## Pope Benedict Is Said To Be Dying

### OLOF HANSEN TELLS OF SECURING BUSINESS FOR INTERIOR

#### Pope Benedict Receives Last Sacrament Today

ROME, Jan. 20.—The life of Pope Benedict hangs in the balance today. Fears were expressed at noon that he was in a dying condition. There was a sudden change for the worse this morning and the bronchial affection spread to the lungs. Oxygen was administered to him at 11 o'clock this morning and a little later he received the last sacrament. Extreme unction was administered by the cardinals, who declared his condition so grave that only a miracle could save him. At 12:30 he was reported to be in a dying condition.

PARIS, Jan. 20.—The Papal Nunciature here received word from Rome at 5 this afternoon saying the Pope was sinking rapidly.

#### SHINGLEMEN URGE LOWER FREIGHT RATE

Would Have Scale Reduced to That Previous to Year of 1914.

VANCOUVER, Jan. 20.—The Lumber and Shingle Manufacturers' Association adopted a strong resolution yesterday condemning the high freight rates as the chief handicap in the lumber business of British Columbia and urging a reduction to the scale prevailing before September, 1914.

#### WEATHER QUEEN CHARLOTTE IS REAL SUMMERY

Tom Deasy, Indian Agent, Says People Are Working in Gardens and Cattle Feeding Out.

The Queen Charlotte Islands are enjoying real summery weather and the winter there has been an exceptionally mild one so far according to Tom Deasy, Queen Charlotte Island Indian Agent who reached the city yesterday afternoon on the way from Massett to Skidegate where he is to hold the election of the native council on February 1. Mr. Deasy says that there has been practically no snow up to now, there having been but one light flurry. Some of the people are beginning to get their flower gardens in order and the cattle have been pasturing out all winter.

Mr. Deasy is optimistic about the coming season on the Islands. There is a big run of salmon expected and the Wallace Cannery at Woden River is preparing to operate again. The plant has about 10 gas boats which will fish in the early part of the season for springs in Beattie Straits and later for pinks in Massett Inlet.

#### NEARLY ALL BRITISH POLICE LEFT IRELAND

DUBLIN, Jan. 20.—All the auxiliary police except two battalions have now left Ireland. These will leave tomorrow. Today the evacuation of the army began in earnest.

#### LIBERALISM IS REVIVED

National Council Formed—Lloyd George President, Churchill Vice.

LONDON, Jan. 20.—A revival of Liberalism in this country is imminent, and the next election is likely to be contested on strict party lines.

The national Liberal conference, held in Central Hall, House of Commons, yesterday, was attended by 2700 delegates, who unanimously adopted a resolution that a National Liberal Council be formed.

Premier Lloyd George was elected president and Winston Churchill vice-president.

#### OTTAWA ACTIVITIES IN POLITICAL WORLD

Premier Returns From North York Nominations and Two Westerners Expected.

OTTAWA, Jan. 20.—Premier Mackenzie King is back from the North York nomination meeting. Hon. Charles Stewart of Alberta and Hon. J. H. King of British Columbia are expected to arrive within the week. The two Kings will confer regarding the acceptance by the British Columbia man of the portfolio of public works and an announcement regarding the by-election in East Kootenay will be made shortly after Dr. King's arrival here.

#### INFLUENZA IS ON INCREASE

Last Week 1262 Deaths in United Kingdom, Increase of 443.

LONDON, Jan. 20.—The latest mortality returns show no abatement in the outbreak of influenza in the United Kingdom. Last week there were 1262 deaths from disease, an increase of 443 over the previous week, besides 707 deaths from pneumonia. The aged are particularly affected. London is still a storm centre of the outbreak.

#### MEMBERS GAZETTED.

OTTAWA, Jan. 20.—By Saturday all the members of the new Parliament with the exception of ten have been gazetted. Included in those not yet gazetted are Comox-Alberni, Skeena, South Vancouver and Yukon.

#### EXPECTS THAT THERE IS TO BE ACTIVITY

A. R. Mallory, of Port Clements, Says Lumber and Fish Business to Start Again—Masset Inlet.

A. R. Mallory, stipendiary magistrate, notary public and postmaster of Port Clements, who arrived yesterday afternoon from Graham Island on the Prince John, says that a resumption of logging and sawmill operations and a big salmon run is expected this season on Massett Inlet.

Machinery for the lumber business is now being put in shape in readiness for the season's business and there is every indication that there will be renewed activity. Among the plants which Mr. Mallory expects will operate this year are the Buckley mill at Buckley Bay, the Canadian Trading Co.'s mill at Seawell and the Graham Island Spruce and Cedar Co.'s plant at Port Clements.

There will be a lot of work going on around the head of the Inlet this year according to Mr. Mallory.

#### NEWS BUDGET FROM ISLANDS

Massett Indians Are Showing Much Activity and Missionary Is Busy.

Miss Annie Andrews, a nurse of the Victorian Order, arrived last week from Calgary to take up her duties among the Indians of Skidegate Village.

