forest growth were undertaken during the past summer in the Kitimaat Valley in connection with the cruising work which was being carried on. It was proposed to find out, if possible, if the annual growth in this valley was sufficient to supply, continuously, the raw material for a pulp mill, and, if so, the size of mill which the increment would supply. For the purpose of study the following timber types were recognized: River-bottom, low bench, side-hill and upper bench.

FISHING VESSEL IS MULCTED WITH FINE \$2006.80 KETCHIKAN

KETCHIKAN, April 6.—In a decision handed down by Judge T. M. Reed of the United States district court, copies of which have been received here by Chas. H. Cosgrove, attorney for Alexander Brindle, the court held for Brindle against the boat Eagle and Steve Selig its owner in the sum of \$2,006.80. The court holds that the collision between the boats was due to negligence on the part of the skipper of the Eagle which collided with Brindle's boat the Wildwood. The case was heard at the last session of court in Ketchikan, occupying several days to put in the evidence.

"Purify the Blood"

THIS is the doctor's advice to most people whose blood he analyzes at this season of the year.

Overeating of artificial foods, combined with too little outdoor exercise, leaves the human system clogged with poisonous impurities.

The liver is torpid, the bowels constipated and the kidneys so overworked that they become ineffective as filters of the blood.

The most rational treatment is Dr. Chase's Kidney-Liver Pills because of their

combined action in arousing these filtering and excretory organs to healthful activity.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved. I shall always praise Dr. Chase's Kidney-Liver Pills, and tell my friends about the benefit they have been to me."

Tabulated statements giving the averages of the various players who took part in the games of the Fraternal Whist League schedule, both ladies' and gentlemen's sections during the winter, are being published today. The lists show that C. T. Quinn of the Knights of Columbus team, was the highest scorer of the season and Mrs. Ben Self, of the Royal Purple team, was the second highest and the highest in the Ladies' League. High scorer for each team were as follows: Knights of Columbus, C. T. Quinn; Valhalla men, A. Akerberg; Oddfellows, C. Biggart and H. Love (tied); Sons of England, W. G. Hughes; Knights of Pythias, H. Blake; Sons of Canada, H. Moyses; St. Andrew's (men), D. C. Stuart; Elks, H. P. Lipsitt; Royal Purple, Mrs. B. F. Self; Valhalla, Mrs. O. A. Johnson; St. Andrew's (ladies), Mrs. Sandison; Daughters of England, Mrs. E. A. Woods; Pythian Sisters, S. V. Cox.

Although the Pacific International Baseball League has disappeared from the sport calendar this year, Vancouver is still to have a league team for it is represented in the Western International League (Class B), which is a four team circuit comprising the cities of Calgary, Edmonton, Vancouver and Tacoma. The league schedule opens on May 3, at Vancouver and Tacoma, games being played respectively with Calgary and Edmonton. The closing game will be in the last week in August and the first week in September. Owing to the long jumps involved in travelling between the coast and prairie cities each series will last a week and will comprise six or more games. The league will open at Edmonton and Calgary on May 15. There will be province to province jumps every fortnight. For instance, if Edmonton plays Vancouver one week it will move to Tacoma next and long trips will be thus eliminated as far as possible.

Organization of all Edmonton track and field athletes is now under way for the coming season, and leaders in this branch of athletics hope to see boys from that city make a strong bid for premier honors at the Dominion championships, billed for Calgary during the summer. The training of the track and field men will be under the jurisdiction of the South Side Athletic club, and all clubs and organizations in the city have expressed their willingness to cooperate. With a central organization to look after the training, athletes who are not affiliated with any club will have a chance to get the benefit of the best. Buchanan, known throughout the Dominion as an authority on track and field work, will act as trainer and coach. "Specialization" will be the keynote of the Edmonton training this season. All the boys will work along specializing

ST. ANDREW'S SALE AND TEA YESTERDAY COMPLETE SUCCESS

Ladies' Auxiliary Profit Socially and Financially as Result of Affairs Held in Afternoon and Evening.

The tea and sale held yesterday afternoon in St. Andrew's hall by the Ladies' Auxiliary of St. Andrew's Society proved an entire success. There were a goodly number of dainty and useful articles for sale besides the tea and raffles and each department was well patronized and the financial result, though full returns have not yet been made, was very satisfactory. The sale and tea took up the afternoon and in the evening a whist drive and dance rounded off an altogether pleasant day.

