Liberal Leader Holds To Old Policy AFTER NEAR BREAK FRANCE AND ENGLAND AGAIN TOGETHER

Hundreds of Kiddies Are Celebrating Flag Day at Acropolis Hill with Elks

Hundreds of kiddies are taking part this afternoon in the Elks' annual Flag Day festivities at the Acropolis Hill Grounds. Many of the employers have complied with the civic request for a half holiday and it is a store holiday any way so grown-ups have also made a prominent turnout. The various lodge committees have brought their efforts to a successful close and the enjoyment of the day is now on in full swing.

Although the day is threatening, with the exception of a few passing showers it does not look as if rain is to interfere with the plans to any great extent.

Gala Appearance

The whole city has taken on a gala appearance and the response of the business houses to the request for decorations has been so splendidly and there are very few premises that have not some holiday appearance. Many have made novel and interesting displays in which the lodge colors and patriotic emblems take a prominent part.

The Anyox baseball team and party of fans arrived in the course of the morning on the Aurita after having been delayed slightly on account of low tide and the possibility of crossing Tugwell Island bar. They are staying at the Prince Rupert Hotel.

Besides the ball players the party consists of H. F. Kerwin, M.A. C. Gray, H. Chapman, J. East, and Messrs. Morton, Moffatt and Moran.

Shortly after 1 o'clock the scores of youngsters who had

MEIGHEN SCORES THE LIBERALS

Accuses Them of Breaking Pledges and Condemns Their Tariff Policy.

KINGSTON, Aug. 9.—Arthur Meighen, addressed a gathering of Conservatives here while he was enroute to the Pacific coast. He told them that the Liberal Government had broken all their election pledges and carried on the Government by log rolling with the Progressives and added \$25,000,000 to the public debt without making any real attempt at economy. He condemned the tariff policy and the changes in general taxation.

BROKE SPINAL CORD DIVING

Billy Muir Will Never Swim Again Following Accident Saturday

VICTORIA, Aug. 9.—Billy Muir, champion diver of British Columbia and a well known swimmer will never again swim and will be lucky if he survives the accident of a swimming gala on Saturday, when he broke the spinal cord in the high-dive. An X-ray examination today revealed the worst.