Wallace Young and Miss Amy Collison of Skidegate were married last week at Skidegate by Rev. W. Allen, the Methodist minister.

Douglas Edenshaw of Massett is building a new 60-ft. gasoline boat which he hopes to have completed by the time the fishing season opens. The Indians are doing the work and the boat will be used for fishing and packing.

The new \$5000 church built at Massett by the Indians out of native materials is nearing completion and an electric light plant has been installed in connection with it. This church, which is the largest in the diocese, was formally opened several months ago by the Venerable Archdeacon W. H. Collison of Kincolith.

Rev. J. Gillet is providing much entertainment for the various towns of the islands with his moving picture outfit. He makes trips to the various places at regular intervals and his coming is always looked forward to. He receives a change of film every fortnight.

The natives of Massett and Skidegate are devoting a lot of time to civic improvements, and they are now busy building roads and streets in the villages.

There has been a good deal of social activity on the islands this winter and dances and entertainments are frequently put on in the various towns.

The dam of the Skidegate waterworks went out in the recent floods, but forty of the natives went immediately to work, with the result that now the village has a new and better tank than the old one. Water can be thrown to the roof of the highest house in the village. There is a good waterworks and fire fighting system.

#### CARPENTIER WILL BOX TED LEWIS

PARIS, Jan. 20.—Francis Deschamps, manager for Georges Carpentier, has signed articles for a match between Carpentier and Ted Lewis to take place in London early in April.

Negotiations are still proceeding with a view to a return match with Jack Dempsey.

#### SHINGLE TRUST INCORPORATED

New Concern to Enter Export Shingle Market—Dividends Limited.

VICTORIA, Jan. 20.—The shingle manufacturers of the province have formed a \$600,000 corporation known as the B. C. Consolidated Shingle Manufacturers' Limited, for the purpose of entering both foreign and local markets. The articles of incorporation limit the cash dividends to ten per cent per annum to shareholders but the extra profits, if there should be any, will be paid to the shareholders in shares instead of cash.

#### FISHERMEN COMING FROM GREAT LAKES

Number Wish to Engage in Halibut Industry at This Port.

This morning the Canadian Fish and Cold Storage Co. received a letter from the representative of the Lake Fishermen in Toronto stating that a number of young men, who have been engaged in fishing on the lakes have determined to come to Prince Rupert to engage in the halibut fisheries. They have saved anything from \$1,000 to \$12,000 each, but lack the local experience which is necessary before engaging in the industry.

Letters of this kind received from different parts of the country indicate how well known Prince Rupert is becoming.

#### CONSERVATIVES WILL HOLD CONVENTION

Preparatory Meeting of Executive on February 8 at Vancouver.

VANCOUVER, Jan. 20.—An executive meeting of the Conservative Association has been called for February 8 to prepare for a provincial convention to be held in the early summer.

#### French Demand Their Pound Of Flesh From Germany and Vote Confidence in Poincare

PARIS, Jan. 20.—Following President Poincare's declaration that France would adhere to the peace treaties and demand full reparation, the Chamber of Deputies passed a vote of confidence in the new ministry, the vote standing 472 to 107.

In his address to the chamber the new premier said Germany was responsible for the war and for the manner of conducting it. "Until everything due has been paid we can not afford to be generous. The reparations problem is the key to all others."

Premier Poincare was given the biggest ovation accorded any leader since the days of war enthusiasm and Clemenceau.

#### DELEGATION IS ENDORSED

Smithers, Terrace and Fort Fraser Back Local Board of Trade.

The memorandum of the Prince Rupert Board of Trade which is to be placed before the Dominion Government at an early date by a local delegation is receiving endorsement by outside points in the district and already three places, Fort Fraser, Terrace and Smithers, have sent letters to C. V. Ewert, the secretary of the board, backing up the various requests. Besides these, press reports and private advices from many other points show that the matter is to be given general endorsement.

J. Evans, secretary of the Smithers Citizens' Association, in a letter received here by last night's mail announced that an executive meeting of the association had unanimously endorsed the reports and recommendations.

#### Route to Naas.

E. E. Chandler, president of Terrace Board of Trade, wrote that his board had endorsed the memorandum with the request that the government be asked to investigate the route to the Ground Hog coal fields by way of the Kilsunkalum and Naas River valleys. There was a great tonnage of ore, wealth of timber resources and a great agricultural country along this route. Expert investigation had brought forth that the route was free from engineering difficulties and was a practical one. Terrace also asks that the geological branch of the Department of Mines make an investigation of the geological structure and mining possibilities of the district adjacent to Kilsunkalum Lake.

J. R. Tannock, secretary of the meeting of Fort Fraser citizens, stated that a meeting had been held and the memorandum had been endorsed, especially that portion of it suggesting a light railway to tap the soldiers' settlement reserve at Stuart River.

In connection with the proposed Ottawa delegation a letter has been received from W. E. Payne, secretary of the Vancouver Board of Trade, inquiring if the Prince Rupert Board was to join the delegation which it was expected would leave Vancouver about February 7 or 8 in order to be in the capital in time for the sitting of the Railway Commission on February 15.

