SAYS WOMAN CAN HAVE A CAREER AND ALSO BE A MOTHER

Dame Clara Butt, famous concert singer, one of the three women decorated as Dame Commanders of the British Empire during the war, says that women can have a career and also be mothers. Dame Clara has three children and manages to keep a household on one continent and yet be on two other continents, thousands and thousands of miles away. She has proved her ability to do this on her recent concert tour of Australia and the United States, while her three youngsters remained in London. She says, "Every woman can have a career and be a mother to her children. If they say that both can't be done they are trying to find a convenient excuse for just being lazy."

BRITISHERS TO CANADA

Emigration Considered Im-
portant Means to Reinvig-
oration of Empire.

LONDON, April 7.—The Bishop of Birmingham, presiding at a meeting to discuss the reinvigoration of the British race, said that he regarded emigration as one of the most important means to the end desired.

The Duke of Devonshire, former Governor-general of Canada, declared that there should be a greater flow of Britishers to Canada than at present.

STREET WORK IS RESUMED

City Starts on Smooth Surfacing
of Third Avenue—Expected
Work Will Be Done
Rapidly.

The city has resumed its street surfacing operations on the downtown streets and today the first load of Smith Island rock, since last fall, was hauled to Third Avenue near First Street and is now being laid on the street. The rock arrived yesterday by scow from Smith Island. With this work the city is following up the plan adopted by the council last year for the smooth surfacing of Second and Third Avenues and other of the main downtown thoroughfares.

The work on Second Avenue was completed last fall and when frost put a stop to operations McBride Street between Second and Third Avenues was being prepared.

This will soon be finished and it is expected that the work on Third Avenue will be carried on with more despatch this spring than was that on Second Avenue last year. Following the laying down of the rock the street crusher will be run over it to make a similar smooth effect to that of Second Avenue.

The engineer's department for the past day or so has been taking levels on Third Avenue and this morning the crusher was working on McBride Street.

Under the new plan adopted a few weeks ago by the city council when the contract for quarrying was let to Henry Wulf, of Alice Arm, the rock will be blasted out at Smith Island by his men. Captain Babington still has the contract for crushing and delivering to the Albert & McCaffery bunkers. From there it is taken to the city streets and laid down as required.

DAYLIGHT SAVING.

OTTAWA, April 7.—John A. McGill and P. M. Butler, representing the railways, appeared before the board of control in reference to daylight saving. They pointed out that Montreal had fallen in line with the suggestion of the railways that the daylight saving should be observed from April 30 to Oct. 31. The railways are prepared to make their timetables fit in with these dates and the board of control was told that the adoption of a shorter period by Ottawa would cause confusion.

The board promised consideration.

Four British torpedo boat destroyers have arrived in Queenstown Harbor to protect government supplies.

A woman policeman held up a train southbound and compelled the crew to burn all Ulster newspapers on board.

Another train southbound was held up by armed men and searched and afterwards allowed to proceed.

The boathouse of the Dundalk Club was burned down.

A bomb was thrown in Spamount Street, Belfast, and two women were wounded.

British Goods by
Canadian Ports.

A motion was introduced into the Canadian House of Commons to make it compulsory to ship British goods into Canada through Canadian ports in order to secure the preferential tariff rate. That is similar to the proposal to ship fish caught in American boats from an American port. The motion was defeated and it is to be expected American legislation against the use of Canadian ports will be defeated. With so much in common between the two countries it seems hardly reasonable to start putting trade impediments in each other's way.

Victoria Drydock
And Naval Policy.

The drydock at Esquimalt was apparently part of the naval policy of the late government. The naval policy has been revised and the work on the drydock has been stopped. Naturally the people of Victoria are disappointed. The spending of so large a sum of money there would have kept the Victoria people eating for a long time. It was somewhat in the nature of a meal ticket. Also it would have tended to increase business at that port after the dock was completed. We, who have had so many disappointments ourselves, can sympathize with them in their setback.

Possibly the dock may yet be confined, but until the naval policy is clearly determined it is hardly likely the work will go on. Such an immense dock would be useless unless immense ships are to ply to the port or be in the neighborhood.

Vancouver Dock
Also One Too Many.

The proposed dock at Vancouver would also be a white elephant throughout the time of its bond guarantee. The Canadian Government would have to pay for it just as they paid for the guaranteed railways. At present there is a good drydock at Esquimalt which will take all the ordinary tramp steamships. The Oriental liners all dock on the other side where labor is cheap. Any vessels too large for Esquimalt can come to Prince Rupert.