MORE FINES UNDER FOREST ACT GIVEN

A. Wilson, of Remo, and William Brackenbury, of Ansbury, Each Assessed \$10.

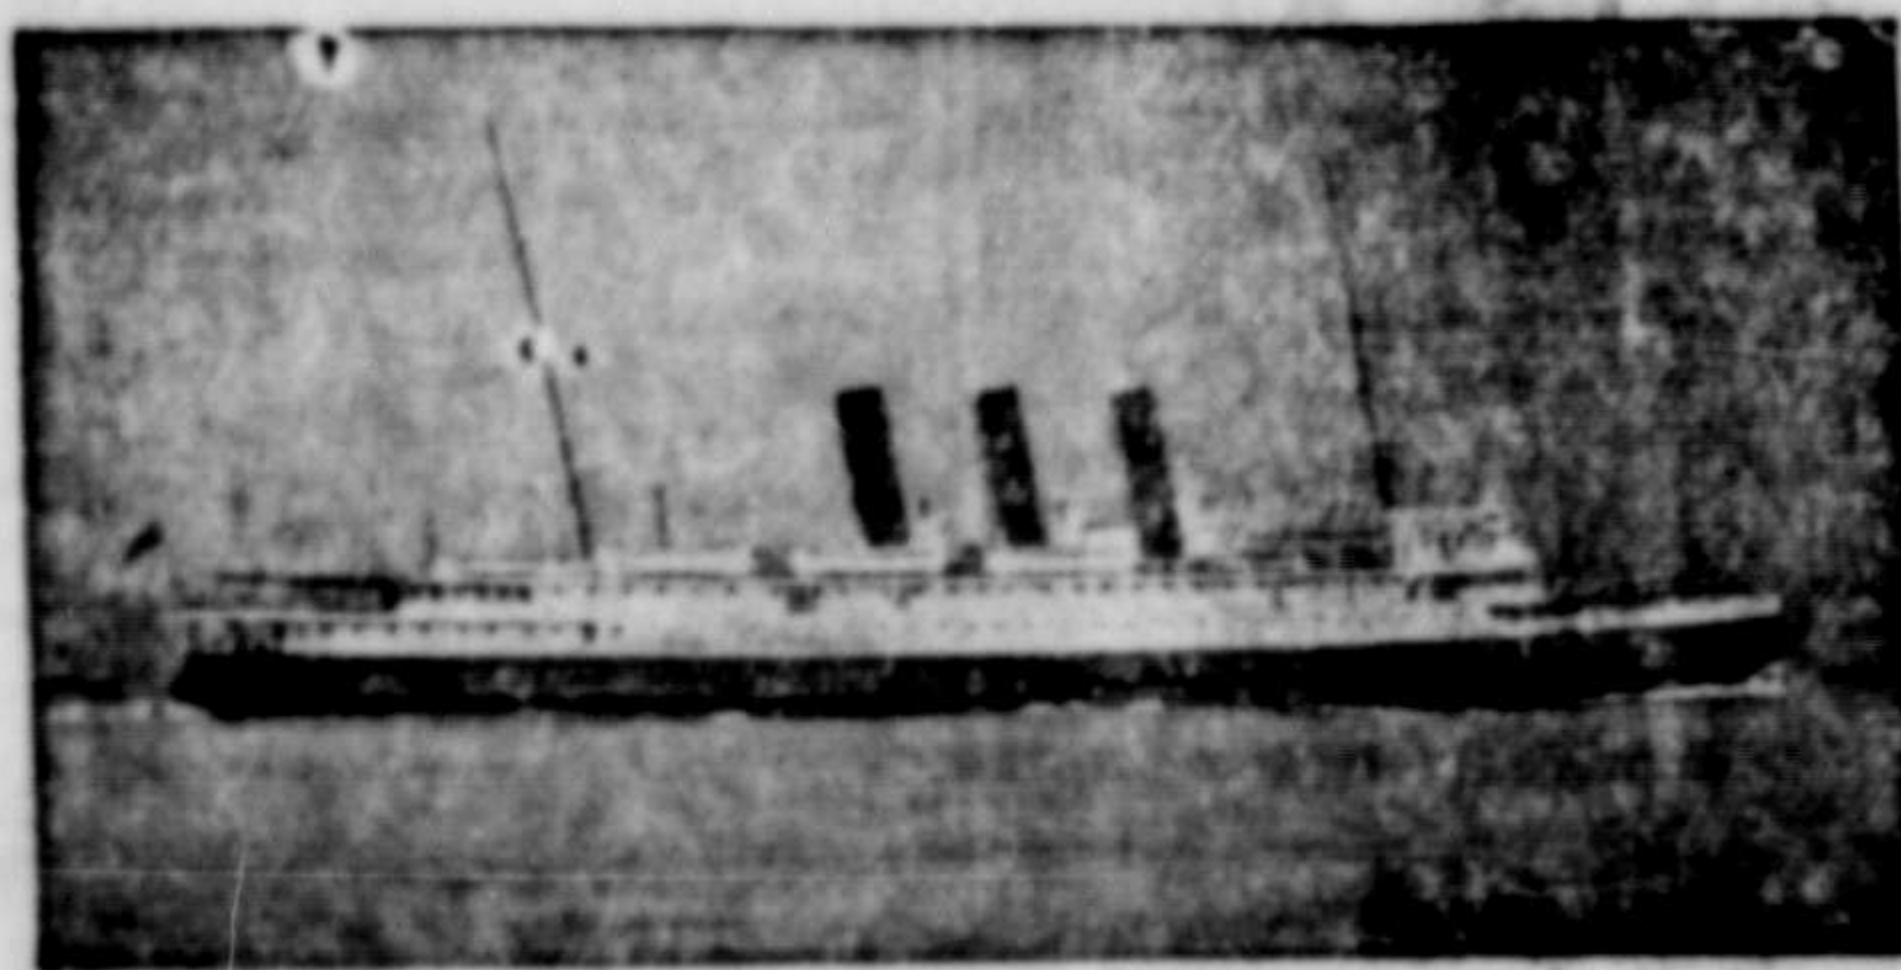

On August 7, before Magistrate Kenney, at Terrace, A. Wilson, of Remo, and William Brackenbury, of Ansbury, were convicted of contravening the Forest Act by setting fires without permits. Each were fined ten dollars and costs.