#### THIRD SET OF TEETH.

DANVILLE, Ky., Jan. 20.—Mrs. Sally Helm is dead at her home near here at the age of 105. She had cut her third set of teeth.

#### Big Pole Contract Has Been Secured By Smithers Firm

The Hansen Tie and Timber Company, of which Olof Hansen of this city is the head, has received a contract for the supply of 300,000 feet of cedar poles to an Eastern Canada firm. They will be used, it is understood, for bridge building and in connection with hydro-electric construction. As the poles have to be peeled, there will be a good deal of work provided and it will take about four or five months to fill the contract. The cutting will be done between Hazelton and Terrace and settlers will be given first chance on the work as far as possible. A. Goodenough, the superintendent of Hansen operations west of Smithers, will be in charge of the work.

Mr. Hansen reported this morning that most of the actual cutting of ties for his railway contracts this winter is finished and the work of hauling has commenced. What ties still remain to be cut are those of some settlers. It is expected that all the work will be cleaned up by April 1.

#### MEIGHEN NOT OPPOSING KING

Deprecates Action of North York Conservatives in Nominating Man.

TORONTO, Jan. 20.—The Star publishes an interview with Hon. Arthur Meighen in which the former premier says the action of the Conservatives of North York in nominating J. A. M. Armstrong to oppose W. L. Mackenzie King in the by-election "was no work of mine." Mr. King was endorsed by the country as a whole, said Mr. Meighen, and there was not sufficient grounds for the departure from the well-established constitutional custom of not opposing a minister immediately after his election.

#### PRIVILEGES FOR U. S. FISHING BOATS WILL BE CONTINUED

The privileges extended to United States fishing boats at this port in 1918 are to be continued pending full consideration of the whole matter by the government, according to a letter which has been sent by W. A. Found, deputy minister of marine and fisheries, to the local Board of Trade in answer to an inquiry on the matter.

#### FISH ARRIVALS

Three fishing schooners, with a total of 73,000 pounds of halibut, sold their catches at the Fish Exchange this morning.

They were: Albatross, 50,000 pounds, sold to the Royal Fish Co. at 17c and 5c.

Kaen, 45,000 pounds, and Groth, 8,000 pounds, sold to the Sinclair Fisheries at 18.6c and 5c.

J. B. Lambert, Dominion Government public works engineer returned last night from Alice Arm and left again on the Prince John this morning for Stewart.

#### FROZEN FISH IS SHIPPED

Steamer Noponset Takes Trial Shipment from Vancouver to East Coast.

VANCOUVER, Jan. 20.—Two hundred tons of frozen fish, the first shipment to the Atlantic coast by water, left on the steamer Noponset by way of the Panama Canal.

If this shipment arrives in good condition it is expected that a big proportion of all rail shipments of fish will be diverted to this route.

#### USED BALLOTS FOR ELECTION

Massett Natives Take on White Custom in Electing Councillors—William Matthews, Chief.

MASSETT, Jan. 20.—At the election of Indian councillors last week, the natives of Massett took on the custom of white electors when they voted for the first time with ballots. A notable feature of the election was that not a single ballot was spoiled. There were ten candidates out of which six were to be elected. The successful candidates were William Matthews, Alfred Adams, Jasper Amos, Robert Bennett, George Jones and Peter Hill. Following the election William Matthews was chosen chief councillor.

#### NOTABLE DIFFERENCE IN FREIGHT RATES ON DIFFERENT ROUTES

In connection with investigations into the local freight rates it was found that the rate from Vancouver to London, England or Liverpool by way of the Panama Canal for canned salmon is 86 a ton. This is exactly the same rate as is charged from Vancouver to Prince Rupert for the same commodity. The European route is more than ten times longer than that in this port.

#### PREMIER CRAIG IS VISITING CHURCHILL

BELFAST, Jan. 20.—Sir James Craig, premier of Ulster, has gone to London to confer with Winston Churchill, secretary of state for the colonies, on outstanding questions concerning the government of Northern Ireland.

## North Should Get Good Representation.

The Liberal members of the Legislature will meet at Victoria on Monday, when they will recommend to the Premier who is to be the next attorney-general and who the minister of public works in the provincial cabinet. It is possible Mrs. Mary Ellen Smith may return to the cabinet with a portfolio. The action of this caucus will to a large extent determine the future of the government.

There have been whispers of a crisis in government affairs and the probability of another provincial election. These have been whisperings of the serpent. Nobody wants an election just now except a few politicians. The country is tired of elections. What is wanted is an opportunity to mind our own business for a while and to carry on until prosperity returns. The outlook is good, but an election would put a crimp in the prospects.

As a matter of fact there is no chance of a provincial election at present. The government is quite strong and perhaps the little setback of the last few months will give them added strength. At any rate it will make for cohesion in the party.