The booths and ladies in charge at the sale were as follows:

- Home cooking—Mrs. W. Reid and Mrs. George Abbott.
- Plain Sewing—Mrs. Howard Steen and Miss Alice Moncoeur.
- Raffles—Mrs. James L. Lee, Mrs. J. Hamilton and Mrs. Herbert F. Glassey.
- Candy—Mrs. W. L. Sandison and Mrs. James Simpson.
- Tea Tables—Mrs. McRobbie, Mrs. W. Anderson, Mrs. J. McKechnie, Miss Florence Ryan and Miss May Reid.

Whist Drive.

There were 20 tables at the whist drive and the first prize winners were Mrs. W. Reid and David Wiggins, consolation awards going to Mrs. J. Clapperton and J. Wynn. Refreshments were served and dancing to the strains of Arthur's Orchestra followed. About 120 persons enjoyed the dance, James Simpson was master of ceremonies and J. Watson was on the door. The committee in charge comprised Mrs. K. E. Birnie, convener, Mrs. W. Robb, Mrs. A. Hunter and Mrs. A. Clapperton.

Winners of Raffles.

- Sack of Flour, donated by J. L. Christie, won by Mrs. J. J. Little.
- Sack of sugar, donated by A. Finnie, won by Mrs. Ben F. Self.
- Cushion donated by Mrs. A. Clapperton, won by Mrs. W. Robb.
- Electric toaster, donated by D. G. Stuart, won by Jock Campbell.

- Plant, donated by Mrs. David Glennie, won by Mrs. W. Robb.
- Cake, donated by Electric Bakery, won by Mrs. W. M. Brown.
- Tea cloth, donated by Mrs. W. M. Brown, won by Mrs. S. Hogan.
- Five Dollar Bill won by Mrs. James Arthur.
- Gorget cover, donated by Mrs. H. F. Glassey, won by Mrs. J.

ELKS' DANCE HELD IN HOME LAST NIGHT

Mrs. Self, Captain of Whist Team is Presented with Beautiful Shower Bouquet.

The regular monthly Elks Dance held last night in the Home was attended by about 40 couples, the number present being somewhat smaller than usual on account of county attractions. Nevertheless, the affair was a pleasant one and all those present had a very enjoyable time. Ralph V. G. Lepine was master of ceremonies, Harry P. Lipsitt was on the door and the committee in charge comprised Fred Gilhuly, Murdoch McLeod, William Reid and W. W. Knight. Music was provided by the Elks' Orchestra, consisting of Charles Balagno, Will Balagno, Will Browne and A. A. Easson. The usual delightful refreshments were served in the hall at midnight.

A pleasing feature of last night's affair was the presentation to Mrs. Ben F. Self, captain of the Royal Purple whist team, of a beautiful shower bouquet of roses and violets marking the lodge's appreciation of the honor that Mrs. Self had attained in making the highest average score of the season in the ladies' division of the league. Mrs. R. V. G. Lepine made the presentation with a brief speech and Mrs. Self replied suitably, saying that it had been largely due to the assistance of her team partners that she had won honor.

PRINCE GEORGE TO GO INTO SERVICE TWO WEEKS TODAY

Ten of the members of the crew of the Canadian National steamer Prince George, which has been tied up here for several months, arrived from the south yesterday to rejoin the vessel. The Prince George will go into service on April 20 to replace the Prince Rupert which will go up for overhaul before the bi-weekly service is started on May 8.

PACIFIC MILLS AT OCEAN FALLS STILL ARE CLOSED DOWN

One of the machines at the Pacific Mills at Ocean Falls was started for a time on Monday morning but, on account of the water level being still low, it did not operate satisfactorily and was closed down again. On Tuesday afternoon, when the steamer Prince Rupert called at Ocean Falls, the entire plant was still closed down.

WIFE NOT OBLIGED TO FOLLOW HUSBAND

MONTREAL, April 5.—The law of the civil code that "a wife is obliged to live with her husband and to follow him wherever he thinks fit to reside," applies, said Justice Lafontaine, in a ruling in the superior court here, only within the limits of the county of domicile of the couple where they were married. Accordingly Clarilda Forques, wife of Damien Durivage, is not bound to follow her husband from St. Albert, Russell county, Ontario, to Montreal, where he had gone to live.

Moreover, the husband, if was disclosed in his action against his wife, had fled from Ontario to Montreal to escape liability under a court judgment there condemning him to pay alimony to his wife.

FRENCH TALKS OF FAR NORTH

Head of Fur Department of Hudson's Bay Co. Gives Interesting Lecture.

"When I hear anyone speaking about mushing across the snow, or mentioning the word 'mush' when talking about dog teams, I feel like throwing something at him," said Charles H. French, head of the fur department of the Hudson's Bay Company, when addressing delegates to the Associated Boards of Trade convention in the Empress Hotel at Victoria on the life and customs of natives of the Arctic regions.