MANY SEIZURES LIQUOR MADE

Efforts of Alleged Smuggling Are Suddenly Checked by Provincial Police

VANCOUVER, Aug. 9.—Simultaneous raids along the international boundary between Princeton and Grand Forks are said to have resulted in the seizure of large quantities of liquor intended for smuggling across the border, according to reports to the provincial police here. About forty charges will be laid in different parts of British Columbia as a result.

COMPLETES 500TH VOYAGE.

Canadian National Palatial Steamer Prince George.

ANOTHER CHANGE IN FISHERY COMMISSION

Prince Rupert Date Remains the Same but Eslington Date is Now Set for Aug. 10.

Another slight change, so far as this district is concerned, has been made in the dates of the meeting of the fisheries commission. While Prince Rupert and Neas River dates remain the same, there is a new date set for Port Eslington and for all the meetings that follow it. The meeting will be held at Eslington on August 19. The sittings here will be held in the city hall at 10 a.m. and 2 p.m., commencing next Monday.

500 TRIPS BY PRINCE GEORGE

Popular G. T. P. Coaster Is Still One of Favorite Ships in Service.

The good ship Prince George, Capt. W. S. Moorehouse, of the Grand Trunk Pacific Coast Steamship Service, steamed into port at 10:45 this morning from the south on the five hundredth voyage of her twelve year service on the coast between here and Vancouver. As trim and well-kept as on the auspicious pioneer day when she first made her appearance around the Digby Island point in 1910, the steamer is still a favorite with the travelling public and her long and successful service is a matter of which her operators are justly proud.

The Prince George was built by Swan, Hunter, Wicham & Richardson, Ltd., at Wallsend-on-Tyne and was registered at Newcastle in 1910. She is of 3372 tons gross burden and 1625 tons net, is 320 feet long and is propelled with twin screw engines. When she entered service she was a coal burner but was converted to oil in 1912 at Yarrow's, Esquimault.

In keeping with her name, the Prince George sailed for the Pacific from Newcastle on May 7, 1910, the day of the coronation of King George V. Taking here course by the Straits of Magellan before the Panama Canal was completed, she arrived at Vancouver on July 17. She was brought out by Capt. Thomas Underhail with I. O. Handy, chief engineer, and Capt. Henry Nidden, now skipper of the Prince John, chief officer.

During her service, the Prince George has covered a distance of 796,500 miles and has carried 135,000 passengers and served 575,000 meals. Her grand total freight haulage has been 120,000 tons. Her average speed has been 15.5 knots with a maximum of 19 knots. As a coal burner she has consumed 25,000 tons of coal and since being converted to oil burning has used 696,500 barrels. She has a carrying capacity of 22,000 barrels of oil and 435 tons of water. In spite of her twelve years service, the George is still one of the most modern vessels on the coast and she has hot and cold water and all other conveniences.

Her Officers.

The vessel has a crew of 83 officers and men. Capt. W. S. Moorehouse, her present commander, has been 11 years in the service; Chief Officer E. Mabbs, 12 years; Second Officer E. L. McKay, four years; Third Officer W. G. Johnson, new; Chief Engineer A. S. Munro, 11 years; Second Engineer H. H. Boyd, seven years; Third Engineer A. McWhirter, 11 years; Purser J. A. Crawford, eight years; Assistant Purser H. J. Healy, three years; Second Assistant Purser A. E. Evans, new; J. H. Newey, the ever popular chief steward, came out on the steamer from the Old Country and has made 526 voyages on the coast. His assistant, George Gules, has been with the company seven years. Miss A. Westlake, the stewardess, has had four years' service.

SURPLUS FOR YEAR

QUEBEC, Aug. 9.—The financial report for the year for this province shows a surplus of ordinary revenue over expenditure of \$5,933,419.

POINCAIRE AND LLOYD GEORGE GET TOGETHER

Three Hours Conversation Today Results in Partial Agreement

LONDON, Aug. 9 (noon).—As a result of a three hour conversation between Premier Poincaire and Lloyd George today it was decided to refer back to the committee of experts Poincaire's plan for the control of German finances with the request that points upon which British and French are not in agreement be re-examined.

INDIAN ARRESTED ON MURDER CHARGE AT JUNEAU, ALASKA

JUNEAU, Aug. 9.—Willie Jackson, an Indian, has been arrested for the murder of Capt. Henry C. Loft of Port Townsend, Washington. Jackson is said to have killed Loft, when the latter refused to give the Indian some home brew.