Nothing will be known as to who the new ministers are to be until after the meeting on Monday. It is confidently expected that Hon. A. M. Manson, member for Omineca and speaker of the Legislature, will be appointed attorney-general, and Dr. Sutherland is spoken of as a possible new minister of public works. Either of these men would easily be returned and Mrs. Smith, if appointed, would carry her seat in Vancouver.

The matter of the speakership is rather a difficult one. It will be very difficult to replace Mr. Manson, who has shown such marked ability in the position. F. A. Pauline, the member for Saanich, is the deputy speaker and he may get the position, but it is never sure. Mr. Pauline is an eminently fair man, but he has not that incisive manner and promptness of decision that is necessary to insure the best results as chairman of a legislative body. The members of the Legislature have had experience with him as deputy and should be the best judges as to his ability to fill the position likely to be vacated.

## Only One Election of Federal Ministers.

It speaks well for the choice of Hon. W. L. Mackenzie King that not one of his ministers is being opposed on his return to his constituency for re-election after being admitted to the cabinet. It seems a pity that Mr. King himself should have been singled out for a contest, thus wasting his time on a campaign—time which is so badly needed in attending to legislative and executive duties.

The administration of a new premier is always a subject of interest and especially so when the new minister represents a party which has not been in power for some time. Mr. King is untired in the position, but he has made a good beginning by associating himself with strong men, and especially by placing Hon. W. S. Fielding in charge of the finances.

One of the big matters to be dealt with immediately will be the railway. The Grand Trunk and Canadian National systems have not yet been consolidated and this is likely to be one of the first acts of the new administration. When that is done the whole system may be reorganized.

Revision of the tariff is also a question that the farmers are insisting upon. There is not likely to be any drastic change at present, and it is possible the matter may be left over for a year until the fullest possible information has been obtained as to the effect of the changes proposed.

## Position of Progressives.

One subject that will prove of great interest in the forthcoming session will be the position taken by the Progressives in their relation to the present government. They can hardly sit in the party caucus unless it is arranged that the caucus shall be a joint one. If they unite with the Liberals in their inner councils they are likely to lose their identity as a party, and that they are determined not to do.

The chief aim of the Liberal leaders, it is to be assumed, will be to so conduct the affairs of the country that a Progressive party may be unnecessary. The Liberal party is the party of progress. The Liberal policy usually is one of advancement. If it is shown that they are not advancing fast enough and that another more advanced party is necessary, then the Liberal party becomes conservative in its nature and the old Conservative party disappears, giving place to the Liberals. With Mackenzie King at the head it seems hardly likely that the Liberal government will prove anything but progressive and will maintain its position as the moving spirit of all advanced legislation in the Dominion of Canada.

## Acquire the Habit

Doubtless you know persons who, notwithstanding small salaries, have more substantial savings than you.

It is all in getting the saving habit. Persistently deposit \$5 in your savings account every week for five years, and with interest at 3% compounded semi-annually, your balance will total \$1,401.74.

## UNION BANK OF CANADA

Prince Rupert Branch A. T. Broderick, Manager

## Listen!

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

## FREE TRIAL

Next the Prince Rupert Hotel

## Ten Years Ago in Prince Rupert

Miss Ellen Scarborough, who is writing descriptive articles for the Saturday Evening Post, the Ladies' Home Journal and other American magazines, is in the city after having toured the whole of the Alaska coast from Ketchikan to Nome. She will add her impressions of Prince Rupert to the stories.

The city sewerage problem, the site for the isolation hospital and the altitude of the press were matters discussed at the meeting of the Property Holders Association held last night in the Presbyterian Hall. Dr. J. O. Reddie spoke on the isolation hospital, E. Flexman and City Engineer Davis on sewers, and J. B. Roerig on the press.

It is ten years since Charles M. Hays made the formal announcement that work was to be started on the construction of the Grand Trunk Pacific Railway.

## WHAT'S IN A NAME?

In this case, it means that we are unusually qualified to take care of the linen entrusted to us for laundering.

Being a member of the Laundrymen's National Association, and having at our disposal the expert advice of the Mellon Institute of Industrial Research, Pittsburgh, Pa., we make this claim with the full knowledge that we are up to date in every particular of our business. This institute has one of the largest and best equipped laboratories in the world for the purpose of scientific research, and the National Association has seen fit to establish therein their department of Chemical Engineering. From this source bulletins are issued to us regularly, giving the results of numerous scientific experiments with supplies and methods, and advising us the very best known methods for laundering without injury to the fabric.

Experiments and tests are continually carried on, always with the conservation of the material uppermost in the minds of the scientists, and no formula or cleansing agent is tolerated for use unless it conforms strictly to their standard.

Don't you think a name may mean something after all?

Also, don't you think we are better qualified to take care of your laundering than those who do not have the benefit of this expert advice? We ask you to consider this when you are about to send out your next bundle of laundry.

A phone call will place this service at your disposal.

Laundresses and Dry Cleaners.  
Phone 8. advt.

## RAILROADING AND LAW ARE THE SUBJECTS

Addresses Given Before Rotary Club Yesterday by N. B. Walton and W. E. Williams.