Naturally the people of Vancouver want the dock. They do not consider the welfare of the whole country but the welfare of Vancouver. They want to build up that port and increase business there. The fact that there are already sufficient docks in the province has no bearing on the matter with them. They forced the hands of the previous government and they will try to do the same with this one. Happily the government seems to see the necessity of retrenchment.

Immense District
Forestry Department.

This forestry district is an immense one. People often wonder why an office here is necessary and what the foresters do. If they read the report which was published in this paper yesterday they will see the need of such a department. It covers an immense area and a large amount of timber comes under its supervision. While there is little need of fire protection on the coast owing to the summer rains, there is supervision of the cut and collection of stumpage dues to be looked after. No matter where the lumber is cut, the province collects revenue from it, and this is part of the work of the district forester and his staff.

Last year was rather a poor one, especially in the immediate vicinity of Prince Rupert. This year should show an improvement. Mills are opening and others will probably follow. If there is a market, the capital is likely to be found with which to operate. We look for a great improvement by summer.

COMMUNISTS NOT
ANY REAL DANGER

Philip Scheidemann Says Militarism Is Dead For Ever in Germany.

COPENHAGEN, April 7.—Philip Scheidemann, leader of the German Democratic party, while here, told the Associated Press that German militarism was dead forever. The spirit of democracy had levitated Germany to that extent that the German republic could easily withstand any reactionary assaults. Foreign countries, he said, ex-

aggerated the political importance of the power of the German reactionaries. The Communists were no real danger either. They were only gradually groping their way into the German trade unions "in order to learn their political manners."

Discussing the relations of Germany with Russia, Herr Scheidemann said the German government had negotiated with Karl Radek, Russian Soviet agent in Berlin. He expressed the opinion that the murder of Count Mirbach, for which no apology had been received, presented no real barrier against the two nations arriving at an understanding.

SO MANY PEOPLE
ARE NERVOUS

"Fruit-a-tives" the Greatest
of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This, "FRUIT-A-TIVES" will do.

"FRUIT-A-TIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-tives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-tives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvelous in its action.

Bishop Du Vernet in a letter to the Daily News asks the city council if it closes the grocery stores at 7 p.m. why not the bar-rooms at 10 p.m.?

Toronto and Vancouver firms will this season operate placer outfits in the Omineca district on an extensive scale. Work will commence as soon as the machinery can be taken in. Manson and Germanson Greeks will be the points of activity.

A bridge over Behring Strait which would eventually bring Prince Rupert in direct rail communication with Paris and St. Petersburg is now being talked of.

BURNS LAKE LADIES
GIVE ENTERTAINMENT

High Class Revue at O. B. U. Hall by Mrs. and Miss Collier.

The revue and dance put on at the O. B. U. Hall by Mrs. Collier and daughter Gladys, of Burns Lake, was an enjoyable event. The revue program consisted of several numbers and included duet "Dreamy Slumber Time," followed by "My Rosary" and "The Old Irish Mother." Miss Gladys Collier sang a solo entitled "By Georgia Moonlight," and as an encore gave an exhibition of the terpsichorean art. Mrs. Collier gave a pleasant rendering of Elsa's Dream from Wagner's opera Lohengrin in full operatic costume befitting the part.

Mendelssohn's Spring Song was also rendered to good effect. Miss Collier's singing of "I'm Going to Marry Harry" had a humorous vein and as an encore a recitation was given. Perhaps the most successful item of the program was "A Wyoming Lullaby" sung by Miss Collier reclining, with an improvised moon effect surrounded with flowers. After the program dancing was indulged in until 1:15 a.m.

Professor O. A. Price presided at the piano.

IMMIGRATION FROM ENGLAND

Dr. Lawson Tells of Desire of People to Come to This Country.

Dr. E. H. Lawson of London, England, the speaker at the Rotary luncheon yesterday afternoon, told of the great desire of the people of England to come to Canada and of the obstacles put in their way.

The doctor practised in Finchbury and he came in touch with many of the lower middle class and the lower classes in London, and he describes their condition as pitiable and even tragic. When people found he was coming to Canada and was interested in the settlement of the Queen Charlotte Islands they inundated him with applications and requests for information in regard to the place and the prospects. Most of the people were turned down by the Canadian immigration office.