THRASHED TWO MEN WHO THEN GIVE INFORMATION AGAINST OFFICERS

REPUBLIC, Wash., Aug. 9.—Thomas Barker, sheriff of Ferry County, was arrested with two confederates and charged with aiding the illegal transportation of liquor into Spokane shipped from the Canadian side. Federal agents made the arrests following depositions made to them by two men who confessed they were in the business and paid the sheriff for protection.

B.C. WINS IN CRICKET GAMES

Beats Alberta in Tournament at Calgary by 228 to 208

CALGARY, Aug. 9.—British Columbia defeated Alberta by a score of 223 to 208 in the cricket tournament here yesterday. On the same day Saskatchewan again won against Manitoba.

Trade wives rush about where humble hubbles fear to tread.

Mackenzie King Declares for Reciprocity with U. S. Soon as Can be Arranged

LEMINGTON, Ont., Aug. 9.—Premier Mackenzie King is still keen for reciprocity with the United States. In addressing a Liberal picnic yesterday he said the present Government was ready for reciprocity with that country when the pact could be arranged at Washington. He believed the only way to make up for the "mistake of 1911" was to endeavor to establish wider markets and make up for lost time.

CRUISER ON THE ROCKS

Raleigh Likely to Be Total Wreck in Straits of Belle Isle.

ST. JOHN'S, N'f'd., Aug. 9.—The British warship Raleigh, which has been cruising off the Labrador Coast with Admiral Sir William Pakenham on board, is aground at Point Amour in the Strait of Belle Isle. She struck last night and a message from her received today said she probably would be a total wreck. All on board the vessel reached shore safely. The Calcutta, a tender to the Raleigh, is standing by.

RISE AND FALL OF SHIPBUILDING IN PROVINCE OF B.C.

Industry That Employed 9,980 Men in 1918 Now Requires Only 589

As showing the rise and fall of shipbuilding in British Columbia, the report of the Department of Labor, mentions that that industry first assumed large proportions in the province in the latter part of 1914. In April, 1918, it was providing employment for 9,980 men. In February, 1919, the number had fallen to 8,656; in January, 1920, to 5,185; in January, 1921, to 2,322, and there was a gradual drop during last year, as old contracts were completed, and new ones were not forthcoming, until in December last only 589 men were working in shipyards.

MURDERERS MUST BE HANGED TOMORROW

LONDON, Aug. 9.—A reprieve has been refused by Home Secretary Shortt to Joseph O'Sullivan and Reginald Dunn to be hanged tomorrow for the assassination of Field Marshall Sir Henry Wilson.

MUCH COAL FOR AMERICA

Orders Continue to Pour in to Cardiff Offices of Companies

CARDIFF, Aug. 9.—The American demand for coal in consequence of the miners' strike in the U.S. continues unabated. Orders for an additional 500,000 tons has been received in the last few days making a total of a million and a half tons for delivery in August and September. U.S. orders for anthracite coal cannot be filled as all available hard coal is already booked.

VENDETTA HAS BAD RESULTS

Number of People Shot in New York City Were Wrong People.

NEW YORK, Aug. 9.—A big automobile fleeing from the scene of an attempted murder a block away, dashed into a crowd of clothing factory strikers gathered in meeting in New York's slum district yesterday and when impeded in their flight opened fire on the crowd. They left eight wounded there. One block away they finally broke through the crowd.

The criminals have not yet been caught. The initial shooting it is believed was the result of a vendetta connected with a bootlegging ring. The victim was a passer by who got the volley intended for an Italian passing out of his home, who escaped.

BREACH OF THE ENTENTE

Lloyd George Says French Attitude Makes It Seem Imminent.

LONDON, Aug. 9.—In a statement to newspapermen Lloyd George said French newspaper comment and its interpretation of Premier Poincaire's policy made it appear imminent that a breach in the entente cordiale must come. He regretted this but the French attitude seemed to leave no escape.

FELL FROM PLAY RAFT AND DROWNED

VICTORIA, Aug. 9.—Jimmy Miller, the eight-year-old son of Sergeant Miller of the Princess Pats drowned when he fell from a play raft near the barracks.

An Emergent Communication of Tsimpsaan Lodge No. 58 and Tyece Lodge No. 60 A.F. & A.M. will be held in the Masonic Hall, Prince Rupert, B.C., on Thursday, August 10th at 2:30 p.m., for the purpose of holding Masonic Funeral Service for our late Brother C. C. Bunn, of Hope Lodge No. 38 Manville, Alberta.