Years ago, according to Mr. French, the natives and French traders in handling their dog teams shouted in the word "marche," when they wanted the dogs to drive forward. The word was derived from the French "marchons." Those that came after the original traders wore the word down to "mush," which according to Mr. French, has neither sense nor effect.

When the old men of the northern tribes feel they are becoming a burden on their community they announce that it is time for their passing. The tribe then goes through a ceremony of wailing and persuades the old man to change his mind.

According to Mr. French, he always does, saying that he will wait one year. He carries out this promise to the letter, and when a year has passed he goes into a hut, places a spear to his heart, leaving the shaft sticking out through the roof. It is the duty of the eldest son to drive the spear home with a blow from a club, and the old-timer is then buried. That goes for the old men, but the old women must be hanged, and they have to carry out the job themselves.

Mastodon Meat. Mr. French said that the natives of Siberia were still eating the meat of mastodons which were alive ages ago. Amundsen, the famous Norwegian explorer, told him of having seen many of these huge creatures buried in a natural cold storage in caves. The mastodons had apparently sought shelter and had been enveloped by a sudden deluge of water and drowned, or else buried under a landslide. Mastodon steak was considered a great delicacy. Inside the mastodons, he said, could be found prehistoric grass and other feed perfectly preserved.

Another article of food, said Mr. French, is half-digested clams removed from slaughtered walrus, which use their great tusks for digging in the sand. For "comforters" Eskimo children use pieces of whale blubber fastened to bits of string, he said.

Dr. Lawson says he is taking the birds to the Islands and will keep them in an aviary which he has already established there. If they thrive he intends to liberate them. They are birds which breed and thrive in England and he sees no reason why they should not do well on the Islands. They are mostly sub-tropical birds of a more hardy variety. Not one has died in transit and all look healthy and spirited now.

Dr. Lawson is a bird fancier himself and has a very complete aviary in England.

HAS NEVER FELT THE RHEUMATISM

Since Taking "Fruit-a-tives" The Famous Fruit Medicine

P.O. Box 123, PARRISBORO, N.S. "I suffered with Rheumatism for five years, having it so badly at times I was unable to get up.

I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back.

In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism and took a box, and got relief; then took "Fruit-a-tives" right along for about six months and I have never felt my Rheumatism since."

TAKING BIRDS FROM ENGLAND TO CHARLOTTE

Dr. E. H. Lawson Has Interesting Consignment of 27 Feathery Creatures in City.

The twittering and chirruping of 27 sub-tropical birds, enroute from England to Massett, has been keeping up the spirits of the staff of the local Canadian Express office which looks something like a rare bird aviary these days.

These 27 little feathery creatures which are now here belong to Dr. E. H. Lawson, of London, England, who has been in the city for the past few days enroute to Massett Inlet, Graham Island, where he is going to settle and make arrangements for further English settlers. They have been visited this week by many interested persons including a lot of school children.

There are several different species of birds including Australian love birds, peculiar for their habit of billing and cooing and kissing each other. Mule birds, zebra birds, Java birds, from the Island of that name, and canaries and other varieties.

The love birds are of a bright green hue and are not unlike parakeets. The Java birds are brownish in color and are very timid little creatures. Two birds who are moulted and are of a quarrelsome disposition were moved from the mule bird cage to the canary cage where they have since been quite agreeable.

In all there are four cages. Dr. Lawson says he is taking the birds to the Islands and will keep them in an aviary which he has already established there. If they thrive he intends to liberate them. They are birds which breed and thrive in England and he sees no reason why they should not do well on the Islands.

They are mostly sub-tropical birds of a more hardy variety. Not one has died in transit and all look healthy and spirited now.

Dr. Lawson is a bird fancier himself and has a very complete aviary in England.

ELECTION TRIALS CONSPIRACY CASE IN COMOX-ATLIN

VANCOUVER, April 6.—On condition that the Attorney-General does not object, His Honor Judge Cayley is going to allow Graham Campbell, Woodford Bird and Fred Gosby to re-elect how they will be tried on charges of conspiracy in election frauds in the Comox-Alberni election.

The three men elected to take jury trial some time ago. Since then Campbell has asked to be tried separately, as one of the other men is said to have turned King's evidence.

"How can I try one man for conspiracy," asked Judge Cayley when Campbell's counsel, G. M. Woodworth asked to be tried separately by his honor.

So long as the three men elect to be tried by the same tribunal and so long as the Attorney-General does not object they are to have the privilege of re-electing.