Dr. Lawson said he was there to inspect the immigration department. They turned away men with sums varying from £200 to £7000 and advised them to go to Australia. The men who were coming to the Queen Charlotte Islands knew the heavy work they would have to do and were prepared to do it.

The speaker said he had been in touch with many important men in connection with the movement and they all favored the scheme. These men included Lord Grey and Moreton Frewin. People were coming to this country because they wanted to make good and had nowhere else to go.

He went on to tell that to most of the people in England, B.C. meant Vancouver. That was because the B.C. representatives there told of nothing but Vancouver. If the country were made known there, the immigration to this country would be tremendous among men with capital. They must come to a climate something like Britain. The prospect for the future depended on immigration, and it would be easy to get the people. He urged that people here get in touch with the Canadian immigration authorities and get more sympathetic co-operation with them. With such a disastrous condition obtaining in England, people were anxious to come here.

FAREWELL PARTY TO MRS. MANSON AND MR. AND MRS. CLEMENTS

Mr. and Mrs. J. C. McLennan Entertain in Honor of Citizens Who Are Leaving.

Mrs. A. M. Manson and Mr. and Mrs. H. S. Clements were the guests of honor at a bridge party and dance given last night by Mr. and Mrs. J. C. McLennan at their beautiful home on Borden Street. It was a farewell event and proved most enjoyable.

Mrs. Manson is going to Victoria in the near future to join her husband, Hon. A. M. Manson, attorney-general, and Mr. and Mrs. Clements plan also to live in Victoria. Mr. Clements will spend a few weeks at Stewart doing assessment work on a property he owns and on his return they will take up their residence in the provincial capital.

At the party there were several tales of bridge and the others danced. Supper was served at midnight and about 2 o'clock everyone joined in singing "Should Auld Acquaintance" and "For They Are Jolly Good Fel-

INTERESTING WEDDING WAS SOLEMNIZED BY CANON RIX YESTERDAY

Miss Georgia Hall Becomes Bride of George Percy Tinker—Reception in Evening.

A very interesting wedding took place yesterday afternoon in the Anglican rectory at 3:30 o'clock when Miss Georgia Hall, daughter of Mr. and Mrs. George Hall, Springhill, Nova Scotia, became the bride of George Percy Tinker, son of Mr. and Mrs. George Tinker, Cockermouth, Cumberland, England, Rev. Canon G. A. Rix officiating. The marriage ceremony was very quiet and the couple were unattended.

At 7 o'clock a reception took place at the home of Mr. and Mrs. J. D. Allen, Allin Avenue, Westview. A wedding breakfast was served at which the following sat down: Mr. and Mrs. G. P. Tinker, Mr. and Mrs. J. D. Allen, Mr. and Mrs. A. T. Parkin, Mr. and Mrs. H. W. Birch, Mr. and Mrs. Joseph Hutchinson, Miss Margaret Murray, Rev. F. Wearmouth, E. C. Gibbons, Joseph Howe, George Macdonald and Stephen King.

Canon Rix proposed a toast to the bride and groom, Mr. Tinker responding suitably. Each of the other gentlemen members of the party spoke, also coupling their complimentary and congratulatory remarks with words of esteem for the bride and groom. Dancing followed before the party left for the midnight boat on which the couple embarked to spend a week honeymooning in the south. An enthusiastic sendoff was given by a large crowd of well-wishing friends who had assembled at the wharf.

Mr. and Mrs. Tinker are both well-known and popular in this city. The bride has been here for a couple of years and was a member of the Borden Street School teaching staff. The groom is manager for the brokerage firm of David H. Hays. He served with distinction in the Great War. Enlisting in 1914 as a private in the 30th Battalion he soon reached France and was transferred to the Seventh-Battalion. He was in France throughout the great struggle and returned to Canada in 1919 after having been raised to the captaincy and having won the Distinguished Conduct Medal. A wide circle of friends will wish both happiness and prosperity in the new sphere.

On their return to the city, Mr. and Mrs. Tinker will take up their residence at Sixth Avenue and McBride Street. It was a farewell event and proved most enjoyable.

Mr. P. Johnson, Port Alberni, B.C., writes: "I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief; in fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and had not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 35¢ and 60¢ a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

A beautiful shopgirl is accused of a crime she did not commit. On her way to jail she is rescued by a man, who afterward installs himself as her guardian, lavishing money and pretty clothes upon her. She meets and falls in love with a young millionaire. Then suddenly she discovers that her supposed guardian is a well known crook and that her alleged crime and subsequent meeting with the millionaire was all "framed" so that the crook might use her to extort money from her rich admirer.