All members and sojourning brethren are earnestly requested to attend.

ALLAN M. DAVIES, Secty. Tsimpsaan Lodge No. 58 A.F. & A.M.

JOHN McRAE, Secty. Tyece Lodge No. 60 A.F. & A.M.

COMPENSATION ACT FULLY DISCUSSED
Trades and Labor Council Passed a Resolution at Regular Monthly Meeting Last Night.
The Workmen's Compensation Act was given full discussion from every angle at the meeting of the Trades and Labor Council last night. Local cases were cited in favor of and against it and annual reports were reviewed. The following resolution was passed:
'That the Prince Rupert Trades and Labor Council views with regret the fact that the Workmen's Compensation Board passed through Prince Rupert recently without giving the workers here an opportunity of hearing them; further, that it disapproves of the decisions arrived at in the Rank and Gavin cases and suggests that efforts be made to have the cases re-submitted; that a standing committee be appointed to investigate, look after and present cases under the Workmen's Compensation Act and the Mothers' Pensions Act.'
The committee appointed consists of George B. Casey, J. J. Gillis and T. Ross McKay.
The Rank case referred to was one of blood-poisoning, the workman being employed by the Canadian Fish and Gold Storage Co. The Gavin case is one of Anxox, the applicant suffering from hernia. The Board found that neither had been the result of an accident at work and accordingly withheld compensation.
President S. D. Macdonald was in the chair and there was a fair attendance.

"It Feels Good To Be Here."
The skipper of one of the big passenger boats which runs into Prince Rupert last week stood on the bridge of his vessel after having landed at the wharf and told of the smoky and dry-hot condition of the cities and country to the south and said quite spontaneously: "It feels good to be in Prince Rupert where the air is fresh and cool and the sun continues to shine brightly."
The statement is only one of hundreds of similar ones that have been made by recent visitors to the city. While the country on all sides of this place is perishing with forest fires and suffering in almost unprecedented heat, here an equable and agreeable climatic condition prevails. Prince Rupert, we may believe, is one of the most pleasant places in Canada this summer from a weather-standpoint. More visitors have become enthused with the place this year than ever before and we are going to receive some good advertising as a result. There will be more weather boosters than knockers now.

B.C. Hit Hard By Heat And Fires.
Speaking generally from an agricultural standpoint the province of British Columbia seems to be suffering from the heat more than any other province in the Dominion this year. Crop reports from the prairies and the East are excellent and timely rainfalls and fine weather spells have just worked in to advantage. While the crops in this province are not a complete failure, they have been hurt by heat and fires and are not up to the average. In other provinces reports are of the favorable reverse. The cause for the unprecedented heat in B.C. this year is giving cause for speculation and scientific reasons for it will prove of interest when they are forthcoming.

Bank Reports On Prairie Crops.
As the harvest approaches, the assurance of an excellent crop throughout the West is gradually becoming established, says a Royal Bank report. About the middle of June some anxiety was occasioned by a prolonged period of dry weather. On the 23rd of the month, however, a windstorm of hurricane proportions accompanied by heavy rain and hail at some points, broke over Manitoba and part of Saskatchewan. In the districts affected, the hail caused considerable damage to winter rye and wheat which was in the shot blade. The heavy rainfall which accompanied the storm covered practically all of Manitoba, furnishing ample moisture, and permitting considerable recovery at points where injury from hail or drought had occurred. Virtually the entire province of Saskatchewan shared this rain, and, although it was heavy at many points, the moisture was insufficient in certain localities in the central and west-central districts. The rainfall came at an opportune time when crops were beginning to suffer seriously, and the situation was relieved, except in the districts mentioned in Saskatchewan.

The close of June brought beneficial rains over most of the province of Alberta, although in the eastern central districts, this precipitation came too late to prevent some damage to the wheat crop. Practically the whole province experienced two heavy rains in July which did much to improve the situation in all areas. The southern districts seem assured of a more than average yield, and if conditions continue to be as favorable as they have been, a record harvest should be realized. On the whole, all indications point to a crop slightly better than the average, with, however, only limited yields in a few districts. The prospect, in general, is encouraging, but the hay crop has not been satisfactory. The heavy hay-producing districts of the north all report an indifferent crop. The fodder situation has, however, been considerably improved by the rains.