Two interesting addresses were given before the Rotary Club yesterday by N. B. Walton, assistant general superintendent of the G.T.P., and W. E. Williams, of the firm of Williams, Manson & Gonzales, both having to do with their profession. Mr. Walton told incidents of railway life and Mr. Williams described the development of the present system of jurisprudence.

"There has been a great change in railway methods during the past 22 years," said Mr. Walton. "Men have more to say today as to how the work shall be conducted. The old condition was not conducive to the best results."

Mr. Walton said that in the old days a telegraph operator was paid \$29 for 30 days work. Section men earned ten cents an hour. The men were not expected to have any say as to the methods of doing the work.

While some people said today the men had gone too far, Mr. Walton said he thought this was largely a reaction from the former condition. In 1900 the first change was noticed when the men made overtures to the company, which were rejected without ceremony. As showing the change that had taken place since then Mr. Walton cited the recent appointment of a railwayman to the Railway Commission, W. E. Williams.

In sketching the growth of the present system of jurisprudence, Mr. Williams said that law, being a social science, is evolutionary and changes from time to time. Primal man lived anything from half a million years ago to forty million years. The ape man was an individual against the world. Might was right. The system of "get all you can" was the only one. In this respect it differed from the principles of the Rotary Club.

At that time the mammoth and reptilian monsters roamed the earth and the ape men had to hunt in packs and probably played jackal to the carnivorous animals. In these small groups they developed the first laws. The head of the group controlled the women and had the most and the first of everything.

Later animals were tamed and herded and food produced in that way as well as from hunting. Later agriculture caused the groups to scatter and the feudal system was developed, castles were built and from that came the manorial system of jurisprudence. The lord of the manor was often subject to a baron who in turn was subject to the king.

Two Systems.

In modern times laws were derived from the central authority and also from a political body. The modern law came into being as a union of the Roman and English systems. Under the former the system was drawn up by theorists who were outstanding men and these laws were imposed on the people. Under the English system laws developed gradually from the king and barons. At first there was a conflict between the king and the barons and the barons forced the king to agree to certain laws as was done in the signing of the magna charta. This gradually widened until the present system was developed.

Two systems of government obtained today. That representative of power from above as seen in the absolute monarchy, and the one in force in democratic countries where the people were the source of all law. Public opinion grows until a majority demand that a law be passed to give effect to the opinion. The law emanates from the people as the result of public opinion.

Mr. Williams explained the dead statutes such as that now on the law books in Scotland which made playing football on Sunday a capital offense.

The speaker showed the evils of Lynch law and said those who had made a study of law were the ones best fitted to interpret them. It was the duty of citizens to conform to the decisions of the courts.

Lawyers and Laws.

People often wondered why lawyers took cases which were

## OFFICERS OF SONS CANADA

Annual Meeting Took Place Last Night in Hays Block Rooms.

The Sons of Canada held their annual meeting last night in the Hays Block rooms. There was a good attendance and the main business, was the presenting of the annual statement, which showed the society to be in good financial condition, reports of committees and election of officers for 1922. Charles Blythe, vice president, was in the chair. The following officers and committees were elected:

Hon. president, Fred Stork, M. P.

Honorary vice president, L. L. Col. S. P. McMordie, D.S.O.

President, George W. Johnstone.

First Vice President, W. R. Love.

Second vice president, P. Laporte.

Secretary-treasurer, Harry A. Breen.

Trustees—H. R. Love and J. C. Knight.

House Committee—C. D. Balsdon, W. G. Barrie and A. Hudina.

Finance Committee, H. R. Love, S. E. Parker and J. C. Knight.

Entertainment Committee, H. A. Breen, W. G. Blythe and W. R. Love.

Sports Committee—C. M. Blythe, W. G. Anderson, H. Menzies, and P. Laporte.

## PROVINCIAL COURT OF REVISION HELD

About Half of Cases Were Disposed of by John Dybhavn, Judge, Yesterday.

About half of the cases presented to the provincial court of revision were dealt with yesterday by John Dybhavn, judge of the court, and adjournment was made until next Thursday when the balance will be taken up. Sixteen cases were disposed of and a similar number are left over. Slight reductions were made in some cases, others were dismissed and in a few judgment was reserved. Mr. Dybhavn and C. W. Homer, assessor, were to have gone to Stewart today to hold a session but the trip was countermanded by wire from Victoria last night there having been no appeals made there.

One of the most important cases before the court yesterday was that of the Graham Island Spruce Lumber Co., which claimed over-valuation on its holdings on the Queen Charlotte Islands. Judgment was reserved until next week. G. W. Nickerson appeared on behalf of the company.

Another appear was that of over-valuation made by Pemberton & Sons on a large tract of land at Anaham Lake in the Bella Coola Valley. Owing to the inaccessibility of the property a slight reduction was allowed.

A. M. Manson appeared before the court on behalf of himself and Dr. W. T. Kergin asking for a reduction of some land in the neighborhood of Lakelse Lake. A slight reduction was again allowed here on account of the inaccessibility of the land.