That is the situation in Maurice Tourneur's latest Paramount picture, "The Bait," in which Hope Hampton will play the leading role at the Westholme Theatre tonight. Romance and thrills are skillfully blended in the story, which has been screened with all of Tourneur's genius for producing colorful effects.

"The Bait" was originally a play by Sidney Toler and was adapted to the screen by John Gilbert.

MISS MABEL SCOTT IS SEEN IN "THE CONCERT"

Mabel Julianne Scott, who plays the role of Delphine in "The Concert," a Goldwyn picture to be seen at the Empress Theatre tonight, is having a hard time living down her reputation. Her first role before the camera was that of a half-breed Indian in Rex Beach's story, "The Barrier." Since then casting directors have thought of her as a good Indian type.

In "The Concert," directed by Victor Schertzinger, she portrays a young society matron who becomes infatuated with a noted music master and goes with him to his mountain cabin.

Her husband and the musician's wife follow them, and in the succeeding scenes some very dramatic work is required.

"I get a chance to do some real acting in this picture," said Miss Scott. "With parts like this I will show them that I am an actress, not just a type."

J. S. Kennedy, of Smithers, arrived in town last night and is registered at the Hotel Prince Rupert.

THE COUGH with that Ticklish Sensation

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B.C., writes: "I have suffered for years, off and on, with a tickling cough. When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow, among which are sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

AT SALONIKA****Visitor Has to Fight for Place on
Street—Pitiful Existence.**

SALONIKI, April 7.—Saloniki with its 100,000 population and its 99 minarets gives shelter to more refugees than any other city in the world. Crowded within its narrow and shattered walls are 40,000 Greek and Macedonian refugees, 20,000 exiles from Russia, and an uncounted number of fugitives from Armenia, the Caucasus and other oppressed countries.

Most of them have a pitiful existence. A crust of black bread and a cup of watery soup daily is all that keeps them from the grave.

The Greek government has not the means to care properly for this great host of indigents. All its money is eaten up by the army in Asia Minor. The charity of America plays a large part in the care of the children, of whom there are many thousands. The American Red Cross is trying to ameliorate the wretched plight of the little ones.

Partly Destroyed.

The heart of Saloniki was destroyed by fire in 1917 and most of the city still is a mass of crumbling walls and rubbish heaps. The water and sewage systems were almost wholly destroyed. There are no hotels left. Only the well-to-do have homes. The rest of the population live in huts, tents and in the streets.

Nearly a dozen mosques have been turned into shelters for the homeless. In front of the altars where incense was wont to send its pungent odor heavenward, the boiling soup-pot and homely brazier now hold sway. Two thousand persons eat, sleep and have their being in a single mosque.

Saloniki is no place for a weakling. The city's streets are packed with pedestrians, merchants, bankers, peddlers, commercial travelers, soldiers, sailors, beggars and money-lenders, who make up a perfect maelstrom. This is the busiest mart in the East. It is also the richest. Nowhere in Europe is wealth at once so opulent nor poverty so utterly wretched. The visitor has to fight almost for a place on the street. He battles for a foothold on the only street car line, he storms the restaurant for food, and he has to appeal to the governor-general for a room.

VICTORIA, April 7.—Afflicted with the dread disease of leprosy, Chan Sing, a Chinaman, was brought into police headquarters by Constable Rankin, of the Saanich police force, and after being examined by City Health Officer Dr. Price and Dr. Vye, was handed over to Dr. Nelson, of the Dominion quarantine station. He will be taken to D'Arcy Island, where the federal leper station is located.

The Chinaman has been working in Saanich for some time, and latterly the disease, one which is but of seldom occurrence here, became apparent. The afflicted man's fingers and toes were badly wasted away, and

"that I remember," writes Mrs. R. Terrell, of 169, Dorian St., Montreal. "The time I was crippled with a bad leg. The trouble all started in an ordinary bruise, but in a day or two the injured part became worse, and soon it had developed into a painful open sore. I suffered intense pain, and walking about became so difficult that I had to give it up."

"I tried many different treatments—some proved no use at all, others did no more than temporary good. Then one day a friend strongly recommended Zam-Buk. This remarkable healer gave great ease and speedily brought about a marked improvement in the condition of my leg. I steadily persevered with the Zam-Buk treatment and within two months, the five-year-old sore was thoroughly and permanently healed."