TRADES AND LABOR COUNCIL PLANNING FOR CELEBRATION

Parker Williams to Be Invited to Give Labor Day Speech—Committee Reports Progress
The Trades and Labor Council Labor Day celebration committee reported progress at last night's meeting. There will be the usual program of sports and races. An additional feature the committee is endeavoring to put on is a Labor Day speech by Parker Williams, the former Socialist leader and present member of the Workmen's Compensation Board. Mr. Williams has been invited to be present for the day.
The Labor Day celebration committee consist of S. D. Macdonald, Ald. R. A. McLeod, J. J. Gillis, George Scott, J. G. Anderson, A. B. Love, James Black, L. Dewhurst, J. Curtis, Harvey Fraser, C. A. Dolan, N. Anthony, George B. Casey, Arthur Brooks, bank, R. E. Walker, Thomas Foster and T. Ross McKay.

PRINCE GEORGE The Man in the Moon SAYS—

Reginald Press, of Victoria, has arrived in Prince George to relieve on the Bank of Montreal staff.
H. L. Black, of the sawmill firm of Webster & Black, Fraser Lake, was a business visitor in the city this week. The Webster & Black mill is equipped with a special long carriage and it cuts long fir dimension lumber. A carload of this lumber is on order for the construction of the new Presbyterian church here.
The garden party at the home of Mrs. C. B. Daniel last Wednesday afternoon was most successful. The affair was under the auspices of the Women's Hospital Auxiliary and the sum realized for the city hospital was substantial. About one hundred people attended among whom Hon. W. R. Motherwell, federal minister of agriculture; T. G. McBride, member of parliament for Cariboo; B. G. Perry, M.L.A., and Mayor Johnson. Tea was poured by Mrs. Perry and Mrs. Horne.
Considerable improvement is being made to the G.T. P. road between Prince George and Gravel and great quantities of gravel are being taken from the pit at Chilako. All told some thirty miles of the roadbed is to be ballasted.
Mrs. Bruce, of Chicago, daughter of Mr. and Mrs. F. J. Claxton, is here on a visit. Mrs. Bruce is an annual visitor to her parents and has many friends in Prince George.

PRINCE GEORGE The Man in the Moon SAYS—

THERE is a tide in the affairs of man which taken at the flood leads on to bankruptcy.
WE once heard of a man who when business was slack, would count his small takings in front of a looking glass. In this way he doubted it up.

Ten Years Ago in Prince Rupert

Within a day or so clearing of the Granby Bay townsite will commence. A town is to be established adjacent to the smelter. There are already 100 people settled there.
The deep sea passenger tug "Dreadful" arrived in port yesterday afternoon with a party of Canadian Northern Railway officials on board who will investigate deep-sea fisheries and other developments in the district. The party includes A. D. McRae, of Vancouver; Col. Davidson, of Toronto; George Howe of Minneapolis; E. J. Palmer, of Victoria; T. J. Humbird, of Spokane; J. M. McMillan, of Vancouver; Peter Wallace, of Vancouver, and C. F. Stevenson, of Chicago.
The Prince Rupert Hydro-Electric Co. is continuing negotiations with the city with a view to obtaining a power and light franchise.

HAZELTON

Jack Miller has arrived from Prince Rupert to take charge of the work of putting in the water supply for New Hazelton.
J. T. Frederickson, representative of the Victor X-Ray Corporation, has returned East after having installed new apparatus in the Hazelton Hospital.
Rev. J. R. Hewitt, of Hazelton, preached at Topley on Sunday and Rev. Mr. Young preached here.
Miss Moore, superintendent of the Hazelton Hospital, left last week to spend holidays in Vancouver.
Prof. and Mrs. Doxsee were visitors at the Hospital with Dr. and Mrs. H. C. Wrench last week. Prof. Doxsee is dean of Regina College and was a former teacher of Dr. Wrench.
Mr. and Mrs. J. J. Barrett, of Albany, Ore., are visiting here with C. W. Dawson, Mrs. Barrett's brother.
Several local people have gone up for flights on Len Bell's hydroplane. Among them have been Mr. and Mrs. C. W. Dawson, Mrs. J. C. K. Sealy, Mrs. A. Leverett, Miss G. Goddard, Miss Jessie Wylie, Albert Mercer and Constable Cline.