The remainder of the claims dealt with, several of them from Alice Arm district, were of a minor nature and the most of them were dismissed on account of trivial grounds for appeal.

The district dealt with by this court is known as Prince Rupert assessment district and includes all Prince Rupert and Atlin electoral districts with the exception of the extreme north of Atlin which is handled from Atlin.

John Emerson, of the Prince Rupert Pulp and Paper Co., returned to Vancouver on the Prince Rupert last night.

## PILES

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. "GIFTS THAT LAST"

## Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this latter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmansons, Bates & Co., Limited, Toronto.

## SCHOOL BOARD IS TO BE ADVISED AS TO LAW FIRE ESCAPES

Council Meeting Last Night Dealt With Matters Referred From 1921 Council.

The granting of \$2500 towards the cost of putting in a swimming tank at the Booth Memorial School, the instructing of the school board to have fire escapes installed at the same school, the purchase of an ambulance for the General Hospital and the report of the superintendent of utilities regarding the development of North Fork of Shawatians River and Woodworth Lake for power purposes were matters transferred from last year's council which were dealt with at the first meeting of the 1922 council last evening.

The matter of the swimming tank was referred to the board of works for report.

In regard to the school fire escapes it was moved by Ald. Dybhavn and seconded by Ald. Perry that the school board be communicated with pointing out that the law required that these fire escapes be put in and it was the opinion of the council that the law should be complied with. The resolution passed.

The matter of the ambulance and the further power development were referred to the utilities committee for further report.

## The Man in the Moon SAYS—

DON'T let a flea spoil your disposition.

OF all the people in this town only about ninety per cent feel that they have enough money to live on. And the percentage is low here compared with most places.

A CORRESPONDENT wants to know why a pretty girl is fascinating. Well, is she?

An artistic temperament is another name for an ugly disposition. Avoid it as you would the plague.

THE matchmaking industry is said to be controlled almost wholly by women.

SHORT and snappy is the slogan, when it comes to hair or skirts.

A YOUNG woman is quite a sport for she is out gunning for a dear.

AMONG the things that don't get you anywhere is wishing you had voted Liberal.

THE young man and young woman who have difficulty in finding out that they love each other live happy ever afterwards, according to the fiction stories. But then the author's conception of the word "ever" is not just what it should be.

## COMMITTEES OF COUNCIL ARE NAMED

Ald. Collart to Finance—McLeod and Montgomery to Works—Kelly to Utilities.

Mayor Rochester has appointed the standing committees of the city council for the current year and last night the list was submitted to the council as follows:

Finance—Ald. Dybhavn and Ald. Collart.

Public Utilities—Ald. Perry, Ald. Silversides and Ald. Kelly.

Board of Works, Health and Cemetery—Ald. Kerr, Ald. McLeod and Ald. Montgomery.

Reading Room—Ald. Kerr, J. M. Buckley, J. Fred Ritchie and Alex. McRae.

Fisheries—Ald. Dybhavn and Ald. Montgomery.

Exhibition—Ald. Kelly and Ald. Silversides.

Hospital—Ald. McLeod and Ald. Collart.

The Board of Trade delegates from the council will be named later.

The first named on each committee will be the chairman.

Following the council meeting last night the committees met and decided on the days and time for their meetings.

The Finance Committee will meet on Saturday morning at 10 o'clock, the Board of Works at 7 p.m., Friday evening and the Utilities Committee at 8.

The Housing Scheme Committee will comprise Mayor Rochester, Ald. Dybhavn and Ald. Collart, members of the finance committee, T. B. Hooper, city solicitor; W. D. Vance, city treasurer, and Harry Landry, building inspector.

The Court of Revision, which will sit on February 8, will comprise Mayor Rochester, Ald. Perry, Ald. Silversides, Ald. Dybhavn and Ald. McLeod.

## SUPERDRAMA ON TONIGHT

Much has been written about the remarkable superdrama "Man, Woman, Marriage," and wherever it has been shown audiences have watched with breathless interest and frequent salvos of applause its amazing sequence of brilliant and colorful pictures.

Dorothy Phillips is the star and ascends new heights in her truly wonderful interpretation of Victoria. Great credit is due Allen

Holubar, the director-author. His masterly skill and creative genius are constantly borne home to one. The feature is presented by Albert A. Kaufman and is a First National attraction.

Few stories with such spectacular splendor have held such a depth of heart interest or wealth of detail. Yet at no time do even these gorgeous scenes draw one's attention from the thrill of the modern story which they so enhancingly illustrate.

The story is of universal appeal. It has been pronounced by literary critics to be amazing in the magnitude of its theme.

Ascendancy of Woman.

It traces the ascendancy of woman through the opalescent haze of mythology and the confusing reality of the mediaeval period into the amazing whirl of the modern day. Customs and habits are strangely contrasted in this engrossing drama of "Man, Woman, Marriage" through the ages past.