NEWFOUNDLAND FISHER FOLK ARE SUFFERING

semi-starvation and Nakedness
Reported From Northern
Part of Island.

DR. GRENFELL'S STORY.
Relief Work in Form of Wood
Cutting Given by Govern-
ment of Colony.

ST. JOHN'S, Nfld. Aug. 9.—
The story of semi-starvation and
nakedness among many of the
fisher folk of northern New-
foundland was told by Dr. Wil-
liam Grenfell, Labrador fane,
the log of his hospital ship
Cathartes, recently received
by the government, and written
while Dr. Grenfell and his party
of nurses and other men were
on their summer's trip
along the coast of New-
foundland from Twillingate
southwards. Of the trip as far
as Westport, Dr. Grenfell writes:
"There was much sickness
and some deaths in all this section
of the coast, and, after two
weeks, we are only at Westport,
having treated over three hun-
dred sick people, many cases the
result of semi-starvation, for
white flour and molasses
do not maintain life even if
they were enough of it. He-
re, too, who died of beri-beri,
starvation, and one young man crawl-
ing from his stage to his
feet, this hands and knees,
unable to walk."

Industrial Work.
Four days kept us two full
days. Here also was much need
of food. A branch of
the industrial work in the form
of building model schooners. A
lot of men waited us. Three
which were perfect beauties.
The hope was that these boats
in the United States and Canada
would get good prices for them.
It is a fact we have observed
so far tally entirely with the
reports and telegrams we receive
in America during the win-
ter. Semi-starvation has been
the rule rather than the excep-
tion, and actual starvation has not
been absent. Nakedness is the
dominant note, for when food
was obtainable clothing was not
to be thought of.

Pathetic Tale.
My last patient tonight was a
widow, 54 years of age. She
looked 50. With two barefooted
sick children, she has come
with cough and pain in the chest,
pale and haggard she sat in my
cabin without one word of com-
plaint. She had been on dry
white flour and molasses all
winter, her little girl of two
years showed it only too clearly.
At times she had been even out
of dry flour, and pathetically
asked how her poor neighbor, a
very poor neighbor, had loaned
her one of his two barrels, which
she had not been able to
repay. The two elder boys had
worked at pulpwood—the form
of relief given by the govern-

ment this winter—but has been
unable to earn enough for suf-
ficient food and clothing of the
coarsest kind and had, like
many hundred more, to face the
winter cold utterly inadequately
protected. The experience of
everyone has been that the work-
ing man cannot support even a
little family, not even feed them,
at 'pitt propping' at the prices
paid, unless under very favor-
able circumstances; such as hav-
ing one or two lads with the
father."

SMELTER TEAM LOSES TWICE

GROTTO BEAT SONS ENGLAND

Elks and Mine Win a Game Each
in Anyox Baseball League
—Teams Still Close.

ANYOX, Aug. 9.—On Friday
evening last the Elks and the
Smelter baseball teams put up
a stiff fight for second place in
the local league, the game end-
ing in a tie in favor of the
Elks.

The teams were as follows:
Smelter—Benny Fitzpatrick,
p; George Greenwell, c; J. Malo-
ney, 1b; F. Mattix, 2b; G. Mac-
Intyre, 3b; G. Willisroft, ss;
R. Stewart, lf; Manning, cf; T.
Loseke, rf.

Elks—Pete Draudson, p; Jack
Gody, c; Whittaker, 1b; Archie
Campbell, 2b; Cy Greenwell, 3b;
Harry Downs, ss; Amiel Loseke,
lf; Jack Bagwill, cf; Ed. Menzies,
rf.

The game was well contested
all the way through in spite of
the fact that the Elks obtained
three runs in the third inning
principally due to errors in
fielding. The Smelter got the
only run in the seventh in-
nings.

The game was well contested
all the way through in spite of
the fact that the Elks obtained

principally due to errors in
fielding. The Smelter got the
only run in the seventh in-
nings.