In the screen's early days, girls became stars because of physical pulchritude. It was not so much a question of talent. Today great pictures demand a star with talent for acting, personal magnetism and that almost undefinable characteristic called screen personality. "Man, Woman, Marriage" combines at once a story with a plot, punch, a mighty lesson and new screen ideas. It entertains, it stamps an indelible impression upon the mind, it creates a desire to see more pictures of its remarkable calibre.

## Sport Chat

The Colts basketball team and the fans who made the trip to Port Simpson on Wednesday were given a great reception at the Indian village. The whole town turned out for the match and following the playing there was a dance. The locals, used to the spaciousness of the Agricultural Hall, found it somewhat difficult playing in the smaller quarters of the Port Simpson Athletic Hall and they account for their defeat, in no small degree, to the strange and restricted surroundings. Following the match, the Colts challenged Port Simpson to a return game here which will likely be arranged for an early date. As the Port Simpson people gave \$15 of the proceeds of the game to their visitors to help defray expenses similar treatment will be given Port Simpson when they come here.

The Port Simpson boys were a good deal heavier than the locals and the game developed into a rough one in which the Colts received considerable man handling. Eric Mackintosh had his lip cut and was taken to the hospital where Dr. Sager put in three stitches. A humorous incident occurred at the hospital, where Harry Astori had conveyed the injured one for repairs. When Dr. Sager commenced his operations, Eric fainted and shortly after Harry also took the count on sight of the surgical performance. Both soon came to, however, and were little the worse of it.

The trip on the Narbethong both coming and going was a pleasant one. Leaving here at 2 o'clock in the afternoon, Port Simpson was reached just about 5. There was a preliminary game between the old timers and youngsters of Port Simpson and then the headliner commenced. The dance followed and about 11:30 some of the boys went down to the Narbethong to get ready to leave. When they arrived at the wharf they found their craft aground and Captain Freeman, their genial skipper, sound asleep inside. He was quickly aroused and the boat cleared and the return trip commenced. When they were off Georgetown a snowstorm started and it became very dark and Captain Freeman thought it would be far safer to return to Simpson. Accordingly they spent the night there and set out for home yesterday morning arriving here about 12:30.

The lineups and scoring of the game was as follows: Port Simpson—Ed. Wesley, 2; G. Webster, 19; P. Alexee, 15;

D. Musgrave, and Charles Green 21—56.

Prince Rupert Colts—W. Mitchell, 14; E. Mackintosh, H. Frizell, 4; G. Mitchell, 6, and Ralph Smith—21.

Charles Ryan, who refereed the game here a few weeks ago, acted as arbiter.

## UNION BANK'S POSITION STRONG

Met. Requirements of Clients, Yet Maintained Confidence of People.

The annual report of the Union Bank of Canada covering the year ended November 30, 1921 is the 57th annual report of this widely known institution. The past year has been one which has tried the strength of chartered banks in marked degree and it is reassuring to see that the Union Bank of Canada has maintained a strong position and at the same time met the legitimate requirements of its clients in a satisfactory manner. The 1921 report shows that both the public and the shareholders have been well served.

The extent to which the Bank has participated in the commercial life of the country is shown by the amount of current loans and discounts in Canada which stands at \$62,010,000. The confidence which the public has in the institution is emphasized by the splendid manner in which the deposits placed with the Bank have been kept up under untoward conditions. Current accounts as at November 30, 1921 totalled \$37,313,939, and savings accounts \$79,409,815, making total deposits of well over \$116,000,000. A noticeable feature of the statement is the increase during the year of Dominion and Provincial securities held by the Bank. On November 30th, 1920 these securities totalled \$8,790,636, but this total was increased materially during the year and stood at \$15,946,501, indicating that the Bank has done its share in helping to finance the governmental needs of the country.

## UNION BANK OF CANADA HAS AN EXCEPTIONALLY STRONG STATEMENT

Bank's Position is Well Maintained, the Liquid Assets being 53.70 per cent of Total Liabilities to the Public—Resources aggregate \$152,625,386

THE balance sheet of the Union Bank of Canada, for the fiscal year ended November 30th, 1921, which was returned to the shareholders at the 57th annual meeting, held at the Bank's head office in the city of Winnipeg, on Monday, January 9th, discloses this well-known banking institution to be in a very strong and liquid position. The meeting was largely attended by representative shareholders. W. R. Allan, Vice-President, president. H. B. Shaw, General Manager, presented the Bank's Annual Statement.

Following the shareholders' meeting, the Board of Directors elected W. R. Allan, President, John Galt, former President, retiring because of his removal from Winnipeg to Victoria, B.C. Mr. Galt remains a Director of the Bank. H. B. Shaw was elected Vice-President and will continue as General Manager.

The Bank's assets total \$152,625,386. The readily available portion of these assets represents 53.70 per cent. of the Bank's total liabilities to the public, thus demonstrating that the liquid position of the Bank has been strongly maintained.

A very strong feature of the statement is the carrying forward of \$541,686 into next year's profit account, this being \$400,000 greater than the previous year, and the largest amount in the Bank's history.