Opening Half.
The Wasps took the field
the down grade while the Sons
of England had the grade and
the sun to contend with. From
the kick-off the Grotto boys got
going and forced several corners
in quick succession but nothing
material. The Sons then
stormed the Grotto stronghold
but Willisroft and Hamilton
proved equal to the occasion. A
combined dash by the Grotto was
pulled up sharp by the off-side
whistle. The play at this juncture
was scrappy. Geo. Hill
made an independent run down
the touchline but the ball left
his toe unexpectedly. The Sons
then took a turn and tried Mer-
cer but the shot was success-
fully negotiated. Butters, of the
Wasps, tried Stockdale with a
hot one but the custodian was
on the job. Dave Wiggins drib-
bled the ball up the touchline in
great style and tried Mercer
again but he failed to make his
mark. J. Currie was knocked out
for a few minutes as the result
of a collision which held up the
game. The Wasps continued to
press hard but Danton and Lam-
b were playing a fine back game
and they failed to register. After
a deal of ding dong play the
Sons got away on the run and,
through good forward combina-
tion, Mansell beat Mercer thus
drawing first blood. From the
centre the Wasps got busy and
after a combined and spirited
dash by the forwards Jack Cam-
pbell beat Stockdale with a swift
groundshot. The whistle blew
for half time with the score
standing 1-1.

Second Half.
The second half started off at
a fast clip and from the centre
the Sons were soon pressing and
Mercer was called upon to save
from Lewis. The Sons forced a

Mine Won Saturday.
On Saturday a splendid game
was played between the Mine and
the Smelter and, although Fitz-
patrick pitched splendidly for
the Smelter, the game ended 2
to 1 in favor of the Mine.

League Standing
The standing of the Anyox
Baseball League to date is as
follows:

Team	W.	L.	Pts
Mine	7	6	538
Elks	8	7	533
Smelter	6	8	428

Rotting in Piles.
The most serious disaster of
all will be, however, if now,
the material is not utilized. The
immense amount of unutilized
pitt props cut in past years, and
now rotting in piles under the
eyes of the men, who often went
through so much misery to cut,
stack and haul them, are a seri-
ous source of discontent. Our
northern woods cannot stand the
drain well; they reforest slowly
and everyone grudges the cut-
ting of them unless they are
really used. The relatives of
one of the men who died of
beri-beri told me he worked al-
most until the last moment, still
going to try to "do his bit," af-
ter his half paralyzed limbs had
swollen so that he could hardly
drag one after the other over
the snow and until his belt
would scarcely circle his water-
logged body; and all for pulp
wood. I forbear to describe here
other cases, but our records are
available to anyone who is real-
ly interested in this vital prob-
lem."

Comments on Game.
In fairness to the Englishmen
it must be said that the absence
of Danton was sorely felt, and
Lamb at full back and the Kel-
sey and Craggs combination in
the halfback line were the sav-
iours of the situation. Wiggins,
Mansell and Farquhar were the
star forwards and showed up to
advantage while Stockdale in
goal played his usual confident
game.

The Grotto boys have lost
none of their speed and were
quick on the ball. Mercer, the
goal was a pillar of strength,
and Willisroft and Hamilton at
full back were always on the job.
McGowan, Roy and Currie, as
half backs played well while
Hill, Waugh, Kirby and Butlers
were the star forwards.

A. Clapperton and Dave Jack
acted in the capacity of lines-
men.

The tentative lineups are as
follows:
Anyox—Robertson, c; Draud-
son, p; Greenwell, ss; Downs, lf;
Whittaker, 1b; Mealy, 3b;
Sherman, cf; MacIntyre, rf;
Campbell, 2b; Spars—Bagwill
and Gray.
Prince Rupert—Curtis, c; Eady
and Selman, p; V. Menzies, 1b;
Easson, 2b; Farquhar, 3b; An-
derson, ss; Douglas, cf; Frazier,
lf; Scott, rf; Spars, G. Shaw and
O. P. Smith.

The Intermediate League
standing is again tied up between
Gil's and the Grotto and the
last game on the calendar, that
set for next Tuesday evening,
will be the deciding match of the
season. With the win for Gil's
on Monday enthusiasm in the
league worked itself up to a
pitch and the next game, espe-
cially in view of the good brand
of ball the Intermediates have
been putting up on some occa-
sions, should be a great attrac-
tion.

Sport Chat

It looks as though the locals
are going to have their hands
full with that husky bunch of
baseballers who arrived from
the Smelter town this morning
to engage in the first inter-
town game of the season here
this evening at the Acropolis
hill grounds. That is as it
should be and after the game
is over neither side will regret
being the losers although both
are going to try their best until
the last half of the last frame to
win. Since the Anyox team have
not been seen in action here
before this year there is inter-
esting speculation as to who will
win which will not be put at
rest until the game gets well
started tonight.