That the Bank has continued to do its full share for the commercial interests of Canada is shown by the fact that the total of these loans at the end of the year was \$62,010,007.

Grain loans total \$7,295,483. Loans to Governments and Municipalities are \$7,420,529.

Deposits totalling \$116,723,755 are reported.

Net profits for the year amounted to \$1,342,389, which is about \$300,000 less than the previous year.

Complimentary copy of our Year Book, giving statistics of the progress of Canada may be obtained from any of our branch managers.

## UNION BANK OF CANADA

## NEW COUNCIL IS WELCOMED

Opening Meeting of Year Last Night—Mayor's Remarks.

At last night's council meeting, the opening meeting of the year, Mayor Rochester delivered remarks of welcome to the new council. His Worship stated that he was gratified to see five members of last year's council at the board again and congratulated the electors on returning them to office. He stated that it was a move in the right direction of electing the city councillors for the two year term, a system which, in his opinion, the sooner it were adopted the better.

To the new aldermen the Mayor extended a welcome. Last year's council had been one of the most harmonious in the history of the city and he hoped that this year's would be like it. It would be well for each alderman to look before leaping and consider carefully before giving utterance to any remarks which might cause friction. At the beginning of the year 1921 he had suggested that the aldermen secure their information about various departments through the mayor's office so that the time of the officials might be saved. This system had worked out satisfactorily and he suggested that the new aldermen follow it.

Early in the year there would probably be re-adjustments in the various departments. Such matters would be dealt with by the various committees interested and then would be presented to the council.

The mayor felt that city affairs were in good shape this year to commence with and work would soon be proceeding smoothly. He hoped that 1922 would be a banner year in the city, one marked with prosperity, harmony and progress.

**Perry Replies.**  
In replying to the mayor, on behalf of the council, Ald. Perry extended a welcome to the mayor

## LIVER TROUBLE Bad Bilious Attacks

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and sick, and bilious spells occur on account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

**MILBURN'S  
LAXA-LIVER PILLS**  
They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes: "I was troubled with my liver, and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."

**MILBURN'S  
LAXA-LIVER PILLS**  
are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

and stated that the citizens should be congratulated on their choice for the chief magistracy. All would look forward to a continuation of the municipal business in the hands of a man in whom all had the highest confidence.

Ald. W. H. Montgomery felt that all should start on a straightforward basis. He differed with the mayor when he advised the aldermen to get their information about the various departments through his office. This was new to him and he felt that it was a wrong principle. He would choose to reserve for himself all the rights under the Municipal Act and if they included the privilege of going personally into all the departments he would do so. He would also reserve the right of cross fire discussion at the council meetings. He did not wish to be in the opposition but it was just a matter of principle.

Mayor Rochester explained that his advice was merely in the way of suggestions by which none of the aldermen would be bound.

## SKIDGATE BAND AND FOOTBALL TEAM MAY COME TO EXHIBITION

Massett Also Ready to Come in  
If Suitable Arrangements Can  
Be Made for Transportation.

The Skidgate Indians are re-organizing their band and football team with a view to visiting the Prince Rupert exhibition next fall. Massett is also ready to send the band and football team providing satisfactory arrangements can be made regarding transportation. Athletic clubs and literary societies have been organized at both Massett and Skidgate.

If the Indians come here they will also bring many exhibits of native craft and art.

## BOXING CLUB IS BEING FORMED

First Meeting Held Last Night—  
Eighteen Were in Attendance.

A boxing association is being organized in the city and last night the first meeting of those interested was held in M. M. Stephens' office. There were about eighteen in attendance and the question of getting started was fully gone into. A board of directors was appointed who will go into the matter of securing and furnishing a club for the carrying out of the sport. The officers chosen were: President, W. Bourne, Secretary - treasurer, Fred Schulze, Managers, Owen Fisher and Al Campbell, Director, R. Davidson.

## ENJOYABLE EVENING ST. ANDREW'S HALL

Twenty-nine Tables of Whist and  
75 Couples in Attendance  
at the Dance.

A very enjoyable whist drive and dance was held last night under the auspices of the St. Andrew's Society. There were 29 tables of whist and 75 couples attended the dance, the music for which was provided by Arthur's Orchestra. The first prize winners at whist were Mrs. J. Simpson and A. Wick, and consolation awards went to Mrs. W. M. Brown and Mr. Hansen. W. M. Brown was master of ceremonies and A. Clapperton was on the door. The ladies assisted in the serving of refreshments.

## TRAVELLERS' CAFE.

This is to notify our patrons and the general public that as soon as insurance matters are arranged and repairs completed, the cafe will resume business. Our motto is "Good Service and Courtesy."

CHARLES HEW and  
W. LOUIS WING,  
Proprietors.

Miss Gillatt, daughter of Captain Gillatt, of Sandspit, reached the city from the Queen Charlotte Islands yesterday afternoon on the steamer Prince John.

Frank Hicks, of Port Clements, reached the city on the Prince John yesterday afternoon.

John L. Lullich, of Alice Arm, arrived in town on the Prince Rupert last evening.
